J. H. WALKER,

Designer and Engraver on Wood,

132 ST. JAMES STREET, MONTREAL.

To send Specimens of Work (often not authentic), and solicit orders, is the modern mode of doing business. My long business reputation in Montreal for first-class work, is a sufficient guarantee that perfect satisfaction will be given.

It has been said that any kind of work will pass in Montreal, and certainly examples can be seen showing a lack of the Art knowledge necessary for the production of correct drawing; even Transfer work (the re-engraving of cuts) loses its merit when not handled properly.

Illustrated circulars and books from the United States and Dominion of Canada are freely circulated, all promising to furnish the best work at the lowest rates. I will undertake to give work as good as some of the specimens shown, and better than others, at the same cost and sometimes less.

It has become necessary to make use of *Tinting Machines* in portions of mechanical work. I have obtained one of the very latest of these, also a Routing Machine, and all facilities necessary for the execution of first-class work.

Orders for all kinds of Drawing, Photographing and Engraving on Wood, and Color Work on Metal, respectfully solicited.
