GERMANS LAUNCH FRESH SOUTHERN OFFENSIVE

Italian Forces Bogged Down By Red Resistance

German Air Raids on Moscow Reported to Have Reached New High Yesterday with Three Hundred Planes Taking Part and Thirty-Nine Shot Down—Nazis Lost Over 120,000 Men in Capture of Kharkov.

London, Oct. 30.—(AP)—A series of German mass air raids on Moscow reached a new high mark yesterday when more than three hundred planes attacked the city and thirty-nine, a record number, were brought down, the Moscow radio reported today.

A broadcast, picked up here by Tass, Russian news agency, said yesterday's raid was "the biggest one carried out so far but was exactly as unsuccessful as all previous raids."

The broadcast said only a few planes penetrated the fierce Russian anti-aircraft barrage and most had to drop their bombs in fields outside the city before turning back.

Other listeners heard the Moscow station say big-scale air attacks on the Soviet Capital had been under way for several days.

Russian troops were declared officially today to be standing firmly against tightened Nazi lines before Moscow and Rostov and to have levied a toll of nearly 120,000 casualties as the price for Kharkov, between those strategic cities.

Successful Red Army counter-attacks were reported also at Rostov, the Don River objective of German columns which Berlin yesterday claimed were only ten miles from the heart of the city.

"All attempts to break through to Rostov are meeting the stubborn resistance of our arms," the Moscow radio said. "Our units are gradually strengthening and improving their positions."

The Soviet Information Bureau announced the fall of Kharkov, Russian heavy industries city 400 miles South of Moscow, which was claimed by the German high command Saturday.

The withdrawal was pictured as a strategic action in which all important industrial apparatus and raw materials were sent into the interior and militarily useful plants were blown up.

PICK ABERHART AS LEADER FOR NEW MOVEMENT

Money Reformers May Enter Political Field if Government Does Not Accept Request for Changes.

Winnipeg, Oct. 30.—Policies of the newly formed Democratic Monetary Reform Organization of Canada, which elected Premier Aberhart of Alberta as its president, will be urged upon the Dominion Government.

The organization was formed by advocates of monetary reform in Canada, who wound up a three-day national convention here last night. Hon. Solon E. Low, Provincial Treasurer for Alberta, who was elected secretary-treasurer, said that while the new body had not yet decided whether it will enter the political field, the policies of the movement will be urged upon the Government and if no action resulted, then "We most certainly will try to send representatives to Ottawa to enforce our policies."

Besides choosing their national leader and a name for the movement, the delegates appointed officers who will work in all sections of the country. Delegate Paul Prince from St. Rose du Lac, Man., was elected vice president.

London, Oct. 30.—(C.P. Cable)—Wing Cdr. Briese, Winnipeg oficer commanding a Royal Canadian Air Force Catalina Flying Boat squadron, was reported missing today after a "flying battle" which took place October 23.

Other listeners heard the Moscow station say big-scale air attacks on the Soviet Capital had been under way for several days.

Roman Catholic Denunciation Of Communism No Bar To Providing Support To Russia, Prelate Says

Cincinnati, Oct. 30.—(AP)—Archbishop John T. McNicholas, writing to priests and laity of his Roman Catholic archdiocese, said today the late Pope Pius XI's denunciation of Communism was not given as a moral direction to governments regarding aid or refusal of aid to Russia in case of a war of defence.

"The saintly Pope made the same distinction between the system of atheistic Communism, which he condemned, and the Russian people, whom he loved, we shall be able to rid ourselves of much perplexity regarding the Russian question."

"From the priests and people we learn of their perplexity regarding the Russian situation. The words of our late beloved father are quoted and interpreted in a sense which would determine the course of action that our Catholic people, and even our Government, must follow if they are to be guided by moral principles."

"In the interest of souls, of truth, and of the unity of our people, we wish to give an objective interpretation which we base on a study of the document, atheistic Communism, and of the mind of the late Pontiff. It is necessary that we again recall that Pope Pius XI kept clearly before his mind the distinction between the system of Sovietism and the Russian people."

"Pointing out that the Holy Father, without qualification, condemned atheistic Communism, Archbishop McNicholas commented: "In the light of the context it is clear that the Supreme Pontiff admonished the faithful that in their localities there can be no co-operation with Communists, not even in affairs that were apparently initiated to promote humanitarian interests or to advance laudable movements which are in perfect harmony with the Christian spirit and the doctrine of the church, because the Communists would take advantage of this collaboration to make known their Bolshevist programme and to gain a victory for it."

"However strongly we condemn Sovietism and all the Satanic crimes that can be charged to it, we must not, from the words of Pope Pius XI, say that the great and courageous Pope was laying down a course of action governing our country and all other countries regarding every future circumstance whatsoever, especial in a war of defence. "Such an interpretation seems to us extreme, and indeed, unfair to the memory of the glorious Pontiff. Pope Pius XI wished only to condemn atheistic Communism and its tactics and did so in language that no one can fail to understand. . . . "We must not forget that the suffering and persecuted people of Russia, deprived of freedom and put in bondage, have still some rights."

Archbishop McNicholas urged his people to pray "that the strength of atheistic Communism, which enslaves man, may be broken; that the Communists may be converted; and that God may guide the officials of our country so that they may do what is best for our citizens and for the peace and restoration of a shattered and war-maddened world."

TEN PERSONS KILLED IN BRITISH RAIDS ON SOUTHERN ITALY

Rome, Oct. 30.—(AP)—Ten persons were killed and forty-two injured, among them women harvesting in the fields, when British planes bombed several places in the Southern Italian provinces of Reggio Calabria and Catanzaro yesterday afternoon, the Fascist high command said today.

Damage, it said, was slight. The communiqué again announced an Italian night air raid on the British island base of Malta.

(There was no immediate British confirmation of either raid).

Fourteen Persons Die In Wreck Of Fog-Bound U.S. Air Transport

Moorhead, Minn., Oct. 30.—(AP)—Trapped in fog and mist, a Northwest Airlines plane crashed within two miles of its objective early today. Fourteen persons died in the impact and flames that immediately engulfed the wreckage. Only survivor was Capt. Clarence Bates, pilot, thrown clear as the big liner struck the earth a glancing blow, bounced one hundred yards and then piled up.

Capt. Bates suffered only from shock but physicians would permit no one to talk to him.

The St. Paul dispatcher said he last heard from the plane, Westbound from Chicago to Seattle, at 3:45 a.m. (E.D.T.) It then was over the Fargo airport, descending at 2,700 feet.

None of the passengers was Canadian.

RAPID CHANGE IN LOCALE OF SOVIET PLANTS

Plant Moved from Kiev to East Bank of Volga River Regions After Period of Five Weeks.

By HENRY C. CASSIDY (Associated Press Staff Writer) Kuibyshev, Russia, Oct. 29.—(Delayed)—(AP)—On the Volga, where the boatmen's song used to roll, the hum of machinery now is rising as industries spread along the river's flat valley.

From Moscow, Leningrad, Kiev, Kharkov and other industrial cities, threatened or occupied by the Germans, entire factories have been picked up, carried off and transplanted to regions far from the front.

I have just inspected one factory, far from Kuibyshev, which was removed from Kiev and which Russians said now is more than fulfilling its production plan.

The modern, complex institution was ordered to leave Kiev on June 29 and within three days workers and machines started rolling by railway cars deep into Russia.

(This was only seven days after the Germans invaded Russia. Kiev was more than two hundred miles inside Russia.)

The factory personnel and the machinery arrived at the new site before.

Kearny Hit During Battle With Several German Subs

Three Torpedoes Launched at United States Destroyer While Vessel Was Protecting Large Convoy Against Mass U-boat Attacks—Last Torpedo Tore Gaping Hole in Vicinity of Engine Room of Destroyer.

Washington, Oct. 30.—(AP)—The U.S.S. Kearny had rushed to the rescue of an embattled convoy and was helping to beat off a mass U-boat attack when she was torpedoed, United States Navy Department reveals.

The Department added the few new details of the Kearny's unfinished story last night. It also released official pictures of the wounded ship as she made an unannounced port, her beams bent and twisted, her plates torn by the force of the torpedo's explosion.

The Kearny, so the Navy reported, was escorting one convoy of merchant ships on the night of October 16 when she received distress signals from another convoy nearby that was being attacked by several submarines.

Spending to the scene, 350 miles Southwest of Iceland, the Kearny began dumping depth charges as the attack on the convoy continued. One torpedo missed her, passing ahead. A second went astern, but the third struck her amidship on the starboard side, well below the waterline.

The explosion tore a gaping hole in the side of the destroyer at a boiler compartment and ripped upward through the steel deck above, showering the bridge with wreckage. Eleven men were killed and ten injured, two seriously.

Almost cut in two, the Kearny was wrecked out of the engagement, but the prompt action of her skipper, Lt.-Cmdr. A. L. Davis, was credited with keeping her from going to the bottom.

The account led to the belief that the ships the Kearny was originally escorting either were empty-headed for North American ports, or considered reasonably safe from attack at the time.

STRICT REGULATIONS FOR BOSTON HARBOR

Boston, Oct. 30.—(AP)—The Port of Boston was put under new and strict regulations yesterday, requiring special licences for all vessels entering and leaving the harbor and special passes for all persons engaged in waterfront activity.

The new regulations, promulgated by Treasury Secretary Morgenthau and approved by President Roosevelt, apply to both United States and foreign vessels.

