

SOVIETS CONTINUE TO RETREAT BEFORE POLES

The Farmers' Day At Experimental Farm A Big Success

Soviet Forces Are Being Steadily Beaten Back By Counter-Offensive Poles

The Extreme Right Wing of the Polish Army is Marching on Brest-Litovsk, While the Right Wing Has Captured Siedlce and Bielsk—The Poles Big Offensive Move is Now in Full Swing, and Addition to Some Ten Thousand Prisoners the Polish Army Has Captured Numerous Guns and Supply Carts From the Enemy—"Reds" Forced to Keep up a Steady Retreat.

(Associated Press Despatch)

WARSAW, August 20.—The Polish offensive is now in full swing. More than ten thousand prisoners, thirty cannon, three hundred machine guns and thousands of supply carts have been captured from the Bolshevik forces. The Poles are steadily chasing the enemy back and have recaptured Pultusk, Pultusk and Wyskow, through which places the "Reds" drove their way in their big advance against Warsaw.

The extreme right wing of the Polish army is marching on Brest-Litovsk, on the Bug River, 120 miles east of Warsaw, according to an official statement on the fighting issued shortly before last midnight. The right wing has captured Siedlce and Bielsk, the statement says. The Polish left wing has taken Pultusk, about thirty-five miles north of Warsaw, and is continuing its progress in the direction of Mawa.

In the centre the Polish forces are marching in the direction of Ostralenka, twenty-two miles southwest of Lomza.

SOVIET FORCES HAVE ABANDONED LUKOW AND RADIN

(Associated Press Despatch)

LONDON, August 20.—The Russian Soviet forces have abandoned Lukow, sixty-eight miles southeast of Warsaw, and Radin, eighty miles to the south of the Polish capital, according to Thursday's communication issued by the Moscow Government.

The communication claims that the Poles were driven back seven miles from Ciechanow, forty-five miles northwest of Warsaw.

THE POLES HAVE REFUSED TO DISARM UNLESS SOVIET OFFICIALS AGREE TO HAVE THEIR ARMY ALSO DISARM

(Associated Press Despatch)

LONDON, Aug. 20.—Polish delegates at the Minsk Conference have refused to accept a peace condition advanced by the Soviet for the disarmament of the Polish army, unless the Russians themselves disarm, according to a wireless despatch from Berlin yesterday.

The second sitting of the Russo-Polish peace conference at Minsk took place Thursday, and a summary of Russia's terms was communicated to the Poles. They were substantially the same as those the Russian delegation published in London, says a Moscow official statement dated Thursday and received in London this morning. Stated orders for the conference were agreed upon. Towards the end of the session the Russian delegates protested against the Poles' efforts to drag the negotiations, the statement says.

GENERAL WEYGAND DIRECTS SUCCESSFUL POLISH PLANS

(Associated Press Despatch)

PARIS, August 20.—The military successes of the Poles continued yesterday, according to a report to the foreign office today, from the military mission in Warsaw, under plans elaborated by the French General, Weygand, and his staff of more than six hundred French officers. All these officers now are either actively in command of the forces that are freeing Warsaw from the Russian Soviet menace or are aiding the Polish commanders.

AMERICAN LEGATION SAYS DEFEAT DIFFICULT

(Associated Press Despatch)

WASHINGTON, August 20.—United States legation at Warsaw says that unless leaders quickly organize a more successful resistance, the defeat of Soviet forces before Warsaw will become a "very serious one."

GERMANS IN KATOWITZ ARE BECOMING ENRAGED

(Associated Press Despatch)

BERLIN, August 20.—Advices received from Katowitz up to three o'clock yesterday afternoon indicated that the tension of the German population on the one side, and the French troops and Polish elements on the other, was not relaxing, and that French outbreaks are likely. Two thousand Italian troops have arrived in Katowitz.

The advices said that desultory firing was in progress in various parts

MENNONITES WAIT ON QUEBEC PREMIER

(Associated Press Despatch)

QUEBEC, Aug. 20.—Mennonite delegation waited on Quebec Premier yesterday asking to be allowed to settle in Quebec Province. Premier Taschereau outlined the school law of the province and told the delegation they were free to visit colonization districts of the province.

LEADER OF THE OPPOSITION TO TOUR THE WEST

Hon. Mackenzie King Will Likely Open Campaign at Victoria, B.C.

(Associated Press Despatch)

OTTAWA, Aug. 20.—Arrangements for the tour of Western Canada to be made this fall by Hon. Mackenzie King have almost been completed. It is understood that Mr. King is likely to commence his tour at Victoria, B. C., about September 25th, and that during the next six or seven weeks he will address meetings in every city of importance in British Columbia, Alberta, Saskatchewan and Manitoba.

It is said that one or two prominent Liberals will make the journey with him, and address the electors at the various points. The name of Mr. Ernest Lapointe, member for Quebec East, has been mentioned as among those likely to make the trip.

FISHERMEN ARE NOW DEMANDING HIGHER PRICES

(Associated Press Despatch)

TORONTO, Aug. 20.—An appeal for a higher price for their fish has been made to Hon. Mr. Biggs, Minister of Public Works, by the fishing contractors operating on Lake Nipigon. The fishermen claim that an increase should be allowed them to meet the added cost of labor and equipment, particularly since the Government sales branch is making a nice profit. If the Government is not ready to do this, then the contractors propose that the province take over the present equipment at a fair valuation.

IT IS STATED THAT THE MORE IMMEDIATE DELICATE MOMENT IN THE ANGLO-FRENCH RELATIONS HAS NOW BEEN PASSED OVER

(Associated Press Despatch)

LONDON, August 20.—The official entente between France and Great Britain has been more or less restored, says a Paris despatch to the London Times. Following an extended interview with Premier Lloyd George, the despatch adds, the Earl of Derby, British Ambassador at Paris, again visited the French Foreign Office, and "the more immediate delicate moment in Anglo-French relations has passed."

The ambassador now, the Times states, feels justified in resuming his vacation.

Although no new facts have arisen to bring the French and British policy in the Russo-Polish situation into closer harmony, the Times points out, the series of conversations which have been going on in Paris developed the fact that the fundamental differences between France and England is on the Polish question, and that the two countries are in complete agreement on all other issues.

CANADIAN CAR HAS SHUT DOWN ITS BIG PLANT

Move Has Thrown Some Four Thousand Men Out of Work.

(Associated Press Despatch)

OTTAWA, Aug. 20.—Hon. Mr. Robertson, Minister of Labor, will be appealed to by the Trades and Labor Council to use his influence to have the Canadian Car and Foundry Company, Limited, open their Dominion shops and thereby restore about four thousand men to their positions.

