NAVAL DISASTER DEATH TOLL TWENTY-THREE Typhoid Outbreak In Tokio--Medical Supplies Required

Board To Visit Scene Of Great Naval Disaster

Death List Placed at Twenty-three Last Night, with the Official Announcement that Twenty-two Men Were Missing and One Dead—Orders to Change Course Given from the Delphy, Leading the Cruisers, Before Craft Had Reached Point Arguello Light—Order Recognized by Seasoned Mariners as One Not Usually Given Until After Vessels Moving off California Coast Southbound Clear Arguello Light, as Coast Line Juts Sharply into Pacific Just North of Lighthouse.

(Associated Press Despatch)
SANTA BARBARA, CAL., Sept. 11.—A board of inquiry, with Rear-Admiral Pratt as its senior member, is expected at the scene of seven wrecked naval destroyers at Honda, seventy-five miles north of here, today, to investigate the disaster which cost the lives of twenty-three enlisted men and set a record for peace time naval losses.

The death list was placed at twenty-three last night, with the official announcement that twenty-two men were missing and one dead. The possibility that the unrecovered bodies may have been swept out to sea was given added strength today when Lieutenant Lee, at the scene of the wreck, said he believed no bodies remained on the destroyer Young. It was thought the men were trapped in the lower decks of the Young as she turned over after the wreck, but Lieutenant Lee says all vessels were searched before they were deserted after the wreck.

The unofficial list shows that three bodies were recovered from the surf near the wreck yesterday. Of the injured in hospitals here and at San Diego it is believed all will recover. The inquiry will involve explanations from the commanders of the vessels which went ashore in the fog last Saturday night while cruising at twenty knots in a heavy fog from San Francisco to San Diego.

At San Diego the naval base, where five hundred survivors, officers and men are quartered, it was semi-officially reported last night that the orders to change course were given from the Delphy, leading the cruisers, before the craft had reached Point Arguello. The order is recognized by seasoned mariners as one not usually given until after vessels moving off the California coast southbound clear the Arguello Light, as the coast line juts sharply into the Pacific, just north of the lighthouse.

TREACHERY OF SEA AND AIR WERE MAIN FACTORS
(Associated Press Despatch)
LOS ANGELES, Sept. 11.—Treacherly of the sea and air were the main factors in the wreck of seven United States destroyers on Saturday night. They were being guided by wireless compass directions from shore and these became garbled with the flood of air messages on the Cuba wreck, a Pacific mail liner which had piled up on the rocks some time earlier.

\$500,000 CARGO OF COFFEE HAS BEEN LOST

(Associated Press Despatch)
SANTA BARBARA, Cal., Sept. 11.—The Pacific Mail liner Cuba is stranded on a reef near Point Bennett on the westerly end of San Miguel Island.

The hull was located yesterday by Captain L. Curtis, a representative of a New York salvage firm. Captain Holland and four members of the crew are on the island and are living in an abandoned fisherman's hut while stationing a guard over the wreck. All of the \$2,500,000 in silver bullion the vessel carried has been taken from the hull and is en route to San Francisco on a United States destroyer. The \$500,000 cargo of coffee is lost.

PULPWOOD COMMISSION HOLDS OPENING SESSION

To Investigate Pulpwood Resources and Advisability of Prohibiting Export of This Product.

(Associated Press Despatch)
OTTAWA, Sept. 11.—The Royal Commission to investigate Canada's pulpwood resources and the advisability of prohibiting the export of this product held the first of a series of organization meetings in the office of the Minister of Finance yesterday.

FIVE CONVICTS MADE ESCAPE.

(Associated Press Despatch)
KINGSTON, Ont., Sept. 11.—Up to a late hour last night the guards and keepers who are searching for the five convicts who escaped from the Kingston Penitentiary yesterday had accounted for only one of the men, sentenced some months ago to fourteen years for his part in the bank hold-up at Wyoming, Ont.

THE WEATHER

MOSTLY FAIR AND COOL

Pressure is now highest over the Western Provinces and Middle Atlantic States, while a shallow trough of low pressure extends from James Bay across the Great Lakes to the Missouri Valley. Rain fell yesterday near Lake Superior, but the weather is now fine throughout Canada. Frost was almost general this morning in the Western Provinces.

Forecast: Moderate southerly winds, showers in some localities tonight. Wednesday: Mostly fair and cool.

PASSIVE RESISTANCE IN OCCUPIED AREAS HAS BEEN ABANDONED.

(Associated Press Despatch)
LONDON, Sept. 11.—Passive resistance in the occupation areas of Germany has been ordered abandoned, according to the Central News correspondent in Berlin, who says the populations in those areas have been given orders to discontinue their resistance against the French and Belgian authorities.

WAR MINISTER LEON TROTZKY ASSASSINATED

No Details Are Given, Nor Has There Been Any Confirmation of the Report.

(Associated Press Despatch)
LONDON, Sept. 11.—A Central News despatch from Berlin says it is reported from Moscow that Leon Trotzky, the Russian Soviet War Minister, has been assassinated. No details are given. There is no confirmation of the report.

Reports of the death by violence or otherwise of Premier Leoline, War Minister Trotzky and other prominent members of the Russian Soviet government have frequently been circulated, usually coming through dubious channels. Serious reports regarding the condition of Trotzky's health were current early this year, but the news dispatches since have shown him pursuing his usual activities.

VISCOUNT TAKAHASHI, former Premier of Japan, is believed to have lost his life in the earthquake.

AVIATORS TAKE PHOTOGRAPH OF CORONA OF SUN

Airplanes Used When Fog and Cloud Banks Interfered with View of Eclipse from Ground.

(Associated Press Despatch)
SAN DIEGO, Cal., Sept. 11.—Navy aviators are depended upon by scientists to furnish them with photographs showing the corona of the sun.
Fifteen airplanes from the United States battle fleet squadron took the air more than an hour before the totality period of yesterday's eclipse of the sun and each of them rose to more than 16,000 feet, considerably above the fog and cloud banks that interfered with the view from the ground.
Many photographs of the eclipse were made. Scientists at Point Loma stated that because of adverse conditions prevailing the eclipse observations were unsatisfactory.

MEXICO HAD GOOD VIEW OF ECLIPSE.

