## Germans Have Abandoned March on Calais; War Not Yet Formally Declared on Turkey

### TURKEY WILL PROCLAIM A HOLY WAR; TURKISH SHIP AT ENTRANCE OF GULF OF SUEZ; EFFECT OF WINTER ON CAMPAIGN BEING FELT

#### ABANDON MARCH ON CALAIS.

Rotterdam, Nov. 1, via London, Nov. 2.—(Special)—Advises from the Belgian coast towns say that the exchange of artillery fire between the Germans and the warships has wrecked most of these towns. Westende, Westkerke and Middelkerke are all in ruins. There has been no resumption of the German march on Calais, and present appearances point to an abandonment of that movement.

#### WAR NOT YET DECLARED.

London, November 2.—(Special)—War has not yet been formally declared on Turkey, but the withdrawal from Constantinople of the ambassadors of the Triple Entente Powers is regarded in London as being equivalent to a signal for hostilities, which Turkey has anticipated by a naval raid in the Black Sea and by a reported land expedition which is said to have penetrated into Egypt.

Evidence accumulates that Turkey intends to proclaim a holy war.

#### GOEBEN AT WORK AGAIN.

Amsterdam, Nov. 2, via London.—(Special)—The correspondent of the Handelsblad telegraphs that the Turkish cruiser Goeben, which was captured by the British in the Dardanelles, is being used by the Germans as a submarine.

#### EFFECT OF WINTER ON CAMPAIGN.

Berlin, Nov. 1, via London, Nov. 2.—(Special)—The effects of the approaching winter on the campaign already are evident. Heavy frosts are reported in East Prussia, and the campaign in Poland has been waged for some time under most disagreeable conditions caused by rain and snow storms. A severe storm is now raging on the North Sea, making life uncomfortable for the naval outposts because of the rolling and plunging of the torpedo boats and submarines. German life savers yesterday rescued the crews of three German commercial steamers which were wrecked off Heligoland.

#### TURKISH BOATS AT GULF OF SUEZ.

London, November 2.—(Special)—A despatch to the Central News asserts that Turkish gunboats are reported at the entrance to the Gulf of Suez. Numerous detachments of Turkish cavalry, according to the same despatch, have reached Akabah, a fortified village of Arabia, on the gulf of the same name.

#### TURKS SCUTTLE BRITISH SHIP.

London, November 2.—(Special)—A despatch to the Times from Petrograd, dated Sunday, says that a British vessel, the Frederiek, was ignited and scuttled during the bombardment of Vovorobysk. The Turks also wantonly bombarded Anapa, a Russian seaport of the Black Sea at the western extremity of the Caucasus range.

On the Dutch Frontier, Sunday, Nov. 1.—After enormous losses, the

#### GERMANS ATTACK LEFT WING.

Paris, Nov. 2.—(Special)—The French official announcement given out in Paris this afternoon says that yesterday the German attack on the French left wing, particularly between Dixmude and the Lyd, continues with great violence. In spite of the counter attacks of the enemy the French made slight progress.

The text of the communication follows:

"On our left wing the German offensive continued yesterday with the same violence in Belgium and in the north of France, particularly between Dixmude and the Lyd in this region. In spite of attacks along almost the entire front, excepting at the village of Messines, a part of which was again lost by the allied troops.

"The enemy undertook an important movement against the suburbs of Arras. This resulted in failure, as did other movements against Libons and Le Quesnoyen-Santerre.

"On the centre, in the region of the Aisne, we made slight progress in the direction of Tracy Le Val, to the north of the forest of Aigne, as well as at certain points on the right bank of the Aisne between this forest and Soissons.

"At Amoy de Vally an attack directed against those of our troops who are in possession of the heights on the right bank of the Aisne, also resulted in failure. The same outcome attended several night attacks delivered in the heights of the high way des Dames.

"In the region of Rhymns between the Argennes and the Meuse and on the heights of the Meuse there was noticed yesterday a recurrence of activity on the part of the enemy's heavy artillery. The bombardment of these places, however, did not show any appreciable result.

"On our right wing an offensive movement by the enemy on Monday was repulsed.

"In the Vosges, in addition to the fact that we have recaptured the heights which dominated Mount Ste. Marie, we have made progress in the region of Ban De Sapt where we occupy the positions from which the artillery of the enemy has been bombarding the town of St. Die."

#### GERMAN FORCE CUT OFF.

London, Nov. 2.—The London Times correspondent writes from Northern France Sunday: "A report just reached me that as a result of the blowing up of a railway bridge by a Belgian corps, a very large German force was cut off from the main army and surrounded in a body. The prisoners are said to number many thousands.

"I am informed from Flushing tonight that the heavy firing, which increased so violently yesterday and the whole of this afternoon, is drawing nearer and nearer."

#### BAYONET COMBATS.

Nish, Servia, Oct. 31, via London, Nov. 2.—(Special)—A semi-official note has been issued here as follows: "The enemy operating October 29 in the direction of Gutchevo bombarded our positions at Eminova and Banja from seven o'clock in the morning until noon. At this hour they attacked, but were repulsed by our troops. Our counter-attack developed into violent bayonet combats in which the enemy, sustaining heavy losses, were forced to fall back in disorder, leaving three officers and about 300 men on the field."

#### TURKS CROSS INTO EGYPT.

London, Nov. 2.—News was received in London last night that the Turkish troops, which have concentrated on the Egyptian frontier for some time, have crossed the border. Eight army corps, it is understood, were mobilized for the Egyptian campaign.

#### GREEK ARMY MOBILIZED.

London, Nov. 2.—A despatch from Rome to the Express says a report has reached there that 400,000 Turks

are massed on the Caucasus border and that 300,000 are waiting at Beyrout, Jaffa and other ports for transshipment to the Sinai Peninsula. The ports, it is said, are well guarded by the British and French fleets.

"I am officially informed," says the Express correspondent, "that a circular announcing the mobilization of the Greek army has been received by the foreign consuls."

#### AMBASSADORS HANDED PASSPORTS.

London, Nov. 1.—A despatch from Constantinople states that the ambassadors of Great Britain, Russia and France have been handed their passports, while from Petrograd comes the news that the Turkish Ambassador will be handed his passports immediately.

