## Protest Arbitrary Orders

WATERVILLE — The local Protestant School Commissioners, of the Waterville School Board resigned in a body last night following a special meeting of rate-payers and parents held at the Waterville High School.

The local board resigned in protest over the arbitrary decision of Compton County Protestant Central School Board to consolidate grades 11 and 12 of Waterville High School with North Hatley High School. They are also protesting against the Department of Education of Quebec for the manner in which the affair was handled.

The controversy first arose in mid-January when the proposal was submitted to the local board.

A statement released by the Waterville board to the Record today reads as follows:

"This body (Waterville School Board) was given every assurance that it would have the opportunity to discuss the proposal with the proper authorities — and there the matter rested.

"Suddenly, Feb. 4, a directive was received from the Department of Education through the Central Board that local pupils would complete their education at North Hatley High School — a proposal not acceptable to the local board.

"Upon trying to obtain a hearing from authorities in Quebec City, the board was curtly informed that the matter was closed and no further discussion would be considered.

"Eventually however, through the efforts of the Protestant Committee of Education, the local board plus one member of the Central Board (Compton County) were granted an interview with the Director of Education in Quebec and returned home under the impression that the matter would be thoroughly reviewed.

"Now it appears upon review, reversal of the original decision of the department would not be considered and following directives received from Quebec March 15 and accepted by the Central Board the same day without the

## Great Snakes! Rattler Is Loose In Airplane

TULSA, Okla. (AP)—Great Snakes!

They were high in the sky with a rattlesnake loose in their small two-place airplane.

"I almost bailed out right then—even if I didn't have a parachute," reported pilot Clyde Baskin.

Baskin and H. D. Lile had bagged five rattlers on a hunt Wednesday and thought all of them were safely packed for the flight home. A mid-flight check showed otherwise. The biggest one—a four-footer—was missing.

They landed here and quickly cleared out. Nerves calmed, Baskin returned to the plane.

The poisonous reptile was there all right—coiled under a seat.

## Agree On 6 Points

GENEVA (AP)—Delegates of the Soviet bloc and the North Atlantic Treaty powers tentatively agreed today on six initial principles for the control of an East-West disarmament treaty.

The two sides remained sharply divided, however, on how to go on from there.

The six points of agreement were defined by French disarmament expert Jules Moch on behalf of the United States, Britain, Italy and Canada, as well as his own country.

Russia's Deputy Foreign Minister Valerian Zorin welcomed Moch's definition, but avoided all discussion of details.

Moch's definition summarized the points of East-West agreement on control principles which the Western delegations believe emerged during the first week of the 10-power talks.

STRESS INTERNATIONAL  
These were:

1. Acceptance of the need for an international disarmament organization to act as the enforcement organ of a treaty.

2. The need for control of every stage of agreed disarmament from the beginning to the end of

the process.

3. The continuation of control after the completion of any agreed disarmament measure to prevent secret violations.

4. The need for full participation of all states in a general world-wide disarmament treaty. This would include particularly Red China, which is not represented at this conference.

5. The need to control the actual cuts in men and weapons made in compliance with the treaty.

6. The need for verification carried out by an international staff of inspectors.

Zorin still refused to commit himself to anything but inspection of the actual cuts made under a disarmament treaty.

He has defined inspection of total force levels as a form of espionage.

Moch told him the West could

not enter into a disarmament treaty with a control system lacking the completion of any agreed disarmament measure to prevent secret violations.

## Outlaw Public Meetings

JOHANNESBURG (CP)—The South African government today banned all meetings by persons of any race in three main urban centres until June 30.

Public meetings were outlawed in Johannesburg, Capetown and Durban areas under the order.

The order was the second major move of the day in a government crackdown following clashes between police and Negroes this week.

Teams of police earlier raided offices of the African National Congress and other organizations throughout this race-troubled country.

## With de Gaulle 2 Hours

PARIS (CP)—Nikita Khrushchev called today for a non-aggression pact between the West and the Communist bloc.

Khrushchev told some 45 guests at a luncheon in his honor that Russia fears no one and could strike back at any aggressor. But, he said, Russia does not want the world situation to come to that and a non-aggression pact would help preserve world peace.

Khrushchev addressed the luncheon through an interpreter after conferring for more than two hours with President de Gaulle on the second day of his 12-day visit to France.

The Soviet premier said Russia does not want to force a wedge between France and her Western allies.

France-Soviet co-operation does not call for giving up present regimes or ideologies, he said.

Before the lunch, Khrushchev and de Gaulle discussed a wide range of international problems in a private meeting at the French president's office in the Elysee Palace.

Eight days ago some of the union organizers were pelted with eggs and tomatoes after an interview with a parish priest. They returned to the presbytery and were forced to remain inside several hours until the demonstrators dispersed.

He later appeared at the front door of the house and fired several rifle shots into the air.

The violence was the latest in a series of incidents this month surrounding attempts to organize workers in three regional shirt factories.

Arthur Lapointe, an organizer for the Canadian and Catholic Confederation of Labor, said the union men asked provincial police to break up the crowd, but the request was refused.

The union men left the house in a taxi which was forced to make its way around cars barricading the street.

Helps Her Testify Against Himself  
LOS ANGELES (AP)—Actor Robert Storr helped his wife obtain a divorce on grounds of cruelty Wednesday. Mrs. Storr, an actress known as Sandra Lane, was short of corroborating witnesses, so her husband took the stand to back up her testimony that he sometimes walked out on her at parties. She did not ask for alimony.

One Convict Is Willing To Give Up  
NASHVILLE, Tenn. (AP)—A hardened convict told reporters by telephone from the captured deputy warden's office in the Tennessee state penitentiary today that he was willing to surrender himself and his hostages if his partner would do so. But he said the second convict was refusing.

Robert Rivera, 25, serving 40 years on an armed robbery charge, and Charles Raymond Farra, 25, serving life for robbery, had been holding 16 to 19 hostages at gunpoint since mid-afternoon Wednesday, three of them women.

Rivera told a reporter in a telephone interview that he would surrender if officials would release Farra from prison or if Farra would agree to the surrender. State authorities would make no agreement to release either man.

"We can hold out here a long time," Rivera said. "We won't hurt the women unless we are rushed. We haven't cursed the women. We can wait. We might be awful skinny (before it's over) but we can wait."

'Anti-Ugly' March  
LONDON (Reuters)—Eight hundred angry students marched with 800 balloons two miles from Hyde Park to Trafalgar Square Wednesday to protest a new office building to be erected nearby. The students, from art and architecture colleges, were members of an "anti-ugly" campaign against what they consider badly designed buildings planned for London.

## Bicker Over: Apartheid, Coyne, Hutterites

OTTAWA (CP)—Isolated outbursts of anger and bitterness were heard in the Commons Wednesday. The topics: Apartheid, James E. Coyne and the Alberta Hutterites.

The name of the Mr. Coyne, governor of the Bank of Canada whose resignation was demanded in the House on Tuesday by a government back-bencher cropped up again when Opposition leader Pearson asked the government to reply to criticism of the governor.

When Prime Minister Diefenbaker started to explain why he thought the question was improper, Guy Rouleau (L—Montreal Dollard) shouted from his seat: "Another Duplessis." Bobby McDonald (PC—Hamilton South) retorted: "Why don't you keep your mouth shut."

Finally, Mr. Speaker Roland Michener ruled the question should have been asked during

## Calls P.M. 'Another Duplessis' Over Refusal To Answer Query

Tuesday's debate. At that time Louis Joseph Pigeon (PC—Joliette—L'Assomption—Montcalm) described Mr. Coyne's annual report as a "crude political pamphlet" and said he had lost the confidence of Canadians.

On the Hutterite question, Erhart Regier (CCF—Burnaby-Coquitlam) angrily accused Jack H. Horner (PC—Acadia) of religious discrimination against the sect.

Mr. Horner earlier had urged that the Hutterites be made subject to income tax as farmers without benefit of the exemption now claimed by them on the ground that their farm colonies are operated as charitable communities.

WOULD EXPRESS DISMAY  
Apartheid was the subject of Mr. Pearson's request that Prime Minister Diefenbaker "express the distress and dismay of this

Parliament at the violence in South Africa used in measures taken in connection with colored demonstrations against the racial policies of the South African government."

Mr. Diefenbaker said he may make a statement to the Commons after he receives a requested private report on the situation from Canadian diplomats in South Africa.

When CCF House leader Hazen Argue attempted to enter the exchange by asking the government to consider "a strong diplomatic protest to the government of South Africa on this vicious and disturbing loss of life," he was shouted down by other MPs.

The prime minister said Mr. Argue should show "the sense of restraint and responsibility" which characterized Mr. Pearson's question.

Debate revolved briefly around

the unemployment question. Lionel Chevrier (L—Montreal Laurier) asked whether the government would take "special steps" to deal with the Quebec situation.

CONCERNED WITH QUEBEC  
Mr. Chevrier referred to a government press release earlier in the day stating that unemployment in Canada rose by 51,000 to 555,000 in the month up to Feb. 20, with most of the increase in Quebec. Mr. Chevrier said the report indicated the Quebec rise was permanent.

Labor Minister Starr denied any permanency in the situation. He said Quebec unemployment includes loggers, construction workers, tradesmen and employees in the manufacturing industries. It was a seasonal decline.

The Commons' day ended at 6 p.m. after a debate on railway matters.

Mr. Chevrier, the former Liberal transport minister, said the major railway problem appears insoluble. That problem, he said, is that railway costs are leaving revenues behind.

Mr. Chevrier spoke shortly before the Commons approved a motion to set up a committee to study the accounts of the Canadian National Railways, Trans-Canada Air Lines and Canadian National (West Indies) Steamships.

Pub Crawlers Drive Wives To Smoke  
LONDON (AP)—Husbands who drink in pubs when they ought to be home drive their wives to smoking, said a social service review published Wednesday.

A three-city survey indicated that 49 per cent of the wives of pub-crawlers smoke a lot. Only 32 per cent of the wives of men who don't frequent pubs are smokers.

Past Century's Styles Modelled At Waterloo

WATERLOO—A regular meeting of Beaver Chapter No. 7 O.E.S. was held in the Masonic Temple. Members from Granby, Knowlton, South Roxton, Bromo, South Stukely, Warden and Waterloo were present.

Following routine business, friends were invited to attend a fashion show. Costumes, complete with all accessories, dating back to the Nineteenth Century were modelled by members. The contrasts between a dignified "decent black" of our grandmothers, displayed by Mrs. Bill Hamilton, to a daring model of the "Gay Twenties", shown by Mrs. H. Lowry, was most amusing. One gentleman, Mr. Fred Dalton, modelled formal "tails" and bow tie. At eighty years he is still able to dance as lightly as anyone.

The commentator, Mrs. Lowry, made the show a success with her clever, witty remarks. These costumes belonged to a collection

Waterloo - Warden Institute Holds Annual Meeting

WATERLOO — The Waterloo-Warden W.I. met at the home of Mrs. Paul Jones, with Mrs. L. Maynes, Mrs. C. Bowker, Mrs. J. Marcotte and Mrs. H. McGovern as co-hostesses.

Mrs. Mary Seward was in the chair. Mrs. D. Martin gave the treasurer's report. Miss Alice Ashton read the minutes and also gave a report of the board meeting.

The parcel for C.A.R.E., donated by Mrs. C. Mairs, was won by Miss Carol Jones. The quilt was on display and tickets were handed out to be sold. A session of speaking French was held.

A highlight of the meeting was having a W.I. member from England, Mrs. Merrit as a visitor.

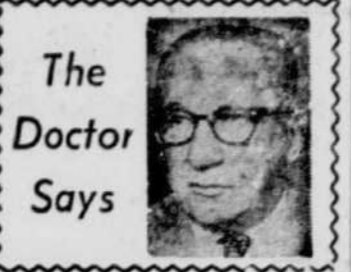

Annual reports were given by the treasurer, secretary, citizenship, publicity, home economics, and card convener.

Mrs. George Tetreault presented the following slate of officers, all being elected by acclamation: president, Mrs. L. Maynes; 1st vice-president, Mrs. A. Bazinet; 2nd vice-president, Mrs. A. Trussler; secretary, Miss Alice Ashton; treasurer, Mrs. D. Martin.

Conveners are: Agriculture, Mrs. H. Jones; citizenship, Mrs. C. Mairs; publicity, Mrs. A. Bazinet; welfare and health, Mrs. J. Marcotte.

Mrs. Wallace occupied the chair for the election. The next meeting will be held April 8 at the home of Mrs. L. Maynes. The program will be in charge of the publicity convener, Mrs. A. Bazinet, and there will be a sale of home cooking.

The Doctor Says

HERE IS BALD TRUTH ABOUT POPULAR FOOD FALLACIES By Harold Thomas Hyman, M.D. Written For Newspaper Enterprise Assn.

Like superstitions, most false ideas about food are handed down from generation to generation. Usually the fallacy is innocently transmitted by word of mouth from an elder person to an unquestioning youngster.

Occasionally it is started and maintained by a well-meaning food faddist who genuinely believes in the truth of his claims but whose uncritical enthusiasm and lack of basic knowledge prevent an unbiased judgment of available facts.

And finally, at times, false statements and claims are made by food quacks for commercial exploitation of a special product in which they have a financial interest.

Here is an incomplete list of some of the more popular fallacies you're apt to run into in your daily life. Following each is a brief comment or statement of the facts, as known to reputable dietitians and other students of body chemistry.

