DECISIVE BATTLE HAS BEGUN IN KOREA

World News In Brief

London, July 28.—(Reuters)—Foreign Secretary Bevin was back at his desk in the foreign office today for the first time in nearly two months. He returned yesterday from 12 days at Eastbourne on the south coast where he was recuperating after an operation. Bevin's first official engagement today was to attend a memorial service at Westminster Abbey for Mackenzie King, former Canadian Prime Minister.

Tokyo, July 28.—(AP)—A Japanese district patrol boat reported today it sighted a naval transport sailing between two of the main islands of Japan. The patrol boat said the Soviet craft, of about 5,000 tons was at the western entrance of Tsugaru strait, between Honshu and Hokkaido islands.

Kampala, Uganda, July 28.—(Reuters)—An African father visiting his dying child at Mulago government hospital here ran amok early today and stabbed to death a woman and eight children in a ward.

Halifax, July 28.—A navy spokesman here said today three navy ships ordered from Saint John, N. B., late yesterday to check a report of a submarine in the Bay of Fundy have been ordered to return to Saint John. He said the report was "unreliable," and there was no confirmation that a strange sub was seen in the waters that have been checked by navy ships Swansea, Lahulouise and New Liskeard during the past week.

Taipei, Formosa, July 28.—(AP)—A Chinese crew member of the British steamship Caduceus was executed yesterday and 10 others were sentenced to 10 years' imprisonment. Each was charged with affiliation with Chinese communists.

Fifty-two other Chinese crew members were retained in custody. All were seized Feb. 16 when the 4,450 ton vessel was placed under detention in southwest Formosa.

Tokyo, July 28.—(AP)—Japanese newspapers publishers today began firing employees identified as communists or fellow-travellers. One executive said the action was taken at the suggestion of Gen. MacArthur's headquarters. Maj. Daniel Imboden, MacArthur's press officer, commented: "I certainly have encouraged the Japanese papers to get rid of their communist workers. But I wouldn't have the authority to issue such a command."

"Regardless of what Radio Moscow says I am not the dictator of the Japanese press."

Nine North Korean Divisions Start All-Out Offensive Against American Positions

Service Held In London For Mr. King

By WILLIAM BOSS
London, July 28.—(Reuters)—With simple service in deference to his Presbyterian faith, Westminster Abbey today honored the memory of William Lyon Mackenzie King, long-time former Prime Minister of Canada who died last Saturday.

The Royal family, all the Dominions, the United States and the British Cabinet were represented, while hundreds of ordinary British and Canadian citizens overflowed the choir into the main body of the ancient church.

Prime Minister Attlee led a Cabinet representation which included Foreign Secretary Bevin, Herbert Morrison, deputy Prime Minister, and Lord Macdonald, paymaster - general and former governor of Newfoundland.

Lewis Douglas, United States ambassador, represented his country.

Also present was Mrs. Alexander Macdougall King of Denver, Colo., sister-in-law of the late Prime Minister. She was holidaying in Britain when Mackenzie King died.

Sun pined through the stained-glass windows over the main altar as Admiral of the Fleet Earl Mountbatten, and Duncan Sandys, representing his father-in-law Winston Churchill, assembled.

British Liberals were represented by Clement Davies, their leader in the House of Commons, and Viscount Samuel from the House of Lords.

The Earl of Athlone, former Governor-General of Canada, represented the King. The Queen, Queen Mary and Princess Elizabeth also were represented.

A hymn version of the 23rd psalm, "The Lord's My Shepherd, I'll Not Want," opened the service, which included Gustav Holst's setting of Cecil-Rice's poem, "I Vow to thee, my country, all earthly things above."

"We give hearty thanks for the life and work of William Lyon Mackenzie King, our brother," said Dean A. C. Don in his prayer for the departed leader.

In a prayer for Canada, he said: "Draw together, we pray thee, in true fellowship the men of diverse races, languages, and customs, who dwell therein, and so bless the provinces and territories of Canada that, bearing one another's burdens, and working together in brotherly concord, they may fulfill the purpose of thy providence."

After the blessing the service ended with "O Canada," accompanied in roaring chords by the Abbey's magnificent organ.

Red Troops Are Reported To Have Driven Wedge Between Two U. S. Divisions On Key Sector Of Front.

Tokyo, July 28.—(AP)—Waves of Red troops, attacking under cover of heavy artillery fire and a driving rain, smashed a wedge through American positions at the keystone of the Korean front today.

Troops of the U. S. First Cavalry and 25th divisions counter-attacked to blunt the drive and regain their positions. They were outnumbered four to one and pounded by unusually heavy artillery and mortar fire.

The attack in the centre of the curving 200-mile front was the heaviest blow of an all-out communist offensive.

A spokesman at Gen. MacArthur's headquarters said the new Red offensive opened the decisive battle for Korea. Communist forces struck in "full strength," seeking a quick decision.

Nine Red divisions were in the field. The headquarters spokesman said they were making a supreme effort to crash through before allied air strikes demolish their supply lines.

"Although the enemy is obviously suffering from a terrific pounding from the air and sea he is still pushing forward," the spokesman said.

The Red divisions involve about 90,000 troops.

American artillery opened up all along the line. It hurled tons of high explosives and anti-personnel fire at communist concentrations.

Key fight was on the central front, where the American counter-attack was still under way at mid-afternoon. And Red artillery was still blasting after 24 hours.

In the far south, where American and South Korean operations have been confined to feeling out the Reds with exploring tank forces, communists pushed 10 miles along almost undefended roads. This carried them to within approximately 60 miles of Pusan, American supply port at the southeastern tip of Korea.

Nine Red divisions, the largest force yet committed to the field, crashed against all main points of the American and South Korean lines.

The main weight of their attack was aimed at two American divisions holding a strategic mountain pass about 45 miles northwest of Taegu, key railroad and highway centre. MacArthur's intelligence spokesman said the North Korean attackers outnumber the Americans four to one on this sector.

He said pressure from attacking Red columns is building up over the whole length of the front. He said this is the communists' maximum effort.

"Time is against him (the enemy) now," the spokesman said. "He must have a decision quickly. The next few days, from the communist point of view, are extremely important."

The attack ran into staunch defence lines and the largest American counter-attack yet mounted. The 1st Cavalry Division counter-attacked in mid-morning after the Reds hit their positions near Hwanggan on the central front.

The South Koreans launched local counter-attacks at several points on the south coast where a smaller communist force had been rolling forward virtually unopposed. On this southern front, the Reds advanced beyond Hadong toward Chinju on the road to Pusan.

American and South Koreans were fighting to hold passes through the rugged Soeback mountains guarding the American supply lines to the northern front. The 1st Cavalry Division counter-attacked in mid-morning after the Reds hit their positions near Hwanggan on the central front.

Provision Is Made For Two Widows

Montreal, July 28.—(AP)—Mrs. William Goddyn and Mrs. Arthur Lierman, widows of the two men slain by a bank robber at Langton, Ont., June 21st, are to receive a total of \$18,500 in cash and gratuities from the chartered banks, it was announced today by J. U. Boyer, president of the Canadian Bankers' Association.

The association provides \$12,500 and the Imperial Bank of Canada, whose branch was robbed, provides \$6,000.

"Mrs. Lierman, in most unselfish and generous spirit, especially asked that any provision by the association for the two widows, be given to Mrs. Goddyn," Mr. Boyer said. "Therefore, Mrs. Goddyn, the younger of the two, who has a family of three small children, receives the greater amount, \$13,500."

"Mr. Lierman, real estate dealer, insurance man and owner of tobacco land, left a moderately substantial estate, while Mrs. Goddyn had nothing, no insurance, and some debts. Her young, industrious husband was a good worker, actively seeking to build a future as a tobacco farmer when struck down."

Mr. Boyer said a house will be purchased for Mrs. Goddyn and her young family and, in addition, an annuity will be provided for her and her children.

Mrs. Lierman is to receive \$8,000 from the Imperial Bank of Canada.

"The husbands of these two women," said Mr. Boyer, "good citizens with a militant interest in law and order, lost their lives pursuing a bank robber. We are glad to help take care of the needs of their families, arising from their sacrifice. There are no words adequate to express our sympathy for Mrs. Goddyn and Mrs. Lierman nor our admiration for the unselfishness of Mrs. Lierman."

Canadians By The Hundreds Seek To Serve In Korea

Ottawa, July 28.—(AP)—Canadians who want to fight only in Korea are being turned away from recruiting stations by the hundreds.

A defence department official said today that in the two weeks July 1 to 15, 600 Canadians asked to enlist for Korea duty. Hundreds more have kept recruiting officers busy since.

Each had to be informed that Canada is not accepting volunteers specifically for Korea. What the services want are men committed to go anywhere.

When told this, said the official, many of the volunteers wouldn't sign.

But in the first two weeks of July, 1,500 did volunteer for active service anywhere. A sharp upsurge was noted in the latter half of the month after Defence Minister Claxton made an appeal for men.

The total for the month will not be known for several days when district officers have sent in the figures.

