### TO-DAY'S WEATHER.

Toronto, Ont., March 22. — Rain has fallen to-day over Ontario and Quebec attended by a few local thunder storms and rain is now setting in over the Maritime Provinces. The weather has been fine and quite cold in the Territories and Manitoba but it now seems unlikely that the cold will spread eastward.

## THE LATEST ATTACK ON PORT ARTHUR

By the Japanese Fleet—The Latter was Discovered Approaching the Harbour by the Russian Searchlights—The Batteries then Opened Fire on the Ships which Retired.

### THE RUSSIAN ACCOUNT OF THE BATTLE SENT TO THE EMPEROR.

St. Petersburg, March 22. — The Emperor has received the following telegram from Viceroy Alexieff:— "Lieut. General Stoessel reports that at midnight of March 21, Japanese torpedo boats were discovered by our searchlights. Our guardship and fort batteries opened fire upon them, the firing lasting for twenty minutes. At 4 o'clock in the morning, the attack was renewed. At 6.30 o'clock in the morning four of the enemy's ships appeared from the south followed by the whole squadron of 11 ships and eight torpedo boats. Our squadron left the roadstead to meet the enemy. At 9 o'clock the enemy's battleships opened fire on Liao Tshin, after which they took a position behind the rocky heights of Liao Tshin, and bombarded Port Arthur."

preventing the enemy from crossing the Pak-Chon river. Our cavalry found three Japanese squadrons on the left bank of the river but they withdrew towards Anju on the arrival of our detachment, without fighting. The Japanese squadrons numbered 190 each. On the night of March 19th, the two despatch riders encountered a Japanese patrol between Kazan (about 50 miles north by west of Ping-Yang) and Chenchu (about 12 miles north of Kazan). The patrol opened fire but our despatch riders escaped unhurt. According to a report three thousand of the enemy's cavalry occupied Yong-Pyon March 19th and material for pontoon bridges has been placed in readiness north and south of Anju."

### IS PORT ARTHUR BLOCKED?

London, March 23. — A correspondent of the Times at Tokio, under yesterday's date, cables that it is rumored that the Japanese have succeeded in blocking the entrance to Port Arthur.

London, March 22. — A despatch to Reuters' Telegram Company from St. Petersburg, says:— "Japanese torpedo boats appeared off Port Arthur at midnight of the night of March 21-22, and the shore batteries and guardships shelled for 20 minutes. The Japanese retreated but re-appeared four hours later when they met with the same reception, when they retired again. At 6 a.m. a Japanese squadron of two divisions composed of four and eleven ships and accompanied by eight torpedo boats appeared, and the Russian squadron sailed out from the outer roadstead to meet them. No further details regarding the action are available. At 9 a.m. the Japanese battleships, having fired several shots at Liao Tshin and sheltered behind the promontory, commenced a bombardment of Port Arthur."

### A SHARP LOOKOUT.

St. Petersburg, March 23.—All information which has reached St. Petersburg shows that the defenders of Port Arthur had taken seriously to heart the coup of the Japanese torpedo boats at the beginning of the war and were maintaining a sharp lookout. The Japanese torpedo boats were twice discovered sneaking towards the harbor entrance under cover of darkness, but both times were driven off by a hot fire. The breaking of day necessarily prevented further torpedo boat operations and Admiral Togo brought up his battleships and cruisers. The division of his fleet was for the purpose of making a cross fire upon the harbor in the hope of destroying the town and of damaging the Russian ships lying in the basin, or at least of demoralizing the personnel of the defending force. The bombardment of March 9 showed to the Russians the advantage to the enemy if the position of Liao Tshin, which Vice-Admiral Togo's ships took up this morning and Vice-Admiral Makaroff sought to minimize this advantage by so stationing the battleship Retzivan that her shells could reach the Japanese battleships. The fact that the Retzivan was used for this purpose proves the falsity of the report that her great guns had been removed and installed as a battery at Pigeon Bay, and it has given rise to the impression that there is an inadequate supply of great guns at Port Arthur, as otherwise a battery would have been erected to protect the town at the only point which Vice-Admiral Togo seems to regard as vulnerable from the sea.

### DID NOT PUT TO SEA.

When the first official despatches were received the belief gained ground that Vice-Admiral Makaroff had put to sea, and that a naval fight had taken place. While this would be in keeping with his character as an intrepid officer, which is further indicated by his use of a protected cruiser as his flagship, it was not in accord with the plans of the Russian authorities. Later advice established the fact that the Admiral had simply gone with the undamaged portion of his fleet to the outer roads where he could more effectively support his batteries and at the same time take advantage of any weakness which might develop in the enemy's attack.

### AMERICAN HENLEY REGATTA

Philadelphia, March 22.—The board of stewards of the American Rowing Association has completed the programme for the second annual Henley regatta, which is to be held on the Schuylkill River on May 30th. It will consist of ten events, in addition to the race for second university crews, which will be one of the features of the meeting. The course will be the regular Henley course of a mile and 550 yards, straightaway. For the convenience of spectators there will be a covered stand erected at the finish line, capable of seating at least 5,000 and commanding a view of the entire course from start to finish.

## OPENING OF THE QUEBEC HOUSE

By His Honor the Lieut.-Governor

### A LARGE GATHERING PRESENT

OF PROMINENT CITIZENS—A VERY MEAGRE BILL OF FARE OFFERED FOR THE CONSIDERATION OF OUR LAW-MAKERS—FROM PRESENT APPEARANCES THE SESSION WILL NOT BE A LENGTHY ONE—NEARLY ALL THE MEMBERS OF BOTH HOUSES PRESENT AT THE OPENING.

Notwithstanding the inclemency of the weather yesterday, an exceptional large number of invited guests attended the opening of the Provincial Legislature. At three o'clock sharp, Lieut.-Governor Jette, escorted by a detachment of the Queen's Own Canadian Hussars, under command of Lieut. Dobell, arrived from Spencer Wood at the Parliament Buildings where His Honor was received by a guard of honor from the R.C.R., commanded by Lieut. Hill. As Sir Louis Jette entered the building the R.C.G.A. band struck up the National Anthem, while the guard of honor presented arms and a salute was fired from the Citadel.

