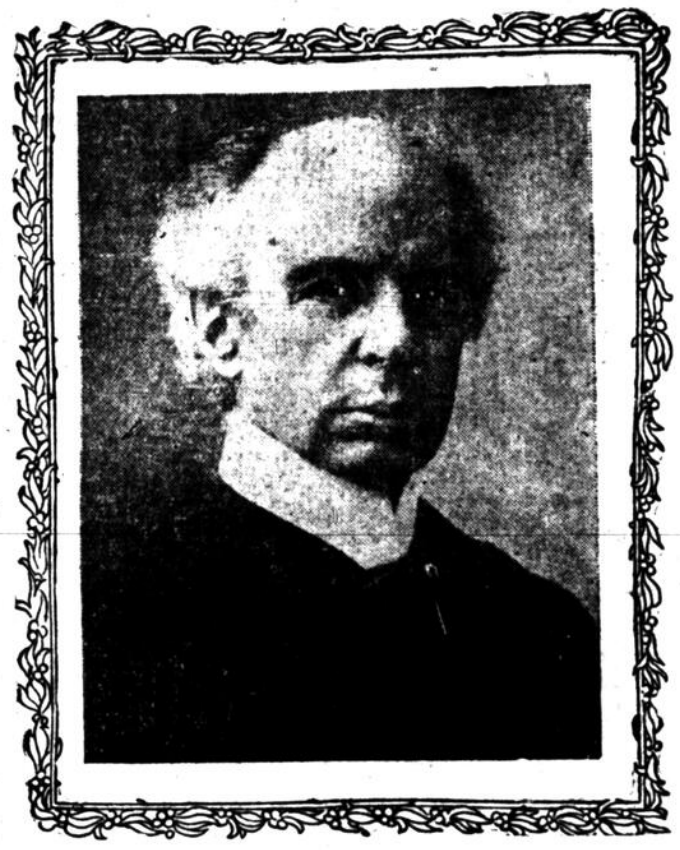
SIR WILFRID LAURIER IS AGAIN SUCCESSFUL AT THE POLLS



Sir Wilfrid Laurier, Premier of Canada.

PREMIER PLEASED WITH GENERAL RESULITS.

Special to the Montreal Star.

Quebec, October 27.—As Sir Wilfrid Laurier follows his usual course of giving out no personal remarks on the election contest for publication, it may be of interest to announce that he expresse himself to-self to-day to the many personal and political friends who who called upon him, as much gratified at the general result, though somewhat chagrined at the defeat of Mr. Power in Quebec West, after all the Government has done for the constituency. Sir Wilfrid does not share the surprise experienced by many of both his friends and opponents at the size of his majority. On the contrary, he remarked on Friday last here to one of his friends, that he did not anticipate any important decrease in his majority of last session, insisting that nothing could shake his confidence in the assurances he had received of increased support from Ontario and of his old hold upon his friends in the Province of Quebec.

Two Ministers at the Capital.

Special to the Montreal Star.

Ottawa, October 27.—The Capital has settled down to almost normal conditions to-day. There have been very few after election developments and no change in the returns as shown last night. A message from Almonte this morning definitely announces the defeat of Caldwell, Liberal, by Thorburn, Conservative, the issue being in doubt.

There is said to be no doubt of the election of Devlin, Liberal, in Wright county, although his majority is not known. The greatest surprise in this district was the election of Low (Liberal), in South Renfrew County by 500 majority, a seat the Conservatives expected to win. The result is attributed largely to the candidate's personal strength.

In Ottawa some surprise is expressed that Sir Wilfrid Laurier did not run further ahead of his running mate, McGiverin, and that Birkett polled a bigger vote than Chabot. There was much less split voting and "plunking" than was expected. The Premier's majority over Mr. Birkett was 632, and that of Mr. McGiverin 431. The vote stood: Laurier, 6,587; McGiverin, 6,386; Birkett, 5,955; Chabot, 5,800.

Only two Federal ministers heard the returns in Ottawa, Sir Richard Cartwright and Hon. Charles Murphy, all the rest being absent. To them the defeat of Hon. Wm. Templeman, in Victoria, came as a surprise, but they were pleased with the general result.

Premier Heard Returns in Quebec.

Special to the Montreal Star.

Quebec, October 27. — Quebecers awaited with intense interest the returns of the elections last night from the different parts of the country. The Conservatives chiefly gathered at the skating rink and the Liberals at the Auditorium, where returns were posted as received, though both meetings were open to everybody.

The keenest interest here, centered in the contest in Quebec West, where as everybody expected, the contest was very close. It is thought that Mr. Price's majority may be increased on the recount. It is variously given at 2 and 4. When it became known at his headquarters that he was elected, he was called on for a speech and addressed his friends from a carriage. While he was speaking his supporters took out the horse and he was drawn by them through the streets. At his residence on the Grande Allee, which was handsomely illuminated, he was called on for another speech.

Sir Wilfrid, who received the returns at the Chateau, has received many messages of congratulations.

Majorities in New Brunswick.

St. John, N.B., October 27.—It is still impossible to get accurate returns of majorities, but the following is a close approximation: St. John City, Daniel, 192; St. John City and County, Pugsley (about) 500; Kings-Albert, McAllister, 458; Northumberland, Loggie, 1,120; Restigouche, Reid, 66; Carleton, Carvell, 168; Queen's-Sunbury, McLean, 50; Westmoreland, Emmerson (about) 1,500; York, Crocket (nearly) 1,000; Charlotte, Todd (about) 125; Gloucester, Turgeon, 484; Kent, Leblanc, (nearly) 500; Victoria-Madawaska, Michaud, (over) 500.

Daniel and Crocket are the only Conservatives elected.

Results in Nova Scotia.

Special to The Montreal Star.

Halifax, October 27.—Corrected returns for Halifax show that Carney is at the foot of the poll and not Roche, as first reported. The figures are: Borden (Cons.), 7,255; Crosby (Cons.), 6,900; Roche (Lib.), 6,480; Carney, (Lib.), 6,130.

The other majorities in Nova Scotia wer as follows: Conservatives, Colchester, Stanfield, 108; Cumberland, Rhodes, 526; Digby, Jamieson, 131; Cape Breton, South Maddin, 337.

Liberals—Annapolis, Pickup, 250; Antigonish, Chisholm, 19; Cape Breton, Mackenzie, 29; Guysboro, Sinclair, 150; Hants, Black, 302; Inverness, Chisholm, 1,198; King's Borden, 338; Lunenburg, McLean, 406; Pictou, MacDonald, 350; Queen's-Shelburne, Fielding, 451; Yarmouth, Law, 840; Richmond, Kyte, 248.

RESULTS IN NEW PROVINCES.

Western Associated Press.

Winnipeg, Man., October 27.—The following is the list of members and majorities in Alberta and Saskatchewan West. Some of the returns are still incomplete but few if any changes are expected.

Assiniboia—49 polls give Turriff, Lib., 248 majority and election conceded.

Battleford — Champagne, Lib., has lead of 120 and election probable.

Humboldt—Neeley, Lib., has small lead and likely elected.

Makenzie—Dr. Cash, Lib., has 655 majority.

Moose Jaw—28 polls give Knowles, Lib., 350 majority.

Regina—34 polls give Martin, Lib., 585 majority and election conceded.

Saskatoon—McCraney, Lib., has 35 majority.

Saltcoats and Qu'Appelle are expected to be in Conservative column when returns are all in.

ALBERTA.

Calgary — Election of McCarthy, Cons., conceded with big majority.

Edmonton—Oliver, Lib., elected by over 1,000.

MacLeod—Herron, Con., by 512.

Medicine Hat—McGrath, Cons., has substantial majority though many polls to come.

Red Deer—21 polls give Clark, Lib., 78 majority.

Strathcona—McIntyre, Lib., election assured.

Victoria-Alberta—White, Lib., has a majority likely to be increased.

Liberal Government has a Majority of Forty-Eight Seats in Yesterday's Election.

Latest Returns Make Few Changes—Manitoba Returns Seven Conservatives—Premier Will Sit for Quebec East and Mr. Borden for Halifax—Mr. Templeman May Go to the Senate.

Comparatively few changes in the election returns developed to-day, and leaving out the deferred contests, the Government has a majority of 48, counting in the three Independents elected, the figures being: Liberals, 131; Conservatives, 83. The standing in Ontario is 48 Conservatives to 38 Liberals, which, by a strange coincidence, is the same as in 1904. The total Liberal majority in 1904 was 63.

Quebec shows 52 Liberals to 11 Conservatives, as compared with 54 and 11 in 1904. There are two deferred elections in Quebec, in Gaspe and Chicoutimi-Saguenay.

The standing by provinces is as follows:—

Province.	Libs.	Cons.
Quebec	52	11
Ontario	38	48
Nova Scotia	12	6
New Brunswick	11	2
Manitoba	3	7
Saskatchewan	7	2
Afbert	4	3
Prince Edward Island	3	1
British Columbia	1	3
Totals	131	83

Among the changes from the first announcements was the election of Mr. Joseph Russell, Independent, in East Toronto; the victory of Mr. Ralph Smith (Lib.), in Nanaimo, B.C., and the election of W. H. Sharpe, Conservative, in Lisgar, Man. The latter was a Conservative gain, and gives the Conservatives 7 seats in Manitoba.

Among the prominent Liberals who went down to defeat were Hon. William Templeman, Minister of Inland Revenue, in Victoria; T. A. Burrows, in Dauphin; Alex. Johnston, in Cape Breton South, and James Conmee, in Thunder Bay. Prominent Conservatives defeated were George W. Fowler, in Kings, N.B.; A. A. Lefurgey, in Prince, P.E.I.; R. A. Pringle, in Stormont; J. G. H. Bergeron, in Beauharnois; W. H. Bennett, in East Simcoe, and G. O. Alcorn, in Prince Edward County.

Only three Independents were elected to the new House of Commons. They are: Mr. Alphonse Verville (Labor), Maisonneuve; Mr. Joseph Russell, Toronto East, and Mr. M. Currie, Prince Edward County. The two latter defeated former Conservative members, Messrs. A. E. Kemp and G. O. Alcorn, and they will probably support the Government. Mr. Russell's majority is 773.

Among the very close contests were: Quebec Centre West, where Mr. William Price defeated Mr. William Power by four votes; North Lanark, where Thorburn, Conservative, defeated Caldwell, Liberal, by a few votes. Both were Conservative gains. Latest returns from New Brunswick confirms the defeat of Mr. Wilmot, in Queen's-Sunbury, by 50 votes.

One of the liveliest fights of the whole campaign was in Vancouver, where Mr. Cowan, the Conservative candidate, administered a severe defeat to Mr. W. W. B. McInnes, Liberal, and "Fighting Joe" Martin, Independent. Winnipeg also went strongly Conservative, there being a pronounced turnover of votes. Of the other provincial capitals, Edmonton went Liberal; Calgary, Conservative; Toronto, Conservative; Quebec, Liberal; St. John, divided; Halifax, Conservatives, and Charlottetown, Liberal.

RESULT IN HAMILTON.

Special to the Montreal Star.

Hamilton, Ont., October 27.—A surprise here was the overwhelming victory of Mr. Samuel Barker, ex-M.P. It was thought that Samuel Landers, the Labor candidate, would give him a close run, but Landers made a remarkably poor showing and did not poll sufficient votes to save his deposit. Mr. Barker gained nearly 900 votes over the last election. The following totals, subject to change were: East Hamilton, Barker, 2,918; Eastwood, 1,856; Landers, 1,275. Barkers plurality over Eastwood, 1,127 and over Landers, 1,693.

THE RESULT IN LONDON.

Special to the Montreal Star.

London, Ont., October 27. — Notwithstanding that the election in this city was one of the quietest ever held the celebration was of a most enthusiastic nature.

The official returns show that the vote in London was one of the smallest ever taken, and demonstrates that the workingmen did not stand by the Labor candidate. Major Beattie received 4,123 votes and Mr. McCandless 2,946. In East Middlesex, Mr. Peter Elson, Con., was re-elected by a majority of 276, and in West Middlesex, Mr. Calvert, Lib., re-elected by a majority of 70. In North Middlesex, Alex. Smith, Lib., won by 93.

BRITISH COLUMBIA.

Victoria, B.C., October 29.—G. H. Barnard was yesterday elected to represent Victoria in the Dominion House of Parliament, defeating Hon. William Templeman, Minister of Inland Revenue and Mines, by a total of 2,171 votes as opposed to 2,166 votes, a majority of five. There were 75 spoiled ballots and 11 rejected ballots. The intention of the majority of the ballots not included in the first figures, was clearly in favor of Mr. Barnard.

The figures for British Columbia were:—

Vancouver—Cowan (Cons.), 4,540; McInnes (Lib.), 3,016; Martin (Ind. (Lib.), 2,054; Kingsley (Socialist), 1,182.

Victoria — Barnard (Cons.), 2,171; Templeman (Lib.), 2,166.

New Westminster—Taylor (Con.), defeated Jardine (Lib.), by 813.

Nanaimo—Smith (Lib.), 100 plurality over Hawthornthwaite (Socialist), and Sheppard (Con.).

MAY BE PROTESTS IN NEW BRUNSWICK.

Special to The Montreal Star.

Toronto, Ont., October 27.—A St. John, N.B., special to the World says: "Dr. Pugsley's election will be protested on the grounds of bribery. The majority of Hon. H. R. Emmerson in Westmoreland is a great surprise. His election was conceded by many, but not even his intimate friends claimed for him such a victory. It is doubtful if anybody expected to see Mr. Fowler defeated in Kings—Albert, and although the Liberals expected to win in Kent County, Mr. Robideaux's friends felt confident of his election. The expectations of defeating F. B. Carvell in Carleton County were strong. It is predicted that his election will be protested.

The result in the north counties, Gloucester, Restigouche and Northumberland, is no surprise, although there seemed to be a fair chance of Mr. Mott defeating Mr. James Reid in Restigouche.

Probably the loss most regretted by the party in New Brunswick will be that of Ganong in Charlotte County."

To Protest Mr. Stratton's Election.

Special to the Montreal Star.

Peterboro, Ont., October 27. — The Conservatives, it is said, will proceed at once to try to unseat Mr. J. R. Stratton (Liberal), who defeated A. H. Burnham yesterday in West Peterboro by 350 majority. Mr. Burnham's followers claim they have an abundance of evidence of wholesale bribery and corruption to annul the election. The city gave Mr. Burnham only five majority, while he was expected, according to canvass, to have over 400.

Mr. Graham's Comment.

Special to the Montreal Star.

Brockville, Ont., October 27.—Addressing the electors last night, Hon. Mr. G. P. Graham said he never believed that Ontario was so lost to the best interests of the country that it would do anything to injure it. Despite the activities of the Whitney Government, he added, Ontario was coming back to where it belonged. In all the constituencies where labor candidates ran they were opposed by Conservatives.

A Good Election Story.

Special to the Montreal Star.

Toronto, Ont., October 27.—To have two Italians walk into the station house, hand the sergeant warrant for their arrest on charges of personation and trying to vote without being naturalized, and then have a Jewish poll constable, who could neither read, write or speak English, and who was supposed to have arrested them, walk in about ten minutes after was an unusual occurrence at the Agnes street police station yesterday afternoon. The Italians in question, Viunzo Cuchero and Stanislo Zincova were sent to poll 11, which was in charge of Deputy Returning Officer H. G. Pethick, and told to vote.

Some objection was raised as to their right and the affair ended by the deputy officer signing an information and a warrant against them. These were handed to Constable Abraham Schwartz, who glanced over the papers, looked wise and then handed each man one of them, motioning the men to go away. To find out what the blue papers meant the men went down to the police station, where they were locked up as soon as the sergeant read the documents. The men were bailed out soon after by two of the defeated Liberal candidates' workers.

PREMIER WILL SIT FOR QUEBEC EAST.

Special to The Montreal Star.

Ottawa, October 27.—The Liberals of Ottawa are making preparations to give Sir Wilfrid Laurier a warm welcome on his arrival in the capital. All the local bands are being engaged and preparations made for a street procession. Sir Wilfrid may arrive from Quebec to-night.

It is regarded as certain here that Sir Wilfrid Laurier will sit for Quebec East, and Mr. R. L. Borden for Halifax, which will necessitate by-elections in Ottawa City and Carleton County.

If another seat is not found for Hon. Wm. Templeman in British Columbia he may be re-appointed to the Senate.

Sir Richard Cartwright is the only minister who is a member of the Upper House at present.

MR. BORDEN'S STATEMENT.

Special to the Montreal Star.

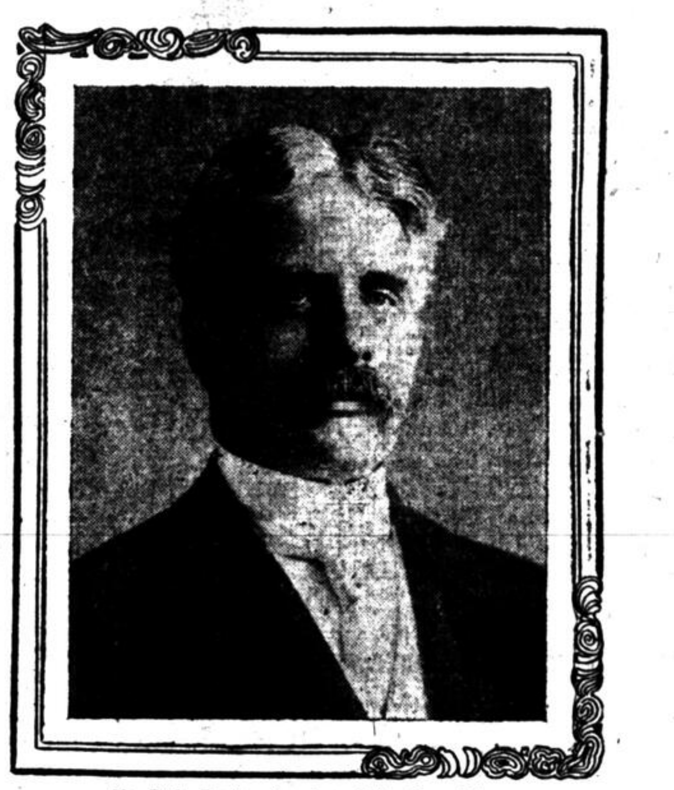
Halifax, N.S., October 27.—Mr. R. L. Borden, M.P., the Conservative leader, has issued the following statement:—

"I expected victory in this county, but the majority is far beyond my anticipations. The result is especially gratifying, because it expresses what I believe was the real verdict four years ago.

"I was unable to give more than a few days to the campaign in this county, but my colleagues and my friends worked for me with redoubled vigor for that reason.

"To them and to all who supported me in this contest I extend my heartfelt thanks. Their work was unselfish and indefatigable and was carried on by clean methods, but with great zeal and courage and in the face of great odds."

(Signed), "R. L. BORDEN."



Mr. R. L. Borden, Leader of the Opposition.

BRITISH PRESS COMMENT ON RESULT OF THE ELECTIONS

View is Held that Canadian Public Life Should be Cleansed

By Special Cable from our own Correspondent.

London, October 27.—The Canadian election results arrived too late for comment, in the morning papers, but one could get the reflection of the general sentiment in the newspaper world in such lines in the contents bills as "Laurier's Triumph," "Canada Remains True to Laurier." Englishmen appreciate the potency of a great personality and the result is believed to be above all else a personal triumph.

Tales of graft reached the English press in abundance the last few weeks, the disclosures in the Times' Montreal message last Saturday attracting especial attention, but no smirch was left on Sir Wilfrid Laurier personally.

This necessity for a cleaner Canadian public life is the one note of the afternoon papers' comments. The Westminster Gazette says: "Certain features of the election make distinctly unpleasant reading for all who are concerned to see public life kept pure and uncontaminated."

