## MAIL PACKAGE EXPLODES KILLING SHERBROOKE WOMAN

### Mrs. A. O. Bilodeau, Sanborn St., Killed, And Miss Bilodeau Injured In Mysterious and Extraordinary Explosion.

A tragedy, mysterious as it was horrible, occurred about 11 o'clock this morning, as a result of which Mrs. Alphonse Bilodeau, who resides at the corner of Sanborn and Wellington streets, was instantly killed, and her sister-in-law, Miss Bilodeau, was badly injured.

The whole affair is enshrouded in the deepest mystery. The mail carrier brought two letters and a little box to the house, and the instant Mrs. Bilodeau opened the box an explosion followed. In an instant she was dead, and the other occupant of the room, Miss Bilodeau, was so badly injured that she had to be taken to the hospital.

TOOK PLACE ABOUT 11 O'CLOCK.

About 11 o'clock the mail carrier called at the house and delivered the mail, which consisted of two letters and a little box tied with string. Leaving the house, he started to walk down the hill to Wellington street, when he heard a terrible explosion, followed by the crash of glass. Rushing back, he saw smoke coming out of the window, and on entering found the victim stretched out on the floor.

FIRE ALARM SENT IN.

A hurried call was rung in for the Fire Department, and medical aid was immediately summoned. Dr. Bachand and Dr. Ethier soon arrived on the scene, but found that Mrs. Bilodeau was dead. Her left arm was practically torn from her body.

The firemen found that fire had caught on her clothing, as she had fallen near the stove. Before their arrival, however, the unfortunate woman had been taken from beside the stove, and the fire extinguished.

EXPLOSION WAS TERRIFIC.

Whatever the mysterious box contained, the explosion which occurred was terrific. Mrs. Bilodeau was standing near the window when she opened the box. Miss Bilodeau, her sister-in-law, asked her if there was any mail for her, and the unfortunate victim of the tragedy replied, "No, but there is something nice for me in a box with my name on it."

They were standing together when the box was opened, and no sooner was the cover removed than fire burst forth and the explosion followed. The glass in the window, as well as the window casing, was smashed. Two lengths of the stovepipes were knocked down, and in the adjoining room a large quantity of glassware was smashed.

DID NOT KNOW THAT HIS SISTER WAS INJURED.

Soon after the explosion occurred

the Record reporter visited the scene and talked with the grief-stricken husband. Mr. Bilodeau stated that the woman injured was not his sister, but a Mrs. Charest. At that time he did not know that it was his sister who was injured, but thought it was a neighbor.

"I know of no reason under Heaven why such a box should be sent," he cried. "It is a mystery, a deep mystery, and there must be something behind it that I don't know of. I never knew of a single enemy she had. I was not in when it happened, and when I reached here I found my wife dead on the floor, just as you see her now."

THE POSTMAN'S STORY

Omer Gaumont, the mail carrier who delivered the parcel, when seen by the Record representative at noon at his home on Oliver Street made the following statement: "I was on Sanborn Street about 11.20 this morning on my usual rounds and I delivered the parcel and two letters to Mrs. Bilodeau, who was standing on the doorstep. The parcel was addressed to her and was about six inches long and two inches wide. There was nothing about it to excite suspicion; it was a cardboard box in a paper wrapper. I did not notice what the postmark was as I had no idea there was anything of an extraordinary nature connected with the packet. Mrs. Bilodeau appeared in perfect health when I handed the parcel and letters to her. I had just got to the bottom of the hill, a distance of about 75 yards, when I heard an explosion, and looking back I saw the glass from the shattered window flying up the street. I also saw smoke issuing from the house and acting on my first impulse I rang in the fire alarm. In a few minutes the brigade arrived and I went back to the house but it was full of people and I did not see either the woman or the box again. I consider I had a very narrow escape as not more than two minutes elapsed between the time she received the packet and the explosion."

"I have been a mail carrier for nearly six years but have never had an experience approaching this."

CORONER BACHAND VISITED

Coroner Bachand was one of the first to reach the scene. He searched the room for every clue, but could find nothing of importance. One of the letters the woman was said to have received was found, but the other could not be located, and was evidently destroyed in the explosion. The letter found was addressed to the woman's son, Mr. Al. Bilodeau, and was written from Chicago by a friend of his who signed his name "Art."

## TRAGEDY AT THREE RIVERS

### Two Sweethearts Jump Into the St. Lawrence River

MYSTERY SURROUNDS THEIR DEATH. POLICE INCLINE TO BELIEF OF SUICIDE.

Three Rivers, Que., June 17.—A tragedy which was enacted here when a young Swede named Olsen, together with his twenty-year-old sweetheart, plunged to their death from the C. P. R. bridge into the St. Maurice river before the eyes of the girl's father, mother and brother on Saturday night last. The drowning followed a violent scene between Olsen and Karl Litzten, the father of the dead girl, and the circumstances of the fatality are complicated by the fact that a son of Litzten fired two revolver shots from a boat on the river about the time the lad and girl were seen to jump.

The police incline to the belief that the drowning was a case of suicide, and the two leaped at the same time and the Litzten boy was a close friend of Olsen and actually left his father's house after a quarrel in which he had taken the part of the dead man.

Both the elder Litzten and his son were arrested on Saturday night, but were liberated on bail last evening.

VERMONT VILLAGE SCORCHED. Newbury, Vermont, June 17.—Twenty-one buildings, three stores, a hotel and residences, were destroyed by fire that swept the village of Newbury, Saturday night. The total loss is between \$100,000 and \$125,000.

## BULGARIA HAS ACCEPTED

### Agrees to Demobilization Proposal of Greece and Servia

GARRISONS WILL BE COMPOSED OF EQUAL NUMBER OF SOLDIERS OF STATES CONCERNED.

Vienna, Austria, June 17.—(Special)—The Bulgarian Government has accepted the demobilization proposal made by Greece and Servia, according to the Neue Freie Presse. Condition is made, however, that joint garrisons, composed of equal numbers of soldiers of states concerned, be placed in the disputed territory in Macedonia and elsewhere before demobilization begins. Bulgaria also demands that all parties submit to arbitration of Russian Emperor on basis of treaty existing before Balkan war broke out.

CHOLERA AT SALONIKI.

Saloniki, June 17.—(Special)—Cholera is making alarming progress among the Bulgarian troops stationed at various points in Macedonia. Hundreds of cases are reported at Saloniki and elsewhere before demobilization begins. The civil population of the districts is also much affected. Moslem inhabitants of villages occupied by Servian troops in Macedonia are volunteering in great numbers for service with the Servian army.

The letter was opened by the father after the accident, and contained nothing of interest.

A PITIFUL SIGHT.

Those who were present when the little children of the dead woman returned from school will never forget the pathetic scene which followed. The poor, unfortunate children knew nothing of their mother's tragic death until their arrival, and when told broke down and their sobs could be heard all around the place. One little boy about nine years of age sat alone and cried on the step of the shed door, while down on Wellington street, in front of the old Bourque store, a little girl could be seen sobbing aloud, while two ladies tried to console her.

MISS BILODEAU'S STORY.

