## FIRST BLOOD FOR GOVERNMENT GUS PORTER ELECTED UNOPPOSED

Former Member For West Hastings Only Candidate In Dominion To Be Returned By Acclamation—Nomination Papers Of Progressive Opponent Not Properly Filled Out

(By Canadian Press)

Ottawa, Nov. 22.—From noon until 2 o'clock this afternoon nominations were filed for the 135 constituencies of the House of Commons. Evidence is ample that in every province there will be arduous fighting. In all the nine Provinces, there is but one candidate elected by acclamation, E. Gus. Porter, Conservative candidate in West Hastings, Ontario, who has represented the constituency since he was first elected at a by-election in 1901. There was indeed, a progressive named to contest the division with Mr. Porter. But his nomination papers, the returning officer held, were not properly filled out and Mr. Porter was declared elected.

Candidates elected to the last Parliament by acclamation numbered no less than twenty.

Today the two older parties ran closely in the number of candidates nominated. In the Dominion as a whole the Government has 221 candidates nominated and the Liberals 192.

The Progressives, who, at the outset of the campaign, announced their intention of running around 130 candidates, actually nominate 144. Labor and Independent candidates numbered no less than 74.

Five women candidates were nominated, two in Ontario, one in Montreal, and one in Winnipeg. They represent varying shades of thought. In Ontario, one is running as a Liberal, and one in Progressive interest; in Winnipeg the lady candidate is running as an Independent; in Montreal, on the platform of the Labor Party.

There was no lady candidate nominated in the Conservative interests.

In the Liberal stronghold of Quebec, there will be a contest in every constituency. In the 55 Divisions 51 Conservative candidates were nominated, 17 Progressives and 33 Labor-Independents. The Liberals, as was expected, have a candidate in every division.

In the Great Battleground of Ontario, the three main parties—Conservative, Liberal and Progressive—are keenly fighting for control of the next House. In the 32 constituencies there were nominated 79 Conservatives, 84 Liberals and 70 Progressives. Again, in the Prairie Provinces, candidates of the three parties closely approximate in number. In British Columbia and the Maritime Provinces, as in Quebec, the Progressives fall behind the Conservative and Liberal parties in the number of candidates nominated.

In the 31 seats of the Maritime Provinces there were 28 Conservatives nominated and 30 Liberals, but only 14 Progressives; in the 13 seats of British Columbia, 13 Conservatives, 11 Liberals and 7 Progressives.

Three cornered fights will be in the common order of things, and no matter which party secures the advantage on December 6, the next House will be one with many old familiar faces missing, with many new to Parliamentary life to take their places.

Of the three main parties, the Chief Whip of only one was nominated, J. A. Robb, Chief Whip of the Liberals.

W. S. Middlebro, who acted as Chief Government Whip last season has retired. Levi Thompson, who was Chief Whip of the Progressives was not nominated.

And among today's candidates are a number of men who, although not members of the last House, have played prominent parts in Parliamentary life: such men as Hon. Frank Oliver and Hon. J. P. Graham, who once held portfolios under Sir Wilfrid Laurier; Hon. R. B.

the papers of the Progressive candidate were not properly filled out. In all other constituencies there are contests with three cornered fights for upwards of 50 seats out of the 31; while in three constituencies there are four candidates each, and five are nominated in Toronto East. There were 229 nominated altogether. The Liberals have sixty six official candidates in the field and in three or four other instances have given the party's endorsement to candidates brought out by other organizations.

The Progressives have 69 candidates in the field. Rural Ontario is thoroughly covered, and supporters of Mr. Crear are found in many of the urban ridings.

In addition, several Labor candidates are endorsed by the Progressives. There are three women running in this Province for the Federal House.

Mrs. Phillip G. Kieley is the Liberal candidate in East Toronto. Mrs. Prenter is the Labor nominee in West Toronto, and Miss Agnes McPhail is the Progressive choice in Grey County.

In the Three Maritime Provinces today, seventy-seven men, a record number were nominated as candidates for the Federal Parliament in the General Elections on December 6. Of these, 28 are Conservatives; 30 Liberals; 15 Progressives and 4 Laborites. Thirty-one will be chosen to go to Ottawa.

Nova Scotia with sixteen seats nominated: 18 Liberals; 14 Conservatives; 8 Progressives; 2 Laborites. New Brunswick, with eleven seats, nominated: 10 Conservatives; 10 Liberals; 4 Progressives; 1 Laborite.

Prince Edward Island with 4 seats nominated: 4 Conservatives; 4 Liberals; 3 Progressives; 1 Laborite.

A goodly number of the candidates of the old parties have already served as Members of Parliament or members of the local Legislatures, or have had considerable experience in municipal politics. The Progressive and Labor candidates are not so well known. In most cases the two new parties have an alliance of some sort and their candidates are labelled Laborites in cities and Farmers in the rural districts.

No Woman Candidates

Vancouver, Nov. 22.—British Columbia will have no women candidates Mrs. G. S. Corse, who has campaigned as an Independent Women's candidate in Burrard, decided at the last minute not to contest the seat.

Quebec Nominations

Montreal, Nov. 22.—Candidates were nominated today for the coming Federal elections in the 55 constituencies of the Province of Quebec, and the returns show that the Liberals have candidates in every one of the ridings, while the Conservatives are represented in all but some ten of them. There are a greater number of Farmer-Labor-Independents than in the past,—some forty in all—but it is thought they will not interfere with the straight party candidates to any great degree. The Liberals held 52 of the Quebec seats in the last Parliament and in most cases the former Member has been again selected as the standard bearer.

The conscription issue of 1917 has entered largely into the campaigns being waged by the four French Canadian whom Premier Meighen took into his Cabinet upon his resignation. The Liberals held 52 of the Quebec seats in the last Parliament and in most cases the former Member has been again selected as the standard bearer.

The only lady candidate in the Province is Mrs. Rose Henderson, opposing Hon. C. C. Ballantyne, Government, and H. M. Marler, Liberal, in St. Lawrence-St. George Division of Montreal.

Mrs. Henderson is running on a Labor ticket and has long been identified with the movement in this city and elsewhere throughout the country.

One of the outstanding figures in the campaign is Sir Lomer Gouin, who is contesting the Outremont-Laurier Division of this city. Sir Lomer, although an old and tried Parliamentarian, is a new figure in Federal politics, he having resigned as Premier of the Provincial Government in favor of the present Premier Taschereau a year ago, and has up to the time of his taking up the gauntlet on behalf of the Liberals been devoting himself to private enterprises.

Elsewhere in the Metropolitan District there is considerable interest in the contest. In Sir George Etienne Cartier Division where one Conservative, a Liberal, an Independent Liberal, a "Liberal of the old School", and an advanced Socialist are bidding for the favor of the electors.

The Socialist, Michael Buhey, ran against S. W. Jacobs, K.C., the late member and present candidate in 1917 and polled 608 votes. Buhey's name was added to the roster at the last moment.

A singular coincidence occurs in the appearance of the name of J. A. Nadeau twice on the nomination lists. One of the gentlemen is running as an Independent Liberal in Arthabaskaville and the other as Conservative candidate in the Metropolitan division of Laurier-Outremont. There are no acclamations in the Province.

Ontario Line-Up

Toronto, Nov. 22.—The thorough manner in which the Province of Ontario has been organized for the Federal elections was indicated by the comparatively few last minute changes in the party line-ups as shown in today's nomination. But there was one acclamation, that of West Hastings, where Gus. Porter, Government candidate and sitting Member, was declared elected by the returning officer on the ground that

the papers of the Progressive candidate were not properly filled out. In all other constituencies there are contests with three cornered fights for upwards of 50 seats out of the 31; while in three constituencies there are four candidates each, and five are nominated in Toronto East. There were 229 nominated altogether. The Liberals have sixty six official candidates in the field and in three or four other instances have given the party's endorsement to candidates brought out by other organizations.

The Progressives have 69 candidates in the field. Rural Ontario is thoroughly covered, and supporters of Mr. Crear are found in many of the urban ridings.

In addition, several Labor candidates are endorsed by the Progressives. There are three women running in this Province for the Federal House.

Mrs. Phillip G. Kieley is the Liberal candidate in East Toronto. Mrs. Prenter is the Labor nominee in West Toronto, and Miss Agnes McPhail is the Progressive choice in Grey County.

In the Three Maritime Provinces today, seventy-seven men, a record number were nominated as candidates for the Federal Parliament in the General Elections on December 6. Of these, 28 are Conservatives; 30 Liberals; 15 Progressives and 4 Laborites. Thirty-one will be chosen to go to Ottawa.

Nova Scotia with sixteen seats nominated: 18 Liberals; 14 Conservatives; 8 Progressives; 2 Laborites. New Brunswick, with eleven seats, nominated: 10 Conservatives; 10 Liberals; 4 Progressives; 1 Laborite.

Prince Edward Island with 4 seats nominated: 4 Conservatives; 4 Liberals; 3 Progressives; 1 Laborite.

A goodly number of the candidates of the old parties have already served as Members of Parliament or members of the local Legislatures, or have had considerable experience in municipal politics. The Progressive and Labor candidates are not so well known. In most cases the two new parties have an alliance of some sort and their candidates are labelled Laborites in cities and Farmers in the rural districts.

The Liberals held 52 of the Quebec seats in the last Parliament and in most cases the former Member has been again selected as the standard bearer.

## BETROTHAL OF PRINCESS MARY IS ANNOUNCED

Only Daughter Of King George And Queen Mary To Marry

CONSENT TO MARRIAGE

Viscount Lascelles, Prospective Bridegroom Is Well Known In Canada

(Canadian Press Cable)

London, Nov. 22.—The betrothal of Princess Mary, only daughter of King George and Queen Mary to Viscount Lascelles, was announced this evening.

King George at a council meeting in Buckingham palace today had previously announced that he had given his consent to the marriage.

Prime Minister Lloyd George, Archbishop of Canterbury, Viscount Birkenhead and the Cabinet Ministers were present at the Council meeting, after which Mr. Lloyd George had an audience with the King. Later Viscount Lascelles dined with the King and Queen and his fiancée.

No arrangements for the wedding have yet been made.

Viscount Lascelles (Henry George Charles Lascelles) is the eldest son of the Earl of Harwood, and is thirty-nine years of age. Princess Mary was twenty-four years old last April.

The Viscount, who was educated at Eton, was an attaché at the British Embassy in Rome from 1905 to 1907 and aide-de-camp to the Governor General of Canada from 1907 to 1911, served with distinction in the Great War. He was three times wounded and won the Distinguished Service Order and bar and the French Croix de Guerre.

It is no break with tradition that a daughter of the Royal House should marry into the British Peerage, for the Princess Royal Louise Victoria, eldest daughter of King Edward, was married to the Duke of Fife, and her own daughter, the Duchess of York, was married into the Royal family in the person of Prince Arthur of Connaught.

Publication of this royal betrothal has quickened again public interest in the Prince of Wales, for whom rumor several times has selected a mate outside Royalty.

The Lascelles family is one of the oldest in Yorkshire, dating back to the reign of Edward I, but the earldom was not created until late in the eighteenth century, the present earl being the fifth of the line. The family residence is Harwood House, one of the finest country seats in the British Isles and is surrounded by several thousand acres, comprising for the most part, a great deer park.

Lord Harwood, father of the viscount, has long been prominent in English Jockey club affairs and is an acknowledged authority on the turf. The viscount was elected a member of the Jockey Club only this past summer.

Viscount Lascelles, who is heir to the earldom, is credited with being one of the richest young Peers in England. The family has long been a wealthy one.

