## Bitter German Debate Over Nuclear Bases

BONN. — (Reuters) — The Bundestag Friday erupted in anger for the second day running as opposition socialists battled to bar nuclear weapons from West Germany.

Chancellor Konrad Adenauer repeated his declaration, first made Thursday at the start of a foreign affairs debate in parliament, that West Germany would scuttle the power of the Atlantic Pact if it refused under any circumstances to arm itself with nuclear weapons.

## Wily Old Adenauer Knocks Soviet Hopes On Barring Missiles

By JOSEPH MacSWEEN  
 Canadian Press Staff Writer

Any lingering Russian hopes of preventing the establishment of nuclear missile bases in Western Europe have been knocked on the head by wily old Konrad Adenauer.

He went right to the crux of the question in his Bundestag speech answering Soviet warnings and threats on the subject.

West Germany has no choice in the matter if it is to remain within NATO, said the 82-year-old chancellor. If the alliance deems such bases necessary, West Germany must accept nuclear armaments.

On the other hand, refusal by West Germany would mean in effect withdrawal from NATO—and that in turn would probably mean the beginning of the end of the alliance.

## Living Costs Jump In US To New High

WASHINGTON (AP) — United States living costs, moving contrary to the business decline, rose to another record level in February.

The rise of two-tenths of one per cent from January in the government index represented the 16th time in 18 months that consumers' costs have angled up to a new peak.

Food, the main item of family budgets, again was the chief factor. This was due to continued bad crop weather in Florida and throughout much of the south.

The gloomy living cost news prompted a Senate speech by Democratic Leader Lyndon Johnson of Texas. He said it meant "stark tragedy" for the more than 5,000,000 unemployed and for additional millions working only part time.

"This is one of the few occasions in history—possibly the only occasion," Johnson said, "in which prices have risen in the midst of a recession. Under any circumstances, unemployment is cruel. But under these circumstances, it is cruelly compounded."

# SIX-WEEK TAX HOLIDAY PROMISED BY PEARSON

## Students Heckle Dief As He Chides Liberals For Election Promises

By THE CANADIAN PRESS

A novel political platform plank — a six-week holiday from paying taxes — has been shaped by Liberal Leader Lester Pearson.

He unveiled it Friday night before 2,800 party workers in a Toronto rally while Prime Minister Diefenbaker was being heckled by boisterous Queen's University students at a meeting at Kingston, Ont., attended by nearly 4,000 persons.

In a television broadcast from Winnipeg, Stanley Knowles, deputy CCF leader, said a Conservative government with too large a majority would be worse than government under the Liberals.

Mr. Pearson told his supporters a Liberal government would make a \$400,000,000 tax cut retroactive to Jan. 1, 1958. Retroactivity of the proposed tax cuts would apply on personal incomes and on the pledged reduction to 10 from 20 per cent in the corporation tax on small businesses showing profits of \$10,000 or less.

**CHIDES LIBERALS**  
 Mr. Diefenbaker, amid the heckling, got in some licks at the Liberals. He said at one point: "When I read the record of promises that are made daily, I

make this challenge: If you know of anything the Liberals have voted against in the last seven years in the Commons you'll find it in the new policies being enumerated by the Liberal leader."

The prime minister said that as a result of government policies it was expected that by June or July unemployment would be reduced to the average of the last two or three years.

Mr. Diefenbaker was heckled during three-quarters of his speech. His address was once interrupted for about two minutes when a husky man tore up some of the pro-Liberal placards being held by hecklers.

At noon Friday, Mr. Diefenbaker at Welland promised protection for Canadian farmers against price-depressing imports of agricultural products. He did not specify what action would be taken.

**DISCUSSES POLL**

Mr. Knowles said duplication of a recent opinion poll predicting a Conservative election victory will play a tremendous part in rolling up support for the CCF. The poll, right or wrong, had led Mr. Diefenbaker to predict a Conservative re-election with the greatest sweep in Canadian history.

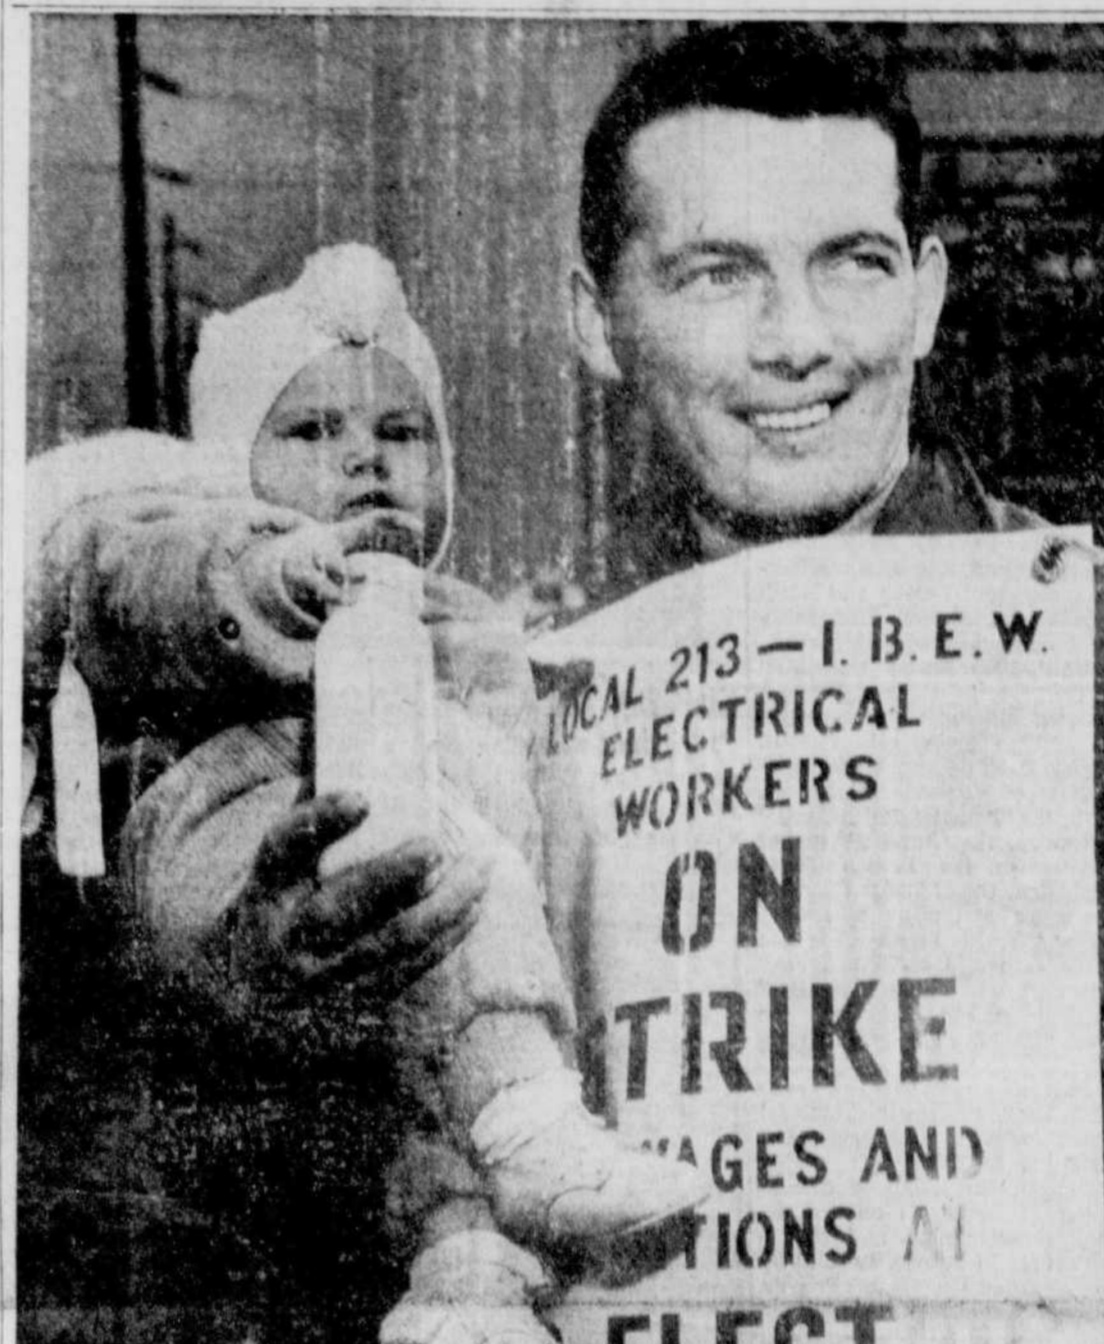

Reaction of the voters was "what an awful thought," Mr. Knowles said. "In fact, many of those who have been going for the idea of giving Mr. Diefenbaker another chance now are saying 'Not that kind of chance.'"

**Quebec South Vote Inquiry**

OTTAWA (CP) — The RCMP has begun an investigation into alleged irregularities in the Quebec South voting list for the March 31 general election.

Chief electoral officer Nelson Castonguay said Friday night he ordered the examination following a list-padding complaint from Liberal candidate Frank G. Power.

It is the third known inquiry in the current election campaign.

## Flood Threat After Storm

NEW YORK (AP) — The battered Atlantic seaboard from Virginia to Maine struggled today to get back to normal following the most devastating snowstorm in years.

Hundreds of thousands of homes still were without heat and light as the storm — which started Wednesday, then made a mockery of the advent of spring Thursday night — continued into Friday before tapering off.

Power crews were working around the clock to restore services to the areas hardest hit by the storm — Eastern Pennsylvania, most areas of New Jersey, Maryland, and New York City's Long Island suburbs.

At least 45 deaths were attributed to storm-caused exposure, electrocution, traffic accidents, and excessive exertion leading to heart attacks.

**DANGER OF FLOODS**

As the storm itself waned, the Washington weather bureau warned that "a sudden and extensive" thaw would pose a major flood threat for the northeast United States. The more critical flood potential areas extend from northern and eastern Pennsylvania northeast through Eastern United States and New England.

The governors of Pennsylvania and New Jersey each proclaimed a state of emergency. Lincemen worked through the night in Pennsylvania to clear fallen wires and restore service to a million homes left powerless by the state's worst snow storm in 40 years. Snow in some sections of Eastern Pennsylvania reached depths up to 49 inches.

In New Jersey, snow which ranged in depth from 14½ inches at Newark Airport to 35 inches further north, started melting fast as temperatures climbed above freezing. Thousands of homes still were without power today.

New England was rapidly digging out and returning to normal today after snowfalls of up to 17 inches. Many minor roads, however, were reported still choked with snow. Power failures affected some 250,000 families.

### Election Goes On But Soviets Make It Look Easy

By JOSEPH MacSWEEN  
 Canadian Press Staff Writer

The election campaign chugged merrily along, and nomination day showed that there will be no "free rides" to the House of Commons on March 31.

Nomination day ensured a contest in every constituency—there were no acclamations when the deadline passed across the country.

Among the 832 candidates were 265 Progressive Conservative followers of Prime Minister Diefenbaker, who is seeking a clear majority in the Commons.

The Liberals, under Lester B. Pearson, also named 295 candidates—one for every seat. Pearson and his party are driving for a return of the Liberals to power in Ottawa.

The CCF had 169 candidates in the field, Social Credit 82, independents and others 51. The total was the lowest since 672 candidates contested 245 seats in 1949 and compared with 862 in the election last June.

Standing of the House at dissolution Feb. 1 was: Progressive Conservatives 113; Liberals 109; CCF 25, Social Credit 19; independent 2. There were no vacancies.

## Polish Diplomat Expelled

OTTAWA (CP) — Stanislaw Michno, an attaché at the Polish legation in Ottawa, was forced to leave Canada Feb. 12, the external affairs department said Friday.

The department said that Mr. Michno was declared "persona non grata" and asked to leave the country. However, an official at the Polish legation said the Polish diplomat was simply recalled by the Polish government.

An external affairs official said that when a diplomat is declared persona non grata he could be guilty of anything from repeated traffic violations to engaging in espionage. The department did not elaborate on reasons for the expulsion.

Mr. Michno is the second diplomat from an Iron Curtain country to be ordered to leave Canada in the last 18 months.

Gennadi F. Popov, a former second secretary of the Russian Embassy, was ordered out of Canada in September, 1956, on grounds that he had engaged in activities "incompatible with his continued presence in Canada."

**Blast Tragedy**

Seven men were killed when explosive charges — designed for use in rescue work—went off with a roar, demolishing a 100-foot-long building at the top-security RCAF armament depot at Angus, Ont.

The dead included six civilians and an RCAF airman who were handling the charges at the building, which was one of several sealed off from the public by barbed wire and surrounded by dense woods.

Planned explosions are common at the base, so the blast at first caused no concern outside. The explosives are designed for use in air-sea rescue operations.

 A second attendant died after being bitten by a monkey used for experiments with Salk polio vaccine at the Connaught Laboratories' research farm just north of Toronto.

David O'Hara, 38, died four days after becoming ill. Chief Coroner Dr. Smirl Lawson said he believes death was caused by encephalitis, an inflammation of the brain common to monkeys in the tropics.

The Ontario attorney-general's crime laboratory still was investigating the death of another attendant, F. Jakubec, who died four weeks earlier after being bitten by a monkey.

## US Policies Blocked Sale Of Our Cars

WINDSOR, Ont. (CP) — The Canadian chief of the United Auto Workers says Ford of Canada could have sold 1,000 automobiles to Communist China but the parent Ford Company in the United States vetoed the sale because of the U. S. government regulations.

George Burt, said the Ford Motor Company of Canada, like all Canadian subsidiaries of American firms, must abide by U. S. laws prohibiting trade in strategic goods with Communist countries.

No responsible officer of Ford in Detroit was available for comment. The U. S. state department at Washington also declined comment.

Mr. Burt said in a prepared statement the Peiping government order for the vehicles was handed to Marshall Johnson of the East-West Export-Import Corp., of Vancouver who relayed it to Ford of Canada.