The ambulance was called as soon as the physicians arrived, and Miss Bilodeau was taken to the St. Vincent de Paul Hospital. Her injuries, though very painful, are not considered serious. At 1 o'clock this afternoon Miss Bilodeau was conscious, and told all she knew of the terrible affair.

She had only arrived in Sherbrooke two weeks ago to visit her brother, and this morning was expecting some mail. When the postman arrived she went and asked her sister-in-law, Mrs. Alphonse Bilodeau, if there was any mail for her. Mrs. Bilodeau replied that there was no mail for her, but that she herself had received something nice, in a box, and that it was addressed to her. Calling her sister-in-law to come and see what the box contained, she began to open it. No sooner had the cover been removed than a blue flame burst forth and the terrible explosion followed.

Miss Bilodeau was hurled to one side, and her face and hair were badly burned. Her face was covered with blood from her nose and eyes. Her hands were also very badly burned.

She was taken in charge by Dr. Ethier, and her wounds dressed. Latest reports state that she is resting comfortably.

PROVINCIAL POLICE WILL BE NOTIFIED.

The Provincial Police should be notified of the affair without delay, and in all probability this will be done. The case is one of the most mysterious ever recorded in this section, and it would not be surprising if sensational developments should follow.

MEDICAL EXAMINATION.

Dr. Ethier made a thorough examination of the body this afternoon, and Coroner Bachand gave instructions to have the remains removed by the undertaker.

INQUEST TO-NIGHT.

The inquest will be held this evening at 7.45 o'clock. In all probability it will be held at the house.

## COMPLIMENTED BY INSPECTOR GENERAL

### 7th and 11th Hussars Made Fine Appearance at Inspection

GENERAL SIR IAN HAMILTON WAS INSPECTING OFFICER, AND MINISTER OF MILITIA WAS PRESENT.

The inspection of the Third Brigade of Cavalry, consisting of the Seventh and Eleventh Hussars, both from the Eastern Townships, in command of Lieut.-Col. Worthington, of Sherbrooke, took place at Levis on Saturday. General Sir Ian Hamilton, General Ellison and Col. Hughes, Minister of Militia, in full uniform, accompanied by Col. Williams, A.D.C., Adjutant-General of the Canadian Militia; Major Maddocks and Lieut. Stilson, of Ottawa Militia Headquarters; Colonel J. P. Landry, officer commanding Fifth Military District; Major W. Robertson, G.S.O., and Major D. Doull, A.A.G., made up the inspection party.

Colonel Lord Brooke, who recently arrived from London, England, to fill an important position in connection

with the inspection party, was complimented by the Inspector General for the fine appearance of the 7th and 11th Hussars. The Minister of Militia was also highly complimentary, and stated that the 7th and 11th Hussars were among the best of the Militia in the Eastern Townships. The inspection party then proceeded to the 7th Hussars' barracks at Levis, where they were met by the commanding officer, Lieut.-Col. Worthington, and the adjutant, Major W. Robertson. The 7th Hussars were in full uniform, and made a fine appearance. The Minister of Militia was highly complimentary, and stated that the 7th Hussars were among the best of the Militia in the Eastern Townships. The inspection party then proceeded to the 11th Hussars' barracks at Levis, where they were met by the commanding officer, Lieut.-Col. Hughes, and the adjutant, Major W. Robertson. The 11th Hussars were in full uniform, and made a fine appearance. The Minister of Militia was highly complimentary, and stated that the 11th Hussars were among the best of the Militia in the Eastern Townships.

## ALDERMANIC WAYS ARE PECULIAR

### East Ward Member Again Holds up Panther Rubber Proposition

COUNCIL'S DEVIOUS WAYS PLACE CITY IN BAD LIGHT—ADJOURNMENT TILL WEDNESDAY.

"You may as well place a wall about the city and keep out all industries as act the way certain members of the Council are now acting," said Ald. Ewing at last night's meeting of the City Council when, thoroughly disgusted with proceedings going on in the now all too popular Star Chamber, he withdrew and entered the main Council Chamber.

The Panther Rubber Company's proposition was the bone of contention. At the last meeting of the City Council it was unanimously agreed that the city should sell the Cosmopolitan building to this company for six thousand dollars, payable in five hundred dollar cash and five hundred and fifty dollars per year for the balance, without interest. Mr. Berenstein, President of the Company, immediately gave his personal cheque to close the deal, which was accepted. The Company was to receive exemption from taxation, and power at fifteen dollars per horse power, and in return were to pay \$25,000 a year in wages.

Ald. Brault, whose actions with regard to the industrial propositions have been most surprising, was again the trouble maker. He insisted on a clause providing that if during any year the Company would fail to pay \$25,000 in wages the property would revert to the city, and all that had been paid on it would be forfeited. The discussion on this point all took part behind closed doors, but as far as can be learned Ald. Brault found little support. His conferees from East Ward, Ald. Simoneau, opposed him strongly.

The other Aldermen argued that the city was simply giving exemption and interest on the money, and if the Company failed to pay the \$25,000, then interest would be charged, and if necessary taxes levied on the building. That Mr. Berenstein was willing to meet them half way was evidenced by the fact that he even agreed to forfeit all he paid on the building if his annual pay roll ever went below ten thousand dollars.

After arguing until midnight it was decided to adjourn until Wednesday afternoon, when the matter will be finally disposed of.

THE CROWN MANUFACTURING CO.

This concern will now locate on Plateau Laval, where a building is now under construction. The city will pay \$2,500 for the site, and relate a first mortgage on the land and building for this amount as a guarantee that the amount stipulated for wages will be paid each year for ten years. Both these by-laws will be dealt with at the next meeting.

TOO MUCH OF THE STAR CHAMBER.

Of late the Council has made a practice of transacting a great deal of the City's business behind closed doors. The citizens are vitally interested in the stand taken by their representatives on industrial propositions, and have the right to be present when these matters are discussed.

Although a number of citizens were present, last night, they did not hear a word of the discussion on these propositions.

The interests of the public would be better served if the City Fathers would discuss these questions before the public.

THE ELECTRICAL TRUCK

Ald. Brault brought in a report from the Civic Commission recommending that the electric truck be purchased for the sum of \$3,900. It was argued that time and money would be saved by the purchase of this truck, especially on the work on the line to Rock Forest.

Ald. Ewing thought that it would be better to put the matter over until next year. Ald. Jenckes moved that the Department supply an estimate as to the probable saving for a year, and the date when the truck would be delivered if ordered now.

Ald. Brault agreed to furnish this statement.

ELGIN AVE.

The oft presented petition from the residents of Elgin Avenue was dealt with last night, the Council consenting to put in sewers if the proprietors would pay \$400, and ten per cent. on the cost of water mains.

DISGUSTED WITH TREATMENT.

The President of the Panther Rubber Company has been put to much inconvenience by the treatment accorded his company. On two occasions he had been given to understand one thing, only to find later that changes were made. He now has the Sherbrooke Iron Works building on his shoulders, but rather than locate in a place he considers unsuitable he is purchasing another building and taking chances of selling the other. "Rather than be bothered any more with this matter I will pay the city \$6,000 cash for their building and be free from obligations," was his remark to the City Attorney at the close of the meeting.