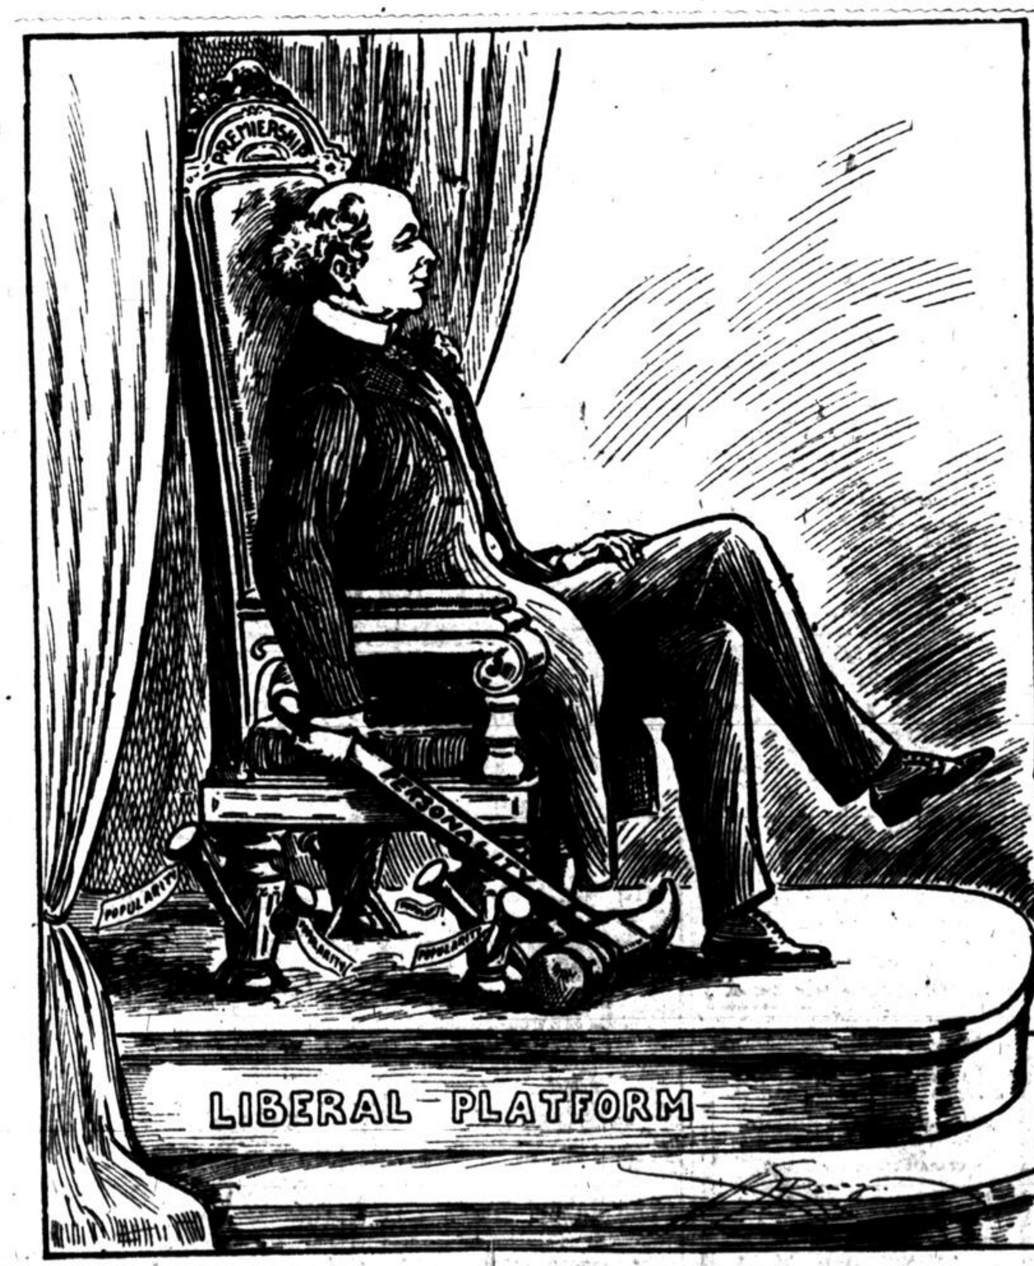
The Pall Mall Gazette says: "The charges of corruption against the various departments of the Government have not been met in a very satisfactory fashion, but the Canadian view seems to be that whoever may hold the reins of power, a certain amount of peculation is inevitable. We may trust Sir Wilfrid Laurier to devote a part of his energies in his new term to reforming state matters, which do not reflect pleasantly either upon Canada or the Empire."

It is generally agreed that only by whole-hearted cleansing of Canadian public life can the British investors' confidence be maintained at the pitch necessary to secure their fullest co-operation in Canadian expansion.

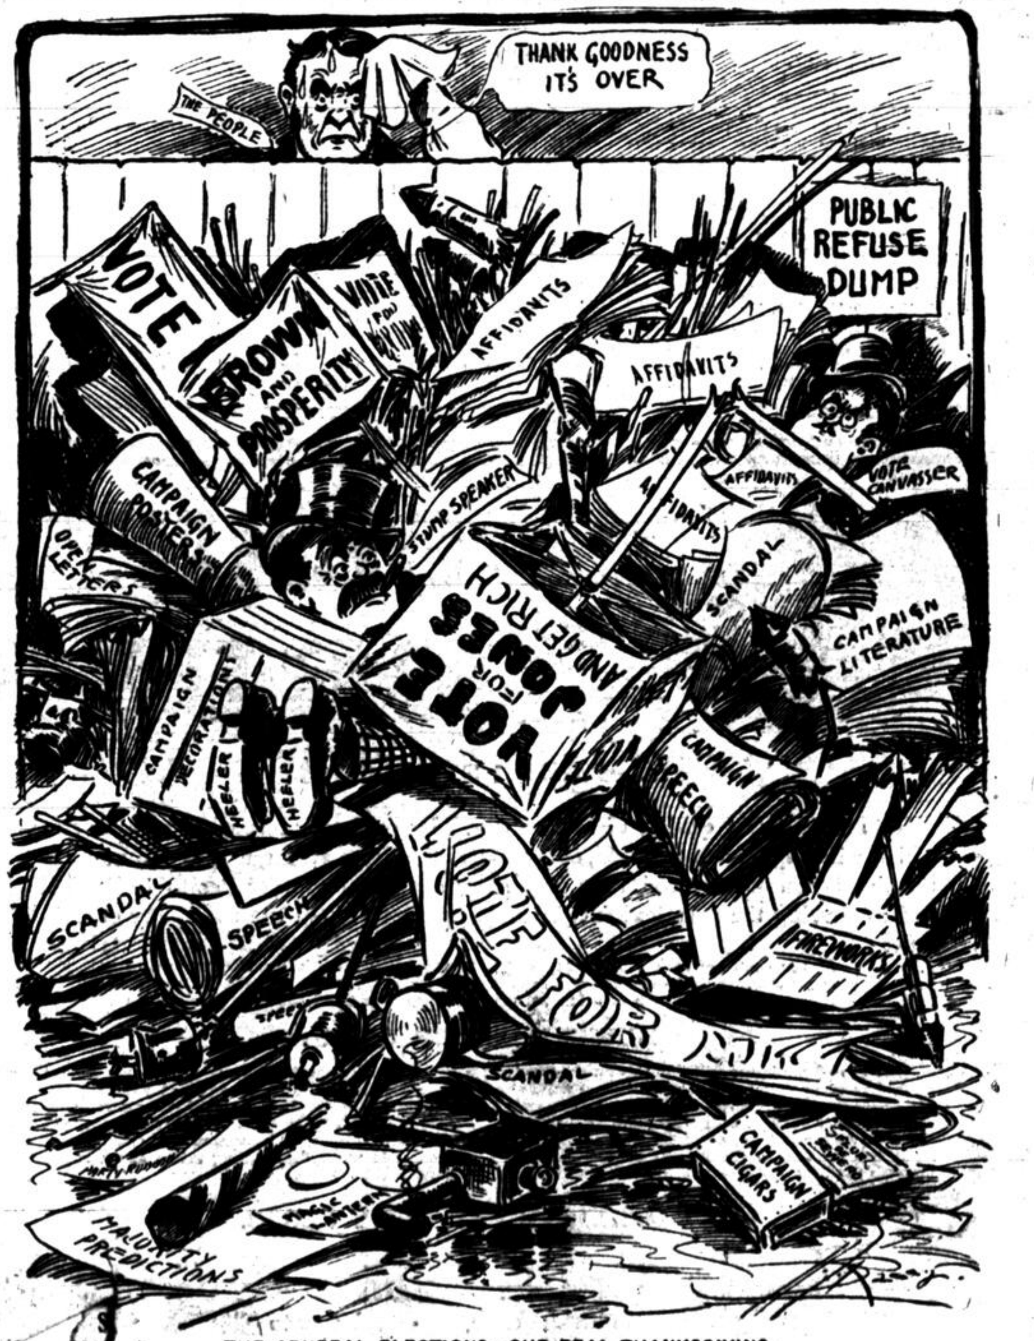
WINDERMERE.

LE CANADA PAYS A HIGH TRIBUTE TO SIR WILFRID.

"The battle is won. Sir Wilfrid Laurier has received from the Canadian people, the opportunity he asked, to achieve his work so gloriously begun, and to continue to make of Canada a united, progressive and prosperous nation. His majority, according to information at hand at the moment of writing these lines, is almost the same as in 1904. But it will be, if one may say so, more general, more specialized. The Maritime Provinces, as a whole and separately, give him a substantial majority. The Western provinces, in their entirety, will give him a majority; but Manitoba will probably give—thanks to the electoral lists prepared by Mr. Roblin—a majority for the Conservatives. Quebec has valiantly done its duty. And we must express our delighted surprise, at seeing the Province of Ontario, which they have attempted to rouse against Sir Wilfrid Laurier, and against the domination of the Province of Quebec, sharing its representatives almost equally among the two parties. This election, in Ontario, finally entombs the ancient Tory tactics of appealing to the prejudices of race and religion; and we sincerely hope that this is the last time that the Mail and Empire, the News, and the Telegram, will have recourse to them. Our sincerest thanks to all the valiant fighters who have stood together under the Liberal standard; conquered and conquerors merit recognition from the party, the gratitude of the whole nation. And our most cordial congratulations to the illustrious statesman, whose lofty and brilliant personality has been so great an assistance to us in the fight, to the grand conqueror, Sir Wilfrid Laurier."



NAILED DOWN.



THE GENERAL ELECTIONS—OUR REAL THANKSGIVING.

THE ANNUAL MEETING OF THE EASTERN LEAGUE HELD TO-DAY

Although There Will be Opposition Mr. Pat Powers Will Probably be Re-elected President.

Special to the Montreal Star.

New York, N.Y., October 27.—At the annual meeting of the Eastern League, which convenes to-day, it is expected as certain that President Powers will be returned to the presidency, although he will be strongly opposed by George Stallings, of the Newark Club, and also by the Buffalo Club. It is no secret that Stalling would like to see Powers dethroned, and the opposition of A. B. Potter, the Buffalo presiden, has been known for years.

Secretary Barnard, of the Cleveland American League, is talked of to succeed Powers. Not only is President Powers almost assured of re-election, but it is also within the bounds of possibility that his salary will be increased. Pat is now drawing $2,500. While it has been stated that Jack Dunn, manager of the Baltimore Club, is to quit, he is slated to lead the Orioles again at an increased salary. Hughey Duffy will manage the Grays for another season. Eugene McCann is a candiate for reappointment to handle the Skeeters, but Bob Davis, chief owner of the club, is desirous of securing a playing manager. Kid Gleason has been mentioned for the job. President Chapin, of Rochester, is looking around for an experienced leader for the Bronchos, while the same condition prevails at Toronto, where the club is after a competent leader to succeed Larry Schafly. Joe Kelley, Charlie Carr, and Jimmy Casey are mentioned.

The Buffalo Club and fans are not satisfied with the results attained by George Smith, and a change would be welcomed.

Buffalo, Montreal, Rochester, Jersey City and Newark are said to be slated for changes. Newark, of course, expects to lose Stallings. Buffalo clamors for a successor to George Smith. Eugene McCann may stay in Jersey City, but it is not certain. Casey is about to leave Montreal, Buckenberger has pulled out of Rochester, and the only men who will hold over for a year in the League are Hugh Duffy, of Providence and "Jack" Dunn, Baltimore.

Malachi Kittredge, has eyes on Rochester, and thinks he can win the pennant there. Powers this morning said he expected there would be a peaceable session of the organization, with debates principally confined to the solution of the problem of how minor league circuit can support baseball when it pays major league salaries. "The Eastern League is a pet of mine," said Pat, "and I want to see men who have backed the clubs get the proper reimbursement for their investments.

"Possibly some of our managers have paid salaries to players out of alignment with the population of cities represented, but if possible, we do not intend to fix on an arbitrary salary list that would reduce the attractiveness of Eastern League ball, and hope that some other solution of the problem of unnecessary expense can be reached."

ERNEST CAINE WON UNITED COUNTIES MARATHON AT CORNWALL

Special to The Montreal Star.

Cornwall, Ont., October 27.—The United Counties Marathon Road Race, under the auspices of the Men's Association of Cornwall, was run here Saturday and brought out a very large crowd. The streets were lined with people. The start was made from the Post Office corner at 2.30 o'clock, and the course was up the West Front Road to Maple Grove and return, the finish being at the Town Hall.

Ernest Caine, of Cornwall, was the first runner to cross the line, his time being 55 minutes and 30 seconds. Francis Oak, a young Indian from Cornwall Island, ran along the sidewalk past the rope, but came back and won second place. Chas. Johnston, of Eamer's Corners, was third; Benj. Whitham, of Cornwall, fourth; Wm. Elder, of Cornwall, fifth.

In all there were 20 competitors and all but a couple covered the nine mile course.

Some differnce of opinion seemd to occur over the Indian, Oak, on account of his not crossing under the line, and it was asserted that he reseived assistance near the finish. However, he was awarded second prize.

The prizes were awarded at a corner in the Music Hall in the evening. The first prize was a gold watch; second, a gold ring; third, a gold pin.

The officials of the race were: Starter, R. T. Woodside; referee, W. V. Boyd; timekeepers, William Pollock and W. Gibbon; judge at turn, A. F. Birchard.

The race created a great deal of interest and will probably be an annual event.

AT THE STADIUM— VAUDEVILLE AND CONFETTI MASQUERADE

This week promises to be a star week at the Stadium, for notwithstanding the already very attractive programme, the management has decided to give a record breaker masquerade on Thursday, the 29th inst. Those who have had the pleasure of attending the last masquerade given at the Stadium will no doubt remember that it was a most interesting and pleasurable event. Judging by the preparations which are being made for this week's masquerade it should eclipse all previous fancy dress carnivals ever attempted in Montreal.

The vaudeville attractions this week are well worth witnessing. The Lavelles introducing wonderfully trained dogs created quite a sensation, while the Barlow's introduced feats on the ladder which were really marvellous.

St. Anthony's Harriers Meeting.

A special meeting of the St. Anthony's A. A. A. Harrier Club, will be held in St. Anthony's Hall this (Tuesday) evening, at 8 o'clock.

IRISH-AMERICANS MAY ENTER TEAM IN HOCKEY LEAGUE.

New York, October 27.—After nearly six months' inactivity, ice hockey will soon resume its place as the most popular of winter sports. Veterans and youngsters, those who have been tried on the icy fray and those who are anxious to gain places on the various sevens about town, which comprise the Amateur Hockey League, have already laid out their hockey paraphernalia, ready for the curtain to rise on the preliminary season.

The success which attended the hockey season of last year attracted the attention of several of the larger athletic clubs within easy striking distance of this city, and toward the close of the winter it was reported that when another era in the history of the Canadian sport dawned there might be more than five clubs in the Amateur Hockey League. There was a movement under way to interest the Irish-American Athletic Club in the game, and it was said that many of these looked with favor on the forming of a team. This report has again cropped out, and those who are included in the inner circle state that it is highly probable that even if the Irish-American Club should not enter a seven this season, a long step will have been taken toward forming one for next year.

BELMONT STOCK, WORTH $150,000, SHIPPED TO ENGLAND

New York, October 27. — Nineteen thoroughbred horses, of which only Fair Play is in training, the others being breeding stock, were shipped by August Belmont to England Saturday, and sailed in the morning on the Atlantic Transport line steamer Minneapolis, under the care of Harry Clark, foreman of the horse shipping department of the steamship line. Fair Play, 3 years old, and the greatest money winning horse of the season of 1908, goes to England to join the racehorses sent on before by Mr. Belmont.

The entire consignment, valued at $150,000, was insured. Fair Play was insured for $50,000 and Octagon and Six O'Clock for $30,000 each.

BOOKIES SUFFER TERRIBLE BLOW AT PIMBLICO MEETING

Special to The Montreal Star.

Baltimore, Md., October 27.—A disappointed lot of bookmakers spent Sunday lolling around the corridors of the hotels wondering whether the cataclysm of Saturday would be repeated very often during the Pimlico meeting.

Four choices crossed the line in advance of their fields. It was a Waterloo for the knights of chalk. With hardly an exception, they were all stung and their combined bank rolls were $50,000 poorer than when they started off. This is a strictly pure, sport loving community, and when they get what they think is a real good tip the rubber band comes off the roll.

The blow that staggered the bookies was struck by Billy Garth, when he sent Pontotoc to the post in the steeplechase. Layers made him a 5 to 1 shot. They were kept so busy writing his name that odds tumbled to 3 to 5 at the post time. Pontotoc won by a length.

The annual meeting of the 3rd Victoria Rifles Basketball Club will be held in the Armory this evening and all interested in the series of intercompany games are expected to attend.

MONTREAL WILL BE AT HOME TO OTTAWA NEXT

Improved Form in Local Interprovincial Team Noticed.

The Interprovincial fixtures for Saturday are:—

Ottawa at Montreal.
Hamilton at Argonauts.

These games will provide this week's excitement in Rugby football circles, and both are expected to be hot contests. Montreal's close game with the Tigers last week shows that her form must be improving and for this week's match Montreal supporters are a little more expectant of success.

The growing confidence of the players is having a very great effect and with the encouragement received in last week's game, when they made a supprisingly good showing against the strong Hamilton bunch, they will this week go on to the field against the Ottawans with a more hopeful view of the situation.

The wing line will be considerably strengthened for this match by the addition of Savage.

Toronto Globe:—With such a team in the field earlier in the season Montreal would not be at the tail end of the procession by any means. In Craig and Tothill they have two stars. They always had their heads with them, are excellent punts, fast runners, and sure catchers, and with Tommy Stinson, should make a back division that would be hard to beat. There were no better wing men on the field than Savage, Molson and Kelly. George Ballard was at quarter in his first game this season, and his generalship was very evident. Art Moore, who, during the last couple of games has been off color, was the same artful dodger who has been the delight of the crowds for the last three years. "Dutch" Burton, at centre, played a strong, steady game, and Tope was his old self, having completely recovered from the shaking up he got at Montreal.

INDEFINITE OUTLOOK AS TO FUTURE RACING OPERATIONS IN NEW YORK

Special to The Montreal Star.

New York, October 27.—Breeders, owners and trainers of race horses will learn with regret that it is probable that no stakes will be offered by local racing associations this year for next season's racing.

Problematical in the extreme is the local racing situation. Officials of various jockey clubs can impart no definite information as to future operations for the reason that they are in a quandry, do no tknow how they stand and do not contemplate any action. Whether racing will be continued or discontinued is not even considered. Everything pertaining to the subject is deferred. Cornelius Fellowes, secretary of the Coney Island Jockey Club, said "Our usual closing of stakes on November 1st, will not take place and there is no certainty that he will offer any to close January 1, we may not offer any until next spring, and possibly not then. Whether the Futurity will be run next year I cannot say."

Brockville, Ont., October 27. — The football teams of St. John's school, Montreal, and St. Alban's school of this town met Saturday afternoon on the grounds of the latter. The contest was marked by clever work on both sides and that honors were pretty even is shown by the final score of 16 to 15, the majority of one being in favor of the visitors. The best of good feeling prevailed throughout the match. C. T. Wilkinson was referee, and Dr. Bowie, umpire.

It was the first of a series of home games between St. John's, St. Alban's and Ashbury College, Ottawa.

RUNNERS HAVE ALL RETURNED TO THEIR HOMES

Participants in Canada's Great Road Race Highly Pleased

The last of the runners here for the great fifteen mile championship race on Saturday have now returned to their respective homes from which they came to participate in one of the greatest road races ever held on this Continent. And they did not go away disappointed either for the race was truly the greatest event of the kind ever held this side of the great ocean.

The runners came from all over the country with high hopes. Some met with very great success while others were less fortunate and made less prominent showings. One or two just at the last minute were unable to enter at all and of these probably the most disappointed one was Mr. H. Clinton Johnston, of the Cowansville Harriers. Long before the race Johnston had been training hard for fifteen miles. His trial times were most promising too, but just when he was rounding into shape an unfortunate accident occurred to him that prevented his participating on Saturday. He was out running and when descending a hill stepped on a rolling stone with the result that his knee was strained. The injury although not thought to be serious is most annoying and he has had to abandon running for the present.

O'Brien, the Gananoque boy, who was to win honors for that section of the country was also unfortunate in as much as he was obliged to retire from the race at about the seventh station. O'Brien was the youngest of all the runners competing. His showing was a commendable one though. The examining doctors gave a good report on his condition before the race and the trained eye of Manager Tom Flanagan, of the Irish-Canadians spotted this young man as a promising runner and predicted good things for him in the future.

Last week the visiting runners were shown about town a little and among other places they visited His Majesty's Theatre, the Academy, and Theatre Royal where they were the guests of the management.

RACE TRACK CASES DISCHARGED BY BROOKLYN MAGISTRATE

New York, October 27.—Sol. Litchenstein, Orlando Jones, and five lesser known frequenters of the race tracks, were discharged from custody, and the charges of violating the Agnew-Hart Anti-Gambling Laws, were dismissed yesterday by Magistrate Geismar, of Brooklyn. The magistrate said the distinguishing features of bookmaking are having a stand, posting odds, exchange of money, and making records in such a way as to conduct a public gambling business. The accused, he said, walked about talking to people to obtain bets. They also bet with others, thus acting as both layers and backers. This, the magistrate said, was not bookmaking.

WESTMOUNT WILL PLAY OTTAWA FOR EASTERN HONORS.

The most successful season in the History of the Montreal and District trict Football Association closed on Saturday last. With Westmount as champions, a match has been arranged for this week Saturday, with Ottawa, for the championship of Eastern Canada. The game will take place on the grounds of the former club at Windsor Park.

The winners of this match will likely go to Toronto to play Toronto Thistle, considered by Torontonians the class team of Ontario.

How the game in Toronto will result it is hard to say, but neither Westmount or Ottawa are teams to be taken lightly.

IRISH-CANADIANS DISAPPOINTED, BUT GLAD HALIFAX WON TROPHY

Toronto, Ont., October 27.—"We're always knocking at the door, but somehow we don't get in," ruefully remarked P. J. Mulqueen, the Irish-Canadian president, when he learned that the I. C's, after winning the team championship trophy at Montreal had lost it in the committee room to the Halifax aggregation.

"It was a sore touch for us, but we would sooner see Halifax get it than any other team," said Tom Flanagan. "This is the second time the Irish have lost the championship by a single point."

Rain fell steadily throughout the game. Princeton felt the loss of Captain Dillon, and McCrohan, the big full back.