Officials here said it may reach 5,000. That does not mean Canada will obtain 5,000 recruits.

For every man who passes the services' physical and other tests, 12 are turned away.

The armed forces' standards are high. At the moment there is no indication they will be lowered, as was done during the second world war to increase the percentage of volunteers who can be enlisted.

Opposition To King Brings Riots, Strikes In Belgium

Brussels, Belgium, July 28.—(AP)—Belgians walked to work today as the country's widespread anti-Leopold strikes hit the capital. The city's factories and most large department stores were closed.

With some 300,000 workers already idle in protest against King Leopold's return to his throne, both the King's supporters and his opponents pulled their battle lines tighter. Tension mounted through the country.

Paul-Henri Spaak, former socialist premier, called it "the start of a revolution."

An anti-Leopold demonstrator died of injuries suffered last night in a bloody 30-minute fight between police and anti-Leopold partisans who penetrated to within 300 yards of the King's palace at Laeken. The dead man was reported run down by a car he was trying to stop.

Only about 20 of Brussels' 750 street cars were operating today. Protected by rifle-carrying gendarmes and jammed to the doors, they were driven by members of the pro-Leopold Catholic Union, which ignored the strike call of the larger socialist-controlled union.

Anti-Leopold strikers lobbed stones and smoke bombs into street cars today. Gendarmes rushed to aid smoke-filled cars floundering outside the stock exchange in the centre of the city.

A crowd before one open street car sang the communist Internationale and boomed members of the staff going to work.

At Brussels' last night 2,500 anti-Leopold partisans defied a local order forbidding more than five persons to gather in the streets. They marched on the

Support For Controls In U.S. Grows

Washington, July 28.—(AP)—Considerable support built up in Congress today for a drive to put the United States under rationing and wage and price control.

The idea is to substitute full home-front mobilization for President Truman's limited economic-control bill.

The House of Representatives banking committee approved the president's plan late yesterday by a vote of 20 to 1, but only after it failed by a one-vote margin to take instead the all-out economic control plan proposed by elder statesman Bernard M. Baruch. The Baruch plan lost 10 to 9.

Representative John Kunkel (Rep. Pa.) author of the all-out substitute, announced immediately he will take the fight to the

No Additional Canadian Aid Is Planned Now For Korea

Ottawa, July 28.—(AP)—Canada is standing for the present on her current commitment of ships and planes to Korea and no plans have been made to send ground troops, Defence Minister Claxton indicated last night.

The Minister told newspapermen on his return from Toronto that no major decisions on Korea were taken at the latest meeting of the Cabinet. There were no plans for a special session of Parliament, which Prime Minister St. Laurent has said would be called if more Korean aid became necessary.

Mr. Claxton and other ministers were questioned as they returned from Toronto but he said the defence minister said developments in Korea had resulted in a decision to spend much more on defence than the \$425,000,000 allocated in the budget. But he denied reports that an announcement would be made shortly on the question of sending Canadian troops to Korea.

There was no indication Mr. St. Laurent will return to Ottawa from Rimouski, Que., before the next regular Cabinet meeting Wednesday. This was taken to indicate no further moves will be taken on Korea before then.

Canada at present has committed the destroyers Cayuga, Athabaskan and Sioux to Gen. MacArthur's United Nations forces in Korea and a squadron of R.C.A.F. transport planes to transport work across the Pacific.

McChord Air Force Base, Wash., July 28.—(AP)—The first flight of R.C.A.F. Korean air-lift planes was thundering across the Pacific today, bound for Tokyo.

The 5,000-mile flight will take at least 23 hours.

Officials at this base, North American hinge on the air lift, declined to say exactly how many planes had left or their time of departure.

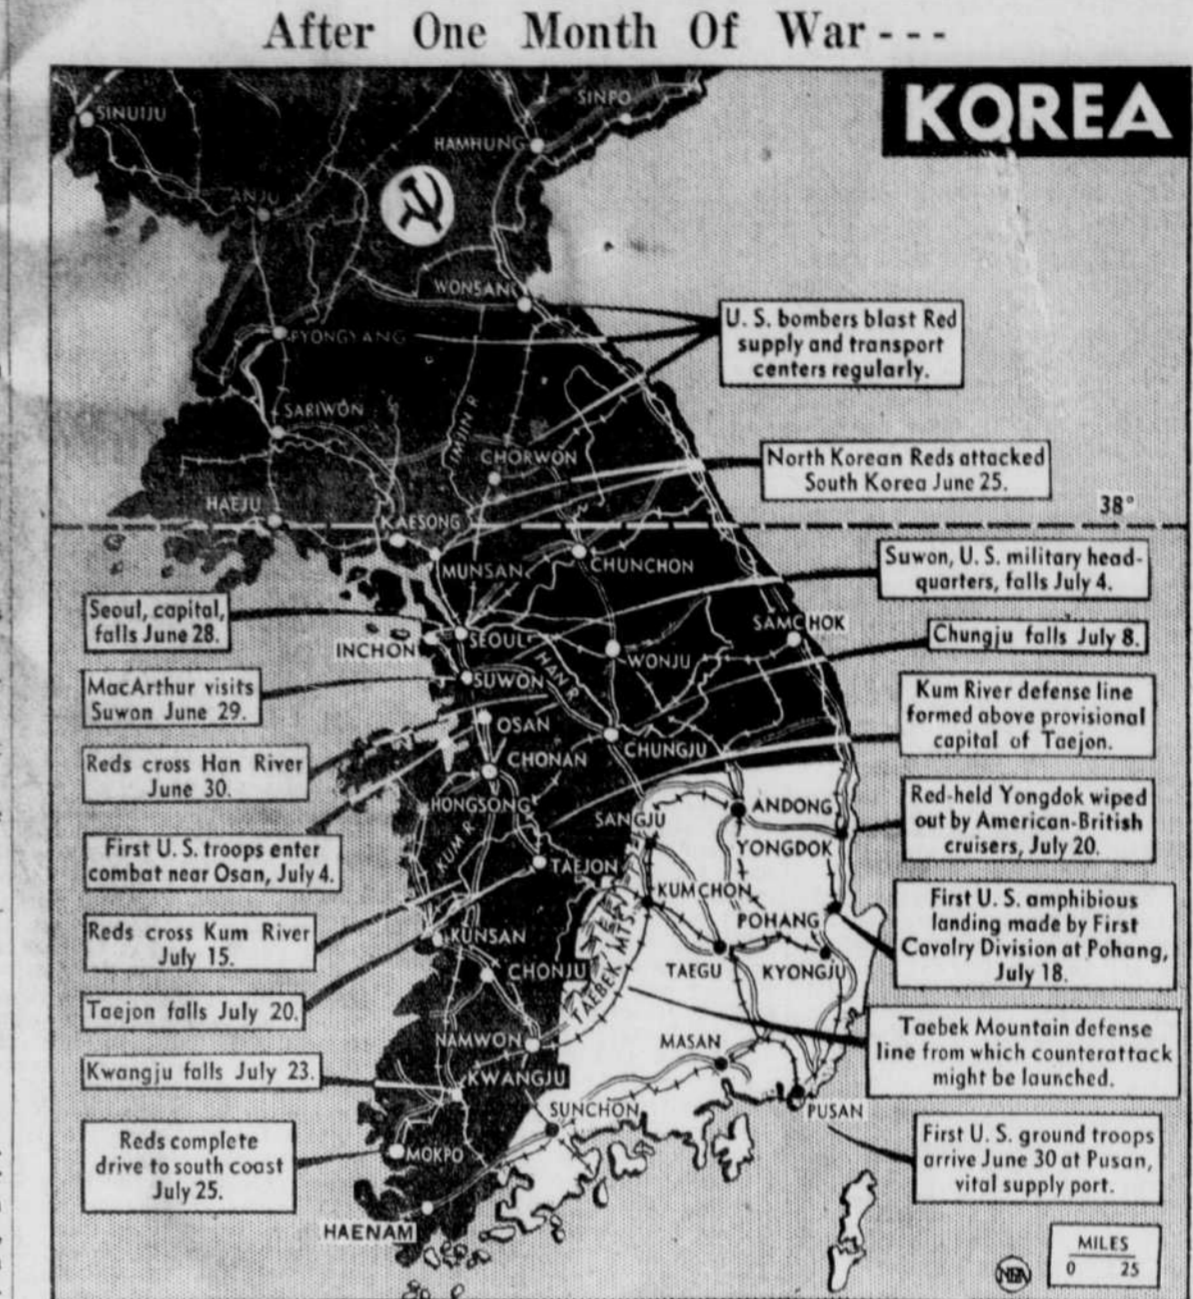

It was assumed, however, that six R.C.A.F. aircraft were making the flight and that they had left here at 7 p.m. (10 p.m. EDT) last night.

The North Star planes of 428 transport squadron, under command of Wing Cmdr. Campbell Mussels of Montreal, arrived here Wednesday.

The squadron will ferry supplies to Tokyo over the northern Pacific air route via the Aleutians.

