World News In Brief

Murfreesboro, Tenn., Dec. 17.—(AP)—Police today investigated a report that Edmond Haynes, 54-year-old Negro who fatally shot a policeman and wounded four other persons during an hour of running gunplay yesterday, was wanted in Toledo, O., in connection with the murder of his wife there several years ago.

Police said warrants had been signed charging Haynes with the murder of Herbert McLanahan, 38, Murfreesboro patrolman who died last night, and with attempt to commit murder against Fire Chief Buck Qualls, Sheriff Earl McKnight and Police Chief N. W. Powers.

Haynes shot McLanahan as the patrolman questioned him following a complaint from a storekeeper that the Negro was acting suspiciously around his establishment.

Montreal, Dec. 17.—(CP)—Eighteen hours later, a passenger train carrying 431 war brides and children arrived here yesterday from Halifax after being delayed by derailment of a freight train. It was the third set-back for the new Canadians since leaving England.

The party first had a two weeks wait in England while their ship, the Empire Brent, underwent repairs after colliding with a cattle boat soon after starting her overseas voyage.

When the ship reached Halifax Harbor Friday morning a 34 mile gale prevented her from docking until late afternoon and the bride's special train was unable to leave until after dark. Seventeen freight cars derailed near Bic, Que., yesterday morning held up the party for the third time.

Quebec, Dec. 17.—(CP)—Mons. Omer Plante, auxiliary Bishop of Quebec, presided over ceremonies in the Franciscan Missionary Sisters Convent here Sunday when a group of young women took religious vows.

Newly-created nuns included: Uciele Dufresne, Montreal; Marie Paule Mercier, Sherbrooke, Que.; Marie Rose Lavoie, St. Jean l'Evangéliste, Que.; Beatrice Lesage, Coaticook, Que., and Leoncinne Boucher, St. Gabriel Lallemand, Que.

Father Louis Routhier, C.S.S.R., of Aylmer, Que., preached the sermon.

Warsaw, Dec. 17.—(AP)—The supreme national tribunal called four former Nazi officials to trial today on charges connected with the mass execution of Poles and Jews and the destruction of Warsaw.

The four were Ludwig Fischer, governor of Warsaw from 1939 through 1944; Max Daume, police colonel; Joseph Meisinger, Gestapo chief, and Ludwig Leisz, civil guard captain. The prosecution was expected to ask their execution.

Verdicts are expected about Jan. 15.

Nova Scotia And Dominion Clarify Tax Negotiations

Ottawa, Dec. 17.—(CP)—Status of tax agreement negotiations between the Dominion and Nova Scotia was clearer today as a result of last night's release of an exchange of correspondence between Prime Minister Mackenzie King and Premier Macdonald.

The next move in the negotiations would be up to Mr. Macdonald. He had before him Mr. King's letter of December 14 which outlined the Federal Government's attitude toward the Nova Scotia proposals in a letter from Mr. Macdonald December 5.

The letters, released simultaneously in Halifax and Ottawa, indicated that the gap between the two governments is not large particularly on question of taxation rights.

Mr. Macdonald said that his government is ready to refrain "temporarily" from collecting personal income and inheritance taxes. It is also prepared to allow a five per cent tax to be collected on its behalf by the Dominion.

MAY WED PRINCESS ELIZABETH

PRINCE PHILIP OF GREECE, whose engagement to Britain's Crown Princess is expected to be announced at any time, according to sources close to the Royal Palace and the British Government. Official denials of the proposed marriage are believed investigated only by current political issues. King George VI must give his royal assent before the marriage could take place and the British Government and Privy Council must be consulted. The union would make the royal scion of Greece Prince Consort, if and when, Elizabeth mounts the throne.

2 Rounds Won By Lewis In Court Battle

Supreme Court Ruling Enables Leader of Mine Workers to Invoke Norris - LaGuardia Anti-Injunction Act.

Washington, Dec. 17.—John L. Lewis won a double victory yesterday in preliminary rounds of his legal battles with the United States Government and the coal mine operators.

The Supreme Court granted his petition to broaden the arguments of his appeal from the contempt-of-court conviction against himself and the United Mine Workers, which resulted in a \$3,510,000 fine against the union and Lewis.

2—The United States Circuit Court of Appeals upheld the recognition granted to Lewis' union of mine foremen in the existing contract between the Government and the U.M.W. The circuit court rejected a challenge interposed by the Jones and Laughlin Steel Corporation.

Baruch Proposal Encompasses International Controls and Inspections Outside the Veto Recently Agreed to by Molotov—Commission Will Commence Debate on Question Today.

Lake Success, N.Y., Dec. 17.—(AP)—The United Nations Atomic Energy Commission was summoned to take up the long-debated question of atomic energy control today amid indications that American Delegate Bernard M. Baruch was ready to press for an early vote on the United States plan.

The American proposal, stressing international controls and inspections, was turned down flatly by Andrei A. Gromyko of Russia last summer. During the recent general assembly sessions, however, Foreign Minister Molotov agreed to international inspections and controls, which would operate outside the controversial veto but within the framework of the security council.

It remained to be seen whether, in the light of the development, Gromyko now would accept the Baruch plan, seek to amend it, or again insist on his own proposal.

Gromyko's original resolution, also put before the commission last summer, would ban atomic weapons and leave control and punishment to the individual countries.

Baruch, convinced of the "imperative necessity for speed," has prodded the commission continually and now points to the fact that the body must report to the parent security council by December 31.

Baruch's resolution calls for a strong international system of control of atomic energy established and defined by a treaty. This treaty (convention) would set up an international authority with full powers of inspection and control of the treaty regulations. The atomic bomb would be outlawed and the United States would reveal its secrets step by step with the setting up of effective safeguards.

The other U. N. body currently active—the Security Council—yesterday heard representatives of Bulgaria, Albania and Yugoslavia join in a demand that the council investigate conditions inside Greece.

Strongly denying charges of the Greek Government that the three countries had fomented guerrilla warfare within Greece for their own ends, the three in turn laid the blame at the door of the Royalist-dominated Athens Government.

Five To Hang In Lethbridge Wednesday

Execution of Four German Prisoners-of-War and One Canadian Veteran Establishes Diurnal Record.

Lethbridge, Alta., Dec. 17.—(CP)—A new high record for the number of hangings in one Canadian jail in one day will be set here tomorrow when five men—four German prisoners of war and a Canadian army veteran—will be executed.

The Germans were convicted of murdering a fellow prisoner in the Medicine Hat prisoner-of-war camp in 1944 and the Canadian, Donald Sherman Staley, 29, a native of Brantford, Ont., was condemned for the sex-killings of six-year-old Donnie Goss in Calgary last July 24.

The present high mark for hangings on any one day in any Canadian jail is four. The four Saladin pirates were hanged on July 30, 1844, in Halifax public square for murder and mutiny on the high seas. Four bank robbers were executed in Montreal on October 24, 1924.

The four Germans to go to the gallows are Staff Sgt. Maj. Bruno Perzenowski, 34, Sgt. Maj. Willi Mueller, 31, Sgt. Maj. Heinrich Busch, 29, and Sgt. Walter Wolf, 29.

Their victim, Cpl. Karl Lehmann, a German doctor of philosophy and a lecturer in the Medicine Hat prisoner camp, was accused by Nazi leaders in the camp of being a leader of a Communist group plotting to overthrow the camp leadership.

When Lehmann's removal from the camp was ordered by Canadian authorities in connection with separation of Nazis and non-Nazis in prisoner camps, the Nazi prisoners received orders from Germany by a hidden short wave radio that all Communists were to be killed.

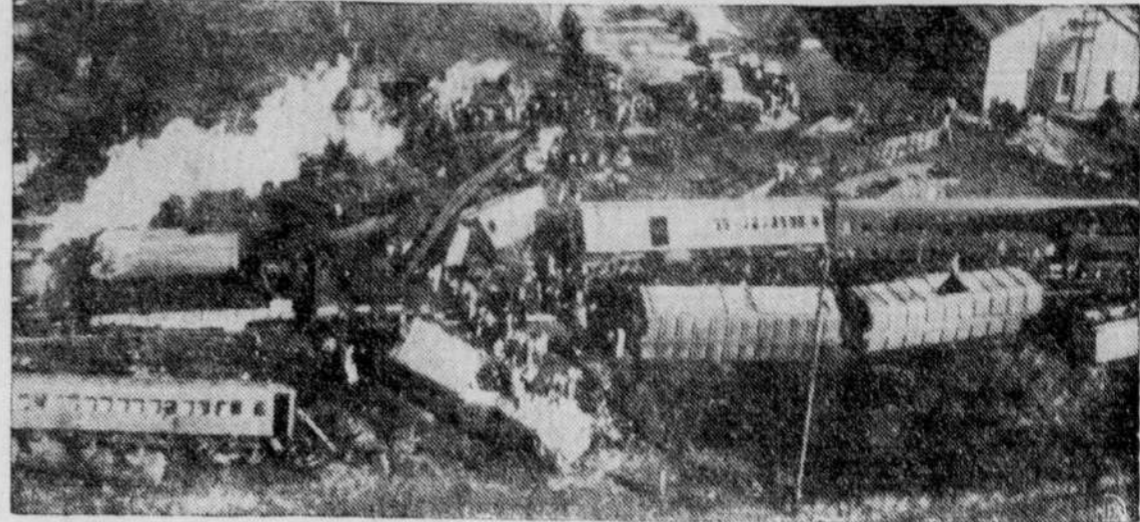

Lehmann was lured to a lecture room on the eve of departure. Members of the camp Gestapo hanged Lehmann with a piece of sash cord.

Lethbridge jail officials said none of the five condemned men has given any trouble and no special requests have been made.

Execution of the five men will begin shortly after midnight Tuesday but it was not known whether they will be hanged singly or in pairs. The official hangman who arrived in Lethbridge Sunday night from Eastern Canada will decide on details of the hangings.

No claim has been made for any of the bodies of the five to be hanged tomorrow and jail officials are preparing to bury them in a common grave. The bodies of three other murders also are buried in the jail grounds.

18 Killed In Train Wreck

A speeding Pennsylvania passenger train crashed into two derailed freight trains near Mansfield, O., killing eighteen persons and injuring 50 others. Aerial view (above) shows wrecker trying to clear smashed and twisted passenger and freight cars from right-of-way. Among dead and injured were soldiers travelling from Fort Dix to Chicago.

