## Commonwealth Chiefs To Gather In London Jan. 31

### Prime Minister St. Laurent Announces Receipt Of Invitation To Gathering To Study World-Wide Problems

Ottawa — (CP) — A Commonwealth conference of Prime Ministers will be held in London, Jan. 31, Prime Minister St. Laurent said today.

Mr. St. Laurent quoted an announcement by Sir Winston Churchill, British Prime Minister, in the British House of Commons today.

Mr. St. Laurent said the date for the opening of the meeting was selected after consideration of what might suit the convenience of the majority of Commonwealth Prime Ministers.

He said he hopes that the work of the forthcoming session of the Canadian Parliament would be well under way by the time he leaves for London.

### New Armor Carrier Is Developing

Ottawa — (CP) — A new weapons carrier for the army is in the design stage.

It would replace the Bren gun carrier, used extensively during the Second World War and still the army's standard carrier.

What the army wants, officials say, is a vehicle with good cross-country performance and protection against lands mines. That means it must be fast, take well to rough ground and carry heavier underside armor plating than the Bren carrier.

In atomic battle, dispersal, speed of movement and excellent communications will be vital, army officers say.

A fast weapons carrier for armament, mortars, machine guns and fireless equipment would be a big help toward this objective.

"We will need more and better carriers," Maj. Gen. John Rockingham, general officer commanding 1st Canadian Infantry Division, said in a recent interview.

The universal carrier — the more common term is Bren carrier — has been or is used for reconnaissance, weapons transport or as a flame thrower. With the Canadians, it saw service in Sicily, Italy and northwest Europe.

One of its chief disadvantages is that it can be knocked out by a land mine and most of its crew killed. Shells only slightly larger than rifle or machinegun bullets can penetrate its relatively thin armor skin. It is easy prey for anti-tank weapons or air-burst shells.

Carriers crews used to put sand-bags in the vehicle to give them some protection from blast and splintering. In built-up areas, grenades could easily be tossed into the carrier from buildings because it has no overhead protection. The Bren carrier usually carries a crew of four, can transport 10 men and has a top speed of about 37 m.p.h.

### Eisenhower Aide Sent To Indochina

Washington — (P) — Gen. J. Lawton Collins is speeding toward Indochina on a mission for President Eisenhower aimed at finding out how to help divided Vietnam from falling completely to the Communists.

Collins, former United States armed chief of staff, will have the personal rank of ambassador as a special representative of the President. A White House announcement Wednesday night said his mission is diplomatic — not military.

The trouble-shooting task assigned Collins is expected to result in recommendations to Eisenhower for extensive American operations designed to stabilize South Vietnam and bolster the government of Premier Ngo Dinh Diem.

Eisenhower has several hundred millions of dollars available for spending to prop up South Vietnam against communism if Collins can come up with a program which will persuade the government and Congress of a reasonable chance of success.

His statements raised prospects of a happier relationship than existed between 1946 and 1948 when President Harry S. Truman battled a hostile Republican Congress, and from 1930 to 1932 when an unfriendly Democratic House of Representatives confronted Republican President Herbert Hoover.

One of the Democrats' chief campaign arguments this year was that Eisenhower was received more support from them than from his own party on many key issues. While a certain amount of political jockeying for the 1956 presidential campaign is to be expected, they are not likely to reverse their stand on these basic policies.

The last two Senate races in New Jersey and Oregon hung in the balance to the end with neither trailing candidate admitting defeat.

In New Jersey, Republican Clifford Case had a bare 200-vote margin when the last precinct was reported and supporters of Democrat Charles Howell called for a recount. This produced further gains for Case, whose revised lead grew to more than 2,000 votes. Howell had led throughout the early returns.

In Oregon, where no Democratic senator had been elected since 1934, the clothing sub-index rose by 1.1 points to 108.4. The

## Democrats May Relinquish Right To Organize U.S. Senate Committees

### Over-mature Trees Causing Budworm March

Quebec — (P) — More rational management of forests will greatly aid the struggle against destructive budworms, Dr. Lionel Daviault, director of the federal government's laboratory of forestry zoology in Quebec, said Wednesday.

Dr. Daviault told the convention of the Quebec Association of Forestry Engineers the budworm which preys chiefly on fir and spruce trees, were successfully fought by flushing an insecticide over Gaspé forests where the insect has caused serious damage to rich timber limits.

Last spring more than 316,363 acres of Gaspé forests, which were contaminated were showered with the special liquid to fight the spruce budworm's hungry march.

He said research had led to the belief that budworm invasions are usually preceded by three or four consecutive summers of dry and warm weather.

"We are able to foresee that an invasion will occur more frequently in areas where vast stretches of over-mature firs and spruce trees are being conserved."

This insect, which reproduces in the caterpillar form as well as in the adult stage can effectively be fought as soon as over-mature trees are done away with, Dr. Daviault said.

He urged shorter rotation periods which would allow growth of lighter, thinner and more vigorous trees on which damage would not spread so fast.

His statements raised prospects of a happier relationship than existed between 1946 and 1948 when President Harry S. Truman battled a hostile Republican Congress, and from 1930 to 1932 when an unfriendly Democratic House of Representatives confronted Republican President Herbert Hoover.

One of the Democrats' chief campaign arguments this year was that Eisenhower was received more support from them than from his own party on many key issues. ## Many Ironic Features In U.S. Voting

By EDGAR SIMON  
(Canadian Press Staff Writer)

Washington — (P) — If Senator Joseph McCarthy gets to keep his prized chairmanship of the Senate's investigations subcommittee despite the closed Democratic victory in Tuesday's off-year election, he can thank New Jersey Republican Clifford Case, the one member of his party whom he hoped to see defeated.

And if the Democrats decide their Senate majority is too slim to risk taking control of the Senate, they can blame a 16-year-old wish of the late president Franklin D. Roosevelt that a recalcitrant Democratic Senator be relegated to the political scrap heap.

And the Republicans, who nominated an unorthodox member of their party in what they considered a losing battle to capture the New York state attorney-general's post, were stunned when he turned out to be the only member of their slate to get elected.

These were only a few of the ironies attending Tuesday's topsy-turvy off-year congressional election, one of the closest in United States political history.

One of McCarthy's few active moments in a quiet campaign was a speech attacking Case, who had expressed opposition to the Wisconsin senator's witch-hunting activities. He singled out his party's candidate in New Jersey as the only Republican he would not support in the election.

But Case squeaked through in a close vote, and unless the result is overturned in a recount may provide the decisive Republican vote in the Senate that entitles his party colleagues to retain their committee chairmanships.

The dead hand of President Roosevelt finally struck down Senator Guy Gillette of Iowa, a conservative Democrat whom he had marked for defeat in his 1938 "purge" of opposition within his own party.

Iowa, which normally votes Republican, rallied to Gillette's defence at the time and returned for him three more terms. But the late President's curse finally caught up with him Tuesday as he lost to a Republican in a decision that may have proved fatal to his party's hopes of controlling the Senate.

It was another Roosevelt, Franklin Delano Roosevelt, Jr., whose highly favored candidacy prompted the Republicans to name Jacob K. Javits to oppose him as New York attorney-general.

Javits was a proven vote-getter in his own constituency in the House of Representatives but most Republicans doubted his ability to match the glamor of the Roosevelt name.

But when the votes were counted, Javits came home with a handsome majority while Senator Irving Ives, the party's candidate for governor, and the remainder of the party's state ticket trailed their Democratic rivals.

## Chinese To Pay Demand For Damage

London — (P) — Red China has agreed to meet Britain's demand for £367,000 in damages for the British airliner shot down by Chinese Communist fighters July 23 near Hainan island with the loss of 10 lives.

Robert Hugh Turton, Parliamentary Undersecretary for Foreign Affairs, told the House of Commons that Peiping has "accepted this claim as covering the entire benefits and compensation for all losses involved."

Ten persons lost their lives in the incident, described at the time by Foreign Secretary Eden as "a savage and inexcusable attack on an unarmed passenger aircraft." Eight survivors were rescued before the airliner sank.

Turton said the British government had noted assurances given by the Chinese Vice-Minister for Foreign Affairs that "measures have been taken to prevent the recurrence of such incidents."

The amount of the claim — met in full — was agreed between Britain and the other governments concerned, the United States, Australia and Portugal.

