## THIRTEEN KILLED THREE DYING

### Merry-Makers on a Hay Rack Crashed Into by a Fast Passenger Train.

Neenah, Wis., Sept. 24.—Thirteen persons are dead, three others are dying and five are seriously hurt as the result of a fast train on the Chicago and North Western Railroad today crashing into a hay rack on which a party of 31 merry-makers were returning from a celebration.

A big billboard beside the railroad tracks obscured the view from the locomotive as well as from the wagon. Dust and fog were contributory causes to the tragedy. Nine members of the party escaped without a scratch. Nobody on the train suffered except from a severe jar.

The collision occurred at 3:40 a. m. at the Commercial street crossing here. Train No. 121 north bound whirled through the wagon load of stinging and happy unfortunates who were returning from the Peter Hanson farm, where they had gone to attend the celebration of a wedding anniversary.

Of the dead ten are men and three women. All but two of the dead and injured were residents of Menasha, Wis.

Armed, legless and headless bodies covered the right of way as the train nine coaches in length, was brought to a stop 800 feet from the scene of the crash. Several of the bodies were so badly mutilated that identification was possible only by fragments of clothing. Six bodies were discovered on the engine pilot and two other bodies were hurled through a flagman's shanty with such force as to overturn the structure. One of these was a Miss Finn, who was projected through one of the side walls of the house and was breathing when removed. She died a few hours later. Another of the victims was thrown high over a barn 50 feet from the tracks.

Among the occupants of the hay rack who escaped were Mr. and Mrs. Joseph Brizinski and child of two years. They were seated in the front half of the rack, the mother holding the child in her lap. About half way back in the wagon sat Mary Schwartzbauer. The latter was hurled about 50 feet and rendered unconscious. When found by rescuers the Brizinski child was in her arms having escaped unscathed. The parents of the child were only slightly injured.

Peter Hanson, driver and owner of the horses attached to the ill-fated rig, managed to hang to the reins and was the only person aboard who was not temporarily stunned by the collision. He declared he did not observe the on-rushing train until his team had reached the track. He whipped the horses, but managed to get the wagon only half way across.

The train is said to have been nearly a half hour behind schedule and was running approximately 60 miles an hour.

### PRINCE RESTORED TO MILITARY RANK

Madrid, Sept. 23.—King Alfonso has granted the petition of Prince Alfonso of Bourbon-Orleans, restoring the Prince to the rank of Lieutenant and permitting him to be enrolled in the Spanish army for service at Melilla. Ottawa, Sept. 24.—John Baptiste Myrand, postmaster of the Senate from confederation up to two years ago, died today at the age of 82. He was first in government service at Quebec, where he was born. He was father-in-law of Mr. Eugene Rouillard of the Lands and Forest Department of Quebec.

### SHOEMAKER FOUND DEAD.

Harry Moth, a Hebrew shoemaker, was found dead in a summer house at Rockcliffe Park Saturday night. A post mortem will be held to discover the cause of his death. There was no quarrel at home, his wife says, and the body bore no marks of foul play.

### INDUSTRIAL ACCIDENTS.

Industrial accidents occurring to 237 individual work people in Canada during the month of August, 1911, were reported to the Department of Labor. Of these 14 were fatal and 133 resulted in serious injuries. In addition six fatal accidents were reported as having taken place prior to the beginning of the month, information not having been received by the Department before August, 1911.

### FEW STRIKES REPORTED.

Apart from a general strike of coal miners in Alberta and eastern British Columbia which had continued since April, there was little disturbance of industry through strikes and lockouts during August. All the new disputes were of brief duration and none of them were of great magnitude. The number of trade disputes reported to have been in existence in Canada during August were 14, a decrease of five, compared with July (including one July dispute only reported in August) and the same number as in August, 1910. About 45 firms and 8114 employees were involved in these disputes, 12 firms and 415 employees being involved in new disputes of the month. The loss of time to employees through trade disputes during August was approximately 203,200 working days, compared with a loss of 303,100 days in July and 62,600 in August, 1910.