This decision was taken at the Trades and Council meeting last night.

PROTEST THE INCREASE IN FREIGHT RATE

Convention Asks Special Consideration of the Coal Tariff.

(Associated Press Despatch)

CALGARY, Alta., August 20.—Protests against the proposed general increase in freight rates, insofar as they apply to coal, were voiced at the convention of western Canada Coal Operators' and Retail Dealers from Winnipeg west, here yesterday afternoon.

The convention passed a resolution asking special consideration of the coal tariff, "that the same may be equitably adjusted on the proportion to other commodity tariffs and to the comparative service received and required." Mr. Fairbairn, chairman of the Canadian Trade Commission, suggested that arrangements might be made for a rate which would complete with the rate on the American coal coming into the Manitoba market. He stated there was no possibility of securing a special summer rate on coal.

BELGIUM DECIDES TO REMAIN NEUTRAL

(Associated Press Despatch)

Brussels, Aug. 20.—The Council of Ministers decided yesterday that Belgium will remain neutral in the Russo-Polish conflict until after peace negotiations at Minsk have been concluded.

QUEENSLAND IS EXCITED OVER CHARGE MADE

Governor Lennox, at Opening of Parliament, Attacked Wealthy Queenslanders.

(Associated Press Despatch)

LONDON, August 20.—Queensland is intensely excited over a speech by Governor Lennox at the opening of parliament, attacking the wealthy Queenslanders, who, he stated, caused the failure of Premier Theodore's recent loan raising mission to London. The Governor said the Government was postponing all legislation and would test the issue with the electors after Mr. Theodore's return. The Government scorned the conduct of certain unpatriotic Queenslanders who had amassed fortunes in the war and now sought to compel the repeal of certain legislation by their action regarding the loan.

A REPRESENTATIVE GATHERING HELD AT EXPERIMENTAL FARM ON SIXTH ANNUAL FARMERS' DAY

Many Prominent Visitors Attended the Annual Event at Lennoxville Yesterday—Instructive Addresses Given by Government Officials and Other Speakers—Large Attendance and General Holiday-Making.

(Associated Press Despatch)

No better place could be found in the Townships for a gathering of farmers, professional and business men, women, girls and boys, than the spacious grounds of the Experimental Farm, at Lennoxville, and the sun never shone on a fairer, or more interesting scene than that of yesterday, when the sixth annual Farmers' Day was held.

From far and near, and representing many walks of life, came men, accompanied by their families, or friends, to look over the various departments of the Farm, all of which are showing splendid development.

A beautiful August day, and a cordial welcome from the superintendent, Mr. J. A. McClary, made the visitors feel happy and quite at home to wander at will about the charming grounds, or to be shown the dairy, poultry, and horticultural departments, during the forenoon. Then came the appetizing lunch, served at the noon hour, which received its due amount of attention.

At 1.30 p. m. the lawn in front of the farm house was filled with an interested audience, to welcome and listen to the speakers, all of whom had "good things to tell," and many good words to say about the farm, its capable superintendent and assistants, and the advantage of such a place to the agricultural community.

Deputy Minister Given Hearty Welcome

(Associated Press Despatch)

Hon. J. H. Grisdale, Deputy Minister of Agriculture, who is a well recognized friend of the Eastern Townships farmer, was introduced by Mr. McClary, and was accorded a welcome that spoke for itself. Improved and enlarged farming formed the basis of his remarks, and the wide view he takes of every part of it might be summed up in one of his opening statements; "perhaps in the next forty years, we will have learned what farming really means." Mr. Grisdale said that there was nothing produced on the farm that could not find a market, and to the young men he said, "there is no farm where some special line may not be followed," and gave instances of how success had been attained in the breeding of Ayrshires at Howick, where he stated people came from as far west as British Columbia to view and study this special line of cattle breeding. In reference to lo-

Consolidated Schools a Necessity

(Associated Press Despatch)

The speaker made reference to the first consolidated school in this section, and said that they were needed all over Quebec, their effect, in every way, being good, also adding that more buildings and facilities were needed at the farm, and which would be provided as soon as the government was financially able. He concluded by wishing the farm every success, and advised the visitors to make the best use of it, "both today and always," after which he spoke in French, along the same lines.

DYSPEPTIC DIET NO LONGER NECESSARY

The old plan of prescribing strict diet for dyspeptics and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect, but mostly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid, when natural painless digestion will follow.

For this purpose a teaspoonful or four tablets of Bismarcked Magnesia in a little water neutralizes the acid, stops the fermentation of the food, dispels the gas, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarcked Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milks, citrates, carbonates or oxides. Stomach sufferers are advised to try this plan for three weeks and note results.

The Town Council has placed notices over the town limiting the speed of motor cars to fifteen miles an hour, and apparently they are well observed.

DYSPEPTIC DIET NO LONGER NECESSARY

The old plan of prescribing strict diet for dyspeptics and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect, but mostly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid, when natural painless digestion will follow.

For this purpose a teaspoonful or four tablets of Bismarcked Magnesia in a little water neutralizes the acid, stops the fermentation of the food, dispels the gas, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarcked Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milks, citrates, carbonates or oxides. Stomach sufferers are advised to try this plan for three weeks and note results.

IMPROVEMENTS AT GRANBY ARE IN PROGRESS

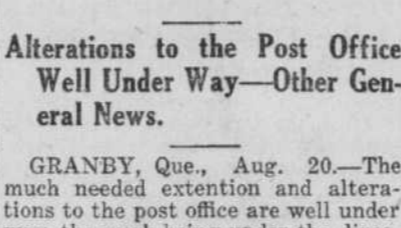

Alterations to the Post Office Well Under Way—Other General News.

GRANBY, Que., Aug. 20.—The much needed extension and alterations to the post office are well under way, the work being under the direction of Mr. F. Beaupre, of Aylmer, Que., who is an expert from the Department of Public Works, Ottawa. Another storey will be added to the extension at the rear of the building, and alterations permitting the installation of more boxes, making a total of one thousand in all will be made. Mr. F. Beaupre expects to have the work completed by the end of October. Work on the new Irwin bridge is making good progress under the supervision of roadmaster Lasnier. The bridge will have a width of thirty feet, including a five foot sidewalk, and when completed will be a decided convenience and great improvement to the neighborhood. The construction will be of iron and cement.