R.C.A.F. ground crews will be spotted at airfields along the route to service the North Stars. United States air force ground crews are not familiar with the engines of the Canadian aircraft.

The North Stars brought spare engines with them when they landed here from Montreal and spare parts will be flown here as needed.

Hard-driving North Korean troops over-ran two-thirds of the territory of South Korea in the first month of war. The Newsmap above shows high points of the action which began with a Communist strike across the 38th parallel on June 25. As the war enters its second month, the major question is whether hard-pressed American and South Korean forces can hold a defensive position around the vital Pusan supply port long enough for reinforcements to arrive and give enough power to launch a counterattack.

Russia Ends Boycott Of U.N. Security Council As Malik Returns To Office

By A. I. GOLDBERG
Lake Success, N.Y., July 28.—(AP)—Russia late yesterday announced the end of her boycott of her United Nations Security Council. Her chief U. N. delegate, Jakob A. Malik, said he will take over the Council presidency on schedule August 1st.

The full meaning of the Russian return could not be evaluated. It threatened vetoes over future Council actions on the Korean conflict or on any other action the Russians oppose.

But there appeared no way the Russians could recall actions already taken, although they have branded U.N. intervention in Korea illegal because the Soviet Union was not represented at the meeting and the Chinese nationalists were.

Alphabetical rotation of the Council presidency among its members gives Russia its regular term in August.

Malik, a Soviet deputy foreign minister, gave no indication that he intended to attend the Security Council meeting this morning. Its announced purpose was to hear what Council members have to say about the review of U.N. military operations in Korea, received this week from Gen. Douglas MacArthur.

Malik notified Secretary-General Trygve Lie yesterday that he plans to take his August term and that he wants a Council meeting held at 3 p.m. E.D.T. next Tuesday. He told Lie he would announce the program of business later.

Lie's office notified all other members of the Council immediately, including T. F. Tsiang, Chinese nationalist delegate whose continued presence in the United Nations over Russian protest—set off the Soviet boycotts that finally extended to 30 U.N. groups.

There was no indication whether the break in the boycott would bring the Russians back into other U.N. bodies.

Nor was there indication how long the Russians would remain or what would be their attitude toward the U.N. General Assembly opening Sept. 19th.

In Washington, some government officials said they suspect Russia wants to block further U.N. action on Korea. They said Russia's return without the expulsion of nationalist China and the admission of communist China represents a diplomatic victory for the west.

One U.N. source expressed the opinion that "this is complete reversal of poliburo policy" and predicted the Russian are back to stay a while.

What will Malik do?

Further Council action to aid Gen. MacArthur's war effort against the Russian-endorsed North Koreans appeared scheduled for a bog-down in lengthy debate or a Russian veto. The same possibility loomed should feared against the U.S. security council.

Sidelights On Conflict In Korea

Tokyo, July 28.—(AP)—North Korean headquarters at Pyongyang claimed in a broadcast today that communist guerrillas are becoming active inside the city of Pusan, main United States supply base on the east coast.

Cairo, Egypt, July 28.—(AP)—Battle-tested members of a Greek infantry company which fought at El Alamein and Tobruk volunteered today to fight as a unit with United States forces in Korea.

Their wartime captain, Sergios Calopoulos, told the U.S. embassy he was authorized by between 60 and 70 infantry veterans to make the offer.

With U.S. Forces in Korea, July 28.—(Reuters)—Maj.-Gen. Cher Byong Duk, who resigned from the post of chief of staff of the South Korean army when the northern forces captured Seoul, was killed in action Thursday, the South Korean defence department announced today. He was serving as an army commander.

York, England, July 28.—(AP)—The Archbishop of York said today a communist victory in Korea would encourage communism to begin "a supreme attack" on western Europe.

"Steady nerves, iron determination, thorough and immediate preparation for defence are essential," the Church of England prelate said.

Lake Success, N.Y., July 28.—(AP)—United Nations sources estimated today there are between 750,000 and 1,000,000 refugees in South Korea. They said emergency supplies are being distributed from military stockpiles but that there is a great need for food, shelter, clothing and medical supplies.

With U.S. Forces on South Coast of Korea, July 28.—(Reuters)—American troops are finding evidence that the North Koreans prepared the invasion of South Korea long in advance.

During yesterday's battle for Hadong, 75 miles west of Pusan, the communists used concrete machine-gun emplacements. Northerners in another part of the area fired on allied troops from deep holes on hills without natural cover.

Intelligence officers have noted other positions prepared in advance of the North Korean high ground and at strategic points.

As soon as the North Koreans entered the area they went straight to these positions.

Hong Kong, July 28.—(AP)—Two New Zealand frigates—the Tutira and the Pukaki—left Hong Kong last night, presumably to join Allied naval forces in Korea.

The trip to Korea from here is about a four-day voyage.

Washington, July 28.—(AP)—The maritime administration Thursday ordered 30 more cargo ships

BIRCHTON

The Birchton Women's Association held a strawberry supper in the Birchton Hall. The supper tables were very attractive with crystal candlesticks with white candles at each end and a crystal basket of pink peonies and snow flowers in the centre. Large baskets and vases of pink and white peonies about the hall made a very attractive background. The conveners for the supper were Mrs. Robert Kane and Mrs. Mabel A. Hodge. The proceeds were very satisfactory.

The many friends of Mr. Howard Kirkby are sorry to hear that he is in the hospital at Ste. Anne de Bellevue, for treatment and possibly a throat operation. Barbara Braver'n Bob

Barbara Stanwyck is braver than Robert Taylor.

The lions that are leaping at Bob in "Quo Vadis" are harmless milk-lappers compared to the big Hollywood cats who arched their backs when Barbara showed up at the Bar of Music flanked by Ginger Rogers' ever-loving Greg Berger, Benay Venuta and Fred Clark.

What's more, intrepid Barbara saw mimic Arthur Blake's thorny lampon of her movie acting style for the first time and screamed, "Oh, no, I don't talk like that—do I?"

Explaining Greg on her arm, Stanwyck told me:

"Now let's get it all straightened out. Ginger knows all about it. She's working and went to bed early. Taylor's in Italy. We all met at dinner and came here. Now let's not make a Hollywood scandal."

Steve Cochran says that he hasn't seen Mae West since she returned to Hollywood, but he denies that there was any serious romance between himself and Mae during the Broadway run of "Diamond Lil."

"Mae was a lot of fun," he sighs. "We ran around a little together. You know, dinner and laughs. She's more fun than dozens of young dolls I know."

Steve plays another sagebrush heavy in "Raton Pass."

Problems Facing Industry In Britain Described To Rotary Club Of Boundary

Derby Line, July 28.—"American aid, a seller's market, plus the efforts of Britain itself, are the causes of the upswing in British industry," according to Professor Stanley Beaver, of the McGill University Geography Summer School, in a talk at the regular Monday evening meeting of the Rotary Club of the Boundary, held at the Del Monty Hotel.

Professor Beaver, a graduate of the University of London and a teacher at the London School of Economics, will return to England this fall to become a professor at a new university in Staffordshire. Professor Beaver sketched briefly the history of the development of British industry, and said, "Thanks to finding coal and iron in the same deposits, the development in England of the steam engine which used coal for fuel and iron to manufacture, and the many inventions in the field of textiles, plus the growth of British shipping, the industry of the British Isles for many years enjoyed a pre-eminent position in world trade."

"Labor was cheap and poorly housed; for many years there was little foreign competition; and the growth of the British Empire created new markets for goods. Unfortunately, lack of competition discouraged changes and new ideas, and when Germany, Japan and the United States began to develop their industries, Britain faced many changes. The coal exports coupled with the use of the same tramp vessels to bring raw materials back to England kept things going for some time."

"Industrial regions that depended upon one product were severely hit during the depression; oil replaced coal in many boats; and two world wars caused many changes in the industrial regions of the British Isles. From handling about 50% of the world's shipping, Britain dropped to about 25%, thereby causing a severe reduction in the money received. Most of the industrial towns of England were blitzed during the late war, but it was housing that was damaged the most."

"It was American aid, plus a sellers market, and especially the efforts of Britain itself, that has brought the industries back to a full employment level. The people of England have gone without the good things of life in a real effort to build up exports; exports that mean vitally needed dollars. The working man today has better housing, his health is at a very high level, and the available food is distributed so that each family has a fair share."

"The coal output today is not enough to allow for the exports that used to be of such help. There are many cases where it seems as though it took two men to do one man's work. Taxation is at a penal level. Not only are the workers reluctant to put in any overtime, knowing that all the extra will go to the government in taxes, but industry has no capital left to put into new ideas or inventions. Shorter hours, plus cradle to the grave care, have created an unwillingness to exert oneself. The many controls are frustrating to the worker and to industry."

"Nationalization of industry has been of no real help. The working man is still working, and frequently for the same bosses. Instead of being owners, the bosses are now civil servants. The iron and steel industry—not nationalized—is running at a peak level, while that which is nationalized is not doing nearly as well."

"In spite of everything, production is still gaining. Britain is still building one half of the world's ships, and her exports are reaching an auid market throughout the world."