### LADIES' GOLF MEET.

Between 50 and 60 ladies will start out in the annual women's championship meet of the Royal Canadian Golf Association tomorrow which is to be inaugurated in the afternoon on the links of the Ottawa Gold Club. After weeks of preparation everything is at last in readiness for what promises to be one of the most successful tournaments in the history of the Royal Canadian Golf Association. Many players have arrived from Toronto, Montreal, Hamilton and elsewhere and the entry list, it is interesting to note, is one of the largest on record. The Ottawa links are in beautiful shape and it is expected, particularly in view of the fact that Miss Dorothy Campbell and many other famous exponents are competing, that the tournament will prove of special interest. Miss Campbell, who now holds the championship of Great Britain, of the United States and Canada, is, of course, fancied by many for the title, but she is likely to meet with great opposition and it would not be greatly surprising to see the title change hands.

### WRECK OF FAST PENNSYLVANIA FLYER.

Pittsburg, Pa., Sept. 24.—The Pennsylvania 18-hour flyer between Chicago and New York was in collision 30 minutes after leaving this city early this morning, killing one trainman, injuring four others, and one passenger. The train had left this city at 12:50 and after passing the Pitcairn freight yards, where there are cross over tracks entering the yards, the train was held up by the tower man near Larimer, 20 miles east of here. While the train was at a standstill a train of 50 empty freight cars was let in on the same track and crashed into the flyer, head-on. It is thought that the tower man, anxious at the delay to the flyer, in his hurry threw the wrong levers of the interlocking switch system.

Seven freight cars were derailed, blocking the four tracks for several hours. None of the passenger cars left the track. The flyer was provided with a new locomotive and proceeded east three hours late. It was after 6 o'clock before all tracks were cleared and six other trains that had been delayed were able to proceed.

### SOME LATE RETURNS.

Winnipeg, Man., Sept. 24.—The final result in Selkirk as determined by receipt of the returns from the Lake polls, shows Bradbury, Conservative, elected by a majority of 91. Bad Throat poll gave Bédoin a majority of 14. Bernes River and Fisher River, three. Fort Alexander gave Bradbury a majority.

## ABSORBS THE COLONIAL

### Royal Bank of Canada Makes an Important Acquisition to Its System.

London, England, Sept. 24.—The Colonial Bank, a strong financial institution with head office in London and with fifteen branches in the West Indies, where its operations chiefly are carried on, has been absorbed by the Royal Bank of Canada. The negotiations were put through by C. E. Neill, assistant general manager of the Royal, who is now in London in connection with this matter. The Royal Bank has a number of branches in the West India Islands, the last including Trinidad, Cuba, Jamaica and Porto Rico. In the British Islands the Royal has been coming into competition with the Colonial. This amalgamation will remove much competition and will give the Royal a stronger hold on the business in the West Indies. The last absorption by the Royal was a year ago, when that bank took over the Union Bank of Halifax, thus securing firmer hold on business in the Maritime Provinces, and particularly in Nova Scotia.

### R. L. BORDEN IS WELL PLEASED

Montreal, Sept. 24.—Mr. R. L. Borden spent an hour in this city this morning en route from Halifax to Ottawa. Asked whether he had as yet made any plans regarding the formation of his Cabinet and the calling together of Parliament, he replied in the negative.

The Premier-elect expressed great satisfaction at the Conservative gains in this Province. Referring to his own constituency, he said that there appeared to have been some doubt as to his majority, but he could now announce that he headed the poll in Halifax with a majority of 200 over Hon. A. K. McLean, who was also elected.

Mr. Borden said he would probably attend the farewell luncheon, which is to be tendered His Excellency Earl Grey in the Parliamentary restaurant. Sir Wilfrid Laurier has also announced his intention of accepting an invitation to attend this function.