General News. A sale of considerable importance took place last week when Mr. W. H. Robinson disposed of his handsome residence on Dufferin street to Mayor P. E. Boivin, the reported price being \$16,000. Mr. Boivin will take possession of the property in November next. Miss Nettie Johnson and her father, Mr. Johnson, left last week for Santa Fe, New Mexico, where they will in future reside. On Friday evening last the members of the Onward Sunday School class of the Methodist Church, met at the home of their teacher, Mrs. A. E. Solomon, Elgin street, in honor of Miss Nettie, who is a member of the class. At the close of a very pleasant evening spent in games and music, Mrs. Solomon presented the class with a handsome and valuable toilet set of French ivory, as a parting gift, with the best wishes of the class. Miss Nettie made a brief reply, saying she would never forget her good friends in Granby. Mr. Donald Johnson was also present with a handsome brown leather club bag from the members of his Sunday School class, of which Mr. A. E. Solomon is the teacher. Mrs. Margaret Hutchins is visiting friends in Cowansville and Brigham.

Pride in the appearance of one's home properly must include the rugs. And like all other beautiful things, rugs respond to frequent and right care with a longer lifetime of beauty. Three processes—beating, sweeping and suction cleaning—are vital to such care. Only the Hoover combines the three. It beats out the embedded grit. It sweeps up the stubborn clinging litter. It suction away the loosened dirt. And it is the largest selling electric cleaner in the world.

The HOOVER

It BEATS as it Sweeps as it Cleans

We will gladly demonstrate The Hoover in your home or at our store, without obligation. Convenient terms if desired. We advise prompt consideration, as the popularity of The Hoover makes it difficult to keep them in stock.

MORE LIQUOR CASES BEFORE LOCAL JUDGE

Fine of Fifty Dollars Imposed in One Case—Another Case Is Adjourned.

Cleophas Desrosiers, of East Angus, appeared before the District Magistrate here yesterday on a charge, laid by the Chief of Police at Angus, of having illegally sold intoxicants. The defendant was fined fifty dollars and costs. Lorenzo Champoux pleaded not guilty to a similar charge brought in by Bissonnet and Scott and his case was adjourned for hearing on Monday.

Joseph Drouin pleaded guilty to assaulting Joseph Vachon and was fined five dollars and costs.

LLOYD GEORGE MAY COME HERE IN YEAR'S TIME

Only Official Meeting Arranged Is With the Italian Premier.

(Associated Press Despatch) LUCERNE, Aug. 20.—Mr. David Lloyd George arrived here yesterday afternoon. To the correspondent of the Associated Press he said that up to the present the only official meeting that had been arranged was one with Signor Giolitti, the Italian Premier. This would probably take place next Monday. No visits from Dr. Walter Simons, the German Chancellor, or Prince Feisal, King of Syria, had as yet been arranged, he added.

The private secretary of Mr. Lloyd George asserted today that there was no truth in the report that the Premier intended to visit the United States and Canada in October.

He said, however, that the Premier hoped to make a visit there next year if the European political situation is improved.

ECONOMIC VENTURE IS RECOGNIZED.

The snip of the barbers' scissors are heard in the land, more often during the first and middle part of the week, since the announcement of a fifteen cent raise in the price of a hair cut, for Saturdays.

This venture, on the part of the barbers, was, so it is said, to distribute the work of separating the hirsute adornment from the heads of the city fathers and sons, and the proof that a very sensible view of the matter has been taken; time and money saved, and the nervous strain caused by long waits, lessened to a great degree.

BIG GATHERING AT THE FARM

(Continued from Page One.)

speaking in French, gave much valuable information about land conditions, laying emphasis on the need of lime. "Much of your soil," said Mr. Charron, is short of lime; you can buy limestone, and a few tons will make a wonderful improvement. He spoke of the pleasure experienced in helping the farmers of the province, and kindly offered to analyze any soil sent him, through a desire to improve the soil.

Grow More Clover.

Referring to experiments at St. Hyacinthe, Mr. Charron gave some valuable advice regarding the growing of clover. He advised the farmers to grow sweet clover to improve the soil stating, "sweet clover will give one thousand pounds per acre of protein, while other clover gives eight hundred." He explained that sweet clover was not to replace other clover alone, but to improve land.

The fact that experimenting was necessary was borne out by his practical talk, his experiences as chemist adding weight to his words. "We take from the Dominion Experimental Station at Ottawa," added Mr. Charron, "their very best methods, and try to scatter them among the farmers of the province, and I wish to compliment you on having so faithful and energetic worker among you as Mr. MacDougal, who has your interests at heart." Mr. Charron was urged to repeat his address in English, and very kindly consented.

Mr. E. W. Farwell Gave Short Address.

"I have not had the good fortune to be a farmer," stated Mr. Farwell,

president of the E. T. A. A., "but I want this section to have second to none place in the agricultural honors of the Dominion. It's the spirit with which we go into our work that counts, and I know the right spirit is among you." He said that the success of the Sherbrooke Exhibition depends upon the Eastern Townships farmers, and he wanted every man, woman and child to do all they could to help. "Come forward with your stock and produce, and show Canada and the world what you can do." Reference was made to the Pageant, which is to be a great educational feature of the Fair, Mr. Farwell saying that it would be something to remain long in the memories of both old and young.

Canadian Nationhood.

This was the basis of Senator Pope's able address, in which he emphasized the need of co-operation, saying, "you have come here many times before today as members of a great dominion, but now you meet as a nation. This has been made possible by the sacrifice of our men, many of whom now sleep in Flanders. Our men and women, boys and girls must be taught in a national, international, and world wide way, to see the obstacles, and learn that it is labor that will clear them away." Senator Pope emphasized the fact that the farmers were contributing toward peace by producing, and paid a high tribute to Canadian women by saying, "there was never a time more fitting for women to have the vote, and it is going to mean much towards the progress of our Dominion."

"The Call of Today."

Miss Chute, head of the school of Household Science, expressed her pleasure at being present on this occasion, and said she had become well acquainted in the community during the past year's work. Taking "the call of today" for her subject, Miss Chute made a strong appeal for

A Helpful Hint for Housekeepers

On wash day, be sure you have KEEN'S OXFORD BLUE on hand.

Whether you do your washing in the old fashioned tub, with a washboard, or in a new electric washing machine,

Keen's Oxford Blue is indispensable.

A little of it in the rinsing water will give your washing a clean, snowy whiteness that cannot be produced otherwise.

Field Sports Attracted Many Spectators.

The boys and girls were not forgotten, in any way, for after all the instruction and sightseeing, of the day was over, a merry group was formed in the large field where competitions were joined in with great zest. Among the spectators were to be seen many dignified visitors, who on close scrutiny would, no doubt have shown a look of "pleasant memories of bygone days" in their eyes, as they watched the younger generation compete for marathons.

These included the official visitors and speakers, and several business men, who plainly showed their enjoyment in roaming among the beautiful display of flowers; and applauding the athletics. The demonstration of a Cleveland tractor was also an attractive feature, and the refreshment booth, under the supervision of the Asst. and Lennoxville Women's Institute, was as popular as on previous occasions.