Prime Minister To Make Informal Week-End Call On President Roosevelt

Although Ottawa Stresses Unofficial Nature of Week-End Visit, Observers Believe that Many Items Important to Joint Defence Effort Will Be Discussed by Canadian and United States Leaders.

Ottawa, Oct. 30.—(AP)—Prime Minister Mackenzie King hopes to make "a purely personal visit" with President and Mrs. Roosevelt at Hyde Park, N.Y., during the week-end, it was stated at Mr. King's office today.

A Secretary said he was authorized to make the following statement:

"If Mr. King finds it possible to get away he hopes to spend this week-end at Hyde Park as the guest of President and Mrs. Roosevelt, a purely personal visit."

It is expected Mr. King will leave Ottawa by train tomorrow afternoon but the time of departure is not settled. He will be accompanied only by a personal Secretary and fully take with him any officials or technical advisers.

While the personal character of the visit was emphasized at the Prime Minister's office, in other circles it was recalled that Mr. King's last visit to the President at Hyde Park, at Easter, resulted in the "Hyde Park Declaration" in which the joint policy of pooling the economic and industrial resources of Canada and the United States for the furtherance of North American defence and aid to Britain was enunciated.

If Mr. King and Mr. Roosevelt discuss public matters affecting the two countries it is likely further developments of the policy of economic co-operation will be considered.

Canada's new policy of price and wage control has already been carefully noted by United States Government experts.

Should the United States decide to embark on some similar anti-inflationary policy it might call for further and more detailed consultations and co-operation between the two governments than any yet undertaken.

The hustling up of munitions production in both countries with a view to providing more supplies to both Russia and Great Britain also has been a subject of discussion between the two leaders.

The spokesman said the Nazi was being missing and the Germans were "flying a kite" to learn his fate.

HALF-CENTURY PREPAREDNESS PLAN REQUIRED

Surgeon Claims United States Must Be Prepared to Fight Two More Generations of Germans.

Louisville, Ky., Oct. 30.—(AP)—The United States is faced with the necessity of a fifty year programme of preparedness.

That was the forecast today of Brig.-Gen. Frederick F. Russell, of the United States Army Medical Reserve Corps, who said the picture of such a defence effort was far from bright.

In a report to the annual meeting of the Association of Military Surgeons through its official journal, Russell said the Americans must not only be prepared to fight the

THREE CHARGES LAID AGAINST NOTED AUTHOR

Noel Coward, appearing in Bow Street Police Court, pleads Not Guilty to Breach of Exchange Rulings.

London, October 30.—(C)—Noel Coward, British playwright, pleaded not guilty today to three summonses charging violation of Defence Finance Regulations.

The prosecution made these accusations: 1.—Coward failed to offer to the Treasury \$57,847 in United States currency.

2.—He sold, without the Treasury's consent, 100 shares of American Can, receiving \$11,420.

3.—He sold 100 Chrysler Corporation shares without consent, receiving \$8,599, and 100 General Food Corporation shares for \$4,798.

The three charges were brought in Bow Street Court. Two others charging violation of the securities regulations are pending at the Mansion House.

The prosecution said it was fair to point out that the money Coward received in connection with the second and third summonses was, in fact, paid into his account and was included in the \$57,847 cited in the first summons.

It was added that Coward had a balance in the United States of some \$2,380 at the beginning of the war.

The prosecution said conviction would make Coward liable to fines totalling more than \$250,000.

ACTIVITIES OF U.S. CITIZENS UNDER REVIEW

Trinidad Legislature Hears Question on Alleged Shooting of Two Britishers by American.

Port of Spain, Trinidad, Oct. 30.—(C.P. Cable)—Adrian Reintz, an Indian lawyer, gave notice at yesterday's special session of the Trinidad Legislature of a question regarding the alleged shooting of two British citizens by a United States citizen at Arima.

His question read: "Is it a fact that two Britishers were shot, one fatally, by an American citizen outside leased territory at Arima? If the answer is in the affirmative, would the Government please state what steps, if any, have been taken to arrest and bring to trial the person who committed the act?"

The special legislature session was called to decide if United States counsel would be permitted in the colony's courts. A bill granting U.S. lawyers limited rights to audience was passed. Recently a United States lawyer had been refused a hearing by a court.

Reintz also asked the Government to use its influence to induce the United States Government to confine future activities of members of their forces as much as possible to areas within their leased territory.

Mine Leaders Study New Proposal From Roosevelt To End Walk-Outs

Washington, Oct. 30.—(AP)—John L. Lewis, President of C.I.O.'s United Mine Workers, convened the ordinary session today to pass on a new back-to-work proposal from President Roosevelt—the President's fourth attempt to restore production in the captive coal mine strike without governmental intervention.

The question was to accept or reject Mr. Roosevelt's recommendation that the mines be reopened at once on the understanding that the United States Defence Mediation Board proceed immediately in full session to reconsider the entire dispute and propose a final settlement.

There was more optimism evident than preceded yesterday's negotiations for an end of the strike. At Pittsburgh the steel industry was hopeful that the pits would reopen within twenty-four hours, and one company official said the mines "might" resume tonight if an agreement was reached.

However, four blast furnaces were closed down as a result of the four-day-old strike which has kept 53,000 miners idle. And a further suspension of operations was predicted if coal supplies kept dwindling and the strike continued.

While the captive mine controversy remained, the No. 1 question, other labor disputes dotted the United States, but in one respect the situation was improved by the apparent lifting of a threatened five-state general strike of C. I. O. workers in Eastern aircraft factories.

ANOTHER E. T. MEMBER OF AIR FORCE MISSING

P.O. Henry H. Pibus, 27, Reported Missing on October 21, Comes from Knowlton—Was Teaching at La-chute.

Reported missing during air operations on October 21, Pilot Officer Henry Hodsmyth Pibus, who was teaching at Lachute High School before enlisting in the Royal Canadian Air Force, is a former Knowlton man.

Twenty-seven years old, P.O. Pibus enlisted in Montreal in August, 1940. Trained at Regina, Rivers and Fingal, he received his Observer's wings at Fingal and shortly afterward received his commission.

The troop ship on which he left Canada last of the year took a most month to reach England safely. His wife, the former Phyllis Patterson, of Montreal, is a member of the staff of the Montreal General Hospital, Central Division.

One highly placed legislator predicted that the plan results in the settlement of the strike, there would be little disposition to seek speedy enactment of any new legislation designed to combat labor disputes affecting defence production.

However, should a stalemate occur, he said it was likely that President Roosevelt would send Congress a request for enforced mediation of all such labor troubles.

HINTS ON HOW TO BRING UP FAMILY GIVEN

Mrs. J. A. Johnson, Lecturer at Goodard College, Vt., Addressed Stanstead International Community School Last Night.

Stanstead, Oct. 30.—"It's funny that you are expected to know all about how to bring up a family and look after them just because you have reached a certain age. No one would ever dream of giving some one a motor car just because they had reached the age of twenty-five," said Mrs. J. A. Johnson, of Goodard College, Vermont, in an address at the Stanstead International Community School last night.

"Parents must learn when not to say anything and when not to do anything," Mrs. Johnson said. She went on to point out that it is hard for parents to realize that children must grow up. They must gradually have more responsibility and more independence if they are to develop satisfactorily.

"If we do not have family education we will have an unhappy world. We have an unhappy world now, and it is partly the fault of education," Mrs. Johnson continued. "Education is for social adjustment, for getting along with each other, to learn to act out the golden rule."

There are two ways in which this can be done, pointed out Mrs. Johnson. One way is to educate and give advice to parents, and the other is to train the young people for marriage and life. For the most part, the personality of a child is set by the time it is six years old, and it may be either social or anti-social.

It is essential that the child develop along social rather than anti-social lines. A nursery school is a good idea, for the child learns to do things for itself. Play within the family is also important, as it is within the family that the child receives its basic attitudes towards outsiders, school, negroes or marriage. Parents should examine themselves carefully before they punish their child.

Mrs. Johnson also led the discussion in the family relations class, and demonstrated a marionette show of "Goldie Locks and the Three Bears," during the assembly period at the Community School.

N.S. Elections

Continued from page 1. The house representation. However, Liberals were involved in ties for the leadership in three constituencies under the servicemen's vote.

The Conservatives actually elected four candidates, but gained military support for nine. The Conservative Commonwealth Federation, which had three candidates elected, found support for four among the votes of the men in uniform.

The ballots from the fighting forces, made public last night, failed to change the result in any constituency as indicated by Tuesday night's civilian results. In the only nip-and-tuck contest—Queens—the service vote split right down the middle, and the Liberal candidate retained his twenty-one ballot edge over the Conservative.

Twelve civilian polls were still lacking, but it was evident the voting was lighter than in the 1937 general election. Available compilations showed a vote of 209,328, around 40,000 less than in the last contest.

Premier A. S. MacMillan's Liberals obtained 110,029 of these. The Conservatives under I. W. Fraser got 80,808, and the C.C.F. group 18,491.

Mr. Fraser himself was defeated personally in Cumberland County. Today, the Cabinet was to meet to plan up work that accumulated during the election campaign. Possibility of a special session of the Legislature also was in prospect. The Premier said yesterday, to ratify new financial arrangements the Government may make with Ottawa.

came a two-way affair between the Germans and Russians Wednesday night, the Soviet radio said, with Russians dropping explosive and incendiary bombs on propaganda leaflets on Berlin while Germans were raiding Moscow.

MONTREAL FINANCIAL PLANS ARE DECLARED UN-ACCEPTABLE

London, Oct. 30.—(C.P. Cable)—The Financial News today discussed Montreal's proposals for her debt settlement in an editorial entitled "an unacceptable plan."