FOUND HANGING TO BALLOON.

London, June 17.—Emile Dubomet and Welby Jourdan, two aeronauts who were participating in a long-distance balloon race from Paris, were picked up yesterday by a tug 22 miles south of Ventnor, on the south coast of the Isle of Wight. They were clinging to the wreckage of their balloon, which had collapsed.

## C.N.R. COMING TO SHERBROOKE

### Said in Well Informed Circles Construction Next Year

SPECULATION AS TO WHERE NEW LINE WILL ENTER CITY

—SHERBROOKE, QUEBEC AND LABRADOR.

It seems to be pretty well assured that the Canadian Northern Railway will build to Sherbrooke within a year or two, very likely next year. It is known that representatives of this railway have been in Sherbrooke recently looking over the ground.

According to reports the C.N.R. as it will come to Sherbrooke will be in connection with the short mail route from Liverpool to New York. This involves a port on the Labrador coast, a railway line to Quebec, and another from Quebec to Sherbrooke, connecting here with the Boston & Maine. It is figured that mail or passengers can be transported from Liverpool to New York many hours quicker than by any other route.

The C.N.R. between Sherbrooke and Quebec would use the Quebec Eastern route already surveyed and a charter for this was obtained by the McCrea-Tobin interests and sold to the Forget interests.

Federal subsidies have recently been voted for this line. It seems to be generally accepted in well informed circles that this line will be built and that construction work will be commenced next year, the whole as a part of the Canadian Northern system.

There is much speculation as to where this line will enter Sherbrooke city. Some figure that it will come in on the East Sherbrooke side with a station on that side of the river; others that it will cross the St. Francis at Lome Pine rock, which was the original survey, and enter Union Station over the G.T.R. tracks, while still others expect to see this line cross the St. Francis lower down, circuit the city through a ravine to the west and enter the city in upper town, possibly over the C.P.R. tracks or with an independent station in that vicinity.

In any event the prospect of Sherbrooke being linked up with the Canadian Northern, a fifth railway line for this city, is interesting.

## STORM STRIKES FARNHAM

### Considerable Excitement Prevailed in Camp, But no Damage Was Done

VARIOUS CORPS ARRIVED YESTERDAY AFTERNOON AND MEN NOW COMFORTABLY SETTLED.

Farnham, June 17.—(Special)—The detachments of the several corps which go to make up the Eastern Townships Cavalry Brigade arrived in camp yesterday forenoon and afternoon on time, and the men were not long in getting settled down.

About 5 o'clock a terrible wind and electrical storm struck the camp, and created great excitement for about half an hour.

No damage was done and in a short time afterwards the men were enjoying themselves as if nothing out of the way had occurred.

## \$300,000 FIRE IN TORONTO

### Tannery and Leather Factory Burned to the Ground

WAS ONE OF THE MOST SERIOUS CONFLAGRATIONS EXPERIENCED FOR SOME TIME.

Toronto, June 17.—Fire broke out in the large tannery and leather factory of Messrs. Wickett & Craig shortly before midnight and rapidly developed into a serious conflagration, enveloping the whole of the big four-story building which fronts on Front street to Eastern avenue, and threatening all adjoining buildings. No lives, fortunately, were endangered, other than those of the freighters.

At an early hour this morning Mr. Craig, of the firm, stated that the loss in stock would total about \$300,000. The firm took stock a few days ago. The loss will be fairly well covered by insurance. In one portion of the building, however, there was considerable finished goods. Mr. Craig believed that defective wiring had been the cause of the fire.

## CAMP AT THREE RIVERS DEVASTATED BY STORM

### Two Thirds of the Entire Camp Levelled to the Ground. Supplies and Bedding Strewed All Over, and a Deluge of Rain Saturated Everything and Everyone. Scene of Desolation Was Complete. Electric Wires are Down in Town, and There Will Be No Light for Two Days.

Three Rivers, Que., June 17.—The city of Three Rivers and the camp of the Montreal infantry regiments here were devastated by the worst thunderstorm of years late yesterday afternoon, when two-thirds of the entire camp were levelled to the ground, supplies and bedding strewed all over, a deluge of rain saturating everything and everyone. In the town the electric power wires are down and no light is promised for two days, while roofs of cottages and practically the entire roof of the Dominican Convent were blown away.

In camp the scene of desolation was complete. Beds were scattered over the reeking earth, tent poles were smashed and the canvas beaten down on top of tables and clothing to lie under inches of water. After the first rush of wind and rain carried away the majority of the tents, the officers and men, heedless of the drenching rain which fell in one vast sheet over the countryside, worked strenuously to save what remained from destruction. The staff tents, with one exception, were demolished. Col. Denison, the camp commandant, received a blow on the head when the ridge

pole of his tent snapped, while several of the others sustained injuries, all fortunately being of a minor nature.

The day's work commenced with the parade at 8.30 yesterday morning, the training being continued in the afternoon, with outpost work. About 3 o'clock a heavy black cloud appeared on the horizon, intermittent flashes of lightning being accompanied by heavy thunder in the country surrounding the camp lines. Shortly before 4 o'clock Col. Denison, who had been making a tour of inspection, observing the threatening aspect, ordered the men to return to camp. All arrived safely, and preparations were commenced for the evening meal. The tables were set for the men, and a huge supply of bread and roast beef laid out on the dining tables. Meanwhile the lightning had grown worse, the thunder was deafening, and a huge yellowish-pink cloud low on the horizon, rolled towards the lines. Officers and men gathered outside their tents in groups admiring the scenic effect. A strong wind was blowing, and overhead the cloud rolled on. Suddenly there was a deafening crash, the heavens seemed to split with a roar of blue flame, the heavy cloud rolled a little nearer, and with a swish the storm descended.

STORM VISITED QUEBEC. Quebec, June 17.—Shortly before 5 o'clock yesterday afternoon a violent gale from the north, accompanied by torrents of rain, thunder and lightning, broke over the city, doing a great deal of damage. Plate glass windows were smashed, trees torn from their roots and a number of small buildings damaged. A large building on the Louise Embankment, belonging to the Harbor Commission, which a gang of men was just about to move to a new position, was caught by the storm and completely demolished, causing a loss of many thousands of dollars.

## JAPAN WILL BE COMPETITORS

### Afraid They Will Flood U. S. Markets With Cotton Goods

MANUFACTURERS WERE TOLD BY COMMITTEE THAT FEARS WERE IMAGINARY.

Washington, D. C., June 17.—What has been generally feared by the hoisery and cotton goods manufacturers of the United States—namely, that Japan would enter into competition with the United States if low tariff duties went into effect—has now come to pass. At the hearings before the Ways and Means Committee manufacturers of hoisery and cotton underwear stated to the committee that while the cost of manufacturing in Germany and France was very low, making it exceedingly difficult for Americans to compete without a high protective tariff, the real fear of the manufacturers was that with lower rates in effect Japan would flood this country with products made with the cheapest kind of labor.