According to a German official statement, received by wireless from Berlin, Turkey has formally annexed Egypt.

#### HUGE GERMAN LOSSES.

London, Nov. 2.—"As showing the huge German losses in the Ypres region, it is said that the British soldiers have buried more than 25,000 Germans," says a message to the Weekly Despatch from one of its correspondents in Belgium. The telegram continues:

"There are many great piles of German dead around Dixmude which it has been impossible to bury on account of the continuous fighting. Dixmude is a heap of ruins."

#### HEARD KAISER'S MESSAGE.

Dunkirk, Nov. 2.—It is reported here that one of the Allies' posts has intercepted a personal wireless message from the Kaiser to a German general, I believe it was to the Duke of Wurtemberg, telling him that it was absolutely necessary that Ypres be taken before November, or otherwise "we shall have to withdraw behind the Rhine."

#### TURKEY THROWS IN LOT AGAINST ALLIES

NOW ELEVEN POWERS AT WAR, WITH PROSPECTS OF THREE MORE.

London, November 2.—Turkey has definitely thrown in her lot with Austria and Germany, and if Portugal is counted there now are eleven powers at war, with prospects of three more—Greece, Bulgaria and Roumania—being drawn in.

The note which Great Britain presented to Turkey on Friday last, demanding an explanation of the actions of the Turkish fleet in the Black Sea and the dismantling of the former German cruisers, the Goeben and the Breslau, was really an ultimatum to which Turkey was required to make a reply by Saturday morning.

So far as is known here, telegraphic communication with Turkey being interrupted, no answer was made and the ambassadors at the Ottoman capital of the Triple Entente, it is understood, demanded and received their passports.

#### TURKS CROSS INTO EGYPT.

Turkish troops, which have been on the Egyptian border for some time, already are reported to have crossed the frontier, while the Turkish fleet continues to menace Russian towns and shipping in the Black Sea.

#### WERE PREPARED FOR MOVE.

Neither Russia nor Great Britain was unprepared for this move on the part of Turkey, which Government officials say, was known to have been under the influence of Germany and the allied powers have forces on hand ready to oppose a Turkish invasion.

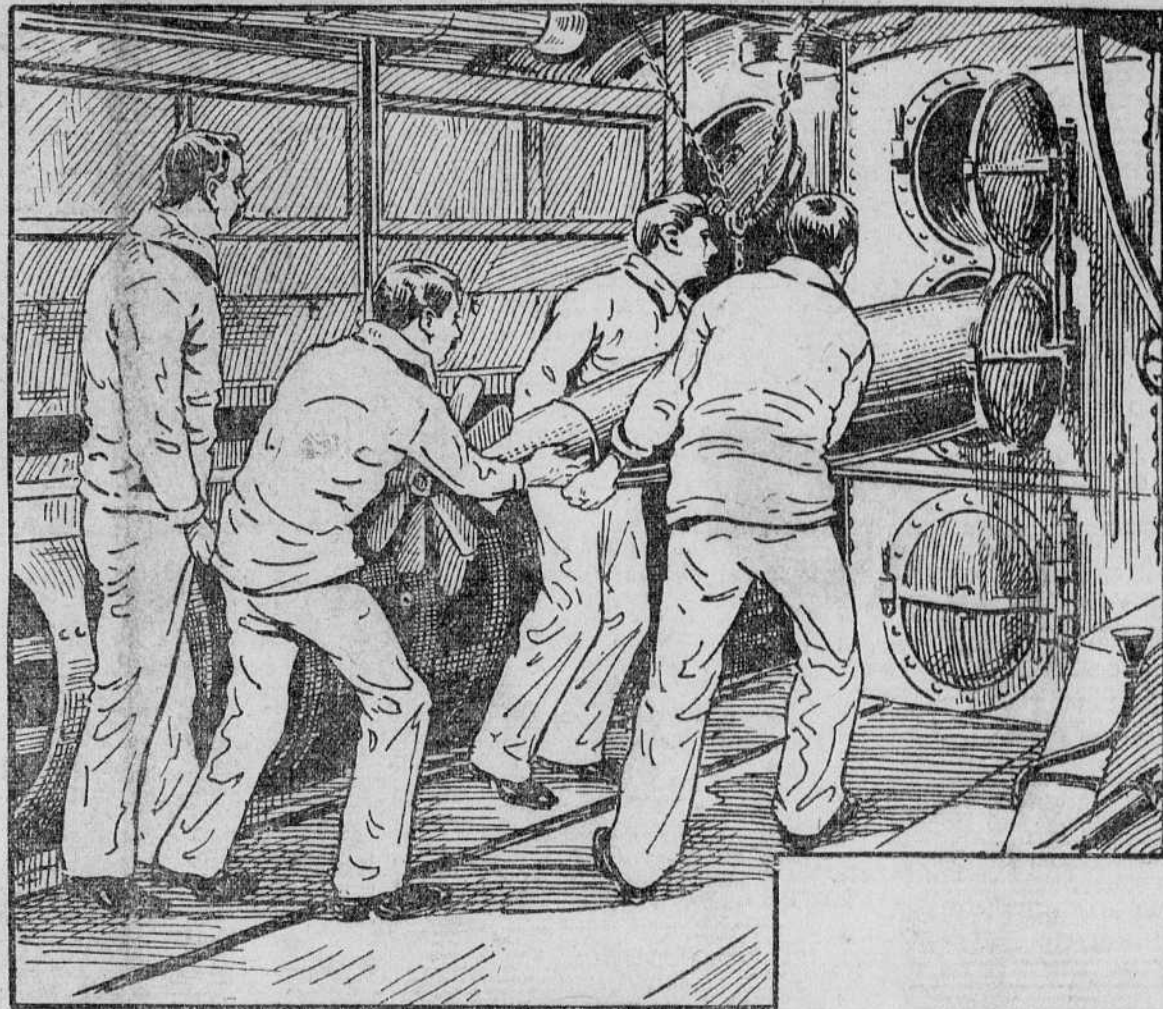

When the regular forces were withdrawn from Egypt to take part in the war in Europe they were immediately replaced by troops from home, much greater in numbers at least, and only last week they paraded through the streets of Cairo, making a splendid impression.

