## TWO BELIEVED DEAD IN THETFORD FACTORY FIRE

### Five Injured As Munitions Plant Swept By Flames

At Least Two Unidentified Girls Employed at Lynn MacLeod Industry Missing—Several Explosions Followed Outbreak of Fire—Flames Spread to Garage and Dwelling.

Thetford Mines, Jan. 26.—At least two unidentified persons are known to be dead and five others are confined to hospital suffering from severe burns as the result of a fire which this morning swept through the Lynn-MacLeod Foundry and Munitions plant and later spread to the MacLeod service station and garage and a neighboring dwelling.

The fire started at 9.30 o'clock today on the main floor of the MacLeod plant and spread rapidly through the building, tongues of flame shooting up the elevator shaft and carrying the blaze to the second storey within a few minutes after the outbreak.

Members of the Thetford Mines fire department were still battling the flames at noon and endeavoring to keep them from spreading to other buildings.

Police of this asbestos-mining town, seventy miles from Sherbrooke and fifty miles South of Quebec City, said that two unidentified girls were dead and that others "might be missing."

Several explosions are reported to have occurred when the fire reached the war industries section of the building.

Three young girls and two young men were taken from the scene of the fire to St. Joseph Hospital suffering from serious burns, but their condition was not considered critical.

The injured were Cecile Bois, Beatrice Belanger and Jeanne Nadeau and Rene Bouchard and Louis Labarre, all in their twenties.

One of the girls was reported to have jumped from the second storey of the plant when she became hysterical at the rapid sweep of the flames.

Firemen were on the scene a few minutes after the alarm was sounded but were handicapped at the start through the water being frozen in the hydrants.

At noon the firemen were endeavoring to check the flames at the service station and had subdued the fire which had broken out in the nearby dwelling. It was feared that the MacLeod plant, a 500 by 700 foot structure employing 250 hands, would be completely razed.

The factory is situated on the Main Street of Thetford Mines near the Q.C.R. freight sheds.

**MANITOBA M.L.A. DIES**  
Winnipeg, Jan. 26.—Dr. John A. Munn, sixty, Liberal-Progressive member of the Manitoba Legislature, died at his home in Carleton Place, Sunday after a lengthy illness. He had represented Dufferin constituency in the Legislature since 1927.

### Winter-Toughened Russian Army Wipes Out German Defence Lines

Moscow, Jan. 26.—(AP)—Winter-toughened Russian soldiers, taking full advantage of the coldest weather in recent decades, were reported today mopping up vast areas of the long German-Russian front after practically wiping out Hitler's winter line.

(Hitler himself, a Stockholm report broadcast by the BBC said, has fled Westward with his personal headquarters from Smolensk, now endangered by the Russians, to Minsk, capital of White Russia 430 miles West of Moscow.)

Clean-up operations were reported in full swing in the area East of a 270-mile line running from the vicinity of Smolensk, 230 miles West of Moscow, to Orel and Kursk. There was no information on exactly how far from Smolensk the Russians were.

Russians said the Moscow region and that around Tula, two hundred miles South of the capital, are "completely free of Germans" and that the Kalinin sector, 90 miles Northwest of Moscow, is being cleared.

The Soviet Information Bureau's early morning communique announced the recapture of Neldovo, on the Moscow-Riga railroad 170 miles Northwest of Moscow and fifty miles West of Rzhhev. Russian-encircled Northern anchor of the

### KENTISH MINERS TO CONTINUE WALK-OUT

London, Jan. 26.—(AP)—Ignoring prison threats, 1,017 Kentish coal miners voted unanimously Sunday to continue their strike for higher wages for which three of their leaders already are in jail.

At the largest miner's meeting ever held at Deal, they ignored requests of the colliery management to return to work.

The Ministry of Labor has filed summonses against the men on charges of conducting an illegal strike, and it is understood these will be acted upon if the walkout continued.

### Japanese Shipping Suffers Heavily In Macassar Battle

Three Japanese Cruisers and Two Transports Suffered Direct Hits in a Continuation of Attacks on a Japanese Convoy in Macassar Strait, Southwest Pacific Command Announced this Morning.

Southwest Pacific Headquarters of the United Nations on Java, Jan. 26.—(AP)—Three Japanese cruisers and two transports have suffered direct hits in a continuation of attacks on a Japanese convoy in Macassar Strait, the Southwest Pacific Command announced today.

The command announced that United States flying fortresses sank one of the Japanese transports and scored a direct bomb hit on a cruiser.

Netherlands planes, participating in the same action, scored four direct hits on two cruisers and one transport.

In addition a Netherlands submarine sank one Japanese destroyer and scored a torpedo hit on a cruiser.

The same announcement said United States naval forces scored five torpedo hits on the Japanese flotilla in addition to inflicting damage with gunfire.

During the last twenty-four hours Japanese aircraft have been active over a wide area, the communique said. Three enemy planes were shot down, two by anti-aircraft fire and another by an Indian fighter during a raid on an unidentified Netherlands airbase.

Concerning the submarine attack on the destroyer and cruiser the communique said that "as the submarine was strongly attacked by enemy ships it was impossible to observe whether the cruiser sank as a result of this hit."

The war bulletin acknowledged the loss of a Netherlands bomber in yesterday's attack on Japanese ships off Balikpapan, Netherlands Borneo port, in which bomb hits were scored on two cruisers and a transport.

Japanese forces raided an airbase at an undisclosed point in the outer provinces, the communique said, and severed telephone communications but caused no casualties or damage to any planes on the field.

### BRITISH BOMBERS CARRY OUT LARGE-SCALE RAIDS ON BREAST HARBOR

London, Jan. 26.—(AP)—British bombers last night attacked the German occupied port of Brest, where the Nazi battleships Scharnhorst and Gneisenau have been reported sheltering, the Air Ministry announced today.

The raid was carried out without loss of a plane, a communique said.

### PRIVATE SECRETARY TO MINISTERS DEAD

Ottawa, Jan. 26.—(AP)—Funeral services will be held in Montreal Wednesday for Fernand Corbin, 32, private secretary to three Cabinet Ministers in his six years of Government service.

He died in hospital yesterday after a brief illness.

Native of Outremont, Que., Mr. Corbin came to Ottawa in 1935 as private secretary to the late Hon. Fernand Rinfret, then State Secretary. He retained the post under the late Rt. Hon. Ernest Lapointe and Hon. Pierre Casgrain, now a Quebec Superior Court judge.

### ANGRY DEMANDS FOR PUNISHING U.S. OFFICIALS

Washington, Jan. 26.—(AP)—Angry demands came from Congress members today for the expulsion of any "incompetent" holding responsible positions in the United States war effort and for courts martial to mete out punishments on those responsible for the debacle of Pearl Harbor.

A furor on both sides of Capital Hill followed the week-end report of a Presidential investigation commission blaming non-co-operation and "dereliction of duty" by Hawaii area commanders of the army and navy for success of the Japanese attack on the great Pacific naval base.

Many Senators and Representatives argued that the commission's conclusions pointed to a pressing need for a super-command with control over the operations of both armed services.

Although the investigating commission decided that the Secretaries of State, War and Navy, respectively, Cordell Hull, Henry Stimson and Frank Knox, as well as the Army Chief of Staff (Gen. George Marshall), were responsible for the debacle.

### Axis Forces By-Pass Bengasi In Major Libyan Counter-Offensive

Cairo, Jan. 26.—(AP)—British headquarters indicated today the Imperial 8th Army has been driven back in Libya by Lt.-Gen. Erwin Rommel's armored columns with the Axis' forces apparently aiming to by-pass Bengasi in a major counter-offensive.

The new centre of the desert battle, placed by the communiqué North and Northeast of Zouiet Msus, meant that Rommel had advanced more than forty miles from the Agedabia-Andelat-Saunna triangle where a big tank battle raged during the week-end.

Zouiet Msus is seventy miles Southeast of Bengasi, inland on the hump of Cirenaica, and fighting in that region means the British forces have withdrawn about 145 miles around the Gulf of Sirte from the high water mark of their drive at El Agheila.

The Axis' gains were partly offset, however, by news that the Royal Air Force had dealt smashing blows to a heavily-escorted Axis convoy apparently bearing reinforcements to North Africa.

An R.A.F. communique said bombers and torpedo-carrying planes severely damaged and probably sank a 20,000-ton liner, set another transport on fire and crippled a destroyer. Bomb hits were reported on an

other warship, believed to be a cruiser, and on several other vessels.

The convoy, which included three large merchantmen in addition to the liner, was protected by a battleship, four cruisers and fifteen destroyers, it was announced.

The R.A.F. said several bombs were dropped close to the battleship and several torpedoes were launched at her sides, but effects were uncertain.

The attack on the convoy, in the Central Mediterranean, started Friday and continued more than twenty-four hours, the communique said. In the first assault one torpedo hit the liner amidships and another struck the stern of a destroyer, causing a violent explosion.

Bombs later scored two direct hits on the liner, causing violent explosions. When the convoy was last sighted Saturday, steaming East at reduced speed, the liner was nowhere to be seen.

The situation on the African land front was described by British headquarters yesterday as "confused," with sharp fighting raging in the vicinity of Saunna and Andelat, forty-two miles East and fifty miles Northeast of Agedabia, respectively.

Fighting in these zones indicated the Axis forces had made additional gains since the British headquarters announced Friday they had abandoned Agedabia.

### NOVEL SUICIDE LEADS ONTARIO DEATH RECORD

Toronto, Jan. 26.—(AP)—Ontario again chanced up a low week-end fatality record when only four tragedies were reported throughout the province during the past week-end. The deaths were the result of a suicide, a fall, a traffic accident, and a severe scalding.

Most unusual death was the suicide of Mrs. Evelyn Margaret Lemmon, 37, of Windsor, whose body was discovered in her own trunk in the attic of her home Sunday after she had been missing ten days.

Windsor detectives said Mrs. Lemmon went to the attic of the house, unknown to her mother, 80, ill in bed on the second floor, and climbed into the trunk. Lying on her back, she then licked sticking paper, sealed the lid shut from the inside, and opened three bottles of chloroform.

The tragedy was discovered when her brother, Milford Cantelle, opened the trunk while searching for the family Bible.

### More Islands Occupied As Japanese Pressure On Australia Expands

Steadily Broadening Japanese Operations Cover Broken Front of Islands Extending Almost One Thousand Miles from Northern New Guinea East to Florida Island in the Solomons—Renewed Plea for Aid.

Melbourne, January 26.—(AP)—Steadily broadening Jap operations against Australia's outposts today covered a broken front extending almost one thousand miles from Northern New Guinea East to Florida Island in the Solomons as jungle-trained Australian militia-men battled invasion forces in the hills of New Britain and New Ireland.

Civilians were removed from towns in New Guinea and the Solomon Islands.

Prime Minister John Curtin declared that arrangements already were underway to give Australia a place on Gen. Sir Archibald Wavell's Southwest Pacific staff and said Australia's views on the war strategy had been placed mainly before British Prime Minister Churchill and President Roosevelt.

Mr. Curtin declared in a radio broadcast from Perth that "the enemy thunders at our very gates," that Australia's voice must be heard in the war councils, and pledged: "Australia is for Australians. It is a white Australia. With God's blessing we shall keep it so."

While the militia fought a delaying action, the War Cabinet ordered immediate full mobilization of working and fighting manpower. All men up to sixty years of age will be required to register. Enrolment of women is expected to follow.

With the Japanese gaining bases within striking distance of the mainland, bomb-disposal squads were being formed in Australian cities and steps were taken to extend the present blackout to all coastal communities.

Army Minister Francis Forde announced that civilians were being taken from bombed Madang in Northeastern New Guinea, and Tulaga on Florida Island in the Solomon Islands. Civilians were removed from the East Coast town of Lae during the week-end.

(There was no immediate indication whether the evacuation was prompted by fear of further bombings or indicated Australian preparation to stand off expected Japanese landing attempts.)

Even while Madang and Tulagi were being cleared of civilians, the coastal town of Wewak, Northwest of Madang, was reported under Japanese aerial attack. Communication with previously-bombed Buai, however, were re-established.

Australia's militia, in action for the first time in the Commonwealth's history, were said to be largely bushmen from Victoria, long trained for fighting in the jungles of the mainland and New Guinea.

### UNITED STATES BOMBERS BUSY OVER PACIFIC

War Department Reports that Seven American Bombers Sank Enemy Transport and Set Fire to Another.