As soon as the Lieutenant-Governor reached the buildings he proceeded to the Legislative Council Chamber, accompanied by Major Sheppard, Capt. A. de L. Panet, A.D.C.'s, and Mr. A. Genereux, Private Secretary, and occupied the chair of the President of the Council. His Honor was surrounded by Hon. Messrs. Parent, Gouin, Turgeon, McCorkill, Guerin and Weir, and a brilliant military staff, consisting of Lt.-Col. Paletier, D.O.C., Lt.-Col. Dunbar, D.S.A., Lt.-Col. Wilson, Lt.-Col. Boulanger, Lt.-Col. Farley, Lt.-Col. McDougall, Major Ouellet, Surgeon Major Brousseau, Surgeon-Major LeBel, Capt. Ogilvie, Wells, Gordon, Executive Aid and Riflet, Lieuts. Almond, Howard, Trudel, Gooddy, Hughes, and Parfait. Among the invited guests occupying seats on the floor of the Council Chamber were Mgr. Marois, Very Rev. Dean Williams, Lady Jette, Mrs. Rod. Lenuieux, Miss Jette, Mrs. Parent, Mrs. Archambault, Mrs. Turgeon, Mrs. McCorkill, Mrs. Barron, London, Ont., Mrs. J. Tessier, Senators Shehyn, Lan dry and J. Tessier, Mons. Kleczowski, Consul for France, General Henry Consul for U.S., Mr. Bagge, Consul for Sweden and Norway, E. F. Wurtele, Consul for Denmark, Mr. T. Le Vasseur, Vice-Consul for Brazil, Major LeVasseur, Consul for Guatemala, Rev. Messrs. F. G. Scott and Huard, Capt. E. Trudel, the Deputy Ministers and their wives.

As soon as Lieut.-Governor Jette had taken his seat, His Honor instructed the Gentleman Usher of the Black Rod, Mr. A. St. Jacques, to summon the Speaker and members of the Legislative Assembly to the Council Chamber. The instructions were carried out in the usual manner and when the members of the Lower House preceded by Speaker Rainville, appeared in the Council Chamber, the following address from the Throne was delivered by Lt.-Governor Jette in both languages:—

### SPEECH FROM THE THRONE.

Hon. Gentlemen of Legislative Council and Gentlemen of Legislative Assembly, I am happy to welcome you once more and to express my wishes for the success of your labors.

I am convinced that I voice your sentiments when I say that so sad and so painful an event that so suddenly removed Hon. Mr. Duffy from our midst while enjoying the esteem and confidence of his fellow-citizens. The public career of that high-minded citizen was not a long one, but, in the few years during which he presided over two of the most important departments of my Government, he displayed administrative abilities of the highest order. By his loss the province has been deprived of a public servant possessing broad sound and just views and endowed with a praiseworthy spirit of conciliation.

We have reason to congratulate ourselves on the great prosperity of the province continues to enjoy and on the remarkable progress effected in the development of its natural resources during the past few years. My minister will with your assistance continue still further to promote this development in the interest of the public weal. The negotiations with the Dominion Government to obtain recognition of our rights over the fisheries in the territorial waters of the province, though not yet ended, lead us to hope for a favorable solution.

My Government, convinced of the importance of the work of colonization which seems to be the chief factor in our prosperity, and whose success will assuredly decide the role of this province in the Confederation, has eagerly sought for means to free it more effectively from the obstacles that actual legislation may offer to its progress. It has not failed, moreover, to study the question of the lumber industry which for many years to come will constitute one of the most important elements of public and private wealth. The commission appointed to inquire into everything connected with this national question of colonization will shortly make its report which will immediately be submitted to you and such legislation as may be rendered necessary by the conclusions of that report will be laid before you for your appreciation within the shortest delay possible.

## THE DOMINION PARLIAMENT

An Informal and Amicable Afternoon's Discussion

### THE MILITIA BILL IN COMMITTEE

EVERYBODY ANXIOUS TO PERFECT ITS DETAILS—THE CIGARETTE BILL TO COME TO TO-DAY—ANXIOUS ENQUIRIES ABOUT THE QUEBEC BRIDGE AND THE DEPOSIT OF THE GRAND TRUNK PACIFIC—SEALING COMMISSION IN LONDON AT A DEAD-LOCK.

Ottawa, March 22.—The House after routine this afternoon went into committee over the new militia act, the debate being an understanding arrived at between the leader of the opposition and the Minister of Militia, that none of the sections discussed would be considered as adopted until they had been given time for further inquiry. Sir Frederick Borden said he had consulted leading military men in Canada in framing the bill, and so far as possible, had obtained the views of militia officers in all parts of the Dominion, but he heartily agreed with the position of the leader of the opposition that further consideration of the scheme was necessary and accepted to the full his desire to make the measure practical in every detail. The opposition plied Sir Frederick with questions regarding many sections and the Minister of Justice came to his assistance to explain the legal construction of various paragraphs. The debate was conducted in the most friendly manner. Col. Hughes, Col. Tindale, Mr. Clarke, of Toronto, and other opposition speakers lending their aid to the perfection of the measure.

The House in committee continued the discussion of the militia bill till 10.15 o'clock, when the last section having been reached the committee rose and reported. The debate was entirely informal.

Replying to Mr. Borden Sir Wilfrid Laurier said he thought the cigarette bill might be the principal topic tomorrow.

### NOTES.

1847 petitions in favor of the Sabbath Observance law were presented to Parliament to-day. Of these 903 were from churches and 371 from fraternal societies.

In the Marine Department it is confirmed that the commission now sitting in London, Eng., to deal with the assessment of damages for Canadian seizers seized by Russian cruisers, in Behring Sea, has reached a deadlock. The illegality of the seizures were admitted some time ago and all that has to be done now is to assess the damages. Instead of proceeding with the business which the commission met to do the Russian commissioner asked for new sealing regulations. These new regulations would mean the abandonment of pelagic sealing in the Pacific. The course taken by the Russian commissioner in this case is similar to that which the United States has been pursuing since the dispute first arose over the sealing industry. It would seem here as if a hint was given from Washington to the Russian commissioner to make the demand he did in the hope that the influence of the home authorities would be sufficient to make the Canadian commissioner yield. The Canadian Government will not yield.

Mr. Clarke will enquire whether the agreement between the Government and the Quebec Bridge Company has been carried out.

Mr. Barker will ask whether the deposit required under the G.T. P. agreement has been legally paid.

Mr. Puttee will enquire whether the Chinese Government has protested against the exclusion law passed last year.

### TREMBLE CHRISTENDOM!

Shanghai, March 22.—The proclamation of the rebel leader Yuan, who at the head of 1,000,000 Chinese troops, says he has no intention of causing trouble to the Chinese or to the foreigners in China, but being determined to eradicate the false foreign religions he will raise 10,000, march to the western ocean, and destroy the Christian religion of foreign countries. The proclamation especially condemns the Roman Catholics.

Halifax, N.S., March 22.—Minute guns were fired from the Citadel here to-day while the funeral of the Duke of Cambridge was taking place.

## The Quebec Chronicle

QUEBEC, MARCH 23, 1904.

