

BRITISH LABOR STILL FOR LEVY

On Capital For Redemption Of
War Debt — But Oppose
Communists

London, June 26.—A levy on capital for redemption of the war debt was re-affirmed as one of the chief planks in the platform of British labor by Sidney Webb, presiding today over the twenty-third annual conference of the Labor party. He advocated a graduated levy on fortunes of £5,000 up, and declared there could be no financial security of restoration of the industrial prosperity as long as a million pounds sterling had to be taken out of the product of labor each working day before either wages were paid or profit made, merely to defray the interest on the war debt.

The Labor party, he added, was prepared to form an alternative Ministry whenever called upon. Labor's foreign policy would be to tell France that "we will go no step further with her in what seems to us a fatal policy of aggression arising seemingly from what psycho-analysts would call a fear complex, unworthy of a great nation."

An emphatic vote against the affiliation of the Communists with the Labor party was cast. The card vote cast for affiliation was 366,000, while 2,880,000 votes were cast against it.

The conference, which opened this morning, is presided over by Sidney Webb, the author-lecturer. Labor member of Parliament for Seaham Division of Durham.

AIR FORCE OF GREAT BRITAIN

Will Be Strong Enough For
Home Defence—Hope For
Limitation

London, June 26.—Prime Minister Baldwin announced in the House of Commons this afternoon that the Government had decided to establish a home defence air force sufficiently strong to defend the country from attack by the strongest air force within striking distance.

Arthur Ponsonby, Labor member for Sheffield, asked "whether this new competition in armaments would not eventually lead to the same consequences as the last."

"No, I hope not," replied the Premier. "I hope that long before the date arrives there may be some agreement in regard to limitation."

Colonel Sir Samuel Hoare, Secretary of State for Air, in answering another question, declared emphatically that the whole object of this expansion was home defence and nothing more.

RAILWAY SHOPMEN

OFFERS PROPOSALS

Montreal, June 26.—The Railway Association of Canada received this morning wage and working conditions proposals of rail shopmen on Canadian lines, negotiations on which open shortly.

The shopmen ask an increase of ten cents an hour for all grades, making a proposed rate for mechanics of 80 cents an hour; for freight carmen of seventy-three cents and a minimum rate for helpers of 57 cents an hour. The present rates are: Mechanics, 70c.; freight carmen, 65c., and minimum rate for helpers, 47c.

ELECTRICAL, WIND AND HAIL STORM IN N.Y. DISASTROUS

Four Dead, Many Injured And
Heavy Property Damage
Was Result

RELIEF FROM HEAT

Woman Killed When Wind
Topped 30 Foot Brick Wall
—Trees Felled

New York, June 26.—Four deaths, many injured persons, and heavy property damage, followed in the wake of an intense electrical, wind, and hail storm, that swept New York and vicinity this afternoon.

Many towns in Eastern Pennsylvania reported electrical storms with heavy damage today. Coming after the prolonged heat wave that has caused scores of deaths throughout the Eastern United States, the storm brought immediate relief, and according to the weather forecasts ended the suffering from heat. Forecasts for tomorrow in the Eastern States give hope of cooler weather for the next few days. Heat today was reported as the cause of five deaths in Greater New York.

The storm was part of a general disturbance that swept eastward from the Great Lakes.

One woman was killed and several killed when the wind toppled a 30 foot brick wall, enclosing the East New York repair shops of the B.M.T. demolishing an automobile in which she was seated with Mrs. Rose Herring and Mrs. Herring's divorced husband, David Rosenfeld, both of whom were injured.

B.M.T. workmen extricated them and took them to a hospital where Mrs. Herring died. Mrs. Herring was injured internally and was not expected to recover and Rosenfeld, though badly hurt, was expected to live.

Fifty of the finest specimens of trees in Prospect Park were felled, some of them more than a hundred years old, blocking motor traffic on the drives and resulting in the temporary closing of the park to all traffic.

The brief storm was the climax of a sizzling day fraught with tragedy.

Mrs. Emily Elsworth, wife of a retired stock broker, died of heart failure superinduced by the heat, while she sought relief by lying in a bath tub in her Riverside Drive apartment.

Unbalanced by the heat, Mrs. Dora Katz, mother of three children, leaped six stories from the roof of her apartment and was killed.

Mrs. Beckie Kessler held police and firemen at bay with an axe and knife while they prevented her from throwing her two small children from a fire escape of her fourth floor apartment. She was sent to a hospital suffering from heat prostration.

Lack of rain and an extraordinary consumption of water have depleted reservoirs in northern New Jersey, and many towns were practically without any supply today.

On the Paris thirteen kegs of beer were dumped overboard and almost 4,000 bottles of wine carted away to Government warehouses. Without the slightest ceremony the customs men knocked the bungs from the kegs and poured the contents into the river.

After breaking the seals on the Cedric's wine room the officials carted away the liquor supply.

Dr. E. K. Sprague, United States public health officer here, who issues permits for medicinal liquor aboard foreign liners, today opened a special office this work. Six other vessels are waiting with excess liquor, and several more are expected this week.

DEATH LIST IN ONTARIO THREE

Property Damage From Storm
Not Less Than Million
Dollars

Toronto, June 26.—Owing to the crippled state of communication the full effect of last night's storm is still unknown and there is apprehension that the complete reports will increase the death list, which now stands at three. Property damage will not be less than a million dollars.

The towns located in the track of the hurricane have large gangs of men at work today clearing away the debris and it is expected that a week will elapse before streets and highways will be cleared of uprooted trees, broken telegraph and telephone poles and parts of shattered buildings.

The dead are:—Mrs. John Ellis, aged 82; Marsden, Wm. Farrelly, aged 73; Pilkington; Isobel Louise Brodman, aged 14; Pilkington. Mrs. Ellis, who lived with her son, was near the barn when the storm broke. The building was unroofed and a timber fell on her, breaking her legs. She was taken to hospital but owing to her advanced age she succumbed today.

William Farrelly was instantly killed when thrown or blown from a manure spreader when his team became frightened by the storm and ran away. His neck was broken.

Isobel Brodman, the daughter of Mr. and Mrs. Andrew Brodman, ran to close the drive shed door when the storm broke. Just as she reached the building a portion of the roof was ripped off and a flying piece of scantling struck her on the head, and she died in half an hour.

The velocity of the wind is said to have reached one hundred miles an hour in some districts.

ALLIES ARE TO DECIDE TODAY

On Their Common Attitude
Towards The Turks On
Ottoman Debt Problem

Lausanne, June 26.—Turkey announced at the official session of the Near East Conference today that she would permit Belgium and Portugal to adhere to the major part of the Lausanne treaty, now being framed, thus permitting an end being brought, for one thing, to the state of war between Portugal and Turkey, should the Lausanne treaty be signed.

Turkey also stated that Czechoslovakia could negotiate with her and obtain for Czechoslovakia the regime applicable to foreigners in Turkey which is part of the treaty.

The long-awaited instructions from the various Allied Governments concerning the treatment of the Ottoman debt problem are expected to-morrow when the Allies will decide upon their common attitude toward the Turks on this question.

LIEUT. COL. PANET
DIED YESTERDAY

AT OTTAWA
Ottawa, June 26.—Lieutenant Colonel L. C. Panet, Secretary of the Department of Militia and Defence, died early today.

Death was due to paralysis. Intestment will take place here Friday. Mr. Panet was not married. He is survived by his mother, Mrs. Charles Panet, who was formerly Miss Chateaufort, of Quebec; three brothers, Maurice Panet, Dawson City; Horace Panet, Johannesburg; South Africa; Henry Panet, Superintendent of the Chamby Power Plant; two sisters, Miss B. Panet, Lady Tascheran and five nephews.

Lieutenant Charles Panet, Department of National Defence, is a cousin. Another cousin is General Panet, of Toronto. In addition to his duties as assistant chief clerk, Mr. Panet had for the last four years fulfilled the duties of Deputy Sergeant at Arms, House of Commons.

DRURY RESIGNS AS ONTARIO'S PRIME MINISTER

"WETS" CAUSED DEFEAT

Is Opinion Of Defeated Premier—McCrea Minister Of Mines?

Toronto, June 26.—(By Canadian Press)—Premier Drury, following a meeting of his Cabinet this afternoon, went to Government House and tendered his resignation to the Lieutenant Governor to take effect July 16. Following acceptance of the resignation, the Lieutenant Governor, His Honor Harry Cockshut, summoned Hon. G. Howard Ferguson, leader of the Conservative Party, to Government House and invited him to form a Government.

Mr. Ferguson replied that he would be ready to assume the responsibility of office as soon as the position was vacated by the outgoing Premier.

According to latest reports from the various constituencies the Conservatives will have 75 members in the Legislature. The United Farmers will be the second largest group with sixteen representatives, the Liberals having fallen into third place with 15. There will be four Labor members and one Independent.

The advance of the United Farmers to second place was brought about by the election of Hon. Douglas Carmichael, in Grey Centre, and Hon. H. C. Nixon, in North Brant. Until this morning it was thought that Conservative candidates had been elected in these constituencies.

In addition to the Prime Minister, members of the Government defeated yesterday were:

Hon. Peter Smith, Provincial Treasurer; Hon. R. Grant, Minister of Education; Hon. W. R. Killo, Minister of Labor; and Hon. Henry Mills, Minister of Mines.

Interviewed today, Premier Drury declared that defeat was not a pleasant thing but a public man should accept it philosophically. He had the personal satisfaction, he said, of looking back mentally upon a clearly conducted Government and a fair election campaign, all of which meant a clearness of conscience that was everything to a man at such a time.

Mr. Drury attributed his defeat to the "wet" vote. The "wets" in the province, he believed, constituted a sufficiently strong element to elect any one party with which they aligned themselves.

Hon. W. E. Rancey, who as Attorney-General was prominent figure in the defeated government, declared today that a rumor to the effect that he would resign his seat rather than go into opposition was without foundation. "You know," he added, "I do not mind sitting in the bleachers."

It is not expected that Mr. Ferguson will announce for some days the names of those who will form his Cabinet. During the course of his campaign in Northern Ontario, the Premier-designate intimated that Charles McCrea of Sudbury would be selected as Minister of Mines; W. F. Nickle, K.C. elected by acclamation in Kingston; Col. W. H. Price, Parkdale; Hon. G. S. Henry, East York; Sir Adam Beck, London and M. McBride, Brantford, are among those mentioned as probable ministers.

Riga Says Archbishop Tikhon
Died In Prison — Moscow
Claims Released

Riga, June 26.—According to statements printed in the newspapers here, Archbishop Tikhon, former Patriarch of all Russia, died in prison on June 16. (This is the date given in Moscow despatches on which the Patriarch addressed a letter to the Supreme Court abjuring anti-Soviet tendencies. The Moscow Soviet officials say he has since been released but do not reveal his whereabouts.)

The Baltic newspaper advices said to have been received from Moscow to the effect that Archbishop Tikhon died in jail, charge that his death was the result of poison.

These reports were the Soviet before the appearance of the Soviet Government's announcement that the ex-Patriarch had recanted. No confirmation of this is obtainable.

Archbishop Freed.

Moscow, June 26.—The decision of the court, which is dated June 25, says simply that the request of Basil Ivanovitch Bellavin (Archbishop Tikhon's lay name) has been granted and that he has been freed.

From one official source it was indicated that he is given liberty only pending trial, but in other quarters it is stated that the trial, which was recently postponed indefinitely may never occur.

The former Patriarch was removed some weeks ago from the monastery where he had been held to the prison in Moscow, from which he is alleged to have addressed his letter of regret.

It cannot be ascertained whether the release has actually occurred or where the Archbishop will make his home.

We are that which we would contemplate from afar.