Washington, Jan. 26.—(AP)—The United States War Department reported today that seven American bombers, participating in the January 24-25 attack on a Japanese convoy on Macassar Straits, sank an enemy transport, set fire to another and shot down five enemy planes, and returned to their base undamaged.

On Luzon Island in the Philippines, the Department said, fighting on Batan Peninsula was confined to relatively unimportant skirmishes on the West coast and in the vicinity of Subic Bay.

Delayed reports received by the department from the Western Pacific disclosed that the City of Cebu on the island of the same name in the centre of the Philippine archipelago, was the object of an intensive air raid by eighteen enemy bombers January 21.

One small boat was sunk in Cebu harbor, but no other serious damage was reported.

The Department also reported that the large Japanese tanker set afire by American bombers January 20 off Jolo ultimately sank.

The successes in the Macassar Strait reported for American bombers came as the United Allied command in the Southwest Pacific also reported further damage against the big enemy convoy fleet first reported hit Friday.

In slashing sea and air action that was understood to be continuing relentlessly, ships of the United

### SASKATCHEWAN FARMERS SEEK HIGHER PRICE

Delegation of Four Hundred to Visit Ottawa in Demand for Minimum Payment of Dollar Per Bushel on Wheat.

Regina, Jan. 2.—(AP)—"On-to-Ottawa" is the slogan of a delegation of some 400 farmers preparing for a journey to the Dominion capital with a Saskatchewan wheat pool petition bearing close to 200,000 names and seeking higher prices for farm produce.

The delegation, including a number of Saskatchewan farmers and businessmen, leaves next Friday aboard two special trains. Delegates will live aboard the trains during their stay in Ottawa, where they will meet Agriculture Minister Gardiner in a conference February 2.

R. H. Milliken, of Regina, wheat pool counsel, will go East in advance of the main party to complete arrangements. Chief officers of the pool, President J. H. Wesson and Secretary George W. Robertson, are already in Ottawa to attend the Canadian Federation of Agriculture convention opening there today.

Major point in the petition is a demand for an initial payment of not less than \$1 a bushel on wheat delivered to the Canadian Wheat Board compared with the 70 cents, basis No. 1 Northern at the lakehead and Vancouver, paid on the 1941 crop.

The petition also requests the Government to accept the principle of "parity prices" for all agricultural products.

(The petition does not define "parity" but at its last annual meeting the pool defined parity as the average price levels of the years 1926-29 as follows, all prices basis

### WAR BULLETINS

New York — Thai planes were sighted yesterday alongside Japanese aircraft in a raid on Singapore shortly after Thailand declared war on Britain and the United States, the Sydney radio said today in a broadcast heard by NBC.

London — The Admiralty announced last night that four officers and twenty-nine ratings were missing and presumed killed in the loss of the Trawler Lady Shirley.

Sydney — Australian forces fighting behind the Japanese-occupied city of Rabaul, Capital of New Britain, have repulsed eleven Japanese attacks in the past two days even though most of the Australians are receiving their baptism of fire and are greatly outnumbered, Australian reports said today.

The Australians were believed to hold strong vantage points.

The Japanese were strongly supported by planes from aircraft carriers but it was said some of these had been withdrawn for operations against New Guinea.

### FRESH RAVAGES OF SUBMARINES IN COAST AREA

Norwegian Tanker Sunk Thirty-Five Miles Off New Jersey Coast but Forty-Two Crew Members Rescued.

Sea Isle City, N.J., Jan. 26.—(AP)—Striking without warning, an enemy submarine sank the Norwegian tanker Vangar in a pre-dawn attack only thirty-five miles off the Atlantic coast yesterday, but the crew of forty-two was saved.

Three torpedoes riddled the 9,200-ton motor ship within 12 minutes in one of the closest to United States Atlantic coast enemy attacks on shipping but for the first time since the United States entered the war no lives were lost in Atlantic waters.

The explosion shook houses in several South Jersey communities, including Atlantic City, twenty miles North of here.

The survivors escaped in two lifeboats taken in tow by two fishing smacks that came upon the oil-drenched sea five hours after the ship went down thirty-five miles Southeast of here.

### Public Co-Operation Demanded In Canadian Sugar Rationing Scheme

Ottawa, January 26.—(AP)—Sugar rationing is in effect in Canada today, with the allowable household consumption set at about a third less than normal by order of the Wartime Prices and Trade Board.

Each Canadian is limited to three-quarters of a pound of sugar a week. He has been accustomed to using more than a pound.

He may not have in his home more than two weeks' supply at any time, and in making purchases must limit himself to requirements of two weeks unless he resides in a remote area and has been accustomed to buying in large quantities.

Donald Gordon, Prices and Trade Board Chairman, who announced the rationing plan at a Sunday press conference, said its success would depend largely on public co-operation and assistance. But the order as the force of law with the same authority—and the same penalties—as others issued by the Board in controlling price levels. For failure to observe board orders a penalty up to \$5,000 or two years' imprisonment may be imposed in an extreme case.

Mr. Gordon made clear the rationing measure was required not so much because of the Canadian situation as the needs of the United Nations who dip into the Allied sugar supplies.

Continued on Page 2, Col. 2.

The Canadian order came on the heels of a United States announcement that the sugar situation in that country required the setting up of a system of consumer rationing as soon as possible. Mr. Gordon said officials of the two countries had been in close consultation on the sugar question and agreed steps should be taken at once to conserve sugar stocks "as a prudent pre-emptive measure in light of an existing situation."

Behind the sugar conservation decision is the fact that eighty per cent of Canada's stocks are imported, beet sugar production representing about twenty per cent of requirements.

The order applies only to household purchases and supplies, but S. R. Noble, Sugar Administrator, will advise industrial users how the restrictions will affect them.

For purchases within the rationing limits, one person may buy for an entire household and buying will be done in the ordinary way. No ration coupons or tickets will be required.

The United States sugar ration has not been announced, but Mr. Gordon said the United Kingdom ration was half a pound a week.

Mr. Gordon said the supply and

CHURCH GROUP HELD MEETING AT WATERVILLE

Leon E. Allen Re-elected People's Warden at Annual Vestry Session of St. John's Church - Wardens Are Commended.

Waterville, Jan. 26.—The annual vestry meeting of St. John's Church was held in the lower dining room of St. John's Parish Hall, with the Rev. Canon Ernest R. Roy, M.A., in the chair and good and representative attendance.

The financial statement of the congregation was presented by the People's Warden, Leon E. Allen, which showed a very substantial balance on hand after all outstanding accounts had been paid.

Waterville, Jan. 26.—(By Cable)—A Canadian steamer, P.O. C. A. Harris of Chauvin, Alta., was wireless operator aboard the Lockheed-Hudson bomber which made a record trans-Atlantic flight recently in eight hours and ten minutes.

The aircraft was one of a number flown to Britain, all by training plan graduates.

"We flew high all the way," Harris said, and the seriousness of the time we originally figured.

"The spent considerable time circling both airbases and probably made the trip point to point in seven and a half hours."

Canadians were among the crews of other Hudsons.

These advances also indicated that British and Australian guerrillas, adapting the Japanese infiltration tactics to their own ends, are becoming increasingly active behind the enemy lines.

Two Australian battalions and a few Indian troops cut off a week ago while holding the vital Muar-Yong Pen road on the left flank of the front some sixty-seven miles North of Singapore were credited officially with a major part in slowing up the Japanese drive.

Military circles said that had the Australians failed to hold, the Japanese might easily have turned the campaign into an utter rout.

Surrounded, bating against heavy odds, and upon supplies almost dropped from the air, the "lost" battalions delayed the Japanese advance from Sunday to Thursday, when remnants began trying to fight their way back to their own lines in small parties.

Survivors still are straggling in from the jungle today to be greeted as heroes by their mates.

Meanwhile, in order to combat Japanese infiltration tactics, it was disclosed the entire Asiatic population had been removed from the forward area along the East coast. It was recalled that previously the Japanese had been able to effect advances by disguising their patrols as natives.

Singapore passed Sunday with comparative peace. A few bombs were dropped by Japanese raiders but casualties and damage were slight.

A force of Japanese planes was intercepted North of the city and one raider was shot down and others damaged.

FRELIGHSBURG COUNCILLORS ARE ELECTED

Named by Acclamation, With No Voting Necessary - Councillors in the Parish of St. Armand East Also Elected by Same Procedure.

Frelighsburg, Jan. 26.—Election of Councillors in the Parish of St. Armand East and the Municipality of Frelighsburg passed without a vote, all being elected by acclamation. For the Parish of St. Armand East John Hancock and H. St. Pierre were returned by acclamation, H. Goodhue replacing W. Doonan, also by acclamation. For the Village of Frelighsburg Messrs. William Dymond, E. H. Spencer and J. Larue were returned without opposition.

The last box of Red Cross articles sent to headquarters in Montreal contained an outfit for a four-year-old boy and an outfit for a four-year-old girl, six pairs of socks, four scarves, two pair-neck sweaters, four pairs of gloves for women's services, one pair of knickers, two pairs mittens, one pair wristlets and four caps.

Much sympathy is expressed for Mrs. Clyde Shepard whose father, Mr. Anderson, of Huntingdon, met a tragic death when he was gored by a bull. Mrs. Shepard is at present with the family in Huntingdon.

Mr. and Mrs. A. J. Shepard were guests of Mr. and Mrs. J. Stocks, of Cowansville.

Continued from page 1. States Asiatic fleet already have sunk seven enemy vessels while Netherlands and American bombers accounted for at least three and a Netherlands submarine got one, and five more sinkings were listed as possible.

Moreover, the Navy Department here reported heavy damage to convoyed vessels aloft and their escorting warships. The supreme command of the United Nations in the Southern Pacific placed the number of ships damaged by air and sea action at a minimum of fourteen.

"The losses inflicted on this Japanese command," said the United Nations command, "are the heaviest the enemy has suffered in any single operation since the war began."

Exact extent of the havoc inflicted on the hostile fleet was left in doubt—perhaps for military reasons—because the week-end communiques issued here and in the South Pacific were not always too specific in designating the areas of the country responsible for the success.

The battle, as the communiques recounted it, developed in this way: Friday—Netherlands heavy bombers and dive bomber fighters pounded on a strong force of Japanese warships and transport train, scores of Japanese direct hits on eight enemy ships.

U. S. destroyers followed up with a smashing night attack, scoring numerous hits. One large enemy ship was blown out of the water, another was sunk and a third left listing heavily.

Saturday—Netherlands and U.S. Army bombers returned to the assault with notable success. They were credited with two known sinkings, the severe damaging of two more enemy vessels and a direct hit on a Jap destroyer.

Sunday—U.S. cruisers and destroyers again hammered the enemy invasion fleet, sinking five more Jap transports and claiming the probable sinking of a sixth.

Although only two probable sinkings and eleven damaged ships are apparent in this detailed account, the Allied Supreme Command in the South Pacific made the "conservative" estimate the probable sinkings numbered four, and the ships damaged "no less than twelve."

A subsequent navy communique added the fifth probable sinking. Exact destination of the big Japanese invasion fleet was not known. The enemy was not completely without air support—one communique told of five down in an anti-aircraft attack on a formation of United States Army flying fortresses.

There was some speculation here that the Allies purposely permitted the enemy convoy to proceed unmolested until it had reached the position in the Strait where it could be cut off and ambushed.

Both the Navy communique here and those issued at the Java head-

NEW RECORD ESTABLISHED IN INSURANCE

London Life Insurance Company Announces Business Hits All-Time High in Yearly Report.

Among the outstanding features of the annual report of the London Life Insurance Company for the past year, as announced by Robert H. Reid, Managing Director, were new records in insurance written, gain of insurance in force and increase in assets.

The new insurance amounted to \$111,825,791, which is \$11,502,974 greater than for 1940, and an all-time high for the company. According to published estimates, this volume of new insurance will be one-sixth of all the life insurance written in Canada in the year.

The total life insurance in force is now \$769,214,424. The increase of \$71,116,993 for the year is by far the greatest in the company's history. Annuity contracts and re-insurance are not included in these figures. This is the fiftieth successive year in which a gain in insurance in force has been recorded by the London Life.