The problem, both for England and Russia, however, is the attitude of their Moslem subjects, who, under ordinary circumstances would prefer not to fight against Turkey. In this

#### THE WEATHER

Fresh west to north-west winds, a few showers but mostly fair; cooler at night.

#### CHARGING A TORPEDO TUBE ON A SUBMARINE

The torpedo is a metal tube with hinged door flaps at each end. The torpedo fits closely into this space. By means of electricity a valve in the tube is opened and the torpedo ejected by compressed air. A guiding bar holds it until clear of the vessel and starts the propelling mechanism of the torpedo, releasing the safety catch of the detonator of the explosive charge. Since the torpedo tubes are built into the structure of the submarine, the entire vessel must be headed in the direction of the enemy, as a gun is pointed.

#### BRITAIN IS NOW AROUSED

Protests Against the Breaches of Neutrality by Turkey

NOTIFIED THAT BRITISH INTERESTS AND BRITISH TERRITORY WILL BE PROTECTED

London, November 2.—The Foreign Office late Saturday night issued a long statement dealing with the situation in Turkey and the protests made by the British ambassador against what he alleges were breaches of neutrality by Turkey, especially in connection with the former German cruisers Goeben and Breslau.

The statement quotes the note addressed by the Sublime Porte to the Powers, in which the Ottoman Empire declares its neutrality, and the note communicated by the British ambassador to the Porte, in which he complained of a number of breaches of neutrality.

As Turkey shut off communication with the British Embassy on Friday, the British Government, considering this a prelude to further acts of aggression, declares its intention to take action to protect British interests and British territory, and also Egypt, from attacks that have been made or threatened.

#### EXPECTS ITALY TO FIGHT

London, November 2.—According to Henry Evans, an American, who arrived today from Italy, the feeling in that country is overwhelmingly with the Allies. When he left there a few days ago it was felt that Turkey would enter the conflict, and many Italians, he said, expressed the opinion that Italy soon would join the Allies.

#### SUPPLIED GERMAN CRUISERS

London, November 2.—(Special)—German merchantmen regularly provided German cruisers in the Pacific with coal and provisions from Chilean ports and furnished the warships with wireless information, according to the Times correspondent at Santiago, Chile. The correspondent says that the merchantmen obtained leave to depart from the ports by making false declarations regarding their destination to the Chilean authorities.

#### BRITISH CRUISER TORPEDOED

The Hermes Was Caught While in Straits of Dover and Sunk by German Submarine

BELIEVED THAT ENEMY MUST HAVE SUBMARINE BASE SOMEWHERE ON BELGIAN COAST.

London, Nov. 2.—The Secretary to the Admiralty Saturday night made the following announcement:

"The old cruiser Hermes, Capt. C. R. Lambie, was sunk yesterday by a torpedo fired by a German submarine in the Straits of Dover as she was returning from Dunkirk. Nearly all the officers and crew were saved, but the exact loss cannot be ascertained until the men are mustered. The loss of the vessel is of small military significance."

#### GERMAN SUBMARINE BASE.

The Hermes was a comparatively old vessel and from a naval viewpoint was of no great value, but the fact that she was attacked so near home indicates that the German submarines must have a base somewhere on that part of the Belgian coast, which is occupied by German troops from which they can menace ships of the Allies passing between England and France. Only a few days ago, one of them sank the French steamer Admiral Ganteaume, which was carrying refugees from Calais.

How many submarines the Germans have in these waters is not known, but several of them have been seen recently. When ships are guarded by torpedo boat destroyers, as are those engaged in bombarding the German positions, they are comparatively safe but the opportunity of the submarines comes when one is caught alone, as was the Hermes.

#### SEVENTH CRUISER TO MEET FATE.

The cruiser Hermes sunk in the Straits of Dover, is the seventh British cruiser to meet such a fate at the hands of German submarines or to be destroyed by mines. Others in the list are the light cruiser Amphion, sunk by a mine on August 6; the scout cruiser Pathfinder, sunk by

#### BELGIAN SALE OPENS AT POUTRE'S

Sherbrooke Ladies Take Charge of Various Departments

SALE CONTINUES TO-MORROW—BELGIAN FUND WILL BENEFIT.

"Help for the helpless" is the motive which prompted Mr. J. E. Poutre, one of Sherbrooke's enterprising merchants on Wellington street, to hand over his store for two days to the ladies of the local Belgian relief committee.

The sale opened at 9 o'clock this morning under most encouraging auspices, and every lady who had so nobly volunteered to assist was in her place early.

The net profits for to-day and tomorrow will be handed over to the relief of the sufferings of that gallant little nation, whose courage and self-sacrifice in the cause of national honor and liberty have staggered the civilized world, and whose heroic resistance to a ruthless invader has rendered incalculable service to France, England and Canada.

The goods in Mr. Poutre's store are very attractively displayed, and the store is decorated in a thoroughly patriotic fashion with bunting and flags of the Allies. The windows are tastefully dressed with flags, patriotic cushions and implements of war.

Judging from the large number of customers who continued to pour into the store all this forenoon, the sale promises to be exceedingly popular, and the funds of the local committee will, no doubt, be swelled beyond expectations.

The store opens at 9 and closes at 6 each day of the sale. The general managers are Mrs. G. L. de Lottinville and Mrs. E. C. Fraser, while Captain Morkill is acting as cashier, with Lieut. Bray as assistant. Another list of ladies who are acting as department managers has been arranged for each morning and afternoon.

Mrs. J. H. Walsh is the president of the local committee.

a submarine Sept. 5th; the armored cruiser Cressy, Hogue and Aboukir, sunk by a German submarine on Sept. 22nd, and the cruiser Hawke, sunk by a submarine Oct. 15th. The Hermes was a sister ship of the Hyacinth and Highflyer, the latter of which sank the German steamer Kaiser Wilhelm der Grosse. She was a vessel of 5,600 tons displacement, 350 feet long, 54 ft. beam and had a depth of 20.5 feet. Her main armament consisted of eleven 6-inch guns and she carried a complement of 456 officers and men. She entered the service in 1900.