The members of the Ways and Means committee refused to consider the fears of the manufacturers with relation to Japan. The members of the committee said frankly that it would be many years before Japan could develop its cotton trade, and that the fears of the American manufacturers were imaginary.

TWO KILLED BY LIGHTNING IN MONTREAL. Montreal, June 17.—Two lives were lost during the course of the thunderstorm which passed over the city between 5 and 6 o'clock yesterday evening, the ferry boat plying between Caughnawaga and Lachine was caught in the tempest in the middle of the river and had to drop anchor and ride out the storm, and lightning struck a private residence near Highland station and it was totally destroyed. The damage to lines and poles was comparatively slight.

BEDFORD DISTRICT LOCAL HAPPENINGS

Gathered by Daily Record Correspondents in Various Communities

SUTTON MOUNTAIN.

The funeral of Mrs. Alison L. Esty, who died June 11th, as previously reported in the Record, took place at the house on Friday, June 13th, at 2 o'clock, Rev. Wm. H. Nicholson, of Glen Sutton, officiating, assisted by Rev. W. T. Forsyth, of Richmond, Vt. Mrs. Esty, whose maiden name was Sibyl Parsons, was born in Sutton on July 18th, 1849, thus about one month of being 64 years of age at time of death. She was a daughter of the late Mr. and Mrs. Philip Parsons, who lived over 50 years on the place now owned by their only son, Wm. G. Parsons, of Sutton. Deceased was born on the E. A. Longway farm here. At 19 years she married Mr. A. L. Esty and well did she merit the name of help mate to her husband, who proved equally devoted to his faithful wife. She leaves besides her husband, one son and one daughter. The son, Mr. Leon Esty, is one of the business men of Richmond, Vt., while the daughter, Miss Pearl Esty, is an accomplished teacher in the public schools of Vermont. Before her marriage Mrs. Esty was a teacher at Glen Sutton and at one or two other points and many business men to-day look back to the education she strove so diligently to instill in their minds. For a few years after her marriage to Mr. Esty they lived at Glen Sutton where her husband erected the first steam mill on that side of Sutton Mountain. From there they went onto the late James Esty farm and here they had lived for over thirty years, the friends of all and respected by all. Mrs. Esty is survived by two sisters (Kate), Mrs. Wm. Perkins, of Farnham's Corner, and (Flora), Mrs. Wm. Millette, of Glen Sutton, also by one brother, Mr. Wm. G. Parsons, of Sutton. Deceased had been a patient sufferer from a cancer in the face, that caused her great pain and annoyance for some three years past, which affliction she however bore with patient resignation and heroic courage. The bearers at the funeral were Mr. Silas Courser and Mr. Wm. Courser, of Glen Sutton, and two friends of the family from Richmond, Vt. Among those who attended the funeral from a distance were Mrs. H. A. Parsons, Mrs. C. S. Reynolds and Mr. and Mrs. Robert Hazzard, all from Sutton; Mr. P. H. Scott and Miss Minnie Scott, of Sutton Jct.; Mr. and Mrs. L. C. Parsons, of Cowansville; Mr. Harvey Brock and Mrs. Daisy Stowe, of Dunkin; Mrs. Scott McKinney, of Hartford, Conn.; Mrs. Ellen Esty, of Eastman; Mrs. Marion Esty, of Glen Sutton; Mrs. L. Esty, of Sutton Mountain; Mr. and Mrs. E. C. Drew, of Farnham's Corner; Mr. F. Esty and Mrs. Jones, of North Troy, Vt., and many others from Richmond and other places. The interment was in the new Hillside cemetery at Richmond, Vt. Truly can it be said another of the good women of Sutton has gone to her rest.

BONDVILLE.

The close season for Bromo Lake ended June 15th, since which date the lake completely dotted with boats daily, and many fine catches of pickerel are reported. Mr. A. J. Streeter an old and respected resident of this place is dangerously ill at his home here, and his recovery is considered extremely doubtful. Rev. Mr. Booy, the newly appointed rector, is drawing large congregations in both churches in this parish, his sermons are invariably able, earnest and practical. Miss Curley of Knowlton who taught the school so successfully during the past year has been re-engaged for another scholastic year. The Repair Committee of the Anglican Church, which was appointed at the annual Easter vestry meeting, organized a bee recently for the re-shingling of the driving shed in connection with the Church. The result was most satisfactory as the men turned out in masses and completed a good job in a day. It is understood the good work of this committee is not to cease here, and that more will be heard from them later. Mr. S. Thomas is ill and under the doctor's care at the residence of his sister-in-law, Mrs. W. McClay.

FRELIGHTSBURG.

Mrs. Playful, of Berkshire, Vt., passed away at her father's home here on June 12 after a long and painful illness, at the age of 23 years. A well attended and pleasant meeting of the Methodist Aid Society was held in the Methodist Parsonage on Friday afternoon. Arrivals and departures: Mr. and Mrs. M. J. BONDVILLE.

The close season for Bromo Lake ended June 15th, since which date the lake completely dotted with boats daily, and many fine catches of pickerel are reported. Mr. A. J. Streeter an old and respected resident of this place is dangerously ill at his home here, and his recovery is considered extremely doubtful. Rev. Mr. Booy, the newly appointed rector, is drawing large congregations in both churches in this parish, his sermons are invariably able, earnest and practical. Miss Curley of Knowlton who taught the school so successfully during the past year has been re-engaged for another scholastic year. The Repair Committee of the Anglican Church, which was appointed at the annual Easter vestry meeting, organized a bee recently for the re-shingling of the driving shed in connection with the Church. The result was most satisfactory as the men turned out in masses and completed a good job in a day. It is understood the good work of this committee is not to cease here, and that more will be heard from them later. Mr. S. Thomas is ill and under the doctor's care at the residence of his sister-in-law, Mrs. W. McClay.

FULFORD.

Mr. and Mrs. A. E. Porteous and Miss Inez Porteous spent the week-end in Montreal with friends. Mrs. H. E. Soles closed her school on Friday with a picnic at Sheffield Landing, which was largely attended by scholars, parents and neighbors, who all enjoyed an exceptionally pleasant day together and partook of the usual picnic feast. The scholars presented their teacher with a very pretty clock as a token of their esteem. Mrs. Soles awarded prizes in money to those of her scholars who stood highest in their classes, and those who received prizes were Iva Galer, Percy Galer, Gertrude West, Frederick Kemp and Gordon Bokus. Mrs. Soles has been re-engaged to teach the next term of school, which shows mutual satisfaction. Mr. H. E. Hayes has purchased a place in Sheffield. Mr. Hiram Hayes, who has the contract for carrying mail between Laroche and Fulford, has received notice that contract is cancelled owing to the establishment of a new rural mail delivery route from West Sheffield to Iron Hill via Laroche, which is to take effect Sept. 1st. Mrs. H. E. Williams recently spent a couple of days with her husband at Potton Springs. Rev. Eric McLaren preached his farewell sermon here on the eve of June 15 to the regret of his Fulford parishioners. Mr. Darwin Sweet, of Iron Hill, was a recent guest of Mr. and Mrs. R. Peacock.