The assets of the company now of \$10,990,850 for the year. The amount to \$154,805,428, an increase of \$10,990,850 for the year. The unassigned surplus and the reserves beyond legal requirements were further increased during the year and now total \$16,137,690. It was announced that dividends to policyholders will be continued throughout 1942 on the present liberal scale, the funds for the purpose having been fully provided for in the 1941 statement.

J. Edgar Jeffery, K.C., President, made a detailed analysis of the company's financial position. "We are fully in accord with the Government's fiscal programme," Mr. Jeffery declared, "and will support its war effort to the maximum of our ability." As part of the company's co-operation in the war effort, its holdings of Dominion of Canada War Loan bonds were increased by over \$15,000,000 during the past year.

Continued from page 1. day night, dropping 500-pound demolition bombs on a powerhouse and other targets. Damage was widespread.

Other Japanese forces were ashore on New Ireland, Northeast of New Britain, after landings last week near Kavieng.

Reports here said that in the Northeastern Solomon group the Japanese had put still further troops ashore at Kieta last night, reinforcing a previous landing on the island of Bourgainville.

There were unconfirmed reports that still further Japanese landings had been made along Buka Passage between New Ireland and the Solomons.

Francis Forde, Army Minister and Deputy Prime Minister, warning that an attempt to invade the Australian mainland was imminent, announced that the militia had been hurried against Japanese landing forces on the Australian islands of New Britain and New Ireland.

The announcement, the first indication the Japanese had won a foothold on New Ireland, coincided with a communique from Batavia disclosing that the invaders also had made new landings at the East coast Borneo port of Balikpapan and at Kendari on the Southeastern tip of Celebes Island more than 400 miles to the East.

The landings on the Netherlands Islands gave the Japanese important strategic bases on both sides of Makassar Strait—the most direct water route Southward to Java and Australia.

Mr. Forde's announcement said the Japanese landing on New Ireland, which is East of New Britain in the Bismarck Archipelago, was effected at Kavieng. He declared the invaders had wrecked all buildings not demolished by Australian forces before they withdrew.

A Royal Australian Air Force communique said Japanese air reconnaissance and small-scale attacks continued today at various places in New Guinea and the Solomon Islands.

Air activity on both sides generally was hampered by bad weather, it added.

Mr. Forde said reports of the actual fighting were meagre, but asserted that Australian forces—including militia—were putting up "magnificent resistance" on Rabaul Peninsula on the Island of New Britain.

DONATE GLOVES OF ASBESTOS TO A.R.P. WORKERS

Asbestos, Jan. 26.—Nowadays, when Britain's intrepid firefighters, "put on the gloves" for a bout with the Luftwaffe's incendiary bombs, the magic mineral, asbestos, protects their hands against burns. Thanks to the efforts of employees in the Canadian Johns-Manville mill, factory and office workers hundreds of pairs of fireproof asbestos gloves have been provided free for British A.R.P. workers.

Asbestos clothing of all kinds, including the now-famous "flame suits" for the armed services, are a specialty of the Johns-Manville plant at Asbestos, Que. Early last Spring, the employees originated the idea of contributing their own money, and their time, to making fire gloves for civilian firefighters in Great Britain.

The first shipment of gloves was made to the British Ministry of Works and Building Stores, London, during April. Another shipment went overseas the following month—and a further supply was sent last month.

Japanese who landed there from eleven transports were estimated to number at least 10,000, heavily outnumbering the defence forces.

Other Japanese forces were ashore on New Ireland, Northeast of New Britain, after landings last week near Kavieng.

Reports here said that in the Northeastern Solomon group the Japanese had put still further troops ashore at Kieta last night, reinforcing a previous landing on the island of Bourgainville.

There were unconfirmed reports that still further Japanese landings had been made along Buka Passage between New Ireland and the Solomons.

Francis Forde, Army Minister and Deputy Prime Minister, warning that an attempt to invade the Australian mainland was imminent, announced that the militia had been hurried against Japanese landing forces on the Australian islands of New Britain and New Ireland.

The announcement, the first indication the Japanese had won a foothold on New Ireland, coincided with a communique from Batavia disclosing that the invaders also had made new landings at the East coast Borneo port of Balikpapan and at Kendari on the Southeastern tip of Celebes Island more than 400 miles to the East.

The landings on the Netherlands Islands gave the Japanese important strategic bases on both sides of Makassar Strait—the most direct water route Southward to Java and Australia.

Mr. Forde's announcement said the Japanese landing on New Ireland, which is East of New Britain in the Bismarck Archipelago, was effected at Kavieng. He declared the invaders had wrecked all buildings not demolished by Australian forces before they withdrew.

A Royal Australian Air Force communique said Japanese air reconnaissance and small-scale attacks continued today at various places in New Guinea and the Solomon Islands.

Air activity on both sides generally was hampered by bad weather, it added.

Mr. Forde said reports of the actual fighting were meagre, but asserted that Australian forces—including militia—were putting up "magnificent resistance" on Rabaul Peninsula on the Island of New Britain.

MONTREAL LIVE STOCK MARKET

Montreal, Jan. 26.—Cattle receipts on the Montreal livestock market today totalled 592. Calf receipts were 874, sheep receipts were 500 while receipts for hogs totalled 322.

There was a slightly weaker trend in the cattle market. Calves and lambs were firm. Hogs showed some weakness. Good steers were about steady at \$10 to \$10.25 for the best offered, medium good sold at \$9.50, and medium from \$8.25 to \$9.25 with common from \$8 down. Heifers were mostly \$7 to \$8.50, old heifers sold at \$8.75 or better. Some good fed calves or baby heaves made \$11 to \$11.50. Good cows were mostly \$7 to \$7.50, and medium from \$6.75 to \$7 with common butchers as low as \$5.50. Canners and cutters were \$4 to \$5. Butts were 25 to 50 cents lower. Prices ranged from \$5.50 to \$8.50.

Calves were firm. Veals ranged from \$10 to \$14. There were no tops. Good veals made \$14 with medium kinds from \$13 up and common kinds in mixed lots selling mostly between \$11.50 and \$12. Heifers were \$7.50 to \$10 and grassers from \$6.50 to \$7.50. \$7 to \$7.25, yearlings around \$6.

One early spring lamb weighing seventy pounds was sold at \$12 without weighing. One ewe lamb "last year's crop" was sold at \$11 per hundredweight. The balance of the lambs were practically all bucks and were sold at \$10.25 to \$10.50. Sheep were sold from \$3.50 to \$7 mostly \$6 to \$6.75. There was a weaker undertone to the hog market. There were no early sales made at time of writing.

The Varanger was the fifth vessel sunk by submarines in Atlantic coast waters of the United States within the last twelve days. A sixth shelled and damaged, reached port.

It was the second Norwegian ship sunk by torpedoes in as many days in the Atlantic. Five survivors of a freighter were landed yesterday at an Eastern Canadian port after fourteen hours in lifeboats.

The explosion of the first torpedo took from the ship the only means of replying to the attack—a four-inch gun. The blast also knocked overboard the radio room.

Seven minutes later the second torpedo struck and the third followed later. The ship went down immediately after the third blow.

Petition Will Be Presented Ald. Ross At Public Meeting

North Ward Alderman to Be Requested Formally to Stand for Election as Mayor at Gathering in City Hall Tomorrow Afternoon—May Name North Ward Alderman Candidate—Ald. J. O. Chartier Announces Resignation.

Ald. A. C. Ross will be requested formally to stand as candidate for the Mayorship which will fall vacant in March through expiration of the term of Mayor Joseph Labrecque at a public meeting to be held in the City Hall auditorium tomorrow afternoon at five o'clock.

The petitions, bearing several hundred names, which have been circulated during the last week in favor of Ald. Ross will be presented to him at the meeting tomorrow by Ex-Mayor A. C. Skinner, who will ask Ald. Ross to stand for Mayor, and a number of local citizens of both languages will speak, urging Ald. Ross to comply with their desire that he take over the duties of Chief Magistrate for the next two years.

In all probability the North Ward citizen chosen to replace Ald. Ross as Alderman when he becomes Mayor will be announced at this meeting tomorrow, although no official word of this step could be obtained today. It is hoped that as many citizens as possible will attend the City Hall meeting in support of Ald. Ross, who, it is expected, will be elected Mayor by acclamation if he decides to take up the post.

An important step in the East Ward situation was taken yesterday morning in the St. Jean Baptiste School when Ald. J. O. Chartier announced that he was resigning his City Council seat to become City Building Inspector as successor to the late W. L. McSwiggan. Ald. Chartier was elected in 1939 to fill a vacancy caused by the death of Ald. Vincent, and was re-elected by acclamation for a three-year term in 1940.

Ald. Chartier explained the reasons for resigning, and expressed his thanks to his electors and fellow residents of the East Ward for their support. Mayor Joseph Labrecque and Ald. J. A. Savard, other East Ward representatives, spoke briefly, expressing the pleasure it had been to be associated with Ald. Chartier, who, they said, had served the East

R.C.A.F. APPOINTMENTS Squadron Leader J. Duhan has been appointed Senior Organization Officer of No. 3 Training Command, R.C.A.F., and is succeeded as second officer of the branch by Flight Lieutenant P. M. C. Barthier, it was announced at Command Headquarters today.

Squadron Leader Duhan, a civil engineer, formerly was associated with Price Brothers at Kenogami. Flight Lieutenant Barthier, a veteran of World War I, was for a time attached to the Elementary Flying Training School at Windsor Mills. He owned a business in London, England, during peacetime, between the two wars. Much of the machinery used in his business was imported from Drummondville.

Ward and the city with ability and devotion. Ex-Alderman Maurice D'Orme presided over the meeting. At the present time it appears that a contest will be held in March for the East Ward seat, with L. W. Dixon, Chamber of Commerce President, and Olivia Deziel, King Street welder, seeking election.

VOICE PLEA ON BEHALF OF NEW LOAN CAMPAIGN

Senator C. B. Howard and Maurice Gingués, M.P., Addressed Gathering at Howard Club Saturday Night.

Voicing a strong plea on behalf of the forthcoming Victory Loan, Senator Charles B. Howard and Maurice Gingués, M.P., for Sherbrooke, declared Saturday night at the Howard Club that it was the duty of every citizen to support the Government in financing its war effort.

Senator Howard and Mr. Gingués spoke at a meeting called by the Young Liberals' Association and reviewed the Government's war activity, particularly as regards the Empire Air Training Plan.

Reference was made on the plebiscite on conscription which is planned by Premier King, and which elicited from Senator Howard the remark that "nowhere has a statesman given such an example of honesty toward the electors." Mr. King, he said, was a man who kept his pledges and promises, which was the reason for the plebiscite.

Both Senator Howard and Mr. Gingués explained that no details on the plebiscite could be given until Premier King had addressed the nation and himself outlined the issue. Canada's contribution to the war effort was listed, with the progress made in the Empire Air Training Plan described as "extraordinary," and emphasis laid on the maintenance of the shipping routes to England to keep the supply of foodstuffs and war materials flowing to the United Kingdom.

Mr. Gingués referred to the loss suffered by the nation as a whole in the death of Rt. Hon. Ernest Lapointe, and said that Canada is most fortunate in having a man like the Hon. Louis St. Laurent qualified to accept the important portfolio of Minister of Justice.

Joseph Laiberte, President of the Sherbrooke Liberal Association, introduced Alphonse Trudeau, former President of the Howard Club, who spoke a few words. Ephrem Breton, President of the Club, introduced Senator Howard, and Donat Jacques, President of the Young Liberals' Association introduced Mr. Gingués.

WORK OF PAST YEAR REVIEWED AT ABBOTSFORD

Officers Named and Reports Presented at Vestry Meeting of St. Paul's Anglican Church.

Abbotsford, Jan. 26.—The vestry meeting of St. Paul's Church was held at the Rectory. The Rev. H. K. N. Brueton, president, and his report on the general work of the parish showed progress made and church attendance increased.

The Treasurer reported all obligations met and a balance on hand in the various funds. The receipts from all sources have increased considerably. The meeting voted to accept the same budget for missions as last year, namely \$281. Last year's allotment was over-subscribed.

The officers for 1942 are: People's Warden, Mr. E. B. Chaplin; Rector's Warden, Mr. A. S. Crossfield; Secretary-Treasurer, Mrs. G. H. Buzzell, who was also elected Cemetery Warden.

