PEOPLE OF SANTO DOMINGO TODAY ARE FACED WITH WATER SHORTAGE

Only Limited Supply of Fresh Water Available in Section Which Suffered So Severely in Wednesday's Hurricane—Urgent Appeal Has Been Made for Food, Clothing, Medical Supplies and Temporary Shelter—Estimated that Eight Hundred Were Killed and Ninety Per Cent. of City's Population Homeless.

SANTO DOMINGO, Sept. 5.—An urgent appeal for help was sent from this city today as it counted the toll of the hurricane which swept across the Republic Wednesday afternoon, taking lives estimated at eight hundred and leaving ninety per cent. of the city's population homeless.

There is immediate need here for food, clothing, medical supplies and temporary shelters, with untold suffering threatening the population, not only of the Capital city, but of most of the Republic, unless supplies are received. Capping a climax of horrors the water supply has failed and only limited fresh water is available.

The hurricane struck Santo Domingo at 2 p.m., Wednesday, and blew at full force for four hours, houses in the aristocratic quarter were razed along with those of less pretentious character. The insane asylum was destroyed and escaping inmates ran wild through the city's streets, adding to the horror of the disorder and confusion everywhere.

TAKING SUPPLIES TO SANTO DOMINGO

ST. THOMAS, Virgin Islands, Sept. 5.—The United States Ship "Grebe" left here last night for Porto Rico to take supplies to Santo Domingo hurricane victims.

LITTLE DAMAGE ON FRENCH TERRITORY

ST. CLAUDE, Guadeloupe, Sept. 4.—The hurricane which ravaged the West Indies yesterday caused only property damage on French territory. The storm area here was on the western part of the island. Communication with outside points, interrupted for a time, has been restored today.

NEW RECORD ESTABLISHED

PARIS, Sept. 5.—The French aviator, Jean Lauce, in a forty-horse-power, 770-pound plane, today established a new world's record for distance in a circuit with 2,730 kilometers (1,678 miles). The former record was of the Czechoslovakian, Vicherek, of 2,500 kilometers, made in Prague, on June 7, 1928.

RATIFICATION OF TREATY BY JAPANESE SOON

Privy Council May Add Censure Clause Against Government Before Accepting Treaty.

TOKYO, Sept. 5.—There are indications that the Privy Council will ratify the London naval treaty the latter part of this month or at least early in October. Government officials believe the council will have overcome the worst difficulties within a couple of weeks and ratification will then follow within a few days. While this may be over-optimistic, the council has been speeding up its work recently and holding meetings daily.

As the discussions in the Privy Council continue they are gaining in bitterness and it seems more likely that the council will attach a rider to the treaty censuring the Government for accepting the pact in the face of the opposition of the Naval General Staff.

The last meetings of the special committee of the Privy Council, headed by Count Miyoshi Ito, which is studying the pact, have been practically entirely devoted to the question of the supreme command. The Government has contended that inasmuch as the treaty was only concerned with the navy and did not affect the entire scheme of national defence, it went far enough in consulting the Naval General Staff before accepting the pact. This is somewhat of a retreat from the Government's former position, which was that it had acted by virtue of its authority in accepting the pact.

It has been reported that the committee of the Privy Council has threatened to withhold its approval of the treaty unless the Government admits it was at fault in accepting the pact in the face of the naval opposition.

This may be taken rather as an idle threat, since the Privy Council would hardly dare to reject a treaty which has the support of high officials of the court as well as the Government, press and public.

FAIL TO REACH AN AGREEMENT.

POONA, INDIA, Sept. 5.—Failure of negotiations to bring peace between Mahatma Gandhi and his civil disobedience followers and the Government was announced today by Sir Tej Bahadur Sapru and Mr. Jayakar, after an hour's conference with Gandhi in Yeroda jail.

CANOISTS CONTINUE TRIP.

KETCHIKAN, ALASKA, Sept. 5.—The "Arctic To Tropics" canoe party of three Canadians, V. H. Alvin, Evans Fisher and Carl Bruder, reached here after a seven thousand mile trip in their twenty-foot craft from Waterways, Alta., begun in the spring of 1929. Their destination is the Panama Canal.

CAPTAIN BOYD IS DELAYED BY HEAVY WINDS

With Legal Entanglements Surrounding Seizure of Monoplane Columbia Showing Signs of Dissolution, It Is Likely that Flight to England May Be Started in Short Time.

MONTREAL, Que., Sept. 5.—Continued heavy wind conditions obtaining over this side of the Atlantic again delayed the start of the Montreal to London, England, flight of Capt. J. Erroll Boyd and Lieutenant Harry P. Connor in the old Bellanca monoplane Columbia.

With the legal entanglements surrounding the seizure of the plane by Roger Q. Williams showing signs of dissolution, the Canadian flyer and his American friend and navigator are eagerly watching weather reports from the coast of England, where they will take on a load of gasoline and rise again a few hours later bound for England.

Meanwhile the old Bellanca is ready for flight, though a Royal Canadian Mounted Police constable stands guard over the veteran trans-Atlantic plane, which cannot leave the airport till a court order lifts Williams' writ of attachment for claims against the Columbia Airlines Incorporated of New York, of which Charles A. Levine is president. Levine loaned the old Bellanca to Captain Boyd, but they have received no word from Levine, who is in Paris, as to the action he intends taking in regard to the writ.

SELF-DECLARED SLAYER IS HANGED

LEAVENWORTH, Kas., Sept. 5.—Carl Panzram, self-declared slayer of twenty-two persons, was hanged at the Federal prison early today. President Hoover last night denied a plea for clemency.

EDITOR FAVORS BEER TAVERNS IN NOVA SCOTIA

Remodelling Movement Would Make Halifax Most Attractive Town on Continent, Declares H. L. Mencken.

HALIFAX, N.S., Sept. 5.—H. L. Mencken, Baltimore journalist and editor of the American Mercury, who is spending a part of his honeymoon in Halifax, has been looking over Nova Scotia's newly inaugurated system of Government control of liquor. He said in an interview that he thought it was a good system, but he believed there should be taverns and beer and wines with meals, as in Quebec.

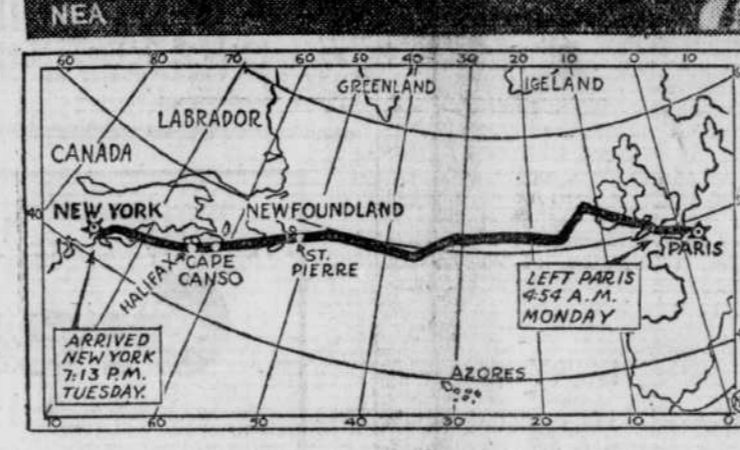

Of his own country Mr. Mencken said, "Prohibition is an absolute failure in the United States. It is impossible to enforce a law when more than sixty per cent. of the people are against it." Baltimore, he said, had ten thousand saloons under prohibition as compared with two thousand before prohibition.

Mr. Mencken liked Halifax, he said, but had expected to find more of the old Georgian influence apparent in the architecture. "What Halifax needs to make it the most attractive town on the continent," he declared, "is an architectural movement and a re-modelling of some of the horrible examples that at present exist."

MINIATURE GOLF COURSE LICENSES

TORONTO, Ont., Sept. 5.—The license-fee for miniature golf courses in the city will be fifty dollars as a result of a special meeting of the property committee held yesterday. It had previously been recommended by the board of control that the fee be raised to \$300, but this was overruled.

At the end of this year for service on the Pacific Coast, have been successfully carried out. The vessel will shortly leave England for Canada.

Enthusiastic fellow countrymen, gathered at Curtiss Airport, Long Island, to welcome their aerial envoy from Paris, hoisted Capt. Dieudonne Coste to their shoulders at the end of the biplane Question Mark's history-making flight. The scene is pictured here as the daring chief of the trans-Atlantic air journey was borne under police guard to the shelter of a hangar. A crowd of 7500 witnessed the arrival of Coste and his flying partner, Maurice Bellonte. Below is shown a map of the flight for which they acclaimed them. The 3275-mile course, as reported by radio enroute, shows deviations made to avoid storms and fog.

AIR PAGEANT THIS WEEK-END AT ST. HUBERT

Movie Celebrities and Famed Airmen Will Take Part in Event Being Sponsored by Montreal Light Aeroplane Club.