— Fallacy — Citrus foods cause "acid conditions" in the body. Fact — Citrus foods burn with an alkaline ash.

— Fallacy — Acid foods cause rheumatic diseases. Fact — Rheumatic diseases, other than gout, are unrelated to diet.

— Fallacy — Eating starches and proteins at the same meal aggravates rheumatic conditions. Fact — The body is fully equipped to carry out all types of digestion at one and the same time.

— Fallacy — Drinking water at meals causes obesity. Fact — The caloric value of foods is unchanged by addition of fluid.

— Fallacy — Red meat produces an elevation of blood pressure. Fact — Nonsense.

— Fallacy — Fish is a brain food. Fact — Nonsense.

— Fallacy — Carrots cause the hair to curl. Fact — Nonsense.

— Fallacy — Onions and garlic purify the blood. Fact — Nonsense.

— Fallacy — Oysters, celery, celery tonic and wheat germ oil promote fertility. Fact — Nonsense.

— Fallacy — Excessive indulgence in ice cream sodas may result in a lime incrustation of the lining of the intestines. Fact — Nonsense.

— Fallacy — Drinking water after eating a banana may cause fatal indigestion. Fact — Nonsense.

— Fallacy — Raw eggs are more nutritious than cooked eggs. Fact — The best way to eat and digest eggs is to hard-boil them and grate them.

— Fallacy — Raw milk contains elements that are destroyed by pasteurization. Fact — Nonsense, unless the reference is to bacteria, like the tubercle bacillus and the organism that causes Bang's disease in cattle and undulant fever (brucellosis) in humans.

— Fallacy — Soured milks contain nutritive elements that are missing in sweet milk. Fact — Souring adds nothing but unpleasant smell and flavor.

— Fallacy — Milk is digested best when it's sipped. Fact — Gulping down milk produces the finest curd.

— Fallacy — Beef blood or juice

Ladies Guild Meeting Held At Maple Grove

MAPLE GROVE — The Ladies Guild met recently in the Parish Hall, when a good part of the afternoon was spent quilting.

The new president, Mrs. Dufferin Annesley, was in the chair.

Members hope to have the church cushions recovered for Easter Day. After discussion, it was decided to shelve the greeting card project for the present. Appreciation for her efficient handling of this matter was extended Mrs. W. E. Bennett.

The out-going secretary, treasurer, Mrs. Albert Nugent, was thanked by Rev. S. Meade for her many years of efficient service in that capacity.

Lenten bags were distributed to be returned at the May meeting.

Two dozen much needed Books of Common Prayer are to be purchased by the Guild, Mr. Meade offering to order them.

Mrs. Dufferin Annesley and Mrs. Jasper Dinning served refreshments.

GENERAL NOTES

Mrs. Otis Bennett, of Lennoxville, was a weekend guest of her sister, Mrs. Faulconer Gill. Other guests were Messrs. Jeffrey and Laurence Bennett and children, Leslie and Debra, of Thetford Mines.

Recent guests of the Dufferin Annesleys were the George Laurence family of Thetford Mines, Mr. and Mrs. Gordon Learmonth and son, Everett, of Milfield, Miss Mildred Learmonth of Thetford and Miss Helen Learmonth of Lennoxville.

Mr. and Mrs. Stanley Roffe and Mr. and Mrs. C. J. Wright of Thetford Mines, were guests of the Bill Dinnings.

Mr. and Mrs. Norman Tibbitts, of Cowansville, were recent guests at the Dezan and the Bill Dinning homes. Other visitors were Mr. and Mrs. Lorne Murphy and Janice, of Drummondville.

The Misses Bonniel Anderson and Mary Dinning visited Mrs. Lorne Anderson in Sherbrooke.

Mr. Jasper Dinning spent a day in Montreal recently.

Friends of Mr. Gerald Bennett are pleased to learn he is progressing favorably after having been a patient in the Hotel Dieu Hospital, Sherbrooke.

St. Paul's W. A. Meeting Held At Bury Home

BURY — The March meeting of the W.A. of St. Paul's Church was held at the home of Mrs. E. B. Coates, with the president, Mrs. E. Fisher, in the chair.

Donations and dues received during the month augmented the funds considerably. Tentative plans were discussed for a food sale to be held on Saturday, March 26.

Refreshments were served, including a cake, made and decorated by Mrs. Coates in honor of the birthday of Mrs. Brown, which was the day before.

The next meeting will be held at the home of Mrs. E. Fisher, on April 7 — a week in advance of the usual date in order to avoid holding it in Holy Week.

GENERAL NOTES

A service of Holy Communion was held in St. Paul's Church, with a large congregation present. Services were conducted by Rev. Mr. Mitchell of Bishop's University.

BISHOPTON

The card party sponsored by Maxwell Rebekah Lodge was quite well attended. Prize winners were Mrs. Carl Leonard, Mrs. Ernest Bennett, Mrs. E. Webb, Mr. Horace Ainsworth, Mr. Alex Lancaster and MR. A. P. Joyce.

Mr. and Mrs. Leslie Shore, of Kenogami, and Mrs. Clarke Powers, of Brigham, were called here by the sudden death of Mrs. Shore's and Mrs. Power's father, Mr. Benton Gilbert.

Others from out of town who were here to attend the funeral were Mr. Darrell Bloomfield, Mrs. Charles Gilbert, Mrs. Ivy Kendall, Mrs. Gordon Wilkin, Mr. and Mrs. Ernest Jenkinson, of Sherbrooke, and Mrs. Arthur Shepherd, of River Bend.

Mr. and Mrs. Irving Willard were recent weekend guests of Mr. and Mrs. Herman Parsons at Alexandria, Ont.

Mrs. Edith Learmonth, of East Angus, spent a few days with Mr. and Mrs. Irving Willard.

Romeo Lachance Heads Megantic County Council

INVERNESS — A meeting of the Megantic County Council was held in the Court House with 27 mayors present under the presidency of Joseph Roux, Mayor of Coleraine, Rene Cheries, deputy registrar, was secretary.

In retiring after his regular term of office, Mr. Roux nominated Romeo Lachance, Mayor of Sacre — Coeur de Marie, as his successor as warden of the county, a choice which met with the unanimous approval of the Council.

Delegates from the Megantic Agricultural Society, Div. A, and the Megantic Horticultural Society were present to request grants to carry on their work and were given a cordial reception — requests from the two Societies being granted in full.

A meeting of the directors of the Megantic Agricultural Society Div. A., was held with a large attendance present. The president, J. Edgar Nugent, and the vice-president, George Pelletier, were in their respective chairs.

The board was pleased to welcome the newly elected director, Urban Beattie, of Lemesurier, who will represent the Municipality of the Township of East Leeds.

Considerable business in connection with the 1960 Fair was disposed of in a satisfactory manner.

A note of interest was handed in by Urban Beattie who had accidentally found a page of a Sherbrooke Gazette of some date not legible in September, 1885, in which the following news item appeared: "The annual exhibition of the Megantic Agricultural Society, No. 1 will be held on the farm of Mr. James McCammon, centre of Inverness, on Tuesday, the 29th of September."

With only incomplete records of the Megantic Agricultural Society, Div. A., available it can be easily established that the Society was in operation in 1848 the centennial of which was celebrated in 1948, leaving this Society 112 years of service.

and chicken broth are highly nutritious. Fact—Neither yields as much nutriment as a half slice of bread.  
— Fallacy — Natural foods, like nuts and raw fruits, are superior to cooked foods. Fact—Nonsense. The tough fiber of coarse foods requires softening by cooking.  
— Fallacy — Fresh foods are better than frozen or canned foods. Fact — Fresh foods are never "fresh" by the time they get to anyone other than the person who picked them. Only quick freezing and canning insure the "freshness" of foods.  
— Fallacy — Milk is the "perfect food" and can be used as the exclusive diet in infancy and early childhood. Fact — Milk is deficient in iron, and a so-called "botle anemia" develops in children who've not been given iron-containing foods in their diet.

Romeo Blais, Still Weak

Mrs. Blais Talks Quietly  
(Record Photos by Gerry Lemay)

# Double Shooting Sequel Attempted Murder Charge Is Laid Against Neighbor

A charge of attempted murder was laid against Edouard Garneau, 44, 364 St. Francis Blvd. South, yesterday in connection with the shotgun wounding early yesterday morning of Mr. and Mrs. Romeo Blais of the same address.

Garneau is the father of nine children.

He was charged specifically with the attempted murder of Mrs. Blais. He is scheduled to appear in local court tomorrow.

Both victims are resting comfortably in Hotel Dieu hospital, where their condition today was reported as satisfactory.

Mr. Blais, reported yesterday more seriously injured than his wife, is still receiving intravenous solutions early today. Mrs. Blais, apparently recovering well, is no longer receiving intravenous treatment.

Both suffered deep wounds as a result of short-range, shotgun blasts from a 20-gauge weapon. Mr. Blais in the upper arm and shoulder and Mrs. Blais in the abdomen. Both underwent surgery yesterday.

Mrs. Blais, asked if she could offer any explanation for the attack, stated that about a year ago, her husband had a violent argument with their attacker and had been threatened with a beating.

Mr. Blais could offer no explanation.

"The first thing I heard" he said, "was the sound of the girl's

edge, directly across the road from the scene of the shooting.

Marie-Jeanne Blais told reporters that she and the Pepin girl had been lying asleep on the chesterfield when a man broke the door down and threatened them. She screamed and her father ran in and was shot down. Mrs. Blais followed him in and was also shot.

Immediately after the shooting, At that moment, Mr. Pepin came in and found the wounded couple. Moments later, policemen dragged Garneau, suffering from exposure, from the river not far from the house. He was taken to the St. Vincent de Paul Hospital for treatment.

Later police found bare footprints in the snow at the water's

## Postpone Fraud Trial

The trial of Ewan Ferguson, of Asbestos, charged with at least 10 frauds, was postponed until Monday, March 28, after he appeared before Justice of the Peace, Jean-Marie Gregoire yesterday.

Ferguson was arrested in Vancouver over the weekend after a search by RCMP and provincial police officials that started January 26.

At the time of his disappearance, Ferguson was living in Asbestos with his wife and two children.

According to Jean-Marie Gregoire, Ferguson is wanted for some 30 offences in Ontario and the United States in addition to 10 breaches of the law in Quebec.

Charges against him in Quebec concern alleged frauds amounting to at least \$20,000, including an Asbestos furniture store which had sold him \$4,000 worth of furniture when he arrived in Canada during early October 1959.

## New Post At City Hall?

An assistant city treasurer is expected to be appointed within the next month at city hall.

Should this appointment materialize, it would boost to four the number of new City Hall officials appointed since the beginning of the year.

New posts are: director of personnel held by Norman Simoneau; chief accountant, Nova Corrivue and Robert Belisle, secretary of the permanent industrial relations commission.

## Four New Members For Y's Men's Club

Four new members were inducted into the Sherbrooke Y's Men's Club last night at the meeting held in the Magog Hotel; Wally Rouston, Arnold Bell, Ron Dick and Wayne Redway. President Curtis Bishop, Gordon Whalley, Cliff Lamb and Vern Wilkin participated in the induction ceremonies.

The president announced that plans are going ahead for the club's 18th annual track meet, taking place May 21. Notices of the meet and events have already been sent out to over 30 schools, he said, and the mailing of entry forms to all schools participating will be completed within the next week.

Officials named for the meet were Chief Marshal Walter Mutchler; Chief Starter, Jack Martin; Field Marshal, Gordon 'Beef' Ross; and Track Marshal, Jim Fearnley.

Camp Chairman Cliff Lamb gave a report on plans for this year's summer camp at Shore Acres. The committee expects to add several new attractions to the camp this year and a greater attendance is anticipated. Mrs. E. Rundle will again be camp cook.

Next week's meeting will include the election of new officers. Seated at the head table with President Bishop were: Wayne Redway, Ron Dick, Gordon Whalley and Vern Wilkin.

## Kept Stolen Car A Month Judge Raps Lack Of Gratitude; Puts Off Sentence Of 2 Youths

Some of today's young people have no gratitude whatever for their parents, Judge Redmond Hayes told two Sherbrooke youths charged with several thefts and breaches of the traffic code, when they appeared in District Court yesterday.

But Judge Hayes postponed sentence on Marcel Charland and Gilles Robert until June 27 to give the young men a chance to prove they are not criminals.

The two pleaded guilty to stealing a 1956 model automobile from the Tilden Rent-A-Car in Montreal Feb. 14; a charge of being in possession of a stolen vehicle since Feb. 14; stealing license plates, stealing two red lights from another car; criminal negligent driving, and driving an automobile without a permit.

"Many young people today don't seem to worry about their parents until they pull off some stupid stunt," Judge Hayes said.

"I am not ready to say that you are criminals, but you seem to think with your feet instead of your heads," he said.

"You have a lack of consideration for your parents. I sympathize with your parents for the trouble you cause them. It is not their fault that you did this. They tried to bring you up properly," he added.

"I will postpone your sentence for three months. If, during that time, you act properly, I may give you a break because you are young and have no criminal records," Judge Hayes concluded.

## Guilty Of 19 Counts, Gets 2 Years In Pen

Pleading guilty to 19 charges of theft netted a Sherbrooke man a two year penitentiary term yesterday morning in District Court.

