Atoms For Mercy

Atomic Age Devices Laying Bare Human Body's Deep Secrets

Geneva — (AP) — A British scientist today reported the development of an atomic-age device which will show the size and shape of a thyroid gland or a brain tumor, under certain conditions, on a television screen.

Other scientists at the atoms-for-peace conference described other revolutionary techniques which are laying bare the hidden secrets of the human body to medical science at a rate never experienced before in history.

The television technique was reported by Dr. W. V. Mayneord of the Royal Cancer Hospital, London, in a paper on the use of radioactive isotopes in diagnosing diseases.

He said it had been used considerably in the study of thyroid and that it was possible to watch the effects of radiation treatment in changing the size and shape of

the gland either by external irradiation or by radiation from radioactive iodine in the thyroid itself.

"We have been able to find by this technique secondary tumors not revealed by normal radiographic methods."

He said similar techniques may be applied to the study of brain tumors. This is done by adding radioactive iodine to the dyestuffs normally used as stains in brain surgery.

Mayneord explained his device as a complex electronic gear incorporating television display systems.

A Soviet scientist, M. N. Fateyeva, reported that the Russians have made extensive use of radioactive sodium and phosphorus in studying heart disease. The studies were based on the rate of blood flow in the circulatory system.

Earlier, two American doctors, W. F. Bale and I. L. Spar of the University of Rochester, told the conference of a new kind of "guided missile" against cancer. They are searching for substances which would "home" on cancer when injected into the blood stream and carry with them radioactivity to fight the malignancy.

This campaign was outlined today at the atoms-for-peace conference by two American doctors, W. F. Bale and I. L. Spar of the University of Rochester.

Such a technique, they said, would direct the powerful rays of radioactive material only against the cancerous tissue. And radioactive material attached to the "homing" missile would stay put.

The researchers said they are working on the theory that various tissues and organs of the human and animal body have within them specific chemical antibodies to help protect those areas against disease.

They said it might be possible to isolate these antibodies and use them as carriers of radioactive substances to particular areas of the body. Under this theory, a kidney antibody might be used to carry radiation ammunition against a kidney cancer, or a stomach antibody might transmit to a stomach cancer.

The Americans reported that so far they have done only experimental work with animals in seeking to demonstrate the validity of their concept.

Among other scheduled speakers today was Dr. W. B. Lewis, chief scientist at Canada's Chalk River, Ont., atomic establishment.

He was to present a paper on technical aspects of burning uranium fuel in electricity-producing atomic power stations.

Looking Connie In The Eye — This is the eye of Hurricane Connie which was photographed from a Navy Banshee jet plane at an altitude of 20,000 feet. The wind at 15,000 feet is moving counter-clockwise, shown by arrows.

Granby — 2 Killed, 5 Injured

Granby, Que. — (P) — A husband and wife were killed Thursday night and an American family of five was sent to hospital as a result of a three-car collision near this Eastern Township community.

Police identified the dead as Delbert Fisk, 70, of St. Paul de Buxford, Que., and his 65-year-old wife. They said their car was struck while entering a main highway by another car driven by Marcel Boulanger, 27, whose address was given only as Michigan.

Boulanger, his 26-year-old wife, and their three children Michel, Regent and Paul, were taken to hospital in Granby. Extent of their injuries was not immediately known.

Paul Jacques, 35, of Granby, driver of the third car involved in the crash, was not hurt. An inquest will be held.

Sherbrooke Pair Injured In Crash

Brockville, Ont. — (P) — A Sherbrooke, Que., couple is in serious condition in hospital here after a collision Thursday between their car and a truck nine miles east of here.

Robert Rodrigue suffered severe facial cuts and his wife, thrown out of their car as it was carried 50 yards down the highway, suffered severe leg gashes.

"Rising Star" Sets; "Enemy" Said Small

Camp Gagetown, N.B. — (CP) — The Canadian Army's biggest peacetime manoeuvres in history ended today as they began in the rain.

Generally, the 1st Infantry Division's Exercise Rising Star was considered a success.

But some officers said they felt it could have been made a lot more realistic with a bigger "enemy" force.

The role of the enemy was taken by only one battalion, the 2nd Black Watch. Ranged against it were six battalions, three squadrons of tanks, artillery and supporting arms.

As a result, some said, non-veteran soldiers in the big force had no real sense of what an enemy could do.

The umpiring also fell down at times so that elements of the division were able to make advances that would not occur in actual warfare.

This was particularly true Thursday when the division staged a breakthrough. The umpires had to call a temporary ceasefire to sort out the situation and pull back the attackers who had stormed ahead too far.

The 1st Battalion, Royal 22nd Regiment, travelled so fast, in fact, that it lost the umpire moving with it and nearly decimated a theoretical force nine times its size.

First phase of the breakout, gained after an initial repulse on Knob Hill, was accomplished by the 1st Black Watch, 1st Royal Canadian Regiment and 1st Royal 22nd.

The second phase, involving a left wheel, bridging of a river and advance from bridgehead, was carried out by the 2nd and 3rd Canadian Guards, 3rd Royal 22nd and the Royal Canadian Engineers.

The bridging was done at night over a river swollen by a day's torrential rain.

Polio Deaths Drop Sharply In U.S., Survey Reveals

Washington — (AP) — More than a million youngsters in the United States have received their second shots of Salk polio vaccine, an Associated Press survey shows.

The AP survey also reveals that:

1. The number of polio fatalities has dropped 46 per cent below last year's level. In the key states supplying second shots, the decline has been 65 per cent.

2. Of 6,500,000 youngsters injected with the vaccine, nine have died of polio. There have been 247 cases of the disease among the vaccinated children.

3. Outside of the southern states there has been considerable resistance to launching the second-shot campaign, which was delayed by uncertainties and shortage of vaccine. Eighteen of the 48 states are waiting for fall to renew the campaign. Few states have made any plans for a third injection.

The following figures were tabulated on the basis of nearly complete reports from all states: Those given polio shot No. 1 — 6,458,996. Those given polio shot No. 2 — 1,080,329.

Polio deaths this year — 191. Polio deaths to this time last year — 355.

It is impossible, of course, to draw definitive conclusions from the statistics, since some figures are tentative, they have not been evaluated scientifically, and the possibility of coincidence is too strong.

There can be no doubt, however, that the number of polio fatalities has been reduced sharply from last year's level.

Last year was a fairly average year for polio deaths. The public health service reports that one death was listed per 100,000 population. This compares with the high of two in 1952 and the low of 0.4 in 1947.

Vaccine experts have said three shots are required to provide most effective immunity.

The greatest number of polio deaths this year has been in Massachusetts, which has reported 24. Texas has the second highest total, 22, with California third with 11. No other state has had more than nine fatalities.

Last year, at the same time, California had reported 54 deaths, Texas 36 and Massachusetts 15.

Diane Adds To Storm Threat

Miami, Fla. — (P) — A tropical storm called Diane, which may become the fourth hurricane of the season, lurked in the Atlantic southeast of Bermuda today.

At 7 a.m. Diane was located about 520 miles south southeast of Bermuda, near latitude 25 north and longitude 63 west.

The storm apparently was moving toward the northwest at about 11 miles an hour with highest winds estimated at 60 miles an hour near the centre.

The weather bureau said gales extend outward 200 miles to the north and east and 100 miles to the southwest of the centre.

Diane is expected to intensify and grow in size, with continued movement toward the northwest. The weather bureau said it would probably reach full hurricane force later today.

Ships in the path of the storm were advised to use caution.

Diane was discovered off Puerto Rico early Thursday, not far from where hurricane Connie passed Aug. 7 on her way to the Carolina coast.

S. Korea Gives Boot To NNSC

Seoul — AP — One Korean was shot and killed today and two were wounded in rising tension over South Korea's demand that the Neutral Nations Supervisory Commission leave the country by Saturday.

An informed source said President Syngman Rhee has advised the United States government that he cannot guarantee against further violence unless American troops guarding NNSC billets put away their weapons.

The source said Rhee also asked assurance of American help in peaceful eviction of Polish and Czech commission members.

The Korean national police charged — and U.S. army spokesmen denied — that three Korean fishermen were hit by fire from a U.S. army patrol boat at Wolmi island in Inchon harbor.

The U.S. 8th Army confirmed that a Korean died of gunshot wounds, and said two wounded companions found in a boat that drifted into the army anchorage at Inchon had been taken to hospital.

But it declared: "Investigation determined that no American weapons had been fired at Wolmi."

At Panmunjom, Maj.-Gen. Harlan C. Parks of the U.S. told a stormy military armistice commission session that "illegal activity" by pro-Communist Polish and Czech members of NNSC had provoked the South Korean protest demonstrations.

Rhee's government charges that the NNSC's Polish and Czech members have worked as spies for Communist North Korea. It wants the Swedish and Swiss members also to leave.

The NNSC has defied South Korea's ultimatum.

Wolmi, NNSC truce team headquarters near Inchon, has been a hot spot. U.S. soldiers used tear gas and fire hoses earlier this week turning back Koreans trying to storm a causeway leading to the island, now ringed with machine-guns manned by American soldiers.

Death Takes J. L. Slattery

Ottawa — (P) — Joseph Louis Slattery, 68, former city editor of the Montreal Gazette, died last night following a long illness.

A native of Saint John, N.B., he was educated at St. Joseph's University, Moncton, N.B., and Laval University, Quebec. He left the Gazette in 1937 to work for the Conservative party here.

Later he edited the Military Gazette and in recent years was news editor of The Ensign. Funeral services will be held here Monday.

New Hurricane Fear In N. England States; Hatteras Threatened

Wilmington, N.C. — (AP) — Hurricane Connie, picking up forward speed, whirled her destructive 100-mile winds along the North Carolina coast today on a path leading toward the open ocean.

North Carolina coastal areas took a damaging beating as she passed.

The weather bureau said the huge storm was expected to move still faster during the day, and hurricane warnings might be extended farther north along the eastern seaboard. The New York-New England area, which seemed safely out of Connie's reach Thursday as she headed for land, watched her progress anxiously again today.

At 7 a.m. the eye of the storm was about 45 miles south of Morehead City, N.C., some 75 air miles from this port city. It was moving north-northeast at about 12 miles an hour, double its speed of the previous two days.

The peak winds of 100 miles an hour were mostly in squalls 40 to 60 miles from the eye. Hurricane-force winds—75 miles or stronger—fanned out 120 miles north and east and 60 miles southwest. Gales reached 800 miles to the northeast and 150 miles to the southwest.

