World News In Brief

Rome, Sept. 12.—(AP)—Britain's jet airliners have brought new problems to the International Civil Aviation Organization. Dr. Edward Warner, president, said yesterday, I.C.A.O. specialists are studying how to provide more and faster weather information and jet air-traffic control at international airports.

Burgos, Spain, Sept. 12.—(AP)—High-voltage shocks from a burning transformer killed six persons last night and injured 30 others in the village of Vilvestre Del Pinar. The victims received the shocks while trying to switch off the lights in their homes after the burning transformer had suddenly stepped up the current.

Berlin, Sept. 12.—(AP)—Nineteen Russian officers and soldiers were burned or injured seriously while helping fight a gigantic fire in an east German state-owned factory recently, the Soviet zone government said last night. The deputy prime minister, Heinrich Rau, told a meeting of the east German cabinet about the incident.

Berlin, Sept. 12.—(AP)—Three British soldiers missing in the Russian zone since last Tuesday have been returned to British authorities in Berlin, it was announced today.

A British army spokesman said the three were apprehended by communist east German police when they inadvertently drove off the super-highway through the Russian zone on their way from Berlin to west Germany.

Jerusalem, Sept. 12.—(AP)—A 75-acre strip of frontier territory claimed by both Israel and Jordan has been plowed by Israeli farmers without interference by Arab legion border guards. It was disclosed here last night that a squad of tractors moved into the disputed territory within sight of Jordan troops with armored cars. The farmers withdrew after completing their tilling mission.

San Francisco, Sept. 12.—(AP)—Highway traffic in high Sierra passes returned to normal today as warm weather moved in to melt yesterday's unseasonal eight-inch snow.

Aubrey Bennett, 37, of Truckee, was drowned when his logging truck skidded on a highway 40 miles and plunged into the Truckee river at Verdi, Nev.

The storm—earliest on record in the area—piled up eight inches of snow of Soda Springs and six inches on Donner Summit.

Shipyard Workers End Strike

Lauzon, Que., Sept. 12.—(C)—Workers at two shipyards today returned to their jobs for the first time in 27 days after accepting a wage increase offer of 12 cents an hour late last night.

The agreement was reached after day-long negotiations between representatives of the Canadian Catholic Confederation of Labor and Davie Shipbuilding and Repairing Co. and George T. Davie and Sons, Ltd. The strike began Aug. 15.

Under a new two-year contract, the 2,500 workers will receive an immediate hourly wage increase of 12 cents up to December 15, 1952, and 15 cents after that date until March 1, 1954 when the contract expires. They also receive 10 cents retroactive to March 1 last when he former contract expired.

Both sides said they were quite pleased at the settlement. Jean Marchand, secretary of the C.C.C.L., said it was "reasonable and satisfactory" and expected relations between the union and company to be cordial for the next two years.

Robert Black, general manager of Davie Shipbuilding, said he hoped the agreement would hasten settlement of a strike of 2,000 shipyard workers at Canadian Vickers in Montreal who walked off the job Aug. 19 in a demand for a 20-cent hourly boost.

The Lauzon workers sought an increase of 15 cents. They originally asked for 25 cents and a work-week reduction from 48 to 45 hours but modified their demands when the majority report of an arbitration board recommended seven cents. Both companies were willing to settle for that figure.

Yesterday's settlement will allow work to continue at Davie Shipbuilding on two 28,000-ton tankers for the merchant navy, the largest of their kind to be built in a Canadian shipyard.

The strike also halted construction of an ice-breaker for the department of transport, three minesweepers and repair of the Yabana and Woodford, cargo vessels damaged on the St. Lawrence river earlier this summer.

At George T. Davie and Sons, the strike delayed work on eight ships, including a minesweeper under construction.

Rent Reductions Are Announced — Some Taxes Will Be Trimmed.

Cairo, Sept. 12.—(CP)—Prince Mohamed Aly, 77-year-old heir presumptive to the Egyptian throne, announced today he will leave for Switzerland next Tuesday. At the same time, the communist-inspired democratic party announced a campaign to abolish the monarchy.

The infant King Ahmed Fuad II now is living on Capri with his father, ousted King Farouk. Mohamed Aly is Farouk's cousin. Mohamed Aly's private secretary said the prince will resume a rest cure at Lausanne which was interrupted when the army took over the country seven weeks ago.

The Social Democrat newspaper Al Moarda said today the party wants the immediate overthrow of "the criminal royal dynasty." The demand came in the form of a speech by party leader Fathy El Ramly. The speech was to have been given at a public rally, but the rally was banned by the government.

Ramly said: "There are still some slaves in Egypt who are of the opinion that the monarchy should continue."

The Egyptian people, however, demand that the monarchy, under which they suffered unspeakable privations, should disappear immediately and be replaced by a republic.

Meanwhile, Maj.-Gen. Mohamed Naguib pressed on with his heavy schedule for the "technician" cabinet.

The cabinet met last night for 11 hours, longest session in Egyptian history.

It voted a 15 per cent rent reduction for housing built since the Second World War, and approved legislation ending another of Egypt's feudal institutions — the Wakfs.

State Minister Fathi Radwan said the government will ease taxes and duties on building materials to encourage housing construction. Millions of dollars which can be invested in industrial development will be released by dissolution of the Wakfs.

This is a system under Moslem law by which a person can bequeath an estate so that heirs and beneficiaries may receive the income but cannot sell or otherwise dispose of the estate itself.

It is estimated that a little more than one-tenth of Egypt's farmland and buildings are administered under this system. The country has about 6,000,000 arable acres.

The Wakfs are handled by a government ministry. Some are devoted to charities and institutions under cabinet supervision. The reform government's proposed law would retain the charity estates.

Liquidation of the Wakf estates was considered essential to the success of Naguib's plans to limit farm ownership to 200 acres per person. Persons owning more than 200 acres of land would have been barred from selling the excess if these were constituted as Wakfs.

Critics of the system long have contended that the Wakfs were a major obstacle in the path of improving the country's economic standards. Under it, they declared, huge estates remained the hereditary property of a relatively small number of wealthy families.

Many of the most important Wakf estates were under the control of former King Farouk, who was ousted July 26 by Naguib's military coup, and other members of the royal family.

The reform cabinet's new legislation provides that all Wakf estates—except those established in favor of charity institutions—will be handed over to their beneficiaries, who may dispose of them freely.

The government also decided to pension off all government officials suspected of corruption even though there were no charges or proof against them. Once pensioned off, they would be immune from prosecution.

Meanwhile, army and police squads continued their raids on homes and offices of scores of prominent Egyptians, seizing documents, files and private letters.

They arrested Naguib Salem, former director of Farouk's royal estates, lawyer Zaher Hawsan Ahmed and Maj. Abdel El Ashry of the political police. The number now under arrest is 56.

While Naguib is kept busy with domestic affairs, his predecessor, Aly Maher, is presiding over a meeting of the seven-country Arab League Council.

The Council's political committee last night decided to ask the United Nations to put the Palestine question on the agenda of next month's general assembly. The Arab states are seeking implementation of earlier U. N. resolutions on Arab refugees from Israel and the internationalization of Jerusalem.

Cairo, Sept. 12.—(Reuters)—Gen. Mohammed Naguib, Egyptian "strong man" leader, has been fined for breaking one of his own laws: Calling a dignitary "your excellency."

Naguib banned that and all other titles in Egypt when he ousted the old Farouk aristocracy from power.

But habit dies hard, as the General found out at an army dinner recently. He referred to former Premier. Continued on Page 5

Empire Talks Turn Today To Defence

Ottawa, Sept. 12.—(C)—Representatives of Commonwealth countries hope that the November conference of their Prime Ministers in London will find the solution to many trade and economic problems.

The hopes were expressed yesterday by delegate after delegate at a closed session of the Commonwealth parliamentary association's biennial conference. Summaries of the discussions at the meeting were issued to the press.

The conference, due to end Saturday, turns today to a debate on defence and international affairs. Representatives of the United States and the Republic of Ireland, associate members of the association, will join the discussions for the first time.

At yesterday's meeting, devoted entirely to trade and economic relations of the Commonwealth, D. Heathcoat-Amory, Britain's minister of pensions, expressed the hope the Prime Ministers' conference will discuss the need to find capital for development of the Commonwealth.

Shri M. A. Ayyangar of India welcomed by a member of the general staff. However, at the request of photographers, the door was closed again for just a moment while Taft posed for the door.

At stake was the question of whether Taft, with a big midwest following, would give energetic support to Eisenhower, who beat him out for the Republican Presidential nomination.

Taft had said he wants to learn more of Eisenhower's views before deciding what part to play in the General's campaign.

The session over the coffee cups marks the first time the pair have talked with one another since Eisenhower shook Taft's hand at the conclusion of the Republican convention balloting in Chicago last July.

Taft arrived in New York by plane from Cincinnati late yesterday. Continued on Page 5

Mossadegh May Reconsider British-U.S. Oil Offer

London, Sept. 12.—(AP)—Premier Mohammed Mossadegh was reliably reported today to have had second thoughts over his rejection of the joint Anglo-American proposals for an Iranian oil settlement.

Diplomatic officials here said Mossadegh called for some "explanation and clarifications" of the offer sent along a fortnight ago by President Truman and Prime Minister Churchill.