Hon. Wm. Pugsley, Minister of Public Works in the Laurier Government, passed through Montreal this morning en route to Ottawa. Mr. Pugsley said he was not quite sure whether he was a member of the House of Commons, for his majority now stood at two. A recount was to be held, and as there was a large number of rejected ballots as well as an alleged irregularity in one poll, he thought it quite likely that he would be counted out. Mr. Pugsley was accompanied by Sir Frederick Borden, who attributed his defeat to the fact that the farmers did not want reciprocity.

## WEDDING BELLS AT ST. PATRICK'S.

### With the Gains Made in Que- bec Province—Hon. Mr. Pugsley May Be Out.

A very quiet but pretty wedding was solemnized in St. Patrick's Church on Saturday morning at six o'clock when Sergt. D. C. Horgan was united in the holy bonds of matrimony, with Maud Scrunshaw, of England. The ceremony was officiated by Rev. Father Jones. The bride was given away by Mr. J. Murphy, the groom being attended by Sergt. D. Buckley, of the R.C.G.A. Both bride and bridegroom were the recipients of many costly and useful presents by their many friends in Quebec. After the wedding ceremony a breakfast was held in Mr. R. Dyte's residence, No. 5 St. Angele street, the bride and groom afterwards repairing to their residence on Arillery street, where they are to reside. Their many friends in Quebec wish Sergt. Horgan and his bride all happiness and prosperity in their new life.

Mr. Cahon said the general election was a victory gained for Canadians by Liberals who voted for Conservative candidates to save their country. He said the Conservative organization in Quebec six weeks ago had only three seats that it could carry. Then he said: "Henri Bourassa is a true and loyal Canadian, also his followers, as any person here to-night. He may be depended upon to vote against reciprocity and for Canada."

Hon. W. S. Fielding arrived in Halifax on the same train with Mr. McCurdy. He was met at the railway

The Quebec Chronicle

JUSTICE FOR ALL.

We regret extremely that, owing to its having passed through irresponsible hands, an unfortunate article from the Ottawa Citizen should have been allowed to appear in these columns on Saturday morning.

The article in question dealt with the effect which the change of Government might, according to the Ottawa Citizen, be supposed to have upon the Province of Quebec. It was not quite as extreme as the Quebec Telegraph, which is making a shameless effort to incite the French-Canadians of Quebec against the English of Ontario, endeavors to make out. But it was offensive enough and we have no hesitation in saying that it was quite as offensive to all fair-minded English people as to the French themselves.

It expresses sentiments of a narrow, clannishness which, we have no doubt, will be repudiated by Mr. Borden at an early moment. They are very remote from the views entertained by this paper, which endorses them no more than it endorsed the stand at first taken by the Citizen on the reciprocity question. It may please those who wish to exaggerate the condition of affairs to noise it abroad that the Citizen is the chief Conservative organ, but it is quite certain that, if the other Conservative organs had only accorded their party the kind of eleventh-hour support which the Citizen did, then their newspaper campaign would have amounted to very little.

We are quite confident that the French-Canadians will find in R. L. Borden a broad-minded and straightforward Premier, who will recognize that any government that will discriminate against Quebec and refuse the justice to which it is entitled, will not have the support of the general public, whether inside this Province or outside of it. There will always we presume, be a few extremists in some corner or another, but it will be a case of "sound and fury signifying nothing"; their words will carry no weight, will inflame no prejudice.

Liberal organs may profess to believe that the Opposition gains in Quebec were made on the race cry. We have not the slightest hesitation in saying that those who have followed the recent campaign with any marked degree of attention must admit the reverse to be the case.

Such gains, we believe, were made in spite of the race cry, which was used to the limit by almost every Liberal orator, and certainly by every Liberal organ, during the recent election. We will go farther and say that, in our opinion, the appeals to passion which brought Laurier into power in 1896 and which have been used with telling effect by his supporters in subsequent elections have lost much of their ancient power and will continue to do so.

