

ULSTER BOUNDARY TODAY LINED WITH GUARDS Lengthy Debate Over Item In Colonization Estimates

ULSTER'S FRONTIER IS VIRTUALLY A LINE OF STEEL; ESTIMATED FIVE THOUSAND MEN ARE ON DUTY; HIGH TENSION PREVAILS AT ALL POINTS

Roads Leading Southward from Belfast Today Presented Scenes of Great Activity, Motor Trucks and Armored Cars Bearing the So-Called "A" and "B" Specials Towards the Border—Accompanying Them Were Other Trucks with Stores and Ammunition—Dublin Castle Announces that Special Officers Are Being Sent to Investigate the Kidnappings—Strangers Travelling Through Six Counties Along Line Are Subject to the Closest Scrutiny.

(Associated Press Despatch.)
BELFAST, February 9.—Ulster's frontier was virtually a line of steel today, following the raids, yesterday, in which many Unionists were kidnapped.

From Portadown, County Armagh, to Belleek, on the Fermanagh-Donegal border, forces of "Specials" were on guard, as well as heavy contingents of the regular constabulary.

It was estimated that five thousand men were engaged in policing the line.

The forces began to move toward the border, yesterday, following news of the raids. The roads leading southward from Belfast today presented scenes of activity, motor trucks and armored cars bearing the so-called "A" and "B" specials toward the border. Accompanying them were other trucks with stores and ammunition.

High tension prevails at all points. Strangers travelling through the six counties are subject to the closest scrutiny, and in some cases are halted and interrogated.

No communication was possible with Enniskillen today in consequence of the wires from this city being cut.

Colonel Wickham, commanding the Ulster specials, has received a communication from Dublin Castle stating that the Provincial Government is sending special officers to investigate the kidnapping.

STATED THAT NEARLY TWO HUNDRED WERE KIDNAPPED
(Associated Press Despatch.)

BELFAST, February 9.—It is stated that the persons kidnapped, yesterday, aggregate nearly two hundred. These include the Rev. J. Donnelly.

WERE NOT ABLE TO OBTAIN HELP FROM THE MILITARY
(Associated Press Despatch.)

BELFAST, Feb. 9.—The Northern Government, yesterday, was unable to obtain help from the military to deal with the kidnappings, its sole reliance being special constabulary drafted from various points to cope with the situation. Sir Dawson Bates, the Ulster Home Secretary, sent a message to Viscount Fitzallen, the former viceroy, asking him to take appropriate steps to prevent a recurrence of the raids.

Sir Joseph Booth, brother of Countess Markievicz, and others kidnapped in Sligo, returned to their homes last evening, but declined to make any statements.

UNIONISTS KIDNAPPED HAVE NOT BEEN RELEASED;
FEAR ACT MAY PREVENT PACIFICATION OF IRELAND

(Associated Press Despatch.)
LONDON, Feb. 9.—All the Ulster Unionists kidnapped in yesterday's raids, with the exception of those taken in Sligo, were still being held this morning, according to latest reports from Ireland. Their number was variously reported, the highest estimate being nearly two hundred, although most accounts put the figures considerably lower.

The Morning Post's Belfast correspondent, who reports from the Ulster point of view, says "over sixty" are held. He describes Northern Ireland as "nothing with excitement" at the raids and the loyalists' abhorrence with indignation and resentment.

He represents the raids as having been attended by many fights, and speaks of "innumerable ambushes of the police."

The most sanguinary encounters occurred at and about Newtown Butler, according to the correspondent, who adds:

"Desperate affrays between the specials (constables) and Irish Republican army members are taking place at many points along the border of Fermanagh and Monaghan, where a score of specials were captured under threats of shooting by the raiders."

His list of wounded is a long one, but he gives no total.

The London morning newspapers, including those most friendly to Irish nationalism, severely condemn the kidnappings, which the writers fear will prevent the pacification of Ireland and shatter the hopes based on the Anglo-Irish Treaty.

STATEMENT BY LEADER OF
IRISH REPUBLICAN ARMY

(Associated Press Despatch.)
DUBLIN, Feb. 9.—Owen O'Duffy, chief of staff of the Irish Republican army, has issued a statement concerning the raids in Ulster, saying in part:

"That there should be a spontaneous and determined action in Ulster is not surprising. The patience of our people there has been sorely tried lately by continued raids, arrests and tortures inflicted upon them by agents of the Northern Government."

"The majority of those in prison in Belfast and Derry are suffering because they carried out my orders while I was liaison officer, to protect the lives and property of Catholic civilians from the ravages of Orange mobs when those who are entrusted with law and order refuse to give protection."

The statement concludes: "Let the Northern Government immediately release our prisoners."

MISS NORMAND'S LETTERS HELD BY OFFICIAL

No Complaint Will Likely Be Issued in Murder Case for Some Days.

(Associated Press Despatch.)
LOS ANGELES, Cal., Feb. 9.—The centralized investigation at the district attorney's office of the mystery surrounding the murder of William Desmond Taylor, was expected to begin today, following the alleged discovery and turning over to that official last night of the missing letters written to the director by Mabel Normand.

As Thomas L. Woolwine, district attorney, is taking personal charge of the trial of Mrs. M. Obenchain, for the murder of J. B. Kennedy, William C. Doran, his chief deputy, was placed in charge of the inquiry into the Taylor case.

Although verification from him was not obtainable, the Los Angeles Times published today a statement that the Normand letters, with several telegrams, were in the hands of Mr. Doran.