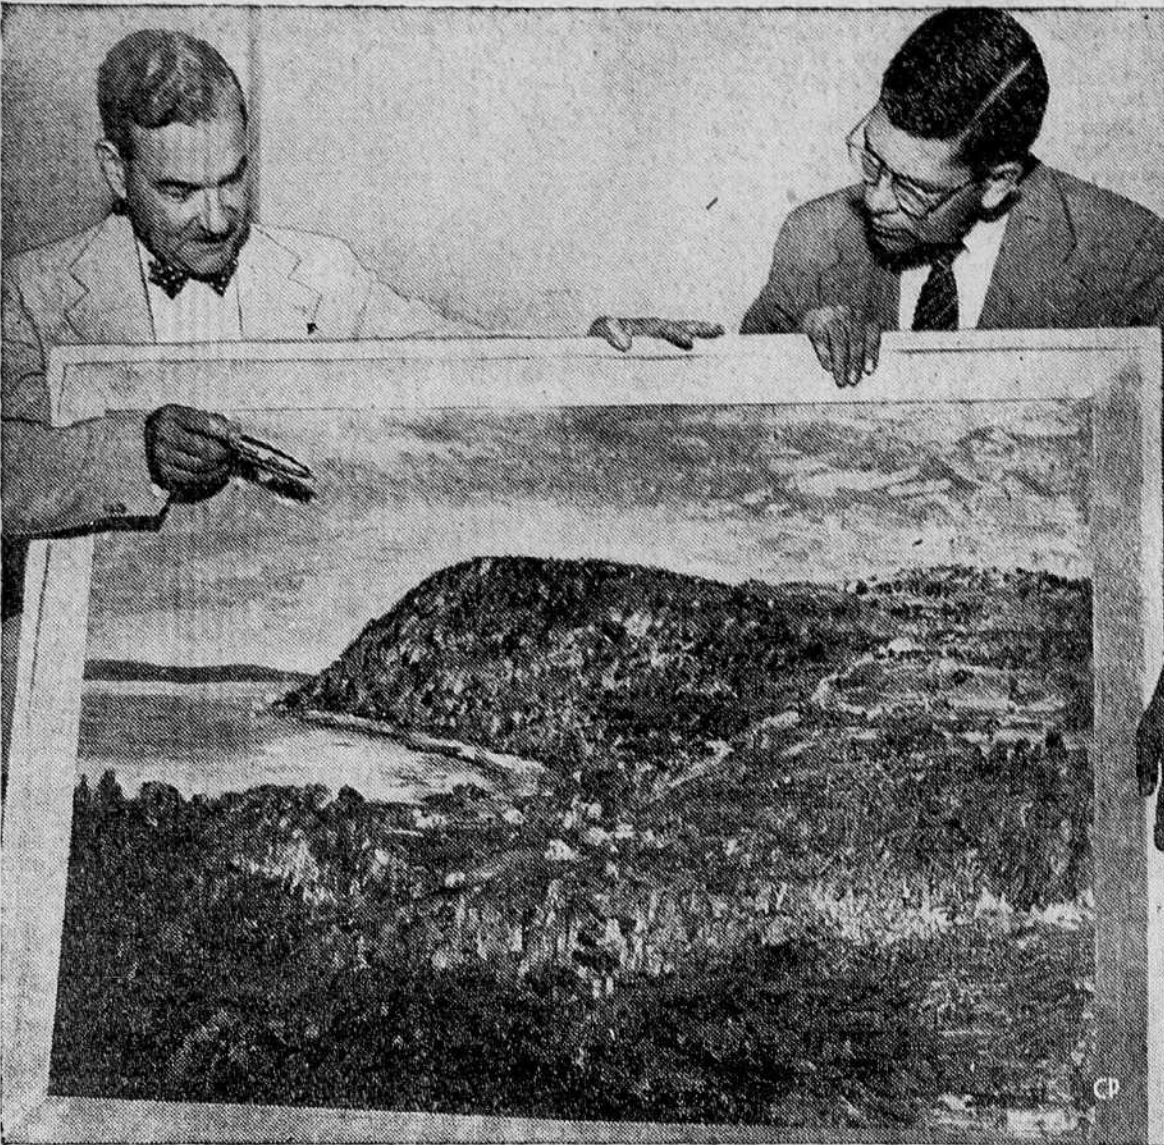

They declared also that his inquiries—made yesterday in the course of an unexpected meeting with British envoy George H. Middleton in Tehran—suggested some formal Iranian counter-proposals may be made after the Majlis meets next week.

The British foreign office clearly was not inclined to pin high hopes on a possible change of heart on Mossadegh's part.

A foreign office spokesman said today, however, that Mossadegh yesterday unexpectedly sent for Iranian officials to Tehran reports which said that the British envoy had requested an urgent meeting.

The spokesman said "an exchange of views" took place on the Anglo-American proposals for a settlement.

These proposals suggested: 1. International arbitration of the Anglo-Iranian Oil Company's compensation claims; 2. United States emergency aid for Iran to the extent of \$10,000,000; 3. Negotiations between Britain

No Early Arrest Of Boyd Is Expected Despite Press, Radio Appeal By Wife

Eisenhower, Taft Hold Meeting

New York, Sept. 12.—(AP)—Senator Robert A. Taft and Gen. Dwight D. Eisenhower today went into a breakfast-table conference expected to determine the degree of unity of the Republican party in the fall campaign.

The Ohioan smilingly posed for photographers on his arrival, but had no comment for reports.

At the door of the Columbia University president's house Taft was welcomed by a member of the general staff. However, at the request of photographers, the door was closed again for just a moment while Taft posed for the door.

At stake was the question of whether Taft, with a big midwest following, would give energetic support to Eisenhower, who beat him out for the Republican Presidential nomination.

Taft had said he wants to learn more of Eisenhower's views before deciding what part to play in the General's campaign.

Texas Flood Leaves Five Persons Dead

Boerne, Tex., Sept. 12.—(AP)—Streams were receding in this hill section of southwest Texas today after flooding rivers and creeks left five persons dead, two missing and hundreds homeless following drought-denting rains.

But downstream, outside the hill country, Luling on the San Marcos river was reported in trouble. The department of public safety said an undetermined number of persons was in danger and dispatched amphibious equipment.

Downpours that measured up to 23 inches in 24 hours had sent roaring torrents down river and creek beds that had been dusty and cracked. Highway and railroad bridges were washed out, trains and buses stalled, livestock drowned, and low-lying areas flooded and communications broken down. Residents scurried for roof tops and high ground.

There was no estimate of damage from official sources. The rains were beneficial to grazing lands but too late to help drought-ridden crops.

Police doubted that the appeals would help. One official said of Boyd: "I don't think there is a sentimental bone in his body. I'll just about drop dead if he pays any attention to such an appeal."

Boxes of hand grenades were added to the police arsenal as they prepared for a possible pitched battle with the fugitives. Officers assigned to the capture, if it comes, will carry grenades, Bren guns, high-powered rifles, sub-machine guns, shotguns and tear gas bombs. They will wear armor plate for protection against bullets and gas masks as protection from their own tear gas.

Canadian Cattle Seized At Border

Malone, N. Y., Sept. 12.—(AP)—The U. S. border guard yesterday said it had seized Holstein cattle near here Wednesday night which were being brought into the country in violation of the foot-and-mouth disease embargo.

The 10 animals, all milk cows bearing forged United States tags, were destroyed and buried. A man was seen herding them through a hole in a fence filed on the Canadian side.

It was the first seizure under the embargo along the New York state border, according to Dr. L. E. Brunser, federal veterinarian.

The border guard was set up to enforce the embargo. The United States government banned shipment of cattle from Canada to the United States several months ago after an outbreak of foot-and-mouth disease in Saskatchewan. The embargo still holds although the disease has been eradicated.

Buenos Aires, Sept. 12.—(Reuters)—Legal proceedings began yesterday for succession to the estate of Eva Peron, who died in July. Only information released was that the claimants were Juan Domingo Peron—the President—and Mrs. Peron's mother.

Truce Talks Adjourned Once Again

By ROBERT B. TUCKMAN
Munsan, Korea, Sept. 12.—(AP)—United Nations negotiators today demanded and got a seventh straight week-long recess in the Korean armistice talks.

No progress on the truce-blocking issue of prisoner exchange was reported at a heated 32-minute session—the first since Sept. 4. The next meeting was set for Sept. 20.

The calm at the Panmunjom neutral zone was shattered late yesterday when a communist soldier crashed roadblocks in a 45-mile-an-hour dash to surrender to United States military police.

Word of the second communist surrender in a week near Panmunjom, Lt. General William K. Harrison, senior U. N. truce delegate, smiled.

"I don't care how many come to our side, but they ought to watch the speed limit."

The U. S. Eighth Army said the surrendering Chinese soldier began his dash for freedom in a stolen jeep about 20 miles south of Pyongyang, the capital of North Korea.

He sped through 100 miles of Red territory and nearly ran down four communist riflemen who tried to halt him as he entered the Panmunjom neutral area.

Capt. Joseph D. Foley, U. N. security officer, said the jeep "didn't fire, although their rifles were leveled."

"I saw him coming fast and I just raised (closed) the barrier," Thompson said.

Foley said the communist smashed through the horizontal wooden bar. "He was determined to get through to where freedom lay—I guess. The man sped right on down the line and there was no turning back for him."

Seoul, Korea, Sept. 12.—(AP)—United Nations artillery today raked the valleys north of Capitol Hill with a barrage that kept the communists from launching new assaults on the scarred central-front ridge.

South Korean scouts reported at dawn that the valleys were covered with Chinese bodies. Allied big guns had scattered Red units varying in size from a few squads to a battalion of about 750 men.

North of Chorwon on the central front, a South Korean patrol killed 35 communists and wounded 72 in a four-hour battle, the United States Eighth Army reported.

Fighter-bombers helped the artillery knock out Red guns which had been harassing the South Korean defenders of Capitol Hill. Four allied planes poured explosives on the communist held crest of nearby Finger Ridge.

The United States Fifth Air Force said its Sabre jet pilots shot down one communist Mig jet and damaged two when 34 Sabres ran into 29 aggressive MiGs south of the Yalu river. Allied losses are announced once a week.

Slightly revising its figures, the Fifth Air Force said today's toll raised the allied September score to 29 Red jets downed, one probably destroyed and 29 damaged.

Casualties were not estimated for the searing artillery barrage near Capitol Hill.

At other points, sporadic actions increased slightly but none amounted to more than probes and patrol fights.

Churchill Visit To U.S. Next Spring Is Expected

Washington, Sept. 12.—(AP)—A new "dollar-crisis" conference between Britain and the United States appears to be shaping up for early next spring.

Prime Minister Churchill himself may fly to the U. S. then to talk with the next American President about Britain's ideas for western world's finances.

Nothing definite about the dates for any such meeting has been decided upon. But U. S. and British financial and trade experts are already busy behind the scenes exploring possible proposals for action.

The present plan calls for government agencies to draft a comprehensive report summing up the west's economic problems. This is to be laid on the desk of the new President after he assumes office Jan. 20 along with alternative proposals for U. S. action to meet the situation.

Officials here believe it likely that Churchill will want to discuss these problems personally with the next President. If he doesn't come himself, it is believed virtually certain he will send foreign minister Anthony Eden and Britain's chancellor of the exchequer, R. A. Butler, to talk with the next American secretary of state and the treasury.

The backstage study now going on in the American government agencies seems to stem from a growing belief that America's allies may have to halt their rearmament drive unless new financial proposals are found for their shaky economies.

This possibility was emphasized yesterday when both Britain and France announced they were going further in the red in their foreign trade.

France reported a trading deficit of 179,897,000,000 francs (\$510,000,000) for the first eight months of 1952. The gap between

exports and imports was only 74,000,000 francs in the corresponding period last year.

Britain disclosed that her exports during August dropped to £180,700,000 compared with July's £207,600,000. Imports, too, were down but the country still went in the red another £73,700,000.

The British food ministry announced that controlled prices of butter, cheese, sugar, bacon, margarine and cooking fats will go up next.

Britain and France already have cut their rearmament schedules and American defence experts fear any further cuts in arms expenditures may seriously hurt the west's defenses.

What new steps can be adopted to bolster western finances is not yet certain. Congress appropriated a total of \$6,447,730,750 for military, economic and technical aid to nearly 40 countries during year ending next July 1.

Informal ideas that are being mentioned include: 1. An international stabilization fund of some \$2,000,000,000 to \$3,000,000,000. This would be set up to guarantee that foreign currencies could be exchanged into dollars, thus helping expand world commerce.

2. A strategic agreement to buy strategic raw materials such as rubber, tin, copper, and other metals on a long-term contract basis running from five to 10 years.

3. A plan to expand greatly private U. S. investments in overseas areas.

4. A drive by the administration to persuade congress to streamline U. S. customs regulations to facilitate the entry of foreign products.

U. S. officials fully expect the British to come up with concrete proposals based on the conclusions of Prime Ministers in London in late November.

International Community School Plans At Boundary

Stanstead, Sept. 12.—Dr. Homer Dodge, retired president of Norwich University, will be the speaker for the opening evening of the International Community School at Stanstead College on September 16. Dr. Dodge was in Japan for several months last year, and will present an illustrated talk dealing with that country.

Plans for the Interest Groups are just about complete, and the list of speakers and special events are pretty well drawn up. As usual, the school will meet on Tuesday evenings at Stanstead College, with classes in the various rooms in the main building. The public assembly sessions will be held in the auditorium of the new Sunny-side School.

Next week, Tuesday evening, September 16, will feature the registration of members of the school, short get-acquainted meetings of the various groups so that plans can be made for the courses, and the talk by Dr. Dodge.