At right: Only the feet of these crushed bodies show clearly, protruding from the smashed cars.

Test Validity Of City Laws In Sect Case

Defence Counsel Would Fight Charges Individually in Some 800 Witnesses of Jehovah Trials.

Montreal, Dec. 17.—(CP)—Court officials estimated yesterday that 800 witnesses of Jehovah cases pending in Recorder's Court were argued on their merits. It would take the court two years and two months of steady sittings to dispose of them. And that's not counting holidays and court recesses.

Some 800 cases are backlogged in which sect members are charged with distributing pamphlets without licence. A test case on the validity of Montreal's \$25 licence law is now before Mr. Justice G. F. Gibson of the Quebec Superior Court.

In Recorder's Court yesterday, A. L. Stein, counsel for the Jehovah's Witnesses, said he intended to fight the cases individually wherever possible.

"I intend to plead and argue each case on its merits, giving the accused the benefit of a full and complete defence," Mr. Stein said.

City Prosecutor Antonio Lamer, on the other hand, indicated he was pinning his hopes on Mr. Justice Gibson's judgment as a means of hastening disposition of the cases.

When one case came up in which testimony touched upon the qualifications of sect members as "ministers," Prosecutor Lamer objected and held the question had been thoroughly thrashed out in the case now before Mr. Justice Gibson.

"As far as I am concerned in this case, I will not even argue but hold to the judgment which is now in appeal before Mr. Justice Gibson," he said.

Some 150 sect members crowded the spectators' section of the courtroom while the argument proceeded, listening intently to the legal exchanges.

The pamphlet-peddling cases in Recorder's Court are distinct from several dozen conspiracy and seditious libel cases pending in criminal courts as an outcome of Premier's "burning" campaign against the pamphlet, "Quebec's Burning Hate," in which the sect allegedly attacks the Catholic Church, the Quebec government, and the courts.

Freight-Auto Crash Claims Three Lives

Accidental Death Verdict Carries Rider Wig-Wag System Should Be Installed at Crossing Near Drummondville.

Drummondville, Dec. 17.—A verdict of accidental death was returned yesterday afternoon by a coroner's jury sitting under Coroner Dr. Rene Millet, investigating the triple death in a level crossing accident early Monday morning at Notre Dame du Bon Conseil, ten miles north of Drummondville.

A mother and her two children, aged twelve months and three years, were killed instantly when their car in which they were driving with three other persons crashed into a C.N.R. train at the crossing shortly after midnight.

Victims were Mrs. Armand Nadeau, 35, of St. Simon de Drummondville, and her two young children, who succumbed instantly, her husband and her two brothers, Henri Trudel and Paul-Emile Trudel, all critically injured and confined at Ste. Croix Hospital here.

The hospital stated this morning that Mr. Nadeau was suffering probable head injuries and a fractured jaw and left leg.

After hearing the evidence the jury attached a rider to its verdict recommending that a wig-wag alarm be placed at the railroad crossing, scene of the triple fatality.

GRANBY MAN CHARGED WITH ASSAULT

Granby, Dec. 17.—(Special to the Record)—Charlie Emil Savary, 25, of Granby, was charged with assault and battery and attempt to commit a theft in connection with an attack made on Gaston Forand, Granby manager of Melsan's Brewery, late last Thursday night.

Forand had put his car away when he was attacked with an iron pipe. Forand retaliated and managed to hold his attacker until neighbors summoned police. Savary will appear for preliminary hearing January 16.

The candidates are: Gerard Cournoyer, K.C., of Sorel, Liberal; Etienne Duhamel, of Contrecoeur, Que., Progressive Conservative; and Roland Corbell of Granby, Que., Union des Electeurs de Quebec (Elector's Union of Quebec).

S.S. Doctors Used Clerics As Guinea Pigs At Dachau

Nuernberg, Germany, Dec. 17.—(AP)—A German legislator testified today he "saw" S.S. Doctors inject poison into 40 clergymen at Dachau to watch their reactions and that some of the victims died.

The testimony was given by Heinrich Wilhelm Stoeck, 42, a Social Democratic Party deputy in the Bavarian Legislature, at the trial of 23 Nazi physicians charged with experimenting on human beings.

He said he was imprisoned in 1934 because he was a political opponent of the Nazis and was finally liberated by French troops at Dachau in 1945.

Nuernberg, Germany, December 17.—(AP)—A bent-over youth with the face of an old man limped yesterday to the Nuernberg courtroom yesterday, deposited crutches and then sat staring at 23 Nazi doctors in the prisoners' dock.

He stared and twitched. He sat up from where they could see him. "I'm coming back," he said as he left toward the end of the day. "I want to see them all hang."

Passenger Car Prices Up 10 P.C.

Seven Per Cent Boost in Price of Commercial Vehicles, Effective Tomorrow, Also Announced by Prices Board.

Ottawa, Dec. 17.—(CP)—A 10-per cent increase in the consumer price of new Canadian-made passenger automobiles and a seven per cent boost in the price of commercial vehicles, effective tomorrow, were announced today by the Prices Board.

Permission for the increases was granted, the Board said, because of higher prices being paid currently for essential imported parts and "substantially higher costs of both domestic labor and materials."

The companies who are permitted to make adjustments in prices are the Ford Motor Company of Canada, General Motors of Canada and the Chrysler Company of Canada, and the Board said the increase in price was allowed following demonstration by the three companies of the effect of higher production costs.

Board officials said that despite increased production costs, the permitted price increase has been held to a point where the price of domestically produced cars compares "favorably" with that of imported cars.

A Canadian who imports a standard model from the United States today would be obliged to pay upwards of \$200 more than for the same Canadian-made car under the new domestic price ceiling, the board declared.

Mystery Man Of Nazi Arms To Face Trial

Friedrich Flick, Phantom Weapon Manufacturer, Will Come Before American War Crimes Tribunal February 1.

Nuernberg, Germany, Dec. 17.—(AP)—United States prosecution officials announced yesterday that Friedrich Flick, phantom German armaments maker, would go on trial February 1 as the first Nazi industrialist to face an American war crimes tribunal.

The second trial will be against the I. G. Farbenindustrie, huge chemical combine, to be followed by the Krupp steel empire, the Dresdener Bank and the Hermann Goering Werke steel combine.

Flick, who built up a \$400,000,000 fortune, will appear for preliminary hearing January 16.

Hotel Employees Held In Montreal

Montreal, Dec. 17.—(CP)—A 48-year-old employee of the Ritz Carlton Hotel here and a 22-year-old woman were arrested last night in connection with the theft of \$8,000 in cash from the hotel safe 19 days ago.

Police said Frank Bennett, who was one of a small group of hotel employees who knew the combination locking symbol of the safe, and Mary Zeluka, who worked at the hotel until recently, will be arraigned today on charges of conspiracy and theft.

Detectives working under Captain Trefle Sevigny reported they found the \$8,000—the hotel payroll divided into individual pay envelopes—in a trunk which the girl allegedly placed in the care of friends who thought it contained clothing.

ON THE SETS

Hollywood, Dec. 17.—(NEA)—The new comedy team of Groucho Marx and Carmen Miranda was clicking in a big way, even though no camera was turning on the set of "Copacabana." It was between scenes, and Groucho and Carmen were ad libbing for laughs.

Carmen started to explain to us that she plays a dual role in the film—as herself and as a French musical-comedy star in a blonde wig.

"And then," she said, "nobody knows it's me."

"Yes," Groucho said. "Nobody knows it's her—except the audience."

A couple of electricians walked by. Groucho beamed at them.

"I smile at everybody," he explained, "because I don't know who's got money in the picture."

Carmen was American's highest-paid woman last year. The Treasury Department reported her income as \$285,000.

"I got in the wrong bracket," she groaned, "and after paying my tax they left me \$14,000." But she said she wasn't complaining.

"After making an Army hospital tour—seeing those poor boys without arms and legs—I felt lucky to have even that much left."

perfect lady"—and a \$6000 gamble.

Enterprise studio had tested 23 actresses for the part when Ruth's agent talked the studio into giving her a test, over the objections of several big shots who said, "Ruth Warrick? She's not the type. She's the perfect lady."

Ruth was worried about the test herself. Then she took the gamble, spending \$8000 on a mink coat and a dress she couldn't afford.

"Kate," she explained, "was a wealthy American girl to whom a mink coat was as casual as a pair of gloves. She might carelessly throw it on the floor, but she wasn't Kate without it. It was part of her. In that mink coat I wasn't nervous during the test. I felt at ease—I felt like Kate."

And Ruth won the gamble. Studio executives looked at the test and said: "That's Kate."

STORY BEHIND "THE STORY" Veteran Al Green, who has been directing movies for 32 years, was behind the camera on "The Jolson Story." Al can take a big bow, too—the picture is his greatest in a long string of hits.

We imagined that Al Jolson himself had worked out with Larry Parks, to help Larry capture all those Jolson gestures and mannerisms Jolson did give him a lot of help, according to Green, but it was a fellow named Bobby Gordon who did most of the teaching.

Bobby once did a Jolson impersonation on the stage. So Green hired him as Larry's "Jolson coach."

They worked out for weeks in front of a big mirror. Bobby went through the songs, with all the gestures, and Larry followed him.

Green credits Larry for the success of the film.

"He worked like a fool. He even learned a 3 1/2-minute Jewish chant which had to be cut out of the picture because it was running too long."

ROCK ISLAND

Winston Kelley, of St. Albans, Vt., was a week-end guest of Mr. and Mrs. Walter Derusha, in Derby Line. Miss Dorothy Derusha entertained in his honor at her home.

Lions Planning To Distribute Gifts Among Needy Children

The acceptance of a proposal to supply needy children with gifts on Christmas eve and an address on the textile industry by K. C. F. Mills, local plant manager of the Dominion Textile Company, featured last night's meeting of the Sherbrooke Lions Club in the New Sherbrooke Hotel.

Acting upon a suggestion put forward by M. T. Minimum value per gift was set at one dollar. It was agreed that any member arriving without a gift in his possession would be

PARENTS AND FRIENDS SEE WORKOUT AT "Y"

Strutting their stuff before a packed gallery of fond parents and interested friends the boys of the various classes at the Y.M.C.A. put on a splendid program of maze running, tumbling, competitive games, and moving pictures.