Robert Lionel Campagnat, 20, of Sherbrooke pleaded guilty to the charges before Judge Edouard Boisvert.

The charges are:  
Feb. 27, stole from Jean Denaault, of Sherbrooke \$35 worth of merchandise.  
Stole \$50 worth of merchandise from Jacqueline Fortin; \$40 of merchandise from Mrs. J. S. Couture; \$30 worth of merchandise from Aldy Gagne; \$100 worth of merchandise from Paul Vezina; attempted theft from Dr. L. P. Demers' house; attempted robbery from the Eugene Menard home.

Campagnat pleaded guilty to three thefts from automobiles amounting to \$61.

Campagnat also pleaded guilty to stealing \$300 worth of merchandise from the Aubaines Breton Ltd.; \$450 cash from a Sherbrooke youth organization; \$50 cash from the Immaculate Conception Church and finally \$430 worth of merchandise from the Canadian Tire Corporation.

A call will be made Saturday to young people in the Adventist churches of the Townships for delegates to attend their North American Youth Congress at Atlantic City, N. J., June 21-25. Following this will be a special call for consecration to Adventist youth ideals.

The call will round out a special youth service which concludes the younger people's annual "Week of Prayer," Saturday.

Coinciding with this service will be the special quarterly offering for the advance of missions, to help finance an Adventist project, the Adventist College of West Nigeria.

## Over An Hour Deliberation Third Smuggled Cigarets Trial Ends In Chouinard Acquittal

After one and a half hours deliberation, a Court of Queen's Bench jury yesterday returned a verdict of not guilty in the trial of Sylva Chouinard, of Arona Street, Sherbrooke charged with possession of 125,000 smuggled American cigarettes.

This was the third trial for Chouinard. Last year the trial was re-scheduled because of a hung jury. Last January defence attorney Paul-Emile Brazeau had the jury dismissed on a technicality.

The ending of this trial brought to a close the 1960 session of the St. Francis District Criminal Assizes.

In addressing his plea to the jury, Mr. Brazeau told them that his client should be acquitted because the Crown could not prove that Chouinard knew that there were cigarettes in the back trunk of his automobile on May 24, 1958.

In his charge to the jury, Mr. Justice William Mitchell told them that to be convicted of possession, one must have control of the objects in question and know they are in one's possession. Justice Mitchell gave the jury a one hour deliberation period, but they returned following the hour stating that they could not reach a unanimous verdict and would require more time.

At the trial, Guy Dupont, provincial police detective told the court that the had arrested Chouinard May 24, 1958. He testified that he thought the back of Chouinard's automobile carried something heavy because it was lower than should be but he did not look into the trunk of the automobile to see if anything was there.

George Dionne, Sherbrooke customs collector told the jury that taxes on the cigarettes should have been \$1,513.75, more than the cost of the cigarettes.

## Annual Clean-Out City Chimney Sweeps To Begin On Monday

Chimney sweeping in the city of Sherbrooke will begin next Monday, March 28, it was announced yesterday afternoon by Fire Inspector L. P. Harton, of the Sherbrooke municipal fire department.

The sweeping will be undertaken by Mr. T. Carbonneau, 890 St. Charles Street and will begin on Wellington Street, North and South.

Inspector Harton drew attention to the following articles in the city by-law governing chimney sweeping:

Every chimney connected to a stove, fireplace, wood or coal-heated oven or to any other heating apparatus, shall be cleaned once a year, or oftener if found necessary by the director of the fire department.

The fire department shall inspect the work and issue a certificate (if the proprietors have done their own chimney sweeping) if the work is found satisfactory.

Owners and licensed plumbers excepted, no person shall do chimney-sweeping without first having obtained a permit from the city upon recommendation of the director of the fire department.

The regulations further describe the payments to the chimney sweep: \$1.25 per single chimney; in the case of factories, churches or other such establishments where the chimney is 50 feet and over from the ground or 20 feet above the roof, the rate is to be \$5.00 per chimney.

Anybody interfering with the work of the chimney sweeps or refusing to cooperate with the provisions of the by-laws is subject to a possible fine of not more than \$20 or two months in jail.

## Sher-Lenn To Sing 'Messiah'

The Sher-Lenn Choral Society will sing Handel's well-known oratorio, "The Messiah", on Good Friday, April 15 at 8 p.m. in Trinity United Church.

Sherbrooke audiences have always looked forward to the Sher-Lenn's annual presentation of The Messiah during Holy Week, and this year the complete work will be performed by the group for the first time in five years.

This year's performance marks the first occasion when all the solo parts will be taken by local residents and they are as follows: Mrs. Margaret-Ann Fuller, soprano; Mrs. Truth Nugent, contralto; Jean-Paul Fortier, tenor; and Fred Sangster, bass.

Tickets are on sale at H. C. Wilson's in Sherbrooke and at Clark's Drug Store in Lennoxville and are also available from any member of the Sher-Lenn.

In addition to the above performance, there will be a special performance at the High School in Ayer's Cliff on Monday evening, April 4, in aid of the Hatley-Massawippi Ladies' Auxiliary of the Boy Scout's Association.

## 1959 Report Fish, Game Charges Net \$12,000 Fines

A total of 606 charges brought by the Department of Fish and Game resulted in \$12,000 in fines last year, it was reported yesterday by Clement Bouchard, Sherbrooke district supervisor of the department.

Apart from the complaints by the department, 215 for hunting misdemeanors, and 391 for fishing.

Most of these cases, both for fishing and hunting, resulted from lack of permits, 170 and 69 respectively. Other frequent offenses were: hunting with a light, 60; hunting in unlawful areas and out of season, 28; improper use of firearms, illegal possession etc., 23; fishing with nets, arrows and spears etc., 86; fishing in prohibited areas and out of season, 79; number of trout exceeding the legal limit, 15; minnow fishing in prohibited waters, 12, and fishing with explosives, nine.

Of these cases, 48 were sent to Quebec for ruling and the remaining 558 were handled by the Sherbrooke office.

## Japanese Trade

The problems inherent in trade with Japan are part of the bitter fruits of victory.

The United States, having won its war with Japan in 1945, set itself the commendable and necessary task of aiding Japanese recovery. And to accomplish this it undertook to absorb increasing amounts of trade goods from that country.

Canada, as a conscientious nation in the post-war world also undertook to aid in this Japanese economic recovery.

However, trade with Japan and with Hong Kong has now reached a stage where its volume is endangering domestic industry in both countries. True, trade has not been one way. Credits gained by Japan through this trade have, in Canada's case, gone toward purchase of Canadian exports, principally wheat and iron ore. And this trade is vital to Canada.

But these benefits must be examined in light of the unfavorable impact Japanese import trade is having on other areas of our economy. In this district the textile industry is of particular concern. But light manufactures in general, particularly in the electronics, toy, and optical fields have also suffered. Japanese goods, because of substantially lower production costs prevailing in Japan, can be priced so low as to not even be competitive with Canadian and U.S. manufactured goods.

Something, then, must be done which will give a measure of protection to our own industries and at the same time allow Japan to effect its economic recovery.

Two suggestions along this line were advanced independently this week, one

in the United States and the other in Canada. Both took the same approach, appealing for a degree of protection for North American markets but with an alternate market for Japanese goods.

Congressman Frank M. Coffin of Maine, speaking at a Canada-U.S. business conference in Boston, urged cooperation between our two countries in persuading European nations to assume their share of responsibility for Japanese recovery.

W. H. Evans, president of the Canadian Manufacturers Association, speaking to the Toronto Board of Trade the same day, made virtually the same suggestion.

Japan, said Mr. Evans, has concentrated her export efforts in the North American market and has succeeded in this to the point where several Canadian industries are having a tough time to stay alive.

The solution, he said, lies with the counties of Western Europe and chiefly with our Nato partners. With their living standards on the increase, because of increased industrialization, there is no longer any excuse for their not taking a fair percentage of Japanese exports, said Mr. Evans.

The approach of both of these men is both moderate and intelligent.

Canada and the United States should seek out opportunities to tie concessions in Japanese trade to any agreements they make with European trading groups in the near future.

Surely both of our countries carry enough trading weight to compel Europeans to carry their fair share of this load.

## The English Channel

In the past the English Channel has provided Britain with an invaluable first line of defense and a first rate challenge for distance swimmers from home and abroad.

As well, it must be acknowledged that the Channel has scenic charm.

But by and large it has proved a nuisance and a hindrance as far as traffic with continental Europe is concerned.

How to overcome this problem has interested the English for years and recently an organization called the Channel Tunnel Company set out to do something about it. The company appointed a study group to draw up a specific plan of action.

Their report, due this spring, calls for a railways tunnel which could cost be-

tween 150 and 200 million pounds. Flat cars would be used to carry 400 cars an hour along a 36-mile route. Apparently a bridge, although cheaper to build — a mere 80 to 100 million pounds — is considered impracticable.

The report is being rushed so that both French and British Governments will have opportunity to study it before President de Gaulle's spring visit to London.

Is this another example of the audacity of 20th century engineering? — Far from it. Both ends of the tunnel already exist as experimental narrow gauge bores undertaken late in the 19th century and then abandoned through lack of popular interest and capital and through the intervention of two wars.

## It Just Wasn't Cricket

The ancient and honorable game of cricket has been resumed in Cairo for the first time since the Suez War according to an Associated Press dispatch.

An unusual aspect of this revival was the attempt of Egyptians to render traditional cricket lingo into Arabic.

Most cricketers will be appalled to hear this.

But they will be appalled even more to

learn that one cricket term was considered offensive enough in translation to put an end to the whole business.

'How was he?' became 'Kaifa kan?'

— Not too bad.

'Silly mid on' was untranslatable and avoided.

However 'fine leg' in Arabic was considered downright obscene and the linguists gave up.

## Letter To Editor

Dear Sir:  
Thank you very much for the editorial "Book Fair" which appeared in the paper, of March 17.

I hope this idea of selling and donating children's books will spread to our city's schools. This is a chance that I believe, most parents will welcome. It's a grand opportunity for their youngsters and teens to read the books they like to read. The chance to enjoy the nicely written stories they possibly have been yearning to read and a whopping opportunity to learn the wonderful things about life, that I know, they will.

The stamps are never issued to plug a commercial enterprise and no American may be honored on a commemorative until at least 25 years after his death.

New South Wales issued the first stamp designated a commemorative in 1886 for its centenary year. Other countries adopted the idea and the United States issued its first special stamps in this field in 1883, in honor of the Chicago World Fair.

Since that year, some 400 American commemoratives have made their appearance.

PROGRESSIVE PLANNING MADE KITEMAT

## Something Of A Modern Wonder

# Modern City Survived Bubble Burst

**KITIMAT, B.C. (CP)**—In Kitimat, the former Indian village that has progressed through infancy and boisterous adolescence to maturity as a modern city in less than 10 years, they say: "Tell Elliot Lake to keep its chin up."

The future of Elliot Lake, Ont., the uranium boom town threatened with the unhappy distinction of becoming the first atomic-age ghost town because of falling demand for its product, is of interest here because Kitimat faced similar prospects two years ago.

Kitimat's bubble burst at the end of 1957 when a decreasing demand for aluminum forced the Aluminum Company of Canada to cancel plans for continued expansion of its smelter. The decision meant the layoff of nearly 2,000 construction workers, a depression in local business and a general atmosphere of pessimism.

Some people packed up and left. The majority who stayed and weathered the storm now survey their town with pride and look to the future with enthusiasm.

Kitimat is something of a modern wonder. It is the first completely new, completely modern planned city to be built in North America in the 20th century. Those who had built homes and settled down were determined not to give it up.

"The easiest thing for us would have been to leave and go where there was work," said a construction worker's wife. "But we liked it here. There are things we might like to have improved, but we'd rather stay here and try to improve them than move out and look for a pie in the sky."

Says Russ Hoover, smelter worker and local president of the United Steelworkers of America: "I once mentioned leaving. My five kids said 'No, Sir!'"

Kitimat's youth is probably one of the main reasons for its survival. Of the population of nearly 9,000—down more than 3,000 since 1957—about 97 per cent are under 50 years of age. Half are 20 to 40.

Those who stayed after the 1957 layoffs decided that the Lord helps those who help themselves and set to work. In the field of town planning, the lean years saw possibly more progress than the fat years.

A month after the layoffs in October, 1957, voters overwhelmingly approved a \$2,280,000 hospital bylaw, the municipality's share in construction of a \$3,850,000 general hospital. It was to open at the end of March.

Streets were paved; a modern library was built. Municipal services were installed in a cleared

neighborhood waiting for future homes. A modern shopping and business centre sprang up in the downtown area.

Attorney-General Robert Bonner, visiting the town in August, 1959, commented: "Kitimat stands as an outstanding example of literally mind over matter."

Kitimat residents now occupy more than 1,000 privately-owned homes on spacious, landscaped

lots. Most were built with NHA loans and a second mortgage from Alcan which provides for repurchase of the home by the company if the employee leaves before the mortgage is paid off. Nearly 700 homes and apartments are rented.

Twenty per cent of the population attend three elementary schools, a high school and a sep-

arate school. There are nine churches and nearly 200 active organizations and clubs cover interests to suit almost every taste.

Kitimat's working force draws a monthly payroll of about \$1,400,000, of which \$1,125,000 is supplied by Alcan. The Alcan figure is less than it paid before the layoffs but its workers now average \$2.60 an hour. Two-thirds of the population depend on the smelter for a living the remainder on 200 private businesses which now fill all available store and office space.