The printed programs will be out this week, and anyone desiring a copy is asked to write to Miss Aline Ricard, Registrar, Rock Island, Que. A summary of the plans follows:

September 16, as has been stated, will feature the talk by Dr. Dodge, and the opportunity to register for the various classes.

The school will open the first regular sessions of the Interest Groups on September 23, and the special event for that evening will be announced.

Attorney C. O. Granai, of Barre, Vt., will be the speaker on September 30. Rated as an unusually interesting speaker, Mr. Granai should draw a very large audience. One of the highlights of the school last year was an Audubon film and a talk by Robert Grace, of the Audubon Society. The school is especially pleased to announce that Mr. Grace will be back this year on October 4, with another very fine film, titled "From the Bay to the Berkshires."

Gore W. I. Held Meeting And "Shower"

Gore, Sept. 12.—The regular meeting of the Gore Women's Institute was held at the home of Mrs. M. Hughes, on September 6. The president, Mrs. Coddington, was in charge of the meeting which was opened by all repeating the Club Women's Creed.

Eleven members answered the roll call by telling their pet economy. These proved to be varied and many good suggestions were made. The best of these were to be forwarded to the County president.

The secretary, Mrs. Myrlin Griffith, read the minutes of the August meeting which were adopted as read.

Two prizes had been given in the children's department at Richmond Fair; the one for a girl's blouse being won by Janet Stalker and the one for a bird house, by Robert Fortier. It was decided to give a fifty-cent prize to each child who had been given garden seeds.

Mrs. Hughes, Mrs. Carson and Mrs. Gee were appointed to act on a committee to arrange for two prizes to be given to children participating in a ploughing match to be held in the district in October. The branch also voted in favor of donating their share if similar prizes were awarded by the County.

Plans were made for members to attend the County meeting on October 4. Since this was the regular date for our meeting it was decided to hold the next one at the home of Mrs. F. Nixon on Sept. 27. The co-hostesses are to be Mrs. M. Hughes and Mrs. A. Lyster.

The prize drawing, donated by Mrs. Coppings, was won by Mrs. Carson.

After the adjournment of the meeting Miss Irma Carson, a September bride-to-be was presented with a beautiful corsage of sweet peas by Mrs. Hughes. Then Lloyd and Linda Hughes placed before her baskets of miscellaneous gifts from the members and friends present.

Miss Carson was assisted in opening these by her mother, Mrs. M. Carson, and Miss Francis Mastine.

After the parcels had been opened and admired the guest of honor thanked the members for their lovely gifts and invited them to visit her in her new home. Later supper was served by the co-hostesses, Mrs. Gee and Mrs. Fallon, bringing to a close a very pleasant afternoon.

Two Townships Soldiers Are Killed

Two soldiers from the Eastern Townships have been killed in action in Korea, the army's 133rd casualty list of the Korean war showed today.

They were Pte. Laurent Joseph Bourdeau, whose mother, Mrs. Rosana Bourdeau, lives at RR3, Dunham, and Pte. Donat Chagny, whose father, Alphonse Chagny, lives at Roxton Falls.

Both soldiers were members of the Royal 22nd Regiment.

Today's list, which reported 13 men wounded in addition to the two killed, brought Korean casualties past the 1,000 mark—to 1,012.

The casualties so far suffered by Canadian troops in Korean action include 182 dead, 750 wounded, 69 injured in action, 10 missing and one captured.

The last previous list was issued Sept. 9.

Thanksgiving Day Will Bring Boy First Meal In Ten Years

How would you like to spend ten years of your life without a meal? Although it sounds almost impossible, it has been done. Ten-year-old Billy Wing of Auburn will remember Thanksgiving this year as a red letter day. He is to get his first full meal.

Born with an undeveloped esophagus, the youngster, whose grandfather is Leslie Wing, of Austin, Que., and father is Alton A. Wing, formerly of Magog, has undergone major surgery 12 times in his fight to become like any other normal boy.

He was only four days old when Dr. Gard W. Twaddle, in Central Maine General Hospital in Lewiston discovered nature's omission in the baby's constitution. Little Billy's condition of course made it impossible for him to take food in the usual way as the esophagus is that very essential tube which carries nourishment from the mouth to the stomach.

A rush operation consisted in an incision made in the lowest part of his neck to drain off mucus and a tube was inserted in his stomach so he could be fed. For two years the child's mother

gave him a liquid diet, through that tube. Then followed a number of other operations and finally a skin rope was grafted from his thighs and the sides of his body, swung around his body and led to the neck from the intestines. Although this worked fairly well, there were a number of complications and long months in hospital.

Finally on July 23 last year the skin rope outside Billy's chest had served its usefulness so the tube was reinserted and he was fed through that until recently.

Years of patience and perseverance have brought results and only a few weeks ago the youngster went to Boston for the eight-hour operation which was to make him well again. He now has a new esophagus, in normal position in his body, thank to the skill of Dr. Orvard Swenson, chief surgeon of the New England Medical Center at Boston.

Although he must remain on a liquid diet for a short while, and submit to periodic check-ups, it is now known that he will soon be living a normal life, eating like any other growing child, and looking forward to school and sports. He is an only son.

Nothing Said Uncovered On Jail Break

Governor J. Adolphe Charest of the Winter street jail told the Record today that nothing had been uncovered regarding the jail break this week.

The escaped prisoner, Emile Boisclair, is still at large. Also missing is the car in which Boisclair might have made his getaway.

The 30-year-old convict is five feet, seven inches in height, weighs about 140 pounds, has blue eyes and red, curly hair.

The car, a 1951 model Chevrolet sedan, colored grey, is the property of William Lavallee, of Montreal street, and bears Quebec license plates 48-975. Boisclair escaped from the jail between midnight Tuesday and dawn Wednesday, by "walking" out of his cell, cutting the steel bars in a corridor window and jumping from the second storey to freedom. The car was reported missing Wednesday morning.

\$500 Fine Is Imposed For Smuggling

Francis Tremblay, of Coaticook, charged with having in his possession 534,000 U. S. cigarettes on which duty had not been paid, was fined \$500 and costs or in default of payment 3 months in jail by Judge Joseph Marier in Court of Sessions here yesterday.

Tremblay was arrested on January 14, 1951 and he asked for a summary trial yesterday. He pleaded guilty.

CHANGES PLEA
Roland Cote, 30, of Notre-Dame-des-Bois, accused of having fired a gun in the direction of B. Roy, game warden, pleaded not guilty yesterday in Court of Sessions.

Previously he had pleaded guilty and was supposed to receive his sentence yesterday.

His preliminary hearing was set for September 18, pro-forma.

Fire Inspector Issues Warning Re Fall Hazards

With summer on the wane, Fire Prevention Inspector Wilbrod Lapierre has issued a warning regarding fire hazards when the cold weather comes and citizens begin to heat their homes again.

"First of all," Inspector Lapierre says, "clean your cellar properly before storing firewood there. Do not store firewood within two feet of furnace pipes and do not throw the wood all over the cellar, especially do not let wood or paper accumulate around furnace pipes. These constitute fire hazards when you begin to heat your home for Autumn. Wood should be piled neatly and away from the furnace. Hot ashes should not be placed in cardboard or wooden boxes."

Inspector Lapierre also warns of the hazards of storing articles on staircases. "During the past summer, a great many citizens, no doubt, have stored valises, boxes and even ice boxes on stairways and in corridors. I would ask the co-operation of the public in eliminating these from their present positions. In case of fire, they make dangerous obstacles for the firemen, especially in the evacuation of the aged and the sick."

MOSSADEGH PLAYS A DANGEROUS GAME

The renewal of efforts to obtain a settlement of the Iranian oil dispute probably ought to be viewed as heartening. But thus far Premier Mossadegh has been making the same old noises and hope of real results is slim.

Prime Minister Churchill and President Truman offered fresh proposals because they know Iran is in difficult financial straits through loss of markets for its oil. The West could use the oil. But the primary impulse toward settlement is the fear that a tottering Iranian economy might make the nation easy prey to a Moscow-inspired Communist coup.

These problems, of course, have existed all along. The Churchill-Truman offer at this time suggests that the West feels Mossadegh might be more approachable now that he has felt the heavy financial pressure of the past several months.

But Mossadegh has shown no sign of readiness to give way. He knows the West trembles at the prospect his government might collapse and be replaced by a Red regime. Therefore he seems to feel that time is on his side, that if he can just hold out long enough the West will concede his full terms.

Those terms are stiff. Undoubtedly he wants a much bigger loan from America than the \$10 million proposed now by Mr. Truman. More than that, in his anti-British fury he wants absolutely no concession of any sort to the British who built and managed the Iranian oil facilities and now find themselves out in the cold.

The Churchill-Truman plan would submit all questions of compensation to the British for settlement by the World Court. Mossadegh has rejected that solution flatly.

As a matter of fact, he has publicly rejected the whole program in a drastic, three-page statement that appeared to shut the door to future negotiations. But, in accord with past practice, Iranian officials have at the same time privately attempted to keep the door to negotiations open.

Mossadegh seems to believe that this little game is shrewd and is bound to pay off. He behaves as if he holds all the cards and merely needs to play them. But he already has made one major mistake. He thought the West needed Iranian oil desperately, and would come around long ago. In fact, the West though at some pains to do so, found other sources of oil and is adding new refining capacity elsewhere. Today it is not wanting for a single barrel of Iranian petroleum.

What Mossadegh is doing is extremely risky. It may gratify his passion to hate the British — and serve similarly the nationalist fanaticism of his people. But at the same moment it is placing in grave jeopardy an important Middle East economy that was once on the way to being sound.

Mossadegh appears to forget that if his government and his economy should crumble, it would not be just the West that would lose. The Iranian people have quite a stake themselves — nothing less than their freedom. Mossadegh is playing fast and loose with the destiny of his people, not to realize legitimate nationalist aspirations, but to satisfy unreasoning hatreds.

Washington Column

EDITORS' SAGE WRITE-INS IN POLITICAL POLL GIVE CROSS-SECTION OF PUBLIC OPINION

By PETER EDSON

NEA Washington Correspondent
Washington (NEA)—The only issue in this political campaign can be most simply stated as: You've never had it so good.

vs.

It's time for a change.

This is the succinct observation of John O. Hjelte, editor of the Bismark (N.D.) Tribune. He adds:

"If people shut their eyes, put their fat bellies complacently, figuring 'Why upset Paradise?' — the Dems will win. If they're worrying about the more distant future and have paid any attention to the charges that the U.S. is drifting toward the shoals, internationally and domestically, they'll vote to kick out Truman (in the person of Stevenson) and put Ike in."

This is but one of many sage "write-in" comments on a political-trend poll of the 700 newspaper editors receiving this column through NEA Service. Taken together as a postscript to this poll, these observations give what is perhaps the best possible cross-section view of what people all over the U.S. are thinking today.

Here are some more of these editorial opinions

from big towns and country editors who are, after all, closest to America's grass roots. Read what they say when they really let their hair down:

Cold Cash Is Against Ike

"The two candidates are too much alike for any great emotional campaigns for or against either. The platforms will be lost in the usual campaign prattle. Dollars and cents seem to mean more to the voter than anything else. Ike has an uphill fight against cold arithmetic." — Mexico (Mo.) Ledger.