MEXICO CITY, Sept. 11.—Irregular measures of cumulus clouds parted sufficiently yesterday to afford the people of Mexico City an exceptional view of the solar eclipse, which at its maximum was 99.4 one thousandths complete. The eclipse began at 1 hour, 30 minutes, 59 seconds Mexico afternoon time, and ended at 4 hours, 1 minute, 41 9-10 seconds. A thin cloudbank passing approximately at the maximum of the eclipse caused a weird, unearthly sort of twilight which enveloped the capital and obliged turning on of electric lights indoors.

LOS ANGELES, Sept. 11.—Thirty firemen were overcome in combatting fire which spread through the entire cargo of the freighter American here last night. \$250,000 damage was done.

PATRICIA JANE ANN WATSON, two years old, of Lennoxville, only daughter of Mr. and Mrs. John G. Watson, winner of the silver cup at Ayer's Cliff Fair, being judged best in her class and also best baby in the show. Patricia has been entered for the international baby contest to be held soon.

WATERLOO FAIR; FARM AND CROP ANNUAL REPORT

Many Visitors Arrive at Waterloo—Prizes for Farms and Crops in Shefford County.

(Special to the Record)
WATERLOO, Que., Sept. 11.—Many visitors from the surrounding districts were in Waterloo today for the opening of the annual fall fair of the Shefford County Agricultural Society. A fine programme had been drawn up by the officials in charge for the two days, and if favorable climatic condition prevail, indications are that this year's fair will go down on the books as one of the most successful to date in the history of the Society.

There are many fine exhibits to be seen at the fair grounds, the cattle being quite up to the average. Judging commenced early, and in more than one instance the judges found it a rather difficult task selecting the winners.

Tomorrow the feature of the programme will be the grand parade of all the prize cattle and the harness races, also there will be foot races.

GERMAN GOVT. TO TAKE ACTION VERY SHORTLY

Germany Is Endeavoring to Establish "Atmosphere of Contact" with France.

(Associated Press Despatch)
BERLIN, Sept. 11.—Political circles aver that "progress" is being made in unofficial efforts to strengthen the "atmosphere of contact" which the Government is endeavoring to establish with France. These informal conversations, it is believed, forecast official action by the German Government.

An outline of the extensive economic guarantees under which Germany is prepared to pledge the payment of her reparations obligations is generally looked for in the address which Chancellor Stresemann is scheduled to deliver in Berlin tomorrow. This plan, it is known, is based on the hypotheication of the entire economic structure of the Reich, according to the scheme involved during the chancellorship of Dr. Cuno. If acceptable to the Allied creditors, the programme will be supported by full legislative authority.

Official circles are somewhat disappointed that Premier Poincare has not seen fit to consider Dr. Cuno's offer, which has been amplified by the new Chancellor, and it is expected that Herr Stresemann will deal with the subject in detail in tomorrow's speech.

LEADING TOWARD A SETTLEMENT

(Associated Press Despatch)
PARIS, Sept. 11.—Conversations that are taking place between Jacques De Margerie, French ambassador to Germany, and Chancellor Stresemann in Berlin, are considered by the French Government as leading toward settlement of the reparations question although it is stated that the chancellor has not yet made a definite offer either respecting the cessation of resistance in the Ruhr or what could be proposed afterward.

The conferences between M. De Margerie and Chancellor Stresemann will be continued.

Any proposition received by France from Chancellor Stresemann will be communicated immediately to the British and other allied governments.

NO DEMONSTRATIONS WERE HELD AT CORFU

Tendency Among Italian Authorities to Wonder How Long Occupation Will Continue.

(Associated Press Despatch)
CORFU, Sept. 11.—News that both Greece and Italy had accepted the proposals made by the Inter-Allied Council of Ambassadors for the settlement of the Greco-Italian dispute was received quietly here, and there was no demonstration. There is a tendency among the Italian authorities to wonder how long the occupation will continue. Some hazard the opinion that the evacuation will take place immediately and that all the forces will be out in fifteen days. Others expect it will take a month or two for Italy to withdraw.

TYPHOID BREAKS OUT IN TOKIO; MANY BODIES ARE STILL LYING IN STREETS; START REBUILDING

There Is Great Need of Medical Supplies—Distressing Scenes Are Being Witnessed Daily as Foreigners and Japanese Continue Their Search of Ruins for Relatives—Many Japanese Have Started to Build Homes of Some Kind in Order to Protect Themselves from the Elements.

(Associated Press Despatch)
LONDON, Sept. 11.—Typhoid and dysentery have broken out in Tokio, and there is great need for medical supplies, says a despatch to the Daily Express dated Sunday.

Distressing scenes are being witnessed daily as the foreigners and Japanese continue their search of the ruins for relatives. Many bodies are still lying in the streets.

The British and United States embassies have established headquarters in the Imperial Hotel, which escaped demolition. The group of foreigners marooned at Miyoshihita, a summer resort in the Hakone district, has been rescued. Many Japanese have begun to build homes of some kind in order to protect themselves from the elements.

LATEST REPORT RE THE DEATH TOLL

(Associated Press Despatch)
WASHINGTON, Sept. 11.—The dead counted by Japanese authorities up to September 7 numbered 47,000 in Tokio and 23,000 in Yokohama, the Foreign Office in Tokio reported last night to the Japanese embassy here. One hundred and fifty foreigners have been killed "so far as has been ascertained."

MANY OF THE REFUGEES HAVE COMMITTED SUICIDE

(Associated Press Despatch)
OSAKA, Sept. 11.—An Eastern News Agency despatch to the Osaka Asahi from Tokio says that many of the hundreds of refugees gathered in Ueno Park, Tokio, have committed suicide as a result of hunger and exposure.

Most of the refugees are exhausted and only a few are able to walk, and these are fleeing to Nippori, where tens of thousands of other refugees are collected. A large number of women and children are reported to be lying helpless near the Nippori Railway station, unable to continue their flight.

FOREIGN VICTIMS WERE ROBBED AND MURDERED

(Associated Press Despatch)
LONDON, Sept. 11.—Refugees from Japan, brought to Shanghai by the steamer Empress of Canada, confirm reports that foreign victims of the disaster were robbed and murdered, says a Shanghai despatch to the Morning Post. All the survivors, many of whom were taken to hospitals, told poignant stories of their experiences. Many are penniless and without clothes, while several dementia patients are being cared for.

Some of the foreign business concerns, says the correspondent, have decided against reopening their Yokohama establishments, fearing that conditions in that city will always be uncertain. Five thousand tons of foodstuffs and medical supplies have been shipped from Shanghai to Kobe together with eighty tons of frozen meats representing Hong Kong's donation to the Japanese people.