At 7:45 sharp the entire troupe, minus the Rogues, went through a maze run, and from then until the mazes were shown kept the spectators interested in their various numbers.

The program was not rehearsed but designed to show the parents the type of recreation and exercise their sons enjoy while in the Y.M.C.A. building.

The first act by the Juveniles, Juniors and Employed Boys, was a maze run followed by a grand march which brought the group into drill formation where they went through a "small, tall, large competition." This was followed by calisthenics, imaginary football and races.

The Midgets, boys 8 and 9 years of age, were next on the program and demonstrated their skill in a series of relay races.

The surprise entrance of the Juvenile Group was somewhat different from the usual. During a minute or so while lights were out they secreted themselves in several places around the gym, then when the lights came on, and at a signal from the director they appeared as if from nowhere and quickly lined up in the centre of the gym to be divided into groups for a mass apparatus act.

A fine display of elementary tumbling was demonstrated by a special group consisting of the following members, Ted Robinson, John Evans, Ronald Crease, Jack Webster, Jim Fountain, Maurice Cassar, Charles Buckland, Warren Lynch and Leonard Webster.

The final number by the Employed Boys and Junior Group was a demonstration of Borden Ball and Floor Hockey. Both of these games are fast, aggressive games and created much enthusiasm among the spectators.

Spectators then moved from the running track to the floor of the gymnasium where they, and all the boys taking part, in the program, enjoyed two reels of moving pictures. This part of the program was taken care of by Mr. James Munster.

The entire program was under the direction of Cliff Sutton, physical director of the Y.M.C.A., assisted by the following members of the Junior Leaders Corps, John Evans, James Fountain and Leonard Webster.

Bourque Declares Roncarelli Leader Of Jehovah Witnesses

Hon. Johnny Bourque, Provincial Minister of Lands and Forests and of Hydraulic Resources, declared here that Frank Roncarelli, well known Montreal restaurateur whose license was recently cancelled because he furnished bail for the Witnesses of Jehovah, is the leader of this religious sect in the province of Quebec.

Mr. Bourque made this statement at a meeting of the Constructors' Association of the Eastern Townships, held at the Social Club, where he outlined the provincial government's stand in regard to the Witnesses of Jehovah as well as

of circulation of their nefarious literature in the Province.

"Furthermore we have concluded that the chief Witness in the Province was Mr. Roncarelli. This Mr. Roncarelli has operated a legitimate business in Montreal for some time and held a Provincial liquor licence. Such a licence may be recalled at any time for any reason which the Government deems sufficient. Abusing the privileges which the Government has accorded him, Mr. Roncarelli has sought against the Government's decision to remove the Witnesses of Jehovah from the Province.

HON. J. S. BOURQUE

Premier Duplessis' cancellation, in his capacity of Attorney General, of Roncarelli's liquor licence.

"The Minister declared that his government is in possession of "different documents on a number of organizations operating throughout the Province of Quebec" and that "we will likely be blamed later for not having acted sooner."

"We have learned that the chief of the Witness of Jehovah in the Province of Quebec was Mr. Roncarelli," he said.

Col. Bourque stated that one of the main reasons for the wholesale apprehension of members of the sect was that during the war, this organization was banned by the Federal Government as illegal.

"Recently, upon the counsel of certain ministers, we decided upon arrest of all the members of the Witnesses of Jehovah sect because

"I could add as well that with the different documents which we possess on different associations existing in the Province we will likely be blamed later for not having acted sooner."

J. E. R. PEPIN PRESIDENT OF UNDERWRITERS

J. E. R. Pepin was elected president of the Life Underwriters Association of Sherbrooke at the annual meeting held at the Club Frontenac yesterday noon. Retiring president H. A. Peabody, later named honorary president, was in the chair.

Other officers elected were W. W. Foote, first vice-president, L. Tessier, second vice-president, Raymond Bourbonniere, secretary, E. Garneau, C. A. Vincent and C. H. Kench, directors.

The roll call was responded to by each member giving a donation for the baskets of Christmas cheer and the singing of Christmas Carols was led by Mrs. M. Hyatt, with Mrs. W. T. Pearson at the piano. The hostesses, Mrs. G. Blodgett, Mrs. G. Robinson and Mrs. W. Wingate served refreshments, assisted by Mrs. A. Collins and Mrs. M. Blodgett. Mrs. J. J. Parnell and Mrs. W. S. Richardson presided at the tea table. Christmas decorations added to the festivity.

The financial report was presented by H. Trepanier and L. F. Jenne, speaking for the membership committee, announced that during the year membership had increased, giving Sherbrooke 137 per cent of the quota and first place in the province. The local Association, he said, is in line to win the J. A. Goulet trophy for best results in the recruiting drive. Thirty-five members were introduced in the past year.

In his report Mr. Peabody referred to the first safety congress to be held in the Eastern Townships for life underwriters, in October. Expressing the hope that it would become an annual affair he thanked the members of the Sherbrooke Association for attending with special thanks to J. A. Vidal and L. Tessier.

A letter of resignation as secretary was read from H. Trepanier. He will receive a token from the Association at the next meeting.

As yet there has been no development leading to recovery of the vehicle or apprehension of the party responsible for its disappearance.

Still another law in faction was attempted here recently when an unknown individual snatched at the purse which a Richmond lady was carrying as she walked along College Street in the evening. The would-be thief was frustrated on the occasion.

Investigation into the these cases is being conducted under the supervision of Chief Joffre L'Heureux.

STORE ROBBED OF JEWELLERY AT RICHMOND
 Richmond, Dec. 17.—Local police today were seeking a clue to the identity of the person or persons responsible for the theft of jewellery from the store of Willie Poirier, Main Street, during the early hours of Sunday morning and that of an automobile owned by R. A. Hinch, of this place, which disappeared last week.

The jewellery robbery is believed to have been staged between two and three o'clock when Main Street was completely deserted. The show window of the Poirier store was smashed and articles totalling \$500 in value were taken from the display shelf. Included in the loot were 15 watches.

Disappearance of the green, 1930, model Chevrolet sedan belonging to Mr. Hinch was equally mysterious. The owner had parked his machine for a few minutes at the street curb while transacting business indoors and upon his reappearance the automobile had van-

Many Christmas Parties Being Held By Local Organizations

The advent of Christmas always brings parties in its wake. And this year there are Christmas parties galore here.

This week there are five Sunday School parties with Christmas parties scheduled for all the Protestant intermediate schools.

Today Plymouth United Church and the Sherbrooke Baptist Church are holding Christmas parties for the children of the Sunday School. At Plymouth there will be a supper at six o'clock followed by an entertainment. The party at the Baptist Church is scheduled for the same time. Children will perform in skits, songs and recitations and will receive gifts from tall decorated evergreens.

On Thursday evening children of St. Andrew's Sunday School will have tea in the church hall at 5:30 o'clock before they are joined by their parents for movies and a Christmas concert. Santa Claus has promised to pay a visit before the evening is out.

Friday will see two more Christmas parties for Sunday School children. This time at Trinity United Church and at the Station Army Citadel. The former will begin at 8:30 o'clock. The party at the Citadel will be for the Youth Group and members of the Sunday School.

The Christmas parties in the Anglican churches of St. Peter's, St. Paul's and the Church of the Advent will be held after Christmas Day.

On Friday, December 27, the primary and kindergarten classes of St. Peter's Sunday School will have their Christmas parties in the afternoon, from 3 to 5:30 o'clock. There will be a Christmas tree, movies and refreshments. In the evening, the juniors and seniors will have a party with movies, refreshments and a prize-giving.

The Christmas party for Sunday School children at St. Paul's and the Church of the Advent will be held on Holy Innocence Day, December 28. St. Paul's party will be given under the auspices of the Men's Club. At the Church of the Advent there will be a supper before the entertainment and "the tree."

Most of the classrooms in all

are decorated with trees and Christmas motifs. Pupils at the Mitchell, Lawrence and East Ward Schools will have their Christmas parties this Friday, when there will be entertainments and exchange of gifts.

On Thursday evening at the Lawrence School there will be a Christmas entertainment given by children for parents and friends.

Every morning before classes start the pupils at Mitchell School gather in the assembly hall for fifteen minutes of carol singing.

The Athletic Association of the Sherbrooke High School will hold a formal Christmas dance in the school auditorium on Friday, December 20.

But all the Christmas parties here are not confined to Sunday Schools and schools.

The local branch of the Canadian Legion, B.E.S.L., will give a Christmas party in the William Street Armory on Monday, December 23, for the children of all veterans.

For the Christmas party for the local blind taking place at St. Patrick's Church Hall on Sunday, December 22, Neil Tracy, district field secretary for the National Institute for the Blind, is asking automobile owners to donate their services in transporting guests who will be attending.

This Saturday the annual Christmas party for patients at St. Francis Sanatorium will be held.

Tonight the Y.W.C.A., Howard Residence, is holding its annual Christmas dinner party.

The children's and junior classes at the Y.W. will have their Christmas party tonight with the tiny tots celebrating tomorrow afternoon. An all-Association Christmas party will be held at the Y on Wednesday evening.

Printing and Distribution of "Communist" Organs Prohibited—Rumored Arrest of Radicals by Secret Police.

By EDWIN B. GREENWALD Istanbul, Dec. 17.—(P)—The Turkish Army padlocked eight publications in Istanbul today, prohibited the printing and distribution of organs of a "communist" nature and outlawed branches of two new political parties it described as "directed in a camouflaged manner by Communists and people having extremist Communist tendencies."

The usually reliable source described the actions as a "small purge" and said they might be considered a warning that the Turkish government was ready to resist any "subversive movements."

55TH WEDDING ANNIVERSARY IS OBSERVED

At the suggestion of the Sunshine Committee the members of the Stantead North Women's Institute arranged a celebration for Monday evening, December 9, in honor of the fifty-fifth wedding anniversary of Mr. and Mrs. A. E. Curtis at "Cherryhedge."

Cards and messages of congratulations came from members of the Institute and friends of Mr. and Mrs. Curtis. Their two sons, Reginald in Boston, and Arthur E. Jr., in Montreal and their granddaughter, Carmen telephoned their congratulations and good wishes as did Mr. Julius Ives, of Sherbrooke.

Mrs. Baldwin, Stanstead, and Mrs. Lanoue, Newport, called earlier in the day.