The newspaper suggested suspension of dealings in Montreal securities on the London Stock Exchange pending "vigorous opposition" on the part of 15,000 sterling bondholders in London before the plan becomes an accomplished fact.

Six of the nine Canadian provinces were represented, twenty-seven delegates coming from Alberta, thirty-three from Manitoba, five each from Saskatchewan and Ontario, three from British Columbia and one from Prince Edward Island.

In addition to the President, vice-president and secretary-treasurer, delegates elected six directors—one for each of the provinces represented—as well as three official regional deputies and two temporary regional deputies who Mr. Low described as "vice-presidents" of the organization.

In an address to the final session of the convention, Mr. Aberhart said two things are essential in a democratic country—freedom and individual enterprise.

It was the duty of a democratic people to see that their leaders did not make mistakes. The people must have confidence in their elected representatives.

"In a properly functioning democracy, the people decided what they want, then elect representatives who tell experts what the people want done."

He declared that the Dominion will never pay back money borrowed to finance the present conflict. "People gasped when told by the Federal Government a short time ago that it would take \$2,000,000 a day to fight the war."

LENNOXVILLE CHURCH GUILD HELD SESSION

Plans for Annual Christmas Sale Discussed by Members of St. George's Society at Regular Meeting.

Mrs. W. H. Fisher presided over the regular meeting of St. George's Guild which was held in the Parish Hall on Wednesday afternoon.

The Treasurer gave a pleasing report of the rummage sale recently held and reported the new honor roll for the church purchased at the cost of \$7.25.

At the close of the meeting lunch was served by Miss Morgan and Mrs. Malloy.

W.A. ENTERTAINED

The Women's Association of the United Church of Randbrove were pleasantly entertained at the home of Mrs. Arthur Sawyer, 29 Church Street.

During the afternoon a short business meeting was held with Mrs. E. M. Tannahill as President. The meeting opened by singing one verse of "What a Friend We Have in Jesus" with Mrs. E. Ward acting as pianist.

The Lennoxville branch of the W.C.T.U. met at the home of Mrs. Seale on Church Street.

Shawinigan Company Officials To Foster New Industry Here

Assistant Director of Department of Development Confers with Mayor Labrecque and City Department Heads—Make Plans for Post-War Industrial Development in Canada.

Looking forward to the greater industrial development of the City of Sherbrooke during the post-war period when it is expected that a number of large European industries will transfer their plants to this continent, officials of the city conferred here yesterday afternoon with officers of the Department of Development, Shawinigan Water and Power Company.

The object of the Shawinigan Company is to aid in bringing new industries to centres served by the company and in general make some contribution to the industrial development of the Province.

The city in turn placed at the disposal of the Shawinigan Company all the information it required on the industrial facilities of Sherbrooke so that when inquiries were received from industries seeking new locations the company would be able to outline the advantages offered by this municipality.

The company's representatives are in close contact with the Federal Government's trade commissioners in various countries and also with the trade and commerce departments of the various provincial governments, as well as with all large trade and industrial organizations and associations.

The visitor was entertained at luncheon at the Club Social by the Mayor and City officials.

The devotional exercises were led by Mrs. G. McCurdy. Owing to the absence of the Secretary, Miss Lovering, Mrs. McCurdy read the minutes of the last meeting.

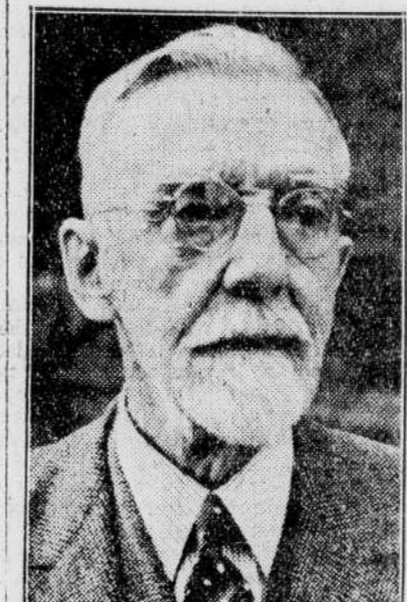

Mrs. Percy Byrne and two sons, Harold and Paul, of Woodville, N.H., were recent guests of Mr. and Mrs. Hart Montgomery, Belvidere Street, and other relatives and friends.

Mrs. W. S. Richardson and Mrs. Anson Rowe entertained at the tea hour at the home of the latter on the Spring Road in honor of Mrs. Norman McLeod, the occasion giving the ladies of that locality the privilege and pleasure of meeting and extending a welcome to Mrs. McLeod.

SUPREME COURT TAKES APPEAL EN DELIBERE

Ottawa, Oct. 30.—Appeal entered by Arthur Cole, 27, of Montreal, against conviction for the murder of Jeffrey Munn, retired farmer of Hamilton, Ont., in August, 1940, was yesterday taken under advisement by the Supreme Court of Canada after it had heard the arguments of counsel.

It is not expected that the decision of the Supreme Court will be announced until the end of next month. The court can acquit the accused, maintain the verdict or order a new trial.

Following Cote's conviction by a Court of King's Bench jury during the last term, the case was taken to the Montreal Court of King's Bench, appeal side, and there the decision of the local court was confirmed. However, one judge dissented, and this gave Cote's counsel the opportunity to carry their appeal to the highest court in the Dominion.

Relatives and friends in this district will be interested to learn that Henry F. Fancy, of Gorham, N.H., 20-year-old son of Mrs. William Fancy, the former Gladys Page, of Bromptonville, and Mr. Fancy, has received one of the three University of New Hampshire scholarships given for scholastic ability and success and has also obtained a private operator's licence to operate an airplane.

Fancy, who is a student in medicine at the University of New Hampshire, pedaled between Durham, N.H., and Portsmouth Airport on his bicycle during the summer months.

Sherbrooke Will Have First Half Hour Blackout Test On November 10 At Ten O'Clock

Mayor Labrecque Receives Official Notification from J. Gordon Ross, C.P.C. Provincial Officer—Chief Magistrate Plans Early Meeting of City Authorities and Citizens to Discuss Plans for Experiment.

Sherbrooke and district will experience its first blackout test on Monday evening, November 10, between ten o'clock and ten-thirty, it was announced officially today by Mayor Joseph Labrecque.

The "alert" will be sounded at 9.45 and the "action warning" at exactly ten o'clock. The "all clear" signal will be given at 10.30.

Mayor Labrecque said he would call a meeting of city officials at the earliest possible date to lay down the plans for the test and that full instructions will be issued to the public.

"It is a big job we are undertaking and much work has to be accomplished in the short time we have at our disposal," said the Mayor. "Every precaution will be taken in this connection the city authorities are counting on the support of all citizens, both in the home and in the factory."

Following is the text of the letter received today by Mayor Labrecque from J. Gordon Ross, provincial officer of the C.P.C.:

"It has been decided to hold a test blackout in your district on the night of November 10, 1941, between the hours of 10.00 o'clock and 10.30 o'clock p.m., E.D.S.T. (The alert will be sounded at 9.45; action warning at 10.00; all clear at 10.30)."

"Full instructions will be issued in the course of the next few days, together with the necessary documents establishing authority to hold this test. "Will you kindly prepare your organization immediately so that the same measure of success can be achieved as was obtained on June 9, last, in Montreal, Quebec and Three Rivers."

Jean Valenti, prominent local insurance man, will in all likelihood succeed Police Director Arthur Maranda as head of the Sherbrooke Civilian Protection Committee and will be in charge of the preparations for the blackout.

the provincial body are scheduled to visit Sherbrooke some time next week.

Director Maranda, who headed the somewhat dormant local branch of the C.P.C., was recently granted six months' leave of absence by the City Council and is now resting in the Laurentians.

With less than two weeks remaining in which to prepare plans for the blackout, which will be province-wide, much work remains to be done by the local authorities if the test is to prove a success.

The blackout in Sherbrooke district will extend a radius of ten miles from the centre of the city which means it will take in a number of neighboring municipalities and many details will have to be worked out to coordinate the efforts of the police and fire department officers in these districts.

Special instructions will have to be given citizens and motorists as to what they will have to do as the test cannot be carried out simply by pulling a main switch and throwing the entire area into darkness.

Another problem which will have to be discussed and solved is whether or not large companies operating on war orders will have to suspend operations during the blackout or whether they will have to take steps to blackout their windows so that no light can be seen from the air.

Although nothing definite has been decided, it is expected planes from the training school at Windsor Mills will fly overhead during the period of darkness to determine whether any objectives can be distinguished from the air.

THE NOVA SCOTIAN RESULT

If anything definite can be read into the Nova Scotia election result, it is the evidence of the growing strength of the Co-operative Commonwealth Federation movement in the industrial areas, this party having elected three of the six members which sought seats in the Nova Scotia Assembly.

The Liberal Government finds its position generally unchanged, the slight reduction in its majority in no way interfering with its ability to carry on the Government of the Province for another four-year term.

MUD AND MOSCOW

Long held to be one of the greatest potential allies which Russia possesses, "General Mud" apparently has caught up with the Germans before Moscow where the situation of the defenders appears considerably easier.

Rostov is being stoutly defended but Russian reports to London admit that explosives are being planted in the armament works and other buildings, a usual preliminary precaution which the Russians take in any city prior to withdrawal under their policy of blasting everything before the enemy.