### THE SPEECH FROM THE THRONE.

The Speech from the Throne yesterday was a colourless article chiefly remarkable for saying nothing in a great many words. A Government measure is hinted at, to be dependent on a report which has not yet been made of the famous Colonization Commission which distinguished itself last year by taking its own time to do nothing of any importance. There is an expression of hope for a favorable solution of the fisheries question, and the information that the question of Provincial Subsidies "is being seriously considered by the Government of Canada" which in view of Sir Wilfrid Laurier's explanation of the statement recent made by the Premier of New Brunswick is not calculated to cause excessively exuberant spirits. There is to be a measure concerning the revision of Statutes, and another respecting incidents to labor. And that is all.

### TWO WEIGHTS AND TWO MEASURES

Within the space of twelve months of each other two Ministers left the Laurier Cabinet because they could not agree with the policy advocated by the majority, one of these was the Hon. Mr. Tarte who split off on the rock of adequate protection, and the other of them was the Hon. Mr. Blair, whose digestive organs were unequal to the task of assimilating the Government's Transcontinental scheme. The treatment that these gentlemen after they left the Liberal camp experienced from their former allies and associates was at first the same, but their ultimate fate has been different. Both were made the subject of very uncomplimentary remarks by their late colleagues, both were handled without gloves by the Liberal press, and in both cases the intervention of Sir Wilfrid Laurier to mitigate, if not entirely put a stop to the uncompromising vigour of the assault made on them was necessitated, but there the resemblance stops. Mr. Tarte's very existence is inseparably connected with political warfare; he is a child of that Nature of which the ancient Roman poet said that you might drive her out with a pitchfork, but she would bob up again serenely somewhere else all the same. He "just natchelly" must belong to one party or the other; when he can't be Conservative he is Liberal, when he can no longer keep quiet in the hazy glens of Liberalism, he has got to be Conservative again. It is given to few men beside Sir Wilfrid Laurier to be on both sides at once, and when one party drops the pitchfork with which it has been prodding a victim the other takes it up.

### MULOCK VS. CHAMBERLAIN.

Sir William Mulock's speech at the meeting of the British Empire League was certainly a disappointment to those who favor Mr. Chamberlain's proposition. The purport of the deliverance was to deprecate the discussion in this country of preferential trade in such a way as to promote it and make it a success. Sir William, it must be admitted, entered upon the task adroitly. He represented himself as a friend of the principle, and then warned everybody to say nothing in support of it, lest it might be inferred in Britain that we are interfering in political affairs across the water. We must be silent "from a proper regard to the sentiments of the people over there."

This position is quite interesting—and all the more so, seeing that Sir William Mulock voted for a Home Rule resolution last session. Why should we pass Home Rule resolutions in Parliament and pretend to be absolutely indifferent to the question of preferential trade? If we are to have "a proper regard for the sentiments of the people" on the one question, why not on the other, and vice versa? Again, Sir William was a commercial unionist not long since. He campaigned for the idea, and supported it by voice and vote. If we cannot give expression to our views on a commercial bargain with Britain, why did Sir William so urgently advocate commercial union with the United States? There is another curious point in Sir William's attitude. He says we must not openly favor preferential trade. But he offers no advice to those who oppose it. Sitting behind him in the House of Commons are two leading Liberal statesmen, Mr. Monet and Mr. Bourassa. These gentlemen have been fighting the preferential policy day in and day out. Mr. Monet said at Laprairie in one of his speeches, "I support the Government; I support it with greater enthusiasm than ever since the famous London conference, where the energetic attitude of our Prime Minister held in check the Imperialistic projects of Mr. Chamberlain." He added

that Mr. Tarte favored a treaty with Britain. "This," he declared, "is why we meet Mr. Tarte as political opponents. Mr. Tarte has but one thing in view, and that is to direct us toward England, a plot which we will not have because of the evil to our country." Mr. Bourassa, addressing Mr. Tarte, asserted that "while Sir Wilfrid was in England confronting Chamberlain, you deserted him, and bended the knee to Chamberlain. I support Laurier, adversary of Chamberlain, and I combat you, Monsieur Tarte, because you have the questionable honor of being the only partisan of Chamberlain in the Province of Quebec."

Now, Sir William Mulock does not address his advice to Messrs. Bourassa and Monet. These gentlemen are free to oppose the proposition and to furnish in their speeches arguments for the opponents of preferential trade to use on the platform in England with a view to killing the movement. They are at liberty to build up in Canada an adverse sentiment. But those who favor the principle, because it is desirable, are to remain dumb in order that the British elector may not be offended. No one can fail to see what Sir William Mulock is really driving at. He gives free rein to opposition in Canada that an adverse sentiment may be encouraged here and that it may be cited in England. He is opposed to favorable discussion in Canada, the result, of course, being that there will be no friendly sentiment here helpful to the cause over the sea. And yet there is no one who does not know that preferential trade would be the greatest possible advantage the producers of Canada could enjoy.—Mail and Empire.

boot was on the other foot, but it was found that a stick of railway commission candy would prove a very efficient gag for Mr. Blair, and this has considerably modified the Liberal opinion of him since he first kicked over the traces. It is amusing to hear the party press taunting the Conservative party with the uncomplimentary remarks it made over its new recruit, forgetful that the Premier had once declared that "nothing was too good for Tarte," and oblivious of the fact that the same undoubted authority informed Mr. Berden "that we selected Mr. Blair because we believed there was not in Canada a better qualified and more competent man to discharge the duties of the office to which he had been called," although when the said best qualified and most competent man in all Canada resigned from the Laurier Cabinet, and in a speech which raked his party fore and aft accused the Government of pledging the public funds in an improper way he was blackened by prominent Cabinet Ministers and their followers in the House, and by their supporters in the public press, and had imputed to him unworthy motives in opposing the G.T.P. Mr. Blair has been rehabilitated—now in the Liberal estimation, and is a good man; Mr. Tarte continues to be a bad man. So much difference does the Chairmanship of the Railway Commission with a salary of \$10,000 per annum make when it secures a judicious silence.

For neither of these gentlemen have departed from the views which led to their leaving the Laurier Cabinet. Mr. Tarte still holds by that effective protection to Canadian industries which was the basis of the National Policy of Sir John A. Macdonald, which he retained even when he was a member of the Laurier Cabinet, and for the too public advocacy of which he was compelled to leave it. Mr. Blair also stands to-day where he stood months ago in his attitude towards the Government's railway policy. He has not retracted a single syllable of his serious allegations; neither has he received a retraction from members of the Laurier Cabinet who used the most damaging language in describing the conduct of the ex-Minister, yet Sir Wilfrid Laurier has given him one of the most important appointments at his disposal, and defended his course. Had Mr. Blair remained in politics the logic of his principles would have placed him in the Conservative ranks in spite of what that party had previously said about him and his management of the Intercolonial, and he would have been a good man in Conservative and a bad man in Liberal eyes; he has not done so, and he has become a Liberal authority, bearing the highest possible certificate of competency as a railway man from the Premier of Canada, though, with characteristic inconsequence that versatile gentleman pays no attention to the opinions of his railway Phoenix but rather proposes to add fresh objectionable features to the scheme which Mr. Blair has emphatically condemned.