Besides three Britons, three Americans, two Chinese (including a hostess), one Australian and one Portuguese were killed in the incident.

Living costs remained steady during September

Ottawa — (P) — The consumer price index remained unchanged in September at 116.8, reflecting stability in living costs.

It was the first time the index, based on 1949 prices equalling 100, had remained steady since last January. Last July it rose to the 1954 high of 117, but dropped in August to 116.8, which is 1.4 points below the all-time high of 118.2 reached in December, 1951.

In September, some food prices rose, along with rents, telephone rates, coal and other items. But these were balanced by other food price declines, a drop in fur coats and other clothing decreases as well as some items of personal care.

Housewives and other shoppers found a rise during September in the price of eggs, butter, bananas, oranges, fresh and canned tomatoes, lettuce and canned salmon, but these were countered by declines in meats, apples, root vegetables and coffee.

The result was that the food sub-index remained unchanged from August at 113.8, slightly below the July standing of 114.4. The food peak was 122.5 in November, 1951.

Rents and home ownership costs continued to rise, increasing the shelter sub-index to a new high of 127.4, up one-fifth of a point from 127.2 in August.

The clothing sub-index rose by 1.1 points to 108.4. The

bureau of statistics said it reflected "substantial" decreases in fur coat prices, along with smaller declines in women's and girls' cloth coats, women's suits and hosiery, wool dress material and a number of items of men's clothing.

The cost of household operations increased slightly as prices rode for electric stoves, dishes, coal, telephone rates, ice and laundry soap. These more than offset declines for mattresses, cotton sheets, irons, washing machines and toilet paper and pushed the household operations columns up by a tenth of a point at 117.3. This sub-index had remained unchanged in the previous two months.

The cost of drugs and cosmetics also rose in September, along with health services and transit fares in Vancouver. This overbalanced the impact of lower prices for camera films and some items of personal care and increasing the "other commodities and services" column to a high of 117.9, up three-tenths of a point from August.

Wholesale prices during October showed little change. The index for industrial materials, based on 1935-39 equalling 100, increased slightly to 223.2 on October 22 from 222.7 on September 24, but the farm products index, also based on 1935-39 prices, eased to 202.1 from 202.5.

## Modern Art Leader Dies On Riviera

Nice, France — (P) — Henri Matisse, one of the greatest masters of modern art, died Wednesday afternoon in his apartment in this Riviera resort city after years of ill health. The death of the 84-year-old painter was announced early today.

Although so crippled in recent years he was able to be on his feet only a few hours each day, Matisse continued his textile designs, etchings, sculpture and decorative cutouts as well as paintings.

But it was his flat, color-drenched canvases, carrying on the impressionist revolt from purely representational painting, that won him world acclaim.

The artist's death was reported to have followed a heart attack.

He believed in the use of pure color straight from the paint tubes, claiming the color itself would add form and composition to his subject. He consciously employed distortion in his paintings to achieve his desired effect but never went to the extremes adopted by some of his contemporaries.

He was 35 before he attracted the attention of the critics—mostly unfavorable attention—at the historic 1905 autumn salon in Paris which saw the emergence of the "Fauves" (wild beasts) who shocked the art world with their wild splashes of pure color.

Matisse's activity has been restricted since 1941 when, in the unoccupied zone of France, he underwent a serious intestinal operation. But the outpouring of his genius continued.

In 1951 he completed what he termed his "master work," the decoration of the tiny Roman Catholic chapel of Notre Dame of the Dominicans, at Venice, in the mountains behind Nice.

The chapel marked a revolution in religious art, characterized by stark modernistic drawings in black on white ceramic backgrounds and without facial features, the whole bathed in sunlight through windows of bright blue, yellow and green stained glass.

Matisse was of the unorganized group known as the "intellectual left" in France that supported many Communist causes. But in 1953 he told an interviewer he had never been a member of the Communist party and "never been involved in politics."

Salerno, Italy — (P) — Violent rains pelted the mountain-rimmed gulf of Salerno today but halted before there was any repetition of last week's flood disaster in which 318 persons died.

Skies cleared by noon, and police reported that aside from two small landslides there was no serious damage. It had been feared that if the rains continued scores of homes weakened by last week's torrential rains might collapse.

London — Reuters — Egypt will receive an estimated \$1,148,000,000 worth of United States aid under an agreement to be signed in Cairo Saturday, Cairo radio said Wednesday night. The aid would be spent chiefly on building and improving roads, and on land irrigation.

Montreal — (P) — The city executive committee Wednesday voted an additional \$10,000 to cover expenses incurred during the visit of the Duchess of Kent and Princess Alexandra this summer. A total of \$20,000 was originally voted.

## Queen Mother Concludes Busy Visit To New York

(By LLOYD McDONALD)  
(Canadian Press Staff Writer)

New York — (P) — The lights shone down on flashing jewelry, gleaming shoulders and snowy shirt fronts, but all eyes were on the seven pipers in the sombre kilt of the Black Watch—then on the familiar royal figure who walked behind them.

It was Queen Mother Elizabeth's last night in New York, and the 3,000-odd guests at the dinner of the English-Speaking Union stood and watched and applauded as she was piped into the grand ballroom of the Waldorf-Astoria Hotel.

Theme of the dinner was British-American friendship—the aim of the sponsoring society—and Canada's link between both countries was symbolized by the pipers from the Royal Highland Regiment of Canada in the place of honor.

The Queen Mother is colonel-in-chief of the Black Watch, as the regiment has long been known, and the pipers, commanded by Lt.-Col. J. G. Bourne, were invited from Montreal to escort her to the dais and her place as guest of honor at the dinner.

Only about one-third of the guests, who paid \$25 a plate for their chance to dine with the Queen Mother, could be seated in the main ballroom, so Her Majesty toured the various overflowed rooms before the dinner began.

The Queen Mother wore a richly brocaded, ivory-colored gown crossed with the light blue ribbon of the Order of the Garter and surmounted by a diamond tiara. The pipers were in their tunics of forest green, huge bear-skin hats and the regimental tartan of dark blue, dark green and black.

The Queen Mother made the only major address of her tour, which began here Oct. 26 and ends Nov. 18 after a six-day visit to Ottawa, on the theme of ever-closer unity among the English-speaking peoples of the world.

"The Atlantic," she said, "is one wide gulf between us, is surely now a lake that links us. . . . We are, in truth, a union of English-speaking people, bound—where we like it or not—not only by a common language but by a common literature, extending from Shakespeare to our nursery rhymes. . . . and by the common language of our bible and our prayers."

The understanding between the countries, "much too precious to be taken for granted," required "patience as well as goodwill, common sense as well as good intentions, hard heads as well as warm hearts."

As the Queen spoke, the guests in adjoining rooms who could not see her directly, watched on giant screens linked by a closed-circuit television hookup.

Today President Eisenhower sent his personal plane, the Colombine, to New York to bring the Queen to Washington this afternoon. She was scheduled to arrive at Washington's national airport at 4 p.m. EST. The Queen Mother will stay at the White House as the guest of the president until Saturday, when she moves to the British embassy. She takes off for Ottawa Nov. 12.

## Hotel Head Absolves Room Clerk

Montreal — (CP) — J. A. Raymond, president of the Windsor Hotel here, said Wednesday night the room clerk that refused accommodation to Premier Grantley Adams of Barbados "did the best he could under the circumstances."

A report Wednesday from Ottawa said the Canadian government has apologized to Premier Adams, who is colored, because he was refused a room through what officials termed a clerk's stupidity.

Mr. Raymond said room clerk Theodore Gallant "could not provide a room for Mr. Adams because the hotel was full," but had found accommodations at another hotel.

He said Gallant had not been reprimanded in any way although he was told to be more careful in future, "about trying to handle more guests than the hotel can take."

Mr. Raymond said Premier Adams arrived last week by air without guaranteed reservations en route home from Europe.

He added that Mr. Adams had been a guest several times previously at the hotel.

The matter was brought to light when Trans-Canada Air Lines, who paid for Mr. Adams bill because he was between flights, received a hotel bill from another hotel. TCA notified the government when it found Mr. Adams had been refused a room at the Windsor.