MONTREAL, Sept. 5.—The second annual Canadian air pageant, being held under the auspices of the Montreal Light Aeroplane Club at St. Hubert Airport tomorrow and Sunday continues to grow in feature events. Advances received by club officials state that a group of some thirty film executives and film stars will be the guests of the first flying club for the first day of the sky spectacle. Their appearance in Montreal, which is being celebrated in connection with a two-day celebration covering the breaking ground for the new studio of The Canadian-American Talking Picture Studios, Limited, will represent the first visit of many of the party to Canada. Included in the group arriving here tomorrow morning from New York are George Jessel, Betty Blythe, Charles Ray, Arthur Bayne, Frank Gallagher and Philippe de Lacy. All of these film stars will be introduced to the spectators by "Swanee" Taylor, who is in charge of broadcasting arrangements at the aerodrome on Saturday and Sunday. Tomorrow evening the movie colony will share the spotlight with the visiting pilot corps at a dinner given in their joint honor. Special motorcycle police escort will ensure their arrival at the field in time for the opening ceremonies at 1.30 p.m.

With the galaxy of film stars added to the air notables already signed up for the sky carnival, St. Hubert will indeed take on an added interest for a large proportion of the Montreal public. Having in mind the enthusiasm and support which was accorded to their first annual pageant last year, the directors of the Montreal Light Aeroplane Club, who are again sponsoring this present pageant, have secured a group of aviation celebrities who are famed for their record-breaking achievements. Each pilot will give a demonstration to the public which is peculiar to himself. In most cases these pilots do not fly the standard-made machines but are themselves of an inventive and creative turn of mind. The machines are built at their direction and under their closest supervision. To the layman two machines may look exactly alike, yet it is in the minutest detail that the extra burst of speed is obtained that has given such men as Captain Frank M. Hawks and Lieutenant Alford J. Williams the honor of holding world's speed records. Both these world-famous pilots, along with many other outstanding stars, will be present with their record-breaking planes. It cannot fail to arouse enthusiasm in the spectators, as a machine flashes by the grandstand to realize that the same machine and pilot were recently engaged in smashing aviation's most cherished

MANY TOPICS DISCUSSED BY LORD MELCHETT

His Lordship Drew Bold Picture of Empire Economic Policy During Address Before Montreal Canadian Club.

MONTREAL, Que., Sept. 5.—Britain in the position of a country which has plenty of suitors for trade favors, and which will have many more suitors when the favors available are increased by a protective fiscal policy to be adopted, was a view of British present-day mentality which Lord Melchett outlined to the Canadian Club at its luncheon at the Windsor Hotel recently. His Lordship's reference in this connection was made in regard to the question of Empire economic unity, which he preached with much fervor, his view being that if Canada does not wish to join in it, it might be that the home country would have to look elsewhere.

Lord Melchett drew a bold picture of Empire economic policy, as he saw it, extending beyond the matter of local interests and traffic, but he also made it clear that Britons no longer look upon the Dominions merely as places of raw materials and foodstuffs, but, on the contrary, quite agree with the fact that industrial life in the Dominion must march ahead. Yet, as between the individual industrial growth of the Dominions and the great Empire picture which he drew he saw plenty of room for a common grouping of the economic interests of the Empire.

The luncheon was presided over by George S. Carriere and others at the head table were W. F. MacKellar, Roy Campbell, Prof. Carleton Stanley, C. F. Crandall, E. M. Berliner, Francis Hankin, Homer M. Jaquays, S. W. Jacobs, M.P., Winthrop Wainwright, Jackson Doobis, Paul F. Sherman, E. Frankel, L. Col. Herbert Nelson, Lord West, Senator Lorne C. Webster, A. B. Purvis, F. P. Jones, Peter Berocovich, M.L.A., Wesley Frost, consul-general, U.S.A., J. S. Norris, Warwick Chipman, K.C., H. K. S. Hemming, John Eastcott, Wallace Goforth, A. R. Vickers, Isaac Friedman, A. H. Cadieux, Ccl. F. M. Gaudet.

Lord Melchett said he preferred the expression of "Empire economic unity" to express his ideal of making the loosely-bound, and somewhat disorganized, far-flung, far-reaching, and far-spread Empire into that kind of an economic whole in which it could, and would, attain a position of prosperity, power and influence unrivalled in the world. Nothing was more wearisome than figures, yet it was well to recall some salient figures, such as that the area of the Empire was fourteen million square miles, an area three and a half times greater than that of the United States, the population four hundred and fifty millions, greater than that of Europe, and four times as great as that of the United States; and within the borders of the Empire there was produced twenty-five per cent of the world's total of wheat, sixty-six per cent of the rice, fifty-three per cent of the cattle, fifty-one per cent of the sheep, sixty-two per cent of the gold, forty-two per cent

COMMUNIST ACTIVITY IN SOUTH AUSTRALIA FEARED

Premier Hill Tells of Plans Discovered by Provincial Police in Series of Raids.

ADELAIDE, South Australia, Sept. 5.—South Australia has been selected as the centre of a Communist plot owing to the exceptional financial difficulties of the state, declared Hon. Lionel Hill, Premier. The Premier introduced a bill which would empower the Government to deal with the carters' and drivers' strike, which started in protest against the employment of volunteer laborers at the docks.

"A raid conducted by the state police, stated Premier Hill, "has revealed interference with the electric light supply of Adelaide and the electrification of a fence with the intention of causing fatalities among the police. And we have evidence that these things have been done or incited by Communist agents."

FLIERS WILL RECEIVE MONEY WITHOUT DELAY

Colonel Wasterwood, Dallas Financier, Ready to Meet French Fliers in Paris, Should They Make Return Flight, or Else to Sail for Home Immediately and Meet Them in New York.

LONDON, Sept. 5.—Colonel William Wasterwood, Dallas financier, will pay Dieudonne Coste and Maurice Bellonte their \$25,000 prize money for their flight from Paris to New York to Dallas either in Paris or in New York.

He said today that he would fly to Paris tomorrow and get in touch with the Air Ministry there. "If I find that Coste and Bellonte plan for return to Paris, I shall be there to meet them, but if they remain in the States I shall sail as soon as possible and meet them in New York. It was the world's greatest flight," he said.

The travel-weary Frenchmen, who started their historic, one-day, spanning flight from Le Bourget Field, Paris, Monday, said they would stop overnight at Louisville, continuing Saturday to New York to be in the east for a week-end luncheon engagement with President Hoover.

The flight from New York to Dallas, ending yesterday at 5:20:45 p.m., after eleven hours and thirty-four minutes in the air, made the French Atlantic conquerors eligible for a purse of \$25,000.

FAMOUS PLANE WAS TODAY POINTED TO LOUISVILLE

DALLAS, Texas, Sept. 5.—Capt. Dieudonne Coste and Maurice Bellonte, French air voyageurs, pointed their scarlet sesqui-plane, the Question Mark, toward Louisville, Ky., today, after completing a non-stop Paris-New York-Dallas flight yesterday.

UNEMPLOYMENT BY PROVINCES IS INDICATED

Estimated that There Are More Than 117,000 at Present Out of Work in Canada, With Prospect of Number Reaching 176,000 During the Winter Months.

TORONTO, Sept. 5.—"There is a vast army of unemployed in Canada, according to the answers to the questionnaires sent out by Hon. Gideon Robertson, Minister of Labor. In cities and towns of more than 10,000, it is estimated there are 117,000 out of work and the prospects are for 176,000 during the winter.

GOVERNMENT PRACTICALLY READY FOR OPENING OF SESSION MONDAY

Fact that There Was No Cabinet Meeting Yesterday Taken to Mean that Government's Proposed Measures Have Been Definitely Decided Upon and Are in Final Process of Preparation—Expected Premier Will Announce Plans to Alleviate Unemployment Either on Monday or Tuesday—Tariff Amendments Also Anticipated.

TWO THOUSAND FORCED FROM THEIR HOMES

Five Million Dollars Damage Resulted Yesterday from Fire in London's East End.

LONDON, Sept. 5.—A large section of Wapping, London East End district, still smoldered today after a fire which last night did damage of about £1,000,000 (\$5,000,000). The blaze at one time endangered a large tenement district, and more than two thousand persons were forced from their homes. At the height of the conflagration a crowd estimated at 100,000 stood outside the police cordon which was drawn around the affected area.

The fire began in a spice warehouse, and roadways throughout ran with water mingled with spices and cocoa beans from the blazing structure. Three hundred firemen, using ten miles of hose, waged in the fight with the blaze. Their strenuous efforts prevented spread of the flames to a big gas works a quarter of a mile away.

FINE WEATHER FAVORED FAIR AT SCOTSTOWN

Record Exhibits and Crowds Give Promise of Most Successful Fair in Scotstown's History.

SCOTSTOWN, Que., Sept. 5.—Today, the second day of the popular day of the local Fair was blessed with favorable weather all day. Although the wind was cool, the sun shone brightly all afternoon, doing his best to warm things up.

Judging from the number of cars parked around the track and against the fence, and the crowds patronizing the attractions offered, there was one of the largest crowds present ever attending the Fair.

There was a larger midway than usual this year, the chair swinging merry-go-round and other diversions being well patronized all day.