### Does Tobacco

#### Affect The Health?

IN A THOUSAND WAYS ITS EXCESSIVE USE IS INJURIOUS TO THE SYSTEM — CAUSES HEART AND NERVE TROUBLES

That tobacco exerts a very decided influence upon the body is unquestioned. Thoughtful physicians prohibit smoking in convalescence just as they do in the formative years of youth, when the system is so susceptible to the action of narcotics.

In functional heart trouble the tobacco habit is often looked for as a cause, and many a smoker wakes up at night feeling all the terrors caused by a fluttering, palpitating heart.

If there is something wrong with your heart that makes you wake up with a start, you ought to take Ferrozone regularly, because it is the best heart medicine made. All the muscles and nerves about the heart are strengthened and given new force by Ferrozone, which is noted for its prompt cures of heart disease.

As a rule weak heart and weak nerves go together, so it is important that Ferrozone should be used until the nervous system is completely restored. From every part of America comes convincing evidence that Ferrozone possesses merit far beyond the ordinary. Its cures are lasting. Like that of a well-known merchant in St. Johns, Mr. Philip T. Drayton, who writes: "I can give good advice to everyone suffering from heart weakness. I was in a very low condition a few months ago, and was unable to work. Without any apparent cause I would jump and start. I could not sleep more than an hour without being awakened by pain and palpitation of the heart. I used different preparations, but found Ferrozone the best. It improved my general health, strengthened my heart and nerves, and enabled me to go to work again. Nothing else ever helped my heart like Ferrozone which has cured me perfectly. I would advise other troubled with either nerve or heart trouble to use Ferrozone also."

No one ever used Ferrozone without lasting benefits. It builds up weak people, nourishes the starved nerves, and tones up the muscles of the heart. Ferrozone is prepared in tablet form, and is simple and convenient to take; it is sure to help you.

Do not allow an unscrupulous dealer to recommend anything in place of Ferrozone. Get what you ask for. Insist on Ferrozone which will be mailed to any address, price 50c. per box, or six boxes for \$2.50, by N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

### THE WILLS MUSICAL COMEDIES.

Of the Wills Musical Comedy Co. the following from the Ottawa Free Press is of interest:—A well filled house greeted the Jno. B. Wills Comedy Co. at the Grand last night. Catchy music, dainty dancing, and sparkling humor were the outstanding features of "In Atlantic City," the piece presented. The comedy was well staged, the costumes and other appointments being of gorgeous description. The company is one of the best of its kind that has occupied the boards of the Grand this season, every member being a singer and dancer of alacrity. From the rise to the fall of the curtain—there was not a moment, but was filled with mirth and melody, the introduction of unique scenic effects adding to the performance. This company plays at the Auditorium on Thursday, Friday and Saturday next at popular prices, producing on Thursday night and Saturday matinee "In Atlantic City" and on Friday and Saturday nights "Two Old Cronies." The Saturday matinee will be at bargain prices.

## MILBURN'S HEART AND NERVE PILLS

She has been restored to perfect health.

She writes: "About seven months ago I was badly run down in health and became very weak. I was troubled with fluttering of the heart and shortness of breath. When lying down at night I was almost afraid to go to sleep for fear I would never wake up. When I arose in the morning I would feel a little better, but as soon as I started to work my heart would start fluttering, my head would become dizzy, faint weak spells would come over me and it seemed as if black objects were floating before my eyes. I was growing worse every day until I got a box of Milburn's Heart and Nerve Pills. When the box was half gone I could feel that they had done me good and by the time it was finished I was in excellent health and would advise all sufferers from heart and nerve troubles to try them."

CITY OF QUEBEC, City Clerk's Office, City Hall, Quebec, March 22nd, 1904.

Leases of Shops, Stalls, Sheds, in the divers Markets of the City, and of the Stalls on Champlain Wharf. PUBLIC NOTICE is hereby given that the Shops, Stalls and Sheds on the divers Markets of this city, shall be put up at auction and leased from the first day of May next, to the 30th of April, 1905, at the City Hall, in the chamber wherein are held the sittings of the Finance Committee, from TWO O'CLOCK of the clock in the afternoon of the days hereinafter named viz: Montreal and Berthelot Markets on Tuesday, the twelfth day of April next, Champlain Market and the Stalls on Champlain Wharf, on Wednesday, the thirteenth day of April next, Finlay Market and St. Peter's Market, on Thursday, the fourteenth day of April next, Jacques Cartier Market and St. Paul's Market, on Friday, the fifteenth day of April next.

In the event of the present lessees not paying before the sale by auction all arrears of rent due by them, the said Shops, Stalls and Sheds shall be put up at auction and shall be leased to any other applicant who will then and there comply with the said conditions.

The Clerks of the divers Markets have been instructed by the Market Committee to look up on the last day of April next, at 5 o'clock p.m., the Stalls which shall not be leased on the days above mentioned. A deed of lease containing the conditions will then and there be signed by the lessees, and paid by them with a copy for the Corporation. One month's rent in advance, and the price of the license shall be paid by each lessee for each Stall prior to the passing of the deed of lease by the Notary then and there in attendance in the Recorder's Court Room, and nowhere else, except the Stalls on Champlain Wharf, for which two months' rent in advance, or one-sixth of the amount shall be paid.

Each lessee shall furnish before the execution of the said deed of lease and to the satisfaction of His Worship the Mayor, two good and sufficient sureties, not stall lessees. In default of the lessees, or any of them being signed by the lessees and their sureties within twenty-four hours after the adjudication, such leases shall be absolutely null and void, and the Market Committee shall proceed forthwith to grant them to other parties.

The terms of payment and other conditions of the leases will be made known publicly on the spot, by the Notary, before proceeding to the sale. For more ample information apply at the office of the City Clerk, or of Mr. Allaire, the City Notary, on this day to the day of sale, between 9 o'clock a.m. and 4 o'clock p.m. H. J. B. CHOUINARD, City Clerk.

CITY OF QUEBEC, CITY CLERK'S OFFICE, CITY HALL.

Sale of the Revenues of Champlain, St. Peter's, Berthelot and Finlay Markets, and also of the Revenues of the Weighing Scales of St. Paul's Market.

Quebec, March 22nd, 1904.