"Republicans have as good a chance of winning Pennsylvania as in 1948, when Dewey received 147,771 majority over Truman. ... Travelled through central Pennsylvania counties two weeks ago and found some gloom over prospects of an Eisenhower win the face of millions of federal jobs holders — of which there are more in Pennsylvania than state job holders." — Jack Thompson, Chester (Pa.) Times.

"I hope fervently that I'm wrong in predicting a Democratic victory, but I'm pessimistic enough to fear that a majority of the voters will fall for the siren song of phony prosperity. They're being bribed with their own money — and either don't know or don't care." — John Ayres, Port Arthur (Tex.) News.

"Farmers will support whichever party's farm program is most beneficial to them. ... Too many of us overlook the fact that many business men own and operate farms." — Peter V. McCoy, Daily News, Newton, Ia.

Question For The Old Guard

"I can't help wondering if the Taft people aren't secretly hoping that maybe Ike will lose, thus putting the so-called Old Guard back in the saddle once again." — Don E. Beattie, Ashland (O.) Times-Gazette.

"The inconsistency in American politics today is that most people talk Republican but really think Democratic. They deary socialism but would not give up any of our social legislation; the farmers curse administration meddling and the Brannan plan but they would never do away with parity, conservation loans, and so forth. There's an odd difference between talking politics and marking a ballot inside the polls." — Sylvan Meyer, Gainesville (Ga.) Times.

"With millions drawing government checks and with Phil Murray in control of the Fair Deal Party, it appears to us that we are headed for socialism and those who do their own thinking are in the minority. We hope to see a clean sweep for the Republican Party in November, but fear the opposing party has it bought and paid for." — James A. Dament, Ely (Nev.) Daily Times.

"A good deal depends on whether Eisenhower has guts enough to speak for himself and take the chance of making a few mistakes, or whether he lets his advisers nullify his brains with SHUSH." — W. M. Tugman, Eugene (Ore.) Register-Guard.

Dems "Rendezvous With Destiny"

"Despite corruption in government, exposed communism in Washington, inflation and all other evils of the present administration, the Democrats seem destined for another four years in power." — Charles D. Hylton, Jr., Logan (W. Va.) Banner.

"It would be just as ridiculous to make Eisenhower, who has had only military experience, President as it would be to make Stevenson, who has had only government administration experience, a five-star general in charge of the Korean war." — Joe Parham, The Macon (Ga.) News.

"Our policy will be determined by the independence from machine politicians shown by the two candidates. We would not accept Stevenson dominated by Truman or the ultra-liberals. Neither would we like Ike controlled by the Old Guard or even Dewey." — A. R. Higgins, Quincy, (Ill.) Herald-Whig.

"The South is beginning to realize it needs a real two-party system and if Eisenhower doesn't endorse compulsory civil rights legislation, he stands an excellent chance of carrying four southern states and perhaps a few more." — J. W. Gore, Ft. Lauderdale (Fla.) Daily News.

"Instead of amending the Taft-Hartley law, it would be better to repeal it and all other labor laws, then make one code to apply to everybody. Union monopolies should be broken up. So should monopolies of capital." — Robert S. Kendall, The Reporter, Martinsville, Ind.

Farmers Don't Know Farm Policy

"This is corn-hog country. The farmers are about equally divided between the two parties, but in neither have I found a man who really understands what the farm policy of either party amounts to. All any of them know is that they resent control, but want high prices."

"They are opposed to any legislation that would better the lot of Spanish-Americans and Mexicans who come here in great flocks to work in the fields." — Ken Allen, Albemarle (Minn.) Evening Tribune.

Stevenson must ride with the shoddy coalition that cinched his nomination months back; Eisenhower with the isolationist Republican senators, having only the elephant symbol in common." — John Shea, Lexington (Mo.) Advertiser-News.

"The Texas Democratic Party leadership was really disappointed in that it didn't have an issue sufficiently strong for a bolt. Governor Shivers really wanted to lead another Dixiecrat movement. Now the only issue left is Tidelands." — Barnes H. Broiles, Jacksonville (Tex.) Daily Progress.

"The national presidential primary would be an ideal solution, but it cannot be worked out satisfactorily or economically." — J. Earle Mavity, Watseka (Ill.) Iroquois County Daily Times.

"Woman will play a greater part in determining the outcome of this election than ever before." — Bob Gordon, Columbus (Ind.) Republican.

Eisenhower Builds Security

"I believe that Eisenhower should be elected because the cold war threatens the very existence of our nation and Ike has demonstrated his ability to build the only thing that will protect us — Collective Security."

"But my guess is that the election will be decided on a much lower level. I'm afraid the Democrats will win because of general prosperity, the fact that most people are eating well, buying TV sets and are reluctant to shake the boat." — Howard W. Hays, Jr., Riverside (Calif.) Daily Press and Enterprise.

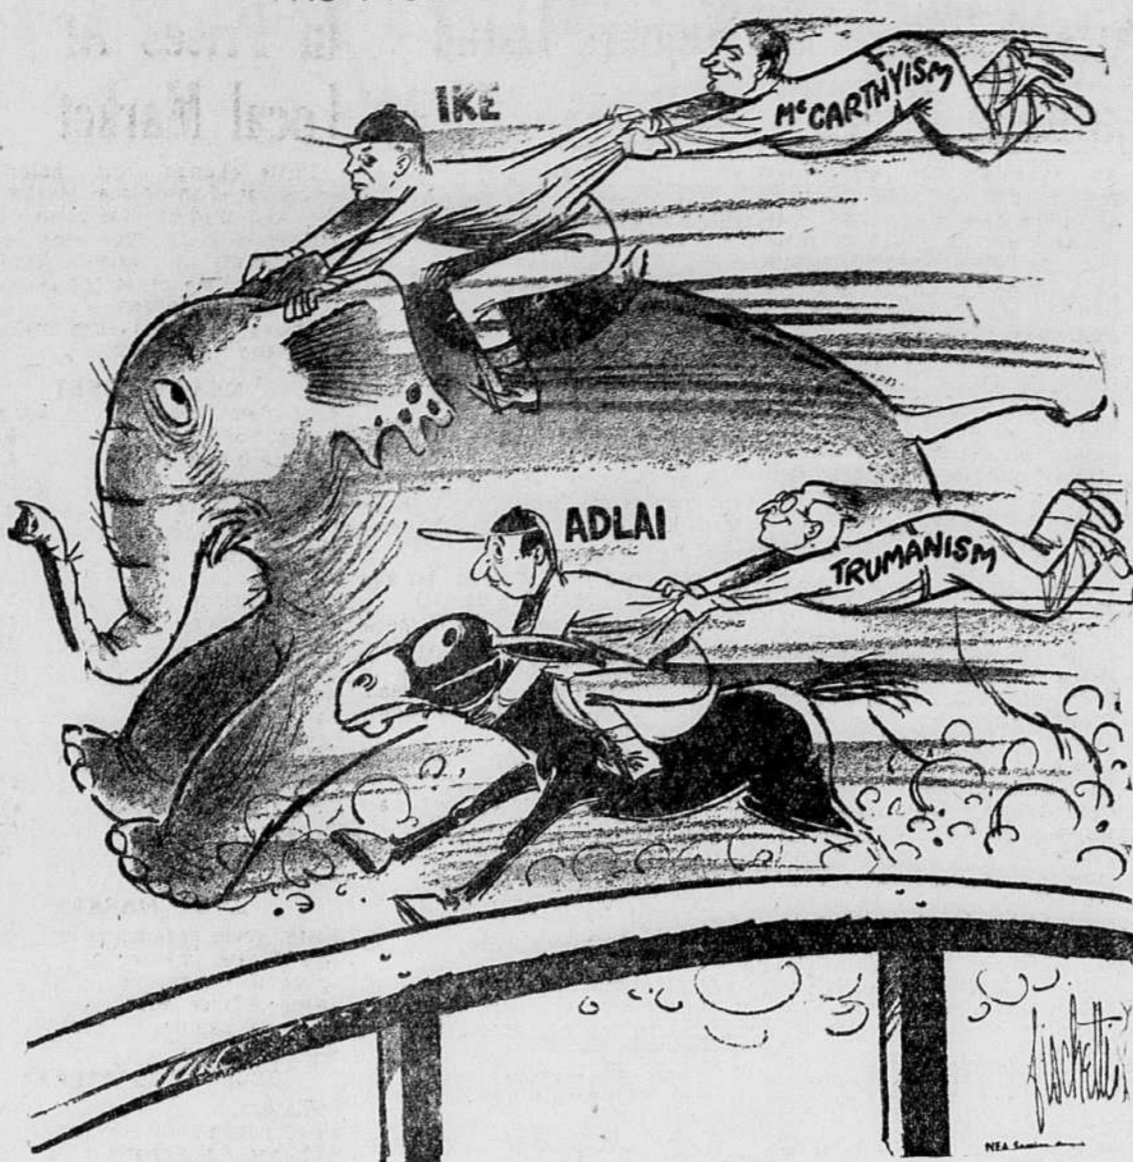

"It looks to me as though Eisenhower will need a landslide to win. That is, he is not likely to win a close one." — Olin W. Archer, Rochester (N.Y.) Times-Union.

"The Republicans have all the issues. The Democrats have only one. 'Don't let them take it (the boom) away.'" — Buffalo (N.Y.) News.

"The fact that most of the nation's newspapers are Republican means nothing. They have been Republican for years and most of them are getting farther away from the people all the time. ... You might as well count on it — it's Stevenson and Sparkman, sure as shooting!" — Louis A. Eckl, Florence (Ala.) Tri Cities Daily.

Mr. Eckl, it should be mentioned in connection with this final comment, was the only editor to score a bull's-eye in predicting Truman's victory in 1948, in a similar poll of newspaper editors conducted by this column.

The Presidential Handicap

Glimpses Into The Past

By BERTHA WESTON PRICE

MEN OF EARLY DAYS

There are many names that still cling to memory of early days in the Eastern Townships and Quebec Province which afford glimpses into the past because of the part they took in the life around them, before they went on their way.

We may be allowed to take them at random, or through personal desire, and link their names as brothers-at-arms, or close friends because of the work they did and the desires they had for comradeship, although their paths in life were far apart at times. A name that still lives is that of the Rev. T. S. Chapman, M.A., incumbent of St. Paul's Parish in Marbleton, Que., whose years were filled with work; Dr. J. M. Harper, Inspector of Schools in this Province, through all the years a man of worth; Dr. W. H. Drummond, beloved author of the Habitant stories and poems, and Dr. James Douglas, medical superintendent of the quarantine station at Grosse Isle, in the St. Lawrence River above Quebec from the townships.

Why—some one may ask— are those four names linked? The answer is that at times in their lives, those men were linked together in their acts of duty, or of friendship.

Rev. Thos. Shaw Chapman was ordained at Bishop's College, in 1840 and became a travelling Missionary in the Church of England. His next term of service was at Grosse Isle, the well remembered Quarantine Station for immigrants arriving in Quebec. It will also be remembered that the period of transporting newcomers brought those which were consigned for the E.T. to Sherbrooke where they were cared for in the covered wooden bridge across the St. Francis. This was the period of the great epidemic of passengers afflicted with ship fever and other diseases that accompanied the poor immigrants. The years were 1847, and Dr. Heneker, a young practicing doctor, and later a prominent man of Sherbrooke, gave splendid service to these unfortunate people. Women in Sherbrooke gave of their

time and strength in caring for them.