The main building proved a popular centre. Among the special exhibits in this building were two pianos, a gramophone, a typewriter, a sewing machine and an exhibit. Among the visitors yesterday were Mr. Louis Rochelleau, member of the Provincial Agricultural Department and Mr. Narcissi Savoie, secretary of the Department of Agriculture at Quebec. These gentlemen stated that the exhibits in the ladies department were the finest they had viewed in the province.

The principal prize winners in the ladies' department were: Mrs. A. L. Sherman, Miss K. MacAulay, Miss L. M. Jackson, Mrs. Ross MacDonald, Mrs. K. H. MacRae, Mrs. L. H. Martin, Mrs. H. A. Searth, Miss Mildred Rudd, Miss Muriel MacLeod, Mrs. McManis, Miss Alice Rudd, Mrs. M. A. MacDonald, Mrs. Woolley, Mrs. J. Mitchell, Miss Pansy Tremblay, Mrs. C. M. Smith, Mrs. McLaughlin, Mrs. S. G. Scott, Mrs. Wm. Taylor, Mrs. C. M. Smith and Miss Freda Start.

Special prizes won in the cooking department were: Ogilvie, first, Mrs. John MacKenzie; second, Miss Kathleen Cowling; third, Mrs. Arthur Smith, Purity Flour, first, Mrs. J. Mitchell; second, Mrs. A. L. Sherman and third, Mrs. John MacKenzie. Tea dainties, collection given by T. Eaton Company, prize being a silver basket, was won by Mrs. J. N. MacIver. Sliced ham prize being a Swift's premium ham won by Mrs. Wm. Ladd.

OTTAWA, Ont., Sept. 5.—

Cabinet sessions will be resumed again today with the Government placing the finishing touches on its legislative programme to be presented at the opening of the special session of Parliament on Monday. There was no Cabinet meeting yesterday for the first time in several days and this was taken to mean that the Government's proposed measures have been definitely decided upon and are in the final process of preparation.

George Black, member-elect for the Yukon, who will be the Speaker of the House of Commons for the next Parliament, took over his outside duties yesterday, although his actual election to the position will not be made until Monday. The Speaker of the Commons might be termed the "Commandant of Parliament Hill." He has many duties apart from presiding over the Commons and the next few days will be occupied with allotting members their rooms and other such duties.

But Mr. Black will not be the only busy man on Parliament Hill, for the whole Cabinet, individually and collectively, will be busy. In addition to the Council meeting today, it is quite possible there will be another tomorrow. Besides attending around the Council table, each minister must preside over his own department, which is equally as exacting as presiding over a large private corporation. It is quite probable that afternoon and night sessions of the Cabinet will be held for the balance of the week.

The Premier himself will announce the Government's plans to alleviate unemployment; it was announced by Senator Gideon Robertson, Minister of Labor. This will be done from the floor of the House very early in the session, possibly on Monday afternoon or on Tuesday. The Government's exact proposals, of course, are unknown outside the Cabinet, but it is quite certain that legislation providing work on undertakings such as a national highway will be enacted. This would be aimed at alleviating unemployment during the coming fall and winter. It is expected the Government will amend the tariff with the aim of stimulating the production in Canada of as many as possible of the agricultural and manufactured products now being imported.

The tariff bill might take any of three forms, it might go to the House in the form of a flat increase, there might be certain advances on individual items or there might be higher duties announced on all but certain specified imports.

SEVERAL PERSONS INJURED IN N.Y. SUBWAY STATION

Short-Circuited Third Rail Sent Shower of Sparks Over Platform.

NEW YORK, N. Y., Sept. 5.—Two men were burned, four women trampled, and others slightly hurt in a panic in a 3rd avenue subway station last night after a short-circuited third rail sent a shower of sparks over the platform. Three hundred persons made a mad dash for the stairway, police reserves being needed to quiet them. Traffic was resumed after half an hour.

THE WEATHER

SHOWERS, THEN FAIR AND COOL

The area of high pressure which was over the Great Lakes yesterday morning has moved eastward to the Atlantic and another now covers Manitoba and the Northwest States, while a trough of low extends from James Bay to the Southwest States and a fair deep depression is centered near the Straits of Belle Isle. Except for showers in Northern Ontario and Eastern Manitoba, the weather has been fair over the Dominion.

Forecast: Moderate to fresh southwest winds; partly cloudy tonight and on Saturday, with showers, then fair and cool.

Northern New England: Fair tonight. Saturday: Partly cloudy, with possibly showers in north portion; not much change in temperature; moderate southerly winds.

Temperature yesterday: Maximum 65, minimum 50. Same day last year: Maximum 79, minimum 62.

BURGESS BEDTIME STORIES

Impy Meets Some One By Thornton W. Burgess

All through life this fact you'll find, That anger to the truth is blind. —Old Mother Nature.

Impy felt that he was quite established out in the Great World. He had a home, with a nice, comfortable bedroom, two storerooms, and an entrance that was so well hidden that it was really a secret. Best of all, he made that home all himself. It represented a lot of work—of hard work. Impy was proud of it. It was his first home; that is, the first home of his own, and it was a very nice home.

Impy sat on a fence post very early one morning. He had had his breakfast and he was sitting up on that fence post to take a sunbath and look around him. Something moving back of the second post behind him caught his attention. At least, he thought he saw something moving there. He fixed his bright eyes on the top of that post. Then he saw a little nose appear above the top of the post, followed by the top of a head and a pair of bright eyes that looked over at him shyly. It was only for a minute and then they disappeared. Impy knew that there was some one on the top rail back of that post.

Impy knew that he had seen another Chipmunk. Right away he became angry. This was his territory. He was ready to fight any other Chipmunk for it. "I saw you!" he barked. "I know where you're hiding! You'd better go back the way you came. If you don't, you'll be sorry. I'll make you sorry." Impy was boasting.

Nothing happened over behind that other post. Impy waited and waited. He saw no more bright eyes peering over the top of the post. Finally he could stand it no longer. He jumped down on the top rail, raced along it to the next post, jumped up on top of that post, and down on top of the next rail and raced along this to the second post—the post behind which he was sure some one was hiding. But when he looked down from the top

of the post no one was to be seen. He looked this way, he looked that way; he almost began to wonder if he really had seen any one there. Then he caught sight of a tail disappearing behind another post farther along the fence. From the way in which that tail disappeared he knew that its owner was running.

"He's afraid and he ought to be!" boasted Impy. "He has no business here and he knows that. If he ever comes back I'll teach him a lesson. I'll teach him a lesson he'll never forget." Impy sat up on the top of the post and boasted. He bragged. He tried to appear very bold and brave. He didn't want any neighbors and he said so, but, though he sat there for a long time, he saw no more of the stranger that afternoon.

When Impy finally returned to his home he was very well satisfied with himself. He felt that he had shown that stranger that this was his territory and that it wasn't safe for any Chipmunk to come around there. However, when Impy went to his home he took extra care that no one could see just where he went. He didn't approach his home openly. He disappeared under some ferns some distance away. If you had been watching you might have seen a fern here and there move, but that is all you would have seen. Your eyes would have had to be very sharp to see even this much.

And so Impy reached his hole and went down into his house underground. So it was that he didn't see the prettiest of little Chipmunks shyly looking over toward those ferns where he had disappeared. I wonder what he would have said had he seen that pretty little Chipmunk.

MANY TOURISTS VISIT CANADA FOR HUNTING

Province of Quebec and Eastern Townships Receive Their Annual Share of Sportsmen in Search of Elusive Game.

With cool weather ushering in the beautiful month of September, the mind of the sportsman turns to the forest and woods in anticipation of the hunting season.

To one class of pleasure seekers, however, the advent of fall is hailed with joy. To the hunter, this season of the year brings with it visions of unbounded pleasure.

Canada, formerly popularly imagined as a land of continual ice and snow by some of its southerly neighbors, has now assumed its true aspect in the minds of most Americans.

Rules and regulations are laid down annually by the Federal and Provincial departments under whose category fall these matters but the commandments are not stringent.

The huntsman is on the eve of another season in which he may obtain pleasure to his heart's delight. For his own safeguard, for the safety of others and for the preservation of game reserves his own sportsmanlike character should warn against committing imprudences.

Mr. and Mrs. C. Mayer and baby, Armand, and Mr. P. Allaire, of Putnam, Conn., have been visiting Mr. and Mrs. N. Bessette and Mr. and Mrs. Eben Annis.

Mr. and Mrs. A. G. Taylor and son, of Virginia, were recent dinner guests of Mr. P. W. Brown and Mr. and Mrs. C. G. Brown.

Mrs. Wm. Plim and daughter, little Miss Marguerite, have been spending a week with Mr. and Mrs. B. Plim, in South Bolton.

Mr. Fisher and friend, of Water-town, Mass., were recent guests of Mr. and Mrs. L. A. Chamberlin.

Miss Alice Sargeant, of Montreal, has been spending several days with Mr. and Mrs. Wm. P. Dimick, and Mr. and Mrs. Ernest Bressette.