AUTOPSISTS ARE HEARD IN THE DELOME TRIAL

Victim Was Struck By Six .25
Calibre Revolver Bullets,
Was Revealed

BODY HALF FROZEN

Rigidity Was Ascribed By
Witnesses To Rigor Mortis
Bullets Shown

Montreal, June 26.—(Canadian Press)—Evidence of expert medical autopsists in the hearing of the charge against Father Delorme of having murdered his half brother, Raoul, here today was to the effect that the victim was struck by six .25 calibre revolver bullets. There were eight wounds, seven on the right side of the face and one on the left, but two of the bullets are thought to have passed through and through the flesh, causing two extra wounds. One of the autopsists, Dr. J. B. MacTaggart, stated that in his opinion any of three bullets that struck Raoul could have caused death. There were two that pierced the neck in close proximity to the internal jugular vein and another which lodged about one inch in front of the right ear.

The other autopsist, Dr. Derome, in the course of his cross-examination by C. H. Cahan for the defence, admitted that more than one person might have fired the shots which killed Raoul.

His evidence was to the effect that five bullets were fired into the right side of the face and one into the left side.

Two bullets were extracted, he continued, but two were never found when he and Dr. MacTaggart performed the autopsy on the afternoon of January 7, 1922, the day following the murder.

"Can you say," asked Mr. Cahan, "whether two bullets which went right through the head were of the same calibre as the ones you extracted?"

"I would not be positive," replied Dr. Derome. "I could not say from the wound alone whether a .22 or a .25 bullet had been fired."

"Or even a .32?" "Yes."

"Can you declare with any degree of certainty whether one person fired the shot or seven shots?" "I can say that the same person could have fired the shots but I cannot say whether more persons fired or not," was the reply.

"Is it not possible," asked the lawyer "that two persons fired shots into the victim?"

"In my opinion it is not probable; it is possible, however."

From the question as to the wounds, the cross-examination was carried on to the field of what is known as rigor mortis.

This state, the autopsist explained usually sets in after from three to six hours following death. In two cases, however, it sets in almost immediately. This is, if at the time of death the victim is engaged in a violent muscular combat or if he is shot either through the heart or the brain.

Mr. Cahan asked if in cases of suicide when the bullet has neither struck the veins of the heart or the brain, the deceased had not been known to clutch the revolver so tightly that it had been very difficult to wrench it out of his grasp, and that this was caused by rigor mortis.

Dr. Derome said he had never seen such a case personally. In the case of Raoul Delorme the witness was of opinion that rigor mortis probably set in from three to six hours after death. Making an assumption from the contents of Raoul's stomach after his death, he gave it as his view that if the victim had eaten a meal about one o'clock, he could have been killed about five o'clock that afternoon. The body was only half frozen and the witness ascribed the rigidity of the body to rigor mortis.

Extracted Bullets Shown.

The two bullets extracted were shown, one by Dr. Derome the other by Dr. MacTaggart. The latter explained that he had not turned in his bullet because he had been away to the United States following the coroner's inquest.

He had kept it locked up in his private office. It had been examined by Chief Lepage of the local detective department. Making an assumption from the contents of Raoul's stomach after his death, he gave it as his view that if the victim had eaten a meal about one o'clock, he could have been killed about five o'clock that afternoon. The body was only half frozen and the witness ascribed the rigidity of the body to rigor mortis.

TAX AMENDMENTS TO BE INTRODUCED INTO COMMONS

Ottawa, Ont., June 26.—Amendments of the business profits war tax act and the income war tax act are to be introduced in the House by Hon. W. S. Fielding, Minister of Finance. The amendments deal largely with questions of administration. Regarding income tax, one amendment stipulates that the income of a taxpayer shall be deemed to be not less than the income from his chief occupation; another that provisions be made respecting exemption of the income of consuls and officials of a foreign country or of Great Britain or of any of its self-governing colonies and of the pensions of any members of the military, naval or air forces of His Majesty's Allies.

Distribution Of Prizes At Convent.
The distribution of prizes to the pupils at the Convent of the Sisters of the Assumption, La Tuque, took place on Thursday evening, June 21st, in the Assembly Hall of the school.
There was a very good program presented to the parents and friends fortunate enough to be present, and was thoroughly enjoyed by all. The choruses were very well rendered, and the solos sung by Misses Germaine Roy and Paquette, showed their remarkable training, they were accompanied on the piano by Misses Annette Donat and Gisele Drouin.
The infant classes gave an exhibition of calisthenics, and was gone through wonderfully, to the great surprise of their parents, and reflects great credit on their instructor, Mr. Rene Decroix.
Rev. Father Corbell gave the audience a very pleasant surprise by having the Gervais brothers present. They started music at our convent, and they are now attending the Laval Seminary in Quebec where they passed their musical examination with very great distinction, they are the two sons of Mrs. Jeffery Gervais of La Tuque, and their wonderful training in music under the direction of Professor Gagnon of Quebec, was shown in the manner in which they played.
An address in English was given by Miss Germaine Roy, and an English song "Come buy my flowers" was sung by some of the pupils learning English.
The good musical training of the pupils of this Convent, was well shown out by the different choruses, piano solos and ensembles were played, about twenty girls played violins.
The thanks of the nuns and pupils was given to the friends in the form of an address, presented by Miss Annette Donat, after which the distribution of prizes took place.
Rev. Father Corbell gave the closing speech and was much enjoyed by all. The reverend gentleman begged of the parents present to educate their children to the limit of their means, to let other things slide if necessary, but to give their children education.
Mr. Boinjoud, representing the Brown Corporation, and Mr. J. A. Barracough, popular manager of the Community Club were among the invited guests who graced the event with their presence.
Much credit must be given to the Sisters, their patience and untiring effort were well rewarded by the entertainment given by these girls.
Special prize were donated by:—
Real Gravel, Mayor of La Tuque; Abbe J. Dampousse, curé of Grand Anse; Doctor Melancon, Mr. J. R. Drouin, Mr. F. X. Lamontagne, Mrs. M. E. Gauthier, Rene Decroix, M. E. Gauthier, M. O. Roy, M. A. Mr. Charles Hardy has returned to La Tuque to spend the summer vacation. Mr. Hardy is attending the Commercial Academy in Quebec.
Dr. and Mrs. Max Comtois have left for a short visit to Montreal.
Refugee Train Passes Through La Tuque.
Early Saturday morning a 20-car train carrying for the most part refugees from the fire devastated regions North of here, passed through La Tuque.
The refugees gave a harrowing account of the terrible fire raging along the districts served by the C. N. R. They reported that Parent was menaced by fire, and that a relief train was made up and ready to leave at a few minutes notice.
Men are leaving La Tuque for the fire districts in a steady stream, 120 more having left last night. The outlook appears to be getting very serious, and there is still no prospect of rain.

Improvement To Phone Service.
The news that the telephone exchange would be open in future night and day was very welcome to phone subscribers of La Tuque.
Not only does this now give us the same service as that in larger towns, but it gives us also the full benefit of Long Distance, not to mention the fact that the phone can now be used at night in cases of emergency.
This latest improvement to our social services is very gratifying and is one step more in the steady march of progress made by La Tuque in the past few years.

Distribution Of Prizes At College.
The closing of the year's work and distribution of prizes was held in "Le Cercle Paroissial" at 2 p.m., Friday, June 22nd.
Much credit should be given to the Christian Brothers in charge of this school, for the entertainment given by the boys.
The programme was as follows:
1.—La musique du regiment—(Choir).
2.—Address..... E. Gauthier.
3.—Le Gondolier de Venise—Choir.

6.—L'Etude, les voyages et le repos—A dialogue given by the pupils.
7.—Club drill.
8.—Quebec in 1870 by E. Lapointe.
After the distribution of prizes, Rev. Father Corbell gave the closing address, in which he exhorted the parents to give their boys the best education they could afford to take an interest in the school question, and to their best towards raising funds to enlarge the Convent and College to accommodate more children. The reverend Mr. Corbell, who is a very able speaker, pressed the point home, and it is to be hoped his appeal will be met with ready response.

Distribution Of Prizes At Convent.
The distribution of prizes to the pupils at the Convent of the Sisters of the Assumption, La Tuque, took place on Thursday evening, June 21st, in the Assembly Hall of the school.
There was a very good program presented to the parents and friends fortunate enough to be present, and was thoroughly enjoyed by all. The choruses were very well rendered, and the solos sung by Misses Germaine Roy and Paquette, showed their remarkable training, they were accompanied on the piano by Misses Annette Donat and Gisele Drouin.
The infant classes gave an exhibition of calisthenics, and was gone through wonderfully, to the great surprise of their parents, and reflects great credit on their instructor, Mr. Rene Decroix.
Rev. Father Corbell gave the audience a very pleasant surprise by having the Gervais brothers present. They started music at our convent, and they are now attending the Laval Seminary in Quebec where they passed their musical examination with very great distinction, they are the two sons of Mrs. Jeffery Gervais of La Tuque, and their wonderful training in music under the direction of Professor Gagnon of Quebec, was shown in the manner in which they played.
An address in English was given by Miss Germaine Roy, and an English song "Come buy my flowers" was sung by some of the pupils learning English.
The good musical training of the pupils of this Convent, was well shown out by the different choruses, piano solos and ensembles were played, about twenty girls played violins.
The thanks of the nuns and pupils was given to the friends in the form of an address, presented by Miss Annette Donat, after which the distribution of prizes took place.
Rev. Father Corbell gave the closing speech and was much enjoyed by all. The reverend gentleman begged of the parents present to educate their children to the limit of their means, to let other things slide if necessary, but to give their children education.
Mr. Boinjoud, representing the Brown Corporation, and Mr. J. A. Barracough, popular manager of the Community Club were among the invited guests who graced the event with their presence.
Much credit must be given to the Sisters, their patience and untiring effort were well rewarded by the entertainment given by these girls.
Special prize were donated by:—
Real Gravel, Mayor of La Tuque; Abbe J. Dampousse, curé of Grand Anse; Doctor Melancon, Mr. J. R. Drouin, Mr. F. X. Lamontagne, Mrs. M. E. Gauthier, Rene Decroix, M. E. Gauthier, M. O. Roy, M. A. NEWS BUDGET OF GRAND'MERE

Sunday School Picnic Of Bethel Presbyterian Church Was Very Enjoyable

Grand'Mere, July 26.—The Sunday School picnic of Bethel Presbyterian Church was held Saturday afternoon at the picnic grounds at Lac des Filles. The pupils of the school with their teachers, parents and friends met at the church at one P. M. standard time and were conveyed by automobiles, by the courtesy of Mrs. Geo. Chahoon, Jr., Mrs. J. O. Mason (2 cars), Miss Lebrocq, Messrs. H. S. Kerr, J. E. Gough, A. M. Alverson, G. Horne, S. Austin to the lake. A trip was made around the lake in the gas-line yacht and in rowboats by some of the pioneers, while others went bathing and fishing as suited themselves. Promptly at 4.30 p. m. all rallied at the grounds and prepared for the races, which resulted as follows:
1st. race, boys 6 years and under—1st. J. E. Cawthray; 2nd. Howard Gough; 3rd. Consonation, W. R. Cawthray.
2nd. race, boys and girls, 8 years and under—1st. Donald Gough; 2nd. Cora C. Mason; 3rd. Wm. Foster.
3rd. race, girls 13 years and under—1st. Heat—1st. Kathleen Gough; 2nd. Ivy Young; 3rd. Lily Foster.
4th. race, boys 10 years to 14—1st. Graydon Richardson; 2nd. Leo Dewey; 3rd. Carl Wright.
5th. race, girls 16 years—1st. Edith Goodacre.
6th. race, sack race free for all—1st. Heat—1st. J. Gardner; 2nd. E. Dewey; 3rd. L. Dewey.
7th. race, boys and girls, 8 years and under—1st. G. Richardson; 2nd. J. P. Pals; 3rd. K. Gough.
8th. race, sack race big boys—1st. Brook Richardson; 2nd. J. B. Gough; 3rd. Batchelor Mason.
9th. race, ladies 17 years and over—1st. Miss Beryl Bishop.
10th. race, girls three legged race—1st. Pals; 2nd. Beryl Bishop and Iris Lebrocq.
2nd. heat—1st. K. Gough and E. Austin; 2nd. Irene and Gladys Pals.
Final—1st. K. Gough and Evelyn Austin; 2nd. Irene and Gladys Pals.
Starters Mr. H. Cousens, H. S. Kerr; Judges, Brock Richardson, J. R. Gough, A. M. Alverson, G. Horne. The prizes were distributed to the winners after each event by Misses Daisy Morrow, Margaret Walde, reached a higher stage of efficiency than ever before. Be that as it may, their decided improvement over their performances of last year reflects very great credit on their Bandmaster, Mr. L. Trudel, and on the bandmen themselves for their continued practice.