Hurricane warnings were up from Myrtle Beach, S.C., north to the Virginia capes and north-east storm warnings from there to Manassquan, N. J.

Tides ran up to eight feet above normal ahead of Connie's eye.

Cape Hatteras, a lonely outpost on North Carolina's outer banks which is a frequent port of call on the hurricane path from the Caribbean, braced for arrival of Connie's centre about noon.

In Boston this morning the weather bureau predicted increasing winds of up to 40 miles an hour off the New England coast by tonight, and hoisted storm warnings from Provincetown, Mass., to Block Island. It said the hurricane, though with diminishing winds, would move "somewhat faster" than it has since being pounded the Carolina coast.

The pounding began Thursday afternoon and continued all night and into today as towering waves smashed fishing piers and other shore installations, many of them newly rebuilt since hurricane Hazel's visit last year.

Dwellings were destroyed or badly damaged, roads and bridges washed out, power and telephone lines down in many sections and major highways inundated.

Torrential rains pelted eastern North Carolina. But no casualties had been reported up to this morning.

Coastal residents had plenty

of warning during the days Connie had remained almost stationary off the coast. The vast majority moved to safety inland. But some were marooned, and rescue efforts went on through the night and today.

There was no immediate estimate of damage, as it continued today to pile up.

Evacuees by the thousands crowded into schools, churches and other sturdy concrete buildings from Morehead City to Charleston, S. C.

There was an easing of tension farther north as hurricane warnings were lowered, with the threat there either diminished or gone entirely. The hurricane alert of the last three days was lifted late Thursday from the Delaware breakwater north.

The greatest danger continued today along the North Carolina and Virginia coasts, with hurricane warnings still up from Cape Romain, S. C., to the Virginia capes.

The highest winds were about 100 miles an hour, occurring in squalls north of Wilmington to Cape Hatteras.

Tides were expected to be about eight feet above normal today along the Carolina coast.

Falling power lines forced many hospitals to turn to auxiliary power. Radio stations in many places were off the air.

National Guard trucks evacuated more than 2,000 persons in New Bern, N. C., from their homes near the waterfront to higher ground within the city.

It was a common sight to see parents standing in shoulder-deep water holding their children over their heads, waiting for the guardsmen to come and get them.

Governor Luther Hodges ordered the National Guard unit at Washington, N. C., to duty to assist in evacuation of 1,000 refugees from the rapidly rising Pamlico river. Other guard units were called out to prevent looting.

Claims New Brunswick Will Be Half French

Memramcook, N.B. — (CP) — An English-speaking native of New Brunswick said today his province may soon be 50 per cent French-speaking and suggested the situation may be an opportunity to give an example of mutual respect between Canada's two main racial groups.

John Fisher, well-known radio commentator, in an address delivered in French on the grounds of the University of St. Joseph, said the language question is an interesting aspect of regional development.

"What an opportunity to show good sense and good faith. 'It is our chance to show the rest of the world how different racial groups can get along well . . . if we are governed by our common sense, we will try to become bilingual,'" he said.

Mr. Fisher, guest speaker at a gathering in this first Acadian centre founded after the 1755 Acadian expulsion celebrated this year, said the University of St. Joseph might well serve as an example to English-speaking universities for its work in two languages.

"Descendants of the loyalists are proud people and justly so of their ancestors, but they will lose none of their legitimate pride in learning the language of the other half of the population," Mr. Fisher said.

"The descendants of the first Acadians are proud of their heritage, but they will lose nothing in getting to know better their English-speaking compatriots . . . New Brunswick is a crossroad. Let both sides have enough

courage to show the world what we can do."

Mr. Fisher said the day may come when the premier of New Brunswick will be an Acadian and the post of lieutenant-governor of the province alternate between an Acadian and an English-speaking resident.

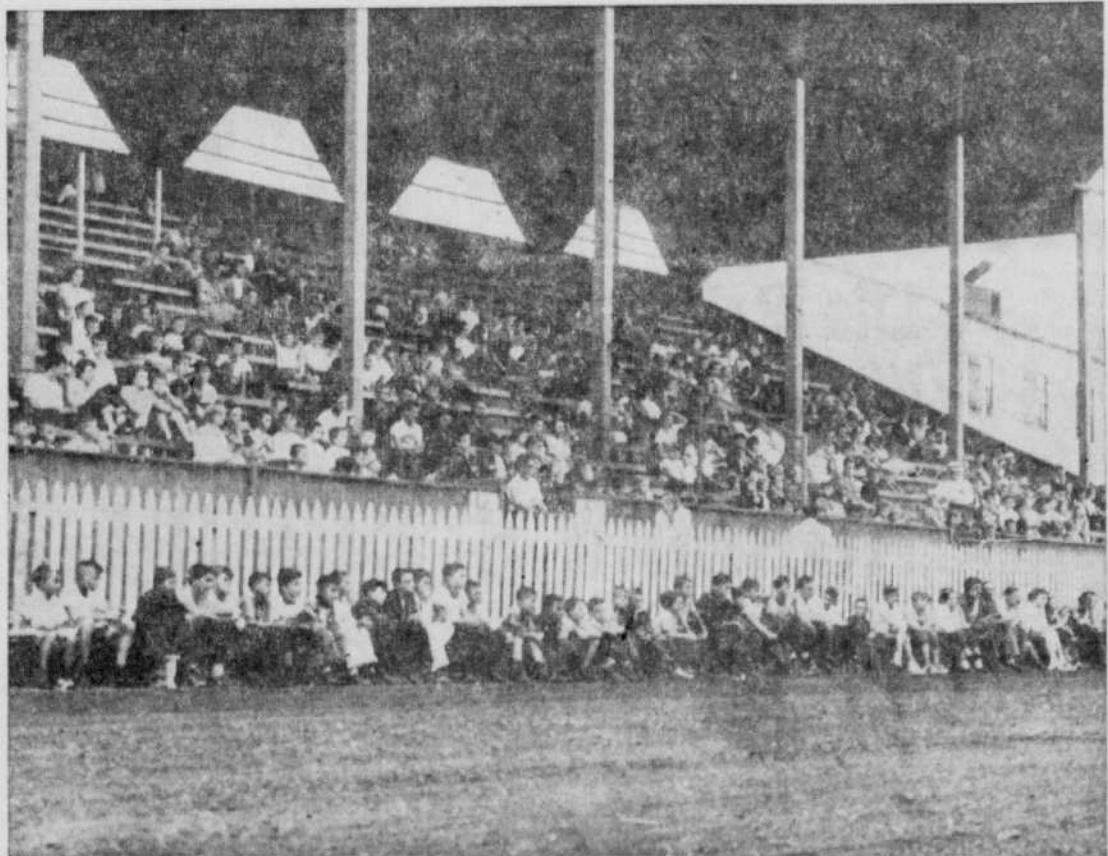

Duplessis Asks Drive Against Highway Abuse

Quebec — (P) — Premier Duplessis appealed yesterday to the Quebec Chamber of Commerce to launch a campaign against abuse of provincial highways.

Between \$6,000,000 and \$7,000,000 damage is caused each winter to highways in the province, he said, much of it by overloaded vehicles.

A delegation from the Quebec chamber met with the premier and Solicitor-General Rivard to ask action regarding advertisements and tourist bureaux at the outskirts of the city. The chamber complained many of the signs were deliberately misleading to tourists.

Mr. Rivard said some 40 signs found to be contrary to the law had been ordered removed.

Children's Day At Richmond — Despite intermittent showers all yesterday afternoon, crowds of children attending the opening day of the Richmond Fair yesterday took advantage of the free grandstand show staged by the Associated Entertainment Enterprises of Toronto. Some crowded into the shelter of the grandstand, but many more preferred to sit along the track by the fence to get a closer view of the performers. (Record Photo by Gerry Lemay)

Beerworth is Secretary-Treasurer, at the office, 119 Wellington Street North, in the City of Sherbrooke, incorporating the news service of The Canadian Press, The Associated Press and Reuters.
The Record is a member of the Audit Bureau of Circulation, its circulation being regularly audited and guaranteed.

FRIDAY, AUGUST 12, 1955

The Same Old Story

The question of fluoridation of water has become an active issue all over Canada, although we must admit that in Sherbrooke the more elementary problem of filtration still remains to be dealt with to assure the inhabitants of a supply of good water.

But like all new discoveries, fluoridation has aroused fears in the minds of the timorous and the uneducated. It is only a few years ago that newspapers of this country were besieged by timorous souls who feared the dangers of pasteurized milk and Sherbrooke aldermen less than two years ago were faced with an active campaign against the by-law to compel the pasteurization of all milk sold within the city limits.

The ridiculous crusade against

chlorination of Vancouver's water supply — in the face of all scientific opinion — was only a brief decade ago. And who can forget the frantic letters against toxoid to prevent diphtheria.

In earlier days there were anti-vaccination riots — but in spite of all, truth prevails in the long run. Vaccination conquered smallpox, chlorination conquered typhoid. Toxoid against diphtheria has reduced that disease almost to the vanishing point and pasteurization of milk has saved the lives of thousands of children.

In the current campaign waged by the fearful and the ill-balanced, history is repeating itself. Ignorance, selfishness and fanaticism cannot in the long run prevail.

The Good Old Days

Forty years ago folks boiled coffee and settled it with an egg; the only reds known were red flannels; and a boy didn't think he had to have a vehicle to pursue happiness.

People were more interested in the contentment of each other than they were in that of cows; ladies rode side-saddle and when a preacher said a truth, the people said "Amen."

A candidate had to be economy-minded to get elected to office; neighbors asked about your family and meant it; and when a man dress-

ed for the evening he put on a night-shirt.

Folks used toothpicks and were still polite; and neighbors got fresh liver at hog-killing time.

Two or three people could meet without passing the hat; parents were the only baby-sitters; and men worked for an honest living without wishing for one.

A man's word was as good as his bond; Rip Van Winkle slept for 20 years and no one asked him to endorse a mattress, and men made the same wife do a life-time.

The Price Of Progress

We save time and labor by all our modern devices — and then we proceed to fill up the time so saved by plunging into a feverish whirlpool of other activities so that the leisure we ought to have disappears.

We can do so many things faster and more easily that speed and ease become the key words of our lives. We do not read books and magazines — we read digests. We do not walk, we go in a car. We do not plough barefoot behind a team

of horses, we use a tractor.

The whole pattern is of one piece, typified by speed in place of leisure, facility in place of thoroughness, the pavement in place of the good earth.