C. P. R. INSTALLING TELEPHONES BETWEEN MONTREAL AND WINNIPEG

As outlined in The Star some weeks ago, the Canadian Pacific Railway is getting its telephone system for the purpose of despatching trains into such shape that it will soon be in use in many divisions. The Farnham branch service has been a great success, and between Montreal and North Bay there is a telephone system that the company feels has justified the greatest expectations. In the West the work of installation has commenced, and Mr. M. J. Kent is out there at the present time in this connection.

A despatch from Winnipeg says that, in discussing the question, Mr. Kent said: "By the time the double-tracking is completed from Fort William to Winnipeg we shall have established a system of telephones between Winnipeg and Montreal. The telephone lines are being strung on the telegraph poles, and a circuit has already been established from Montreal to North Bay, and from North Bay to Whitemouth. The completing section will be finished by the time the operating department takes over the double-tracked line, and this will be very shortly."

MEMBER OF CANADIAN LACROSSE TEAM WRITES INTERESTING LETTER

One of Olympic Players Gives Idea of How Boys Felt Crossing the Ocean and of Their Trip to Ireland.

(Special to the Montreal Star by a member of Canadian Olympic Lacrosse Team.)

Ivanhoe Hotel, London, W.C.,
October 16th, 1908.

Dear Sir:—Here we are in old London and all are well. After leaving the Straits of Belle Isle the boys began to get sick. They were dressing for dinner, putting on their best togs for the occasion, when suddenly there seemed to be a void in their heads and a pressure on their stomachs, and instead of making for the dining room they made for the bathroom, and all that was good and strengthening came up, and from that on until the day previous to our arrival all of them, with the exceptions of Brennan, Hoobin, Duckett, Murphy and Gorman had troubles of their own. However, when the crowd landed in Liverpool, all were in very much better form and glad to get there. Alec. Turnbull was probably the sickest man in the party and he put up everything, as he put it, with the exception of his boots.

At Liverpool they were met by Mr. Batty, Secretary of the Lacrosse Association, of Manchester, and Mr. Whitely of the same place. The boys, with the exception of Hoobin, Brennan, Murphy, Broderick, Dillon, Hamilton, Dr. Campbell, Dickson, Jack Meredith, of the Windsor Hotel, and Gorman left for London. Those named started for a short tour through Ireland. Leaving Liverpool at 10 o'clock p.m. October 9th, they arrived in Dublin the following morning at 7 o'clock, procured an auto and took in the city of Dublin, visiting the tomb of Danial O'Connell, in Glasnevin Cemetery, also Parnell's grave and those of other Irish celebrities. After touring Dublin they left for Galway at 4 p.m. in a little dinky smoking car, not much larger than a good sized packing case, but I can assure you that they enjoyed themselves every moment of the time. They stopped at Athlone on the river Shannon, changing cars here and had a big time at the station, where they met a lot of very pretty Irish colleens.

Murphy tipped his hat to one of them and she immediately and politely told him: "To keep his head warm," and with a pleasant smile passed on. Gorman met an old Irishman with Galway whiskers, and asked him what time we would get to Galway; his reply was: "Immediately after the engine." Pat Brennan was tackled by a little newsboy, who entreated him to buy his papers. Pat asked him if he had any of to-morrow's issue, and the kid replied instantly: "No, I sold them all yesterday." Pat took the joke in good part, tipped the kid, and they all enjoyed the fun. This is the kind of hot stuff that is handed out to you in a joking way all over the green isle.

They arrived in Galway at 9 p.m., and Paddy looked up some of his relatives. Pat, by the way, was born some years ago some few miles outside of Galway, and he held up every old Irishman he came in contact with. They had a very pleasant stay here and left the following morning for Clifden. They had dinner at Clifden and were entertained very nicely by Paddy's relatives, and left there at 1.30 for the town of Westport. They drove 44 miles in Irish jaunting cars and passed through some of the most beautiful scenery in the world. On the way they drove through the Duke of Manchester's estate, which is certainly beautiful. The roads in this section of the country are smooth as a billiard table. They then stopped at Connemara for supper and drove into Westport, arriving there about 10 p.m. Westport is a very pretty little town situated at Clew Bay, in the county of Mayo, and stopped here for the night. It was here Gorman's father was born, and he took a drive into the country of about twelve miles to look up some of his father's connections, whom he located, while the boys enjoyed surveying the town and visiting Croagh Patrick, the mountain immediately adjoining the town of Westport, where St. Patrick is said to have spent some time on its peak. They left Westport at 2 o'clock, and went to Sligo, where Henny Hoobin's parents were born. Sligo is a very pretty little town of about 12,000. At the Imperial Hotel, where they stopped, the proprietor, a big-hearted Irishman, took a fancy to Henny, and presented him with one of the most beautiful blackthorn sticks in the city, on which was inscribed his name on a silver band. The boys enjoyed the stay here very much, and left for Dublin the following morning. From Dublin they came on to London, where the boys started in on their practice in real earnest.

SOME REPLIES TO HEARST EXPOSURES.

New York, October 27.—In a statement by John D. Archbold, of the Standard Oil Company, respecting the reading of letters by W. R. Hearst on Saturday night, exposing Archbold's correspondence, the latter claims his efforts to have certain judges appointed had no significance, and he added:

"My letters to General Elkin referring to accompanying drafts related entirely to contributions to the Republican state committee, then engaged in the campaign preliminary to the renomination of Mr. McKinley, a subject regarding which I think Hearst would be a little sensitive, for was it not the election and tragic death of Mr. McKinley that came near costing Hearst his precious neck?"

Philadelphia, October 27.—Former Governor Pennypacker denies that he had any communications from the Standard Oil Company relative to the appointment of Judge Henderson, such being unlikely in the face of his recommendation of a tax on oil and coal taken out of the State in aid of school funds.

Embezzler Found Guilty.

Pittsburg, October 27.—Wm. Montgomery, former cashier of the defunct Allegheny National Bank, charged with the embezzlement and abstraction of $469,000, was found guilty and immediately placed on trial on a third and last indictment, charging him with the misapplication of $144,000 in bonds.

Explosion of Small Account.

BEAUTY BRUSH
For Bath and Toilet

Made of the finest quality of soft rubber. Its surface is formed of vacuum cups, which, when applied to the skin, extract from the pores all impurities and stimulate the circulation of the blood, thus imparting a natural glow of health to the skin and preserving the complexion clear and beautiful without the use of any chemical lotion.

In the centre of each vacuum cup of the Beauty Brush there is a rubber tongue, or articulator, which agitates the surface of the skin when the brush is used for massage. It is in the combination of a vacuum cup and articulator that the Beauty Brush excels for toilet massage.

DIRECTIONS FOR USING:

Ladies and gentlemen will find this brush equally good to promote a clear complexion, remove wrinkles and freshen and invigorate the skin. It may be used as an ordinary sponge, with soap and water, or dry, as a massage brush.

When applied to the face it should be drawn upwards from the eyebrows over the forehead.

From the cheeks and under the eyes draw the brush towards the ears. Along the chin and neck draw the brush downwards. This will remove wrinkles as well as administer an excellent massage to the face.

The brush should be pressed hard enough against the face to make the drawing action of the vacuums perceptibly felt.

BABY'S AWFUL ECZEMA

Face Like Raw Beef. Thought She Would Lose Her Ear. Healed Without a Blemish.

MOTHER THANKS CUTICURA

"My little girl had eczema very bad when she was ten months old. I thought she would lose her right ear. It had turned black, and her face was like a piece of raw meat, and very sore. It would bleed when I washed her, and I had to keep cloths on it day and night. There was not a clear spot on her face when I began using Cuticura Soap and Ointment, and now it is completely healed, without scar or blemish, which I had not hoped for.—Mrs. Rose Ether, 291 Eckford St., Brooklyn, N.Y."

ENGLISH COMMONS DISCUSS PROBLEM OF UNEMPLOYED

Keir Hardie Moved an Amendment Which Was Defeated.

London, October 27. — In the House of Commons yesterday afternoon Percy Alden, Liberal member from Middlesex, offered a resolution as to the Prime Minister's statement regarding the importance of the problem formed by the unemployed and approving the steps taken by the Government in the recent emergency. John MacKinnon Robertson, Liberal, seconded the resolution.

James Keir Hardie, Socialist, moved as an amendment that as there were 2,250,000 unemployed, three-quarters of whom were skilled artisans, the Government's proposals were inadequate. He stated that the present crisis was due to the neglect of the Government to provide for such a state of affairs, which had been clearly foreseen. In concluding, Hardie passionately declared that if the worst came to the worst he would go among the women suffrage people, taking the responsibility for the advice he would give them. The country, he said, must be shocked out of its lethargy.

Mr. John Burns detailed the steps that had been taken to alleviate the distress. He said that by means of loans, sanctioned by the local authorities, public works costing between £2,000,000 and £3,000,000 would be put in operation.

After several hours' debate Mr. Hardie's motion was negatived by a vote of 236 to 68, and Mr. Alden's was carried by a vote of 196 to 35.

THEOLOGICAL CONFERENCE.

Mr. Adam Shortt on "The Characteristics of Modern Society."

Last evening the opening lecture of the Montreal Theological Conference was given by Mr. Adam Shortt, in the David Morrice Hall, of the Presbyterian College. Mr. Shortt, who is Civil Service Commissioner, and formerly professor of Political Economy at Queen's University, Kingston, Ont., discussed "The Charasteristics of Modern Society." The lecturer dealt in an interesting manner with such problems as the fall of man and the origin of evil. The strange complexity of the character of man was shown by the fact that while he could squander millions nationally for the destruction of his fellows, he could at same time join in great schemes of charity for humanity's relief. Rev. Principal Scrimger presided over an audience, which owing to the inclement weather, was rather small.

MAY ADOPT MACHINE GUNS.

United States May Use Them With Infantry Regiments.

Washington, October 27.—Major-General J. Franklin Bell, chief of the general staff of the army, called on President Roosevelt yesterday and handed him a report of Captain John H. Parker, on experiments for a machine gun service. Captain Parker has been at work for a year at the Presidio of Monterey, Cal., on these experiments, and has worked out the details of organization, and it is said he has recommended a machine gun company for every regiment of infantry in the army. President Roosevelt is much interested in the new service, and in his forthcoming message to Congress probably will recommend that such a service be inaugurated.

A ROYAL EXAMPLE.

King Edward Employs Many Hands in Improvements at Balmoral.

London, October 27.—King Edward is taking practical steps to settle the unemployed question in so far as lies within his power by arranging extensive improvements, necessitating that the employment of a considerable number of men be taken in hand at Balmoral.

One change already effected by the King on his Scotch estate was the removal of the statue of John Brown from the conspicuous place where Queen Victoria set it up in the grounds to a more retired position.

CANNOT IMPOSE FINES.

Important Judgment Affecting Labor Unions in United States.

Boston, October 27.—The Supreme Judicial Court of Massachusetts, in making permanent an injunction against several labor unions, yesterday ruled in a decision attesting the decree that labor unions cannot impose fines on their members in order to force them to go out on strike.

Japan Embraces Uncle Sam.

Washington, October 27.—The Emperor of Japan, replying to President Roosevelt's thanks for the reception accorded the American fleet while visiting Japan, said in part:

"I desire to express my appreciation of your kindness in accepting the invitation of my Government for the fleet to visit Japan, since by that visit I was afforded an opportunity to testify anew to you the assurance of my high regard and perfect esteem, and my subjects were enabled to give fresh proof of their sincere attachment for your countrymen, and I am very happy to believe that the memorable event will surely tend to cement the bonds of friendship and good neighborhood between our two countries."

A Socialist Discouraged.

London, October 27.—Wm. Thorne, Social Democratic member of Parliament for West Ham, has been ordered to furnish two securities of $500 each to guarantee his good behavior for one year. He had the alternative of six months' imprisonment. He furnished the sureties. Thorne was summoned before the court for having advised a meeting of the unemployed in Trafalgar Square on October 14 to rush the bakers' shops if they were hungry.

DYING OF CANCER.

Dr. Bull's Chance of Recovery is Considered Hopeless.

Special to The Montreal Star.

New York, October 27.—Dr. William T. Bull's chances for recovery are so remote that the physicians only seek to alleviate his suffering, and have no hope whatsoever of checking the course of the cancer with which he is afflicted. When the cancer, which is located in his neck, was first discovered, the surgeon decided the close proximinity of the cancer to the main artery made it necessary to operate at once. Dr. Bull, however, preferred to resort to X-ray treatment. Apparatus was installed in the doctor's apartments, and for the last two weeks he has daily submitted to this treatment.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at Robert H. Bryson's and other leading drug stores in Montreal, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th Street, New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately, chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

LORD MILNER AND CANADA.

Freeman's Journal Says He is Disappointed Politically.

London, October 27.—According to the Freeman's Journal, Lord Milner is greatly disappointed in his tour of Canada from a political point of view. He is received with curiosity, but with no enthusiasm. Even the most jingoistic Canadian imperialist is still too strongly Canadian to think of him as viceroy. It is stated that pending his getting another post Lord Milner is likely to get the directorship of one of the big Canadian lines.

Child Fatally Scalded.

Special to The Montreal Star.

London, Ont., October 27.—Dorothy Riley, aged 2 years, while playing last evening, backed into a pail of boiling suds that had just been taken off the stove by her mother, and was so badly scalded that she cannot recover.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HUGHES VERSUS CHANLER.

Election Bets Stand at 10 to 9 for Republican.

Special to The Montreal Star.

New York, October 27.—Chanler money has become scarcer in the financial district in the last few days, although very little money has been placed at any time. For the first time to-day holders of Hughes money were obliged to give odds, the larger sums being placed at 10 to 9, and small bets at even money. The first big election bet made between the Stock Exchange members this season was one made yesterday of $5,000 on Hughes against $4,500 on Chanler.

On the curb, one bet of $1,000 on Hughes was made to $900 on Chanler, and the holder of Hughes money announced he had $20,000 more to bet on the Republican candidate.

Nos. 389 & 391 Bleury St.
Just Next to Corner Ontario Street,
AT AUCTION

We are instructed by the two proprietors to sell by auction at our salesrooms,

No. 453 St. James Street,
—ON—
Thursday Morning, Oct. 29,

The valuable Stone Front House, No. 389 Bleury Street, adjoining Mr. Scanlan's attractive store, which forms the north-east corner of Bleury and Ontario streets. The property is known as official subdivision No. 171-5, contains 25 feet front, by about 98 feet in depth. Superfices, 2,432 sq. feet.

Also at the same time the stone front house, 391 Bleury street, immediately adjoining, about the same dimensions.

The purchaser could, with a moderate outlay, convert these dwellings into attractive stores, with house above, that would rent readily at a remunerative figure, as the situation they have on this great thoroughfare of a thickly populated district is most desirable. The proprietors, residing abroad, are desirous of disposing of the property at a bargain price.

Prospective buyers would do well to bear this sale in mind.

THE RESULT AND THE FUTURE.

The result of the elections is to send the Government back to power with a majority which will be quite as effective as that which supported it in the last House. Ontario and Quebec are practically as they were, though there has been considerable shifting of individual seats; Nova Scotia, Manitoba and British Columbia show substantial Conservative gains; the Prairie Provinces are still with the Ministry which is building the Grand Trunk Pacific; New Brunswick is more strongly Liberal than ever, while Prince Edward Island has exactly reversed its position by rejecting every one of its members who sat in the last Parliament.

The gains and losses illustrate the uncertainty of elections. A party generally feels fairly sure of holding what it has, and makes a vigorous campaign with a view to winning vulnerable positions held by the enemy. The result is that each attacking force succeeds at certain points; and often the parties are left very much as they were. In lacrosse language, they seem to play "home" better than they do "defence." At times, local quarrels account for the loss of seats; and, at others, strong local appeals by the winning party.

The question for the people, however, is not so much to discover how this or that party won or lost, as to make up their minds firmly as to what they want done with the situation as it stands. The responsibility of administration still rests with the Liberal party, but the equally important responsibility of furnishing a vigorous and vigilant opposition rests with the Conservatives. The former are bound to give us good government; the latter are bound to give us a practicable alternative. On the morrow of polling, it is a little difficult for the people to demand that the party leaders shall rid themselves of the influences which they themselves—the people—have sent back to Ottawa to sit at their elbows; but it is only fair, as we insisted the other day, that the whole nation shall not be held responsible for the sins of limited localities, and shall not be punished for them by seeing notoriously untrustworthy men raised to places of high influence.

The people elect the members of Parliament; but the party leaders, advised by the party "caucus" possibly, decide what post of influence each member shall have in Parliament. Kings, N.S., for example, has re-elected Sir Frederick Borden to Parliament; but it has no power to "re-elect" him to the Cabinet. That Sir Wilfrid Laurier must do, in his capacity as trustee for the whole Liberal party, and, in a sense, of the whole nation, before Sir Frederick can continue to sit as a model for our young men, and a fast friend of the Ross rifle, in the chair of the Minister of Militia. Again, North Toronto has re-elected Mr. Foster to Parliament; but not to the position of Mr. Borden's chief adviser and first lieutenant. Mr. Borden himself has that choice to make; and his future depends very largely on the courage and public spirit with which he makes it.

The country has shown its confidence in both leaders. Both have been elected handsomely from the two constituencies in which they each ran. They are both strong enough to "clean house." The country has given them some assistance. It has left Mr. Fowler and Mr. Lefurgey at home. It has defeated Mr. Burrows and weakened Mr. Sifton's prestige as the Man from Manitoba. But it has sent a large enough delegation from the Plum Tree Club to both sides of the House to enable the leaders it has complimented with double elections to show that they are worthy of that confidence. The result in New Brunswick must not for a moment be regarded as "whitewashing" Mr. Pugsley. New Brunswick would not have voted as it did if it had believed its Minister guilty; and it is now the business of Sir Wilfrid and his Minister of Public Works to justify New Brunswick in its expression of confidence by vindicating the latter at a full, free and open trial.

Nor have the elections pronounced judgment upon the "scandal" charges of the Opposition. They have simply announced the decision of the country to "let Laurier finish his work," the party slogan from ocean to ocean. They have further pronounced an adverse judgment on the capacity and integrity of the Opposition as it stood. The duty of the Opposition from to-day forward is to regain public confidence by deserving it. The voting has pruned away some of its worst "dead-wood" and there is more that ought to go; but what the Opposition can best do for the present is to push to the front its better elements and to launch with optimistic courage progressive policies. It has received some excellent new timber, as the result of yesterday's voting; and the Government has brought back some good material as well. If these men and influences are in both cases utilized to the utmost, and are not permitted to be shouldered aside by the aggressive greed of forces which hitherto have had too much to say in the guidance of both parties, the country will have a better choice set before it when the general elections are called again.

THE SCRUTINEERS.

The army of scrutineers who did their duty yesterday all over the country deserve a word of commendation. It is true that most of them are party men; but there are lots of party men who would not take the trouble to sit in a polling booth all day and check the voters who came in to mark their ballots. As long as we have the party system of government in this country, we will be largely dependent upon the representatives of one party to watch the other; and among the most valuable of these watchers are the scrutineers on election day. Where they are active and intelligent, they prevent the polling of a great number of bogus votes. They are a terror to the "telegrapher" and a menace to the "repeater."

Now it is no fun to sit in an ill-smelling and often over-heated polling booth and keep sharp watch on the file of voters who come in to the poll. The scrutineer must be awake every minute of the time, and he must be ready to precipitate a disagreeable scene if he suspects a voter of being other than he pretends. It is not a nice thing to have to challenge a man's vote and ask him to swear; but it is a scrutineer's duty to do this the moment he is in doubt. It may even become his duty to make an arrest. All this requires vigilance, pluck, alertness and assiduity. The scrutineers who possess these qualities and who scrutinize the vote vigorously, serve their country quite as much as they do their party.

THE CABINET ON THE "STUMP."

One of the differences between the Canadian and American political systems is emphasized by the fact that it is regarded as a desperate and "last resort" measure in the United States for the whole Cabinet to take to the "stump." Here we expect our Cabinet Ministers, and the men who hope to be Cabinet Ministers in case the Opposition "comes in," to do most of our "stumping." Indeed, if one of our influential Cabinet Ministers stayed off the "stump," we would immediately infer that he was "disgruntled," and people would begin to wonder what was the matter. In the United States, the Cabinet does not regard the election as much of their business; and the intention was to permit Secretary Root, the American "Premier," to make but one speech. Now, under great pressure, he is to make three. As for the prospective members of Mr. Bryan's possible Cabinet, we do not hear the name of one of them.

Secretary Root made a most effective intervention on the "stump" against Hearst in the last Gubernatorial campaign in New York State; but his effectiveness was chiefly due to the fact that he came with a direct message from Roosevelt. On this occasion, such a message has been heavily discounted in advance by the President's many endorsations of Taft on his own account. Root is also an excellent debater; but he is regarded as too close to the "interests" to have much influence with the masses. The Republican managers ought to know what they are about; but one would almost imagine that his appearance in Ohio will confirm the feeling of the Western Republican Radicals that their best champion is Bryan, while Taft has too many friends who stand in well with Wall street.

The Cleveland letters which are being published show very convincingly how the veteran Democrat felt toward Bryan. But that can hardly be regarded as news. Cleveland was always against Bryan. Many "Cleveland Democrats" are now fighting for Bryan, however, probably on the theory that the future is with the living. A new alignment has come since Grover Cleveland led the Democracy; and it is an alignment which will one day lose the Democracy the support of the conservative and aristocratic elements which dominate the Solid South. The Western States, however, are more likely to become Democratic as the Southerners find their natural alliance with the moneyed interests of the East.