Two relief parties of doctors and nurses have gone to Tokio and Yokohama. It is reported that Kobe is overcrowded and that there is danger of an epidemic there.

GENERAL CONDITIONS ARE GRADUALLY IMPROVING

OTTAWA, Sept. 11.—An official telegram giving general information regarding the Japanese catastrophe, was received yesterday by the Japanese consulate general as follows:

In spite of the wholesale destruction of the business districts in Tokio and Yokohama, the maintenance of order and supply of foodstuffs are very good. Among the buildings left intact are several of the largest banks, including the Bank of Japan, the branch office of the Yokohama Specie Bank in Tokio, Industrial Bank of Japan, the Bank of Formosa, the Mitsubishi Bank and Sumitomo Bank.

Since September eighth these banks have been paying such small sums as are allowed by the moratorium. They are striving for the restoration of general business with the help of the Bank of Japan, which is again continuing the emission of its bank note, and it is expected that economic conditions in the afflicted districts will soon be restored.

GERMANY TO ESTABLISH
GOLD NOTE BANK.

(Associated Press Despatch)
BERLIN, Sept. 11.—The German cabinet has unanimously decided to endeavor to solve the currency crisis by the establishment of a gold note bank.

LARGE NUMBER OF CATTLE AT RICHMOND FAIR

Main Building Presents Fine Appearance—Races Will Be a Feature This Year.

(Special to the Record.)

RICHMOND, Que., Sept. 11.—With the exhibits in the main building presenting a more interesting and attractive appearance, and a larger showing of cattle than any previous year, the annual two-day fair under the direction of the Richmond County Agricultural Society was ushered in today. Never before in the history of the society have the cattle exhibits been of such high quality, nor have they ever been so numerous, and everything points to a record fair at Richmond.

Visitors started to arrive early in the morning, coming by train, auto, horse and carriage, and given a fair break with the weather, the directors are looking forward to one of the most successful exhibitions in the long history of the Agricultural Society.

All arrangements have been completed for handling record crowds during the two days of the fair. An attractive programme has been completed, one of the chief features of which will be the harness racing. There are four races carded, two to be run each day. The races are the three-minute class, for which there are six entries; the 2:20, for which there are seven entries; the 2:30, for which there are seven entries, and the free-for-all, for which there are six entries. Baby Cutting Teeth Was Very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effectual for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has the endorsement of so many Canadian mothers during the past 78 years it has been on the market.

Mrs. C. W. Myers, Clanwilliam, Man., writes:—"My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few drops and the next day she was much better, and in a couple more days she was as well as ever.

Now, I always keep Dr. Fowler's in the house and recommend it to all those troubled with diarrhoea."

The Wings of the Morning A Great Story of Adventure and Romance BY LOUIS TRACY.

Jenks knew what would happen. He would be shot in the head or breast whilst repelling the scaling party. And Iris! Dear heart! She was thinking of him.

"Keep back! They can never gain the ledge!" she shrieked. And then, above the din of the fusillade, the yells of the assailants and the bawling of the wounded, there came through the air a screaming, tearing, ripping sound which drowned all others. It traveled with incredible speed, and before the sailor could believe his ears—for he well knew what it meant—a shrapnel shell burst in front of the ledge and drenched the valley with flying lead.

Jenks was just able to drag Iris flat against the rock ere the time fuse operated and the bullets flew. He could form no theory, hazard no conjecture. All he knew was that a 12-pounder shell had flown towards them through space, scattering ruin among the amazed scoundrels beneath. Instantly he rose again, lest perchance any of the Dyaks should have gained a foothold on the ledge.

The ladders were empty. He could hear a good deal of groaning, the footsteps of running men, and some distant shouting.

"Sahib!" yelled Mir Jan, drawn from his retreat by the commotion without.

"Yes," shouted Jenks. The native, in a voice cracked with excitement, told him something. The sailor asked a few rapid questions to make quite sure that Mir Jan was not mistaken.

Then he thrust his arms round Iris, drew her close and whispered—

"My darling, we are saved! A warship has anchored just beyond the south reef, and two boats filled with armed sailors are now pulling ashore."

And she answered proudly—"The Dyaks could never have conquered us, Robert. We were manifestly under God's protection. Oh, my love, my love, I am so happy and thankful!"

CHAPTER XV.

THE DIFFICULTY OF PLEASING EVERYBODY

The drifting smoke was still so close that not even the floor of the valley could be discerned. Jenks dared not leave Iris at such a time.

Your Health is at Stake if You Suffer from Constipation!

Every man, woman and child who has constipation or constipation symptoms should leave no stone unturned to get instant relief! Keep away from the dangers of pills and cathartics, which are almost as much to be dreaded as constipation itself. Your physician will recommend Kellogg's Bran because it is ALL BRAN—and it is Kellogg's Bran that will give permanent relief if eaten regularly.

Most cases of Bright's and diabetes can be traced to constipation; in its milder form constipation is responsible for sick headache, nausea, pimples, sour breath, etc. And, we say right here—and guarantee what we say—that Kellogg's Bran, if eaten regularly, will give you permanent relief.

Kellogg's Bran is wonderful as a

food as well as wonderful as a natural means of relieving constipation. Kellogg's Bran contains important mineral salts; it contains elements that are necessary in making bone, tissue and blood—yet, it acts as a sweeper, cleanser and purifier.

Eat Kellogg's Bran as a cereal. You'll enjoy its milky flavor. Or sprinkle it on or mix it with hot or cold cereals. Many like it cooked with hot cereals. Two tablespoonsful of bran should be added in each instance. You have missed much not to have eaten Kellogg's Bran made into muffins, raisin bread or many other bakery batches. Recipes on every package. Prominent hotels, restaurants and clubs serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

PICTURE OF HISTORIC INTEREST

There is being shown at the Premier Theatre for three days this week, beginning yesterday, the picture "A Royal Divorce," dealing with the life of Napoleon and centering around his divorce from Josephine. This is one of the most important and instructive pictures presented in Sherbrooke for a long time, and portrayals are most elaborate, including the burning of Moscow, the Battle of Waterloo, etc. In two or three instances the picture is not exactly true to historical fact, but for the most part it follows history closely, for there is sufficient romance in the life of Napoleon to supply moving picture themes without invention. This picture will be shown today and tomorrow.

EUCCHARISTIC CONGRESS AT QUEBEC SEPT. 13th to 16th, 1923.