## Election Result Hints At Ike-Adlai Re-Match

By ROGER D. GREENE  
Washington — (P) — The outcome of Tuesday's stubbornly-contested elections served to whet interest today in a possible rematch between Dwight D. Eisenhower and Adlai E. Stevenson in the 1956 presidential race.

The prospect was emphasized by the fact that the mid-term battle catapulted only a bare handful of new personalities into the spotlight as potential entries in the '56 sweepstakes.

As returns rolled in, President Eisenhower told his press conference that so far as he could see, the elections would have no effect one way or another on whether he will see a second term in 1956.

All the president would say was that there is plenty of time for a decision. At Libertyville, Ill., Stevenson hailed the outcome as "a portent of things to come"—and obvious allusion to 1956—but with a twinkle he added quickly that it had "nothing whatever to do with whether I'll run again for the presidency."

Among "new faces" thrust into the national spotlight were 36-year-old George M. Leader, who

won the governorship of Pennsylvania by 250,000 votes to end 16 years of Republican rule, and Michigan's newly-elected Democratic Senator Patrick V. McNamara.

McNamara shot up from virtual obscurity to unseat Republican Senator Homer Ferguson, a key adviser to the Eisenhower administration.

Meanwhile, Michigan's 43-year-old Governor G. Mennen (Soapy) Williams, heir to soap millions, gained in prestige by winning a landslide victory for re-election. A Democrat, Williams won a fourth term in the governor's mansion—the first four-time winner in Michigan's history.

In New York Averell Harriman, 62, broke a 12-year Republican reign by defeating Republican Senator Irving Ives in a tight race for governor of New York.

Other Democratic winners mentioned as possible presidential entries included Senator Lyndon B. Johnson of Texas; Senator Estes Kefauver of Tennessee; Senator Richard B. Russell of Georgia and Governor Frank J. Lausche of Ohio.

Refreshments were served by several of the mothers, bringing a most pleasant evening to a close.

The Cubmaster, L. J. Crandall and his assistant, Dr. C. Lorne Church, are to be congratulated on the organization of such a fine event, keeping the smaller children off the streets and possibly preventing accidents which could very easily occur on this special night. Bowen as pianist, the G.A. held their business and work meetings. Plans were made for a concert, which will take place late in November.

With the president, Deanna Sanborn, presiding, the meeting opened with the usual devotional period, followed by the business session. At the close of the meeting games were enjoyed.

The MAN BETWEEN

with JAMES MASON  
CLAIRE BLOOM - HILDEGARDE NEFF

It happened close by the Whispering River. It happened to Mugwump Monkey, the monkey boy, and to the Huffy Puffen, the friendly wolf. Daddy Ringtail, your monkey friend, is the one who helped it happen.

Said the Huffy: "I am too as important as I think I am!"

"Ohhhh, no you're not," said Mugwump.

"Ohhhh, yes I am," said the Huffy.

"Ohhhh, no you're not," said Mugwump.

"Ohhhh, yes I am," said the Huffy.

"Ohhhh, yes you are," said Mugwump.

"Ohhh, no I'm not," said the Huffy, because now he was tricked into saying that he wasn't as important as he thought he was. Yes, but

quick the Huffy saw the trick, and so he started an awful squibbling and squabbling with Mugwump, and Mugwump squibbled and squibbled back at him.

"Gentlemen! Gentlemen!" said Daddy Ringtail in his kindly voice. "Gentlemen, remember please that the two of you are friends!"

To help them remember that they were friends, and that they shouldn't squibble and squabble, Daddy Ringtail said he would show them a famous something.

The famous something was really a something that someone once had done in a famous story. Why, the story was about a man with sons who squibbled and squabbled among themselves all the time, and so the man gave them a bundle of sticks that was tied with strings. The man said for each of the sons to try to break the bundle of sticks, and they did try, but they couldn't.

Then the man untied the string, and took the bundle of sticks apart, and gave a stick to each of the sons who then broke the sticks very easily.

And so the man explained that the sons together were like the bundle of sticks. No one could harm them. But when they squibbled and squabbled, then they were like the sticks that weren't tied together any more. People could easily break them in pieces.

And so the sons said they wouldn't be squibbling and squabbling any more, and the Huffy and Mugwump said they wouldn't either, if Daddy Ringtail would give them a bundle of sticks for fun. Daddy Ringtail did, and they didn't, and that is the end of the happy story. Happy day!

quick the Huffy saw the trick, and so he started an awful squibbling and squabbling with Mugwump, and Mugwump squibbled and squibbled back at him.

"Gentlemen! Gentlemen!" said Daddy Ringtail in his kindly voice. "Gentlemen, remember please that the two of you are friends!"

To help them remember that they were friends, and that they shouldn't squibble and squabble, Daddy Ringtail said he would show them a famous something.

The famous something was really a something that someone once had done in a famous story. Why, the story was about a man with sons who squibbled and squabbled among themselves all the time, and so the man gave them a bundle of sticks that was tied with strings. The man said for each of the sons to try to break the bundle of sticks, and they did try, but they couldn't.

Then the man untied the string, and took the bundle of sticks apart, and gave a stick to each of the sons who then broke the sticks very easily.

And so the man explained that the sons together were like the bundle of sticks. No one could harm them. But when they squibbled and squabbled, then they were like the sticks that weren't tied together any more. People could easily break them in pieces.

And so the sons said they wouldn't be squibbling and squabbling any more, and the Huffy and Mugwump said they wouldn't either, if Daddy Ringtail would give them a bundle of sticks for fun. Daddy Ringtail did, and they didn't, and that is the end of the happy story. Happy day!

## Sherbrooke Rotary Club 23rd Annual Fair Opens Tonight

### Mayor J. Emile Levesque To Open Charity Event At Armory At 7:30

Tonight at 7:30 in the 54th Armory on Belvidere street Mayor J. Emile Levesque, a past president of the club, will officially open the 23rd annual Rotary Fair. This three-day event will continue throughout the evenings of Thursday, Friday and Saturday, with a special children's matinee scheduled for Saturday afternoon at two o'clock.

All proceeds derived from the Rotary Fair go towards the club's work among underprivileged children in the Eastern Townships. Each year more than \$5,000 is spent by the Rotary in this branch of its work alone.

The Rotary Club makes only one public appeal a year and this is the Rotary Fair. Those of you who give to the Rotary Fair will know that not only are you helping out a worthy cause, but you are also going to derive fun and enjoyment from the entertainment program they have planned for you.

Booths of every description, bingo tables and Superfine, will be in operation at 7:30 tonight, and continue on through every evening of the fair, until closing time. There are many chances to win and the prizes are of exceptional value, ranging from small personal items to large household goods.

Prizes totalling \$1,200 in cash will be given away as the result of raffle tickets which have been

sold over the past few months. There will be fifty-three prizes in all, with one prize of \$100 and 15 prizes of \$10 being drawn both Thursday and Friday nights, while Saturday night will see the drawing for one grand prize of \$500 and 20 prizes each of \$10.

In a message to the public, Gerry McManamy, president of the Rotary Club, stressed that the co-chairmen of the fair, Past Presidents Gerry Wiggett and Ernie Gilbey, along with their various committees, have been working for several months for the fair and have spared no efforts to make certain that everything is ready for the opening date.

To quote the president, he went on to explain how important this fair was to the raising of money for their group: "I am proud to say that demands upon the services of our Crippled Children's Committee increases yearly. The extent of our humanitarian work throughout the Townships must necessarily be measured or limited each year by the financial success of our fair.

"Therefore, on behalf of my fellow Rotarians, may I assure the people of Sherbrooke and the surrounding communities that their kind patronage is greatly appreciated and that a most cordial welcome awaits everybody at the Belvidere Street Armory this coming Thursday, (tonight) Friday and Saturday."

### Award Contract For Erecting New Power Line

In order to improve the electricity service in the city, officials at City Hall have announced that a new transmission line is being built from the city limits on the Bromption side through to the Richelieu sub station.

The contract for the construction of steel transmission towers has been awarded to Metallurgie Moderne Ltee, but the contract for wiring the double line has, as yet, not been awarded. The Shawinigan Water and Power company will construct the lines to meet the ones being built by the local concern.

The city have also taken another step to insure good power service in the North Ward, with the scheduled construction of a new substation at the corner of Wood and de Rouville streets. This plan is scheduled to get underway in the very near future. It is expected that this new substation will remedy power troubles experienced by such institutions as the Sherbrooke Hospital.