The number of people now seeking work stands at 240, compared with a peak of 900 two years ago. The future looks bright.

"It's going to be a good year," says Ted Musgrove, manager of the National Employment Service. "Not like the boom of 1955 and 1956, but we have passed a rough spot and entered a stage of steady improvement."

"People are coming in now with the idea of making a home instead of making a fast buck and taking it out."

In store for the area in 1960 are a \$1,400,000 B.C. Power Commission transmission line to carry Alcan power to Terrace, 42 miles away; construction of a \$500,000 federal building; \$200,000 in municipal expenditure and private business expansion plans.

Best news of all was Alcan's announcement that it expected the smelter to reach full rated capacity of 186,000 tons of aluminum a year by early April and that it is investing \$1,630,000 in new equipment.

The picture isn't all rosy. Food, transportation, rents and other living costs are still high. There are complaints, too, that the unemployment statistics are unrealistic because those who lose their jobs leave town to look for work elsewhere. But the general feeling is one of optimism.

"The average family feels more secure," says Monty Alton, United Steelworkers staff representative. "They don't expect Kitimat to be any Utopia and they now realize they'll have to put by a little nest egg for a rainy day. Those who have stayed are happy to be in Kitimat."

So keep your chin up, Elliot Lake.

## JACOBY On Bridge NEVER FINESSE INTO DANGER

South put the ace of spades on East's queen and led the jack of diamonds and let it ride. East produced the king and returned the five of spades.

Now South went into a long huddle as to whether to play the jack or the nine. It did not matter. West held both the king and ten as well as two more spades so South was down one trick. "Finesses never work for me," moaned South. "With good luck I might have made a slam."

South was correct on both counts but luck had nothing to do with his failure to make the no-trump game.

If South had held ace and two small spades instead of ace-jack-nine he would almost surely have ducked two spade leads. Then after winning the third spade he would have taken the diamond finesse. East would have been in with the king and no spade to return so South would make the rest of the tricks.

The duck play was just as proper with South's actual spade holding. He had to take the diamond finesse into the dangerous hand and he should have protected himself against the chance that it would lose and that West would hold both king and ten of spades.

## matter of FACT

Yankee Strip, a trail across Panama, was the notorious route from the ship moorings of the Atlantic to the ports of the Pacific. California gold seekers used this overland route instead of sailing around the Horn. Bandits became so common along the strip that businessmen got together and hired a Texas gunslinger to clean the desperadoes up. In two days the gunman and his deputies had hanged over 70 highwaymen. In only a few weeks the strip was a safe trail to travel.

## Bygone Days

### THIRTY YEARS AGO

Although the London naval limitation conference is running into trouble, the main delegates are still hopeful some agreement may be concluded.

Taking part in a program presented at Richmond were: W. Gee, S. Fee, B. Hall, Mrs. Chamberlin, Miss A. Hughes, Miss Edna Beers, Arnold Dumant, Mrs. Dyson, Mrs. P. Taylor and Mrs. Charles Boast.

### TWENTY YEARS AGO

March 24 fell on a Sunday.

### TEN YEARS AGO

A parade of 15,000 workers chanting "death to Leopold" erupted in violence in downtown Brussels today. Street cars were stoned, one was set on fire and a motorist was severely beaten.

Hon. Brooke Claxton, Canada's minister of national defence, will address the closing banquet of the annual convention of Quebec Command, Canadian Legion, in Sherbrooke April 19.

## Press Comment

### WHAT DO WAGE RATES MEAN IF THERE ARE NO JOBS?

(Financial Times)  
Pointing out that, although the idea may sound strange to the younger generation today, wages can go down INDUSTRY, organ of The Canadian Manufacturers' Association, points out in its current issue that, while wages have moved steadily upward for more than twenty years now almost without interruption, we cannot be certain that this trend will continue for another twenty years.

The determining factor in whether wages rise or fall, the CMA organ emphasizes, is not membership of a union, political party or anything else. It is the continuing ability of a company — and, for that matter, a whole industry — to find a market for its products in face of competition from other companies and industries.

With the foregoing in mind, it might be well for trade union leaders to pay heed to recent developments in more than a few Canadian manufacturing industries which have not only been losing almost entirely whatever export markets they might have had but, at the same time, have been losing out on the domestic market to imported goods from countries with lower cost production.

Higher wage rates on jobs which do not exist put nothing in the pockets or the bank-books of the workers.

All most confusing. What have the conservatives to fear? Or are they simply concerned with shortening the talkfest? With their huge majority they are completely and easily in control at all times.

And even if the confusion in defense thinking and spending were stressed what matter? All countries outside of Russia are similarly confused.

## ALWAYS IN CONTROL

The Liberals and CCFers howled at this strange and really quite futile proposal — and voted against the resolution.

With their huge majority they are completely and easily in control at all times.

consent of the local board the earlier decision would stand.

"Upon consent, Dr. E. S. Giles, in cooperation with members of the Protestant Committee, the directives read as follows:

"1) Grade 11 pupils educated at Sherbrooke High School during 1960-61 will have tuition fees of \$80 yearly. Conveyance details will be worked out later."

"2) Compton and Waterville schools will teach up to and including Grade 10 next year."

"3) One high school teacher will be dropped from the Waterville High School staff."

"Examination by the local board of courses of study offered at Sherbrooke shows only 30 per cent of Waterville students involved in this move will be able to write Junior Matriculation examinations due to differences in subjects taught at the two schools."

"In addition, extra travelling time would be necessary for all pupils—regardless of age, who travel to Waterville by school bus—in some cases children require two and one half hours travelling time from home."

"Because of high feelings of rate-payers and parents and because of the termination of last night's meeting ending in the mass resignation of the local school board, it shows clearly the determination to combat what many feel to be an unduly autocratic and high-handed attitude on the part of the department of education and its officers."

East Angus School Holds Open House

EAST ANGUS — Open House was held at the Elementary School on Wednesday evening of Education Week approximately, 40 parents attending.

The pupils of Grade 6 took part in a public speaking contest. The judges were Mrs. J. P. Lunderville and Mr. W. Clifford. Prizes were presented by Mr. Clifford to the winners, Malcolm Learned and Lynn Gagnon.

Rev. Mr. Stirling introduced Mr. Prasad, who spoke on his missionary work in India.

Later the parents visited the classrooms, where the pupils' work was on display and where they had an opportunity to meet with the teachers and discuss problems of mutual interest.

At the close of the evening refreshments were served by the teachers.

On Tuesday afternoon Grades 5 and 6 toured the St. Lawrence Corporation mill.

\$225 Million In Five Years

Shawinigan Planning Expansion Program

MONTREAL (CP) — J. A. Fuller, president of Shawinigan Water and Power Co., said at the annual meeting Wednesday the company expects to spend \$225,000,000 during the next five years.

He said Shawinigan hopes to start construction of new power producing facilities next year and at that time additional funds will have to be raised from investors.

Capital expenditures this year are expected to be slightly higher than the \$17,451,000 spent in 1959.

He said among the projects undertaken by the Shawinigan Engineering Co. Ltd., a subsidiary, was the survey and engineering design work for Hamilton Falls Power Co. of a hydro development at Twin Falls on the Unknown River in Labrador.

Initial capacity will be 120,000 horsepower which can be expanded to 300,000. Construction is scheduled to start this summer.

Dug Own Grave

MASSILLON, Ohio (AP)—Alva Lee Arnold, who dug his own grave two years ago, died at his home here Wednesday, apparently as the result of a heart attack. He was 80. The retired house painter dug the grave in the local cemetery in preparation for his eventual death. He will be buried in it Saturday.

Lady Curlers At Border Club Awarded Prizes, Trophies

Trophies were presented and prizes given out Monday evening at the Border Curling Club when the ladies dressed in costume for their last games of the season.

The Jenkins Memorial Trophy awarded for evening curling to the team winning the most games of the season was won by Dora Watson, Louise Bushnell, Olive Wells and Mary Bronson.

Two teams tied for the most wins in afternoon curling. In the playoff game, which was very close, Dora Watson's team won and were presented with the Molson Trophy. Members of the team were Dora Watson, Edna Emslie, Joan MacDonald and Muriel Lapierre.

Prizes were given for costumes and presented by the vice-president of the Ladies' Club, Mildred Carruthers. Bella Dumoulin won the prize for the best costume, dressed as an authentic Scotsman and Muriel Lapierre, the fierce-looking Mexican, was awarded the prize for the 'nuttiest' costume. Betty Cass's hat creation from Paris, a French omelette, complete with egg beater and dangling egg shells, won a prize.

Two special prizes were presented to Lib Miller and Reta Brydon, each given a china pig because they "hogged" the most stones of the evening.

Margie Lithway served punch and cookies, bringing a very enjoyable evening to a close.

Master Robert Bennett spent a weekend in Lennoxville with his mother, Mrs. Grady Bennett and grandmother, Mrs. A. Sykes.

Miss Deanna Harrison and Miss Violet Reitzma were in Montreal during the weekend.

CAN UO JUDGMENT

The archbishop says there are other methods besides those of the Church of Rome allows "and Christians have every right to consider them and decide how far in their judgment it is legitimate and seemly to employ them."

"... Since men have the right and duty before God to use their skill and science to control nature for proper ends, the questions which Christians have to consider about these other methods is whether they can be used with due reverence and without being injurious to health."

The archbishop says churches should seek to give advice on these questions, but should leave decisions to the conscientious judgment of Christian married people.

Probes Arctic Mystery

MONTREAL (CP)—Norwegian explorer Helge Ingstad Wednesday asked the Arctic Institute of North America, which supports field expeditions in the north, for a small airplane to help him solve what happened to thousands of colonists who inhabited the west coast of Greenland from 1,000 to 1,500 A.D.

The 63-year-old archeologist and writer said the disappearance of the colonists is "one of the world's greatest mysteries."

He said he would like to use an airplane for one summer for reconnaissance preparatory to exploration from a boat along the coast of Nova Scotia, parts of Quebec, Labrador and Newfoundland. He hopes to find evidence of the Vikings' sojourn in this continent and said he might get it by noting differences in vegetation from the air.

SCARED TO GET RICH

Mr. Ingstad, who turned from a legal career because he was "scared of getting rich," said the Vikings may have had something to do with the disappearance of colonists from Greenland's west coast.

There was "plenty of evidence" that there once were 300 farms, 16 churches, two monasteries and a bishopric along the west coast, separated by 200 miles of water from the nearest part of the Canadian coast.

There were several theories to explain their disappearance—attack by Eskimos, sickness, hostility by pirates or that they were frightened away when Vikings settled along Greenland's east coast.

Mr. Ingstad said he subscribes to the pirate theory because the Vikings also vanished from Greenland.

## Manila's Beauty Parlors Attract Tourist Trade

MANILA (AP)—Manila has a unique attraction that is pulling in the tourists — its beauty parlors.

At a recent world conference of travel agents here it developed that the Philippine capital is back on the tourists' preferred lists after years of relative obscurity.

"For almost two years, tourists have been giving Manila a miss on their itineraries," a delegate explained. "Most said it was too much like the United States. But now the swing is in the other direction."

"We discovered that the women were complaining that after a few weeks of bouncing around the Far East, they needed new hairdos, manicures and pedicures, and the beauty shops in Manila are the best in the world. So they began slipping Manila into their itineraries to get their hair and nails back in shape."

### NAILS REPUTATION

Manila residents have long recognized that Filipino manicurists are the best in the business, but hadn't expected that they would ever become a prime tourist attraction.

The women of the Philippines

are the most beautifully groomed this side of Paris. They take particularly good care of their fingernails.

A manicure from one of the local paragon cost about two pesos fifty centavos (\$1.25). A pedicure is about the same. The job can take a couple of hours.

Even the men take advantage of this unique local talent. They slip into barber chairs, lean back for the haircut, shampoo, massage and shave. A comely lass slips off their shoes and saws away at their toe nails, and another attacks the finger nails.

The bill for the entire job runs less than \$5.

## Women Invade Men's Field Of Cigar Smokers

VANCOUVER (CP)—In former years a woman walking into a tobacco shop was taking a chance on becoming a social outcast. Now the women are not only smoking as many cigarettes as the men, but they are taking up cigars.

Dutch tobaccoist Richard Kenst, whose store here has been in operation for 68 years, says the latest fad for women is cigars—cigars about the same size as a cigarette but stronger.

Most of the cigar smokers are immigrants from the Scandinavian countries, he says.

As for cigars, Mr. Kenst says he has more women customers than men.

## Mrs. J. B. Handfield To Speak At S.H.L.A. Luncheon Meeting

The regular monthly meeting of the Sherbrooke Hospital Ladies Auxiliary will take the form of a luncheon meeting at the Sherbrooke Hotel Monday, March 28th at 1 p.m. The special guest and speaker on this occasion is Mrs. J. Beaudoin Handfield of Westmount. Mrs. Handfield is president of the Quebec Association of Hospital Auxiliaries and after years of volunteer work and study in this and allied fields she is well qualified to deal with problems pertaining to the local association.

Mrs. Handfield's interests are broad, serving, often simultaneously, on varied committees, the Montreal Symphony Orchestra, the Federation of Catholic Charities and the Royal Edward Laurentian Chapter of St. Adele being only a few.