An appropriately decorated wedding cake was the gift of Mr. and Mrs. Knowlton Curtis. Flowers were sent by the Institute and by Miss Jessie Colby. There were present fifty-seven guests, who enjoyed the Curtis hospitality, cards, refreshments and music.

The Rev. C. M. Stewart on behalf of the guests conveyed the good wishes of all their friends to Mr. and Mrs. Curtis. Mr. Curtis in reply thanked the guests for their good wishes and said that all their guests and friends were always welcome at their home. Mrs. Curtis wore the dress she had made for her fiftieth wedding anniversary. She remarked that she would wear it again on her sixtieth.

Blum's action followed initial Communist opposition to inclusion of extreme right elements in the cabinet and disapproval by the Mouvement Republicain Populaire and leftist rally of a Communist demand for the ministry of defence. In announcing his decision, Blum said he had acted to save France from a perilous situation. The new cabinet will serve only until a permanent government can be set up in mid-January. It held its first meeting last night and Blum told the group "Our ministerial existence will be brief, but we shall do everything so that it will be productive."

In forming his government, Blum reduced the portfolios from 24 to 17, eliminating the food ministry, for one. He himself took over foreign affairs. Others appointed included old-time Socialists, resistance workers, a banker, a woman and a Senegalese.

B.C. Tax Pact Is Outlined By Minister

Annual Federal Subsidy to Western Province Will Amount to \$21,299,000 in 1947, Abbott States.

Ottawa, Dec. 17.—(P)—Finance Minister Abbott said last night that in the proposed new taxation agreement with British Columbia a readjustment formula would be used to determine annual federal subsidy payments.

The formula would be different from that contained in the federal proposals to the provinces as outlined in the budget last June 27th, said Mr. Abbott. He was commenting on Premier Hart's announcement in Victoria of the details of the proposed agreement.

Mr. Hart said the annual subsidy in 1947 to the province for exploration use of the income and corporate tax fields by the Dominion would amount to \$21,299,000. Under the budget proposals British Columbia was guaranteed a minimum of \$18,000,000.

Mr. Abbott said that under the budget proposals the provinces were offered a minimum of \$15 per capita based on either the 1941 or 1942 population and the value of gross national production.

The readjustment in the formula would allow British Columbia to obtain increase in subsidy payments in accordance with any increases since 1942 in population and gross national production.

Tens of thousands of slaves, including women, toiled in his plants, producing airplanes, tanks, armored trains, submarines, and V-1 robot bombs.

United States officials, describing him as the mystery man of the Nazi economic setup, said he probably was the greatest individual power behind Germany's wartime industrial machine — even greater than Gustav Krupp von Bohlen and Halbach, who at one time was listed among the original Nazi war crimes defendants.

Union Leader Is Sentenced To 6 Months

R. Kent Rowley Convicted of Inciting to Riot Following Actions at Valleyfield Textile Workers' Strike.

Montreal, Dec. 17.—R. Kent Rowley, who contended his presence in court was the result of his fight "for the betterment of living conditions" of textile workers at Valleyfield, Que., was sentenced yesterday to six months in jail for illegal assembly and inciting to riot.

Mr. Justice Wilfrid Lazure, who told Rowley he was being sentenced not because he was a union official but solely because he had been found guilty of violating the penal code, said the month Rowley already had spent in jail would be deducted from his sentence.

Rowley later appeared before Mr. Justice St. Germain in chambers and obtained his liberty on \$5,000 bail pending judgment on his appeal.

LOCAL BLAZES ARE PUT OUT BY FIREMEN

Two calls were answered by No. 1 Fire Station yesterday, one for a fire at the St. Charles Seminary yesterday afternoon and one late last evening at Olivier's Store on Wellington Street North. Both fires were quickly extinguished and caused only minor damage to the buildings.

A fire broke out in the recreation room of the Seminary shortly after 5 p.m. It is believed that the fire started from a cigarette which had not been stamped out. Upon the arrival of firemen from No. 1, No. 4 and No. 5 Stations, flames were creeping up the wall, but these were subdued immediately with a booster line.

OBITUARIES

MR. ROBERT W. JENKINSON, OF BROOKBURY Brookbury, Dec. 17.—This community was deeply grieved on Tuesday, November 26, when it became known that Mr. Robert W. Jenkinson had passed away suddenly.

Mr. Jenkinson had suffered a severe illness two years ago, from which he never fully recovered. Although able to be up and go for short motor trips he had not been able to work for some time. On the day of his passing, his cousin, Mr. A. Jenkinson, and family, of Bishopton, had been dinner guests at his home and with them and his wife, he had been to Bury. On their return he had just stepped from the car, when he fell. Death was instantaneous.

He was in his seventy-second year. Born in Dudswell on September 29, 1875, he was the only son of the late Russell Jenkinson and his wife, Catherine Clarke.

While very young he came with his mother and two sisters to live on the farm, where he has since resided. He built a new house, where he brought his first wife, the late Alberta Card, to live on December 25, 1901, and who passed away in February 1909.

In July 1919, Mr. Jenkinson married Miss Marjorie L. Berwick, who, with their son, Cedric, is left to mourn.

Possessed of a cheerful and pleasing personality he had the faculty of making friends with both young and old. He will be greatly missed not only in his own home circle but in the surrounding communities, where he was widely known as a builder and carpenter of no mean ability. He served on the town council for upwards of fifteen years.

The funeral was held on Friday, November 29, in the United Church. The Rev. Mr. Hillier, of Cookshire, conducted the prayers at the house and also the services at the church. The choir was made up of old neighbors and friends with Mrs. D. J. Saunders, of Lennoxville, at the organ. One of the hymns, "The Old Rugged Cross," was a special favorite of the deceased. The church was filled to capacity with sorrowing relatives and friends who gathered to show their last respects to one beloved by all.

The bearers were old neighbors and friends, Messrs. Ibrey and William Batley, Gilbert and Ernest Grey, John Martin and Clifford Thompson.

Immediate relatives besides his wife and son left to mourn his loss are his sister, Alice, Mrs. Charles Chislett, of Vancouver, B. C., who was unable to be present; brother-in-law, Mr. Alex McKenzie, of Bishopton, and Mr. Charles Chislee, of Vancouver, B. C., four brothers of his first wife and several brothers and sisters. Mrs. Jenkinson, with a host of nieces, nephews and cousins, many of whom were present at the funeral.

A sister, Mary, Mrs. Alex McKenzie, of Bishopton, predeceased him in July 1944.

Relatives from a distance to attend the funeral included Messrs. Archie Card, of Cambridge, Mass.; Arthur Card, of Manchester, N. H.; Herbert G. Card, of Waltham, Mass.; Mr. and Mrs. Rufus A. Coates, Mr. and Mrs. W. P. Watson, Mr. and Mrs. Gordon Coates, of Abbotsford; Mr. and Mrs. Sam Berwick, Messrs. Leslie Berwick, Wells Hooker and Miss Luessa Weir, of Sherbrooke; Mr. and Mrs. D. J. Saunders, of Lennoxville; Mr. and Mrs. Curtis Jenkinson, of Stoke; and many from Bury, Bishopton and the surrounding districts.

He was laid to rest in the Union Cemetery beside his first wife and their infant son.

MRS. JAMES RIDDLE, OF GRANBY Granby, Dec. 17.—Many mourn the loss of one of Granby's most loved citizens, Mrs. Ida Riddle, who passed away peacefully in her sleep on Friday, November 29, at her residence.

Mrs. Riddle was born in Massachusetts, in 1858, and came to Granby twenty years ago, after residing in Montreal for several years. Her husband Mr. James Riddle predeceased her in 1899.

She is survived by two sons, James Riddle, of San Diego, Calif.; Walter Riddle, of Granby; four grandchildren, Walter, James, Kenneth and Evelyn.

A grandchild, Campbell, was killed in active service in Italy, on November 24, 1943.

The funeral service was held at her residence, 95 Elgin, Street, on Monday morning, at 10.30, December 2, with the Rev. N. D. Paterson officiating.

Interment took place in the family lot in Mount Royal Cemetery, Montreal, on Monday afternoon, December 2.

MRS. JOHN KNUCKEY, OF SUTTON Sutton, Dec. 17.—Mrs. John Knuckey passed away in Sutton, on November 23, in her ninety-first year, at the home of her daughter, Mrs. Leon Dyer.

Mrs. Knuckey, born Eliza Jane O'Brien, was the daughter of Thomas O'Brien and his wife, Elizabeth Barnes. She was born in what is now Sutton Village, and had lived all her life in Sutton Township and Village.

She was married to John Robert Knuckey, of Sutton, on November 13, 1872. They had seven children, five of whom are still

OUR BOARDING HOUSE with Major Hoople

living. The eldest, William, died in 1938, and another son, Arthur James, died in Melville, Sask., in the spring of 1945.

Charles Knuckey, of Viscount, Sask.; Byron, of Nakusp, B.C.; Edith, Mrs. Carroll Huntington, of Newport, Vt.; Mary, Mrs. J. J. Waites, of Hollywood, Fla.; and Gertrude, Mrs. Leon Dyer, of Sutton, survive. There are fourteen living grandchildren, and seventeen great-grandchildren, also many nieces and nephews, with all of whom she kept in touch.

On September 2, of this year, she attended the wedding of a great-grandson, Perley (Pax) Huntington, to Priscilla Towne, in Newport, Vt.

Mrs. Knuckey knit for four wars. She knit for the Civil War, as a girl of eight or nine years old, and walked from her home in West Sutton, near where Mrs. Frank O'Brien now lives, to Solomon Sweet's store in North Sutton, to sell her socks. She knit for the Red Cross in Sutton, during the two World Wars.

She was in good health and enjoyed visiting with her many friends and relatives. She was only ill for two weeks, before her death, and up to that time had knit many socks and mittens for her grandchildren and great-grandchildren.

She had made her home with her daughter, Mrs. Leon Dyer for the past six years. She made two trips to the Canadian West, and three to Florida. In the last few years all her children, and many of her grandchildren had been home to visit her.