PUBLIC NOTICE is hereby given that on Tuesday, the fourteenth day of April next, at ten o'clock in the forenoon, in the room where are held the sittings of the Finance Committee in the City Hall, of the City of Quebec, the revenues of Champlain, St. Peter, Finlay, including revenues of Finlay Market public scales and Berthelot Markets, jointly with the Finlay Market weigh house revenues shall be sold separately by public auction, for the term and space of one year from the day of the signature of a notarial deed of the said sale until the thirtieth of April of next year (1905). The upset price shall be (\$800.00) nine hundred dollars for Champlain Market of (\$500.00) five hundred dollars for Berthelot Market, and (\$600) six hundred dollars for the revenues of Finlay Market, jointly with the revenues of the weigh house of Finlay Market.

Each bidder will have to exhibit a receipt from the Treasurer to the amount of five hundred dollars (\$500) for each of Champlain and St. Peter Markets, showing that such deposit has been made.

The said revenues consist of the taxes leviable upon persons who frequent the said markets, in the same manner as such taxes are or may be collected by the clerks of the markets of the said city; the revenues of the Cattle Stand of the Champlain Market, being, however, excluded therefrom.

Public notice is also hereby given that the revenues of the Hay Weighing Scales of St. Paul's Market, from the 1st of May next (1904) to the 30th of April, 1905, shall also be sold on the same day, to wit: Tuesday, the twelfth of April next, immediately after the sale of the revenues of Champlain, St. Peter, Berthelot and Finlay Markets, and St. Paul's Market weigh house, hereinabove advertised, also by public auction, separately to the highest and last bidder, the upset price being for the St. Paul's Hay Weighing Scales, (\$600.00) six hundred dollars; the price of adjudication to be paid cash.

Each bidder for the revenues of the Weighing Scales shall provisionally deposit in the hands of the Treasurer an accepted cheque for (\$200.00) three hundred dollars, for St. Paul's Hay Scales, and shall exhibit a receipt therefor.

The cost of the notarial deeds and copy thereof to be paid cash by the adjudicator.

On the day of sale, the adjudicataire shall pay in the hands of the City Treasurer the price of his adjudication. Within the four days following the day of said adjudication, the said adjudicataire shall sign the said notarial deed of sale and upon his default of so doing, the said price of his adjudication shall remain confiscated for the benefit of the city, which may then proceed to resell the said revenues, after a public notice of four days, published to that effect in the official newspapers of the city.

The said sale shall be made subject, moreover, to all the conditions which shall be read and made known at the moment of the sale, and which shall be contained in the deed of sale. H. J. B. CHOUINARD, City Clerk.

OPENING OF THE QUEBEC HOUSE.

The development of our mineral resources continues and the recent discovery of new and very valuable minerals, radium amongst others, is a proof of the richness of our province.

The regulations sanctioned by my Government and enforced by the Provincial Board of Health for the protection of public health have produced satisfactory results and the co-operation of the municipal authorities has been effective.

My Government has every reason to believe that the importance of the readjustment of the provincial subsidies, the condition whereof were approved by you last session, is being seriously considered by the Government of Canada.

Several bills of general interest will be submitted to you. I may mention, in particular, a measure concerning the revision of the statutes passed by this legislature since 1888 and another respecting accidents incident to labor.

The public accounts for the past year will shortly be laid before you. I am happy to be able to inform you that there is again a surplus for that year.

The Estimates for the coming fiscal year will be submitted to you without delay. They have been prepared with all the economy consistent with the efficiency of the public service.

At the conclusion of the address, the members of the Assembly retired to their Chamber, where Speaker Rainville informed them that since last session four vacancies had occurred in the Assembly, for the counties of Brome, Shefford, Maskinonge and Berthier, and that since then elections had been held in these counties, as well as in the county of Portneuf.

Hon. Mr. J. C. McCorkill, who was elected to represent the county of Brome in the place of the late Hon. Mr. Duffy was then introduced to the Speaker and to the House by Hon. Messrs. Parent and Weir.

The newly elected members for Berthier, Shefford, Portneuf and Maskinonge were then introduced. Hon. Mr. Parent having moved that they be allowed to take their seats upon the production of the returning officer's certificate, as the report of the clerk of the Crown in Chancery had not yet been received.

Mr. Jos. Lafontaine, M.P.P., Berthier, was introduced by Hon. Mr. Gouin and Mr. J. Prevost; Dr. Mathieu, M.P.P., Shefford, by Hon. Mr. McCorkill, and Mr. A. Bergeron; Mr. D. Naud, M.P.P., Portneuf, by Hon. Messrs. Flynn and L. P. Pelletier, and Mr. George Lafontaine, M.P.P., Berthier, by Hon. Mr. Leblanc and Mr. Bissonnette, Soulanges.

On motion of Hon. Mr. Parent, it was decided that the motion for the adoption of the address from the Throne would be prepared this (Wednesday) afternoon.

Several Departmental reports were brought down and on motion of Hon. Mr. Parent the House adjourned out of respect to the late Hon. Mr. Duffy until this afternoon, when Dr. Mathieu, seconded by Mr. Hutchinson, will move the adoption of the address from the Throne.

ONLY A SUGGESTION But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the food forming beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.

Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as in Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous dyspeptic people, strong, plump and well.

Cut glass and bric-a-brac should always be washed with Sunlight Soap. Shave enough Sunlight Soap into a pan, one-quarter full of lukewarm water and whisk into a lather. ## EXPLANATION FROM HON. MR. BLAIR

With Regard to Appeals from Railway Commission

### THE COMMISSION HARD AT WORK

SERIOUS INJURIES FROM A RUN-AWAY ACCIDENT—LARGE TANNERY AND SHOE FACTORY FOR THE CAPITAL—ACCIDENT TO THE DOMINION EXHIBITION COMMISSIONER—BOUGHT A GAS COMPANY.

Ottawa, March 22.—At the opening proceedings of the Railway Commission to-day, Hon. Mr. Blair made a statement in regard to the recent decision of the Commission to permit, under certain circumstances, the municipal telephone system of Fort William and Port Arthur to connect with the C.P.R. station. He said that some parties were under the impression that there was only an appeal in such case to the Governor-in-Council. It was an erroneous impression. The Privy Council was the proper body to decide questions of policy, but the Supreme Court was the tribunal to which questions of law should be referred. If the parties who were engaged in the telephone matter should so desire it, he was prepared to refer the case for appeal to the Supreme Court and to give every facility for this purpose. The question was purely one of law.

The application of the Niagara, St. Catharines and Toronto Railway, with respect to the alleged non-fulfilment of agreement by the Grand Trunk over the joint maintenance of a crossing at Merriton was further argued before the railway commission this morning, judgment being reserved.