The Moscow situation has been eased not only by the weather which has turned against Hitler, ("Hitler weather" was a common phrase during his other campaigns because it invariably seemed to favor him) but because of fierce counter-attacks by the Russians, their reports estimating that the Nazis have lost sixty per cent of their effectives in the month-old battle for Moscow.

Accompanied by the usual fanfare, a special announcement has been issued by the headquarters of Adolf Hitler that the Germans have entered Crimea. They had been seeking to get past the Soviet defences long before the evacuation of Odessa and reports at various times indicated that their losses there were tremendous.

"infantry divisions in collaboration with units of the air force have forced an entrance into the Crimean peninsula."

Crimea, which pushes out into the Black Sea, a sort of Russian Southern Ontario, conjures up British history: The Crimean War of 1853-56, Sebastopol, Balaklava, the Charge of the Light Brigade, and the story of Florence Nightingale.

There is likely to be little resemblance between the Crimean War of the last century and the impending battles there this time. In 1853, the British-French Crimean campaign was as ill-prepared as the Russian defending forces were inept and incompetent.

In 1941 it can be taken for granted that the German campaign has been prepared every inch of the way and that the Russians will contest every inch. It will be some time before Sebastopol and Balaklava, in the South of Crimea, come into the news unless the Nazis attempt a coastal invasion to aid the army entering from the North.

Competent authorities declare that the Soviet fleet is in control of the Black Sea and could cut Axis communications if Germany attempted any sea expedition correlated with her land drive to the East.

These sources gave the strength of the Black Sea fleets as: Russia: One battleship with 12-inch guns, five cruisers (one old), twenty-seven destroyers, around fifty submarines, fifty motor torpedo boats.

Rumania: Four destroyers, three motor torpedo boats delivered by Britain before the war, three submarines, two minelayers. More submarines may have been obtained by the Rumanians since the German occupation.

Turkey: One battle cruiser with 11-inch guns, two old cruisers, four destroyers, two torpedo boats, seven submarines, three minelayers.

They said that Sebastopol was the strongest base in the Black Sea but because of the small number of Axis warships there the base would be of little use to the Germans if captured.

INDEPENDENT NEWS

The importance which any democracy places upon unbiased sources of its news supply is reflected in the keen concern of the British people over the danger to the independence of Reuters, long its leading news gathering and distribution agency, whose position has been debated in the British House of Commons recently.

The deal assures first that the news agency will not become a branch of government and, therefore, degenerate into a propaganda agency for the administration, and secondly, that it will not fall into the hands of self-seeking individual interests who might pervert the factual news for their own ends.

Fortunately the people of Canada and the United States have long been spared the danger of their newsgathering agencies becoming propaganda machines, as the chief organizations in both countries, The Canadian Press and The Associated Press, are non-profit making organizations owned by all the newspapers of the respective countries and operated for the benefit of all papers who are members of the organizations, regardless of creed or politics.

APPEAL FOR ALLIED SAILORS

Dear Sir:—I should like, through your column, to make an appeal to the public on behalf of our Allied sailors.

These men, as you know, are continuing the fight—continuing under extraordinarily difficult circumstances. Cut off from their country, their families and friends—no news of their homes but the grim accounts they receive in the newspapers and at the ports they may put in at.

Last Christmas, one of our Canadian destroyers was moored alongside two of our Allied ships. By mistake our Canadian mail was put on board one of these other vessels and had to be returned. The officer in charge told me of this and that it made him ashamed and sick at heart to have those stacks of mail removed.

Think what our men receive in this respect, and remember that others need it just as much. They are fighting the same odds and the same deadly perils.

So give, please give, and let these men know they still have friends who care, and are free to, send them gifts and only too anxious to do so.

Yours very truly, ELSA MAY, President, Allied Post.

PRESS COMMENTS

THE COVETED ORE OF THE CAUCASUS

New York Times

The dramatic struggle raging before Moscow should not obscure developments in the Southern sector of the long battle line from Leningrad to the Black Sea. There the German spearhead of invasion, curling along the Sea of Azov, has reached Taganrog, where in the seventeenth century Peter the Great established a fortress.

For these reasons the decision of the Afghanistan Government to comply with Russian and British demands for the expulsion of Axis nationals resident in that country is a friendly attitude toward the Allied cause but confidence in the strength of their arms as well. Afghanistan, the only missing link in the 2,000-mile front Great Britain and Russia are building across Central and Southwestern Asia, is the natural route for supplies to Russia.

FRENCH FOOD GOES 'TO FEED THE BOCHER'

Brandon Sun

A young French airman, who escaped from Vichy France not long ago, told in a British broadcast of the internal conditions in the unoccupied territory. He had been staying, he said, in the Riviera—former mecca of millionaires.

There was no fish. All the fish which eating was sent to Paris for the German officers. The bread was the color of mud—and about as palatable—what they got of it. That, for the French, who eat so much of it, must be a sore deprivation.

That day began to dawn, and the Hunnish nightmare of world-dominion to revive, with National Socialism. But in the ranks of the original National Socialists were some like Gregor Strasser who dreamed of a regenerated Germany. "That element of Nazidom," said the Junkers—"must be destroyed."

The Junkers still rule Hunland. Today German militarism marches hand in hand with German capitalism to establish slavery for the rest of the world. Only fire and sword carried into the very heart of Hunland will burn the dream of world domination—and burn it forever—out of the hearts of the fanatical tribes.

SUNDAY HARVESTING

Daily Telegraph and Morning Post (London)

Recently the ministry of agriculture, in sounding the slogan, "All hands to the harvest," issued an appeal to farm workers and others for Sunday labor in order to save the crops. Objections to working on the Sabbath, it has been found, were responsible for a disappointing response.

HITLER MONKEY FOR GERMAN JUNKERS

London Evening Standard

Why do those in authority over us in the United States of America tell us, day in and day out, that we are "fighting Hitler"? Sure far too much stress is laid on the name of that paranoiac house-painter, of which I personally am sick to death.

But to rank this Austrian mountebank with Napoleon, or even with Attila (the original Hun), is both dangerous and absurd. Hitler is neither a military man nor an administrative genius. We are and all his gang of hangers, hangers and other perversions of the human mind.

The shell-shocked house-painter, who no more won an Iron Cross in the last war than Henry Ford is little more than a marionette. Jerk

STATEMENT FROM A FRIEND

McKENNEY ON BRIDGE

PLAYER STRIPS HAND OF TRUMP TO MAKE DIFFICULT CONTRACT

With Earl Ackerman of San Francisco, Vice-President of the Pacific Bridge League, and I. F. (Nate) Gaffney, President of the Cleveland Whist Club, I went to Newark, N.J., where the New Jersey Bridge League was holding its mixed team-of-four contest.

This contest brought out many outstanding players, especially among the women. Mrs. A. M. Sobel played with Waldemar von Zedtwitz on one team, and Mrs. R. C. Young of Philadelphia was a member of another team.

Here is an interesting hand I saw Mrs. Young play during the match. Sitting South, she won the opening lead with the ace of hearts. She led the three of spades and played the nine from dummy. West won and returned hearts, South ruffing the third round.

A low trump to the queen put dummy in, and also revealed the bad trump split. North led a diamond for South to win by a finesse of the jack.

Now it was useless to set up the diamonds by a third round ruff in dummy, for then East's trump length would kill the suit. So Mrs. Young boldly cashed her last two trumps, then led the club to the king.

Slips in Your Manners Embarrass Your Dates

BE WISER BUY KAYSER

she Hates to be Seen With Him

Is a lovely girl ashamed to be seen with you—or are you the type girl boast about dating?

Naturally, no girl is ashamed to be seen with a man who has manners. But when, in a draughted booth, her date slips into the wall seat and then sits there with his hat on, you can't blame a girl for hoping friends won't see her.

A man who knows his way about lets the girl have the inside seat and takes his hat off sitting at any table. When the waitress comes over he gives his girl's order first, then his own. Afterward he leaves a tip.

The girl, if she's popular, knows her P's and Q's, too! If her soldier date has a broke moment, she gives him the money privately, lets him, pay the bill.

She's smooth in every way. When paid a compliment she doesn't trade with a crude, "Oh I like your dress, too!" but says what's always in good taste—a gracious "Thank you!"

Good times and good manners go hand in hand! Our 32-page booklet gives rules of etiquette you can learn easily, use on all dating occasions—dances, parties, restaurants, theatres, games—and in the office on the phone, when traveling.

Send 15c in coins for your copy of "Etiquette For Young Moderns" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of booklet.

German Press Still Fuming Over Roosevelt Revealing Nazi Hopes

Berlin, Oct. 30.—(AP)—German spokesmen, still fuming over President Roosevelt's Navy Day speech, challenged the President today to produce a map which he said revealed German aspirations in South America.

If such a map exists, the spokesmen challenged the President to prove it authentic.

Authorized Germans studied recently published maps of South America and speculated whether the President referred to any of these.

They distributed to foreign correspondents photograph copies of one recent map which they said appeared in the August number of Fortune Magazine and showed South America as a sort of political question mark.

The spokesman said that by refusing to reveal the documents on which his charges were based Roosevelt "ducks the issue."

To Anglo-American comment that the German reaction to the President's speech was violent, a Wilhelmstrasse spokesman quoted a German proverb: "A big axe is required for a big block of wood."

Asked whether the President's speech would affect diplomatic relations between Germany and the United States, the spokesman said: "We have other things to worry about."

AUSTRALIA SEES UNITED STATES AT WAR

Melbourne, Oct. 29.—(AP)—That America is at war is the interpretation placed on President Roosevelt's Monday night speech by most of the Australian press which praised the President's steadfast policy of courage and realism.