Well-Known Author of the "Brownies" Spending Vacation in Granby

CONVENTION OF SALES AGENTS OF MINER RUBBER CO. OTHER NOTES OF INTEREST.

Granby, June 17.-(Special) - Mr. Palmer Cox, the well known Brownie author, arrived in town on Friday and will spend the summer with his niece, Mrs. William Gould. Mr. Cox has been at Long Island, N.Y., busy writing his new book, "Many More Nights with the Brownies," and now that the manuscript is finished and in the hands of the publishers, he has returned to the scenes of his boyhood days for a well-earned vacation and rest. Mr. Cox and his brother, Mr. George Cox, left for Bromo Lake on Monday to enjoy the fine boating and fishing which the waters of this beautiful lake provide. CONVENTION OF SALES AGENTS. The annual convention of sales agents of the Miner Rubber Co. is being held in Granby to-day (Tuesday). About thirty-eight knights of the grip from all parts of the Dominion will meet here, and after the convention will be banquetted at the Windsor. SERIOUS FIRE AVERTED. An old barn and shed belonging to Arsene Scott, in rear of some houses on Main street, caught fire on Saturday afternoon. The close proximity to other wooden buildings made the fire a dangerous one, but the firemen with their usual efficiency kept it confined to the original outbreak, and what might have proved a serious conflagration was averted.

with the Canadian Militia, was also of the party, with Capt. Vyse and other city officers.

On reaching the Levis camp General Hamilton, Col. Hughes and staff were met by Lieut.-Col. Worthington, Brigadier of the Third Cavalry Brigade. The Seventh, in command of Lieut.-Col. Gilbert, and Eleventh Hussars, in command of Lieut.-Col. J. H. Boutelle, comprising 800 rank and file from the Eastern Townships, were drawn up in line, and on the approach of the inspecting general gave the grand salute. The inspection party rode through the ranks, afterwards taking up a station at the saluting point, when the brigade was marched past on the walk, trot and canter, and the other movements of a general inspection, which the two regiments went through in a very creditable manner, especially for rural troops that only meet once a year to put in a short season of drill.

They were highly complimented by the inspector general.

BATTLESHIP ASHORE. London, June 17.—H.M.S. Magnificent, returning from gunnery practice, went ashore last evening in a dense fog at the entrance to Plymouth Sound. Efforts to refloat her were futile owing to the low tide. She lies firmly fixed on an even keel and is in no danger.

The Magnificent refloated with the tide. Apparently she had not been damaged.

following officers. 1st. Sherbrooke Troop, Scout Master V. E. Hobart, Assist. S. M.'s Perkins and A. Bryant; 2nd. S. Troop, Assist. S. M. Dennis; 3rd. S. Troop, Assist. S. M. Wilson; 1st. Lennoxville Troop, Assist. S. M. Tyndall.

The Scouts rallied on the Parade Ground at 2.15 and marched by Queen, Melbourne, Duferin and Wellington Streets, in charge of Scout Master V. E. Hobart, and led by the 53rd. Bugle Band. The service at the Church of the Advent was most impressive, beginning with the dedication of the colours of the 1st. Sherbrooke Troop, and followed by singing "Onward Christian Soldiers."

An eloquent address was given by Rev. Vero Hobart and an earnest appeal to parents and friends, as well as the boys, to do all in their power to help on this great movement. The service was brought to a close by singing the National Anthem, and after marching from the Church the companies broke their ranks and mingled with friends and interested spectators, making a scene long to be remembered and reviving well deserved interest in the Boy Scouts of Sherbrooke and Lennoxville.

FINANCIAL AND MARKET NEWS

COUNTRY PRODUCE

GOOD DEMAND FOR EGGS. Montreal, June 17.—Receipts of eggs yesterday were 1,374 cases, making the total for the week 11,463 cases, as compared with 13,446 for last week and 10,598 for the corresponding week a year ago.

The arrivals since May 1st to date have been 94,675 cases, as against 95,443 for the same period last year. Supplies this week were smaller and show a decrease of 1,978 cases as compared with the previous week, but they were 870 cases larger than the same week last year, while the total quantity received since May 1st to date showed a decrease of 3,768 cases compared with the same period a year ago.

The tone of the market remains very firm with no change in prices to note. The demand is good and an active trade is doing, with cases of selected stock in a jobbing way at 25c, and straight receipts at 23c, and the latter in round lots at 22c. doz.

MAPLE PRODUCTS STEADY. Montreal, June 17.—There were no new developments in the market for maple product, prices being steady, with a fair volume of business doing, and sales of maple syrup in three-qt. tins were made at 85c. to 90c. per tin, and in wood at 7c. to 8c. lb. The offerings of maple sugar continue small at 11c. to 12c. lb.

HONEY MARKET QUIET. Montreal, June 17.—The market for honey continues quiet, but as supplies on spot are not large a steady feeling prevails in the market, and prices are unchanged. We quote prices as follows: Clover, white honey, 16c. to 17c.; dark grades, 14c. to 15c.; white extracted, 11c. to 12c.; buckwheat honey, 8c. to 9c.

GOOD POTATO MARKET. Montreal, June 17.—There is a good steady demand for small lots of potatoes, and as supplies are somewhat limited prices rule firm. We quote: Green Mountains, in car lots at 90c. and Quebec grades at 75c. to 80c., and in a jobbing way at \$1.10 to \$1.20 per bag.

BUTTER MARKET EASIER. Montreal, June 17.—The make of butter so far this season throughout the country has been larger than a year ago for the same time, but notwithstanding this fact, coupled with the increased stock on spot and the smaller demand from Vancouver and other points, prices as yet have not gone down to the same level as a year ago, but they are tending that way. There is no actual change in the condition of the local market but the feeling is easy with only a moderate amount of business doing, as buyers evidently do not feel disposed to operate freely at present prices.

Receipts of butter for the week were 22,601 packages, showing a decrease of 263 packages as compared with last week and an increase of 60 packages with the same week last year, while the total quantity received since May 1st to date is 745 packages larger than the corresponding period a year ago. We quote prices as follows: Finest creamery, 25c. to 25c.; fine creamery, 24c. to 25c.; second grades, 24c. to 24c.; dairy butter, 22c. to 23c.

CHEESE MARKET FIRMER. Montreal, June 17.—Cables received from London reported the market for Canadian cheese quiet with prices for old white and colored 15c. lower on the inside and 15c. higher on the outside, the range being from 59c. to 65c., while prices for new cheese were 15c. higher to unchanged from a week ago at 57c. to 59c. The Liverpool public cable was unchanged, with finest new white and colored quoted at 58c., and old at 63c. There is no important change in the condition of the local market, but the feeling, if anything, is better owing to the improved inquiry from English buyers for supplies during the past few days at firmer prices.

Receipts for the week were 60,809 boxes, showing an increase of 10,112 boxes as compared with last week, and a decrease of 12,099 boxes with the same week last year, while the total quantity received since May 1st to date shows a decrease of 48,084 boxes compared with the same period a year ago. We quote prices as follows: Finest western, white, 12c. to

12c.; finest western, colored, 11c. to 12c.; finest eastern, white, 11c.; finest eastern, colored, 11c.