A certain sense of achievement involved in overcoming difficulty breeds a mental, emotional and spiritual health which is sadly lacking in these days of easy accomplishment and can only be restored on the land and close to nature.

This And That...

Doctors in Argentina are on strike in protest against the death of one of their profession in mysterious circumstances while in police custody. This is the latest evidence that the Peron dictatorial regime is cracking up — strikes, protests, armed revolt, rumors, government changes, all seem part of a new and dramatic picture.

In his reshuffled Alberta cabinet, Mr. Manning is premier, attorney-general and minister of mines. Disposal of his spare time should not be a serious problem.

Water doesn't burn. Yet forest fires destroy fishing as surely as they waste timber and ruin vacation haunts. Forestry and fishing are closely allied.

Answer to Previous Puzzle

Great German Industrial Boom Is Threatened

By BRACK CURRY
Bonn — (AP) — West Germany's high-powered economic boom is colliding head-on with an acute labor shortage.
Just as the country prepares to put men under arms in a new army, the reserves of labor for its expanding industries have been practically exhausted. Full employment exists in the two main industrial states of North Rhine-Westphalia — home of the Ruhr — and Baden-Wuerttemberg.
Julius Scheibel, president of the federal employment office, says, "German labor market conditions will almost unavoidably resemble those in Britain within a very short time."
Employment has soared to an all-time high of more than 17,000,000 persons or 1,000,000 more than a year ago. Unemployment has dropped to the lowest point since the drastic currency reform in 1948.
The number of registered jobless now stands at 566,000, compared with 934,000 a year ago. But only 272,000 of the unemployed are men and many of them are not fully employable. Within the last month the number of jobless dropped by 83,000.
Industry leaders fear the severe shortage of skilled workers will put a roadblock in the way of the production increases needed to supply German's growing export

THIRTY YEARS AGO

From the Record of Wednesday, August 12, 1925.

The birth rate in Canada for March of this year was lower than in the four preceding years, according to a statement issued by the Dominion Bureau of Statistics. Total births for the registration areas of Canada, which do not include the Province of Quebec, numbered 6,810 males and 6,515 females.

Sir Frederick Maurice, chief of operations of the British General Staff, during the war, said in an open conference of the institute of Politics yesterday that Gibraltar and Aden, rather than the Suez Canal, are regarded by Great Britain as strategically vital for the defence of her route to India from flank attack.

The discovery of nickel in Senneterre Township, in the Abitibi District, has been reported to the provincial mining bureau in Quebec and expert examination has shown the ore to be of the same grade as that of Sudbury, Ont.

trade and increasing homefront consumption. They emphasize that the big German boom has been built on a large reservoir of manpower. In the last five years, more than 1,000,000 workers — many highly skilled — have come over from Communist East Germany and been fully absorbed.

Now, the National Chamber of Commerce and Industry reports that some employers are raiding the labor ranks of other industries by offering higher wages and better working conditions. The metal industries especially are trying to obtain labor from the textile industry, the chamber says.

Industrial concerns also are buying much space in newspapers to advertise for technicians, engineers and skilled workers.

The bank Deutscher Laendes — the federal bank — has just recommended a slowdown in the housing program, partly as a result of the labor shortage. The bank said the construction industry urgently needs an additional 16,000 skilled workers.

High wages in industry are drawing off labor from the farms. In Baden-Wuerttemberg, Italians have been imported to help with this year's harvest. The Bavarian Farmers' Association says 10,000 Italians are needed on farms there.

Federal Agriculture Minister Heinrich Luebbe, who urged more importation of Italians, says foreigners will be required to replace German farmers recruited for military service and to help increase agricultural production. With all this pressure is mounting for the government to go slow on rearmament. Industrialists especially ask: "Where are the replacements for men who are to be pulled into the armed forces?"

The new army eventually will number 500,000 soldiers, sailors and airmen.

ICELANDIC NAME

Hnausa, Manitoba village first settled by Icelanders, was named from the Icelandic word for "uneven ground."

HISTORIC ISLE

He aux Coudres in the St. Lawrence 60 miles below Quebec was so named by Cartier in 1535 because of its hazel nuts.

MISSION CENTENARY

A Church of England diocese was formed in Borneo in 1855, shortly after the first missionaries reached here.

"Now More Than Ever, Uncle!"

Bygone Days

TWENTY YEARS AGO

From the Record of Monday, August 12, 1935.

Sam Gobeil, present sitting member, was the unanimous choice of Compton County Conservative Convention at Cookshire, Saturday. Meanwhile the Minister of Agriculture replied to MacKenzie King's charges of

"dictator" and declared Canadian farmers benefitted \$40,000,000 in high pork prices due to Empire pacts, and at the same time, J. Hackett, Stanstead member, charged the Liberals with inconsistency.
Chancellor Adolf Hitler whose silent retreat to Berchtesgaden bred reports that

Jacoby On Bridge

By OSWALD JACOBY

THEORY EASIER THAN REAL PLAY

Perhaps North and South should have bid up to five clubs in today's hand, but this would have been a very lucky contract. On the basis of their cards, they should have stopped at a comfortable part-score contract. When the hand was actually played, however, South made game at no-trump, and it was very hard to blame anybody for the defensive error that gave him the game.

West opened the king of spades, and South held off until the third round of the suit, discarding two small diamonds from the dummy on the second and third spades. South next led a low club and was glad to cover West's eight with dummy's nine of clubs, thus making sure that East would have to win the trick.

Thanks to the hold-up, East was out of spades. After some fear and trembling, East returned a low diamond, and West's jack forced out dummy's ace.

South now ran the clubs. On the third club, West discarded a low diamond, while East was still following suit. On the fourth club, East had to discard first and was still uncertain as to which red king his partner held. Could East afford to unguard the queen of diamonds, or should he discard a heart?

After more fear and trembling, East discarded a heart. South knew the situation, of course, and decided to help the situation along by discarding a heart likewise. This discard fostered the impression that declarer had no interest in the heart suit.

West likewise saw the situation and hoped to warn his part-

ners were directing the recent religious restrictions, today broke his self-imposed silence to assure his cheering adherents at Rosenheim that the Nazi party would smash its opponents, while other leaders added to the disquiet of the Jews with threats of future strictures upon them.

ner to save hearts by discarding a heart from his own hand. Unfortunately, West's discard was the nine of hearts, which was high enough card to give the impression of strength. Hence East discarded another heart when dummy led the fifth club, and now South made three heart tricks and his game contract.

There were, of course, many ways for the defenders to solve their problem, but even experts may be forgiven for going wrong. Such hands are easier to defend on paper than they are at the table.

CARD SENSE

Q — With neither side vulnerable, the bidding has been: North East South West 1 Heart 2 Clubs ? You, South, hold: Spades 7 5 3 Hearts K 9 5 2 Diamonds A 8 6 5 Clubs J 8 3

What do you do? A — Bid two hearts. The distribution is poor, but four trumps, an ace, a king, and a doubleton are still worth a free raise.

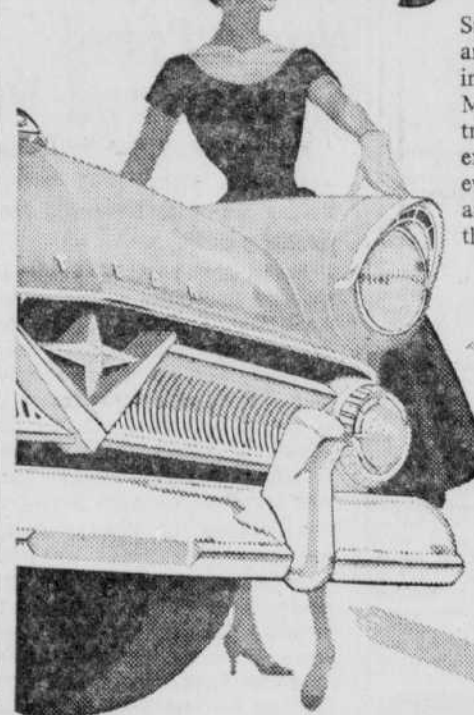

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades 7 5 3 Hearts K 9 5 2 Diamonds A 8 6 5 Clubs J 8 3

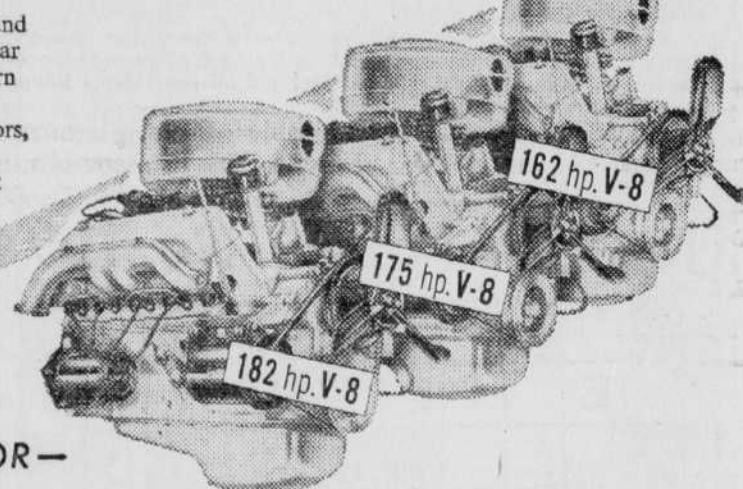

What do you do? Answer Tomorrow

THE CHIBOUGAMAU STORY

The sudden emergence into prominence of the entire Chibougamau area as a source of transcending importance for the mining of copper ore has attracted worldwide attention, and has captured the imagination of the investing public, particularly in view of the sharp advance of the price of copper in world markets, commensurate with the current short supply, now acute.

Fervent development is presently being undertaken by producing companies, and also an imposing number of others rapidly approaching production as well as many interests vigorously proceeding with intensive exploration. In our opinion, the shares of many of these companies active in Chibougamau present an excellent opportunity for capital appreciation.

We have made a presentation of the highlights of this fascinating story, and have a limited number of copies available for distribution.

Send for your FREE copy of this readable, factual and authentic story.

"A job like mine takes it out of you"

"But Labatt's IPA puts it right back in," says Stanley Cannon, Willardale, Ont.

You know it yourself—there are times when only a man-size ale can satisfy your craving for a real man's drink. That's the time to reach for IPA... the man's ale with real body and flavour to it. A man-size taste in ales calls for Labatt's IPA—bricklayer Stan Cannon knows it. You should get to know it, too.