In connection with the Eucharistic Congress at Quebec this week and the concluding ceremony which will take place Sunday afternoon next, the Quebec Central Railway will operate a special train leaving Sherbrooke at 6.30 a.m. (standard time) and Megantic 7.15 a.m. on Sunday stopping at all stations and arriving Levis at 11.45 a.m. A return special train will leave Levis at 8.00 p.m. same day running to Sherbrooke and Megantic. Special fares will be effective from all stations including Sherbrooke good going on Saturday and Sunday, the 15th and 16th, good to return until Monday, the 17th. Further information can be secured on application to agents or to the General Passenger Department, Sherbrooke, telephone 1422.

SHED FELL ON SUPERINTENDENT

Mr. Joseph Emond, superintendent of the Brompton Pulp and Paper Company at Bromptonville, narrowly escaped serious injury as a result of a shed falling upon him. Emond was endeavoring to straighten a shed located behind his residence, and the screw-jack, evidently badly placed, gave way as he was placing pieces of wood beneath the building. The shed toppled over, pinning Mr. Emond above the legs, but after help had been secured and he had been dug out, it was found no injuries had been sustained with the exception of a few minor injuries.

BELVIDERE WOMEN'S INSTITUTE MET.

The meeting of the Belvedere Women's Institute was held at the home of Mrs. Darker, the president, Mrs. Ellis, presiding. The minutes of the last meeting were read and adopted. A very interesting paper on the care and selection of linen was read by Mrs. Parkin, imparting to the members many helpful suggestions. Plans for a social evening were left with the entertainment committee. At the tea hour dainty refreshments were served by the hostess.

Y'S MEN'S CLUB

At a meeting held in the Y.M.C.A. last night it was definitely agreed to proceed with the organization of a Y's Men's Club for Sherbrooke, and make application for charter to the International Y's Men's Club at Toledo, Ohio. In the election of officers the following were appointed: President, J. Leigh; vice-president, H. Griffith; secretary, C. Tate; treasurer, E. S. Bearworth. The provisional constitution was unanimously adopted and the secretary instructed to get in touch with the International office and make application for a charter. The question of ways and means was then considered and it was provisionally agreed that an initiation fee of \$2 per member be charged and a fee of \$2 per year. It was further agreed that the meetings be held on Thursday evening from 6.15 to 7.30.

DEATH OF MR. FRED CLEMENT AT LOS ANGELES.

The body of the late Mr. Fred Clement is being laid to rest today at Los Angeles, Cal. Mr. Clement died on Friday at Los Angeles, where he has been a resident for the past ten years, having been engaged in the moving picture business. The late Mr. Clement was very well known in Sherbrooke, having been interested in the theatrical business here. It was Mr. Clement who built His Majesty's Theatre, which for many years was known as "Clement's Theatre." Before coming to Sherbrooke, Mr. Clement resided at Berlin, N. H., where he operated the local theatre there. His wife predeceased him. He leaves no children. It is about twenty years since Mr. Clement came to Sherbrooke.

RED CROSS ASKS AID FOR JAPANESE REFUGEES.

The Sherbrooke branch of the Canadian Red Cross Society has been advised by the head office that the Canadian Government has requested the Red Cross to take a Dominion-wide campaign for the relief of those who are suffering through the Japanese disaster. The head office has therefore instructed the Sherbrooke branch to make a local appeal. Contributions will be sent through the local treasurer to the head office of the Canadian Red Cross and then sent direct to the Japanese Red Cross. All contributions should be addressed to the local treasurer, Mrs. S. A. Jones, 14 High Street, Sherbrooke. They will be acknowledged through the local press.

Sherbrooke people had no playhouse, the skating rink during the summer, being used by travelling troupes.

Mr. Clement, as a practical theatre man, secured municipal support in the way of a free site, and Clement Theatre was erected, and opened during Fair week with a production of Faust. Later Mr. Clement became interested in oil fields in Kansas, but through very promising at the beginning, this venture did not prove successful. He was an extremely likeable man, energetic and courteous at all times, and had many friends in Sherbrooke.

VISION OBSCURED BY CLOUDS.

Yesterday's cloudy sky brought keep disappointment to the hearts of many of Sherbrooke's citizens who had been looking forward to witnessing the solar eclipse, which took place yesterday afternoon. The eclipse took place, but owing to the overcast sky the phenomena was not generally visible. The moon's shadow first touched the sun at 3.37 p.m. eastern standard time, the middle of the eclipse occurring at 4.34 p.m. By 5.19 the eclipse was over, and the sun's disc was again clear of the shadow.

OPPORTUNITY FOR THE BLIND

Mr. L. Gulbransen, field officer of the Montreal Association for the Blind, is spending a short time in Sherbrooke with a view to getting into touch with people throughout the Townships who have lost their sight. He is particularly anxious to get in communication with children who would be eligible to attend the school for the blind, where they could take up a literary or musical career. Mr. Gulbransen is staying at the Grand Central and parties interested are requested to communicate with him.

BISHOP'S COLLEGE SCHOOL REOPENS.

Bishop's College School, Lennoxville, opens its doors for the fall term tomorrow, when all the students will have returned. The boys who have supplemental examinations to take for their promotion will return today. Mr. Wilkinson, headmaster of the Preparatory School, will be in Montreal on Wednesday and the small boys will return in the afternoon under his personal care. The number of students is large this year, and slight structural changes have been made to make room for the additional beds required, and also to increase the playground accommodation for the boys of the Preparatory School. There are two changes of the teaching staff this year, the Rev. E. K. Moffatt taking the place of Mr. Hugh O'Donnell in the Upper School, and Mr. J. D. Jeffers, who arrived from England on the S.S. Melita on

LENNOXVILLE

The Fall Millinery Opening of the Mabelle Hat Shop will take place on Thursday, Sept. 13th, and Friday, Sept. 14th. Among the out-of-town guests who attended the Dormer-Davenport wedding were Principal and Mrs. W. G. Dormer, Mrs. Harbert and Mrs. Munderloh, of Montreal; Mrs. H. Ford, of St. Johnsbury, Vt., and Mr. Beattie, of Lemesurier, are visiting at the home of Mr. and Mrs. D. E. Byrne, Spring Road. Miss Esther Desilet and Miss Largee are guests of Mrs. William Byrne. Mrs. K. Reed and her sister, Mrs. D. G. Harrison, entertained at an afternoon tea on Monday, a number of friends being present. Tea was poured by Mrs. H. J. Labaree, and the hostesses were assisted in serving by Mrs. Charles Peterson.