The sports, which concluded the day's programme, resulted as follows: 100 yard dash—C. Bradley, G. McMurray, J. Nichol. Girls' Potato Race—D. Cote, B.

Cote, B. Barton. Wheelbarrow—Merrill and Grant, Bradley and Sims, Lomas and House.

Sack race—M. Merrill, J. Grant, E. Lessare. Girls, 50 yds—B. Cote, K. Kingstley, M. Falton. Boys potato race—C. Kenney, W. Smith, S. Morris. 3 legged—Mitchell and Smith, Wilson and Trussler.

220 yds.—W. Mitchell, M. Marcoux, E. Sims. Standing broad jump—C. Bradley, R. Lowery, S. House. Throwing baseball—R. Lowery, C. Bradley, C. Kendrick. Don't neglect to read the Classified Advertisements in this issue. They likely name something you want.

MARRIAGES

DOUGLAS — DAWSON.

COMPTON, Aug. 20. — A quiet wedding was solemnized at St. James Church Wednesday afternoon of this week, when Miss Pearl Dawson, daughter of Mr. and Mrs. E. Dawson, of Lennoxville, was married to Mr. Eugene Douglas, of St. Johnsbury, Vt. The Rev. J. S. Brewer officiated and the ceremony was performed in the presence of a few intimate friends of the family. The bride, who was unattended, was dressed in a travelling suit of brown with becoming hat to match.

Following the ceremony, Mr. and Mrs. Douglas left by motor for their new home in St. Johnsbury, followed by the good wishes of a large circle of friends.

MARCEAU — BOLDUC.

COMPTON, August 20.—At the hour of 6.15 o'clock in the Catholic Church, on Wednesday morning, the marriage took place of Mrs. Tom Bolduc, for many years a resident of Compton Village, to Mr. Auguste Marceau, of Lake Megantic, in the absence of Rev. Father St. John, the ceremony was performed by the Rev. N. St. Laurent. The bride was dressed in a suit of dark cloth with white silk blouse and purple hat. In spite of the early hour, a number was present in the church to witness the ceremony. Later during the day, a wedding dinner was served to a number of guests including Mr. and Mrs. Marceau, of Thetford Mines.

The happy couple are spending their honeymoon in Compton after which they will take up their residence in Lake Megantic.

ROE — SMITH.

A very quiet wedding took place on Monday, August 16, in St. Peter's Church, Sherbrooke, when Lila, youngest daughter of Mr. and Mrs. Malcolm Smith, of Maple Grove Farm, Bury, was united in marriage to Mr. Nelson Roe, son of the late Alfred and Mrs. Roe, of Bury. The Rev. Mr. Bigg officiated.

The bride, who was unattended, was given away by her father, and wore her travelling dress of chocolate brown serge, with embroidered fawn georgette blouse, and large picture hat of jay blue tulle. She carried a bouquet of blue sweet peas and main hair fern, with streamers of mauve ribbon.

After the ceremony, which was performed in the presence of only the immediate relatives, the bridal party left by auto for the bride's home in Bury, where a reception was held in the evening.

Next morning the newly married couple left for West Shefford, and later for Montreal, Old Orchard, and other points.

The bride was the recipient of a number of beautiful and useful gifts. The groom, who holds a responsible position in the C.P.R. offices, is a returned man, having served three years in France. Those present at the ceremony included Mr. and Mrs. M. Smith, Mr. Roland Smith, Mrs. Roe, Mr. and Mrs. Provis, Mrs. Alfred Morrell and Misses Alice Roe and Alice Morrell, Mr. and Mrs. Dane Smith, all of Bury, and Mr. and Mrs. Arthur Smith, of Canterbury.

THE NEGRO ASSOCIATION ELECTS ITS OFFICERS

President to Do His Best to Bring About Pro-Negro Legislation in U. S.

NEW YORK, August 20.—J. W. H. Eason, of Philadelphia, was chosen last night as the leader for the next four years of the fifteen million negroes in the United States by the Universal Negro Improvement Association, in convention here. Marcus Garvey, founder of the movement for the redemption of Africa for the negro race, was elected provisional president of the African Continent.

Eason told the assemblage he would do all in his power to bring about pro-negro legislation in the United States.

BASEBALL FLASHES

In the American League Cleveland made it two out of three by winning from New York yesterday. The game was slow despite the fact that it was a pitching duel between Caldwell and Shawkey. Babe Ruth made his forty-third home run of the season in the fourth inning, hitting the ball over the right field stand. The Cleveland players and Lewis, Hipp and Shore, of the Yankees, went to Cleveland last night to attend the funeral today of Ray Chapman, late shortstop of the Indians.

Leonard held Boston to three hits yesterday. Detroit hit Bush hard, but two double plays helped materially to prevent further scoring.

In the National League the Reds strengthened their hold on first place in the race by beating Brooklyn, their nearest rival, in an exciting thirteen-inning game yesterday.

Philadelphia won from Pittsburgh in a twelve-inning game yesterday.

after going thirty-eight holes. Edgar defeated Bob MacDonald, of Chicago, five and four, after gaining a lead of one hole in the first round.

SPORTING NOTES

ENGLISH RUNNERS WON EVENT.

(Associated Press Despatch)
 ANTWERP, Aug. 20.—English runners yesterday dethroned the United States star mile runner, W. Ray in the 1500 meter race, which was won by A. G. Hill, of England, with P. J. Baker, of England, second and Ray third.

BAKER MAY REJOIN YANKEES

(Associated Press Despatch)
 NEW YORK, August 20.—"Home Run" Baker, it was announced yesterday, may be back with the New York Yankees soon. Baker attended yesterday's game with Cleveland at the Polo Grounds as the guest of Colonel Huston. Last night he was in consultation with the club owners.

"I'd like to help win the championship for the Yankees—that is, if I can help," said Baker.

TENNIS TOURNAY AT TRURO, N. S.

(Associated Press Despatch)
 TRURO, N.S., Aug. 20.—Results of the Canadian provincial tennis tourney are: Mrs. F. V. Woodbury and Miss Curry, South End Club, defeated Miss Hilda Douglas and Miss Winnifred McFartridge. Score, 2-6, 6-4, 6-2.

Miss Douglas defeated Miss L. MacKenzie in the singles.

W. Wright, Sydney, defeated R. McG. Dawson, of Bridgewater, in the men's singles. Score, 6-3, 2-6 and 6-0.

E. Foster and J. Butler, of Bedford, won the provincial title by default. The mixed doubles was also won by default by Webster Kirkpatrick and Miss Hilda Douglas.