## Two More Red H-Tests

WASHINGTON (AP)—The U.S. Atomic Energy Commission Friday night announced the detection of two more Soviet nuclear weapons tests.

"The first occurred Thursday at the usual Siberian testing grounds and the second Friday, north of the Arctic Circle," the AEC said. It added:

"The energy yield of the former was small and of the second in a larger range."

The Russians have been conducting a test series in both areas that began about a month ago. Japanese scientists reported Feb. 24 that the Russians had exploded a hydrogen bomb in the Siberian Arctic.

The tests reported Friday were the 33rd and 34th reported by the AEC, although the commission has said it does not report all explosions which it detects.

# Show Business

**By BOB THOMAS**  
**HOLLYWOOD (AP)** — Spring is the time when many network television programs face the life-or-death issue. One which failed to make the grade is Gisele MacKenzie's musical half-hour, which will breathe its last next Saturday night. What happened?

"The sponsor didn't like our rating," she replied in an interview. "It's as simple as that."

"We came on after Perry Como and Polly Bergen, and two hours of music is just too much. Half the audience drops off after Perry's show, and we had to try to build it up again. It was tough sledding. I think we might have had a better chance if we had followed a western or another kind of show."

She also faced rugged opposition — the straight-shooting

Paladin of Have Gun, Will Travel plus Lawrence Welk.

Two days after her show goes off the air she begins rehearsals for The King and I. She'll play it in the civic light opera season in Los Angeles and San Francisco.

"I'm thrilled about that," she said. "After all, there are only about four great musical roles for a woman — The King and I, Annie Get Your Gun, South Pacific and My Fair Lady."

After she closes in The King and I, she opens at Las Vegas' Flamingo with Jack Benny. Then she'll go to Europe, where she'll take a delayed honeymoon with her husband — manager, Toronto's Bob Shuttleworth.

After that she might try her hand at another TV series. But this time she won't let herself get caught in that Saturday night songfest.

## Gerard Souzay Will Appear In Concert Series

GERARD SOUZAY

The Sherbrooke Community Concerts Association will present the young French baritone Gerard Souzay as one of the artists to appear in the next season.

Born in Angers, France, Gerard Souzay passed the first eighteen years of his life at Chinon, in the Loire Valley. Unlike many striving artists, he received encouragement from a musical family.

At the age of 19, he began studying with Pierre Bernac and two years later he entered the Paris Conservatory. He was awarded both the "Premier Prix de Chant" and the "Premier Prix de Vocalise."

In 1943, a few months after his graduation from the Conservatory, Souzay made his professional debut. He gave a series of recitals in France, Belgium and Holland, and was soon acclaimed throughout Europe and North Africa as a talented, distinguished concert and operatic artist.

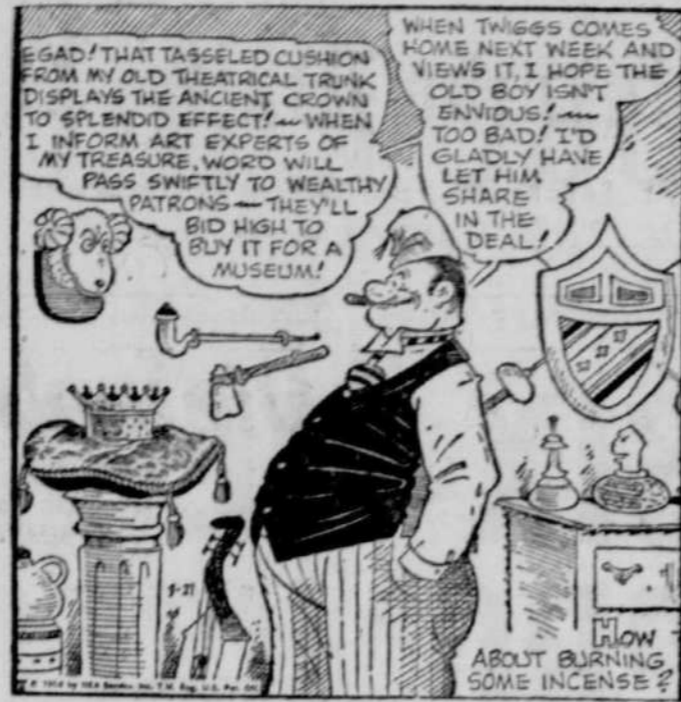

Until 1950 Souzay toured all of the principal cities of Western Europe, singing with orchestras as well as giving solo recitals. He has sung under the great conductors of England and France, with the Brussels Philharmonic Orchestra, the Concertgebouw of Amsterdam, the Danish Royal Orchestra, the Stuttgart Chamber Orchestra and many others.

The versatile baritone has also made extensive oratorio appearances, in the Faure "Requiem" in London and Paris, and the Bach "St. John Passion" in Vienna.

Most of his summers are devoted to singing in the international music festivals: Strasbourg, Aix-En-Provence, Edinburgh, Berlin, Besancon, Engandine, Menton.

Gerard Souzay is one of the most popular radio and recording artists in Europe. In 1949 he was awarded the "Grand Prix du Disque" for his recordings.

# LIBERAL PLATFORM

## WHAT THE PEARSON PLAN OFFERS FOR FARMERS

### PRICE SUPPORTS

At its National Convention, the Liberal party undertook to maintain and extend a system of support prices and deficiency payments, where appropriate, administered in such a way as to provide for farmers prices for their products bearing a fair relationship to their costs of production and designed to ensure farmers a fair share of the national income and to encourage the production of marketable farm products.

To implement this program, with the greatest celerity, the Liberal party makes two specific proposals:

- 1—It will bring wheat, oats and barley under definite price supports. The minimum level of support for the 1957 and 1958 crops will be \$1.50 basis No. 1 Northern at Fort William, with equivalent prices for other grades of wheat and for oats and barley. This would increase by 10 cents the present initial price of wheat. For barley, the initial price would be raised by 4 cents and for oats by 5 cents, and the new prices would be a guaranteed support level for the 1957 and 1958 crops.
- 2—The support price for butter will be increased from 58 cents to 63 cents. This would not change the present price to the consumer but would ensure the producer more security of income.

### FARM DEVELOPMENT BANK

The Liberal party proposes to undertake, in cooperation with the provinces, a new and vigorous programme of farm and home development. This requires that farmers, and particularly young farmers should have access to adequate credit. The facilities must include the long-term credit needed for financing land and permanent improvements; medium-term credit for livestock and machinery purchases; and some short-term credit for feed and fertilizer purchases and other operating costs.

For these purposes, the Liberal party would establish a Farm Development Bank. This agency would be responsible for all government activities in the farm credit field; instead of the Canadian Farm Loan Board being controlled by the Department of Finance, all federal action on farm credit would be concentrated in the one bank directly responsible to the government. This would be the agency of an extensive programme for strengthening the family farm.

### RURAL HOUSING

Because of the rapid growth of our towns and cities, there has inevitably been a concentration on urban housing. There is also an urgent need to improve housing in rural areas and small towns. A Liberal government will therefore now make a bold attack on this problem, with the flexibility in planning, standards and finance that is necessary to match the varied needs of different areas.

### STORAGE ON FARMS

Many farmers need better storage for their products. In addition to the readier provision of credit for all such farm improvement measures, the Liberal party's policy of allowing accelerated depreciation on capital expenditures — that is, a faster write-off of the expense for tax purposes — would facilitate the construction of granaries and other buildings used for the on-farm storage of farm products. In view of the surplus of wheat, the last Liberal government relieved the farmer's burden in one of the fairest possible ways; by legislation providing that the taxpayers of Canada would undertake the storage costs of the abnormal carryover of wheat. This measure is providing more than \$30 millions a year of extra income — real extra income — not an advance on future income — to prairie farmers.

With the continuing surplus of grain, the Liberal party believes that it is now necessary for the federal Treasury to bear abnormal storage charges not only for wheat in the elevators but also for wheat stored on the farms. The best method of doing this will be discussed promptly with farm organizations.

The scope of the scheme we aim at would involve payment equivalent to about 6 cents a bushel on wheat delivered from the time the scheme came into effect. It would provide about \$20 million a year in extra income for prairie farmers. The prosperity of Canadian business is dependent on the number of customers with cash to spend. This capital point will be studied in tomorrow's release.

## OPINION...

by Gerald McDuff

Extreme election bets have balanced off and the political pundits are taking a second, more moderate look before laying down their dollars.

Finance Minister J. S. Bourque gives the Conservatives 50 more seats across Canada. Others say the Tories will take 40 in Quebec alone. Even the modest estimates are as high as 30 seats in the province. But these are, of course, Conservative opinions.

Liberals see the loss of a few ridings at worst. The more optimistic, are confident of recapturing the last election defeats.

Here's the way one Eastern Townships expert views it in this district:

Conservative sure—Compton-Frontenac, Stanstead, Bromfield-Missisquoi;

Liberal sure—Shefford, Drummond-Arthabaska;

Doubtful—Sherbrooke, Richmond-Wolfe, Megantic.

There are no "burning" issues as the parliamentary correspondents are wont to call them. But if the issues are missing, the dirt is still there.

The old lines—betrayal of Canada to England—suppression of French Quebec's rights—all the old muck dredged up and thrown around liberally.

Tolerance in Quebec is a unique relationship. We don't pat each other on the back and pretend to be blood brothers. We respect the other man's garden provided he doesn't trample ours. There are those who overstep the mark but they're politely ignored.

To upset this delicate relationship is to revive old feuds that are very deep and very meaningful to both English-speaking and French-speaking Quebecers but to few people outside the Province. It's almost a crime.

An item, appearing in the Montreal newspaper Le Devoir announced that \$300,000, one of the final slices of a \$750,000 provincial grant, was turned over to the University of Sherbrooke the day following the aborted students' strike.

Two years ago Premier Duplessis promised the university the grant to be made in \$75,000 payments. Last November, he said the remaining \$600,000 would be given in \$300,000 shares.

There was no announcement locally that the money had been received.

With the sale of the Bromptonville dam for \$125,000 the City has gotten rid of a "white elephant." But there was some pussyfooting before the deal was settled.

In 1957, the dam, annexed property, water and flooding rights were supposed to have been sold for \$210,000, payable over 20 years. There was a hitch, the interest rate was not included in the contract.

As far as the public was concerned, the dam was sold. However, it was obvious from the announcement last Monday that the dam had only been sold recently at a price different from the original announcement—\$125,000 payable over a 20 year period at 4.5 per cent.

The last settlement is certainly more favorable than the first that there was no mention of the intervening negotiations during the regular Council committee sessions attended by the newspaper reporters.

So what? Well it would have been embarrassing for the City Council had the dam broke between last November and this week's announcement. It would have been a little arduous to explain how supposedly sold property was still City-owned. A public discussion by the aldermen avoids possible embarrassing situations.

Nature lovers and citizens at large will doubtless rejoice to hear that Ald. Tony Pinard is investigating a way of stopping the Dutch elm blight.

If treatment is possible, a couple of thousand dollars well placed would guarantee Sherbrooke's future good appearance.

Tricky reasoning by a local Provincial Police officer ran like this the other day when The Record photographer asked permission to shoot dynamite caps similar to ones stolen by thieves.

"We don't want the thieves to know that we know that they have the stolen caps."

000 payments. Last November, he said the remaining \$600,000 would be given in \$300,000 shares.

There was no announcement locally that the money had been received.

With the sale of the Bromptonville dam for \$125,000 the City has gotten rid of a "white elephant." But there was some pussyfooting before the deal was settled.

In 1957, the dam, annexed property, water and flooding rights were supposed to have been sold for \$210,000, payable over 20 years. There was a hitch, the interest rate was not included in the contract.

As far as the public was concerned, the dam was sold. However, it was obvious from the announcement last Monday that the dam had only been sold recently at a price different from the original announcement—\$125,000 payable over a 20 year period at 4.5 per cent.

The last settlement is certainly more favorable than the first that there was no mention of the intervening negotiations during the regular Council committee sessions attended by the newspaper reporters.

So what? Well it would have been embarrassing for the City Council had the dam broke between last November and this week's announcement. It would have been a little arduous to explain how supposedly sold property was still City-owned. A public discussion by the aldermen avoids possible embarrassing situations.

## Rotary Expenditure For Welfare Work Hits Record

The Sherbrooke Rotary Club executive today announced that expenditures for their welfare work during the last six months of 1957 amounted to a record total of \$6,907. This figure almost equals the total amount spent in the previous 12 months, the total for this period being \$8,122.

President Cliff Bryant stated that this amount was largely spent on behalf of crippled and underprivileged children in the area. While the amount was large, it gave the members of the Club a great feeling of satisfaction to know that so much work had been accomplished in the community.

The Rotary Club derived approximately \$8,000 revenue from the annual Rotary Fair. Of this amount, \$1,650 was spent on crippled children during the six months period; \$2,789 was spent providing winter footwear for 483 underprivileged children; \$1,421 towards the maintenance of the crippled children's camp at Ayers' Cliff; \$150 towards the Aid Cadets and \$205 as a token contribution to underprivileged children in war torn lands.

The Club, in the 12 months

ending June 30, 1957, contributed \$4739 to various charitable organizations in the Sherbrooke district. Unfortunately, in view of the increased expenditures of the Crippled Children Committee and Youth Committee, donations to other charitable organizations, who have their own means of raising funds, has necessarily been curtailed.

Mr. Bryant stated that the Crippled Children's Committee expect to spend an additional \$1,000 between now and June 30 the end of the Rotary year.

In announcing this unusually large expenditure on behalf of crippled and underprivileged children, the executive felt that citizens would feel that their support of the Rotary Club at the annual Fair had provided comfort to hundreds of children less fortunate than their own.

## Two Held For Robberies At Crystal Lake

Provincial Police in Sherbrooke are holding two youths in connection with a series of break-ins near Magog. The two are believed to be involved in entering cottages along the shore of Crystal Lake and stealing various articles.

Police originally held three of them, but the third was released yesterday morning. Meanwhile police are searching for another young man who escaped capture late Thursday night.

Officials at the Sherbrooke headquarters declined to reveal any of the names of the suspects.