City Treasurer Pierre Bachand, yesterday released figures for the parking meters. The four weeks ending October 26 have brought a revenue of \$1,610.43, a slight decrease from the revenue of the month before.

### Two Sentenced For Breaches Of Traffic Rules

A local man and a Lawrenceville resident paid a total of \$115 and costs on charges of speeding and driving while their faculties were impaired by alcohol before Judge Richard Crepeau in Municipal Court this morning.

Aubedard Laroche, 30, of Lawrenceville was charged with speeding on King street west October 23. Asked why he failed to stop when cautioned by police, Laroche said he "did not know it was the police" following him. He claimed he did not see the flasher.

Constables R. Cote and M. Beaudoin were called in to testify against Laroche. They said that after clocking his speed, they followed in a 95-mile-per-hour chase to Magog before the accused was arrested.

Laroche was fined forty dollars and costs. John Gagnon, 30-year-old unemployed Sherbrooke man, was fined \$75 and costs after he was found guilty of driving while his faculties were impaired by alcohol November 3. He was arrested on Belvidere street near the corner of Rand street.

Asked if he pleaded guilty to the charge Gagnon said: "Well, I had three or four bottles of beer."

### Three More Theft Charges Against Speck Heard In Local Court Today

Three more charges against Everett Speck of Sherbrooke were heard this morning, the second day of the Criminal Assizes for the District of St. Francis which opened yesterday with Mr. Justice William Mitchell presiding.

The charges heard this morning involved the theft and stripping of an automobile belonging to Casey Vincent, of Sherbrooke, on another car belonging to Aloys Leboeuf and the theft of a number of milk cans from farmers in the district.

The witnesses in the car stripping cases were the two victims, Mr. Vincent and Mr. Leboeuf, who identified certain articles as those which had been taken from their cars.

Another witness was George Davis, who has already been sentenced to one year in jail for participation in the thefts, allegedly with Speck, who told of the activities of the pair.

In the case of the stolen milk cans, the first witness heard was Art Bennett, a Sawyerville auctioneer, who told of selling seventeen cans at a sale for which

the sum of seventy-five dollars was received.

The case of The Queen vs Speck was the first to be called when the Court of Queen's Bench opened for the fall term yesterday morning and most of the forenoon was spent in choosing an all-English jury to serve for the scheduled three-day trial on counts of theft and receiving stolen goods.

Hearings opened in the afternoon with the testimony of J. H. R. Horner, the first of fifteen witnesses called by the Crown before adjournment late yesterday afternoon. Mr. Horner came from Montreal when it was found that his cottage at the Hermitage Club outside Magog had been robbed.

He testified that a "Goldspot" refrigerator, a mattress, an electric lantern and some knives were all missing from the summer residence when he arrived on May 15. According to Mr. Horner he last visited the cottage at Easter time and everything was in order.

William Madden, superintendent of the Hermitage Club, testi-

### Twelve Lucky-\$\$ Still Outstanding

Citizens in Sherbrooke and district must think they are naturally unlucky. Otherwise they wouldn't be letting lucky dollars slip through their fingers so often and missing out on ten-to-one odds.

Think how many dollars you exchange in one day — groceries, cigarettes, gas — always too many according to the budget. Now you have a chance of getting a few extra ones, so don't forget to glance at the serial numbers before handing them out or tucking them away in your wallet. One of them may be the lucky one. Since there are 12 still out, who knows, you may end up with four or five lucky dollars by the end of the day.

If you have read the lucky dollar column faithfully lately you already know where most of them have been cashed. At least you know likely places to look for them.

On each publishing day until further notice the RECORD will select and publish a serial number taken from a Bank of Canada one dollar bill. Persons having possession of these "Lucky Dollars" may redeem them for ten dollars each.

The bills whose numbers have been selected will have been put in circulation throughout the Eastern Townships immediately before the serial numbers are published.

Winners must produce the "Lucky Dollars" within two weeks of the first publication date of the serial number, and the winning bill or bills must be accompanied by the regular weekly Record Crossword puzzle (or reasonable facsimile) at least 50% correctly completed.

If you have in your possession a dollar bill bearing a serial number published in the RECORD, telephone "Lucky Dollars," the Sherbrooke Daily Record, LO 9-3636 and arrange an appointment to exchange it for your reward.

If you live too far distant from the Record to make this convenient, send your "Lucky Dollar" and the crossword solution, to "Lucky Dollars," c/o the Sherbrooke Daily Record 119 Wellington street north, Sherbrooke.

The Record will not be responsible for "Lucky Dollars" delay or lost in the mail.

All serial numbers not matched by the deadline automatically become inactive, and no payoff will be made on them. All "Lucky Dollars" and all other dollar bills submitted by persons who do not qualify for the reward will be returned to the owners after the serial numbers become inactive.

Employees of the Sherbrooke Record Co. and their immediate families are not eligible to win rewards for "Lucky Dollars."

### Local Kiwanis Will Attend Two Joint Meetings

Sherbrooke Kiwanians will have an inter-club meet with Sherbrooke Optimists Monday and a small number of members will also attend a "Charter Night" anniversary with Magog Kiwanis Club the same evening.

Members had no business to discuss at last night's regular meeting and the gathering was later suspended for an open directors' meeting to discuss methods of election of officers.

Gilbert Rheumeau read a letter from the Waterloo Club asking members to attend a charter night November 16. Rabbi H. Stern will be the speaker.

### Special Postal Services For Remembrance Day

### Local Red Cross Blood Clinic To Open November 15

Plans are being drawn up for the annual fall Red Cross Blood Donor Clinic in Sherbrooke, being held this year on Monday, Tuesday and Wednesday, November 15, 16 and 17, in the Belvidere Street Armory.

Everyone knows the great importance of donating his blood to the Red Cross. By doing this, one has accomplished an act of great generosity of which he can rightly be proud, and for which the Red Cross thank all very sincerely.

This year, the Clinic is being held only three days, but the hopes are high of obtaining the quota of 1,000 bottles of blood. Each regular donor may help them reach their objective, by asking a friend to donate as he does.

The hours during which the clinic is open are from 2-5 each afternoon, and from 7-10 each night. The ages are from 18 to 65 and everyone is more than

### Final Plans For Optimist Week Are Completed By Members Of Local Club

Final plans were reviewed last night at the weekly meeting of the Sherbrooke Optimist club for their forthcoming Optimist Week which will be held from November 6-13. Henry Crochetiere, who is in charge of the project, presented a program in which the club will do every thing possible to better acquaint the public with the work of the Optimist Club.

Among the items on the program are a joint meeting of the Optimist and Kiwanis Club which will be held next Monday night at which Danny Galivan NHL sportscaster, will be the guest speaker. There are also several radio programs arranged and it was decided that this Saturday children would be admitted free to the Sherbrooke-Quebec football game which will be held at the baseball stadium. This game will be for the championship of the three-team league in which Sherbrooke is playing.

On Thursday next, a week from today, there will be a giant oyster party at the Arena and the public are cordially invited to attend. Anyone wishing to go may buy tickets from any member of the Optimist Club and at the door.

On Sunday afternoon all children will be admitted free to the Sherbrooke Intermediate-Dow Montreal exhibition hockey game and for the first 1000 children to arrive the club will give miniature hockey sticks suitably inscribed.

The Optimists have several other projects in view for Optimist Week. All through this week newspapers will carry full details on their plans so for those interested, they will be able to follow the day by day projects by consulting this paper.

It was also revealed that in the near future, the Sherbrooke Club will pay a visit to the Quebec Optimist Club and members of the Newport group will also come to Sherbrooke.

Ken Ross outlined plans which were underway for Christmas gifts to needy families and he said that by the next business meeting a more complete plan will have been drawn up.

President Ivan Dugre also announced that the resignation of Vic Jarjour from the club has been accepted.

After the business meeting last night a buffet supper was served at the New Wellington Hotel.

Benefit Dance For Waterville Couple Planned

Misfortune has visited another district family leaving Mr. and Mrs. Armand Cormier and ten other members of their family homeless following a fire which completely destroyed their new home on the Waterville-Stanstead highway Friday, October 22.