"What effect an end to the seller's market might have; what will happen if the government changes—those are questions no one can answer. At present conditions are good, and certainly the worker is much better off than he was not so many years ago."

Professor Beaver was introduced by Kenneth Hare, director of the McGill Geography School, who also played the piano for the singing. He was thanked for his absorbing talk by Wm. Dailey.

Present as visiting Rotarians were John Durkee of Waterbury, Vt.; Ward McLaughlin of Bay Shore, N.Y.; Jesse Levin, Clarence Jordon, Justin Curtis, Dan Brandon, Karl Page, Jr., and Ed. Doubleday, all of Newport. President C. R. Darby presided at the meeting.

The young lady visitor to the zoo stared at the sign on the kangaroo cage in stunned silence. The sign read, simply: "Native of Australia." Finally, she turned away from the cage, and shrieked, "Great Heavens! Me sister married one of them things!"

Sherbrooke Fusilier Regiment Asscn. Will Hold Annual Reunion At Week-End

Battles that carried men of the Sherbrooke Fusilier Regiment from the beaches of Normandy to the Emden-Wilhelmshaven peninsula in Germany will be re-fought in words this week-end when members of the Sherbrooke Fusilier Regiment Association gather here for their 5th annual reunion.

Between 200 and 300 veterans of the famous armoured unit, which fought with outstanding gallantry and success from D-Day to VE-Day, are expected to attend the reunion which starts tomorrow morning at the Belvidere Street Armoury when the registration booth will open at 10 o'clock.

The program for the two-day

reunion calls for registration until 3 p.m. when the annual business session will be held. This is expected to last about 45 minutes and will be followed by a group picture and, at 4 p.m., a parade to the Cenotaph.

There will then be a break until 7 p.m., when the Association members and their wives and guests will return to the Armoury for a buffet supper. Following supper there will be dancing and entertainment until closing.

On Sunday the Canadian Legion Memorial Home will be open to the convention delegates and a program of entertainment and movies will take place, starting at 2:30 p.m. The films will include one centred around the exploits of "Bomb," the Regiment's tank that was fought from Normandy to Germany. The other film will highlight the Normandy invasion.

Officials in charge of arrangements for the reunion, returning to Sherbrooke this year after having been held in Montreal in 1949, emphasized today that everyone who served with the "Sherbrookes," whether it was for just a few days or for the entire war period, is entitled to attend the reunion and will be welcomed.

Originally mobilized in 1940 as a bilingual, infantry battalion, the Sherbrooke Fusilier Regiment was converted into an armoured unit two years later and as such gained a reputation equalled by no other formation overseas.

It landed at Berniere-sur-Mer on D-Day, fought through the fierce battles of the Normandy bridgehead around Caen and Falaise and helped to seal the Trun gap in which the German 7th army was all but annihilated.

This was just the start of the Sherbrooke's exploits, however, for after that it took part in every major Canadian engagement until the end of the war.

It was in the drive up the French coast and through Belgium, engaged in the heavy fighting along the Belgium-Netherlands border, played a big part in the drive to the Rhine in the late winter of 1945, was among the first Canadian tanks across the Rhine and then helped to spearhead the final push that drove the Germans facing the Second Canadian Corps back into the Emden Wilhelmshaven peninsula where the final surrender was taken.

These many battles, and the names of the towns associated with them, will be recalled this week-end as the veterans get together.

Paquette's Death Is Blamed On Heart Attack

Windsor Mills, July 28.—A coroner's inquest held yesterday in Windsor determined heart attack as the cause of death of Leo Paquette, 50-year-old butcher in Windsor, whose body was found in the waters of Brompton Lake a few feet from shore early Thursday morning.

The victim, who had been ill for several months, was visiting his brother's cottage at Brompton Lake and had gone for an early morning walk. Approximately one hour later his body was discovered by his brother, E. Paquette, and a friend Jack Butler, both of Windsor.

A doctor from Windsor, Dr. R. Morrisette was called and upon brief examination pronounced Paquette dead. He also diagnosed that the body had been under water for less than an hour.

Dr. L. Gagnon, coroner for this district, presided at the inquest yesterday.

Mr. Paquette is survived by his wife, and a stepson, Bert Paquette, of Sherbrooke.

Two Men Drown Near Montreal

Montreal, July 28.—Two men were drowned in the Lake of Two Mountains at nearby Belle Placé last night when their canoe upset.

Provincial police identified the victims as Fernand Leroux, 29, of Belle Placé and his 20-year-old brother-in-law, Bruno Seguin. The body of Seguin was recovered an hour later. Search for Leroux's body will be resumed today.

Montreal, July 28.—Seven-year-old Pierre Saschagrin of suburban St. Leonard de Port Maurice was killed yesterday when he was struck by a car while riding his bicycle.

Quebec, July 28.—One man was killed and three others injured last night when firemen fighting a small blaze in a house shed pulled a clothes line off the shed and it dropped on a power line below.

The victim is Adrien Gauvin, 21, of Quebec, who was apparently watching firemen fight the blaze when he was electrocuted.

Henri Letourneau and his son Laurent both are in hospital with severe burns and shock. One fireman was reported slightly injured.

Just how the power line accident caused the death and injuries could not be learned immediately.

The fire itself, of unknown origin, was a relatively small affair. Extent of material damage was not immediately known.

Mrs. Arthur Smith, Mr. and Mrs. George Hall and Mr. F. J. Salway, Mr. and Mrs. Paul Delaney, of Sherbrooke, spent the week-end with Mr. and Mrs. Courtland Delaney.

Mrs. Donat Valliere and Mrs. Courtland Delaney have left for Leominster, Mass., where they will visit relatives.

Mrs. A. Linahan has returned from a visit to Mr. and Mrs. A. Campbell and Mrs. L. Millette, at Danville.

Mr. W. Poirier, jeweller, and Real Savard, secretary of the Jeweller's Association, have returned from Chicoutimi, after attending the Jeweller's Convention.

Upwards of one hundred members of their families, of the Cercle de L'Artisanat, held a very enjoyable picnic at Lake Richmond.

Regiment's Most Famous Tank

This picture will bring back memories to former members of the Sherbrooke Fusilier Regiment who will be in Sherbrooke during the week-end for the annual reunion of the Regiment Association. It is the picture of "Bomb," the unit's tank which went into action on D-Day and was still fighting when the war ended. Fire at the Sherbrooke Regiment Armoury temporarily displaced "Bomb" from its quarters on the Armoury drill floor and at present it is resting outside the William Street edifice. Plans are afoot, however, to have "Bomb" permanently located as a memorial to the "Sherbrookes."

Florent Roux Is Transferred To Montreal

Florent Roux, 19, son of Mr. and Mrs. Ernest Roux, of Cleveport Avenue, in Richmond was transferred from the St. Vincent de Paul hospital here to Montreal yesterday following little improvement in his condition since Wednesday when he was rescued from drowning at Brompton Lake.

Roux regained consciousness in the Montreal General Hospital this morning for the first time since the accident, but his condition was still reported as serious.

The youth, a popular member of R. A. Marotte's staff in Richmond, had gone swimming after supper with two friends, Paul Langlois and Jean-Paul Cormier, both of Richmond.

Shortly after arrival, Cormier suddenly noticed that Roux had disappeared. A few minutes of frantic search followed before Roux was discovered several yards from shore. The rescuers began to work on the unconscious victim, and neighboring cottagers made aware of the accident came to their aid.

Artificial respiration was practised for 55 minutes before the arrival of Dr. Morissette from Windsor, who called for an ambulance and ordered Roux to hospital.

Among those on hand who applied artificial respiration were

Six Persons Are Injured Near Magog

Magog, July 28.—Six persons were injured, one of them seriously, when a car and a small truck met head-on on the highway one mile west of here yesterday.

Joachim Aubert, 59, of Sherbrooke, was taken to the St. Vincent de Paul Hospital, Sherbrooke, and given a transfusion.

His condition was critical on entrance, but he was reported out of danger this morning.

George Legasse, 22, of Magog, suffering from a fractured knee and other injuries, was admitted to the Providence Hospital here. Admitted to the same hospital were Raoul Lapointe, 18, Roland Delage, 21, Norman Gaudet, 20, and Yves Bernard, 20, all of Magog.

They were released last night after a brief examination.

Police said E. Cook, 38, of Cookshire, Que., was driving west, followed by Aubert, who attempted to pass. At the same time, coming from the opposite direction, a one-ton pick-up truck driven by Gaudet, attempted to pass a car driven by Sidney Vender, 44, of Montreal. A collision between the vehicles of Aubert and Gaudet resulted. Vender escaped injury when his car was sideswiped by one of the colliding vehicles.

CYCLIST HURT
 A motorcycle-car collision on the Beau Site road early yesterday evening resulted in undetermined injuries to Jan Guy Fontaine, 18, of 94 8th Avenue, which sent him to the St. Vincent de Paul hospital where he is still under observation today.

His condition is described as not serious.