Two large hydraulic jacks were found and are believed to be part of the loot taken by the youthful burglars. Police say they probably sold the stolen articles to outsiders.

## Local Choir To Perform March 27

The Marie-Claire Choir will present its annual concert, March 27, in the Superior School, King St. West.

The thirty female voices which comprise this popular group will render a program of sacred and classical music as well as folk songs and popular numbers.

Lois Ogilvie Blanchette is directing the choir for the second year. Mrs. Blanchette, well known as a violinist, coloratura

soprano and composer has a rich musical background from which to draw for her present demanding task.

The Marie-Claire Choir was founded 15 years ago by Mrs. Leopold Dion who also acted as director of the group until last year when Mrs. Blanchette took over. It is one of the few choirs in the district of this type, to have had such a long history.

The choir has made recent appearances on TV and a concert tour starting in Three Rivers, is being planned for the group following their Sherbrooke concert. The program will start at 8.30 p.m.

## Sherbrooke Jobseekers At 7,386

Registrations at the National Employment Service Office in Sherbrooke in mid-February totalled 7,388, figures issued by NES showed. This compared with 6,836 on January 16 and 4,882 in mid-February of last year.

Latest unemployment figures show that there were some 550,000 jobless in the country in the middle of last month. The employment service figure, which includes people who are presently employed but registered for another job, was 854,257 for all Canada.

Other figures for Feb. 13, 1958, Jan. 16 & Feb. 14, 1957 respectively include: Canada: 854,257, 816,982 and 574,691; Quebec region: 262,617, 251,840 and 176,846; Drummondville, 3,150, 3,137 and 2,330; Thetford Mines, 2,638, 2,421 and 2,052.

Latest unemployment figures issued by the federal government indicate that unemployment is increasing but at a reduced rate.

## NORTHERN ISLES

The Shetland Islands north of Great Britain are as close to Norway as they are to Scotland. The program will start at 8.30 p.m.

## Busy Week-End

# Diefenbaker Visit Is Highlight

Federal elections are less than ten days away and district politicians are taking advantage of the week-end to place their views before the electorate.

Traditionally, Sunday is a day of oratory for politicians in the Province of Quebec, with meetings being held in the morning after High Mass, in the afternoon and in the evening.

But the feature of the week-end will be the visit to Sherbrooke tonight of Prime Minister John Diefenbaker who will address a regional Progressive Conservative rally in the St. Charles auditorium on Frontenac street this evening at eight.

Mr. Diefenbaker will arrive in Sherbrooke by train shortly before six o'clock this evening and will be entertained privately by Progressive Conservative organizers.

Prior to the meeting, Mr. Diefenbaker will pay a visit to Most Rev. Georges Cabana, Archbishop of Sherbrooke, at the Archbishop's Palace, this visit taking place at 7.45 p.m.

Mr. Diefenbaker will be supported by Maurice Allard, candidate in Sherbrooke County, and other candidates from the district, including Florent Dubois, Richmond-Wolfe; Rene Letourneau, Stanstead; Theogene Richard, St. Hyacinthe-Bagot; Jacques Hannon, Shefford; Victor Paul, Drummond-Arthabaska, and Howard Graffey, Brome-Missisquoi.

Mayor Armand Nadeau will act as chairman of the meeting and guests of honor will include Aldermen Antonio Pinard, Carl Camirand, Marcel Jeanson, Felix Thibault, Robert Gauthier and Marcel Savard; Mrs. Simard Darche, president of the Sherbrooke County Ladies' Conservative Association; Hon. J. S. Bourque, Minister of Finance, of Lands and Forests and of Hydraulic Resources in the Provincial government; Solicitor General Leon Baler and Daniel Johnson, MPP for Bagot.

Among other meetings scheduled for the district over the week-end is a joint rally at Rock Forest tomorrow night on behalf of the Sherbrooke and Stanstead candidates, Maurice Allard and Rene Letourneau.

The Richmond-Wolfe candidate, Florent Dubois, will hold a

meeting at Windsor Mills tomorrow night with Mines Minister Paul Comtois as the special speaker. On Monday night, he will stage a rally at Weedon, the speaker being Solicitor General Leon Baler.

## TO SPEAK HERE

DR. JOHN B. HARDIE, who will address the dinner meeting of the Women's Canadian Club of the Eastern Townships, being held in the Mayfair Room of the New Sherbrooke Hotel, on Wednesday, at 7 p.m.

Dr. Hardie was born at Greenock, Scotland, and was educated at Glasgow University, where he took his M. A., B. D., and P.H.D.

Following his war service with the Imperial Army, he came to Canada. He is Professor of Hebrew and Old Testament at Pine Hill, Dalhousie University, Halifax, N. S.

Dr. Hardie is a contributor to army publications, lectures frequently for the Army Bureau of Current Affairs, and is a member of the Canadian Intelligence Corps.

The subject of Dr. Hardie's address will be: The Mediterranean and North Africa.

## In Defence Of Rebels

A few years back, when anyone complained that there was too much conformity, he usually had reference to the realm of political thought. But today we're being assailed for practising many kinds of conformity — almost from the cradle on up.

Recently a professor of psychiatry suggested we ought to give more leeway to the young rebel.

He didn't say or imply that squelching rebels leads sometimes to an exaggeration of rebellious tendencies which may find outlet in delinquent behavior. But he might well have said it.

What he did say was that a "rebel quality is an essential part of emotional well-being . . . an ingredient of a healthy, creative person."

He's not talking here about wild rebellion against all discipline and all authority but about the "kind of ferment we like to see in youth—capacity to think—capacity to question."

But our society doesn't encourage this kind of revolt. At any given time

it has an image of a favored type of youngster. This image more often than not is fostered by both home and school and may be reinforced by group pressures from a youngster's schoolmates.

The rebel, the one with the talent and the courage to think differently, may find himself trapped. Either he yields to the immense pressures to follow pattern, or he wastes his creative energies in the purely negative business of combating those who want to press him into the mold.

Not too many youngsters today can emerge from this sort of struggle with enough spirit left to push on to imaginative endeavors.

We live in a time geared to mass production. We are compelled to deal more with people in the mass.

But a free society is built around the central core of the individual. If he is not free to develop to fullest flower—to grow, to question, to strike out on his own—then democracy is robbed of the very heart of its meaning.

## Newspapers Tell The People

Reading enlarges one's life. A book, a magazine or a newspaper is a compact package containing the excitement of living that exist beyond your door.

The printed word brings to that door a wealth of things one may never know first hand oneself—the rich and varied experience of other people in other places. It brings knowledge one could not acquire so fully and exactly by other means.

A democracy rests upon the foundation of an informed citizenry. People cannot decide what sort of government they want, what they wish governments to do, if they are not informed as to the events and issues of the time.

Each day the newspaper puts into readers' hands thousands of words which open up new avenues for broader living and understanding.

There is a rock base of factual news stories conscientiously assembled and written. There is a salting of opinion, and a leaven of fresh ideas. Words of inspiration and counsel find their way in, and other features aim at entertainment. Nowhere else is so much of the printed word to be had so often and so cheaply under "one roof."

More and more in recent times, leading educators are voicing their conviction that the press is the greatest educational medium we have. At a time when many are saying we need more and better education, millions have within easy reach a storehouse of useful information.

The printing of words is an old invention. But the patterns they form in books and newspapers are new every day. Each time you turn to one and read, you gain the gift of the world about you. It is yours for the taking.

## A Logical Question

Not long ago a man writing a letter to the editor reported a chat with his four-year-old son on the subject of the figure "120" on the car speedometer.

First the lad asked why his father didn't go up to 120. Told that he'd be jailed if he did, the boy wanted to know if that was the fate of all who hit 120. Since the answer was yes, his next question, following rigid child logic, was why have such a number on the dial at all.

Father couldn't answer. But the motormakers have a standard reply:

Those fantastic figures represent reserve power every driver needs for passing and for maneuvering in other touchy, difficult spots.

This may be so. Let the reserve power be there as a safety factor. But couldn't the manufacturers remove the superfigures from the speedometer face? They're an open invitation to thrill-seekers. They can even beckon to conservative drivers who might respond to the surge of that usually untapped power.

The excitement isn't nearly so great when you don't know exactly how daring you're being.

## Letter To The Editor

The Editor,  
Sherbrooke Daily Record,  
Dear Sir:

Canadian says Pearson stepped into a dictator's shoes. Let us say instead that he was trying to, when he told the government that they had better get along with the nation's business, or else step aside and let someone else take over who was ready to.

I quote from Hansard of Feb. 24, 1958. Mr. Harkness, Minister of Agriculture, was asked politely by a Member of Parliament to clarify a rather ambiguous statement made by the Minister. The answer: "Just take what I said." Again Feb. 1, 1958, Mr. Fleming, Minister of Finance, was asked by another MP when he intended to present the Budget for 1958. The answer: "You would not know a Budget if you saw one." Nice, polite answers from men who made such an issue out of contempt of Parliament. These men may not have been dictators but they sure sound like men who would like to be.

it would not make very good reading for those responsible for those roads. Take a ride over to Milan from Scottstown next summer, then try to find a comparable piece of road in Ontario. I have to drive every year about 30,000 miles over Quebec roads, so I know what I am talking about. Last year I made a trip into Ontario. I drove over 3,000 miles through some of the rougher parts of Ontario, and take it from me they have some really rough country; yet I never found anything like the tracks we call country roads here. I could show you roads here in Quebec that Duplessis started in 1948 and has never got around to get the top gravel on yet.

C. H., for your benefit, Lester B. Pearson won the Nobel Peace Prize for his quick energetic action, the time of the Suez crisis. It was his straight forward speaking, that our friends Britain and France listened to; because they knew it came from a clear thinking courageous friend. It takes courage to talk up in that language you know he is in the wrong; and it takes clear thinking to know when to speak up, and when to shut up. Diefenbaker was afraid it was the end of the Commonwealth. Instead it is more solid than ever; as the other nations like India

and Ceylon now see that Britain is not a bully, but will listen when other nations of the Commonwealth speak. Diefenbaker like Dulles would have held a few more conferences; while Russia got the chance she was looking for to try out some of her Hydrogen bombs. We needed Pearson then, and we need him now.

I could write a lot more in answer to C. H. but I have other work to do, and in case C. H. should happen to be correct in his prophesy of victory; I and most every other Canadian will have to be ready to plug a little harder.

I certainly won't get any jobs from the Conservatives as Mr. Pettigrew warned me. At the meeting after the nomination at Ayer's Cliff, our Conservative candidate warned the whole of Stanstead County that we had better not get caught with a representative on the wrong side of the fence. That kind of talk may be effective, but it is not too nice a way to try to get votes. I rather like Mr. Fregeau. He signs his name, and he is not ashamed to get out and work for the party he thinks is best. Leonard G. Henderson Ayer's Cliff, Que.

## --Can Spring Be Far Behind?

## Surely Not Sin

By REV. B. S. MURRAY, M.A.

After thinking for the past few Saturdays about Christ, ourselves, and others, surely you are not going to discuss sin this week, I can well imagine some saying. Well, I am posing the question WHAT ABOUT OUR SINS?

**A NEW APPROACH**  
Not so long ago such a question would be taboo in some fashionable quarters. We have, if I interpret aright, been witnessing a change lately for Sin is being discussed realistically and with a frankness that is as refreshing as it is healthy. Our approach, I would say is far more scientific and less puritanical. Now we ask not "What men have done or not done but WHY? Nor am I forgetting that down the centuries the Church of God has advocated "open confession as being good for the soul."

Then, too, there are many who have been wallowing in sin (delighting to slight and grieve Christ) who are so disillusioned, so dissatisfied with carrying this unnecessary burden that no longer do they want to live like pigs in sties but rather arise and claim their heritage as a son of a dear, loving Father Who so loved the world that He gave his only begotten Son to die for sinners (John 3-16). And in this process there is a shift from seeking safety to service, from getting to giving. In brief, the centre of gravity is being shifted from self-seeking to self-giving.

**SLAY THE DRAGON!**  
Thanking God then for many evidences of revival in our time, we are fully aware that this is only the beginning. Only the beginning. There is much to be done. No one can witness the havoc sin has committed on the minds, bodies and souls of men, woman and children here, there, everywhere without feeling his heart strangely warm and challenged to forthwith enlist in the great Crusade which is dedicated to finally beat down Satan under our feet. When this has gained sufficient momentum, we shall bring in the reign of purity, peace and love, the reign of Christ THE KING!

Let us face the facts. This is

an all-out effort. It is a war in which there is no discharge and in whose ranks neutrals are not permitted. We are either against sin and for Christ or in favour of sin and thereby abetting the devil.

Can't you hear the trumpets of the Lord sounding their battle cry to attack sin. "Slay the dragon", cry they. Slay him by the merit of the holy Cross! And make no mistake about to whom this clarion call is addressed. It is for you and me and all sinners for whom Christ died on Calvary's Cross. There is only ONE Cross. Only ONE Saviour. Jesus ONLY. (Acts 4-12). So important and necessary is Jesus, my Saviour that we must know not only about Him but experience Him as Saviour and Friend all the while accepting His standard as ours. And in measuring our character by that of His, we shall discover how sin has lured us into that quagmire where sloth, vanity and greed thrive. There, too, the hatreds which hide the face of God, the suspicions which breed cruelty and brutality and the bigotries that blight brotherhood and make human life a jungle breed.

As morally and spiritually alert people, out of this quagmire where blinded and chained by our sins we are helpless, we must rethink ourselves back to the King's Highway reserved for those pure and holy ones who walk with their sinless Companion, Jesus. Blessed Jesus.

**SIN IS . . .**  
In this holy expedition, this adventure tremendous, there is no place for anyone who regards sin, like the Greeks of old did, as simply "a bad shot" which, when it does happen, is best forgotten readily.

Nor will there be any place for anyone who has befuddled himself into saying: "No sin, no Saviour."

But in this army — this Salvation Army — there'll be men, women and children innumerable who finding these departments from righteousness still haunt them for they are irremovable (except for Divine intervention) and once committed standing as "all eternity's offence."