There have been many suitors for the hand of Princess Mary and several times during the past few years her betrothal to this or that member of the British peerage has been rumored, only to be denied. It seems to have been pretty generally accepted for some time past that the Princess would not figure in a match with one of the other reigning families of Europe, among whom, for one thing, eligible men of princely rank are no longer as numerous as they were in pre-war days. It was, however, reported last spring that the Princess might marry Alexander, the Serbian Prince-regent, since he became King of Jugoslavia, but this report met with a speedy official denial by the Serbian legation in Washington.

The Princess was an active figure in work for the soldiers during the war and is a popular figure with all ranks of British society.

SOUTH AFRICAN MINERS OBLIGED TO RETRENCH.

(Can. Press Cable.)

London, Nov. 22.—A Reuter cable from Kimberley, South Africa reports that the De Beers Consolidated Mines, Limited have announced the owing to the financial position they are reluctantly compelled to retrench, having spent over a million pounds in the past year in order to maintain a thousand men on unproductive work.

The Mayor of Kimberley and delegates from the Chamber of Commerce are proceeding to Cape Town to interview Premier Smuts in regard to steps to be taken to alleviate unemployment among the miners.

BRITISH M.P. DEAD.

(Canadian Press Cable.)

London, Nov. 22.—The death of Henry Wilson Fox, M.P., for North Warwick, since 1917, is announced. He was a Unionist. Mr. Fox was a barrister by profession. He lived for some years in South Africa and at one time was editor of the South African Mining Journal.

## RAINEY GUILTY OF FALSIFICATION OVER FORD CARS

Gave Price Of Cars As Evidence Of How Tariff Bleeds Public

MISREPRESENTATION

Testimony Presented Before Tariff Commission Show Attorney General Wrong

(Special To The Chronicle.)

Ottawa, Ont., Nov. 22.—That Attorney General Raine was guilty of misrepresentation when speaking at Winchester the other day he gave the price of Ford motor cars in Canada as an illustration of how the tariff bleeds the Canadian public is shown by testimony presented before the tariff commission in the course of its inquiry last year. Mr. Raine sought to give the impression that the duty on a Ford car imported from the United States amounted to \$250 and that this amount was simply added to the Canadian price by the Ford Motor Company of Canada, in other words that the tariff was adding \$250 to the price of every Ford car bought in Canada.

The facts, however, are these: that under an arrangement entered into between the Ford Motor Company of Detroit and the Ford Motor Company of Canada, the latter company has exclusive selling rights for all Ford cars in Canada, the Detroit company do not and cannot ship cars to Canada and a Canadian cannot buy a car from his factory.

Consequently the tariff has nothing whatever to do with the increased price, the causes are found elsewhere.

The facts as presented to the tariff commission last year are as follows:

1.—That the Ford Motor Company of Canada with a maximum production of 55,000 cars per annum cannot, and does not, produce as cheaply as the Ford Motor Company of Detroit with a maximum production of 1,000,000 cars per year. Anyone who knows anything about manufacturing knows that large quantity production spells cheaper production. The higher cost of production in Canada is estimated to be in the neighborhood of \$100 per car varying according to the various models.

2.—Further the Ford Motor Company of Canada is required to pay customs duties on raw materials and semi-finished products imported into Canada from the United States, which adds to the cost of production in Canada over that in the U.S. Last year they paid by way of customs duties no less than \$2524,103 equal to \$45 per car and in the last ten years they paid under this head \$11,000,000.

3.—That the Ford Motor Company of Canada have not attempted to take full advantage of the protection afforded by the customs tariff. During the last six years their selling prices compared with United States prices, plus customs duty affected a saving to the Canadian people of no less a sum than \$17,186,257. To put this in another way the saving represented 49 per cent. of the maximum customs duty. That the Company is of very great and substantial benefit to the country is shown by the fact that in the last ten years they paid out in wages to Canadian workmen \$26,915,469 and in taxes to the Government \$9,000,000. They employ 4,155 people and pay an average wage of \$158 per month.

4.—One third of their total business is export.

While it is true that the Canadian Ford Motor Company has made good progress it has not made as large profits proportionately as the parent company in Detroit.

In some respects the Ford Motor Company of Canada are not largely dependent upon protection and it is very doubtful whether protection had much to do with the price of their cars. Their policy has been to get a large turnover by creating the largest possible demand and towards that end their prices have been made attractive under their contract with the Ford Motor Company of Detroit they have as already said, the exclusive manufacturing rights in Canada and consequently the Ford Motor Company of Detroit do not ship into Canada. Under free trade the effect would be that the company would escape the payment of the enormous amounts of customs duties to which we referred and which they have to pay on their imported raw materials and semi-finished products.

It might be mentioned in conclusion that Mr. Henry Ford does not control the Canadian company. He owns only 18 per cent. of the stock of that company.

ARMS STOLEN FROM BARRACKS AT WINDSOR

London, Nov. 22.—A number of machine guns and rifles have been stolen from the Victoria barracks, Windsor, where the Irish Guards are quartered, according to the Daily Mail. The newspaper says the robbery was one of the most remarkable ever investigated. It believes the guns and rifles were taken by soldiers of the Irish guards who are supposed to have escaped to Ireland.

"Inquiries," the newspaper adds, "suggest that the missing arms were removed quite openly and sent to an unknown destination."

## NEGOTIATIONS AT ARMS CONFERENCE MOVED SLOWLY

Delegates Passed From General Policies To Specific Details Yesterday

ALL MATTERS DISCUSSED

Far Eastern And Land And Naval Armament Questions Came Up

(Washington, Nov. 22.—The negotiations relating to both the Far East and armament limitations moved more slowly today as the attention of the arms delegates passed from general policies to specific details.

China's economic embarrassments formed the text of the Far Eastern discussions, which resulted in the appointment of a sub-committee of representatives of nine nations to study the whole subject of administrative autonomy for the Chinese republic with particular reference to tariff and tax restrictions.

The land armament problem also was considered at various informal conferences during the day and a meeting of the armament committee of the whole was called for tomorrow with the expectation that Premier Briand of France would lay a last word as to his country's attitude on reduction of armaments. It is understood that he is anxious to bring the question to a point of a formal expression by the Conference before his departure for France.

On the side of naval armament, informal exchanges continued between individual delegates and naval experts with the preservation of confidence that details of the United States plan, although requiring considerable time for determination, would eventually bring all the powers into agreement.

It is possible that the naval plan may receive some consideration at tomorrow's meeting of the five delegates who constitute the armament committee of the whole, but the greater attention is expected to center on land armament in view of the imminence of M. Briand's departure. It is the preservation of the army, with the moral backing of the principal powers, that most interests France at the present stage of the negotiations. And it is known that M. Briand would be pleased to take back to France with him a formal conference endorsement of the position he has taken against material reduction.

Land, naval and Far Eastern questions were talked over by Secretary Hughes today with the United States advisory committee of twenty-one, and after he had presented a report on the present status of the negotiations, a number of sub-committees were instructed to prepare reports from the United States delegates on various subjects of detail.

Submarine Issue

The submarine issue raised by Great Britain will be one of the questions to be thus investigated and another whose inclusion was regarded as forecasting an entirely new angle of the negotiations will be the use and legitimacy of new weapons of warfare.

Thus far that subject has not been mentioned in the conference proper. Although the delegates have not taken up some of the most troublesome questions involved in the Far Eastern question, the progress made thus far was described in official quarters to-night as highly encouraging. So rapidly and smoothly have the negotiations moved thus far that some who at first thought definite agreements unlikely now are predicting that the conference will go a long way toward clearing up the whole Far Eastern tangle.

The probable procedure of the Conference with reference to Chinese and other Far Eastern and Pacific questions was forecast today in authoritative quarters. The Root resolution, adopted yesterday by the Far Eastern committee of the whole together with any adopted in the future, it was said, would be brought before a plenary session of the open Conference for final discussion and adoption. Other resolutions on Pacific and Far Eastern questions are said to be in prospect.

Adoption of the Root resolution by the Commission, officials said was in itself a far step toward protection of China, even should it not taken before a plenary session as is planned. Publication of the Root resolution as an expression of policy by the powers, it was asserted, carried with it a promise to the world of future action with respect to Chinese territorial and political sovereignty.

Questions relating to Shantung, Manchuria and foreign treaty, and other concessions in China, it was said by delegates today probably soon would be reached by the committee, promising some of the most interesting and probably protracted discussions of the Conference.

Study Fiscal Affairs

Consideration of Chinese aspects of the Far Eastern problem was continued today at a meeting of the Washington Conference committee on Pacific and Far Eastern questions and it was decided to appoint a sub-committee to study Chinese fiscal affairs.

QUEBEC, NOVEMBER 23, 1921.

THE AUDITORIUM.

Considerable comment has recently been circulated regarding conditions here in Quebec with respect to theatrical productions and the bringing to Quebec of special high-class Companies that are being produced in other Cities. To criticism of this kind there is of course the other side of the picture, and while it would be very delightful indeed, to have certain large productions play here in Quebec, it is quite obvious that Quebec cannot stand a full week of such high class shows, the result being that if they were brought on for two or three days the whole system of our present organization of vaudeville as presented at the Auditorium would be entirely dislocated.

The representations at our Auditorium at the present time can compare most favorably with the high class theatres of Metropolitan Cities such as Montreal, New York and other places. The vaudeville acts are indeed of a very high-class nature, and any visitor to the Auditorium this week will be only too glad to admit that every one of these acts is cultured, refined and of a very high-class character indeed.

We should be exceedingly proud of our splendid theatre here, the manner in which it is administered, the courtesy and the politeness of the Staff and Officials and the painstaking care with which its Management is obviously desirous of catering to the best interest of our theatre-going public, commensurate at all times with the conditions as explained above.

The best testimony that the Auditorium is well managed and providing for the tastes of a very large proportion of our City, is the capacity attendances at every performance. This attitude on the part of our Quebec public will no doubt encourage Mr. Paquet, the Managing Director, to put forth still greater efforts if possible in catering to the very best interests of our citizens and in continuing to bring to the Auditorium that high standard of pictures and vaudeville that has characterized his direction in the past.

"LEST WE FORGET"

The Tariff Resolution that the Liberal Party and its Leader, Hon Mackenzie King, are pledged to carry out if returned to power is printed in the Handbook the Liberal Party has issued for the use of its speakers in this election campaign. The reference to duties on wearing apparel and footwear is of particular local interest in view of our extensive shoe and corset industries. We here reproduce the exact text:

"That the best interests of Canada demand that substantial reduction of the burdens of customs taxation be made with a view to the accomplishing of two purposes of the highest importance: (1) Diminishing the very high cost of living which presses so severely on the masses of the people; (2) Reducing the cost of the instruments of production in the industries based on the natural resources of the Dominion, the vigorous development of which is essential to the progress and prosperity of our country.

"That to these ends, wheat, wheat flour and all products of wheat; the principal articles of food; farm implements and machinery; farm tractors, mining, flour and sawmill machinery and repair parts thereof; rough and partly dressed lumber, gasoline, illuminating lubricating and fuel oils; nets, net twines and fishermen's requirements; cement and fertilizers should be free from customs duty as well as the raw material entering into the same.

"That revision downward of the tariff should be made whereby substantial reductions should be effected in the duties on wearing apparel and footwear, and on other articles of general consumption (other than luxuries) as well as on the raw material entering into the manufacture of the same.

"That the British preference should be increased to 50 percent of the general tariff.

"That the Liberal Party thereby pledges itself to implement by legislation the provision of this resolution when returned to power."

A MOTHER AND THE TARIFF.

The following is a copy of a letter written by a mother giving her version of the tariff issue which was recently published by the Victoria Colonist, and should strike a sympathetic chord in the sentiments of the women voters of Quebec City.