Have you read the Want Ads lately? Perhaps there is something advertised you would like to buy.

Mr. and Mrs. Grant Campbell, of Richmond, Bob Tanguay, of Grandby, and Cst. Gerry Larkin, of Windsor Mills, a member of the St. John Ambulance Brigade.

The reason for the near drowning is still unknown and Roux's exact condition seems to be complicated, since reports indicate that the victim was under water for a short time and actually swallowed little water.

Postponement Of Daylight Saving Time Until October 29 Announced By City

Sherbrooke's return to standard time which has been scheduled for midnight of Saturday, September 30—or Sunday morning October 1—has been delayed for four weeks and the change of time will not be effective until midnight on Saturday, October 28—or Sunday morning, October 29, when the change will be felt by the vast majority of the citizens.

This decision was taken by a city council committee session last evening in an effort to avoid as much confusion as possible due to different limits in various municipalities.

Originally at the suggestion of the Canadian Passenger Association, representing the Canadian railways, the return to standard time was fixed for September 30. At that time, it was believed that the majority of Eastern Canada municipalities would adhere to the traditional May to September advanced time season.

However, the City of Montreal proclamation provided for Daylight Saving time to continue this year until October 28, which also fixed the limits for Quebec City where the municipal by-law states that Daylight Saving time shall be effective for such periods as it is in effect in Montreal.

With the City of Montreal deciding to stick to its original decision, a number of other municipalities have decided to extend the summer time period for four weeks.

The extension of Daylight Sav-

ing Time has been rather a happy affair in the past few years, individual municipalities taking such action as a power conservation measure. Two years ago, in fact, Sherbrooke instituted advanced time for the month of November when production of electricity by the municipal plants sank to a low level owing to low water in the rivers. Ontario also suffered from similar troubles.

However, additional installations of power dams and expanded distribution facilities have largely eliminated any problem that might result from power shortages.

Two Accident Cases Treated In Hospital

Two accident cases were admitted to hospital here yesterday, neither of them in very serious condition.

Lorenza Paradis, 36, of Windsor Mills and employed by the Rehabilitation Society's farm at Notre Dame du Lac on St. Catherine Rd., was admitted to the Hotel Dieu hospital with both legs badly poisoned.

Paradis was brought here for treatment following an accident last Friday in which he spilled a container of potent insecticide on his legs. He was treated for burns on the scene, but inflammation set in forcing his removal to hospital.

Jaques Blais, 8, 89 Laurier Avenue broke his forearm when he fell down a flight of stairs at home yesterday and entered the Hotel Dieu hospital where he is still receiving treatment this morning.

Everybody who sees a trampoline act wonders if it wouldn't be fun to try a few bounces on the fascinating device and when they see Paul and Paulette with Jimmy Garner at the Sherbrooke Fair, August 26 - September 1, it will be apparent why this is true.

The trampoline is an extremely interesting gadget and when this amazing trio goes to work on it, it becomes even more intriguing.

Paul, who has long held the title of "The Maestro of The Trampoline" takes the comedy lead in the act and as he clowns he injects plenty of humor into the routine.

Jimmy Garner is the only person in the world who does a triple twist, three complete twisting pirouettes while somersaulting, also a double somersault with a full pirouette in the first somersault.

Paulette ranks as the foremost girl performer on the trampoline. Her acts include passing her body through a hoop while skipping rope and doing a series of back somersaults.

With three such talented artists this act couldn't miss being one of the best of its kind in the world today.

Officials of the Fair secured this outstanding act through the office of George A. Hamid, Inc., of New York, the country's foremost booker of outdoor amusements and owner of the famed Steel Pier at Atlantic City, N.J.

Husky Pike Landed By Local Man

You can't tell J. A. Leger, of Denault Street that Lake Aylmer isn't a good place for fishing.

He stopped off there for an hour's casting yesterday and tossing his minnow spinner into weeds about 75 feet off shore hooked into a 28 1/2 inch pike. Mr. Leger's wife had the pike weighed this morning—result, five pounds three ounces.

Coldest winter on record was 1875; also deepest snow for thirty-one continuous days when the mercury stood from zero to 36 below; pioneers were without parallel for roneer days. The records stop here—likely the ink was never been experienced before. The two winter industries that was badly affected were lumbering and sugar-making in the maple country.

We note in going over these records there is no mention of floods nor lack of water of any amount; today the big fear is flood and drought; the hazard of fire has frequently taken its toll. But fair Eastern Townships which have sponsored all this cold and snow can give us bright, clear sunshine; fleecy clouds flitting across the deep blue sky, stately trees waving their branches high over our heads while our feet rest in their stride on the green sward that our ancestors left for us to enjoy. It will always be so.

Powerful support gathered behind the Baruch plan. Chairman Carl Vinson (Dem. Ga.) of the House armed services committee said "I am for the Baruch plan. Otherwise, there will be inflation, absolutely out of control."

The Federal Reserve Board reported that department store sales in the country last week ran 46 per cent higher than in the same week last year. Never before has such a large increase been recorded.

The agriculture department said sugar sales by primary distributors jumped 37 per cent in the first three weeks of July, compared with the same 1949 period.

Truman's bill calls for no price and wage controls, and for no rationing powers. The President says he doesn't need this authority now but will ask for it if he finds it needed.

His request provides allocation and priorities authority to channel facilities and materials into military and essential uses, to finance increased productive capacity and a larger supply of materials; and to control instalment buying and other consumer and real estate credit, and also power to curb speculations in commodities.

national council's Korean resolution—hammered out in closed sessions here—referred back to the resolutions committee for redrafting along the lines of his proposed substitute.

The move was defeated, 111 to 24. The original resolution then was passed 115 to 25.

The resolution, which asks the government to reconvene Parliament at the earliest moment, says: "The burden of military action to halt aggression in Korea should not be left to one nation alone."

All countries in the U.N. should participate "according to their ability in whatever military and other measures are necessary."

The C.C.F. went on record as opposing any move to grant Red China a seat on the U. N. Security Council as a condition of settling the crisis.

Ex-Townships Resident Has Reunion

Mrs. R. G. Chattin of Westfield, New Jersey, hadn't seen her brother, E. K. Glidden and his family for about forty years. Though seventy, at last, the lady thought she would do something about it, so she hopped on a plane, reached her destination safely, and is holidaying pleasantly right now in Edmonton, Alta.

From horse and buggy to airplane in one life-time is quite a step for anyone. Mrs. Chattin was born and brought up near the village of Compton though her anchorage now—when she's home—is New Jersey. Though she has lived away from the Eastern Townships for a number of years she is still very interested in activities of its communities, and it seems, also, sufficiently gallant to try anything once.

Mrs. Chattin is an aunt of Mrs. P. M. Standish, of Ayer's Cliff.

Moscow, July 28—(AP)—Moscow's press reported today the United States government is encountering serious difficulty in building its army due to "the lack of desire of American youth to the sake as cannon fodder for the war of increased profits for Wall Street magnates."

Headlines in the morning press told of preparations for war in the United States and Britain.

American intelligence authorities assumed that since the withdrawal of United States troops from Korea at the end of the occupation, underground forces began preparing for the invasion, smuggling in and storing arms caches through the country.

OVER 60-BUT NEVER CONSTIPATED NOW

"After a lifetime of constipation I became 'regular' simply by making KELLOGG'S ALL-BRAN my breakfast cereal. No more pills or medicines—such a difference!" R. E. Schultz, 5 Bedford Rd., Kitchener, Ont. Just one of many unsolicited letters. If you, too, suffer from constipation due to lack of bulk in the diet—don't waste any more time. Start eating an ounce of toast ALL-BRAN for breakfast—and drink plenty of water. If after 10 days you are not on the road to complete regularity, send empty box to Kellogg's, London, Ont. Get DOUBLE YOUR MONEY BACK!

Now even a 12-year-old can wax your car in 20 minutes without rubbing!

CAR-PLATE

gives a "diamond-shine"—guaranteed brighter, tougher, longer lasting than any other wax job!

Nothing else like Car-Plate!
Unlike other auto waxes, Johnson's Car-Plate is a smooth-flowing wipe-on liquid... a basic chemical discovery in the Johnson's Wax Laboratories. Even after hours of rubbing, no other wax can match the finish Car-Plate gives so easily and quickly!

Just spread on... and wipe!
Imagine waxing a whole car in 20 minutes! Car-Plate needs no rubbing to make it shine. Just spread it on the cleaned surface... then wipe lightly. So easy a 12-year-old child can do an expert job and call it fun! Won't harm the finish of any car.

Guaranteed!
The makers of Johnson's Car-Plate unconditionally guarantee that it will give your car the brightest, smoothest, longest-wearing wax-finish it ever had. Your money back if not completely satisfied.

IMPORTANT! Car-Plate is a wax—not a cleaner
Car-Plate, like any wax, should never be applied to a dirty surface. For quick thorough cleaning of your car, Johnson's Caru is recommended.

Once applied, Car-Plate's protective diamond shine lasts month after month. Dust wipes off easily. Occasional washing takes only a fraction of the effort it would ordinarily take.