The Melbourne Age said the speech has only one logical sequence—full participation in the war if words are to mean anything. The paper said it is no longer possible for America to remain even nominally neutral.

The Melbourne Argus said President Roosevelt is Freedom's friend again. The paper said he reiterated the unalterable resolve of his administration which reflects the views of an overwhelming majority of the American people to maintain the freedom of the seas for American ships with the frank motive of conveying munitions to the fighting democracies.

The paper added this virtually means the United States is at war with Germany. It is none the less real because it is undeclared but President Roosevelt has never pretended otherwise.

The Melbourne Herald said the speech could not have been made by a leader of a democracy had he not known the vast majority of the people were solemnly behind him. President Roosevelt has led the American nation to a place from where there is no turning back. The destruction of the Axis powers has become essential to America's survival as to the survival of any of the democracies.

TWO MINISTERS AT MEMORIAL CEREMONY

Ottawa, Oct. 30.—(AP)—The United States Legation said today that J. Pierrepont Moffat, United States Minister to Canada, and Leighton McCarthy, Canadian Minister to the United States, will officiate at dedication of an International Peace Monument Nov. 11, at Belle Isle, Detroit.

The programme is planned as official recognition of relations existing between Canada and the United States for the last 126 years.

REMEMBRANCE DAY PLANNED AT BEDFORD

Executive of Missisquoi Chapter, I.O.D.E., Makes Arrangements for Sale of Poppies on Armistice Day.

Bedford, Oct. 30.—At a recent Executive meeting of Missisquoi Chapter, I.O.D.E. Mrs. A. S. McCaw was appointed to look after the ordering and distribution of poppies for Remembrance Day. All members of the Chapter will sell poppies, and Mrs. Alfred Nicholson was appointed to look after the arrangements in this regard. It was decided to have 1,000 small poppies, as well as a number of boutinieres and large poppies, for which there is always a great demand.

Mrs. E. A. Chidsey and Mrs. F. E. Best were appointed to look after the arrangements in connection with the holding of the usual service on Remembrance Day at the soldiers' monument. This service was inaugurated shortly after the formation of Missisquoi Chapter, I.O.D.E. Wreaths from the churches, I.O.D.E., Boy Scouts, Girl Guides and the various business houses are deposited on the soldiers' monument which has engraved on it the names of those men from Bedford and vicinity, who enlisted during the last war. The clergy of the town take part in the service, which is attended by the pupils of the three town schools, the members of the Missisquoi Chapter, I.O.D.E., the Mayor and Councillors of the town, the veterans of the Great War, the Boy Scouts and Girl Guides. The service is most impressive, and is always largely attended.

A Missisquoi Chapter, I.O.D.E. was formed nearly ten years ago at a meeting held at the home of Mrs. E. F. Currie, it was decided that the anniversary should be observed. A bridge and "500" party will be held in the Masonic Hall on the anniversary. Mrs. Ellison Gould together with the members of her committee will look after the arrangements in connection with the holding of the party. The proceeds of the evening will be devoted to the Chapter's war work.

WAR WORK CONTINUES

There was an excellent attendance at the Missisquoi Chapter, I.O.D.E., meeting for war work in the Masonic Hall. The War Work Convener, Mrs. Harry Jones, announced that the kit bags for the members of the Women's Voluntary Services in England, for which a shower was held on the 28th inst., will be packed and shipped to Provincial Headquarters, I.O.D.E., Montreal, together with the twenty-five layettes which were recently completed for babies in bombed areas in addition, the outfits for young boys, completed by the Chapter, will be sent at the same time.

More than twenty-five kit bags will be sent, owing to the generous response by members and friends at the shower of articles needed for this work. In addition there will be a large shipment of knitted articles, including a quantity of gloves and mitts, for which there is such an urgent need at the present time.

The tea hostesses for the afternoon were Mrs. W. M. Corey, Mrs. C. E. Collins and Mrs. T. Gauthier, who were assisted in serving by Isabelle Craighead, Phyllis Corey, Liette Deleuze and Joan Provent.

MONEY REFORM GROUP TO NAME NATIONAL HEAD

No Indication Given as to Possible Leader for Democratic Money Reform Group at Winnipeg Convention.

Winnipeg, Oct. 30.—(AP)—Additional principles were entered into the records today as delegates attending the National Convention here of "Democratic Monetary Reform" gathered to elect a leader for the new movement.

Election of national officers headed the list of unfinished business on the final day of the three-day conference.

There was no hint as to who the officers might be. The convention was called by New Democracy Members of Parliament, eight of whom came to the meeting along with delegates from British Columbia, Alberta, Saskatchewan, Manitoba and Ontario. Representatives from Alberta included Premier William Aberhart, several members of his Social Credit administration and a number of Alberta Legislature members.

Five principles were approved by delegates at an early session yesterday and later in the day six more were favored. They were:

- 1.—Social Justice—Social justice cannot be fully obtained until purchasing power is maintained at an adequate level by just prices, including parity of prices to primary producers, fair wages to workers, direct issue to consumer of purchasing power through public works, social services, pensions, bonuses, or other means as required;
- 2.—Housing—Granting of loans for the building of homes for Canadians at the cost of financing;
- 3.—Health insurance—Institution of a national system of non-contributory state health insurance to be financed by Government issues of credit;
- 4.—Great freedoms—Monetary reformers believe in and will uphold the great freedoms of religion, speech, literature, individual enterprise, sanctity of the home;
- 5.—Defence of principles—All-out defence of these principles against paganism, atheism, totalitarianism in whatever form they may appear.

IF BABY IS CROSS FIND OUT WHY

HEALTHY BABIES are not cross. Your baby should not be cross. If he is, then something in his little system is "out of order". Probably Baby's Own Tablets can promptly "put it right". Mrs. H., of Fenton Falls, had the experience. She writes: "My little girl was irritable, fretful and sometimes sick at her stomachs—what a relief it was, after giving her Baby's Own Tablets, to see how much better she was."

No matter how delicate your baby may be, these little sweet-tasting tablets cannot harm him. Easy to take. Promptly effective in clearing up simple fevers, diarrhoea, colds, constipation, simple croup, colic, teething troubles and other minor ills.

Never be without a full box of Baby's Own Tablets. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

Fiery, Itching Toes and Feet

Here is a clean, stainless antiseptic oil now dispensed by chemists at trifling cost, that will do more to help you get rid of your troubles than anything you've ever used.

Its action is so powerfully penetrating that the itching is instantly stopped; and in a short time you are rid of that bothersome, fiery eczema. The same is true of Barber's Itch, Salt Rheum, Itching Toes and Feet—other irritating unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottles at any modern drug store. It is safe to use—and failure in any of the ailments noted above is refunded.

HALIFAX FACES MANY PROBLEMS FROM WAR BOOM

Civic and Other Authorities Seek to Remedy Many Situations Arising from Population Influx.

This is one of a Canadian Press Series on Wartime Writer. By ANDY ROSS. (Canadian Press Staff Writer) Halifax, Oct. 30.—Among Canadian cities, the war has probably bestowed on Halifax the greatest prosperity and the biggest headache.

The two-hundred-year history of the city has been a series of war booms and this is the greatest. An extra 30,000 persons have jammed their way into the small peninsula of the city proper, where some 60,000 peacetime citizens lived. Sleepy little villages nearby have sprouted almost overnight into lusty suburbs.

KISS YOUR TIRED FEELING GOODBYE!

Popless Many Suffer Low Blood Count—And Don't Know It. The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, doze, tired and peevish.

Low blood count means you haven't got enough red blood corpuscles. It's their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams' Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.

QUEBEC SHOWS AT EXPOSITION

New York, Oct. 30.—An exhibit of Quebec handicrafts is on display this week at the eighteenth Women's National Exposition of Arts and Industries being held in New York.

The exhibit, forming part of the British Commonwealth of Nations exhibit, was brought to New York under supervision of Charles Charrier, acting director of the Province of Quebec Trade Bureau in Manhattan. Handwoven textiles, wood carving, glazed pottery and copper are among the items on display.

squalid slums which cling to the waterfront and the fringe of the downtown area. Overcrowding and the increased cost-of-living have made them more squalid. Diseases, both epidemic and social, have become a serious problem.

Nov. Scotia's liquor laws permit no public taverns and the liquor stores are closed on Saturdays and on the weekdays at 6 p.m. Fighting men the world over are drinking men. Bootlegging has been added to the problems of the police.

And wherever there are fighting men there are undesirable women. Halifax offers no exception to that either and has an augmented supply, both professional and amateur.

Wartime Housing, Limited, is building some thousand low-rent, pre-fabricated houses. More than 150 of these homes have been occupied already. Private construction has proceeded at a terrific pace.

The city police force was strengthened. Army, Navy and Air Force have all established efficient Provost departments with radio-controlled scout cars and "black marries."

The organizations help keep the men off the streets by providing movies, dancing, radio, reading rooms, writing rooms, table tennis, darts, billiards and a host of other games.

So avid were the men for this type of accommodation, so great the need, that a K. of C. hostel with a designed sleeping capacity of 360 took a record 519 under its roof shortly after it was opened.

While Halifax's headache is easing steadily, hundreds still have nothing to do but walk the streets. But now the picture of a drunken soldier sprawling on someone's doorstep or a lonely sailor in the gutter is not such a frequent sight to disgust the public, and wrench the heart of the social worker.