Find out about IPA... the ale that satisfies the man in you! Enjoy IPA the next time you're in your favourite hotel or tavern, or when you order ale for your home. Start enjoying the ale with body... flavour... ZEST! The man's ale—IPA!

THE SWING IS DEFINITELY TO LABATT'S

Mr. and Mrs. Bernard U. Taylor, of New York City, arrived yesterday to be guests of Hon. Senator Charles B. Howard, at Howard's Island, Lake Memphremagog.

Rev. A. V. Ottiwell, McManamy Blvd., is leaving tomorrow for Montreal, where on Sunday, he will take the services in the St. Thomas Anglican Church. He will be the guest of his brother and sister-in-law, Mr. and Mrs. Frank Ottiwell, for the week-end.

Mr. and Mrs. Don Barfield, of Moncton, N. B., were recent guests of Mr. and Mrs. E. W. Bryant, McManamy Boulevard.

Mr. and Mrs. Douglas Arnott, have returned to their home, on Quebec St., following a three week's motor trip through Southern Ontario.

Mrs. Henry Saunders who has been visiting her daughter, Mrs. Ralph Saunders, at Newport, Vt., left today for Boston, Mass., where she will be the guest of her sister, Mrs. T. Freeman.

Miss Alice Campbell, Quebec St., has returned from Cape Cod, Mass., where she was a guest, for two weeks, of Mrs. Roger Genest, at her summer home at Falmouth Heights.

Mrs. Charlie Montgomery, of Randboro, accompanied by Mrs. Harry Hogge and daughter, Phyllis, of Thetford Mines, have returned from a ten day trip around the Gaspé Peninsula, New Brunswick and Maine.

Mrs. F. W. Lyster and Miss Mildred Lyster, who have spent a week with Mr. H. E. Grundy, Q. C., and Mrs. Grundy, Quebec St., expect to return on Saturday, to their home, in Thetford, with Mr. Lyster, who has been a patient in the Sherbrooke Hospital.

Mr. and Mrs. Norman Coates, who are leaving shortly to take up residence in Shawville, Que., were guests of honor at a surprise farewell party, given by friends, recently, at the Brompton Road Community Hall. Close to 200 relatives and

friends enjoyed the evening dancing to the music of Russell Nutbrown's orchestra.

During an interlude Mr. Barclay Westgate presented Mr. and Mrs. Coates with a purse of money and voiced best wishes for their future happiness, on behalf of those present. Both Mr. and Mrs. Coates replied with a few well chosen remarks, following which refreshments were served and dancing resumed for the remainder of the evening.

Mrs. Stanley Wheatley, who spent a week with her parents, Mr. and Mrs. Lewis Dunsmore, Portland Ave., is leaving this afternoon, for her home in St. Lambert.

Dr. David Marcus, of Tucson, Ariz., Mr. and Mrs. Victor Plastock, of Cleveland, Ohio, and Mrs. Shep Shapiro, Ste. Agathe des Monts, were recent guests of Dr. and Mrs. Simon Marcus, Dufferin Ave.

Mrs. Thomas Hanley and young son, Timothy, of Long Island, N. Y., left yesterday after spending ten days with their aunt and cousin, Mrs. James Clowery and Miss Brenda Clowery, Mount Pleasant St. They also visited other relatives in the city.

Miss Geraldine Hebert and Mrs. Frank Wielgus have returned from Montreal, where Miss Hebert was the guest of her brother and sister-in-law, Mr. and Mrs. E. A. Hebert, and Mrs. Wielgus visited her father, Mr. A. Swinton, for a few days.

Mr. Luc Bertrand, of l'Assomption, arrived yesterday and is a guest at Armitage Hotel Court. On Saturday morning his marriage to Miss Pauline Rita Metivier will take place in St. Patrick's Church.

The marriage will take place quietly, in Richmond, on September 17th of Lena Beverley, eldest daughter of Mr. and Mrs. Lorimer Willey, of Richmond, to Kenneth Evan Newman, son of Mr. and Mrs. Robin Newman, of Kingston, Jamaica.

Mr. and Mrs. Raymond Bertrand, the Misses Elaine, Christine and Lucie Bertrand, Mr. Andre Bertrand and Miss Elise Urbise, of Notre Dame de Grace, are guests at the Armitage Hotel Court, for the week-end, while here to attend the Bertrand-Metivier wedding, taking place tomorrow.

Mr. and Mrs. Ronald Light and young son, David, who spent three weeks with the former's parents, Mr. and Mrs. C. Evans Joslin, Howard Ave., and Mr. Light, who was a guest at the same home, for a week's holiday, have left to visit Mr. Light's parents, Mr. and Mrs. Keith Light, in Ottawa, before returning to Port Colborne, Ont.

Deep rose carnations and lighted matching candles in silver holders were the attractive table arrangements at the Sherbrooke Country Club tea on Tuesday afternoon, which was an outstanding success. Pouring were, Mrs. E. Blouin and Mrs. F. Steben.

The members were reminded that the next week's tea will be held on Thursday, August 18, following the ladies tournament.

DAVIDSON HILL AND BETHEL—

Mrs. J. W. Davidson accompanied her son, Wilbur Davidson, B.A., to Iron Hill, where he took charge of the Sunday services. They were dinner guests of Mr. and Mrs. Battley in North Shefford.

Mr. and Mrs. Roy Davidson and two children have returned to their home in Montreal after spending the week-end at the home of his mother, Mrs. A. Davidson, and family.

Mr. W. Proulx, Mrs. William Robinson, Miss Irene Davidson, T.A., and the Misses Irene, Donna Ann and Darline Davidson, of Toronto, and Mrs. A. Davidson attended Waterloo Fair.

Previous to the service Mr. Grenville Steeves sang "The Lord's Prayer," accompanied by Mrs. C. J. Staples at the organ. During the signing of the register, Mr. Steeves sang "O Perfect Love." The bride and her attendants entered the church to Handel's "Minuet from Berenice," and the bridal party left the church to the strains of Mendelssohn's "Wedding March."

Mr. Lewis gave his daughter in marriage and she was attended by her aunt, Mrs. Ben C. Howard, of Sherbrooke, Que., and Miss Barbara Michaliches, of Moncton.

For her wedding, the bride chose a waltz-length gown of white Chantilly lace over satin, enhanced by tiers of nylon tulle ruffles at either side of the gown, and a tiny stand-up collar of lace, on which she wore a gold and pearl brooch belonging to her

grandmother. A close-fitting net headdress trimmed with iridescent sequins and seed pearls held her fingertip veil of lace-edged tulle and she carried a single white orchid and white prayer book bound in lace.

FUNNEL LINE — From Paris comes this new style for coats, described as the "Funnel Line." It is featured here in a grey, green and pink wool tweed. The fullness is obtained by deep box pleats starting from below the pocket flaps and held down by a button. A moderately tailored collar completes the coat. (CP)

MARRIAGES

DREW-GRAINGER

Waterville, Que. — The marriage took place very quietly in the United Church, Waterville, of Priscilla Jean, only daughter of Mr. and Mrs. J. R. Grainger and Gerald Burnham Drew, oldest son of Mr. and Mrs. Cyril Drew, Hatley, Rev. Mr. Mallilieu officiating. The bride given in marriage by her father, wore a ballerina length gown of lace and nylon net over white satin having bouffant style skirt with lace front panel and matching lace bolero jacket. Her fingertip veil was held in place by a cap of lace and simulated pearls and she carried a spray of red roses.

The bride's only attendant Miss Lorraine Wilkins, wore a ballerina length dress of pink brocade nylon taffeta with matching jacket, white accessories and a nosegay of multicolor sweet peas.

Mrs. Grainger, mother of the bride, wore a navy sheer dress with white accessories and a corsage of white carnations. Mrs. Drew, mother of the groom, was in a turquoise linen dress and she wore white accessories and a corsage of white carnations.

Following the ceremony a reception was held at the home of the bride's parents, where the rooms were decorated with red peonies, and the bride's table was centered with the three-tier wedding cake, encircled with blue delphinium and white candles in silver holders.

For their wedding trip to the New England States the bride wore a pink printed silk dress with a white nylon stole, white accessories and a bracelet corsage of red roses. Mr. and Mrs. Drew will reside in Hamilton, Ont.

PARKER—LEWIS

Moncton, N. B. — Miss Dorothy Elizabeth Lewis became the bride of Mr. Murray Noah Parker in St. George's Anglican Church, Moncton, at three o'clock Saturday, August 6.

The bride is the daughter of Mr. and Mrs. J. Arthur Lewis, of Moncton, and Mr. Parker is the son of Mrs. Frederick J. Parker and the late Mr. Parker, of Windsor Mills, Que.

Previous to the service Mr. Grenville Steeves sang "The Lord's Prayer," accompanied by Mrs. C. J. Staples at the organ. During the signing of the register, Mr. Steeves sang "O Perfect Love." The bride and her attendants entered the church to Handel's "Minuet from Berenice," and the bridal party left the church to the strains of Mendelssohn's "Wedding March."

Mr. Lewis gave his daughter in marriage and she was attended by her aunt, Mrs. Ben C. Howard, of Sherbrooke, Que., and Miss Barbara Michaliches, of Moncton.

For her wedding, the bride chose a waltz-length gown of white Chantilly lace over satin, enhanced by tiers of nylon tulle ruffles at either side of the gown, and a tiny stand-up collar of lace, on which she wore a gold and pearl brooch belonging to her

grandmother. A close-fitting net headdress trimmed with iridescent sequins and seed pearls held her fingertip veil of lace-edged tulle and she carried a single white orchid and white prayer book bound in lace.

The matron of honor, Mrs. Howard, was dressed in a waltz-length gown of champagne color Chantilly lace over taffeta of the same shade with fitted bodice and flared skirt. Her headdress was a Paris import of iridescent shells and she carried a semi-cascade of pink gladioli.

Miss Michaliches, the bridesmaid, wore a waltz-length gown of mauve nylon tulle with tiny bolero and accessories to match, and she carried a semi-cascade of yellow and mauve chrysanthemums.

The mother of the bride wore a smoke-grey nylon crepe dress with a long torso line and flared skirt. She wore a lavender Milan straw hat with other accessories to match her dress and a corsage of pink roses.

Mrs. Parker chose a dress of Dior rose silk shantung. Her accessories were of navy blue and she wore a corsage of pink gladioli.

Mr. James Dykes, of Windsor Mills, was best man for Mr. Parker, and the ushers were Mr. Ben C. Howard, of Sherbrooke, and Mr. George E. Lewis, of Moncton.