Sir: "My husband says that you won't publish letters from a woman on this question. He says if you wanted an opinion on love affairs or on 'How to take care of babies,' I might write, but that women won't be consulted about making the tariff. But I say that this is a love affair for me at any rate. I love my two boys, my only sons, and they are living in a big city in the United States. My heart is aching to have them home again in some Canadian city, I am afraid they will marry American girls and settle down there, almost forgetting their mother. I have a neighbor whose son went to the United States years ago. At first he wrote to her often. Then he got married and after a few years he was divorced and married again. He has children by both wives. Isn't it awful? Divorcees are so common over there. You will say, 'What has all this to do with the tariff question?' I will tell you just what. I got a letter two weeks ago from one of my boys. They both work in the same factory. The letter said: 'What do you think mother? We may be back in Canada before long. I heard our manager say yesterday to a gentleman who was going through the factory with him that if the Dominion Government should raise the Canadian Tariff it would be necessary for our company to start a big branch factory in Canada. Over one-third of the work done in our great factory now is for export to Canada, and our Canadian trade is increasing every year. I often think, as I am peering away at my work, that while living in the United States I am making things for Canadians. I guess there would be quite a lot of branch factories started in Canada if the tariff should be raised and there would be lots of work for Canadians at home.' Now, Mr. Editor, do you see why I am interested in the tariff question? I want my boys to come home because I think Canada is a purer and better country. They will be better men here. I don't say that they are not good now. They are both good boys, but I am afraid of the future."

No doubt the writer of the above letter voiced the feeling of many Canadian fathers and mothers; and I certainly believe that it is much better to have Canadian manufacturing goods for Canadians than to send our children to the United States to make goods to be sold in Canada. The policy of Mr. King and Mr. Creer would do this.

DINNER BASKET NOW.

The fruitful Province of Alberta is undergoing a gradual but decisive change in the character of its basic industry, agriculture. It has for a long time been regarded as one of the most important of the Empire's "bread baskets," but the tendency is now to modify

that world-famous slogan into "dinner basket." The reason is, according to the Edmonton Journal, that, just as good a meal includes more than bread, so Alberta's function as a producer of foodstuff is to help in providing for other items of the menu for which it is equally well fitted.

Increased emphasis, we learn from this authority, is to be put upon mixed farming. The prevailing low prices for wheat are having something to do with the weaning of the Alberta farmer from a crop to which he has in many cases given almost exclusive attention, and with the likelihood that they will be long in getting back to high figures again there is a prospect of reduced acreage in grain next year and after. Instead there will be increased attention to the other dinner-basket crops.

Bacon, hogs, dairy and beef cattle, butter and cheese, and poultry products will be the lines of agricultural industry to which the food-producers of that province will devote themselves more largely. Grain will still be grown, in quantities sufficient to supply Canadian needs and to give some surplus for export, but it will not be the exclusive crop that it has been in the past.

With the acreages in grain gradually reduced to a workable and profitable point, it is pointed out that there will be much greater activity in mixed farming, and a variety of foodstuffs, for which there will be a ready demand in the British markets especially, will be produced in greater quantities than has been possible under previously existing conditions.

The bacon industry, for instance, will enter upon a new stage with the institution of a premium for quality, as now agreed upon by the Canadian packers; the beef cattle trade with the overseas market gives better promise of developing now than for years past; dairying, even for the home markets, is already profitable, and if the connections with the markets in England are followed up, particularly in respect to butter exports, it will be a source of large profits to the Canadian West; while there is a new field in the egg trade that has as yet been hardly touched.

It is to be borne in mind, too, that all parts of Alberta are fitted for this revised and varied farming. The southern districts have too long been looked upon as solely a wheat country, for dairying, poultry raising, and bacon production are thoroughly practicable there and would go a long way to overcome whatever crop shortage may occur locally because of variable weather conditions.

The Provincial Department of Agriculture has definitely committed itself to the advocacy of a mixed farming program all over the province. Alberta is to do more than ever toward filling the world's dinner-basket, and the Government experts who have the matter in hand are convinced that the farmers will thereby better themselves as well as their customers.

Some Things the Public Would Like to Know:

A third candidate has entered the lists in Quebec South and doubtless hopes to succeed but has he the Power to Dussault?

If Parent needs Shields against Bertrand?

A Verse Or Two

(By Modern Poets)

Nobody knows but a mother.

Ah, little blue eyes as you lie asleep, Nobody knows but your mother The prayers that are rising so warm and deep From the heart to her God, to watch and keep The one wee lamb of a poor, lost sheep.

It matters not what our life has been, Nobody knows but a mother How anxious to right every wrong are we For the sake of those eyes in whose depths we see Trusting faith and sweet purity.

We may have everything right at our hand, Nobody knows but a mother, Though we live in a palace as grand as grand, Or a "wee bit house" on a "wee bit land," How always our heart will understand.

For under the silk or cotton gown Nobody knows but a mother How mothers' hearts the whole world wide, Are as like as two peas when you get inside, And see where the Love King goes to hide.

He's always there in the self-same spot, Nobody knows but a mother How millions of cares can't drive him out, Though he's often his share of fear and doubt, He's the King whom no alien force can rout.

So just as I gaze on my dear one tonight, Nobody knows but a mother The prayers that are rising so warm and deep, From my heart to my God to watch and keep, This one wee lamb of a "seeking sheep."

—Minnie Mason Allshire.

Press Comment.

WOULD FARMER CONTROL MEAN LANDED ARISTOCRACY.

The Creer-Wood-Drury contention for "farmer control" in Canada is not, as some think, a new and progressive idea. It is a very old autocratic and retrogressive idea. In it there lurks the germ of a "landed aristocracy," the germ of the very system from which the crofters of Scotland, the peasant farmers of England, Ireland and other European countries rushed to Canada for protection.

Our fathers fought and died for a citizens' government, not a class government. The principles of British Parliamentary control call for government by the "commons," that is by the whole people. Class spells danger. The danger is not less, but greater, because the class with which we are most concerned is a landed class. Read history for a commentary.

Class politics were the curse of classical times. The hills themselves are older of course, but so far as the social history of the world is concerned, nothing is older than the division of men into classes. Of those one or two classes became what is called the "governing classes," the others, those who were governed.

ATTENTION MR. KING.

The political situation in Western Canada is plainly not very satisfactory to Mr. King but he is not going to make it better for himself by his lamentations and his threats against the Progressives." The Free Press, which has been the main Liberal newspaper of the West, also says: "There are some sayings that it might be just as well for King to bear in mind. One is the old saw about not counting chickens before they are hatched, and another is the maxim from holy writ: 'Let not him that girdeth on his harness boast himself as he that putteth it off.'"

How Do You Like the Following Prices?

Without any comment we place before you a few of our prices for the month of November.

We believe they are eloquent enough to convince the most exacting. Thursday is always the big day for shopping. When passing through our stores compare the qualities which we are offering with what you have seen elsewhere. We invite comparison.

November is coming to a close. Little time is left for your Fall purchases. Profit by these last days of our special reductions for the month.

Table listing various clothing items and their prices, such as Polo cloth, Velours cloth, Silvertone, Sport cloth, Large variety of heavy materials, English velours cloth, Melton, Tricotine, Special heavy cloth, Serge, Viyella flannel, Crepe de Chine, Charmeuse silk, Swiss taffeta chiffon silk, Corduroy velvet, Boys' colored suits, Men's colored suits, Men's overcoats, Boys' overcoats, Men's boots.

MAINE STATE IMPORTS NEW BRUNSWICK POTATOES Fredericton, N.B., Nov. 22—The State of Maine's famous potato belt in Aroostook County, is importing potatoes from New Brunswick. Through the Aroostook Farm Bureau two carloads of potatoes have been taken into the very portion of

the Pine Tree State made famous by its tubers. These potatoes were grown in Restigouche County, New Brunswick, and because of prevailing east winds on the North Shore district of the Province, they are declared to be particularly free from disease, and were purchased as seed stock. New Brunswick has recently been sending seed potatoes to other

States of the American Republic, including New York, and as far south as Virginia. James D. Noe, seven feet tall and weighing 325 lbs 25 pounds and his job in a recent campaign. He was tall but couldn't get into his stride in gathering in the votes.

Prihoda will interpret high classics also a number of his national masterpieces, music of Tehecho-Slovak harmony, rich in feeling, zest and passion.  
Tickets are still on sale today at Gauvin & Courchesne's.

**KEEN INTEREST IN NOMINATIONS**

**Quebec-South Almost Had 4 Candidates — Demonstration For Mr. A. Lavergne**  
Keen interest was manifested throughout the district yesterday in the nomination of candidates for the forthcoming federal elections.  
In Quebec-South three candidates were nominated: Mr. Thos. Delany is the standard-bearer of the National-Liberal-Conservative party, while Mr. C. G. Power is the Liberal nominee and Mr. Eug. F. Dussault has entered the field as an independent candidate.  
There was very nearly being a fourth candidate in Quebec-South, only Mr. F. X. Jobin, of Lockwell street, arrived ten minutes too late to be officially inscribed in the running. Mr. Jobin intended to run on a labor ticket and was under the impression that the nominations were open until three o'clock. There was some argument as to the correctness of the time as recorded by the watch of the Returning Officer but finally Mr. Jobin's nomination was rejected, much to his disappointment.  
The entry of Mr. Eug. F. Dussault into the field was rather a general surprise except to the Liberals, and the universal impression is that his nomination is intended to help the Liberal candidate. This is strengthened by the fact that at the last Federal Elections Mr. Dussault withdrew in favor of Mr. C. G. Power and they were on such good terms that they met at the home of the late Senator Landry just previous to Mr. Dussault's withdrawal and are alleged to have signed certain documents.  
**Triumph For Lavergne.**  
After the close of the nominations at Loretteville, Armand, the independent candidate, and Mr. H. E. Lavigneur, the Liberal candidate held a controversial meeting. The meeting started in the Montcalm Hall, but it proved too small to contain the crowd so it was continued in the open air. In spite of the fact that there was a cutting west wind, both speakers addressed the crowd at considerable length.  
The meeting ended in a triumph for Mr. Lavergne, who was cheered to the echo, presented with a bouquet of flowers and carried shoulder-high to the station followed by his friends and admirers.  
**Bertrand Sure of Victory.**  
Ald. P. Bertrand who was nominated yesterday as Labor candidate in Quebec West, offered to hold a controversial meeting with his opponent, Mr. Georges Parent, the Liberal nominee. As they could not agree as to the terms of the meeting, Mr. Parent withdrew and Mr. Bertrand addressed the crowd of two thousand people. He was given a most enthusiastic demonstration.  
**Nominations in Quebec-East.**  
Mr. R. A. Drapeau, Advocate, was nominated as Conservative candidate in Quebec-East in opposition to Mr. Ernest Lapointe, the Liberal candidate. Mr. Lapointe was not in the City yesterday. He was speaking at Baie St. Paul for Mr. Pierre Casgrain, the Liberal candidate, but in spite of his presence the meeting was a big victory for Hon. L. G. Beller, Postmaster General.

