

THE PAPER OF THE EASTERN TOWNSHIPS
SHERBROOKE, QUEBEC, WEDNESDAY, JULY 18, 1956.

Canadian fisheries expert, Louis Berube of Laval University school of fisheries at Ste. Anne-de-la-Pocatiere, Quebec, is applying his experience to good advantage in one of the world's oldest fishing grounds some 13,000 miles from home. The location is Tonle Sap Lake,

Cambodia, Indo-China, where the water level varies from only three feet in dry season to more than 45 feet during rainy months. Shovel-type nets shown above are used in deep water, while traps are staked out around floating branches during dry season.

Cambodia, Indo-China Canada and Colombo Plan

Experts confer near a fish trap on an outlet of the Tonle Sap Lake, known as "Cambodia's greatest wealth". The lake is 100 miles north of the capital, Phnom Penh. Math-Ly-Roun, left, of the Fisheries Co-op, chats with Louis Berube, Canadian fisheries adviser.

Over 30,000 fishermen make a living from the Tonle Sap, which provides half of Cambodia's fish. Many villages, like Snok-Tru, shown here, float on the lake's fresh water. Canadian methods will help Cambodia regain export markets lost during Indo-China war.

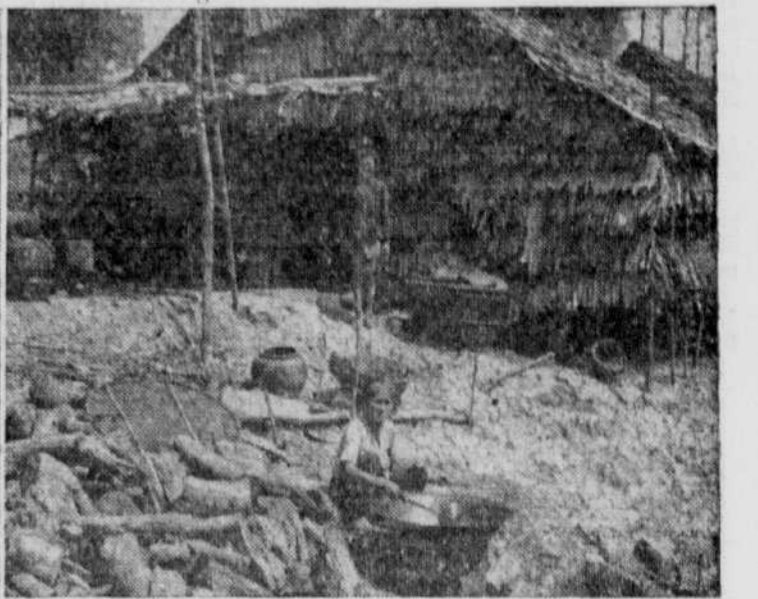

Louis Berube finds main streets in Snok-Tru much different from his home town, Ste. Anne-de-la-Pocatiere, P.Q., but similar to Venice because the main streets are canals. One false step while window shopping along the "board walk" could be a damp experience.

Cambodian women have equal rights with their men and are playing a big part in the country's reconstruction. Intelligent and eager to learn, they soon catch on to new ways. One of them, shown here in typical garb, is learning Canadian style fish-filleting.

Mr. Berube's survey is meant to determine whether Canadian fish-curing equipment and "know how" will apply to Cambodian industry which has always been handicapped by broiling sun and high humidity. Here Tonle Sap Lake cod are examined.

Cambodian leaders welcome assistance from other Colombo Plan countries for improvement in living standard for country's 3,000,000 people. Above, typical fisherman's home which is submerged during rainy season. Family then moves south until lake lowers.

He attended the Summer Street graded school and graduated from St. Johnsbury Academy in the class of 1932. On September 3, 1936, he was married to Dorothy E. Pepin of St. Johnsbury and they have three daughters, Patricia, Kathleen and Terry Jean.

While in St. Johnsbury he was employed as a salesman for French and Bean Co., and later went into business for himself as a construction engineer. He continued this work in Burlington, owning a variety of heavy equipment and completing many interesting projects.

The moving of the "Ticonderoga" from Lake Champlain to Shelburne Museum had been one of these and at the time of his death, he was planning to carry out other work for the museum.

Mr. Donahue was a past member of the Pastumpsic Lodge of Masons in St. Johnsbury and Grace Methodist Church. He had been a member of the Mt. THOMAS C. HARRISON, OF BURY.
Bury — The death occurred at his home here on Saturday, June 9, of Thomas C. Harrison, a life-long and highly respected resident. He was in his 86th year.

Mr. Harrison was born on July 8, 1870, the youngest of 13 children born to the late William Harrison and his wife, Annabella Munsey, who came from England in 1854 and settled on the farm which has been in continuous possession of the family for over 100 years. The present owners, Mr. and Mrs. Arthur Herring are both grand children of the original owners.

Born on the fringe of the pioneer era, Mr. Harrison learned the necessity and value of work, and was equally skilled in handling an ox team, a pair of horses or a motor vehicle. He was considered one of the most successful farmers in the district.