Born in England, Mrs. Handfield came to Canada at 15 and shortly after entered the business world of fashion buying. She is married, has raised three children and has managed her combined career of homemaker with a flair and enthusiasm that few can equal. The forthcoming meeting promises to be a stimulating one for auxiliary members and their guests.

### SANGSTER MEMORIAL W.A.

Mrs. C. Wilson presided at the meeting of the Sangster Memorial W. A. held recently in the church hall which opened with a devotional period conducted by Mrs. R. Wheeler.

Correspondence a nd minutes were read by the secretary, Mrs. E. Jenkinson.

Mrs. D. Wheeler was asked to attend the School for Teachers to be held at Stanstead College in July A H. C. leader will also be sent for two weeks training to L'Original.

The fuel bill was ordered to be paid and it was decided to have a pot luck supper at the next congregational meeting.

Mrs. F. Page reported on the fancy work and was asked to

look after the flowers for the anniversary Sunday.

The menu decided upon for the anniversary supper being held March 24 was given by Mrs. B. Noble.

The next meeting will be held at the home of Mrs. W. Sjolander Montreal Highway, on April 5. Refreshments were served at the close of the meeting by Mrs. B. Noble and Mrs. R. CUTTS.

### ST. PAUL'S LADIES GUILD

At the regular meeting of St. Paul's Ladies Guild held recently in the church hall, plans were discussed for the Spring Tea on April 26.

Conducted by the president, Mrs. G. Carleton, business of the meeting included dates being set for an evening card party on April 30, and the Christmas Tea and Sale on November 22. Letters were read from other church organizations giving dates of their planned events.

Flowers were sent to Mrs.

Bruce Millar, who is in the hospital, and cards to Mrs. H. Daniels and Mr. M. Johnson.

The next meeting will be held in the church hall on March 30. Mrs. H. Lord will be hostess.

Tea was served at the close of the meeting by the hostess, Mrs. Carleton.

## Brunt of 'Dangerous Years' Often Falls on the Wife

"I've come to the conclusion that the term 'dangerous years' is no joke," writes a woman reader.

"My husband and I are both 45 and most of our friends and social acquaintances are in the 40- to 50 age group. I would say a small percentage of them are happily married and the number who have separated or have been divorced in the last five years is shocking. I honestly can't understand why the marriages have failed. I think it is as big a problem as juvenile delinquency, though you certainly don't hear much about it. What do you have to say on the subject?"

I have written on it before, because it IS a big problem. Although wives are no more responsible for these unhappy marriages than their husbands, I think the wives should be trying harder to steer their marriage safely through "the dangerous years."

Why? Because the break-up of a marriage that has lasted 15 or 20 years usually leaves the wife in a sadder position than the husband. If she has more to lose by a break-up she should be willing to do more than her share to hold the marriage together.

If she feels lonely because she and her husband are no longer close, she shouldn't give in to self-pity, blame her husband for his seeming indifference or decide that she will make a life for herself and not worry about him.

Instead, she should realize that her husband is probably feeling as lonely as she, and make every effort to let him know that he is

loved, admired and appreciated.

If their life together seems dull and boring she should look around for interests to share, for new friends they might both enjoy, for some long-range plan they can work toward together, and for some way of adding a little gaiety and adventure to their lives.

If they have fallen into the bad habit of hurting each other with useless criticism and harsh words she should stop her share of it and see if he won't follow her good example.

Most marriages that have lasted from 15 to 20 years don't need to break up. And they wouldn't, if a husband and wife would put as much effort into trying to be happy together as they would have to put into trying to be happy apart.

## Bachelor 'Mother' Has No Trouble With 10 Children

By DOROTHY ROE

NEW YORK (AP)—The most efficient and understanding "mother" I know is a 28-year-old bachelor named Steve Meyer.

Although he has had no previous experience in the field, Steve finds taking care of 10 children a breeze.

"Anybody who takes the trouble to understand a child should have no problems of discipline," says this pleasant and good-looking young man. "I just remember that kids are people, and act accordingly."

As assistant stage manager of the Broadway musical hit, The Sound of Music, Steve has charge of the seven children in the cast and their three understudies, ranging in age from eight to 16.

He also has to cope with their mothers; and this, he admits, is not so easy. But during the months of rehearsal and five weeks on the road, he learned to cope even with stage mothers by the time the show opened in New York.

"No mothers are allowed backstage during performances," he says. "This rule is simple to enforce, because there just isn't room."

"So we have a room in the basement fixed up for mothers and understudies. The kids watch TV and do their homework and the mothers sit and plot how to get more attention for their offspring—but it all works out okay."

Members of the cast refer to Steve as "den mother," but this doesn't bother him. He rests on his record: Not a single child has been late for a performance yet, all regard him as a pal, and one of the little girls has proposed to him.

The children portray the famous von Trapp family singers in the show.

"The one big worry of both the kids and the management is that they're all growing so fast," says Steve. "Most of them already are on their second or third pair of shoes, and both boys have outgrown their first costumes."

## Fresh Carrots Add Variety To Spring Meal Planning

Fresh carrots are a "convenience" food. The splendid crisp and unblemished carrots which come to our markets today don't need either peeling or scraping. Just wash them and cut into slices or sticks. Cook them quickly in as much water as is needed to keep them from burning. Season them with salt, black pepper, a half teaspoon sugar and a lump of butter. Chopped fresh chives, parsley, celery leaves, leeks or onions are wonderful flavorings.

**Carrot Soup (Potage Crecy)**  
3 cups sliced carrots, 1 cup diced potatoes, 6 cups chicken or beef stock, 1 teaspoon salt, 1/8 teaspoon ground black pepper, 2 tablespoons butter or margarine, chopped fresh parsley, cooked carrot rings.

Cook carrots and potatoes in stock until they are tender, about 25 mins. Push through a sieve. Add seasonings and butter or margarine. Serve hot, garnished with chopped fresh parsley and a few cooked carrot rings. Yield: 4 servings.

**Fresh Carrot Bread**  
2/3 cup butter or margarine, 1 cup sugar, 2 eggs, 1 1/2 cups sifted all-purpose flour, 2 teaspoons double-acting baking powder, 1 teaspoon ground cinnamon, 1/2 teaspoon salt, 1 cup finely grated carrots, 1 cup seedless raisins, 1/2 cup chopped nuts, Place butter or margarine in a mixed bowl. Gradually blend in sugar. Beat in eggs. Sift together flour, baking powder, cinnamon, and salt and gradually add to the mixture. Mix carrots, raisins and nuts and stir into the batter. Turn into a well-greased, lightly floured 9x5x3-inch loaf pan. Bake in a preheated moderate oven (350°F.) 1 hour. Cook in pan 10 minutes. Turn out onto wire rack to finish cooling. (Make the bread the day before it is to be served.) Store in a tightly closed box. Delicious with cream cheese, butter or margarine. Yield: 1 loaf cake.

**Carrots, Alla Napoli**  
16 medium (2 lbs.) fresh carrots, 1/2-inch boiling water, 1 teaspoon salt, 1/4 teaspoon ground black pepper, 1/2 teaspoon oregano leaves, 1/2 teaspoon sugar, 1/4 cup olive or salad oil, 2 tablespoons wine vinegar.

Wash and scrape carrots. Cut into slices 1/2-inch thick. Place in saucepan with boiling water and 1/2 teaspoon of salt. Cover and cook 10 minutes or until tender. Drain well. Place in a bowl with remaining ingredients. Marinate 12 hours or overnight before serving. Serve hot, or cold. Yield: 5 cups.

## CONFIDENTIALLY YOURS

—by Byrne Hope Sanders

MONTREAL, March 24th—Was that a robin? Such a promise of Spring makes a cheery breakfast all the cheerier—especially if you're enjoying RED RIVER CEREAL. I mean that—for Red River is as nourishing as it's delicious, with that wholesome blend of cracked wheat, rye and flax. You'll find it so easy to prepare—cooks in a few minutes. Costs so little, too. Be a wise, kind mother, and see that your family gets the benefits of Red River, often. Youngsters and active workers find energy values in Red River; older folk and sedentary workers find it guards regularity. Red River is best for every one of us!

**SOUP'S ON!** And no matter what kind of soup it is... hot, cold, out of a can, or your own home brew... it will taste so much better served with MCCORMICK'S VERY THIN SALTINES. You've never tasted crispier, more delicious saltines than these new thinner saltines with the slimmer shape. They're never too salty—always just right! That's because their flavour is protected by the Flavour Guard "Inner Pack". They're inner-wrapped in individual quarter-pound sections so that each and every cracker retains its fresh crispness. Yes, McCormick's new thinner Saltines taste so much better than ordinary crackers, yet they cost not a penny more!

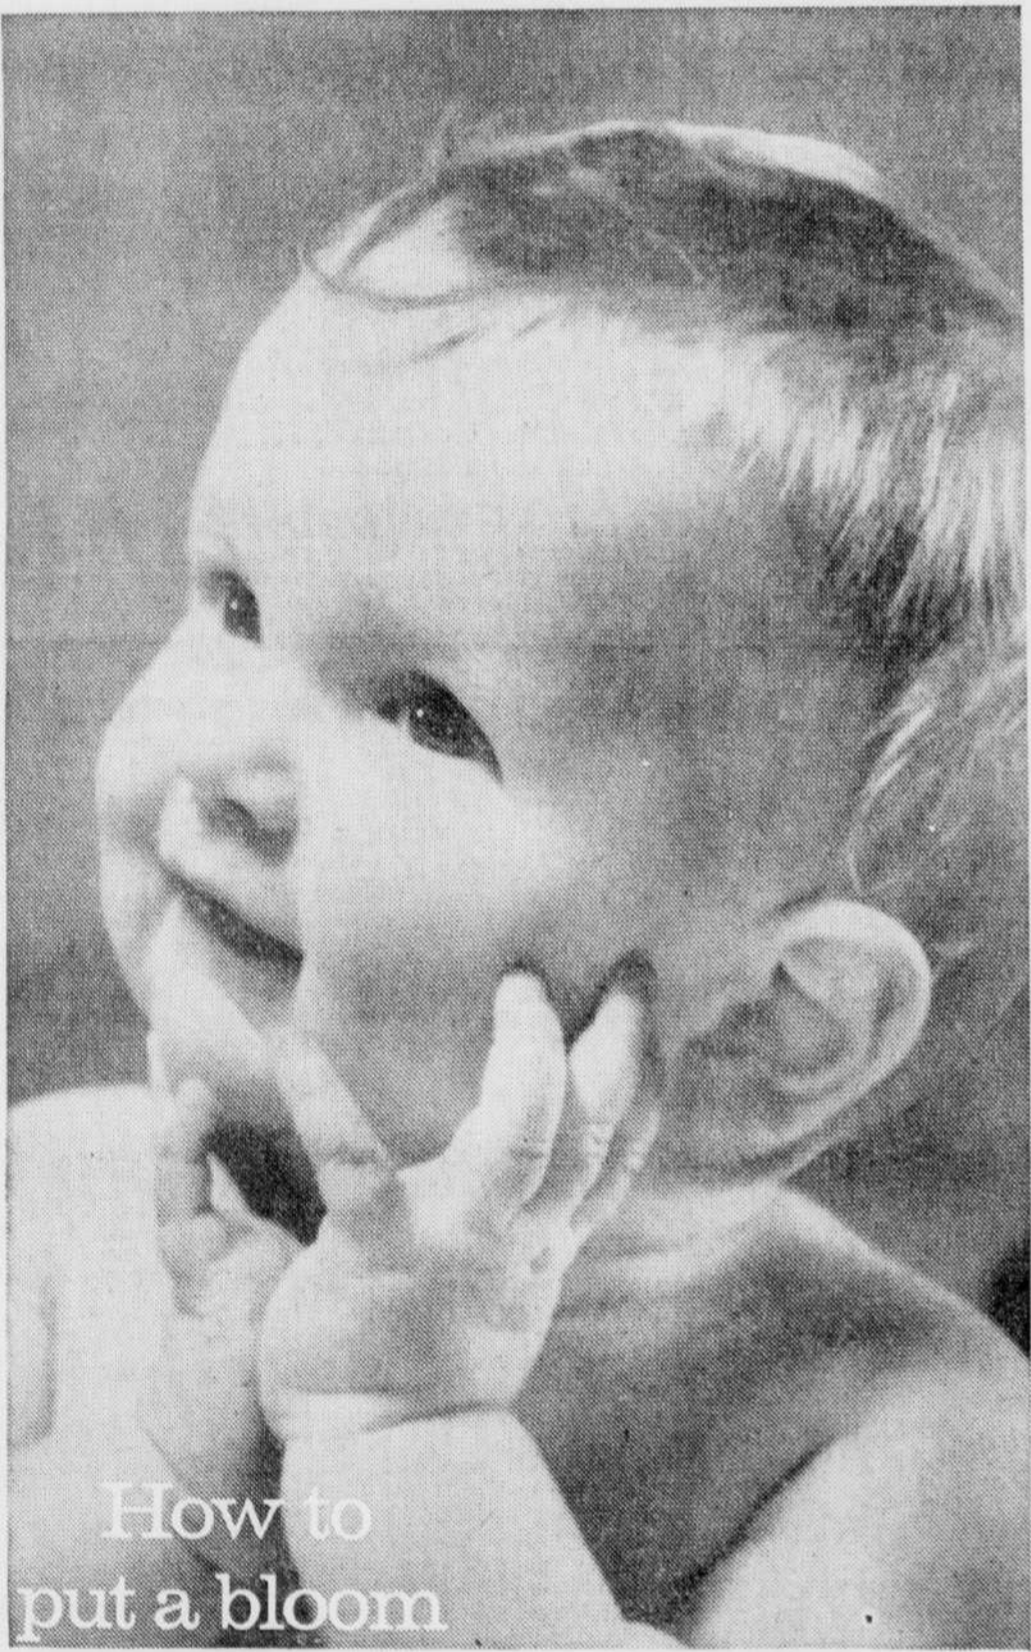

**SO MANY OF THE IMPORTANT SECRETS** of famous chefs are seasoning secrets... Some of them quite complicated and expensive. But here's one seasoning magic that's both simple and easy on the budget. All of us can now prepare meals with gourmet flavour by simply adding MAGGI CHICKEN BOUILLON CUBES. There's so much you can do with them! Include Maggi Cubes in your casserole recipes and in your stews, add them to the boiling water when cooking vegetables, rice or macaroni. Your family will really appreciate the delightful difference. So look for the yellow and red Maggi Chicken Bouillon package next time you're at your grocer's!