General Notes The annual meeting of the Women's Auxiliary of St. Paul's Church was held at the Rectory with the President, Mrs. K. N. Brueton in the chair. Very satisfactory reports were presented. All obligations have been met. It was decided to hold monthly meetings at the homes of the members. The following officers were elected: President, Mrs. K. N. Brueton; Vice-Presidents, Mrs. D. J. Fisk and Miss Mary Fisk; Secretary-Treasurer, Miss Margery Fisk; Recording Secretary, Miss H. B. Jackman. Tea was served by the hostess.

The A.Y.P.A. of St. Paul's Church met at the Rectory. Mrs. Charles Fisk went to Kenogami, where she was called on account of the sudden death by drowning of her four-year-old grandson, Eric C. Fisk Thom.

Mrs. E. A. Buzzell is spending the winter in Montreal. Mr. Henry Buzzell, of Montreal, who is visiting his mother, Mrs. G. W. Buzzell.

Mrs. A. H. Rowell and Mrs. E. B. Chaplin spent a few days in Montreal. The Misses Marion and Jean Watson of Montreal, spent a week-end visiting Mrs. William Watson.

ACQUITS CANADIAN ON MURDER CHARGE

London, Jan. 26.—(C.P. Cable)—Peter Alexander McDonald, a Canadian soldier, was acquitted today of charges of murdering eighty-two-year-old Mary Emma Salmon last September.

McDonald, who was charged jointly with Patrick Cusack, a sailor, had pleaded not guilty. The men were committed for trial last September but the hearing was postponed several times because of Cusack's illness. It was testified that Cusack was suffering from tuberculosis and probably will never be well enough to stand trial.

ENTERTAINMENT BY ODD FELLOWS AND REBEKAHS

Members of the Rebekahs, Odd Fellows and their friends, including a number of the Veterans' Guard, gathered in the Odd Fellows' Hall, Saturday evening to commemorate the birthday of Thomas Widley.

A brief programme had been arranged by committees of both branches of the order. Cecil Campbell, N.G., acted as master of ceremonies.

Pte. Kenneth Brown, of the Veterans' Guard, gave two piano selections; a solo was given by Charles Taylor, accompanied by Mrs. Taylor at the piano; a recitation by Bert Torne, and a solo by Mrs. M. Waldie, accompanied by Mrs. S. Bacheider at the piano.

Pte. Waterman sang a solo with the audience joining in the chorus. Men in uniform then sang "The Beer Barrel Polka." The Misses Irene McGee, Dorothy McGee and Miss Ruby Hamilton gave an impromptu selection.

Lunch was served by the Rebekahs who were assisted by J. C. Mead and R. Cascaaden.

WILL RECRUIT FOR CANADIAN NAVAL RESERVE

Lt. Noel and Sub-Lt. Jette Will Be at New Sherbrooke House on Wednesday, Thursday and Friday.

Lieutenant Eugene F. Noel, Officer in Charge of Training in His Majesty's Canadian ships "Montreal" and "Cardier," of the Royal Canadian Naval Volunteer Reserve, and Sub-Lieutenant Marcel Jette, Recruiting Officer of the Cadet Division, will be in Sherbrooke at the New Sherbrooke House on Wednesday, Thursday and Friday to interview the men and young men who wish to enroll in the Royal Canadian Naval Volunteer Reserve.

It is required that the candidates have attained a reasonable degree of education. It is necessary for them to have terminated their seventh grade in primary school. Signallers will be accepted from the applications of young men who have completed their tenth grade and who have perfect eyesight.

There are also vacancies for sailors, cooks, stewards and tradesmen. All the candidates must be in perfect health.

England and Wales are estimated to have a total population of approximately 40,467,000.

Japs Go All-Out Against Dutch

Map, above, shows how Japs launched their long-expected all-out attack against the Netherlands East Indies. While Jap transports and warships started from the vicinity of Mindanao, Southernmost Philippine island toward Borneo, bombers blasted at Tarakan (1), an oil-rich isle off the coast. Landings were made there, several others in Minahasa, in Northern part of the Celebes. Previous Jap landings (2) in North Borneo and Sarawak make possible a pincer movement. It is thought American warships are aiding in defense of the Indies, and U. S. heavy bombers were reported to have made a direct hit on a Jap battleship off Davao, Mindanao. The Jap attack came at a time when Gen. Sir Archibald Wavell was setting up his new unified command headquarters on the island of Java (3). Photo below shows oil derricks on Tarakan.

ADVENT CHURCH VESTRY NAMES 1942 WARDENS

The election of H. Woollerton as Rector's Warden and K. S. Downs as People's Warden and the presentation of satisfactory reports on the past year's activities were highlights of the annual vestry meeting of the Church of the Advent.

Messrs. Wark, Batchelder, Sharpe and Keeley were re-elected Rector's Sidesmen, and Messrs. Cann, Loughheed, G. Mitchell and G. Lemay People's Sidesmen, while Mr. Lemay was appointed Vestry Clerk and Corresponding Secretary.

The financial statement was tabled by Mr. Downs, and the report of the Women's Guild by Mrs. J. Walsh, St. Agnes' Guild by Miss D. Robinson, the Sunday School by Miss S. Murray and the W.A. by Miss Robinson.

S. V. Batchelder brought up the question of a new furnace for the hall, and it was decided to make the necessary repairs to the back of the stage, this work to be left to the discretion of the wardens. Mr. Perry suggested new doors in the hall and rebuilding of the porch, and Mr. Batchelder moved that estimates be obtained by the wardens for such repairs and use of insulation over the ceiling.

Mr. Downs moved a vote of thanks to D. Price for electric repairs he had made to the church.

Mr. Batchelder and Mr. Perry were re-appointed auditors for the ensuing year.

In his report Rev. E. K. Moffatt said that six new families had joined the parish during the year but a similar number had left. A total of 264 services were held in the church, exclusive of baptisms, marriages, burials, private communions and hospital ministrations. Eleven infants were baptized, six couples were married, and one burial service was read. The Lord Bishop visited the parish and confirmed six children. There were 75 celebrations of Holy Communion on Sundays.

Rev. Moffatt asked that volunteers from the Church of the Advent take up the campaign for the blind in this ward.

FIRMS TO GET PRICE BOARD INFORMATION

New Bulletin Plan Will Keep Business Men Posted About Price Ceiling Regulations—Licensed Concerns on Mailing List.

Ottawa, Canada, January 26.—A plan to inform business men about price ceiling regulations by sending bulletins to all firms under licence to the Wartime Prices and Trade Board is announced today.

"Every business which has already applied for or obtained a Wartime Prices and Trade Board licence is now on the mailing list to receive these business bulletins," explained C. R. Morphy, Director of Licensing. "As each new application for licence is received, the name of the applicant will be added."

Apart from the legal requirements which make it obligatory for every licensee to notify the Board after March 31 of any change in name, ownership or character of his business within ten days after such change, such notification will enable the Wartime Prices and Trade Board to keep its mailing list for information up to date.

Every person who buys for resale, sells or offers for sale any goods must obtain a Wartime Prices and Trade licence, unless he has already obtained one under a previous Board licensing order. Farmers, gardeners, livestock and poultry producers, and fishermen, need no licence unless buying for resale. Operators of private boarding houses and employees of persons or firms themselves subject to licence are also exempt.

The current licensing order also applies to those providing services which have been brought under the price ceiling. These include: the supplying of electricity, gas, steam and water; telegraph, wireless and telephone services; transportation of goods and persons and the provision of dock and harbor facilities; undertaking and embalming; laundering, cleaning, tailoring and dressmaking; hairdressing and beauty parlor services; plumbing, heating, painting, decorating, cleaning and renovating; repairing of all kinds; supplying meals and beverages; exhibiting motion pictures; process manufacturing on a custom or commission basis.

Licence application forms have been distributed to all Post Offices. Upon completion these are to be mailed, post free, to the Director of Licensing, Wartime Prices and Trade Board, Ottawa. There is no licence fee.

Upon receipt of completed forms, the Director of Licensing will mail to each applicant, a licence identification card bearing his licence number which will be valid for the duration of the Maximum Prices Regulations. After March 31, any official investigator of the Board may require the production of this identification card by any business subject to the price ceiling regulations.

Enquiries for further information should be addressed to the Regional Directors of Licensing at Halifax, Saint John, Charlottetown, Montreal, Winnipeg, Regina, Edmonton or Vancouver.

NEWSY ITEMS

APPLICATIONS FOR LICENSES AVAILABLE Forms for application to the Wartime Prices and Trade Board for licences by persons or firms who are subject to the price ceiling regulations may be obtained from Alberic Julien, Secretary-Manager of the Sherbrooke Chamber of Commerce. Licences must be obtained by March 31, 1942.

REGIONAL WAR LABOR BOARD

At a recent meeting of the Regional War Labor Board, it was decided that their offices be established permanently in the City of Quebec. J. B. Germain, Chief Executive Officer, states that this office is now open at 13 d'Aiguillon Street, Quebec.

All inquiries pertaining to cost of living bonuses and wages during war time must be sent in to this office.

BUGBEE BUSINESS COLLEGE NOTES

At the first meeting of the B.B.C. Literary Society for the new year the main item of business was the election of officers for the winter term. This was carried out with expedition, resulting in the following executive: Honorary President, Mr. J. D. McFadyen; President, Pavillis Davis; First Vice-President, Donald LePoidevin; Second Vice-President, Peggy Goodhand; Treasurer, Miss Roxie McFadyen; Recording Secretary, Jean Hunting; Corresponding Secretary, Paul Brinard; Editor of "One Long," James Miller; Convener of Programme Committee, Wanda Bliss. The programme for the next meeting will consist mostly of speeches from each of the newly elected officers. A few days previously the S.W.C. College Magazine representatives from Bugbee were elected. They are Wanda Bliss and Paul Brinard.

Miss Jean Hunting spent a week-end at her home in Huntingville. Miss Roxie McFadyen entertained the B.B.C. and the Grade Eleven girls resident in the College.

PEDESTRIAN IS INJURED WHEN STRUCK BY CAR

Miss Alma Camire, 53-years-old, of 49 Marquette Street, suffered a fracture of the right forearm and minor bruises when she was struck by a car Saturday night at 9:52 while crossing Wellington Street in front of the Canadian Bank of Commerce.

The driver of the car was Ralph J. Humphrey, of North Hatley, according to police investigating the accident. Humphrey was Southbound at the time of the mishap. Miss Camire was rushed to St. Vincent de Paul Hospital for medical attention. She was reported to be resting comfortably today.

CHURCH HEADS ARE ELECTED AT KIRKDALE

Kirkdale, Jan. 26.—Holy Trinity Church held its annual Vestry meeting at the Parsonage. The members of the Vestry and friends met for dinner at noon with Mrs. Denton, Mrs. Patrick and Mrs. Couchman as hostesses. The business meeting was held at two o'clock. After the opening prayer, the financial statements of the several branches of the church work were presented and shown to be in order. The report of the Church Treasurer, Frank E. Davidson, showed receipts of \$274.18 and expenditures of \$265.96, leaving a small balance on hand.

The cemetery report, presented by the Cemetery Warden, Ernest W. Doyle, had a balance on hand of \$100.16, which will be used to paint the cemetery iron fence next summer, if possible. The Guild Secretary-Treasurer, Mrs. A. G. Cross, presented the gift statements of receipts, \$317.82, and disbursements of \$262.75 and a balance on hand of \$54.07.

The Parish Hall Fund, which is handled by the Funds Secretary, A. B. Lyster, has \$93.40 in the bank. The Junior W.A., whose Secretary is Miss Marjorie Gilchrist, has raised the splendid sum of over \$77 during the past year, and after contributing thirty dollars to the Queen's Fund and other patriotic funds, has a working balance on hand. The Red Cross Convener, Mrs. B. L. MacIntosh, reported seven quilts pieced and donated, two pairs of wool blankets (donated) and a small balance on hand for working expenses. All reports were accepted. The election of officers for 1942 was as follows: Minister's Warden, D. D. Nixon, re-elected; People's Warden, A. B. Lyster, re-elected; Cemetery Warden, E. W. Doyle, re-elected; Vestry Clerk, Mrs. D. D. Nixon, re-elected; Financial Treasurer, F. E. Davidson, re-elected; Auditors, Rev. H. C. Denton and R. F. Woodburn; Sidesmen, S. A. Doyle, Lewis Pye, B. L. MacIntosh and R. F. Woodburn; Synod Delegate, R. F. Woodburn and Substitute Delegate, E. W. Doyle.