Unfortunately there was no insurance covering the loss of the building and the Cormiers must start from scratch to build a new home. Friends, who always seem to abound in times of need, are doing all they can to help the young couple rebuild and to provide clothing for the family since they managed to escape with only the clothes they had on.

A benefit dance to be held Saturday night in the Jubilee Hall at Waterville is being sponsored by Mrs. V. Lowell of R.R.1, North Hatley, the proceeds to be used towards purchasing roofing material for the new home. It is hoped that the response will be such that the Cormiers can have a roof over their head before winter really sets in. An appeal is also being made for donations which may be made through Mrs. Lowell in North Hatley.

The fire which gutted the Cormier home began when an overheated stovepipe set fire to the first storey ceiling. Mr. and Mrs. Cormier were working at the time and the flames were well on their way before they were noticed by Mr. Cormier's uncle and aunt, Mr. and Mrs. Joseph Cormier, who were also living in the house. They had barely escaped from the burning building with the rest of the family when the whole ceiling collapsed.

Mr. and Mrs. Armand Cormier have eight children and are expecting a ninth shortly. They are desperately in need of a new home and have already begun building one with the limited finances at their disposal. At present the roofing is the most urgent need and it is hoped that the proceeds from the dance will be sufficient to cover the cost.

Death Occurs Of Mrs. R. W. Wright In 89th Year

The death occurred suddenly at her home yesterday afternoon of Mrs. R. W. E. Wright, of Sherbrooke, wife of the late Archdeacon R. W. E. Wright, for many years rector of St. George's Church, in Lennoxville.

Mrs. Wright was in her 89th year, being born in Montreal on September 20 1866. She was the daughter of Mr. and Mrs. Samuel Matheson who later moved to Lennoxville. She had one brother and five sisters, of whom Mrs. C. J. Green, of London, is the only one surviving.

In 1891, she married Rev. Mr. Wright in Lennoxville, where in 1904 they moved to live. Out of this union, there were two children, Margaret, who predeceased her, and Dorothy, Mrs. Anthony Gregory, of Sherbrooke, with whom she had been living before her death. Her husband who was rector of the church until 1929, predeceased her in 1939.

Mrs. Wright was a very active person, being a life-member of both the W. A. and Red Cross. She was a member of the L.O.D.E. and honorary president of the Lennoxville Ladies' Golf Club. In 1939, she received a medal from King George, in recognition of the work she had done in the Red Cross.

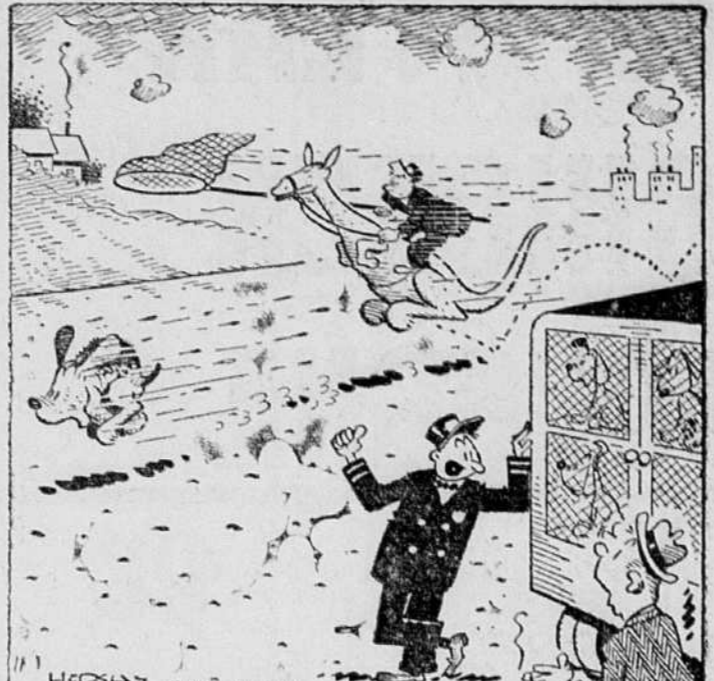

Left to mourn her loss are her daughter, Mrs. Gregory, her son-in-law, A. Gregory; two grandsons, Ian and David Gregory; one sister, Mrs. C. J. Green of London; and four nephews, Jack Kerwin, of Rock Island, Bruce Kerwin, of Bedford, Rev. Douglas Christie, of Ottawa, and Roderick Green, of London, Ont.

The funeral will be held tomorrow afternoon, with prayers said in Bishop's Funeral Parlour at 2 p.m. by Rev. G. Robins, of East Angus, the service being conducted in St. George's Church, Lennoxville, by Archdeacon Jones at 2.30. Interment will be in Malvern Cemetery, Lennoxville.

They found several articles when they "paid" a visit to Speck's house on May 19 last. These articles were identified by them. They were the final witnesses in the \$500 theft case.

Other witnesses called in this case were Jean Boucher, a refrigerator salesman in Sherbrooke, Dominique Duval, Lennoxville garage owner, and Sgt. Brasseur. Mr. Boucher testified that the refrigerator taken from Dr. Mignault's cottage was the same one which was sold to him some time previous to the theft. He identified it by the serial number. Mr. Duval told of the deal he made with Davis in the presence of Speck, and Sgt. Brasseur testified how he found the refrigerator in question in the kitchen at Speck's home.

William Lavallee, local contractor, was also a witness, during which time he identified a lamp missing from his summer cottage. There were also several articles taken from the cottage of Richard Comeau, who is Mr. Lavallee's neighbor. Detective Roland Gaboriault identified these. Mr. Comeau was not present but it is believed that he will be a witness in today's hearings.

Mr. Justice Mitchell adjourned the trial until this morning when hearings continue into the theft of milk cans from several farmers in the district.

He said that there had been two workmen repairing the cottage a few days prior to the theft of the articles but it was revealed that they had locked the residence after they were finished. Crown Prosecutor Roland Dugre produced as a witness George Davis, previously condemned to one year in jail for thefts allegedly committed in the company of Everett Speck. Davis described how he made two trips to the Hermitage Club, one to pick out a cottage to rob and the other when the actual thefts occurred. He told how he and Speck carried the goods out of the cottage and loaded them into a rented truck, which was later driven to Sherbrooke and the goods taken to the house of Speck and unloaded. The refrigerator, according to Davis, was placed in a garage near Speck's house and the mattress was put on a bed in the house. Asked what he received for the theft, he said "Nothing."

### Bringing Up Baby

Is there a dog in your family circle? Getting the pup acquainted with baby is easier if you first introduce the pet while your child is in his crib. Baby feels safer behind the bars—can learn to love the puppy little by little—and vice versa. And such very happy loves are established between a boy (or a girl) and a dog.

Happy love of a baby for his meals can be established if you serve a variety of foods that look good as well as taste good. Easy, with Gerber's Strained Foods. Over 33 varieties of good-tasting Fruits, Vegetables, Meats, Dinners and Desserts—all specially processed to preserve true-to-nature colors, naturally mouth-watering flavors, as well as a high retention of wholesome food values. All pureed to a wonderful smoothness that feels particularly pleasing to delicate tongues.