#### MR MACKENZIE DIES SUDDENLY

Provincial Treasurer Passes Away at Home in Melbourne

IN USUAL HEALTH IN MORNING—NOTABLE CAREER IN PROVINCIAL AFFAIRS.

The public was shocked, yesterday afternoon, to learn of the sudden death of Hon. P. S. G. Mackenzie, Provincial Treasurer, at his home in Melbourne.

Mr. Mackenzie was in his usual health, yesterday morning, and telephoned to a number of friends arranging to see them in the afternoon. There was no complaint whatever of illness. At about 1.30, while taking a bath, he had an attack of syncope of the heart, and apparently died in

stantly, life being extinct when he was found.

The late Honorable Peter Samuel George Mackenzie was born at Cumberland House, Hudson Bay Territory on the 19th of December, 1862. He was educated at St. Francis College, Richmond; Montreal High School, and received his degree of B. C. L. from McGill University in 1883. He received the honorary degree of D. C. L. from Bishop's University, Lennoxville, in 1910. He entered the practice of law in 1884 in Montreal, in partnership with the late Sir J. J. C. Abbott and Chief Justice Sir Melbourne Tait, and latterly opened an office in Richmond. In addition to the practice of law he was recognized as a practical farmer. The late Provincial Treasurer was a trustee of Bishop's College, Lennoxville, and was appointed a member of the Protestant Committee of Public Instruction in 1906. A life-long Liberal, he was a warm, personal friend of the Hon. L. S. Hunting, Q. C., M. P.

He was elected representative of Richmond County in the Legislature in 1900, and ten years later was appointed Provincial Treasurer, which position he held at the time of his death.

General regret will be felt throughout the province and especially in the Eastern Townships which Mr. Mackenzie has represented so zealously on behalf of his own constituency of Richmond and the Townships in general have been freely and continually given and important results remain as evidences of his work in this direction.

The freeing of the toll bridges on the St. Francis, the improvement of rural education and the solution of

ST. FRANCIS DISTRICT LOCAL HAPPENINGS

Daily Reports From Correspondents of What is Going on in Various Communities.

COOKSHIRE

More than the usual number of pranks were played here on Halloween. The early hours of the evening saw the younger set, girls dressed as boys and boys disguised beyond recognition with masks, etc. The latter hours brought out ten fine specimens of the ghost world, all of the female sex, who serenaded the Halifax Express and dispersed at about midnight after having wrought the minimum amount of havoc woman is capable of. The older boys were on hand as usual and many changes were noticeable on Sunday morning.

He was for thirty years a resident citizen of this place. A very useful citizen whom all will miss, as he was always ready to help his neighbors in any way he could. The last two years of his life he was an invalid, but he bore his affliction cheerfully. He leaves a widow and one son and daughter.

MRS. MARY A. WALKER, BARNSTON. Barnston, Nov. 2.-[Special]-There passed away at the residence of her son, T. H. Walker, on October 21, Mrs. Mary A. Walker, wife of Henry F. Walker, who predeceased her nineteen years ago. She was eighty years of age on her birthday, the seventeenth of September last.

On Saturday preceding her death she was stricken with a slight shock of paralysis from which she gradually sank until the end came gently and peacefully.

She was greatly beloved by all who knew her, living a most noble Christian life and always ready to help anyone in trouble or need. Many there are left to mourn her loss who will bless her memory and the many kind deeds they have received at her hands.

She was born in Barnston, daughter of Abraham and Betsy Bryan, one of a large family of brothers and sisters, most of whom survive her.

Mr. and Mrs. Walker moved to Hereford near Perryboro in their early married life being among the first settlers of that place, where by hard industry and careful management they made a comfortable and unusually happy home, raising up their family of seven children, always working for the advancement and best interests of their church, town and schools.

The funeral was held at Christ's Church, Barnston, on Friday at 2.30 p.m., Rev. Mr. Tannar of Dixville officiating, owing to the illness of the Pastor, Mr. Bradshaw.

The choir assisted by Mrs. Remick, Mrs. Haddock and Mr. Frank Hall, rendered those beautiful hymns, "Now the Laborers' Task is O'er," "Thy Will Be Done," and "Jesus, Lover of My Soul."

The casket was covered with flowers, consisting of a pillow of white roses, carnations and lilies of the valley from her children; wreath and spray from the grandchildren; spray of white carnations from T. Gardner and family.

She was borne to her last resting place in the Barnston Cemetery by her four sons, William, Robert, Thos. and Felix Walker, followed by a large number of relatives and friends.

She is survived by four sons and three daughters all of whom reside in Barnston, except one daughter, Mrs. William Cinnamon, of Whitford, Alberta.

A WORTHY RICHFORD LADY HONORED ON HER 85TH BIRTHDAY. Richmond, Vt., Nov. 2.-[Special]-Mrs. Sarah Ann Richard celebrated her 85th birthday anniversary on Thursday, October 22. A surprise was given her when the members of her Sunday School Class called at her home on River St., and remained to a birthday dinner prepared by her daughter, Mrs. Anna Wilson. The class, which numbers 12 members, has been taught by Mrs. Richard for the past 25 years. One of the notable features of the occasion was the attendance of Mrs. Lucy Chaffee, aged 92 years. Mrs. Chaffee came down from Berkshire Centre in an automobile to attend the dinner party and returned to her home in the afternoon. Mrs. Anna Wilson was assisted in serving by Mrs. G. A. Shepard, of Sutton, a granddaughter of Mrs. Richard, and Mrs. Bertha Hancock of this place. An "at home" was held from 3 to 6 o'clock and nearly a hundred friends called to congratulate her. Tea and cake were served. Mrs. Richard was presented with cut flowers, boxes of confectionary, china, a number of post cards, and money. Friends from the Methodist Church of which she has been a valuable member for a great many years, presented her with \$20 to purchase a life membership in the Women's Foreign Missionary Society. Mrs. Richard has lived in this city for the past 44 years, having moved from Franklin to this place. She is enjoying good health and is able to attend to the everyday duties of her home and to walk to church twice each Sunday.