The work to be undertaken this year is the painting of the cemetery fence, repairs to the Parsonage, removal of part of the old horse sheds, and repairs to lighting fixtures in the Parish Hall.

### THE PEARL HARBOR REPORT

That a stirred democracy can move as rapidly and efficiently, and with a greater degree of frankness and truth, than any dictatorship is illustrated in the report made public by President Roosevelt of the investigation into the Pearl Harbor incident, in which the blame for the lack of preparations to meet the Japanese attack was placed squarely on the shoulders of the commanders of the armed forces in that district. The investigators made no effort to whitewash the affair, but rather have increased the confidence of the people in the administration by the frank admission that certain responsible persons were asleep at the switch and by this admission indicating that efforts will be made to prevent the repetition of the incident in the future.

Furthermore, the probe was not a time wasting affair, the final report, with very definite charges which must have taken serious study, coming only thirty-six days after the attack, something rather unusual when it is considered the average investigating commission sits so long that it forgets what it was created to investigate and then finally has nothing to report.

The Canadian Government might well follow this example in the investigation into the Hong Kong affair, when a substantial number of untrained or undertrained troops were attached to units being sent to guard the Empire outpost and the expedition sailed without its mechanical equipment. It is doubtful if the men had been fully trained or that if the equipment had been despatched at the same time, the result would have been different. But the question to be decided is why the situation was allowed to exist. The Government has been loud in proclaiming that it had ample reserves of trained manpower, but when the crisis came it was short some 140 men to make up the strength of the two battalions asked for by the British authorities. This and the corollary facts should be fully probed, and without delay by the proposed Commons commission. The people want the facts and want them at once.

### THE SUGAR RATION

In its plan for the rationing of the Canadian sugar supply, the Government and its agents have again illustrated the unwillingness or inability of the administration to make an all-out move toward winning the war. No one will dispute the idea of the Government in taking measures to assure the conservation and fair distribution of the available stocks if the authorities are convinced that a shortage impends at any time in the future, but the half-hearted manner in which the restrictions are made does not provide for this fairness of distribution.

True, rationing rules have been ordered, but the controls are of the slackest nature to say the least, essentially calling for the voluntary efforts of the public to make them effective. No system of cards or ration coupons will be instituted nor will there be any restrictions on the manner in which sugar may be purchased. Rather the limit is on the amount and here it is up to the purchaser to apply the restrictions. The retailer is not responsible if the buyer has purchased sugar elsewhere. As a result, a substantial portion of the community will observe the spirit of the new regulations and cut down their consumption, but their efforts to aid the nation in its war efforts will be offset to a degree by the action of other short-sighted and self-interested individuals who will maintain or increase their purchases. This has been previously emphasized in the efforts to cut down gasoline and pork consumption, where the voluntary rationing plan met with little success.

If the sugar supplies are in as good a shape as the Government claims, the rationing system could have been deferred for two or three weeks until some coupon system could have been inaugurated, which would insure equality of sacrifice for all.

Canadians are willing to accept any inconvenience which the task of winning the war may compel but they do want this inconvenience spread evenly, or as evenly as possible.

### THE RUSSIAN ADVANCE CONTINUES

Latest developments on the Western Front indicate that once having gained the initiative, the Russians are determined that the Nazis will not be given an opportunity to establish any new winter defence lines. The mighty Russian machine appears able to consolidate its gains as it goes along and does not have to stop to regain its breath as is the case of so many armies which assume the offensive. Two reasons are doubtless responsible for this, the great numbers of the Russian army which permit the immediate replacement of tired units by fresh but fully trained troops, and the fact that to date the Russians are operating in friendly country where the populace will do everything to help rather than hinder the advance.

But the continued drive is seriously cramping the German plans for a spring offensive, as every mile Westward the Germans are driven means another mile they must regain in the spring, a task of no mean proportions when the steadily increasing manpower and mechanical strength of the Soviet armies is considered.

### FRUITION IN OLD AGE

In old age comes your time of fruition. You have now sixty, seventy, years of experience—experience of all sorts, of men, of books, of business, of art; experience of the true, the false, the wise, the foolish, the beautiful and the sham. You know, now, how to select; and how rich is the store you have laid up for yourself.

You know, now, where to turn for consolation, delight, wisdom, amusement, beauty. You are intimate with the great men of all ages; you know what each can give you, just as you know the qualities of your living friends. Now you cannot only receive, but give; you know the value of your possessions, and you know, with the wisdom of long experience, and wide friendships, how and where to give.

You are still learning—learning from the new as from the old, the present and future as from the past. You are tolerant of the eager impatience of youth; your ideals are as undimmed as theirs, your eyes as clear, your heart as young. To them you are the truest and best of friends, a comrade who is yet something more, something wiser, something deeper, than their own contemporaries.

To the old, nothing is more sweet, more touching, more delightful, than the frankly proffered comradeship of youth; and the wisdom of age knows that it can learn, as well as instruct, the innocence and simplicity of youth. "Out of the mouths of babes and sucklings—" Whatever our age, innocence can teach experience. So, throughout the years, the wise man is growing in depth and breadth of mind.

"The most important thing in life," said Lord Avebury, "is to learn how to live." It is a lesson which, like all the great lessons, is never finished except with life itself; it is constantly enriching the mind and giving to the spirit that "sweet content" which is the fulfilment of a life well spent; a content which is not mere passive acceptance, but which is creative, constructive.

It is not in hoarding one's treasure that one gains true content; it is by using it to enrich the world. "It is more blessed to give than to receive." Opportunities, gifts, acquisitions, knowledge, wisdom—all are unfruitful if they are not used and shared.

One of the greatest gifts of a ripe old age is a knowledge of oneself and of others. True sympathy—sympathy, that is, in the original sense of "feeling with" others—can only come by experience enlightened by imagination.

It is by the exercise of observation and the cultivation of a true understanding of the trials, the difficulties, the handicaps, the temptations, the limitations of others—by a pitiful comprehension of their faults, a generous appreciation of their virtues, a tolerant forgiveness of their mistakes—that one learns true sympathy.

### FROM THE RECORD FILES OF THIRTY YEARS AGO

The more optimistic residents of the district between Sherbrooke and Stanstead are hopeful that the stringing of the power line between the two places will be followed shortly by the construction of an electric railway.

The following officers were installed for Missisquoi Lodge, I.O.O.F., at Farnham: W. E. Siler, S. Armstrong, A. E. Gough, G. E. Standish, J. A. Wilson, C. J. Donaway, B. A. Flancho, F. F. T. Brown, D. M. Wilson, A. Menary, W. S. McCorkill and Z. E. Thompson.

A women's team comprising Mrs. E. Jones, Miss I. Nourse and Miss Ranschooson won a women's suffrage debate in the Plymouth Church Hall from the opponents of the proposal, H. V. Haight, E. J. Paige and J. P. Wells.

Patronesses for a dance given under the auspices of Princess Rebekah Lodge were Mrs. J. W. Bean, Mrs. Forest Houlihan and Mrs. Fred Southwood.

The following officers were elected at the annual meeting of the Presbyterian Women's Foreign Mission Society: Mrs. M. R. McLeod, Mrs. John Edwards, Mrs. John Andrews, Mrs. Andrew MacDonald, Mrs. Grinrod, Mrs. J. D. Whyte, Mrs. James Davidson, Mrs. Robinson and Mrs. John T. Reid.

Among those taking part in a Stanstead Reading Club programme were Miss Mirabel Robinson, Miss Mary Flint, Mrs. J. C. Colby, Miss Ford and Miss Smith.

#### "MARTYRIZED BY THE NAZI"

Another distinguished European labor leader has become a victim of Nazi barbarity and joined the ranks of many other labor men who have perished in Hitler's concentration camps. Latest victim is Robert Klein, leading trade unionist of Czechoslovakia, news of whose death in Buchenwald concentration camp has been received by the International Federation of Trade Unions. The IFTU says it is known that Klein was meted out unusually hard treatment at Buchenwald, so much so that, although he was a powerfully built man in the early fifties, he has met a martyr's end. In the trade union movement of his own country and internationally, Klein was an active and able worker. He made his organization, that of the non-manual workers, into a modern trade union and he was particularly interested in social questions like pensions, insurance for non-manual workers. To his efforts was due the introduction in many districts of the Sunday or day of rest in the retail trade. In economic matters, he sought to increase the influence of the trade unions.

#### WAVELL'S DEFINITION OF A GENERAL

"PM", New York  
Last year Britain's Gen. Sir Archibald P. Wavell, supreme commander in the Southwest Pacific, published a biography of Gen. Allenby, "A Study in Greatness."

While trying to define for himself the "essential qualifications of a higher commander," Sir Archie said that he had looked back into history to see "how these qualifications had been defined in the past."  
"I found," he said, "only one that seemed to me to go to the root of the matter. It was this passage, attributed to Socrates:  
"The general must know how to get his men their rations and every other kind of stores needed for war. He must have imagination to originate plans, practical sense and energy to carry them through. He must be observant, untiring, shrewd; kindly and cruel, simple and crafty; a watchman and a robber; lavish and miserly; generous and stingy, rash and conservative. All these and many other qualities, natural and acquired, he must have. He should also, as a matter of course, know his tactics; for a disorderly mob is no more an army than a heap of building materials is a house."  
But even this definition, Wavell said, did not emphasize sufficiently what he held to be the first essential of a general: Robustness, the ability to stand the shocks of war.

In three lectures on "The Art of Generalship," Wavell made these points:  
"All material of war, including the general, must have a certain solidity, a high margin over the normal breaking strain.

He must have 'character,' which simply means that he knows what he wants and has the courage and determination to get it.

"He should have a genuine interest in it, and a real knowledge of humanity, the raw material of his trade, and, most vital of all, he must have what we call the fighting spirit, the will to win. You all recognize it in sport, the man who plays his best when things are going badly, who has the power to come back at you when apparently beaten, and who refuses to acknowledge defeat.

"No general can be lucky unless he is bold. He must have a spirit of adventure, a touch of the gambler in him.

"The general who allows himself to be bound and hampered by regulations is unlikely to win a battle."

#### TIRE RESTRICTIONS NOT TOO DRASTIC

New York World-Telegram  
The new tire rationing plan is drastic, all right—but not one bit too, most of the motorists here say.

The people of this country have been used to buying about 4,000,000 new tires each month. This month the quota for civilian purchasers is only 358,974—only 114,191 passenger cars, motorcycles and light trucks, the rest for heavy trucks and buses.

This means no new tires at all for most automobile owners in January, and perhaps none for many months to come. It will mean, as the news on many inconveniences and actual hardships. We're in for a graphic, even painful, demonstration of the extent to which our way of life has come to depend on rubber tires. But we can't refer to rationing of rubber or anything else, as a sacrifice, not when we think of what our men are doing in the Philippines today.

Maybe the Japs won't cut us off from the Far Eastern sources of supply. Maybe the interruption, if it comes, will be brief. Maybe it isn't absolutely necessary to ration so strictly in order to conserve our stocks of raw rubber. But we've wasted far too much of precious materials on maybes, and the time for that is past.

We know for sure that rubber is indispensable to our military effort. We know that any damage done by saving too much rubber wouldn't begin to compare with the damage if we didn't save enough. Knowing these things, we should welcome the fact that the rationing order is drastic.

OUR "BORROWED BOOKS" OF THE BIBLE  
Kansas City Star  
Julian Green, author of "Personal Record" and "Then Shall the Dust Return," has for some time been interested in the different spirit the Bible takes on as it is translated from one language to another. In the American Scholar he describes his investigations.

Mr. Green says: "It is a rather strange fact that for many of us in the English-speaking world the most important of all books is a translation. The more we think about it the stranger it will seem, but we don't think much about it. . . . And yet it is in itself a very remarkable fact. India has her sacred books, so have Persia and Japan, and those books are their own. Our sacred books, which we call the Bible, are borrowed books; they did not primarily belong to us yet they do now through that very delicate and complicated process called translation."

English-speaking people feel that in a way the translation is an original in itself; that the book was re-written in English rather than translated. They believe that the spirit of the Hebrew Bible has found its way into the English Bible. But of course the fact remains that it is a translation and that with the original we shall discover that it is sometimes strangely inaccurate."