It had been previously announced evidence in the case from all sources, whether gathered by city police, detectives or by deputies of the Sheriff, would be turned over to Mr. Doran, and all forces including detectives assigned to the district attorney's office, would pool their energies in trying to solve the mystery.

Miss Normand, who once searched the Taylor apartments for her letters and who is said to be ill as a result of a collapse at the Taylor funeral on Tuesday, has been quoted as saying her only desire to regain possession of the letters was founded on a fear that some of the phrases in them would be misunderstood. She said she felt a strong friendship for the director, but there had been no serious love affair between them.

A second handkerchief found its way into the investigation when about the same time the detectives said they found the letters in a box in a closet in the Taylor apartments, Henry Peavy, Taylor's negro houseman, as suddenly found a handkerchief bearing the initials "M. M. M."

A handkerchief previously reported found near the body shortly after the murder was discovered, but since said to be missing, was alleged to have borne the letter "S."

NO DIRECT MOVE MADE.
It is regarded as improbable that a complaint charging murder will be issued against any person in connection with this case until after the whole affair has been presented to the county grand jury, which has not yet been impaneled for 1922.

Meantime, although the sheriff's deputies profess to scout the theory that Edward F. Sands, former butler-secretary for Taylor, could throw any light in the case, the police detectives remain firm in their announced belief the mystery will not be solved until he had been found.

Army records and papers found today, prove according to officials of the Famous Players-Lasky Company that the film director was at least a lieutenant, if not a captain as claimed, in the British forces during the war.

Among the records was a pass of leave from duty in Dunkirk, dated April 4, 1919, naming Taylor at that time as a lieutenant.

An embarkation ticket, bearing the name of William D. Taylor, the officials stated, showed also that he was a lieutenant. It bore the army number F-56979, and the regiment E.F.C., R.A.S.C.

It is further stated Taylor was discharged with the rank of captain. Efforts to trace Taylor's army record are being made in London.

Police here are keeping a close check on steamship passengers leaving this port to frustrate, they said, any attempt on the part of Edward Sands, Taylor's former butler, to escape across the Pacific. Authorities believe he may attempt to get to the Far East by steamer from San Francisco.

There have been no developments in the search for a reputed brother of Sands, reported to have moved from Los Angeles to San Rafael, California, recently.

ANOTHER BAD BLAZE TODAY AT MONTREAL

Standard Life Assurance Company Building on St. James Street Badly Damaged.

MONTREAL, Feb. 9.—A terrific outbreak of fire, which early this morning destroyed the Standard Life Assurance Company building, 157 St. James Street, in the heart of the business district, caused damage estimated by Clark Kennedy, general manager, to be in the vicinity of \$600,000.

The fire, which, according to the janitor, originated on the ground floor in the early hours, rapidly spread throughout the building until the whole structure was in flames. Dense clouds of black smoke attracted the attention of thousands of citizens uptown.

The fire was most severe at the rear, and for a time it was feared that it would spread to the premises of the National Trust Company, which are situated next door. Smoke and water slightly damaged that building.

On the west side of the Standard Life Assurance building are the offices of the Montreal Star, which soon became filled with smoke. There was no damage here, however.

St. James Street, the main thoroughfare in the business centre, was completely blocked by several fire engines, many lines of hose, and by scores of ladders placed against the walls of the adjacent buildings. It is thought that the street will be closed to traffic until late this afternoon.

Proposal That Merchants Bank Be Taken Over By Bank Of Montreal Was Ratified

Proposal Was Ratified Yesterday Afternoon by an Almost Unanimous Vote of the Shareholders at a Special General Meeting—Vote Stood 87,534 Shares to 135 in Favor.

(Associated Press Despatch.)
MONTREAL, Feb. 9.—By an almost unanimous vote of the shareholders of the Merchants Bank of Canada at a special general meeting held here yesterday, the proposal that the bank be absorbed by the Bank of Montreal was ratified, the voting standing 87,534 shares in favor of the proposal and 135 shares against.

Following the lengthy questioning by N. K. Laflamme and a shorter one by W. M. Couper of the president, Mr. Montagu Allen, D. C. Macarow, general manager of the bank, made a statement that "I join issue emphatically and unequivocally with what the president has said with regard to the affairs of the bank."

LOANS TO OFFICERS OF BANK.
(Associated Press Despatch.)
MONTREAL, Feb. 9.—Among the big losses suffered by the Merchants Bank, whose shareholders last night voted to sell out to the Bank of Montreal, was two million dollars in loans to officers of the bank. These loans were for automobiles and houses for officers of the bank, and also for purchase of stock and bonds.

This is shown in the report of the examination of the assets of the Bank by H. B. MacKenzie, who reports that in some cases security is deficient and in a few cases seriously deficient.

ARBITRATION COURT IS GIVEN GREATER POWER

The New Zealand House of Representatives Passed an Arbitration Bill.

(Associated Press Despatch.)
LONDON, Feb. 9.—The New Zealand House of Representatives yesterday passed an arbitration bill, the most important clause of which empowers the arbitration court to amend awards in connection with the cost of living, says a Reuter despatch from Wellington.

Labor members attacked the measure as an attempt to bring about a general reduction of wages, but the government spokesman argued that as the court was empowered to grant increases when the cost of living rose, it must be competent to make reductions when the cost of living fell, otherwise economic chaos would result.