The reception was held at 93 Victoria Street, the home of Mrs. V. P. Doucet, where the rooms were decorated with white gladioli and garden flowers.

Mrs. V. P. Doucet poured tea at the reception while Miss Ruth Duffey, Mrs. David Fowles and Miss Elizabeth Palmer, friends of the bride, served the guests.

For travelling, the bride wore an American Beauty rose and white dress of silk shantung and matching rose linen coat on which was pinned a single white orchid. Her accessories were all white.

Following the reception, Mr. and Mrs. Parker left on a wedding trip around the Cabot Trail. On their return, the couple will reside at 50½ Rue St. Philippe, Windsor Mills, Que.

STANBRIDGE EAST—

Ladies' Aid Society Holds Meeting

Stanbridge East — The August meeting of the Ladies' Aid Society was held at the "Lodge," with Mrs. Ramsey hostess.

Mrs. Neil Baker conducted the brief business session following the opening prayer by Rev. Mr. Reynolds.

The minutes were read and Mrs. Baker welcomed the many visitors and extended a vote of thanks to Mrs. Ramsey for her hospitality. The members were pleased to welcome Mrs. Louis Bockus as a new member.

Arrangements were completed for a service to be conducted by Rev. Mr. Reynolds in the Stone Church on Sunday evening, September 18.

Thanks were extended to Mr. John Martindale of Massachusetts, a former resident here, for a donation of \$5 to the Cemetery Memorial Fund. To date the donations to that fund since May amount to \$25.

The children present enjoyed the recently completed swimming pool and sand box in Mrs. Ramsey's lovely garden, while a pleasant social hour was spent by their elders on the verandah, where tea was served.

General Notes

Mr. Aubrey Gady, of the Wales Home in Richmond, John Marshall, of Lachine, Miss Terrill, of St. Lambert, and Mrs. Eaton, formerly of Lancaster, Ont., have been spending some time with Mrs. Ramsey at "The Lodge."

Miss Irene Corey has been spending some time with her nephew, Mr. John Martindale, and family, of Boston, Mass., who are vacationing at Lake Carmi, Vt. She also visited in Franklin, Vt.

Mr. and Mrs. Stanley Cochran attended the funeral service at Bedford United Church and the burial rites at Noyan of Mrs. Roland Derick, formerly Nellie Stevens.

Mrs. Fred Cook has been on the nurses' staff at the Sweetburg Hospital.

Diamond Wedding Celebrated By Local Couple

The sixtieth wedding anniversary of Mr. and Mrs. Thomas A. Loughheed, was fittingly celebrated on Monday, August 8, at their home, Laurier Ave., which was profusely adorned with baskets and vases of flowers, gifts from friends in honor on this memorable occasion.

"Open house," arranged by their three daughters-in-law, Mrs. Stanley Loughheed, Mrs. Albert Loughheed and Mrs. R. M. Loughheed, brought together a host of relatives and friends which bore testimony of the high esteem in which the jubilarians are held in the city and community.

Received by the hostesses, the guests proceeded in the direction of the dining-room where refreshments were served from the lace covered table, centered with the wedding cake, topped with a small vase of sweet peas.

Miss Verna Hatch presided at the silver service, and Miss Fannie Knapp, Mrs. Jack Leckie and Mrs. Oliver Desjardins, assisted in serving.

Mr. and Mrs. Loughheed were the recipients of many lovely gifts, cards and telegrams and a purse of money.

The out of town guests were, Mr. and Mrs. Louis Desjardins, and Mrs. Oliver Desjardins, of Quebec City.

DUNHAM—

Mr. and Mrs. Ira Whipple, of Ayer's Cliff, spent the week-end with Mr. and Mrs. Lynwood Rowse. Murray Rowse returned home with them for several days.

Rev. Mr. Standish, of Merriton, Ont., with his father and mother, Mr. and Mrs. Ernest Standish, of Farnham, recently called on friends in Dunham.

Mrs. Frank Judge and daughter, Joan, of Abbotsford, were guests of Mr. and Mrs. R. W. Paul.

Mr. and Mrs. W. S. McElroy and Miss Helen McElroy, motored to Lachute, and were accompanied home by Mrs. Maud McElroy and E. McElroy.

Mrs. Rebecca Domingue and daughter, Miss Margaret Maguire, were guests of Miss Bertha Rice and Mrs. Dalphe.

CANTERBURY EAST—

The Canterbury Women's Institute sponsored a picnic at the farm of Mr. William Irving, when many of the children and their parents attended. Swimming, racing and games were enjoyed and ice cream and prizes were furnished by the Women's Institute.

Guests at the home of Mrs. Charles Goodwin and Mrs. Ma-her included Mrs. Addie McCallum, Mrs. Harry Durando, of New Jersey, Mrs. Harold Johnson, of Phillipsburg, Mrs. Lewis Rivers, of St. Armand, Mr. Fred Page, of Sherbrooke, Mrs. Westcott and Mrs. Ted Westcott, of Strathmore, Mrs. Scott, of Verdun, and Mrs. Fred Forbes, of Grindstone, Magdalen Islands.

Mr. and Mrs. David H. Talbot and children, Cheryl and Candice, of Toronto, are spending their holidays with their uncle and aunt, Mr. and Mrs. Justin Sherman.

Mr. and Mrs. Gene Gray and Master David Gray returned to Sherbrooke after spending the week-end with Mrs. Gray's parents, Mr. and Mrs. Jacklin.

TUESDAY, Aug. 16 — 9:00, Judging Shorthorn calves; Hereford calves.

9:30 Judging inter-club exhibits.

3:00 Calf Parade.

4:30 Departure for home.

PREPARING FOR COOKSHIRE FAIR — Secretary-treasurer of the Compton County Agricultural Society Walter Hodgeman, left, hoists a stone into place as workmen build a new stone unloading platform at the Cookshire fair grounds in preparation for the Cookshire Fair starting Sunday. On the right is Gerald Warburton of Birchton. (Record Photo by Gerry Lemay)

Officials Predict Greatest Fair In History; More Entries Received Than In Previous Years

By HUGH DOHERTY
 Cookshire — The annual fair of the Compton County Agricultural Society opens here on Sunday, and continues Monday and Tuesday with prospects shaping up for one of the largest fairs in the history of this Eastern Townships community.

Secretary-treasurer of the Society, Walter Hodgeman

says that the over-all entry list at this time is much bigger than in previous years. "Although our cattle section this year is smaller than usual," Hodgeman says, "our total entry list is just about double what it was last year at the same time." The ladies' perennial show-stoppers at Cookshire, are again going all-out for this year's fair. Hodgeman

says "our ladies' department is much larger this year than last."

Because of the size of this particular section, judging will start Saturday afternoon. Entrants are reminded that all exhibits must be in place by 11 a.m. Saturday morning.

Judging in the large horticultural department will also take place Saturday.

Work on the fairgrounds has been going on for some time in preparation for this year's exhibition. A new wire fence has been constructed in front of the grandstand, and a stone unloading platform built to replace the former wooden one.

The huge Model Shows midway will be in full swing Sunday afternoon with their 20 carloads of rides and concessions. Monday will be Children's Day, and the kiddies will be admitted free of charge to the grounds. In addition, reduced prices will be the order of the day on the midway.

Harness racing in front of the grandstand will take place every afternoon of the fair, beginning at 2:30 p.m. with some of the best horses in the district competing for the purses. A farm machinery parade will be held in front of the grandstand Sunday afternoon, followed by livestock and calf club parades Monday

and Tuesday afternoons.

The varied, fun-filled stage show of the Associated Entertainment Enterprises will take place on the stage in front of the grandstand each night of the fair, beginning at 8 p.m. and each afternoon at 2 p.m.

Art Bennett of Sawyerville will act as master of ceremonies for the stage shows.

One of the most active Junior Departments will begin its events on Monday at 9 a.m. with the Island Brook Calf Club fair. Consisting of beef calves, the junior section of the fair includes three Eastern Townships 4-H Calf Clubs — Bury, Island Brook, and Lennoxville. Their annual banquet will be held Monday night at 7 p.m. while judging competition, and inter-club judging of exhibits will take place Monday and Tuesday.

Many of the best judges in the district will officiate at the Cookshire fair again this year. They are as follows: Sheep, W. G. MacDougall, Lennoxville; horses, H. R. Ross, Sherbrooke; Herefords and Aberdeen Angus, R. McKiven, Waterville; Shorthorns, Robert McDonald, Sr., Cookshire; dairy products, Laval Thibodeau, Sherbrooke; field crops, W. S. Richardson, Lennoxville; cooking, Miss Margaret MacDougall, Lennoxville; sewing, Miss Altimas, Macdonald College, Ste. Anne de Bellevue, flowers, L. Matton, Lennoxville; poultry, Jules Brosseau, Sherbrooke; Jerseys and Ayrshires, J. A. Ste. Marie, Lennoxville; inter-club, Col. J. H. Tremblay, Sillery; Holsteins, J. D. Lang, Drysonville; swine, Dr. Bernard, Lennoxville; maple products, H. Joliffe, Lennoxville.

Rural Youth Program On Display At Cookshire Fair

Expect 100 Members From 4-H Calf Clubs In Junior Activities

Cookshire — Some 100 members of three 4-H Calf Clubs in the district will be coming to the Cookshire Fair Sunday, Monday and Tuesday to take part in Junior Department activities which are just one portion of a rural youth program designed to build good character as well as modern efficient agricultural methods.

The members, all between the ages of 10 and 21, will be from the Lennoxville, Bury and Island Brook 4-H Calf Clubs. They all have "head, heart, hand and health" in abundance — the

four H's to which their organization is dedicated.

These three particular clubs are concerned with cattle — both dairy and beef animals — but 4-H clubs across the Dominion, comprising some 68,000 members, concern themselves with various rural projects. There are 4-H potato clubs, for example, and tree clubs, and many others. Last year, 4-H club members in Quebec planted some 115,000 trees in the province, and established six new tree nurseries.

Each of the Calf Clubs going to the Cookshire Fair, like all the others in Canada, is a miniature lesson in democratic government for its members. Each has a president elected from among the members, a vice-president and a secretary-treasurer. They conduct meetings, usually about eight or ten a year, and carry out the business of the particular club.

To each of the clubs is assigned a supervisor, generally the district provincial agronomist, who gives the members instruction in the raising, breeding, care and showing of cattle. The only membership requirement is that the member must own a calf — either dairy or beef — and must be prepared to train it and care for it.