To return to Mr. Chapman, we recall him going to Grosse Isle in 1849, as chaplain under Dr. Douglas, and there he gave splendid service for several months. Here on this island two miles long, military, medical and religious work had to be done and the young chaplain soon found himself a busy man. Records show that the ship people died in large numbers from typhus and other fatal diseases, but today that has disappeared into the misty past.

While there, Mr. Chapman had an experience he considered worthy of record. Added to his duties at Grosse Isle he acted as tutor to the young sons of Dr. Douglas while they were with their father, this included the study of Latin and French. It was a new experience for the chaplain, but after later events he felt honest pride in his work for that young lad, Archibald Lucius Douglas became a British Admiral in the Navy. When the Japanese Government set up their Naval College at Tokyo they applied to the British government for a competent naval instructor and it was Archibald, Captain Douglas, who was sent, and it was he who remodeled the Japanese fleet after the British and enabled the clever little Japs to humble the pride of Russia in one decisive battle. The other brother, George, also received naval training, and the young Chaplain felt proper pride in his part in the education of these boys, both of whom became noted officers in the British Navy. Perhaps today Britain might not be willing to send a gallant officer from her Navy to teach the Japs how to fight!

Doctor Harper

A man known throughout the E.T., Dr. Harper served faithfully as Inspector of Schools. From his pen we have the introduction to Mr. Chapman's biography, "The Grand Old Man of Dudswell," in which the writer gives the faithful minister for fifty years due praise to his endeavors, and also expresses his deep friendship for

THIRTY YEARS AGO

The City Council granted a large number of protests against the municipal valuation roll and accorded the property owners substantial reductions.

TWENTY YEARS AGO

The defeat of the Government of Chancellor Franz von Papen in the German

elections was a surprise to many.

Dr. Wm. H. Drummond

A man whose name is revered, the writer of the Habitant books and poems, was a close friend of Mr. Chapman and a welcome visitor. He and his wife spent many happy days in Marbleton and outlying places, the author and minister closely bound with the ties of friendship, while Mrs. Drummond was the author of "The Good Old Man of Dudswell" and a continued visitor to this home long after her husband had passed away.

Dr. James Douglas

Among the physicians of early days Dr. Douglas stood high. He did noble work in Quebec and at Grosse Isle where he and the young chaplain were united in the work of saving lives and of giving them peace when the Angel of Death hovered over the helpless. Rev. Chapman always remembered the kindly doctor, and the two boys who were in his care.

There are many many men whose lives, like these four, came together for a time and friendship formed its bond and left a heritage of faith and love that has helped the world on its way for centuries. If their lives, or a part of their lives, could be written for posterity it would help to create such bonds as these of a century ago.

GOOD DEFENSE WILL HELP WIN GAMES

As a general rule, the best defense against a no-trump contract is to hammer away at a long suit, in order to develop tricks with low cards. If the defenders switch about from one suit to another, they usually help declarer.

In today's hand we see the exception to this rule. The best defense was to switch from hearts to spades and back again at every opportunity. This hand is more in the nature of a curiosity than a model to be followed.

West opened the hand with hearts and East won with the ace. East promptly shifted to the seven of spades, and South had to play low. If South had put up the ace of spades, he would have lost three spades and three aces.

West won with the queen of spades and shifted back to hearts, dummy winning with the queen. Declarer led a club to knock out East's ace, and East led a second spade through declarer's ace.

Once again, South could not afford to put up the ace of spades. If he did, he was still sure to lose three spades and three aces, so South finessed the jack of spades, and West won with the king. West promptly switched back to hearts, knocking out declarer's last stopper in that suit.

Declarer could get nowhere without attacking diamonds, so East got in with the ace of diamonds in time to cash his last two hearts. The contract was therefore set two tricks, with two spades three aces, and two long hearts.

The Record Short Story

HIS ANGEL CAKE

By HOLLIS STARNES

"My son's coming home!" Ellen Amsbury cried out joyously, as she rushed into Silverlake Pharmacy. "He called up from San Francisco; he'll be here as soon as he can get plane space!"

Hannah Griffin, widowed drugstore owner in the little resort town, knew what it meant to this wealthy Summer resident to have her only son back from the war, all his Air Force missions accomplished. "I'm so glad for you!" she murmured.

A year ago Ellen had lost her husband in a motor crash which hospitalized her for months. Today for the first time the lovely, petite brunette seemed like her oldtime radiant self.

"I'm planning things to keep Johnny busy and gay. Parties, dances, pretty girls to make a fuss over him.

Hannah smiled. "That won't be hard—the girls always flocked after your Johnny!"

His mother said thoughtfully, "When he went to war he was a boy. Now he's a man. Time to think about marriage. How I pray that he finds the right girl soon!"

Not many mothers felt that way about losing their sons, mused the druggist, but Ellen explained, "Johnny's dad used to say two's a couple, but it takes three to make a family. Now he's gone, a nice daughter would make us a family again."

"But until then, I must try hard to make home a happy place. No trace of sadness or mourning. That makes me think why I'm here. Clothes!"

Hannah chuckled. She'd been asked to supply practically everything else, in her drugstore. "Clothes?"

"There's no time now to get anything new from New York. But Johnny hasn't seen last year's dresses, which I never got to wear. They're all too snug, after the pounds I put on at the hospital. Who's the local dressmaker you once recommended?"

"Mrs. Ballard."

"Could you phone her and ask if I can come right way? Altering a party dress is the main rush. Johnny'll be home in time for the dinner dance the country club's giving, for the hospital benefit."

"I'm so glad you'll be going," said Hannah. "The whole town's excited over your contribution, bringing that big-name band down from New York."

"I could never repay that hospital," Ellen said humbly. "But it's strange how I thought of engaging Ned Lollar's Band. It's Johnny's favorite dance band, but I never dreamed he'd be here to enjoy it. Now the dressmaker!"

"There's no phone on the old Ballard farm," Hannah said, "but she's sure to be home. The oldest Ballard girl works in the bakery; she'll tell you short cuts to the place."

Ellen asked, "You mean that Reichstag is creating much confusion and the possibility is seen that the Nazi party led by Adolf Hitler may assume power?"

"A branch of the Canadian Legion has been organized at Danville with the following officers: Col. J. H. Boutelle, Peter Bartleman, E. Breton, Capt. J. A. MacCallum, and Capt. A. L. Underwood."

1 Heart Pass 2 Diamonds Pass
2 Hearts Pass 2 Spades Pass

You, South, hold: Spades K-2, Hearts A-K-Q-J-5-2, Diamonds 8-5, Clubs Q-9-6. What do you do?

A—Bid four hearts. North shows a strong hand by his "reverse" bid of two spades. You have already made a minimum rebid of two hearts and can now afford to come out from behind the bushes with a jump to game. A bid of only three hearts might put considerable strain on North.

TODAY'S QUESTION
The bidding is the same as in the question just answered. You, South, hold: Spades K-Q, Hearts A-K-10-7-5, Diamonds 8-5-3, Clubs 9-6-2. What do you do?

Electricity In Textiles Is Explained

SPECIAL TO THE RECORD Kingston, Ont., Sept. 12.—The static electricity which often develops during the processing of textiles, causing producers a great deal of trouble and expense, is due to contact between metal and fibre rather than, as is often thought, to friction between the fibres themselves, international textile experts learned here today.

Washington, Sept. 12.—(AP)—The United States air force yesterday ordered production of an undisclosed number of F-101 twin-jet fighters designed to escort bombers and attack targets deep in enemy territory.

Bombay, India, Sept. 12.—(AP)—The Congress party government in Hyderabad state today won a surprise victory in a special election, taking two legislative seats formerly held by communists.

Texas Floods

OBITUARIES

MR. CHARLES HENRY, OF GRANBY

Granby, Sept. 12.—There passed away on August 25, at the home of Mrs. George Boyd, Mr. Charles Henry, a well known resident of Granby and retired superintendent of the Granby Elastic and Textiles, Ltd., at the age of 87.

The funeral took place at the Granby Funeral Home, on Dufferin Street, and in the absence of his pastor, Rev. A. George Moore, of the United Church, Rev. Gerald Fee, of Cowansville, United Church, conducted the funeral services.

Mr. Henry was born in Scotland, and came to the United States at the age of four years. He came to Granby from Boston, Mass., 31 years ago and was superintendent of the then Elastic Web, now Elastic and Textiles Ltd.

He retired from the company five years ago and continued to make his home in Granby.

He still retained his ties with the United States and each year visited his friends in Boston, Mass., and was buried there.

MISS BLANCHE L. INGALLS, OF SUTTON.

Sutton, Sept. 12.—The death occurred on Saturday, August 30, at her home on Maple street, Sutton, of Miss Blanche Lillian Ingalls in her 63rd year.

She was the elder daughter of the late Allen Hammond Ingalls and Isabel Jacobs Ingalls, and was born at Abercorn on November 5, 1889, where she lived until 1947, when she moved with her father and sister to Sutton.

Having been a semi-invalid for nearly 50 years, Miss Ingalls was not well known except to a small circle of friends, who loved and admired her for her sterling character and the ability to look on the humorous side of things even when suffering pain in hospital, where she spent 11 weeks before her death.

The funeral service was held at her late residence on Monday, September 1, at 2 o'clock with the Rev. Dr. S. W. Boyd, of the United Church, officiating, assisted by Mr. Gordon Allan, student minister of Olivet Baptist Church.

Interment was in the family lot in Pleasant Valley Cemetery, at Abercorn.

She is survived by two brothers, Francis, of Sutton Junction, and Ernest, of East Middlebury, Vt., and one sister, Mrs. Nettie Macgett, of Sutton, with whom she resided.

Tells Of Arrest Of Alfred Krupp At Pistol Point

Saint John, N.B.—Seven years ago a Saint John army officer arrested Alfred Krupp as Hitler's Reich collapsed. Recent announcement of an allied plan concerning the Krupp empire brought memories to Col. Arthur W. Burgess who in March, 1945, arrested the industrialist at pistol point.

The announcement was that Krupp, who served a sentence as a war criminal, will get \$125,000,000 if the West German government accepts the allied plan to reinstate him. The plan calls for reorganization of the Krupp empire, with the family to be removed from the munitions business.

Col. Burgess thinks Krupp could be a valuable ally in the event of war with Russia and considers it unlikely he would try to foment another war even if the opportunity presented.

"He knows what war has meant to him," the colonel said here. "But I think he would join any movement that he thought might put Germany on top of the world. He would be with us in a fight with Russia. He is absolutely anti-communist. He would want to cooperate with us in every way.

"Part of being a proud German, he would have everything to lose by a Russian victory."

Col. Burgess, detached from Canadian army headquarters, was serving with the U. S. Ninth Army when he arrested Krupp.

"He wanted to be high hat, but after I told him his position—at the point of my pistol—he buckled down and co-operated."

By that time the 25-acre Krupp plant at Essen was in rubble from allied air attacks. Krupp's magnificent residence not far away was barely touched.

Krupp passed into the care of an allied interrogation team. Col. Burgess has a transcript of what Krupp told his questioners.

The 45-year-old Krupp claimed he was never active politically but his position in the manufacturing world brought him into contact with Hitler, Goering, Himmler, Bormann, Speer, Funk and Ley.

Col. Burgess said he formed the impression the industrialist was not so much interested in making war as he was in the prestige of the Krupp family.

According to the transcription, Krupp believed Great Britain should have accepted Hitler's peace offer in 1940. He said that four years passed without the allies showing any proper appreciation of bombing policy. Until near the end, effects of raids on production and transport were quickly overcome by German ingenuity.