I make no apology for writing that I believe that the Church of God faced with fearful odds, is doing Her best to combat sin. In fact the first reason stated for the assembling and meeting together for worship is . . . but reread as if for the first time that old exhortation in the Anglican Book of Common Prayer reminding us that "the Scripture moveth us in sundry places to acknowledge and confess our manifold sins and wickedness, and that we should not dissemble nor cloke them before the face of Almighty God but confess them with a humble, lowly, penitent and obedient heart that we may obtain forgiveness of the same by His infinite goodness and mercy. And although we ought at all times to humbly acknowledge our sins before God yet ought we most chiefly so to do when we assemble for worship. Surely such a statement of purpose, applicable to all the churches I know should silence those who ignorantly prate about the Church's having lost the sense of Sin. The fact is that we are at fault in our behaviour toward sin, too often ignoring Her leadership. For by accepting and applying the Church's formula to repent truly and earnestly of our sins, living harmoniously with our fellowmen, intending to lead a new life adopting the Ten Commandments as our standard and daily walking in the footsteps of Christ we shall rearm ourselves morally and spiritually. And by making adequate use of the means of grace and strong in the strength which God supplies through His eternal Son, we shall be empowered for anything, anywhere, anytime.

**PERSONALIZE SIN**  
Now to know all this is not enough. We must rather take sin out of the realm of theories, opinions, debate and what not and so personalize it that we regard it as a wrong done to ONE named Jesus Who loved us perfectly.

Sin then is the contempt of Infinite love thwarted by the perversity of God's children who through their sin defeat God's purpose for them and the world. Surely such a conception of sin, should bestir our consciences to cast from our manhood this intrusion, this perversity and imitate the Perfect Man Christ who bade us "Be ye therefore perfect."

Towards the attainment of this ideal then, let us own up to our sins honestly naming them one by one. Admit that we have done wrong, having been hard when we should have been kind, fear-driven when we ought to have been faith-led. Confess our sins, turn away from them, make a clean job of it asking the forgiveness of God and making amends when we can.

If we say we have NO sin

EXCELLENT PLAY SAVES CONTRACT

West opened the ten of hearts and after dummy played low East played the seven spot and Pessimistic Pete won with his queen.

"I guess everything will be wrong as usual," he mumbled and proceeded to lead the ten of clubs and let ride. East false-carded with the king and returned his singleton trump. Pete went up with the ace, led his low club to dummy's ace and continued with the jack.

East played low but Pete simply discarded his losing heart. This held Pete's losses to one trump, one diamond and one club he made his contract. Pete wasn't playing with mirrors. He had simply executed a nice safety play. Suppose West had held the queen of clubs. He would have taken a trick with it but now dummy's nine of clubs would be high and would furnish a parking place for Pete's losing diamond.

Of course Pete could have taken and lost the trump finesse and still made his contract by guessing the location of the club queen but Pete does not like to guess when he doesn't have to.

As Pete says, "Everything is bad everywhere."

**TEACHERS LURED AWAY.**

Nova Scotia universities, unable to raise salaries because of mounting operating costs, are confronted with the difficulty of replacing faculty members who are being lured away by the better salaries paid in Central and Western Canada.

A plea to the provincial government from the faculty of Acadia University supports a request already made by the presidents of Acadia, Dalhousie, King's College, St. Francis Xavier and St. Mary's, for annual grants of \$100 per student.

**MIGHT BE SOLUTION**

(From Time)

Speaking to a financial pow-wow in Chicago, Eugene R. Black, president of the International Bank for Reconstruction and Development, made one of the more sanguine statements of the Sputnik period: "My first reaction to the earth satellites was to ask myself question: If intelligent life is found

on other planets, will the people there be borrowers or investors? Of course, if they are investors, there may lie the solution of all my money-raising problems."

**GROUND-UP NOTES.**

(London Times.)

A worker at Lancashire paper mill, watching the conveyor belt associated with the pulping process, on Monday saw among the paper and rags hundreds of £5 and £1 notes. The notes had been through a chopping machine and were torn into shreds.

The manager of the mill stated that it was impossible to say the amount involved. "Where the money came from I cannot say, either," he went on. "All I know is that it was bought with other stuff for pulping. It might have come from anywhere in the country."

**BUT WILL IT BE SHARP?**

(Milwaukee Journal.)

Barron's financial weekly reports that it's going to be good news to hospitals that a big television manufacturer has stepped into a new field and is now producing plastic hypodermic syringes.

From the customer's standpoint the cost saving will have little interest. The big question that any patient wants answered is: Is the needle sharp and does the nurse or intern or doctor know how to use it?

## Stories Of Famous Hymns

**NO, NOT ONE!**

There's not a friend like the lowly Jesus,  
No, not one no, not one!  
None else could heal all our soul's diseases,  
No, not one! no, not one!  
No friend like Him is so high and holy,  
No, not one! no, not one!  
And yet no friend is so meek and lowly,  
No, not one! no, not one!  
There's not an hour that He is not near us,  
No, not one! no, not one!  
No night so dark but His love can cheer us,  
No, not one no, not one!  
Did ever saint find this friend forsake him?  
No, not one! no, not one!  
Or sinner find that He would not take him?  
No, not one! no, not one!  
Was e'er a gift like the Saviour given?  
No, not one! no, not one!  
Will He refuse us a home in heaven?  
No, not one no, not one!  
Jesus knows all about our struggles,  
He will guide till the day is done;  
There's not a friend like the lowly Jesus,  
No, not one! no, not one!

churches stressed soul-winning and held revivals more frequently than they do today and when Wednesday night prayer-meetings were more numerous and better attended, this old gospel hymn was a general favorite.

Revival audiences liked it because of its comfort-giving message. Revival leaders invariably chose it at singing time because of its swinging tune and the interesting form of its stanzas. Song directors used to divide their audiences into two parts. The first group sang the opening line: "There's not a friend like the lowly Jesus", and the second division would reply: "No, not one. No, not one." And so on through the song.

The author of the hymn, the Rev. Johnson Oatman, Jr., was a New Jersey Methodist preacher. He wrote many gospel hymns; one of the most popular on the list, aside from the song here discussed, was entitled "Higher Ground" and opened with the lines:

"I'm pressing on the upward way,  
New heights I'm gaining every day;  
Still praying, as I onward bound,  
'Lord, plant my feet on higher ground.'"  
Lord, lift me up and I shall stand  
By faith, on Heaven's table land,  
A higher plane than I have found.  
Lord, plant my feet on higher ground."

# BISHOP'S BULLETIN BOARD

The ten elected positions to the Students' Executive Council have now filled, with the elections for the minor positions being held yesterday. With President Ray Jensen at the helm, the new Council will hand over the gavel.

The Council-elect is made up as follows: President — Ray Jensen; vice-president — Jacques Courtemanche; treasurer — John Rayner; senior lady — Lu Rider; pres. athletics — Phil Scowen; pres. publications — Peter Leslie; pres. dramatics — Tony Vincent; pres. of lit. and deb. — Gerry Hanna; pres. publicity — Sandy Sinclair; pres. Second Year — Brian Gray.

One of Jensen's first tasks as President will be the consolidation of the student movement for more government aid to Universities. A permanent body of the six council presidents of the Quebec colleges will be established, and they will attempt to further the attempts made this year, through the medium of a student walkout.

**CAMPUS ELECTIONS**  
The editor of The Campus for the next Council year is David Tector, a second year science student. Mr. Tector was recently elected by the current staff of the newspaper in a close race with Andy Webster, who is presently editor of The Mitre. Tector takes over the paper in April and will be responsible for its 24 editions during the year.

In his own words, "My biggest contribution to University life was my poem, 'Tector's Famous Poem on Cows'. Do you know that a turtle has only three aortic arches. Oh, yes,

about The Campus. My motives are really rather selfish: I'm doing this because I enjoy newspaper work."

Mr. Tector is overly modest. He holds two scholarships at the University, with a value of \$3000, which makes him the highest paid student in the college. This year he was Managing Editor of the paper, and also compiled the Student Directory.

When asked about his plans for next year's paper, Mr. Tector replied, "The Campus is not a newspaper, it's a new magazine. Coming out only once a week, it can't hope to report straight news, and therefore, it should be a sounding board of opinion. I intend to emphasize this angle to the limit of discretion."

With the size of the University growing, and the paper beginning to be a force on the campus, Tector should have considerable scope in which to mold his ideas.

### SCOREBOARD

Bishop's plays host to a large number of high school basketball teams this weekend, the cagers in town to compete for the Visser and MacLeod Trophies, emblematic of basketball supremacy in the province. Preliminary games are played at the University Gymnasium and on the courts at both Lennoxville and Sherbrooke High Schools, while the finals are played tomorrow night at the college.

Final statistics have been released by the Ottawa-St. Lawrence Conference, showing the position of Bishop's teams in both leagues. The hockey team finished in fifth place with a record of two wins and seven losses. The basketball Gaiters

**STUDENTS' VISIT** — Sherbrooke High School students toured City Hall Thursday as one of the City's plans to better acquaint its citizens with the internal administration. The students are shown above in Council Chambers with Mayor Armand Nadeau and Pierre Bachand, City Treasurer. Standing at either extreme of the group are Monique Roy and Jeannine Beaulieu who acted as guides.

fared much better, their even record of four and four landing them in third place, behind MacDonald and University of Montreal. For the hockey team Chris Reibmayr was the outstanding scorer, with 13 goals over the regular season, while Squee Gordon paced the cagers with an average of slightly over 13 points a game in league play.

Both the men's and women's basketball teams travelled to Three Rivers recently to play in the Provincial playdowns. Both reached the finals, where they were defeated, the boys by Three Rivers and the girls by a squad from St. Lambert. In the men's tournament, some consolation was gained when playing-coach Garth Smith was named to the All-Star Team.

The intra-mural season is approaching its final flurries, with both hockey and basketball finals having been played this week. The Yellows downed the Blues in the basketball scrap, while the Blues lost their second final to the Reds in hockey. This leaves the Reds and Yellows tied for first place, with floor hockey and the relay race remaining. In past seasons the five-mile relay race was run between teams gathered from all sections of the University. However, because of declining interest, it was made an intra-mural sport this year, with the winning team getting seven points towards their total.

**HERE AND THERE**  
Because it goes to press on Sunday night, and doesn't appear until Wednesday, The Campus ran into trouble this week. They stated that the meetings between the six student presidents this weekend would be in the form of an open meeting at the college. However, SEC President Ketchum corrected this statement, and said that the meeting would now be closed, that the presidents were forbidden to meet on the campus and have arranged for a conference room in Sherbrooke.

The final Skinner Debate takes place next week, with the same teams debating for both sides as in the last debate. The new resolution deals with the isolation of the Divinity Faculty, and the Arts and Science team will uphold the position that they should not be separated from

the rest of the student body. The date of Convocation has been set at June 14, the latest possible date which it can be held. This means that examinations are set back almost a week, and with the timetable having been posted, many students are complaining that they will be late reporting for summer jobs. Especially hard hit are some members of the COTC, who may miss as much as two weeks training.

With two successful issues of The Mitre to his credit, Editor Andy Webster is busy preparing a third and final issue, with material due on the last day of this month. Andy said that he had received some good contributions from alumni, and hoping to be able to print a large section devoted to their work.

The final showing of the Biology Exhibition takes place this evening beginning at 7:30 p.m. The public are cordially invited to visit the exhibits, which are on display in the New Arts building, in the biology laboratories.

**RUGGED AREA**  
Whaling is the only industry in the Antarctic, since fur seals there have been hunted practically to extinction.

## Final Tribute Is Accorded To Mrs. H. Flanders

The funeral service for Mrs. H. W. Flanders, who died suddenly on March 14, was held Monday afternoon at St. Paul's Anglican Church, Rev. R. Jervis Read officiating.

The pall-bearers were Don Clowery, Bruce Harkness, Wallace Johns and Burnell Lyonnais. Mrs. Flanders leaves to mourn her passing two sons, James and Thomas, of Sherbrooke, two step-sons, Douglas, of Sherbrooke, and Howard, of Rutland, Vt., her mother, Mrs. Thomas Simpson, of Sherbrooke, a brother, Archie Simpson, of Sherbrooke, and two sisters, Mrs. H. Tope and Mrs. H. Gunn, of Montreal.

The date of Convocation has been set at June 14, the latest possible date which it can be held. ## Ex-president Of Sugar Firm Dies

MONTREAL — The funeral service for Louis Jerome Seidensticker, prominent sugar industry executive who died Thursday is to be held here today.

Burial is to be Monday afternoon in Boston where a small service will be held.

Mr. Seidensticker, 81, was a naturalized Canadian born in Meriden, Conn., who until his retirement last year had been president of Atlantic Sugar Refineries Limited.

His daughter, Mrs. Ivor Lemon of Stanstead, said the funeral service will be conducted by Rev. Angus Cameron of the Unitarian Church of the Messiah.

## Safety Brigades Are Planned At Local Schools

Mayor Armand Nadeau said yesterday he hoped the results of the meeting between Ald. Everett Nicol, chairman of the Protection Committee, and a representative of the Roman Catholic School Commission to decide upon the formation of school traffic brigades would be favorable.

He said the school brigade would take the place of the present stop signs that are placed at intersections near schools by the police. The police would also be relieved the burden of placing the signs every day and later picking them up.

With the removal of the signs, the traffic would be able to circulate better.

"It's also good training for the youngsters," he added.

The question of school brigades was first introduced last year and revived again at last Monday's meeting.

A plan to have the youngsters receive basic training by the police department will be instituted, he said. The City Council could grant yearly allocations for prizes, he noted.

**AIRPORT**  
Contract for the clearing and grubbing at the airport site has not been granted, Mayor Nadeau learned in a long distance telephone call to Ottawa yesterday. The contract will probably be awarded after the March 31 elections. A special board made up of the ministers of the most important departments will sit to discuss the matter.

Meanwhile, the Mayor said contractors have complained to the City that wood is being cut illegally on the airport.

The land is federal property. The offenders are beyond the jurisdiction of Sherbrooke, he said.