The Lennoxville club, largest organization going to Cookshire,

4-H CALF CLUB MEMBERS of the Lennoxville 4-H Calf Club are shown above prior to leaving for the Cookshire Fair which starts Sunday and continues Monday and Tuesday. These members, all owners of beef calves, will join members of the Island Brook and Bury 4-H Calf Clubs for Junior Department activities starting Monday at the Fair. Left to right are: Charles Warner, Audrey Hoy, Ann Warner, Clair Chapman, Ronald McElrea, Neville Ross, Robert Nichol, John Nichol, Hugh MacDonald, Ardyth Painter, Murray Gardner, Robert Allen, Garth Beattie.

comprises some 48 members under the supervision of W. G. MacDougall, Sherbrooke district agronomist. President is Ernest Turner, vice-president is Bob Bowers, and secretary-treasurer is Audrey Hoy. Members of this club raise both beef and dairy calves.

The Island Brook club, with 37 members, raises both beef and dairy cattle too, while the 15-member Bury club is predominantly a beef cattle organization. But the choice of breed is left up to the discretion of each member. Both of these clubs are

under the supervision of Don MacMillan, Cookshire district agronomist.

President of the Bury club is Wendell Gaulin, and secretary-treasurer is Jimmy McLeod, while president of the Island Brook club is Terry Lowry and secretary-treasurer is Betty Painter.

The fair season is the most active time of the year for all calf clubbers. Each club can send members once a year to one Class A fair — the Sherbrooke Exhibition — and one class B fair, of which Cookshire

is one. In order to give members the widest possible experience in fair work, which is the culmination of a year's preparation and learning, dairy and beef clubs are split. Beef members from Lennoxville and Island Brook join the Bury club at Cookshire, and later on dairy members from the first two clubs will go to Ayer's Cliff. Four of the best dairy calves from each club will go to the Sherbrooke summer fair and all the good beef calves go to the Sherbrooke Winter Fair. The calf clubs have their own fairs, too, called Achievement

Gaulin Cattle Perennial Fair Winners

Bury Cattleman Will Show Fifteen Head Of Prize Shorthorns

Bury — The Shorthorn breeders' battle cry — "More weight for age" — will be echoing around the Cookshire fair grounds this year with a vengeance, says Clifford Gaulin.

Gaulin, a director of the Shorthorn Breeders' Association of Quebec will be bringing 15 head of his prize Shorthorn beef cattle to the Cookshire Fair which opens Sunday and continues Monday and Tuesday. Owner of the Fordcliff Farm here, he has been breeding the great shaggy animals since 1940, and now owns a herd numbering some 35 head. Last year, his bull, Camson Cock Robin 14th was reserve champion at Cookshire, and the year before he was grand champion. In addition, Gaulin cattle have been among the perennial leaders at Cookshire.

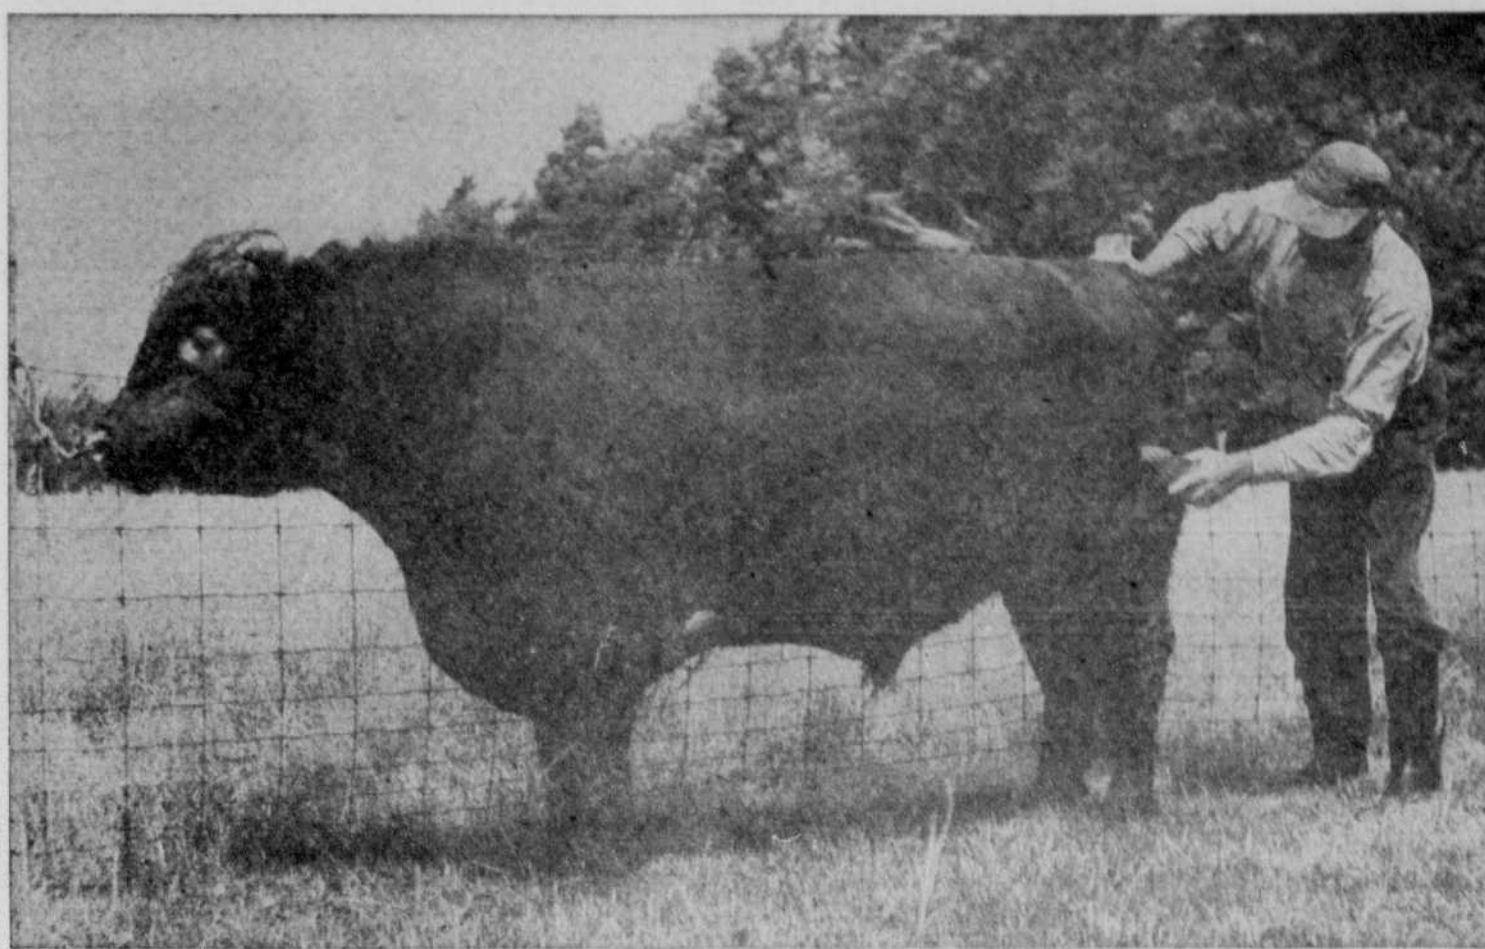

The battle cry of the Shorthorn Breeders' refers to the fact that at a given age, Shorthorn cattle—good ones—weigh more than any other breed of beef cattle at the same age. This is the claim of Shorthorn Breeders' Associations across the country.

Gaulin says the Shorthorn, which originated in the Teesdale district of England, but now has spread to Scotland, is the best of any dairy or beef breed a farmer could have. Although all Shorthorns are divided into two classes — beef and dual-purpose (both beef and milk) — by skillful breeding, a farmer can produce cattle for himself that are good milk producers, but have not lost value as beef animals. Most of the Gaulin animals are of this type.

"My Shorthorn cows excel as mothers," Gaulin claims, "because they give more milk than any other breed. We get as much as

three quarts of milk a day per head of cattle, from which we produce our own butter and cream, and still have enough to send to the creamery and the canning plant. You can't do this with any other breed of beef cattle."

Shorthorns have a long history of utility and quality behind them. First imported with the English settlers who came to Canada, they were at first, the only cattle to be found among English settlers. They provided both meat and milk; they were a hardy stock, capable of adapting themselves to the requirements of every type of country, and they required little extra care. From the first importation of Shorthorns to New Brunswick in 1825, no pure-bred cattle were produced, because only bulls and no females were brought over. However, these Shorthorns improved

PRIZE SHORTHORN BULL — Clifford Gaulin of Bury, cleans up his prize Shorthorn Bull, Camson Cock Robin 14th, in preparation for the annual Cookshire Fair which opens on Sunday, and continues Monday and Tuesday. The bull, part of Mr. Gaulin's fine herd, was grand champion at Cookshire two years ago, reserve last year, and reserve junior champion at the Sherbrooke Fair two years ago. He shows as a two-year-old. (Record Photo by Gerry Lemay)

the breed of common cattle. It wasn't until 1832 that the first importation was made from which pure bred cattle were produced when a St. Catharines man brought a cow and her bull calf into Ontario from the United States.

The breeding of Shorthorns is a fascinating business, says Gaulin, but no job for an amateur. Because "in-breeding" is now the most common method of breeding Shorthorns, there is danger when imperfect animals are used. In "in-breeding," successive generations of the same family are bred to each other. If an imperfect sire is used, then the imperfection will be intensified in offspring, and the quality of the herd as a whole will rapidly sink.

Gaulin's method of improving his herd is to buy what he terms "reasonable" females and up-grade the herd through the use of

champion bulls. "Buying good females is an expensive way of doing things," Gaulin claims.

Gaulin's efforts have paid off for him. At the Sherbrooke Winter Fair last year, he was the only Shorthorn breeder to win a major championship when a steer of his won the reserve championship for the show. His cattle, like all Shorthorns, have brought good beef prices, too.

"Choice beef cattle like Aberdeen Angus command more per pound than do Shorthorns," explained Gaulin, "but there are more pounds on the average Shorthorn animal than there are on the average Angus. Thus, a Shorthorn will bring a better price as a beef animal than an Angus."