"Miss Nibroc" Contest Ends.
A mild enthusiasm Miss Marie Ann Tremblay was declared the winner of the contest held by the Brown Corporation for a young lady to represent them in the forthcoming Dominion Day celebration.
Over 800 votes were cast, Miss Tremblay having a majority of 190 over her nearest opponent, Miss Savard. Miss Lena Cleland was a very close third, only a few votes separating her from Miss Savard.

Municipal Elections.
Monday the 25th was nomination day for candidates for Wards 2 and 3 also for mayoral candidates.
Mr. Real Gravel, the present Mayor was re-elected for a second term.
In Ward 2 Mr. Jos. Lamontagne was elected by acclamation and in Ward 3 two candidates were nominated Messrs. Jos. Lamarche and D. Banville, so a pretty hot election is in prospect for this ward, as both men are very popular with different sections of the people.
Mr. Banville has already served a term as Alderman and is standing for re-election.
Mr. Lamarche is one of our best known citizens and is a large property owner.

Oddfellows Observe Memorial Day.
The St. Maurice Lodge, I.O.O.F., observed memorial day on Sunday the 24th, by attending a service at St. Andrew's Church.
A large number of the brethren assembled to hear the Rector, the Rev. Mr. R. G. Shires deliver a very powerful address, taking as his text "Mixpah." He emphasized the meaning of brotherhood as exemplified by the Oddfellows and exhorted them to live up to the ideals laid down by their Order.
A committee has been selected to decorate the graves of deceased brethren, several of whom repose in St. Andrew's Cemetery.

St. Jean Baptiste Day.
Sunday, St. Jean Baptiste day, was celebrated quietly by the Catholic community. The usual masses were read, but no unusual programme was carried out.

Mechanics Band Gives Concert.
On Sunday the 24th the Mechanics Band gave their first concert of the season. They presented a very varied programme which lasted from 7 till 9.30 p.m.
It was noticed, and generally commented on, that there was a great improvement in the execution of their various pieces, and many who had the pleasure of enjoying their concert stated that the Band had

CHRONICLES OF THREE RIVERS

Closing Exercises Of Convent Of Marie Reparatrice—The Sand Bag Contest

Three Rivers, June 25.—The pupils of the Convent of Marie Reparatrice held their annual closing exercises on Wednesday last, when a very attractive programme was given by the pupils, and was very much enjoyed by the parents and friends present after which the prizes were presented to the successful pupils. The following was the prize list: Special prizes, Intermediate Class Studies, first prize for French grammar and orthography, Miss Winnifred Brown and Miss Cora Nolin; first prize for history, Miss Violet Haney; first prize for composition, Miss Nellie Frost; first prize for commercial letters, Miss W. Brown; first prize for typewriting, Miss Bella Nolin. The prize winners in the Commercial Class, were Miss Ellen Dalton, Miss Adele Nolin, Miss Violet Haney and Miss Bella Nolin.
Several members of the local medical society are attending the meeting of the Joliette Society this week.
A young man from Three Rivers named Eugene Bronillette was drowned in the Assomption River on Wednesday last.
Messrs. Rosaire Marcotte, Jean M. Bueau, Jos. Marchildon and L. E. Fortier of this city are going to try for their Bar Examinations which will be held in Quebec in July.
Amongst the names that have been mentioned as likely candidates Messrs. Murray Bishop and D. C. Pomeroy.
After the races were run off the boys and girls lined up, the girls behind Mr. Frank Mecherger and the boys in the rear of Mr. A. M. Alverson and marched in good military style to the tables, which were laden with all kinds of eats to please the youngsters and the older ones too, to supper, and after grace was pronounced by Mr. Cousens, the hungry folks tackled the viands on the rustic tables and with hunger as sauce the stock of food commenced to diminish. After the younger set had eaten, the older folks of the picnic had their turn and did justice to the staples the good ladies had provided. The setting of the tables was under the supervision of Messames A. M. Alverson, John Morrow, Ralph Bishop, S. E. Austin, and A. Gardner. A little later Mr. S. E. Austin appeared on the grounds with a ten gallon freezer of ice cream with cones, which certainly appealed to the youngsters, many of whom made counter attacks upon the same, until alas the supply was exhausted. Before leaving for home or while waiting for the cars to arrive to take the merry makers back home, several who wanted to have another dip in the waters of the lake did so. Promptly at 7.30 p. m. the tired but happy picnickers climbed into the waiting automobiles and left for home, Philiberte truck was called into the commission into which several of the younger boys installed themselves and while passing through the villages of Ste. Flore and St. Jean Baptiste they let the natives know that a party of picnickers was returning homeward.

Tuesday evening, in the Industrial Soccer League Aluminum and Belgo will tie up in a regular feature.
The dates have been set for the Bowenell Cup match, to be played on July 7th, Shawinigan vs Waynagmack at Three Rivers.
July 14th Waynagmack vs Three Rivers at Three Rivers.
July 21st Shawinigan vs Three Rivers at Shawinigan Falls.

Shawinigan Continues To Win
On Sunday afternoon last, before a large crowd of spectators, the Shawinigan All-Star baseball team administered a decisive defeat to the Three Rivers Amateur team on the local grounds. The final score was 14 to 6 and is about a truthful story of the game. Guay was better in the pinches than Hamel and the locals had a slugging bed led by Penk and Tremblay with 3 hits each out of five times to bat. One of Penk's hits was a stinging triple to deep center. The visitors rather antagonized the local fans by their listless playing at times, especially in the last innings when, with none out and runners on first and second, the man from first deliberately forced his team mate off second and both were touched out as they stood between bats. The third man fancied some deliberate play, only making the visitors play to bring forth applause was a beautiful run, being caught of a long foul by Mahou in left field, and a smiling triple from the bat of W. S. Guy, which he was enabled to stretch for a run when the throw to third went high. The box score is given below:—

Severe Thunder Storm
Last night just a few minutes before two o'clock, many residents were awakened from their sleep by a peal of thunder which is said to have been the most violent many years. So deafening the crash and so prolonged the reverberation that many people feared that there had been a terrific explosion in one of the many great industrial plants along the St. Maurice River. At three o'clock another terrific crash occurred. So far as can be learned, no damage was done. The little rain that fell cleared the air of the smoke and for the first time in many days the sun is too bright to be gazed at with the naked eye.

Slight Accident at Plant of Canada Carbide Co.
On Sunday evening last one of the furnaces at the Plant of the Canada Carbide Co., exploded slightly and, blowing out a part of its back wall, set fire to a portion of the transformer of the visitors play to bring forth applause was a beautiful run, being caught of a long foul by Mahou in left field, and a smiling triple from the bat of W. SHAWINIGAN ENGLISH SCHOOLS

Hold Closing Exercises—Severe Thunder Storm—All-Star Baseball

Shawinigan Falls, Que., June 25.—The hall of No. 1 Fire Station was filled to capacity on Saturday afternoon to witness the closing exercises of the English Schools. The ceremonies were made purposely simple, as the pupils were just finished the exacting examinations and had had no opportunity to prepare an elaborate program.
The afternoon was ushered in by a chorus of the pupils assisted by Miss Della Winter on the violin. The Rev. Mr. Harrison then spoke briefly and in semi-humorous, semi-serious vein regarding the advantages of education.
Dr. Parmelee, of Quebec, expressed the pleasure which he to revisit Shawinigan Falls after an absence of 11 years. The remarkable progress of the little village of 11 years ago to the city of today was but an added proof of the great future before those who are now but school children. He urged the pupils to spare no pains to procure the very best education possible, and improve upon and gave promise that their children had every possible chance in the struggle for success.
Rev. Mr. Pulcher spoke feelingly of the honorable and important role of the school-teacher plays in the life of the child. In his hands, to a great extent is the making of the future of the nation, and the humble school house of today is teaching the lessons of life to the Prime Minister of tomorrow. The home, the school and the church were the chief factors in character development. Of these, the speaker had no hesitation in placing the home first.
Principal Smith then read a carefully prepared report of the work of the school year and gave promise of some of the innovations that would in all probability be introduced to further increase the efficiency of the school as a formative factor in character building.
On behalf of the Shawinigan Falls safety League, Mr. J. J. Freeland presented to Miss Della Winter and Miss Elsie Nish the capital prizes of a 5.00 gold piece each for the two best essays on "Safety: First" written by pupils of the schools.
Mr. R. A. Witherspoon, Chairman of the Board, then distributed the various prizes to the winners. Interspersed between the addresses, some excellent songs were rendered by Miss Nish and Miss Winter playing feelingly the Berceuse of Jocelyn and other pieces.

Three Rivers Victors
In a match that was at times closely contested and in which both teams had to put forward their very best at every moment of play, Three Rivers Soccer Team vanquished the Shawinigan Falls team by the score of 2 to 1. It was a splendid game for the winners to win and a heart-breaking game for the losers to lose. Shawinigan Falls led at half time by 1-0, but in the second period J. Adamson scored twice for Three Rivers and they were quite enough to win. Shawinigan can attribute its loss to the fact that the forward line missed many opportunities to score. In extenuation, it may be said that the loss of Grier, who was unable to play, was much to upset the play of the forward line.

The teams line up as follows—
Three Rivers: Goal, Atherton; backs, Spry and Dann; halves, Stewart, S. Stewart and Farmer; forwards, Colquhoun, Wilkinson, Adamson, Spence and G. Farmer.
Shawinigan Falls: Goal, Guggen; backs, A. Lang, W. Geddes; halves, W. C. Stewart, Murray, Rette; forwards, McWilliams, Ansley, R. Geddes, Davies, Sloan.
Mayor Dr. J. A. Dufresne kicked off the ball.

July 14th Waynagmack vs Three Rivers at Three Rivers.

WOULD TAP THE BIG COAL FIELDS

By Building Railway From Peace River District To Link C.N.R. System

Ottawa, June 26.—(By Canadian Press)—The feasibility of a projected railway from the Peace River district to connect with the main line of the National Railway System in order to tap "extensive fields of anthracite or semi-anthracite coal" existing in Northern Alberta and British Columbia is suggested in the final report of the Senate Committee which has been investigating Canada's fuel supply.
The Dominion Fuel Board is empowered to co-operate with transportation and other interests with a view to reducing freight rates, increasing to the utmost the use of Canadian coal in Canada and educating the public to use "Canadian coal."
With improved shipping and handling facilities west of Montreal the committee believes that Central Canada may in future draw a much larger share of its bituminous coal from Nova Scotia. While the difficulty of transportation of Alberta "domestic" coal to Central Canada is not minimized, it is suggested that with an increased output and mining operations carried on the year round, the cost of production would be reduced.

SIR AUCKLAND GEDDES
SAILED FOR ENGLAND
New York, June 26.—Sir Auckland Geddes, British Ambassador to the United States, sailed for home today on the Berengaria for a three months rest. The Ambassador's sight, which has been seriously affected during the past few months, was said to be improving slowly. His friends said he will not become entirely blind as was at first feared.

BOUNTY ON HEMP
(By Canadian Press)
Ottawa, June 26.—When discussion on the Government bill to grant a bounty on manufacture of hemp was resumed in the House this afternoon, Right Hon. Arthur Meighen said he would support the bill because it was an attempt, although a weak one, to encourage the binder twine industry. The bill was given third reading.