AMERICA'S OPPORTUNITY. There are altogether too many pessimists in this country who are kicking about the effect of the European war on business. Comfort as it did immediately after a period of depression it kindled anew in the minds of some people the feeling that prosperity would not return for a long time. As a matter of fact, the war's big cost will fall on Europe and as soon as the final treaties of peace are signed the commercial and financial ascendancy of the United States is bound to begin—then we will have to get busy and figure out ways and means to all orders helping to rebuild Europe and we will have no time to lament over anything.

As a result of the war there has been a more or less disarrangement of business and finance, but it is now well in hand and will entirely adjust itself in some time. It is in sight—and that should be soon.

This war has given the United States a greater opportunity to increase its foreign trade than any other country has ever had. German foreign commerce is practically stopped and the commerce of other European nations at war is very severely affected.

A large part of this trade will surely come to us if we are properly equipped to take it over. The opportunity presented requires a first-class merchant marine with the country has not had since the Civil War. With the re-establishment of a merchant marine the commerce of the United States will again be transported to all parts of the world with American bottoms, and we will become the greatest financial power in the world. We believe some new records for big business are not far ahead for the entire United States of America. Let us supply America's needs. This alone will make business improve greatly.

**BOYS' AUXILIARY OF ST. PETER'S CHURCH**

The opening meeting of the Boys' Auxiliary of St. Peter's Church took place Friday afternoon, with an attendance of twenty-three members. Prayers were read by the Rev. Mr. Moorhead, and the usual business transacted, the minutes read by the Secretary, Darrell Gage, and the financial report, showing satisfactory progress, the balance in hand being \$25, presented by the Treasurer, Clarence Price. \$5 was at once voted to the Parish Apportionment for Missions, and it was decided to ask the advice of the Rector concerning assistance to other home missions, and plans made for a box sale later on. Mrs. Harcourt and Miss Hargrave to have charge of the ten and twenty-five cent tables respectively. A pleasant surprise was afforded by an unexpected visit from the Secretary of the Sunday School Commission, the Rev. Mr. Hiltz, who kindly consented to address the boys. The Rev. Mr. Callis retiring in favor of Mr. Hiltz, and promising to visit them again at some future occasion, Mr. Hiltz compared the work done by the boys to the sowing of seed which no matter how small, would bring forth flowers and fruit. Captain Cook, in his travels used to carry different seeds with him and plant them so as to have "a little bit of England everywhere," and could not these seeds bring forth a little of the Saviour's Kingdom wherever planted. After a few words by Mrs. C. H. Bowen on the boys' duty as soldiers of the King, a bountiful tea was served, Miss Twose taking charge and being assisted by Mrs. Harcourt, Mrs. Saunders, Mrs. Ward and Miss Hargrave. Canon Shreve had been unable to be present at the meeting, but came in to say a few kindly words before the boys dispersed.

**DEDICATION AT  
AT ST. PETERS**

**Magnificent Central Doors, Memorial of Late Dr. Worthington**

**IMPRESSIVE SERVICE CONDUCTED BY REV. CANON SHREVE.**

A very beautiful and impressive ceremony took place yesterday morning at St. Peter's Church at the early celebration, being the dedication of the magnificent central doors which have just been put in place, and which are the munificent gift of Mrs. Norreys Worthington, formerly of Sherbrooke, in memory of her husband, the late Dr. Worthington, so well known in his lifetime and highly esteemed in this city. The doors, which are of the finest oak, similar to the other accessories of the church—the altar, the pulpit and the lectern—are exquisitely carved in a design of such skill and harmony as to arrest the attention of all who enter the sacred edifice. On the right hand door, in high relief, is the figure of the Saviour, represented as walking on the water, and on the other is the form of St. Peter, half sinking beneath the waves and in the act of stretching forth his hands to the Master, saying, "Lord, save me, or I perish." The nobility and expressiveness of the design is remarkable, and the work is said to be the finest ever executed in Canada. On the inside of the doors there is some fine ecclesiastical carving, and above, in the arch, leaded glass, in quatrefoil form, is inset. The inscription, on a brass plate, is as follows: "To the glory of God, and in memory of Colonel Arthur Norreys Worthington, M.D., C.M., M.P. Born 17th February, 1862; served in the Northwest Rebellion, 1885, and in the South African War, 1902, first as Major, Royal Canadian Artillery, and afterwards commanding the Canadian Field Hospital Corps, these doors are erected by his wife."

The doors were unveiled by Mrs. Worthington, and the dedication ceremony performed by Rev. Canon Canon Shreve, assisted by Rev. W. H. Moorhead. The Rector based his sermon, at the 11 o'clock service, on the New Testament story of Christ walking upon the water, and the failure of Peter's faith when hidden to come to his Master, the incident told so graphically on the carved doors which had a few hours before been dedicated, and the preacher referred with deep feeling to him in whose memory they had been given. He spoke of the services to his country rendered by the late Colonel Worthington, a Helong member of St. Peter's Church, who had twice offered himself for life or death. He had now entered into the unseen world, but his memory would not perish. This day, the festival of All Saints, emphasized the bond between those who had gone before and their loved ones still on the earth, for all who believe in the Communion of Saints.

to give an opportunity for a public drawing of the ticket which was to decide who was the owner of the calf donated at the previous dance by Mr. W. F. Kay, M.P. The number drawn was fifteen and designated Miss Yvonne Dupuis of Freilighsburg, as the lucky owner. There were one hundred and seventy-five fifty cent tickets sold on this calf which gave a sum total of \$87.50, to be donated to the Canadian Patriotic Fund. Much credit is due to Mrs. Delbert Titterton, Mrs. Chas. Hurlburt and Mrs. Elwin Smith for their efforts and success in selling the tickets, which brought the amount to such a successful issue. Mr. Kay was present and announced the name of the lucky winner of the calf and then called for three cheers for the ladies who had worked so energetically to collect the money after which three cheers were given twice for Mr. Kay.