**WILL INSPECT LOCAL TAVERNS**

**Held Health Laws Transgressed—Ice Cutting In St. Charles Permitted**  
A delegation of butchers headed by Alderman T. Verret, waited on the Health Committee last night asking that the city recall its decision to prohibit the use of ice taken from the St. Charles River.  
Dr. Paquin reviewed the situation at length and said that the superior Board of Health was opposed to taking the ice from the St. Charles River and said that even if the City should come back on its decision it would have no effect for the Superior Board of Health, in a recent letter, affirmed through its president, Dr. A. Simard that the prohibition of cutting ice on the St. Charles River was the only attitude that the Board could approve and no compromise in this connection could be countenanced.  
Ald. A. Bouchard thought there could be no danger in cutting ice in the St. Charles River, for refrigeration use, which (Ald. Dr.) Martin thought there were worse things than the ice from the St. Charles River, which was not used for consumption. He said that in most of the taverns, people drank beer out of glasses which were simply rinsed and went from mouth to mouth. He thought that the only attitude more disease than ice used from the St. Charles River.  
Mr. Verret said that all the butchers who used the ice taken from the St. Charles River, signed an agreement with the Quebec Harbor Commission that the ice was only used for refrigeration purposes and he defied anyone to prove that the ice was used for any other purpose. He said that Mr. Gingras, who cut ice in the St. Charles River, harvested one-fifth of the ice supply of the city and to prohibit the cutting of ice in the St. Charles River would mean a considerable shortage. He further stated that if the butchers had to take their ice from the Beauport flats or in the St. Lawrence, it would cost from 125 p.c. to 130 p.c. higher than before.  
After the delegation had withdrawn the committee decided on motion of Ald. Bertrand, seconded by Ald. Martin, that the City will continue for this year the privilege to Mr. Gingras to cut ice in the St. Charles River, to be sold exclusively to butchers who will all have to sign the agreement exacted by the Quebec Harbor Commission.  
The committee also decided to get in touch with the Superior Board of Health to see that public health laws are observed in taverns.  
Dr. Paquin said that not only were the glasses not washed, but that the slops in some cases were emptied into a receptacle and drained through a pipe into a barrel in the cellar to be re-used. He affirmed that he had seen this himself.  
It was decided to send health inspectors to visit the taverns, accompanied by police officers.

**BUSY DAY FOR BOARD OF TRADE**

**Numerous Subjects Were Discussed At Yesterday Afternoon's Meeting Of Body**  
The Council of the Quebec Board of Trade held a meeting yesterday presided over by the President, Mr. J. H. Fortier, while the members present were Messrs. J. T. Ross, J. G. Scott, Hon. Frank Carrel, J. S. Boyer, L. P. Turgeon, W. H. Wiggins, Lt. Col. R. Beckett and G. Brousseau, and the Secretary and Trade Commissioner, Messrs. T. Levasseur and O. H. Cote.  
The question of the location of the British-American oil tanks near the La Canadiere Road, Limolou, again came up for discussion when an explanation was given why the Council of the Board of Trade had previously endorsed the placing of the tanks in that location, and a resolution passed in line with the explanation to be forwarded to Mr. Edward Conway, representing the residents of Limolou.  
It was further decided to recommend to the City Council that a by-law should be passed by the city, in regard to the location of all hazardous industries, and a plan showing such a location be made by the city, and a resolution was adopted to this effect and the Secretary of the Board instructed to send a copy of the said resolution to the City Council.  
A communication received from Mr. C. G. Shearer, General Secretary of the Social Service Council of Canada, regarding race-track gambling in Canada, and asking the co-operation of the Quebec Board of Trade for its suppression. After a short discussion, a resolution was adopted in favor of the request: "The Quebec Board of Trade views with alarm the enormous amount of money expended in the Province of Quebec \$16,852,500 and in the Ontario race course over \$50,000,000. Realizing that this reckless expenditure under trying business conditions is harmful and resolved that the Quebec Board of Trade be willing to co-operate with other associations in the West in mitigating this harmful and unwarranted expenditure, etc."  
A letter was read from the firm of J. B. Renaud and Co., respecting the new classification by the railway companies affecting a large list of groceries, which would add to the cost of food commodities. A resolution of protest was adopted.  
A letter was read from Mr. Orlan LaCroix, proprietor and manager for Canada, of La Sucrerie Canadienne protesting against the cost of gas in the city of Quebec. It was decided to invite the inspector of gas to attend the next meeting of the Council and give explanations regarding the gas pressure in Quebec and other particulars.  
A letter was read from Mr. R. E. Armstrong, Secretary of the St. John N.E. Board of Trade, requesting to be advised as to whether the Quebec Board of Trade had decided upon any action following the disclosure of the Western grain situation, before the Senate Special Committee the past summer. A reply was formulated giving the information requested, which will not be given out until the letter reaches St. John.  
The context of the letter from the St. John Board of Trade reads as follows:—  
Realizing that there is an intimate connection between Quebec and St. John particularly in so far as grain exports by the Canadian National Railways are concerned, we would be pleased to be advised as to whether your Board has decided upon any action following the disclosure made of the Western grain situation before the Senate special committee the past summer.  
From an Eastern Canadian port standpoint, the statements made before that committee, so far as we have been able to glean, are not particularly encouraging. Unfortunately, there does not seem to have been any one present at the several hearings from this City, so that if there is any daylight at all in the situation it has been hidden from us.  
We would be pleased to know how your Board views the situation and whether it has decided upon any particular policy in connection therewith.  
Would the establishment of a second grain base at Moose Jaw or some other nearby point be feasible or helpful, or in your opinion, is it wholly a matter of lowering the rates over the Transcontinental from Winnipeg to Quebec?  
Provided Quebec could get the ships during the open season, the lowering of rates over the Transcontinental Winnipeg to Quebec, would undoubtedly be a great help in the development of grain traffic through your port, and if you had the elevator storage it would seem as if it might afford traffic for St. John and Halifax after your port was closed, or if you had a greater quantity stored than you had ship accommodation for.  
Thanking you for an suggestions you might offer in this connection, Yours Truly, (Signed) R. E. ARMSTRONG, Secretary.

**RALLY THURSDAY FOR MR. T. DELANY**

**Number Of Prominent Speakers Will Be Heard In St. Patrick's Hall**  
A big rally will be held in St. Patrick's School Hall, De Salaberry street at eight o'clock, Thursday night in support of the candidature of Mr. Thos. Delany, the Conservative standard-bearer in Quebec South. As there are now three candidates in the field in Quebec-South, the electors are more interested than ever in the issue and are anxious to learn all the facts concerning the live questions of the day.  
A special invitation is extended to the ladies to attend this meeting as matters of particular interest to them will be discussed.  
It is expected that Hon. Dr. Normand, President of the Privy Council in the Meighan Cabinet will be one of the speakers. Dr. Normand, who is a distinguished public speaker and who is running in Three Rivers will, if possible, be on the platform at St. Patrick's School on Thursday night.  
The other speakers will include Mr. Thos. Delany and Messrs. Romeo Langlais, K.C., W. J. Sharples, Antoine Rivard, S. P. Grogan and A. G. Penny.  
**FOUR RAILROAD OFFICIALS KILLED**  
Los Angeles, Calif., Nov. 22—Four Santa Fe Officials in Arizona were killed today and five injured when an automobile inspection car overturned in the Santa Fe tracks near Wickenburg, Arizona, a short distance from the California border, according to word received at the railroad quarters here.  
The dead are: William Mathis, Division Superintendent, Winslow, Ariz., H. C. Story, Assistant Superintendent, Prescott, Ariz., Wm. Bowman, Road Master, J. J. Jager, Division Engineer.

**QUEBEC SKI CLUB HELD PLEASANT HOP**  
Opening Dance Of Season Last Night In Club's New Headquarters  
The opening dance of the Quebec Ski Club was held last night in the Club's new headquarters on the Cove Fields and was thoroughly enjoyed by some thirty couples.  
Skipper Fred Russell was on deck, as usual, and saw that everybody was right at home. The guests were delighted with their new quarters which were tastefully fitted up and most comfortable in every respect.  
The club is having a kitchen equipped in connection with the club house and when this has been completed all the culinary experts will be given ample opportunity to demonstrate their art.

**BERTRAND SUES GEORGE PARENT**  
Labor Candidate In Quebec West Claims \$5,000 Damages From Opponent  
An action for \$5,000 has been entered in the Superior Court on behalf of Mr. Pierre Bertrand, Alderman and Labor candidate in Quebec West, against Mr. Georges Parent, Liberal candidate in the same constituency, and former member, for damages, consisting of accusations made by Mr. Parent on Sunday at Belmont.  
Several judgments were rendered in the Practice Court yesterday, while a couple also came from the Superior Court.  
The were as follows:—  
**SUPERIOR COURT.**  
(Chief Justice Lemieux.)  
Motors Ltd. vs. Couture. Action dismissed with costs. Contract for sale of 23-2-21 annulled.  
(Hon. Justice Malouin.)  
Lemieux vs. Paquet. Judgment for \$331.72 with interest and costs.  
**PRACTICE COURT.**  
(Hon. Judge Gibeau.)  
Lettelier vs. The Stanford Park Wine Co. Motion granted.  
Cie. Julien vs. Pelletier et al. Judgment following declaration of Tiers Saais.  
Hains vs. Gremier. Motion granted.  
Berube vs. Nadeau. Details ordered in 8 days. Costs reserved.  
Lessaard et al vs. Dame Drolet Motion dismissed with costs.  
Drolet et al. vs. Levesque. Judgment as requested.  
Blondin vs. Le Soleil. Motion dismissed with costs.  
Bannon vs. Dumont. Action sustained according to conclusions.  
**SUDDEN DEATH OF MRS. LOUIS WAGNER.**  
The death occurred suddenly yesterday of Mrs. Louis Wagner, (nee Alexina Plamondon) beloved wife of Mr. Louis Wagner, City Assessor. The deceased who had attained the age of 54 years and six months, possessed many sterling qualities and was especially admired for her charitable work. Never failing to lend a helping hand to all who required aid in any way.  
Besides her husband, the late Mrs. Wagner leaves to mourn her loss, one daughter, Mrs. E. Everell, a son, Sylvio Wagner, one sister, Mrs. Penney, and three brothers: Apollinaire, of this city, Jos and O. Plamondon, of Montreal.  
The funeral will be held on Friday morning, leaving her late residence at 9 o'clock a.m., for Notre Dame du Chemin Church, thence to Belmont Cemetery.

# Benny Leonard Defeated Sailor Freedman In 8 Round Go

## BENNY LEONARD AGAIN WINNER

### Lightweight Champion Out-pointed Sailor Freedman In 8-Round No Decision Bout

Philadelphia, Nov. 22 — Benny Leonard, lightweight boxing champion of the world, outpointed Sailor Freedman of Chicago, in an eight-round, no-decision bout tonight. Both men entered the ring over the lightweight limit and the championship was not at stake.

Freedman entered the ring at 10:30 and Leonard followed five minutes later. Both men were greeted with shouts of applause. Their weights were announced at ringside as: Freedman, 140 pounds; and the champion 138 1/2 pounds. Both being above the lightweight limit, the championship technically was not at stake.

The Chicagoan was game and took the offensive in many of the rounds, but Leonard, the better boxer, withstood his assaults and found that he must pile enough points to win a popular victory.

Freedman staggered the champion several times with hard punches to the head, but Leonard smiled and gave three or more blows in return. The champion did most of his fighting in the seventh and eighth rounds and at one time appeared to have his opponent in a weakened condition. In the eighth they met in the centre of the ring and there carried on a slug-fest in which Leonard delivered the stronger punches.

Nathan Lewis, Freedman's manager, said after the bout that Freedman felt by his showing tonight that he deserved to be given a chance at the title at the lightweight limit in a fifteen-round decision bout.

Newspapermen at the ringside praised Freedman's efforts against Leonard.

First Round—They sparred and Leonard landed a right to the jaw in a clinch. Leonard was short with a right to the jaw. Leonard clipped Freedman on the jaw with a left hook. The champion sent a light right to the jaw in a clinch. Freedman did not land a blow during the round.

Round Two—Leonard missed a right for the head and Freedman countered with a left to the jaw. They boxed swiftly and Leonard landed a right and a left to the jaw. He sent Freedman to the ropes with a right to the head. Leonard caught Freedman on the jaw with a hard right, staggering him at the bell.

Round Three—Freedman took the offensive and landed rights and lefts to Leonard's body and head. Leonard countered with a right to the stomach. Freedman sent two short lefts to the champion's jaw. Freedman missed a right to the stomach. Leonard missed a right swing at the bell.

Round Four—They sparred and exchanged rights and lefts to the head at close quarters. Both missed swings for the head. Leonard caught Freedman with two hard rights in this round. There was little fighting in this round.