We believe that Mr. Borden's regime will make for closer and more cordial relations than have hitherto existed between the French and the English Provinces. There must be more of a spirit of give-and-take on both sides, of a readiness to grant mutual concessions. And we shall be very much surprised if the Conservatives do not from now on gain more and more adherents in this Province, despite all the inflammatory anti-Ontario appeals which the Liberal press is publishing in its columns now that the sister Province has voted almost solid against reciprocity.

Let us hope that the new regime will make for a better understanding and rapprochement between the two great races in Canada, whose destinies are so much intermingled and interdependent. The English people will not forget how many of their fellow Canadians of French nationality rallied in defence of their country when its fiscal and political autonomy was endangered and placed themselves on record as in favor of the unification and advancement of this, our common country.

HON. L. P. PELLETIER.

One of the reasons why Quebec's interests were regarded with such indifference at Ottawa was that she had no representatives on the Government side of the House who could make their voice heard and their influence felt to any extent. It is true that in the closing months of the late administration the Government was frightened into making some attempt to remedy this error, and Mr. Beland was assigned an important position.

Dr. Beland, however, is likely to find his sphere of usefulness somewhat restricted in the future, and the presence of the members for Quebec West and Centre in the new Parliament will, according to their own reasoning, be ornamental rather than useful so far as the interests of the city and port are concerned.

In order, therefore, to avoid the mistakes of the past regime and to guarantee the advancement of the city and district, it is to be hoped that Quebec will not again find itself, as in the past,

without a representative in the Cabinet, and it is most fortunate that amongst the gentlemen elected in this district to fill the Government benches there should be found men of the highest standard, men of weight and stability, political shrewdness and experience, and men whose public spirit can be relied upon to further the cause of the Ancient Capital.

Among these men the name of the Hon. L. P. Pelletier stands out prominently, and there is no doubt that in him Mr. Borden would find a most useful acquisition to his Cabinet and a man that would fill an executive position of importance with distinction and with benefit to his country and his city. Such an appointment could not fail to give the widest satisfaction to the whole neighborhood.

SUBSIDIES FOR THE PRESS.

The Telegraph seems greatly exercised in spirit over the fact that it has ceased to be a Government organ, and that the Chronicle will become one. It seems to have some fear that we shall be now called upon to do some of the advertising which has hitherto fallen to its lot, and at the same time accept remuneration therefor. It wishes, thus, to be assured as to whether we shall do this or not.

We have not the slightest objection to putting the Telegraph out of its suspense and misery by stating that any work that we may do for the incoming Government will not be altogether gratis. But, considering that we have fought the battle of the Conservative party during the last fifteen years without receiving subsidies, it can hardly be said that any advertising we may now receive from that party will influence our editorial policy one way or the other.

The Telegraph further intimates that it may pain us to receive such advertising and charge for its execution. Once more we hasten to assure that most estimable journal that it will not give us a tithe of the pain to receive it as our neighbor will experience in losing it.

Besides, as our contemporary has given us to understand on several occasions that it has been doing this kind of work at a loss, we think it only charitable and neighborly to come forward at this juncture and lighten its load by taking our turn at the sacrifice. But, if any little word that we can say will have any modicum of weight with the new administration, we shall be careful to remind it of the strong opposition to reciprocity which was waged in the advertising pages of the Telegraph in the heat of the last election. We have no doubt that such a fact should do much to atone for other errors of the paper in question.

GAPE AND CHICOUTIMI.

The two deferred elections of Gape and Chicoutimi-Saguenay will take place today, and there is quite a possibility of seeing another Minister of the Laurier Cabinet, the Hon. Rodolph Lemieux, going down to defeat in his pet constituency. Mr. Lemieux, it appears, though he has been very generous in the matter of wharves, etc., to his constituents, has rather neglected them personally and has, in consequence, lost much of his grip there. Indeed, it is said that he received a very discouraging reception on his last visit, and that even if the Gape election had not been deferred, has prospects of re-election were none too bright. No doubt now the defeat of the Laurier Government will have the effect of inducing many lukewarm and doubtful voters to cast in their lot with the side of the party in power.