As the chief reason for Germany's defeat, he cited the abandonment of large-scale bomber production in favor of material for

DUKE OF WELLINGTON CHAPTER I.O.D.E.

The opening meeting of the Duke of Wellington Chapter I.O.D.E. took place on Thursday, September 4, at the rooms on Moore Street, the regent, Miss Frances MacDonald, presiding. The Standard was raised by the Standard bearer, Mrs. R. F. Morris.

Mrs. V. Southern, welfare convener, reported three families were receiving milk daily. During the summer the regent's attention was drawn to a family in need, the father being a veteran of the last war. Food was supplied and clothing to outfit a child for school. The action of the regent in regard to this case was ratified by the meeting.

A letter was read from Mrs. Stewart Knox, of Montreal, wishing the chapter a successful season.

It was announced that a rummage sale would take place at the market on September 19, at 1:30 p.m., and rummage was requested. Mrs. W. E. Chapman was appointed convener.

Mrs. A. A. Munster, world affairs convener, read an interesting article entitled "Queen Elizabeth's Highland Castle."

Mrs. F. C. Churchill, tea and films convener, reported on her convener'ship and urged the members to see more British films.

A list of activities of the Y.W.C.A. for the coming season were read by the regent along with fees for the various classes.

After some discussion it was decided another box lunch bridge would be held on Wednesday, October 15.

The meeting adjourned with the singing of "God Save the Queen."

MR. and MRS. SIDNEY WARD, Jr. and their attendants, photographed after their marriage in St. John's Anglican Church, Brookbury, Saturday, August 2. Reading from left to right, are the groom, the elder son of Mr. and Mrs. Sidney Ward, Sr., of Brookbury; the bride, the former Miss Wilma Lammeren, only daughter of Mr. and Mrs. Everett Lammeren, of Bury; Mrs. Elwilyder Lake, matron of honor, and Mr. Dale Lammeren, best man.

WARD-LAMMEREN

Brookbury, Que., Sept. 11. — St. John's Anglican Church was the scene of a pretty wedding at three o'clock on Saturday, August 2, when Wilma Lammeren, only daughter of Mr. and Mrs. Everett Lammeren, of Bury, became the bride of Sidney (Ted) Cedric Ward, elder son of Mr. and Mrs. Sydney Ward, Sr. The ceremony was performed by the Rev. Mr. Turpin, of Cookshire, and Mrs. Irey Batley played the wedding music. The church was attractively decorated with summer flowers.

The bride, given in marriage by her father, wore a floor-length gown of white sheer, cut on princess lines with long sleeves and sweetheart neckline; her veil was held in place by a bandeau of orange blossoms and she carried a bouquet of sweet peas and maidenhair fern. Her only ornament was a single strand of pearls.

The bride was attended by Mrs. Elwilyder Lake, who wore a floor-length gown of China blue sheer with a matching hat and she carried a bouquet of sweet peas.

Mr. Dale Lammeren, brother of the bride, acted as best man. Mrs. Lammeren, mother of the bride, was unable to attend.

Mrs. Ward, mother of the groom, was dressed in a grey suit with white accessories and she wore a corsage of gladioli.

Following the ceremony a reception was held at the home of the groom's parents, where the bride's table was centered with a three-tier wedding cake, decorated by Miss Gertrude Clark.

Cooling Romances Keep Him Active Removing Tattoos

Toronto—Out-of-date love affairs are John V. Branting's stock-in-trade. The 34-year-old Swede makes a living removing unwanted tattoo marks.

He says he has a secret formula for removing love-knots and has treated customers in many parts of the world, men and woman alike. Nothing, he points out, can be more embarrassing than having the name of last year's girl friend—or boy friend—tattooed complete with heart and arrow in a spot where the new one can see it. "People usually get tattooed on a foolish impulse," he says. "They soon regret it. I've had a lot of people come to me the day after they got tattooed, to have it taken off."

Most of the tattoo addicts are young people. "I'll bet not one in 100 gets tattooed after the age of 25," he said.

Government Seeks U.S. Arms Orders For Canuck Firms

By HAROLD MORRISON
Canadian Press Staff Writer
Ottawa.—Defence production authorities are seeking to boost the flow of United States arms orders to Canadian factories by concentrating on items which can compete with American prices and by bolstering sales channels leading to the world's biggest buyers—the American fighting forces.

The Canadian Commercial Corporation and the defence production department's small industries division are linking efforts to comb Canadian production and pick out commodities which the American fighting forces require and which are really competitive in price with similar items produced by American manufacturers.

Canada's ability to produce these goods will be brought to the attention of U.S. procurement agencies through Canadian government channels, using the facilities of the Canadian Commercial Corporation and the Washington offices of the defence production department.

F. W. Hore, chief of the department's small industries division, said in an interview.

"Initially, the commodity lists being established are for those items required by the U.S. air force, but it is intended that this listing will be extended as quickly as possible to cover items required by the U.S. army and navy.

"Having readily available a list of commodities that can be produced competitively and known sources of supply should greatly facilitate our efforts in selling Canadian defence goods to the U.S."

The U.S. placed about \$292,000,000 worth of defence orders in

Government Seeks U.S. Arms Orders For Canuck Firms

ing, chances of Canadian firms getting U.S. defence contracts were slim. This applied particularly to the small Canadian firm without representation in Washington and without detailed knowledge of the detailed functions of the various U.S. procurement agencies.

Another problem, too, was that American procurement agents, in some cases, just could not take time to make a thorough investigation of the small Canadian concerns making bids and these were passed up.

Under the plan the defence production department, in effect, will be acting as a sort of agent for the Canadian producer, undertaking inspection on behalf of the U.S. and making sure the Canadian plant has the ability to produce the item at the price tendered and in the amounts required by American authorities.

As defence production officials find a competitive item among Canadian manufacturers, the department's Washington office checks with U.S. procurement agents to obtain American specifications which are turned over to the Canadian manufacturer. It will be up to him to consider whether he can meet American specifications.

The next step will be to have the Canadian firm placed on the U.S. armed forces' mailing list for tenders.

CONNY SMYTHE TRADES FOUR TO HAWKS FOR HARRY LUMLEY

Mortson, Gardner, Hannigan And Al Rollins Complete Big Deal; Move Meets With Fans' Approval

Toronto, Sept. 12.—(CP)—Ever since weight and age began to catch up with Turk Brode Toronto hockey fans have been boosting Harry Lumley as his successor in the Toronto Maple Leafs goal.

Yesterday they got what they wanted. Conny Smythe dealt four players to Chicago Black Hawks for the robust native of Owen Sound, Ont., who starred repeatedly against the Leafs in Toronto with the Hawks and his former club, Detroit Red Wings.

To get the 26-year-old net-minder whose playing weight is 200 to 205 pounds, Smythe gave up defencemen Gus Mortson, centre Cal Gardner, goalie Al Rollins and forward Ray Hannigan who spent last season with Pittsburgh Hornets.

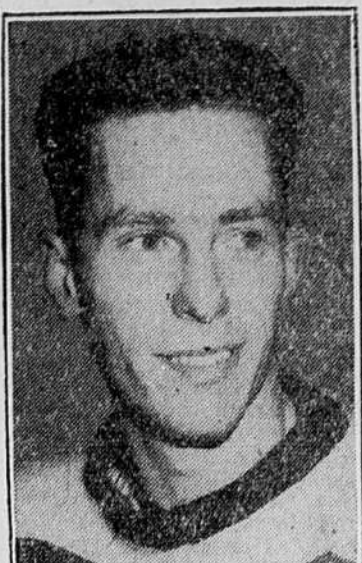

Toronto's American Hockey League farm club, at Pembroke, where the Black Hawks are in training for the National Hockey League season, Lumley was enthusiastic.

"I guess it's nearly every player's ambition to be with Toronto," he said. "From the time you're a kid just learning, you keep hearing about the Leafs."

Gardner, who came to the Leafs in the 1948-49 season in a deal with New York Rangers, said "that's not bad." He added: "I'm not worrying. It's for the best. Perhaps another style of hockey will help. I was lousy sometimes under the system here."

Mortson, who has been a Leaf ever since he broke into the N.H.L. in 1946, said: "Four-for-one trade, eh? Guess I can't be very good."

Rollins, who was first signed as a pro by the Black Hawks, and

REJOINS CLUB.—JACQUES PREFONTAINE, a member of the Sherbrooke Saints two seasons ago, will be back with the club once again.

Hannigan could not be reached for comment. The deal maintained the Black Hawks' reputation of being hockey's freest traders. They started a string of four major swaps or purchases in 1947 when they dealt Max Bentley to the Leafs for five players—defencemen Ernie Dickens and Bob Goldham and forwards Gus Bodnar, Gabe Stewart and Bud Poile.

In 1950 they gave Stewart, Goldham, goalie Jim Henry and centre Metro Prystai to Detroit Red Wings for Lumley, defenceman Jack Stewart and Al Dewsbury and forwards Pete Babando and Don Morrison. A year ago they paid the Red Wings \$750,000 for six players: forwards Jim Peters, Jim McFadden, George Gee and Max McNab and defencemen Clare Martin and Clare Raglan.

"I never met anyone around Toronto who didn't want to see Lumley in the Leaf nets," said Smythe. "So I'll be popular until the opening game of the season at least, we open at home Oct. 11 against Chicago."

McMaster University Makes Debut In Senior Intercollegiate Football Union This Year On Condition Basis

Hamilton, Sept. 12.—(CP)—McMaster University marauders make their debut in the Senior Intercollegiate Football Union this season with a big "if" attached.

If they make good against the other four clubs—Varsity Queen's, McGill and Western Ontario—a McGill will be taken to grant the marauders full-fledged membership in the union in 1953. Otherwise, it might be back to intermediate ranks or another fling at the Senior Ontario Rugby Football Union.

They'll play an abbreviated schedule of four games, a concession granted them on the basis of their showing in O.R.F.U. company last year in the semi-pro circuit. The games will not count in the official standings.

The marauders finished third last season and one of their players, Mel Hawkrigg, won the league scoring title with 70 points. Hawkrigg now is with Hamilton Tiger-Cats of the Big Four Union.

Al Smith, entering his sophomore year as a college coach, admits McMaster's prospects are still a big question mark. He'll know better after the marauders open their schedule here Sept. 20 against McGill Redmen.

Missing from the 1951 team besides Hawkrigg are Walt Bashak, O.R.F.U. all-star lineman, and halfback Alex Ponton, both with Ottawa Rough Riders of the Big Four; snap Bill Borozowski, with Tiger-Cats; and Ken Foster who had lined up with Sarnia Imperials.

But Smith will have back such four-year men as Ken Stanley and Gerry McTaggart, a pair of six-foot-four inch ends with basketball-developed hands; Lorne Wrigglesworth, 195-pound quarter who has had pro offers from four Canadian clubs; and Lee Munn and Jim McCracken, 215-pound linemen.

Red Wings Tounce Chiefs To Lead 3-0

Rochester Red Wings today were on the threshold of the final round of the International League's Shaughnessy playoffs.

Manager Harry Walker's hard-hitting crew tounded Syracuse Chiefs 3-2 last night to take a 3-0 lead in the best-of-seven series.

Montreal Royals and Toronto Maple Leafs, engaged in the other semi-final rounds series, were idle. The Royals lead the Leafs, 2-0.

Righthander Al Pappi, recalled from Houston of the Texas League on the last day of the season, had been selected to pitch for the Wings tonight against Syracuse's Bobo Holloman, a 16-game winner. Holloman was beaten by Rochester in the series opener.