Students of nature will have noticed that a total eclipse of the sun was due in a large part of America yesterday. This perhaps accounts for the uncertain light and appearance of sky here. Mr. and Mrs. J. Gifford left this morning for Montreal, and will sail on September 12th on the Melita for England, landing at Southampton. They expect to remain in the old country until next June. The Women's Institute will meet on Thursday afternoon.

Saturday, succeeding Mr. Sherrell in the Preparatory School. Mr. Moffatt, who has previously taught at St. John's College School, Winnipeg, and at Quebec High School, will also act as chaplain.

WHAT OF THE WASTE?

At the recent meeting of the City Council, the first general admission was made that Sherbrooke's power developments at Weedon have cost far more than was expected.

Likewise, the ratepayers have been aware of the extra calls but they have never had a clear and satisfactory statement of the Weedon cost.

The total cost of Westbury exceeding \$50,000 has just been made known together with the information that for all this the city has no claim on the power, but simply owns the wild land along the river.

Power properties are valuable. Electric developments, in this age, are great revenue producers. To this is due the fact that Sherbrooke's power enterprises have brought financial return to the department instead of disaster to the city.

A comprehensive statement of the costs of Sherbrooke's power properties would be of interest together with a memorandum of costly errors and extravagant purchase prices paid.

The properties as a whole may very likely be worth all and much more than they have cost. This, however, does not excuse engineering and administrative errors.

Recent discussions in the Council indicate that the full story of Sherbrooke's power developments would be of great interest and enlightenment should it ever be faithfully written by some person who has worked behind the scenes.

ALLIANCE WITH GERMANY—NEVER.

Despatches from Berlin tell of the probability of a military coup in Germany and of a growing feeling in favor of an alliance with Britain.

Surely, the British Government can never entertain such a proposal should it ever be made. Nothing could more shock public opinion in this country than to see Britain and Germany in alliance and it is unbelievable that opinion in Britain would look with favor on any such scheme.

Italy has lost instead of gained prestige in her recent warlike exhibition and the whole situation in Europe is of a nature to cause right thinking countries to hesitate to form any binding associations with continental Governments.

As for Germany, she has played ally against ally in her attempt to avoid her just obligations and now, having gotten so far, brazenly talks of alliance with the British Empire.

Millions of dead to whom memorial tributes are being erected in all allied countries, would cry out against any such preposterous outcome to their sacrifices.

"HAVE FAITH IN CANADA."

Westerners, in spite of setbacks, are inclined to be optimistic. "Have Faith in Canada" is the title of an editorial in the Winnipeg Tribune. This is what the Tribune says:

"Of all countries, Canada has the least reason for indulging in doleful ruminations regarding the future. The basic conditions in the country are sound. If depression has come, it is not because of any failure on the part of the natural resources of the land, nor of any dwindling in our capacity as a nation to produce. There has been a shrinkage in the people's capacity to consume, due to inherent defects in the universally adopted policy of financial deflation, but there has also been a further handicap to better business conditions and wider prosperity in the mental attitude which reveals a lack of confidence in Canada's soundness and a timidity in the face of the so-called 'stringency' which is on the lips of those of little faith.

"For this mental attitude some of our national leaders must share the blame. The need today is to throw off the mental conditions which cannot see the wood for the trees and to look a little farther ahead. Courage, confidence and good cheer will go much in restoring the right attitude towards the nation's future. Have faith in Canada. Her people have advantages which are the envy of other nations. Use those advantages wisely, forget the forebodings of the faint-hearted, have confidence in the superior position and ability of Canadians, and the outlook will undergo a much-needed change."

MARRIAGES

COREY—PLANCHE.

EAST ANGLUS, Que., Sept. 10. — The marriage took place at East Anglus on September 5 of Miss Muriel Isabel Planche, only daughter of Mrs. James Planche, to Mr. Irving Banfield Corey, D.F.C.

The ceremony was performed in the Methodist Church, which had been beautifully decorated with ferns and bridal roses.

The bride was gowned in ivory tulle and embroidered with Brussels net with a band of pearls and orange blossoms. She carried a bouquet of ophelia roses.

The maid of honor, Miss Nine Brundage, wore a gown of orchid satin crepe and carried a shower bouquet of mauve sweet peas.

The bridesmaids, Miss Amy Davis and Miss Elizabeth Muir, wore crowns of canton crepe and carried flower bouquets of pink sweet peas. The flower girls were Barbara Beane and Joy Planche.

PRESS COMMENT

OR IF HE HAD VISITED PARIS!

(Cincinnati Inquirer.) Mr. Hindenberg was given a great reception in Munich the other day. But we reckon it was not so exciting as the reception he received some years ago when he was manipulating his famous line in Northern France.

BREAD AND BUTTER POLICIES.

(Natal Advertiser.) Peace is a more normal state than war; and fellowship in the market-places a more potent because more enduring, bond than fellowship in arms. Let there be no mistake about this. It is not an altruistic view of life, but it is a practical one; and the problem of Imperial Preference is a bread-and-butter one before it is one of sentiment.

THE TALKATIVE SALESMAN.

(London Daily Express.) The future salesman must be a linguist as well as a mere salesman. The young man who can speak foreign languages is better equipped for the purposes of selling than the traveller who speaks only his mother tongue, and the manufacturer who studies not only his map but the characteristics of his foreign trade will reap the harvest.

ECONOMY IN FUEL.

(Quebec Telegraph.) Interesting vitally important to all of us as is the immediate supply of fuel, the larger question as to how long the world's supply will suffice for humanity's needs affords interesting ground for speculation. Upon this, as upon so many other subjects, opinions differ widely. Some estimates allow for thousands of years before the mines are exhausted, others only hundreds. Canada's estimated coal reserve is given as 1,235,000,000,000 tons and the world's total reserve 7,397,000,000,000, of which the United States has about half. These figures seem large; but Mr. Joseph W. Hayes, in his book, "How to Build up Furnace Efficiency," comes to the conclusion that "real coal," from which category he excludes the sub-bituminous and lignite fuels, will be exhausted in the United States in a single century. Only about 16 per cent of the estimated reserve of coal is minable according to this writer, unless new methods are invented. Of this 16 per cent, 8 per cent, has already been taken. Then there is the enormous wastage to be taken into account. Much coal has to be left underground to render mining operations safe. Mines sometimes have to be abandoned, sometimes they take fire and sometimes they are flooded. Much coal is lost in the various processes of preparation through which it passes before reaching the consumer, and then there is the loss in transportation to be considered. Add to these factors the probability that fuel consumption will increase from year to year, the final estimate of a one-hundred year supply for the United States is arrived at. Whatever reliance can be placed on this estimate, it is certain that many of the expedients suggested by Mr. Hayes for conserving the fuel supply are well worth adopting. The greater utilization of inferior coal is largely a problem for the scientist but undoubtedly the public can do much, both for itself and for the nation, by practicing economy.

ed with a profusion of flowers, with an arch of ferns beneath which the bridal pair stood. The ceremony was performed by Rev. Canon R.W.E. Wright, pastor of the church, in the presence of about fifty invited guests and a large number of interested friends.

