 SECRETARY—P. WARDLAW.

INVESTED FUNDS

Upwards of ONE MILLION THREE HUNDRED and FIFTY-SEVEN THOUSAND
POUNDS STERLING.

Assurers have the choice of two separate Classes of Assurance.

IN CLASS A. THE BONUSES are paid in Money to the Policy-holder himself, commencing AT AN EARLY STAGE OF THE POLICY.

An allocation of Profit in Cash is made every year in this class to all Policies of not less than five years' standing at the preceding Annual Balance, and each Policy-holder's share is applied in payment of his next Annual Premium. The Outlay required for the Policies has thus, or many years, been only from 62½ cts. to 75 cts. per \$1 of the Premiums, according to standing, and commencing with those due at the end of the sixth year.

CASH PROFITS of more than £445,000 sterling have been distributed in this manner to the Policy-holders during their own lives.

IN CLASS B. THE BONUSES are unusually LARGE ADDITIONS TO THE SUM ASSURED, and may be exchanged for a MOST IMPORTANT PROVISION IN OLD AGE to the Policy-holder himself.

At the Division for 5th December, 1865, the LARGE BONUS ADDITION of £4 per cent. on the sum Assured, was declared for every premium paid on each participating policy, and payable along with the Sum Assured, provided the Life attain the average expectation of persons at his age of entry. It is evident that at this rate of Bonus the SUM ASSURED will be more than DOUBLED in a comparatively short period.

But the Policy-holder has the option of exchanging these large Bonus Additions, when he reaches an average period of life, for an equivalent in a

VALUABLE PROVISION FOR HIS OWN AFTER LIFE-TIME by a CASH PAYMENT or ANNUITY.

For Example, a Policy-holder for £1000, at the age of 25, on his attaining the average period of persons of that age, will, at the rate of Bonus, have had an addition to his Assurance of £1,500, making the Sum Assured £2,500 instead of £1,000.

Or he may then exchange this large Bonus Addition for ONE CASH PAYMENT of about £1,000 to himself.

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life. Such exchange will in no respect affect the Sum assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefits be obtained, whether as regards Increase of Sum Assured, or an equivalent in Cash Payment, or Life Annuity.

An ASSURER during the current year in Class B. will receive, at next division, ONE-FIFTH MORE BONUS than later Entrants—The difference being—probably so much as £40 on a £1,000 Policy.

BRITON

MEDICAL AND GENERAL

LIFE ASSOCIATION,

Chief Offices, 429 Strand, London.

POLICIES "with Profits" in this Association are made payable during Lifetime at the Ordinary Life Rates.

The NON-FORFEITABLE System has also been adopted, by which, after payment of Second Premium, the Assured are protected from Loss in event of discontinuance.

The HALF-PREMIUM PLAN (peculiar to this Company) by which *Half the Premium only* is payable for Ten Years, without any charge for Interest, or any deduction from the Amount Assured, in event of claim arising during that period, will also be found attractive.

Policies are also issued on Increasing and Decreasing Scales of Premiums, and all other modes adopted by Life Assurance Companies.

Notice to Parties interested in Water Power and Milling Operations.

I beg to inform the public that I have made arrangements with Messrs. W. P. BARTLEY & Co. of the ST. LAWRENCE ENGINE WORKS, Montreal, for the manufacture and sale of my SAMSON TURBINE WATER WHEELS for the Province of Quebec.

A. D. COLE

Messrs. W. P. BARTLEY & Co., Montreal.

Toronto, 7th March, 1871.

DEAR SIRS,—Your favor of the sixth received. In reply we have four of Cole's Samson Wheels at work in three of our Mills; one took the place of an overshot, and two of breast wheels. In all cases they have given perfect satisfaction, doing more work with the same water. One very decided advantage is that they cost very little, are so simple that they don't get out of order, and are not affected with back water to any extent. We have been using them about two years, and quite believe they are the best Wheels in use.

Yours truly,

GOODERHAM & WORTS.

In reference to the above, we beg leave to say that we are prepared to execute promptly all orders entrusted to us for the COLE SAMSON TURBINE WATER WHEELS, and from the large amount of new, improved and labor-saving machinery, that we have just imported from the United States, and Great Britain, we are prepared to furnish every article required for Saw, Woollen and Grist Mills, and other Factories, at reasonable rates, and of a quality that will much surpass that produced by old and inferior machinery.