SPORTING NEWS

BASEBALL

E. T. BASEBALL LEAGUE. As a result of Saturday's games there is considerable change in the standing. By defeating Barnston Cubs are now leaders. The standing is as follows:

Table with 5 columns: Team, P, W, L, T, P. Barnston 3 3 0 5, Capelton 4 2 2 4, Waterville 2 0 2 6, Pen Angles 2 0 2 6

International—Montreal 10, Providence 6, 12 innings.

Newark 2, Toronto 1, Buffalo 18, Jersey City 2, Baltimore 10, Rochester 3.

National—Chicago 13, Philadelphia 3, Brooklyn 10, St. Louis 5, Boston 6, Pittsburg 2, New York 4, Cincinnati 5, American—Philadelphia 3, Cleveland 2, Boston 3, St. Louis 2, Chicago 5, Washington 1, Detroit 5, New York 3.

LEAGUE NOTES. The Cubs' steady infield is the result of the untiring efforts of Shortstop Parker. From a group of youngsters he has gradually built up one of the best infields in the Townships.

The Cubs' speed and "ginger" in the workouts is the subject of favorable comment wherever the team has played.

Manager Converse, of Barnston, thinks the Cubs and the "measles" are tough opponents.

Pitcher Springings, of the Waterville "champs," has started off badly this season.

Tommy Molyneux, the Waterville backstop, is "the pitchers' nightmare" in the E. T. League.

The Capelton Veterans have at last hit their stride. When Capelton starts winning games the other teams feel nervous.

The Pen Angles of Coaticook, are an unknown quantity in Sherbrooke. Their pitcher, Brown, however, is well known to Sherbrooke fans as a steady twirler and a "cool head."

The Cubs will hold a meeting at their club room this evening.

SOCCER

NOTES. The league schedule has been revised. The old fixture was too "cramped," it being impossible to play two games the same day on the local pitch.

The Magog eleven is the "hard luck" team of the league. The team, however, keeps on playing and fighting to the last ditch.

GOLF

SWEEPSTAKE HANDICAP MATCHES. The first of a series of sweepstake handicap matches against Bogy was held Saturday at the St. Francis Links, resulting in a draw for first place between G.G. Woodward and P. M. Robins. The scores were as follows:

Table with 2 columns: Player, Score. G.G. Woodward 5 down to Bogy, P.M. Robins 5 down to Bogy, E.C. Fraser 7 down to Bogy, A. Neilson 9 down to Bogy, J.F. McKill 9 down to Bogy, C.N. Danks 9 down to Bogy, W. Speir 10 down to Bogy, E.F.M. Causton 10 down to Bogy, H.S. Lawrence 11 down to Bogy, A.D. Brodie 16 down to Bogy

12jc.; finest western, colored, 11c. to 12c.; finest eastern, white, 11c.; finest eastern, colored, 11c.

PROVISION MARKET

GOOD DEMAND FOR DRESSED HOGS. Montreal, June 17.—The demand for dressed hogs continues good, and sales of abattoir fresh-killed were made in a jobbing way at \$14.25 to \$14.50 per hundred pounds.

MONTREAL LIVE STOCK MARKET

BETTER PRICES RULING. Montreal, June 17.—Owing to the good demand for beef yesterday at the West End Stock Yards, prices, in comparison with last Wednesday, were 10 to 15 cents per cwt. higher.

With larger offerings of sheep and lambs there was an easier feeling to that market and prices were 1c to 1c lower yesterday than on Wednesday.

While the prices paid for long run hogs were necessarily 25 cents higher, the short runs were on a level with last Wednesday's prices.

Receipts of calves, 525 head, marked at steady. Prices \$4 to \$12 each, according to quality and size.

OTIS FENSOM FREIGHT ELEVATORS

An Otis-Fensom Freight Elevator may be bought for as little as \$70—less than the cost of a good office desk or a typewriter. It pays for itself in the saving effected in time and labor—in the reduction of wear and tear on goods—in the increased business from better satisfied customers—and in the ability to handle more business efficiently.

An Electric Elevator may be installed at a moderate price, and, in view of the abundance and low cost of electric power, will prove a sound investment. Write today for free booklet "Freight Elevators and Their Uses." It will tell you about an elevator suited to YOUR particular needs. A Successful Business Demands Quick Service

THE days of leisurely, go-as-you-please methods are past. To be successful in any line of business today demands quick service, prompt deliveries, foresight and economy of time and labor.

This is the age of EFFICIENCY—and the degree of prosperity enjoyed by the successful business man is proportionate to the efficiency of his plant and organization.

One of the most vital factors in the success of any manufacturing or merchandising business is a modern Freight Elevator.

The installation of an Otis-Fensom Freight Elevator makes available every square foot of floor-space on every floor of the building. It eliminates duplicated effort on the part of workmen, stops business leaks, saves time, conserves energy and increases profits.

NEGROES HAVE NOT EQUAL RIGHTS

U. S. Supreme Court Hands Down Such Decision

MARY BUTTS SUEDE BECAUSE SHE HAD TO EAT AT SECOND TABLE ON SOILED LINEN.

Washington, June 17.—The "civil rights act" of 1875, held unconstitutional as to the States many years ago in a series of famous decisions, was yesterday declared by the Supreme Court likewise null and void as to the territories, the District of Columbia, the navigable waters of the United States and the sea. The point was decided in the case of Mary F. Butts, a Negro of Everett, Mass., who sued the Merchants and Miners Transportation Company for damages, under the law, because she was required to eat at a second table and use soiled linen on a trip from Boston to Norfolk, although she held a first-class ticket.

The civil rights act of 1875 forbade the exclusion of Negroes from public conveniences and places of entertainment on account of color. The Supreme Court declared that this constituted an infringement on State rights and was therefore unconstitutional. As a result the civil rights of Negroes were left to the States, and this has caused much discrimination. "Jim Crow" cars, the "grandfather's clause" and various restrictive laws have grown out of the judicial decisions declaring the act unconstitutional. Now the present Supreme Court has seen fit to definitely extend the decree. Charles Sumner gave his last efforts to the civil rights act.

NEW YORK NOON LETTER. London was a heavy seller in this market at the opening for European account. The selling seemed to be based on an article published in the London Times this morning on the political situation in Europe. Probably selling was largely sentimental and for the short account by dealers.

At the end of first hour the market began to harden on the better aspect for the Union Pacific. Sou. Pacific dissolution plan. Wall Street is also disposed to recognize the new currency and banking plan favorably. Prices advanced easily and at noon are strong and at the best level of the day. It seems that liquidation for the time being has run its course and that selling of yesterday

was largely for short account. At any rate there was more than sufficient demand developed at the decline to more than take care of what liquidation there may have been and the short interest is now forcing prices up on itself.

Transactions have been on a moderate scale and largely professional. Sales to noon, 239,000 Bonds, \$721,000. Money, 24 p.c. Grain Market excited and weak. Cotton, 15 up.

**Asbestos Dust Has Effect of Destroying Nuisance**

HAS ALSO THE EFFECT OF KEEPING AWAY THE POTATO BUG AND OTHER INSECTS.