The Shorthorn is never uniform in coloring or shape. Both beef and dual purpose Shorthorns vary in

coloring from a deep rich red to pure white. In between, is a coat color called by breeders "roan"; meaning a variation from the pure red. The roan may run all the way through to a slightly silvered red, red-tinged white. So a breeder hasn't got much to go on as regards coloring when buying good Shorthorns. But Gaulin explains that

there are other things to look for. "We never buy what is called a 'bare-faced' bull. A good bull must have feathering — long curly red hair — on its forehead, and a small, mane-like crest along its back. In general, a bull must have a masculine head, and a cow must have a definitely feminine head. And no good Shorthorn has a black nose — it should always be white."

Success to the Directors of the Cookshire Fair!

COOKSHIRE FAIR COOKING CHAMPS — Mrs. Lawrence Waldron, left, of East Clifton, and Mrs. Guy Waldron, right, of Sawyer-ville, are shown above in their respective kitchens preparing for the Cookshire Fair which opens on Sunday. The two in-laws, daughter and mother, each year enter all 32 cooking classes at the fair, and all 36 canning classes, carrying off most of the blue ribbons between them. Shown sampling some of her mother's work on the left is 5-year-old Nancy Waldron. (Record Photo by Gerry Lemay)

Mother, Daughter Duo Is Tough To Beat In Food Competition

Sawyer-ville — There's no cook like an experienced cook, except perhaps, a smart one. Even then, it's strictly a toss up. Mrs. Guy Waldron, of this small Eastern Townships community, claims the smart ones have it. Mrs. Lawrence Waldron, of East Clifton, some four miles from here, is strong for experience. The two are in-laws, mother and daughter respectively; each strong contenders for cook-of-the-year honors at the Cookshire Fair every year. This year, as last, both of them plan to enter exhibits in all 32 cooking classes, and all 36 canning classes. Who will come out on top, no one knows. Mrs. Guy is the cook with experience. She has cooked for the Cookshire Fair for over 25 years, carrying off a staggering number of ribbons and special prizes. Mrs. Lawrence is the smart one — according to Mrs. Guy. A former school-

teacher at the East Angus High School she's only cooked on a large fair scale for some eight years. But she's fast becoming the No. 1 cook and canner. Last year, she took some 27 firsts in both classes. Getting ready for the Cookshire Fair is a strenuous proposition for both cooks, and it's a last minute rush because the exhibits have to be fresh the day of judging. So both Mrs. Waldron's rise bright and early the day before judgment day — this year, it will be Friday — start cooking at 6 or 7 in the morning and go at it until after midnight. Mrs. Guy says "I'm going to try and make all classes again this year, if I don't play out. I don't know

whether I'll make it or not, but I'm certainly going to give it a try." Her specialties are shortbread and candy-making, both mouth-watering products. Mrs. Guy claims that she didn't teach her daughter-in-law a thing. "She's a better cook than I am," laughs Mrs. Guy with becoming modesty, "and a lot smarter." Mrs. Lawrence, however, says that her mother-in-law taught her how to make bread, which requires a special knack that all the brains in the world can't acquire without practice and experience. Her favorites are cakes of any kind, and she cooks many more things besides. And how does one become such a good cook? Well, the two Mrs. Waldron's are agreed on that — cook for a family. Mrs. Guy has cooked for a husband and four children, though now she cooks for grandchildren, too. Mrs. Lawrence cooks for a farm-

er-husband, and two young children. Mr. Lawrence is a big eater, but the Mrs. doesn't mind that a bit. "He enjoys eating," laughs Mrs. Lawrence, "and I enjoy cooking for him." It's a good formula for success. Fair cooking for both of the Mrs. Waldron's is nothing but a show job. When the fair is over, and the 37 some-odd exhibits have been judged, they don't count for much. The hens get them. **COOKSHIRE—** Mr. and Mrs. Grant Clouse, two young sons and young daughter, of Grimsby, Ont., are guests of Mr. and Mrs. Ronald Learned. Mr. and Mrs. Peter McDonald, Janet and Marion, of Arundel, are visiting Mr. and Mrs. Robert McDonald, Sr. Mrs. O. C. Farnsworth entertained the Art Club recently. Mrs. C. E. Manning and daughter, Elizabeth, of Richmond, spent several days with Mrs. J. A. Butler. Dr. and Mrs. Bernard Elliott and family, of Winston-Salem, N. C., spent several days with Mrs. R. M. Elliott. Miss Ann Cruickshank, of Inverness, was an overnight guest of Dr. and Mrs. Bennett. Recent callers at the same home were Mr. Herbert Dickson, of Concord, Vt., Mrs. John Miller, St. Catharines, Ont., Mrs. H. A. Dickson and Mr. and Mrs. John Cruickshank, of Inverness.

Merl Beatty Hurls Two-Hitter To Shutout Thetford Miners 5-0

Locals Gain Ground On Phillies; Clash This Evening In Final Tilt; Braves Here Sunday Night In Double

Merl Beatty came up with a sterling two-hit performance last night at the Park Avenue Stadium and coupled with some timely hitting by his mates blanked the Miners of Thetford 5-0. The win was the third consecutive of the series for the locals and the final game will be played this evening in the Mining Town.

Dick Mitchener will be sent to the mound by Manager Edd Hartness in an effort to make a complete sweep of the series. Following tonight's fixture the locals move to the Capital City to clash with the second-place Braves of Quebec before returning home for a doubleheader against the Sibby Sisti crew Sunday evening.

The win worked both ways for the locals and enabled them to gain ground on the Phillies of Three Rivers, who dropped a 2-1 verdict to the Canadiens of St. John. In the other tilt the A's were walloped by Quebec 12-1.

Beatty, while riding to his victory, allowed only two singles to the Miners. He held them hitless for the first six innings. In the seventh Nagle singled to open but the following two flied out. Hudnall connected for the other bingle but Magle was held at third by some fast fielding. It was all the Miners could do.

On the other side of the sheet the locals bunched three hits in the third with a walk and a wild toss by hurler Marvin Wisniewski enabled the Indians to tally three runs. In the sixth they got to the Miners' ace lefty once again and on a single by Edd Hartness, a triple by Bob Diers, and a double by Jim Mulby they shoved home two more runs to complete the scoring for the evening.

Bob Jones accounted for a triple in the seventh but was left stranded. It was the seventh hit off Wisniewski and it was the only time the locals could manage to get to him. The two big innings were his downfall. The Thetford classy southpaw turned in a fine job. He retired ten at the plate and gave up only three walks. He committed one

TO COMPETE HERE SUNDAY — My Queen of All, owned by Mr. and Mrs. R. L. Bishop of Sherbrooke with Mrs. F. Gravel up, is slated to take part in the local horse show which will take place at the St. Francis Valley show ring on Brompton Road, rear of Allait's Bakery, Sunday afternoon.

The annual event is sponsored by the Sherbrooke Saddle and Bridle Club and nineteen classes are on the program which will commence at 1.00. It is open to all owners and will no doubt bring together some of the top horses in the Province.

Ace Holden's Four-Man Team Have Chalked Up 103 Wins In 118 Games; National Threat To Play All-Stars

Ace Holden and his four-men team holds a unique record of 103 victories in 118 games played since they were formed four years ago. The classy colored hurler and his three mates will give an exhibition tomorrow evening at the Municipal Stadium against an All-Star squad.

The local boys will be out to try and knock off the four-men aggregation but judging from all reports will have their hands full. Holden during the game will throw blindfolded and also will toss strikes from second base, while his mates engage in a card game.

Holden started his outstanding career with Joe Louis' Punchers, who toured the States. Since coming to Canada he has played in the Montreal League and holds a record of 19 wins, with six no-

hitters and a perfect game to his credit. Coach Pat Patterson, who was responsible for Holden coming to Montreal, was the original founder of the four-men squad. He is very well known in Montreal. He has coached the Thrift club, who won the Quebec title in 1948. He has also handled Robitaille Motors and was a top hurler himself.

In an exhibition tilt prior to the All-Star event the National Thread girls will take on a squad comprised of players chosen from the Sherbrooke & District Softball League. The Nationals, under coach Johnny DeBlais, have compiled an outstanding record since their organization. They will represent the local circuit in the Provincial playdowns and have gone through the present season without a defeat.

Lt. Ed. Warner Wins Queen's Medal; Shoot Moves Into Final Stages Today

South March, Ont. — The final stage of the colorful Queen's Medal match was fired Thursday at the 3rd annual Dominion of Canada prize shoot.

Flt. Lt. T. W. Gregory of the RCAF's Camp Borden, Ont., air station, scored 165 of a possible 200 aggregate score in the match's four stages to win the Air Force Queen's Medal at this army summer camp 14 miles west of Ottawa.

Second was Lieut. T. F. Baines, Toronto, but who shoots with the Navy-Atlantic Command team.

Third was Lieut. Edson L. Warner of Lennoxville, Que., who shoots with the Sherbrooke, Que., Regiment. He shot 162 to win the Army's Queen's Medal.

Lieut. Warner, 25-year-old trucker, has been shooting for eight years, and was a member of the 1953 Bilsley team. A versatile marksman, he shot both 22 calibre free rifle and pistol with the Queen's 1955 Olympic team in Finland and at the Norwegian world championship meet that year.

There is no Navy Queen's Medal for service rifle competition, but Lieut. Baines wins second prize in the Sir Arthur Currie match fired concurrently with the Queen's match shoot. Flt. Lt. Gregory won the Sir Arthur Currie and Lieut. Warner placed third by their Queen's match scores.

The medals are worn for life by servicemen's uniforms. Lieut. Frank C. Sullivan, New Westminster, B.C., shot a perfect 150 Thursday to win the DORA souvenir awarded to top man in the qualifying stage of the Governor-General's match.

Sgt. T. A. Mitchell of Montreal, who shoots with the Victoria Rifles of Canada, was second with 149 and RCMP constable Bruce M. Anderson of Ottawa third.

The top 300 of the 690 who shot in the match qualify to shoot Saturday in the final stage which will decide winner of one of Canada's top rifle awards — the Governor-General's Gold Medal.

Final stage of the Queen's Medal match — postponed by

Rosburg - Krak Set Pace With 66's In Tam

Chicago (AP) — Bob Rosburg and his homemade swing, Mike Krak, a wiry newcomer to the tournament circuit, and seasoned Gene Little made a shambles of Tam O'Shanter's par with 66s Thursday to share the first round lead in the "world" golf tournament.

Indians Retain Slim Lead In Torrid American Race; Red Sox Tumble Three Off Pace By Dropping Series To Yanks

The American League race had its old look today with Cleveland, Chicago and New York scrapping for the pennant. Boston and Detroit, who gave it a nice try, have slipped into the background.