INSECTS HURT FOOD STORAGE

San Francisco, Oct. 30.—(AP)—Insects and rodents have destroyed some of Britain's food supplies and rats have become a problem in bomb-torn London, two University of California scientists told the National Pest Control Association.

Dr. Guy F. MacLeod, entomologist, said attempts to store grain and other milled food products in English attics, lofts and basements had resulted in almost complete losses from insects because the places were not properly fumigated.

Mr. and Mrs. R. H. Farnsworth, of Quebec City, spent the week-end with Mrs. Baldwin and Mrs. Ella Farnsworth, who is still confined to her bed.

Mr. Ross Cromwell, of Montreal, was in town over the week-end calling on his sister, Mrs. Harry Moe, and Mr. Moe.

Mr. and Mrs. J. H. Tucker, Francis and John, of Saint John, N. B., Miss E. W. Peary, Mr. J. Hamilton Ferns, of Montreal, were recent guests of Mr. and Mrs. E. A. Seale.

Mr. and Mrs. George Liddell and son, George, of Sherbrooke, were calling on Mr. and Mrs. George recently.

Miss Dorothy Berwick spent the week-end with her parents, Mr. and Mrs. Charles Berwick.

Mr. Remeo Dumont, of St. Hyacinthe, was in town on Monday calling on his parents, Mr. and Mrs. George Dumont.

Mr. and Mrs. B. F. Wright, Mr. Billie Wright and Mr. Holden, of Newport, Vt., were Sunday guests of Mrs. Robert Cole.

Miss Edith Taylor and Mr. Alden Learned were Sunday guests of Mr. and Mrs. Harry French in Sawyerville.

Mr. and Mrs. George Warren, of Springfield, Mass., were recent week-end guests of Mrs. Warren's father, Mr. Julius Allard and Mrs. Allard at Rock Island.

L.A.C. Ronald McCune, from Command Headquarters, Montreal, spent a recent week-end at the home of his parents, Mr. and Mrs. Thomas McCune, Rock Island.

Mr. Joseph Barlow, of Arvida, is spending some time with his son-in-law and daughter, Mr. and Mrs. Philip Bolduc, in Rock Island.

Mrs. C. C. Blake, of Magoon's Point has bought the Ben Miller house at Prospect Park from O. L. Cass, of Fitch Bay, and will soon move to Rock Island.

Miss Margaret Bedard, who has been spending a week with her parents, Mr. and Mrs. Eugene Bedard, in Rock Island, has returned to her work at the Ingersoll Rand Company in Sherbrooke.

Mrs. George Miller, daughter, Catherine and Miss Joyce Hackett were recent Sunday guests of Mrs. Millet's brother-in-law and sister, Mr. and Mrs. Leo Ferrault in Coaticook.

The Misses Isobel Goodsell and Marjorie Barlow, of Rock Island, attended the Barlow-Carey reception in Waterville.

The Border Outing Club held the first meeting of the Fall season in the Village Hall, Derby Line, when officers for the ensuing year were elected as follows: President, Lawrence Renihan; Vice-President, Alec Bacon; Secretary-Treasurer, Ruth Beck; Co-Ski Captains, Loyd Kezar and Stuart Eggar; Membership, James McFadden, and Social, Dorothy Holland. Many items of interest were discussed and plans were made for the completion of the ski tow on the Butterfield lot in Derby Line.

The U. Need-Us Club of the Universalist Church held the first meeting of the year at the home of Mrs. Emerson Peavey in Beebe. There was a good attendance of members. Work was done on Red Cross articles for an hour, after which a social time was enjoyed. Refreshments were served by the hostesses later in the evening.

The basketball boys of Derby Academy held their first meeting last week and are now planning their schedule for the year. The first issue of "The Spirit of Derby Academy" will be issued the middle of November.

The local Canadian Red Cross Society wish to acknowledge the splendid knitting of the Fitch Bay group for girls' and boys' outfits which helps to keep up the weekly shipments. They are very grateful

to those individuals and organizations who donated so generously to Christmas Overseas boxes, as enough money has been received to send cigarettes to the boys in Newfoundland. Please send Newfoundland addresses to the Red Cross rooms. New or used blankets are also wanted for the relief of the bombed victims in Britain.

A reception was held at the home of Mr. and Mrs. J. E. Carey in Waterville in honor of Mr. and Mrs. Wallace Barlow, of Rock Island, when about fifty relatives and friends gathered to wish them many years of happy married life. They were the recipients of many lovely gifts, including silver, cut glass, pyrex and linen. The evening was spent in singing, dancing and music. A buffet lunch was served, after which the guests dispersed.

STUDY PROBLEM OF COMPLETING BAGDAD ROUTE

United States Military Mission Said to Favor Iran Railway Link as Supply Route for Russia.

By STERLING F. GREEN, (Associated Press Staff Writer)

Washington, Oct. 30. (AP)—The United States will send a military mission to Iraq, it was learned on reliable authority today, to study the feasibility of constructing the unfinished link in the historic Berlin-to-Bagdad railway as a route for war supplies to Russia.

The army group will investigate a British proposal for spanning the hundred-mile gap in the Iraq railway to link the Persian Gulf with the Turkish rail system, which has direct connections with Russian railroads East of the Black Sea.

Ironically, completion of this project would put at the service of Germany's enemies, Britain and Russia, a vital part of the Berlin-to-Bagdad railroad which was the unfulfilled dream of the late Kaiser Wilhelm. His ambition to complete it has been regarded as a contributing factor in the chain of events leading to the First Great War.

Britain was reported to have asked Lend-Lease assistance for the project, along with requests for aid to improve the Trans-Iranian Railroad, farther East, and for delivery of 200 locomotives, 4,500 freight cars, many tons of rails and other equipment to build up rail transport in the Middle East.

It was understood that United States officials looked with particular favor upon the Iraq railroad proposal, and that the military mission would depart shortly for Basra, Iraq, for an investigation which might determine whether this Government would tackle the job.

The project is part of a broad, British-conceived programme for developing a rail and highway system in the Middle East capable of handling a huge volume of war materials, defense sources said.

Besides railroad construction and improvement in Iraq and Egypt, the programme contemplates development of a truck route—something akin to the Burma road—in Eastern Iran to connect Indian railroads with South-Central Russia.

The project was regarded favorably in Washington, for it appeared to offer an all-weather route which could be brought into use in a matter of weeks or a few months.

The Iraq railroad extension would require longer for completion, but was said to be considered by some officials the most logical and practical route for United States shipments into Russia and ultimately, perhaps, Turkey, for it would route deliveries through an area not threatened immediately by Nazi troops.

The railroad runs from Basra to Bagdad in Central Iraq and thence Northward to Kirkuk, Iraq, where it ends. The hundred-mile link, built to the Northwest through Mosul, would make a connection with the Eastern terminus of the Turkish line which was originally intended to extend through Bagdad.

Mrs. Clara A. Jenkins died at her home in Rock Island on October 22, following a severe heart attack. Mrs. Jenkins was born in Haverhill, N. H., May, 1855, being a daughter of Wellington and Lucinda (Hulbert) Rutter, with whom she came to Stanstead Township. She had qualified as a teacher, and in turn taught in various districts of Derby and Holland, Vermont, as well as in Stanstead County. She married Charles A. Jenkins, and for many years the family home was at Smith's Mills, now Tomifobia. When Mr. Jenkins became secretary-treasurer of the Township of Stanstead, as well as of the School Commissioners of that municipality, Mrs. Jenkins was of great help to her husband. Aside from her home, the church, school and temperance activities were her predominant interests. For years she was a great force in the W.C.T.U. On November 2, 1933, she suffered a fracture of her right hip, from which she never fully recovered. She leaves two sons, Charles R. and C. Lee Jenkins, of Derby Line and Rock Island as well as more distant relatives. The funeral was held at Centenary Church, Stanstead, with burial at Rutter's Corners.

CONFERENCE OF Y. P. U. GROUPS AT KNOWLTON

Two-Day Meeting of Quebec-Sherbrooke Presbytery of Young People's Union—Twelve Groups Represented.

Knowlton, Oct. 30.—The eleventh annual conference of the Quebec-Sherbrooke Presbytery Young People's Union was held in the Knowlton United Church on Saturday afternoon and all day Sunday.

About fifty young people representing twelve Young People's Unions gathered in the church hall at three-thirty o'clock, and after registration, formed three discussion groups until five-thirty.

After a banquet, greetings were extended to the delegates by the local minister, Rev. Mr. Mitchell, and by the President of the Union, Miss Ada Hartley.

The Acting Secretary, Wendall Scott, of Sweetsburg, read a report of the activities of the Presbytery Union for the past year.

The morning service was held at eleven o'clock in the church auditorium with Mr. Mitchell officiating.

After lunch the group re-convened in the church hall, where Rev. C. T. Dawes of Moulinette, Ont., gave a talk on music appreciation, laying the stress on Negro spirituals, which he illustrated by using the piano.