BOLD ATTACK ON CATHOLIC SCHOOL BOARD

Labor Secretary Severely Criticizes the School Laws of the Province.

(Associated Press Despatch)
 MONTREAL, Aug. 20.—Sweeping and determined attacks against the re-engage a number of male teachers for the approaching school year, Catholic School Boards for failing to praise for the Bolshevik school system in Russia and praise for the Bolsheviks generally, together with an announcement by the delegates that they would not send their children to school until the teachers were better paid, all served to form the subject of an impassioned debate at the Trades and Labor Council meeting last night.

Alphus Mathieu, secretary of the council, stated that the report by the committee on school conditions showed that the teachers had been refused the right of organization and had been discharged for asking better living conditions.

Secretary Mathieu said that after twenty-five years in the labor movement he had yet to find a body of men as badly treated as the teachers, who were not allowed even to think. He attacked the school law of the province as iniquitous worse than anything the Germans could have done.

MANY CASES ADJOURNED AT THETFORD

Man at Black Lake Will Keep the Peace or Forfeit Hundred Dollar Bond.

THETFORD MINES, Aug. 20.—Julien Gregoire appeared at Black Lake before the District Magistrate on a charge of threats and assault. The accused was allowed his freedom on a hundred dollar bond to keep the peace for one year.

A large number of cases were set for hearing here but were adjourned until the thirtieth.

CLAIM LIQUOR WAS SERVED IN THEATRE

(Associated Press Despatch)
 NEW YORK, August 20.—Subpoenas were issued last night for appearance before the federal grand jury today of every one known to have been on the stage and among the audience at the opening of a musical comedy here on Tuesday night, at which sample bottles of whiskey are alleged to have been distributed. The announcement was made last night by Assistant United States District Attorney Matthews after prohibition enforcement officials had declined to accept explanation by the producer that the bottles contained only tea.

THORMAHLEN'S PITCHING RECORD IN SHERBROOKE

Throughout the past few days there has been a lot of criticism heard about Thormahlen's action during the game on Sunday, when he threw the ball to the coach on third

club are reminded that tomorrow afternoon the ladies have right of way on the course.

FOUR REMAIN TO FIGHT FOR TITLE.

(Associated Press Despatch)
 CHICAGO, Aug. 20.—Jock Hutchinson, of Chicago; Harry Hampton, of Richmond, Virginia; George McLean, of Great Neck, N.Y., and J. Douglas Edgar, of Atlanta, Ga., Canadian open champion, yesterday won their way into the semi-finals of the championship play of the Professional Golfers' Association.

Hutchinson beat Louis Teller, of Boston, six and five, in the third round, and today will play Hampton, who yesterday downed Clarence Hackney, four and three. The other semi-final match will be between McLean and Edgar.

McLean at one time yesterday seemed hopelessly beaten, but he came back in the second round and defeated Peter O'Hara, of New York.

base, Thormahlen himself cannot explain it, and as a consequence has lost a lot of admirers. Yet a brief summary of his career in this town will serve to refreshen the memory of the few fans that want to "pan" him.

In the opening game with the Royals he was credited with fourteen strikeouts and allowed but four hits. Against Orleans on June 19 he retired eighteen of the opposing players and allowed them but three scattered hits. Against the Newport aggregation in Newport he fanned twelve men and held the Newport sluggers to four hits. Then the Vermonters played their return game here and he struck out fifteen men and allowed three hits. When Grant by played here on July 17 he sent eleven men back to the bench after they had swung three times and missed. Against Groveton he had thirteen strike-outs, against Barre eleven, and after pitching on Saturday against the Boston Y.M.C.A. he took the mound again on Sunday against the strong Sanford nine, and for the first time in Sherbrooke his strike-out record dropped below the ten mark, the official scorer giving him five.

Nor must the fans forget the wonderful game he pitched against the St. Johnsbury aggregation, for fifteen innings holding the visitors scoreless.

Thormahlen wants another chance to redeem himself, and according to the "dope" will get it on Saturday or Sunday afternoon against St. Johnsbury or the fast Berlin, N.H., team, at the Exhibition grounds.

SHOCK PROVED FATAL.

(Associated Press Despatch)
 NEW YORK, Aug. 20.—When "Babe" Ruth made his forty-third home run, the shock was too much for Theodore Strum, a fan, who succumbed to heart failure and died a few minutes after being carried from the grand stand.

LACROSSE

PRACTICE CALLED FOR TOMORROW.

Owing to the evenings growing shorter now, it has been decided that no more twilight lacrosse will be played this year. A series of two games will be played between the Knights of Columbus and East Sherbrooke, the first game to take place on the Parade Grounds on Saturday, the 28th inst. As great rivalry exists between these teams, a good game should be witnessed. The team to represent Sherbrooke against the Quebec team will be selected from the players showing up best during these games.

Last week the C.N.R. team defeated Frontenac in the Quebec and District League by a score of 6-3. The game was played before five thousand spectators, and was Frontenac's first defeat in five years. Another game will be played between these teams, and the winners will represent Quebec against Sherbrooke.

Tomorrow afternoon a practice will be held on the lacrosse grounds at 2 o'clock, and a large turnout is expected.

GOLF

LOCAL GOLFERS PLAY AT MONTREAL.

The team representing the St. Francis Golf Club leaves this afternoon for Montreal, where they will play their return inter-club match against the Country Club of St. Lambert tomorrow afternoon. It is expected that about twenty players will make the trip.

LADIES TO STAGE GOLF COMPETITIONS.

The ladies will rule at the St. Francis Golf Club course tomorrow afternoon, when they will compete in a handicap competition for a prize offered by Mrs. F. A. Briggs and a second prize offered by "Paddy" Grant, the club professional. On Monday afternoon the ladies will stage an approaching and putting competition for a prize offered by Mrs. William Spier. These are the first ladies' competitions that have been held at the local golf links for some time, and the green committee is anxious to have them prove a big success. The committee has drawn up the handicaps for the competition tomorrow afternoon, and these will be posted at the club house, while the approaching and putting competition will be staged at four o'clock on Monday afternoon.

NOVEL LIGHTS WILL BE USED FOR PAGEANT

Powerful Nitrogen Bulbs Will Throw Light Through Strong Lenses.

The very newest product of electrical science in illumination is to be used in lighting up the scenes for the big Eastern Townships Pageant which is to be the premier attraction at the Sherbrooke Fair this year.

Formerly the familiar carbon-arc light was employed for such out-door productions but this always furnished a flickering light and presented many technical obstacles to overcome.

These large nitrogens will be placed on platforms at the end of the grand stand and on a platform above the grand stand at the centre.