The last week of the campaign was dazzled by an unprecedented number of libel suits launched by politicians at their critics, journalistic and otherwise. Some cynical observers are inclined to think that many of them are mere "bluffs" and that we will hear no more of them after yesterday's polling. A libel suit, however, is hardly a fair form of election "bluff." It is degrading the processes of the law and the administration of justice. If this turns out to be a true diagnosis of our epidemic of libel suits, it may become necessary to attach some penalty to the entering of such an action and then allowing it to drop. The trouble is that, after an election, it is to nobody's interest to keep such a suit going. The man who starts it for political purposes has accomplished his end as soon as the ballots are cast; and the paper or person sued naturally does not seek the expense of an trial even when vindication is sure. But the public suffer and the prestige of the courts is lessened. These latter ought to be protected by imposing a penalty for trifling with their importance.

Australian Labor Laws.

Canadian Associated Press.

London, October 27. — A despatch from Melbourne says the drafting of the amendment to the constitution for the purpose of legalising the new protection is completed. Premier Deakin's proposals involve the control of conditions of employment in all protected industries in the fullest sense of the word, embracing minimum wages, the regulation of hours, and the limitations of boy labor.

Good music and special features will be provided at the Catholic Sailors' Club to-night, when Dr. J. J. McGiverin will preside. Among those to take part are: Mrs. S. M. # The Passing Hour

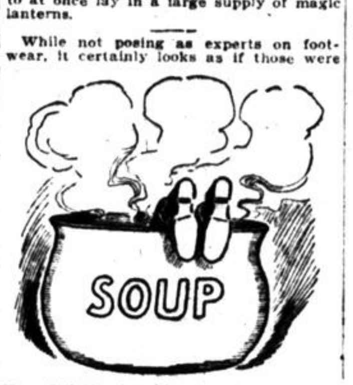
Laurier must feel great now that he is in the Tom Longboat class.

Mr. Ames having won by an increased majority, it behooves every Conservative to at once lay in a large supply of magic lanterns.

While not posing as experts on footwear, it certainly looks as if those were Hon. Joe Martin's No. 9's sticking out of the tureen this morning.



Poets will at once take note of the fact that Doherty and majority rhyme beautifully.

Loud cheers from the Grand Trunk Pacific.

Tumultuous applause from the Ross Rifle Factory.

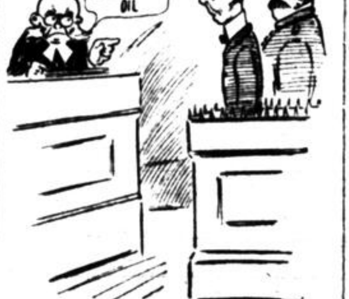
Letters addressed to Ottawa will catch Sir Wilfrid.

Mr. Pugsley has shown us what a few affidavits will do when skilfully circulated by an expert like himself.

If only men without freckles on their reputation should butt into the political game, it would be something like solitaire.

What Canada needs is not more election law, but the enforcement of what law she has already.

Our crying need at the moment is some good judge who will give the "I told you so" fiends a life sentence in the stone-breaking department.



Nothing New.

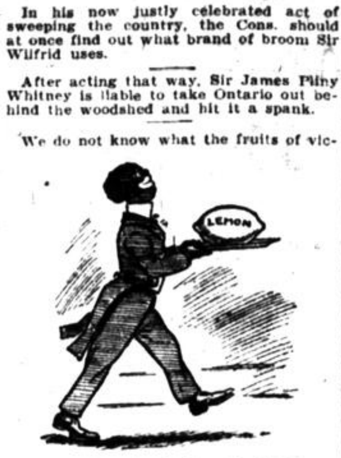
There's nothing new beneath the sun,
As you can bet.
The Chinese had the noiseless gun
And the sextet.
When Atilla was whipping kings
The Chinese knew about these things.

The Chinese had the brainstorm plea,
The aeroplane.
When Genghis Khan from sea to sea
Did ably reign.
And sheath gowns were in China worn
Before Marc Antony was born.

In his now justly celebrated act of sweeping the country, the Cons. should at once find out what brand of broom Sir Wilfrid uses.

After acting that way, Sir James Pliny Whitney is liable to take Ontario out behind the woodshed and hit it a spank.

We do not know what the fruits of victory are, but the fruits of defeat are lemons.



Sir Wilfrid can still make Quebec walk up and eat out of his hand.

If joy was fatal, the Ross Rifle Factory would have dropped dead at the news that Sir Fred. Borden won out.

Quiet, Indeed.

The great politician showed the visitor through his private bank.

"What a quiet place," observed the visitor. "You could hear a pin drop."

The great politician winked his eye.

"No wonder it is quiet," he chuckled. "It is here that I have all my 'hush' money stored."

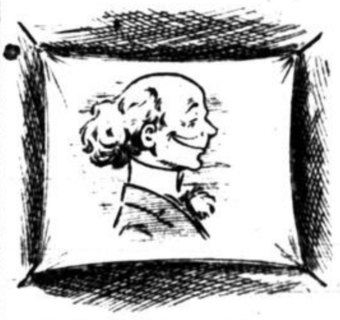
Premier Roblin should have planted a few more speeches on Alberta's fruitful soil. The Con. crop there was poor.

The ground is not frozen yet, so it will be no trouble at all for some of the prophets to dig a hole and jump in.

On second thought, St. Ann's decided it would not elect Walsh this year.

One paper predicted that only nine Libs. would be elected in Ontario. And the sad part is that the prophet will have the nerve to continue to draw his salary.

Sir Wilfrid will continue to circulate sunny smiles at the old stand.



In England, man "stands" for Parliament. Here he "runs" for Congress. The verbs show which country is the swifter. —Cleveland Leader.

In Canada men run for Parliament and the people have to stand for the expense.

Don't mind that munching sound. Just a few of the candidates eating crow.

We knew all along that this would happen, only didn't like to say anything about it.

The Cons. also ran.

THIS DATE THIRTY YEARS AGO.

October 27, 1878.

The Late Mr. Harrison Stephens.

We regret to announce that Mr. C. S. Brown, lessee and manager of the Ottawa Hotel, St. James street, has been obliged to call a meeting of his creditors. The liabilities are placed at fourteen thousand dollars, and the assets nominally eleven thousand dollars. Mr. Harrison Stephens, the landlord, is a privileged creditor for three thousand dollars in rent.

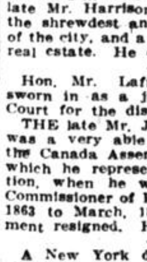
THE Ottawa was only re-opened four months, when the crash came. Mr. Brown had little capital when he embarked in hotel busiess, and this was soon absorbed in table-linen, cutlery, etc. The late Mr. Harrison Stephens was one of the shrewdest and wealthiest merchants of the city, and a large owner of valuable real estate. He died many years ago.

Hon. Mr. Laframboise was to-day sworn in as a judge of the Superior Court for the district of Gaspe.

THE late Mr. Justice Laframboise, who was a very able jurist, was elected to the Canada Assembly in 1857 for Bagot, which he represented up to Confederation, when he was defeated. He was Commissioner of Public Works from July, 1863 to March, 1864, when the Government resigned. He died in the eighties.

A New York despatch this morning states that Mr. Jefferson Davis has written letters to friends in that city in which he very warmly thanks the Northern States and Canada for their most generous monetary assistance to the yellow fever victims of the South.

THE late Mr. Davis was President of the Southern States Confederacy during the whole time of the American Civil War. He was tried for treason, but escaped punishment. He was before and after the war a frequent visitor to Montreal and other parts of Canada. He passed away many years ago.



The Late Rev. Principal Grant.

On his recent visit to London, Ont., Rev. Principal Grant collected from a few friends twenty-five hundred dollars in aid of the funds of Queen's College, Kingston, Ont.

THE late Rev. Dr. Grant, C.M.G., was a man of brilliant attainments and a great scholar and administrator. He made "Queen's" a popular seat of learning during his administration. He was created a C. M. G. in 1902 by the Prince of Wales. He lived but a few weeks after receiving the honor.

THE Hon. J. C. Pope arrived in the city this morning from the Maritime Provinces. He leaves for Ottawa to-morrow morning.

THE late Hon. James Colledge Pope, P.C., was a member of the Prince Edward Island Assembly in 1857 and Premier from 1865 to 1868, and for a second time from 1870 to 1872. He was elected to the House of Commons for Queen's, P.E.I., in November, 1876, and entered the Federal Cabinet October, 1878, as Minister of Marine and Fisheries.

Give the Runners a Chance.

To the Editor of the Montreal Star.

Sir,—It is to be hoped that those who intend "following" the runners in the Star's big road race on Saturday afternoon will be considerate enough to avoid interfering with the competitors in any way. The clouds of dust and evil-smelling gasoline vapor, raised by all sorts of carriages (horseless and otherwise), is a serious handicap for a runner to overcome, and many a good man is hopelessly beaten before the race is fairly started because he can't get the necessary air, but has to breathe choking dust. Then, last year's race showed how thoughtless some drivers were when they would deliberately drive in front of a runner who was trying to regain lost ground by a short cut at a corner, and thus "pocket" him for some distance and possibly cause him to lose still more ground.

There is no real reason for the jam at the finishing-line; and I cannot understand why thousands will try to stand where there is only space for hundreds, and where it is impossible for more than a very small fraction of the crowd to really "see" the finish. Besides, here they offer another obstacle to the runners who last year found themselves unable to penetrate the mob, and, therefore, were compelled to take to the sidewalks. It seems too bad that people will not content themselves with standing on the sidewalks and boulevards instead of swarming the roadway along Sherbrooke street as far west as Guy street, and thus adding more difficulties for the harriers to contend with. Common sense ought to teach them better; but perhaps this year they will learn from the mistakes of November 9th, 1907, and give the runners a chance.

For Harbor Employes.

To the Editor of The Montreal Star:

Sir,—Would you grant me the favor of a few lines in your valuable paper to enquire why more is not made by some of supposedly interested members or would-be members of Parliament of the plan for an old age pension fund for employes of our Harbor Commissioners, especially the mechanical department? Large private concerns, as well as the railroads, all have provision made for their trusty servants after a long period of faithful service.

TAFT COLLAPSED DURING SPEECH AT BROOKLYN

Was Hurried From Hall and Taken to Brother's Home

Special to The Montreal Star.

New York, October 27.—William H. Taft collapsed last night at the Academy of Music, Brooklyn during a fervid reply to the recent attack of President Gompers, of the American Federation of Labor, upon Roosevelt's administration, its candidate and policies. Speaking from the first with painful difficulty, his utterances more and more frequently interrupted by coughing spells. Taft's voice grew hoarser and hoarser, until it sank to an almost inaudible whisper. "So long as I have strength to emit sound," he said, "I will raise my voice in protest against the insidious attacks of Bryan, Debs and Gompers upon the power of the courts." Then came the breakdown. Henry H. Taft, who had been watching his brother with growing anxiety, motioned to a physician with the Taft party, and as the candidate stopped, exhausted, they literally pushed him to the back of the stage. Then while a band struck up, and another speaker sprang forward to attract the attention of the audience, Taft was hurried out of the Academy and into an automobile and brought with all possible dispatch to the home of his brother in Manhattan, where he was at once placed under medical care. Taft's engagement to meet distinguished Republicans at the Union League Club was cancelled. It was said early this morning that the condition of the candidate was not serious.

SUCCESSFUL CONCERT IN AID OF THE POOR.

The concert given in aid of the poor by St. Vincent de Paul Society at St. Mary's Hall last night was a great success, the hall being crowded to the doors. Rev. Father Brady, P.P., presided, and a feature of the entertainment was the announcement by Rev. Father O'Brien, of election returns furnished by The Star every half hour. Among those who took part in the programme were Prof. McCaffrey, Mrs. F. Payette, Miss Gladys Bell, Miss Ellen Kenehan, Messrs. P. Flood, Charles Kugelman, W. E. Hennessy, M. J. Power and Telesphore Bourassa. The pupils of the convent gave a fancy drill, and there were gramophone selections and musical selections by the Grand Trunk Boat Glee Club, and dances by Miss Josephine Dillon. A one-act comedy, "The Load of Wood," was creditably performed by Messrs. Wm. Anderson, Louis Leduc, Jas. O'Kane, and Jas. Doran. The Celtic Male Quartette, composed of Messrs. P. Pheland, P. Griffin, W. J. Costigan, H. Griffin, and Prof. McCaffrey rendered selections.

MONTREAL GARRISON WILL HAVE CHURCH PARADE ON SUNDAY NEXT.

Instead of autumn manoeuvres on Thanksgiving Day, the Montreal garrison will this year have a general church parade, ordered by Brigadier-General Buchan to take place on Sunday next.

The troops will assemble at the Champ de Mars at three o'clock in the afternoon, and from there march to their places of worship. For this occasion the garrison will be divided into three brigades, Anglican, Presbyterian and Roman Catholic, each under a brigadier appointed for the day. The whole force will be commanded by Lieut.-Col. Roy.

On the conclusion of the several services, the acting brigadiers will dismiss their commands to their respective quarters without the customary street parade.

AMERICA'S EX-CHAMPION WRESTLER

SAYS:

"After my great wrestling match with J. Mellor, of Staleybridge, at the Crystal Palace, England, for the International Championship, I was covered with cuts and bruises. I applied my favorite balm, Zam-Buk, and in a marvellously short time the abrasions and cuts were healed and I was fit and well again. At another time I had a piece of flesh almost torn completely off my arm above the elbow. I anticipated being unable to do anything with the arm for a long time. To my delight, however, Zam-Buk closed up the wound in two days. In three days it was covered with new skin, and a few days after, there was no trace of the injury. I recommend Zam-Buk for cuts, bruises or skin injuries of any kind.

Yours truly,
HUGH LANNON.

The above testimony given by Mr. Lannon when visiting Toronto shows the great value of Zam-Buk for injuries received in out-door sport.

Baseball, Football and Lacrosse Players should always keep Zam-Buk handy. It prevents cuts and injuries "taking the wrong turn." It stops the pain and smarting, and heals. It is also an excellent embrocation, curing stiffness, sprains, twists, etc. Used and recommended by Sherring, the Marathon winner; Madrali, the world's second greatest wrestler, etc.

We Are Not Trying to Ram Tillson's Oats Down Anybody's Throat

We Simply Want to Show Everybody That Tillson's Oats Are the Best There Are

We are on a campaign of conversion. We are out to convert Montrealers to **Tillson's Oats**. All we ask is, that you remain unprejudiced until you try Tillson's. The first taste will prove their quality.

There are no Black Specks in **Tillson's Oats**—no hulls—no dirt—all three, the result of careless or imperfect milling.

We start with the best oats money can buy. Then we have every good invention for milling oats that can make your breakfast porridge more delicious. And we have spent a lifetime in finding out just how to mill oats to make your breakfast porridge taste a little better than it has ever tasted before.

Of course, it is time wasted to try and sell coffee to anyone who won't drink anything but tea. And we are not trying to ram **Tillson's Oats** down anybody's throat.

But after all, what is there for breakfast that can be compared with the bowl of good oatmeal porridge, made of **Tillson's Oats**. People stop eating it for a time, but they come back to it again and again. Say what you will—porridge made of **Tillson's Oats** is the most satisfying breakfast dish that comes to the table. And all we ask is, that you test the goodness of **Tillson's Oats** on the table.

Don't ask for "rolled oats." Tell your grocer you want **Tillson's Oats**. He can easily get you "Tillson's," even if he should not have them in stock. But be sure and ask for "Tillson's," and insist on having

His Majesty's Theatre.

A very fair Monday night audience welcomed Miss Cahill at His Majesty's last night, in "Betty and the Boys," a musical play with a plot which deals with the matrimonial and mercantile adventures of Betty in a very convincing manner. The play contains many catchy songs, and Miss Cahill was as usual generously assisted in hers by her friends in the top gallery, who encored her time and again. Mr. Eugene Cowles, well known to all Montreal music lovers, was in magnificent voice, and his acting of the part of Major Gordon was a delightful piece of work. Mr. Kellerd, as Betty's inebriate husband, deserves much credit for his capable rendering of a part which might easily have been overdone. Mr. Atchison Ely, as Betty's lover, won the sympathy of all. "The Boys" made lots of fun. Mr. Carson as Rudolph, the German student, was particularly clever. Miss Palmer's part of Nanon is an important one, and she sustained it admirably. She also sings well and dances exquisitely. The chorus is large, good-looking, well-dressed, well-drilled and contains some excellent voices. The scenery is very pretty, the storm at the beginning of the third act being a very realistic piece of stage mechanism. Indeed the whole play moves smoothly to a charming finish, and Miss Cahill is to be congratulated upon having surrounded herself with so capable a company.

The election returns were announced by Mr. Brooks, the manager between the acts.

Bennett's Theatre.

A well balanced, pleasing show all through is at Bennetts this week. Last night as many people as the theatre would hold heard a laughter provoking list of ten acts all in the superlative class as fun-makers. Martini and Maxmillian "give away" all the secrets of magic and are clever; Lizzie Evans and Jefferson Lloyd in "Turning the Table," caught the audience in a western playlet; Pealson Goldie and Lee are first rate in a variety patter, styled "The Bell Boy Trio." The other acts include Samson and Delilah, sensational acrobats; Charles Leonard Fletcher in excellent impersonations, his production of Uriah Heap being exceptional; Lotta Gladstone as the "Country Girl" is as good as a tonic and would make the "cat laugh," while the Colonial Septette give a glimpse of "Old Colonial Days in Virginia," that is delightful in its cosy attractive settings, while the performers are all artists, playing well brass and stringed instruments. Then there is a very fine turn in "In the Sunny South"; Reynolds and Donegan fresh from Anna Held's Parisian Model Company, do some fine work on roller skates. Probably one of the best features was the quiet humor interlaced with the election announcements made between acts, especially when the official announcer said "Ireland goes for Bryan."

Princess Theatre.

A large audience was well entertained last night at the Princess; two burlesques, "The Blue Ribbon Girls en Route" and "The Recruits," being presented. An interesting olio also helped to fill up the programme. A well trained chorus in pretty costumes opened the performances with graceful dancing and good singing; the witty and clever work of the comedians, Messrs. Wells and Harry Ward, kept the audience in continual laughter. A very amusing act was the scene in a parlor car, where Miss F. Mills showed her ability, being well assisted by Misses Keller, Evans and Lane. The olio gave Miss Arnolds opportunity to display her very pleasant voice, and also showed Miss Raymond and Mr. Ward's clever dancing and singing. "In Chorus Life" was a unique turn. Mr. Wells with his clever songs and speeches caught the audience and was compelled to give several encores.

The Japanese troupe present one of the most sensational balancing acts ever seen in this city. In the second burlesque, "The Raw Recruit," the pretty and tuneful chorus rendered several catchy songs, and assisted by the comedians, brought a very enjoyable performance to a close.

Theatre National Francais.

"The Sword of Damocles," an historical drama in five acts, was greeted by an audience last night that occupied every part of the Theatre National.

The author of the play is Mr. F. Clifford Smith, of this city. The production is now to be put on by the Royal Alexandra Theatre, Toronto; while arrangements are being perfected to present the drama in England. The first production of the piece was given at the National Theatre less than nine months ago, and the audience which greeted it last night spoke of its growing popularity. Mr. Parker, of New York, was engaged to paint the gorgeous scenery through which the play passes; while Mr Paul Cauzeneuve managed the entire production.

If Mr. Clifford Smith's work were to be classified it would belong to the scholarly class of play, and the Theatre National should be sincerely congratulated on the support it is giving this drama.

The manner in which the piece has been put on is beyond criticism. Fine scenic effects represent La Place des Victoires, Paris, rippling with life and gaiety; the Palace of Versailles in all its sumptuous beauty, then the great staircase, the throne room, the Chateau de Louveciennes—Du Barry's retreat after the King's death, and the revolutionary tribunal.

All these historic scenes are taken from plans of that epoch and are lifelike. Mr. Parker has not only been historically correct as to detail, but he displays a consummate art in the blending of colors and harmonising of tones. The changing from scene to scene was carried out with much precision.

As to the interpretation of the various roles, credit is due to the whole cast for conscientious work.

Mme. Ducange, as la Comtesse Du Barry, acted with charming ease and simplicity, captivating the audience. Mme. Dericourt gave a very clever interpretation of the character of the haughty Comtesse d'Agmont; Melle. de Luys made a very amusing Duchesse de Lespinasse; Mme. Marsoll appeared as the Princesse Louise, Mme. Allicita and Mme. Lussier being the two princesses.

As Louis XV. Monsieur Paul Marcel was particularly strong; Mr. G. Colin appeared as the gallant Chevalier Brissac; M. Hamel was the Duc de Choiseul, and M. Dumestre portrayed the comedy role of le Baron Guilbert; M. Palmier was cast as le Comte du Barry; M. Mallet as Voltaire; M. Leurs as the Duc de Richelieu; Leclercq as de Maupeon; St. George as d'Aiguillon; M. Valhubert as the Abbe Beauvais; M. Filion as the Egyptian Serbonis. The trial scene of the Countess du Barry is striking in its dramatic intensity.

Theatre Francais.

This week at the Theatre Francais a melodrama with the Ira D. Sankey title of "The Ninety and Nine" holds the boards. It is claimed to be a $35,000 production, and may best be described as a play with a purpose, the story circling round a young prodigal, and his faithful lover, who ultimately leads him up to the higher life. The cast is above the average, the hero and heroine, played by William J. and Ruth Blake respectively, showing special merit. There were two larger audiences yesterday, and the approbation of the public was manifested as the drama worked out to its happy conclusion.

Theatre Royal.