Johnson's Caru—the perfect pre-cleaner before using Car-Plate—is sold wherever Car-Plate is sold.

Granby Couple Celebrated 45th Anniversary

Granby, July 26. — Mr. and Mrs. L. A. Bergeron, Elgin Street, celebrated the forty-fifth anniversary of their wedding day on Monday, July 17.

A special Mass was said by Father Theroux, of the Blessed Sacrament of Montreal, at the Convent of the Immaculate Conception, Dufferin Street, in the morning.

In the afternoon and evening, Mr. and Mrs. Bergeron held a reception at their home, when many of their relatives and friends called to offer their hearty congratulations.

The living room was attractively decorated with summer flowers and in the tea room a table arranged with a lace tea cloth, was centered with a crystal bowl of white carnations and red gladioli. Silver tapers in silver holders completed the decorations.

Mrs. Bergeron was wearing a gown of navy blue mesh with blue and white accessories and a corsage of white carnations.

Blue Bombers On Comeback Trail, Imported Talent Ace In Hole For Western Club; Tough Season Ahead

Winnipeg, July 28.—(C)—Winnipeg Blue Bombers are on the comeback trail. They've slipped a few inches into the deck for a grand-slam bid in the Western Inter-provincial Rugby Football Union.

The days when Bombers dominated the Western football scene and sometimes the Canadian picture are fond memories. But the club hopes to make them a reality again. Bombers don't intend to finish in last place as in the last two seasons.

To carry out their plans, Coach Frank (Butch) Larson and President Ralph Misener have recruited some promising talent in Eastern Canada and the United States.

Topping the list of imports is 30-year-old quarterback Indian Jack Jacobs. A desire for the security Canadian football offers and the amalgamation of the two United States professional football leagues enticed Jacobs away from Green Bay Packers.

"I hurt my knee last year with Packers and I might be cast off without a penny if it goes on the bum in the middle of the season," Jacobs said. "In Canada, I have all-season security."

R. P. (Buddy) Tinsley, a brawny six-foot, four-inch tackle, backs up Jacobs.

"The combining of the leagues is going to put a lot of guys out of work," said the former Baylor and Los Angeles Dons star. "The slicing of contracts by the combined leagues—plus the insecurity—brought me up here."

A big bomber factor will be fleet Tom Casey, almost a one-man team with Hamilton Wildcats in the Big Four last season.

Besides his year's experience in Canadian football, the 25-year-old halfback toted a pickup for Hampton Institute in West Virginia from 1942 to 1947 and for New York Yankees in 1948.

Latest find is Mitch (Mr. Smear) Smiarowski, six foot, 215-pound centre, who earned his nickname in college football before being drafted this year by Baltimore Colts. At present he is working out with Bombers but hasn't signed a contract.

Bombers are keeping their fingers crossed that a duo of ends will turn up. There's a chance that Amber Wimberley, a Louisiana State and Dons alum, and Bill Kelley of Texas Tech and Green Bay Packers may line up with an American club. They haven't reported to Larson yet although they have signed. The seventh import under League rules also has not been named.

From Eastern Canada, bombers have culled Donald (Sleepy) Knowles for a backfield slot. He was voted most valuable player in the Ontario Rugby Football Union last season for his work with Sarnia Imperials.

There also are Andy Sokol, former University of Western Ontario back who has played with Hamilton Tigers and Imperials; Alan Wiley, a useful Ex-Imperial who plays centre or guard; and Tommy Ford, a Toronto Argonauts backfielder of last season and with Toronto Balmy Beaches in 1945-46-47.

Bombers have had their recruiting disappointments. They lost Bill Larochelle of Ottawa Rough Riders when a winter deal fell through. They are still dickering for Jimmy Lorenzo, Big Four rookie of the year with Hamilton Wildcats last season.

Only member of the last Bomber championship team of 1947 is 24-year-old guard Bud Irving.

Johnny Stroppa—rookie of the year in the West in 1949—will also play a major role for the blue and gold this year.

Coach Larson and line coach Sol Kampf of Grand Forks, N.D., are cagey about making any predictions.

"We'll have a much better-balanced ball club this year," said Larson. "Our rookies of last year are shaping up well—but all the teams in the West are building up, especially Edmonton. It will be a better league this year."

But, if Larson and Kampf aren't spreading themselves much, the railbirds are. They say Bombers will be the dark-horse of the season.

Sports Roundup

By GAYLE TALBOT (For Huga Fullerton, Jr.) New York, July 28.—(AP)—If the income tax authorities are willing, it now appears more than likely that Joe Louis will come out of his semi-retirement to fight Ezzard Charles at New York's Yankee Stadium in September.

It is the only means the once-great champion has of settling a six-figure tab with the government and it would seem the part of wisdom for Washington to approve the reported "deal" whereby Joe would surrender his entire end of the purse in exchange for a full financial pardon.

The layman might well be puzzled at Joe's ability to run up such a bill with the government. Even those closest to the situation are somewhat vague about it. Their awed remarks about Joe's terrific spending ability, while undoubtedly true, still leave a question or two unanswered.

The man who earned about \$4,000,000 while holding the heavy-weight title for 11 years owns a pile of money, and he's got to make a stab at coming up with it. The only way he can earn that kind of money is by fighting again.

The Old Joe So it is too bad. Louis was a great fighter — maybe even the greatest ever to pull on a glove. But that Joe Louis is gone, leave.

WITH ROD & GUN GETTING BACK NEARER HOME

Perhaps some people up around Laurentide Park, La Tuque, Maniwaki or Lake St. Louis are getting tired of reading about the Eastern Townships so perhaps we'd better change the subject for a paragraph or two at any rate. That trip out there with Tom Southwood was good for what ailed me for I at least recovered enough gumption to stay on the job, although I've had to pass up a couple of invitations to go out for a muskie. Under a maple tree, beside a country road out there in Eli township with an ice-cold spring bubbling up right in our midst, I tasted by first meat in three weeks and quaffed my first beverage. It worked so even if you don't like beautiful scenery, or nice people or fishing or anything is wrong with you, you might try it.

We've about arrived at the time when fishing generally is not of the best. Trout lie low and so even do the fishes of the St. Lawrence and the Ottawa and their "lakes." There has been some very good dore fishing out in Lake St. Louis. Art Pregeant, of Lapraire, got a limit catch the other day with one that four pounds. Ted Glendening also has taken a couple of nice ones. Muskie fishing has slowed down almost to a standstill. The only one I've heard of is an 8 1/2-pounder taken by an oldie Zoticque Rivard of Ste. Genevieve, last Thursday. Since then they seem to have quit, but Zoticque says dore are biting pretty well out that way, too.

A Letter from Lucie And speaking of that section of the Lake of Two Mountains, it is a real compensation for being under the weather a bit to receive such a letter as came to me yesterday from my young friend, Lucie Daoust, daughter of Don and Yvette. "Cher oncle," she wrote, "Papa told me that you were ill. I hope you will get better soon and that you will come out and see us. Saturday we went fishing and I took three fine perch. Bertrand (her little brother) took one of them and papa took two. We were proud of our catch. Affectionately, Lucie Daoust." Doggone, that was nice, and fishing or no fishing, I'm going to get out there and hear Lucie recite English verse which she does in a most charming manner.

"Happy Birthday to You" And the phone rang on Wednesday afternoon. It wasn't someone reporting a big or a strange fish or wanting me to settle an argument. A child's voice asked for me and when I acknowledged my identity there ensued over the phone a little girl duet of "Happy Birthday to You." It was Agnes and Mary FitzGerald, Fitz's daughters whom I have known from the very beginning singing into the phone and extension from their home. When they had finished their song and I had thanked them we had a long and interesting conversation. It was agreed that if I go to the hospital Jack and Jill, two dolls which I gave them some time ago and which also are now in need of repairs, would be sent to the same institution — a dollspital! Mary called it, and the girls would come and visit all three of us, Jack and Jill and me, at once.

I think I'll play sick every once in a while to get this sort of attention.

Might Still Hit James Bay By the time this column is on the street (Thursday evening) I shall be, God willing, at Desert Lake Fish and Game Club. Stuart MacLean experienced a delay in getting his new boat up to Moosonee on James Bay which has held up his takeoff for his coastal cruise to the Bay. He returned to Desert Lake from Moosonee only on Tuesday, and called me Wednesday. He was flying down to Ottawa Thursday, and wanted to pick me up at Dorval at 1 p.m. He wants to look me over, and see if I'm fit to accompany him on that trip upon which I had counted so much. So that's the way it is. I have a rain check on an expedition that promises to be of the greatest interest from many angles.

If I'm able to make it there should be quite a bit of interesting information for me to pass on to you. And don't lose sight of the fact that James Bay isn't nearly as far away as it used to be. It is only three hours from Maniwaki. You might be going up there yourself some day fishing or hunting. Or you might even be going up to settle on a farm or manage a pulp mill or power plant or run a mine. It's a great country, mister, that you'll be hearing a lot more about some day.