**IT'S NEARLY "EASTER BUNNY" TIME AGAIN!** Golly, it seems only yesterday that "Rudolph the Red-nosed Reindeer" was the hero of the hour. Yet, now's the time to insure against those after-Christmas bills next year. It's simple... all you do is figure out your Yuletide expenses now, divide the answer by the number of pay-days between now and December, and deposit that amount in a special Christmas Savings Account at the BANK OF MONTREAL. A B of M Gift Fund is the best way I know of putting "merry" into Christmas. Why not open yours today at your neighbourhood branch of "MY BANK"?

**HAVE YOU RUINED SWEATERS?** by washing them the old-fashioned way? Well, here's a new-fashioned way... Wash all your new woolen sweaters and blankets with the NEW WIDE RANGE ZERO SOAP! You'll find that all stay fresh as new when washed with Zero. You see, deep-cleaning Zero floats out stubborn dirt without scrubbing or rubbing. You can wash with Zero at the temperature you like best—cool, tepid or lukewarm. Your most precious things will never, never shrink or mat. Look for the New Wide Range Zero in the box with the big red "Zed"—and enjoy this new-fashioned way of washing!

**CHAMPIONS' CHOICE!** I've talked to a number of prize-winning "bakers", housewives well-known for their pastry and cakes. And according to experts, DOMESTIC PURE SHORTENING can mean "first-prize" baking for all of us! So true! I get excellent results everytime with pure white Domestic. I "bake for the love of it". Buy pure Domestic at your nearest food store in the regular 1 lb. size or 2 1/2 lb. re-usable plastic container (dozens of re-uses and comes in pretty pastel colours).

**LET ME SEND YOU** a generous Free Trial Offer of the famed TEMPLETON'S T-R-C's. If you suffer from rheumatic, arthritic or neuritic pain, back-ache or sciatica, I am confident that T-R-C's will give you long-sought and welcome relief. If you do not yourself suffer, then I am confident that you know someone who does. I therefore urge you to accept my Free Trial Offer, either for yourself or a friend, to get comforting relief at last from dreadful pain. For a generous trial offer of Templeton's T-R-C's for yourself or a friend, write me; Byrne Hope Sanders, now, at Confidentially Yours, 1411 Crescent St., Montreal.

How to put a bloom in your baby's cheeks

**Best way to put roses in your baby's cheeks:** make sure his food has enough of the right kind of iron. For your baby's sake, Gerber Baby Cereals contain a selected form of easy-to-absorb iron so baby can get all the blood-building benefits from this important mineral. Gerber Cereals are also enriched with calcium, phosphorus, B-vitamins.

## Wide-Open Hockey Forecast Between Black Hawks And Canadiens Which Opens Tonight; Chicago Is Ready

MONTREAL (CP) — Look for wide-open hockey in the Montreal Canadiens-Chicago Black Hawks Stanley Cup semi-final beginning here tonight.

There will be no kitty-bar-the-door and watch-for-the-opening-factics, at least so far as Montreal coach Toe Blake is concerned.

"You can't have a defensive series in this age of power hockey," he said. "The fans would boo us out of the rinks."

Blake said however that the best-of-seven series with Chicago could be a low-scoring one, "if the goalies get hot."

One feature of the series is that the National Hockey League's two best netminders—Jacques Plante of Canadiens and Glenn Hall of Hawks—are involved.

Plante, a colorful player who wears mask and often wanders from his net, has won the Vezina Trophy for five consecutive seasons—a record. The trophy is awarded to the goalie of the team that has allowed the least goals. This season he won it with 178 goals, two fewer than Hall, who let 180 get by him.

Plante was struck on the Adam's apple by a puck in Wednesday's 45-minute drill and collapsed choking and gasping for breath.

He was led to the clinic in obvious pain but the injury, which swelled up slightly, was described as not serious. He was expected to be in goal tonight, but how much the injury will affect his play was not known.

Blake had another bit of injury-worry. Maurice (Rocket) Richard, who holds more cup records than any other player, skipped Wednesday's drill because of a pulled groin muscle.

Blake said he did not want to take any chances that the 38-

## Two Guelph Juniors Pace Lions To 3-1 Win Over Royals, Lead Series 2-0; Sudbury Top Hull-Ottawa 5-2

Two juniors are giving Trois-Rivieres Lions a boost in their Eastern Professional Hockey League playoffs.

Rod Gilbert, 18, and Jean Ratelle, 19, brought up from Guelph Biltmores of the Ontario Hockey Association Junior A series, paced the Lions to a 3-1 victory over Montreal Royals Wednesday night. The Lions lead the best-of-seven semi-final 2-0.

Sudbury Wolves took their semi-final opener 5-2 against Hull-Ottawa Canadiens.

Gilbert and Ratelle have scored consistently in their five games with Lions and Wednesday night at Trois-Rivieres a record crowd of 3,500 turned out to see Ratelle score two goals and Gilbert assist on both of them.

Lions' other goal was scored by veteran Gilles Thibault. Captain Kenny Mosdell got Montreal's lone marker.

Just before the Guelph juniors arrived for their five-game pro tryout, along with teammate Bob Cunningham, the Lions were shut out 4-0 by Montreal. Since then the Lions have scored well, even in defeat. Gilbert and Ratelle got two goals against Sault Ste. Marie, another pair against Sudbury, three against Kingston and an assist in the first playoff game against Montreal.

## Duchess Shoe Stopped By Jaycees 1-0

RICHMOND — The Richmond Junior Chamber of Commerce Broomball club finally put finis to the winning streak set by the Duchess Shoe club as both clubs met in a best-of-three final series for the local Broomball crown.

Duchess were stopped 1-0 by the improved Jaycees with about fifteen minutes left to play in the game. Gilles Cote scored the only and winning marker after taking passes from Jean Guy Bissonnette and Emile Charest to beat goalie Leo Provencher in the Duchess cage. The Shoe Boys tested Claude Blanchette who played a good game for the Jaycees holding off the champion Duchess team several times.

Duchess won every game played during the Broomball season but were finally stopped in this final series. The second game will be played next Monday night at the local Coliseum. If a third is necessary, then the series moves to the following Wednesday.

**ROY CAMPANELLA Feeling Very Well After Dizzy Spells**

NEW YORK (AP) — Former Dodger catcher Roy Campanella was reported "feeling very well" Wednesday at the Institute of Physical Medicine and Rehabilitation.

The hospital said he would be up and around in his wheelchair but would remain a few days for a thorough physical examination.

The catcher, paralyzed from the chest down as the result of an automobile accident in January, 1958, returned here Monday after suffering dizzy spells at the Los Angeles Dodgers' camp in Vero Beach, Fla.

The hospital said the dizzy spells were common in Campanella's type of disability. This condition has been cleared up, the hospital said.

LONDON (CP)—Picture a set of rickety, red-brick bleachers to the end are in the region of 5 to 1, and one British bookie is willing to pay place money on any horse finishing in the first 1.0.

In 1928, only two of 42 starters completed the course, the forlorn outsider Tipperary Tim coming home at 100 to 1 ahead of Billy Barton, which was remounted.

For the gambling fraternity, the National's main interest is that it completes the tantalizing "Spring Double," obtained by linking the winner of Wednesday's Lincolnshire Handicap, a flat race, with the big steeplechase.

The Irish horse Caughon in the National and Jockey Trebel in the Lincolnshire brought off a 10,000-to-1 double in 1947, and similar colossal odds were paid in 1929 when Greglach (National) and Elton (Lincoln) both rang the bell at 100 to 1.

Aintree's intimidating fences frequently result in fatal accidents to horses and each year there has been an outcry from animal protection societies branding the National as a cruel race. But there has been no move to make things easier for the jumps.

## Glamorous Grand National Still Biggest Name Race Despite Ricketty Surroundings At Aintree Track

**Globetrotters Try To Sign Big O**

PHILADELPHIA (AP) — The Harlem Globetrotters definitely are going to try and sign Oscar Robertson, Cincinnati All-American, and would like to have Wilt Chamberlain back.

Morry Saperstein, brother of Abe, the Trotters' owner, said Wednesday Robertson was their number one project.

Chamberlain, who has complained bitterly about "rough-house tactics" in the National Basketball Association, said recently he wasn't sure what he would do next year. He intimated strongly that he might quit the NBA for another venture.

Visiting Aintree, a spectator would detect little in the Lancastrian setting to quicken the pulses or suggest that here is the scene of one of Britain's revered—though highly controversial—sporting events. For one thing, the view from the ancient stands is vastly less vivid than millions of watchers, including Canadians, will see on their TV screens. A film of the race is to be shown in Canada Sunday.

Despite all drawbacks, the National has become an institution on par with the Football Cup final and the Derby Hallowed by time, encrusted with legend, spiced with the hazards that titillate the sporting British in stinct, it is the well-loved ugly duckling of racing.

**FEW MAKE IT**

As a spectacle it really lives up to its thrills-and-chills billing. The 30-odd elderly jumpers, ranging in age from seven to 14, set out to cover four miles and 850 yards, negotiating 30 fearsome fences on the way. The odds

against any horse staying on his feet to the end are in the region of 5 to 1, and one British bookie is willing to pay place money on any horse finishing in the first 1.0.

In 1928, only two of 42 starters completed the course, the forlorn outsider Tipperary Tim coming home at 100 to 1 ahead of Billy Barton, which was remounted.

**REMEMBER WHEN . . .**

Ted Lindsay, then with Detroit Red Wings, won the Art Ross trophy as leading scorer when the NHL finished its first 70-game schedule 10 years ago tonight. Lindsay had 23 goals and 53 assists for 78 points and his line-mates were second and third—Sid Abel with 69 and Gordie Howe 68.

## Dressing Room Comments

By DENNIS ORCHARD

TORONTO (CP) — "We won the one we said we were going to win," yelled coach Sid Abel to his rejoicing Detroit Red Wings Wednesday night, after they had jumped into a 1-0 lead in their Stanley Cup semi-final with Toronto Maple Leafs.

"Just three more," belted half a dozen players, as the tension abated from the dying minutes of the game, which Wings had squeezed 2-1 despite a last-minute surge by Leafs.

"Who was my big man?" shouted Abel, "the guy that is always big, Gordie Howe."

**WINGS REJOICE**

Howe and Abel posed happily for pictures with National Hockey League rookie Len Haley, whose first-period goal on top of Howe's gave Wings the victory. It was Haley's second goal in 28 games in the league.

Leaf coach George (Punch) Imlach, who had predicted his team would take the seven-game series in five games, was backing down in a Toronto dressing room as somber as Detroit's was wild.

"We've still got to win four. I don't know when."

Imlach said his team was nervous at the start. "It's one of those games when the breaks beat you."

**THAT'S THE ONE**

In the Wings' room Abel and his players, who evidently had resented Imlach's dismissal of their chances in the playoff, took his prediction to task.

"He was going to give us one game. I guess that's the one," chided Abel.

Detroit general manager Jack Adams, who has a habit of walking around the block in the Wings' close games, couldn't stand the strain after the second period. He left Maple Leaf Gardens and returned in time for the last minutes of the final period.

"They talk about counting you out," said Adams. "We had four 20-goal men this year. That's like having four 300 hitters."

**SAWCHUK HIT**

Chief concern in the Wings' camp was goaltender Terry Sawchuk, who fell to the ice with a minute remaining in the game after a collision with defenceman Carl Brewer.

"He charged me all the way up," said Sawchuk, still dazed and favoring his left shoulder.

Imlach had a final comment: "They know what they're up against now. So they'll have to play hard, that's all."

**CBC Will Televis Hawk-Canadien At 9.30 Tonight**

TORONTO (CP) — The CBC said Wednesday it has changed plans and will televise tonight's Chicago - at - Montreal National Hockey League playoff game over the full national network starting at 9:30 p.m. EST.

The CBC had announced earlier the game would be carried only on the French network and on English stations in Montreal and Quebec City.

Thursday, March 31: Winners of Series "A" vs Champs of Granby Jr. League at Granby (two game total goal series).

**Richardsons Take Scotch Cup Series With Clean Sweep**

GLASGOW (CP) — Canada made a clean sweep of the five-match 1960 Scotch Cup curling series Wednesday with two final-day victories. Regina's Ernie Richardson rink swamped Hugh Neilson's Scottish champions 16-4 after taking the fourth match 8-4.