Round Five—Leonard sent a straight right to the jaw and took one in return. Freedman hooked left to the champion's jaw. They exchanged hard rights and lefts to the body at close quarters. Leonard sent a left to the jaw and they clinched at the bell.

Round Six—Leonard countered a straight left to the jaw with a hard left uppercut. The champion missed repeatedly. Freedman hooked the champion with a left to the jaw. They exchanged light body blows at close quarters and in the breakaway Leonard sent a left to the chin at the bell.

Round Seven—The fighting became fierce with Freedman as the aggressor. He sent hard rights and lefts to the champion's head and body, forcing him to the ropes. Leonard sent a right to the jaw. They started slug-fest and both took hard body punches. Leonard forced Freedman to the ropes, appearing to be trying for a knockout.

Round Eight—Leonard staggered Freedman with rights and lefts to the head and Freedman fought back viciously. Leonard's punches seemed to be sending down his opponent. They continued to box at a fast pace and Leonard forced Freedman into his own corner at the bell.

## FULTON ADMIRAL BY HARRY WILLS

### Negro Bases Beliefs On Plasterer's Showing Against Sam Langford

Harry Wills, the giant negro who fought Fulton almost as easily as Dempsey did, thinks very well of the plasterer. "That boy Fulton could beat Dempsey just like breaking sticks, and he could beat me, too, if ever he got it into his head that he had something on us. He's got enough stuff to lick any heavyweight there ever was, but he just can't show it when he knows the other fellow is tough," said Wills recently when discussing Fulton.

Wills was basing his opinion on a great deal on Fulton's performance in stopping Langford. Wills and Langford are bitter enemies, but Wills is fair-minded enough to recognize and admire Sam's ability. Wills says that when Langford was right he was as great a fighter as ever lived.

Langford was far from being at his best when Fulton met him nearly five years ago, but he was a mighty dangerous man. He seemed to be the last fighter in the world that the faithless Fulton would face with any degree of confidence, yet something must have made the plasterer extra courageous that night for he fought like a champion and Langford never had a chance.

Fulton is not at all popular with the fans and for that reason he is not much of a card except when matched with a top notcher. Then he draws well enough. If he were matched with either Tom Gibbons or Jess Willard it would be a great attraction.

Fulton stands out as the one man that Willard should face before meeting Dempsey. They were nearly matched on one occasion several years ago. Willard was sure he could beat Fulton then, and he wanted the fight, but it never came off. That match might have developed into a good scrap if it had gone through according to schedule. Fulton really believed he had something on Willard. He got this idea when he boxed him a four-round exhibition back in 1915.

## SENATORS HAVE SIGNED BENEDICT

### Star Goalkeeper Is First To Attach Signature To Contract

Ottawa, Nov. 22 — Goalkeeper Clint Benedict is the first of the champion Ottawa hockey team to sign for the coming season. Benedict opened negotiations with the Ottawa management Saturday and returned his signed contract this afternoon. This will be his seventh season with the Ottawa team as a regular. Benedict did great work last winter and will be one of the highest priced stars in the National League.

The Ottawas are dickering with all the other members of their team which they expect to have completed by the time the Arena ice is ready for practices. They are hot on the trail of an expected star to replace Sprague Cleghorn and expect to have his signature to a contract in a day or two. He has played in professional company entirely and is now a free agent. Ottawa are out this year to equal the record of the famous Silver Seven by winning the Stanley Cup for the third time in succession. All their regulars except Jack Darragh will be in uniform again.

## BURMAN SCORED EASY VICTORY OVER GOULD

### Latter Given The Worst Beating Of His Career—Lasted Limit

Toronto, Nov. 22—Joe Burman, of Chicago, easily won a match here tonight with Benny Gould, a local boxer, although the latter managed to win ten rounds. The bout was a ten-round affair and while Gould was given the worst beating of his career, his game effort was loudly applauded.

After two quiet rounds during which the Chicago pugilist felt Gould out, Burman opened up and from then to the end of the bout was the aggressor. He played to the head and body, baffling Gould at every turn. He was superior at in-fighting, Gould holding his own at long range.

## MONTECALMIONO MAY GO TO BOSTON

Montreal, November 22—Sprague Cleghorn is considering offers to coach hockey teams in Boston and Philadelphia, and thinks he will accept the one from Boston. The famous member of the champion Ottawa team last season, discussed a report from the capital that he would in all likelihood be seen with the Canadian officials of this city during the coming winter states that this is not at all probable.

## ROCKY KANSAS GIVEN DECISION OVER MENDELSON

Milwaukee, Wis., Nov. 22—Rocky Kansas, of Buffalo, tonight was given the newspaper decision over Johnny Mendelson, Milwaukee, in a ten-round bout which went the limit. Neither boxer appeared to be in distress at any time. Kansas was credited with outpointing Mendelson in seven rounds, while the Milwaukee boy held Rocky even in about five periods. Mendelson's best round was in the sixth, in which he had a decided advantage.

## FLANAGAN WILL REMAIN AMATEUR

### McGill Hockey Star Refuses To Turn Pro.—Canadiens Signed Pitre

Montreal, Nov. 22—Didier Pitre has forwarded his signed contract for the coming season to Leo Dandurand, business manager of the Canadian hockey team, and the veteran will again be seen with the Flying Frenchmen in the N. H. A. this winter. Pitre is the oldest player in point of years in the association. Cyril Flanagan, star football player on the McGill Rugby team this season, stated today that he has given no consideration to any offer to play professional hockey and that while at McGill he will continue to be at the disposal of the College teams.

## HOPPE SUFFERS FIRST DEFEAT

### Schaefer Gave Champion The First Trimming Since 1912—Tied For First Place

Chicago, Nov. 22—Willie Hoppe, world's 15.2 ball-line billiard champion, lost his first championship match since 1912 when he was defeated tonight by Jake Schaefer, of Chicago, 400 to 26 in the International tournament here. The victory gave Schaefer a tie with Hoppe for first place and the title will be decided in an extra contest to be played tomorrow night.

## Sporting Notes

The Loyola Club of the City League has the following players under contract: W. Turgeon, C. Cantin, Poulliot, M. Savard, Desjardins, P. Savard, P. Cantin, Noel, Manette and Picard. The two last named players figured on the Mount St. Louis College team of Montreal.

There promises to be some real action at the meeting of the City League at the Victoria Hotel this evening. It is rumored that two of the four clubs want to have the rule which was passed at the last assembly prohibiting a team to sign more than ten players increased to twelve. The other two clubs will not likely consent to a new rule being passed, so there is sure to be a lively debate.

The Boston American League Baseball Club has recalled two pitchers from the minors. They are Cliff Best, a south-paw, whose pitching aided Pittsfield win the pennant of the Eastern League, and Curtis Fulmer, who pitched last season for the Toronto Club of the International League.

Babe Dye is listed to play hockey with the St. Patrick's in the N.H.L. again this winter, but there is a chance that he will not join the team. At any rate he has returned the contract offered him unsigned. One of the reasons for his refusal to come to terms is the fact that it calls for his services from December until the end of March. As he is required to report to the Buffalo Baseball Club for spring training in the middle of the latter month, the conditions will have to be revised to meet with his approval.

## STALYBRIDGE WON.

(Canadian Press Cable.)

London, Nov. 22—In a fourth qualifying round game of the English Soccer Cup series today, Stalybridge defeated Carlisle by 3 to 2.

## MAPLE LEAF HOCKEY CLUB ELECT OFFICERS

The Maple Leaf Hockey Club of the Juvenile League, at a meeting held recently elected the following officers for the season: Hon. Pres., M. Starn; President, T. Malloy; Vice-President, A. Duggan; Secretary-Treasurer, M. Stapleton; Manager, H. Bobbitt; Capt., B. Quinn. The Club also has a number of players under contract and expect to be well up when the League finishes.

## BLUEDUN IS FAVORITE FOR MANCHESTER HANDICAP

(Canadian Press Cable.)

London, Nov. 22—The latest London betting on the Manchester November Handicap to be run on the 24th shows odds of seven to one against Bluedun; 9 to 1 Charebelle; 100 to 9 Willows; 100 to 9 Tremola; 100 to 7 Rockdew; 20 to 1 Napoleon Devizes, Crevasse and Leighton; 25 to 1 Air Balloon, and 50 to 1 King's Lيدر.

## ROCKY KANSAS GIVEN DECISION OVER MENDELSON

Milwaukee, Wis., Nov. 22—Rocky Kansas, of Buffalo, tonight was given the newspaper decision over Johnny Mendelson, Milwaukee, in a ten-round bout which went the limit. Neither boxer appeared to be in distress at any time. Kansas was credited with outpointing Mendelson in seven rounds, while the Milwaukee boy held Rocky even in about five periods. Mendelson's best round was in the sixth, in which he had a decided advantage.

## HON. L. G. BELLEY WON THE DAY AT BAIE ST. PAUL

### Postmaster General Denounced Ernest Lapointe As Hypocrite And An Imposter

## TRIUMPH FOR MINISTER

### Pierre Casgrain, Alleged Illness And Was Not Present To Face Music

(Special to The Chronicle)

Baie St. Paul, Nov. 22—The nominations held here at 2 o'clock today, Hon. L. G. Belley, Postmaster General in the Melchior Cabinet, was nominated as Conservative standard-bearer, while Mr. Pierre Casgrain was the Liberal nominee. A large meeting was held following the nominations, and in spite of the fact that Mr. Casgrain arrived last night from St. Hilairon he did not attend the meeting. His wife came and said that her husband was ill. She asked that he be replaced by Messrs. Ernest Lapointe, A. Dufour, M.L.A. and Oscar Drouin.

Mr. Belley was accompanied by Mr. Emile Gelly and by Mr. Asselin. It was agreed that both parties would have one hour and a half to speak and Mr. Belley would speak in rebuttal. The meeting was held under the presidency of Dr. E. Tremblay, Mayor of Baie St. Paul. Mr. Belley explained the Conscriptio Act and dwelt particularly upon the fact that the Liberals had promised to have the law repealed and that their first step in the next session was to vote five hundred million dollars to put conscription into effect.

The Minister also touched upon the question of the railways and particularly of the Quebec and Saguenay railway. He told of the treatment to which Mr. Forget had been subjected by the Liberals in 1916 when he was trying to raise capital in France. The Liberals had circulated a pamphlet in France denouncing Forget and comparing him to Sheldon in the fiction that the Saguenay Railway was not worth building. Mr. Belley had the pamphlet in hand and exhibited it to the meeting. This pamphlet bore the title "The Forget Scandal," and was printed by "Le Soleil," he said.

## OPPORTUNITIES FOR BUSINESS

### Suggestion For Exporters As Gathered By Dominion Trade Agents

London, Ont., Nov. 22—The weekly bulletin of the department of trade and commerce, dated November 7, contains an article by Mr. Harrison Watson, trade commissioner in London, on the United Kingdom as a market for Canadian flour, embodying the opinions of prominent authorities. One opinion given as to the possible directions in which the development of the United Kingdom as a market could be attempted was to advise Canadian millers to send all the good quality flour that they could possibly ship.

It is interesting to note that board of trade figures for the past 12 years show that of the flour consumed the percentage that is imported has practically unchanged at 10 percent, and of these imports Canada has supplied about one-quarter, a little more than one-half being supplied by the United States.

Information from Mr. J. E. Ross, trade commissioner in Shanghai, China, is to the effect that there will be a serious shortage in the wheat crop of China this year and as a result there will be a brisk demand for flour in all the ports of China, while the 16 or more large flour mills have to import wheat to keep them running.

A report by Mr. G. B. Johnson, trade commissioner in Glasgow, indicates the possibility of a flax famine in the event of a general improvement in trade with its resultant demand for tarpaulins, canvas, etc., by the transportation companies, owing to the removal of Russia as a source of supply, which supplied 452,000 tons of flax the year before the war.