Watson's Burlesquers hold the boards at the Theatre Royal this week, and in many respects it is a good entertainment of the class to which it belongs. Watson sticks to his old style of rough house comedy, and he is well backed up by Ed. Mack, who has a good deal of Irish humor in him and knows how to use it. The much talked of Salome dance made a decided hit, and Annie Bernstein with her Yiddish songs received many encores. To-night there is to be a dancing contest in which the girls will select partners from the audience; to-morrow night a "neck tie" party; Thursday night, chorus girls' contest, and on Friday the amateurs have an opportunity.

Pictures at Lyric Hall.

Lyric Hall held a good sized audience last night, and every one seemed to thoroughly enjoy the moving and talking pictures, particularly the scenes from "Richard III.," "The Cow Boy and the School Marm" created a great deal of merriment, and Little Dolly Grace sang her way into the hearts of every one.

On and Off Chat About Fat

The society reporter picked up the following gem at Madam Brewster's not twenty-four hours ago. One of her millionaire customers struggling into a new gown asked the famous costumer how she kept her figure in such superb shape. "You habitually eat and drink heartily, and even thoughtlessly, not to say riotously at times," she complained, "whereas I live like a hermit. Yet I can't keep slim and, apparently, you can't get fat." "Guilty," replied the fashion czarina. "I admit I don't fatten up nor do I thin down, but it is because I have the power, my dear Mrs. —— (the name almost slipped out), to say to my fat 'Thus far and no farther.' I don't exercise nor diet nor run any danger of wrinkles or stomach trouble either. Here is the secret." She wrote a few words on a slip of paper and handed it to her questioner. "Get this filled at the druggist's," she concluded, "take a teaspoonful after meals and at bedtime and you will never get any fatter than you want to be. You can take off a pound a day with this receipt, if you want to."

Being fat herself and fully alive to the tremendous value of these statements to fat folks everywhere, the society reporter committed an unpardonable social sin; she peeped over the lady's shoulder—and this is what she saw: For Excess Fat, simplest, safest, cheapest, most helpful receipt of any: One-half ounce Marmola, ¾ ounce Fluid Extract Cascara Aromatic, 4½ ounces Peppermint Water.

SITUATION IN WEST LITTLE CHANGED BY LATE RETURNS

Liberals Will Probably Have Eight Seats in Saskatchewan.

Western Associated Press.

Winnipeg, Man., October 27. — Belated returns received to-day do not materially change the results in the Prairie Provinces. In Manitoba, the Conservatives carry seven seats. These include Dauphin, Lisgar, MacDonald, Marquette, Portage la Prairie, Souris and Winnipeg. In Brandon Hon. Clifford Sifton has a majority of about 50, while another Liberal, Jackson, has a lead of about 100 in Selkirk and is doubtless elected. Provencher gives a majority of over 400 to the English speaking candidate, Molloy (Liberal.)

Returns this morning show that in Saskatchewan, Lake, Conservative, has increased his lead in Qu'Appelle and his election is conceded, he being sole Opposition member. Eight Liberals will represent Assiniboia, Battleford, Humboldt, MacKenzie, Moose Jaw, Regina, Saltcoats and Saskatoon.

Many returns have yet to come in from the outlying districts, being delayed owing to bad state of the trails, but these will not affect the net result.

In Alberta, Calgary and Medicine Hat went Conservative, while MacLeod, Strathcona and Red Deer are still somewhat doubtful.

A striking feature is the tremendous majority piled up for the Minister of the Interior in Edmonton, which will doubtless strengthen Hon. Mr. Oliver's position in the Cabinet.

LIBERAL CLAIMS NIPISSING.

Special to The Montreal Star.

Ottawa, October 27.—Mr. C. A. McCool, Liberal candidate in Nipissing, who is here to-day, says he has received a telegram from his organization, assuring him of his election over Mr. George Gordon, Conservative.

Revised returns show that Hon. Charles Murphy's majority in Russell is 1,193.

Mr. Hodgins, Liberal, wins in Pontiac by 391.

Mr. R. L. Borden's majority in Carleton is 800.

The majority of Mr. Gerald White, Conservative, in North Renfrew, is 603.

PROTEST IN TORONTO.

Toronto, Ont., October 27.—The election of Mr. Edmund Bristol, Conservative, in Central Toronto, will likely be protested. Mr. T. C. Robinette, the defeated candidate, said that his partners, Messrs. Godfrey and Phelan, were now gathering evidence which they thought would furnish an excuse for the voiding of the election.

"Already we have evidence of money having been paid for votes," Mr. Robinette added.

The final returns in Toronto give the following majorities:—Foster, 336; Bristol, 185; Macdonell, 1,043; Osler, 2,326; Russell, 777.

Perth, Ont., October 27.—Complete returns from South Lanark give Hon. John Haggart, Conservative, 760 majority.

An Echo of the Election.

In the Recorder's Court to-day, a batch of ten men appeared on the charge of obstructing the sidewalk, and loitering about the entrances to the polling stations in St. Mary's division yesterday, during the progress of the voting. They were arrested on the complaint of the newly elected member for the division; they pleaded not guilty, were remanded, and it is understood will be defended by the defeated candidate for St. Mary's, Mr. L. T. Marechal.

Labrosse vs. Langlois—Motion to affirm jurisdiction dismissed with costs, fixed at $50.

In re Seeley, petition for summons on habeas corpus dismissed.

NEWSPAPERS OF QUEBEC COMMENT ON ELECTIONS

L'Evenement Takes Hopeful View in Hour of Defeat.

Special to The Montreal Star.

Quebec, October 27. — To-night's L'Evenement (Cons.) attributes the result of the elections largely to the expenditure of the campaign fund, adding: "In the Province of Quebec, it is necessary to add to the use of money the open appeal to French-Canadian sentiment made by Laurier himself and by his organs. In the English provinces, especially Ontario, Sir Wilfrid Laurier posed as the great apostle of national union which the English electorate grasped at as the surest means of lessening French-Canadian influence.'"

L'Evenement takes the ground that from the Conservative view-point the result is not to be deplored as the party is stronger and more united than ever, while success to-day would have left it the responsibility of the financial stress which will follow the conference of the Transcontinental Railway.

L'Action Sociale, this afternoon, takes the ground that Sir Wilfrid Laurier will have a majority of 55, and thinks it quite enough to enable him to complete his work, as he asked to be permitted to do. It notes the extreme ardor with which the Liberals opposed Dr. Paquet in L'Islet, Robitaille in Quebec County, and others who had dared to show any independence in voting against their party, and expresses regret that neither Laurier nor Borden had deemed it right to declare his policy on the question of the extension of the boundaries of Manitoba.

The Soleil (Ministerial) claims a majority of 62, for the Government on the elections so far held and holds that Sir Wilfrid when all returns are in will have about his old majority. It will say to-night that the results in this province prove Sir Wilfrid to have kept all his old time popularity here, while the defeat of the Conservative leaders, Messrs. Pelletier and Flynn, proves that if ever that party expects to succeed they must change its directing heads.

The Telegraph (Ministerial) will say this evening: — "The one result at which all good citizens of the Dominion will heartily rejoice is the absolute failure of the scoundrelly Tory campaign of personal abuse, slander, misrepresentation and falsehood. Indeed, the outcome of the contest on the whole conveys the severest possible rebuke to all who resorted to it and it is to be hoped that it will prove a useful lesson to them in the future.

"Another remarkable feature of the battle is the way that many of the Tory apostles of purity and honesty were bowled down. The list of the slain in this respect includes Fowler, Lefurgey, Bergeron, L. P. Pelletier, Flynn and a host of others, while all the Ministers of the Laurier Government, including Hon. Messrs. Pugsley, Fisher, Charles Murphy, Emmerson, etc., have been re-elected."

A QUEBEC COMMENT.

Special to the Montreal Star.

Quebec, October 27.—The Chronicle (Cons.) says editorially to-day:—"The Conservatives in this province have put up a great fight and if they have lost, they have lost with honor. They put good candidates in the field, and they worked hard for their success. They have nothing to reproach themselves with, and they have the satisfaction of feeling that the gentlemen they have succeeded in sending to Parliament are competent men who will discharge their duties with ability and energy."

AN OTTAWA COMMENT.

Special to The Montreal Star.

Ottawa, October 27.—The Morning Citizen (Conservative) says:—"The result has not been of a character to indicate any decided change of sentiment in any part of the Dominion. Both sides have had gains and losses in the various provinces which have not affected the ultimate standing of the parties. While the respective standings remain almost the same, the Opposition has been still further weakened by the loss of some of its most capable and aggressive members. Not content with holding its own, the Government apparently made a dead set at such men as Foster, Bennett, Bergeron, Fowler, Cockshutt, and others, who had been conspicuous as critics of the administration in Parliament. Hon. Mr. Foster was re-elected, despite the extraordinary efforts to unseat him, but the others mentioned have been defeated.

"The Laurier Government is entitled to regard the verdict as one of approval of its administration. At the same time, Sir Wilfrid Laurier must appreciate that there are good grounds for the criticisms that have been aimed at the grafting element, which, of late years, has fastened upon the Government. It will be an act of wisdom to purge the Government of this reproach, and to reward the confidence of the electorate by the establishment of an administration that will be free from suspicion of complicity in jobbery and questionable transactions. This he will have to do if he is to finish his work with honor to himself and advantage to Canada."

The Ottawa Evening Journal (Independent) says that the general election result makes it evident that a majority of the people of the Dominion wish Sir Wilfrid Laurier to finish his work. After pointing out that in Ontario, where the people, owing to the proxmity of the Government, and the plentitude of newspapers have the best political understanding, the revolt against the Government has not been effective and reviewing the situation in the other provinces, the Journal says:

"As to the Conservative party, possibly it and Mr. Borden are as well off in not being placed in power at this particular time. The Dominion's annual expenditure has attained such a figure, and the financial obligations which are culminating in connection with the building of the new Transcontinental railway are so tremendous, that Canada's position is certain to be a difficult one to handle in the near future."

"THE GREATEST TRIUMPH OF LAURIER'S CAREER," DECLARES LA PRESSE

La Presse, in commenting on the general result of the elections, prefaces its words with the suggestion that the words of Bossuet to Louis XIV might be applied to Sir Wilfrid Laurier. "Sir, you have nothing to fear but exces of power." Continuing, the Liberal organ says:

"This victory is complete, especially in that the votes are so equally spread over the provinces. We had never had the least doubt of the verdict of the people of Quebec, but we did fear an untoward result in Ontario, for the Tory party had been aggressive, intolerant and prolific of appeals to passion.

"Happily the good sense of the sister province could re-act against these foolish appeals, which did not go beyond the bounds of the city where they had been heard. The Ontario people have held out their hands to Quebec and the vote of yesterday is an example of fraternalism which must disarm the violent exploiters of sentiment. Our beautiful country moves rapidly on its destiny, which but one obstacle had seemed to threaten—hostility. That obstacle has disappeared, for our fellow-citizens of Ontario know now that they will find in us good-will, kindness and affection. The Maritime Provinces have always been friendly towards us, and they have now assured us that they have never regretted having given their friendship to a man who is the head of the Government before he is a citizen of the province.

"It is from another point of view that we see the movement in the West, which is composed of heterogenous elements, tending, as shown by the vote of yesterday, towards a rational and solid organization. There was danger that these distant lands should set themselves apart by some inexplicable opposition to the national unity. The personality of Sir Wilfrid Laurier fixed first their attention, then sympathies, then their adhesion to a common policy which will be the great bond in Canada from the Atlantic to the Pacific. Little by little the diverse interests will join in this great influence that the conciliatory character of Sir Wilfrid Laurier exercises. His part in the life of Canada will have been providential.

"Sir Wilfrid deserves this great triumph, which is the greatest of his career because the greatest difficulties beset his path. The fight has been a warm one; it was necessarily so, because of the elements of strength in our social and political organizations. For a long time the Conservative party has suffered from depression which parlyzed its forces. This seems to have disappeared; for new men, but who represent the old school, have come into the fight to give a considerable vigor to the struggle. All are not among those elected, but all will remain to give to Mr. Monk a stronger support than hitherto. Sir Wilfrid Laurier and the whole Liberal party are the gainers by the emulation resultant on this political awakening. There are forces which made themselves heard with a strength largely unexpected in a party which was thought to be politically dead; it is a warning to the Liberals not to allow themselves to rest on their oars."

Sir Wilfrid is eulogized for the activity he displayed in the struggle and then La Presse concludes:

"Although it would be in proper taste to offer condolences to the vanquished, we see little in favor of Mr. Borden, who has not made a good impression in the country and who has been discouraging for the province of Quebec. He excels, perhaps, in the aggressive style of address, but not once did he show that elevation of ideas which distinguishes the leaders of men and inspires confidence and respect."

"A VICTORY ECLIPSING ALL ANTICIPATIONS," DECLARES LA PATRIE

La Patrie has the following comments to make respecting the result of the general elections:

"Yesterday's returns have again consecrated the prestige and the popularity of Sir Wilfrid Laurier. Even more than in the elections of 1896, 1900 and 1904, the Liberal party had founded all its hopes in the personality of its leader. The campaign was made on one motto—'Let Luarier finish his work,' and such has been the sympathy awakened by this appeal that from one extremity of the country to the other, the Liberal victory has taken proportions which have eclipsed the most optimistic anticipations.

"The Province of Quebec has continued its solid support to Laurier; but this was expected. What has most surprised the Liberals, and disappointed their opponents, is that Ontario has been nearly equally divided, and that New Brunswick and Prince Edward Island have sided almost completely with the Liberal standard. This triumph shows that the Government, in ordering the elections before the expiration of its term of office, knew where it was going and what it was doing. It equally proves that the Liberal party, while estimating to its just value the popularity of its leader, also knows admirably well how to organize and lead the contest.

"If the Conservative party has accomplished no progress in the campaign which was terminated yesterday by a fourth defeat, it is in good part due to the want of a leader who, by his indisputable prestige, may be elevated, as Laurier, to the high position he holds in the heart of everyone, and who may appeal not only to the reason, but to the admiration and to the love of the people.

"Overwhelmed in 1896, the Conservative party has after this, neglected to reorganize itself on solid and new basis. It has not as yet a clear and well defined programme to oppose to what the Liberal party presents as its work, and it expected the victory only by opposing men to men."

"10 YEARS WITH THE PARTY"
"THEY HAVE NONE OF THESE THINGS IN MY DAY"
NOT BEAUTIFUL BUT USEFUL

The General Elections—Types about the Bulletin Boards.

ALL WESTMOUNT OUT WATCHING STAR'S SERVICE AT VICTORIA HALL.

Westmount turned out "en masse" last night to hear the results of the elections throughout Canada.

This time, however, the residents were not obliged to leave the limits of their own city, as The Star had so arranged as to give a full and complete report at Victoria Hall of the election in every constituency in the Dominion, and the great amount of interest manifested may be gathered from the fact that the big crowd stayed right to the end to hear the final returns.

Even as early as 5.30 p.m. the electors gathered in the hall to hear the results of the Hochelaga election, and especially the news from the various polls in Westmount, and when little by little the news came round that Mr. Coderre would receive a handsome majority in that city, the enthusiasm knew no bounds, and the enthusiasts gave vent to their feelings in the most vociferous manner.

The General Elections—Glad that its over.

From six o'clock the hall gradually filled to its capacity, a considerable portion of it being made up of the fair sex.

At eight o'clock the hall contained about 2,000 people, whose sympathies seemed to be fairly divided between the two parties. Probably the events which brought forth the most enthusiasm during the night were the election of Borden and Crosby, in Halifax; the victory of Doherty, in St. Ann's, and the victory of Pugsley, in St. John City and County.

When it was announced that Hon. Clifford Sifton had beaten Hon. T. Mayne Daly in Brandon, a great cheer went up, while hisses from the opposite side created a pandemonium for a time. However, both Conservatives and Liberals cheered lustily at every announcement of victory for their respective favorites.

When the returns were nearly complete, Councillor Murphy, of Westmount, addressed the gathering and on behalf of the people of Westmount, sincerely thanked the management of The Star for their thoughtfulness and enterprise in furnishing to the citizens a full and complete report of the elections. In his vote of thanks he coupled the name of Alderman Featherstone, who had also been instrumental in securing the returns at Victoria Hall.

MR. ST. MARTIN TELLS HOW IT HAPPENED.

Albert St. Martin, who was the Socialist candidate in St. Lawrence division, interviewed to-day by the Star, said he was not in the least discouraged as a result of the small vote. "Reforms are slow in this country," said Mr. St. Martin. Continuing, he said: "My candidacy was a campaign of education and, after carefully examining the returns I am convinced that I received in the neighborhood of two hundred French-Canadian votes." The rich Hebrews, declared Mr. St. Martin, are not Socialists and the poor Hebrews have no votes. "Therefore I am satisfied that the bulk of my support was given by my own countrymen. However, said the speaker, I do not regard this as a defeat for Socialism, it is merely a setback and I will, in all probability, get three times as many votes in the same division in four years' time."

VICTORIAS ARE TO BE AMATEURS ONCE AGAIN

"We will play amateur hockey under any circumstances." This announcement was made by a prominent officer of the Victoria Hockey Club this morning when discussing the present situation, and the outlook for the coming season.

It is now positive that whatever the other clubs of the Eastern Canada Hockey League may do, the Vics will adhere strictly to amateur hockey this winter. The official making this announcement this morning was especially careful to make it thoroughly understood that it was positively and definitely decided that they would not play professional hockey this season.

The probable players for their team are not spoken of freely, and just who they will be, if they are really known, is not even hinted at. Further affairs of the club will be attended to at a committee meeting that has been called for this evening.

The other clubs seem yet to be pretty much on the fence as to the signing of players. They say they have several men in view but as yet have signed none. The signing of Riley Hern by the Montreals was to have been kept a secret, but this leaked out in some unknown manner. Art. Ross seems to be the next Wanderer man likely to be signed. It is quite true, said a Montreal man this morning, that Montreal is after the Wanderer crack as well as Ottawa. Montrealers do not say what they have offered or would offer Ross, but it is understood that Ottawa promises him in the neighborhood of $2,200 to line up with them this winter. There is a strong feeling, and one which is probably not altogether unfounded, that Ross would prefer to stay in Montreal for a smaller salary than he might receive in Ottawa.

"Oh, we'll have a good team all right," said a Wanderer man this morning. The champions expect to line out just as good a team as won the Stanley Cup for them last season, even though they are losing some of their old cracks.

The Montreals say Joe Eveleigh, who is not to be signed, however, is to play with them this winter.

MR. ADAM SHORTT ON SELF GOVERNMENT AND THE PARTY SYSTEM.

At this morning's session of the Montreal Theological Conference, which is being held under the auspices of the Inter-Collegiate Alumni Association at the David Morrice Hall, Presbyterian College, Mr. Adam Shortt, M.A., gave the second of his series of lectures on "The Characteristics of Modern Society," the subject dealt with being "Self-Government and the Party System." Rev. Professor Fraser presided. Mr. Shortt's address was in part devoted to a discussion of party system in Government, one reason advanced in its favor being that what any member of the party did the whole party was considered responsible for. He discussed the question of how the general issue of a country could best be placed before the people; and expressed disapproval of the manner in which candidates for parliamentary elections were selected, believing that too often the selection of candidates was the result of a secret caucus rather than the free choice of the electorate. He advocated a system by which electors might have a voice in the selection of candidates as well as an opportunity to vote for them. He was also of the opinion that constituencies possessing a high moral tone were not always represented by men of an equally high standard, and that often candidates were forced on the electorate, which often had to choose between two candidates, neither of whom was entirely desirable.

This afternoon Mr. Shortt will deliver his third lecture, and Rev. Dr. Patton will also give a paper.

INTERESTING POINT AS TO JURY IS RAISED IN PRACTICE COURT.

A new point in law of some importance for the Province of Quebec was raised in the Practice Court this morning before Mr. Justice Mathieu.

The issue is whether a corporation being sued by a foreigner has a right to a jury composed entirely of English-speaking citizens.

The issue was raised by Mr. Jacob Dewitt, who appeared for the Dominion Car and Foundry Company, which is being sued for ten thousand dollars damages by a former Italian employe named Nichilo. Mr. Dewitt based his application on a statute passed at the last session of the Provincial Legislature. This statute, 8 Edward VII. c. 77, it is claimed by the counsel, altered the law, which formerly gave and yet gives a corporation a right to a mixed jury.

His Lordship, after listening to Mr. Dewitt's argument, took the question en delibere.

THE ASHANTI FLOATED.

Elder Dempster Liner Now on Her Way to Montreal Undamaged.

The Elder-Dempster steamship Ashanti, which went ashore at Madam's Reef, a few miles below Quebec yesterday morning, has been floated, and is now on her way to Montreal with a cargo of sugar from Barbadoes. When the report of her stranding reached Quebec the wrecking tug Lord Strathcona put out to her help, and succeeded in pulling the helpless boat into deep water. She proceeded to Quebec under her own steam, and a hurried survey was held. It was found that no damage had been sustained, and this afternoon a telephone message to the local offices of the Elder-Dempster Line, said that the Ashanti was on her way to Montreal, undamaged.

Election of Bishops.

To the Editor of The Montreal Star:

Sir,—It is highly important that the delegates to the Anglican Synod which assembles to-morrow should be impressed with the importance of the first ballot, which, in some people's minds, seems to be considered as a nominating ballot only. This is not so, the election may be decided by it to the great surprise of some who may have been induced to give a first vote merely as a compliment.

Should any member of the Synod have pledged himself, he should at once withdraw a promise given no doubt without thought, as he is in duty bound to go to the Synod qualified to select the person he considers the most fit and proper for the office of bishop, which he would not be if hampered by a promise.

Would it be too much to ask that the Dean, who will be presiding officer, should warn the delegates of the importance of the first ballot, and of their duty to vote for the person they believe in the sight of God to be the fit person for bishop, irrespective of any promise that may have been wrung from them by canvassers, which promises, if kept, would be a grievous wrong to the Church.

