THE WAPERS (the great public remedy)
has been in use over twenty years, hence it
is said that they are on trial. They have
been thoroughly tested (on the lives of the
people of those whose lives and health they
are preserved) to be a cure, harmless and em-
salutary preparation, and it takes in re-
sulting to the cure of colds, coughs, croup,
and all Bronchial affections. One fair
trial convinces the most skeptical.

PERFUMER WITH A HUNDRED USES. 578
 European toilet extracts are sold every-
 where; but Murray & Lunnans' Florida
 Water, the standard perfume of New and
 London, is the most perfect of all. It is
 a pleasant luxury. Besides being the
 of all daint perfumes for the hands, hair,
 face, and body, it is a powerful tonic, it
 sleep, allays nervousness, is a rare di-
 a-lytic for the stomach, cools the skin, exhi-
 bits the complexion, and gives to the skin
 a complete smoothness and freshness to the com-
 plexion, and is invaluable for removing the irri-
 tation of the skin.
 In fact it is almost as much prized for its
 use for the exquisite pleasure it affords. As
 the perfume of the world always ask for it, it is
 prepared by Lunnans & Kemp, New York.