QUEBEC, JUNE 27, 1923.

THE ONTARIO ELECTIONS.

As a result of Monday's balloting in the Ontario Provincial elections, the Farmer-Labor administration of Hon. E. C. Drury has been overwhelmed by an avalanche and the only question that remains to be decided at the moment of writing is as to the exact size of the Conservative majority. So far as a Conservative victory is concerned the outcome offers little surprise to those who have been somewhat in touch with the political situation in the neighboring Province, but the complete overthrow of the Progressive Party, which had been looked to for the stiffest kind of opposition, was distinctly unexpected; while it is doubtful if even the most optimistic supporters of Hon. Howard Ferguson had hoped to carry the Province in such a sweeping fashion. Comparatively little was heard of the Liberal group throughout the campaign and it appeared to be not only disorganized but somewhat divided; therefore the showing actually made must be regarded as a favorable one.

He would be churlish indeed who grudged Conservatives throughout the Dominion the comfort and encouragement that they will undoubtedly take from this decisive result, coming closely as it does upon signs of reviving party strength in British Columbia, Quebec and, to a lesser extent, in Manitoba. It is, of course, reasonable to suppose that all these things do indicate a certain tendency on the part of the electorate to turn to Conservative policies and, even if it were not so, their effect will be to produce an increased confidence, a new aggressiveness on the part of the Conservatives themselves that is likely, in the end, to amount to pretty much the same thing.

On the other hand, it is possible to attach too much significance in a Federal sense to what is, after all, essentially a local issue. Possession of a Provincial Government does generally mean a considerable advantage to the corresponding Federal organization in that particular Province, but experience shows very clearly that in any Province and at any given moment the people may vote one way at home and another way at Ottawa. Besides this disillusionment with regard to the Progressive administration appears to have been much more of a determining factor in the elections just held than enthusiasm for the Conservative cause.

Coming into power a few years back, with the claim of being a new, more vigorous, and purer political force than that remaining to either of the two old parties in Ontario, the Farmers in the judgment of the electors have signally failed to live up to advance representations. Theoretical and often impracticable measures proved the unfamiliarity of the Drury Government with the conduct of public affairs and led to an unprecedented extravagance that has plunged the Province heavily into debt. Nor has it shown itself to be by any means immune from familiar political shortcomings. In a word, the Farmers have not only been unable to accomplish any outstanding reforms, but have weighed down the people with a heavy burden of taxation and their days have been numbered in consequence.

It is interesting, though now immaterial, to speculate as to what would have happened had Drury possessed the moral strength and power of leadership to carry through his projected "broadening out" platform and to cut himself loose from Morrison, his task-master. Temperamentally and by original affiliation a Liberal, the defeated Premier during his term of office gained a unique personal position in Ontario: the confidence of moderate Progressives was his, while a host of Liberals looked up to him as the ablest Provincial personality and would, there is reason to suppose, have joined themselves to his leadership on any sort of feasible terms. After hesitating for a time between two courses, Mr. Drury submitted himself to the dictation of the extreme element in his Party and thereby signed his own political death-warrant. Defeated in the riding for which he was a candidate, it remains to be seen whether he will now elect to retire from public life and, in spite of all the errors of the past four years, there are many who consider him too valuable a public servant to be permanently lost to the Province. Stranger things have happened than that he should re-appear later on, either in the local or the Federal field happily united once more in his old Liberal love.

This appreciation would be incomplete without a word of tribute to Mr. Ferguson for whom the victory means a gratifying personal vindication. He is fortunate in having a number of able men around him from among whom a strong Cabinet can be chosen easily. Another man whom the result has vindicated is Sir Adam Beck, who nailed his Hydro colors to the mast and received no undecided vote of confidence. The new administration, like its predecessor, is pledged to the enforcement of the Ontario Temperance Act, but Mr. Ferguson was carefully guarded in his utterances as to the merits of that measure and, in the face of Manitoba's example, it is quite likely that the people of Ontario may be given an opportunity of reconsidering their decision on the subject of prohibition before very long.

So far as the immediate effect upon Federal politics is concerned, elections will be hastened if the Progressives consider it wise to lay their case before the people before the current of opinion sets any more strongly against them; just as they will be hastened if the Liberals consider the growing symptoms of a popular return to the old party basis likely to operate sufficiently in their favor. No intelligent opinion can be formed for the moment as there is nothing to go upon beyond inference and guess-work; the probabilities are, however, that those within whose hands the power of decision rests will think it well to let sleeping dogs lie until after another session.

FORESTRY CONFERENCE.

Next month there will be held in Ottawa the second Empire Forestry conference, which has for its object the making of the Empire self-sustaining in the matter of timber supply. Lord Lovat, Chairman of the Imperial Forestry Commission, which is now engaged in a great work of reforestation in the British Isles, will be in attendance, and foresters from all parts of the Empire will be present. A most extensive programme has been arranged by the Dominion authorities for the entertainment and edification of the delegates. The conference opens in the last week of July, a tour of the Eastern Provinces being made im-

mediately after the formal opening. During this tour forest industries will be inspected and conditions generally observed. The meetings will then be held in Ottawa, at the conclusion of which the conference will visit the lumbering centers and forest areas in Ontario and Western Canada.

These conferences are intended as a periodical stock-taking of the Empire's forest resources, a pooling of information and improving facilities for increasing Empire trade generally in forest products. "In many cases possibilities have been neglected purely through the lack of information that has prevailed regarding supplies and facilities," states Natural Resources, published by the Department of the Interior. The ideal of forestry conservation is to maintain a sustained yield, taking out no more trees than can be replaced. In many parts cutting is carried on greatly in excess of growth, and it is to correct such wasteful conditions that this meeting of experts is arranged. The former conference was held in London in 1920.

ITALY ECONOMIZING.

A vigorous campaign of economy in the administration of Italy's affairs seems to be one praiseworthy effect, at least, of Premier Mussolini's dictatorship. Three Ministries and five under-secretariats are reported to have been suppressed. Government staffs in all departments have been radically reduced. The Guardia Regia has been disbanded; 17,000 railwaymen have gone, and 40,000, in all, will go. Signor De Stefani, Minister of the Treasury, estimates he will save \$80,000,000 by economies and he is reckoning on an increase in revenue of \$22,150,000. The results he has in view are being achieved without any process of new taxation. What the new Government in Italy is doing is enforcing vigorously the old taxation. The fraudulent are being asked to make the sacrifice for their country of ceasing to defraud. It is estimated that over 10,000 persons liable to income tax were evading it and these were yeoman farmers who paid property tax but not income tax. Government employees and the higher paid artisans. All these are now being roped in and made to pay.

Italy's finances were in bad shape when Signor Mussolini was called to power. The deficit in her 1918-1919 budget was \$1,150,000,000; 1919-1920, \$400,000,000; 1920-1921, \$880,000,000; and 1921-1922, \$410,000,000. Various estimates ranging from \$210,000,000 to \$325,000,000 were made of the deficit for 1922-1923, but it now appears it will be less than the former figure, and Signor De Stefani has promised that for 1923-1924 the deficit will be reduced to \$60,000,000 with its total disappearance during the following year. What Italy is doing illustrates what can be done by a Government pledged to economy. The Mussolini Government carries out its purposes without fear or favor and it is gaining strength in the estimation of the country.

The Progressive machine seems to have got into reverse gear in Ontario.

The Italian who put dynamite in his wife's house was carrying domestic discipline a little too far.

A good many wistful Conservatives in this Province wish that the landslide had hit here instead of next door.

Charles Dickens noted the tremendous torism of Toronto during a visit to the Queen City and its political views are still defiantly unchanged.

The sudden death of Brother William at Three Rivers will be mourned by all in this city who knew him as a good Christian, a good teacher, and a kindly, witty friend.

An Ottawa report states that the Government "may" stop the export of pulpwood. But what anxious forestry experts and lumbermen are waiting to hear is that it "will" do so.

The British Prime Minister says that there are no grounds for protest over the smashing of Government seals on British vessels by United States officials, but, if the situation had only been reversed the eagle's scream would have pierced the heavens.

A Verse Or Two

THE SHADOW.

A shadow leaned over me, whispering, in the darkness Thoughts without sound; Sorrowful thoughts that filled me with helpless wonder And held me bound.

Sadder than memory, sharp as remorse, in the quiet Before I slept, The whisper I heard of the one implacable Shadow And my heart wept.

"Day by day, in your eyes, the light grows dimmer With the joy you have sung. You knew it would go; but, ah, when you knew it and sang it.

Your heart was young.

And a year to you, then, was an age; but now," said the Shadow.

Malignant and cold, "The light and the color are fading, the ecstasy dying. It is time to grow old."

O, I could have borne the worst that he had to tell me Lost youth, age, death; But he turned to breathe on the quiet heart sleeping beside me The same cold breath.

And there by the throat I grappled him. "Let me bear all of it. Let her dream on." Soundlessly, shadow with shadow, we wrestled together.

Till the grey dawn.

PROTECTIONIST LIBERALISM

(Toronto Mail and Empire).

The low-tariff propaganda of Western Canada has had a certain effect in Eastern Canada. But even Mr. Fielding realizes that the tariff is now so low that it cannot be safely made lower. His pronouncement in favor of tariff stability in the last budget speech indicates the end of the road, and radical Westerners are now denouncing the Government as out and out protectionist.

ONTARIO'S ONLY HOPE.

(London, Ont., Free Press.)

It is supremely important that Ontario should have a Government with a working majority and able to give Ontario sound, stable, responsible administration. This is the chief need of the Province and can only be obtained by the return of a Conservative Government.

Quality Plus

When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it?

PORT OF PORTLAND MAKES NEW RECORDS IN MAY

Statistics for the port of Portland Me., for the month of May show that lumber exports for the month totalled more than 25,000,000 feet, board measure, while domestic lumber shipments amounted to more than 19,000,000 feet, or a total of more than 44,000,000 feet for the month, which brings total lumber shipments, both foreign and domestic, for the five months of the present year up to 182,676,000 feet. Foreign and domestic wheat shipments totalled 822,600 bushels, while for the first five months of 1923 the port handled 2,835,778 bushels, both foreign and domestic. Flour shipments showed a total of 87,582 barrels for

May. This brings the total for the first five months of 1923 up to 794,388 barrels, both foreign and domestic.

LAKE SHIPPING HAS BIG BOOM

Duluth, Minn., June 26—The Great Lakes shipping business, held to a late start this year, due to the delayed opening of navigation, is booming. Vesselmen point to the total coal and iron ore tonnage handled during May as evidence of the increased shipping activity over last year.

The coal receipts for May, the first month of the 1923 navigation season, totalled approximately 1,600,000 tons. This is one of the largest monthly receipts totals on record, marine men said.

GOVERNOR-GENERAL AT MILITARY COLLEGE.

Kingston, Ont., June 26—This is diploma day at the Royal Military College and the occasion was graced by the presence of Lord and Lady Byng. Their Excellencies arrived at 9.25 and the morning was spent in inspecting the work of the cadets and in viewing places of interest about the college. At noon prizes and diplomas were presented by the Governor-General in the Sir Arthur Currie Hall. At 2.30 His Excellency before a distinguished audience laid the corner stone of the memorial arch erected to the memory of the graduates who lost their lives in the great war.

BY-LAW No. 59

By-law concerning the Police Pension Fund.

(Drawn up in the French Language)
At a meeting of the City Council held on the 22nd June, 1923, the following By-law was read for the first time:

It is ordained and enacted by this Council and the said Council doth ordain and enact as follows, to wit:
Art. 1.—It is hereby created a Pension Fund for the members of the Police Force of the City of Quebec, in the hereinafter manner, provided, which Pension shall exist from the day said By-Law shall be put in force.