Mr. Keene Martin, of Ottawa, Ont., spent the week-end with his parents, Mr. and Mrs. Elton W. Martin.

The Ladies' Aid of the United Church held a social on Saturday evening at the home of Mr. and Mrs. J. A. Martin.

Mr. Harlow Blunt, of Newark, N. J., was recently calling on Mrs. R. A. Savage.

Mr. and Mrs. Ray Davis and children, little Miss Marjorie and Master Ralph, of Attleboro, Mass., have been visiting Mr. and Mrs. Elton W. Martin and other relatives.

New Brunswick Commissioner Visited 1st and 4th Packs Prof. Pugh, accompanied by A.D. C. Blake, following a visit to the Y's Men's Club last evening, attended the meeting of the 1st Sherbrooke Pack, witnessing their work and perusing their records, after which a call was paid the 4th Sherbrooke Pack. A splendid reception was accorded the commissioners by this pack and the professor kindly consented to speak of some of his adventures with Cubs in New Brunswick, which were found very interesting and most instructive. The pack accorded their guest hearty buzzes at the close of his talk and then demonstrated their interest in their Cub work by keen competition in games.

Prof. Pugh will remain in town until Saturday morning and will accompany A.D.C. Blake this evening to several Cub meetings and possibly by one or two Scout meetings in this district.

leading items were the Misses Beryl Mandigo, Ethel and Margaret Daniels; Masters Archie Stewart, Gerald Thorne, Guelph Mandigo, Claude and Leonard Smith. The entertainment was considered one of the most successful ever produced at St. Paul's Mission.

FARMERS URGED TO PAY A VISIT TO SOIL TRAIN

Expected that Many Farmers of Eastern Townships Will Take Advantage of Special Effort Being Made by Provincial Department of Agriculture and C.N.R.

Farmers of Quebec could double or even treble production of their farms by the more extensive application to the soil of lime and fertilizers, declares H. C. Bois, director of rural economics of the Quebec Department of Agriculture, in discussing the active campaign now being conducted for the improvement of soil fertility on the farms of the Province.

Mr. Bois calls attention to the "soil improvement" special train to be operated during September and October, by the Quebec Department of Agriculture and the Canadian National Railways. This train will bring practically to the doors of the farmers facilities for free testing of soil samples from their farms, and will provide instruction on the value of increased use of lime and fertilizers.

It will operate for a period of three weeks, commencing at Coaticook on September 15th. You can turn it to make it as mellow as you like. You can turn it to make it as brilliant as you like.

THE LOWBOY

THE HIGHBOY

Famous for its own perfect tone, Philco now adds perfection of tone from the radio station—subject to your control simply by the turn of a knob on the front of the set. Now with Philco Tone-Control, you can bring in music, great artists, great speakers, your way—with the one quality you like best.

Yet further, you can turn the Philco Tone-Control to "mellow" and bring in a prelude played by the great Philco Symphony Orchestra in dreamy, luscious tones. Turn to "brilliant" and jazz bands are crisp and snappy, or turn to "deep" and they croon and whisper at a touch of your hand.

Philco Tone-Control is an addition to all the great features which gave Philco the leadership it still holds. Balanced Units and the wonderful life-like tone they produce are retained. And Philco also offers its new, exclusive circuits producing that marvellous selectivity which gives fine tuning anywhere on the dial.

Power and distance-ability are extraordinary. In the new Philco

Screen Grid Plus you have Automatic Volume Control which counteracts fading so you can not only get but hold and enjoy out-of-town programs, near and far. And Philco has added a Station Recording Dial on which you can permanently log your favorite stations.

The two new Philco Sets—Philco Screen Grid and Philco Screen Grid Plus—are enclosed in Consoles, Lowboys, Highboys, and Radio-Phonographs—cabinets which will delight your eye and satisfy your most exacting desire for beautiful furniture. See them today at your nearest Philco dealer's. He will be delighted to give you a free demonstration, without obligation. All models have Philco Tone-Control. ALL WEEK SHE WAITS FOR THIS HOUR

How excited — and how happy — she was the first time she heard her son's voice come over the telephone from a distant city. Talking with him was as easy as though he were in the same room. It was something to remember and to cherish for days afterwards.

And how much happier she has become, because Fred comes home by telephone now every week. He calls her every Sunday evening at eight-thirty. It is an hour she waits for and looks forward to a week long. It brightens days that had become a bit empty and lonely with the family scattered.

Fred is happier, too. For the price of a movie he gets something no money can measure — his mother's voice — a touch of home. It's a fine way to start a new week's work.

Evening rates on "Anyone" (station-to-station) calls now begin at 7 p.m. Night rates begin at 8.30 p.m. Just give "Long Distance" the number you want—it speeds up the service. If you don't know the distant number, "Information" will look it up for you.

Montreal had one man, an orphan, who created a great tobacco business, and who gave of his earnings largely to institutions of learning. Yet one does not have to be an orphan to learn the two cardinal principles of progress in life: self-dependence and self-confidence.

PEACE HATH ITS VICTORIES.

It was the sharpshooters of Vermont, with their long hunting rifles and their deadly accuracy who played such an important part in the War of Independence which began in '76. The big game has long since vanished from Vermont, and our good hunters find game and practice shooting in the woods and forests of Quebec.

Because we are good hunters we naturally turn out good shots, and our boys are learning to know the pleasure of winning trophies through their shooting prowess. Sherbrooke sent a full team to the rifle meets this season, and so well did they register that we expect a whole company in number will be able to go forth to both Toronto and Ottawa to advertise our beautiful city and its surrounding country.

Sherbrooke at the Dominion Rifle meet in Ottawa stood fourth in the summer competition with the service rifle, where a team of ten from each regiment competed.

Col. McAnulty was again thrilled when the news came over the wire that the boys had won the historic Carslake trophy with a team under the leadership of Private Fred Glass.

Another win was in the City of Ottawa Challenge match, when a team of eight from Sherbrooke captured the finest trophy at the Dominion meet on the Connaught ranges.

The Gillespie Trophy, a beautiful cup for the team aggregate was another emblem of their skill with the rifle.

Individually, Private Arthur G. Weston, captured the Helmer Trophy at snap-shooting where the target was visible for only three seconds. This is a bronze model of a Canadian soldier in full campaign kit. Captain J. W. Houlden for the third time qualified for the Bisley team, whilst Private Fred Glass scored a place for the second time on this team. Private Arthur Weston stood twenty-fourth in the list where eighteen go to Wimbledon Common, and he very likely will be accorded a place, for usually several who qualify cannot go.

The record is so inspiring that even the Reverend Canon Bigg, a deadly shot in his younger days, may be induced to again shoulder his rifle and go forth to conquer. The Canon is one of the staunchest friends of the Sherbrooke Regiment, and he does enjoy their victories in peace.

Major Sam Echenberg, colonel-elect of the Regiment, who will shortly succeed the present O.C., will be proud to exhibit these trophies in the store window when they all reach Sherbrooke. The Major is to become Lieutenant-Colonel, whilst Lieutenant-Colonel McAnulty will be promoted to a full colonelcy.

THE FALL FAIRS.

Within a fortnight the last of the County Fall Fairs will pass into memories. Owing to the absence of the managing editor, Gordon Miller, and also because of the illness of Mr. E. G. Pierce, the editor has not been able to carry out his wish to visit all of the Fairs within the counties comprising the Eastern Townships.

Thereby he has missed meeting many old friends and seeing new friends who boast of their long acquaintance with the Record. This paper endeavors to be more than just a city paper, for nearly one-half of its subscribers live within the eleven counties.

But there is one Fair which shall not be missed, and that is the one in Marlleton, where all the stalwarts of Wolfe County will join in friendly rivalry with their farm products, and where all the joy and entertainment of a real county fair will be in evidence.

To the Marlleton Fair the invitations to attend have been many and personal, and there we hope to meet the representatives of a county which has given to Canada many men who have attained eminence.

Yet to us friendship is the one chief pleasure in life. To hold your old friends bespeaks loyalty. To make new friends shows the spirit of friendship within and of loyalty ever and always.

Who is coming to Marlleton, the nestling little village in the valley, where friends are real friends?

THE LIFE OF A BUSINESS MAN.

Richard Hemsley, hale and hearty at the age of eighty-four, has written the story of his life, and is circulating a few copies among his friends.

As the author observes, "Every man's life possesses material for an interesting story. This kept forcing itself on my attention so I decided to write my own."

To those who have the privilege of knowing the Montreal jeweller, who is an acknowledged authority on heraldry, the book is of absorbing interest.

Coming to Montreal in 1867 as a young man from Cirencester, England, when that city had a population of 100,000, Richard has seen it grow to a million souls, and he has recorded so many incidents woven into that growth that the average reader will find equal interest in the recital of a life which is so different from the ordinary fiction surrounding the trials, tribula-

tions and successes of a young man that it is indeed refreshing as well as inspiring to others to peruse the book which bears the sole title of "R. H."