After the ceremony was over the bridal party repaired to the bride's home, the residence of Mrs. K. Reed, Main Street, where the wedding repast was served, the girls among the guests acting as waitresses. The house was decorated with flowers, the color scheme of red and white being symbolic of Stanstead and McGill College colors, the bride having been a student at the former and the groom a graduate of the latter college.

On the departure of the bride and groom on their honeymoon trip, they were accompanied to the station by the guests in motors and amid a shower of confetti and good wishes took their leave.

An unusually fine display of presents in silver, glass, linen, woollen and cash, amounting to one hundred dollars testified to the popularity of the young couple. The best wishes of the community for a long and happy life go with them to their new home.

"They shall walk with me in white, for they are worthy."
MR. AND MRS. W. T. OUGHTRED.
Marlton, Que.

September 3, but she passed peacefully away on September 1.

The funeral was on September 4, and was very largely attended by her neighbors and relatives and friends.

Mrs. Blodgett was buried on the anniversary of her wedding day, being married twenty-two years on September 4. She was a good neighbor and a very devoted wife.

MR. G. M. SWEET, FORMERLY OF EAST HILL, BROME.
There passed away at New Haven, Vt., August 29, after several weeks' illness, Garner M. Sweet, a former resident of East Hill, Brome. The two months and intended to return to her home in East St. Johnsburg, on September 1 for interment in the

Covey cemetery beside his late wife Harriet McCoy, who predeceased him several years.

He is survived by three children, Mrs. Elva Huntley, of New Haven, Vt.; Mrs. John Faffin, of Hartford, Conn.; Mr. Horace Sweet, of Connecticut, all of whom were with him at his death; also one sister, Mrs. Arvin Sweet, of Dakota. Since the death of his eldest daughter, Mrs. Jennie Partch, of East Hill, he had lived with her daughter, Mrs. Wallace Hawthorne, at New Haven, Vt.

Deceased was born at West Brome in 1836 and was the elder son of the late Isaiah Sweet, of that place. The funeral was held at the home of his granddaughter, Mrs. Hawthorne, on Friday, and the remains were accompanied by her to West Brome, and on the arrival of the mail train were met by friends, and the Rev. Jos. Irving, Anglican clergyman, who conducted service at the grave. He will be greatly missed by his children, who tenderly loved their father; also in his granddaughter's home where he had been cared for and tenderly looked after during his residence with her. The family and whole circle of sorrowing friends have the sympathy of all their friends in their bereavement.

GREATER TRADE WITHIN EMPIRE BEING URGED

Says Canada Has Been Coaxing England to Take U.S. Trade for Thirty Years.

(Associated Press Despatch) LONDON, Sept. 11.—(Cable.)—Senator George S. Lynch-Staunton, K.C., of Hamilton, Ont., in the course of a letter to the Morning Post dwells on the bad condition of trade in Great Britain, and says unless England can open markets for her people which she can monopolize, conditions must grow worse instead of better.

"Where are those markets in the Dominion?" Senator Staunton asks. "Of course Canada is the best customer the United States has. Canada has been coaxing England to take that trade for thirty years, but England refused to have it. She pretends to be a free trade country, but she will not and cannot be a free trade country any longer."

IMPORTATION OF HARVESTERS IS DISCUSSED

No Difficulty Should Develop Which Will Cause Hardship, Declares C.P.R. President.

(Associated Press Despatch) WINNIPEG, Sept. 11.—For the first time in the history of the Canadian Pacific Railway, a board meeting of the company's directors was held here yesterday. Those present besides E. W. Beatty, president, were Grant Hall, vice-president, Sir Herbert Holt, Sir Augustus Nanton, J. K. L. Ross, W. N. Tilley, K.C., and F. W. Molson.

Matters of general policy affecting the whole system, and some matters of particular interest to the West, were considered. Under the by-laws of the company, it was quite legal to hold the regular monthly meeting of the Board here, and advantage was taken of the presence of the president and so many of the directors to deal with western questions on the ground.

Interviewed here yesterday Mr. Beatty said the Canadian Pacific was in admirable shape to take care of its share of this year's crop movement. Large additions to motive power and freight carrying equipment had been distributed, and had for some time been ready for use.

PORT OF VANCOUVER ABLE TO HANDLE GRAIN TRADE

Claimed It Will Be Second Only to New York in Volume of Its Trading When It Serves Grain Trade of Western Canada.

(Associated Press Despatch) VANCOUVER, B.C., Sept. 11.—This port will stand second only to New York in the volume of its trading when it serves the grain trade of Western Canada as shipping men are satisfied Vancouver can serve it. This statement was made before the Royal Grain Inquiry Commission yesterday by H. A. Stevenson, a local shipping man, who replied to statements made on the prairies regarding local shipping facilities.

M'GRAW'S TEAM INCREASE LEAD; REDS BEATEN

Pirates Again Climbed up Ahead of Cincinnati — Ruth Makes Another Homer.

(Associated Press Despatch.)
NEW YORK, Sept. 11. — The Giants in a batting bee yesterday advanced their lead in the National League to five and a half games by knocking the Boston Braves around the lot for a score of 10 to 4. The Pirates, by shutting out the Reds, 8 to 0, regained second place, leading the Cincinnati by a half game.

In the Cincinnati game "Spec" Meadows allowed seven hits, as did the Red moundsmen, Donohue and Harris, but he kept them so scattered that they amounted to nothing. Donohue was exceedingly wild, forcing two runs over in the fourth frame by his misdirected hurling. In this session the Pirates pushed over six runs with the aid of only one hit. The Brooklyn Robins trounced the Phillies in spectacular style, winning 7 to 1 in a hard hitting battle. Pete Behan was driven from the box in three innings by a series of five closely bunched hits and a pair of bases on balls.