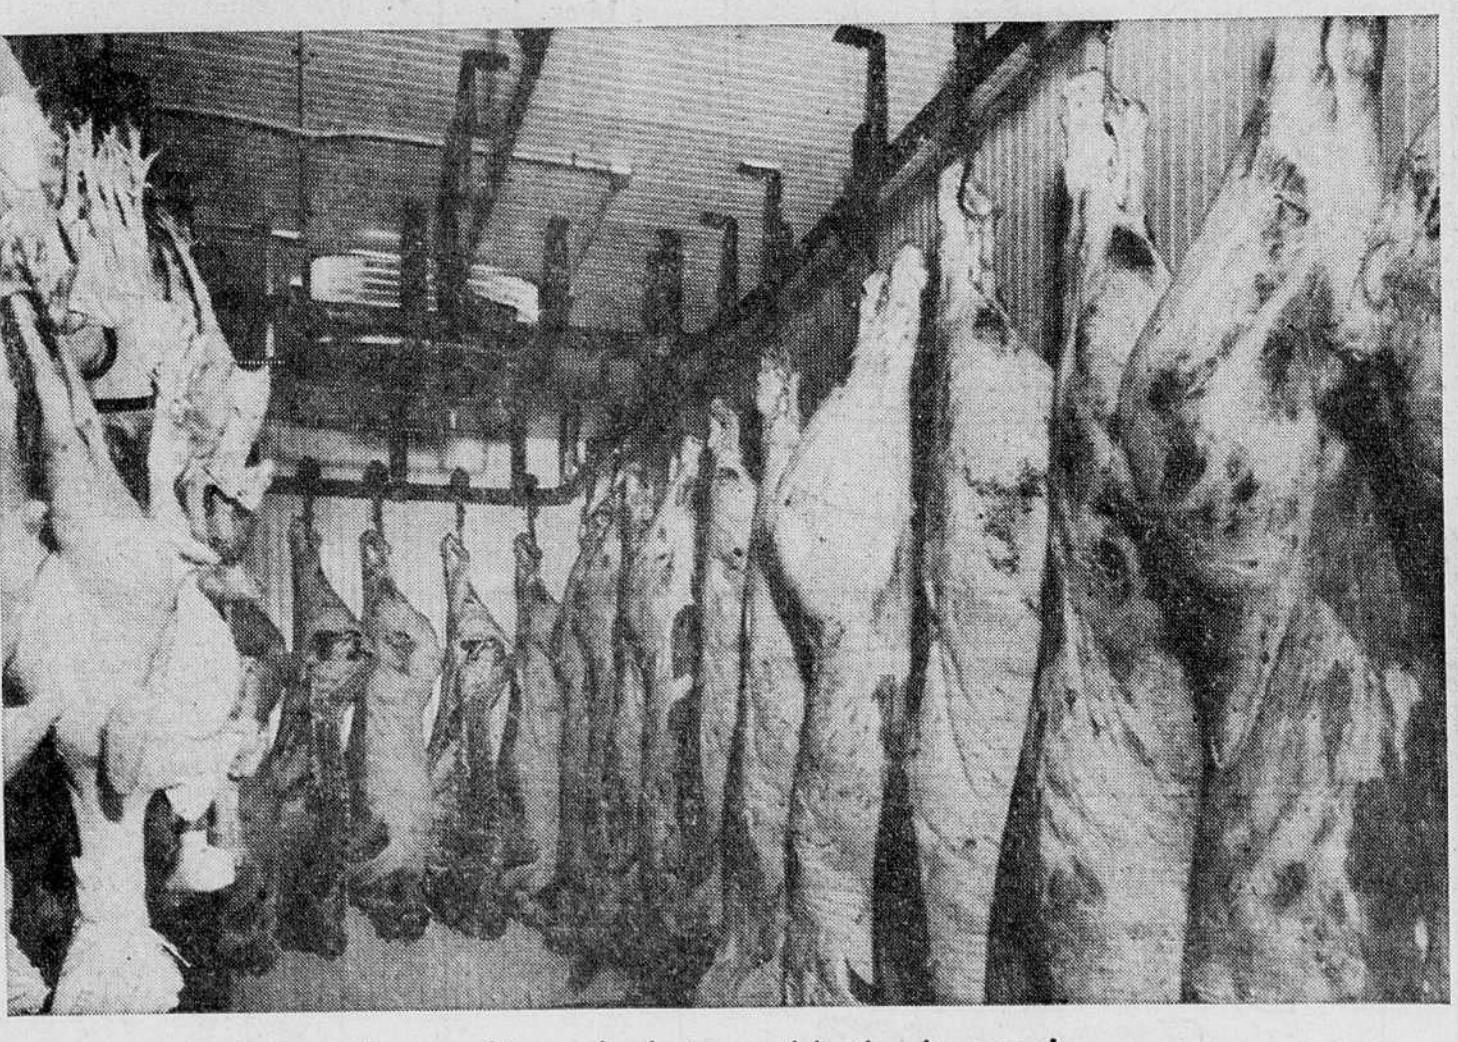

**Bright idea division.** An inventive mother offers this helpful hint: soakers made of wool soon discolor and stiffen. So make them of terry cloth. Every bit as absorbent... and launder to fly-white and cloud-soft in the washing machine.

**Contributors corner.** Many of the hints in this column come from mothers just like you. If you have any tips you'd like to share, do send them to me: Mrs. Dan Gerber, Box 68, Toronto 18, Canada.

**Midday magic.** Soup for baby's lunch—delicious and nutritious—and easy to serve especially when you use Gerber's Strained Vegetable-Meat Dinners, by simply adding a small amount of milk or water. For these hearty dishes combine three important food groups: vegetables, meats and cereal. All carefully blended for a delightful variety of savory flavors. 5 Strained Dinners, 5 Junior dinners, for tots with a few teeth.

OBITUARIES

**MRS. MARY McGLASHAN**  
**MRS. KATE ASHTON**  
Sweetsburg, Nov. 4 — Just one week apart, twin sisters died in their 88th year. Mrs. Mary McGlashan died on October 6 and Mrs. Kate Ashton, on October 13. They would have been 88 on October 14.

Born in Ireland they came to Canada at the age of two years. Mrs. McGlashan, wife of the late Robert Finnie McGlashan, of Montreal, resided for several years latterly with her daughter, Mrs. M. R. Hodge, of the Centre Road, near Sweetsburg. Mrs. Ashton, wife of the late George Ashton of Warden, was at one time a resident of Granby.

Mrs. McGlashan is survived by one son, George, of Montreal, and one daughter, Maud, Mrs. M. R. Hodge, of Sweetsburg; six grandchildren and two great-grandchildren. Mrs. Ashton is survived by three daughters, six grandchildren and one brother, Mr. J. C. Taylor of Montreal.

Funeral services for both ladies were from the Armstrong Chapel, Park avenue, Montreal, and were conducted by Rev. B. B. Brown. Interment was made in Mount Royal Cemetery in Montreal.

**MRS. DAVID McKEAGE, OF ROCK ISLAND**

Rock Island, Nov. 4 — The funeral of Mrs. David McKeage, widow of David McKeage, of Rock Island, was held on Wednesday afternoon, October 27, at 2:30 o'clock at Christ Anglican Church, Stanstead, where sorrowing relatives and friends gathered as a last gesture of love and respect to a dear mother and friend.

Friends included the fraternity brothers and sisters of Prince of Wales Chapter, OES, Noth Hatley, the Ladies' Auxiliary of Stanstead Frontier Branch No. 5 of the Canadian Legion, in groups, a number of members of Christ Church Guild, and the staff of Stanstead College, as well as many others from the vicinity. The Eastern Star fraternity formed

**FIRST MEETING**—A daughter he'd never seen before was waiting for Ordnance Lieut. Leslie Wood when he sailed into Halifax aboard the destroyer Haida Nov. 1. Above he's trying to make friends with seven-month-old Terilyn in the Haida's wardroom as his wife Annette looks on. For the moment, however, Terilyn seems more interested in the camera than in the strange man in the officer's uniform. The Haida left last Dec. 14 for her second tour of duty around Japan and Korea and her trip home through the Mediterranean made her the only Canadian navy ship to sail twice around the world.

ed a guard of honor at the church.

Rev. Mr. Carson officiated at the service, with Miss Elsie McFadden presiding at the organ for the singing of two favorite hymns. The bearers were Messrs. George Mann, William Sawyer, Austin Ticehurst, James Murphy, Harold Wormsley and Edward Curtis, all employees of Stanstead College.

The remains were laid to rest in the family lot at Crystal Lake Cemetery, Stanstead.

Mrs. McKeage, (Mary Ella Munn), was born at Sawyerville on February 22, 1885, the daughter of Damon Munn and his wife,

Elizabeth Cairns. In December, 1904, she was united in marriage to David McKeage, of Sawyerville, and out of this union were born five children, four daughters, Pansy Louise, who died in infancy, Helen, Mrs. S. T. Hayes, Yvonne, Mrs. U. Pitt, and Elizabeth (Mickey), Mrs. Elroy Morin and a son Byron (Bill).

The year 1927, the McKeage family came from Eustis to Rock Island, where they have since resided. For the past 25 years she was employed as cook at Stanstead College, where she was highly respected by her employers, the staff and students.

She was an active member of

Christ Church Guild, of the Eastern Star and the Legion Auxiliary. She was a good wife and mother, giving loving counsel and guidance to her family. She was a good neighbor and friend, always ready with a helping hand. She lived graciously and her departure from our midst leaves a feeling of sadness in the hearts of those who were privileged to know her.