The author has studied the Bible in several other languages and finds that in these too the book seems to take on something of the spirit of the people in whose language it is expressed. "The French version was very learned, with explanatory notes at the bottom of each page. . . . French cannot be considered very propitious (or translation) because French. . . tends toward the abstract. . . . French could never furnish us with such an emotionally direct word as 'doom,' it would say 'final judgment,' with a direct appeal to the intellect."

In the Latin translation Mr. Green was "awed by the magnificence" of

#### AMERICA AT WAR FINDS RELAXATION IN BRIDGE GAMES

The war does not seem to have put a damper on the interest in tournament bridge. On the contrary, interest appears to be stronger than ever. Committees are planning contests to be given for the benefit of the Red Cross and other war activities.

One feature of tournament bridge that makes it doubly interesting is that you never need wonder whether or not you made the right play on a hand. You can always compare your results on a hand with the results obtained by the other players in the same tournament.

For instance, it might have seemed obvious to the declarer on today's hand that the club finesse should be taken, but after discussing the situation with the other contestants, he found that another line of play would have been much better.

When the queen of clubs was played on the first trick, the king won and the suit was continued, forcing the ace. Now the declarer correctly developed the spades, but could not win enough tricks. The defenders, with three clubs and the king of spades, simply waited for a fifth trick to come their way. The clubs compelled discards from the North and South hands that killed any hope of a squeeze.

The correct play is to put up the ace of clubs at once. If the queen

is a stopper, it can be reserved until later. It is vital to force out the king of spades in a hurry. Remember that the defenders cannot then run a club suit unless both kings are off-side—with the spade king held by West and the club king by East. But the fact is that when East is forced in with the king of spades, the ace is laid down and a finesse taken against the jack—then he is in trouble. If he leads clubs, he gives the declarer the ninth trick at once. But a mere exit, say in hearts, is also hopeless. The declarer can then duck a diamond trick to East, and get his ninth trick in that suit.

**FIFTEEN MILLION MEN NEEDED**

Sydney Post-Record  
The Office of Production Management at Washington calculates that it will take 15,000,000 workers to build the planes, tanks, ships, and guns which the President has requisitioned for 1942. During November workers engaged in defence production throughout the United States numbered 8,200,000, according to the American Bureau of Labor Statistics. The required increase looks like a large order, but can and will be met if need be. Recent statistics place at 40,700,000 the total of non-agricultural employees in the United States. It is therefore only a question of factory conversion and the re-allocation of productive labor.

The fat-tailed sheep of Lebanon have tails so large that little wagons are provided to carry them. They in the huge tails provides a reserve supply of energy when the food supply runs short.

## WOMEN'S CORPS IS FORMED FOR THREE VILLAGES

### Sixty Women Attend Organizational Meeting of Voluntary Service Unit at Rock Island Armories.

Rock Island, Jan. 26. — About sixty enthusiastic women turned out at the Armories, Rock Island, for the purpose of forming a voluntary Women's Service Corps in the three villages. The meeting was sponsored by the Border Business and Professional Women's Club as a result of many suggestions that such a group be formed in this community.

Mrs. Charlotte Stewart, President of the Club, opened the meeting and introduced the matter to those present. She spoke briefly on the necessity of good health in times of emergency and pointed out that one way to keep fit was to be active. She pointed out how the formation of a women's service unit in the three villages would do much to promote good health among the women of the community.

Miss Elsie MacIntosh then spoke

of the aims of the unit, should one be formed, and explained that with the help of Major M. Moore, of Stanstead, she and her committee had been able to draw up an interesting programme of work for the winter months. This would consist of a course in St. John's Ambulance work, squad drill, and physical culture. She also explained that those who so desired could take advanced courses later on if they wished to do so.

Major Moore also spoke briefly on the programme outlined and stated that it would be necessary for every girl to have a medical examination before undertaking the physical exercises involved.

It was then decided that as the armories would be available for use on Friday evenings that this would be the logical night to hold future meetings, the first of which will be held on Friday, January 30 at seven-thirty. All women attending the next meeting are asked to wear skirts and blouses and low-heeled shoes, as it is difficult to drill in other types of attire. Any further inquiries regarding the formation should be made to Miss Elsie MacIntosh, Stanstead.

### CLOTHES LINE

Don't let sticky winter clothes hang over your head. Wipe them over, each time you use them, with a cloth dipped in rich suds that give the "extra soapiness" needed for thorough cleaning. You'll be saved from the tragedy of dirty marks on otherwise clean clothes made by a smutty clothes line.

The honors at the pretty lace-covered tea table, which was prettily presented their gifts, games were played until six o'clock, when tea was served in the dining room. The hostess used pink and white to decorate her attractive table, which was centered with a birthday cake lighted with ten pink candles, while dainty little baskets of candy were used as favors at each place. Mrs. Leech was assisted in entertaining her youthful guests by Mrs. F. Paterson, and after the games prizes were awarded, each child receiving a gift as a souvenir of the happy birthday party.

Mrs. Henry Leech gave a lovely children's party on Saturday afternoon, from four until seven o'clock, at her home on Frontenac Street, for her little daughter, Joan, who was celebrating her tenth birthday. After the fifteen guests had greeted their young hostess and prettily presented their gifts, games were played until six o'clock, when tea was served in the dining room. The hostess used pink and white to decorate her attractive table, which was centered with a birthday cake lighted with ten pink candles, while dainty little baskets of candy were used as favors at each place. Mrs. Leech was assisted in entertaining her youthful guests by Mrs. F. Paterson, and after the games prizes were awarded, each child receiving a gift as a souvenir of the happy birthday party.

### RED CROSS NEWS

**ASBESTOS BRANCH**  
Work has been received from Red Cross Headquarters that there is a great need of clothing both for the armed forces and for the Women's Auxiliary Corps, who need knitted comforts, particularly knickers. There is a large supply of wool on hand at the Red Cross room, as well as many articles for sewing.

An invitation to help is extended to all.

The Red Cross room in the New Hotel Iroquois is open Monday, Tuesday, Wednesday and Thursday afternoons and Thursday nights.

Gifts of handkerchiefs for men, women and children in Britain will be greatly appreciated.

### WOMEN'S CLUBS

#### THE Y. QUAINANCE CLUB

Members of the Y.W.C.A. Quainance Club, under the presidency of Miss Ruby Hamilton, made plans for their next meeting at the MacKinnon Memorial, to which each girl is asked to bring a ball of wool and knitting needles to knit a six inch square for an Afghan, which when completed, will be donated for war purposes, to the bombed victims in England or to such other committee as the Club decides upon.

The minutes as read by Miss Mildred Stewart, Secretary, were approved, and after the disposition of business the members made dressings for the Y. O. N.

Plans were also made for a Valentine tea on Wednesday evening, February 11th, each member to pay 25c, this sum to be donated to Mrs. Winston Churchill's Fund, for the British Y.W.C.A.

Further, each girl was requested to invite two friends, and the members present offered to donate cakes, sandwiches and cookies for the party. The meeting was adjourned, and closed as usual with the singing of Auld Lang Syne.

#### WOMEN HAVE DOUBLE DUTY IN WARTIME

BY MRS. GAYNOR MADDOX  
Homemakers today have a double duty. They must put themselves in the very best physical condition, and their families, too. The first step is to select the right foods to go into a good daily meal plan.

We do not anticipate any serious food shortages, yet we must not waste food. No more discarding of outside leaves of lettuce, of lettuce, of all things that find their way into America refuse piles. We must remember, too, that over-refining foods robs them of valuable minerals and vitamins. For instance, refined white sugar has no minerals or vitamins, yet unrefined, sweet, dark New Orleans molasses is a rich source of iron second only to beef liver. Unrefined wholemeal flour is a rich source of minerals and vitamin B, but white flour, unless fortified with vitamins and minerals, contains small amounts of them. Dark farina and rice are two to five times richer in minerals and five to ten times richer in vitamin B than white varieties.

These are iron-rich foods: whole grain cereals and flours, liver and lean beef and mutton, molasses, dried fruits, eggs and green vegetables.

Calcium and phosphorus are two other minerals absolutely essential to health. Milk, inexpensive, versatile and easily obtained, is the very best calcium source. Every adult should have a pint a day, every child a quart. If milk is unpalatable in your family, use it in puddings, soups and sauces.

Most of the mineral-rich foods mentioned above are rich in one or more vitamins, too. In addition, butter, cream, fruits and fruit juices, tomato juice generally used, and some meat or fish daily will round out each body's needs. If vitamin D, supplied either by sunshine or fish liver oil, is added.

#### TOMORROW'S MENU

**BREAKFAST:** Fruit juice, whole grain cereal with raisins cooked in it, eggs, toast, coffee, milk.

**LUNCHEON:** Baked beans, brown bread, raw cabbage and carrot salad, baked apple, molasses cookies, tea, milk.

**DINNER:** Consomme, broiled liver, baked potato, spinach, stewed tomatoes, apricot ginger upside down cake, coffee, milk.

#### BUSY DAY BAKED BEANS

(Serves 4 to 6)

Two cans (No. 1, tall) baked beans, 6 tablespoons New Orleans molasses, 1 teaspoon prepared mustard, ¼ cup water, 6 slices bacon. Mix molasses, mustard, and water and add to beans, tossing together lightly to avoid mashing them. Turn into individual casseroles and cover tops with bacon. Bake in a moderately hot oven of 375° about 40 minutes or until bacon is crisp.

Home Course Learned in Dress Designing

Chart Shows Rules To Follow

"A career in dress design" sounds so glamorous and far off. But it's what you want, you CAN achieve it.

If need be, you can teach yourself—following home lessons that explain the principles of design, how to carry out your ideas.

Here is one amateur mistake to avoid at the start—don't plan lines or trimming that divide the figure equally. An unequal division is interesting, professional—as our diagram shows.

When you have sketched your design, the next step is to work it out in a pattern. You start by making a foundation pattern—a length of muslin which you pin to a dress form and then cut out at neck and arm.

Now, on this foundation, let your ideas flower! Try trimming effects, the shape of a lapel or pocket, using colored thread. Your creation begins to emerge!

Our 24-page instruction book shows, with charts and diagrams, each step in dress designing. Explains principles of design, making of patterns, use of color.

Send 50c in coins for your copy of "Dress Designing Self-Taught" to Daily Record, Home Service, Sherbrooke, Quebec. Be sure to write plainly your name, address, and the name of instruction book.

### EXERCISE WILL HELP YOU TO REST IF YOU'RE "TOO TIRED TO RELAX"

BY ALICIA HART

The other day I heard a young career woman say: "I'm too tired after work to do anything, even to go to the movies with Jim." The trouble there, and the trouble with many women who feel listless and even weak, is that they do not relax completely even during sleep.

One of the best ways to gain strength is to rest, and exercises can help one to relax and rest. If you're one who needs rest, try these exercises:

Stand with arms hanging loose at sides. Shake arms loosely at shoulder points so that fingers, wrists and forearms shake independently. Do this for a minute.

Now bend forward with knees bent slightly and spread apart, arms hanging down loosely. Shake arms again and at the same time rock the shoulders from side to side. One minute.

Lean on a bed or against a wall with right hand, raise left foot off floor, and shake it loosely from the hip joint. Reverse to right leg. One minute.

Stand with feet two feet apart, left foot in front of right foot and bent at the knee. Raise right arm to shoulder level. Suddenly, completely relax right arm, letting it

## KNITTERS AND SEWERS SOUGHT BY RED CROSS

### Shortage of Volunteers for Quebec Provincial Division Announced—Supplies Provided Free of Charge for Workers.

A shortage of Red Cross workers—sewers and knitters to volunteer their services—has been announced by the Quebec Provincial Division of the Canadian Red Cross.

There are many persons who could do Red Cross work, but are not doing it. Those who cannot leave their homes could take work home and those now working could agree to make one more article a month.

There is a need for workers to make civilian clothing owing to lack of supplies in England, as the quantity of supplies from the United States has been curtailed and because of the necessity of building up reserves.

While the first duty of the Canadian Red Cross is to Canadian hospitals and forces, large quantities of civilian clothing were distributed in the British Isles by the British Red Cross and the Women's Voluntary Services, and knitted comforts and hospital supplies were distributed to members of the Allied Forces such as the Poles, the Greeks and the Russians.

The arm will not stop at your side but will sway several times. Reverse position of legs and do the exercise with the left arm. Do this ten times with each arm.