Art. 2.—Said Pension Fund shall be administered by a Commission composed of His Worship the Mayor the Chairman of the Finance-By-law Committee, the Chairman of the Police Committee and of another Alderman, and four members of the Police Force, of which one shall be a Captain, one a Lieutenant and two other members of the Police Force.

Art. 3.—As soon as possible after the passing of the present By-Law, the Council shall appoint by resolution the Aldermen to be a member of said Commission, apart from the Mayor, the Chairman of the Finance-By-law Committee, Chairman of the Police Committee, and shall also appoint the four members chosen by the members of the Police Force which shall remain in office until they are replaced by their successors as hereinafter stated.

Art. 4.—The members of said Commission shall be replaced as soon as possible in the hereinafter manner prescribed, after every general election of Aldermen.

The members whose term of office expires may be re-elected. If a vacancy happens on said Commission, either by death, resignation or any other cause, the commission, in the fifteen days following the vacancy shall appoint a person having the required qualifications, to fill said vacancy, and the person appointed shall remain in office until the next election of Aldermen, said appointment must be ratified by the Council.

Art. 5.—The Commission shall choose one of its members as Secretary.
Art. 6.—The Commission shall administer said Pension Fund and shall take cognisance of all the questions relating to the pensioning of the members of the Police Force, and shall report of its resolutions and decisions to the Council, who will approve, ratify or reject them.

Art. 7.—The pension fund shall be confined to the City Treasurer, who shall keep a special and distinct account from the other accounts.
Art. 8.—The contribution of each member of the Police Force shall be 55 cents a week and the amount of said contribution shall be retained each week, on his salary, by the accountant of the Police Department and deposited with the City Treasurer.

Art. 9.—The City binds itself to contribute an amount of 61 cents a week for each of the members of the Police Force and said amount shall be payable every six months.

Art. 10.—Five members shall constitute a quorum of said Commission.
Art. 11.—The accountant of the Police Department shall keep books for said Commission and shall every year prepare a report which shall be submitted to said Commission, said report shall be certified by the City Auditor.

Art. 12.—The accountant of the Police Department shall keep books for said Commission and shall every year prepare a report which shall be submitted to said Commission, said report shall be certified by the City Auditor.

Art. 13.—If a member of the Police Force resigns as such before he has served 10 years, he shall have no right to reimbursement of his contributions.

(b)—If he resigns after 10 years service, he shall have a right to one-third reimbursement of his contributions, without interest.

Art. 14.—The Pension shall be payable to every member pensioned off after 25 years service, or being 65 years of age.

Art. 15.—When a member of the Police Force shall be seriously wounded in the exercise of his duties or shall become an invalid through illness, accident or age, and after said invalidity shall have been declared complete and permanent by the Municipal Physician, in a written report by said Physician to the Commission, said member shall have a right to a full pension, that is to say, \$15.00 a week. But in case of disagreement, the Commission may take advantage of the following article 17.

Art. 16.—The Municipal Physician shall be authorized to decide the case of permanent disability, but in a case of dissentiment, the Commission shall have the right to appoint a physician and the policemen another, the decision of the majority shall be final.

Art. 17.—The cheques shall be signed by the President or one of the members of the Commission appointed to that effect and the City Treasurer.

Art. 18.—The City binds itself to take charge of the members of the Police Force who are pensioned off, which shall be found proper to be pensioned off, and to pay them from the pension fund, \$15.00 a week.

Art. 19.—For the ends of the present By-law, past services at the date of the enforcement of said By-law shall be accounted for.

Art. 20.—The Pension established by the present By-law is unalienable and cannot be seized.

Art. 21.—The expressions "members of the Police Force," employed in said By-law comprises all persons under the control of the Police Department.

But it is well understood that the municipal officers and employees liable to benefit of By-law No. 28 and its amendments concerning the Pension Fund of permanent municipal officers and employees, are not affected by the present By-law, which does not apply to them.

Art. 22.—His Worship the Mayor will be chairman ex-officio and have ruling vote.

Public Notice.
is hereby given that in conformity with the dispositions of the law, the above By-law shall be read a second time for adoption, on Friday, the 6th of July, 1923.

By order,
H. J. B. CHOUINARD, City Clerk.

Art. 10.—The City binds itself to June 26th.

BOND DEALERS

Meet In Annual Convention, Elect Officers And Spend Pleasant Time

The Isle of Orleans has in the past been known as Bacchus Island and Island of Sorcerers, and yesterday it was the temporary home of a group of "Wizards" of Finance. Probably at no other time in its very little history was the pretty little green island, one of the gems of the St. Lawrence, invaded by such an interesting "shock battalion" of financial experts.

The Bond Dealers who held their annual meeting yesterday, may not juggle with millions of actual cash, they may not delve daily in masses of glittering gold and crisp bank notes like their colleagues, the bankers, but they handle vast sums of most valuable "paper," municipal, school and other debentures, and occupy therefore a most prominent position in the realm of finance in this like in other countries.

Finance was, however, cast to the winds, at least in a figurative sense, after the serious business had been completed during the earlier part of the day, and yesterday afternoon and evening, the Bond Dealers "came down from their perch," they forgot for a few hours the drudge of the office and the daily grind of the long hours spent at a desk in many a strenuous tussle with figures to give themselves over completely to hearty frolic and fun, to the full enjoyment of the freedom of the open and the congenial comradeship of confidantes and friends.

In the morning the Quebec Bond Dealers Association had held their meeting in the Quebec Board of Trade rooms. The reports of the President, L. G. Beaubien, and that of the Treasurer had been read and adopted, and other general business had been followed by the election of officers, when Rene Dupont, of Quebec, had been elected President; J. F. Boulaud 1st Vice-President; J. H. Boivert, 2nd Vice-President; A. E. McNichols, Secretary; and Emile Gravel, Treasurer.

Those officers with Baron D'Halewyn, of Montreal, were chosen as members of the new board of directors.

In the afternoon the bond dealers repaired to the Isle of Orleans and after they had enjoyed a motor drive round the island they gathered round the festive board in the Chateau Belair for their second annual banquet.

After a fine selection of foods, cooked in a manner to tempt the appetite of the most fastidious, had been disposed of with the assistance of some flagons of select vintage, and cigars and cigarettes had been set aglow, the Chairman, L. G. Beaubien, raised his glass to the King and then in a very brief but neat little speech proposed the health of the Province of Quebec.

Oscar J. Morin, Minister of Municipal Affairs, replied to the toast. He referred to the changes which had been made during the last session in the Cities and Towns Act in regard to the issue and sale of debentures, dwelling at some length upon certain amendments which had been made at the suggestion of the bond dealers or for the greater protection and security of the ratepayers. Mr. Morin stated that the Government had been requested to appoint a body of inspectors to audit and inspect municipal books and accounts and he believed this would be brought about at the next session of the Legislature.

Mr. Morin also suggested the organization of "lecturers," similar to those who today visited the various rural districts in the interests of agriculture. They would act as travelling advisers to the municipalities and their officers in connection with the issue of debentures and other securities.

The idea of having such "lecturers" (conference) had been adopted at the recent convention of the Union of Canadian Municipalities, said Mr. Morin.

The "Health of the Banks" was moved by H. DesRivieres, Manager of the Banque Nationale, and seconded by J. L. Collette, Manager of the Banque d'Hotelage.

L. G. Beaubien then referred to the great assets the Province possessed in its tremendous forest resources. He stated that several large French interests (old country French financiers), were very much interested in the great possibilities which those forests offered for development and that they intended shortly to invest large amounts of capital in the pulp and paper industries in the Province.

The health of the Press was moved by Paul Fontaine of Le Soleil, the health of the outgoing President and the newly elected head of the executive was proposed by E. C. Vidricaire. Several other toasts, to the organizer of the entertainment, and to the Association, were duly honored, and after it had been decided to send a cable to Rene Dupont, who is now in France, congratulating him on his election, a most pleasant gathering was brought to a close by the singing of God Save the King and O Canada.

Late in the evening were received from Premier Taschereau and Hon. David Nicol, expressing their regret at being unable to attend owing to very pressing business elsewhere.

Those present were: J. Charles Pelletier, A. Stuart McNichol, E. C. Vidricaire, J. F. Boulaud, H. DesRivieres, L. G. Beaubien, Oscar Morin, J. L. Collette, J. M. Simard, Oscar Hamel, Emile Gravel, J. A. Fugere, K. G. E. Palmer, Geffr. S. McDougall, A. C. S. Law, Oscar Dube, J. A. Fournier, Rodolphe E. Mackay, L. T. DesRivieres, and St. Geo. Lepinay.

COMMISSION TO SAVE THE FORESTS

Mr. W. H. Wiggs Enlarges Upon His Suggestion That Gov't. Name A Board

In a letter which he wrote to the Chronicle recently Mr. W. H. Wiggs suggested that the Government appoint a commission which would have charge of the management of the forest wealth of the Province of Quebec and would devise ways and means of protecting the wooded areas from fires and other destructive influences.

Interviewed by the Chronicle yesterday Mr. Wiggs enlarged upon this suggestion. He remarked that other efforts were being made in the same direction as shown by the article appearing in the Chronicle of June 23rd.

Mr. Wiggs believed that the first step to be taken would be to arouse public opinion to the gravity of the situation and when public sentiment was called for the appointment of a commission the Government could act with the knowledge that it had the public behind it.

He urged that all public bodies who realized the need of urgent action, should strive to arouse the proper feeling. The Fire Underwriters, he thought, would also be interested in the movement.

Speaking of the commission that the Government would appoint, Mr. Wiggs thought that very wide powers should be given to the head commissioner so that every practical means might be taken to conserve the forest wealth of the Province.

Other provinces, he said, had succeeded in reducing their fire losses to a very large extent, and there was no reason why Quebec should not be able to do likewise.

He was not aware that any expert estimate of this year's loss through forest fires had been made, but he would not be surprised if the devastation thus far entailed a loss of from ten to ten million dollars worth of wood.

Referring further to the importance of bringing the true situation home to the people of this Province, Mr. Wiggs said:

"I have just learned that there are several very large fires in the county of Charlevoix destroying in property, timber, land, fishing camps, villages, etc. It is the most serious public sentiment to the grave danger and terrific loss that is threatened the most valuable industry that we have in this Province."

No money can cover these losses. No estimation can be made of what it means to very general store keepers, to the mill owners, to the working men and to the public in general. This great sacrifice to the fire god Moloch with his insatiable appetite, is appalling.

The public sentiment on this question has not yet seized the gravity of the whole situation and I think that you should do your utmost to raise this public sentiment by which it will demand greater effort on the part of all concerned to prevent these losses or if not, to at least reduce them to a minimum. I feel perfectly assured that this can be done if only we can have the co-operation of our local Government, local municipalities, the lumber industry itself and all parties concerned.

"The great question is for one and all to realize the seriousness of the whole situation and this can only be done through the voice of the people as expressed through the columns of our influential newspapers."

THE ST. PATRICK'S PARISH PICNIC

Prizes Won Will Be Distributed Next Sunday Evening At The Institute

The prize won in the various contests held at the St. Patrick's parish picnic at Lake St. Joseph last Saturday will be distributed in Literary Institute Hall, 113 St. Ann street next Sunday evening at eight o'clock.

Apart from the prizes for the athletic contests the prizes for the bean-guessing contest and the raffle of a pair of gold-mounted prayer beads will also be distributed.

In the bean-guessing contest the prizes were won as follows:

Ladies, 1st. Mrs. W. Murphy (1200); 2nd. Mrs. F. Kindalen (1262).

Gentlemen, 1st. Mr. P. Farrell (1223); 2nd. Mr. F. McLaughlin (1240).

There were 1223 beans in the jar. It was ticket No. 23 that won the pair of gold-mounted prayer beads.

CONTRACT FOR THE LOWER TOWN SCHOOL

The Quebec Catholic School Board last night awarded contracts amounting in all to \$18,092.60 for the new school in Lower Town.