The funeral service was held in Grace Church, Sutton, with the Rev. Archdeacon Charters officiating. Rev. Mr. Charters spoke of Mrs. Knuckey having attended the centenary services in August of this year. She was born on

Gather Ye Rosebuds

By JEANNETTE COVERT NOLAN

THE STORY: Major Cameron, veteran of the Lost Cause, is a man who believes the spirit of the Old South can never die. He scorns the Yankee town he lives in, hates drumming Spunky Mule tobacco, leads a dream existence where the vulgar question of money never obtrudes itself. Miss Amy, kindly wife and mother, never questions anything he does. Their children include: beautiful, trusting Rose who has had a secret "adventure" with a strange young man; derisive Sidney, 19, who wonders why Ace Laishaw stopped writing to her; Jeff, 22, whose ambitions to be a cartoonist are encouraged by Sidney; Beau, 10; and Hannah, 12. The year is 1910.

CHAPTER XI
An hour later, the Major saw in the glass a most resplendent image, shaven and shorn, perfectly groomed, slick as a whistle.
He paid his bill (rather a disconcerting amount), tipped Joe, took his cane and went out, ascending to the street level. Here, under the griled framework of the hotel's marquee, he stopped, simply to bask a moment in his feeling of cleanliness and well-being. He planted his feet wide apart, folded

his hands on the knob of his cane, which made the third and balancing leg of a tripod, and stared dreamily off into space. Standing thus, he heard, after not many minutes, a prefatory cough and a voice behind him.
"Excuse me, sir, but aren't you Major Cameron?"
He turned and saw a man of middle age, dressed in good, dark clothes and wearing a black derby. The Major bowed. "I am William Cameron. But you have, I confess, the advantage of me."
"My name," the man said, "is Milgrim. Hubert Milgrim. And you could not be expected to know it, for we haven't met before. I asked Joe in the shop down there who you were, and he told me. Joe was, I may add, very laudatory in his remarks. I thought at once that you might be the gentleman who could, and would, give me some information I'm seeking. I am not a resident of Blakesville; my home is in Chicago. My card, sir."
The Major accepted the card and read its elegant engraving. "Ah," said the Major, and shook Mr. Hubert Milgrim's gloved hand. "Well, I am always ready to oblige a stranger to our little city."
"Thank you," said Mr. Milgrim. "Perhaps you will step into the hotel with me, where we can talk

at leisure?" Gesturing, he led the way into the St. George's somewhat garish foyer. "I am registered here. But wait, perhaps you will do me the honor of having a drink with me, in the bar?"
"Ah," said the Major, and found himself waited along beside Mr. Milgrim into the bar, down to the very end of the mahogany and into the shadow of some potted palms.
The bartender came to attention with all the promptness of a jack-in-the-box. "What'll it be, Mr. Milgrim?"
"My friend orders first," replied Mr. Milgrim, bowing toward the Major. "After you, sir."
"Buttermilk," rumbled the Major.
"Buttermilk," echoed Mr. Milgrim.
The bartender's jaw slackened a little, but he produced from a spigot under the counter two brimming mugs of foamy, cold buttermilk.
Mr. Milgrim spoke, with a really delightful informality, of the business which had brought him to Blakesville—and this pleasant moment. It was the oil business.
No doubt the Major was familiar with the famous history of the Golden Eldorado oil well, located in Warrick County, just over the line from Blakesville? Well, Mr. Milgrim and his partner, Mr. Richard Breen, also of Chicago, had procured, by dint of prodigious trying, an option on a tract of land adjoining the Eldorado property. Moreover they had had the tract surveyed by geologists, who assured them that it was as plentifully beneath it as beneath the Eldorado's surface.
But drilling for oil, even when you're positive it's there, is a suspenseful project and one in which you like to feel that you are not alone. With this phase of the matter in mind, the partners had decided to organize a company, and to divide the responsibilities, like the enormous profits, by shares.
They wanted to enlist with them in a common endeavor some particular man in Blakesville, who would act—temporarily, at least—as the company's president and by his own integrity and good repute, identify and establish the company's probity.
"And so," said Mr. Milgrim, rather suddenly, "when I saw you in the harbor ship, Major Cameron, I resolved to beg your advice. It is all so abrupt to you, let me tell you that I am an uncanny judge of character, and the minute I looked at you, I was convinced that you were capable, anyway, of advising Mr. Breen and me. I do hope that you will. Where, where in Blakesville is the citizen we're hunting?"
As silence fell, the Major stroked his mustache tentatively. "This man would — um — be a capitalist, I suppose?"
"Oh, not necessarily," said Mr. Milgrim. "No, he would have to invest nothing more than his name and his interest, and his unimpeachable honor."
"Well," said the Major slowly, clearing his throat, "it is just possible that I—I suggest someone."
Mr. Milgrim interrupted. "Why not come up to my room with me, sir, and we'll have luncheon sent to us from the restaurant? Mr. Breen is not in today, and I should like so much the chance to talk at greater length on the subject."
The Major could see no reason why he shouldn't lunch in Mr. Milgrim's room. The idea seemed to him a very good one.

DISCUSS BOOKS FOR CHILDREN AT DERBY LINE

Derby Line, Dec. 17.—Most children form their own tastes in reading by the time they start school, and accordingly the books they read before the time they are six years of age are of special importance. This was stressed as an interesting discussion of children's books by Mrs. Patricia Carroll of the Haskell Library at a meeting of the Derby Line Parent-Teachers Club at the Village Hall, Tuesday evening.

"In selecting books for children," said Mrs. Carroll, "watch for well-known and capable illustrators and writers. For the very young children picture books or mother goose stories are the most enjoyable. At a little bit older, boys and girls enjoy stories with talking animals in them, and as they grow still more they want stories of other countries and children of far-away lands. If the reading has been carefully selected, by the time the child is ready for school a taste for the better and more enjoyable books will have been developed that will afford pleasure the rest of his or her life.

"Older boys and girls much prefer to select their own books, with emphasis on travel, adventure of science; how to do it books; books which tell of various jobs and how they are done, and very often factual books with no story at all. The most care must be given to the first books a child has, and you should make certain that these early adventures in reading are the best books you can secure. Avoid books on too shiny paper, books with insipid drawings and books with blurred type and poorly done pictures. If the first books are the best you can get, and you do not need to pay too high a price for them as many publishers are issuing very attractive books at 25c and 50c, the child will develop a taste for good literature by himself that will always be of value."

Mrs. Carroll was introduced to the club by G. Earl Heath, who spoke of the many improvements in the library since she had taken over the position of Librarian, and also mentioned the forthcoming Children's Book Room as an additional service to the Boundary Communities.

Mrs. Alpha Heath, President of the Club, presided at the meeting and expressed the thanks of those present for an interesting and instructive talk. Mrs. Carroll had brought with her a selection of a few children's books and these were examined after her talk by the mothers and fathers.

During the business meeting reports were heard about the not lunch program that had been started by the Parent-Teachers Club. From 60 to 80 children at the Derby Line School were now receiving 10c lunches each noon, and Mrs. Heath asked for 15 mothers to each take one day each three weeks to aid in serving these lunches, as the work was too much for one person. Mrs. Lewis of Newport, District Representative of the State Parent Teachers Association, was present at the meeting and spoke briefly of the advantages to the local club if it affiliated with the State and National organization. It was decided to talk this matter over and try and reach a decision at the January meeting.

Roland Roy, Chairman of the Finance Committee of the Club, proposed that the club sponsor a home-talent play sometime during the winter as a means of raising money for the club. This was approved, and Mr. Roy was instructed to go ahead with his plans and call on members of the club for any needed assistance.

The members present enjoyed a lunch of sandwiches and coffee and

Montreal Writer Recovers Memory

Val d'Or, Que., Dec. 17.—(C)—Pretty 24-year-old Monique Chailier of Montreal last night was happily re-united with the husband who disappeared Oct. 9 and had been given up for dead—Paul Dumont Franette, 31-year-old French-Canadian writer.

Franette had been believed drowned last October after coming to the Val d'Or district to build up his physique. Instead he had fallen on rocks and suffered amnesia, later taking a job in a mine where he was known as Luc Lutrec. More recently he has been a reporter on the Val d'Or weekly newspaper.

A few days ago he regained his memory and his wife and other relatives in Montreal were advised he was alive. His wife arrived here and said "it seems unbelievable, but you don't know how happy I am."

It denied a report attributed to Ord that University of British Columbia had withdrawn from the organization because of Communist influence and that Dalhousie University had refused to consider entrance.

Treasure In Memories

*Rummaging In Past By Elderly Lady
Accords Fun And Sorrow*

The very old lady sat in her easy chair, her hands that had toiled so long, folded quietly in her lap, the sunshine making a halo about her snow-white head, her little grandson playing at her feet. Suddenly the child said: "Granny, what are you doing?" "I am only sorting out my memories," the very old lady replied. And the boy, not understanding but vaguely cheered and comforted, went on with his games.

Sorting out her memories! What a delightful occupation, I thought. What fun to rummage around in our past as in a box of keepsakes, and bring out half-forgotten things with the memories that cling to them! A bit of white satin, yellowed with age, that was once a part of a bride's gown. Was it Arabella's, or Jane's? A baby's crumpled shoe, still stained with a mother's tears over them half a century ago. A young girl's first dance program, scrawled with the names of Toms and Dicks and Harrys whose bodies lie under the poppies on Flanders Field, or beneath the palm trees on some tropic isle, or who else are fat and prosperous businessmen with sons just coming home from another war. A brass button that once adorned a general's uniform. A little book of poems with a pressed flower between its leaves that shatters in your hand.

JOYS AND SORROWS OF PAST
Oh me, ah my! So much has happened since the very old lady was young and took a part in life, instead of being just a looker-on at it who is trying to sort out her memories. And I wondered which of the joys and sorrows of her long life she was choosing to remember and mull over and which she was trying to bury in forgetfulness. And I wondered still more which of our own memories we would keep were it given us to choose among them.

Would it be the memories of our childhood when the gift of a new bicycle would send us to the seventh heaven of rapture, or a rainy day when we couldn't go to the picnic that plunged us into bottomless despair? Would we like to live over again in our memories our first romance and taste the sweetness of our first kiss on our lips once more? Hasn't the memory of her wedding, with its white satin and orange blossoms and flowers and music, been the bread on which many a woman has lived, long after her marriage turned to dust and ashes in her teeth?

Or perhaps, the thing that a woman values above her jewels is the memory of her first born's head upon her breast. Or, maybe, the memory that a woman likes best to recall is her great moment when she achieved her ambition and the applause of the world was music in her ears. Or perhaps the woman who sits and dreams of the past is just remembering long, quiet, happy years in which she and her husband walked hand in hand together.