**LADY JELlicoe  
PLEADS FOR FLEET**

Lady Jellicoe, wife of the Commander-in-Chief of the Home Fleets, has sent the following letter to the press:

There is a very prevalent idea about that the Navy has enough winter comforts. I beg to state that such is not the case. Only yesterday my husband wrote saying "Although the Admiralty are providing some warm things for the Fleet they won't be anything like enough. Every helmet, stocking, glove and jersey you can get will be most welcome." Sir John also writes: "What the men badly want are sea boots and oilskins." I suggest that all comforts such as gloves, mufflers, etc., should be sent to

The Navy League, 47 Grosvenor-square, or to  
The Needlework Committee of the Primrose League, 64 Victoria street, S.W., who will gladly forward them immediately as they come in to His Majesty's ships, and I will gladly receive any subscriptions at 29 Sussex Square, W., to buy the much-needed sea boots and oilskins and forward them to the Fleet.

**GWENDOLINE JELlicoe.**  
29 Sussex Square, Hyde Park, W., Oct. 10.

Also the following appeal: "On Watch in the North Sea: "If you ever come across anybody who wants to do anything for the Navy, I can tell you how they might help us. In a very short while the nights, which are already chilly in the North Sea, will be bitter, and I think a few Thermos flasks would be of inestimable value for those who have to keep long night watches. They could be filled by the sailors with bovril, cocoa, etc., and I am sure would be tremendously appreciated as our fires are all out at early evening and it is difficult to get anything hot at any time at all during the night hours. I have seen fellows half frozen at the end of their little bit."

The above is an extract from a letter received in Montreal from a surgeon serving in the North Sea fleet on one of the vessels which bore a distinguished part in the Heligoland fight.

Anyone wishing to answer this appeal can send their parcels to Miss M. L. Wilson, 67 Dufferin avenue, who has kindly consented to receive and forward them. Telephone No. 807.

EUROPEAN COAST ARTILLERY.

(The Scientific American). In America we realize that no matter how numerous a fleet of war vessels we may have it would be impossible to efficiently guard every city on our extensive coast, and that, in the absence of other provision, it would always be possible for a hostile fleet to pounce on an unprotected city and assess a tremendous ransom; and consequently it has been our policy to provide each city with its own individual protection in the shape of strong fortifications and long-range guns of great size. In European countries, on the contrary, the practice is to rely on fleets and land forces to prevent invasion. The coast artillery is not very well developed in

WHALING INDUSTRY

Canned Whale Beef May be on the List Shortly

The whaling industry is commonly supposed to be a thing of the past. Yet it is estimated that \$1,000,000,000 are invested in that business to-day and one whaling company recently bought out a rival at a price of \$1,000,000. Such a business would seem to be rather lively for a back number.

A new scheme has been brought up several times of late which may add still more to the importance—and profits—of whaling. This is the plan to can whale beef, and put it on the market as a rival to other forms of canned meat. No doubt this would add considerably to the world's supply, and under the right handling the quality might not be bad. Japan eats a great deal of whale meat already.

Dr. Grenfell of Labrador considers it very good food. But no one yet has explained how the huge carcasses can be handled in sanitary fashion with the limited equipment possible on a whaling ship. Until this miracle is achieved, it is not likely that whale meat will rival beef and pork in any country peopled by white men.

"Anything that is produced in Canada from Canadian materials, by the application of Canadian brain and labor, will always have first call with me. And it's only good business or any part that it should."

HENDERSON VALE. Arrivals and departures: Mrs. Wm. Appleton to her home in Barnett, Vt., after attending the funeral of her father, Mr. R. Wright; Mr. James Wright to South Ryegate, Vt.; Mr. Norman Coote to his home in South Durham after attending the funeral of his father-in-law, Mr. Albert Marshall from Thetford, Vt., to visit his parents, Mr. and Mrs. Jos. Marshall.

The collectors have been around collecting money and clothing for the Belgians and were well received. Warm clothing was sewed and many promised to knit and sew for the soldiers. One old lady, almost 81 years of age, has promised to knit gloves for the soldiers. There passed away on Thursday morning, October 22nd, a previously announced, Mr. Richard Wright, aged 84 years. He leaves to mourn his loss his wife and twelve children—seven daughters and five sons—all of whom were able to attend his funeral with the exception of one daughter, Mrs. Norman Coote. Owing to ill-health she was not able to attend. The bearers were three of his sons-in-law and one nephew. The funeral service was conducted by his pastor, the Rev. Mr. Atkinson, of Maple Grove. He also leaves twenty-nine grandchildren, seven great-grandchildren and two brothers, Messrs. Wm. Wright, of Moosamin, Sask., and Ben. Wright, of Adderley, Que.

European countries. This, undoubtedly, is due to the dependence they place in the battle fleets and the short shore lines. The guns in the coast fortifications are of comparatively small calibre, none exceeding 9.5 inches. These guns are mounted on disappearing carriages, but cannot be very effective against the large calibres as, for instance, the 13-inch and 14-inch guns on a battleship. It is possible that every country feels that with their land forces they are perfectly able to repel any landing party that might desire to venture shore.

PATRIOTIC ASSOCIATION

Ladies Committee Meets to Discuss Work

26 MEN GO FROM SHERBROOKE WITH THE VETERINARY CORPS.

The regular weekly meeting of the Sherbrooke Patriotic Association was held Friday in the D.O.E. Club room. The various reports, which were all very satisfactory, were presented, the first being that of the treasurer, Mrs. Craig, who gave the balance on hand.

The report of the Secretary of the Red Cross Society included communications from several villages in the Townships and one from Newton Centre, Mass., in regard to the work, also a letter from the Secretary of the Patriotic Association of Bury, enclosing a cheque for \$25.00 for the Red Cross Society. Miss White stated that a quantity of materials had been sent to Bury, Marlleton and Stanstead.

The work had been going on steadily and a good deal had been accomplished at the Tuesday afternoon meetings.

A letter was read from headquarters eulogizing the work of the Sherbrooke Society.

A letter from Dr. Tracey, V.S., stating that 26 men from Sherbrooke would go to the front with the Veterinary Corps of the Second Contingent, was considered in connection with the report of the Work Committee.

Dr. Tracey inquired if Balaclava caps could be furnished for the Sherbrooke men, and if not supplied by the Government, for the whole corps of 113. On motion the question was referred to the conveners of the Committee.