One of the "batteries" of lights is now located at the production room where the costumes are being made and the colors are all being tested out under this particular type of illumination.

An electrician from one of the theatres of Montreal will be in Sherbrooke during the week of the Fair to operate and supervise these lights.

THE SUFFRAGE VOTE PASSED IN TENNESSEE

Is Thirty-sixth State to Approve the Suffrage Amendment.

(Associated Press Despatch) NASHVILLE, TENN., Aug. 20.—The amendment extending equal suffrage to women of the United States have been ratified for inclusion in the Federal constitution, the Lower House of the Tennessee Legislature voting 50 to 46 to concur in the Senate resolution adopted Friday 25 to 4.

Action of the House made Tennessee the thirty-sixth state to approve the amendment, which lacked last night only formal certification by Mr. Colby, Secretary of the United States State Department to complete its acceptance by the country at large.

There is still a possibility that the House may rescind its action. At the last moment Speaker Walker, leader of the anti-suffrage forces, changed his vote from "No" to "Aye," paving the way for a motion to reconsider.

Should yesterday's vote be confirmed, or the House fail to take further action before adjournment Friday, millions of women will be free under the amendment to vote in the presidential election next November.

LABOR LEADERS HAVE RETURNED HOME AGAIN

Refuse to Discuss Their Trip to Paris—May Later Issue Statement.

(Associated Press Despatch) LONDON, Aug. 20.—William Adamson, labor member of parliament, and Harry Gosling, leader of the English transport workers, who went to France to confer with the French Socialists, but were requested to leave that country, have returned to London.

They declined to say anything concerning their trip, except that they had been courteously treated in Paris and remained there sufficiently long to fulfill that mission.

It is intended, after they have consulted the "Council of Action" of the labor party, to issue an official statement on Friday.

EASTERN TOWNSHIPS FARMER

THE POULTRY ACCOUNTS OF PRESENT TIME

Three Dollars' Profit for Every Hen on Farm Is Very Good Return.

Three dollars profit over cost of feed each year for every hen on the farm is a very good return and according to monthly accounts received from farmers, by the Poultry Division of the Experimental Farm, Ottawa, there are a good many farmers' poultry flocks which are actually giving this profit every year, and some even better.

Poultry keeping on the farm is not merely a side line now, but is a same business proposition, and the hit-and-miss methods that formerly obtained in poultry work should no longer be tolerated. A national industry well on the one hundred million dollar business methods and in order to help the industry and to make it possible for the average poultryman to keep track of his poultry operations, the Poultry Division has put out a very simple form for poultry accounting, copies of which will be sent to any person making application and who will return to the Poultry Division each month a duplicate copy.

A Few Figures For several years these poultry accounts have been supplied to persons asking for them and a compilation of the reports shows some very interesting data.

All plots were sown to grain the spring of 1917, and seeded down with ten pounds of red clover, ten pounds of timothy and two pounds of alfalfa. In 1918 it was in clover, and in 1919 timothy.

Calculating the returns from the average of two plots a period of three years, charging the ground limestone at \$4.80 per ton; grain, straw and hay at 75c per bushel, \$6 and \$12 per ton respectively, the following results were obtained:

Where one ton was used the loss over the cost of limestone was 38c per acre. Two tons gave a profit of \$3.53 per acre. Three tons gave a profit of \$2.71 per acre, four a loss of \$2.86 per acre, and five gave a profit of \$1.69 per acre.

The returns from the first three-acre plots are about as one would expect to see, but numbers four and five are just the reverse. This can be accounted for by plots eleven and twelve being more fertile than any other plots in the field, consequently the yields were heavier.

The first six-acre plots were very uniform in fertility throughout, and in comparing results obtained from these plots each year for three consecutive years, the beneficial effect of the ground limestone was most marked, especially between the limed and unlimed plots.

Very little difference in yield was noted between the plots where three, four and five tons of lime had been applied. One of the most outstanding differences between the limed and unlimed plots was the amount of clover in evidence.

Similar results were obtained from the grain and straw. For example, on the limed area the average yield for the five plots was 19.4 bushels of grain and 1,806 pounds of straw, a difference of 8.4 bushels of grain and 530 pounds of straw in favor of the limed area.

There is satisfactory evidence from these results that from two to two and one-half tons of ground limestone could be advantageously used on soils showing marked acidity, and that the stronger the acidity shown by the soil the greater need of liming.

DOUBLE DOSE FOR THAT Father (sternly)—Robert, come here! Your mother and I agree that you deserve a sound whipping.

Quite The Contrary. Jennie—So you finally proposed to her. I suppose she said, "This is so sudden."

VALUE OF LIME STONE ON THE EASTERN SOIL

Soil of Many Large Areas in Eastern Canada Is Acid.

Few crops thrive well on acid soils. Especially is this true of cover, which is one of the most important crops considered, both from the standpoint of food value and as an improver of soil fertility.

To determine the most economical and effective method for the correction of this soil acidity, an experiment was started at the Experimental Farm, Nappan, N.S., using ground limestone at different rates per acre. This soil has been tested and found to be distinctly acid.

The fields used for this test were cleared during the fall of 1915 and spring of 1916. The land was ploughed and given an even dressing of barnyard manure at the rate of twelve tons per acre.

The first five plots received an application of ground limestone ranging from one to five tons per acre, respectively. Plot six was left as a check, while plots seven to eleven, inclusive, were duplicates of one and five, and plots twelve and thirteen were checks.

Where one ton was used the loss over the cost of limestone was 38c per acre. Two tons gave a profit of \$3.53 per acre. Three tons gave a profit of \$2.71 per acre, four a loss of \$2.86 per acre, and five gave a profit of \$1.69 per acre.

Jack—No; she said it wasn't sudden enough. She had accepted Tom the night before.

PROPER CARE OF BEES IN WINTER IMPORTANT

Careful Preparations Necessary for the Successful Wintering of Bees.

Whether to winter in the cellar or outside is a question that every beekeeper has to settle. Where the winter is long and steadily cold, the cellar is usually more satisfactory, but outside wintering succeeds in some moderately cold places if proper precautions are taken.

The results have been compared during the last five years. Wintering outside has been done on an apiary protected from wind by a board fence 8 feet high, the hives placed in cases made to hold four colonies each with packing material around the sides, beneath, and above the hives. The cellar was a low dry one under the Administration Building, which was heated all winter.

In the wide belt where both cellar and outside wintering are about equally satisfactory, the deciding factor appears to be convenience. If the beekeeper has a well insulated and dry cellar, by using it he will save the expense of constructing wintering cases, and also a wind-break, if this is not present. For a few colonies in a cold region, a boarded-in part of the dwelling-house basement makes a good cellar for the bees, and it is an advantage if the basement contains a furnace.