**FINANCIAL STATEMENTS**  
The 1957 financial statement, adopted in private committee last week and to be presented to the open council next Monday evening, shows an "appreciable" surplus, it was announced at City Hall yesterday.

In 1956, the City operated with a deficit of \$93,572.91.

**WOULD RUN**  
Mayor Nadeau said yesterday he would run for the mayoralty were the elections held in April rather than October.

He said he would be a candidate if the circumstances were as they are today. He did not say whether he would run in next October's race.

**SAWYERVILLE**  
Mrs. Harry French spent the week end in Cookshire with her son-in-law and daughter, Mr. and Mrs. Elwood Rolleston. Mrs. Peter Blake and daughter spent a few days in Lennoxville.

Mrs. George Loveland spent the weekend in Montreal with Mrs. Emma Watt.

Mr. and Mrs. Clayton Parker and family of Mississippi spent the weekend with Mrs. Mary Parker.

## Mayor Explains Differences In Sale Agreement

The City has relieved itself of a burden by the sale of Bromptonville dam and annexed land for \$125,000 to the Richmond Pulp and Paper Company, Mayor Nadeau said yesterday.

Announcement of the sale was made earlier this week at the City Council session. The flat price of \$125,000 will be paid over a 20 year period at 4.512 per cent interest rate. The City retains a 10 year option to repurchase the property and dam for the sum that has been paid by the company during that time.

The accepted price contradicts a declaration by Mayor Nadeau in September, 1956, when he said unofficially the dam was being sold for \$210,000.

Yesterday he explained that there had been a misinterpretation of the company's offer. The Richmond Pulp was willing to offer \$210,000 payable in 20 years without any interest rate.

Negotiations were reopened between the company owners and the Mayor. The second offer of \$100,000 with interest over 20 years was rejected by the City Council.

The latest offer was found acceptable to both sides. Also included in the contract is a clause turning the water and flooding rights over to the company.

Repairs of \$200,000 must be made on the dam to make it insurable, Mayor Nadeau said. He said maintenance costs are \$30,000 a year. As it is the company will still have to pay municipal taxes added to these other costs, he said.

At one point, the company was considering building a flume to transport its logs to the mill, the Mayor said. The cost of erecting the flume was later placed at about \$500,000, he said.

**FAMOUS CORPS**  
The Swiss Guard at Valican City was formed in 1505 as the pope's personal bodyguard.

## Funeral Service Is Held Here For D. J. Steele

The funeral service was held at St. Patrick's Church yesterday morning for Daniel John (Jack) Steele, of Regan, Ont., who died in Marathon, Ont., last Sunday after a short illness. He was 64.

Mr. Steele was born at Farnham, the son of the late D. J. Steele, for many years general agent of the C.P.R. at Sherbrooke, and the late Mrs. Steele. He received his education at Sacred Heart School and St. Charles Seminary in Sherbrooke.

For the past several years he had been employed by the Abitibi Paper Co. Ltd., at Regan.

He is survived by two brothers, William and Charles; three sisters, Loretta Steele, Mrs. Durie Peehie, Irene, and Mrs. Harley J. Hooper, Betty, of Sherbrooke; four nephews, two nieces and a cousin, Frank Murphy.

Interment was in St. Michael's Cemetery, the bearers being Leslie Hayes, Charles Stenson, Dan Towne, Harold Enright, Ashton Tobin, and Jack Hawkins.

At the funeral Mass were Emile Levesque, A. C. Stevens, Sid Spanwick, Alex Ross, Philip St. Jean, G. Armstrong, Arthur Parr, Henry Crochetiere, J. T. Hawkins, Fred Conway, Stanley Sharpe, Paul Gervais, James Wark, Frank Mitton, J. Murray, Mr. and Mrs. J. A. Sirois, James Corfield, H. B. Johnston, Jim Mitchell, John Veer, Jack Walsh, Stewart Hansford, John Campbell, Lawrence Coogan, Frank Conway, Richard Birchmore, John Colere, Percy Johnston, Frank Pearson, Jerry Monte, and many others.

## SOUTH BOLTON

Mr. Gordon Perkins has been ill with pleurisy at his home in Bolton but is now feeling better.

Miss Elizabeth Brammall and Miss Joan Heckley of Montreal, were weekend guests at the latter's home. Other guests at the same home included Miss Laura Buchanan of Dunham, Miss Geraldine Algier and Miss Barbara Buzell from Sweetsburg.

The W.I. card party was very well attended in spite of the heavy snow storm and about \$20 was added to the funds. Mrs. Arnold Jasper won ladies first prize and Master George Jasper gentlemen's first while Mrs. Gordon Fuller won the consolation prize.

## In Memoriam

**WARD** — In loving memory of our dear mother, Annie Ward, who passed away March 23rd, 1955, at Richmond.

The stars tonight are shining  
Bright upon a grave,  
Beneath it lies the one we love,  
The one we could not save;  
We mourn for her in silence,  
No eyes can see us weep,  
But many a silent tear is shed,  
While others are asleep.  
Sadly missed by her daughters and son-in-law,  
EFFIE & ROBERT KANE,  
Sawyerville, Que.

**MARSH** — In loving memory of our dear brother, and uncle, Norman (Bunnie) Marsh, who left us so suddenly on March 22, 1953.

Only a memory of bygone days,  
And a sigh for a face unseen;  
A constant feeling that God alone  
Knows best what should have been.  
Sadly missed by  
RUSSELL & PHYLLIS MARSH,  
AND CHILDREN.

**DAWSON** — In loving memory of our dear sister who passed away on March 22, 1955.

Dear sister to your grave we often wander,  
And picture your face so dear,  
For the sister we loved so dear  
Gone from us but leaving memories.

Death can never take away  
Memories that will always linger  
While upon this earth we stay.  
Dear God please take a message  
To our sister in heaven above  
Tell her how much we miss her  
And give her all our love,  
Lovingly remembered by,  
ANNA, (Sister),  
THOMAS COOK, (Brother-in-law)  
Mansville, Que.

**MARSH** — In loving memory of our dear son, brother and grandson, Norman (Bunnie) Marsh, who left us so suddenly on March 22, 1953.

There is a corner in our hearts,  
That is set aside for you,  
As long as life and memory lasts,  
We will always love and remember you.  
Sadly missed by,  
MR. & MRS. RICHARD MARSH,  
(parents),  
ROBERT MARSH, (brother),  
MRS. ELLA MCGILL, (grandmother).

**FRIZZLE** — In loving memory of a dear mother, Effie, who passed away March 22nd, 1944.

"The dearest mother that could ever be"  
Was the mother God gave to us,  
So loving and kind in every way,  
Our greatest sorrow when she passed away.  
Always loved and ever remembered by,  
HER CHILDREN.

**THOMAS** — In loving memory of our dear husband and father, Robert Frank Thomas, who passed away at Drummondville on March 23rd, 1954.

Always a silent hearthside, many a silent tear,  
But always a beautiful memory,  
Of one we loved so dear;  
God gave us strength to bear it,  
And courage to face the blow,  
But what it meant to lose you,  
No one will ever know.  
Always remembered by,  
HIS WIFE, PEARL,  
BOBBY, STUART & BEVERLEY,  
(Children).

**GRAVES** — In loving memory of Kenneth Stuart, who passed away March 22, 1953.

The Lord is my Shepherd.  
Ever remembered by,  
MOTHER, CONNIE & JEFF.

## Gerard Matte Is Sentenced On 9 Counts

Twenty-seven-year-old Gerard Matte, of Sherbrooke, received a three-year sentence yesterday morning from Judge Joseph Marier in Court of Sessions, after pleading guilty to nine thefts and similar charges.

This three-year term is to be served concurrently with a two and-a-half year sentence imposed last Monday by Mr. Justice William Mitchell of the Court of Queen's Bench.

Crown Prosecutor Roland Dugre told Court of Sessions that Matte had refused to clean the floors in jail to which Matte been given a prison uniform.

## Fire Damages CNR Scale House

Fire broke out in the scale house at the Canadian National Railways yards on Depot street last night but was quickly extinguished by Sherbrooke firemen.

Flames damaged the interior of the building, which is about 200 yards from the station. A metal car standing near the shed was not damaged. Cause of the blaze was not known. Baggage is weighed in the shed.

## FLOOD DAMAGE

About 20 per cent of Ceylon's rice acreage sown in the first crop of 1958 was damaged by floods.

## PINNACLE

Mrs. Hazen Hughes and Mrs. Ralph Rodgers of Danville, are guests of the former's daughter, Mrs. Allan George and Mr. George at Hawkesbury, Ont. Little Miss Elaine Rodgers is a guest of her uncle and aunt, Mr. and Mrs. George Andrews, during her mother's absence.

Miss Rose Andrews is a guest of her grandparents, Mr. and Mrs. Hazen Hughes.

Mrs. Kendall Gallup has returned home from Richmond where she was convalescing at the home of her parents, Mr. and Mrs. Arthur Paige. Mrs. Dorothy Hodge and daughter, Donna, were guests of Mr. and Mrs. Gallup.

Mrs. Della Gallup of Sherbrooke spent a long weekend here with her sons and their families.

## Births

**HORTON** — Mr. and Mrs. Charles Horton (nee Elizabeth Black) at the Mary Fletcher Hospital, Burlington, Vt., on Friday, March 21, 1958, a son, Bojh well.

## Deaths

**HILL, Fay** — At Milford, New Hampshire, on Thursday, March 20, 1958, Fay Hill, formerly of Stanstead. Beloved husband of the late Margaret Brown, and husband of Luvia Williams, in his 73rd year. ### Farm Forum Activities

**FORDYCE**  
 The last two meetings of the Fordyce Farm Forum were held at the home of Mr. and Mrs. Hilton M. Smith, near Sweetburg, owing to the danger of roads breaking up from the effects of spring frost, in rural areas.  
 The first one was on the topic of the Low Income Farmer, when the discussion was led by Mrs. Smith in the absence of the chairman Douglas Crosby. A social hour and refreshments followed the radio broadcast and group findings.  
 On March 17 the topic was concerning the standards of Canada as compared to that of other countries and Canada's role in World Affairs. Group discussions were in order and all agreed that Canada stands very high in all phases of development.

**COOKSHIRE**  
 "The Role of Canada in World Affairs" was the topic for this week's meeting, held at the home of Miss Lucy Hodge in Cookshire.  
 Several suggestions were made in reply to the question as to what the Forums would like to know more about regarding our part in World Affairs.  
 One was: how much has the FAO (the Food and Agricultural Organization of the United Nations) been able to accomplish towards establishing a world

 Wednesday Meeting, 8 p.m.  
 Reading Room, 350 Island St.  
 Open Monday, Wednesday, Friday, 3 to 5 p.m.

How spiritual perception of God's power brings freedom from bondage to materialism will be a topic dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon on "Matter" is the Golden Text from I John (2:16): "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (277:29): "Nothing we can say or believe regarding matter is immortal, for matter is temporal and is therefore a mortal phenomenon, a human concept, sometimes, beautiful, always erroneous."

Selections from the Bible will include the following (Isaiah 40:8): "The grass withereth, the flower fadeth; but the word of our God shall stand for ever."

**Pecan Petal Tarts**  
 2 pkgs. pie crust mix; 1 egg; 3/4 cup sugar; 2 teaspoons instant coffee; few grains salt; 1 tablespoon melted butter; 1/2 teaspoon vanilla; 2/3 cup coarsely broken pecan meats.

**METHOD:** Prepare pie crust as directed on package, and divide in half. Roll out each half 1/2 inch thick. Cut pastry in 72 2-inch circles. Place one circle in bottom of each of 12 muffin cups. Arrange 5 overlapping circles around inside of each muffin cup pressing securely.

Beat egg just enough to blend yolk and white. Combine sugar, instant coffee and salt and add gradually to egg, beating well after each addition. Add melted butter and vanilla. Sprinkle pecans evenly into muffin cups. Spoon filling over pecans, filling cups not quite to top.

Bake in moderate oven 35 to 40 minutes or until set. Garnish with whipped cream. Makes 1 dozen.

## Canada's Working Wives Still Hold Family Primary Interest

OTTAWA (CP) — Canada's working wives go out to earn dollars to improve the family's lot. But their hearts stay at home. "The overwhelming reason why married women—especially those with children—work outside the home is to raise the family standard of living," says a labor department report on working wives.

Results of 786 interviews conducted in eight cities by social work graduates also established that for the working married woman "her home and family are still her primary interest."

A resume of the report, published in the labor department's monthly Labor Gazette, indicated that career wives work to buy things for home and family that would otherwise be unattainable on the husband's income alone.

**BIG PROPORTION**  
 The survey was launched in 1955 by the women's bureau of the department to find why married women work.

In 1956, one out of four, or about 1,341,000 women, were in the labor force—38 per cent of them working wives. The cities surveyed were Halifax, Quebec, Montreal, Toronto, Winnipeg, Saskatoon, Edmonton and Vancouver.

Working mothers interviewed insisted their children were being well looked after while they worked. From the viewpoint of working wives, homes did not necessarily suffer from their absence.

SHERBROOKE HOSPITAL ALUMNAE ASSOC.

The regular monthly meeting of the Sherbrooke Hospital Alumnae Association was held in the Norton Residence on Tuesday, March 18 with Mrs. N. Lotrop, president, in the chair.

The president re-acquainted the members with the object of the Association, that of maintenance of the honor of the Nursing profession, the promotion of unity, good feeling and loyalty among the members and for mutual help in the service of the community.

It was voted that donations are to be sent to the Red Cross, V.O.N. and the Cancer Society. Misses Anne Schofield, Vivian Ramier, Norma Dean, Marie Nagano, Evelyn MacFarlane and Mrs. Charles Smith, Jr., were voted to become new members.

It was mentioned that a further discussion of the Sick Benefit Fund would be at the next meeting.

Mrs. Lotrop, on behalf of the members, wished Miss Marjorie Beckwith, every success with her future work as a Missionary in Angola.