With his collar-bone broken, his scalp severely injured and his left leg fractured, Peter Bourgeois lies in a precarious condition in St. Luke's Hospital as the result of injuries sustained in a runaway accident this morning. Bourgeois was caretaker of the C.A.R. crossing on Queen street west, near Wellington, and was going about his usual duties. A horse driven by Mr. Bryson of Bryson & Graham's, bolted and dashed madly down the thoroughfare. Miss Bryson was also in the cutter and was thrown out. She escaped without injury. The horse turned sharply off Wellington on to Queen street and continued northward down the latter street. Bourgeois was then standing in the centre of the tracks, and could not escape in time. He was struck, flung to the ground and rendered unconscious. He was lifted and carried into the shanty where he was found to be in a serious condition.

The project to erect a big tannery on the Russell road, just across the river from the Isolation Hospital, has taken definite form. Tenders have been called for and the erection of the works will be proceeded with in a few weeks, as soon as the weather conditions permit. The company completed organization some time ago and has been quietly at work maturing plans which will establish a big industry in the city. Associated with the tannery project there is a scheme on foot to start a boot and shoe factory in the city and thus provide a means of putting the product of the tannery on the market in manufactured form.

Mr. Wm. Hutcheson, Dominion Exhibition Commissioner, met with a painful accident this morning. He was coming out of his house when he slipped on the step and fell heavily, breaking a rib. Dr. Henderson attended to the injury. Mr. Hutcheson will be laid up for several days.

Mr. Arthur F. Leggett, of Ottawa, to-day bought a controlling interest in the North Bay Gas Co., Ltd. The company has a perpetual franchise for supplying all kinds of gas in North Bay and is furnishing acetylene gas by means of mains throughout the town.

### THE INCREASED INSURANCE RATES

THE COMBINE MEETS WITH OPPOSITION—MONT ROYAL INSURANCE COMPANY ENTERS THE FIELD IN THE INTEREST OF THE PUBLIC.

Now that the companies which compose the Canadian Fire Underwriters' Association have decided, without the least compunction, to make the citizens of Quebec pay the highest possible figure for their insurance, it is refreshing to hear that there is a company with spirit enough to enter the field in opposition to the giant monopoly. A reference to the advertising columns of the Chronicle will show that the Mont Royal Insurance Co., a solid financial institution, has branched out on its own account, and will grant insurance to the public, without any dictation from the Underwriters' Association, and at figures considerably below the so-called tariff rates. This will afford the citizens of Quebec a good opportunity to effect insurance at a reasonable figure, and at the same time encourage an enterprising and independent company. Our citizens should bear in mind that on the success of the Mont Royal depends the advent of other non-tariff companies in this city. If that company receives the patronage it deserves others will soon establish offices here, and then the city will not be at the mercy of a combine in Montreal or elsewhere with regard to the price it shall pay for insurance.

## Which Book Shall I Send And To Whom Shall I Send It?

That is all I ask—just a postal card. Just the spending of a penny to aid a sick friend. He or she is your friend—and a stranger to me. Yet, if you merely tell me his name I will gladly do this:

I will arrange with a druggist near him so he may take six bottles Dr. Shoop's Restorative. I will let him test it a month to prove what it can do. If it succeeds, the cost is \$5.30. If it fails, I will pay the druggist myself.

And the sick one's mere word shall decide it. Could I meet you—for even ten minutes—I would forever convince you that I have what these sick ones need. More than that: I have that without which most of them can never get well. I would overwhelm you with evidence—irresistibly convincing. You would go away telling all your sick friends about it.

But I can meet only a few, so I have put what I know in six books. And I take this means to ask you who needs those books.

Could you meet me, I believe you would willingly take my word. But you cannot—so I take yours. I trust to your honesty. Make the test at my risk, and I will pay, or you can pay, just as you decide.

Can you conceive of a sick one who will neglect an offer like that? I can afford the offer because failures are few. They occur only when there are causes—like cancer—which medicine cannot cure.

I have furnished my Restorative to hundreds of thousands in this way, and 39 out of each 40 have cheerfully paid—because they got well. I pay just as willingly when one says I have failed. I don't want the money of the hopeless.

My Restorative forms the only way to strengthen the inside nerves. It is my discovery—the result of a lifetime's work. Instead of doctoring the weak organs, I doctor the cause of their weakness. I bring the nerve power which alone makes the vital organs weak. There is no other way to make any weak vital organ do its duty long. Won't you write a postal card to some sick friend who may learn about a remedy like that?

Write now to-day. Dr. Shoop, Box 44, Racine, Wis.

Mild cases, not chronic, are often cured with one or two bottles. At druggists.

### SWORN IN A JUDGE

Toronto, March 22.—Mr. Frank R. Anglin, K.C., having received a patent from the Governor-General, witnessing his appointment as a judge of the High Court of Justice, Exchequer division, took the oaths of allegiance and office before Sir John Boyd, President of the High Court, at Osgoode Hall this afternoon. He will probably take his seat on the Bench next week.

### A GREAT OPPORTUNITY - BUT WASTED.

The building of a second transcontinental line presents the opportunity to advantage objects immensely to the development of Canada. It is to be regretted that in the G.T.P. agreement the Government of the day at Ottawa hardly even makes a pretence of securing these benefits.

The importance of low freight rates and ample car supply is, if possible, even greater in the Territories than in Manitoba, for from the Territories to Lake Superior the railway haul is very much longer; and what railway rates mean to the prosperity of Manitoba everyone knows. In the Grand Trunk agreement from beginning to end there is not a word to provide for any reduction of rates or even to provide that rates in districts dependent upon the G.T.P. shall not be higher than rates upon existing lines to-day. No maximum rate is fixed; no basis upon which control of rates is to be exercised is provided for. At the same time the road is to be heavily over-capitalized and the paying portions are to be loaded with the cost of meeting the annual deficits upon ill-planned sections of the road which for many years must be unprofitable.

Much injury has been done by the arbitrary manner in which railway lines and stations have sometimes been located. Instances of this will occur to everyone familiar with the history of the Western States, and similar instances have not been unknown in Western Canada. In the Canadian northern legislation of the Manitoba Government control of the locations of lines and stations was secured by the present administration. Nothing of the sort is to be found in the G.T.P. agreement.

Another opportunity presented is that of securing for Canadian seaports a larger share of the growing traffic of the Canadian West. The G.T.P. agreement, instead of securing the object thus placed within our reach at this time, actually has precisely the opposite effect, and at the same time the Ottawa Government has failed entirely to bring down or to carry out any programme for equipping the harbors either of the St. Lawrence or the Maritime Provinces in a modern efficient and up-to-date manner.