FARMER MET DEATH WHEN FIRE DESTROYED HOME

Victim Had Taken Wife and Child to Her Mother's Home the Previous Night.

NORTH BAY, Ont. Feb. 9.—Word reached here last night of the tragic death of Peter Shoemaker, a farmer of the Township of Himsforth, whose charred body was found yesterday morning on the springs of his bed in the midst of the ruins of his home. The victim of the fire, which is believed to have originated from the kitchen stove, had taken his wife and seven year old child to the former's mother the night previous. The blaze was first discovered by Nicholas Aultman, a neighbor, who attempted unsuccessfully to enter the house. When the fire had burned itself out, the neighbors found Mr. Shoemaker's remains, and they are now lying in the undertaking rooms at Powassan.

HON. PERRAULT AND OPPOSITION LEADER LOCKED HORNS IN HOUSE OVER COLONIZATION ESTIMATES

Judging from Length of Time Spent by House Yesterday in Debating One Item of the Colonization Estimates, There Will Be Hard Sledding in Getting the Supplies Voted This Session—Leader of Opposition Was Not Satisfied with the Information He Received.

(Special to The Record.)

QUEBEC, QUE., February 9.—Judging by the length of time spent by the House, yesterday, in debating one item of the colonization estimates, there will be hard sledding in getting the supplies voted this session. Mr. Sauve and Hon. J. E. Perrault locked horns over one small item of \$65,000 for the cost of inspection of lots for colonization purposes, and, after a wordy warfare, the committee had to rise and report progress only.

The leader of the Opposition was dissatisfied with the information he received, and the Minister told him that he could not be expected to know off hand every lot sold and every transfer made each month in every district. Mr. Sauve told the Minister that he was not attacking him personally, and not to be annoyed, but he simply wanted to know, since the voting of money was the most important part of the work of the legislators, and since millions are being spent for colonization, he must know the progress made in colonization and how the money was being spent.

Mr. Sauve was especially curious about the transfer of lots, and feared that politicians and political friends benefitted through this transfer. The Minister said that the principle of the transfer of lands was a good one, and had resulted in much colonization work in the cities of the Province, because the Government had secured land held in these places by companies, giving these companies lots in other sections of the Province. The Township of Nelson, in Megantic, had been built up because the Government had been able to secure land there for colonization purposes. The principle of exchange was an excellent one, and he instanced two municipalities, Manseau and Lemieux, which had developed because of the system of exchange of lots.

MR. SAUVE CLAIMS THAT LOTS IN ST. SOPHIE BELONG TO POLITICIAN—WILL REPLY TO PREMIER'S CHALLENGE

Mr. Sauve asked for information about St. Sophie de Lévis in Nicolet County, and the minister said he did not know about that municipality. This roused Mr. Sauve, and he insisted that it was strange that the minister should remember two places in the district and not remember about St. Sophie. "The minister is ready to give information about some place but does not know about St. Sophie," said Mr. Sauve. "What does this mean? I claim that the lots there belonged to a politician. It is like Beauce. The minister knows about Beauce and I will talk about it later. Only recently the Prime Minister dared me to say in the House what I had been saying in the country during my campaign last summer. There is a time for everything, the session is not over, and the leader of the Opposition is not afraid to mean the ministers."

Hon. Mr. Perrault promised to get information about St. Sophie for Mr. Sauve for tomorrow, and the Prime Minister then suggested the committee rise.

Hon. David put through the resolutions regarding the Lake Edward sanatorium, which the government has acquired for \$60,000, and the contract with the Hospital Laval of Quebec for the sanatorium. The contract provides that the government shall repair and arrange the immovable property and buildings so that the premises may be ready to receive twenty-five patients.

The Laval Hospital is to care for the patients, pay costs of administration, provide doctors and nurses and other employees, and control the institutions, subject to government inspection. The hospital will receive from the government the sum of fifteen hundred dollars per month. It may charge for board those who can pay, but must care for poor patients as well. The contract is for one year from the first of September last, and is to be renewed from year to year, unless one of the parties, before August 1st gives written notice to the other that it intends to terminate the contract at the expiration of the year then current.

DEMAND FOR INFORMATION
Hon. David informed Mr. Gault that the Federal Government had spent \$25,000 for repairs before turning over the building to the Provincial authorities.

Mr. Gault wanted to know how many acres of land the property consisted of. Mr. David did not have the information at hand.

"It is one acre, ten acres, one hundred acres or one thousand acres," persisted the member.

"It is between one acre and a thousand acres" the Prime Minister assured him, and the debate ended.

SEVERAL BILLS GIVEN READING.

First reading was given to Hon. Mr. Lacombe's bill extending the hours of polling, and the bill amending the law regarding the college of surgeon dentists.

Second reading was given to a bill of the municipality of St. Raphael de L'Isle Biscard. The municipality asks that the bridge between the Bizard and Ste. Genevieve be declared to be a county bridge, and as such be maintained by the County of Jacques Cartier. It is also asked that the county pay the costs of the bill. It will go before the private bills committee.

Third reading was given the bill of the Montreal Catholic School Commission. The coroner's report was passed through committee of the House with one clause left for further consideration when the bill comes for third reading.

RESIGNATION OF ARMAND BOISSEAU.
Hon. J. N. Francoeur speaker, read resignation of Armand Boisseau as member of Lower House at sitting Legislative Assembly yesterday.

TODAY'S SESSION TO START LATE.
Third reading was given to the David Bill to increase from \$150,000 to \$200,000, the grant made to the elementary school fund to help poor municipalities in the building of schools.