No report was received from the Belgian Fund Committee, as the treasurer is out of town, but the generosity and patriotism of Mr. J. E. Poutre in connection with the fund, was announced with warm appreciation.

A letter from Lady Jellicoe, wife of Admiral Sir John Jellicoe, appealing for warm clothes, etc., for the sailors was read and discussed before the meeting adjourned.

VEVUVINS IS AGAIN IN ERUPTION

Naples, Nov. 2, via Rome.—(Special)—Mount Vesuvius is again in eruption, and the inhabitants in its vicinity have become greatly alarmed. On Sunday special prayers were made and processions of people went to favored shrines, as a repetition of the disaster of 1906 is feared. The activity of the volcano first manifested itself by deep detonations and rumblings. This was followed by gigantic columns of smoke, and afterwards an abundant eruption of lava began.

KING'S GALLERY OF HONOR

The King has expressed a desire to form a collection at Windsor Castle of portraits of the leading soldiers and sailors of his reign, and proposes to make a start in the direction of placing in position paintings of Field Marshal Earl Roberts and Field Marshal Earl Roberts and Field Admiral of the Fleet Lord Fisher and Admiral Lord Charles Beresford. In cases where paintings of those whom His Majesty desires to add to this collection are not available, it is understood he will give orders for such to be prepared, bearing the cost from his Privy Purse. This is a project, it is understood, the King has long had in mind, and it has been suggested that the Waterloo Chamber would be the most suitable apartment for the collection.

LETTERS TO THE EDITOR

A CASE OF MISUNDERSTANDING. Editor Record. Sir:—Your issue of even date and Mr. Fairman Hall's letter, I have had occasion from time to time to read some of this gentleman's epistles, and I regret to say in the present instance he does not appear to be imbued with a great deal of courtesy, and instead of sitting around the fire down in Dudswell listening to rumors, it might be well for him to gather a little more accurate information before rushing into print and attacking a gentleman of repute. I am also surprised that a paper with the enterprise you usually display would publish such nonsense. We all know the gentleman concerned, and so doubt Mr. Hall's informant did not understand the sermon referred to, or deliberately misconstrued it entirely. I had the pleasure of listening to the sermon personally, and it was so much at variance with the letter in question, let it suffice for me to say that I can answer our Dudswell friend, that no more loyal subject exists than the gentleman referred to.

PATRIOTIC FUND CAREFULLY ADMINISTERED.

Editor of Record. Sir:—My attention has been directed to a letter appearing in a recent issue of the Record, over the signature of "Farmer," which relates to the Canadian Patriotic Fund.

So far as that section which deals with the question of the best method of raising money is concerned I am not actively interested. Such matters are left to the discretion of local committees who are more conversant with local conditions than are the officials in Ottawa. One sentence in the letter, however, seems to imply that there is some uncertainty in the mind of the writer as to whether the money subscribed will reach the families of those doing duty overseas. I do not altogether understand what he is hinting, but I can assure him that there is little likelihood of any of the fund being wasted or ill spent. The central office at Ottawa exercises the strictest supervision over the expenditure of all branches and does not hesitate to criticize a too lavish generosity or a harmful economy. Every application is subjected to a close scrutiny and investigation, in order to mitigate successfully against off-attempted impostures. Business methods, in fact, have been adopted throughout for the Patriotic Fund is controlled by business men, and, moreover, the most successful business men in the country.

### NEAR TRAGEDY AT SWEETSBURG

Miss Couture Seriously Injured When Cartridge Exploded at Store Door

LOADED CARTRIDGE LAID OUT BY LADS WHO DID NOT REALIZE WHAT DAMAGE MIGHT RESULT

Sweetsburg, Nov. 2.—(Special)—What came near being a tragedy occurred here on Saturday evening about nine o'clock as a result of Halloween pranks. During the evening two lads were observed hanging around the store of Mr. J. B. Traut. About nine o'clock Miss Couture, daughter of Mr. Nap. Couture, and one of the attendants at the hospital were leaving after having made purchase, these two lads were observed to lay something on the stove and then run away. An explosion followed and when Mr. Traut and others arrived on the scene they found that Miss Couture was quite seriously injured. Dr. Pichel arrived just after the explosion and had the young lady conveyed to the Sweetsburg Hospital. On examination it was found that her right leg and arm were badly lacerated. Miss Couture will have to remain in the hospital for some time as a result of her injuries.

The explosion is supposed to have been caused by a cartridge used in blowing out tree stumps. It is supposed that the lads did not realize what effects such a cartridge would have.

### CASES BEFORE JUDGE MULVENA

Three City Hotelkeepers Fined For Selling Liquor In Hours Prohibited By Law

DR. VERRONEAU, COATICOOK, BOUND OVER TO KEEP THE PEACE AGAINST D. S. BACHAND.

Before Judge Mulvena in the District Magistrate's Court, Marie Laforest, the mother of two young children, made a complaint against her husband, Hormidas Gatiem, for non-support. The defendant pleaded not guilty, and after considerable evidence had been heard on both sides, the court continued the case until Monday, November 2nd, for further evidence.

DUDSWELL ASSAULT CASE DISMISSED.

Cyprien Bisson, of Dudswell, vs. Elle L'Heureux, for assault and battery on the person of Arsene Bisson, son of the plaintiff. The evidence was very lengthy and the trouble arose out of a long-continued family feud. The court finally dismissed the charge, holding that from the evidence, the plaintiff and his son were the real aggressors.

COATICOOK CASE CONTINUED.

A preliminary hearing in the charge laid by the British-Colonial Insurance Co. against J. A. Boulay, of Coaticook, was continued until Monday, November 2nd, by consent of the parties.

BOUND OVER TO KEEP PEACE.

BOYS SENT TO REFORM SCHOOL.

Harry Dean Buckman, a juvenile aged ten years, was convicted of breaking into the house of Mrs. F. Thomas and stealing a revolver, some flags and other things. He was sent to the reformatory school at Shawbridge for a period of four years. It transpired that the child's mother had left the country some time ago and the youngster had a bad record.