Though Mr. Hemsley has written and published a book full of personnel and of personalities, he is never egotistical in his review of a business life which has already passed the diamond jubilee of a diamond merchant. For more than sixty years his shop on St. James Street has been a landmark of the city, which in itself is a record which few have every attained in Canada.

LET'S BE PLAIN IN SPEECH AS IN THOUGHT.

With seven members from the Eastern Townships, seven supporters of the Conservative administration, it would presently appear that we are to be overlooked and ignored in Cabinet construction. So that we are to be no better off than in the former administration. With no favor or position in the gift of any Government, we can say frankly that the ignoring of the whole district, wherein resides the English minority of Quebec, is quite unsatisfactory. The ousting of the former administration began in the Eastern Townships because of neglect and ingratitude for an unanimous support, and because of a foolish oversight of the prerogatives of the English minority in the province.

With staunch and able English representatives elected in Huntingdon, Brome-Missisquoi and Stanstead, men who stand head and shoulders above the average, there can be neither diplomacy nor reason in the withholding from this district of long cherished traditions.

EDITOR'S NOTE BOOK.

To have a whole page devoted to the high points by the Editor of Canada's National Farm Magazine, the Family Herald and Weekly Star bespeaks the growing importance of Canada's Great Eastern Exhibition. When we have a new main building, an open concourse, better street approaches, and walks which will not grow muddy on a wet day, the big show will then take its place with any national exposition in America. There are other constructive suggestions which are under consideration by Colonel Blue and his colleagues, all calculated to uphold that which is one of the greatest assets of the community.

Mr. Graeme Taylor, one of the men of finance in the Eastern Townships, who represents a firm specializing in hydro-power corporations throughout the world, has returned to the city after a brief absence. Commenting on the stock and bond market, he very pertinently observes that there has been less fluctuation in the values of electric power bonds than in any other form of investment. In the course of his experience in the banking and bond business. Mr. Taylor says that he ranks power bonds a close second to Government bonds, for they are so closely affiliated with the industrial life of the Dominion.

The official date of the straw hat closing is on Labor Day. That is fashion's decree, and Old Probs usually backs it up with a touch of fall weather. In the men's shops and the ladies' stores the display of fall models begins with the first week of September, and again the Weather Man puts his heart into the change. But we have before us the most charming two months in the year, when all outdoors calls us to the most delightful feast of artistic grandeur, when we can visit the woods and delve in the dales without a reception from the mosquito committee.

Schools re-open next week, and the coming citizens of Sherbrooke return to their studies which will continue without interruption until the Christmas holidays. Wright Gibson, the principal of the High School, will be in his office for three days to meet pupils and parents who may wish to receive full information about the school term. Monday morning at nine o'clock the streets will be thronged with boys and girls who will cheerily greet their teachers.

FRONT WINDOW MUSINGS

The old-fashioned walrus mustache had its defects, but nobody had to look twice to be sure it wasn't a mole.

Girls of fourteen smoking cigarettes? What of it? Edison says the things do no damage except to brain cells.

Travel may be broadening, but that can be prevented if you will walk a little instead of sitting on a cushion all the way.

Yet never in history has a law failed to work if it was suggested by the public's conscience instead of the king's.

Alas! Two jobless men who tried a bank hold-up to provide for their families neglected the simple detail of getting their lives insured.

There are too many men for the supply of jobs, and the new Government doubtless will solve the problem by suggesting birth control.

"Now, that," said Cain, as he wiped his hands, "will teach you not to think yourself right when you aren't doing my way."

PRESS COMMENT

HOW PHRASES ORIGINATE.
 It was the year 2130 A.D. The professor of English was lecturing the class on the origin of quaint expressions that had become imbedded in the speech of the people, explaining that they were usually associated with folkways of past generations. "Now," said he, "you have all heard, you use, the phrase, 'Making a monkey of himself.' Undoubtedly it grew out of that mania that suddenly swept over the youth of the country, boys and some grown-up but immature women, of perching themselves in trees, about two centuries ago. At that time, it was common for one to point to a tree containing one or two human creatures and say, 'Look at those monkeys!'"—Charleston News and Courier.

SOCIAL AND PERSONAL

Mr. and Mrs. E. Winn Farwell, Dufferin avenue, have returned from New York.

Miss Shirley Berwick, Brompton Road, has returned, after spending two weeks in Walnut Hill and Portland, Maine.

Miss Kathleen Fearon has returned home, after spending the past three months, visiting friends and relatives in Lawrence and Boston, Mass.

Mrs. Rex Hovey, of New York, has spent the past week in Stanstead, where she was called by the serious illness of her mother, Mrs. Duncalife.

Mrs. W. S. Armitage, "Mountain View," Lower Belvidere Road, returned this morning from Scotstown, where, for the past two days she has been acting as judge in the cooking department at the Fair.

Mr. Lester Fearon and Miss Verlie Fearon of Methuen, Mass., accompanied by Mr. and Mrs. J. S. Fearon and Mrs. D. George and young son, of Lennoxville, motored to Bedford, visiting at the home of Mr. and Mrs. G. Abdallah, and while there attended the Bedford fair.

The many friends of Mr. E. G. Pierce will regret to hear that since returning from the Montreal General Hospital on Wednesday he has been seriously ill at his home on Stanley avenue and is confined to his bed. Any enquiries will be answered at the Record Office No. 68 or 64.

Miss Isabel Lamplough, Mr. George Lamplough and Dr. Grant Reid, of Montreal, will spend the week-end in Sherbrooke, guests of Colonel and Mrs. M. W. McAnulty. "The Bungalow," Victoria street. Miss Lamplough will extend her visit, remaining with Colonel and Mrs. McAnulty for a week.

Mr. and Mrs. J. H. Gordon, the Misses Marjorie, Gertrude and Rita Gordon, Mr. Herbert Gordon and Mr. William Armstrong, have returned from Montreal, where they attended the Gordon-O'Doherty wedding, which took place yesterday morning at the Church of St. Augustine of Canterbury, the Rev. Father Thomas Heffernan officiating.

The Messrs. Nelson Decoteau, Norman Hayes, Harry Bruster, George Matt, Varley, Edward Finks and Miss Germaine Libby, who spent the week-end with Mr. and Mrs. W. E. Miss Dorothea Cascadden entertained last evening at her home on Montreal street in honor of Miss Doris Smith and Miss Margaret Breckenridge, two young brides-to-be. Bridge was played at two tables, the prizes being won by Miss Muriel Hall and Miss Evelyn Veilleux; while the guests of honor were presented with cut glass goblets. Dainty refreshments were served at the close of the evening.

A successful tea and card party was held yesterday afternoon in St. Patrick's Church Hall, under the auspices of the Catholic Women's League, Sherbrooke Diocesan and Sub-Division officers being the hostesses. At bridge the prizes were won by Mrs. H. G. Scraffell, Miss L. Cantin and Mrs. D. J. Steele. The prizes at "500" were won by Mrs. L. Barlow and Mrs. C. Croft. At the tea hour, when many additional guests joined the card players, Mrs. M. Houghton and Mrs. J. Britton, presided at the tea table, which was attractively done in mauve and yellow, the colors of the League. Following the afternoon tea, a meeting of the Diocesan officers took place, when plans were made for the Diocesan Convention, which will be held early in October in Lennoxville.

CITY BRIEFLETS

MR. A. J. TURCOTTE PASSED AWAY YESTERDAY IN MONTREAL.

The death occurred yesterday in the Royal Victoria Hospital, Montreal, of a well-known Sherbrooke citizen in the person of Mr. Adolphe J. Turcotte. The late Mr. Turcotte, who was a traveller for the Peerless Overall Company, Rock Island, was taken to Montreal for treatment two weeks ago and was operated upon last Saturday.

Mr. Turcotte, who was fifty-five years of age, was the husband of Lucrece Lavoie. He resided at 48 Camirand Street, and had a large circle of friends who, with his sorrowing relatives, mourn his untimely loss.

The funeral will be held tomorrow morning, leaving the late residence at eight o'clock for the parish church at St. Etienne de Bolton. The service will be held there at ten o'clock and interment will take place in the parish cemetery.

DEATH

TURCOTTE—Entered into rest at the Royal Victoria Hospital, Montreal, on Thursday, Sept. 4th, 1930, Adolphe Jacques Turcotte, beloved husband of Lucrece Lavoie, at the age of fifty-five years. The funeral cortege will leave the late residence, 48 Camirand Street, tomorrow morning at 8:30 o'clock to the parish church of St. Etienne de Bolton where the service will be held at ten o'clock (advanced time). Interment in St. Etienne de Bolton. (In charge of J. H. Jalbert).

Miss Noreen Dunsmore, Portland Avenue, is leaving tomorrow morning for St. Hipolyte, where she will take up her school duties.

Mr. Charles White, Victoria street, has returned to Sherbrooke, after spending the summer months at Metis Beach, and other points on the St. Lawrence.

Mrs. R. L. LeBaron and Miss Georgia King, who motored from Montreal to attend "Tulip Time," at His Majesty's Theatre, were guests during their stay of Mr. and Mrs. Hubert Armstrong, Court Street, returning to Montreal yesterday.