At the close of the meeting, several musical selections were given by Mrs. W. W. Gibson, and Mrs. George Ogston, accompanied by Mrs. Ken Halpeny.

Hostesses for the evening were Misses F. Whittle, B. Harrison, G. Harrison, J. Keating and R. Berube.

## ST. PAUL'S LADIES' GUILD

Mrs. G. L. Carleton, president of St. Paul's Ladies' Guild, presided at the regular meeting held in the church hall on Tuesday afternoon.

The treasurer, Mrs. F. Staniford, stated proceeds from two food sales held recently, had been most satisfactory.

At the conclusion of the business session, a social hour was enjoyed during which time the hostess, Mrs. F. Staniford, served afternoon tea.

The next meeting will be held in the church hall on Tuesday, March 25 at 2 p.m., with Mrs. D. Mandigo as hostess.

## Homemaking

Although rugs get constant wear and tear, they often are the last items in a home to be cleaned. Regular vacuuming needs to be followed once or twice a year with a full cleaning. This may be done professionally or with a home cleaning aid. But it should be done for the life and beauty of the rug.

## Fashion

Those bibs of beads in vivid colors (rose, peacock, citrus, beige or whitened versions) are just the thing to pick up a navy suit or dress for spring.

## Ruth Millett

Wife at 16, Disillusioned At 19—Too Much Too Soon

These are just the bare facts of her letter, but they tell a story that might be an eye-opener to some of my younger readers.

Married at 16.  
 Mother of son at 17.  
 Few months later husband out of work.

Young couple and baby move in with his parents.  
 In-law trouble.  
 Young wife takes baby and goes to live with her parents.

Her parents take care of baby while she works.  
 Young couple go back together to give marriage a second chance.

Marriage still unhappy and young wife desperate, not knowing where to turn next.

**What's The Solution?**  
 I don't know the answer to her present situation and I doubt that

anyone else does. But there was a simple answer three years ago. Don't marry. Wait until you grow up. Get as much education for living and earning a living as you can. Date more than one young man, so that you can make comparisons and be sure when you have found the "right man" that he is the right one.

It's a sad thing for a girl to feel like a failure at 19. But how is she going to help it if she bites off a bigger slice of life than she can chew?

Not all girls who marry at 16 regret the decision before they are 20. But many of them do. And their stories are depressingly alike.

They certainly aren't like the romantic notions teen-age girls have about how wonderful it would be to quit school and marry.

## Personals

Friends of Mrs. E. B. Frost, Prospect St., Lennoxville, will regret to learn she is a patient in the Sherbrooke Hospital.

Mr. and Mrs. Edgar Groom, of St. Johnsbury, Vt., were guests of Mr. and Mrs. Douglas McGee, Reed St., Lennoxville, while here to attend the funeral of Mr. Malcolm Coote, of South Durham, Que.

Friends of Mr. Harry Gregory, College St., Lennoxville, will be sorry to learn he is a patient in the Sherbrooke Hospital.

Mrs. J. A. Donald, of Ottawa, is the guest for a few days of her mother, Mrs. J. E. Smith, Howard Ave.

Mr. and Mrs. N. E. Peverill, Bryant St., are leaving on Sunday for Quebec City, where Mr. Peverill, as president of the Canadian Wholesale Hardware Association, will attend the annual meeting of that organization being held at the Chateau Frontenac Hotel, Monday, Tuesday and Wednesday.

The weekly tea of the Ladies' Sherbrooke Curling Club being held on Tuesday afternoon, March 25, will be convened by Mrs. E. J. Wolfe.

Additional hostesses will be Mrs. E. S. Beerworth, Mrs. Frederick Diamond, Mrs. H. MacCallum, Mrs. John Nightingale, Mrs. Charles Taylor and Miss Priscilla Tuite.

The final tea of the season will be held in the club house on Tuesday, April 8.

Record readers are invited to submit suitable items of interest to the Social and Personal column.

## Busy Meeting Held At Rock Island By Stanstead South Church Group

ROCK ISLAND — Mrs. B. W. Dustin, Miss Mildred Blake and Mrs. Clarence Lyons were co-hostesses at the meeting of the Helping Circle Society of Stanstead South Church, held at the home of Mrs. Dustin, following the Lenten Service in Stanstead.

The vice-president, Mrs. T. W. Tyson, was in the chair, and Miss Hortense Cowles conducted the devotional period. A report on the March 11th non-day dinner showed satisfactory proceeds.

A gift of knitted dish cloths and pot holders from Mrs. W. Harris, Rock Island, was received with appreciation and will be added to the sale of work for the summer bazaar. Articles for the summer bazaar and other work was handed out to be completed.

The quarterly sum of money was authorized to be paid by the treasurer for the church board budget. Mrs. Byron Ellis, Rock Island and Mrs. Stuart Taylor, Derby Line, conveners of the Easter food sale being held April 3 at Caswell's store, solicited home cooked food. Miss Cowles is to make posters, Mrs. W. B. Dustin and Mrs. M. K. McLean to pick up donations. The next meeting will be held March 26 in the church hall.

in Stanstead South Church. Mrs. H. D. Ames and Mrs. Bruce Lafoe, will be the hostesses. Mrs. Ames will show pictures of interest taken by her son, Lieut. Paul Ames, in Germany.

A social hour, including refreshments, was enjoyed rounding out the pleasant meeting.

**CATHOLIC WOMEN'S LEAGUE**  
The Catholic Women's League, Rock Island subdivision, met at the Del Monty hotel, for the March meeting.

In the absence of the president, the meeting was chaired by the vice-president, Miss Helen Cosgrove. Mrs. Everett Greaves was appointed chairman of nominations, to be assisted by Mrs. Raymond Fregeau and Mrs. E. Gagnon, in preparing a slate for election at the April meeting.

Mrs. Herbert Goodsell, chairman of the recently held card party, reported it had been most successful. Miss Cosgrove, called upon Rev. Father George Guay, parish priest, to speak to the group. Father Guay chose to speak of the Roman Catholic faith in a question and answer form, which was very interesting. Mrs. H. Goodsell thanked Father Guay for taking time out of a busy day to speak to the members.

A social hour was enjoyed over a cup of coffee, served by

**TULIP TIME** — The Minto Folliettes, pictured above in their gay Dutch girl costumes, will be featured in the annual Figure Skating Carnival, March 23-30, in the Sherbrooke Arena. As well as their own stars, the Sherbrooke Figure Skating Club (formerly the Sherbrooke Winter Club) is presenting as a feature attraction the Minto Skating Club of Ottawa. Minto stars include Frances Gold, Gold Medalist and Minto Club lady champion; Eddie Collins, Junior Men's Champion, 1956 and member of World's Canadian Team, 1958; Judith Rudd and Alastair Munro, Canadian Junior Pair Champions, 1958; Bill and Jill Frodsham, Marilyn Atchison, Bill Riddell and Gilles Vanasse. Mrs. L. Hogman, Mrs. Nora Beaudoin and Mrs. Roger Dutil. **COURT FORESTINA**

Ten members of Court Forestina No. 1824 gathered at the home of Mrs. Reginald Martin for the regular monthly meeting, chaired by the president, Mrs.

Margaret Bronson.

The financial report was satisfactory and the sum of \$10 voted to the Weir Memorial Park campaign. A gift of money is to be made to a member, an Easter bride.

Plans were made for the annual darts tournament taking

place on Sat. afternoon, March 22, at the Del Monty Hotel. Play starts at 2:00 p.m. and teams may register the days of the tournament. Canvassers reported been several valuable prizes have been donated local merchants for the tournament.

The next meeting will be held on April 9 at the home of Mrs. Leo Groleau, Stanstead.

Lunch was served by Mrs. Martin.

**REBEKAH CARD PARTY**  
Another in the series of flower garden whist parties, sponsored

by Crystal Rebekah Lodge, who has been a patient in Sherbrooke Hospital, are pleased to know he is able to return home.

Several tables were in play and high score prize winners were Miss Mildred Blake, Mr. and Mrs. K. I. Curtis and Mrs. C. Curtis. Low score prizes were awarded to Mrs. Norman Chamberlain, Sr., Mrs. James Batchelor, Mrs. Goff Probyn and Mrs. Melissa Chamberlain.

Mrs. Raymond Curtis donated a lovely cake and box of home made fudge which were sold by numbers, winners being Mrs. E. McArthur and Mrs. Melissa Chamberlain.

Another party will be held in the hall on March 24, to which all are invited to attend and join in the fun.

Refreshments were served, terminating a pleasant evening.

INDIAN GIVER IN ACTION TUESDAY NIGHT

Sugar Ray Robinson, who has earned himself the title of "Indian Giver" will be out Tuesday evening to try and maintain his record of winning back the middleweight crown.

In their last encounter, in September at the Yankee Stadium, both fighters came through badly bruised with Carmen Basilio earning the decision over Sugar Ray.

Robinson's left jab, and quick hooks off it, had done a job on Carmen's face while Basilio slammed Robinson's body and Sugar Ray was a sore boy for a few days.

Their fight had been brutal. Basilio, standing too erect, caught a frightening amount of punches in the early rounds.

Return matches rarely live up to the first fight but these two will hardly be dull when they clash next Tuesday.

It seems that Jimmy Breslin, NEA, thinks that Sugar Ray will around the eighth round get tired trying for an early knockout.

The Y's Men's Club has come up with quite a hockey team according to reports we hear.

The Lake Massawippi Fish and Game Club will hold their spring meeting next Wednesday, March 26, in the Guild Hall at Ayer's Cliff.

The Eastern Townships Badminton championships are slated to be held at Bishop's University on the weekend of April 12-13.

Birdie Tebbets and his Cincinnati Redlegs is the only National League club who don't concede the championship to Milwaukee Braves.

Tebbets claims his club handed the Braves the pennant. They dropped 18 out of 22 to the leaders which is quite a spread.

New York Rangers' great little goalgetter Camille Henry has the best goals per shot record in the National Hockey League.

Donnie Marshall of Canadiens and rookie Frank Mahovlich of the Leafs are next with .164 average.

It seems that Lynn Patrick of the Boston Bruins is interested in getting some of the Russian hockey players over for his pre-season training camp next fall.

Patrick claims that Veniamin Alexandrov and Nilsson of Sweden are sure-fire NHL prospects.

Acres, they had a large and initiated following of fans. The team's roster of 10 Canadians and two Britons maintained their hold on Brighton's affections.

Younger fans, less familiar with the game's finer points, are as vocal and partisan as their elders.

Brighton has had a hockey team ever since a newly-built swimming pool was converted into a winter skating surface in 1935.

But once past the turnstiles, they transform themselves into the most severely hockey-bitten community east of Newfoundland.

Brighton citizens have a soccer club that looks ripe for promotion to the Football League's Second Division.

Like its four fellow-members of the British league, Brighton recruits most of its players directly from senior and junior ranks in Canada.

When Brighton Tigers resumed their activities in the British National Hockey League in 1946 under coach Bobby Lyle.

Accustomed to wide-open play and a minimum of bodychecks, the Brighton supporters disapproved of the British League's defensive tactics.

Del Webb Has New Plan For Major Leagues

ST. PETERSBURG, Fla. (AP) Del Webb, co-owner of New York Yankees, suggested Friday that Kansas City of the American League and Philadelphia of the National League swap franchises.

Under the Webb plan, which he said he will introduce at the next meeting of the major leagues, Pittsburgh would be the eastern-most club in the National League.

Warren Giles, president of the National League, said "the idea doesn't appeal to me and I'm sure to none of the other National League owners."

Two expected stars will not appear. Ron Delaney, the great Irish miler, has been refused permission to run by the athletic board of Villanova University.

Sharing prominence with the best of indoor meets in the U.S., the club will pay host to powerful teams from U.S. universities and track clubs and hundreds of entries from Ontario and Quebec clubs, high schools and universities.

Pea-Wee Hockey Tournament To Be Staged Here Tomorrow Afternoon

The Pea-Wee champions from Montreal, Quebec and Three-Rivers will travel to Sherbrooke to compete in a Provincial Pea-Wee tournament with the Eastern Townships representatives.

At 1.00 the Sacred-Heart School of Stanstead will meet Park Extension, Montreal champions, and at 2.00 the Three-Rivers titlists will go against the Quebec champions.

At 3.00, just before the last game of the afternoon, the Granby Bantams, unofficial champions of the Eastern Townships, the Le-

lure Dairy, will meet East Angus Bantams in an exhibition game. Minor hockey had its best year in the Eastern Townships when 1,700 players signed cards this year.

Three-Rivers, Montreal and Quebec are sending strong representatives and the Sacred-Heart School of Stanstead will meet strong opposition but should give a good account of themselves.

All the players will be received at supper after the games at 6.00.

Jacques Plante Won't Play Against Boston Bruins, Says Coach Toe Blake

MONTREAL (CP)—Coach Toe Blake of Montreal Canadiens said Friday injured goalie Jacques Plante will not play against Boston Bruins here tonight but is expected to start the game in Detroit Sunday.

Blake said Plante will only be replaced Sunday by alternate goalie Charlie Hodges if he shows ill effects from a concussion he suffered about a week ago in Boston.

Bernie (Boom Boom) Geoffrion has been skating and looks good, Blake said. Geoffrion had said he was out for the season after surgery to repair a bowel ruptured during a practice session.

A final decision would be up to Geoffrion, Blake said, but he would not be surprised to see him in the playoffs.

Others in the injury-ridden team might also see playoff action. Tom Johnson would know if he could play when a cast is taken off an injured knee Sunday, Blake said.

Dollard St. Laurent, suffering a fractured cheek-bone, would need a doctor's permission to go into the playoffs, even though protected by a special face mask.

Middleweight Champ Carmen Basilio Knows It's A Mistake To Get Careless With Sugar Ray, Others Found Out

CHICAGO (AP)—Middleweight champion Carmen Basilio does not intend to make a mistake common to opponents of Sugar Ray Robinson the second time around. That's getting careless.

The stony-faced little guy who makes his first defence against Robinson, the man he dethroned, in Chicago Stadium Tuesday night said Friday:

"I know better than anybody else that last year Gene Fullmer went the distance and beat Robinson for the title and then got belted out in five in their rematch.