Duck Hunters Attention The Quebec Federation of Fish and Game Associations for the past couple of years has held a migratory bird meeting around this time. It has been decided to omit this meeting this year, owing to the pressure of time but in view of the date for the announcement of migratory bird regulations having set back a month this year a meeting has been called for Wednesday, August 2. As usual it will be held at the Mount Royal Hotel. It will be in Salon B starting at 8 p.m.

Present to give guidance and answer questions will be Dr. Harrison F. Lewis Chief of the Dominion Wildlife Service and Charles Fremont, K.C., General Superintendent of Game and Fisheries for the Province of Quebec. Federation is asking all who are interested in ducks, geese and other migratory game birds to attend and offer any information or suggestions they might have.

Many are the complaints heard in only the memory. The man who is preparing now to try to run and sweat himself back into 15-round condition is fat around the hips and shoulders and packing 36 years on his back.

Here is one Louis admirer, at least, who has no desire to watch him chase Charles around a boxing ring until his legs grow weary. It can't possibly be a good fight, and it might easily prove a worse one than Joe's last title defence against Joe Walcott two summer ago.

will assume responsibility for placement of markers showing the limits of the south shore waterfowl sanctuary. There has always been confusion as to this boundary and this plan will eliminate it. The markers will be set, of course, under the direction of the federal authorities.

The reason for the delay in announcement of the dates and limits on migratory birds for 1950 is owing to uncertainty as to just how the waterfowl population, chiefly of the Mississippi and Pacific flyways have fared in the breeding period. Opinions have differed and controversy between various authorities has at times become heated.

Not a Very Happy Day For instance there is a battle going on between Ducks Unlimited and the U.S. Fish and Wildlife Service. Just listen to the following: Milwaukee, July 27.—(AP)—Albert M. Day, chief of the Federal Fish and Wildlife Service, lashed back at Ducks Unlimited, for what he called efforts to confuse and bring pressure upon his agency.

Repeating an earlier statement that the 1950 migratory waterfowl regulations would be held up until Aug. 26 to await a final census, Day told the 17th annual meeting of Midwest Fish and Game Commissioners:

"Regardless of what the regulations will be, I can assure you of one thing. There will be the usual clamor and howl from certain quarters that the Fish and Wildlife Service has used exceedingly poor judgment, has been a party to rank discrimination, has refused to cooperate with the states and the duck hunting fraternity at large, and that the regulations are issued on the basis of prejudice and personal desires on the part of a few chair-warming bureaucrats."

He reviewed the 1950 winter census, which showed a decline in continental duck populations in both the Mississippi and Pacific flyways, and noted that the winter

"Not only satisfied... we're astonished!"

50 Academy Road, Westmount, Quebec. June 13, 1950. Mr. Murray Byrens, Mid-Town Motor Sales Limited, 1395 Dorchester Street West, Montreal, Quebec.

Dear Mr. Byrens, You said we would be satisfied with the Vauxhall's performance. You underestimate, sir! Not only are we satisfied—we're astonished. The Vauxhall's maneuverability in Montreal's helter-skelter traffic turned out to be excellent, as you assured us it would be. But we were wondering how it would manage those roads up above Labelle and in the back country around Nominique. Well, it managed everything from that early September construction mud to a one-deer cross-country track... Our first long trip was an emergency flight to Detroit and back on an unreasonably hot late October weekend. We had changed to antifreeze for the trips up north, but that didn't faze that Vauxhall. It was a matter of some 1250 miles in about thirty hours driving time. Satisfactory, say we—considering the weekend traffic and the woolly fog we pushed through this side of Toronto one night. The Vauxhall's trunk took most of our luggage and there was room for the rest of it, and the four of us, inside. I drove another make of car down to Albany a few weeks ago and got fooled three times by the pick-up. I had become used to the snap of the Vauxhall's acceleration when we turned out to pass. I found that the other car needed much more time and open road ahead. Three close calls driving me back into line were necessary before I caught up. Driving a Vauxhall in winter we get a kick out of watching other cars at an intersection switch their tails around like surly lions trying to get started on ice. We just wait for them to slither over to the side while we go on our way. We're keeping the tires at 27 and they're gripping everything so far. And there are a lot of little things we like about the Vauxhall: from the leather seats, the side signal lights, the heater, the footroom, to the way you can snap the windows shut on a second's notice with a flick of the wrist. But the main things are Vauxhall's ease of parking and the fact that we can afford to buy the gas—32 miles per is all right with us—and, well, we're just glad we didn't wait for that car we thought we wanted!

Yours sincerely, Parker L. Wearing

Red Wings Increase Lead To Five Games

Rochester Red Wings are sailing serenely along at the top of the heap in the International League pennant race today following victory in a crucial series. Johnny Keane's pace-setters nipped the runner-up Baltimore Orioles, 8-7, in 11 innings last night to win a six-game series, 4-2. The series victory enabled the Wings to increase their lead in five games.

The Wings won out in the 11th on Dick Cole's single and Don Richmond's double. Montreal's third-place Royals also lost ground as they bowed, 3-2, to Springfield Cubs. Al Ibe blanked the Royals on one hit until the ninth when he was yanked after the Royals loaded the bases on a double and two walks. Tony Jacobs came on and got out of the hole with the aid of a double play. Jack Wallace smashed a two-run homer, his 19th of the season, to drive in what proved to be the winning runs for the Cubs in the sixth.

Jersey City Giants edged Buffalo Bisons, 5-4. Andy Tomasic scattered nine Bisons hits and fanned 11 in out-dueling Charley Harris and Lynn Lovenguth. Art Hartley pitched Syracuse Chiefs to a 2-1 decision over Toronto Maple Leafs. Claude Corbett homered in the third for the Chiefs' first run and Ed Little drove home Ben Zeintara with the clincher in the sixth.

Kirby Higbe Hurdled No-Hitter Last Night

Columbus, O., July 28—(AP)—If veteran pitcher Kirby Higbe is aiming at a return to the major leagues, he shot close to the target last night. The 35-year-old South Carolina hurler, on the mound for Minneapolis in the American Association, pitched a no-hitter against the Columbus Red Birds in the seven-inning opener of a twin bill. His feat was marred by a lone Red Bird score. The Millers won the abbreviated opener 3-1—but it didn't detract from the veteran's brilliant pitching.

The man whose lifetime major league record is 118 wins against 101 defeats got into trouble only in the first inning. The Birds got their only run then when Solly Hemus walked, stole second, went to third on Jake Early's poor peg, and scored on a wild pitch. After that Higbe had things his own way. From the last of the first through the first of the fifth he retired 11 batters in succession. Higbe came to Minneapolis from New York Giants last year.

Barring Upset Jack Guest, 17-Old Toronto Sculler, Expected To Be First Henley Triple Winner Today

Port Dalhousie, Ont., July 28—(AP)—Barring such unforeseen happenings as a leaking shell or a broken oar, Toronto's Jack Guest today should become the first triple winner of the Royal Canadian Henley's 68th annual outing. The kid has everything in his favor, including a bundle of confidence.

The strapping 195-pounder, unbeaten since he entered big-time competitive a year ago, rolled up victory No. 2 of the four-day Regatta Thursday. For a 17-year-old that probably is a record in this premier aquatic festival on North America.

He followed up Wednesday's first-place effort in the high school singles with a close victory over defending champion Joe Angyal of New York Athletic Club in the open quarter-mile dash. It followed by an hour an easy two-open-length decision over Winnipeg's Derek Riley in the first heat of the Association singles.

The final of this event is scheduled for this afternoon and Guest, Canadian and American High School champion, may expect most trouble from Bobby Williams, Hamilton Leander sculler. Williams placed second behind Olympic and Diamond Sculls winner Jack Kelly, Jr., of Philadelphia in the United States National Championships at the Quaker City last week-end.

Others in the Association finals are Derek Riley of Winnipeg Rowing Club and Frank Tucker of Brockville, Ont., but grandstand observers already are counting these two out. They figure it is a Guest-Williams race with the Toronto youngster the favorite.

Phillies Mound Corps To Get Acid Test In Next Two Weeks; Simmons Reports To National Guard Camp

Temporary loss of Curt Simmons, top National League pitcher, to an old teammate came back to haunt the New York Yankees last night. George Stinnes, traded to St. Louis in June, came through with a ninth-inning single to break a tie with a 3-2 Brownie victory.

The loss dropped the Yankees a game and a half back of Detroit, which knocked over Boston, 5-1, in an afternoon game. As Cleveland also lost to Philadelphia, 17-2, the Tigers gained on all other first division clubs. Dizzy Trout, who figured as second-strong bullpen pitcher last spring whipped Boston for the third time to help the Detroit cause. The veteran right-hander turned in a neat nine-inning to beat Ellis Kiner. A three-run fifth inning in which Vic Wertz hit his 16th homer with a man on ruined Boston.