Mrs. J. H. Gordon, Elizabeth street, who returned last evening from Montreal, has for the past six weeks been visiting, in Detroit, where she was the guest of her sons and daughters-in-law, Mr. and Mrs. Clark Gordon and Mr. and Mrs. John Gordon. She was also the guest of her sister, Mrs. T. H. Fitzgerald in Buffalo, prior to her arrival in Montreal for the marriage of her son, Mr. Lloyd L. Gordon, which took place yesterday.

MARRIAGES

SARNEY—TINCARRE
 A quiet but pretty wedding was celebrated at St. Patrick's Church at eight o'clock, on Saturday morning, August 16th, when Gladys, daughter of Mrs. R. J. Tincarre was united in marriage to Mr. Charles J. Sarney, son of Mr. and Mrs. C. E. Sarney, both of this city. The ceremony was performed by Rev. Canon E. C. Fiset in the presence of the immediate family and friends.

After the ceremony, the happy couple left on a wedding trip to the United States. On their return, a reception was held at the home of the bride's mother, on Short street, when about fifty guests assembled to honor the newly-married couple.

TANNER—MILLER
LONGUEUIL, Sept. 5.—The marriage took place at the manse, Longueuil, of Agnes MacLachrie (Nan) daughter of the late Mr. Wm. R. Miller and of Mrs. Miller, of Castleton, formerly of Kilmarnock, Scotland, to Mr. Frederick Charles Tanner, of Sherbrooke.
 Rev. W. P. Tanner, father of the groom, officiated, assisted by Rev. J. U. Tanner, D.D., the groom's uncle. Both bride and bridegroom were unattended and only relatives were present at the ceremony.
 Later Mr. and Mrs. Tanner left for Niagara Falls and other points. On their return they will reside in Sherbrooke.

HERON—MARTIN
 The marriage of Miss Muriel May Martin, daughter of Mr. and Mrs. Rupert Martin of this city, and the Rev. Robert Heron, rector of Christ Church, (Episcopal) Rouses Point, N.Y., took place at St. Peter's Church, Sherbrooke, on Saturday morning, August 16th, with the rector, Rev. Canon H. R. Bigg, officiating.

After the ceremony a wedding breakfast was served, after which the newly-married couple left for a trip to Portland, Boston and the White Mountains.
 Mr. Heron is a graduate of Bishop's University, Lennoxville, with B.A. and M.A., degrees. Miss Martin is also a graduate of the same university, where she received the degree of B.A. After his graduation Mr. Heron was curate of St. Peter's Church here for two years, and for the past four years has been rector of Christ Church, Rouses Point, and St. John's Church in Champlain, N. Y., where he is highly esteemed.
 Rev. and Mrs. Heron will take up residence in the Episcopal Rectory at Rouses Point early in September.

FLAMES DELAY TRANSATLANTIC LEGION FLIGHT

Boardman Expects Week to Elapse Before Repairs Can Be Effected to Monoplane for Trip to Paris.

BOSTON, Mass., Sept. 5.—The remains of Russell N. Boardman's monoplane, which caught fire while being fuelled for a test flight on the eve of a trans-Atlantic hop, were being prepared today for shipment to the Bellanca factory at New Castle, Del. The right wing and fuselage were destroyed by the flames.

Boardman, who had planned to make the flight within a few days in the interests of the coming American Legion convention, said that he thought a week would be needed to make the repairs to his ship. He said that he would take off as soon after the completion of repairs as possible.

There were two theories under investigation today concerning the cause of the fire. One was that a cigarette spark carried to the plane by a brisk wind had started the blaze, and another was that a static spark from the pouring gasoline had caused the fire.

GUARANTEE CO. OF N.A. ELECTS SIR CHARLES GORDON

MONTREAL, Sept. 5.—At a meeting of the directors of The Guarantee Company of North America, Sir Charles Gordon, G.B.E., was elected vice-president to fill the vacancy in that office formerly held by the late Wm. McMaster.

MRS. NEWTON PLAYED A FINE BRAND OF GOLF

Member of Sherbrooke Country Club Tied for First Place in Field Day Activities at Quebec.

Mrs. Stephen G. Newton, of the Sherbrooke Country Club, tied with Miss Marcelle Burnette, of Boischatel, for first place in net score at the field day held by the Quebec Ladies' Golf Club on Boischatel links on Thursday last. After luncheon these two ladies had to play a second eighteen holes to decide which one should have the silver cup given by the Ladies' Golf Cup for best net score, this cup to be held for one year only. The play-off resulted in a win for Miss Burnette. Although the Sherbrooke ladies were disappointed at not bringing home the cup, they were very proud that one member of their club had the honor of tying for first place. This was the first year the local club had been included in the Quebec field day.

Although the weather was ideal, the scores were not very high on account of a heavy wind. Boischatel, the Island of Orleans, Thetford Mines and Sherbrooke clubs were represented. Fifty-eight players were registered, but owing to various causes only forty-six actually played.

Miss Lucienne Lessard, of Thetford Mines, led the field with a gross score of 100, and received a silver fern dish as best gross prize. Miss Marcelle Burnette, Boischatel, received the silver cup for best net score. St. Other prizes awarded were as follows: Best gross, 1st nine, Mrs. Goddard; best gross, 2nd prize, Miss Edith McNaughton; best net, 1st prize, Miss Helen Hume; best net, 2nd prize, Miss Turcotte; sealed hole, 1st nine, Mrs. Gagnon; sealed hole, 2nd nine, Miss Finniss.

The visiting clubs were entertained at luncheon at the temporary clubhouse, and in spite of the unusually cold weather, a delightful day was enjoyed by all.
 The following are the scores by the players:
 Miss Burnett 107-26-81
 Mrs. S. G. Newton 109-28-81
 Mrs. H. R. Goodan 107-28-84
 Miss Cote 117-23-84
 Miss Gibault 110-26-84

OUTLINES CUB ACTIVITIES TO Y'S MEN'S CLUB

New Brunswick Commissioner Praises Influence of Movement on Boy Life—Officers of Y's Men Installed.

Professor Pugh, of the University of New Brunswick, as guest and speaker at the Y's Men's Club last night drew a fine picture of the formation, life and activities of the Wolf Cubs, the juvenile branch of the Boy Scout Movement, indicating that the whole movement fits into the psychology of child life, and is full of possibilities for the development of the same. He intimated that in his own territory, where he is Provincial Cubmaster, there has in the last few months been wonderful development and the result has been a cleaning up of the unruly gangs in the school and social life where the Cub movement has had a chance. Speaking of Frederick, his present home, he said the testimony of the principal of the school there was that a wonderful change had been made in school discipline, and the teachers and himself attributed it to the influence of the Cub movement on the boy life.

At the close of the address, which was interesting, instructive and helpful, the speaker was thanked by President W. B. Watson.

After the address the installation of the new officers was conducted by Past District Governor, Ernest Johnston, who outlined the duties of

each officer, and wished each one Godspeed on the pathway of duty. The new president then taking charge called upon the officers retiring to give their report.

Among these perhaps the most interesting was the financial report given by Mr. K. Bryce in the absence of Mr. A. Savage, which showed the club in a very good financial position with the prospects bright for the semester just opening.

Other reports were given by the secretary, H. McCullough, who reported that the membership of the club stood at fifty-two. The programme for the past six months had been quite strong, and splendid results had been obtained.

Mr. Hawley Griffith, chairman of the special activities committee reported on ladies' night at North Hatley, which had been a splendid success. Mr. C. Skinner gave a partial report on the boys' camp; E. Johnston on the sick and visiting committee's work, and W. P. McVie on the programme. After reports were received a vote of thanks was

ST. LOUIS NOW THREATENING CHICAGO LEAD

Winning from Cincinnati while Giants fell before Boston, Cardinals tied for second position in National Loop—Philadelphia maintained American League lead.

NEW YORK, Sept. 5.—Except for the difficulties which the schedule has in store for them, the St. Louis Cardinals might well be considered the most serious threat to the supremacy of the Chicago Cubs in the National League instead of New York's Giants. The Cards and the Giants are now tied for second place and the recent record of the St. Louis club is far more impressive. But the Cards are faced with a long tour of the East while the Giants will have the advantage of playing at home most of the time from now to the end of the season.

The Cards gained their deadlock for second place yesterday by trouncing the Cincinnati Reds by 13 to 2, for their fourth straight victory and their thirteenth in fifteen games. The Giants at the same time took a 7 to 1 beating from the Boston Braves and lost a full game in the chase for the pennant.

Since August 1st, the Cards have made an upward rush that has brought them twenty-six victories in thirty-five games, but the prospects are that the sport will die away when they come east, for their record in the enemy sector is far from impressive. The Cubs will be suffering from the same handicap, however, and unless the Giants do all that can be expected to them during their home stand, St. Louis is quite likely to come through.

SUTTON TENNIS CLUB DEFEATED COWANSVILLE

Sutton Tennis Club Won Over Cowansville Players by Four Events to Three—Return Engagement Will Be Played With Bedford on Saturday.