The Royals meet the Leafs in Toronto tonight with rookie Johnny Podres facing veteran Vic Lombardi of the Leafs.

Preacher Jack Fasholz coasted to victory as the Wings supported his eight-hit pitching with an 11-hit attack that included home runs by Walker, Ray Jablonski and Steve Bilko. The Wings led the game wide open in the fourth when they landed on Arnie Landeck for five runs on a 7-1 lead.

Brinsell Sells Gus Kyle To Calgary Stampede

Boston, Sept. 12.—(AP)—Boston Bruins yesterday sold defenceman Walter (Gus) Kyle to Calgary Stampede of the Western Hockey League.

Kyle, 29, played with the Boston entry in the National Hockey League last season after being obtained in a trade with New York Rangers for Paul Ronty, a forward.

Kyle and his brother, Bill, a hockey coach, plan to open a sporting goods store in Calgary. He was sold to the Stampede at his request after the Bruins had planned to sell him to another club.

Olympic Champ Makes Pro Debut At Gardens

New York, Sept. 12.—(AP)—Olympic middleweight champion Floyd Patterson makes his pro debut tonight against Eddie Godbold in a six-rounder that has taken all the play from the main bout at the St. Nicholas Arena.

Sammy Giuliani of Stamford, Conn., and Johnny Lombardo of Mt. Carmel, Pa., hook up in the 10-round middleweight feature. Patterson, fast, hard-hitting Negro from Brooklyn, is not yet 18 and is limited to six rounders.

DODGERS BUY HUGHES FROM ROYALS

Brooklyn, Sept. 12.—(AP)—Brooklyn Dodgers today announced the purchase of James Hughes, 28-year-old righthanded pitcher, from their Montreal farm. Hughes, who won nine and lost seven for the Royals, will report today.

Stan Cuthbert Elected President Of Southern Eastern Townships Darts League; 19 Clubs Attend Meeting

Darts competition embracing more than 20 teams and extending into Vermont state was envisaged last night at the annual meeting of the Southern Eastern Townships Darts League.

Nineteen different clubs were represented at the meeting, held at the Canadian Legion Memorial Home, and with indications that several more clubs wish to join the league this season it was decided to break the league into four sections.

These will be Sherbrooke, North Hatley, the Boundary and Magog and Ayer's Cliff.

Stan Cuthbert was the unanimous choice for president of the league, succeeding Doug Amaron. The presidents of each section will be vice-presidents of the league. Other league officers will be elected at another meeting, to be held at Hillcrest Lodge on Sept. 25.

Between now and Sept. 25 sectional meetings will be held to determine just what teams will compete in the coming season. Arranging these meetings will be Denis Hunt-Duke for North Hatley, Walter Woodard for Sherbrooke, Lloyd Kazar for the Boundary and Tony Lecourse for Magog-Ayer's Cliff.

Mr. Amaron reviewed last year's activities in his report and noting that the league's playoff championships, New Magog, had won the provincial championship stated that the calibre of darts played throughout the league was exceptionally high.

There were 459 registered players in the league. Mr. Amaron urged the various teams to "try to keep darts as a game."

"If it comes to the point where winning means more than playing," he said, "then you are going to kill the interest that has brought darts to the high level it has reached in the Townships."

Halifax St. Mary's Backer Quits Team

Halifax, Sept. 12.—(CP)—Lt.-Col. Victor Oland, backer of Halifax St. Mary's for several seasons, said last night he could no longer assume the full burden of keeping the team in the Maritime Major Hockey League.

In a series of developments which left the door wide open for new sponsorship, Col. Oland offered his interests to the Halifax Forum Commission. The Commission replied it "does not feel justified in using public funds to operate a hockey team."

Alderman J. G. deWolf, Commission chairman, said the body was "most anxious and willing to cooperate with any individual or group of individuals who are prepared to back financially a senior hockey team in this city."

Col. Oland said business interests which would keep him out of the city for most of the winter prevented him from continuing sole sponsorship of the Saints, but he was willing to do all he could to assist the team in time and finances.

Indians Gain On Idle Yanks; Giants Win, Dodgers Lose

Cleveland's pennant drive and the Mike Garcia boom for most valuable player are swinging along hand in hand.

With "The Bear" boasting a string of 23 consecutive scoreless innings, the onrushing Indians yesterday crept within one-half game of the idle New York Yankees.

Cleveland's eighth straight win, longest streak of the year in the American League, was a 1-0 job by Garcia who allowed only two Philadelphia singles. It was his seventh shutout and 20th victory.

Heading into the showdown one-game series with the Yanks Sunday, Garcia looms as the likely Cleveland starter. The Indians now have 13 to play, the Yankees 14.

The Yanks aren't the only leaders looking over their shoulders. Brooklyn is at it again with New York Giants closing in.

When Brooklyn lost 11-7 to Chicago yesterday and the Giants nipped Pittsburgh 5-4, the Dodger lead dwindled to 3½ games. The Brookes have 15 to play, the Giants 16.

A year ago the Giants were six games back on the morning of Sept. 12. Chicago, splitting the four-game series with Brooklyn, piled up an early 9-0 lead that was more than enough to offset a grand slam homer by Andy Pafo and an eight-inning rally that chased winner Bob Rush. Once again it was a story of inadequate pitching for the Dodgers with Billy Loes and

Garcia's fine two-hit job for Cleveland needed a home run by Bobby Avila to nail down a win. Avila hit his homer off Harry Byrd in the fourth inning.

Ferris Fain, bidding to repeat as league batting champ, got both hits off Garcia.

Washington took a fall out of third-place Chicago 4-1, on Jackie Jensen's sixth-inning double. Walt Dropo smashed two towering homers and Jim Delsing came through with a game-winning pinch single for Detroit's 5-4 edge over Boston Red Sox.

The Yanks and St. Louis were idle as were Boston and Cincinnati in the National.

North Hatley Ball Club Downs Waterville 17-7

North Hatley, Que., Sept. 12.—The North Hatley Junior Softball Team downed their opponents from Waterville in a 17-to-7 game played in North Hatley. The team will be glad to meet any other junior team in their class.

The following players comprise the team: Russell Marlowe, captain and pitcher; Peter Browning, shortstop; Gary Kezar, catcher; Junior Coulombe, centerfield; Ken Barlow, left field; Lawrence Brun, 3rd base; Sid Majaur, 2nd base; Dick Johnson, 1st base; Lyn Barlow, right field; and Wendell Greer, spare fielder. The coach is Wilfred Coulombe.

R. Robinson Wins Shoot Held At Mansonville

Mansonville, Sept. 12.—The annual meet of the Mansonville Rifle Association was held at Mansonville on Sept. 7. Competition came from Montreal, Sherbrooke and many other places and made the meet a complete success.

Major D. McRae, president of the P. Q. R. A. tied for first place and the Lady Peterson Challenge Trophy for grand aggregate with Bob Robinson and E. E. Wright, both of the Mansonville Rifle Club, but lost out to Bob Robinson in the shoot-off.

Bob Robinson, a green shot, did the amazing feat of winning the Brock Trophy at 600 yards in a shoot-off against C. Rasmussen, of Montreal. He also tied for first place in the Sherbrooke Regiment Rifle Association Trophy match at 200 yards with Major J. Roberts, of Montreal, but lost out to Major Roberts in the shoot-off.

The Mansonville team of Bob Robinson, E. E. Wright, H. C. Clark and F. J. A. Ducharme won first money, with the Sherbrooke team of W. G. Bishop, W. T. Maxwell, J. Morkill and Edson Warner placing second.

In the grand aggregate the first ten men placed as follows: R. Robinson 102, E. E. Wright 102, Major D. McRae 102, Major J. Roberts 101, C. Rasmussen 100, W. Ledger 100, Garth Bishop 99, W. T. Maxwell 98, H. Paige 98, M. Penman 98.

Big Four Teams Complete The Loop This Week-End With Ottawa-Toronto Game Tops; Als Travel To Hamilton

Big Four football teams complete the circuit this week-end and the results should give Eastern Canada fans a fair indication of what to expect about Grey Cup time. Or will they?

Some many things have been happening on the Eastern and Western fronts the last couple of years with clubs who were supposed to lay down and die stepping up and smacking the jabbers out of their opponents.

The goings-on of the last-place Calgary Stampeders in the Western Conference and Montreal Alouettes in the East at the tail-end of the 1951 season still linger in the minds of fans. They were the clubs that practically forced three-way ties in the standings.

There's a full schedule on tap for Saturday in the senior groups. It's Calgary at Regina and Edmonton at Winnipeg in the Western Conference; Toronto Balmy Beach at Windsor and Sarnia at Brantford in the Ontario Rugby Football Union and Montreal at Hamilton and Ottawa Rough Riders at Toronto Argonauts.

The Rough Rider-Argonaut clash before an expected 27,000 full house at Varsity Stadium could be a dilly.

The defending Grey Cup champion Riders squeezed past the hapless Als 32-28 and then took a 30-3 shellacking from Tiger-Cats at Ottawa last week-end, leading Rider coach Clem Crowe to observe:

"So far we've played only one game—half a game against Montreal and half a game against Hamilton."

Maybe so, but if Argos continue their blistering pace, Riders will have to come up with a tremendous effort to topple them. The couple blues have been acting like a bunch of old pros—they looked like bums in pre-season exhibition games but in chips-down league competition they annihilated the opposition.

They started the season with a 33-13 decision over the Tiger-Cats at Hamilton and then delighted home-town crowd last Saturday with an overpowering 43-0 triumph over the Alouettes. A three-in-a-row skein would send the fans home chanting "first in '52."

On form it should be Hamilton over Montreal. The Als are angling for new talent but they can't expect help before the Saturday kickoff.

It should be a shoo-in for the Beaches and Sarnia, co-leaders of the O.R.F.U. with two victories each.

Calgary Stampeders, who perked up early in the season with

three straight wins, haven't been able to buy a victory since. They suffered their third straight loss, 7-6 to the Roughriders at Calgary on Monday, and Coach Les Lear's Huskies are out to make amends.

The Roughriders will depend on rookie backfielders with Coach Glen Dobbs giving up the signal-calling to Doug Belden. Dobbs plans to start Joe Stracina, a Montreal intermediate grad, at fullback. Wayne Anderson, a Saskatchewan junior star a year ago, and Freddie Hamilton, a former intermediate for Hamilton, will be first-string halves.

Nellie Greene and import Art Stewart both have, on injured ankles and Dobbs is forced to give the kids a chance to shine.

Calgary has added Dave Anderson, 21-year-old former quarter with Arkansas A. and M. College to relieve the injured Stan Heath. Winnipeg will be considerably strengthened for its game against the Eskimos with return of seat-backs Tom Casey and Gerry James. Both have been out for three games with injuries.

The Bombers will be gunning for their fourth straight victory. They hold a three-point lead over the Stampeders and a loss still will leave them in the top spot.

Chris Spencer Wins \$50,000 Roosevelt Trot

Westbury, N.Y., Sept. 12.—(P)—Chris Spencer, one of America's greatest trotters three years ago, returned to big time competition last night and won the \$50,000 Roosevelt Two Mile Trot in 4:16.3/5 at Roosevelt Raceway.

Chris Spencer, owned by Dunbar Bostwick of Shelburne, Vt., and driven by Billy Haughton of Fulton, N.Y., came from off the pace heading into the last eighth of a mile and won by three-quarters of a length.