SHAFTING is with us a speciality. We have very superior facilities for supplying Shafting from one inch up to 15 inches diameter, and at rates and of a quality that cannot be approached by other parties. We can turn out from One to Two Hundred Feet per day, according to size.

The Society's Profits belong exclusively to the Assured, and are divided every five years. At last division in 1868, the sum of \$150,000, less the usual reserve, was distributed among the members. The Society's Policies are virtually indisputable. No Policy will be voided by unintentional misstatement in the proposal and declaration. Undoubted Security is afforded by an accumulated premium fund in excess of the Society's requirements.

THE IMPROVED TURKISH OR ROMAN BATH,

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:—

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin, and the seven millions little perspiratory sewers or pores which open upon its surface, and carry off waste and effete matters from the system.

2d.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3rd.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure perfect cleanliness, to preserve the health, to prevent disease, and for its treatment a most invaluable agent, especially for the cure of Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious Derangements, Scrofula, Bronchitis, Sciatica, Malarial Fever, Local Congestions, Inflammations, and Skin diseases.

This Bath has justly been entitled the "Queen of Baths," and ours having been constructed with all the most modern improvements and with perfect regard to ventilation, and being under medical supervision, we trust it will meet with that patronage which it merits, both as an invaluable remedial agent and also as a sanitary means.

GREAT STRENGTH WITH LIGHTNESS AND DURABILITY.

They are perfectly adapted to all forms of amputation. Every Limb is made first class, of the **BEST MATERIAL AND FULLY WARRANTED.** They are recommended by the leading Surgeons.

F. GROSS'S CHEST EXPANDING STEEL SHOULDER BRACES, MANUFACTURED AT THE CANADA TRUSS FACTORY, 688 AND 690 CRAIG STREET, MONTREAL.

This is an entirely new and superior article for Ladies and Gentlemen who have acquired a habit of stooping. This Brace is certain to answer the purpose of keeping the Chest expanded and the body upright; the two Steels on the back running over the shoulder blades, giving a gentle and even pressure, they will prove conducive to health and gracefulness; and being strong and well made, will last a long time and always feel comfortable. For Gentlemen, this Chest Expander will enable them to do away with the common Suspenders (which are injurious to health) by simply cutting holes in the leather of the Belt around the waist and thereby keeping up the Pants.

Universally Approved and Recommended.

ENLARGEMENT OF PREMISES.!

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. 200 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work despatched by the safest and cheapest modes of conveyance.

P R E F A C E .

THE Publisher has much pleasure, in presenting the MONTREAL DIRECTORY for 1871-72, to announce to the public his sincere belief that it will be found one of the most complete and reliable works of the kind that has yet been issued from his establishment. As he was determined that neither trouble nor expense should stand in the way of his producing a correct Directory, he determined, after the names had been taken and put in type, to send out his agents a *second* time, in order to compare the *Street lists*, by a house to house investigation, and thus guarantee a correct ALPHABETICAL and STREET DIRECTORY. An improvement will be noticed in the arrangement of the villages surrounding the city. Hitherto, the names of the inhabitants of these places were inserted in the Montreal Alphabetical, but this year they are placed separately, and the location of the several villages described. The Miscellaneous part of the work will be found to be fuller and more complete than in any previous year, and the DIRECTORY, on the whole, will be found to contain a much larger number of names than has yet been published.

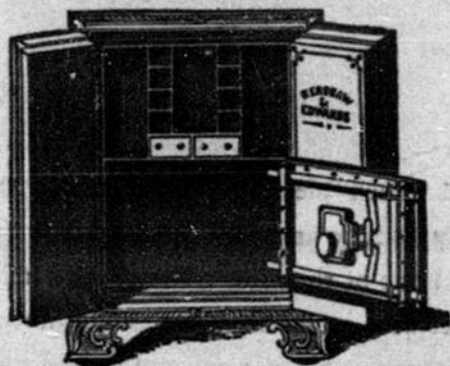

To the Officers of the Government, Public Institutions, the City Corporation, Societies and Companies, the Publisher is deeply indebted for the useful information they were kind enough to supply.