SUTTON, Que., Sept. 5.—The tennis tournament between Cowansville and Sutton on the local courts on Saturday, August 30th, was won by the Sutton Club, four events to three.

Mr. H. L. Palmer, of Sutton, defeated Mr. Plamche, of Cowansville, 6-3, 6-0; Mr. A. Turcotte, of Sutton, defeated Mr. Jack Brown, of Cowansville, 6-4, 6-4; Mr. Lowe, of Cowansville, defeated Mr. N. Whitford, of Sutton, 6-1, 6-4.

Cowansville won both men's doubles. Messrs. Alex and J. Brown, of Cowansville, defeated Messrs. Raymond and George Dyer, 6-4, 7-5, while Messrs. Plamche and Lowe defeated Messrs. Whitford and Mr. F. A. Olmstead, Jr., 6-1, 6-4.

In the ladies' doubles, the Misses Belva Crowell and Jessie Morison defeated the Cowansville ladies, 6-1, 6-3. The mixed doubles also resulted in a victory for Sutton, Mr. H. L. Palmer and Miss Jessie Morrison, winning from Mr. Alex Brown and Miss Brown, 6-1, 6-3.

The Sutton Club will play a return engagement with Bedford on Saturday, September 6th.

INTERESTING GOLF GAME HAS BEEN ARRANGED

Four Prominent Financiers of Sherbrooke Will Compete for Honors in Friendly Encounter.

The financial world of Sherbrooke is all agog over the coming golf match between four distinguished satellites in the world of finance.

It is a game which will attract more attention than would a match between Bobby Jones and Roger Wethered.

Harold Oughtred and Harry Taylor, the headquarters club at Johnston & Ward, will shortly journey to Montreal, to play a return match with Colonel M. W. McAulity, of the Sherbrooke office of the bond and banking house, who will have as a partner the competent representative of Nisbett & Thomson, another great Montreal bond house.

This gentleman is Graeme Taylor, who answers to his college name yet, "Dip". The betting is on "Mac" and "Dip", who won handily in the first encounter, and who have not bought a single cigarette with their own money since.

But Harold Oughtred, mostly called "Harry", has been practising hard on a cow ranch nearby Marston, where he is enjoying a vacation in the paternal villa. If the match can be arranged whilst he has a complete mastery of his mashes and his spoon, and a trick touch with his niblick, akin to that of the Australian kangaroo, Joe Kirkwood, who can make a ball swim a marathon and hop into a dry hole, and find a bottle and opener.

Oughtred, practising approaches the hole as at Marston, down by the old mill site, expects to navigate the island hole at the Country Club in an eagle.

Mr. Taylor will not leave it all to his partner, though "Mac" says his little Dunlop ball has the same canny predilection for the hole as an egg. No, siree! Mac wields a hefty masher. He hopes that in good time the holes will be deepened to the depth of a bottle of Bryant's Dry, with a sub-cellar.

ASBESTOS WILL PLAY ST. ROCH AT LOCAL PARK

Wanning, Who Pitched a No-Hit Game Against Notre Dame, Will Face St. Roch Sluggers, While Morin Will Do Twirling for Locals—Game Billed for Three O'Clock.

What promises to be one of the best baseball games of the season is scheduled for the local ball yard next Sunday when St. Roch line up against the Asbestos nine. Throughout the summer, the mining town team has been clambering for an encounter and Sunday will give them the opportunity of displaying their playing abilities.

The team has already played here once this year against Notre Dame and J. P. Dion, which teams they defeated. In the first encounter between these two aggregations, which took place at Asbestos, Wanning, the Asbestos hurler, turned in a no hit game, the only score tallied against him coming when a Notre Dame batter was walked and stode home in the ninth inning with two men retired.

Wanning, who is a southpaw, will be in the box on Sunday and fans are in eager anticipation of the manner in which the local senior slugger will connect with his deliveries. Pete Landry, who for a number of years was on the receiving end of Sherbrooke batteries, will perform in the same capacity with the visiting team with whom he has played this year.

Alme Morin will toss up the bend-ers for the locals and with good support should hang another victory to his long list. The players have been practicing all week and if the ninth inning jinx, which has followed the team throughout the year, can be shaken, the locals will make a strong bid for victory. A new player from out of town will be imported to replace Savage in the outfield.

Fernand Perron has returned to Levis to finish the season and Savage will fill his old position at short stop, with the remainder of the team in their regular berths.

The game is called for three o'clock sharp and a large crowd of fans is expected to watch the contest which is one of the last of the current season.

FINAL EASTERN CANADA SERIES GAME SUNDAY

Nationals Will Face Columbus Juniors in Second Game of Home and Home Lacrosse Series at Parade Grounds—Alderman Bradley to Face Ball.

Confronted with the overwhelming obstacle of overcoming a five-goal deficit, the Nationals, 1930 junior champions of the city, will face Columbus Juniors, of Montreal, winners in the Montreal division in the second encounter of a home and home series to determine the junior champions of Eastern Canada.

Getting away to a poor start in Montreal last Sunday, the Frenchmen allowed their opponents to pile up a commanding lead in the first period which was sufficient for the Montreal representatives to take the first game. In the last two periods, however, the local boys became accustomed to the strange surroundings and collected three tallies to their opponents' equal number.

When the final whistle blew, supporters of the victor-ious

With so much at stake, the Nationals have been practicing faithfully throughout the week and with a home crowd to cheer them on, should give a splendid account of themselves and prove themselves worthy representatives of the honor or they fought so hard during the season to achieve. Two thousand fans crowded the stands on the Vicker's field in Montreal when the two teams met last week and a sim-

ilar large turnout of lacrosse enthusiasts is expected to witness the game here. The Nationals have been playing together for two years and have a well-balanced team which is capable of defeating many teams of stronger calibre. Thibault in goal has saved his team on many occasions with saves which drew forth much applause, while his defense functions smoothly and proves a bulwark of strength to him. The combination plays of the forward line, with Lawrence Ball as the pivot, have

often baffled opposing lines and with a few breaks, the locals should overcome the deficit they face and capture the title and with it the Rubenstein Cup, emblematic of the championship.

The Montreal team are bringing out many supporters to witness the game which will be played on the Parade Grounds on Sunday afternoon at three o'clock sharp. The ball will be faced off by Alderman Fred Bradley while the whistle will be in the hands of referees appointed by the provincial body.

Practice tonight. The first general practice for junior and intermediate rugby groups will be held tonight at six o'clock, when all who are interested should be on hand for a light workout.

If at all possible an intermediate team will be formed to play against Quebec for the privilege of entering the provincial play-offs with the Montreal section.

ST. CESAIRE WILL PLAY IN FARNHAM ON SUNDAY. The second game of the series between St. Cesaire and Farnham will be played on the latter grounds on Sunday. The initial encounter of the three-game series was contested in St. Cesaire last Sunday and the home team came out on the long end of a seven to six score after a hard-fought nine innings.

Gordon Meek, of Magog, will be in the box for Farnham while Schoppe will perform for St. Cesaire. The game is scheduled to start at two-thirty o'clock sharp (standard time).

HUMPH. Sophonisba—What were the provisions of your uncle's will? Theophilus—That I should have all that was left after the payment of his just debts. Theophilus—Just debts.

THE SKINNER CUP SWIM. Owing to the low water on the Magog River it has been decided that the swim tomorrow, which is the third annual long distance swim under the auspices of the Y. M. C. A., instead of starting at Riverside Park will begin at the Eaton Mill Dam, possibly from the Sherbrooke Canoe Clubhouse to the railway bridge, rounding the pier there and returning. All entrants should be on hand at 8 p.m., and should remember that registration and registration fee must be in the hands of the secretary of the Y. M. C. A., not later than 8 p.m., tonight.

FARNHAM GAVE BRIDE-ELECT A LINEN SHOWER

Members of Congregation of St. James' Anglican Church Gave Shower in Honor of Miss Hilda O'Hara, Whose Marriage Takes Place on Saturday—General Notes.

FARNHAM, Que., Sept. 5.—About fifty members from the congregation and choir of St. James' Anglican Church assembled in St. James' Church hall on Wednesday evening, August 27, at a linen shower in honor of Miss Hilda O'Hara, upon the occasion of her approaching marriage. Miss O'Hara upon being presented by the large number of lovely and useful pieces of linen, graciously thanked all those who had taken part in the "shower" and especially those who had planned the shower and the social evening enjoyed by all present.

Immediately following the shower, Rev. R. Assan, pastor of St. James' Church, presented Miss O'Hara with a beautiful silver fruit dish. Miss O'Hara, in a few well chosen words, thanked the members of the choir for their gift and best wishes.

The social evening followed with cards and music, after which refreshments were served by a number of the ladies who were responsible for this occasion, and who helped to make the evening a pleasant and memorable one.

Miss O'Hara will be greatly missed by the people of St. James' Church, who extend to her their best wishes for her future happiness, in her new home.