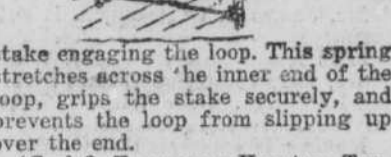

For successful wintering, more important than the method is early and careful preparation for winter. For example, one cannot expect cellar wintering to be successful if the bees are left outside until zero weather, or if they are brought out very early in the spring. Nor can one expect good results in outside wintering if packing is delayed until cold weather. Neither method will succeed if the colonies do not contain plenty of bees, especially young bees, and, above all, abundance of wholesome stores, preferably clover honey, or syrup made from white granulated sugar, stored in the combs before cold weather. Mice, if they get into the hives during the winter, will ruin the colonies in a very short while.

RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

STAKE HOLDER.

The new feature on this stake holder is the coiled spring on each

stake engaging the loop. This spring stretches across the inner end of the loop, grips the stake securely, and prevents the loop from slipping up over the end.

(Carl O. Torgerson, Houston, Texas U. S. Patent, 1,342,554.)

HOG FEEDER.

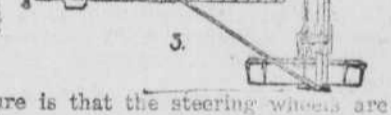

The hinged covers here are made of sheet metal and have at each side a turned edge which rests in a narrow trough when down; the covers and troughs prevent rain water from entering the feeding compartments.

(Ernest S. Johnson, Webster City, Iowa. U. S. Patent, 1,339,763.)

TRACTOR.

This tractor is of the caterpillar type and is particularly designed for cultivating purposes. The new feature is that the steering wheels are far enough apart to straddle two rows and the tread is sufficiently narrow to travel between two rows.

(Hicks Tractor Co., Milwaukee, Wis. U. S. Patent, 1,341,851.)

ROD WEEDER.

The rotating rod of this weeder travels at a depth of two or three

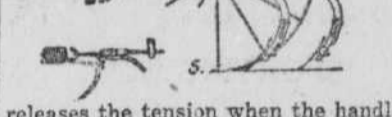

inches below the surface and cuts the weeds underground. It is particularly adapted to light soils subject to blowing, because it does not powder the surface.

(Rotary Rod Weeder Co., Cheney, Wash. U. S. Patent, 1,338,204.)

CULTIVATOR.

The latch on the balancing spring of the cultivator beam here permits rapid adjustment of the spring; it

releases the tension when the handle is lowered and the spring can be tightened or loosened; it restores the tension when the handle is raised.

FERTILIZER AT LATE SEASON IS PRACTICABLE

Lack of labor on the farm, unfavorable weather at planting time, congestion and delays on railways and consequent strikes to shipments, may prevent the full and proper amount of fertilizer being applied to the crop at time of planting.

A last application of fertilizer as a side-dressing to rowed crops, or as a top-dressing for other crops, is often quite effective as when applied at planting or seeding time.

Certainly it is much better and simpler to make the delayed fertilizer application in this way than to attempt to grow a crop with no fertilizer at all, or with less than the usual quantity. Fertilizer conserves farm labor by making it more productive. The big problem is to apply the fertilizer with the least possible amount of labor, but at such time, and in such a way, as to make it most effective.—Market Growers' Journal.

FALL FAIRS AT HAND.

That summer is rapidly passing is evidenced by the fact that the Fall Fairs are at hand. The county exhibitions at Bedford, Ayer's Cliff and Scotstown will take place next week, followed by Canada's Great Eastern Exhibition at Sherbrooke, and after that the county fairs at Bromes, Waterloo, Richmond, Inverness, Marlinton and L'Avenir will hold sway.

The importance of these annual gatherings can scarcely be over-estimated. The competition in the products of the farm is, of course, the primary object, and the coming together of the people of the whole community is, also, of great value.

Public support of the county fairs as well as of the larger central exhibition at Sherbrooke is essential to their success. Those who have live stock or farm products of merit should exhibit in the interest of the Fair's success, even though it may not pay them largely in a financial sense.

Remember the Fall Fairs and encourage the management by helping along these public institutions.

POLAND'S DEFENCE.

The world watches with great interest the progress of the struggle around Warsaw, the capital of Poland. Hope grows that history may repeat itself and another "Battle of the Marne" be recorded. The German armies approached the gates of Paris only to be hurled back. The Poles, with their capital and their liberty again at stake, are fighting with their backs to the wall.

They have checked the onrush of the Reds. That they may decisively defeat them and re-establish their boundaries as fixed by the Peace Conference is the hope of the world in general.

THE TECHNICAL SCHOOL SITE.

Alderman Delorme may well be pardoned for feeling annoyed at further delays in the Technical School matter. The selection of a suitable site and at the same time one that is not too costly is, however, important and if progress in this direction is really being made a week or two more of postponed action will really not matter much in the face of the two or three years' delay that have already occurred.

Alderman Edwards opposes the by-law on the ground of economy. The arrangement under which the Quebec Government is building technical schools in various centres is that the municipalities shall provide the site and pay a certain amount annually. Ald. Edwards figures the cost to the city at \$30,000 for the site and \$10,000 annually.

We do not believe that it is in the realm of education that Sherbrooke should begin to economize. In matters which make for the civic betterment and a higher class of citizenship there has been too much economy, while large sums have been spent in other directions.

Sherbrooke's destiny as an important industrial center is already decided. A high standard of workmanship in the shops and factories is important. A technical school will contribute to this and will benefit the industrial sections of the city. The city of Sherbrooke can afford to contribute \$10,000 per year to such service.

It is believed that public sentiment has long been favorable to the technical school project. If the Council make a careful selection of site, and this is important, its Technical School by-law will come before the public with every chance of success.

PRESS COMMENT

THE ARSENAL AFFAIR.

The absence of any definite statement from Ottawa in regard to the re-opening of the arsenal is very disconcerting. No matter how what the affair is viewed, it is difficult to find any justification for the move. The sudden nature of the closing down, and the throwing of so many hands on the street utterly unprovided for is one of the worst features. What reason there could possibly have been for thus increasing the hardship of the situation it is difficult indeed to conceive. One consideration in particular should have entitled the operatives in the establishment to better consideration at the hands of the country and of the Government, and that is the recollection of the important part played by them in the great war, when the super-production of the munitions of war was of such urgent importance to the Allied cause, and was so generously and so willingly contributed to by every man in the establishment.

Speaking for all Canada in this Sweeping Sale

The Miracle Man

He hopes to reduce costs at the root of the high prices: in the raw material markets. It's a big man's job.

