

# MONTREAL TELEGRAPH COMPANY,

CONNECTING WITH ALL THE PRINCIPAL CITIES AND TOWNS IN

## CANADA AND THE UNITED STATES.

Terms and Conditions on which Messages are received by this Company for transmission.

The public are notified, that, in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated, by being sent back from the station at which it is to be received, to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message; and while this company will, as heretofore, use every precaution to insure correctness, it will not be responsible for mistakes or delays in the transmission of delivery of un-repeated messages, or messages written in cypher, from whatever cause they may arise; nor will it be responsible for delays arising from interruption in the working of its telegraphs, nor for any mistake or omission of any other company over whose lines a message is to be sent to reach the place of destination. All messages will hereafter be received by this Company for transmission subject to the above conditions.

O. S. WOOD, Superintendent.

**OTIS WARREN,**  
**FIRST PRIZE**  
**SCALE MANUFACTURER,**

**Corner St. Patrick & St. Columban Sts.,**  
**MONTREAL.**

Has constantly on hand an Assortment of

**Platform, Counter, Beam & Stand Scales**

Which are all warranted. Also,

**Brass and Iron Weights.**

**COAL and HAY SCALES** constantly on hand or made to order, on the shortest notice, and on the most reasonable terms.

He is the Inventor and Patentee of **PLATFORM SCALES** in Canada, and from past experience can confidently state that his Scales are superior to any manufactured or sold in Canada—Fairbanks not excepted. To give an idea of their ease in turning, it requires only  $\frac{1}{4}$  lb. to turn them with 1000 on the Platform. The **COUNTER SCALES** will turn with a piece of paper, 2 inches square.

Merchants test your Scales. Put on about 1000, and see how much it requires to turn them. It ought to be no more than a  $\frac{1}{4}$  lb. Many are using scales that require 3 or 4 lbs., thereby losing, more in a short time than the cost of Sharpening and Repairing their Scales.

Repairing done on the shortest notice, and on the most reasonable terms.

# THE GEM PARLOR PIANOFORTE.

MANUFACTURED BY

## WM. H. MANBY & CO.,

NO. 15 ST. DENIS STREET,  
**MONTREAL.**

These very superior instruments have the following great advantages over the ordinary Pianofortes viz: The size of Case, they being but five feet six inches long, by two feet eight inches wide, finished all round corners; with full iron Frames, making them a very desirable Pianoforte for small rooms. They are 6 $\frac{1}{2}$  Octaves, and equal in power, brilliancy of tone, and elasticity of touch to any Pianoforte, in the market. Intending purchasers would do well to call and see THE PARLOR GEM, at the Manufactory and Wareroom, No. 15 St Denis Street near Notre Dame Street, Montreal.

# Union Railroad Office.

## BRITISH AMERICAN AND UNITED STATES MAIL ROUTE.

1856-57-58 & 1860.

For display, excellence of workmanship, and improvements on the Singer Machine.

**W. BERRY'S  
FIRST PRIZE SEWING MACHINE DEPOT,  
CORNER OF ANDERSON & LAGAUCHETIERE STS., (West End.)  
[FOUR DOORS EAST OF BLEURY ST.,]  
MONTREAL.**

These Machines have taken the First Prize for the last seven years, wherever exhibited and are now admitted, by parties who have been testing them to be the best and cheapest ever offered to the public, whether for Light or Heavy Sewing, such as Shirt Work, Dress Making, Tailoring, Shoe Binding and Foxing, Hemming and Felling, Harness Work; alike useful to private families, or Manufacturers.

*The Machines sold by the Subscribers are all of his own manufacture, having machinery especially adapted for that purpose.*

His sole reliance being placed in their superiority, he most respectfully disclaims any connection with any other Sewing Machine or agency, foreign or domestic.

The particular points in which the Machines of the subscriber excel, are their simplicity, durability, speed, and economy of needles and thread. Numbers have been working one and two seasons without breaking a single needle. These Machines work without noise.

The best guarantee of the Subscriber is, that he solicits the attention of intending purchasers, as well as those having his Old Machines, to the important improvements recently made by him, and which he will apply free of charge to his Old Machines, which have stood the test for the last seven years upon every variety of work.

He would also draw the attention of the public to his lately improved WAX THREAD SEWING MACHINE.

Numerous and highly respectable references kindly permitted, to private families as well as to manufacturers in the different branches above mentioned, in this City and Province, can be given.

Purchasers thoroughly instructed gratis. Every machine warranted.

These Machines never have, nor never will be in the hands of peddlers, consequently they cannot be purchased at any other place than at his Office and Factory as above.

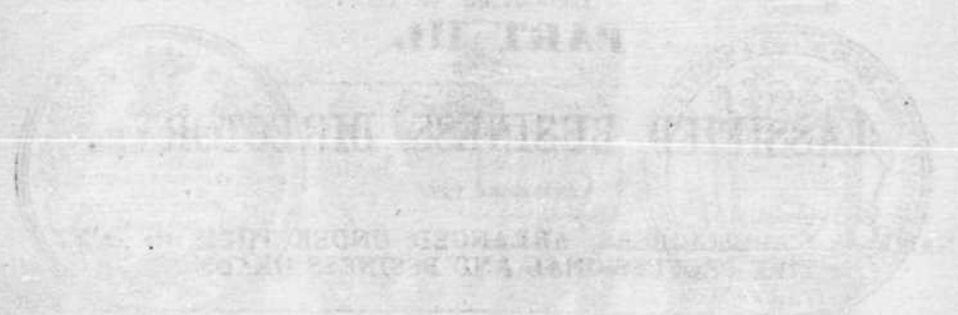

*Silk, Thread and Needles constantly on hand.*