When the Assembly adjourned yesterday afternoon it was explained by the Premier that today's sitting would not begin until four o'clock, as in the earlier part of the afternoon the government would be busy receiving a delegation of women asking for suffrage.

Arthur Sauve, leader of the opposition, has given notice of a motion which he will submit, asking for the repeal of the Quebec Liquor Act. Mr. Sauve, of course, does not expect to secure the repeal of the act, but wants to bring it before the House so that he may discuss the act and its administration as he desires.

NO CHANGE IN SITUATION IN SOUTH AFRICA
Government Gives Warning that Drastic Action Will Be Taken in Event of Disorders.

(Associated Press Despatch.)
LONDON, Feb. 9.—The strike deadlock in South Africa continues unbroken, say a Reuter cable from Johannesburg. A definite split has occurred between the Nationalists and the Laborites of the striking miners. The former, while favoring the obtaining of a republic by constitutional means, have declared against violence.

The Laborite extremists suggest inciting the natives to demand more wages, with the object of making the strike more costly for the mine owners.

The Government has issued a warning that concentrated movements of strike commandos amount to incitement to violence, and that drastic action will be taken in the event of disorders breaking out.

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

Our first winter mail leaves here in a day or two, but I do not know how long it will take to reach Quebec. I am getting along all right, but am extremely busy all the time, am getting ready for Christmas now and with our practices and the Children's Entertainment I do not have much spare time. The weather is a little stormy again now, but we have had some nice fine sunny days. I hope it clears again for Christmas. Believe me, yours very sincerely, W. H. Cheverton."

SORES SPREAD ALL OVER FACES AND BODIES

Mrs. Howard Houlette, Waskatana, Sask., writes:—"I wish to tell you of the benefit we have received by using your valuable medicine, Burdock Blood Bitters."

My children started to break out on their faces in small white pimples which kept getting larger each day. Pus would come out from the scabs and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece, and would spread all over their bodies. I was nearly in despair and sent to the village for a bottle of good blood medicine. The druggist sent me a bottle of Burdock Blood Bitters which I commenced giving them at once.

In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared."

men arrived in very short order at
Mr. Serrell White's house, which was

supposed to be on fire. It was found
to be a bad fire in the chimney and
furnace pipes, and was soon put un-
der control. But for the timely ar-
rival of help, (as Mr. White was ab-
sent at the time, and only Mrs. M.
White at home) it is quite likely the
house would have soon been in flam-
es.

LENNOXVILLE

The weekly meeting of the Epworth League of the Methodist Church took place on Wednesday evening in Douglas Hall. Mrs. J. A. Seale, president, was in the chair, and introduced the topic for the evening's discussion, "How our nation may be happy and great." The chief contribution was from Miss Ruth Edwards, who gave a very thoughtful paper on the subject. The young people were present in good numbers, and the meeting throughout was bright and interesting.

The Bell Telephone Co. has opened an office in the new Royal Bank building. The arrangement promises to be a new convenience to residents in the town.

W. L.'s, in which she suggested ways of helping each other, and in the community, perhaps, by sewing, besides working for charitable institutions such as the Wales Home and others, also suggesting that there should be read at the meetings parts from Canadian magazines, and become better acquainted with Canadian authors. Also a letter from Miss Philip, thanking the members for their sympathy expressed to her during her illness last year, and wishing one and all good wishes for the new year.

It was decided to continue sending or supplying the Central School with two quarts of milk daily until the end of the school term.

A resolution of sympathy was passed to two of the members who had suffered a bereavement by death in their families, and the secretary was directed to write same to each member. A rising vote of thanks was given Mr. and Mrs. Browne for their kindness in entertaining the club members and their families recently. Mrs. Arthur Mills and Mrs. W. J. Armstrong were appointed auditors, as the next meeting will be the annual.

A paper was read by Mrs. Browne on "Influenza and How to Prevent It," and the programme included a paper on "Interior Decoration," by Mrs. J. M. Hamer.

Delicious refreshments were served at the close of the meeting, the hostess being assisted by her niece, Miss Myrtle Coombs, and Miss Mary Mills. The next meeting will be held at Mrs. Armstrong's.

SOLDIERS' SETTLEMENT.

Colonel E. B. Worthington, of Worthington & Borden, a well-known public who has acted for the Soldier Settlement Board here since the summer of 1919, passing on the titles and executing the agreements for sale of land to the returned soldiers of the Eastern Townships, has just been notified that his services are no longer required.

Presumably this results from change of the regime at Ottawa.

BIG INCREASE IN NUMBER OF PHONES.

Mr. Robert Neilson, of the Bell Telephone Company, Montreal, is making one of his periodical visits to Sherbrooke. Speaking to the Record today with regard to the anniversary of this newspaper, Mr. Neilson remarked that telephone development was in its infancy in 1897, when the Record began publication. Mr. Neilson came to Sherbrooke in 1898, at which time there were about three hundred telephones in the city, while today there are some thirty-two hundred.

WOLFE COUNTY FISH AND GAME CLUB PLANS.

A committee of the Wolfe County Fish and Game Club met this week to discuss arrangements for the coming year. Mr. and Mrs. Arbury, of Little Lake have been engaged as caretakers, as the present caretakers, Mr. and Mrs. Young, will not remain after the first of May. The committee plans to secure a good quantity of fry for the lakes this summer. Some eight or ten new members have been proposed and were duly elected at the meeting. It was reported that there are still some eight or ten vacancies under the plan of increased membership which was adopted last year.