Hadley Hanover, representing J. W. Downing of Machipongo, Va., also came from out of the pack in the final brush but had to be content with second. Third and fourth went to Lord Steward and Maiminer, 1951 Hambletonian winner. Both carried the hopes of Ralph H. Kroening of Milwaukee.

Although Chris had won all four of his starts in the last two years, they were against minor competition over Vermont's half-mile ovals. But 27,000 remembered the Chris Spencer of three years ago and played him heavily in the mutuels as a record one-race handle of \$191,488 passed through the machines.

As the result Chris Spencer paid \$7.70, \$4.90 and \$3.50 in earning the purse of \$22,500 and boosting his total earnings to \$193,055.

Pronto Don, favorite to win, was withdrawn due to the death of his owner, William R. Hayes.

Turpin And Angelo To Meet For British Title

Edgar Laprade Wants To Quit Pro Hockey

Port Arthur, Sept. 12.—(P)—Edgar Laprade, New York Rangers centre, said yesterday he may not play in the National Hockey League this season.

Laprade said he is seeking his release from the Rangers so he can play amateur hockey here. "But the matter still is in the hands of Frank Boucher. If he refuses my release I'm no farther ahead."

Black Hawks Go Into New N. H. L. Season With Shake-Up From Top To Bottom; Art Wirtz New Prexy

Chicago, Sept. 12.—(AP)—The Chicago Black Hawks, long-time also-rans of the National Hockey League, go into the 1952-53 season with a shake-up from top to bottom.

The first change was announced recently—that Sid Abel, veteran Detroit centre, would replace Ebbie Goodfellow as manager.

Yesterday, at the N.H.L.'s annual pre-season meeting, it was disclosed that the club will have new ownership and four new players.

Taking over as proprietors are Arthur M. Wirtz, president of the Chicago Stadium, where the Hawks play; his business associate, James D. Norris, and Norris' younger brother, Bruce.

James Norris is president of the International Boxing Club, which promotes most major fights, and Wirtz is a member of its board of directors. They and the younger Norris gave up their interest in the Detroit Red Wings in order to make the deal.

James Norris will function as chairman of the board while Wirtz takes over as president and Bruce Norris as first vice-president of the Black Hawks. They bought out seven unnamed Hawk stockholders. However, former President William J. Tobin will remain with the organization as a vice-president and general manager. He retained his stock.

No sooner was the ownership change announced than it was revealed that the Black Hawks had traded their top flight goalie, Harry Lumley, to Toronto Maple Leafs for four players, forwards Ray Hannigan and Cal Gardner, defencemen Gus Mortson and goalie Al Rollins.

The various Black Hawks developments overshadowed other developments of a busy league meeting that produced a revolutionary new intra-league draft setup.

Under the plan, weaker teams can be strengthened by the draft-

Raffle Tickets Will Be Distributed With Each Purchase For A Period

Mayor Emile Levesque, Hon. J. S. Bourque, Minister of Lands and Forests and Hydraulic Resources, Ovide Asselin, Maurice Richard, Yvon Robert and Larry Moquin, will be among the invited guests for the official opening of Martin and Morin's Service Station, located at the corner of Aberdeen and Wellington Street South.

The service station opened today at 7 a.m. and each customer is given a ticket which entitles him to a chance on the drawing of a radio and ten other prizes. No more tickets will be given out after 8.30 p.m. Saturday.

The station has a motto of prompt and courteous service and have nothing but competent products.

J. P. Martin, co-proprietor of the Service Station, is a native of Montreal and was educated at "Le Plateau" College and University of Montreal.

He was manager of the P. E. Paquette Esso Service and also one time manager of Chasse's Garage, both companies being in Montreal. He was also manager of Deschatelet Automobile Company in Montreal.

In Sherbrooke he succeeded Raymond Morrison, as director of the Aberdeen Service Station where he made numerous friends.

Married, he is the father of two sons. Hector Morin, co-proprietor of the Service Station, is a native of

Magog, Que. He is the son of Mr. and Mrs. Ovide Morin, of Magog. He was educated at the high school and St. Patrick's College in Magog. He was in the drugstore business for 15 years in Magog and Montreal.

Charlie Grimm To Stay As Pilot, Says Prexy

Boston, Sept. 12.—(AP)—President Lou Perini of the Boston Braves, by telephone from Niagara Falls, N.Y., today confirmed a management announcement that Charlie Grimm would continue as the club's manager through the 1953 season.

The Braves office silenced rumors that Birdie Tebbetts, veteran Cleveland catcher, would take over the Tribesmen next season by emphasizing that Grimm's managerial contract runs through 1953.

When contacted in Cleveland, Tebbetts denied receiving a managerial offer from any major league club.

Fishermen Shift To New Grounds When Luck Runs Out On Rip; Last Day Will See Double Shifts In Tiff

Wedgport, N.S., Sept. 12.—(C)—With three teams closely bunched for leadership, the ninth International Tuna Tournament went into its final day today presenting anglers with a shift of fishing holes that may set a pattern for the future.

Cuba, United States and British Commonwealth teams have two fish apiece for respective scores of 1,549, 1,510 and 1,061. Scoring is based on poundage with bonuses for the biggest and most.

Mexico played a strike for nearly three hours yesterday but lost their first scoring chance when the big bluefin got away. Brazil hooked its second now-counting shark and Venezuela, the other entry, also remained scoreless.

The British got their two fish on the opening day. Previously rod and reel sportsmen believed rough, tidal Soldier's Rip, 12 miles off this acadian port, was the best place to hook tuna. They knew commercial fishermen made kills in the Tisset River mouth area nearby, not with hook and line but with harpoons as the big game fish bask in the warmer water.

Joe Black And Hoyt Wilhelm Are Staging Big Battle For Relief Honors; Pennant Depends Upon Them

New York, Sept. 12.—(AP)—Who will run out of gas first — Joe Black or Hoyt Wilhelm?

The fellow who knows the answer could make a good pick on the National League pennant winner.

With the pressure mounting every day, Managers Chuck Dressen and Leo Durocher are quick to look to their bullpen for relief help. When he's in a tough spot, Dressen calls for Black. Whenever he needs to get out of a jam, Leo phones for Wilhelm.

Both Dodgers' Black and the Giants' Wilhelm boast shiny 13-3 records. Either can become "rookie of the year" if his club wins. But both must be getting tired.

Black went almost eight full innings against the Giants Monday afternoon. He had to help out Wednesday night. Wilhelm goes almost every day and sometimes twice a day. So far it's 62 games for Wilhelm, 49 for Black as compared to Jim Konstanty's modern record of 74 appearances for the Phils in 1950. Both have won 13 games and

St. Hyacinthe Wins As Braves Knot Series

Face-setting teams in the regular schedule of the Provincial Baseball League last night began to show their power in the playoffs.

St. Hyacinthe Athletics, pennant winners, took their best-of-seven series from St. Johns Canadiens 4-3 with a 5-4 victory last night. In the other game Quebec Braves deadlocked their series 3-3 with a 5-4 win.

The Athletics took the game and series with a four-run burst in final inning after training 4-1 until that point. Georges Carpentier went to the mound first for the winners but gave way to Stan Wotychowicz in the seventh. Wotychowicz was the winner.

Quebec had to call on ace hurler Ray Laque to halt a Three Rivers upheaval in the final inning which netted them three runs and left them only one down to the Braves. Laque was successful.

Mayor Whitton Charges Sport Petition Not O.K.

Ottawa, Sept. 12.—(CP)—Mayor Charlotte Whitton yesterday stepped into a growing battle on the Sunday sport issue with charges that there are irregularities in a Sunday sport petition being circulated in the Capital.

She complained that some employers are putting pressure on their employees to sign; that husbands are putting their wives' names on the petition without permission and that unqualified persons are signing.

The petition seeks to place the issue of commercial sport on Sunday on the ballot as a plebiscite in the biennial civic elections next December.

Petitioners must amass more than 12,000 signatures by Oct. 1 for presentation to City Clerk Nelson Ogilvie, who must check authenticity of the names. About two

Archie Moore Ready To Meet Maxim Anytime

New York, Sept. 12.—(AP)—"Any time Jack Kearns says the word, Archie Moore will be ready to take on Joey Maxim. And after him Randy Turpin."

That was manager Charley Johnston's comment to the National Boxing Association's unofficial champion Joey Maxim that Maxim must fight Moore within 60 days.

"It's about time, too, that Archie got a break," said Johnston, manager of Moore. "He'll take Maxim and be very happy to oblige Turpin 90 days later like the N.B.A. ordered."

"I expect to talk things over with Kearns (Maxim's manager) in the next day or two," added Johnston. "So far boxing commissioners from Missouri, Pennsylvania, Ohio, Illinois and Nevada have expressed keen interest in getting the Maxim-Moore fight for their states."

The N.B.A., at its convention in Montreal, declined to suspend Maxim, but ordered him to fight Moore within 60 days with the winner to meet Turpin, the British champion, 90 days later.

The British Boxing Board of Control asked the N.B.A. to force Maxim to fulfill an agreement to meet Turpin under Jack Solomon's promotion in London. The New York State Athletic Commission has suspended Maxim for not fighting Turpin.

Marciano, 28, not only has a spotless record but he never has been floored in his 42 pro bouts.

Carmine Vingo came close to spoiling everything for Rocky in a wild preliminary scrap at Madison Square Garden Dec. 30, 1949. But Vingo and Marciano were rated as outstanding punching prospects at the time.

Rocky floored Vingo in the first and second rounds and had the Bronxite bleeding from the nose and an eye cut. With defeat facing him, Vingo fought back desperately. He landed a series of swinging rights and that drove Rocky to the ropes. Another right staggered Rocky. He leaned back against the ropes with his eyes glazed.

Then he showed the stuff champions are made of. Refusing to go down, he went on to knock out Vingo in the sixth round. Vingo critically hurt in the bout, after a long siege in hospital retired from the game.

Cleveland To Operate New Haven Farm Team

New Haven, Conn., Sept. 12.—(AP)—Cleveland Barons of the American Hockey League and the New Haven Arena are on the verge of an agreement for the operation of a Cleveland farm club in the six-team Eastern Hockey League, the New Haven Register said today.

The Register added that a lease between the Arena and the operators of last year's New Haven Pomahawks has been terminated and that the Arena will take over operation of the local E.H.L. entry in the season which will open Oct. 18.

Guides were jubilant over prospects of a good alternate to Soldier's Rip. They figure on using it for rough weather and the river mouth for placid days such as this area has been enjoying recently.

Today the competitors started off at the wide river mouth. They will switch to the Rip for the ripe, slack-tide fishing, then return to the river mouth to finish off the

lost three. With only 3 1/2 games separating the leading Dodgers from the chasing Giants, the pressure will be on the relief men more than ever.

Wilhelm is a sure thing to see action today when the Giants meet Cincinnati at the Polo Grounds. Either Al Corwin or Montia Kennedy—and possibly both—may need aid before the long afternoon is over.

Durocher can't afford to hold back a thing. Two Giant wins would clip the Dodger lead to 2 1/2 games. Then if the Brooks should lose their Ebbets Field night game to St. Louis, it would be down to two games.

St. Louis, still a factor although eight games back, can decide this pennant race. The Cards, smarting from two losses out of three in Philadelphia, play Brooklyn a single game tonight and one tomorrow. Then Eddie Stanky moves his gang across the river to the Polo Grounds to play singles Sunday and Monday against the Giants.