On Friday, August 22nd, Miss Hilda O'Hara was entertained in Montreal at a silk stocking shower, given by Miss Lillian Batho, and Mrs. J. F. A. Dale, at Mrs. Dale's home, on Queen Mary Road. The house was prettily decorated in mauve and white for the occasion.

Among those present were the teaching and office staff of the O'Sullivan College, of Montreal.

The Farnham Intermediate School re-opened for the term of 1930-1931 on Wednesday, with the following teachers: Mrs. A. B. Thompson, of Montreal, as principal, Miss Gertrude Stafford, of Joliette, Miss Bertha M. Riley, of Megantic, and Miss Ethel L. Scott, of Lachute. A large number of new names were enrolled upon the opening of the school.

BIRTHS, MARRIAGES, DEATHS

CARD OF THANKS. I wish to express my sincere thanks to Dr. W. W. Lynch and nurses of the Sherbrooke Hospital; Rev. A. W. and Mrs. Backlund, of Cookshire; the Junior Guild of Eaton Corner, and to all those who remembered me in so many ways. EDNA MARTIN, Sawyerville, Que.

IN MEMORIAM. In sad and loving memory of my dear brother, Clayton A. Bailey, who departed this life on September 24th, 1929. The blow was hard, the shock severe, We little thought his death so near, But only those who have lost can tell The pain of parting without farewell. O, do not ask us if we miss him, Or how we think we bear his footsteps And we see his smiling face. In loving memory of my dear brother and sister-in-law, Mrs. G. SAULTRY, MRS. F. M. WEBSTER, Quebec, Que.

IN MEMORIAM. In memory of our dear husband and son, Clayton Bailey, who died September 24th, 1929. He left us gay and happy, That morning so bright, And not once did we think He would not be with us that night. FATHER AND MOTHER, SAWYERVILLE, QUE.

LIDLAW'S LETTER

NEW YORK, Sept. 5.—Laidlaw and Company say today: Little was accomplished on either side during yesterday's session.

can add to previous comments made. The current reaction may be only one of these minor day to day corrections or the end of the 230 level of the Dow Jones average of industrials but in any event we remain of the belief that a reasonably satisfactory seasonal improvement in business will develop which will have a favorable influence on the market.

BEAR PARTY EFFORTS FAIL

NEW YORK, Sept. 5.—The Wall Street Mirror says today: The start of a sharp trading rally should be the stock market. This rally fur-thermore is expected to carry stocks into new high ground for the current movement and prepare the way for further advances in the immediate future. The selling which

MARKET TOOK UPWARD TREND THIS MORNING

NEW YORK, Sept. 5.—The stock market turned abruptly upward today, but trading remained sluggish. The rise was confined to a group of industrials and specialties, with steel, amusements and merchandising issues prominent. It appeared to represent covering by bears discouraged with the scant volume of selling brought out by their operations.

FOREIGN EXCHANGE EASY

NEW YORK, Sept. 5.—Foreign exchange easy. Demand rates (Great Britain in dollars, others in cents): Great Britain, 4.86 3/16; France, 3.92 3/4; Italy, 5.23 1/2; Germany, 23.82 1/2; Canadian dollars at 1/2 of one per cent. premium.

DOW JONES' FINANCIAL NEWS SUMMARY

Bullard Company has omitted quarterly dividend of forty cents due at this time. Canada Dry August sales ten per cent ahead of 1929 month, states P. D. Saylor, president.

TRADING FORECAST AND FACTORS

Further price recessions are looked for in the early part of today's session, but it is probable that rallying tendencies will develop before the close.

BROKERS' OPINIONS

E. F. Hutton and Co.—We continue very much inclined to remain on the sidelines except that weakness may offer an opportunity to acquire attractive common stock investment at low levels.

SELLING LACKS CONVICTION

NEW YORK, Sept. 5.—The New York Advisory Service says: While the market was under moderate pressure most of the day, the resistance to selling pressure was a little better than it was in previous session. Selling forays, while momentarily successful, lacked the conviction characteristic of bear operations.

Senator Raymond and T. B. Macaulay Receive Awards for Model Farms from Provincial Government.

QUEBEC, Sept. 5.—Two Montrealers figured prominently among the prize winners in the Merite Agricole Competition, which was held in the Montreal district this year, they being Senator Donat Raymond, of Montreal, who was one of the three gold medalists, and T. B. Macaulay, of Hudson Heights, president of the Sun Life Assurance Company, who won the silver medal in the gentleman farmers' section.

AIR PAGEANT THIS WEEK-END AT ST. HUBERT

(Continued from page 1) Events such as these have in the past been conceded to round out a well balanced programme at many of the outstanding air meets. On the sixth and seventh, however, these air notables must share the spotlight with a number of other pilot groups, chief of which are the personnel of the Royal Canadian Air Force and United States Marine Corps. The former will execute for the first time in Canada a manoeuvre which will be carried out in every detail to the finest point of perfection.

An Exclusive Offer of 5000 Shares of the Canadian Silk Products Corporation

An opportunity to buy a stock, offering the guarantee of an investment combined with the bonus earnings of the future. This is a unique offer for whoever wishes to buy a good dividend-paying industrial stock.

It is the first time that an opportunity has been given to the general public to buy any of these dividend-paying shares. The sale, or special offer is not put on the market through any financial need of the company, for its business is in such a state of prosperity that no new subscriptions are required. But these shares are offered from present shareholders only, and to only a selected number of investors.

The number of shares now placed on the market is strictly limited to 5,000 and the opportunity of buying any of these shares at the price at which they are now offered will probably never present itself again. So, be ready.

HISTORY The Canadian Silk Products Corporation began its operations in 1924 on the upper floor of the old Goupil factory. A few months later, its first building was erected on Drummond Road. Within a short time this building had to be enlarged, in order to meet the increase in both Canadian and foreign business.

The Company's business which amounted to some \$100,000 in 1925, was figured in millions in 1929, and that same year, the company redeemed all of these liabilities, namely: Loans, bonds, preferred stock, and the directors converted into common shares all of its holdings. It is from these shares, free from any liens and the only stock issued, that this exclusive offering is made.

For more details and at a price to presently return 6 per cent. dividends, apply to: L. A. DESNOYERS P. O. Box 218, Sherbrooke. Tel. Daytime, 1217. Tel. Night, Lennoxville 55M.

FINE WEATHER FAVORED FAIR AT SCOTSTOWN

(Continued From Page 1.) too much for their married brothers. The ladies' fancy driving resulted as follows: 1st, Mrs. John MacKenzie; 2nd, Mrs. Roy, North Hatley, and 3rd, Mrs. Alex Beston, Birchton. The grand parade was led by the pipers with the Scotch dancer in their train, and proved a pleasing feature. The 2:18 and 2:29 races were not finished on Thursday. The last heat will be run off on Friday. The concert given in the Odd-fellow's Hall on Wednesday night, Scotch, English and French being equally well entertained, proved to be one of the most highly favored, if not the best concert ever heard in this town. Those responsible for securing the high class entertainers are deserving of much commendation for their efforts. These concerts for some years back have been successful in drawing capacity houses, standing room being at a premium. Chairs were brought in and placed as closely to the plat-

form as possible to accommodate those seeking admittance. All the surrounding districts were well represented as well as visitors from a distance were noticed in the audience. Mr. A. M. MacKenzie acted as chairman in his usual genial manner, introducing the performers. Just previous to the opening of the concert the pipers, followed by Billy O'Reilly, of Montreal, entered the hall and to the strains of their pipes, marched up the aisle and took their seats on the platform, where they were greeted with a spontaneous ovation testifying to the sympathetic Scotch

element in the audience. Piper Laurie has visited the Fair for a number of years and seems like an old friend returning, having gained deserved popularity among the patrons, with his happy smiles, genial personality and ready to accommodate with his selections at any and all times. He was accompanied by Piper G. Coutts, who is the youngest piper in Montreal, was also well received. This is the third year those in charge have been successful in obtaining the services of a Scotch dancer. This year a young lad nine years old, Bobby O'Reilly, of Montreal, assisted in this capacity,

his first appearance being at this concert. Bobby is accompanied by his mother, Mrs. O'Reilly, who deserves much credit for the high class performance which her son puts on. He proved himself a most versatile artist, being equally successful in his several roles, that of Scotch and Irish dances, and singing and reciting character parts. The habitant trio with their violins and accordion, and dressed in their native costumes, proved themselves special favorites with their audience. Their agile dances, old songs and pleasing personalities won the hearts of all present and were repeatedly encored, when they were very generous with their numbers. Other performers were Mr.

Ripley, Lennoxville, who is always a favorite with a Scotstown audience, and very kindly answered the encores which he received. Scotch songs were given by a number of local people, which were well received, among them being Mr. Angus MacIver, Mr. Alex MacDonald and Mr. John Murray, of Manchester, N.H., who kindly contribute to the programme each year when his friends are glad to welcome him among them. The programme was brought to a close by the singing of "Auld Lang Syne," after which all were invited to remain and participate in the old time dances.

and is the successful possessor of seventeen medals.