Wilfrid Cousineau, aged 10 years, who also had a bad police record, and whose father had left his mother and was living in Ontario and was not contributing towards the support of eight children left with her, was convicted of a similar offence and sentenced to four years in the reformatory school at Shawbridge. It was proved that the boy had constantly slept away from home and was incorrigible.

LET GO ON SUSPENDED SENTENCE.

Harold Thompson was also convicted of a similar offence but this being his first offence he was allowed to go on suspended sentence upon his father signing a bond for \$100 for his future good behaviour.

DON'T COUNT THE ENEMY—BEAT THEM.

London, Nov. 2.—A Petrograd special to Reuter's Telegram Company says—

"In the recent fighting near Przemysl two generals reported to their commander the Bulgarian Gen. Radko Dimitrieff, who is leading the Russian army investing Przemysl, that they were unable to hold out owing to the overwhelming numbers of the enemy.

"Gen. Dimitrieff replied with an aphorism which will doubtless become historic. He said: 'Don't count the enemy. Beat him.'"

### GERMANS ABANDONED

(Continued from Page 1)

war, however, they have rallied to their flag as have all other races under British or Russian rule, and care is being taken to explain to them that in this case Turkey, under the direction of Germany, has been the aggressor.

BALKAN STATES PROBLEM.

Another problem relates to the attitude of Roumania, Bulgaria and Greece. Bulgaria, owing her existence to Russia and being under many obligations to Great Britain, besides being desirous of securing Thrace as far east as the Enos-Midia line, which she was awarded by the London Conference after the first Balkan war, but which Turkey re-took when Bulgaria was attacked by Greece and Serbia, would naturally side with the Entente Powers, but objects, political observers point out, to fighting side by side with Greece and Serbia.

Russia, however, is expected to ask Bulgaria definitely on which side she is ranged, as her mere neutrality under the circumstances appears insufficient. Should she join the Austrians and Germans, Roumania is almost certain to declare for the Allies, and Greece, even before this, may decide to take her revenge on Turkey. In fact, it is believed that her treaty with Serbia would compel her to take action should the latter be attacked by Bulgaria or Turkey.

ITALY NEAR TO WAR.

Italy, too, is brought nearer to war by the entrance of Turkey, for she has large Mediterranean possessions to protect which would not be safe with a strengthened Turkey.

### BLOODIEST BATTLE IN ALL HISTORY

PUNISHMENT TO GERMANS WILL HAVE MORALE EFFECT ON NEARBY ARMY

Northeastern France, Midnight, Friday, November 2.—(By George Renwick)—The battle of Flanders has now been in progress sixteen days. Though at the moment at which I write the stupendous struggle cannot be said to have reached its conclusion, I think it may be safely stated that the result is no longer in any doubt, and that the situation can be sized up in concise form.

The German raid on the three coast towns of France—Dunkirk, Calais and Boulogne—has not only been frustrated, but the would-be raiders have been punished in a manner which cannot fail to have a tremendous effect on the morale of the entire German army and on the whole German plan of campaign.

As I write the night air is pulsating with the dull throb of contending artillery, the dread music of the guns sings loud with the tragic finale of the bloodiest battle of the war. Today has been one of its most awful days.

BLOODIEST OF THE WAR

The battle of Flanders will undoubtedly go down in history as the most sanguinary of the first three months of the war. Before the struggle for the road to Calais is ended—and ended it can surely be at an early date—the battle will almost certainly be marked down in history with the hideous name of the bloodiest in history. The slaughter of the Marne and the Aisne pales before that on the undulating country-side of Flanders. It is indeed doubtful if the numbers of those who have perished will ever be exactly reckoned. Those who have been in the battle tell me the grimest stories of the slaughter of the past week.

### RUSSIAN PURSUIT STILL CONTINUES

RETREATING GERMANS LEFT MANY HEAVY AND LIGHT ARTILLERY

Petrograd, November 2.—On the Vistula the Russian pursuit continues with full success. The retreating Germans are now within twenty miles of the Wartha River. Thus, over execrable clay and slough roads the Germans have marched about 15 miles a day for a week. What their condition is now may be guessed from a little calculation alone.

The Russians have discovered huge mounds having the appearance of common grass, but when examined these were found to contain whole parks of heavy and even light artillery which the Germans were unable to carry off. I am momentarily expecting the intelligence that the Germans have been caught on the Wartha River, and either rushed past their last line of entrenchments on Russian territory or brought to a stand at the river itself, the bridge over which have probably been cut by the Russian cavalry and volunteers who are far in advance of the Russian main army.

The distance between Lodz and the Vistula is sixty miles, and represents the front of Russia's pursuing forces. On the line of the Austrian retreat the Russians had taken up to the 25th of October 22 officers, 8,000 men and 24 Maxim's, all belonging to the Fifth Hungarian Corps.

MR. MACKENZIE DIES SUDDENLY

the farm help problem through the Eastern Townships Immigration Society, of which Mr. Mackenzie was honorary president, are matters in which his influence have been especially felt.

The sudden death of Mr. Mackenzie recalls that of his predecessor in office, the late Hon. H. T. Duffy, to whom the call also came with startling suddenness.

Clerk J. D. Anderson of the Montreal to Newport run has retired from the service after a faithful performance of duties for upwards of 40 years. For many years Mr. Anderson resided in Abercorn where his children were born. Thirteen years ago, after the runs were more exacting, Mr. Anderson moved to Newport, Vt., where he has since resided. Mr. Anderson retires on a liberal pension from the Department, which has been ably earned if long and faithful service counts, which it certainly does. In the old days this mail route only extended from Montreal to Richford, Vt. It was later extended to Mansville Station, now known as Highwater and again later to Newport, Vt. Mr. and Mrs. Anderson have gone to Melrose, Mass., where they will reside with their daughter, Mrs. King. Everyone will wish them the rest they have so ably earned.

AUTO AND TEAM COLLIDE.

Baldwin and being occupied and driven by his son, Allan, collided with a team occupied by Mr. Chas. Thornton and wife of Barnston. As soon as Mr. Baldwin noticed the approaching team he applied the brake at once. The horse reared before the auto placing both front feet through the wind shield and damaging the front part of the car somewhat. Both parties were shaken up considerably, but without injuries.