He had the rare gift of musical talent and was much sought after to provide the music for the country dances of that time. He was also a member of the Bury Brass Band, which at the turn of the century counted among its members eight of the Harrison family.

He remained with his parents on the home farm and on December 28, 1897, married Mabel

Louise Bennett, of Canterbury. To their marriage four children were born, Lena, Mrs. Arthur Herring, Marjorie, Mrs. Russell Dougherty, both of Bury, Ethel, Mrs. Vincent White, of Morrisville, Vt., and Douglas, of Bury.

Shortly after the death of his wife, in September 1920, he made arrangements for his daughter and son-in-law, Mr. and Mrs. Arthur Herring to take over the farm, while he bought another in the immediate vicinity.

On August 30, 1922 he was married to Mrs. Mary MacDonald Lanctot, and with his young son Douglas they took possession of the new property, which he carried on until he retired. With his wife he then went to live in her former home on the outskirts of the village, where he passed his remaining years.

He was a kind and considerate husband and father, a good neighbor and loyal friend with a genial happy disposition that attracted to him many friends, especially among the young people, for whom he always showed a great fondness.

It was fitting that in death he should lie in repose amid the familiar surroundings of the old homestead, by his own request, and where many old friends and relatives from near and far came to pay their final respects. Many beautiful floral offerings were evidence of the regard in which he was held.

Prayers at the house preceded the funeral service in St. Paul's Church, the Rev. G. L. Norris officiating. With Miss M. Rudd at the organ an augmented choir sang two favorite hymns, "Abide With Me," and "There Is No Night in Heaven," with the Nunc Dimittis chanted as the casket was borne from the church. The long cortege proceeded to the cemetery at Bury, where he was laid to rest beside his first wife.

Left to mourn are his wife, his four children, 12 grandchildren and 19 great-grandchildren; an aged sister, Mrs. Harriet Herring, of Lennoxville; a step son, Austin Lanctot; sisters-in-law,

Mrs. Florence Hunting, Mrs. Arthur Bown, Mrs. Edith Bennett, of Lennoxville, Mrs. Gertrude Morrison, of Chicago, Ill., Mrs. F. G. Bennett, of Canterbury, and Miss Katie McDonald, of North Hill; brothers-in-law, Arthur Bown, of Lennoxville, F. G. Bennett, of Canterbury, and Malcolm and William MacDonald, of North Hill, and numerous nieces and nephews.

Meet the NEW boss of the family!

Are we proud of our new Pontiac? You bet! Every time I think about this Pontiac's superb performance I want to get in and start driving. And style!... comfort!... real luxury! Well, just look at it! And when you get your Pontiac you'll say it, too. It's great—simply great!

Being a woman, I'm naturally attracted to color and style... and this new Pontiac of ours—as well as all the others we see on the roads—is teaching me lots of new tricks with color and design. Pontiac's trim good looks make it easy to "dress up" to.

Isn't it divine... I mean really! Absolutely everybody is proud of our new car—and not just because it's another Pontiac. It's because... well, it's a little hard to explain, but I guess it's because Pontiac this year is the *most*—a real cool car. I mean... really!

Gee whiz! I'm the most popular guy on the street—all the kids want rides in our new car. Dad's new Pontiac is even better than the last one... and he's been getting Pontiacs for a long, long time. When I'm old enough to own a car, it'll be a Pontiac, too!

LET YOUR EYES BE YOUR GUIDE

SEEING IS BELIEVING!

see how FRESH!

"Squeezing" may fool you because softness is not a true test of freshness. But with Jane Parker Bread there's no need to "squeeze", no need to guess — just look at the date!

The date on the wrapper is your guarantee of "proven-fresh" flavor. This is important because when freshness fades, flavor fades.

see how NUTRITIOUS!

Like all modern breads, Jane Parker White Bread is ENRICHED for better nutrition. The complete list of nutrients, including generous amounts of Sunshine Vitamin D and healthful calcium, proves that penny Jane Parker gives you more vitamins, calcium, iron and protein than any other of Canada's 6 leading brands!

see what VALUE!

Maybe you don't quibble about pennies when it's quality you want. Fine. But why pay more than you have to? Jane Parker offers you real savings on a bread that's made of the finest ingredients (we actually pay premium prices for many of the most important ones).

Try Jane Parker Bread — double your money back if you don't agree it's your best buy!

Fish, Game Club Stocks Trout In Coaticook Area

COATICOOK.—The Coaticook Fish and Game Club is still carrying on a restocking campaign with a view of improving fishing conditions in the area. They recently were able to get 10,000 trout for Lake Lippe and they plan to construct a road around the lake for the benefit of those who are interested in putting up cottages there. The Club plans to place a number of trout in the fountain at Chartier Park, near the Coaticook Town Hall.

There is a possibility also that the club members will accept an offer of Mr. Cotnoir, who lives about two miles west of Coaticook to open his private lake to club members if the club will clean and restock the waters.

Several good size fish, which the club placed in the Coaticook River some time ago, have been taken this season. The latest was a 17 inch trout taken by Mr. Camille Laperle, formerly of Coaticook, now living at Beauharis, which was caught in the River last week-end.