Thetford Mines, June 17.—(Special)—In the surrounding country the farmers are complaining greatly about the caterpillars, which are working great harm with the fruit and other trees. In the vicinity of Thetford, however, there is not a caterpillar to be seen. It would seem that the asbestos dust, which is such a great nuisance to the inhabitants of the town of Thetford, has its use in keeping away vermin, as not only are there no caterpillars to be seen, but also potato bugs. In the woods surrounding Black Lake, where the dust does not penetrate, acres of trees are entirely stripped of their leaves.

**MARRIED BEAUTY OF STANSTEAD**  
Stanstead, June 17.—(Special)—The caterpillars and the heavy frost of several days ago have much impaired the looks of the maple trees which add so much to the beauty of Stanstead streets.

**OLD METHOD OF ROAD MAKING.**  
Bondville, June 17.—(Special)—The roads are undergoing their annual tearing up in this vicinity, and if possible their last condition is worse than the first. Grass, sods, roots, bushes, muck, etc., are being drawn in to form a so called road-bed. Alas! it looks as if the present generation are never to see progressive road repairing in this old township of Brome.

East Richford, Vt., June 17.—(Special)—The old water tank near the C. P. R. Depot is being torn down and will be replaced by one of the C. P. R.'s new standard tanks which will hold at least 40,000 gallons. The depot or station building is also being raised and improved and will be moved back several feet from its present location.

**APPLE ORCHARDS ARE BARE.**  
West Bolton, June 17.—(Special)—Apple orchards are looking barren owing to the pest of caterpillars. M. J. Williams beautiful orchard is nearly all dead. Even the sugar orchards are beginning to take on a red appearance.

**WORK ON RICHFORD GOVERNMENT BUILDING STARTED.**  
Richford, Vt., June 17.—(Special)—The work has been resumed on the government building, contractors H. M. Wallis coming here the past week to resume the work. The old excavation has been cleaned out, a standstill put to work on the ledge and Mr. Wallis hopes to have the foundation well advanced by the 4th of July.

**FELL AND BROKE HER HIP.**  
Iron Hill, June 17.—(Special)—Mrs. Hannah Sanborn fell and broke her hip. Mrs. Sanborn had returned from Knowlton only the night before. As she is 86 years old it is doubtful if she recovers though arrangements are being made to remove her to the District Hospital, Swetsburg, where she may be properly cared for and her chances of recovery augmented. Her daughter, Mrs. Ross, is with her.

**DAMAGED LETTER BOXES.**  
West Bolton, June 17.—(Special)—The inhabitants of this usual quiet little hamlet were taken by surprise Friday morning to find that during the still hours of the night, some miscreants had been tampering with several of the Government mail boxes. Some were taken from their posts and dropped by the road side in a battered condition, while others were filled with stone and dirt. The government authorities were quickly notified and it is hoped to discover and punish the guilty parties.

**PASTOR PREACHES FAREWELL SERMON.**  
Scotstown, June 17.—(Special)—Rev. Samuel Clark preached his last sermon as pastor of the Advent Christian Church last Sunday evening. The theme of his sermon was "Watchfulness," based on the words of Our Lord as recorded in the 13th chapter of Mark, "What I say unto you I say unto all, watch."  
Mr. Clark had given his resignation a number of weeks ago. He has not fully decided as to the future yet, having several calls to other fields of work.

**ANNIVERSARY SERVICES AT WATERVILLE.**  
Waterville, June 17.—(Special)—The anniversary services in connection with the Congregational Church held on Sunday were largely attended, many coming in from surrounding towns. Rev. G. Ellery Read, of Sherbrooke, officiated at all the services and preached two splendid sermons, and also addressed the children in the afternoon.

**PAN-PRESBYTERIAN COUNCIL.**  
Aberdeen, Scotland, June 17.—(Special)—Twenty-seven countries, including the United States and Canada, have sent delegates to the tenth Pan-Presbyterian Council, or Alliance of Reformed Churches, which had its formal opening in this city today. The attendance includes many leading clergymen and laymen of the Presbyterian Church throughout the world. The sessions of the council will continue ten days, during which time numerous questions of general interest and importance to the denomination will be discussed.

**SHEEP KILLED BY DOGS.**  
North Sutton, June 17.—(Special)—On going to his pasture on Sunday morning, Mr. W. C. Strong found that during the night two of his pure bred lambs had been killed by dogs. Three neighboring farmers have also suffered considerable loss by having had their sheep killed by dogs.  
Mr. Strong says that the Township Council has been repeatedly asked to impose a dog tax but that they had failed to do so. As a result he says he will take the law into his own hands and destroy any dogs found in his pasture.

**PASTOR INJURED BY RUNAWAY.**  
South Durham, June 17.—(Special)—A narrow escape from what might have been a most serious accident occurred on Saturday morning, when Rev. G. B. and Mrs. Schagel were coming to South Durham to attend a funeral. The springs attaching the

**WIND AND ELECTRIC STORM**  
**Passed Over Sherbrooke And District Last Evening**

**HORSE SHED AT PROVINCE HILL WAS CARRIED SOME DISTANCE FROM FOUNDATION.**

A sharp electrical storm accompanied by heavy rain, passed over a large section of the Eastern Townships last evening about 6 o'clock. The storm was preceded by a heavy wind storm, which did considerable damage to trees, several having been blown down or branches broken off. No damage by lightning, however, has been reported in the city and surrounding country.

At Province Hill in Brome County, the full force of the storm seems to have centered. A telephone message from that point this forenoon says the storm was the worst ever experienced in that section. The wind blew at great velocity and several buildings were damaged. The horse sheds at the Methodist Church were carried from their foundation on to the road some distance away and completely demolished. The road was blocked by the wreckage, but was soon cleared away after the storm had abated.

**THUNDERSTORM BAD IN SUTTON DISTRICT.**

Sutton, June 17.—(Special)—The windstorm, which was experienced here about six o'clock last evening was the worst experienced in many years. Fortunately no lives were lost and no damage by lightning which followed the storm, has been reported. A number of barns were unroofed or partly so and otherwise damaged. A large number of trees were blown down. In the West Brome section the storm was even worse than at this point. Among those who had buildings damaged in this part were: J. Jordan A. Dodin, Conductor J. J. Quilliams whose house was damaged by a large tree falling on it. In West Brome those who suffered damage were Messrs. A. Holden, J. Coover, Wm. Beattie. Mr. C. Hartley's house which was in course of erection, was so damaged that it is thought that the whole structure will have to be renewed.

shafts to the buggy gave away so that the shafts dropped to the ground which frightened the horse causing it to run away. Mr. Schagel was thrown from the buggy and struck on his head. He received a bad bruise on his forehead, besides being severely shaken up and bruised. Mrs. Schagel in trying to climb from the buggy was thrown to the ground with such force that she was badly bruised. The horse ran into Mr. E. N. Griffith's yard and when caught was found to be uninjured.