May I ask that delegates also consider their duty of being in constant attendance from opening to close of meetings. Yours truly,

Stocks Strong Again--Union at New High Level--Cobalt's Big Shipments

ELECTIONS HAD NO EFFECT UPON STOCK MARKET

Union Pacific in Wall St. Made a New High Record.

A Canadian election, owing to the absence of disturbing issues, has little bearing upon the stock market, and there were no evidences to-day that yesterday's results had influenced prices in any way.

Had the Conservatives won there might have been an upward move in the cotton securities, but on the other hand, they failed to recede this morning. Penman's, in fact, is showing some firmness.

In Wall Street the brokers seem to be as confident as ever that Taft will win, and as a result the market continues strong.

Union Pacific made a new high record, selling up to 171½.

The United States Steel statement for the quarter will be out this afternoon, and is expected to indicate a gradual expansion in the volume of business.

Local Features

The undertone of the Montreal market was strong.

Detroit United was less active than yesterday, but he . firm around 44¾ to 45.

Penman's stock was on the firm side, and after opening at 35½, moved up to 36.

Rio was higher at 65¼, and there was some interest in Mackay, which opened at 73⅜ and eased off to 73¼.

Ogilvie held firm at 109½, but Lake of the Woods was neglected. It was 93½ bid, offered at 94.

STREET HIGHER.

Montreal Street Railway was higher, opening at 190 and going to 191½. As will be seen by figures given elsewhere, the daily earnings are improving.

CROWN RESERVE.

Crown Reserve sold up to 219, and afterwards 218, about 1900 shares changing hands.

In Wall Street

A wire to E. & C. Randolph said: "The market opened strong and more active this morning, with U. P. convertibles a feature at an advance of about a point from last night's close. The stock became the leader of the stock market and made a new high record for the year. Trading has been quiet and largely confined to the professional element on the floor of the Exchange, but has held firm all morning, close to the top prices, the main support being the feeling of confidence over Taft's election."

Sales to noon were 287,700 shares.

Copper, the metal, was stronger in London. Spot was £61 5s, up 7s 6d, futures, £62 2s 6d, up 7s 6d.

The New York banks have lost $272,000 to the sub-treasury since Friday.

Cobalt Stocks Keeping Active

Beaver, Reddick and Floyd Were Among the Features.

Beaver was in very good demand again this morning. This stock is being bought on the chance of striking the Temiskaming veins, which are supposed to run directly into the property. Among brokers it is considered to be an extremely speculative issue.

Floyd sold off at 14½, at which figure there was a demand for it.

There was some demand for Dr. Reddick, and a few small lots sold over 29. The movements of this stock are very erratic.

Chambers-Ferland was higher again.

Two sensational finds have been made on the Temiskaming mine within the past three days.

Work on the Red Rock mine will be started immediately.

MARKET FUTURE IF TAFT WINS

W. H. Taft.

A well known Wall Street broker writes to The Star: "If Mr. Taft is elected we expect to see a considerable higher range of prices with a broader and more active market. This may not occur immediately after election, especially if prices advance between now and then in anticipation of the victory of the Republican party, but this success will do much to encourage business all through the country, and undoubtedly bring about a revival of activity in most lines of trade."

DIVIDEND ON U. S. STEEL.

No one looks for any change in the dividend rate, to be declared this afternoon on U. S. Steel common.

Ross-Plummer

(Mining Record.)

And now the thought is given expression to that Messrs. Ross and Plummer may shake hands at the entrance to the Privy Council, look wistfully into each others eyes, fall upon each others neck, relent, repent and turn aside to the nearest restaurant, make it all up, and come forth the best of chums.

BAR SILVER DOWN AGAIN.

Bar silver continues on the weak side. In London it was 1-16 lower at 23⅝ pence, and in New York ⅛ lower at 51⅛ cents.

Mr. Holt Will Be President

Presumed He Will Be the Next Head of Royal Bank.

Mr. E. L. Pease and Mr. H. S. Holt have left for Halifax to attend the funeral of Mr. Thomas E. Kenny, the late president of the Royal Bank.

Mr. Holt is now vice-president of the bank and in all probability will succeed Mr. Kenny as president.

Mr. Kenny's personal holdings of Royal Bank stock amounted to 1,392 shares, while the members of his family hold about 300 shares.

THINK TAFT A CERTAINTY.

A number of Wall Street houses have received communications from their correspondents indicating that the political trend in various states. Most of them make it plain that Taft will be elected.

OPINIONS ON THE
MARKET

Henry Clews: Big holders appear united in their purpose to lift prices to a higher level. The bear side of the market is weak in both talent and resources; consequently the bulls may even yet secure additional success over what they have already achieved: yet it is certain that on all advances the big holders will attempt to lighten their load.

J. S. Bache: Speculatively the market is well fitted for a continuation of the irregularity which has characterized it for some weeks and it looks as though this would be the case until close on to November 3rd.

R.R. EARNINGS.

Twenty-nine railroads for the second week of October show an average gross decrease of 3½ per cent.

TOPICS OF THE STREET

While the result of the election was no surprise in the financial district, the majority, and the localities in which it was achieved, completely upset the previous calculations of the "Street" prophets.

The only direct bearing the election had upon the stock market was in the cotton issues, many buying Textile and Penmans some time ago in hopes that the Conservatives, who were said to be in favor of higher duties for cottons and woollens, would be elected.

The last few weeks have seen a marked improvement in the Canadian failure record.

The failures extending over the past two months have been as follows, compared with last year:

	1908	1907
October 22nd	25	35
October 15th	26	42
October 8th	26	33
October 1st	39	41
September 24th	30	40
September 17th	34	38
September 10th	32	29
September 3rd	31	20

The stock books of the great railroads and industrials show there are 2,000,000 shareholders in American corporate enterprise.

Four years ago the railroads were owned by 350,000; now there are 500,000 owners who share the $300,000,000 disbursed in dividends.

The shareholders' average income of $600 a year is just equal to the average earnings of 1,500,000 workers on the railroads, who receive $900,000,000 wages a year.

A year ago to-day the panic was still doing business.

There were small bank failures all over the States and call money loaned at 60 per cent.

Now for Taft and Bryan.

Since 1888 the Kimberley diamond fields have supplied the world with six times the quantity estimated as produced from all other mines through one thousand years previous.

For a long period the De Beers Consolidated Mines Co., controlling the South African diamond industry, paid 5¼ per cent. a year interest on capital of £8,000,000, while annual dividends of 20 per cent. were declared for almost 26 years. The average profits have been upward of 100 per cent. a year.

Wild Catting Not Popular

Brokers are Giving Sound Advice on the Cobalt Issues.

Mr. W. H. P. Jarvis, the Star's Cobalt correspondent, is in the city. Commenting on the Cobalt situation, he said:

"There are two important features of the Cobalt situation. One is that a great deal of conservative money is going into Cobalt stocks of the better class, and the other is that the spirit of prospecting is abroad. The first is the natural result of development of many properties creating ore reserves to justify the selling price of the stocks, and the second is the outcome of the finds in the Montreal River country and South Lorrain, stimulating the gambling propensities more or less latent in every human being.

"Responsible brokers, stock exchange men and others who direct investments are causing to be purchased the better class of Cobalt stocks, not telling their clients that they will reap 100 per cent. profit in a week as is the way of the wild-catter, but giving as their belief that the stocks represent good value and yielding, present or perspective, dividends above the average sufficient to justify the risks inseparable from mining. Whether these brokers are right or wrong, this is what they are doing, and the effect is that a great stability is being afforded to the stocks."

Fish Plentiful And Prices Lower

Fresh fish of all kinds continue plentiful, with prices lower and the demand increasing.

DETROIT UNITED WILL EARN ABOUT 7 P.C. IN 1908

But That Does Not Mean That Dividend Will Be Paid

Detroit United's old 4 per cent. dividend required $500,000 a year.

In nine months of the present year the road has a surplus that might (but won't) be applied to dividends of $755,798.

For the full year the road will probably show about 7 per cent. on the stock.

The nine months' figures in more detail than given yesterday are as follows:

	1908	1907	Inc.

FUTURE OF THE MARKET.

(J. S. Bache.)

Good judges expect to see present prices maintained, while enthusiasts look for a jump in the near future.

Thinks C.P.R. Rather High

Brokers' Opinion of the Canadian Issues in Wall Street.

A wire to Laidlaw & Co., on Canadian stocks in Wall Street said:

"Canadian Pacific—Inactive and featureless, with transactions confined largely to Canadian arbitrage. While the merits of the stock are recognized by American investors its relatively high price has diverted buying to lower priced gilt-edged American shares.

"Soos—Little doing. Canada responsible for practically all transactions.

"Mackays — Firm; stocks scarce and good scalping and demand, especially for common on favorable dividend predictions.

"Duluths—Strong on speculative demand.

"Detroit — Dead in this market, but signs of increased Canadian activity."

CHATS ON CHANGE

The movement of wheat through Winnipeg continued very heavy last week, despite the wet weather. For a few days past the aver e has been about four hundred cars daily, but more than five hundred cars have been moved on some days previously.

Up to date over 20,000,000 bushels of wheat of this year's crop have passed Winnipeg, and it is expected that millions of bushels will yet be moved before navigation closes.

Prices at Winnipeg are high, and some dealers predict still higher values; but it is very problematical what affect the other markets of the world will have in fixing future prices.

According to a Chicago view, trade in wheat appears to be simply a big scalping affair, with the leading wire houses doing the most of the trading.

Outside interest in the market is very light, and the pit traders are kept busy guessing the turns of the market without much success.

Commission house longs are disgusted with the course of the market, and are selling freely, feeling that the market is being manipulated.

Foreign markets, according to the same view, appear indifferent to the Argentine news, and most of the traders are looking to see the European markets advance sharply so soon as there is any surety of real damage there.

The following gentlemen were introduced on 'Change to-day: Messrs. A. H. Clements, Bridgewater, N.S., by A. H. Brittain; Chas. H. Keutger, New York, by A. G. Burton.

FLOYD SILVER MINES
LIMITED

The Board of Directors is pleased to make the following announcement of interest to the Shareholders:

Our property of forty acres, in Bucke Township, in close proximity to the Lumsden and Sharp Lakes Mines. Our equipment and buildings consist of bunk-house, shaft-house, cook-house, store-house, blacksmith and machine shop, manager's office, and stables; also steam plant for all immediate purposes.

Our development work to date consists of one shaft, now down fifty feet, and shows exposed vein, measuring twenty-six inches in width, carrying

Gold, Bismuth, Nickel and Silver

We are working two shifts, day and night, under the supervision of Mr. A. P. Seymour, a mining engineer of world-wide reputation, and from present indications, fully expects at the 100-foot level, to open a mine of great prominence. His personal opinion verifies it in every way, as he says—

"I never saw such a well-pronounced calcite vein and cobalt bloom."

The property shows a calcite vein, stripped on the surface to the extent of 1,000 feet, and connecting with shaft No. 2, now down twenty feet.

The Company has Government titles to the property, and no liabilities whatever, with funds sufficient in hand to meet all development work and legitimate expenses for the next three years.

The Directors are all well-known business men, prominent in local commercial circles, and they are exercising the same common sense and business-like methods in the management of the Floyd, as they do in their regular business.

DECEMBER WHEAT WENT OVER DOLLAR ON BULLISH NEWS

Falling Off In Western Receipts and Argentine Reports Were Bull Factors

From the Special Correspondent of The Montreal Star on the Chicago Board of Trade.

Chicago, Ill., October 27. — Wheat added to the opening gains to-day, but the snap was gone from the trade, and prices stopped at a point 1⅛c above yesterday's close.

The receipt of a private cable claiming the Argentine crop will be less than last year had a tonic effect, but outside interest in the market was small.

There also was a report that the Kansas acreage will be smaller, and that the crop this year was only 69,000,000 bushels.

Demand Was Checked.

The demand was checked, however, by promises of a liberal increase of the world's visible, the European increase of 1,400,000 bushels assuring another large gain.

Minneapolis stocks increased 500,000 bushels in three days, despite smaller receipts.

Antwerp and Paris came unchanged, ignoring the Argentine news.

To-day's Quotations.

The bulls did some tall boosting at the opening, the Argentine news and a sharp falling off in north-western receipts encouraging a resumption of aggressive work. First sales were from 102¼ to ⅞c higher than yesterday's close, December touching $1.00 and May $1.03¼.

Trade was active at the outset, but did not hold up very well on the bulge, demand being mainly local. Later December sold to $1.00¼ to ⅜.

Berlin came in ⅝ lower, and Budapest ¾ higher, neither showing the nervousness characterizing the English market.

North-Western Stocks.

North-western receipts to-day were 489 cars, against 739 cars last week, and 715 cars last year. Local receipts were 116 cars, including 11 cars contract, against 107 cars last year. Local contract stocks increased 76,000 bushels, the No. 2 hard and No. 1 northern increasing generously, and No. 2 red decreasing.

Public and private stocks increased 222,000 bushels.

J. F. PRITCHARD.

CHEESE TRADE IS SLOW.

The local cheese market is quiet, with westerns quoted at 12¾c for white and 12⅞c for colored, and easterns at 11¾ to 11⅞c. Receipts to-day were 13,780 boxes, as against 2125 for the same date last year.

BUTTER MARKET FIRM.

The local butter market is firm, with finest creamery quoted at 25½c in round lots, and 26 to 26½c to grocers. Receipts to-day were 453 packages against 99 for the corresponding date last year.

APPLE PRICES DUE FOR AN ADVANCE

The quantity of apples in the various Canadian markets is not fifty per cent. of what it was a year ago, according to local dealers, due principally to the dry weather, and it is altogether likely there will be a big advance in the price of apples on spot.

Western shippers have not been exporting in very great quantities of late to the British Isles, owing to the excessive heat, which brought the fruit into the British ports in very poor condition.

This has caused the market on the other side to advance from $1 to $3 a barrel, and, as the demand is strong, higher prices are likely to be realized for the future.

Local dealers expect a first-class demand from the home market, especially in the East, even at advanced quotations.

Ogilvies Report From Broomhall

Broomhall cabled the Ogilvie Flour Company, Limited, to-day:

"Liverpool—Wheat, ⅜d higher in sympathy with American strength and on unfavorable crop conditions in Argentina. Corn, ⅝d higher, due to dearer American c.i.f. offers.

"United Kingdom, France — Crops are growing well. Supplies native fair.

"Germany—Frost found much wheat unseeded. Early sowings came up irregularly. Rye plant weak. Weather improved. Demand slow. Exports wheat and rye large.

"Hungary—Weather improved.

"Roumania—Weather wet. Corn harvesting delayed owing to cold weather. Weather improving now.

"Russia — Weather cold. Azoff Sea may close early. Centre—Outlook less favorable. Elsewhere outlook generally fair. Corn outlook good. Supplies heavy.

"Italy—Crops suffering account of dry weather.

"North Africa—Scattered rains.

"Southern Argentine, Santa Fe, Northern Buenos Ayres—Large portion destroyed. Total crop will be less than last year.

"India—Offering little.

"New South Wales, official report — Tendency reduce estimates. Offerings slightly dearer.

"European visible, 71,204,000 bushels."

EDITORIAL COMMENT ON THE RESULT OF THE ELECTIONS

Special to The Montreal Star.

Toronto, October 27.—Commenting on the result of the election, the Mail and Empire (Conservative) says: "The West has piled up tremendous majorities against the Laurier Government, a natural, earnest protest against that policy of which Mr. Sifton is the finest example the Dominion has ever presnted. With his brother-in-law, Burrows beaten in Dauphin by a big majority; his personal candidate in Winnipeg snowed under by the heaviest majority ever polled against a candidate in Canada, and he himself either beaten or holding his seat by less than fifty, the man upon whom Sir Wilfrid depended to preserve the West, is to-day a wholly discredited man. The chances are that he will squeeze in, but he leads with only forty, with nine polls to hear from. Turriff, of Assiniboia, is the only member of the timber gang to make any considerable showing.

"This is the story of Manitoba, which presents eight seats to the Conservative cause, where she held but three. Winnipeg, Portage la Prairie, Dauphin and Lisgar, are the added laurels of the Conservative party, and they hold Marquette, MacDonald and Souris.

"Lisgar, the vest-pocket property of the Hon. Thos. Greenway, has gone back to its own, in spite of being fought for by the son of the old Liberal leader. This is the story of the Great West's protest against the crowd that has been looting it of its public domain.

"In Saskatchewan the returns are too vague at midnight to give any idea of the situation, but substantial Conservative gains are apparent. In Alberta, the splendid son of Old Ontario, Maitland McCarthy, has gone in with over 700 majority, while John Herron, the sturdy old pioneer, is returned to the Conservative fold. It is believed the province will stand three and three for the two parties.

"But in Winnipeg the greatest fight was made against more money and liquor, and unscrupulous conduct of a horde of Liberal heelers than the West has witnessed in the past. Where Bole, the Liberal, four years ago went in by nearly 300, the Conservative, Alex. Haggart, to-night has exactly 1,940 majority. The town is simply frantic over the outcome. Here, too, it is commonly admitetd that Sifton's personal interfernce caused a revulsion of feeling."

The Mail and Empire adds: "The expected happened in Quebec, where the Government retained the same overwhelming majority that it had in 1904. The Conservatives gained five seats in Nova Scotia, redeeming the city of Halifax, and electing Mr. R. L. Borden. In British Columbia Hon. Mr. Templeman, Minister of Inland Revenue, was defeated. The result in Ontario is a distinct disappointment, the Conservative majority being only increased from eight to thirteen. The cities generally went Conservatives.

"In the great centres of thought—Halifax, St. John, Montreal, Toronto, Hamilton, London, Winnipeg, Victorio and New Westminster—enormous gains were made by the opponents of dishonesty; and the majorities in most cases were overwhelming. Throughout the west, the people, although fettered by the ruling faction, entered their protests against the policy of greed."

NEW BLOOD DEMANDED.

The World (Independent), says:—"The moral of the federal contest of yesterday, if it has any lesson, is that both parties must re-organize, must reconstruct, must reform.

"The people have told Sir Wilfrid that they disapprove of extravagance, of scandal, of maladministration in in some departments and of inefficiency in others. The people have told the Conservatives that they, too, must reconstructed, drop the men who have handicapped them, get a more progressive platform, before they will be entrusted with the management of public affairs."

THE GLOBE'S COMMENT.

The Globe (Liberal) says editorially:—"The campaign of slander has utterly failed. If it had succeeded, the politics of Canada would have been vitiated for a generation. But the people were not deceived. The election returns throughout the Dominion furnish a stinging rebuke to the instigators of this shameful campaign. The electors did more than that. They decided to leave the chief slanderers at ome. Bennett, Fowler, Lefurgey, Cockshutt are left at home to reflect on their ways.

"The men they slandered, Sifton, Turriff, Pugsley, have been returned by handsome majorities, while Mr. Brodeur was returned by acclamation. Every Cabinet minister has been reelected. If there ever was a more striking example of the engineer being hoisted by his own petard it has not come under our observation. The country has given Sir Wilfrid Laurier and his colleagues additional incentives to earnest and faithful service on its behalf, and we feel sure that they will be sensible of that confidence and do nothing to betray or condemn it."

The Globe adds:—"The most remarkable reversal of the verdict of 1904 took place in Nova Scotia. That province returned "the solid eighteen," an unbroken delegation of Liberals in 1904, while this year the figures indicate the election of 11 Liberals and seven Conservatives. The other Maritime Provinces make up for this loss by a greatly increased representation of Liberals. Prince Edward Island, which returned three Conservatives and a Liberal in 1904, this time sends three Liberals and a Conservative. New Brunswick gives an answer to the campaign of slander waged against Mr. Pugsley and his supporters by returning eleven Liberals and only two Conservatives. From the Maritime Provinces, as a whole, therefore, there are 25 Liberals and 10 Conservatives."

The Globe, pointing out that the personel element counted for a great deal in making charges, says:—"The election was a young man's battle. Mackenzie King, Lloyd Harris, of Brantford; Mr. McColg, of West Kent; Mr. Manley Chew, of East Simcoe among the Liberals, and Captain Tom Wallace, of Centre York; Mr. Russell, in East Toronto, and Major Currie, of North Simcoe among the Conservatives, are all young Canadians brimful of vigor."

HALIFAX PRESS COMMENTS.

Halifax, N. S., October 27. — The Herald (Conservative) says: — "No more crushing rebuke could be administered to the candidates of a party and to the grafter element of a party than was administered by the people of Halifax was accomplished without the corrupt expenditure of a dollar or the distribution of a flask of liquor. By its vote Halifax has made restitution, has honored itself and will be honored by the people of the whole Dominion.

"The movement for purity and reform is only at the threshold of its work. The Herald encouraged by success considers it its duty to prosecute the work, day by day, year by year, until the patronage system with its thousand tentacles is slain and bribery at the polls and corruption in the administration have ceased to exist.

"The Conservative victories in Nova Scotia are a great blow to Mr. Fielding's prestige in the Cabinet, as well as the country. He has passed the high water mark and is now well on the ebb. We predict he will not much longer be an active figure in the political life of Canada."

THE CHRONICLE'S EXPLANATION.

The Chronicle (Liberal) says:—"The Liberal party has won a notable victory and in some respects the greatest victory ever achieved by any party in this Dominion. It has had to face, not an attack upon its policy or its record of achievement, but an infamous and conscienceless campaign of slander and falsehood, the like of which has not been witnessed in any civilized country heretofore. The result in Nova Scotia is not without its surprises. In Halifax, Cumberland, Cape Breton and Colchester the defeat of the Liberal candidates is due in no small measure to the hostility of the working man. This is the more surprising when it is remembered that to a Liberal administration is due every legislative enactment which makes for the improvement and uplifting of the conditions under which the laboring man works and lives.