So on throughout. An opportunity such as has not occurred in the history of Canada, and such as seldom occurs in the history of any country, has been presented to the Dominion in connection with the building of the second transcontinental railway. The Ottawa Government proposes that it shall be thrown away.—Winnipeg Telegram.

St. Petersburg, March 22.—A despatch received from Ashkhabad (the capital of the Russian Trans-Caspian territory) says a rumor is current there that the Ameer of Afghanistan has been poisoned.

## Correspondence.

To the Editor of the Chronicle

Sir,—For the information of the general public, and all interested in the present discussion as to high insurance rates in Quebec, I would respectfully place a few figures before them for their serious consideration, as follows, the amount of property loss, with dates of five conflagrations:

Date.	16th October, 1866	2,500 houses, 17 convents and churches in St. Rochs and St. Sauveur destroyed and 18,000 people rendered homeless	\$3,000,000
	24th May, 1870	Over 500 buildings in St. Rochs destroyed	300,000
	30th May, 1876	700 dwellings destroyed in St. Louis Suburbs and 5000 persons rendered homeless	800,000
	8th June, 1881	800 houses burned and over 1,200 families rendered homeless, St. John's Ward	2,000,000
	16th May, 1889	40 blocks in St. Sauveur, and several lives	250,000
			\$6,350,000

The above shows a property loss of \$6,350,000 estimated loss by those fires say 75 per cent. gives \$4,762,500 which amount we can safely say the companies doing business here were called upon to pay.

Now let us estimate the income of the companies during business in Quebec during these 38 years, at say, on the average, at \$200,000 annually, and it gives a total of \$7,600,000.00 The average expense being 1-3 deduct..... 2,533,333.33 \$5,066,666.67

This being the income and outgo, leaves \$394,166 to pay all the other minor losses during this 38 years, one of which, McCall, Shelyon & Co. and Morin's going over \$150,000 of this last amount. With these facts, I will close, thanking you for the space occupied.

Yours truly, T. H. MAHONY.

N.B.—The above figures as to the five conflagration losses, are from the "Insurance and Finance Chronicle" of February 26th, 1904.

T. H. M.

To the Editor of the Chronicle.

Sir,—At a meeting of the Board of Trade held on Tuesday, 15th instant, I remarked that one of my friends, mill owner at Riviere a Pierre thought that the cheapest way of sending his lumber to the Quebec market, was to forward it to Three Rivers by rail and thence to Quebec by water. After inquiring into the matter, I wish to state that having taken information on the subject, I must declare that the information given me at the time was not correct and that on the contrary, the party in question has sent all his lumber to Quebec by the Quebec & Lake St. John Railway, and I make this declaration in justice to the Lake St. John Railway, and I would be pleased if you would publish this letter in your paper.

Yours respectfully, O. CHALFOUR.

### GRAND WIFE The Kind Worth Having.

A well known lady of Chicago, No. 1, says: "Although I do not drink tea or coffee myself I have had a most interesting experience in my family for about a year ago my husband began to fail in health. He would get so very nervous at times he would have to give up his work and come home. His eyes were failing him and the doctor became alarmed—was afraid he was going to lose his sight. He also got very yellow in complexion, at times his blood ran cold, from nervous chills the doctor said.

"In a few days he would return to work still in that dazed, chilly condition. He would drink coffee, coffee, coffee, for a stimulant he would say (as he drank no liquor). "His condition gradually got worse instead of better until finally I made up my mind coffee had something to do with it so I bought a package of Postum without telling him, and made it according to directions. He drank it and seemed to like it so I continued to make it and before the first package was gone he began to get so clear of complexion and feel so well, gaining fast in flesh. He was so delighted he would get weighed every day.

"Finally he talked so much about it (he had gained 10 pounds in 10 days) I could not keep it a secret any longer and told him to give Postum the credit. The consequences are there has been no more coffee in the house since (and no doctor either). "Postum is a delightful drink made according to directions, I have found no better way as it is a rich golden brown when cream is added.

"I forgot to say husband's eyes are as well and hearty, does not sit around the stove chilled all the time as he did before." Name given by Postum Co., Battle Creek, Mich! Coffee poison causes eye trouble in many cases as well as other ailments, and is never suspected. A 10 days trial proves things you will never forget. Look in each pkg. for the famous little book, "The Road to Wellville."

NAVIGATION AT KINGSTON. Kingston, March 22.—Mariners think it will be the middle of April before navigation will begin here. Some Kingston sailors have received notice from western boat owners that owing to the prospective great increase in wages and poor prospects of freight business, they will probably be compelled to tie their craft up for the season.

Winnipeg, Man., March 22.—The field battery fired 85 minute guns this morning in honor of the late Duke of Cambridge.

## It Must Come.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the change of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of woman's life, will entirely meet the needs of women at this period of change. It cures the physical ailments and relieves the mental anxiety and depression usually associated with this critical period. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

## \$500 REWARD FOR WOMEN

**WHO CANNOT BE CURED.**  
Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Proflapsus, or Falling of the Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

J. S. Cartledge, Esq., of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last sixteen or eighteen years in my Poor-house. I am superintendent of the Coffee County Poor-house and Asylum combined. Your 'Favorite Prescription,' 'Golden Medical Discovery' and 'Pleasant Pellets' are the best medicines for the diseases for which they are recommended, that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told our druggist that if the people came back and said 'Doctor Pierce's medicines did not give me satisfaction, give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal the 'Favorite Prescription' for diseases of women."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

### INDEPENDENT TELEPHONE

An independent telephone company is proposed for the county of Portneuf and at a meeting held at St. Casimir a company was formed with that object in view.

### NEW INSPECTOR.

Mr. Alcide Cormier, one of the oldest conductors in the employ of the Q. R. L. & P. Co., has been appointed an inspector in the street car division, and will assume his duties on April 1st.

### BEATS THE RECORD.

At Faguy, Lepinay & Frere you will find the best assortment in dress goods, that beats the record in Quebec.

### M. L. E. VIANZONE TO VISIT QUEBEC.

Mrs. Vianzone, the celebrated French authoress, who has been giving a number of lectures in the United States and who is now in Montreal, will visit Quebec, and on Friday evening will lecture at the Institut Canadien in this city.

### CASE ABANDONED.

The case against Mr. P. Danna in the Court of King's Bench at Montreal, for alleged libel, resulted in that gentleman's acquittal, the prosecution abandoning the suit.

### MGR. BEGIN RECEIVED BY POPE.

A despatch from Rome yesterday said: "His Holiness the Pope to-day received in personal audience Archbishop Begin, who after the interview stated that His Holiness evinced great interest in the reports made to him by the church in the Archdiocese and throughout Canada. Archbishop Begin was most graciously received by His Holiness, who was in evident good health and full of zeal for the performance of his high duties as head of the great Catholic Church."