And among the priceless treasures that we all possess are the memories of love that have been given us, kindness that has been shown us, of loyalties that have not failed us, of hands that have been stretched out to us in our need. Happy and wise those who have laid up a store of such memories upon which they can feed when the lean days come, when all that they have is their recollections of the past.

But if you were sorting out your memories, which ones would you choose? The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

MIND YOUR MANNERS

The Situation: You live alone, and, knowing that, a friend or fellow-worker invites you to his family home for Christmas dinner.

Wrong Way: Make no effort to show your appreciation by taking along a gift of any kind.

Right Way: Take flowers or candy or some other gift to your hostess—or if there are small children, find something especially for them.

Beautify the Christmas Table

Pine and spruce, red apples and Irish linen give a Merry Christmas atmosphere to the buffet-dinner table.

By GAYNOR MADDOX
At Christmas anything goes as decoration that's heart warming and expresses your own family's way of saying "Merry Christmas!" Traditional Christmas table decorations include evergreen—spruce or pine or hemlock—splashed with red. Combine the greenery with gilded pine cones and bright red apples, with silver tree ornaments and crimson winter berries or holly, with poinsettias either real or artificial. For a modern theme, red roses or carnations can be wired together to make lush overscale blossoms in combination with long-leaf pine.
But the silver must gleam on your best linen. The glasses must sparkle, too. This is a day for beauty and gaiety and fresh loveliness.
If there are children in the family or fortunate grown-ups who have not lost their belief in Santa Claus, Christmas trees make the best-lived table decoration. These may be growing trees planted in flower pots or a tree that you build by arranging spruce or hemlock branches in a sturdy flower-holder in characteristic shape. Paint the tips of the

branches with glue and dip in silver flitter which is sold in hardware stores. Trim with strings of popcorn, cranberries, multicolored jelly beans or small gumdrops.
The variety of holiday candles that has come back on the market this year will inspire some unusual table decorations. A row of fat red candles set in holly wreaths down the center of the table is simple and effective. Or a circle of tree-shaped candles can be placed around the edge of a pedestal cake-stand around an arrangement of evergreens and berries. Then there are all the novelty candles—snow men, Santa Clauses, Christmas carolers—which will suggest different decorative ideas.
BREAKFAST: Stewed prunes, oatmeal, coffee cake, coffee, milk.
LUNCHEON: Tomato juice, creamed codfish and eggs, whole wheat bread, butter, sliced oranges and bananas, sweet crackers, tea, milk.
DINNER: Salmon loaf, mustard cream sauce, baked potatoes, buttered spinach, hard rolls, butter, celery, apple brown, Betty, cream, coffee, milk.

HARD FLOOR INSTEAD OF SOFT BED IS BEST PLACE TO REST TIRED BODY

BEALL BALDWIN: Hard surface relieves fatigue.

By ALICIA HART
To take your rest at the end of the day for the "lift" that must keep you going, stretch out on the floor where postural kinks are ironed out by a hard surface. A soft bed or chaise longue, where most girls like to collapse, only coddles the kinks.
Who's talking? Beall Baldwin, who speaks the wisdom that every model knows.
To give fatigue a complete rout, she rests up before showering and dressing by lying flat on her back on the floor for fifteen minutes.
You can even groove your back flatter, she says, by bending your knees and touching soles of feet to the floor.
While you're resting, Beall reminds you that you can use the time to still better advantage if you'll cream your face and neck before lying down; remember to put pads over your eyes after you settle.
Her trick of soothing eyes is to dip cotton pads in chilled witch hazel, which she says makes 'em look and feel as refreshed as though they'd had an afternoon nap.

The Doctor Says

TEACH CHILDREN TO CHOOSE GOOD MEALS

By William A. O'Brien, M.D.
Proper food selection should be taught to children at an early age, to make them aware of the necessity of it and its relationship to good health.

The nutritional education of the American people has developed enormously in the last five years, largely as a result of the war effort and of improved economic conditions.

Until they reach the age of 10 or 12, children have little opportunity to select their own food unless their parents are aware of the desirability of their learning to do so. The school lunch program has been an important element in directing the attention of parents and children to the importance of proper selection.

Children should acquire early in life a willingness to accept pasteurized milk, the ordinary vegetables (cooked or raw), fruits, whole-grained cereals and breads, eggs and simple desserts. Children who are sweet-lovers usually eat an inadequate diet, for normal children seldom crave sweets.

The school day should start with a good breakfast consisting of pasteurized milk, tomato juice or a citrus fruit, an egg, and a whole-grain cereal or toast. Coffee has no place in the diet of children, for it tends to displace milk in the diet.

Make Lunch Nourishing
The school lunch should include pasteurized milk and a main dish of protein food, such as beans, eggs, macaroni or spaghetti made with cheese or meat. A thick meat soup is also a good main item, and it may contain some vegetable.

Whole-grain bread should be used for at least one sandwich if the lunch is carried, and the sandwich filler should be egg, cheese, meat, fowl, or peanut butter. Jelly and jam sandwiches or those made of spreads of little nutritive value are not recommended for children.

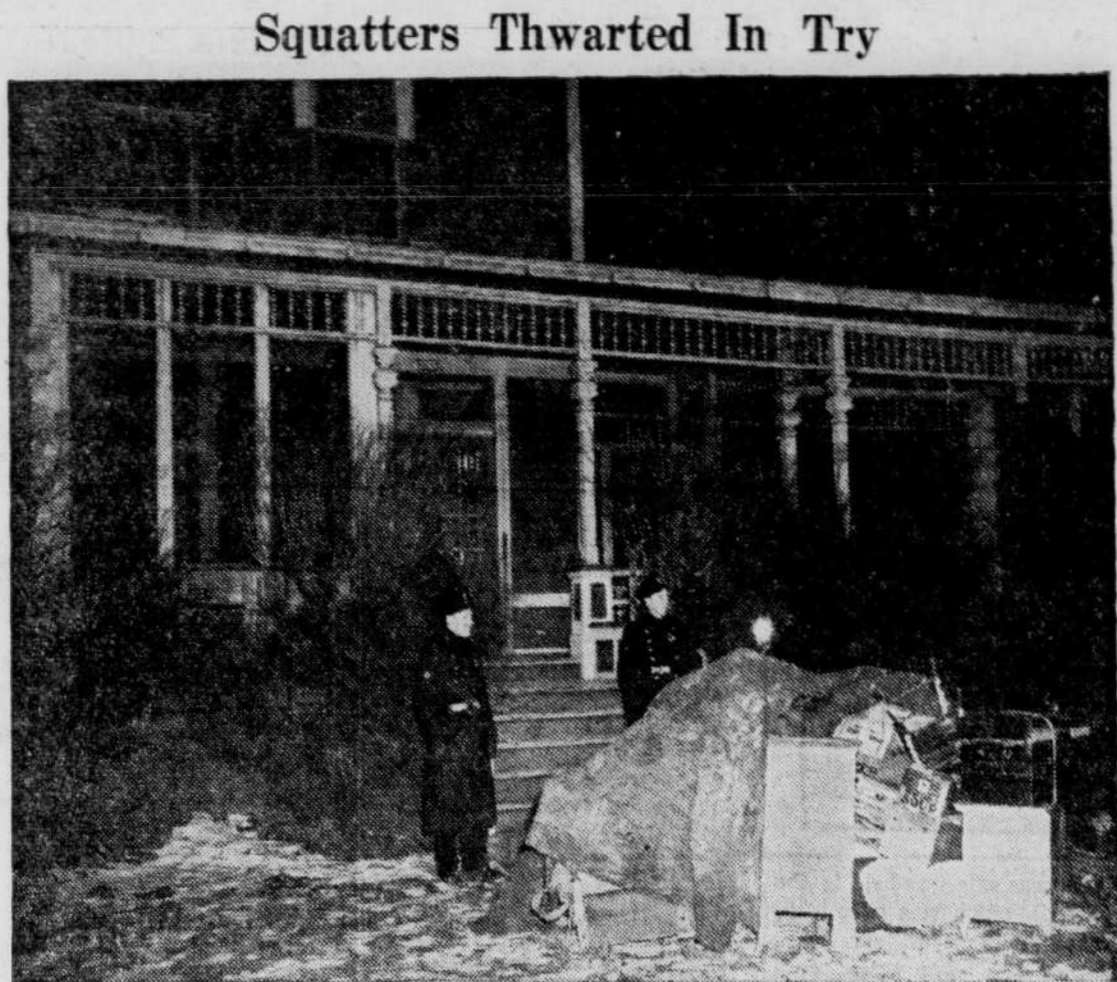

The noon-day lunch, whether

carried or eaten at school, should contain vegetables and fruits.

Ice cream and fruit, not cake or cookies, are the best all-around desserts for growing children.

Question: Is the marriage of first cousins likely to result in defective children?

Answer: The marriage of closely-related persons, including first cousins, may result in the development of superior children, if such characteristics are present in the family tree, or of defective children, if such characteristics are dominant.

For the first time in four attempts, squatters led by Henri Gagnon, provincial Communist organizer, were unsuccessful when a strong police detachment chased them away before they entered a vacant mansion at 2765 Cote St. Catherine road, in Montreal, shown above. Two constables kept an all-night vigil at the house where the veterans abandoned their furniture on the front lawn.