Owing to the depression, which is also affecting the flax spinning and manufacturing industry of Scotland, the present production of flax products is about one-fifth the capacity of the mills, and while the pre-war production of flax in Scotland amounted to 90,000 tons annually in 1920, it is not expected that a tenth of the normal quantity will be imported this year.

Russia's advantage in the past was not only a matter of suitability of climate, but also of cheapness of production and \$50 per ton enabled the growing of flax to be considered a profitable occupation.

In March, 1920, with Russia out of the market, the price rose to \$4000, but when the boom collapsed it fell to \$80, and is now quoted from \$115 to \$130. Present supplies are in excess of demand, but when business improves the price should advance sufficiently to allow a reasonable margin of profit for Canadian growers.

to the Conservative Committee rooms where he delivered an address. People here are skeptical as to the illness of Mr. Casgrain. His wife in spite of the 104 degree fever attributed to her husband, spent the afternoon very calmly in a hall adjoining the meeting.

## PLANNING FOR U.F.A. CONVENTION

### Will Be Held In Calgary During January—Already Making Arrangements

Calgary, Alta., Nov. 21—Arrangements for the holding of the United Farmers of Alberta convention here in January are already being made and many resolutions from various locals covering a great variety of subjects have been received by the central office of the organization. Many of the resolutions relate to matters of interior economy, one from the Macleod political association recommending that a fund be established for the purpose of handling farm products and suggesting that a cold storage plant be built as a start.

An international agricultural conference called by the Canadian Council of Agriculture to discuss vital questions relating to international agricultural trade and tariffs is advocated by the Morris local. All farmers' organizations throughout the world would be invited to attend, the cost to be met by general membership of various organizations or a straight levy on each organization represented.

A resolution from the Victoria district political association suggests that the membership fee to be raised to cover the cost of a weekly provincial newspaper to be delivered to all members, while the Strathcona independent political association takes an opposite view, stating in their resolution that they are opposed to any increase in membership fees on the ground the farmers are suffering through the drop in market prices. Increased fees the Strathcona local declares, would mean decreased membership.

## FIRST CHEESE FAIR IN 1873

### Dairy Inspector Looks Up History Of Industry—Tells Of Conditions

Ingersoll, Nov. 22 — The first cheese fair, as they were called in the old days, was held at Ingersoll on May 20, 1873. This has been an uncertain date in the minds of many dairymen and, in fact, for some days back there has been a regular still-hunt on Ingersoll to get the definite date. The old files of The Ingersoll Chronicle were opened after all else had failed and it was shown there that the above date was decided upon at a meeting of interested dairymen held in Toronto, at which the late Mayor Brown and others were present from Ingersoll. Belleville and Stratford also had delegates at the meeting. This is a matter of general interest to Western Ontario dairymen; in fact, Frank Herra, London, head of the Western Ontario dairymen at the present time, had asked his tenants in the Ingersoll district to look up the information.

The Dairy Inspector for Oxford, Perth, Middlesex and Waterloo, was the man who finally came into possession of the date. Commenting on the conditions as they are today in the dairy business, the inspector said that there was much to contend with, although during the past year or so there had been a better outlook, as many factories had opened up after a closure of several years.

See a Danger.

"How do you find the average patron in the care of his milk? Is he careful with it in a general way, or does there seem to be a general indifference against which you must eternally fight?"

"There are many things to contend with. In the first place, a man who is careless about himself his home and his barn, will never be found to be very particular with his milk. There is nothing so susceptible to contamination as milk or butter, and it is against this that we are fighting. During the past summer with its extreme heat, we had more to contend with by far than in other years. The cooling of milk is a big factor in regard to its quality by the time it reaches the factory. It may have been cooled by the time it gets there, and it may have been cooled to the proper degree, and yet it may all be wrong for the simple reason that it was not cooled at the right time. Take a season where there are extremes in weather conditions, and we will always have our full share of troubles."

"But that hardly answers the direct question. What about the cleanliness of the milk itself? What about the general circumstances surrounding its preparation for the factory?"

"I have partially answered your question. There is more to be said. I might add that we have found that the milking machine does not help the general condition very much. Mind you, I am not knocking the milking machine. It is all right and a big boon to farmers with a large herd. In fact, with labor conditions as they have been for some few years back, the milking machine could hardly be dispensed with on some of the larger dairy farms. But I must also say that if milking machines were to come into evidence on all farms they would in the least help the quality of the milk."

"Because of its many parts and its direct contact with the milk all the way through the milking process, the milking machine must be kept immaculately clean. Put a milking machine in the hands of a careless person, one who has not at all times an eye to thorough cleanliness, and trouble is sure to follow. That, of course, is the fault of the man and not the fault of the machine, but therein lies the difficulty."

"The inspector went on to show that some people were ordinarily careless with their milk vessels and their stables in general, little could be hoped for from them with a milking machine. It would only go further to show up the defects of their system.

Act May Help.

In January of next year the Dairy Standards Act will come into force. The inspector felt that this might make a big difference with some of those who are careless with their milk. There is still room for great improvement in the quality of milk being taken to factories, and the new act may help to bring it about.

The Dairy Standard Act stipulates that all milk must be paid for according to the quality, or in other words, according to the test. The test will not lie. It tells in an unmistakable manner just what care has been taken of the milk, and if the price falls down the patron may begin to realize that there is something to be done at home. There are many other details in connection with the regulations of the act which are destined to make for better milk and better handling of the milk that goes out for public consumption.

The inspector added that conditions were pretty well the same all over. In the four counties which he visits there may be some little variance in the herds and in their care, and also in the attention that is

night will empty your bowels completely by morning and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

## SIR JAMES CRAIG TO MEET LLOYD GEORGE AT ONCE

### Irish Situation Was Discussed At Long Meeting Of Cabinet Council

### BOMBS IN BELFAST Three Killed And Thirty Wounded By Quartette Of Explosives

(Canadian Press Cable) London, Nov. 22.—There was a prolonged Cabinet Council today at which the Irish situation was discussed. It is understood that Mr. Lloyd George indicated the general lines of the proposals he will discuss with Sir James Craig, the Ulster Premier. Owing to his continued indisposition, Sir James will not be able to meet the Premier before Thursday.

It is anticipated that at this meeting Sir James will raise the question of the publication of the entire correspondence which has passed between the Government and the Sinn Feiners.

Invited To Meet Premier Representatives of the Sinn Fein have been invited to meet Mr. Lloyd George in Downing Street today to discuss the Ulster difficulty with a view to the interview Sir James Craig is to have with Mr. Lloyd George to-morrow to talk over the question of an Irish settlement. Today's meeting will not be recorded as a conference and it seems probable that no communique regarding it will be issued.

The Sinn Fein already knows unofficially the nature of the Ulster Premier's reply to the Government, rejecting the Government's settlement plan, but since that reply was made the Prime Minister has been considering various proposals for a possible reconciliation of the respective views of the northern and Southern Irish representatives. Neither Ulster nor the Sinn Fein, however, is satisfied with any of these proposals, it is indicated. The basis of most of them is understood to be an attempt to get over Ulster's resistance to an all-Ireland Parliament by offering her many financial advantages and special representation in that body.

So far these concessions are said not to have appealed to the Ulster Premier while the Sinn Fein, it is asserted remains determined not to concede Ulster any privileged position. One plan which has been debated with apparent approval in high Government circles is to give the North and the South equal representation in an all Ireland Parliament but only for a limited term, say, five years, and then requiring a sixty-five percent vote to carry a fiscal proposal. The Sinn Fein Publicity Department, however, says Southern Ireland will not consent to give Ulster anything more than it is entitled to by the size of its population.

The secret circular recently reported as having been issued from the Divisional Commission of the Royal Irish Constabulary at Belfast, saying the Government was considering the formation of the unauthorized Loyalist defence forces into regular military units, is now stated to have been issued by Col. Wickham, divisional Commissioner of the Constabulary without consulting Dublin Castle. It is argued by the Sinn Fein that when he issued the circular he was a servant of the Imperial Government which has not yet repudiated him, and that therefore the Government is responsible for his acts.

If Colonel Wickham is dismissed for the issuance of this circular the Ulster Government is said to be certain to re-employ him in a similar capacity and the effect of such action is being considered by the Irish Office here, pending any dealing with the case.

General Sir Nevill Macready, Commander of the forces in Ireland, saw Mr. Lloyd George before the latter's meeting with the Sinn Fein representatives today.

Four Bomb Thrown Belfast, Nov. 22.—Two bombs were exploded in a tram car full of shipyard workers here this afternoon, killing three of the occupants and injuring eighteen others. Shortly after the attack two more

bombs were thrown among a crowd watching a fire in Newtonwards Road and twelve additional persons were injured. The deaths of the three persons inside the tram car were due to gas fumes. The total number of deaths during the disorders of yesterday and today is nine. The attack on the tram car took place in Corporation street.

The shipyard workers in the car were returning from their day's work with the cessation of work at 5:30 o'clock this afternoon, firing became fierce in the Ballymacarrett district. Lorry loads of police and military were rushed to the scene to protect the workers, whose movements they banketed.

They were successful in their manoeuvres until the tram car was bombed. The bombs were thrown among a crowd of men. The car was packed, even the steps being loaded with passengers. The force of the explosion blew out a portion of the side of the car.

A scene of indescribable confusion followed. The men who threw the missile fled, and the uninjured workmen on the car ran away panic-stricken without waiting to help their wounded comrades whose cries were audible from inside the car.

Finally when the confusion had ceased somewhat the injured and dead were taken from the debris and laid on the foot path alongside the tramway line. There the injured were cared for by ambulance surgeons who hastened to the scene, while large bodies of police cordoned the vicinity.

Tramway service was entirely suspended in the district around the York Street thread mills, the biggest concern of its kind in the city. The mill closed its doors today an hour before the usual time. The girls operative left the factory by a hole made in the wall in a side street on the occasion of the last rioting in the district. There was shooting during the day near the Labor Exchange, where one of the clerks was killed outright and another man was so badly wounded that he died later. The remainder of the staff of the Exchange, fled in

# Liquor Commission New By-Laws

### IN pursuance of the powers granted the Liquor Commission by the Liquor Law, Art. 15, Clause 2, it has been ordered that the following by-laws, approved by the Lieutenant-Governor in Council and published in the Quebec Official Gazette, have to-day force of law.

#### BY-LAW "A"

Pursuant to the provisions of article 33 of the Alcoholic Liquor Act, which reads as follows:

"The Commission may determine the manner in which a tavern or a dining-room must be furnished and equipped in order to allow the exercise therein of the privilege conferred by the permit."

The Commission hereby determine that the use of fixtures known as a bar shall not be permissible in establishments doing business under tavern permits.

#### BY-LAW "C"

"Persons to whom permits may be issued shall be required to have their name appear in a prominent place and in a suitable manner on the outside of their premises, in order that the unequivocal responsibility of the permittee may be established."

#### BY-LAW "E"

Whereas it is expedient that the Quebec Liquor Commission regulate the manner in which holders of permits for taverns in the

Province of Quebec, shall conduct their establishments; and

Whereas the playing of music, singing or dancing in such establishments is likely to cause disorder therein and to be a source of grave abuse;

Therefore be it enacted, and it is hereby enacted;

1. Playing of music, singing or dancing in any of the said establishments by any person whomsoever, or by any means or in any manner, is forbidden;

2. Any violation of the provision of paragraph 1 hereof may be deemed a sufficient cause by the Quebec Liquor Commission to cancel the tavern permit.

#### BY-LAW "F"

"The Commission desires that between the hours of 10 p.m. and 9 a.m. and generally during all such time as it is required by law that taverns shall be closed, the windows shall be so arranged and blinds and curtains shall be drawn in such a way as will allow a clear view of the interior of these establishments from the street."