ALLIGATOR FARM FOR LENNOXVILLE?

Mr. John G. Watson, district manager of the Canada Life, has just returned from a trip to Florida as a member of what is known as the "Two Hundred and Fifty Thousand Dollar Club." There were sixty-five in the party leaving Toronto, headed by Mr. McCone, manager of the Company. Mr. Watson states that they had a wonderful trip through the South, spending about two days at Ormond Beach. He is quite sunburned, which goes to prove his statement of a temperature around eighty to ninety during the day. The party had their special cars throughout the trip, which was a success in every way. As a souvenir of the visit, Mr. Watson has brought home with him a couple of live alligators, and it is rumored that if possible, he proposes to inaugurate an alligator farm at Lennoxville.

PLEASANT EVENT AT BAPTIST CHURCH.

A decidedly happy gathering was held Tuesday evening in the Baptist Church, when the annual "get-together" meeting of the men of the congregation was held. About seventy-five were present and the evening's programme began with a baked bean supper, the evident satisfaction of the guests reflecting credit upon the caterers. The social spirit, prevailing during the supper hour, was carried into the evening's festivities, which completed an event that leaves pleasant memories, and adds to the friendly spirit among the male congregation of the church.

After the singing of a hymn, Mr. R. G. Milford, deacon of the church, gave an address of welcome, and the pastor, Rev. Mr. Terry, spoke of the new church, a topic of great interest to the congregation as a whole, and especially to the men. Mr. Terry in the following words, throws out a challenge for the year 1922: "That this church erect a new building on the corner lot, plans of which are already in the making; also that we double our present membership." The pastor stated that evangelistic meetings have been arranged to begin February 27th, and will continue for ten days under the direction of Rev. John Linton, of Montreal.

Mr. J. McCaw gave an interesting address on Sunday School work, and musical numbers were contributed by Messrs Hunter, Willis, Burton and Sanders who sang a quartette, Mr. Byrd, cornet solo, vocal solos Mr. A. E. Willis and Mr. C. Burton, piano solo by Mr. Theodore Anderson, and a reading was given by Mr. F. Leach.

The speaker for the evening was Rev. John Blackburn, from Newport, Vt., who gave an inspiring address on Evangelism. Mr. Blackburn stated that many churches left everything for the pastor to do, sat back with their arms folded and wondered why the church was not winning souls for Christ. He likened the church to a grey house saying "if you do not have the right atmosphere your plants will not thrive, nor will the church be a success. Until the churches get down to real work as a whole, instead of leaving it to a few individuals, we cannot expect to make a great impression in the world."

Mr. Blackburn's talk, practical in every way, was listened to with marked attention.

Bessie, who lives in the suburbs, was showing her city cousin the dog she had found last summer down the road. "He didn't belong to anybody any more than the flowers," she explained. "I can pick flowers—the wild flowers—and keep 'em, and the doggie was just like the flowers, so I came along and picked him and brought him home."

Just then the dog turned around and displayed a noticeable lack of tail, whereupon Bessie's boy cousin broke in with, "Why didn't you pick a longer stem?"

The Record is a member of the Audit
Bureau of Circulation, and its circulation
is regularly audited and guaranteed.

THE PUBLIC AND THE NEWS-
PAPER.

The Record today enters upon its
twenty-sixth year and in the ac-
companying pages is given a gen-
eral review of the development of the
newspaper.

The fact that the Record has been
able to go on and that it has re-
ceived ever increasing public sup-
port has no doubt been due to a
very considerable extent to the
community spirit which exists among
the people of the Eastern Town-
ships. The people of Missisquoi are
interested in the people of Compton,
and the people of Richmond in the
people of Bromfield. Through the news-
paper they have been brought into
daily contact with each other. The
happenings of the rural community
have been given their place in the
paper as well as the happenings of
the city.

Through co-operation and an in-
terest in one another communities
and institutions grow.

That this Southern part of Quebec
will continue to enjoy a good mea-
sure of prosperity seems certain.
The natural resources of agriculture,
mines and forests are not exhaust-
ed. The industrial development is in
its infancy. The possibilities of this
territory as a summer resort are
undoubtedly very great.

The publishers of the Record take
this occasion to again acknowledge
the general public good-will with
which the Record has been favored
and to venture the hope that the
spirit of mutual co-operation, the
newspaper with the public and the
public with the newspaper, may
continue for the upbuilding and de-
velopment of the whole Eastern
Townships in which all have a com-
mon interest.

WHERE HISTORY IS RECORDED.
Nowhere else is to be found such
a complete record of human events
as in the files of a newspaper. Day
by day the happenings of the com-
munity, of the nation and of the
world are recorded.

In the Pageant of Progress sec-
tions of this issue, marking the
twenty-fifth anniversary of the Re-
cord, are noted year by year out-
standing events. In going through
the files the editor has been im-
pressed by the fact that pages of a
paper could be devoted to even a
condensed review of the events of
one year. Consequently, the twenty-
five year review shows only a
selected list of happenings—for the
most part outstanding events which
have made their mark on the com-
munity or the world.

It is one of the misfortunes of
this as of many other places, that
the files of old time newspapers
have not been preserved. In the case
of the Sherbrooke Gazette, for in-
stance, only a comparatively few of
the old records are available. The
value of these things grow with
passing years.