As the remains lay in repose at Cass' Funeral Home, following her sudden death on Sunday, October 24, attributed to coronary thrombosis, numerous friends called to offer sympathy to the bereaved family. The Eastern

Star members also conducted the funeral service of the order prior to the departure to the church. The many lovely floral offerings were silent tokens of the esteem felt for the deceased.

Mrs. McKeage is survived by her four children. Mr. McKeage predeceased her on May 30, 1948.

Attending the funeral from out of town were Mr. and Mrs. R. T. Hayes and son, Ransom, Jr., and daughter, Louise, of East Angus, Mr. and Mrs. U. Pitt and son, David Michael, Mr. and Mrs. Elroy Morin, son, David, and daughter, Caroline, all of Burlington, Mr. and Mrs. William McKeage, of Montreal, a niece, Mrs. Bernice Eastman, of Concord, N.H., and a brother-in-law, Mr. Alex McKeage, and Mrs. McKeage, of Lennoxville.

**MRS. MARGARET EMERY OF HATLEY**

Hatley, Nov. 4 — The community was saddened on Tuesday, September 7, by the news of the passing of one of its old and respected citizens, in the person of Mrs. Margaret Emery, daughter of William Henderson and his wife, Bessie Elliot, of Inverness, Que.

Mrs. Emery was born September 4, 1871. In November, 1895, she was married to Verie Emery, a native of Hatley. Later they settled near the village and spent the remainder of their lives here.

To this couple were born six children, four daughters and two sons: Bessie, who died in 1943; Gerald, who, with his wife, lives in New York; Geneva, Mrs. Willis Emery, of Waterville; Hazel, who lives at home; June, Mrs. James Kennedy, of North Hatley, and George and family, of Waterville.

Mr. Emery predeceased her

several years ago. Mrs. Emery was stricken with polio in 1909, which left her in a crippled condition from which she suffered for the remainder of her life. She bore her suffering with fortitude and was tenderly cared for by her elder daughters, Bessie and Hazel. Her last illness was of short duration, lasting only from Saturday until Tuesday.

On September 9, prayers were

said at the house followed by the funeral at the United Church, Hatley, conducted by the pastor, Rev. J. M. Butler, who spoke words of comfort to the bereaved family. Favorite hymns were sung by the choir, after which the flower laden casket was borne to its last resting place by Carl and Henry Moulton, Gordon Pocock, C. P. Young, Charles Whitecomb and William Whit-

comb. Interment took place beside her husband in the United Church Cemetery. She leaves to mourn her loss, besides her five children, nine grandchildren, several great-grandchildren, a sister, Miss Margaret Henderson, of this place, and two brothers, Robert Henderson, of West Flamboro, Ont., and George Henderson, of Lethbridge, Alta.

Laurel, Md. — (AP) — Spunky little Fisherman, a substitute racing on the grass for the first time, won the third running of the \$65,000 Washington D.C. International Wednesday to give the United States its first victory in the global classic. The Queen's Landau was last.

Eddie Arcaro, top U.S. jockey, gave the three-year-old Fisherman, owned by C. V. Whitney of New York, a terrific ride as he bested six other thoroughbreds from four nations in a tremendous race.

Fisherman took the lead going under the finish wire the first time, and held off the fast-closing filly Banassa from France to take the \$50,000 first prize by three-quarters of a length. Brush Burn, another American horse, finished third, 3 1/2 lengths behind the favorite Banassa.

Landau battled Fisherman for the lead after the first mile, then tired and finished last. The Queen's trainer had said Landau "did not like the soft going" produced by Tuesday's heavy rains. Fisherman, a little brown son of Phalanx-Crawfish, got into the race only Monday when the King Ranch's High Gun was withdrawn after suffering an injury.

The colt, beaten only a nose by High Gun in the 1 1/2-mile Belmont Stakes, same distance as the International, never set foot on turf course until Tuesday morning.

His win brought cheer after cheer from the half-frozen Laurel track crowd of 20,562. The Whitney colt was sent off the second choice at \$3.30 to \$1 and his backers at the mutuels collected \$8.60, \$4.00 and \$3.00 as the 2nd Army Band from Fort Meade, Md., played the Star Spangled Banner while trophies and congratulations were passed around the winner's circle.

By the time they had hit the finish line the first time, Fisherman led Landau by about a neck, followed by France's Norman, owned by Ernest Masurel; Brush Burn, England's King of the Tudors, owned by F. W. Dennis; Banassa and the Irish filly, Northern Gleam, property of Lady Bury.

That was pretty much the order going into the backstretch. At the far turn with about a half mile left, Fisherman held on doggedly, while King of the Tudors took up the challenge, with Norman and Banassa also moving with a rush. Landau began to wilt, and bothered Banassa slightly as the French filly began to weave through to make her late drive. With Arcaro riding as if his life depended on it, Fisherman turned for home and set aim on the wire, while Banassa's jockey, Claude Lalanne, began breathing on the heels of the American. Norman finished fourth, 3 1/2 lengths behind Brush Burn, followed by King of the Tudors, Northern Gleam and Landau, who was eased up crossing the line.

Fisherman carried 122 pounds, as did Landau, with 123 on Banassa and Northern Gleam and 126 on the others. "I thought the pace was a little slow and stole plenty of ground going through the middle of the pack," said Arcaro. "I took him up a bit then and he was right there when that filly came to him. It was a real horse race and it feels wonderful to have the crowd cheering."

Through an interpreter Lalanne said: "We got right to him but he went off." Ken Gethin, aboard King of the Tudors, said: "I thought we had won for a minute." In the winner's circle Whitney said: "I never hesitated when they asked me to run and this was as thrilling a race as I have ever won."

And trainer Veitch made the understatement of the year yesterday as he stood in the rain and watched Fisherman run around the grass. "He won't be last."

## Carl "Bobo" Olson Felt Sluggish Fighting At 166 But Whaled Panter For TKO In 8th At Salt Lake City

Richmond, Calif. — (AP) — "I felt sluggish, fighting at 166 pounds." World middleweight champion Carl (Bobo) Olson made this comment after he had scored an eight-round technical knockout over Garth Panter of Salt Lake City in their scheduled 10-round, nationally televised contest at the Richmond Auditorium Wednesday night. The title, of course, was not at stake.

Olson didn't look exactly sluggish in the fearful beating he gave Panter. He pounded the game Salt Laker with a two-handed attack from the start. Referee Joe Louis, the former heavyweight champion, halted the uneven battle 41 seconds after the eighth round started when Panter was cut deeply on the side of his right eye. Five stitches were needed to close it. Panter also was cut on his left cheek bone in the fifth round. It took two stitches to close this cut.

The champion will defend his title against Joey Giardello, the No. 1 contender from Philadelphia, in a 15-rounder in San Francisco on December 15.

## Head Injuries Cause Most Football Deaths

Los Angeles — (AP) — Head injuries caused seven of the 12 football deaths occurring so far this year, the chairman of the American Football Coaches Association's fatality committee reports.

Spinal injuries, often caused by blows to the head, accounted for three and internal injuries for two, Dr. Floyd R. Eastwood, dean of men at Los Angeles State College, said Wednesday in his annual mid-season report.

The 12 deaths reported as of Oct. 29 compare with 11 for the same period last year and show little change from the 1953 pattern, Dr. Eastwood said.

Arnold Johnson, the Chicago businessman who thought he bought the A's for transfer to Kansas City and then apparently lost out to an eight-member Philadelphia syndicate, reportedly gave the family of Connie Mack until noon today to come to an agreement or a parting of the ways.

A re-organized four-man Philadelphia syndicate, meanwhile, was urging the Macks to consider an offer similar to that made by Johnson and even better than the one made by the original eight-man Philadelphia group — and turned down by the American League.

The Philadelphia syndicate came back to life Wednesday night.

## Yanks Clear One Hurdle By Signing Yogi Berra; Club After Starting Hurlers; Reynolds May Quit Game

New York. — (P) — The New York Yankees, having cleared one obstacle with the surprise signing of Yogi Berra, still had plenty to worry about today.

Number one item in the headache department was the status of Allie Reynolds, highest paid pitcher on the club.

Number two was the general pitching shortage which general manager George Weiss admitted has him "gravely concerned."