The question of appointing an assistant Secretary-Treasurer to Mr. Antoine Taschereau was brought up by Commissioner Varret, who held that there was sufficient work to keep an official busy and that it was an important matter to have a younger man to assist Mr. Taschereau so that should Mr. Taschereau be absent through illness or otherwise there would be another official who would be conversant with the affairs of the Board.

LA PRESSE IS OUTSPOKEN ON FOREST FIRES

Roundly Condemns The Culpable Indifference Of The Public And Government

EVERYONE RESPONSIBLE

Urges A New Mentality That Will Arouse People From Their Lethargy

In a recent article "La Presse," of Montreal, in an outspoken manner, comments upon the forest fire situation.

The public and the government are roundly condemned in the article for the indifference which exists while the forest riches of the Province are being reduced to ashes.

La Presse is pleading for a new mentality which will arouse everyone to the gravity of the situation.

The article reads as follows:—"It is fitting to again dwell upon this subject, since, unhappily it remains the question of the hour and dominates the situation."

"We are breathing the smoke of our burning forests, even the light of the sun is obscured; we cannot pick up a newspaper without reading therein some recital of a new disaster; how could we refrain from speaking of it."

"At the risk of counter-attacks, it must be dwelt upon, and with untiring insistence, for public opinion must be apprised of the gravity of the situation, it must be alarmed to the disastrous consequences of this plague, for if we are to triumph, this public opinion must be aroused from its slumber of culpable indifference; it must not only act to impose its will and demand the adoption of required measures, without any false ideas of economy, but it must also fashion a new mentality which is, in fact, the essential factor of success, by co-operating to react against the unjustifiable tolerance which has up to the present been evident in our Province on the part of public opinion."

"We must all say 'through my fault' with sincerity; we are all, in a body, as society, responsible for this state of affairs."

"If our forests are burning it is because we have remained lethargic, indifferent. We have lived in the illusion that we had so many forests that there would always remain sufficient."

"Our sympathy goes out to the unfortunate colon guilty of having imprudently and often times illegally set fire to his slash; it goes out to the criminal camper who while seeking his pleasure, does not even take the slightest care to extinguish the fire which he has lighted to cook his meal in the open!"

"We excuse them, doubtless because we are all more or less conscious of having been potentially guilty on many occasions."

"It is time that we change our mentality and that our sympathy goes out to the unhappy victims of these conflagrations; it is time that we realize the gravity of these crimes from a national viewpoint, for already these riches, the most fruitful of our patrimony at the present time is seriously compromised."

"In Europe also there are forests and they do not burn, except on unusual and very rare occasions."

"We are responsible for such a situation in Canada, and the time has come to realize it."

MRS. JOSEPH DESJARDINS DIED LAST EVENING

Esteemed Lady Passed Away After A Lingered Illness—Three Journalists Bereaved

The death occurred here last evening after a lingering illness of an esteemed Quebec lady in the person of Mrs. Joseph Desjardins, wife of Mr. Joseph Desjardins, Librarian of the Quebec Legislature.

A lady of high intellectual attainments and of true womanly qualities Mrs. Desjardins enjoyed the love and respect of a large circle of friends. She was born at Levis where she was educated and lived for a number of years after her marriage. In 1904 the Desjardins family moved to Quebec and since that time have been residing in St. Jean Baptiste parish.

Called by death at the age of 55 years, Mrs. Desjardins endured her last illness with true Christian fortitude and passed away peacefully early last evening with her husband and her three sons at her bedside.

The death of Mrs. Desjardins will be deeply deplored and general sympathy will go out to her bereaved family.

Bereaved her husband, Mrs. Desjardins is survived by three sons, Messrs. Valere, L. Philippe and Jean Marie Desjardins; one brother, Mr. Esdore Carrier, and three sisters, Mrs. L. J. Moore, of Quebec; Mrs. Ben Mason, of Sudbury, Ont., and Miss Ernestine Carrier, of Montreal, as well as a number of grandchildren.

Through the death of Mrs. Desjardins, three well-known Quebec newspapermen are bereaved. They are her two sons, Valere Desjardins, L. P. Desjardins, of the Editorial staff of L'Action Catholique, and Quebec Correspondent of "La Patrie" of Montreal, and her brother Mr. Esdore Carrier, News Editor of L'Action Catholique.

Mrs. Desjardins' funeral will be held on Friday morning.

SECOND HALF OF SCHEDULE DRAWN

City And District Baseball League Will Commence Second Half Sunday

A short meeting of the Quebec City and District Baseball League was held at the Victoria Hotel last evening at which the schedule for the second half was drawn up and adopted.

The question of playing games while the Quebec team was also playing here was brought up and it was decided to fulfil the schedule notwithstanding the counter-attraction. However, there is only one date that will affect the League and this is of August 12, as the Quebec team will be playing out of town on the other dates.

The second half schedule will commence next Sunday with Canadiens, first half champions, clashing with Napoleons in the opening match of the double-header and St. Patrick's meeting Verdun in the second.

The following is the schedule:

July 1—Canadiens vs. Napoleons; St. Patrick's vs. Verdun.

July 2—Verdun vs. Canadiens; Napoleons vs. St. Patrick's.

July 3—Canadiens vs. St. Patrick's; Verdun vs. Napoleons.

August 5—St. Patrick's vs. Napoleons; Canadiens vs. Verdun.

August 12—Napoleons vs. Canadiens; Verdun vs. St. Patrick's.

August 19—Napoleons vs. Verdun; St. Patrick's vs. Canadiens.

WITH THE GOLFERS AT THE NINETEENTH

(By C. Meredith)

In the 15-hole-Medal Play Competition held yesterday morning by the Ladies' Branch of the Quebec Golf Club, for prizes given by Mrs. E. G. Meredith, the following were the winners:

Class A—Mrs. A. R. M. Boulton.
Class B—Miss Shillie Bursall.
Class C—Mrs. Prover.

A very close match took place yesterday in the semi-finals of the "Foy Cup," in which Mrs. Cecil Thomson was defeated by one up by Mrs. Foy, the match going to the 19th green.

Tomorrow morning the Webb Challenge Cup and the silver and bronze medals will be played for.

Chantilly, France, June 26.—Miss Edith Cummings of Chicago, defeated Miss MacFarlane, of England, 9 up and 7 to win on the first day of the international women's championship held yesterday.

Harold Weber, Toledo, Ohio, and Francis J. Ford, Charleston, South Carolina, are two additional entries from the United States in the Canadian amateur golf championship to be played over the Kanawaki Golf Club course here starting July 2. Local entries received recently by R. J. R. Stokes, assistant secretary of the tournament, include Alex Wilson, a former champion, who will represent Mount Royal, as will G. W. Grier, D. V. McLean, the Senneville Country Club player, has forwarded his entry form, while W. Lawson Williams, of the Hermitage Country Club, was among those entering the lists over the week-end.

To E. H. Smeed goes the honor of being the second player to hole out in one at the Kanawaki course this season. Playing in a two some with Morgan Dawson over the championship course at the week-end he negotiated the third hole, a short par three, in one. Mr. Dawson subbed ball for a two, one under par, but lost the hole. Earlier in the season Dr. J. T. Novinger holed in one.

The following appeared in the golfing notes of Monday's issue of the Montreal Star:

"J. McManis, Ivan Boase, Paul Garneau and Frank Locke, professional, all of the Quebec Golf Club, who were in town attending the Province of Quebec championships, played two rounds over the Country Club course yesterday before leaving on their return motor trip to the Ancient Capital. Messrs. Garneau and Boase encountered some bad luck on Thursday afternoon while motoring to Isle-aux-Grues for a game. The Quebecers were hailed by an enthusiastic member of the motor-cyclist and then to Maisonneuve when it was found that the car license had been left at home. By the time they arrived at their destination it was time to sit down to dinner so that the Royal and Ancient had to take second place this time.

GAME POSTPONED.

Montreal, June 26.—The Eastern Canada Baseball League game scheduled to be played here this afternoon between Canadiens and St. Jean Rivers was called off because of rain.

MORE DIFFICULTY OVER BIG BOUT

Shelby Lumbermen Want Their Money For Constructing Arena—Claim \$58,000

Shelby, Mont., June 26.—Further financial complications loomed today for the management of the Dempsey-Gibbons heavy weight championship fight when local lumbermen and labor contractors threatened to foreclose a mechanics lien on the arena constructed for the battle.

Steps were taken immediately by local officials of the fight and Great Falls business men financially interested toward plans for an application for a restraining order under the Supreme Court at Helena if such action becomes necessary.

The claim against the arena for material furnished is approximately \$58,000, according to Geo. H. Stanton, Great Falls banker, who attended a conference held here today where a demand was said to have been made that the lumbermen be paid out of the first receipts from ticket money.

"We could not agree to this," Stanton, "as the second \$100,000 given toward the payment of Jack Dempsey's guarantee at Great Falls was paid with the understanding that the donors would be reimbursed first out of the first proceeds."

We offered to split up the money received pro rata in the payment of outstanding obligations," declared Stanton.

"If that offer is refused, our only resort will be to ask for a restraining order."

BASEBALL GAME WAS POSTPONED.

Rain caused the postponement of the final game of the series between the Royals and Quebec, scheduled for yesterday afternoon. Both teams left yesterday by the afternoon train for Montreal where they will open a series today.

Ray Cutter, who has been playing second base for the Royals for the greater part of the season, was given his release before the team left for the metropolis. Desrosiers, who has been playing in the outfield, will in all probability cover the middle sack.

LAWN BOWLING.

The Orleans Bowling Club have decided that they will hold practices and games on Tuesdays and Fridays for the present, and hope within a short time, possibly a week or ten days, to hold them on Mondays, Wednesdays and Fridays.

SPORTING NOTE.

Cadet Evan Fraser, in the final shoot for the Commissioners' High School Medal on Friday night last, turned in a possible score at the regulation distance at the Drill Hall. Cadet Captain M. Ramsey and Cadet Lieutenant N. Duchene had turned in scores of 96 each previously, when young Fraser appeared on the scene, and without any preliminary, scored ten consecutive bullseyes.

THREE CHAMPIONS TO APPEAR ON SAME CARD

New York, June 26.—Three champion boxers were signed today to appear on the same card of an open air boxing show at Philadelphia on July 30. Mickey Walker, welterweight champion, will meet Pete Latzo; Jack Bernstein, Jr., lightweight champion, will meet Harry (Kid) Brown, and Pancho Villa, who defeated Jimmy Wilde for the world flyweight title, will meet Kid Williams, former bantamweight champion.

CHICAGOAN LEADING FIELD IN TOURNEY

Washington, June 26.—John Dawson, of Chicago, shot a score of 73 to lead the field in the first 15 holes of the qualifying round today in the United States national public links golf tournament.

Dawson was out in 34 and back in 39, being bunkered on the last hole and taking three putts. His score set a new competitive record for the course.

TO STUDY WINES FOR ROYALTY OF JAPAN.

Tokyo, June 26.—Strong competition developed here for the job finally won by Rikichi Nomura, head of the alimental research laboratory. He is going to Europe to study wines of all kinds for the Imperial household of Japan.

Nomura's appointment was due to the fact that the use of foreign wines at various functions for the Imperial family has been increasing and is expected to increase more, as the Prince Regent plans to live most in foreign style in future.

Mr. Nomura expects to spend one year visiting France, Germany, Italy and England, returning to Japan by way of Canada and the United States. He expects to sample the wines produced in California and also those on sale in the provinces of Quebec and British Columbia.

This is the first time that the Imperial household department has sent an official on such a mission.

DURAND TO MEET McNAUGHTON

Flyweights Will Figure In Feature Bout At Imperial Theatre Monday Night

Kid Durand, the Montreal flyweight, who up to the present is under suspension by the Athletic and Sports Commission of Quebec will have his suspension lifted Monday evening when he steps into the ring at the Imperial Theatre to battle Young McNaughton of this city in the feature bout on a card that will be staged by the Quebec Sporting Club. The semi-final will bring together Kid Gagnon of Quebec and Jake Sherman of Montreal.