The victories enabled the Richardsons to maintain a perfect record in two years of this Canada-Scotland competition.

Only the fifth game of the series was one-sided and it came after the Scots had established a 2-1 lead in the first four ends. The Canadian champions scored four in the fifth end, gave up two in the sixth and then added 11 in the last six ends.

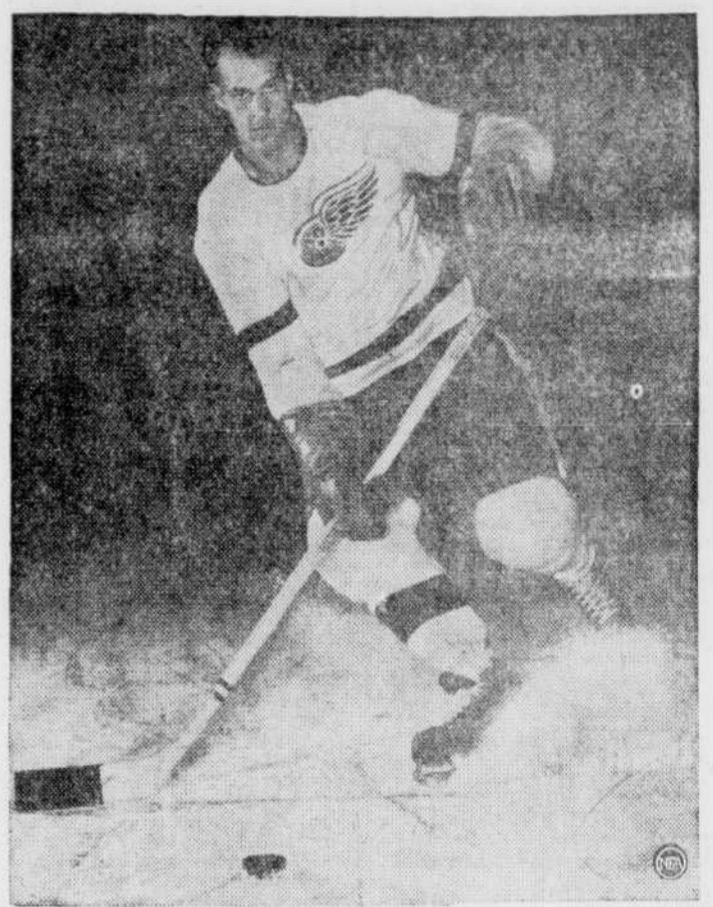

More accurate hitting by the Canadians and an ability to draw when they had to were the deciding factors throughout the series. The Scots were never able to score more than two points in any end, while the Canadians scored several three-enders and, in the final game, two four-enders.

## Gordie Howe Puts One And Draws Assist On Other; Penalties Hurt Leafs; Brewer Gets Lone Leaf Tally

TORONTO — (CP) — Detroit Red Wings were underdogs, but now they nurse a one-game lead in their Stanley Cup semi-final with Toronto Maple Leafs and see no reason why it shouldn't blossom.

Every element of the Detroit game was effective Wednesday night as the Wings protected a couple of first-period goals for a 2-1 victory in the opening game of the best-of-seven series.

Gordie Howe scored the Wings' first goal and for the rest of the night shook off every effort by the Leafs to bottle him up. Len Haley, who scored one goal for Wings in 27 games this year as a National Hockey League rookie, picked up a corner of the Leaf net for the winner.

Still dazed, Sawchuk said Brewer "charged me all the way up."

Howe struck at 2:38 of the opening period when he beat Bower to a rolling puck. Bower came out to meet the puck and was reaching to scoop it up when Howe gave it a one-handed flick between the goalie's legs and into a corner.

Haley made it 2-0 at 14:24, catching his own rebound off defenceman Tim Horton's pads to fire a 10-footer into the open corner.

**IMLACH BACKS DOWN**

Leaf coach George (Punch) Imlach, who had said his team would take the series in five games, backed down in the Toronto dressing room after the game.

"We've still got to win four," he said. "I don't know when."

Second game of the series will be in Toronto Saturday night.

Imlach said his team was nervous at the start. "It's one of those games when the breaks beat you. They know what they're up against now. So they'll have to play hard, that's all."

An interference penalty to Detroit defenceman Pete Goegan early in the second period oddly enough contributed to the Red Wings' victory. The penalty was called seconds before Leaf Ron Stewart batted a loose puck into the open net. Leafs put up a prolonged argument, but referee Frank Udvari wouldn't allow the goal. Sawchuk was 10 feet out of the net at the time.

## Ottawa-Hawkesbury Monties Dump Moncton Beavers 8-4 To Clinch Berth In Eastern Canada Memorial Cup

HAWKESBURY, Ont. (CP)—and Bernard Schburt, Andre Despard and Patrick Fitzpatrick got the others.

Oscar Gaudet and Phil Doiron, standouts for Moncton throughout the series, again paced the winners, the former scoring twice, while Doiron had a hand in all four Beaver counters with a goal and three assists. Gary Harmer notched the other.

Monties entered the third leading 3-2 and took just two minutes to salt the game away. Despard broke in on top of Inch to score at the 59-second mark and Gray followed a minute later with a slap shot that produced what proved to be the winning goal.

Monties added two more at the 12-minute mark to make it 7-2 before Beavers, leg-weary but still trying, could mount a scoring attack.

Beavers, who appeared tired and understand a bit dispirited after failing to hit the win column in either of the overtime games, were outplayed throughout Wednesday night's game but managed to cling to their opponents' heels until Monties broke loose for five goals in the final period.

Montagnards led 3-2 at the end of the second after scoring the only goal in the opening period.

**GRAY SCORES THREE**

Paul Gray led Monties attack with three goals and an assist. Two of his goals, including the winner, came on close-in slapshots that gave Moncton goalie Abe Inch no chance to save. Mike Sawyer added two more

# Two New York Yankee Hurlers Combine For No-Hitter Against Phillies

## James And Bethel, Two Rookies, Collaborate But Effort Spoiled By First-Inning Walk To Callison

Rookie righthanders Johnny James and Bill Bethel pitched a no-hitter for New York Yankees against Philadelphia Phillies Wednesday and just missed a perfect game while posting a 4-0 shutout.

Johnny Callison, who drew a first-inning walk, was Philadelphia's only base runner. James worked the first five innings and fanned three. Bethel struck out five in his four innings. James was with Richmond of the International League last year and Bethel with Omaha of the American Association.

A week ago Bennie Daniels and Jim Umbricht shared a Pittsburgh no-hitter against Detroit.

The pitchers were in form Wednesday in both Florida and Arizona.

**NO RUNS OFF WILLEY**  
Carl Willey, Milwaukee righthander, threw seven shutout innings as the Braves beat Kansas City 2-0 at Bradenton.

Daniels who also went seven, gave up four hits and three runs in the Pirates' 6-4 victory over St. Louis at Fort Myers.

Lefthanders Johnny Podres and Joe Nuxhall turned in solid six-inning tricks. Podres held Baltimore runless as Los Angeles stopped Baltimore Orioles 3-1 at Vero Beach and Nuxhall checked

Washington with two runs in Cincinnati's 4-3 triumph at Orlando.

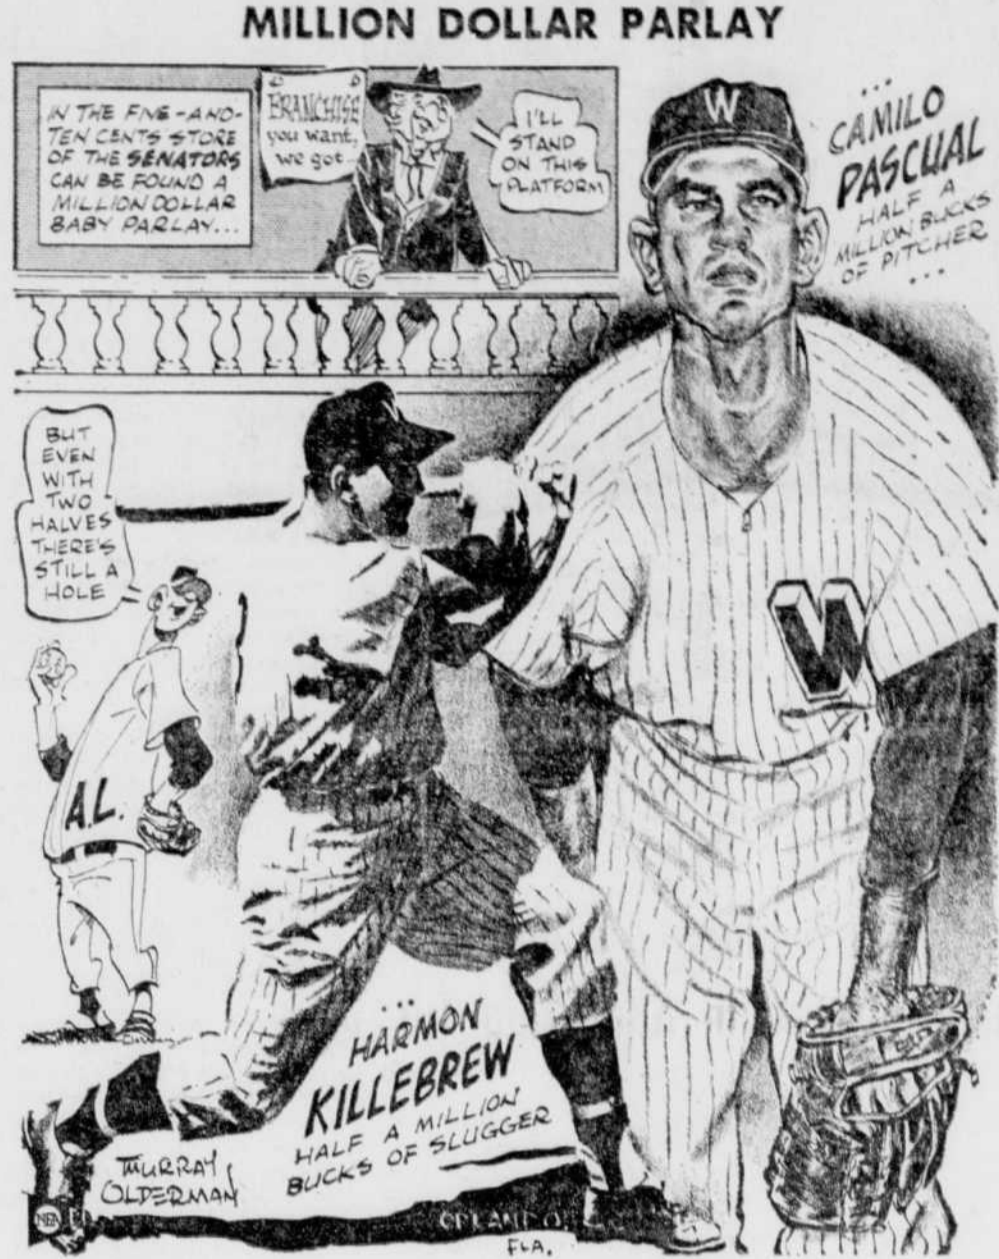

Rookie lefthander Jake Striker allowed one run and four hits in the first five innings as Chicago White Sox tripped Detroit Tigers 7-3 at Sarasota.

**ALLOWS ONE HIT**  
Wynn Hawkins, rookie righthander, blanked San Francisco on one hit for the opening four innings at Tucson, Ariz., where Cleveland won 6-4.

Billy Monbouquette turned in a spectacular relief job for the Boston Red Sox. The flashy righthander faced 13 Chicago Cubs and retired 12 six on strikeouts, including five in succession. He also received credit for the 5-2 victory at Mesa, Ariz., when he singled in the tying run in the seventh and was still on base when Pumpsie Green's three-run homer won it.

Veteran Robert Roberts was the loser against the Yankees, yielding all four runs in the five innings he worked.

The victory gave Boston a 6-4 spring record, third best in the American League. The White Sox lead the majors with 8-3. San Francisco and Pittsburgh, both 7-3, share National League honors. Kansas City is 7-4 in the American.

## St. Pat's Down Stanstead College 64-35 In Exhibition; Meet SHS Friday For League Championship

St. Pat's Senior basketball crew posted a close 64-35 decision over a highly spirited Stanstead College troupe yesterday afternoon in an exhibition match played in the local gym. This game serves as a warm-up for the forthcoming contest between Sherbrooke High School and St. Pat's, to be held at St. Pat's on Friday evening at 7:00.

Once again it was the accurate set-shooting of Mike Levesque and Mike Bryson which carried the Irish on to victory. Bryson hit for 23 points while teammate Levesque tallied 22. Pancho Bigott was top kingpin for the College squad, racking up a total of 15 points.

The tussle was very fast-moving with each team exhibiting fine passing and ball-handling but St. Pat's proved superior in attacking from outside and this was the difference in the game. St. Pat's jumped into an early 11-9 lead and they held a good margin over their opponents during the entire game. St. Pat's was ahead at half-time by a score of 32-13.

Stanstead came back very strongly in the last quarter and were outscored only 18-16. However, the Sherbrooke quintet had

racked up enough points to take an easy 64-35 victory. Mike Bryson and Mike Levesque were the standouts for Sherbrooke, while Pancho Bigott and Hurlburt were the best for the College team which showed plenty of spirit and drive throughout the whole game.