TO SUM UP, the use of bars or counters for the sale and consumption of beer is strictly prohibited in the city as well as in the country;

Permit holders are required to have their name appear in a prominent place on the outside of their establishments; In the taverns, under any form or by any means whatever, playing of music, singing and dancing are prohibited;

Finally, between ten o'clock at night and nine o'clock in the morning, and during such hours as is required that taverns shall be closed, the windows, blinds and curtains shall be so arranged as to allow the interior of these establishments to be seen.

The Law (Article 51) specifies that: "Whoever violates the dispositions of the above by-laws is guilty of an offence under the Liquor Law, and shall be liable, in addition, to the payment of the costs: for the first offence, to a fine of not more than one hundred dollars, and, on failure to pay such fine and costs, to imprisonment in the Common Gaol for one month; and, for any subsequent offence, to imprisonment in the Common Gaol for one month."

The prescriptions of the law are formal. The Commission also has the power to revoke at any and all times and without any formality the permits of those who fail to observe the law.

The City of Quebec, Plaintiff. vs. Albert Blouin, heretofore of our City of Quebec, in the district of Quebec, Clerk. Defendant.

## Gas, Indigestion, Stomach Misery — "Diapepsin"

"Pape's Diapepsin" really does put bad stomachs in order—really does! Overcomes indigestion, dyspepsia, gas, heartburn and sourness in minutes—that's just that—makes Pape's Diapepsin the largest stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches. Remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous—and the joy is its harmlessness. A large sixty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the most efficient antacid and stomach regulator in the world.

## BRITISH PREPARE MEDIATION PLAN Will Be Laid Before Greek And Turkish Governments Soon

Constantinople, Nov. 22. — The British Government has prepared a mediation plan which will be laid before the Governments of both Greece and the Turkish Nationalists, following the return from the Washington conference of Premier Briand of France says a cable message received by the Sublime Porte from the Turkish Charge d'Affaires in London.

The message adds that it is understood the Greeks are willing to accept the line from Midia to Enos as the frontier of Turkey in Europe, Smyrna being given autonomy under a Greek Governor. In Turkish official circles here the moderation of the Greek terms is admitted.

## "DEATH STOVE" SHOWN IN COURT Landru's Eleventh Alleged Fiancee Stood Staunchly By Former Lover

Versailles, Nov. 22 — Immense crowds calling to mind the Versailles of the most famous days of the Peace Conference session, today travelled from Paris in the hope of hearing the testimony of Fernande Segret, "Bluebeard" Landru's eleventh alleged fiancee and the only one, according to the prosecution to escape death at his hands. Landru is facing the charge of having murdered ten women and the son of one of them.

Mlle. Segret staunchly stood by her former lover, telling the judge and the jury the story of simple love and delicate attentions bestowed upon her by the man accused of strangling, cutting to bits and cremating the others. The small stove in which the prosecution contends Landru incinerated his alleged victims, was produced in court for the first time today, since the trial opened more than two weeks ago. The stove was examined by the jury with most minute attention.

The prisoner's physical condition is beginning to weaken under the strain of the trial. He is so feeble that the gendarmes who accompany him to and from the courtroom told The Associated Press correspondent that he had to be helped to walk across the small court yard separating the jail from the court house. But if Landru is physically weakening, his nerve seems to be undaunted. He told the correspondent who managed to approach him before court opened: "My health is poor, and my eyesight bad, very bad. But I'll see this thing through."

I have no complaint against Judge Gilbert and Prosecutor Godefroy, but I do regret the inefficiency of the police who are unable to find these missing women.

At this point three good humored gendarmes almost reluctantly ended the conversation by leading the prisoner into court. Landru and his guards appear to be on excellent terms.

After 45 minutes of testimony, Mlle. Segret fainted on the stand, and the court adjourned session. Landru showed emotion for the first time while today's witness recalled their relations.

The defence today announced that the plea of Landru's insanity had been abandoned. This action followed the giving of expert testimony to the effect that Landru, since 1904, when he was suffering from melancholy, had gradually grown stronger and was now fully normal.

The experts testified that hypnosis could not have resulted in destroying the personality of his alleged victims in such a way that

although alive they were ignorant of their identity as has been claimed by the defence.

AUSTRALIAN CRICKET TEAM BEAT WESTERN PROVINCE (Canadian Press Cable.) London, Nov. 22.—The touring Australian cricket team defeated the Western Province eleven today according to a cable from Reuters' correspondent in Capetown, South Africa by eight wickets. The scores were: Western Province, 153 and 191; Australia, 231 and 114 for two wickets.

Throughout the United States there are no fewer than 30,000,000 people who are advocates of good roads. Economy may be the road to wealth, but nine-tenths of those who have to travel it never reach the goal.

Sir James Y. Simpson introduced chloroform in 1847.

### For the Aged.

Wherever there is a case of enfeebled digestion, whether caused by advancing years, or by illness or general debility, Benger's Food will be found soothing and satisfying.

Benger's Food contains in the most easily digested form—almost ready for absorption—all the essential food elements to sustain life in health and strength.

## BENGER'S Food

helps the aged because it contains the natural digestive principles, and these do the work which the enfeebled stomach finds difficult.

Benger's Food is prepared with fresh new milk. Doctors approve its composition and prescribe it freely.

The "British Medical Journal" says:—"Benger's Food by Messrs. Benger's Food, Ltd., has secured a reputation of its own."

Benger's Food is obtainable from all Chemists, Grocers and Dealers.

BENGER'S FOOD, LTD., — Otter Works, MANCHESTER, England.

Branch Office: NEW YORK (U.S.A.), 65 Beekman Street. SYDNEY (N.S.W.), 177, Pitt Street.

### GIRLS! SKIRTS DOWN ONE INCH

Fashion decrees that skirts come closer to the ground, but that is no reason why one need buy new clothes. If the hem is faded or soiled when you let it out, get a package of Diamond Dyes and recolor the skirt like new.

Easy directions in each package of Diamond Dyes tell you how to dye or tint any old, faded garment, also your draperies. Just tell druggist whether your material is wool or silk, or whether it is cotton, linen, or mixed goods.

Candidates in the 1917 general election designated "Gov." were endorsed by Sir Robert Borden, leader of the Government, and those designated "Opp." by Sir Wilfrid Laurier, leader of the official opposition. In some cases candidates ran without party endorsement as provided in the Act.

In the election of 1917, Ontario, with 82 seats, returned 74 supporters of Union Government. Since then F. F. Pardee (West Lambton), went back to the Liberal benches East Elgin, Stormont - Glengarry, North Ontario and Temiskaming went Progressive in by-elections and West Peel Liberals, with the resignation of J. H. Burnham, went to the Liberal benches with the election of G. N. Gordon. At the time of dissolution, vacancies exist in West York, Leeds, Durham and Victoria, giving the Meighen Government 64 Ontario supporters of the 74 Unionist members returned.

\* Indicates sitting member.

## MONTREAL POWER AND LYALL CONSPICUOUS FEATURES OF A SOMEWHAT IMPROVED MARKET

### Larger Percentage Of Gains Among Thirty Six Issues Traded In Than Prevailed During Previous Day's Session—Power Was Market Leader—Paper Group Was Weak

(Canadian Press) Montreal, Nov. 22.—Considerably increased activity in Montreal Power and Lyall were the conspicuous features of a somewhat improved market on the local stock exchange today. There was a larger percentage of gains among the thirty six issues traded in than prevailed in yesterday's session, but losses were sufficiently numerous to take from the market any indications of a general upward movement. Power was the market leader with a turnover of 12 1/2 shares. Other utilities which evinced considerable strength were Bell Telephone with a two point advance and General Electric improved by 3/4 at the close.

The paper group, with the exception of Price Brothers, which registered a gain of a point at 88, was inclined to further weakness. Wayagmack sold off slightly, but recovered later in the day, and closed 1/2 higher.

## Closing Letters By Local Brokers

(By Brunau & Co.)

New York, Nov. 22.—This has been a dull day, probably due to the Thanksgiving holiday and then Saturday right afterwards. We have been blessed with many holidays this month. The Conference at Washington would seem to be accomplishing wonderful things, in fact, more progress has been made in the two weeks of the session than was expected in two months when the Conference met and this is due to the unanimity of action, and lack of any friction, which latter is consisting the world. The stock market is not paying any attention to the Conference for the moment but its effect will be worldwide and of great duration. Mr. Harding particularly requested that financial matters be not taken up at this session as he was afraid that it might impede and distract attention from the main issues for which the Conference was called, namely, disarmament and Far Eastern questions.

Now that these two matters are so far advanced and so satisfactorily it may be that the present Conference may take up the financial problems and foreign exchange, but even if they do not these subjects are of as great importance as any of the others and will be taken up in the very near future at another meeting, or at an adjourned session of the present Conference. This is always going to make our big market, for we must find some way of getting our exports moving to have prosperity. The market has been dull, but fairly strong all day.

(By Breen, Gourdeau & Co.)

New York, Nov. 22.—Transactions in the stock market today were on a somewhat reduced scale and trading throughout the five hours of business was devoid of all snap. As a matter of fact, prices fluctuated more or less listlessly and without any special feature development at any time. At the opening, prices were fractionally irregular, with such improvement as was shown favoring the railroads. Early in the forenoon some interest was shown in the specialties, but this gave way to the ole around mid-day when selling pressure tended to bring about a gradual declining tendency for a time. The tobacco group of stocks was subjected to a selling attack early in the afternoon and, although this seemed to influence a fair sized decline in them, the selling was again limited in power. Irregularly became more pronounced in the final hour, but with improvement developing in a number of the speculative favorites. The action of the market was strikingly similar to that of yesterday. In this respect no definite trend was shown, with transactions very largely professional.

(By L. G. Beaubien & Co.)

New York, Nov. 22.—The market has displayed mixed tendencies this afternoon but the predominant note has been one of heaviness in a number of prominent groups. The rails were sold on the definite evidence that the finance bill will be passed not at this session of Congress.

## UNIMPORTANT SHARES OF RAILWAY, STEEL, OIL AND UTILITIES N. Y. FEATURES

### Yesterday's Market Uncertain And Contracted — Call Money's Rise Caused Selling Movement—Dullness And Lower Trend Ruled In Principal Foreign Exchanges

New York, Nov. 22.—Unimportant shares of the railway, steel, oil and utility groups were the conspicuous features of today's contracted and uncertain stock market, taking the place of standard issues. Buying of the junior rails was stimulated to an extent by the reorganization of Missouri, Kansas and Texas Railway and was accelerated by unconfirmed reports that other roads recently under receivership are contemplating resumption of dividends. Missouri Pacific, one of the day's most active stocks, owed much of its prominence to such rumors and others of the same class were favored by pools and speculative interests because of their better earnings.

Independent steels, notably Gulf States, which added substantially to its gain of the previous day, were sustained by circumstantial gossip of prospective mergers and further advances in prices of crude and refined products accompanied the accumulation of oil.

Call Money's rise from 5 to 5 1/2 percent in the final hour was made the occasion of a selling movement in which the tobacco, Anaconda Copper, United Fruit, Sears Roebuck and Western Union were most affected.

Sales amounted to 700,000 shares.

Dullness and a lower trend ruled in the principal foreign exchanges, sterling easing with francs and most other European bills.

The Greek rate weakened on cables indicating that the Athens government had failed in its efforts to secure financial assistance in London. The broad demand for bonds especially underlying railway issues, continued with strength in other domestic issues and several of the foreign division, especially French municipalities.

Total sales, par value, aggregated \$18,250,000.

## An Enviably Record

THE security record of Canadian Hydro-Electric Companies might be envied even by our Municipalities. In fact, the bonds of two of our leading Water Power Companies are selling on about a 5.85% yield basis.