The Durand-McNaughton meeting has aroused a lot of interest among local fans; first on account of Durand putting over the sleep wallop on the local "Irish Flash" in their only scrap so far, and secondly because of Durand's failure to come here for a return bout, after signing with a representative of the Quebec Sporting Club. He was suspended for six months by the Quebec Commission for this latter act, though a rider was added that the suspension would be immediately lifted on his meeting the Quebec boy in a contest in this city.

Both boys have a number of followers locally who are wagering on their favorite to put over the dream wallop. Durand administered the first knockout of McNaughton's career when he put the Quebec boy out for the count in the fifth round of their bout here a couple of months ago. However, since that time, Durand over the decision route while the local lad put Brit away in the second round, scoring his second K.O. over the Montrealeur in two bouts.

McNaughton is confident that he will even matters with Durand, this time, and claims that it was a lucky punch that the Montrealeur sprung on him, that floored him a few months ago. In any case he will have to step lively for Durand can also handle his nuts and can sock also.

An eight-round semi-final between Kid Gagnon of this city and Jake Sherman of Montreal as well as two preliminaries, will also be on the program.

TAX BILLS ARE LET THROUGH

Finance Minister Introduced Controversial Subject In Commons Last Night

(By Canadian Press)

Ottawa, Ont., June 26.—The Finance Minister introduced a controversial subject into the House of Commons to-night when he called up two bills growing out of the budget. The first contained the changes made in the tariff and passed with opposition, but the second dealt with the sales tax and the tax on cheques and led to an extended discussion.

Mr. Fielding explained that the main change made in the sales tax was that that tax on imports was to be dropped in cases where the imports were sold to a licensed manufacturer, who used them in the manufacture of a product on which a sales tax was collected later.

Mr. Meighen strongly criticized the drafting of this new amendment to sales tax regarding imports. "It is almost worthy of the Minister of Agriculture in his oleomargarine act," he said. He did not think that any member of the House, even the Minister himself, knew what it was about. He (Mr. Meighen) doubted whether the Minister would ever levy the tax at all.

Mr. Fielding said that the former tax had been the subject of a great deal of complaint. He believed the change would work out well. It had been well considered by competent officials. Finally after much discussion, largely technical, the bill was given third reading shortly before one o'clock this morning.

TRAPPED IN BOAT CHILDREN BURN

Five Year Old Girl And Thirteen Year Old Boy Perish In Flames

New Haven, Conn., June 26.—Trapped by flames on an old gasoline tugboat on the Quinnipiac River, two children were burned to death when the boat caught fire late today.

The dead children are: Georgianna Turbert, 5, daughter of William Turbert, and William Gerrick, 13, son of Mrs. Helena Gerrick of this city. Several other children who were playing on the boat when the fire broke out got off safely. The cause of the fire is unknown but it is thought it was caused by a cigarette or match igniting the flames in the hold of the boat.

BOAT POSTPONED.

Milwaukee, Wis., June 26.—The ten-round, no-decision bout between Rocky Kansas and Johnny Mendelsohn, scheduled for the afternoon of July 4 has been postponed to July 9 it was announced today.

ECHOES OF OUR FIRST RACE MEET

Was Not Held By Incorporated Association But Private Syndicate

Montreal, June 26.—That the first meeting of the Quebec Hunt Club for purposes of racing in that city in the summer of 1921 was held not by an incorporated association, but by a "private syndicate or partnership," was the finding of Mr. Justice Lane in the Superior Court here today. His Honor comments:

"The law was framed just to prevent such a scheme and to assure that race meetings would be conducted by recognized incorporated associations and not by race track gamblers, presumably to assure the respectability of such meetings and prevent the betting public from being fleeced."

The finding and comment is in connection with the suit brought by W. Ziff for recovery of ten per cent racing profits at the meeting from F. M. Sullivan and Al. Ziff, who had paid \$2,500 for a ten per cent interest in a five year lease of the Quebec Exhibition Grounds.

The judge found the contract illegal and unenforceable by the court.

His Honor described Williams and an associate Woods as a "professional race track gambler who had been playing the race game for years."

'PHONE STRIKE NOT GENERAL

Few Of Larger Cities In Two States Severely Affected But Not Elsewhere

Boston, June 26.—The strike of telephone operators which started this morning in five New England States severely impaired service in a few of the larger cities in Massachusetts and Rhode Island and in some smaller places, but had little effect in a large part of the territory covered by the New England Telephone and Telegraph Company. In Maine, New Hampshire and Vermont only a scattering of operators went out and the service remained virtually normal. The union which is conducting the strike is the telephone operators department, International Brotherhood of Electrical Workers. The operators are now paid wages ranging from \$3 a week on assignment as a student operator to \$22 at the end of five and a half years service. The various New England exchanges are covered by seven different wage schedules. The union demands a consolidation of the exchanges under three wage schedules and wages ranging from \$15 a week on assignment as a student operator to a maximum of \$27 after four years' service.

MEIGHEN KICKS OVER ESTIMATES

Described Them As "Practically A New Set Of Estimates"

Ottawa, Ont., June 26.—The amount of the supplementary estimates was the subject of a protest by the Conservative leader in the House of Commons tonight.

"Practically a new set of estimates," Mr. Meighen described them. There had already been supplementary estimates of \$3,000,000 and now \$14,000,000 were added.

"Has the Minister of Finance wholly lost control of his colleagues?" he asked. "They are running away with him. What consideration can be given to these estimates at this stage of the session?"

The subject before the House was the sales tax and Mr. Fielding reminded Mr. Meighen of the fact. He could discuss the estimates when the estimates were before the House.

Mr. Fielding denied, however, that the supplementaries were large. The subject then dropped.

FIFTY N. Y. STOCKS RECORDS TO NEW LOW RECORDS

PROFESSIONAL TRADERS AGAIN FORCED RECESSIONS ALL OVER NEW YORK LIST

The Industrial Touched New Low Record For 1923—Belated Liquidation Was Factor In Decline—Call Money Advanced To 6 P.C. At Close—Foreign Exchange Quiet

New York, June 26.—Fresh buying power was again lacking in today's stock market and professional speculators for the decline had little difficulty in forcing recessions all over the list.

Fifty stocks established new low records for the year including special leaders such as United States and Gulf States steels, Baldwin, Studebaker, American Woolen and California Petroleum.

The industrial average also touched a new 1923 low.

Today's selling was aided by the belated liquidation of stocks pledged as collateral for loans to firms which recently went bankrupt.

The bearish forecast on conditions published today by a large statistical agency and the decline of Pipe Line companies to pre-rotate their oil runs also had a pessimistic effect on sentiment.

Most of the standard industrials failed to show any effective buying support until their previous low levels were reached.

United States Steel touched 30 3/8 and then rallied nearly a point, showing a slight fractional loss on the day.

Baldwin touched 118 3/8 and then rallied to 119, off 2 7/8.

Losses of 1 to 3 points also were registered by American Can, American Smelting, American Sugar, Bethlehem, Central Leather, Chandler, Consolidated Gas, International Harvester, Producers and Refiners, Sinclair, Utah Copper and many others.

Railroad shares were heavily sold on reports that two of the big brotherhoods were to meet soon to consider the question of wage increases. Several carriers, notably Pennsylvania Reading and Northern Pacific, touched new lows and the losses in some others ran as high as two or three points.

The further withdrawal of interior banks resulted in an opening rate of 5 1/2 per cent for call money which was advanced to 6 before the close. Time money was somewhat firmer, 60 days loans being quoted at 5 per cent.

The commercial paper rate was unchanged.

Foreign exchange business was quiet with recessions in all principal rates in sympathy with the heaviness in London. Demand sterling dropped nearly half a cent to 4.81 1/8 and French francs dropped 5 points to 6.12 cents. German marks were quoted around .0097 cents.

The day's total sales were 1,064,000 shares.

High 1923, 108.35; low 90.11.

20 railroads averaged 50.23, net loss 1.24.

High 1923, 90.63; low 80.13.

Speculative railroad and industrial mortgages sagged in today's bond trading in sympathy with recessions in stock prices.

Active U.S. Government bonds yielded slightly, losses ranging from 1-32 to 7-32 of a point. Foreign bonds also were in supply.

A drop of 5 points by Virginia Carolina Chemical 7 1/8, with warrants, was the outstanding change among industrial issues.

The decline in the rail was attributed largely to the drive against railroad stock during the day.

Total sales, par value were \$9,546,000.

Daily Gossip On Leading Stocks

The past week has been characterized by a slight improvement in the local paper trade, notwithstanding that printers are doing comparatively little.

The paper business is influenced by many general conditions, and the dullness in one direction is offset by the briskness in another. Some jobbers report that trade is spotty—that it will be excellent for a time and then it will be quite stagnant. It is certain that the days of more order-taking are gone, business has now to be obtained by going after it hard. In the opinion of one jobber, more of it could be secured if the sales forces generally had a little more imagination, although probably the salesmen would not agree with this view.

The mills report a trifling decrease in the volume of orders, but they are still well employed, export business being in a fair scale. If the reciprocity tariff with Australia goes through we hope for a substantial addition to our overseas trade.

The newspaper position is unchanged. The heavy calls on the mills are indicated by the fact that in May the production of Canadian mills totaled 110,252 tons, the largest amount on record for any month. This compared with 106,361 tons in March, which previously held the record. The general outlook is very satisfactory, and even if the demand falls off a little, the mills will still be pretty busy.

With regard to the pulp market, groundwood is also firm, with a good demand, and with supplies none too plentiful. Sulphite is in fair request. Bleached is being well bought, prices ranging from \$90.00 to \$100, according to grade. The statistical position of chemical pulp is good, the stocks on hand being very small. These stocks have gradually diminished, and the case of bleached totals about three days' production, while for all descriptions the stocks total about nine days' production.

In the June issue of the magazines of the continent there appear 2,107,640 lines of advertising as against 1,775,544 lines in the June issue of a year ago. The figure is the highest on record with the exception of June 1920, when the total reached 2,845,943 lines. This boom in advertising that is coincident with the expansion of business generally is one reason behind the enlarged demand for all grades of paper. The magazine publishers use book papers chiefly, that are largely made in the United States, although Canada supplies some of the paper consumed and a substantial proportion of the pulp from which the book papers are made.

In the newspaper publishing field equally high records are being established. It is quite likely that during the present year a larger volume of advertising will be placed in Canadian newspapers than ever before. Newspaper advertising is now running about 25 per cent above the 1919 figure which is considered the normal. This represents an increase of about 10 per cent above the average for 1922. As the output of the United States newspaper mills is not capable of great expansion, the larger quantities of newspaper required for the United States and Canadian newspapers is coming from Canadian mills with minor imports from European countries entering into the calculations.

Canada tied with Sweden for second place in the last of countries selling paper to Australia in 1921, according to statistics recently issued by the Australian government and reported to the United States Department of Commerce by the U. S. consul at Sydney. The Australian paper imports for the year ending June 30, 1921, according to this report were: From Great Britain \$8,472,000; Canada and Sweden, approximately \$5,400,000 each; from the United States \$3,740,000; from Norway, \$3,260,000.

Varying and interesting phases came to light in a survey of the Canadian bond market over the past two and a half years. The curve which continued steadily upward throughout the greater portion of this period has finally flattened out and has pursued this horizontal course for the past two or three months. There have been occasional moderate dips from this plane, but lately the tendency has been slightly upward, and the market is now hovering in the vicinity of the peak attained some months ago. The popular conception of the war years ago was 5 per cent and even on that basis bonds of practically every description sold at a discount. The 6 per cent rate has been supplanted by 5 1/2 per cent and at the moment the majority of issues carry a coupon rate of 5 per cent. Finance Minister Fielding, too, has given assurance that the forthcoming issues of Federal bonds will be at 5 per cent.