In the American League the Yankees and the Red Sox were the only teams to dig the turf and the Red Sox didn't want to; after a few innings of huring by Sad Sam Jones, who allowed only two Red stockings to hit safely, "Babe" Ruth again tied "Cy" Williams for the home

run honors when he banged out his thirty-fifth. Yesterday's victory was the third straight the Yanks have taken from Boston.

EASTERN TOWNSHIPS CHAMPIONSHIPS

Keen interest is being evidenced in the Eastern Tennis championships and many entries have already been received, from Beebe, North Hatley, East Angus, Lennoxville and Sherbrooke. Arrangements are being made to play some of the games during the next few days in order to accommodate those leaving town and to limit the number of games to be played in East Angus over the week-end.

The East Angus Club have courteously offered the tennis association the privileges of their club house as well as undertaking to provide refreshments during the course of the evening. The initial draw will be published in tomorrow's issue and the games will be proceeded with immediately. For further particulars, application should be made to A. W. Reid, secretary.

LACROSSE

JOINT MEETING TODAY

A joint meeting of the Buschall and Lacrosse committees will be held this morning to complete arrangements for another big double header. The fans can depend on a good afternoon's sport as the ball team is now completing arrangements to bring a first class team here while the famous Flying Frenchmen, the Montreal Nationals, will make their first appearance here in ten years.

At a special meeting last evening the locals decided to practice every night this week so that the boys will be in fairly good shape for the big game.

Papyrus will even sleep on an air cushion, for his owner, Ben Irish, believes that an ordinary bed of

LAURENT LORD DIED AS RESULT OF INJURIES

Knocked Down by Car on Magog Bridge—Funeral Services Tomorrow.

Knocked down by an automobile, Laurent Lord, eighteen-year-old son of Oliva Lord, 18 St. Paul street, died at the St. Vincent de Paul Hospital as a result of injuries sustained.

The automobile was owned by ex-Mayor D. O. E. Denault and was driven by his chauffeur at the time the accident occurred on the Magog Bridge. Apparently Laurent Lord was avoiding a car coming from the opposite direction and failed to notice the oncoming car.

The lad was very badly injured, suffering no less than five separate fractures. He was unconscious when taken to the hospital and never regained consciousness prior to passing away. In addition to a fractured skull the lad suffered a fracture of the left collar bone, a fractured right arm, as well as two other fractures.

The funeral service will be held at Notre Dame church on Wednesday morning, the cortege leaving the residence at 7.45 a.m. standard time.

straw might not be comfortable enough for his great thoroughbred.

The colt's luxurious compartment, together with the accommodations for his trainer, attendants, food supply and special water tanks, will occupy space equivalent to the area of a dozen first class passenger cabins. It is calculated that the cost of transporting the aristocrat of the English race track will amount to more than \$10,000. Bar Gold, Papyrus' stable mate, will make the trip in the same compartment.

EASTERN TOWNSHIPS AMATEUR MEET

At a meeting of the executive and district committees for promotion of the Eastern Townships amateur athletic meet held in the Y.M.C.A. final preparations were completed for the coming event.

It was agreed to replace the 120 yard hurdles by a team relay race of one mile while Messrs. Breckinridge and McVie were authorized to see Mr. Francis about the fair grounds and get from him the best terms possible.

The report of the special committee re slate for the meet was then presented and, with slight alteration, with approved as read.

Patrons: F. N. McCrea, M.P., J. Nicol, Provincial Treasurer; His Worship, Mayor Morris; Montreal representative; executive committee. Starters: Col. Bradley and A. Nother; Referee, J. Watson; Number clerk, T. Bonner; Track judges: J. W. McKee, S. R. Newton, A. McKee, E. J. Page, C. C. Cabana, V. Olivier; Timers: A. W. Reid, C. McKenzie, Kinross; Clerk of course, J. Lunn; Scorer, W. H. Griffith; Marshalls, members of executive not otherwise lined up; Announcer, C. C. Cabana.

It was decided that thirty inch hurdles be used, and anyone dropping more than three be disqualified, while the first and last hurdles should be left standing and an earnest effort be made to clear all.

Letters were read from Mr. Findley, of Montreal, vice-president of Province of Quebec A. A. U. offering a cup to the man who makes the highest aggregate.

A letter was also read from Asbestos re amateur athletic meet requesting information and application forms.

Messrs. Kenalty and McVie were authorized to see about getting some trophy for individual highest aggregate, and also see about getting theatre for distribution of prizes.

RUGBY

Last night the Y.M.C.A. Rugby team had its first work out and the prospects look good for very fine results. The next practice is to be held on Thursday evening, Sept. 13, at 8.45. Every member should be on hand.

FOOTBALL

BEEBE CONCLUDE THEIR FIXTURES

In spite of a pouring down rain Beebe and Tesco played their final football fixture on Saturday afternoon, the league leaders winning by a score of four goals to two. Tesco still retain third position although both Circo and Quebec Central have an opportunity of getting ahead of them.

The official standing of the league is as follows:

Teams	p	w	d	l	goals
Beebe	12	9	1	2	33-10 20
East Angus	12	8	3	1	24-12 17
Tesco	12	6	0	6	24-18 12
Circo	11	5	5	1	18-19 11
Q. C. R.	11	4	4	2	17-14 10
Richmond	11	3	6	2	16-26 8
Lennoxville	11	1	10	0	10-52 2

GAMES REMAINING TO BE PLAYED:

Circo-Richmond; Q.C.R. vs. Lennoxville.

WATSON CUP FINAL ON SATURDAY

The Circo and Q.C.R. teams clash in the finals of the Watson cup on Saturday afternoon next and a keen game is anticipated. The same teams met in the I.O.D.E. final when the Circo players won by the only goal scored. Both teams are expected to make a few changes, while Mr. Davidson will officiate. The Circo is playing a friendly game tomorrow evening in the nature of a practice while the Q.C.R. players will turn out this evening.

HAPPY ENDINGS.

SCHOOLS SETTLE DOWN WITH BIG ATTENDANCE

High School, Seminary and Notre Dame Convent Have Many Pupils.

The different schools throughout the city are now settling down to a period of normalcy, and the many pupils have gradually been assimilated in the various grades which will cover their line of study during the coming school year.

As usual the High School is taxed to its filled capacity, and the teaching staff, as well as the pupils, are looking forward to the occupation of the new premises early in the coming year.

The total pupils in the different English-speaking schools is already beyond the thousand mark, and this number will be steadily increased during the course of the term. Many more pupils come in during the early part of December, while many will be arriving during the next few weeks as their parents return from the country and holiday resorts. The total list is now placed at 1,185, divided as follows: High School 558, Lawrence School 136, East Ward 94, North Ward 73, Central School 324.

