TOWN OF MOUNT ROYAL THE MODEL CITY

Eight minutes from the heart of Montreal via the electrically-operated Tunnel of the Canadian National Railways, lying on the northwest slope of Mount Royal and adjoining the cities of Montreal and Outremont.

The Town is conveniently reached by automobile from Outremont by following St. Catherine road to Rockland avenue, crossing the Canadian Pacific Railway tracks. The Town of Mount Royal's territory commences at this point. To the westward it can be reached by Cote des Neiges rd which is the continuation of Guy street.

Montreal Tramway buses (corner Queen Mary rd. and Cote des Neiges) cross the Town of Mount Royal to Park av. and Jean Talon with a ten-minute service.

Education—For Protestant and Catholic School purposes the territory of the Town of Mount Royal has been created into a separate school district. The School Commissioners have built a fire-proof two-story and basement school, built of brick and re-inforced concrete where elementary and high school grades are taught. A new fireproof school has been built to accommodate the first four grades. The classes are conducted by teachers of high scholastic degree. The Catholic education is taken care of by a new Catholic school, modern in every detail. Population about 5,000.
School enrolment for both schools 800 pupils

VERDUN

The City of Verdun is ideally located at the south-western limits of Montreal on the banks of the St. Lawrence River, which is

about 8 miles wide at this point. The municipality was incorporated as a village under the name of Riviere St. Pierre in 1874, changed to the Village of Verdun in 1876, erected into a Town in 1907 and a City in 1912. Since 1901 its population has increased from 1898 to 68,000. Possessing very few industries it is almost entirely composed of homes and stores. Its famous boardwalk is now being replaced by a modern asphalt promenade, brilliantly lighted, along the entire three-mile river front, and banked with attractive lawns and shrubbery. Municipal tennis courts, a bowling green and a dance pavilion are also situated here. In addition a very modern Municipal Auditorium and Hockey Arena has recently been opened, seating 4,500, as well as two magnificent open air municipal swimming, pools, both on the river front.

Great success has been achieved in the building of homes under the National Housing Act, the City offering suitable lots for sale at very low prices, on this plan a small model village is also being constructed.

Educational facilities are excellent, with thirteen Catholic and eight Protestant schools. There are two hospitals and eighteen churches. Public services such as health, police, water and electricity are of the best. Through its Municipal Playgrounds Commission the City Council gives special attention to providing and supervising playgrounds for children, and new areas are continually being designated for this purpose.

The form of civil government consists of a mayor and eight aldermen elected every two years. Four aldermen are elected by proprietors only, and the Mayor and four aldermen by all rate payers. The City Manager System has been in force since 1938. The Mayor and four aldermen constitute an Executive Committee. Population, 68,000.

WESTMOUNT

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the St. Lawrence River, Lake St. Louis and surrounding country is obtained. The city is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 28 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The city owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park and playground spaces owned by the city cover an area of about 119 acres equal to 12 per cent of the total area of the city. Twelve greenhouses are maintained. A flower clock has proved to be a novel attraction.

Many municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.

The Westmount Athletic Grounds on St. Catherine Street, containing an area of 7.8 acres, are leased to the Dept. of National Defence.

The city owns a free public library. During the year 182,688 volumes were circulated for home use.

The Victoria Hall as a community centre is continually in use for church, charitable, educational, fraternal, municipal, political and social activities.

Public education is provided by the school commissioners of Westmount and the school commission of St. Leon de Westmount. In addition there are a number of private schools.

The city is supplied with filtered water and a 98 per cent efficiency is required. The water is regularly tested to assure that a maximum of purity is maintained. Population about 24,692