In the first game of the two-game total-point series last Friday St. Pat's emerged victorious 29-23 and will carry a slim 6 point margin going into the second game. This is the final match for the St. Francis Valley Inter-scholastic Basketball Championship and promises to be an exciting exhibition of basketball skill by the league's two top teams. Sherbrooke High is by no means out of the title hunt and the final verdict could go either way.

**ST. PAT'S** — M. Bryson (23), M. Levesque (22), L. Maysen-hoelder (10), D. Finlay (4), M. Brooks (3), R. Jones (2), G. Fahi. Total: 64.

**STANSTEAD** — Bigott (15), Hurlburt (8), Arape (6), Webster (4), Wiseman (2), King, Hatfield, St. Dizier, Saffard, Zimmerman, Mazziade. Total: 35.

## SHS Junior Girls Post Close Decision Over Bury Juniors In Sherbrooke

Sherbrooke High School Junior girls posted a close 27-24 decision over Bury Juniors Tuesday afternoon in an exciting finals game played at SHS. The tilt was the first in a two-game, total-point series and the win by Sherbrooke gives them a three-point lead in the final match.

The first half saw Sherbrooke take a slim lead which they held, even though hotly pursued by the visiting Bury squad. The hosts maintained a slight edge on play during the half but in the final minutes of the frame, Bury started to catch up.

Half-time score was 12-7. In the second half, the pace picked up with Bury keeping Sherbrooke on their toes by matching them shot for shot.

The hosts, however, still held on to their close lead and pulled off their win by three points, a margin showing closeness in play

exhibited by both clubs. The victory gives SHS a three-point lead as they go into the final game of the series to be contested this week at Bury.

Top scorer for Sherbrooke was S. Schachter with 12 points followed by D. Gardner with six. Both girls had good support from their guards who backed up their teammates extremely well.

Top scorer for Bury was J. Clark with seven points, followed by C. Batley and N. Hume with six each. B. Ward was the final scorer for the squad, tallying five.

The next meeting between the two has not been set but will most probably be contested this week in Bury. Bury will have to take the game by at least four points to win the title.

Sherbrooke's three-point edge, will prove a stumbling block for Bury.

## Bob Maclellan Retires From Alouettes

General Manager and Head Coach Perry Moss of the Montreal Alouettes today announced that Bob Maclellan, who has played at the offensive center post for the Alouettes since 1955, has decided to retire from football and continue his study of dentistry.

"We realize of course, that Maclellan's absence from the line-up this year will create a tremendous vacancy. However, we wish Bob the best of luck in his studies and he's welcome back anytime," Moss said.

Maclellan will graduate from the McGill School of Dentistry this June. He has been accepted for Post Graduate work at Bellevue Hospital in New York where he will specialize in Oral Surgery. This course of study will take two or three years.

Maclellan said, "I sure hate to leave football and I am going to miss it. This will be the first time I have been out of football since elementary school." Bob joined the Alouettes in 1955 after four years of ball at McGill. He was born in Toronto where he played his junior ball.

The Alouette coaches have expressed the opinion that Maclellan showed up well last year and that the Alouette team will miss his sparkling performances.

## REMEMBER WHEN . . .

Harry Vardon, one of the great golfers in history, died in England 23 years ago today at age 66. Winner of the British Open six times between 1896 and 1914, Vardon was a contemporary of such players as Alex Herd, James Braid and J. H. Taylor. Vardon, who had never taken a golf lesson, was known as one of the game's greatest stylists.

## Canadian Youngsters Upset Seeded Players In First Day Of Canadian Badminton Tourney At Winnipeg

WINNIPEG (CP)—Three Western Canada youngsters provided the big upsets during the first day of the Canadian open amateur badminton championships at the Winnipeg Badminton Club.

Today, the juniors take over with singles and doubles play in both the boys' and girls' divisions, and the mixed doubles. Tonight, quarter-finals will be held in the men's and women's singles and doubles and the open mixed doubles. Semi-finals will be Friday night and finals Saturday afternoon.

Rolf Paterson of Vancouver and Ann Murray of Winnipeg, both 19, surprised Wednesday night's crowd by sidelining Marjorie Armandariz and his wife, Beulah, in the men's and women's singles respectively. Shortly after, 1959 Canadian junior champion Rick Steadman of Lethbridge, Alta., knocked off eighth-seeded Finn Stender of Toronto, 10-15, 15-12, 15-10 to advance into the quarter-finals of the men's singles.

Paterson fought back from a 15-5 loss in the first game for triumphs of 15-12 and 15-11 over Manny, the tournament's sixth-seeded player from Pasadena, Calif. Miss Murray downed Mrs. Armandariz in straight games 11-5, 11-7.

## DANE JUSTIFIES RANK

Flashy Finn Kobbero of Denmark caught the crowd's imagination as he clinched his way through most of his matches to advance into the quarter-finals of the men's singles, men's doubles and mixed doubles. He showed he deserved the No. 3 ranking given him in the tournament by displaying tremendous smashes and terrific wrist action on backhanders.

Footwork was the forte of small but speedy Tan Joe Hok of Indonesia, defending Canadian champion and seeded No. 1 in the men's singles. He waltzed through his singles opposition to reach the quarter - finals, and combined with Charoen Wattana-

## Tickets For Emery-Baldwin Fight On Sale; Both Fighters Are Reaching Top Peak For Canadian Title Bout

Tickets are now on sale for the 12-round Canadian light-heavy-weight championship fight between Burke Emery of Sherbrooke and Gordy Baldwin of Toronto, to be held at the Sherbrooke Arena, Sunday afternoon, May 1st.

Both fighters are reaching their physical peak and are training hard for the most important fight of their careers.

Emery arrived in New York last Saturday, after doing his preliminary training in Florida. Emery's manager, Al Bachman stated, "Burke is in fine shape and weighs about 172 pounds which is only about five pounds over his normal fighting weight. He wants to win the title and realizes this is his golden opportunity and he will be in the best condition possible when he steps into the Sherbrooke ring, May 1st."

Baldwin is training in Toronto under the watchful eye of manager Earl "Sully" Sullivan. Baldwin will have a weight advantage of seven or eight pounds but will have to give away a two or three inches in reach. Emery is

the more rangy fighter while the Toronto battler is the shorter and more of the Durelle type.

Promoter Warren "Pee Wee" Berwick is presently lining up two eight-round semi-final bouts and also an opening six rounder. He now has the sensational Billy "The Kid" Pickett under contract but is having difficulty getting a suitable opponent for the New York knockout artist. Pickett has won sixteen of seventeen pro bouts. Thirteen of his wins have been K.O.s. Last fall Pickett stopped Marcel Plau of Windsor Mills in five rounds.

Tickets for the coming program are on sale at the Arena, Coder's, Laforest Restaurant, and Beattie's Barber Shop in Lennoxville.

# OBITUARIES

**ALBERT JAMES JOHNSON, OF BEEBE, QUE.** — Funeral service for the late Albert James Johnson was held at the Cass Funeral Home, Rock Island, on Wednesday afternoon, March 2, with Rev. L. G. Westman, rector of St. Matthias Church, Fitch Bay, officiating.

The bearers were Ray Beldier, Sam Denney, Reginald Brydner, J. Chartier, Wm. Young and George Alex. Burial was in the family lot at Marlinton, Que.

Mr. Johnson passed away at the Sherbrooke Hospital on Feb. 29. Although he had not been in good health for several years, having been a victim of arthritis, he was seriously ill only a short time before his death.

He was born July 25, 1881, and was twice married. On February 11, 1903, he was united in marriage to Maria (Nin) Fidella Parker, who predeceased him in 1939, and of this union three children were born. On April 12, 1941, he was married to Mrs. Hattie West Drew, by whom he is survived, and by whom he was cared for during his ill health.

Besides his widow he is survived by his daughter, Mrs. W. J. Redway, of Sherbrooke, and his eldest son, William, of Port Robinson, Ont. His younger son, George Albert, predeceased him in 1954. He also leaves several grandchildren and three stepdaughters and their families.

Lodge, No. 34 A.F. and A.M., and the Canadian Legion Branch 41, Danville. He was also a member of the Quarter Century Club, Asbestos.

He is survived by his wife, Norah Lay; two sons, Ivan, of Montreal, and Donald, of Vancouver, B.C.; two daughters, Helen, Mrs. Harold Heath, and Nora, Mrs. Allan Gray, both of Danville; two brothers, Ray, of Sherbrooke, and Curtis, of Campbellton; two sisters, Della, Mrs. Willie McKinnon, and Blanche, Mrs. Walter Alexander, both of Campbellton, N.B.

**MISS JANET E. GETTY, OF NORTHFIELD, VT.** — Formerly of Cowansville, COWANSVILLE — Miss Janet E. Getty died recently in the Mayo Memorial Hospital in Northfield, Vt.

Miss Getty was born in Cowansville, on Jan. 4, 1875, daughter of Andrew Getty and his wife, Janet Wallace Getty. They lived on South St. and were among the pioneer families of Cowansville. She went to Northfield 55 years ago. Miss Getty was a member of Naomi Chapter, 18, O.E.S. and the Northfield Methodist Church.

The funeral was held from the Kingston and Parks Funeral Home, Northfield.

**MRS. JOSEPH MCCARTHY, OF GATINEAU** — Mrs. Joseph McCarthy, the former Cecilia Corrigan, died at her home on Feb. 25. Although she was not in the best of health for the past few years, her death came suddenly.

Mrs. McCarthy was born in Island Brook on March 9, 1891, to the late Bernard Corrigan and his wife, Isabella Largey.

She married Joseph McCarthy at Sawyerville in 1916. The first years of her married life were spent in the Eastern Townships then she moved with her husband to Gatineau in 1927, where he was employed as superintendent of the ground wood mill, which position he held until his death in 1949.

Mrs. McCarthy was a loving wife, a kind and good mother and a loyal friend. She will be sadly missed by all who knew and loved her.

She leaves two sons, John and Harland, of Gatineau; three daughters, Muriel, Mrs. Thomas and Lena, Mrs. Russell Robinson, both of Gatineau, and Cecilia, Mrs. James Smith, of Corinth, N.Y.; five brothers, Frederick, Joseph and Frank Cor-

**WM. BERTRAM GALLUP, OF DANVILLE** — A funeral service was held on Friday, March 4, for William Bertram Gallup, who died in the Queen Mary Veterans' Hospital on Tuesday, March 1. He was 72 years of age.

Bert Gallup was born in Tingswick, and had farmed in the district for many years. He was particularly active with horses, and became well-known for his life long interest in their care and training.

He was employed by the Canadian Johns-Manville Company, Asbestos, in 1927. During World War II he enlisted with the 5th Army Troops Coy, R.C.E., and served overseas with the Royal Canadian Engineers. He was invalided home in 1942, and resumed employment with the C.J.M. Company until his retirement in August 1953. He had made his home in Danville since 1942.

He was a member of the Royal Arch Masons, Richmond, and had life membership in Doric

ringan, all of Detroit, Mich., Owen, of Sherbrooke and Bernard, of Montreal; two sisters, Mrs. John Thompson of Gatineau and Mrs. John Belmont, of Detroit; also fifteen grandchildren.

The funeral, largely attended, was held at St. Aloysius Church, where Father Egan was celebrating the Pontifical High Mass, assisted by Father H. O'Connor, O.M.I., as deacon and Brother Harold O'Connor, as sub-deacon. The choir was under the direction of Holy Rosary Scholasticate, Ottawa.

The bearers were three grandsons, Thomas, Fenton and J. Ford, a nephew, Clifford Thompson and James O. Farrell and Robert McCarthy.

Interment was in the family plot in Gatineau. Prayers at the grave were said by the pastor Father Egan.

**J. F. C. COOK, OF BEDFORD** — The death took place on Friday, Feb. 19, of John Joseph Curtis Cook, at his home here, following a heart attack. Mr. Cook, who was born on April 30, 1880, in Manchester, N.H., had been a resident of this community for many years. He was a former resident of Farnham.

The funeral was held on Sunday afternoon at the funeral parlors of Joseph Dion and Son, Rev. W. J. White, rector of St. James Anglican Church, officiating.

The remains were placed in the Union Cemetery vault here, and interment will take place in the Farnham Cemetery in the spring. Bearers were Kenneth Best, Olen Casey, L. Ames, Gordon Jones and L. Falcon.

...THEN YOU MADE YOUR FORTUNE IN OIL, MR. DERRICK?

YES... BUT I'VE DECIDED TO GIVE MUCH OF IT TO CHARITIES IN THIS FINE CITY!

HOWEVER, MR. COBB, I DON'T ESPECIALLY CARE FOR ANY... AH... PUBLICITY!

HOW ABOUT ONE PICTURE ANYHOW... HUH?

WELL, SINCE YOU WANT THIS SIDE DOES THE MOST FOR ME!

ONCE WE SPOT THEIR BOAT, WE'LL HAVE A STARTING POINT FOR OUR SEARCH, HAIN!

LET'S HOPE THEY BEACHED ON THE LEE SIDE, EASY!

BUT THE BOAT IN QUESTION HAS BEEN SWEEPED INTO THE OPEN SEA...

AT THIS INSTANT SMART OF NEDRA TO THINK OF THAT BOAT PADDLE I CAN USE AS A CRUTCH...

BUT MY STARCH SHE SHOULD'VE BEEN BACK BY NOW!