TEN YEARS OF ASSURED
PEACE.

Ten years of peace seem to be
assured the world as a result of the
conference just concluded at Wash-
ington. There may be little wars,
but no conflict between major pow-
ers seems to be at all likely.

Germany will not be potentially
able to attack within that period.
Just what may happen in Russia is
problematical and trouble for the
world may develop from that
quarter.

The New York Commercial antici-
pates a period of ten fat and peace-
ful years when it says:

"For the next ten years there is
to be no war between any of the
Great Powers. The mere statement
carries with it a feeling of incred-
ibility. Had the old Germany been
included that feeling would have
been well founded. But without her,
none of the Great Powers has any
desire for aggressive warfare, and
without aggression there need be no
defensive warfare. The Powers all
want peace. They want to be as-
sured of it, and to obtain that as-
surance they have striven to remove
the causes of war. China and Japan
might have gone to war over Shan-
tung, only to reach an agreement
in the end. That agreement has been
reached in the beginning, and there
is no need for war on that question.
All the Pacific islands were poten-
tial causes of war in a race for the
mastery of the Pacific. That mas-
tery has been achieved, but instead
of one master there are four, and
these four have agreed not to fight,
but to settle disputes at a conference
table."

HAS ONTARIO OPPOSITION
FOUND A LEADER?

The election in Kingston of Mr.
W. F. Nickle, K.C., as a member of

the Ontario House, is an event of
considerable importance.

This is well pointed out by the
Montreal Gazette, in an editorial, in
which it says:

"Mr. W. F. Nickle, K.C., who was
elected to the Ontario Legislature on
Monday, to fill the vacant Kingston
seat, is not new to public life. He
has sat in both provincial and Dom-
inion Houses, and in both has made
high reputation as a man of earnest
purpose, strong convictions, and con-
siderable oratorical force. The large
majority given him by the electors of
Kingston over an opponent of
merit shows the high esteem in
which Mr. Nickle is held. He is still
in the prime of life, having com-
pleted his 52nd year on December
31st last. A native of Kingston,
where he has always resided, Mr.
Nickle has actively associated him-
self with all movements and organi-
zations for the welfare of that city,
having served in the Municipal
Council and on the School Board. His
war activities were unremitting. The
bent of his mind and the character
of his disposition are revealed in his
recreations—books and flowers.

"Mr. Nickle again enters the Leg-
islature to which he was first return-
ed in 1908, and which he achieved
a position of distinction before
entering the House of Commons in
1911. He is a Conservative of inde-
pendent views, who has even been
suspected a tinge of radicalism;
but his sincerity and uprightness
have never been challenged. Mr.
Nickle will be an accession to a
Legislature somewhat scant of
strong men, and stranger things
may happen than his becoming the
Ontario leader of the Conservative
party."

PARAGRAPHS

A dollar a day doesn't keep the
wolf away, however.

And so the earth is losing speed.
Well, that sounds hopeful. Perhaps
it is on the up-grade.

It may be that the mills of the
fates grind slowly because they get
paid for over-time.

We can't understand how the
compilation of endurance records
happens to overlook the bill collec-
tor.

It might help some if the manu-
facturer would use a miniature
figure of a coroner as a radiator
cap ornament.

Old Timers say that the unusual
thickness of the hides of motorists
indicates a severe spring for pedes-
trians.

An economist says business re-
mained close to shore in 1921. Some
of it, however, remained outside the
three-mile limit.

It is really encouraging the way
diplomats turn at last to the sen-
sible thing after every darn-fool
scheme has failed.

Things might be worse. The poor
down-trodden chap who can't pay
his grocery bill still manages to
consume twenty cigarettes a day.

Civilization: A state in which
some people yearn for bread while
others yearn for some really effec-
tive anti-fat nostrum.

May be after ten years Japan will
have everything nailed down, and
then we won't need a naval base in
the Pacific, anyway.

That New York man who invested
his wife's money in marks in order
to break her off gambling should be
satisfied. He broke her.

In view of all the trouble China
has had keeping the wolf from the
door, it requires considerable nerve
to ask her to keep the door open.

PRESS COMMENT

MRS. ASQUITH'S REPLY.

(Christian Science Monitor.)
It is reported that when some one
in the gallery at Margot Asquith's
first appearance as a reader of her
own gossipy memories in New York
shouted, "I can't hear you," the re-
doubtable Englishwoman exclaimed,
"You're not missing anything!"
This was sound criticism and per-
haps the best one that Mrs. Asquith
has delivered. One hardly knows how
to take her round decorations of ig-
norance of American matters. She
never heard of Jane Adams. She
thought the Yellow Press had some-
thing to do with China. But she did
not know how to stand when a
flashlight was being taken. To use
an Irish phrase, we greatly fear that
Margot is trying to cod us.

tin as medical Health officer for the

gret.

Stanhed College Notes

The Wednesday evening recitals
by the pupils of the Conservatory of
Music have been resumed. So far,
there have been piano solos by Doris
Sweet, Beryl Stewart, Adel Bishop,
Ethel Ames, Nettie Simons and
Claire Marois; violin solos by Muriel
Heath, Dorothy Irvine and Leonore
Thompson; violin duet, Hew
and Low Layhow; vocal solos by Pearl
Dorman and Madelyn Rider.

At the Song Service last week Miss
Rock gave an interesting reading on
"Shackleton, the great English ex-
plorer," whose death was recently
reported, having died suddenly when
exploring the Antarctic regions.