"And I know the same guy has never licked Robinson twice. WON'T BE CARELESS

"Nobody can say he won't make mistakes in the heat of a fight, but all my training for this rematch has been concentrated on not getting careless.

Clash In Fourth Game, Locals Lead Series 2-1; Both Teams At Full Strength; Sell Out Is Expected

The Asbestos Meteors will be out tomorrow afternoon to even the four-out-of-seven finals of the Massawippi Hockey League when they play hosts to the Sherbrooke Beavers in the fourth game of the series.

On their last appearance in the Mining Town the Beavers dropped a 5-3 verdict to the Meteors in a hard-fought battle and the locals will be gunning for their first victory in the current series on Asbestos ice.

A sell-out is expected for the tilt and the fans should be in for a good game. If the Beavers can post a victory they will be in the "driver's seat" to speak with the next tilt slated in Sherbrooke Tuesday night.

Tomorrow's game is a "must" for the Meteors and if Maurice Vachon is back it will be a close one. Thursday's game, the Claude outfit versus minus their star forward but it is hoped he will be ready for tomorrow's big one.

During the schedule the Beavers had good luck in Asbestos out in the playoffs. It is a different story. The Meteors are rated slight favorites to win, if they have a full team, but on the other hand Coach Dube will have his squad up for this one.

If Sherbrooke wins they will be favored to wrap it up Tuesday but if the Meteors can pick up a victory the series will go the limit. The sixth tilt is slated in Asbestos Wednesday with the seventh and deciding one back in Sherbrooke on Thursday. All

The game will be carried over CKTS tomorrow with Gordon Breen doing the play-by-play from the Mining Town. This is the first time that the local station has carried any games during the playoffs.

Fans Like International Hockey Rules During Experiment Out West In Big Six Intermediate League

CALGARY (CP)—John Watson, president of the Big Six Intermediate A Hockey League in Southern Alberta, said Friday an experiment using international hockey rules in league games this season was a huge success.

In a report to the Alberta Amateur Hockey Association, he said fans "enjoyed the much faster action, fewer numbers of whistles causing play stoppages, more goals and the free-wheeling style of hockey that to a great extent did away with the old clutch-and-grab style of hockey."

The seven-team league used rules of the International Ice Hockey Federation in the last 32 games of the regular season. It was on a trial basis only. The league reverted to Canadian Amateur Hockey Association rules for the playoffs.

Here are the main differences between the two sets of rules. International rules do not allow icing the puck, provide for a full two-minute penalty and bodychecking is restricted to teams' defensive zones.

Canadian rules allow icing the puck when a team is short-handed. A penalized player returns to the ice when the opposing team scores. Bodychecking is legal anywhere.

The report said that both fans and players liked the no-icing rule. The full two-minute penalty rule was favored by all coaches and most players. However, most

felt that the Canadian bodychecking rule was okay. "The international rules were widely approved," he said. However, if one searched a little further, it became apparent the so-called international rules are merely rulings set down in past years by the CAHA.

"The consensus in this league is that if the controlling bodies in amateur hockey see that the CAHA rule book, as written, is enforced and not allowed to slide as it has been for many years—and if the icing rule and the full two-minute penalty are added—there is very little wrong with the CAHA rules as written."

Watson said his report is designed for discussion and possible rule changes at the annual CAHA meeting in May.

If the experiment did little more than point out to the CAHA rules committee that most rules at present are the best, then it was an accomplishment, he added.

Year's Activities Reviewed By Bury Institute

BURY — Members and several visitors met at the home of Mrs. A. J. Hunt for the annual meeting of the Women's Institute, to review the past year's work and make plans for the future. Mrs. Atkins, president, took

the chair for the business part of the meeting, the secretary read the year's report of work done and the treasurer's financial statement, which were accepted, as well as the various conveners reports.

The highlights are as follows: Donations to Dental Clinic; Students Loan Fund; Musical Festival; Sunday Schools; Christmas Treats; 60-inch loom purchased; a radio given to a shut in; school fair and school prizes; Sunshine box; U.N.I.C.E.F. cards; Save the Children; box of clothing and other articles sent to Toronto.

Allegro Group, Rock Island, Plans Silent Food Sale

ROCK ISLAND — Mrs. Lawrence Tilton, Sr., Mrs. C. Lee Jenkins and Mrs. Carlton Joyce entertained the Allegro Group of Centenary United Church at a meeting held at the home of Mrs. Tilton.

The president, Mrs. Reginald Martin, was in the chair and opened the session with appropriate devotions. It was decided to have a silent food sale, members may bring their donations to the April meeting, if they have not given before this date, or it may be left at any time with the treasurer.

The date of May 3 was set aside for the annual afternoon tea and sale, more definite plans to be completed at a future meeting of the executive.

The next meeting will be held on April 8th, place to be announced. Discussion took place about purchasing a coffee maker for the church, but no action decided upon.

Refreshments were served by the hostesses, terminating the pleasant meeting.

Box of useful articles to a family who lost home by fire; cancer pads made; knitted squares for Greece; delegates sent to conventions, county and provincial; float for July 1st. parade; wreath purchased for Armistice; visited Lennoxville, East Angus and Brookbury Institutes; entertained Windsor Mills; had a course in weaving; had demonstrations on cake decorating, rug making; exchange of gifts at Christmas; drew names to remember some sick or shut-in; held a card party, a benefit drawing, a very successful pancake supper on Shrove Tuesday; rock garden cared for and several new bulbs planted; a three-day course in party planning was much enjoyed; W.I. Calendars were sponsored.

Mrs. R. Morrison was appointed in June and Mrs. K. Tarrant the County in May. Several articles were sent to the Tweedsmuir contest.

Mrs. Fisher will have charge of the cancer drive and Mrs. W. Buchanan the Red Cross. One member attended the Federated Convention in Ottawa, several went to Provincial convention by bus for one day. Three new members joined the ranks.

Mrs. Whitehead took the chair

for the installation of officers which were presented by Miss L. Palmer as follows President, Mrs. W. Atkins, re-elected; 1st. vice-president, Mrs. A. J. Hunt; 2nd. vice-president, Mrs. Roy Dougherty; secretary, Mrs. Ger-

Theftford Mines Rotary Club Hears Interesting Talk On Transportation

THETFORD MINES — The Rotary Club had the pleasure recently of hearing an interesting speaker in the person of Clarence Graham Blake, of Sherbrooke, general freight and passenger agent of the Quebec Central Railway Company. He was introduced by Euclide Ferland.

Tracing his subject, which he entitled "Transportation", from its very beginnings, Mr. Blake said that, "From the early days, mules, dogs and other animals were employed to supplement walking and running of humans in the transportation of goods, people and messages. Other developments were the use of boats and canoes, the Indian trail, peddlers with packs, ponies, oxen and horses."

In turn came the sail boat, the river boat, canals, the stage coach, then the steamboat in 1807, followed by the steamship in 1814. Railroads first operated over wooden rails, using horse-drawn carriages, which were quickly superseded by steel rails and steam power."

Striking a somewhat humorous note here, Mr. Blake said the first steam train ran in England in 1825 and it was preceded by a flagman on a horse to warn people of the approaching train as it had no whistle. Not a single accident occurred for five years and it was eight years before a crossing accident happened, which scattered a load of butter and eggs.

The first railroad in Canada operated near St. Johns, Que., in 1836 and it is interesting to note that there was the same opposition to railway travel in those days as to air travel recently, with many people being of the opinion that trains travelled at speeds which might lead to concussion of the brain.

Rail transportation through Sherbrooke once hung on the speed of a horse-drawn vehicle. It was being debated whether to build a railway from Montreal to Boston or to Portland. A stage coach race was held and when the outcome of it favored Portland by 12 hours, the railway was built there, passing through Sherbrooke en route.

Many of the early railroads followed stage coach routes, including the Mississippi Valley Railway, later absorbed by the Quebec Central. The Quebec Central was extended to Theftford Mines in 1878 and it is interesting to find that "outcroppings of asbestos were noted but its importance was not realized at that time."

With the many new modes of travel, railways have had to meet a challenge, Mr. Blake says, and they have done so in many ways including diesel motors, dome-equipped streamliners, reclining seats, picture windows and many other comforts, making trains of today virtual moving hotels.

Oddly enough the difference in rates or classes of travel, which deplore actually originated at passenger's requests and began in the stage coach era. Travelers of various incomes or-

ferred to pay more if they could come down off the top of the stage coach and onto the dusty, springless cushion inside. Today people are still requesting superior freight and passenger accommodation for which they are willing to pay extra.

C.W.L. MEETS  
The Theftford Mines sub-division of the Catholic Women's league of Canada held its monthly meeting, with president Mrs. W. J. Johnson presiding. The meeting was opened with prayers read by Mrs. Johnson and assisted, in the absence of the vice-president, Mrs. R. Smith, by Mrs. Atto.

It was noted at this meeting that the Theftford sub-division now has a new name; it to be known henceforth as Our Lady of Lourdes.

Mrs. J. Dickinson and Mrs. R. Woods reported hospital visits and the distribution of small gifts to the patients.

As Theftford Mines now has an official branch of the Canadian Cancer Society, it was decided that the C.W.L. cancer pad work, which up until now they have done as a voluntary public service, should be combined with the endeavors of the local branch of the Society. Four C. W. L. members, Mrs. J. Wayland, Mrs. J. Dickinson, Mrs. M. Senicic and Mrs. W. J. Johnson were appointed to work with this group. It was noted that the C. W. L. has already made some 400 cancer pads this year.

A nominating committee was appointed to bring in a slate of candidates for election to office at the next meeting. The nominating committee consists of Mrs. A. Leclerc Jr., chairman; Miss M. Begin, Mrs. R. Woods and Mrs. L. Lavigne.

A hand-made bag was raffled and won by Mrs. M. Senicic.

MARBLETON — The flowers on the Altar in St. Paul's Church Sunday, March 9th, were in memory of Mr. W. Hetherington who passed away March 5th 1957, given by his family.

Mr. and Mrs. John Goodwin of Wakefield, Mass., are guests of Mr. and Mrs. Joe Mackey.

Mr. and Mrs. Walter Maskell were in Sherbrooke where they visited Mrs. Dalby Orr who is a patient in the Hotel Dieu Hospital.

# Mrs. E. Sherrer Heads Abercorn Women's Institute

ABERCORN — The Women's Institute met for its annual meeting at the home of Mrs. Henry Hoyt.

In the absence of the president, the 2nd vice-president Mrs. Hollis Page presided. Seven members answered the roll call by the payment of annual dues. Three ladies from the Sutton

W.I. were welcomed. The minutes were read, also some correspondence. The program for the coming year was presented by the chairman, Mrs. Grace Kuhring, and was very satisfactory. Much credit is due the committee, Mrs. Kuhring, Mrs. Hoyt and Mrs. W. Sherrer.

It was decided to hold the meetings on the first Friday evening of each month for a time. There will be no April meeting.

Mrs. Eric Sherrer then took the chair. The treasurer's financial report showed money brought forward March 1, 1957, \$116.43; money raised during the year, \$331.23; disbursements, \$256.48; leaving a balance of \$191.18 to begin the Institute year.

The conveners gave their various reports for the past year. Mrs. A. Bleser chairman of the nominating committee, brought in the slate of officers, and conveners for the coming year as follows: President, Mrs. Eric Sherrer; vice-president, Mrs. H. Page; 2nd vice-president, Mrs. Nicholas Bleser; secretary, Mrs.

Mrs. Sherrer voiced her thanks and called upon the members for cooperation during the coming year. The meeting adjourned to meet in May at the home of Mrs. W. B. Sherrer.

A pink and blue shower was then given a member, Mrs. A. Bleser, who thanked the members, for their thoughtfulness. Mrs. Hoyt served lunch with some of the ladies assisting in serving.

## MILLFIELD —

Guests of Mr. and Mrs. Guy Davidson were Mr. and Mrs. Murray Kelso and daughter Beverley of Huntingville and Mrs. Bruce Rothney and sons, Kenny and Ricky, of Sherbrooke.

## COOKSHIRE —

The semi-monthly meeting of St. Margaret's Guild and W.A. was held at the home of Mrs. L. J. Lane. This was a W.A. meeting though Guild work the rummage sale to be held April 16 in the Parish Hall, was discussed.

## L'AVENIR —

Friends here were grieved to learn of the death of Notary J. H. Cote of Richmond. Following the death of J. C. St. Amant, who was notary here for many years, Mr. Cote came here one day a week for several years to transact notarial business in the office of the late Mr. St. Amant.

Friends here of Mrs. Maurice Smith, of Richmond, for many years a resident of this place, are sorry to know she is a patient in the Sherbrooke Hospital.

Friends here of Mrs. Charles Hardy, of Ulverton, are sorry to learn she is shut-in suffering from a sprained ankle and Mr. Hardy is indisposed due to a severe attack of lumbago.

Mr. Albert Cole is gaining after being confined to the house for some time with an attack of shingles.

Repairs to the Presbytery following the recent fire are being completed at a rapid pace and Father Mathieu hopes to be in residence by April 1.

Mr. Romeo Cote spent a day in Drummondville attending a meeting of the directors of the local telephone company.

## GOOD PROSPECTS

CHARLOTTETOWN (CP)—Expectations of a banner tourist season for Prince Edward Island in 1958 were bolstered by announcement that tourist inquiries already are almost double the total of last year.

## NOTICE of MODIFICATION

to the decree relating to the printing trades in the region of Quebec.  
(Extract from the Quebec Official Gazette of March 8th, 1958)

The Honourable Antonio Barrette, Minister of Labour, hereby gives notice, pursuant to the provisions of the Collective Agreement Act (R.S.Q. 1941, chapter 163 and amendments), that the contracting parties to the collective labour agreement relating to the printing trades in the region of Quebec, rendered obligatory by the decree No. 141 of February 8, 1951, have presented to him a petition to be submitted to the consideration and decision of the Lieutenant-Governor in Council for the purpose of amending the said decree, as follows:

1. Paragraph f of article I will be replaced by the following:  
"f) A 'shop' is a place where any one of the operations mentioned in paragraph b, subparagraph 1 of article II is executed, whether it be executed by artisans or by employees of a private, commercial or industrial concern, of a co-operative, or a religious or educational institution, or of any other establishment, and whether or not such operations contribute the principal occupation thereof."  
No shop shall be subdivided into district and independent enterprises."