SCOTSTOWN

The December meeting of St. Andrew's Women's Association was entertained by Mrs. P. A. Sherman, with an attendance of fourteen, and was conducted by the president, Mrs. Angus MacLennan. The theme for the devotion, led by Mrs. W. A. Ladd, was "The Christmas Spirit," based on Matthew II:1, and Luke II:11, the key verse being, "For God so loved the world." Lesson thoughts, followed and the service closed with prayer. It was reported that the tables in the basement of the hall had been remodelled. A letter was read from Mrs. Robert Miller, of Montreal, signifying her desire to continue as a member of the organization. During the election of officers, the chair was assumed by Mrs. A. A. MacAulay, and the slate of officers presented by Mrs. P. A. Sherman, resulted in the re-election of the following: President, Mrs. Angus MacLennan; first vice-president, Mrs. J. D. Cox; second vice-president, Mrs. F. B. Mayhew; treasurer, Mrs. C. M. Smith; secretary, Mrs. R. A. Scott. These were duly installed by Mrs. MacAulay. It was decided that the sum of five dollars be charged for the use of the church hall, for weddings, which includes the day previous for preparation. A very nice pin and earring set was received from Mrs. Richard Cook, of Lennoxville, and other donations included tanning and plastic articles. Appreciation was expressed to Mrs. MacLennan for her faithful services as president, and thanks were extended for assuming the duties for the ensuing year. It was agreed that in future the meetings will be held at half past two, instead of three as formerly. The following conveners

were appointed: Devotions, Mrs. W. A. Ladd; visiting, Mrs. A. A. MacAulay; pillow cases, Mrs. C. M. Smith; aprons, Mrs. A. A. Mackenzie; quilts, Mrs. J. B. Scott and Mrs. Roy Waldron; button holes, Mrs. J. B. Scott; manse and hall, Mrs. Ladd and Mrs. F. B. Mayhew. The meeting closed with prayer by Mrs. Cox and tea was served by the hostesses. The regular monthly meeting of the Circle of St. Paul's Presbyterian Church was held in the church hall, with a very good attendance of members and visitors. The hostesses were members, who had not entertained previously during the year. Owing to the absence of the president, Mrs. John C. Smith, the first vice-president, Mrs. Alex G. Murray, was in the chair, and opened the meeting with devotional exercises. The report of the chicken pie supper and fancy work sale was very gratifying, and the treasurer, Mrs. Arnold MacKenzie, was instructed to pay the balance of the one hundred dollars towards the Peace Thank-Offering, and Advance for Christ Movement, which makes a total of three hundred dollars, given by the Circle towards this cause. It was decided to have three hostesses, instead of two, at each meeting, beginning in January. Mrs. A. M. MacKenzie and Mrs. Philip Boy were named as a nominating committee for the ensuing year. Following adjournment, the hostesses served tea. A meeting of St. Andrew's Sunday School Worker's Conference was held at the Manse, and was directed by the superintendent, Mrs. J. D. Cox, who opened the meeting by referring to the Universal Bible Reading Course, and

by reading extracts from a publication entitled "Now," Mrs. Cox and Mr. S. F. Carey led in prayer. It was reported that "Good Cheer" had been sent to the sick and acknowledgment of the same was read. Announcement was made of the C.G.I.T. Candlelight Service to be held, and the leader, Mrs. C. MacRae, submitted plans for the service. A Sunday School program for Christmas Sunday was drafted and at the close of the meeting, delicious refreshments were served by Mrs. Carey, which included a birthday cake in honor of the birthdays of Mrs. Cox and Mr. Carey.

Mr. and Mrs. Borden Parsons have returned to their home in Sherbrooke, after spending a holiday with the former's parents, Mr. and Mrs. Ernest Parsons, Col. Trevor Parsons, of Toronto, Ont., and Mr. Curtis Parsons, of Sherbrooke, were also visitors of their parents, Mr. and Mrs. Ernest Parsons.

Mrs. J. P. Cullen, of Lowell, Mass., and her son-in-law and daughter, Mr. and Mrs. Eugene Edwards, of the Panama Canal Zone, were guests of Mr. and Mrs. K. R. MacLeod, and of Mr. and Mrs. P. C. Goodin.

Graham has returned from Montreal, where he visited his sister, Mrs. Allan Morrison, at the home of the latter's daughter, Mrs. Angus Graham, and Mr. Graham. The friends of Mrs. Morrison, a former local resident, regret to learn of her continued illness. and her son and daughter-in-law, Mr. and Mrs. Murdo MacLeod, in Sherbrooke. Those who attended the rally of the Young People's Union, in Bury, were Mr. and Mrs. S. F. Carey, Miss Anne MacLeod, Miss Dorothy Ladd, Miss Lois Mackenzie, Miss Marion Powers, Mr. B. H. Waldron, and Mr. Robert Smith.

The friends of Mr. John P. MacLeod are pleased to learn that he is progressing favorably after an appendectomy in the Western Hospital, Montreal. He was attended by Mrs. Lorne Macdonald, R.N. During her stay in Montreal, Mrs. Macdonald was a guest of Mrs. Charles Woodside.

Mrs. Murdo MacArthur, who was a patient in the Montreal General Hospital, has returned to her home in Balabalan. Mrs. Charles Coburn and son, David, who were guests of the former's mother, after a sojourn in Ocean Falls, B.C., have returned to their former home in Beauharnois, where they joined Mr. Coburn.

Mrs. Frank Millinder was hostess at a delightful children's party, at her home, the occasion being the fourth birthday of her small son, Douglas, who, with six little playmates spent a merry afternoon playing games. Later, the hostess served refreshments, the table, attractively decorated with blue and white streamers, was centred with a decorated birthday cake, with lighted pink candles, and also with a 'surprise' cake, containing favors for the small guests. Master Douglas received many nice gifts from his young friends.

Sponsored by St. Andrew's Women's Association, a very successful Christmas sale was held in the church hall, which was effectively decorated with evergreen with touches of red. The tables, covered with white cloths, and decorated in red, were convened as follows: donations, novelties, and plants, Mrs. C. M. Smith, Mrs. J. B. Scott, and Mrs. F. B. Mayhew; home cooking, Mrs. Roy Waldron, Mrs. W. A. Ladd, and Mrs. A. A. MacAulay; aprons, Mrs. A. A. Mackenzie, Mrs. R. A. Scott and Mrs. J. D. Cox. A gaily-decorated tree, with colored lights, and laden with mystery packages, was in charge of Mrs. Charles MacRae, and Mrs. George Tessier. The proceeds of the afternoon were very gratifying. Mrs. Nell MacDonald, Mrs. Alex MacDonald, Mr. Gordon MacLeod, Mr. D. L. MacRitchie, Mr. George MacRitchie, and Mr. John N. Mackenzie attended the burial service of Mr. Donald K. MacDonald, of Montreal, at Echo Vale Cemetery, in Lake Megantic, on Saturday, November 30. The bearers at Echo Vale, were Messrs. Kenneth MacDonald, of Milan, John N. Mackenzie, George MacRitchie, and Gordon MacLeod, of Scotstown. Mr. MacDonald was widely known, and highly respected throughout the Townships. Later, he was station agent, for the C.P.R. for many years, in Milan Station, afterwards, acting in the same capacity, in Springfield, Mass. After his retirement, he went to Montreal, where he resided until his death. He is survived by his only daughter, Katherine, of Montreal; two sons, Angus, of California, and Randall, of Montreal; an aged brother,

MOTORISTS PROTEST STIFF AUTO TAXES

Sydney, Australia, Dec. 17—Australian motorists' associations are campaigning for taxation relief which they claim is crippling motoring and has made it a luxury beyond the reach of the average man. The organizations say the cost of keeping an average-sized car has risen from about \$4.80 before the war to \$12.80 a week. They estimate that few family men earning less than \$3,200, which is much higher than the average Australian income, can afford an automobile. Two charges against which they

argue are a federal sales tax on cars and the gasoline tax. The sales tax is up from six per cent in 1939 to 12 1/2 per cent and applies to higher car prices. The gasoline tax is 15 1/3 cents on a gallon of gasoline that retails at 34 2/3 cents. The tax represents an increase of about 64 per cent compared with the pre-war rate. The associations contend also that not a large enough proportion of government revenue from the gasoline tax goes to highway upkeep. Last year, they claim, only \$12,900,000 of \$40,000,000 collected from the gasoline tax was distributed to state governments for road maintenance.

RICHARD TAKES OVER N. H. L. SCORING RACE LEADERSHIP

Billy Taylor Is Topped From His Scoring Perch By Maurice Richard

Montreal, Dec. 17.—(AP)—Maurice (Rocket) Richard, Montreal Canadiens' prolific scoring right winger, has taken over the leadership in the National Hockey League individual scoring race with a total of 28 points, league statistics released today revealed.

Richard has sniped 16 goals, which is tops in the goal scoring section, and garnered 12 assists for a total of 28 points.

Ted (Teeter) Kennedy, Toronto Maple Leafs' centre, jumped from fourth place in last week's standings to the runner-up position this week with 25 points. Kennedy has sunk 15 goals and earned 10 assists for 25 points. Billy (The Kid) Taylor, Detroit Red Wings' forward who topped the scorers for the last seven weeks, is tied for second place with Kennedy. Taylor has accumulated 17 assists to lead the league's playmakers.

Milt Schmidt, Boston Bruins' hard-working pivot man, has been working his way up the scoring ladder and this week finds him in fourth place with 21 points, two points back of Detroit's Roy Conacher, who is in third place with 23 points.

Montreal Canadiens' Bill Durnan has the best goals-against record among the goalkeepers. Pudgy Bill has allowed 50 goals to slip by him in 22 games. Turk Broda of Toronto leads the shutout artists with three.

Wild Bill Eziniski of Toronto still holds the dubious honor of bad man of the circuit with 49 minutes in the penalty box, two more than Johnny Mariucci of Chicago Black Hawks who has spent 47 minutes in the cooler.

Toronto Maple Leafs are in first place in the league standings with

30 points made up of 13 wins, five losses and four ties. Canadiens are hot on the trail of the Leafs in second place with 29 points as a result of 13 wins, six losses and three ties.