**FARMERS ON TRIP TO MACDONALD COLLEGE**  
**About One Hundred From This Section Left on Special**

**WILL BE GUESTS OF COLLEGE AT LUNCHEON BEFORE VISITING DEPARTMENTS.**

A large number of farmers availed themselves of the excursion organized by the Lennoxville Farmers' Club to visit Macdonald College to-day. A special train left Coaticook at 6.50 this morning and additions were made to the party at Compton, Waterville, Lennoxville and Sherbrooke. When the train left the Union Depot here there were 60 persons on board. Members joined at Bromptonville, Windsor Mills, Richmond and South Durham, making a total of about one hundred.

Lunch was served at the College at noon, and everything has been done by the authorities to make the visit enjoyable and instructive. Competent professors will conduct the party through the various departments, and the farmers will gather much useful information and derive much benefit from the trip. Many of them will stay until Wednesday night.

**OLDEST NATIVE OF RICHFORD ON A VISIT.**

Richford, Vt., June 17.—(Special)—The Village was glad to welcome the past week its oldest living native in the person of Hon. James G. Rowell of Providence, R. I., who came here with his daughter, Mrs. Josiah B. Bowditch. Mr. Rowell is 93, and for many years made Richford his home, going to Providence some years ago to reside with his daughter, who is the wife of Editor Bowditch the proprietor of the old Frontier Sentinel of this village, which was run here for some years previous to going out of commission in the middle seventies. Although the Sentinel was the first paper to be printed in Richford, it proved to be a credit to itself and the community that supported it for some years.

**CLOSING SESSIONS OF ADVENT CONFERENCE AT SUTTON.**

Sutton, June 17.—(Special)—The closing session of the 62nd Annual Evangelical Advent Conference came to an end on Sunday evening with a full house. Several clergymen were at this service, including Revs. A. G. Chandler, W. G. Mansfield, J. Champion, A. Wallace and F. J. Hayden. B. A. Rev. Mansfield's theme was the Final Reckoning. The 10.30 a. m. service was taken by Rev. A. Wallace, subject, "The Cup of Salvation." Resolutions of regret at the death of Rev. N. C. Hubbard were passed at the Saturday session. The above and two other resolutions were moved by Mrs. W. W. Smith. At the evening service Sunday, which closed the Con-

**CANNOT TELL IF IT WILL PREVENT REURRENCE OF PESTS.**

Ottawa, June 17.—Mr. D. C. Gordon, Dominion entomologist, states that a bacterial parasite which has developed recently is killing of caterpillars by the thousands. He is unable to state as yet, however, to what extent it will prevent a recurrence of the pest next season. "The worst," said Dr. Hewitt, "is now over. The caterpillars will disappear about the end of this month. They will then develop into moths and lay their eggs for another season. We foresaw the outbreak of the pest last year, and issued a bulletin as to preventive measures. All that can be done is to spray the trees and band them with tanglefoot. "So far as this year is concerned, the caterpillar has done all the damage it can, but the time is opportune for destroying the eggs and preventing a renewal of the outbreak next year. We have a circular on the subject which will be gladly sent to any one writing to the Dominion entomologist's farm."

**The "Paving Determinator's" Verdict.**

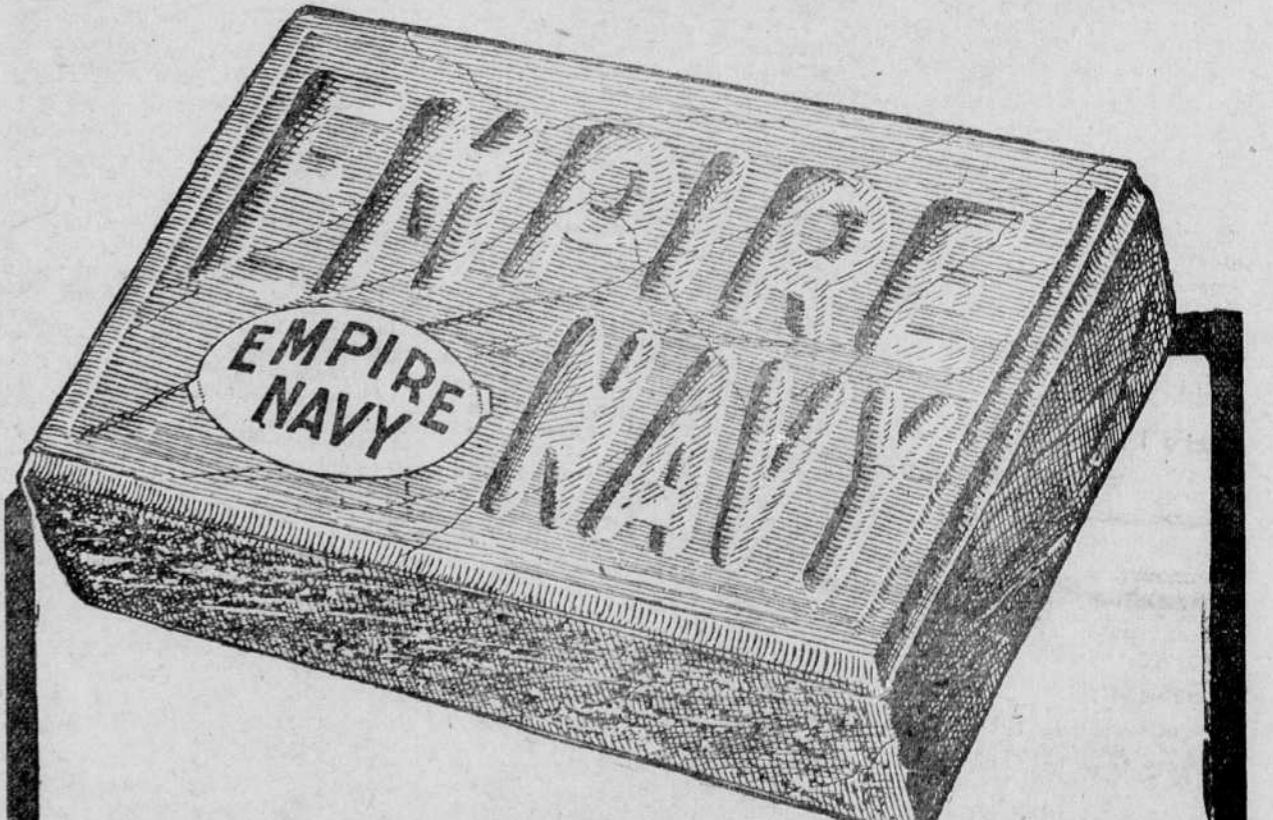

THE "Paving Determinator" is an ingenious machine that was built by the department of Public Works of Detroit—to subject sample stretches of various street pavements to severe, actual-service tests. It imitates heavy trucks and steel-shod draught horses, reproducing, in faithful detail, every effect of this kind of traffic. This remarkable machine was recently used to test five varieties of street pavement—covering practically the entire range of present-day road coverings.

A report of the test says:  
"When the test had been made under the direction of Mr. McCabe and officials of the department, on eight sections of pavement laid in a circular track, the concrete section, laid under the specifications of the Board of County Road Commissioners of Wayne County, Michigan, showed by far the best resistance to the severe test to which the pavements were put."

Are you going to overlook these facts in deciding about your paving?