And if Al Lopez and Casey Stengel finally have things going for them again, as it appears, Chicago may not be long around the top either.

The Indians held their two-point spread by whipping Detroit 3-1 Thursday. Second place Chicago pounded Kansas City 14-1 and third place New York, another three points behind, disposed of Boston 5-3.

By dropping two of the three-game set at Yankee Stadium 2-1, the Red Sox tumbled three games behind. The Tigers, beaten in three at Cleveland, skidded eight games back.

It was the method of operation that held the secret for the Tribe and the Yankees.

Manager Lopez, who got a pinch single from Hoot Evers when he replaced the injured Larry Doby Wednesday night, started him against the Tigers Thursday and the ex-Detroit hope smacked a three-run homer off Billy Hoelt in the sixth inning. That made it the second straight come-from-behind morale booster for Lopez's Indians, who fall into depressive moods easily.

Early Wynn won his 14th of the season. It was the 35-year-old righthander's 198th major league success. Only Bob Feller, with 265, has more among the active hurlers.

Stengel had himself a ball managing Yanks. Ol' Case juggled the batting order, one of his better accomplishments, and came up with a bunch who swatted on cue and rapped three extra base blows — two of them triples. It was all over in two frames as the Yanks went off to a 4-0 lead against rookie Frank Baumann, a gambling starting choice by Bosox boss Pinky Higgins.

Bob Turley won his 13th, but not without trouble. He left in the ninth when Billy Klaus opened with a double and Stengel pulled his ace in the hole.

Lefty Tommy Byrne, Casey's surprise stopper this season but "overlooked" as a starter in the series, ambled out for what was only his third relief bit. First, he knocked off Ted Williams who earlier finally got his 2,000th hit on a ground ball. Next, he got Jackie Jensen on a sacrifice fly that scored Klaus.

And then he sent a called third strike past a bewildered Norm Zaucha.

The White Sox won without such shenanigans. They broke out for 14 hits and rapped loser

PROBABLE STARTERS

New York — (AP) — Probable pitchers for today's major league games (won-lost records in parentheses):

American League
New York at Baltimore (n) — Wiesler (0-2) vs Lopat (5-8).
Chicago at Detroit (n) — Trucks (10-6) vs Gromek (11-6).
Cleveland at Kansas City (2) — day and night — Lemon (12-7) and Houtteman (8-5) vs Portocarrero (3-5) and Dittmar (7-9).
Washington at Boston (n) — Abernathy (3-4) vs Brewer (8-9).

National League
Philadelphia at Brooklyn (n) — Roberts (18-9) vs Erskine (10-4).
Pittsburgh at New York (n) — Law (7-7) vs Hearn (12-10) or Antonelli (9-13).
Milwaukee at Chicago — Crone (6-6) vs Rush (8-8).
Cincinnati at St. Louis (n) — Nuxhall (12-8) vs Arroyo (11-6).

Favorites Reach Semi-Finals For Ladies' Golf Crown; Sheila Ross Meets Defending Champ, Miss Stewart

Victoria, (CP) — Mary Gay of Kitchener, Ont., has conquered one hurdle and today takes on another in her bid to enter the finals of the Canadian women's open golf championship for the third time.

Miss Gay entered the semi-finals Thursday after defeating erratic Rae Milligan of Jasper, Alta., runnerup in last week's close championship, 2 and 1, and today meets medalist Mrs. Edean Anderson Ihlanfeldt of Seattle, who beat her in the 1952 finals.

If the 23-year-old former junior star gets by the precision-swinging Seattle woman, she will meet the winner of a match between defending champion Marlene Stewart of Fonthill, Ont., and Sheila Ross of Vancouver.

Miss Stewart defeated Miss Gay last year.

THURSDAY'S STARS

Pitching
Willard Schmidt, Cardinals, allowed just one hit, Johnny Logan's leadoff single in the seventh, and fanned eight in the nightcap as the Cards bested the Braves in twin bill, 7-1 and 7-0.

Hitting
Jim Rivera, White Sox, drove home five runs with a pair of triples and a double in 14-1 pasting of Athletics.

Liverpool, England — Art Towne, 159, New York, knocked out Johnny Sullivan, 161, Great Britain, 1.

Miss Ross entered the finals in a close 19-hole match with Doreen Brown of Winnipeg.

The smooth-swinging Miss Stewart and Mrs. Ihlanfeldt had easy victories Thursday.

Sheila Collins of Dundas, Ont., bowed to the defending champion 7 and 6, and Mrs. Katie Wilson of Lethbridge, Alta., lost to Mrs. Ihlanfeldt 6 and 5.

Miss Milligan, Alberta and Ontario titlist whose golf blows hot and cold, said later she was having trouble with her second strokes in her match with Miss Gay.

She was two down at the end of nine holes and was four down after the 11th hole.

She started a comeback after that, winning the 12th with a birdie and the 13th with a one-over-par five and the 16th with a par four. However, she lost the match to Miss Gay's par four at the 17th.

Mrs. Brown and Miss Ross went into a tough stretch drive in the back nine after the latter squared the match at the 10th. At the 19th, Miss Ross won with a one-over-par five.

At the end of the nine, Miss Stewart was four up. She won the 10th, 11th and 12th with an over par five, birdie three and par four, and the match was over.

Mrs. Ihlanfeldt was two up at the turn, then went on to win the next four holes to end her match.

Three Rivers May Join Quebec Loop

Montreal — President George Slater of the Quebec Hockey League said Thursday there is a chance Three Rivers may enter the league next season, otherwise it may have to operate as a four-club circuit.

Slater has called a league meeting for next Wednesday night at which the 1955-56 make-up will be determined.

Slater said Three Rivers interests are anxious to back a club. The other clubs previously decided on a \$100,000 surety bond as a guarantee, should Three Rivers enter, that the new team would finish the season.

It is understood the Three Rivers interests think the guarantee rather high. If it is reduced there is a strong possibility of a fifth team. It could acquire players from Valleyfield Braves, who have decided to suspend operations next season.

At the moment the league is reduced to four clubs—Montreal Royals, Quebec Aces, Shawinigan Falls Cataracts and Chicoutimi Saguenéens.

Five Pros Break Par In CPGA Duel

Hamilton — Five golfers shattered par Thursday in the first round of the 54-hole Canadian Golfers' Association tournament with \$3,500 in prize money.

Leading the field of 73 was Al Balding of Toronto Credit Valley who fired a five-under 65 over the 6,640-yard Ancaster course.

Other sub-par rounds were registered by Murray Tucker, Toronto;

Rosedale; Bill Kerr, Beaconsfield, Que.; Hal Butler, Oshawa, and Lou Cummings, Toronto.

Tucker, Millar Trophy champion this year, carried a 67 over the par-70 course, as did Kerr. Butler came home in 68 and Cummings in 69.

Pre-tournament favorite Pat Fletcher of Saskatoon, 1954 Canadian Open champion, scored a 71.

BIG LEAGUE WAY

Walter Causon, St. Johns, Sets Pace For Lord Calvert Trophy; Red Meyer Leads Local Players

Heading into the last month of the Provincial League campaign, the most valuable player award voting for the Lord Calvert Trophy today featured a sizzling race among three top favourites with several runners-up threatening the leaders.

In the latest ballot totals conducted by the league's press radio and Television correspondents, a three-player scramble for top position sees Walter Causon of St. Johns ahead with 59 points; Bill Robertson of Quebec with 50; and Jack Wrye of St. Johns with 49. The totals include games up to August 1. The "Player of Distinction" voting ends on the last day of the 1955 schedule and does not include playoffs.

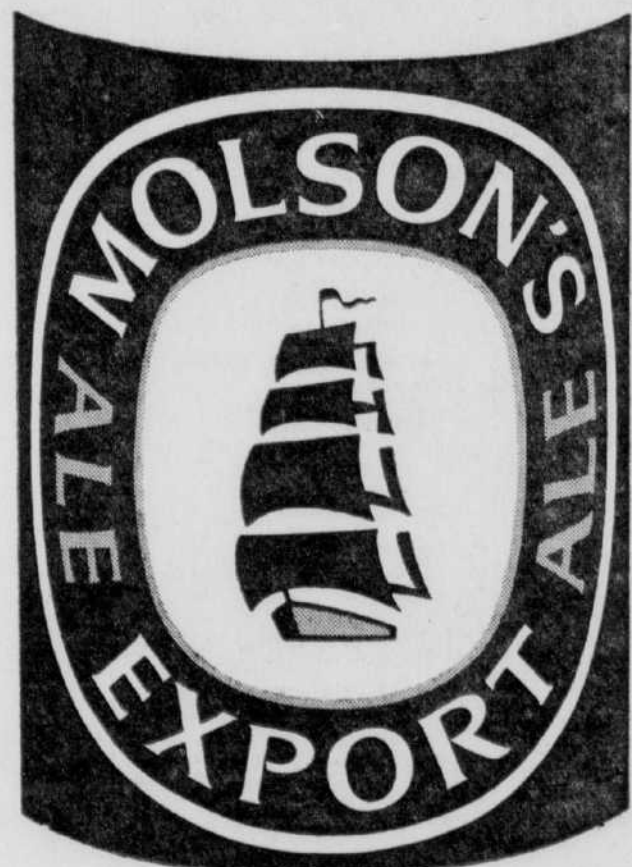

Calvert Distillers who are working closely with league officials for the third straight year, have offered the m. v. p. award to the player receiving the most points in the whole league and besides this, to the leader in each city. As it stands at the moment, Causon who has been

leading the pack throughout the season, stands to win to Calvert Trophy — one of the overall league total and the other for his team. Robertson who is runner-up to Causon, is in the lead for the Quebec "Player of Distinction" honor.

Tied for fourth position and also for Thetford's individual prize are Ray Barker and Dick Smith — both with 41 points. In the total number of ballots cast for the month of July, Barker emerged the leader which resulted in his push up the ladder. Top candidates for Three Rivers is Rudy Paparella who lies in fifth spot with a total of 39 points. Burlington's leading candidate is Ed Morris with 33 which gives him seventh place in the league's overall standings, two points behind Frank Glamp of St. Johns.

Sherbrooke's top representative in the "Player of Distinction" rankings remains Red Meyer with 30 points and 10th place.

On the Bottle A Bright New Label

In the Bottle The Same Fine Ale

Red, white, blue and gold — this new aluminum foil label is now brightening up the famous "long green bottles" of Molson's Export. It's your modern invitation to continue to enjoy the unchanged full-bodied flavour and constant quality which have made Export Canada's largest selling ale.