"Back of the whole change is the influence exerted by the despicable appeal to religious prejudice of the Orange body, fostered by the Tory party. They threw that intriguing influence full against the Liberal candidates.

"In Halifax, Mr. Borden profited to the fullest extent by the campaign of slander, falsehood and misrepresentation which was played to the limit.

"Halifax will realize that it has made one of the greatest blunders in its histo y. It has, if the verdict of the electors means anything, declared that it does not want to share in the great traffic of the Dominion and does not want the N. T. R. and the All-Red Line. Certainly it will never get either by the election of Borden and Crosby. Let there be no mistake about that."

Dr. Pugsley Pleased.

Special to the Montreal Star.

St. John, N.B., October 27.—New Brunswick awoke this morning to find itself the banner Liberal province. Hon. Dr. Pugsley said:

"It is a great source of pride to me that the people of New Brunswick have expressed in so marked a manner their confidence in the Government and in myself as the minister from the province. If MacLean has defeated Wilmot in Queen's-Sunbury, which seems practically certain, the Liberals have eleven seats. In one of the two others, St. John City, they cut the Conservative majority by fully a thousand. Daniel and Crockett emerge from the wreck, but Fowler, Ganong and Wilmot have gone down. James Pender, the Liberal candidate in St. John city, who so nearly defeated Daniel would have done so, but for the Opposition canvass among the labor men that he had opposed the compensation act. Moreover, Mr. Daniel is personally very popular and Pender was new to politics. In York, Brown, the Liberal opponent of Crockett, was entirely new to politics.

"Our opponents have directed their heaviest attacks against me and I cannot help giving myself the comfort of accepting the verdict of the people of New Brunswick as to a certain extent a vindication of myself and a rebuke to the slander mongers."

St. John Telegraph.

The Telegraph (Liberal) says the people's verdict is a magnificent tribute to Laurier and the party he leads. It says the country gives the Liberal party credit for its work in building up Canada and returns Laurier in triumph to power in order that he may carry forward the great policies and enterprises he and his followers in Parliament have planned for the development and upbuilding of the greater Canada.

"Throughout Canada," says the Telegraph, "the Minister of Public Works will be recognized as the Liberal Minister who—excepting the great chieftain himself—received the strongest endorsement in the province of which he is the Liberal leader. The winter port has stood by its champion and victory will be the sweeter because of the atrocious calumnies which his opponents daily aimed at the Minister of Public Works."

The Sun (Liberal) says: "The verdict is one of confidence in Sir Wilfrid Laurier after one of the most aggressive and systematic scandal campaigns ever waged in Canada. The Government may well interpret the victory as an emphatic expression of approval of the adminstrative accomplishments of the past twelve years. Never before has a Government more directly challenged the judgment of the people on the record of work actually done. New Brunswick has answered the attacks upon Pugsley by the most cordial endorsemnt that the province ever gave to a public man, and as great as Pugsley's triumph in Hazen's defeat, since he made this campaign his own."

A CAUSTIC COMMENT.

The Standard (Conservative) says the Government victory cannot justify graft or authorize corruption in public matters. In a savage attack upon Dr. Pugsley, it says:—

"Dr. Pugsley is doubtless congratulating himself that he has escaped. But when we remember the collective and individual bribes that have been offered to this community, the enormous campaign expenditure, the multitudinous and picturesque assortment of promises, the list of contractors and middlemen who are accumulating wealth from rake-off and extra profits and who are more than willing to pay for their chances in campaign subscriptions, in influence and exertions, and in the control of the votes of their employes, the suppression og information, and the distribution of false intelligence by the purchase of the Conservative press of the city at a critical time, when we consider that Dr. Pugsley contested the seat as a Minister with all those influences used without scruple, the wonder is that he should have after all have failed to get a majority of five hundred."

The Real Value of Drugs

A well-known authority who has made a careful and scientific study of the relative values of drugs having a specific action on the kidneys and bladder, prescribes as follows:

One-half ounce fluid extract dandelion; one-half ounce fluid extract senna; one ounce fluid extract carrinna compound; six ounces compound syrup sarsaparilla. Dose—one teaspoonful in a little water after meals and at bedtime.

This vegetable mixture has a direct action on the liver and kidneys, and will cure all forms of constipation, sick headache, etc.

Keep this prescription; it is valuable.

Election of Mr. C. J. Doherty in St. Ann's the Feature of the Montreal Vote

The Other Successful Local Candidates Are: Mr. H. B. Ames, Mr. Robert Bickerdike, Ald. Martin, Mr. Honore Gervais, Mr. L. A. Rivet and Mr. Alphonse Verville—Messrs. St. Martin and Villeneuve Lost Their Deposits

The fight in and about Montreal City was a hot one, and there were several surprises for those who had been figuring results. On the whole there was a change of one seat, ex-Judge Doherty managing to take a fall out of Mr. J. C. Walsh, in St. Ann's. In St. Antoine Mr. Ames gained an increased majority, though the friends of Mr. R. C. Smith had expected that he would win, and even Conservative workers looked for a decreased majority. The same might be said of St. Lawrence and St. James Divisions, in both of which it was expected that there would be a fairly even break. In St. Mary's Ald. Martin gained handily, but with a smaller margin over Mr. Marechal, and Mr. Rivet, in Hochelaga, had his majority cut to a little over two hundred. Mr. Monk, in Jacques Cartier, doubled his majority of 1904 over Mr. Dandurand, and Mr. Verville, in Maisonneuve, was elected by the greatest majority of any candidate in the Dominion.

Heavy Vote Polled.

In every city constituency the polling was heavier than in 1904. The smallest increases were shown in St. Anne's and St. Antoine; in the latter practically the whole increase went to Mr. Ames, as Mr. Smith received a total vote greater only by four than that of Mr. Peter Lyall, in 1904.

The city vote by divisions, as compared with that of 1904, is as follows:

	1904	1908
St. Lawrence	5,934	6,482
St. Mary's	5,310	6,176
St. James	5,939	6,447
St. Ann's	5,061	5,692
St. Antoine	6,035	6,195
Total Montreal vote	28,279	30,992

VOTERS CAME OUT EARLY.

Not only was the vote heavier, but it came out earlier in the day. There was an active interest displayed on all hands, and a large proportion of the polling was done before mid-day. The voluntary vote was very heavy, and all the indifferent ones were gathered up by the party managers, with hacks and automobiles. The Committee rooms of the various candidates were crowded all day with electors eagerly discussing the chances of the day, and hearing the returns brought in from the polls of that division. Later the throngs were seen in front of the newspaper offices watching the returns from the country in general.

Public Keenly Interested.

The results were also announced from most of the theatres and at the moving picture houses, and in view of the rain which drizzled down most of the evening, these places of amusement were well patronized. Many of the people stayed long after the regular hour of closing for this purpose alone.

Despite the general keenness of interest in the result of the various contests, there was practically no disorder in the city during the day. There were two or three arrests for intoxication and only one, for alleged impersonating, the latter case in St. Joseph's Ward, St. Antoine's Division. Ten men were also taken into custody in St. Mary's, the charge being loitering and obstructing the sidewalks.

A Socialist Comedy.

While Mr. Alphonse Verville has the distinction of having the biggest majority of any man in the country, Mr. Albert St. Martin, the Socialist candidate in St. Lawrence division, can boast of having polled the smallest vote in all Canada. Mr. St. Martin has already been defeated in an effort to reach a parliamentary seat as the representative of the Socialist party, but this did not deter him from making another effort. His total vote yesterday was only 187, so that not only does he lose his deposit, but he has produced evidence that the people generally have not even a thought of his party in connection with great affairs.

The Turnover in Laval.

Laval County followed the lead set in the Provincial contest, and returned to the Liberal fold. It was, as in 1904, as close a fight as any in the Dominion. In 1904 Mr. Leonard defeated Mr. Wilson by 95 votes, while yesterday, Mr. Wilson turned the tables and defeated Mr. Leonard by 75. The result was not altogether unexpected, but it was a disappointment to the Conservatives.

Gillette Elected

By Over Two Million Voters

Another Triumph for Progress and Personal Cleanliness

Over two million voters have demanded a change from antiquated methods — from old style razors and new style theories. They show their preference for the "Gillette" at the polls of public approval.

Over two million voters uphold every plank in the "Gillette" Safety Razor platform :—

—no honing, no stropping
—the one razor that is safe
—a clean shave in five minutes
—an easy shave for every face
—adjustable for light or close shave
—always ready when you are.

"New Process" Blades are as far superior to any other shaving edge as the "Gillette" is superior to the old fashioned razor.

Twelve blades—in handsome nickel-plated case—one dollar.

Have you voted the right ticket—the "Gillette"? If not, the "polls" are still open at the store just 'round the corner. "Gillette" Razor and "New Process" Blades are sold by leading Jewelry, Drug, Hardware, Cutlery, Sporting Goods and Department Stores, and by the Gillette Safety Razor Company of Canada Limited, 63 St. Alexander St., Montreal.

GREAT CROWD SAW STAR'S RETURNS POSTED AT THE WINDSOR.

In many respects the Star's bulletin service of yesterday's general election, reported at the Windsor Hotel, was of the most elaborate character, that the city has ever known. Along the entire front of the magnificent new structure a platform was built, and ten immense bulletin boards told the story of the rseult of the battle as fast as telegraph and telephone wires could pour it into the ears of a corps of operators. The management of the Windsor not only gave the privilege of placing the bulletins on the outside of the building, but allowed the Star staff to occupy the spacious cafe which faces the square. It was in this room that the telegraph and telephone instruments were placed and from it the messages to the public were sent out to the bulletin writers.

At the north window of the building a stereoptican display had been arranged for, and this kept the crowd busy with "flash" despatches telling of certain expected majorities which, perhaps the next minute were turned into a minority. Pictures of the condidates were thrown on the screen, and each favorite was cheered by the crowd.

At five o'clock rain was steadily falling, and there was some talk of moving into the rotunda of the old building. To this Mr. Weldon readily agreed if it should be found that the weather was so bad that the public could not stand the open. Six o'clock came and there was no let up on the part of Mr. Pluvius, but the crowd seemed to forget the old gentleman, and gradually it grew in numbers, until towards eight o'clock there were in the neighborhood of five thousand people facing the boards.

The first returns were decidedly favorable to the Conservatives, and the cheering as the news of the victory of Messrs. Doherty, Ames and Monk came in suggested that a victory for the Oppositionists would be popular. The change came, however, and as it gradually became more apparent that the Laurier party had again carried the country by a majority almost as large as that which they had when Parliament was dissolved, the crowd seemed to go wild and every added Liberal victory was loudly cheered.

There were many very personal popular wins, and when the news came that Mr. R. L. Borden had been elected in both Halifax and Carlton, there was an outburst that lasted several minutes. Despite the fact that by ten o'clock it became evident that the Government had been returned beyond any doubt, the crowd remained standing in the rain, and it was not until the last figures were posted after twelve o'clock that they dispersed.

A great deal of credit must be given to the contingent of police, who, while dealing in a fair spirit with the throngs that filled the square, succeeded in keeping the highway clear and maintaining perfect order.

MR. H. B. AMES GAVE THANKS TO CROWD FOR HIS ELECTION

Mr. H. B. Ames appeared about 6.30 at his committee room on St. Catherine street, near Guy, and was welcomed by a great ovation on the part of the people who were there listening to the reading of the election returns.

Three cheers were given as soon as the elected candidate entered the door followed by the singing of "For he's a jolly good fellow." Mr. Ames was warmly congratulated by him many friends and was called upon for a speech.

When he arose to answer the request, he was again loudly cheered. "I warmly thank you, one and all," said he, "and I want to say that no man could have had a more faithful band of volunteer workmen than I have had amongst you." The speaker then went on to say that he felt confident from the returns that were already in, that the party would be victorious throughout the country. He laughingly told his listeners that probably he had spent a much quieter day than they had, but the results showed how well they had done their work.

As a Family Medicine

THERE ARE NO OTHERS BETTER FOR BILIOUSNESS, CONSTIPATION AND KIDNEY DERANGEMENTS THAN

Dr. A. W. Chase's Kidney-Liver Pills

Lots of suffering would be avoided and much serious disease prevented if every family did as the writer of this letter suggests.

He has found out from experience with many medicines that there is nothing so good as Dr. A. W. Chase's Kidney-Liver Pills as a family medicine for biliousness and constipation.

Mr. G. W. Parish, Sturgeon Bay, Ont., writes: "In the year 1867 I was very bad with my kidneys. I could not work on account of my back being lame, sore and painful all the time. Though I carefully followed the directions of our family doctor, he was unable to do me much good. At this time Dr. Chase was becoming known as an especially successful physician, and on the advice of my uncle, Charles Williams, I went to Dr. Chase at Ann Arbor, Michigan, and he gave me a box of his pills for kidney disease.

"You can scarcely imagine how much good they did me. They helped me so much that I went back to the doctor and bought a dozen boxes. We always keep them in the house as a family medicine, and I would not think of using any other."

You should not be misled by the various attempts of imitators, as the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of Dr. Chase's Kidney-Liver Pills. One pill a dose; 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

1889-1908

There are links in the chain of every business success which must be forged of nerve and perseverance. There are gaps which only nerve and perseverance can bridge. Nerve to believe the things we think! Nerve to do the things we plan.

When in the month of October, 1889, Messrs. Albert Amiot and J. E. Lecours started in the hardware business with a stock valued at $2,000—payable in eight monthly instalments of $50.00 each and 16 monthly instalments of $100 each—few business ventures on earth presented possibilities less large and alluring, yet with their nerve and perseverance they began quietly to build a business for themselves which to-day stands in the battlefields of business as a monument to initiative and perseverance.

On the 1st of January, 1892, Mr. Fred C. Lariviere, the actual president of the concern, joined the two successful partners to establish the firm of Amiot, Lecours and Lariviere, which during the ensuing ten years was brought to greater expansion and success, necessitating further changes. In the month of January, 1902, the firm was incorporated under the name of "Amiot, Lecours et Lariviere Incorporated," with Mr. Lariviere as its president, Mr. Amiot as managing director, and Mr. J. Ed. Charbonneau as director and secretary-treasurer, with a paid up capital of $100,000, which amount represented the earnings of the firm since its organization.

The purchasing public had placed its confidence in this mercantile house to such an extent as to assure for its permanent growth a growth so tangible that during the whole of the year 1907 the sales averaged $2,000 a day.

As the business kept on growing with great strides, it was decided to increase the capacity of stores, warehouse and offices in order to satisfy the customers of the firm, which now constituted the largest patronage of any establishment of its kind in Canada, for, as Mr. Lariviere well expressed himself: "Our business is to serve the public honestly; to give entire satisfaction to our customers at all times, and at whatever cost to us, such is the secret of our great success."

So, from the outset, the policy of this establishment has been to foster its trade by means of reliable goods at reasonable prices, a policy which proved successful.

It is not within our scope here to go into details as to the different additions and improvements which were undertaken, suffice it to state that all alterations were made with a view of systematizing the work and of facilitating prompt deliveries. The employes of the firm were also thought of and provided with toilet rooms, dressing rooms, and with a reading room capable of accommodating 150 persons, and other improvements were inaugurated for the betterment of conditions under which employes work, and for their health, comfort, entertainment, amusement and contentment.

In the reading room, half hour talks are given, every once in a while, by chiefs of department, on subjects relating to the business.

These lectures, followed by smoking concerts by the staff of the firm, and by outside talent, especially secured for the occasion, are bound to create better relations between employes and increase their efficiency. The welfare of the female employes has also been looked after and their large and well appointed assembly room and annexed kitchen, beautifully decorated, roomy, well ventilated and lighted, reflect credit, not only on the firm, but also on the architects, Messrs. Asselin and Perron, who have designed these improvements for the welfare of the employes in a manner far beyond the dreams of the most convinced idealist.

All this, however, is not philanthropy, but, as the president expressed himself recently: "It is reciprocity of treatment with greater efficiency as its prime motive."

Whatever the motive, it is plainly obvious that his treatment of employes will increase their interest in the business, increase their efficiency and create a friendly and favorable mental attitude on the part of the present and future clients of the firm.

Yet the ambition of the directors is not quite satisfied. They wish to create a technical library for the use of the employes where they will be in a position to acquire practical knowledge concerning their business, for although experience is necessary it is the combination of theory and practice which leads the faithful employe to success. The library already exists on a small scale. The best magazines on commerce and industry together with technical works devoted to the hardware and building trades; plumbing and allied subjects are already to be found on the shelves of the library.

Another conception — and not the least of the company has been to develop among the employes the habit of economy by placing them in a position to participate in the profits of the firm for which they work, and to which they bring all their knowledge, experience and good will.

From the 1st of October the firm of Lariviere Incorporated succeeds to the firm of Amiot, Lecours and Lariviere Incorporated. This change in name does not imply, however, any change in the the direction nor in the administration of the company, nor in the list of shareholders which remains as follows: John G. Nelson, F. X. Desrivieres, P. H. Delcourt, A. S. Daly, Arthur Contant and Alph. Nadeau, all faithful co-workers, interested in the success of the firm. We may add that the estate of the late Mr. Amiot is still interested in the company to the same extent as Mr. Amiot's interests appeared in November, 1902, date of his death.

Commercially, the programme of the firm remains the same—to give satisfaction always and at whatever cost—a programme inaugurated by Mr. Fred. C. Lariviere and to which the firm owes in a certain measure its present success.

We will now say a few words concerning the Branch of "Lariviere Incorporee," situated at No. 10 Craig st., a few doors west of St. Lawrence Boulevard, which has just been remodelled and placed under the management of two heads of department of the company: Messrs. A. S. Daly and P. H. Delcourt, these two gentlemen having absolute control over the operations of this important branch.

Here again we see the realization of another article of the programme of this firm, who believe in developing business—strong men, by continuously giving them responsibilities of increasing importance, increasing their interest and stimulating their loyalty, by giving them the opportunity to do things on their own initiative, according to their own plans, methods of execution and on their own responsibility.

It will not be out of place to now say a few words on Mr. Fred. C. Lariviere, the president of "Lariviere Incorporee." Although recognized as one of the keenest business men of the metropolis, a man who made a reputation as a business man by his systematic, painstaking attention to his business, yet Mr. Lariviere has not neglected public questions and as a member of the Chamber of Commerce and in other capacities he has been on many occasions, of genuine benefit to the commercial community who profited by his large and varied experience. Mr. Lariviere is president of the "A. C. Lariviere and Co.," of the "Colonial Fluid Beef and Specialty Co.," of the "Choral Association of St. Louis de France," vice-president of the Chamber of Commerce of the District of Montreal, and Director of the Montreal Canada Fire Insurance Co.

Although a very busy man, Mr. Lariviere has always remained most sociable, suave and considerate, qualities which have brought him so many staunch friends and customers.

Commercial travellers are always welcome at his office, more so if they have an interesting business proposition to make.

As to the future of the firm, its success of the past is sufficient warrant of its future success. From modest beginnings the firm has attained, through different stages, an enviable position among our leading business enterprise and with past experience, a wider field of action, practically unlimited capital and a staff of efficient, experienced and devoted men, anxious to make the firm of "Lariviere Incorporee" the most successful in its line in Canada, the future certainly does look bright and promising.

VICTORY FOR CLEAN ADMINISTRATION, SAID MR. C. J. DOHERTY.

Mr. C. J. Doherty was present during the declaration of the polls in St. Ann's division. A large number of the candidate's supporters, including many Liberals, were present. On the declaration of the result, rousing cheers were given for Mr. Doherty and his well fought victory, and there was general handshaking all around. "For he's a jolly good fellow," was lustily sung; then calls for a speech were made. On mounting the table Mr. Doherty again received a great ovation, the cheering being loud and prolonged.

In thanking his many friends and supporters, Mr. Doherty referred to their great fight, which had turned out victorious, although he had every reason to believe that had there been a fair vote the majority in his favor would have been larger. He was greatly astonished to notice that the Liberal leader had found it necessary to refer to him as a small politician, and he thought it was disgraceful of the Liberals to try to arouse religious animosity.

The victory, as well as himself, stood for good, honest, straightforward administration. He alluded to the unselfish devotion of his supporters around him and also those absent. He gave special thanks to the Liberal friends in the Division who had stood so nobly by him in the contest.

Several of those present also spoke.

Mr. O'Connell in the course of his remarks said: "It was the happiest night since his own election."

Mr. Tansey:—"Proud to see St. Ann's had elected one of the best representatives they had ever had."

F. J. Curran:—"Happiest day of my life, as we have just redeemed St. Ann's Division."

Mr. M. J. Morrison:—"St. Ann's has shown the Dominion how to appreciate a man of honor, ability and dignity."

MR. L. T. MARECHAL THANKED FOLLOWERS AFTER HIS DEFEAT.

Mr. L. T. Marechal, K.C., the Conservative candidate in St. Mary's division, made a brief speech at his committee rooms after the returns were all in. Although he had been defeated by a considerable majority, Mr. Marechal felt that it was rather the name of Sir Wilfrid than that of Mr. Mederic Martin which had won the victory. He congratulated the winner on his success and extended his sincerest thanks to the many electors, both French and English-speaking who had worked so earnestly on his behalf.

His many supporters were encouraged not to be downhearted by their defeat, as it was in the lot of every soldier to meet defeat. He said he had done all in his power to bring about conciliation in the C. P. R. strike, and would further interest himself in the welfare of the people of this important division. Mr. Marechal was heartily cheered by a large audience.