"We need starting pitchers," Weiss told reporters Tuesday. "We're going to the minor league convention in Houston at the end of this month with the specific purpose of trying to deal for one or two starting pitchers I intend to discuss this matter with Casey Stengel as soon as he returns from a hunting trip."

Weiss was distressed over the accident that befell Reynolds in Colorado Springs last Thursday. The star right-hander suffered an 18-stitch cut on the index finger of his pitching hand that may end his brilliant career.

## Boardwalk Billy Smith Is Hoisted Into Top Challenge Spot For Light Heavyweight Title After Moore

New York. — (P) — Boardwalk Billy Smith of Atlantic City became the No. 1 Challenger to light heavyweight champion Archie Moore in the most startling shakeup in the latest ratings of Ring magazine.

Smith leaped from fifth to first in the 175-pound class by knocking out Harold Johnson, who had been leading champion Moore until he was stopped in the late rounds of his title bid. Johnson was dropped to fifth place, just ahead of Floyd Patterson, the fast-rising Olympic

## Arnold Johnson And Philadelphia Syndicate Renew Efforts To Buy Athletics' Franchise In Final Bid

Philadelphia. — (P) — Individual members of the Mack family were under heavy pressure from three sides today to make up their collective mind about the future of the Philadelphia Athletics.

At the risk of sounding repetitious, a decision could be reached today.

Arnold Johnson, the Chicago businessman who thought he bought the A's for transfer to Kansas City and then apparently lost out to an eight-member Philadelphia syndicate, reportedly gave the family of Connie Mack until noon today to come to an agreement or a parting of the ways.

A re-organized four-man Philadelphia syndicate, meanwhile, was urging the Macks to consider an offer similar to that made by Johnson and even better than the one made by the original eight-man Philadelphia group — and turned down by the American League.

The Philadelphia syndicate came back to life Wednesday night.

Johnson, on the other hand, offered to give Roy a front office job and provide Roy's son, Connie 3rd, with a job that would train him in the big business of baseball. The syndicate hasn't made any open overtures to Roy's son — and that may be the big hitch in the whole affair.

## Frontenacs Send Two Players To Jonquiere Team

Quebec. — (P) — Two Quebec Frontenacs players have been sent to Jonquiere Marquis for the rest of the Quebec Junior Hockey League season, it was announced Wednesday.

Frontenac coach Phil Watson said nineteen-year-old forwards Charlie Denomme and Fernand Lemay, both of Shawinigan Falls, Que., were sent to the last-place Marquis to "help balance the league strength." Both are in their last year of junior hockey.

The Marquis, farm club of the National Hockey League Chicago Black Hawks, have also acquired forward Donald Kuzik, 18, and defenceman Alfred Soucy from Galt Black Hawks and forward Doug Vaughan from Kitchener Greenshirts of the Ontario Junior "A" circuit, it was announced.

Jonquiere has tied one game this season and lost 10. Other teams in the loop are Montreal Canadiens and Trois-Rivieres Flambeaux.

## Chicoutimi Edges Valleyfield 4-3

Valleyfield, Que. — (P) — Chicoutimi Saguenens came from behind twice Wednesday night to defeat Valleyfield Braves 4-3 and move into undisputed possession of fourth place in the Quebec Hockey League.

Goals by Rocky Bartlett and Pete Taillefer with less than four minutes remaining in the final period decided the issue after Valleyfield had taken the lead with a pair of markers early in the period.

Georges Roy and Stan Smrke scored the other Chicoutimi goals. Kitouette Joannette, Gordie Hawthorn and Gagnon scored for Braves.

## Hergesheimer To Start Skating

New York. — (P) — X-rays shows Wednesday that Wally Hergesheimer's broken left leg had mended and the high-scoring New York Ranger forward from Winnipeg would be able to start skating immediately.

The 27-year-old Hergesheimer suffered the injury last March 11 in Boston. No indication was given when he would be able to get back into National Hockey League competition.

the welterweight crown by winning a disputed decision over Kid Gavilan at Philadelphia, the ratings were revised to make Gavilan the No. 1 challenger because of the controversy over the verdict. Carmen Basilio, the rugged Canastota, N.Y., left hooker, was dropped to the No. 2 spot although he probably will get first show at the new champ.

In the lightweight division where champion Paddy Demarco is defending against Jimmy Carter, the former titleholder, at San Francisco, Nov. 17, the Cuban Orlando Zulueta dropped from second to fourth after his defeat by Richie Howard at Halifax Friday, Howard, the Canadian champion, now is rated No. 8. Dullio Loi, the Italian who holds the European title, took over Flanagan's old No. 2 ranking.

Teddy (Red Top) Davis spurted from fourth to second in the featherweight division behind champion Sandy Saddler and Philadelphia's Percy Bassett.

## Toronto's Eric Nesterenko Turns Boos Into Cheers With One Shot As Leafs Tie Wings In Dying Minutes

Toronto. — (CP) — Right-winger Eric Nesterenko, booted by the fans throughout most of the game, scored in the closing minutes Wednesday night to give Toronto Maple Leafs a 1-1 tie with Detroit Red Wings before 12,780 National Hockey League fans.

It was his first goal of the season and cancelled out one scored by left-winger Johnny Wilson of the Wings near the end of the first period. The deadlock left Detroit in second place but narrowed Montreal Canadiens leading margin to two points.

Toronto stayed put in fourth place with eight points to within three points back of New York Rangers.

Wilson's tally, his third of the campaign, came from a pileup in front of goalie Harry Lumley in the Leaf net. The second period was scoreless.

Nesterenko, a tall, gangling youngster, looked bad on a couple of occasions and the fans gave him a razzing each time he took his turn on the ice.

Leaf captain Teeder Kennedy had just returned from serving a slashing penalty late in the final frame when Nesterenko made up for the boos.

Nesterenko blasted home defenceman Tim Horton's rebound after Kennedy carried into the Detroit end. The goal came with one minute and 22 seconds of play remaining.

Referee Red Storey handed out seven minor penalties, four to Leafs, but they didn't enter into the scoring.

## Final Baseball Decision Must Be Given This Week-End To League; New Amendments To Help Minors

News on the baseball front was not totally optimistic last night with the showing of a little drawback in the reorganization movement. Nevertheless, Manager Fortier does not seem ready to throw in the sponge, announcing that new developments are bringing a new light on the venture.

Another point that makes things look brighter is the proposed amendments to be brought up at the national convention, December 2. The general opinion seems to be that these amendments will meet with the approval of the major clubs who were seeking a solution to help the lower minors, and if accepted and adopted, a club such as the one operating in this city would stand

a chance, even in bad years such as the one just fading away, to come out even.

Just a wee bit more of interest is needed to put over the decision of operating a professional baseball club next year and Manager Fortier says he has been granted until over this week-end to give the league a definite answer on behalf of the Sherbrooke club. What do you say, friends, if we'd just stick our neck out a little bit. All that is needed is a guarantee fund, not wholesale donations, if we don't want. All through the past season you were asked to "See 4 in '54," but remember if there is no baseball next summer, it may well be operating in this city would stand

## West German Team Stealing Big Prizes At National Horse Show But Mrs. Hartel Holds Spotlight

New York. — (P) — The West German team is stealing the big prizes at the national horse show but a Danish blonde who is the mother of two children is winning the most applause.

Mrs. Lis Hartel, of Copenhagen, a polo victim 10 years ago, is dazzling the customers with her fine dressage exhibition with her 11-year-old mare, Jubilee.

Dressage, to the uninitiated (and who isn't) is the art of demonstrating perfect co-ordination of rider and mount in intricate steps and changes of gait and pace without any apparent guidance by the rider.

It looks easy but Mrs. Hartel, who finished second in the 1952 Olympics at Helsinki and holds the international championship, really works at the job. An hour before she practices into Madison Square Garden, smartly decked in riding attire, she has been sending Jubilee through her paces at the squadron armory at 94th street.

"She responds to applause, what you say, hams it up" she said.

"Riding her feels like dancing. Her moves are like music." While Mrs. Hartel has been exciting the fans, the West German team, led by world champion Hans Winkler, has won the first three international jumping events. Winkler, 28, had his third straight perfect ride on his mount, Hallsa, Wednesday night to win the Royce A. Drake Memorial Challenge Trophy in an eight-horse jumpoff.