They are reasonable goods the Miracle Man attacks at J. H. Poupart & Company's—not out of season, or end-of-season remnants—but the right kind of wear for this kind of weather.

Semi-ready Suits—the Palm Beach Suits—the athletic and balbriggan underwear—all are just right for now—the lighter weaves and colors and weight for mid-summer wear and comfort.

Then there are swimming suits and summer hosiery, straw hats and ventilated crown outing hats—it's not like a white goods sale in January, which is a way of coaxing money for things a woman thinks she'll need.

The Miracle Man intends this as an attack on prices of raw material—and if there is not a decline in the price of wool in England this month, he will very much miss his mark.

This sweeping sale represents the voice of the people on high prices—they speak for all Canada.

BANDITS SHOT UP MONTREAL CHINESE CLUB

Three Armed Men Posed as Sleuths, Get Away With Big Haul—Wounded Two Chinamen.

(Associated Press Despatch) MONTREAL, August 20.—Posing as city detectives, three bandits at an early hour this morning, entered the Chinese Merchants' Club, and after pretending to search the premises for opium, robbed the place of \$5,000. In a fight that took place, two Chinamen were badly injured. The bandits, after a general search of the premises, ordered the Chinese to open the safe, where the money was found. Having secured it they covered the Chinamen with revolvers and started to leave the building for an automobile waiting outside. The Chinamen attacked them and Ah Sing Wong, one of the men, was beaten into insensibility with revolver butts, while the other Celestial was shot in the leg. The bandits then decamped in their car.

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

Wall Street Journal—The late recovery in the industrials was general in the equipments, steels and high priced oils. Sugars were about the only ones in the group to sell off. Journal of Commerce—More favorable information regarding the outlook ought to put stocks up, but there was considered to be but slender response on that score.

Times—The only encouraging feature of the money and credit position at the moment is contained in impressions of bankers that the crop moving strain as now visualized will not overtax available banking resources. Wall Street Journal will say today: Chandler confident \$2.50 dividend can be maintained.

Willis Overland reducing working force and output. Houston Oil gets new 15,000 barrel well in Texas. Colo. Fuel and Iron reports \$4.40 on common for quarter. Sugar companies have cleared up their loans. Chicago steel mills operating at eighty per cent.

NEW YORK FUNDS IN MONTREAL

MONTREAL, Aug. 20.—The premium on New York funds here today was 13 1/2%. Yesterday's opening was 13 1/2-32, and closing 13 17-32.

Nurse Bogie has returned to her home in Ulverton, after spending a month at Mrs. William Raymond's and with other friends here.

Mrs. Wm. Raymond and Miss Catherine Raymond spent the past week in Canaan, Vt., with Mrs. Aldrich.

Owing to the inclement weather on the occasion of the last visit of Miss Chute, of Macdonald College, to the Women's Institute here, the attendance at the meeting was small. Miss Chute's address on the work of the club was much enjoyed by those present.

On Wednesday afternoon, Miss

LABOR MEN WILL OPPOSE HIGHER RATES

Will Oppose Move for Higher Car Fare and Telephone Rates.

(Associated Press Despatch) MONTREAL, Aug. 20.—Determined opposition to an increase in tramway and in telephone rates was decided on last night by the Trades and Labor Council. The executive was instructed to see to it that the Council was represented today to appear before the Montreal Tramway Commission, when the application of the Tramways Company for higher car fares is made, and also to be represented on Monday at Ottawa before the Board of Railway Commissioners, when the application for higher telephone rates is argued.

Katherine Marggraf was the guest of honor at a pickles and jam shower given by Mesdames Eva Call, F. A. Rexford, J. A. Seguin, Sr., and J. A. Seguin, Jr., at the home of Mrs. Burns. The heavily laden wagon of the "sweets and sours" was drawn into the spacious living room by the little Misses Vera James and Ruth Seguin, and was prettily decorated with golden glow and white drape paper. Golden glow also decorated the rooms, and sweet peas and nasturtiums were much in evidence for bouquets. After the presents had been opened by Miss Marggraf, she thanked her friends and delicious ices and cakes were served by the Misses Marjorie Reed and Lila Woodard, to the many guests.

Miss W. B. Oliver accompanied by a party of friends has gone on a motor trip to Barrie, Vt., to visit her brother, Mr. C. A. Oliver.

CANADA IS 'THE FIELD OF THE CLOTH OF GOLD'

Such Is the Description of Canada Given by Member of the Press Conference.

(Associated Press Despatch) CALGARY, Aug. 20.—"The field of the cloth of gold" is how one delegate to the Imperial Press conference described Canada. B. H. Dodd, editor of the East London (South Africa) Daily Despatch spoke with enthusiasm of his trip through the grain fields of the West. "We have motored through several grain districts between Portage La Prairie and Calgary. Motor trips between various divisional points have shown us the possibilities and the achievement of your grain fields, and I can only describe your wonderful land as a vast 'field of cloth of gold.' "The endless vista of crops reaped and ready for reaping, the level nature of the fields, and the richness and depth of the soil are the abiding impressions of our tour through this vast granary of the world."

A Week of Entertainment and Festivity Unsurpassed

CANADA'S GREAT EASTERN EXHIBITION

EVERY desirable and entertaining feature that can possibly be crammed into a single week of fun, frivolity and education is incorporated in the programme of the 36th Annual Exhibition of the Eastern Townships.

SPARING no pains, but rather, bending every effort to make the Eastern Townships Exhibition of 1920 the most gorgeous, spectacular and enjoyable event of its kind in Canada, the committee is to be congratulated on its already splendid achievements.

EVEN a brief outline of the programme suggests exaggeration. The Livestock and Poultry shows themselves are worth climbing the Alleghannies to see.

AND the Vaudeville! The Midway! Words fail to describe the immensity, the unlimited sources of consummate delight which these features offer, even to the most sophisticated.

THE announcement of \$10,000 prize money has lured to the races thoroughbreds from the prairies of Manitoba to the green fields of Acadia. Prize canines from all sections of the United States and Canada—yes, and even Mexico, will hold the delighted attention of all lovers of dumb animals.

THEN there are the big educational features—the Baby Welfare exhibit—the manufacturers' and automobile shows—agricultural and horticultural displays never before equalled—wonderful art exhibit—everything!

COULD any man wish more! But the best is yet to come! It's the Pageant, with 1000 to 1500 performers, gowned in such brilliant and lovely costumes, such a wealth of opalescent color as to dazzle the eyes—a tremendous, awe inspiring spectacle symbolical of all the crucial periods in Canadian history from the time of the illustrious John Cabot to Sir John MacDonal.

Don't come once--Come every day in the week

Music, Dancing and Humour Galore!

\$25,000 in Prizes!

WHEW!