2. Paragraph b of article II will be replaced by the following:  
"b) Professional jurisdiction: 1. For the purposes of enforcement of the decree, the professional jurisdiction extends to any person who executes in a shop one of the printing production operations by means of typography, photoengraving, electrotyping, lithography, photolitho, multicopying and any other reproduction process, including composition operations (caster work included), or does work in connection with cutting, ruling, binding and finishing."  
2. For the purposes of enforcement of the decree, the following departments are considered as distinct branches of the trade:  
i. All departments of the daily newspapers subject to the decree;  
ii. For any other establishment: composition, (including casters), presses, ruling, photogravure, electrotyping, lithography, photo-litho, bookbinding and any other graphic reproduction process."  
3. However, for the purposes of enforcement of the decree, the professional jurisdiction shall neither designate nor include the following employees:  
i. The office executives, the clerks, the building maintenance men, the elevator operators, the cleaners, the shippers, the mechanics, the electricians, the addressograph operators, the firemen, the messengers and the other wage-earners who are not working at the production of printed matters, ruling, bookbinding, photogravure, electrotyping, cutting, photolitho, lithography or in any other graphic art process."  
ii. Workers employed regularly in the publication of the newspaper of an establishment which, under a union contract, guarantees to the said workers better working conditions and wages than those of the decree."  
iii. Hand engravers on copper who do not work in a photogravure shop."

3. Article III will be replaced by the following:  
"III. Classification: Establishments or shops regulated by the decree are divided into four classes, as follows:  
1. Class A: Class A includes all shops using one or more multicolor rotary printing presses for any purpose whatever, including photoengraving and electrotyping shops (excluding paper bags manufactures).  
2. Class B: Class B includes all shops or establishments not included in the other classes.  
3. Class C: Class C includes all shops having no other presses than hand-fed platen presses.  
4. Class D: Class D includes all shops or establishments engaged exclusively in binding work."  
On July 1, 1958, the number of classes shall be reduced to three and employees of class "B" shall be granted the same working conditions as those employees of class "A".  
However, should a shop be likely to change classes in the course of the duration of the decree because of new material being acquired, the employer concerned may increase the wages of his employees by only half the difference between the rates of the former and of the new class of his shop. However, such privilege is only granted for a period of six months following the change; thereafter, he shall pay the full rates of the class to which his shop belongs."

4. Paragraph "a" of article V will be replaced by the following:  
"a) Day work:

5. Paragraph "c" of article V will be replaced by the following:  
"c) Caster apprentices shall receive apprentices' rates up to 15% under the journeyman's rate. There must be at least one casterman at work if one caster apprentice is to be employed. The number of caster apprentices shall not affect the number of apprentices in other departments."

6. Article VI will be replaced by the following:  
"VI. Overtime: a) Time worked by a regular or occasional employee in excess of the standard hours mentioned in subsections "a" and "b" of section IV, in a same day, a same night or a same regular week or outside the periods of work determined in the first paragraph of subsection "a" of the same section, is considered as overtime and remunerated at the rate of time and a half based on the regular rate, with the exception of the cases hereunder referred to.  
i. However, subject to paragraph "a" and "b" of article IV, should the regular work day of a shift consist of less than 8 hours of work and should an employee be transferred to another shop, overtime shall only be paid beyond 8 hours of work.  
ii. Employers shall first offer overtime to their employees before availing themselves of the services of outside employees."  
b) No employer has the right to exact that an employee have worked a complete day or week to pay him the overtime rate except when the said employee, in class "D", has not worked 24 hours in the course of the preceding standard week of work. In such case, overtime work in one day shall not exceed four (4) hours and may be paid single rate."  
c) However, for overtime work, the worker may be paid on the basis of his regular rate in the case of an annual written employment contract with his employer by which he is assured of weekly wages 10% higher than the weekly rate established by the decree for the normal week of labour and if he is entitled to a vacation with pay, and to the payment of his wages in the case of absence on account of sickness to the extent of fifteen (15) days per year.  
d) Double time shall be paid for all time worked on Sunday,

7. Article VII will be replaced by the following "VII. Vacation with pay: a) Journeymen: After one year of continuous service for the same employer ending April 30th of each year, all journeymen as well as apprentices subject to the 10% clause (subsection f) of section IX) are entitled to two (2) weeks of vacation with pay computed on two (2) standard work weeks, as established by the decree at the time of vacation or departure. A minimum duration of seven (7) consecutive days shall constitute a part of such vacation; the days of the other part will be selected by the employer.  
In the event of a journeyman or an apprentice subject to the 10% clause not having completed one year of continuous service for his employer on April 30th, the employer shall give him as many days of vacation as he has months (30-calendar days) of service, and pay him as many twelfths of his wages (based on two (2) standard work weeks, as established by the decree at the time of vacation or departure) as he has months (30 calendar days) of service in his employ. If sufficient in number, a minimum of seven (7) consecutive days shall constitute a part of the vacation; the days of the other part will be selected by the employer.  
b) Helpers and bookbinding department apprentices and female employees:  
Helpers and bookbinding department apprentices and female employees of any qualification are entitled to a vacation with pay as follows:  
After one year of continuous service one calendar week;  
After two years of continuous service, two additional working days;  
After three years of continuous service, three additional working days;  
After four years of continuous service, four additional working days;  
After five years of continuous service, two calendar weeks.  
In the vacation, there shall be at least seven consecutive days; the employer has the option of designating the other days of vacation.  
Should an employee covered by the present paragraph have, on April 30 of one year, less than one year of continuous service for his employer, the latter shall give him a continuous annual vacation with pay of at least as many half-days as he has months (30 calendar days) of service.  
Vacation pay owed to the employee covered by the present paragraph shall be equal to the amount which such employee would have earned had he worked the regular hours of the decree, during the said period of vacation.  
c) Continuous service — The duration of continuous service shall be the period during which the employee is bound by a labour contract with his employer, even if the carrying out of the said contract has been interrupted without annulment thereof.  
The following shall not be considered as interrupting the duration of continuous service days of illness (not exceeding 30 consecutive days, irrespective of the cancellation of the labour contract), days of closing, periods of annual vacation, terms of notice, authorized absences, providing the employee has not held, during such time, any other remunerated employment.  
d) Period of continuous service which gives right to vacation — The period of continuous service for an employer which entitled an employee to an annual vacation with pay extends from May 1st of one year to April 30th of the following year.  
e) Payment of vacation remuneration: The employees referred to in subsections "a" and "b" hereof shall be given their vacation pay by their employer before they leave for said vacation.  
f) Period of vacation: Every vacation shall be given within the twelve months following the date on which the right to such vacation has been acquired, i.e. May 1st of each year, and preferably, the seven consecutive days of vacation shall be given between June 1 and October 1.  
g) Fixing of date of vacation: The employee has the right to know the date of his vacation at least fifteen days in advance. However, in the event of an agreement between the employer and his employees to that effect, such agreement shall be maintained."  
h) Compulsory vacation: No employer may replace by a compensation indemnity any annual vacation with pay provided for under the decree, except as stipulated in the following paragraph.  
i) Indemnity in the event of

St. Jean Baptiste Day and July 1st (Confederation anniversary).  
e) Notwithstanding the remuneration provided for under subsection "a" of section VIII the following holidays, when worked, shall be remunerated at the rate of double time: New Year's Day, Epiphany Day, Ascension Day, All Saints Day, Immaculate Conception Day, Christmas Day and Labour Day. The same policy applies to shops which have replaced the above-mentioned holidays by other ones.  
f) Any employee called, after he has left the shop, to perform regular or extra work, shall receive a minimum of three (3) hours' pay.  
However, any employee called to work on Sunday or on a holiday with pay shall be paid a minimum of three hours' pay at double time rates."

7. Article VII will be replaced by the following "VII. Vacation with pay: a) Journeymen: After one year of continuous service for the same employer ending April 30th of each year, all journeymen as well as apprentices subject to the 10% clause (subsection f) of section IX) are entitled to two (2) weeks of vacation with pay computed on two (2) standard work weeks, as established by the decree at the time of vacation or departure. A minimum duration of seven (7) consecutive days shall constitute a part of such vacation; the days of the other part will be selected by the employer.  
In the event of a journeyman or an apprentice subject to the 10% clause not having completed one year of continuous service for his employer on April 30th, the employer shall give him as many days of vacation as he has months (30-calendar days) of service, and pay him as many twelfths of his wages (based on two (2) standard work weeks, as established by the decree at the time of vacation or departure) as he has months (30 calendar days) of service in his employ. If sufficient in number, a minimum of seven (7) consecutive days shall constitute a part of the vacation; the days of the other part will be selected by the employer.  
b) Helpers and bookbinding department apprentices and female employees:  
Helpers and bookbinding department apprentices and female employees of any qualification are entitled to a vacation with pay as follows:  
After one year of continuous service one calendar week;  
After two years of continuous service, two additional working days;  
After three years of continuous service, three additional working days;  
After four years of continuous service, four additional working days;  
After five years of continuous service, two calendar weeks.  
In the vacation, there shall be at least seven consecutive days; the employer has the option of designating the other days of vacation.  
Should an employee covered by the present paragraph have, on April 30 of one year, less than one year of continuous service for his employer, the latter shall give him a continuous annual vacation with pay of at least as many half-days as he has months (30 calendar days) of service.  
Vacation pay owed to the employee covered by the present paragraph shall be equal to the amount which such employee would have earned had he worked the regular hours of the decree, during the said period of vacation.  
c) Continuous service — The duration of continuous service shall be the period during which the employee is bound by a labour contract with his employer, even if the carrying out of the said contract has been interrupted without annulment thereof.  
The following shall not be considered as interrupting the duration of continuous service days of illness (not exceeding 30 consecutive days, irrespective of the cancellation of the labour contract), days of closing, periods of annual vacation, terms of notice, authorized absences, providing the employee has not held, during such time, any other remunerated employment.  
d) Period of continuous service which gives right to vacation — The period of continuous service for an employer which entitled an employee to an annual vacation with pay extends from May 1st of one year to April 30th of the following year.  
e) Payment of vacation remuneration: The employees referred to in subsections "a" and "b" hereof shall be given their vacation pay by their employer before they leave for said vacation.  
f) Period of vacation: Every vacation shall be given within the twelve months following the date on which the right to such vacation has been acquired, i.e. May 1st of each year, and preferably, the seven consecutive days of vacation shall be given between June 1 and October 1.  
g) Fixing of date of vacation: The employee has the right to know the date of his vacation at least fifteen days in advance. However, in the event of an agreement between the employer and his employees to that effect, such agreement shall be maintained."  
h) Compulsory vacation: No employer may replace by a compensation indemnity any annual vacation with pay provided for under the decree, except as stipulated in the following paragraph.  
i) Indemnity in the event of

departure: At the time of cancellation of his labour contract, the employee is entitled to an indemnity as follows:  
1. The remuneration payable at the time of the vacation to which he is entitled, if he has not taken such vacation;  
2. An amount equal to one twelfth (1/12) of the remuneration payable at the time of the vacation to which he would be entitled on May 1 following his departure multiplied by the number of calendar months elapsed since the preceding May 1."  
8. Paragraphs "a" and "b" of article VIII will be replaced by the following:  
"VIII. Holidays with pay: a) When the following days are working days but are not worked by the employees, they shall be paid at the rate of the regular hours of work: New Year's Day, Epiphany, July 1, Ascension Day, St. Jean Baptiste Day, Labour Day, All Saints Day, Immaculate Conception Day and Christmas Day. However, to be entitled to these holidays with pay, employees must have worked the working day before and the working day following the holiday except for sufficient reason or unless his services had not been required for these working days or when the absence is authorized by the employer. In the event of a dispute as to the interpretation of the term "sufficient reason", the Parity Committee shall decide.  
b) When St. Jean Baptiste Day, July 1, Christmas Day and New Year's Day fall on Sunday, their observance shall be postponed to the following Monday or to any other day set for their celebration by competent civil authorities, such day being then considered as a holiday with pay."  
9. Paragraph "a" of section X will be replaced by the following:  
"a) The maximum number of apprentices allowed in each shift and for each department, for regular hours as well as for overtime, shall be as follows:  
For 1, 2 or 3 journeymen (employed regularly)  
1 apprentice  
For 4, 5 or 6 journeymen (employed regularly)  
2 apprentices  
For 7, 8 and 9 journeymen (employed regularly)  
3 apprentices  
for each group of 3 additional journeymen (employed regularly)  
1 apprentice."  
In the case of caster apprentices, the number of apprentices shall be as follows: 1 journeyman; 1 apprentice; 2, 3 or 4 journeymen, 2 apprentices."

10. Article XVII (Duration of the decree) will be deleted and replaced by the following:  
"XVII. Duration of the decree: The present decree, as amended, remains in full effect until January 1, 1959, exclusively.  
It then renews itself automatically from year to year unless one of the contracting parties notifies the other party, in writing, to the contrary, within the period extending from the 60th to the 20th day before January 1st, of the year 1959 or of any subsequent year. Such a notice must also be filed with the Minister of Labour."  
The contracting parties petitioning for the present amendments are agreed that the rates mentioned therein come into force from March 1, 1958.  
The publication of the present notice does not render obligatory, the provisions contained therein. Such provisions, with or without amendments, can only be rendered obligatory by an Order-in-Council which comes into force on the date of its publication in the Quebec Official Gazette.  
During the thirty days following the date of publication of this notice in the Quebec Official Gazette, the Honourable Minister of Labour will consider the objections which the interested parties may wish to set forth.  
GERARD TREMBLEY,  
Deputy Minister of Labour,  
Department of Labour,  
Quebec, March 8, 1958.