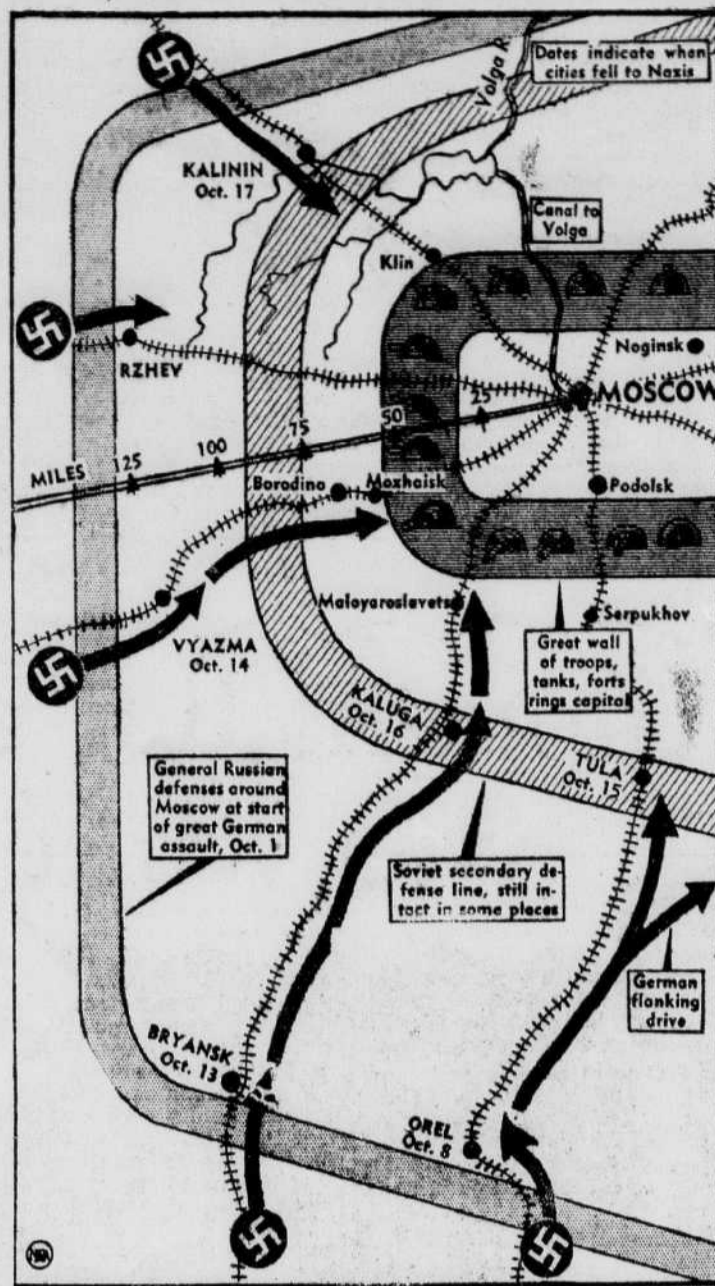

This was followed by a presentation of the group findings and resolutions.

At four o'clock Mr. Leslie Bemish installed the new officers in a short, impressive ceremony.

Following is a list of officers and the offices which they hold: President, Miss Ellen Frank, of Kingsbury; Treasurer, Howard Ayer, of Hatley; Secretary, George Robney, of Sherbrooke; Vice-President, Miss Rita Spry, of Lennoxville; Christian Fellowship Convener, Arnold Healy, of Richmond; Citizenship Convener, Winston Doyle, of South Durham; Christian Missions Convener, Miss Marguerite Wheeler, of Sherbrooke; Christian Culture Convener, James Connor, of Magog; Sports and Recreation Convener, David Christie, of Cowansville; Publications Convener, Wendall Scott, of Sweetsburg.

The Convention Communion Service was led by Rev. Mr. Mitchell.

A Pimple Covered Face Kills Many a Romance

The lives of many young people are made miserable by the breaking out of pimples, and you probably know of cases where a promising romance has been spoiled by those red, white, festering and pus filled sores on the face. The trouble is not so much physical pain, but the mental suffering caused by the embarrassing disfigurement which very often makes the sufferer ashamed to go out in company. The quickest way to get rid of pimples is to improve the general health by a thorough cleansing of the blood. Burdock Blood Bitters helps to cleanse the blood and with the blood cleansed the complexion should clear up.

STABILIZATION OF PRICES AND WAGES Your Country asks your loyal support of this necessary Wartime Measure

TWO NEW CONTROLS have now become essential in Canada's wartime design for living. These are:

(1) Control of Prices

Commencing November 17, 1941, there may be no increase in the prices of goods and services generally unless absolutely necessary and authorized by the Wartime Prices and Trade Board.

(2) Control of Wages

No employer, with certain limited exceptions, may increase the basic wage rates paid to his employees unless authorized by a Board on which the Government, employers and employees are represented. But after February 15, 1942, every employer, with the same exceptions, will be obliged to pay a cost of living bonus and to adjust this bonus every three months.

Action Necessary to Stop Inflation

This Government action has been taken to prevent the inflation we knew in the last war, and its subsequent depression, unemployment and suffering.

Every housewife knows that prices are rising, and rising prices, unless controlled, will make it more costly and difficult to finance the war. Rising prices, unchecked, will spread confusion in industry and trade; will hinder production and proper distribution of supplies; will make the cost of living rise more rapidly than wages and salaries; will lessen the value of savings; will result in hardship for almost everyone, and especially those with small incomes. And the result of uncontrolled inflation, after the war, when prices drop, will again be depression and unemployment. Prices cannot be controlled without control of wages. Excess profits are, and will continue to be, under rigid control.

Coverage of Wages Stabilization Order

The Order is applicable to the following employers:

- 1—Every employer normally subject to the Industrial Disputes Investigation Act.
2—Every employer engaged in the manufacture of munitions of war, or war supplies, or the construction of defence projects.

Whole-Hearted Support Required

Your Government knows that this policy, as it affects labour, industry, commerce, and agriculture, demands a degree of restriction to which Canadians are not accustomed, and is directly a wartime measure. It will demand self-discipline and self-control. It will need the whole-hearted support of every one who has the well-being of his fellow citizens at heart. But by loyal co-operation, Canadians can have much more assurance that the fears, sense of insecurity, the suffering and prostrating which inflation always brings, will neither interfere now in the winning of this war, nor in the recovery and reconstruction of Canada and the Canadian way of living after the war is over.

KIWANIANS IN ENTERTAINMENT AT SWEETSBURG

Girls' Cottage Industrial School Scene of Programme Staged Under Auspices of Granby Club.

Sweetsburg, Oct. 30.—A number of members of the Kiwanis Club of Granby and their friends gave an evening's entertainment at the Girls' Cottage Industrial School.

The programme consisted of community singing, led by Mr. Gordon Taylor, a musical act by Mr. Gerard Couture, of Waterloo, in which he played a guitar and harmonica at the same time, dramatic recitations by Miss Helen Legge, of Granby, songs by Miss Anita Couture, who played her own accompaniment on guitar, songs by Master Roy Northorpe, accompanied by his father, mandolin and piano duets by the Misses Laurette and Cecile Lavalriere, of Waterloo, and moving pictures, consisting of animated talking cartoons, the lantern being operated by Mr. Nelles Richardson in his usual efficient manner.

The announcer of the programme was Rev. I. M. Lidstone, rector of St. George's Church, and interesting remarks were made by Rev. Thomas Scott, of Granby United Church, who also expressed the pleasure of the Granby visitors in seeing Nurse Buckley and Miss Florence Findlay, a teacher of the day school, both former Granby residents, on the staff of the Industrial School.

The entire programme was a source of great enjoyment to the girls and refreshments were served to all, the cost having been defrayed by the Kiwanis Club.

Among Granby residents in attendance in addition to those already mentioned were Mrs. Thomas Scott, Mrs. Walter Legge, Mrs. C. Huxtable, Miss Doris Westover and Mrs. Johnson, and Kiwanians John Patterson, W. R. Legge, Gordon Taylor, John Dukelow and A. Dorion. The thanks of the staff and girls of the school were expressed by Miss Margaret Thurham, superintendent.

New Ford Cars For 1942

DESIGNED to provide maximum wartime motoring values of economy, comfort and styling, the new Ford cars for 1942 are offered in two series by Ford Motor Company of Canada, Limited. Deluxe models are available in four body types—the Tudor is pictured above—and the Special series in three. Both have distinctive front end treatment with a wide radiator grille and a new arrangement of headlights and parking lights. Bodies are lower and riding qualities have been improved throughout. Rubber is used extensively in engine mountings, spring shackles to eliminate metal to metal contacts. This together with scientific soundproofing gives a really quiet ride. A new track bar and improved steering mechanism contribute to better road control. Interiors are richly upholstered in a smart two-tone effect achieved with leather and cloth in combination. Both Deluxe and Special cars are powered with the famous Ford V-8 engine which delivers smooth power with the all-important feature of low gas consumption.

years as Councillor for the Town of Bedford before the Town was divided into Town and Township, also several years on the Board of School Commissioners. He was a member of the Mystic Cemetery Association and one of the Directors since its incorporation eighteen years ago.

The funeral service, which was conducted by Rev. H. V. Fricker, Rector of St. James' Church, Bedford, was held in Stanbridge East on Friday, September 26, and was largely attended by relatives and friends.

The bearers were Messrs. B. R. Stevens and J. M. Stevens, of Bedford, and Edmund Hodge and George White, of Stanbridge East. Interment took place in the Family lot at Mystic.

He leaves to mourn his loss, a daughter, two sons, two daughters-in-law, ten grandchildren and several nieces and nephews.

MRS. F. W. DUSTIN, OF AYER'S CLIFF, Oct. 30.—The community was shocked on Tuesday morning, October 21, upon learning of the death of a much respected citizen, Mrs. F. W. Dustin, who passed away in Sherbrooke Hospital after a week's illness.

The deceased, formerly Anna L. Brown, was born in McConnell on March 3, 1874, and on October 1, 1890, she married Fremont Dustin, Hatley, who predeceased her on July 14, 1929. To them four children were born, Montie, who died last May 18, Rufus, who lives on the home farm, Dustin, of Georgeville, Mrs. M. L.