"Y" DEFEATED CIRCO 66-31 IN LOOP GAME

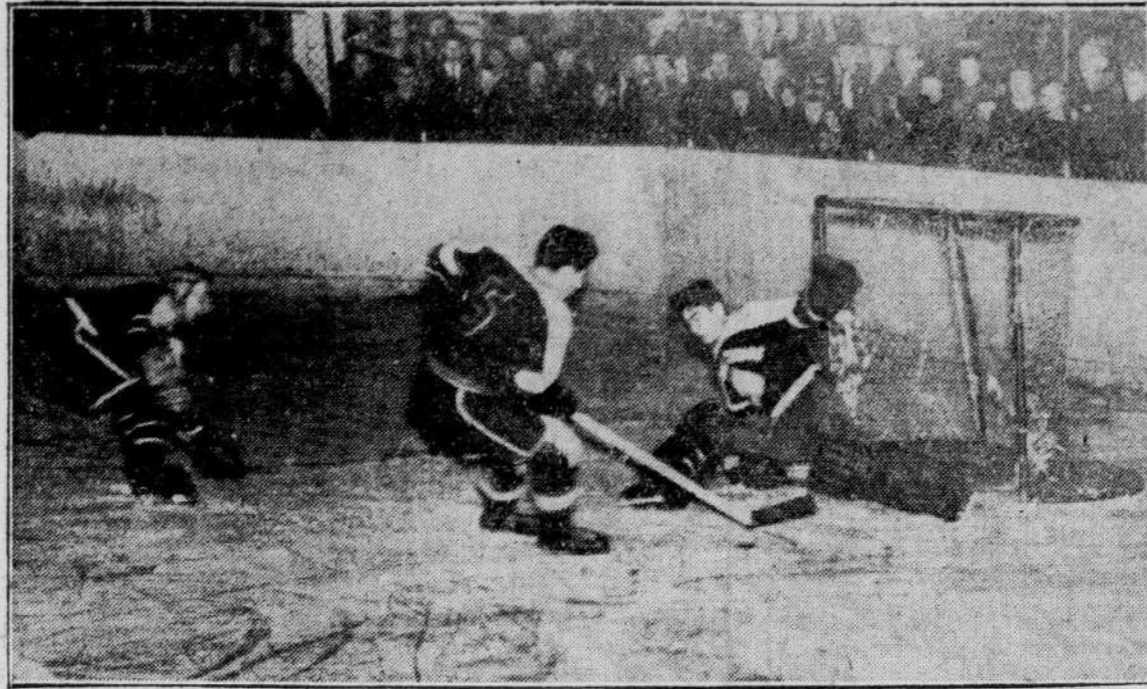

The "Y" basketball team, playing on their home floor, swamped Circo, 66-31, in a regular fixture of the Sherbrooke Intermediate Basketball league.

Having the advantage of man power the "Y" made use of it. Playing ten men to the Circo's five, the "Y" outscored their opponents in the first half 26-17, but in the second stanza the "Y" sagged, ran wild, dropping in baskets from all angles. They amassed a total of 40 points compared to the Circo's 14.

These teams meet in a return engagement this evening at the MacKinnon Memorial. The game is slated to start at 9:15.

Line ups:
"Y": R. Hunting, M. McLean, D. Martin, M. Gordon, C. Clarke, L. Gallagher, W. Potts, R. Olson, G. Ross and E. Nelson.
Circo: S. Roberts, W. Martin, J. Strickland, A. Hunting and W. Perkins.

Hal Newhouser, Detroit, Officially Recognized As A.L.'s Top Hurler

Chicago, Dec. 17.—(AP)—Hal Newhouser of Detroit Tigers today was officially recognized as the top pitcher in the American League for the second straight year.

Newhouser's 26 victories during the 1946 season tied him with right-hander Robert Feller of Cleveland Indians for the most games won, but the Big Tiger southpaw was No. 1 in earned runs with 1.94 per game compared with his 1.81 which led the league in 1945, when he won 25 and lost 9.

Toiling in 293 innings during 37 games, Newhouser compiled a record of 26 triumphs against nine defeats, gave up 215 hits for 77 runs against him, allowed 93 bases on balls and struck out 275 batsmen. His strikeout mark was topped only by Feller who whiffed 348 of the 1,391 men to face him.

In winning 26 games while losing 15, Feller's earned run average was 2.18, third best among pitchers who worked 10 or more complete games. New York Yankees' Spud Chandler was second to Newhouser in effectiveness with a 2.10 earned run figure for 34 games, 20 of which he won against eight losses.

Leading the won-lost column was Boston Red Sox' Dave (Doc) Ferriss with a 2-6 record for mark of 3.06. Ferriss was 14th in the earned-run department with 3.25.

The fifth 20-game winner in the league was Boston's Tex Hughson with 20 triumphs against 11 defeats. Hughson's earned run average was 2.75.

In addition to Newhouser, Chandler, Feller and Hughson, five other pitchers who worked in 10 or more complete games wound up with an under three earned-run average. They were Floyd Beven of New York, who won 16 and lost 13 and ranked fourth with 2.23; Paul Trout, Detroit, 2.35; Ed Lopat, Chicago, 2.73; Milt Haefner, Washington, 2.84; and Bobo Newsom, Philadelphia-Washington, 2.92.

Feller's outstanding record included appearance in more games, 48, than any other hurler; most innings pitched, 371; most complete

games pitched, 36. He allowed the most hits, 277, and also the most walks, 153. His 348 strikeouts broke a league record which had stood since 1904.

Feller also ran his one-hitter lifetime total to eight with a pair during the 1946 campaign—another league record. He twirled a no-hitter against New York, April 20; turned in two three-hitters, four four-hitters and 10 shutouts.

VINES SAID TO BE GOLFER TO BEAT IN 1947

Miami, Fla., Dec. 17.—(AP)—Along the golfing trail, they're saying that Ellsworth Vines, the reformed tennis player, will be the golfer to beat in 1947.

The Hogans, Nelsons and Sneads continued to dominate the professional picture during 1946, but with another year coming up, other names which may draw the attention along the tourney circuit were entering the picture.

Besides Vines, they include Johnny Palmer, Balin, N.C.; Louis Worsham, Washington, D.C.; Peter Cooper, Ponte Vedra, Fla.; George Schoux, Manamaronck, N.Y.; Al Smith, Danville, Fla.; and Jackie Burke, Jr., Houston, Tex.

But Vines has the experience over the others, and he also has what fellow pros term "terrific competitive spirit."

Vines, 33 years old, of Los Angeles, Calif., fired a six under par 29 to break the record on the outgoing nine of the Miami Springs golf course during the recent Miami open. There was much talk of his game.

"He is a good putter and long off the tee when he wants to be," they said. "But he's got more; he's got the stuff to stick in there and win."

"IN THE BUCKET" SERIES NEW RECORD FEATURE

Starting tomorrow the Record sports page will carry "In the Bucket," a series on basketball by the foremost coaches in the game.

The leading mentors of the hoop game will give descriptions of high scoring plays which are used by their squads.

These plays can be adopted by any squad and are easily adapted to any size floor.

Great Success Achieved At First Travelling Ski School Held Here

The first Canadian Travelling Ski School under the supervision of the Ski Instructors Alliance which began December 7th at the Hillcrest Lodge came to a close Saturday afternoon.

This School was directed by Guy Normandin, former ski instructor of the Lovat Scot Regiment in the Canadian Rockies and presently instructor at the Chantclair Hotel at St. Adèle. A group of skiers representing various clubs of the Eastern Township Ski Zone were on hand for the course.

Dr. M. E. Adams, president of the Magog-Mt. Orford Ski Club, is the first mayor to ever follow a ski instructor's course. Mrs. Jeanne Ferguson, Eastern Townships ladies' champion, T. J. Santard, cross-country champion from Cowansville, Jean Voisard, Chalet Ski Club, North Hatley, returning

to skiing after serving four years in the R.C.A.F., formed part of the group. Also from the Hillcrest Club were Miss Claire Duchesne, captain of the ladies' team, Miss Aurette Duchesne, Gerard Croteau, men's captain, Miss Cecilia Beaudry and Osmond Maite, president of the Hillcrest Ski Club.

A complete course of first aid directed by Merrill Smith, instructor for the St. John's Ambulance Society, was also followed. Erich Schiller, technical adviser of the Hillcrest Ski Club and vice-president of Auberge Hillcrest, Inc., was instrumental in having this course in the Eastern Townships. It is hoped that these courses will become a yearly occurrence and that more and more clubs in the vicinity will take advantage of this real opportunity of bringing ski know-how to their members.

FOUR TEAMS IN VOLLEYBALL CIRCUIT NOW

A team representing B'nai B'rith Lodge whipped the Superheater outfit in three straight games 15-11, 15-5 and 15-4, in an exhibition meet that took place on the gym floor of the local Y.M.C.A.

A player on each of the squads turned in a notable performance. For B'nai B'rith, Dan Heilig tried hard on a lot of plays. Bert Rice stood out among the Superheater men by his general skill.

The teams lined up as follows: B'nai B'rith: Dave Frupas, Gerry Smith, Dan Heilig, Meyer Gordon, Abe Werner.

Superheater: Ron. Olson, Bert Rice, Ken Leith, George Davidson, Pierre Bergeron, Warren Buck. The B'nai B'rith team has decided to enter the campaign of the City Volleyball League. This means the loop now consist of four teams, B'nai B'rith, Superheater, Y.M.C.A., and City Police.

DESERT OTTAWA CLUB TO JOIN PROFESSIONALS

Ottawa, Dec. 17.—(AP)—Two starry forwards of Ottawa Senators' Quebec Senior Hockey League club left the capital without warning yesterday and it was learned the pair had gone to join a professional club in the United States.

They were Jimmy McFadden, top-scoring centre and Les Hickey, fast right-winger, who have bolstered the scoring of the league-leading Ottawa Senators this season.

Their sudden departure, preceded by a visit here last week from scout "Happy" Ems of the Buffalo Bisons of the American Hockey League, indicated they were going to join the Buffalo club. However, one report said they had told their hotel manager they were going to Houston, Texas, indicating they would play for Houston in the United States Hockey League. Houston is a farm club of the Bisons.

UNITED STATES CAGE OUTFITS IN CLOSE RACE

New York, Dec. 17.—(AP)—While Washington Capitals and New York Knickerbockers continued to set a torrid pace at the top of the Basketball Association of America's Eastern Division, St. Louis Bombers and Chicago Stars are making it an interesting contest in the western half.

In the only league game last night, Bombers defeated the last place Ironmen at Pittsburgh by a 66-55 count to lengthen their lead over Chicago to a full game.

League action tonight finds Toronto at Cleveland and Detroit visiting Philadelphia.

The "standing room only" sign continues to hang out in most American Hockey League cities as the fans flock to witness the top-flight professional hockey offered.

"What Can I Do?"

The deep snows of a Quebec Winter, though they add vastly to the invigorating pleasures of outdoor recreation, are all too often only an added hazard to the wild creatures of our forests and fields. When heavy snow covers natural food supplies, game birds such as pheasants and partridge—even large animals like moose and deer—face death by starvation.

You may ask: "What can I do about it?"—this is a question each of us should ask and yet the answer is not hard to find. There is a part that we can play in the conservation of Canada's and our great heritage of forest wealth, beauty and wild life. It is for all of us to make it our duty to preserve that heritage.

Conservation is not just a doctrine to be preached to hunters and fishermen. It is a vital part in the continuance of our national economy, and must, of necessity, fail if its measures do not receive the full support of all Canadian citizens.