Stand with feet about eighteen inches apart, knees bent a little. Relax muscles of abdomen and lower back, and muscles of the waist, permitting the upper body to drop forward. It will sway as the arms did in the exercise above. Try this ten times.

Lie on the back, legs straight, arms at sides. Close your eyes and imagine yourself getting heavier and heavier. Think of yourself getting heavy enough to sink right through the bed or the floor. If you do not succeed in this at first, practice it with your attention concentrated on various parts of the body separately.

Do this for ten minutes. You'll be surprised as the result—at the end of the session you will feel much freer of that "tired feeling."

If you can master this last exercise, you may discontinue the first five—you will have learned to relax sufficiently to be sure of real rest when you lie down and when you sleep.

**Rinso gives the WHITEST wash**

JOAN—Pon my word, Jane, I've never seen anything as white as your badminton dress. How do you wash it?

JANE—With Rinso, darling. It not only washes whiter, it gives the whitest wash. It keeps my washable colored things clear and bright, too.

JOAN—Goodness! Fancy anything that gets white things so snowy being safe for colors, as well.

JANE—It's easy to understand. Rinso gets clothes white without bleaching so you don't have to worry about using it for colors. It's even safe for the finest washable rayons.

JOAN—I've had plenty of washing experience but I've never found anything to match that.

JANE—Rinso means an easy washday, too. You don't have to rub or scrub. The clothes last longer that way.

JOAN—Believe me, I'm going to use Rinso this coming washday.

JANE—Use Rinso once, and you'll never be content with anything else. And for extra economy get the GIANT package.

JUNIOR LEAGUE HEARS PROTEST OF COLLEGIANS

Bishop's-Coaticook Hockey Clash Discussed at Special Meeting—Matter to Be Taken to Q.A.H.A.

Members and executive of the Eastern Townships Junior Hockey League held a special meeting at the New Chateau Saturday night for a discussion of a hockey game between Bishop's and Coaticook which Bishop's had protested.

The game was played on Bishop's ice and resulted in a Coaticook victory when Lefebvre scored with one minute to go in the last period. An argument followed the would-be goal and the goal judge claimed that the puck did not go in, but that it hit the goal post and rebounded out to the blue line.

The members of the league discussed it for some time but they would not consent to have the game played over. As a result of this Charlie Gordon, coach of the Bishop's team, plans on taking the subject up with Q.A.H.A. authorities.

LOCAL BANTAM SQUAD BLANKS B.C.S. BY 13-0

Mitchell School's entry in the Bantam section of the Sherbrooke Sports League rolled up its second 13-0 victory in three days, while B.C.S. Senior and Junior teams won over Lennoxville High's plucky squads, 19-0 and 7-1 on the school rink Saturday afternoon.

Bishop's Seniors, with five of last year's team, which was runner-up to S.H.S., found its scoring punch early, and worked Clements, L.H.S. goalie, practically into exhaustion.

Churchill-Smith led the scorers with four goals, Sewell and Evans got three each, and practically every other player scored at least once. Lennoxville fought back courageously, but never seriously threatened Howard in the B.C.S. nets.

Robert Davis' polished exhibition in the Bantam contest was the highlight of Mitchell's runaway over B.C.S. in the second game. Fountain, centre, and members of Mitchell's first line, were also very effective, and Greenberg had no trouble at all in turning in his second shutout of the week.

B.C.S. Juniors ran in six goals before the hardworking Lennoxville side scored on Locke's wing shot in the third period. Alan Finley, Robert McBoyle and Bill Price dominated the play throughout and hit all the scoring chances. Bishop's scored four times, McBoyle twice, and Finley once before he had to leave the game after a head-on collision with an L.H.S. defenceman.

The lines: B.C.S. Seniors: Goal, Howard; defence, Sewell, Sheppens, Lynn, S. Day; centres, Davis and McManis; left wing, E. Fisher and Churchill-Smith; right wing, T. Evans and Pittfield. Lennoxville High Seniors: Goal, Clements; defence, Loach, Abernombie; forwards, Atto, Brown, Parker, Boutin, Roy. Mitchell School Bantams: Goal, Greenberg; defence, Bascom, Black;

INDIANS HAND BARONS FIRST LOSS AT HOME

Fred Thurrier Collects Four Goals as Springfield Mars Cleveland's Record and Helps Hershey Take Lead.

Double trouble struck Cleveland Barons Saturday night and today the battle for the Western section leadership in the American Hockey League between Barons and Hershey Bears, which has been the focal point of interest in the minors this past month, swung in favor of Bears.

It was Springfield Indians, pace-setters of the Eastern section, who handed Cleveland its double dose of woe when they came through with a 7-6 win in Cleveland to mark the first Baron loss on home ice this season in sixteen games and allow Hershey to take the league lead by half a game as the result of a 2-2 deadlock with Buffalo.

Washington Lions, sitting in fourth place in the Eastern Division, came nearest to sweeping its week-end engagements, as they played Buffalo to a 2-2 Sunday draw after outscoring Pittsburgh the night before, 3-2.

Both Indianapolis and New Haven made good their sole appearances, with Capitals trimming Springfield by 6-3 and New Haven taking toll of Philadelphia, 4-3.

Pittsburgh turned aside Providence, 6-4, to give each club an even break for the two days' play. Pittsburgh dropped its Saturday battle to Lions, while Providence started Philadelphia on its double loss with a 4-3 Saturday victory.

Fred Thurrier, who came down from Brooklyn Americans of the National League a few weeks ago, paced Springfield to its win over Barons. The speedy centre broke up the struggle with little more than a minute of the game remaining to mark his fourth goal on the tilt.

Gus Marker, Knott and Kelly counted the other Springfield goals. Leading the Baron assault were Les Cunningham and Norm Locking with two apiece, Joffre Deslets and Art Giroux.

Washington had to come through with two goals within 49 seconds to gain a 2-2 tie with Buffalo. Lou Trudel scored the first Lion goal when Stu Smith whipped in a pass from Peggy O'Neill to score the equalizer. Bisons had taken the lead at 2:09 of the game on Regis Kelly's counter and went two up on Tony Hemmerling's goal midway through the third frame.

Little Gus Mancuso tallied the overtime goal which sent Philadelphia Rockets down its second straight reverse. Up to that point the lead had changed hands twice, with Gus Wycheerly putting Rockets back on even terms early in the third period. Herb Burron and Glen Vickers gave Rockets their early lead, only to see Eagles tally three times, with Art Herchenratter and Norm Burns doing the scoring.

After Thurrier had given Springfield a lead at fifty-six seconds of the game against Indianapolis, the Indians fell apart at the seams to allow Caps to bang home four straight goals, then divide four more tallies among them over the rest of the distance. Jud McAtee paced the Indianapolis drive with three goals, with Norm Sawyer, Joe Douglas and Connie Brown also scoring for caps. Gus Marker and Kelly scored the other Springfield goals.

The veteran Chuck Corrigan came through with a pair of overtime goals to give Pittsburgh its 6-4 decision over Providence. The Hornets had battled from behind through the regular distance to hold the Reds, with Harry Curry's counter with five seconds to play giving Pittsburgh the goal that sent play into overtime.

Before that, Corrigan had scored his first of three goals to tie the struggle. The other Hornet goal-getters were Red Heron and Norm Schultz.

Providence goals were divided among Bob Stee, Bob McCully, Sherwood and Jack Forsey.

Y.M.C.A. DROPS BISHOP'S 25-21 IN CAGE CLASH

Bishop's University and the Y.M.C.A. officially opened their basketball season Saturday night when they met on the "Y" floor for the first game in the Sherbrooke City Basketball League. The other two teams are Stansstead College and Sherbrooke High School.

The game was fast and evenly played, but the greater experience of the "Y" team was shown in the fourth quarter, when they took the lead and held it to win 25-21.

D. Johnston led the scoring field for the "Y" by chalking up six points, while Clowery, Marshall and Thurlow each accounted for four points.

Ken Jackson was high scorer for Bishop's and accounted for eight points, while Ed Stevens and Scott were a close second and third with seven and five points, respectively. The teams: D. Johnston 6, Clowery 4, McKay 3, Thurlow 4, Gillam 2, Marshall 4, and Lynn 2. Total 25.

Bishop's: Jackson 8, Stevens 7, Scott 5, Carpenter 1, Mackay, Smith, Duval, Worthen, Fairburn, Roy, Farquharson. Total 21. Referee, Bill Wolter; timers, G. Smith and D. Williamson; scorers, R. Smith and G. Whitley.

forwards, Fountain, Cook, Davis, Hartman, Cook, Jackson. B.C.S. Bantams: Goal, Butler; defence, R. Taylor, H. Evans, W. Satterthwaite; forwards, Neill, Fraser, Fisher, Loggie, Black, Stenhouse, Bonet-Williamze.

L.H.S. Juniors: Goal, Johnson; defence, Burton, George; forwards, Campbell, Prim, McKindsey, Johnson, Sutherland, Locke, Butler. B.C.S. Juniors: Goal, Wallace and J. Sewell; defence, Boright, P. Satterthwaite and Hallward; forwards, Finley, McBoyle, Price, Smith, B. Day, Johnson, Darling.

ST. PAT'S JUNIORS DOWN S.H.S. St. Pat's Junior High School team got off to a good start by defeating Sherbrooke High 6-0 on Saturday morning on the Irish Academy's rink.

Both teams were handicapped by soft ice which made skating and stick-handling difficult. Scorers for the Academy team were Barlow with two goals, Guillemette with two goals, Theriault and McLanus with one each. The stars for the losers were Mitchell and Fidler, who made dangerous rushes and had hard shots.

Line ups: St. Pat's: Goal, power; defence, Dupont, Heinehr, Gallagher, Barlow; centre, Roy, Marois; wings, McManus, Theriault, Charland, Guillemette. Sherbrooke High: Goal, Bascom; defence, Mitchell, MacMillan; centre, Fidler, Stewart; wings, MacDonald, McLeod, Spalding, Drew.

Mitchell School's entry in the Bantam section of the Sherbrooke Sports League rolled up its second 13-0 victory in three days, while B.C.S. Senior and Junior teams won over Lennoxville High's plucky squads, 19-0 and 7-1 on the school rink Saturday afternoon.

Bishop's Seniors, with five of last year's team, which was runner-up to S.H.S., found its scoring punch early, and worked Clements, L.H.S. goalie, practically into exhaustion.

Churchill-Smith led the scorers with four goals, Sewell and Evans got three each, and practically every other player scored at least once. Lennoxville fought back courageously, but never seriously threatened Howard in the B.C.S. nets.

Robert Davis' polished exhibition in the Bantam contest was the highlight of Mitchell's runaway over B.C.S. in the second game. Fountain, centre, and members of Mitchell's first line, were also very effective, and Greenberg had no trouble at all in turning in his second shutout of the week.

B.C.S. Juniors ran in six goals before the hardworking Lennoxville side scored on Locke's wing shot in the third period. Alan Finley, Robert McBoyle and Bill Price dominated the play throughout and hit all the scoring chances. Bishop's scored four times, McBoyle twice, and Finley once before he had to leave the game after a head-on collision with an L.H.S. defenceman.

The lines: B.C.S. Seniors: Goal, Howard; defence, Sewell, Sheppens, Lynn, S. Day; centres, Davis and McManis; left wing, E. Fisher and Churchill-Smith; right wing, T. Evans and Pittfield. Lennoxville High Seniors: Goal, Clements; defence, Loach, Abernombie; forwards, Atto, Brown, Parker, Boutin, Roy. Mitchell School Bantams: Goal, Greenberg; defence, Bascom, Black;

# WINDSOR MILLS RALLIES TO TOP RICHMOND 7-6

## Paper Makers Win At Home In Overtime On Marker By Guilbeault

Cote, Assisted by McLanahan, Scores in Last Minute of Regular Time to Send E.T. League Teams into Overtime at Canada Paper Arena—Ross Planché and "Guidoo" Roy Tally Twice Each for Monarchs—Large Crowd Attends.

Windsor Mills, Jan. 26.—A rally by Guilbeault in the sixth minute of the overtime period gave the home team a 7-6 overtime victory over Richmond Monarchs here yesterday afternoon in a thrilling Eastern Townships Senior Hockey League clash played before more than 1,000 fans.