The hockey game played between
the College boys and the North Hat-
ley team on Saturday last at North
Hatley resulted in a victory for the
home team by a score of 6 to 1. Mr.
Cecil Rhodes accompanied the play-
ers.

The Anglican students were en-
tertained by the Anglican Church to a
very enjoyable social evening on Sat-
urday last at the Stanhed Town Hall.

The students attended in a body
the service at the Border Theatre
Sunday last and listened to a fine
address delivered by Rev. H. Mick.

A very interesting letter was
read to the lady students on Monday
evening by Miss Jean McIntosh. The
letter had to do with the customs
and needs of the Japanese and was
written by Miss Elsie McIntosh, who
is now in that country.

At the B. S. C. A. meeting, Mr.
Martin gave an impromptu talk on
"Lincoln." He brought out many
fine qualities in the life of the "Great
Man" of the United States.

The Literary Society meeting on
Friday was made interesting by the
various class and organization re-
ports which constitute the first num-
ber of the College Magazine. They
were well written and well read,
and contained many witty sayings
which provoked considerable laugh-
ter. Miss Hazel Edwards, editor-in-
chief, deserves considerable credit
for the success of her first venture.
The current events were given at
the close of the programme by Mr.
McFadyen.

DEATHS REPORTED

MR. BENNETT, BENNETT, Que.

BENNETT, Que., Feb. 9. — The
death of a well-known and highly-
respected resident of this town took
place on Friday morning, February
3rd, in the person of Mr. Frank
Bennett, who died after three
weeks' illness. Two years ago the
late Mr. Bennett suffered an at-
tack of the "flu," and although he
recovered, still he was never so well
from that time. All was done for
him that medical aid could do, and
he was tenderly cared for by his
wife.

Deceased was in his seventy-
fourth year. All his life was spent
in this vicinity. He was born on the
same farm he lived and died on.
He was a loving husband, a kind
father, a faithful friend and a kind
neighbor. He leaves to mourn his
loss a wife and three sons, Walter,
of Lowell, Mass., and Wilfred and
Howard, both at home. The fun-
eral was held on Sunday morning at
Trinity Church, Maple Grove. The
church was filled with a large con-
gregation, testifying to the esteem
in which he was held. The Rev.
Mr. Atkinson conducted the service.
The choir sang "For Ever with the
Lord," "Peace, Perfect Peace," and
"Thy Will be Done." The pall-
bearers were Messrs. John Bennett,
Daniel Bennett and John Gill, ne-
phews, and Thomas Walker. Those
who attended the funeral from a
distance were Messrs. David Simons
and Gordon Simons, of Thetford
Mines.

Here is a home treatment for re-
moving hairs that is quick, painless
and inexpensive: With some pow-
dered delatone and water make
enough paste to thickly cover the
objectionable hairs, apply and after
2 or 3 minutes rub off, wash the skin
and it will be left soft, clear and
hairless. This treatment will not
mar the skin, but to avoid disap-
pointment, be careful to get real
delatone. Mix fresh as wanted.

THETFORD MINES

The monthly meeting of the Methodist Ladies' Aid was held with Mrs. de Gruchy on Thursday afternoon with a very large attendance of members and visitors. The minutes were read by the secretary, Mrs. P. L. Daigneau, and accepted as correct. The roll was then called by Mrs. S. Daigneau, treasurer, (pro tem). Routine business was then taken up. A discussion followed as to the advisability of holding the annual box social, and it was decided not to have one this year on account of so many being out of work. Other items of interest in connection with the society were discussed and left open until the next meeting. The meeting closed with the members repeating the Mizpah benediction. The remainder of the afternoon was spent in various kinds of fancy work. At the usual hour the hostess served lunch, assisted by Miss A. Davidson, Miss M. Lipsey, Miss A. McElreavy and Miss M. McKee.

The next meeting will be held with Mrs. G. L. Beattie on March 2nd. Fees from members and visitors \$6.45, a friend \$5; in all \$11.45.

DISMISSED THE CANADA PAPER CO.'S APPEAL

Perpetual Injunction Against Use of Sulphate Process at Windsor Is Maintained.

OTTAWA, Feb. 9.—The Supreme Court has dismissed the appeal of the Canada Paper Company against the decision in favor of A. J. Brown, K.C., by Mr. Justice Macleannan, confirmed by the Court of King's Bench. By his decision, now confirmed by the Supreme Court, Mr. Justice Macleannan granted a perpetual injunction against the Canada Paper Company from using any chemical substances of a nature to throw off or emit disagreeable smells or odors or vapors, and especially to refrain from the further use of sulphate of soda, salt cake, or nitra cake or any other obnoxious compounds, in its mills in the town of Windsor Mills.

This case arose from the operation of a sulphate pulp mill by the Canada Paper Company at Windsor Mills. In 1905 A. J. Brown, K.C., purchased a farm property at Windsor Mills in which were three houses and outbuildings. Mr. Brown converted these buildings into a summer residence. In 1908 the Canada Paper Company, which up to that time had manufactured its paper by the carbonate of soda process, converted its plant into a sulphate mill. In 1910, eight years afterwards, Mr. Brown complained in a letter to Mr. Kilgour, the president of the company, of the offensive odors emanating from the mill, and claimed that Mr. Kilgour a year previous had promised to remove the nuisance. In 1918 Mr. Brown applied to the Superior Court of Quebec for an injunction against the use of sulphate by the company. Mr. Justice Dulos, who heard the case, refused the application, but granted leave to apply again. Mr. Brown renewed his application for an injunction in July, 1919, and also asked for \$15,000 damages. Mr. Justice Macleannan granted the injunction and also costs to the plaintiff. On an appeal to the Court of King's Bench, that court affirmed the judgment of the court below with costs. Hon. Chief Justice Lamont and Hon. Mr. Justice Guerin dissenting. The Supreme Court today handed down judgment sustaining the decision of Mr. Justice Macleannan and the Court of King's Bench.