Unlike most industrial companies for whose product a lessened demand now exists, the demand for the services of Hydro-Electric Companies is increasing because the use of their power is most economical and dependable. Water Power Companies have also benefitted largely by their relatively small labor requirements and the fact that they have no heavy inventories to mark down.

A study of the Hydro-Electric situation convinces us that the bonds of Water Power Companies offer the best medium of investment obtainable in corporation securities. They provide exceptional security, ranking next to government and municipal obligations, and at present high interest rates they should prove very profitable investments.

Write to-day for pamphlet analyzing the opportunities that exist in this class of security.

## Daily Gossip On Leading Stocks

Haskell and Barker Car Co's directors plan an extra dividend of \$1.25 in addition to the regular quarterly dividend of \$1. a share. Stockholders who do not want Pullman Company stock in exchange will receive a cash equivalent. There has been no consideration of the distribution of the 30,000 shares in the Haskell treasury or any other form of bonus at present. According to Haskell by-laws, only 10 days' notice of a special stockholders' meeting is necessary.

In return for financial assistance given the Pierce Oil Company, the Chase National Bank interests will name five out of nine directors and thereby control its affairs. While Henry Clay Pierce will remain on the board, he will not be, as in the past, the dominating influence. The new interests have acquired a large part of his stock. It is understood the company is making good money.

Bond prices have continued to rise and have shown remarkable strength during the past week. The general impression is that the advance is fully warranted by conditions and the view that it is simply a flurry seems to be less entertained in most quarters. When the general advance commenced two or three weeks ago there were a few who thought that the strong condition was only temporary; that it was probably due to reinvestment of November 1st dividend. Those who held that opinion have not gained by the postponing of the investment of their funds as the advance has continued steadily. That the opinion amongst dealers with regard to new levels is general seems to have been confirmed by the twenty-three bids submitted for City of Brantford bonds. All of the bids were high and the city was able to borrow at a cost of 6.10 per cent.

The Province of Saskatchewan called for tenders on Friday for \$2,000,000 1-1/2 percent, twenty-five year bonds, payable in United States with an alternative bid for bonds payable in Canada only. As was expected, the price being 104.67 or a technical cost to the province of 5.20 percent. The high Canadian bid was 99.58 for \$3,000,000, 6 percent bonds. This tender being accepted the bonds would have sold materially above par.

## Gov't Bond Yields

RYDING WONT RUN  
Toronto, Nov. 22.—Algerman Sam Rydberg, who had been spoken of as a probable Independent Conservative candidate in West York, where Sir Henry Drayton is the official Government nominee announced today that he would not run, but would support Sir Henry.  
It is 2,624 miles from Quebec to Liverpool.

### Don't Miss "The Scoffer" at Empire—Last Time Tonight

"The Scoffer," which is an intensive film drama concludes at the Empire today.

The cast which Mr. Dwan has selected to portray the various interesting characters in the thrilling story is unusual for the fact that all are prominently identified as leading exponents of the cinema art. The cast includes such well-known players as Mary Thurman, of Mack Sennett fame, James Kirkwood, Bernard Durning, the latter both famed as directors as well as being recognized among the foremost actors; Philo McCullough, Rhea Mitchell, former vaudeville star; Noah Beery one of the most admired of screen character men; Ward Crane, rapidly rising to stardom; John Burton, Eugenio Besserer, and George Stone.

The story unfolded in "The Scoffer" is extraordinary in many ways and give an evening of rare entertainment.

### Last Showing Today of Mary Miles Minter in "Nurse Marjorie" at Classic Theatre

For those who are used to seeing Mary Miles Minter in "child" parts, "Nurse Marjorie," which concludes at the Classic today will prove refreshingly entertaining. It is one of the finest plays Miss Minter has yet appeared in.

"In the Clutches of the Hindu" a Comedy, (which is in itself a rare treat) and other features are also on the bill.

### OPTIMISTIC WORD BROUGHT BACK

Local Manager, Burroughs Adding Machines, Reports Business Improving

That business conditions are definitely improving is the word of optimism brought back today by Mr. Lachapelle, Manager of the local office of the Burroughs Adding Machine of Canada, Limited, who has been in attendance at the annual international convention of agency managers recently held by this company at the factory in Detroit.

The Burroughs business has been taken as a barometer of business conditions for many years. The company reports that its October business was 23 per cent in excess of the September business and that November is starting out very promisingly.

More than 200 agency managers were present at the convention, coming from every section of the United States and Canada. With their district managers they represent the field executive force of the company, and control a selling organization of approximately 1,600 salesmen.

"The use of figure information is universal so the use of Burroughs machines is universal," said Mr. Lachapelle. "When our business shows a healthy increase it is a positive indication that things are getting better all along the line."

"The spirit of optimism brought to the convention by the agency managers from every section of the country was certainly bracing. I wish every business man could have been at the convention and heard the stories of improvement."

### HOW FAT ACTRESS WAS MADE SLIM

Many stage people now depend entirely upon Marmosa Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using the form of the famous Marmosa Prescription, and now, by taking Marmosa Tablets is several times a year, keeps her weight just right. All good druggists sell Marmosa Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmosa Co., 4612 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

### THREE BROTHERS IN ANGLICAN MINISTRY

### Rev. E. B. Hooper Was Lately Created Canon Of Christ Church Cathedral

Fredrickton, N.B. Nov. 22.—Rev. E. B. Hooper, rector of All Saints Church, St. Andrews-by-the-Sea, who has lately been created a canon of Christ Church Cathedral in the Diocese of Fredrickton, is one of the three brothers in the Anglican ministry in Canada. They are sons of the late Capt. F. H. Hooper, who after retiring from service with the Imperial Army in India, came to Canada and resided in Fredrickton for some years, and afterwards removed to Toronto. The other two of the late Capt. Hooper's sons in the Anglican ministry are Rev. Hugh Hooper formerly of the diocese of Fredrickton and now of North Vancouver, B.C., and Rev. Lewis Hooper, formerly of the Royal Canadian Mounted Police and now chaplain of the Canadian naval base at Vancouver.

Canon Hooper, who was rector of St. Paul's (Valley) Church, St. John, before the war, had a distinguished career overseas with the Chaplain Services of the Canadian Expeditionary Forces, and upon his return was engaged as a D.S.C.R. for some time.

No monkey has any regular language.

### HOW TURKS TREAT THEIR PRISONERS

Conditions Prevailing Behind Nationalist Lines Are Described As Appalling

(Canadian Press Cable)  
London, Nov. 22.—Colonel Rawlinson, a British prisoner recently released by the Turkish Nationalists, who has arrived in London, gave a detailed account today of some of the conditions prevailing behind the Turkish Nationalist lines, particularly as regards the treatment of prisoners, which he described as appalling.

Of the Armenian prisoners from Kars, numbering 5,000 soldiers and 4,000 civilians employed in labor gangs near Erzerum, says Col. Rawlinson, the majority perished from starvation and neglect, leaving only 750 men and 98 officers for repatriation to Armenia. These, he adds, were replaced by gangs of Greeks from the coast district, 500 of whom he met on the Trebizond Road on their way to join other Greeks already working in the Erzerum district.

### Chronicle Files 100 Years Ago

### Illumination

On Wednesday evening this city was generally and brilliantly illuminated in honor of His Majesty's Coronation. The illumination extended to every part of Upper and Lower Town, St. Roch, St. John and St. Louis Suburbs and even partially by Point Levis. The Castle and the Court House, Jesuit Barracks, Bishop's Palace, the Seminary, and all the public places of this section all participated in the general brilliancy. At many private houses there were exhibited handsome transparencies, chiefly consisting of a crown, G.R. IV, "God Save the King," "Vive le Roi." The building occupied as military offices on St. Louis street, was very well distinguished by a executed transparency of the same description, and the Chief Justice's house in the same street, was generally admired for a display of variegated lamps representing a Crown and the letters G.R.

At eight o'clock, the time fixed for the illumination, there was a display of fireworks on the Esplanade, which continued about an hour and attracted an immense concourse of people.

### Chronicle Files 25 Years Ago

Skeleton Identified.  
Mrs. Jos. Levesque, of Levis, has visited the morgue in company with Dr. Belleau, the District Coroner, and identified the human remains which were found in the Louise Basin as those of her husband, an employee of the C.P.R., who mysteriously disappeared on the 27th October, 1895. Mr. Levesque drew from the bank the day on which he disappeared, six dollars which he had found in his pocket when the body was recovered. The deceased had left here for the purpose of going to Boston and for some time after his disappearance his wife thought he was in that city.

Act of Madman.  
News comes from Chicoutimi of a tragic affair which recently took place in the prison of that place. A foolish man who became furious at times, was confined in the prison. In a moment of rage he struck the turnkey on the head with a poker. The guardian of the jail an old man, fortunately appeared on the scene to prevent the turnkey from being murdered and received a cut above the eye with a key. Both men were reported better next day, and the poor fool when asked the cause of his action stated that "God told him to do it." He will be removed to an Asylum.

BOARD TO RESUME DUTIES  
Winnipeg, Nov. 22.—Resumption of sittings of the Royal Grain Inquiry will commence here Monday and Commissioners of the Board have been requested to resume their duties by Mr. Justice Hyndman, chairman, in a wire sent to his fellow members on the Commission today.

The Warrant Officers, Staff Sergeants and Sergeants of the Citadel Sergeants' Mess have issued invitations for a Euchre and Dance to be given at their Mess Room on Friday, 25th inst.

Final arrangements have not been made for the visit to Canada of Marshal Foch, who is now in the United States. The Canadian Government is in communication with the French Embassy at Washington regarding the proposed visit.

The programme for the visit to Canada of Admiral Earl Beatty and Lady Beatty has been announced in Ottawa. The distinguished sea fighter and Lady Beatty will reach Ottawa on Saturday, November 26, and will be officially welcomed by representatives of the Dominion Government and by the municipal authorities. Earl Beatty will be the guest of honor at a Canadian Club luncheon at the Chateau Laurier at noon, and in the evening the visitors will be entertained at Government House by the Governor-General. Earl and Lady Beatty will spend November 27 in Montreal, and November 28 in Toronto. They will return to New York from Toronto.

Their Excellencies, Lord and Lady Byng of Vimy, visited the Perley Home for Incurables Monday afternoon and were escorted through the various wards and departments by Mrs. A. J. Freiman, the president of the ladies' auxiliary, and Mr. W. E. Matthews, the chairman of the board of management. His Excellency paid tribute to the work of the board and the auxiliary stating that in all his impressions of like institutions he had never found one where the patients were more comfortable, or seemed so happy as there despite their physical ailments. Lord and Lady Byng chatted with the patients. Lady Byng was the recipient of a large bouquet of roses on behalf of the auxiliary, the presentation being made by little Miss Queenie Freiman.

Further reductions have been made in our Department of Linoleums and Oil Cloths.

In the Rug Department we will give a discount of 20 Percent, and the choice is the best in the city.

The prices of Cretonnes and Tapestry have come down 33 1-3 Percent.

We have received a complete assortment of English Colored Madras, beautiful shades of Poplin, and one of the largest selection of Curtains, by the pair and by the yard.

### LUMBAGO

If you feel a touch of lumbago, you can ward off the evils of recurrent attacks, by taking Gin Pills without delay. Learn a lesson from the experience of Mr. H. A. Jukes. After suffering with lumbago for years, and being confined to the house at times, Mr. Jukes began to take Gin Pills. His letter to us reads, in part: "and much to my surprise, I at once felt a change for the better. I have been taking them at intervals, and, up to date, have had no recurrence of my old trouble; in fact, I have not felt better for years."  
Don't delay. Buy a box on our money-back-guarantee, or write for a free sample. National Drug & Chemical Co. of Canada, Limited, Toronto, Ont. U.S. residents should address: Na-Dru-Co., Inc., 86-88 Exchange St., Buffalo, N.Y.