Their ninth victory in sixteen games, the win pushed the Paper Makers two points up the scale, but still they are in the league's cellar position, three points behind Richmond. The Monarchs, in turn, are four points back of the pace-setting Sherbrooke Indians.

## THOMS CREATES TIE FOR THIRD IN POINT RACE

Chicago Winger Fires Two Goals and Assist to Climb on Even Terms with Rangers' Lynn Patrick.

Out of New York Rangers' scoring week-end, the line of Bryan Hextall, Phil Watson and Lynn Patrick picked up two points apiece for themselves to hold down the top three positions in the National Hockey League individual scoring race.

Chicago's Bill Thoms, however, came through with two goals and an assist to tie with Patrick in third place with 31 points each, two less than the leading Hextall and one behind Watson.

The No. 4 place is shared by three players, with Gordie Drillon, Toronto, joining the charmed circle with his five-point week-end outburst, to raise his count to 29 points, the same as Sid Abel and Don Gross of Detroit.

Leaders: Hextall, Rangers, 34; Watson, Rangers, 18; Patrick, Rangers, 18; Thoms, Chicago, 18; Drillon, Toronto, 16; Gross, Detroit, 15; Abel, Detroit, 10.

WEEK-END STARS Grant Warwick, Rangers, scored three goals and an assist as his team blanketed Detroit under 11-2 defeat Sunday.

Flash Hollett, Boston, played strong two-way game in setting pace against Canadiens Sunday with two goals.

## LEAGUE STANDING

Table with columns: Team, W, L, D, Pts. Windsor Mills: 16, 12, 3, 171; Richmond: 16, 10, 5, 179; Sherbrooke: 16, 9, 7, 0.

## Orette Duchesne, Hillcrest, Wins E.T. Ski Championship

Beats Out Helen Bergeron, of Chalet Club, by Narrow Margin in Ladies' Ski Meet at North Hatley—Victoriaville Entry Places Third—Hillcrest Team Heads Bishop's Over Wire in Cross-Country Race Along New Hillcrest Trail.

North Hatley, Jan. 25.—Orette Duchesne, of the Hillcrest Club, gained the ladies' Eastern Townships Ski Zone championship here yesterday afternoon when she flashed to victory in the slalom event with a performance of 38 seconds and placed second in the downhill, negotiating the distance in 18 seconds, for a total of 192.2 points.

Second place went to Helen Bergeron, of the Chalet Ski Club of North Hatley, who won the downhill with a time of 16.6 seconds and trailed Miss Duchesne by four seconds in the slalom, while M. Charland, of Victoriaville, came in third, placing fourth in the downhill and sixth in the slalom. Miss J. Olivier, of Hillcrest, was fourth.

Best time in the slalom run was made by Miss Pat Webster, of the Nought Club, who was not entered in the competition. She negotiated the slalom course in 36.6 seconds.

In a cross-country race marking the official opening of the Hillcrest Trail the Hillcrest team of Newton, Munkittrick, George O'Connell, Harold Munkittrick and Gerry Creteau came home first ahead of the Bishop's University first quartette, carrying off the Jean Paul Perreault Trophy.

Following the meet Pro-Mayor Frank Johnson welcomed the skiers to North Hatley in a gathering at the Courthouse Inn, and Robert Audet, of Waterbury, presented the championship cup to Miss Duchesne.

## BASKETBALL

S.W.C. DOWNS SHERBROOKE HIGH Stansted, Jan. 26.—The curtain went up here on Saturday afternoon on the 1942 season of the Sherbrooke and District Basketball League when Stanstead College scored a 35-25 win over the visiting Sherbrooke High School team.

Stanstead, with only one of its last year's championship squad on its line-up, failed to show the all-round ability of the 1941 team. Kenneth Jenkins, last year's only carry-over, scored nine of his team's points and was the best play-maker on the floor, but it was left for the diminutive and bespectacled Jamie Poopst to lead his team in scoring, his ten points coming from five field goals.

Prescott Carr was Sherbrooke's most successful player. He sank three field goals in each period and added one free throw in the last for a total of 13 points, making him high man for both teams.

Sherbrooke missed several opportunities of closing up the score by fumbling good chances at the basket. Time and again the visiting forwards caught the Stanstead guards out of position in a poor shooting offset the advantage gained by superior floor play.

Both sides were lamentably weak at the free-throw line, Sherbrooke scoring only one in ten and Stanstead one in eight. At half-time Stanstead lead 16 to 10.

The summary: Sherbrooke High School F.G. F.M. Tl. Campbell 2 0 4; Wright 0 0 0; Pates 0 0 0; Fuller 0 0 0; Simpson 1 0 2; Budning 0 0 0; Carr 6 1 13; Moore 0 0 0; MacFarlane 3 0 6; Joslin 0 0 0; Totals 24 1 25.

Stanstead College F.G. F.M. Tl. Poopst 5 0 10; Chadcock 3 0 6; Harrington 4 0 8; K. Jenkins 4 1 9; Flint 0 0 0; D. Lindsay 1 0 2; Steiger 0 0 0; Perkins 0 0 0; Gordon 0 0 0; Totals 34 1 35.

Referees: C. Smith and P. Waterman. (Additional Sport on Page 6.)

A fight card in Paterson, N.J., this week will start at 1 a.m. . . It's a strictly private affair for workers at the Wright aviation plant, but a couple of pretty good boys, John Yelavich and Danny Rosati, will meet in the main scrap.

Dick Seibert is one ball player who is annoyed because the Athletics are offering a bonus based on attendance instead of a raise. Says Dick: "It took me a long time to have a good reason and now it looks like I picked the wrong one."

## REDS OUTPLAY WHITES IN "Y" GYM CONTESTS

Register Basketball and Soccer Triumphs, Petts and Holtham Starring—Whites Win Hockey Clash.

The boys in the Y.M.C.A. Juvenile Class continued their "Hit and Miss League" contests on the gym Saturday morning, the Red team, captained by Jim Petts, winning two of the three contests.

The morning's programme started off with basketball. Jim Petts and "Sonny" Holtham starred in an 8-2 win, scoring four points each. Crossley Loughheed and Earl Bean trued in good games for the winners, while David Turnbull saved the Whites from a shut-out by scoring a foul throw. Nathan Weinstein and Ron Haffenden worked hard but were unable to find the basket.

In the soccer game the Reds were too good for their opponents, winning four goals to one. Bert Haffenden stood out for his team, getting two goals. "Sonny" Holtham and Jim Petts scored a goal each.

David Turnbull again saved his team from a shut-out by a well-placed foul kick. The Paulette and Aldrich brothers played well but could not get the ball past the goalie.

The indoor hockey match was the most keenly contested of all the games. Bob Paulette started the Whites off with a hard shot while a minute later Bert Haffenden tied up the score. From then on it was anybody's game until the gong. The Whites, led by Paulette and Jim Bennett with three goals each, won 7-6. Marshall Loughheed scored the other tally.

For the Reds, Bert Haffenden gathered three hard-earned goals, with "Sonny" Holtham, Albert Allsop and Jim Petts finding the net for a score each.

Teams were: Reds: Jim Petts, captain, "Sonny" Holtham, Victor Crossley, Earl Bean, Gallie Mentis, Crossley Loughheed, Leonard Webster, Albert Allsop and Bert Haffenden. Whites: Ron Haffenden, captain.

## Rangers Gain N.H.L. Lead And Set Sights On New Scoring Mark

New Yorkers Run Wild to Swamp Red Wings 11-2 to Solidify First-Place Grip Gained in 3-2 Triumph Over Same Team Saturday Night—Bruins Drop Canucks 7-2 at Home After Playing 2-2 Deadlock on Forum Ice.

New York Rangers took the leadership of the National Hockey League away from Boston Bruins Saturday night, and Sunday night they made their first successful defence of first place this season in a manner which may bring more lasting fame—possession of the all-time record for high team scoring in one season.

Rangers' eleven goals as they swamped Detroit Red Wings 11-2 last night in New York solidified their previously only moderate chance of capturing the record set by Bruins with 179 goals in the 1929-30 season. Added to a 3-2 triumph over the Wings in Detroit Saturday, the win held Rangers one point ahead of the Bruins, who tied 2-2 with Canadiens on Montreal Saturday night and beat the Canucks 7-2 in Boston last night.

In other week-end games, Toronto Maple Leafs edged Brooklyn Americans 3-2 in Toronto Saturday night and dropped a 6-4 decision to Chicago Black Hawks in Chicago Sunday night. But to the nation's sports statisticians, the Rangers' record of 118 goals in twenty-nine games superseded other considerations. All-time records come few and far between, but all the Broadway Blueshirts must do to crack the old mark is score an average of about 2.7 goals per game for the nineteen remaining on their schedule.

That shouldn't be too hard, as Rangers have averaged about 4.07 goals a game for the twenty-nine they have played so far this season. Rangers' third line starred in last night's walk with the Wings, with ten scoring points. Grant Warwick had three goals and an assist, Clint Smith one goal and two assists and

Sid Rodgers, Marshall Loughheed, Stan Aldrich, Dan Aldrich, Nathan Weinstein, Doug Paulette, David Turnbull, Bob Paulette, and Jim Bennett.

Alan Kuntz one goal and two assists. Mac Colville scored twice, Phil Watson, Bill Juzda, Alex Shibicky and Bryan Hextall once each in Rangers' one-sided victory. Don Grosso and Moe Bruneteau counted for Detroit. Warwick's performance continued to hold his stock even with that of Toronto's Johnny McCreey in the running for the award to the season's best rookie. McCreey scored the winning goal as Toronto beat Brooklyn. Gordie Drillon got the first two goals of his four-goal weekend against Americans, and Tommy Anderson soloed for both Brooklyn centers.

Drillon's other two goals didn't save Leafs' cause at Chicago, with another huge Chicago crowd—nearly 19,000—watching. Cully Dahlstrom, Doug Bentley, Joe Cooper and Earl Seibert each scored once for Chicago and the veteran Bill Thomas counted twice. Bingo Kampan and Syl Apps were other Toronto scorers.

Bruins had Canadiens 6-0 in the second period Sunday before Canadiens scored their first. Flash Hollett bagged two for Boston, with Frank Mario (replacing injured Bill Cowley), Desse Smith, Dutch Hiller, Harvey Jackson and Roy Conacher each getting one. Toe Blake and Johnny Quilty scored for Canadiens, but didn't find Rookie Nicke Damore—from Hershey—any easier to beat than Frankie Brimsek, Boston goalie whose nose was broken in Saturday's game with Canadiens.

Dit Clapper and Porky Dumart scored in the first period for Boston Saturday, with Murphy Chamberlain getting one in the first and Ray Gettiffe sniping the second in the middle period to tie the score. Brimsek's nose was broken in a pile-up around his goal in overtime, but he returned taped-up for the last few minutes.

Alan Kuntz, Babe Pratt and Clint Smith scored for Rangers in Detroit Saturday, with Pat McReavy and Joe Carveth getting the Wings' goals.

## How Rent Control Affects You — as a landlord as a tenant

As a part of the general plan to halt further increases in the Cost of Living, the Government on December 1, 1941, extended the policy of the Price Ceiling to rentals for all commercial and housing accommodation in Canada. Generally speaking the new rental laws provide that:

(1) No oral or written lease for any commercial or housing accommodation (furnished or unfurnished) may legally be made after October 11, 1941, at a rental higher than the rental lawfully payable under the lease in effect on that date unless an application for increased rental has been made to and approved by a local Rentals Committee of the Wartime Prices and Trade Board. Such an application must be based on specified circumstances arising since October 11, 1941.

(2) A tenant is entitled to a renewal of his lease unless the landlord requires the premises for certain reasons named in the Board's Rental Orders and has given the tenant a written notice to vacate within the time and in the manner prescribed therein. If this notice to vacate is contested by the tenant, the landlord must secure a Court Order for possession.

(3) Copies of all Rental Orders and Regulations of the Board and application forms for rental variations are available from any of the regional or sub-offices of the Wartime Prices and Trade Board, and, in areas where such offices are not yet established, from the local Rentals Committee.

VIOLATIONS of these orders are punishable by law and should be reported in writing to the Prices and Supply Representative, Regional Office, Wartime Prices and Trade Board, at the nearest of any of the following cities: Vancouver, Edmonton, Regina, Winnipeg, North Bay, London, Toronto, Brockville, Montreal, Quebec, Saint John, Halifax or Charlottetown.