Lou Brissie, the "losingest" pitcher in the majors with 13 defeats, calmed the Indians with four hits for the first Philadelphia victory over the Indians in their last 10 starts. Sam Chapman accounted for the A's first four runs with his 17th homer with Elmer Valo on base in the first and a two-run double in the third. Washington split a pair with Chicago, winning the first, 3-2, and losing the second, 5-3, on Randy Gumpner's efficient pitching. The Senators were held hitless for 6 1/3 innings of the opener by Billy Pierce. Then they broke loose for three runs to win in the eighth inning.

Stan Musial's Batting Streak Is Stopped At 30; Goes Hitless In Yesterday's Game With Brooklyn

New York, July 28. — (AP)—Stan Musial's lengthy batting streak is at one end today but the star St. Louis Cardinal outfielder can be consoled by the knowledge that he is only the 11th big leaguer to hit safely in 30 or more consecutive games.

Athletics Drop Doubleheader To Granby 6-2, 4-1; Red Sox Here Tomorrow Evening; Shapiro To Hurl

Sherbrooke Athletics last night dropped a doubleheader to Granby 6-2, 4-1 but still remained on top of the league as Drummondville went down to a 6-4 defeat at the hands of St. Hyacinthe while St. Johns edged out Farnham 7-5.

In the seven inning fixture Mains held the A's to eight hits while his mates pounded Armando Roche and Silvio Garcia for ten. Roche ran into trouble in the sixth and required aid from Garcia. Neither team committed an error but the local hurlers gave up seven bases on balls and this proved a big item in their downfall.

A SIGN NICK MALFARA
The local executive signed Nick Malfara, a former St. Hyacinthe outfielder, to a contract yesterday afternoon and he took part in the first game of last night's twin-bill. He polled out a double in two trips to the plate. With St. Hyacinthe he was hitting a lousy .312 but has been on the sidelines for the past two weeks with a bruised heel.

FRANK JELINICK RELEASED
Amedee Roy, business manager for the A's, announced this morning that Frank Jelinick has been released to make room for Malfara. Jelinick came to Sherbrooke with a reputation of a long ball hitter, but only on a few occasions has he lived up to it.

LOU SHAPIRO TO HURL TOMORROW
Tomorrow evening at 8:00 the Athletics will be hosts to Bob Latshaw and his Red Sox squad at the local park and Manager Gladu has nominated the ace right-hander to look after the hurling chores.

In the second game Felix Zuluetta was touched for ten safeties while Partlow held the A's to six hits. Gene Nance connected for a double and two singles while Normie Dussault drove out two singles with the other hit going to Zuluetta himself. Silvio Garcia drove in the sole run for Gladu's squad.

WHAT A Home Run!...

... SOMETHING TO TALK ABOUT!

Opposing pitchers have good reasons to fear Silvio Garcia — the most potent batter in the Provincial League. On July 16th, for instance, the Sherbrooke clouter came to bat in the ninth inning and drove the ball out of the park — accounting for his team's only two runs as Granby took a 4-2 decision from the Athletics.

Well-Qualified Fighter Pilots Fly R.C.A.F. Jets In Aerobatic Display

The Air Defence Group Aerobatic Team, whose members will put their jet planes through an aerobatic display during the International Regatta on Lake Memphremagog on Sunday, is a group of highly qualified fighter pilots of the Royal Canadian Air Force.

They perform polished aerobatics in the box type formation and a solo artist who exploits the tiny Vampire jet fighter to its very maximum.

The aerobatic team, the only one of its kind in Canada was formed from Canada's first two post war jet fighter squadrons and the No. 1 (Fighter) Operational Training Unit.

Two two Squadrons, 410 Cougar at St-Hubert near Montreal and 421 Red Indian at Chatham, New Brunswick were both top notch fighter squadrons who fought for freedom in the skies over Europe during World War II.

The (Fighter) Operational Training Unit was formed to convert veteran pilots to the speedy Vampire jet fighter and train post war pilots for positions on peace time fighter squadrons.

The leader of the team, Flight Lieutenant Don Laubman DFC and Bar of Edmonton is one of Canada's fighter aces of World War II with 15 enemy aircraft to his credit. On his first operational tour, he was a flight commander of 412 (Fighter) Squadron in England. During his second tour as Commanding Officer, Flight Lieutenant Laubman led 402 (Fighter) Squadron over Europe pursuing the enemy to their homeland.

He joined 410 Squadron at St-Hubert in early 1948 to take up the position of Flight Commander and led the aerobatic team through many spectacular air shows last year.

Flying Officer Larry Spurr of Middleton, Nova Scotia, takes up his position on Flight Lieutenant Laubman's right wing. Flying Officer Spurr is another ace fighter boy of the last war, serving with Royal Air Force, and Royal Canadian Air Force Squadrons in England and on the European Continent. After his re-enlistment in 1948 Flying Officer Spurr once again was back at home on Fighter aircraft, only this time he was flying to sleek Vampire jet fighter on

421 Red Indian Squadron based at Chatham, New Brunswick.

The Leader's left wing man, Flying Officer Mike Doyle was born and educated in Montreal. He too flew under the colors of the Royal Canadian Air Force in the last World Conflict, assisting in making the record which has made this force so famous.

Flying Officer Doyle was with 410 Cougar Squadron when it formed in 1948 and is also a veteran of Canada's only aerobatic team. Last year he flew the same position on the team with the skill and precision of a high calibre pilot.

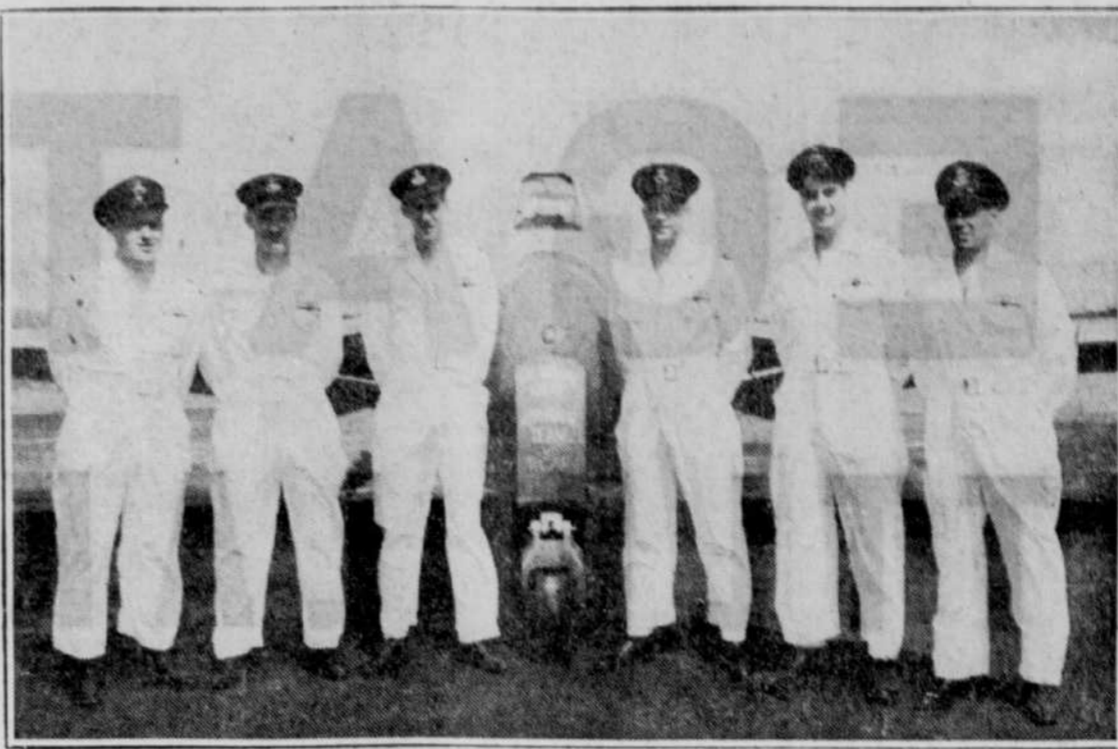

Taking up his position directly behind the leader is Flying Officer Bill Bliss of Port Arthur, Ont. He, like the others took to the "Wild Blue Yonder" to defend our country's freedom in 1940. After his re-enlistment in 1948, Flying Officer Bliss was one of the veteran fighter-pilots who helped form 410 Cougar Squadron, the first post war jet Squadron. Flying the difficult box position in the formation is nothing new for Flying Officer Bliss since he performed extremely well in the same position during last year's shows.

The solo aerobatics are performed with calm cool precision by Flying Officer Fred Evans, DFC, of Saint John, N. B. He is also a veteran of the air warfare in Europe with the Royal Canadian Air Force.

Flying Officer Evans is the one member of the team from Canada's Fighter Operational Training Unit where he has been employed as Chief Instructor passing on his wealth of fighting knowledge to newly trained pilots.

The spare pilot on the team is Flying Officer Bill Paisley of Prince Albert Sask. He is one of Canada's post war pilots. After receiving his wings in 1948, Flying Officer Paisley was checked out on jets and fighter tactics at the Operational Training Unit and later with 421 Indian Squadron at Chatham.