### COSTUMES AND MANTLES.

Don't forget to go to Faguy, Lepinay & Frere, their costumes and jackets are high toned. Specialty in skirts.

### NARROW ESCAPE.

While passing along St. Joseph street yesterday, a woman had a narrow escape from death. Some men were engaged in clearing ice from the roof of a store, when the woman, not noticing the guards which had been placed on each side of the building to warn people, passed close to the store. A large block of ice, which had been loosened just as she was passing, fell right at her feet. Beyond the shock from the fright which she received the woman escaped injury, but her escape was nothing short of marvellous.

### Wood's Peppermint Cure.

## ACKNOWLEDGMENT.

The Treasurer of Jeffrey Hale's Hospital acknowledges with thanks the receipt of \$25 from Hebrew Society—Bais Israel.

## LEVIS INDUSTRIES.

It is rumored that a big Toronto firm is in negotiation for the purchase of a property in Levis for the erection of a branch of its thread factory.

Mr. St. Laurent, of Quebec, proprietor of the shirt factory at St. Romaine has, it is said, decided to remove his establishment to Levis.

## BEFORE THE COURTS.

In the Police Court a woman from Lake St. Charles was bound over to keep the peace on complaint of her sister-in-law.

In the Recorder's Court, a man from St. Philemon, county of Montmagny, was held until the question of his disposition is settled. He is of unsound mind.

## 5TH ROYAL RIFLES.

There was a good muster of the 5th Royal Rifles at the Drill Hall last evening, when a couple of hours' rapid drill was put in. The fine bugle band of the regiment was present during the evening. The progress made lately under Bugle Major W. Wilkinson is very marked, and it promises to do great credit to the corps.

## STAINER'S CRECESSION.

The Cathedral choir, with the assistance of some members of other city choirs, have for some time been preparing, under the direction of Mr. E. A. Bishop, the beautiful music of that well known Sacred Cantata, "The Crucifixion," by Stainer. "The Crucifixion" is to be sung in the Cathedral on Tuesday in Holy Week, 29th March at 8 p.m.

## JUDICIOUS SELECTION.

The Hon. Speaker of the Legislative Council for his personal use at his residence at the Parliament, has selected a very fine upright piano at A. Lavigne's music and piano warehouses, 68 St. John street. This splendid instrument is of black walnut, very chaste and elegant in design, and it's liquid, pure, musical tone is very brilliant. It is unquestionably a judicious selection.

## MILLINERY OPENING.

Attention is directed to the grand millinery opening advertised by Miss O'Neil, which is to take place on Monday next, and which promises to be a very attractive event. The high class offerings in millinery which Miss O'Neil always shows are now well-known and draw great attention and admiration.

## NOTICE TO GENTLEMEN.

If you want a nice tweed or serge go to Faguy, Lepinay & Frere. Don't forget our hats just received.

## AT TORONTO.

One of our representatives has been greatly surprised on his return from Toronto. A number of persons had told him that residents of that city were prejudiced against everything French. Consequently, in the hotels, he did not care to ask for any liquor, hearing a French name. Great was his surprise when he heard the numerous hotel guests asking for Gabriel Dubois' brandy, and he was informed that that was the brand which was always in demand.

## EXHIBITION OF SPRING HATS.

On Wednesday, Thursday and following days, at **MISSSES TRUDEL & LANDRY, 394, St. John Street**

## QUEBEC SYMPHONY SOCIETY.

After their brilliant and much admired performance at the Auditorium last month, the members of the Quebec Symphony Society have resumed their work and began the study of some splendid orchestral compositions written by the most renowned modern composers, among which we may quote Mendelssohn's brilliant overture "Fingal's Cave," a dainty "Scherzo" by Moszkowski and Saint Saens magnificent descriptive composition "Phaethon's spinning wheel" (Le Rouet d'Omphale). We hope that before the close of the musical season the Symphony Society will give the public the occasion of hearing these delightful master-pieces.

## A HANDSOME SELECTION.

An opportunity, which will no doubt be much appreciated, is now offered at the tailoring establishment of Wm. Lee, Brade street, as an extensive supply of new spring goods has just been placed upon the shelves for sale. They are the very latest importations—all nobby and fashionable. A magnificent selection is there to choose from and those desirous of selecting something out of the ordinary should lose no time in looking over the supply. The price is reasonable, as usual. It is a pleasure to show goods to the visitor at Lee's.

# HOW A BEAUTIFUL WOMAN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA.

Nothing Robs One of Strength Like Spring Catarrh—Spring Fever is Spring Catarrh.

MISS HELEN WHITMAN.

Miss Helen Whitman, 308 1/2 Grand avenue, Milwaukee, Wis., writes: "There is nothing like Peruna for that tired feeling, which gives you no ambition for work or play. After a prolonged illness, about a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in good condition you are all right, and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."

Have you got nerves? Well, you ought to have nerves. But they ought to be strong nerves, good nerves. Does your hand tremble? You are living too fast. Does your heart flutter at times? You had better call a halt. Americans live too fast. They crowd too much into a single day. They have too little leisure. The hospitals and insane asylums are filling up. The quiet, pastoral scenes of yore are becoming rare. It's time that we quit this sort of business.

**How to Get Strong Nerves.**  
First, repair the injury already done to your nerves. The way to do this is to

do exactly as did Mattie B. Curtis, Secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

## SPRING MILLINERY DISPLAY.

We cordially invite you to a Millinery Display on Thursday, March 24th. The latest productions of world celebrated designers.

## THOS. DONOHUE.

Mr. Harold Shaw, Superintendent of the Western branches of the Union Bank of Canada, has arrived in town and is a guest of the Rev. Mr. Balfour.

Mrs. Chas. Smith, of James, Ohio, writes: "I have used every remedy for sick headache I could hear of for the past fifteen years, but Carter's Little Liver Pills did me more good than all the rest."

itor of Erie county, New York, Hon. John W. Neff, in a recent letter written at Buffalo, New York, stated: "I was persuaded by a friend to try a bottle of your great herve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it."

## A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."

## Catarrh in Spring.

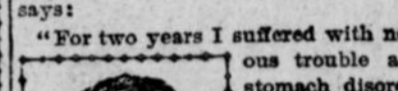

The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

Mrs. Lulu Larmer, Stoughton, Wis., says:

"For two years I suffered with nervous trouble and stomach disorders until it seemed that there was nothing to me but a bundle of nerves. I was very irritable, could not sleep, rest for compose myself, and was certainly unfit to take care of a household. I took nerve tonics and pills without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer fitful, and to-day I consider myself in perfect health and strength. My recovery was slow but sure, but I persevered and was rewarded by perfect health."—Mrs. Lulu Larmer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