Another important change includes the tendency to lower the costs of new financing has been the changing complexion of financial markets. Whereas during the greater part of the period under review New York offered distinct advantages, with the result that the larger Canadian financing was almost entirely transacted in that market; reaction which set in nine months ago has tended to even up levels on the two markets.

LAURENTIDE CLOSING AT 93 WAS MARKET LEADER; AND GENERAL LIST WAS SOFT

46 Issues Came Out, Six Gaining And Twenty Losing—Cuban Canadian Sugar Was Strong Spot, Making Net Gain Of One Point—Bonds Active And Firm

Montreal, June 26.—Trading in listed shares on the local market today was marked by a soft tendency in a narrow range of issues with, however, some expansion in volume of business. Of the 46 issues that came out, six gained ground, twenty suffered losses, twelve remained unchanged and eight came out in broken lots only.

Laurentide led in activity and closed at 93 (ex-dividend, down a point). Brazilian was second and closed unchanged at 47 1/2. Canadian General Electric was third and was off 1 1/2 points at 95 1/2, ex-dividend.

Cuban Canadian Sugar preferred was the strong spot of the list closing at 33 for a net gain of a point. Lake of the Woods suffered the greatest decline closing at 174 1/2 for a net decline of 2 1/2.

Other price changes included Bell Telephone off 2 3/8; Cement off a point; Canadian Converters up 3/4; Illinois Traction off 1 3/4; Steel of Canada off 1 1/8 and Twin City off 1 1/2.

Total sales listed, 6,477.

Trading in bonds on the local stock market today was of good volume and the tone of the business was steady with firm trend.

Total sales \$52,800.

Closing Letters By Local Brokers (By J. G. Beauchien & Co.)

New York, June 26.—Stocks of all kinds have been extremely unsettled and irregular this afternoon although for United States Steel, Studebaker, American Can and Baldwin Locomotive, there was some good support at the prices, although there was no attempt by the buyers at these levels to follow their purchases through. Call money again advanced to six per cent. Trading was not on a very large scale and almost wholly professional.

The short interest in some of the speculative leaders bids fair to assume very large proportions. Total sales 2 p. m. \$61,000 shares.

The Chicago Produce Market

Chicago, June 26.—Increased hedging sales led to a decided fall today in the value of wheat, and carried the September and December delivery both down to a new low record for the year.

Closing quotations were unsettled at 3-4 to 3-8c net decline with September \$1.02 1/2 to \$1.02 1/4 and December \$1.05 1/4 to \$1.05 and corn finished 1-8 to 3-8c down and oats a shade to 1-4c off. In provisions the outcome ranged from seven cents decline to a gain of 3 1/2c. Closing:—Wheat, July \$1.02 1/2; Sept. \$1.02 1/2; Dec. \$1.05 1/4. Corn, July \$1.02 1/2; Sept. 79 1/2-80c; Dec. 87 3/4c. Oats, July 41c; Sept. 37 1/2-38c; Dec. 39 1/2-40c. Lard, July \$9.87; Sept. \$11.12; Ribs, July \$9.87; Sept. \$9.80.

Caterpillars.
Montreal—The caterpillars have this season made most serious inroads upon vegetation. The orchards in the vicinity of the city have been very much injured; even the forest trees are literally destroyed of their foliage. During a ramble a few days since, in the woods near town, we observed whole acres in which scarce a tree or shrub was not divested of its leaves.

Steam-boat Quebec.
The Steam-boat Quebec in coming through Lake St. Peter, had the misfortune to break the cross-head of her engine. The misfortune could not be remedied until the engineer could come to town and return to the boat. The Telegraph brought up from Lake St. Peter the passengers of the Quebec on Monday night.

I. O. O. F. Picnic.
A magnificent time was enjoyed by all who had the good fortune to attend the I. O. O. F. Picnic at St. Anselme on Friday, when the beautiful park was crowded with pleasure-seekers, who greatly admired its great facilities and appointments, as well as the attractions provided by the Picnic Committee. All the sports were well patronized, and there was no lack of amusement at the dancing pavilion, where a fine orchestra held forth. May the I. O. O. F. continue to give such delightful treat to their friends.

'98 Demonstration.
At least 400 Irishmen of Quebec left on Saturday for Montreal to take part in the '98 demonstration there yesterday. On the special train which left at 8 p.m. and arrived at Montreal shortly before midnight, were about 250, while others left by later trains. They were accompanied by the newly organized Pipe and Drum Band of the A.O.H.

New Pastor.
The Rev. Dr. Griffith, late of Brockville, who replaces the Rev. William Stirling as Pastor of the Methodist Church, arrived in town on Saturday, and conducted his first service here yesterday. The Rev. gentleman, who had the care of about 2,000 people in his last charge is a forcible and attractive preacher, being possessed of both eloquence and strong reasoning powers.

MEIGHEN'S PROTEST But Gov't. Majority Jettisoned Doctrine Parliament Should Vote Capital Estimates

(By Canadian Press)
Ottawa, June 26.—There was a division on the third reading of the bill to provide for the construction of Canadian National branch lines when Right Hon. Arthur Meighen moved to amend it to require both money and guarantees for construction to be voted annually instead of for three years as provided in the bill. Mr. Meighen's amendment was defeated by 101 to 28.

Mr. Meighen supported his amendment by citing the act to incorporate the Canadian National, under which he maintained deficits, guarantees or advances must be placed in the estimates.

Moreover, he said, in 1919, the present Premier had insisted on the insertion of a clause compelling the expenditures to be submitted to Parliament.

"Of course," he said, "this is a change of front, but changes of front are the inevitable rule, the only consistent thing that this Government does."

Hon. W. S. Fielding replied that the essence of the law was not that each item should be put in the estimates, but that each expenditure should be submitted to Parliament.

He pointed out that the present bill did not submit these votes to Parliament, railway subsidies, he added, were voted in bulk, as was the loan to Montreal Harbor.

HAS SAILED FOR THE ARCTIC

McMillan Party Start On New
Voyage Of Exploration To
Far North

Wiscasset, Me., June 26.—Capt. Donald MacMillan has sailed in the 115-ton auxiliary schooner Bowdoin to resume his explorations in the Arctic. Work begun on the Baffin Land Expedition, from which he returned last September, will be continued in Ellesmere Land, northern Greenland. He expects to return in 15 months, but may be compelled to stay until the fall of 1925.

The party includes three who were on the previous trip. These are Ralph P. Robinson of Merrimac, Mass., chief assistant; Thomas J. McGuire of Briggs, N.E., mate, and Richard Goddard of Winthrop, Mass., sent by Carnegie Institute to continue the observations in terrestrial magnetism and atmospheric electricity, which he began in Baffin land.

The others are Donald H. Mix of Bristol, Conn., radio operator, sent by the American Radio Relay League, composed of 15,000 boy operators; W. F. Lewis of East Lynn, Mass., and September, and Jaynes of Somerville, Mass., engineer.

Abram Bloomfield, driver of Eskimo dogs, will be picked up at Jack Lane's Bay, near Davis Inlet, Labrador, for his second trip on the schooner.

The Bowdoin is expected to reach Etah about Aug. 20.—At Cape Sabine the vessel will be allowed to freeze in for the winter, 650 miles from the North Pole.

The principal exploration will be a dog team trip over the ice cap of Ellesmere Land, 4000 feet high, and down the other side into Eureka Sound, where big coal deposits which Captain MacMillan found in 1914 will be investigated.

Mr. Mix plans to broadcast 500 words a week for the American Radio Relay League, sending on a wave length of about 250 meters from WNP (Wireless North Pole).

**TEMPERANCE ACT
STILL IN FORCE.**
Winnipeg, June 26.—A reminder to the people of Manitoba that the Temperance Act still is the law of the Province despite last Friday's vote for a system of Government sale was issued by Hon. R. W. Craig, Attorney-General.

The police department, he said, had been instructed to continue rigid enforcement of the law; bootlegging and importation continued to be illegal and would not be permitted.

OVERWORKED MOTHERS
We all know them. Mothers who in their anxiety to keep their homes neat and attractive and their little ones well dressed as their playmates, toil on day in and day out, sweeping, dusting, mending and cooking, often suffering from backache, pain in side, headache, nervousness, sleeplessness, all symptoms of more serious ailments. Thousands of such women have found relief from such suffering by taking Lydia E. Pinkham's Vegetable Compound, as is evidenced by the letters of recommendation continually being published in this paper. For nearly fifty years this old-fashioned root and herb medicine has been restoring ailing women to health and strength.

TOO WARMLY DRESSED

And then Wondered Why He Was Not Comfortable.

"One of my best customers came into my shop one day wearing English woolen socks and Wooley under wear—and he complained of the heat," said George Morissette.

"I sold him an Irish linen suit, and advised him to wear cotton or linen undergarments. The day afterwards he swaggered in, happy and full of vigor, and bought one of my best Palm Beach suits at \$20. Comfort is a matter of dress, he agreed, and that is what is studied each season in our Semi-ready store on St. John street."

Fashion's forecast

The Misses Kathleen and Irene Shields gave a "Linen Shower" on Monday evening at the residence of their parents, Mr. and Mrs. M. P. Shields, Lockwell St., in honor of Miss Katherine D. Loberg, whose marriage to Mr. T. J. Kerwin is to take place July 19th.

The Lieutenant-Governor of Nova Scotia and Lady Grant gave a luncheon at Government House, Halifax, N.S., recently in honor of the delegates to the national meetings of the Catholic Women's League of Canada and the Women's Council, when a number of Montrealeers were present.

June—the bride's own month—holds promise of breaking all records for number of weddings in the history of New York. Dr. Randolph Ray, new handsome, youthful pastor of New York's historic "Marrying Church"—the Little Church Around the Corner—is authority for weddings Thursday. Dr. Ray's successor to the late Dr. George C. Houghton, gave his views on "how to be happy, though wed." He advised couples to have a financial understanding, keeping a joint checking account. The old custom of putting the wife on an allowance is just another way of saying she is on the salary list. The Little Church Around the Corner has adopted a new policy. Under Dr. Ray there will be no secret marriages. Run-aways cannot find sanctuary there. "Many modern marriages are entered into too hastily," Dr. Ray asserted. "Investigation will prove that the majority of divorces are directly traceable to this." Dr. Ray has been kept constantly busy. It is utterly true he can scarcely step out of his study door without meeting a blushing couple.

MAINE COAST RESORTS
To many thousands of people there is no holiday than can compare with a vacation spent by the seashore. The smooth, sandy beaches, the rocky coves, the murmur of the restless ocean, the invigorating breezes, the cool refreshing nights, the delights of bathing, boating and fishing combine to make a well-nigh irresistible appeal to the vacation seeker. The Canadian National Railways has just issued a handsome illustrated publication entitled "Seashore Holidays" giving a hotel directory, map, etc. Copy may be had free on application to any Agent of the Canadian National Railways or to S. J. Nestor, City Passenger Agent, 10 St. Ann Street, Quebec.

THORNTON WILL VISIT ALL CANADA

Unless People Tell Him To
Stop—That Is His Policy,
He Says

(By Canadian Press)
Prince Rupert, B.C., June 26.—"Until the people of Canada intimate that they want me to stop, I shall continue to visit the parts of the country and see as many Canadians as I can. I believe this is essential if I am to prosecute the task which the Government of Canada has set me."

In this way Sir Henry Thornton, President of the Canadian National Railways, defined his attitude to "certain individuals" who, he said, had criticized his course of inspection of the National Railways. He proposed to continue his present policy, he said.

Sir Henry was addressing the Canadian Club in Prince Rupert. He spoke in optimistic vein of increased receipts and an encouraging spirit of efficiency and co-operation with the ranks of Canadian National Railways employees.

Population was the crying need of the country. Sir Henry thought any settlers should be admitted to Canada so long as he was sound of mind and body, could give assurance of not being a charge on the public and was willing to live quietly under Canadian laws.

We carry our neighbor's fallings in sight—we throw our own over our shoulders.