The French schools are also displaying great activity, and St. Charles Seminary and the Mont Notre Dame in particular are registering many new pupils. Some 459 students have already been received at the Seminary, and work was started in earnest yesterday. Around 550 girls will be attending the Mont Notre Dame Convent, of whom 125 will be boarders. Many of these girls come from the Northern States.

The Centre Academy on Alexander street already has over 500 children registered, while the St. John the Baptist Academy has over 400 boys in attendance. St. Mary's Academy, Council street, has 425 girls to date, while the Laroque Academy has 365 pupils.

Twenty-five students are already attending the normal school, while many others are attending other religious and private schools throughout the city.

It can be safely said that approximately 4,500 children are now attending to their studies, and their cheerful countenances as they trot off to school early in the morning is another of those pleasing incidents which lighten the burden of a busy man's day.

MAN FELL WITH GUN; WAS DEAD WHEN FOUND

Wm. Smythe, of Inverness, Tripped, Discharging His Gun—Had Gone Out to Shoot an Owl.

THETFORD MINES, QUE., Sept. 11.—Evidently stumbling and receiving the full discharge of his gun, Wm. Smythe, of Inverness, was so seriously injured that he was dead when discovered. He had gone out to shoot an owl which had been pestering his chickens for some time past, and it is feared that he tripped discharging his gun and shooting away the lower portion of his face.

LIQUOR CASES DISPOSED OF IN LOCAL COURT

Three Thousand Dollars Handed Out in Fines—Liquor Commission Officials Still Active.

Liquor cases again predominated in the District Magistrate's Court, this morning and fines amounting to three thousand dollars were handed out as a result of convictions for the illegal possession of liquor. A number of jail sentences were also meted out covering convictions for illegal sale, while several cases were adjourned until October 1st next.

In practically every instance the cases were taken out by the Quebec Liquor Commission and included the following:

Quebec Liquor Commission vs. Arsen Gosselin — The accused was charged with the illegal sale of liquor in violation of the Quebec Liquor Law. The hearing was ad-

It Isn't So Much What You Pay---As What You Receive

We are in thorough sympathy with the universal desire to reduce the costs of being well dressed.

But the cure is NOT in buying clothes at a low price, because low prices will not buy clothes that are economical.

It is much wiser to pay a few dollars more for garments that are well made and of good fabrics, because they are the only kind that are enduring in their wear and satisfaction.

journal until October 1st.

Two separate charges of illegal sale and illegal possession were laid by the Commission against Adelaire Beaudoin, who entered a plea of not guilty. The cases were adjourned until October 1st.

In the cases of the Quebec Liquor Commission vs. Joseph Lapiere, Sylvio Poulin and J. Richard, each of the accused was charged with the illegal possession of liquor in violation of the Quebec Liquor Act, and, on entering a plea of guilty, each one was fined \$1,000 and costs or thirty days.

Joseph Lapiere, operating the stand at Riverside Park, also found himself faced with a charge of interfering with the officers in the execution of their duty. He was duly sentenced to pay a fine of \$10 and costs or thirty days.

Philippe Nadeau and J. Richard (two charges) were sentenced to one month in jail and costs, or three months additional for the illegal sale of liquor.

Leaton Leavitt faced a charge of theft and breaking into the store of Clifford H. Hunting, Huntingville, some weeks ago, but the hearing was adjourned until tomorrow.

Marie-Anne Cassey laid a charge of assault against Joseph Vallee and the accused was sentenced to pay a fine of \$2 and costs, or eight days.

CITY BRIEFLETS

HIGH SCHOOL EDUCATION FOR CHILDREN.

"High school education for children" will be the subject of an address to be given this noon at the Sherbrooke House by Rotarian Wm. B. Allen, immediate past president of the Montreal Rotary Club. The meeting will be held at 12.30 p.m. daylight saving time and the club members will meet in their new quarters at the Sherbrooke House, occupying the new addition recently erected.

ASSURANCE SCHEME.

Considerable progress has been made by the City Council relative to the assurance scheme which it has under consideration, and supporters

of the undertaking contend that they are now in a definite position to show that the amounts expended by the city in the way of settlements in the past few years make it impracticable for the city to continue carrying its own assurance. Tenders have been called for and the matter will be most likely disposed of towards the end of the month.

SUPERIOR COURT OPENED THIS MORNING

The Superior Court opened this morning with His Lordship Mr. Justice C. D. White presiding. No very important cases are on the docket for the first few days, but there was considerable activity in the court house and many interested spectators were present.

CAT IMPRISONED FOR DAYS

Mr. George Harkness, of the customs office, encounters many strange people and packages in the course of his daily duties, and could if he chose tell of many amusing incidents that have occurred in his office.

One of these was brought to light yesterday, when a young man whose trunk had been shipped in bond, and which had been stored in the customs house for close to a week, called to claim his property. When the trunk was opened for inspection it was found to contain, among other things, a cat, still alive, which had evidently been shut up during the entire period.

CLAIMS CANADIAN CAPITAL IS SAFE TODAY IN RUSSIA

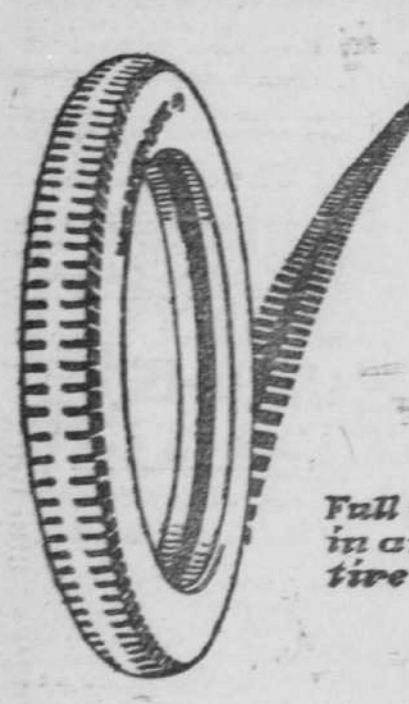

Russia Must Have Foreign Capital and They Must Keep Their Bargains to Get It.

TORONTO, Sept. 11.—"Canadian capital is as safe today in Russia as in Canada," Sir Donald Mann, Canadian railway builder, said on his return to Toronto from a 2500 mile strip through Soviet Russia. "I believe the Russian Government will live up to any contracts they make. They must have foreign capital and they must keep their bargains to get it."