Una (Mrs. W. N. Ives), of Westerville, Vt., and Ural, who lived at home with her mother.

Mrs. Dustin had not been well for a few weeks but she did not consider her illness serious and only a week before she died she consulted a doctor. Later she was taken to the Sherbrooke Hospital. She and Mr. Dustin had always lived in this community on a farm just outside the village and some time after his death she and her daughter, Ural, moved into town, where she had many friends who will miss a kindly neighbor. She was a great lover of her home and family, and enjoyed having her friends spend an afternoon in her home and going to theirs. She was always a kind, considerate and loving mother and will be keenly missed by her children and grandchildren.

The funeral service was held at her late residence on Thursday afternoon with Rev. W. J. Belford, Rector of St. George's Church officiating, and a large circle of relatives and friends gathered from North Hatley, Georgeville, St. Johnsbury, Barre, Vt., Rock Island and Sherbrooke.

The bearers were Messrs. A. H. Slack, M. E. Leavitt, N. S. Hartson, H. J. Drew, George Ramage and S. I. Baldwin. The floral offerings were beautiful and many, silent expressions of deepest sympathy to the bereaved family.

Among those from out-of-town were Mr. C. Dustin, of St. Johnsbury, Vermont, Mr. W. E. Dustin, of Sherbrooke, Mr. and Mrs. G. A. Rufus, of Georgeville, Mrs. M. L.

OBITUARIES

MRS. EDITH A. CROSS, OF MELBOURNE RIDGE, Oct. 30.—Relatives and friends were saddened to hear of the sudden death of Mrs. Edith A. Cross which occurred early Monday morning, October 20, at the home of her son-in-law and daughter, Mr. and Mrs. John Wilkins.

She had been in failing health for some time but death came suddenly following a shock the previous evening.

Edith Ann Armitage, widow of Richard L. Cross, was born at Trenholm, July 30, 1868, the fifth daughter of Mr. Jabez Armitage and his wife, Ann Trenholm. They moved to Richmond from Trenholm in 1894. In 1896 she married Richard Luther Cross, of South Durham. Their home was in Richmond where Mr. Cross died in 1911. For the last twenty years Mrs. Cross has lived with her daughter, Mrs. Wilkins, at Melbourne Ridge.

Besides her daughter and son-in-law and four grand-children, Margaret, Douglas, Ernest and Osborne Wilkins, she leaves two sisters, Mrs. E. B. Cramer, of Richmond, Mrs. H. E. Rankin, of Sonningdale, Sask., one brother, J. H. P. Armitage, of Lanigan, Sask.; seven sisters-in-law, Mrs. E. H. Armitage, of Spinney Hill, Sask., Mrs. A. W. Armitage, of Minneapolis, Mrs. M. Armitage, of Melbourne, Mrs. J. P. Armitage, of Lanigan, Sask., Mrs. W. J. Watkins, of Drummondville, Mrs. A. J. Cross and Mrs. F. A. Cross, of Richmond, one brother, H. W. Fowler, of Melbourne Ridge, and a large circle of nephews, nieces and cousins.

The funeral was held on Wednesday, October 22, at Trenholm United Church, where Mrs. Cross was a member in her girlhood days. The service was conducted by Rev. V. Buchanan, of Kingsbury, Pastor of the Melbourne Ridge church, who spoke words of comfort from the text Psalm 27, verse 4. Mr. Gordon Armitage sang an appropriate solo and the hymns were "Nearer My God to Thee," "Abide With Me," and "Peace, Perfect Peace."

Among those who attended were Mr. Armitage Ewing, K.C. and Mrs. Mabel Pierce, of Montreal, Mr. and Mrs. Gordon Armitage and Mr. George Ewing of Sherbrooke, Mr. Wilbur H. Fowler and Mrs. Eva Fowler, of Ingoquo, Ont., Mr. and Mrs. D. L. Fowler, Mr. F. C. Clark and Mr. and Mrs. H. A. Crank, of Grayby, Mrs. Sarah Fowler, Mrs. Etta Hill and Mr. Ernest Hill, of Montpelier, Vt., Mr. Reginald Wilkins, of Springfield, Mass., besides many relatives and friends from Richmond, Melbourne, Kingsbury, Fiddon and Melbourne Ridge.

The beautiful flowers bore silent tribute to the love and esteem of her many friends.

The bearers were four nephews, Henry, Wilbur, Dwight and Otis Fowler. Burial was at Trenholm beside her husband in the family lot.

A. A. LENT, OF BEDFORD, Oct. 30.—The death of Arthur Alexander Lent occurred at the home of his son in Stanbridge East on Wednesday, September 24, after a short illness.

The deceased who was born in Bedford on February 3, 1870, was the youngest son of the late David Lent and Louisa Hodge. In July, 1883, he was united in marriage to Ruth Eliza Moore, daughter of the late Thomas Moore and Mary Ann Van Vliet, of Lacolle, who predeceased him in May, 1901.

Of this union there were four children, Harry, who died in infancy, Leona, Mrs. William Watson, of Bedford, Garrett, of Stanbridge East, and Lyall, of Toronto.

Mr. Lent had lived his entire life in Bedford, residing on the farm which his father left to him. He was a carpenter and worked at his trade until about thirty years ago, when he gave it up and devoted his whole time to farming, until declining health forced him to give it up.

Mr. Lent was an obliging neighbor. He was keenly interested in all things pertaining to the welfare of the community. He served twelve

FARLEY OPENS HEAVY ATTACK ON LA GUARDIA

Democratic State Chairman Declares Mayor, Seeking Re-election, Is a Liar and a Cad.

New York, Oct. 30.—(AP)—Stepping into a campaign word war unprecedented in recent years, Democratic State Chairman James A. Farley denounced Mayor La Guardia as a "liar" and "cad" for remarks which he said intimidated Gov. Lehman had "fixed" the State Court of Appeals.

Tearing up an earlier speech, Farley in a re-written radio address last night made a scathing attack on the Mayor's re-election campaign tactics, asserting: "The 7,000,000 citizens of New York City have reason tonight to bow their heads in shame... A man

"Keep Your Head Down, Fritzzy Boy"

The "big offensive" which the Germans unleashed against Moscow — one of the biggest battles the world has ever seen — is a blueprint of Nazi blitz technique. Stuka dive bombers have led the way, and German infantry move on a "strong point," some of them, like soldier above, taking shelter in shell holes while awaiting the signal to attack.

whom they have twice elected Mayor, last night showed himself in his true colors, as a cad."

Farley said La Guardia had exceeded the bounds of decency by calling Lehman a "double-crosser" and falsely accusing him of first acquiescing in the Democratic nomination of Joseph V. O'Leary, a Labor party member, for State Controller, and then bringing about a decision by the Court of Appeals that there would be no election now.

Closing his radio appeal with a plea for the election of Brooklyn District Attorney William O'Dwyer, the Democratic mayoralty candidate, Farley said: "There is only one way to prove... sincerity at this time of shame, and that is by voting against a man who has openly and publicly made himself a liar, a speaker of insult and a degrader of the best tenets of our constitutional democracy."

The Mayor himself, replying to a declaration by Gov. Lehman that La Guardia had "an unbridled tongue," told an American Labor Party rally in Madison Square Garden that Nazi Government spokesmen had made the same complaint recently against President Roosevelt.

"I am at least in good company," said La Guardia.

The 15,000 persons at the rally heard Wendell Willkie, 1940 Republican Presidential nominee, praise the Mayor for "clear, unambiguous and fearless championship of freedom" and predicted his re-election to a third term.

JAPANESE PLAN TO ESTABLISH PUPPET STATES

Shanghai Hears that Hopes Have Been Abandoned for Setting Up Strong Central Government.

Shanghai, Oct. 30.—(AP)—Usually reliable sources said today that the Japanese, despairing of ever establishing a strong central government for China under Wang Ching-Wei at Nanking, were planning to set up various local regimes.

The first of these, the sources declared, will be inaugurated shortly at Kiukiang with jurisdiction over the three important Central China provinces of Hunan, Honan and Hopeh, plus parts of Kiangsi.

An obscure Chinese politician, formerly a Japanese-sponsored magistrate in the Chungshan district of South China, was said to have been selected to head this regime.

The Japanese were said to be hopeful that local regimes, with a fair measure of independent action, might induce Chinese provincial troops and politicians to desert Chungking.

Wang's regime at Nanking, the

sources said, would remain nominally the Central Government, but actually its authority would be limited to the Lower Yangtze area.

THE BANDITS OF THE CROOKED CROSS

Whether by birth or adoption Canada is your home. You live here, work here, enjoy life here. Freedom is yours. The right to live and worship in your own accustomed manner is yours—a right that has become a part of your daily way of life. Now, that way and that freedom are threatened. Canada is threatened. You and those you love are threatened by the most dangerous, the most highly organized gang of bandits this world has ever known.

They are the Bandits of the Crooked Cross. They are planning to destroy all you have—all you love. But you can stop them! By providing ships, shells, planes, tanks and guns, you can end their devastating career—end the threatened danger to yourself—to Canada. Buy more War Savings Certificates, today. Keep on buying them. Get behind your local drive. Line up and sign up, today.

The help of every Canadian is needed for Victory. In these days of war the thoughtless, selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us. Invest in War Savings Certificates the dollars you don't need to spend. After Victory, they come back to you with interest. Spend less now so that you can spend more then, when labour and materials will be available for the things you need. There is no price too high for freedom.