MR. LOUIS CODERRE MADE SPIRTED LITTLE ADDRESS TO FRIENDS

Speaking for five minutes, both in French and English, Mr. Louis Coderre, K.C., defeated candidate in Hochelaga Division, thanked his supporters for their loyalty. He said:—"We have been defeated not by Mr. Rivet but by the great leader, Laurier."

"We are defeated but we shall not resign the battle nor the principles for which we have fought,—the cause of the workingman. We have reduced an adverse majority of 700 at the last elections to about 99 to-day.

"I especially thank the electors of Westmount for their splendid tribute of 706 majority.

"I also thank those of Point St. Charles for the reduction of a Liberal majority of 1,000 four years ago to about 200.

"Young men, I have an appeal to make to you. Very soon Mr. Rivet will be offered a Government position. Then there will be a by-election, and those who should have been on the voting lists to-day and were not because of the alteration of the lists in Government hands,—at least 500 of you,—will have an opportunity to resume the struggle, and we shall have 400 majority for our cause. Lastly, I thank those Liberals who had the good taste to alter their support, and so reduce the gross majority from 700 to 99."

GLOOM AT THE HEADQUARTERS OF ALDERMAN GIROUX.

In the central committee-room of Ald. Giroux, the Conservative candidate in St. James Division, after the reading of the first ballot everything was gloom and sullenness. As poll after poll came in it recorded a good majority for Mr. Honore Gervais, Liberal. In the first 60 polls reported only two showed a majority for Giroux. When Mr. Giroux came into the commitee-room and was shown the report of sixty polls giving Mr. Gervais a majority of over 1,300, he simply replied: "It is incomprehensible." The big crowd then dispersed and no more reports were read.

MR. HONORE GERVAIS RETURNED THANKS FOR VICTORY IN ST. JAMES

After the returns had been received in St. James division, Mr. Honore Gervais, K.C., the successful Liberal candidate, rose and spoke a few words to those who were assembled in the street.

He thanked, he said, all those who had supported him so well,—grocers, merchants, tailors, workmen, and the people generally. He then outlined his policy for his next term at Ottawa. He gave his word that he would attend to the best of his ability, to the interests of St. James division, and the city of Montreal as a whole. The Georgian Bay Canal was to be built, and was to prove of the greatest importance to Canada.

Mr. Giroux's methods of electioneering were then criticized, and the speech ended by Mr. Gervais once more thanking the electors.

The Real Value of Drugs

A well-known authority who has made a careful and scientific study of the relative values of drugs having a specific action on the kidneys and bladder, prescribes as follows:

One-half ounce fluid extract dandelion; one-half ounce fluid extract senna; one ounce fluid extract carriana compound; six ounces compound syrup sarsaparilla. Dose—one teaspoonful in a little water after meals and at bedtime.

This vegetable mixture has a direct action on the liver and kidneys, and will cure all forms of constipation, sick headache, etc.

Keep this prescription; it is valuable.—(Advt.)

"STAND TOGETHER IN THE HOUR OF DEFEAT," SAYS EX-MAYOR EKERS

As soon as the returns in St. Lawrence Divison were made known and the majority in favor of Robert Bickerdike was confirmed, Mr. Ekers smilingly addressed his friends asembled in his head committee-room.

"You have worked very hard, my friends," said Mr. Ekers, "and I thank you very much for the loyal way in which you have labored for me. It is very unfortunate that your efforts should have ben given in vain; but I see that the St. Lawrence Division is prepared for a while longer to stand by the present Government.

"We have nothing to say, and we should all submit to the will of the majority. As for myself, I tell you that this is just the same as if we had the victory. It does not worry me one bit. All I ask for is to keep together. And we will stand ready for the next elections. Our only weak point in St. Lawrence division is that there is not enough organization, and not enough clubs. There is no doubt that if we stand together and organize, I have no fear in saying that next time we will get the victory which was refused to us this time. Once more I thank you all."

VICTORY FOR LABOR SAYS MR. VERVILLE.

Mr. Alphonse Verville, the successful Labor candidate in Maisonneuve, thanked his supporters, and said the event in his constituency was a great victory for labor and reform.

MR. RIVET THANKS HOCHELAGA ELECTORS

At his committee rooms on Centre street, Mr. L. A. Rivet, Liberal candidate in Hochelaga, watched the results of the voting at the polls. When his election was finally assured, he addressed those present thanking them for their support.

"I am much disappointed in the reports from Westmount," he said, "but I am thankful that my friends in other parts of the constituency have shown their loyalty in such a hearty manner and their appreciation of my efforts in their behalf. Be assured that neither I nor my great chieftain, Sir Wilfrid Laurier, will be ungrateful."

Mr. Rivet went on to tell of the "bitter campaign of cupidity and avarice, which," he said, "had been waged against him." He was enthusiastically cheered.

BIG CROWD WATCHED RETURNS FLASHED IN FRONT OF STAR OFFICE.

The big crowd in front of The Star Office on St. James street, braved the rain and stayed until the magic lantern said "Good Night." Cheers and counter cheers went up as the returns from time to time indicated gains by the two parties.

When the news was flashed that the Liberals were holding their own in Ontario the Liberals in the crowd went "dippy," while the Conservatives shouters howled again and again at the news of Conservative gains in Nova Scotia.

Hon. G. E. Foster's victory in Toronto brought forth a medley of cheers and groans, as did the news of Mr. Pugsley's win in New Brunswick.

"Laurier by about 50 majority," was one of the final bulletins, and the Liberals went home happy.

McGILL UNIVERSITY WILL HONOR LORD MILNER ON MONDAY NEXT

At the regular meeting yesterday of the Board of Governors of McGill University, arrangements were made for the conferring of the honorary degree of LL.D. upon Lord Milner, during his approaching visit to Montreal. The ceremony will take place Monday morning next, at 11.30 o'clock, in the Royal Victoria College.

In view of the heavy commitments in connection with building operations, Principal Peterson urged the necessity of at once prosecuting the appeal for financial aid. The board decided to take action in this matter after the printing of the annual report to the visitor.

A new committee of the McGill Union was appointed, consisting of Messrs. E. B. Greenshields, Alex. Falconer, Dr. Adami, Vice-Dean McLeod, and Prof. W. A. Murray.

Mr. C. J. Fleet, K.C., was added to the Athletics Committee of Corporation to represent the governors.

Mayflower a Derelict.

New York, October 27. — For several weeks after she was abandoned, if not still, the old cup defender, Mayflower, continued to ride the waves. The fruiter Vincenzio di Girgio, which arrived from Jamaica, reports having sighted her on October 15th, about 150 miles southeast of Hatteras. She is said to have appeared to be in good condition, except for the loss of her masts, which were carried away in the hurricane that led to her abandonment at sea by her adventurous crew of former Harvard students, who had fitted her out for a treasure hunt.

A Royal Betrothal.

Belgrade, Servia, October 27.—George, Crown Prince of Servia, left here yesterday for St. Petersburg. He was given a great send-off by the people. The purpose of his journey is believed to be the announcement of his betrothal to his cousin, Princess Marina Nicholaeon,

THE LIBERAL GOVERNMENT WAS SUSTAINED AT THE POLLS

Province of Quebec Remained as Solidly Liberal as Ever, Although Ten Counties Changed Their Allegiance

Both Leaders Were Elected in Two Ridings---Conservatives Gained in Nova Scotia, But Lost Ground in New Brunswick---Ontario Remained About the Same---Manitoba Went Conservative

The elections held throughout the Dominion on Monday resulted in the return of the Laurier Government to power by a slightly reduced majority. The returns are practically complete and give the following party standing:

	Con.	Lib.
Ontario	49	37
Quebec	12	52
Nova Scotia	6	12
New Brunswick	2	11
Prince Edward Island	1	3
Manitoba	6	4
Saskatchewan	2	7
Alberta	3	4
British Columbia	3	1
	84	131

In this table Mr. Verville, Labor is placed in the Liberal ranks. The only Cabinet Minister to go down to defeat was Hon. William Templeman, in Victoria, who was defeated by Mr. Bernard. Mr. Ralph Smith was the only Liberal elected in British Columbia so far.

Elections are yet to be held in Gaspe, Que.; Prince Albert Sask.; Comox-Atlin, Yale-Cariboo and Kootenay, B. C., and the Yukon.

Many seats have changed their political complexion as the result of the election, both sides making several gains and losses, as will be seen by a reference to the detailed returns that follow.

Sir Wilfrid Laurier was elected in Ottawa city and Quebec East, while Mr. R. L. Borden re-captured his old constituency of Halifax, which he lost in the last election, and also secured re-election in Carleton County. All the Cabinet Ministers except Hon. William Templeman were re-elected, while Mr. Mackenzie King, the former Deputy Minister of Labor, secured a seat in the House of Commons. Hon. Geo. E. Foster was re-elected in North Toronto, but Messrs. Pope, Bennett, Fowler and Lefurgey suffered defeat.

PORTLAND, MAINE, CHILD

Ill, Weak and Emaciated, Restored to Health by Vinol.

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

Vinol is sold in Montreal by Robert H. Bryson and at all of Henri Lanctot's Pharmacies.

BOYS' SHOOTING AFFAIR ENDED IN DEATH.

Robert Reid, 17 years of age, who was shot at Lachute ten days ago, died in the General Hospital yesterday from the effects of the wound, the bullet having lodged in the stomach. It is alleged that Reid and two other youths were teazing another boy, when the latter drew a revolver and shot Reid. Judge Bazin went to the hospital yesterday morning, and took Reid's ante-mortem deposition, in which it is said he started that he and two of his companions had some words with the boy who shot him.

PROF. WELSH LECTURES ON CHARLES LAMB.

An interesting lecture on "Charles Lamb" was given yesterday at the regular meeting of the Montreal Women's Club, at which the president, Miss Ferguson, presided. The lecturer, Prof. Welsh, of the Presbyterian College, gave a short sketch of the life of Lamb, dwelling on his many characteristics as writer, philosopher and dreamer, and touching especially upon his devotion to his sister. He pointed out the beauties that lie in the "Essays of Elia," and said it was unfortunate that so many people failed to read them and so missed so much enjoyment. In the after-discussion, those taking part included Mr. Recorder Weir and Dr. Grieve Nichol. During the afternoon Mr. Edward Brodie delighted the audience with his playing of the violin.

Prior to the lecture, Dr. Douglas Gurd made a short address, in which he pointed out the necessity that existed for every one to take an interest in the forthcoming exhibition to be held under the auspices of the Anti-Tuberculosis League.

STEAMER IROQUOIS SANK IN FLAMES IN GEORGIAN BAY

Passengers and Crew Were Rescued by a Tug.

Detroit, Mich., October 27.—Missing her way in the smoke pall that hung over McBean channel, Georgian Bay, on Saturday, the little Canadian steamer Iroquois, with 17 passengers and a crew of five, smashed into West Rock with a shock that sent her over on her beam ends. Twenty minutes later she burst into flame from an overturned cook stove. Everyone aboard the boat owes his or her life to the prompt response of a rafting tug to signals of distress.

The officers and crew remained cool until they ascertained the condition of their lifeboats. The latter had been under canvas all summer and when uncovered were found to be dry and open-seamed.

The captain, almost frantic himself, remembered that somewhere back in the pall of smoke, a little time before, he had almost run down a rafting tug. Frantically he started the Iroquois' whistle going.

The tug heard, and, dropping her tow, began to feel her blind way in the direction of the distress signals. She located them all right, then came in sight of the flames and steamed up at top speed.

Passengers and crew were rescued with all speed and not a moment too soon, for hardly had the tug cast off before the doomed vessel burst into a complete mass of flame.

But for the timely arrival of the tug, the fate of the rescued ones would have been terrible.

THE BALKAN SITUATION.

Germany Approves of Proposed International Congress in Principle.

Berlin, October 27.—A semi-official news agency summarizes the results of the conferences which have been going on between M. Iswolsky, the Russian Foreign Minister, and Prince von Buelow, the Imperial Chancellor, and Herr von Schoen, Secretary for Foreign Affairs, as follows:

The German Government has no objections in principle to the proposed international congress to discuss the Balkan situation. The German and Russian Governments recognize the fact that a conference of the powers can only prove useful if a complete agreement among all the signatories of the Berlin Treaty, respecting the scope and contents of the programme to be submitted to the conference, be attained beforehand. The German Government adheres to the standpoint that it would be unable to accept the proposals to which Austria-Hungary raises objections. These contentions will be subject to further negotiations.

A complete agreement, however, was reached on other points in the draft of the programme, particularly those referring to the proposals in the interests of Turkey. Both Governments will put forth their efforts to find a fair and just solution of the present difficulties.

AMUSEMENTS.

ACADEMY OF MUSIC—The Rays, "Johnny" and Emma, in "King Casey."

As a grotesque entertainer Johnny Ray is in a class by himself. Johnny is a funny boy, again, in his own way. There is little real with in what he says or in what he does, but the boldness of his burlesque raised laughs and pleased an election night audience. "King Casey" does not reflect any considerable measure of credit on those responsible for its production, yet, no doubt, it will gain a degree of popularity amongst the persons who patronize that class of entertainment. The means used to excite laughter are not always of the finest, and the use of profanity to gain applause is entirely unnecessary and most undesirable. The story told is no more absurd than fifty others cut out of the same cloth, yet a little pruning would make the whole affair fairly presentable. One good feature of the production is the staging, while there is a hard working chorus which does most to provide the real entertainment. Harry Lester Mason was occasionally funny in a burlesque role. Arthur Litson, as the landlord, also played his part with excellent merit.

The Philippine Typhoon.

Manila, October 27. — Official despatches received from the region visited by the typhoon, and the resultant floods that devastated Caygen Province recently, place the death roll at 800, and the damage to property at $1,000,000 gold.

MRS G. S. GESNER.

Doctor Changes his Mind! Psychine Stands 18 Years' Test.

In the year [illegible], 18 years ago, Mrs. G. S. Gesner, of Belle Isle, N.S., was in a sad condition. All her relatives had died of consumption, and there was every indication that she was going the same way. This was aggravated by an attack of Kidney Trouble.

At this point her husband suggested to try PSYCHINE. The doctor who attended said Psychine was worthless; but it effected a wonderful cure. EIGHTEEN YEARS AFTER in a letter bearing date August 14, [illegible], Mrs. Gesner says, "I am better than I have been for years. My lungs have not troubled me since I took your treatment. My physician told me I could not take a better tonic than PSYCHINE, and I recommend it to all who are suffering from Lung Trouble and General Debility."

To invest in a *Brass Quality Bedstead* requires a few more dollars, but then you easily purchase 500 per cent more style and elegance than possessed by a wood or enamel bedstead.

Wooden bedsteads require constant polishing with a cloth. Enameled bedsteads have a disagreeable habit of becoming sticky. But a *Brass Quality Bed* retains its golden splendor with only a fraction of the attention necessary with wood or enamel. CANADIAN ELECTIONS.

Westminster and Pall Mall Gazette State Their Views.

Canadian Associated Press.

London, Eng., October 27.—The Westminster Gazette says there was some real ground for expecting the Conservatives would win, and we suspect that it was the advantage of Laurier's personality which has alone prevented a Conservative victory.

The Pall Mall Gazette says the charges of corruption against the various departments of the Government have not been met in a very satisfactory manner. The Pall Mall Gazette trusts Laurier will devote part of his energies in the new term to reforming state matters which do not reflect pleasantly either upon Canada or the Empire.

In proof of the quality and food value of Orange Meat the manufacturers quote a digestion experiment carried on by Professor Harcourt of the Guelph Agricultural College. Note the results as a heat producer compared to different kinds of bread.

Percentage of the constituents digested:—

	Organic Matter.	Calories Per Grain.
Orange Meat..	93.4	2.733
White Bread..	98.1	3.468
Entire Wheat Bread	94.8	2.256
Graham Bread	93.5	2.386

This table proves that according to his determination Orange Meat is 50 per cent. more valuable as a food than bread.

An additional reward to persistent users of Orange Meat is offered.

A payment of Fifty-two Dollars per Year during his or her life-time or Seven Hundred Dollars in cash will be paid to the party sending in the largest number of Orange Meat carton bottoms before May 31st next. All particulars enclosed in package of Orange Meat. Buy one to-day.

FOG AND SMOKE RETURN TO BLOCK SHIPPING ON RIVER

Large Fleet of Ocean Craft Again Tied up on Account of Atmosphere.

Looking out from office windows this morning, and looking back to weather reports from the lower river, shipping men became aware of a return of fog and smoke. Later, reports came in that the squadron which set out hopefully from port yesterday, was anchored between Montreal and Quebec.

The Allan line steamship Virginian should, by this time, according to regular schedule, be breasting the Atlantic rollers, but instead she is biding her time, and following out the policy of all St. Lawrence vessels, by putting safety before speed. The Hesperian, Allan line, is anchored at Batiscan, with the Dominion liner Dominion as consort. The Virginian is in Lake St. Peter, with the Sardinian between Batiscan and Three Rivers. The Marina and the Bellona, the former being almost a week behind time, are both between Batiscan and Three Rivers, their exact position not being known. The Ionian, bound inward with passengers for Montreal, was between Portneuf and St. Nicholas about noon, and the Hungarian at Three Rivers. This makes some nine steamships of ocean calibre losing money for their owners with every hour of their delay. Numbers of smaller craft are likewise affected.

The Lake Michigan arrived in a hurry this morning with a number of passengers, just escaping the fog. The Sokoto, of the Elder-Dempster line, and the Manchester Mariner, of the Manchester line, also entered. The Lake Erie and the Kastalia both managed to get to Quebec.

BRYAN IN NEW YORK.

Addressed Crowd From Steps of City Hall Last Night.

New York, October 27.—For the first time in their history, the grey walls of the old City Hall were lighted up by red fire at 3 o'clock this morning, when W. J. Bryan, bareheaded and smiling, was introduced from the steps of the building to a big crowd of night workers, gathered there to greet him and to hear him speak on the issues of the campaign. Before the cheers had ceased the red fire died out, and Mr. Bryan made his address in the dark, the few street lamps in the park giving hardly enough light for the listeners to distinguish the form of the speaker against the walls of the old building and the muffled forms of those who accompanied him. The crowd was composed principally of employes in the big newspaper offices in Park Row, the telegraph offices and the general post office across the park. A brass band entertained the crowd with patriotic airs until the arrival of Mr. Bryan and his party.

Mr. Bryan, in his speech, eulogized the workers of the country, and spoke at some length on the various issues of the campaign.

PREPARE THIS PRESCRIPTION FOR RHEUMATISM OR KIDNEY TROUBLE.

Cut this out and put in some safe place, for it is valuable and worth more than anything else in the world if you should have an attack of rheumatism or bladder trouble or any derangement of the kidneys whatever.

The prescription is simple and can be made up by anyone at home. The ingredients can be had at any good prescription pharmacy and all that is necessary is to shake them well in a bottle.

Here it is: Fluid extract dandelion, one-half ounce; compound Kargon, one ounce; compound syrup of sarsaparilla, three ounces.

Take a teaspoonful after each meal and at bedtime. A few doses is said to relieve almost any case of bladder trouble, frequent urination, pain and scalding, weakness and backache, pain above the kidneys, etc. It is now claimed to be the method of curing chronic rheumatism, because of its direct and positive action upon the eliminative tissues of the kidneys. It gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood, relieving the worst forms of Rheumatism and kidney and bladder troubles. The extract dandelion acts upon the stomach and liver and is used also extensively for relieving constipation and indigestion. Compound sarsaparilla cleans and enriches the blood. There is nothing better than Kargon Compound for the kidneys.

This prescription is safe to use at any time.

DIED ON WAY TO BROTHER'S FUNERAL.

James Coleman, 316 Bleury street, was found lying dead in the porch of the Metropole Cafe, St. Catherine street, early to-day. It was at first thought that Coleman was suffering from the influence of liquor, and the ambulance of the General Hospital was summoned. When the doctor arrived he pronounced Coleman dead, and his body was taken to the morgue.

A painful feature of the case was the fact that the funeral of his brother took place this morning. Heart failure was the cause of death.

The chief mourners were his only son, Mr. Wm. Coleman; Messrs. William, James and Peter Coleman, brothers; Mr. David Boud, brother-in-law, and Messrs. William and Frank Coleman, nephews. The floral tributes were numerous.

Found Dead in a Shed.

The body of Samuel Pownall, 57 years of age, was found in a shed adjoining No. 82½ Colborne street, last night. Beside the body when it was discovered was a lighted candle, which had burned low. Death had evidently occurred only a few minutes before the body was found by Jerry Sullivan, one of the dead man's neighbors, who had been attracted to the shed by the candle light, which be saw flickering through the doorway. The body was taken to the morgue, where Dr. D. D. MacTaggart, medical expert, will make an autopsy to ascertain the cause of death. The inquest will be held to-morrow.

Death of Veteran.

The death occurred on Friday last of one of the old veterans of Canada's volunteer soldiery, in the person of Francis Friel, of 13 Johnson street. Mr. Friel was a member of the old 5th Royals, and as such was one of the guard of honor which attended His Majesty when as Prince of Wales he visited Canada in 1860. During the Fenian troubles of 1867 he saw active service with his regiment on the frontier. Mr. Friel had spent the greater part of his life in Montreal. IT'S ALL IN THE BLEND

It takes more than one grade of whisky to produce a *perfect Scotch Whisky*. Each distillery of Scotland produces a whisky possessing a particular flavor. These whiskies used alone, do not give satisfaction, but when a few of them are blended together, the product is more satisfactory. It is to this blending by experts of high-grade products from the best distilleries of Scotland and to the maturing for years in Sherry wood, that—

KILTY SCOTCH WHISKY

owes its incomparable mellow taste and agreeable flavor which makes it the favorite of the connoisseur the world over.

You will never know the goodness of a perfect Scotch until you have tasted "KILTY SCOTCH WHISKY."