CORONER'S JURY IS NOT SATISFIED WITH EVIDENCE

Not Convinced that Death of James Buchanan Was Result of Suicidal Intent.

(Associated Press Despatch.)
TORONTO, Feb. 9.—The coroner's jury which Tuesday night investigated the death of James Buchanan, whose body was found in a gas-filled kitchen of his home on the morning of January 28th, were not satisfied that death was the result of suicidal intent, although police evidence was to the effect that Buchanan learned the night before his death that the mystery concerning the "beauty powder," which had caused the death of Buchanan's son a few days before, was a mystery no longer.

Miss Carrie Robinson, a public stenographer of Hamilton, testified that a man had given her the work of typing out a letter dealing with the alleged properties of a "beauty powder," said to be manufactured by Armand Freres. She believed the late James Buchanan was the man, but admitted that she was not able to identify him positively from a photograph shown her.

The beauty powder was sent to James Buchanan's wife, from whom he had been separated for some time, but got into the hands of their son, Anderson, who took it and died within fifteen minutes.

ROYAL BANK STOCK WAS STRONGER AT MONTREAL

(Associated Press Despatch.)
NEW YORK, Feb. 9.—The further buoyant advance of leading foreign exchanges failed to sustain prices at the opening of today's stock market. Trading was active and broad, but yesterday's reaction among industrial and specialties was extended, oils, motors and independent steels being among the first to yield. Losses were limited to fractions, although Standard Oil of California reacted one point. St. Paul was quoted one-half lower at 58. Strongest features, was under pressure, St. Paul and San Francisco Preferred, and Toledo, St. Louis and Western Preferred, were fractionally higher.

REACTION EXTENDED ON WALL STREET EXCHANGE

(Associated Press Despatch.)
MONTREAL, Feb. 9.—The local stock exchange opened this morning without feature and no noticeable difference in its tone became apparent during the first half hour. Brazilian rose a half point to 30½, while Detroit United Railway, whose eleven point drop featured the close, was quoted one-half lower at 58. The stock of the Royal Bank strengthened three-quarters to 199½.

NO REPRISALS HAD BEEN ATTEMPTED OVER NIGHT

(Associated Press Despatch.)
BELFAST, Feb. 9.—Telephone and telegraph wires were cut yesterday in the affected districts and communication is still uncertain, but a county inspector of police, who returned this forenoon from a tour of the lines, said no reprisals had been attempted over night by the Unionists.

A British regiment, transferred from Free State territory, was due to reach Enniskillen within a few days and it was reported today that transfer would be expedited. A prominent Ulster police officer who made a tour of the border during the night returned here this morning.

"The police arrangements," this officer stated, "are now as complete as they can be made to insure immunity from invasion. It is unlikely that rebel forces will ever again attempt to penetrate to this side they certainly will not find it easy to get back. The police patrols are a well disciplined, trained force, who know the geography of the country thoroughly, which is a great advantage in protective operations."

Jameson, Mrs. Casper Scott, of Scotsmore, was a guest recently of Mrs. L. Rundle.

Mrs. E. Brown and Miss Elsie were guests recently of Mrs. Watson Milmore.

CANADIENS TURNED THE TABLES

(Associated Press Despatch.) MONTREAL, Feb. 9.—Canadiens won from St. Pats last night by 6 to 4. Lalonde, Berlinguette and Vachard were the shining lights for the Frenchmen. Barring Roach's wonderful saves, the score would have been much heavier against the St. Pats.

The Frenchmen played more finished hockey, holding the edge on the play the greater part of the three periods.

Lalonde was the outstanding player, out-generalling the Toronto team at all times, and scoring three out of six goals, and engineering plays from which two others were scored.

Elgorth and Couture worked better together on the defence than any combination tried out by Manager Dundas this season. Vachard also recalled the noted Roach, and turned aside many shots that looked like scoring from the sticks of Dye, Denney and Randall, St. Patrick's best attacking line.

ST. PATS:—Goal, Vachard; Defence, Stuart, Cleghorn, Cameron; Forward, Lalonde, Dye, Noble; Subs, S. O. Cleghorn, Denney, Smith.

(Associated Press Despatch.) LOS ANGELES, Feb. 9.—The reason William Desmond Taylor gave for keeping Mabel Normand's letters was that they were attributed to women—because, according to a statement made yesterday by her personal representative, Arthur McArthur.

Miss Normand was said to be ill, largely because of her collapse at the Taylor funeral on Monday, and because of the frequent questionings.

McArthur spoke for her. As to the present whereabouts of these letters, McArthur said, Miss Normand is as much mystified as any person, despite statements made by the police that they have been returned to her.

"The last time she saw them they were in the top drawer of a dresser in Taylor's apartments. This was following the burglary at his place, and he was showing her about the apartments and describing how they had been ransacked."

"She then noticed the letters and telegrams she had sent him and asked why he kept them."

"He made a kindly remark and added 'Oh! Just because.'"