There is an interesting story connected with Mr. Lemieux's election for Gape in 1896. In that year it appears that his father was a clerk in the customs at Montreal with a salary of \$1,000 a year. Naturally, he took the deepest interest in his son's campaign, and he looked out for the best means which he could personally use to secure his son's election. Finally he decided the best plan was to act as scrutineer. He became one and took the oath—under the name of H. A. Lamirande. Under this name he was actually addressed by his son when the latter visited the polling booth in which this exemplary father was so faithfully performing his duties. The father later on had the satisfaction of congratulating his son on his election.

These facts were drawn attention to in the House, and Sir Wilfrid replied to the effect that Mr. Lemieux had perhaps been a little indiscreet, but as he was a father, anxious for a son's success, he ought to be forgiven. And he was; but not only so, he was raised in the service and given a salary of \$2,000 a year. We all know how his son rose to Cabinet rank, and how the Lemieux family have received more honors and offices from the Laurier Government than possibly any other in the Dominion. No one can accuse the late member for Gape of having been undutiful to his relations.

The other election, the Chicoutimi-Saguenay one, is one of peculiar interest, owing to the fact that there

are four candidates running, and because of their associations.

In the first place, Colonel Scott is probably the most likely of all to lose his deposit, and, in any event, he must be more than ever convinced by now that the time was exceedingly inopportune for a change of camp. Another Liberal candidate is Boivin, who, it is reported, has the backing of the Chicoutimi Pulp Company, which gives employment to thousands of hands, either directly or indirectly. The question of the Ha! Ha! Bay Railway was, up till recently, at least, a consideration in his candidature.

The two other candidates are Messrs. Joseph Girard and Elzear Levesque. Until the eve of Thursday last, Mr. Girard was conceded to be the strong man of the four. Liberal papers of this city have lately called him a Conservative. He calls himself an Independent. Whatever he is, he appears to have had Laurier's backing, and it is doubtful if he ever cast a Conservative vote during the last ten years. In addition to this, he figured in the Tourgny-Girard scandal; the revelation of which, by Mr. Lavergne, caused such a sensation a few weeks ago. It will be remembered that his election of 1908 was contested, and that several attempts were made by the Ministerialists to "square" it. However, the case dragged on until a few weeks of the election just closed, after he had sat in the House for three years, his election was at last annulled.

During his stay at Ottawa, Mr. Girard has always made good use of his time, and much of his popularity in the past has undoubtedly been due to his pull with the Public Works Department. The loss of this "pull" will deprive him of a strong asset and should contribute, without question, to the cause of Mr. Levesque. In any case, it is one of the most interesting contests of the year, and the outcome will be eagerly looked for by all followers of the political game.

ALL EUROPE VOLCANIC.

It is noted by everyone familiar with the later history of Europe that the troubles in Spain are but part of like experience in the greater part of the continent. It is only a few days since the great strike in England was composed for the time being, and now one is declared in Ireland.

All are familiar with the agitations, strikes, the measures of repression, that are common in France, and especially of late, since rioting on account of the high price of food has occurred in many parts of that republic. We hear of grave disturbance in Italy of the same character, owing to shortage of food supplies, which seems to afflict all the civilized countries to an uncommon degree. Portugal is well known to be at any time subject to fresh revolution.

The controversy in Spain which became acute within a year has taken on political features and the cry of revolution has become so common as to have forced the Government to lay the entire land under martial law. Even Germany under the iron-handed Emperor is perpetually watching and filled with anxiety lest the Socialist party become the dominant power in the Empire in spite of the unjust and unfair discrimination against its veters in the titles.

Austria has become in some important respects the freest country in Europe, and her Government the most liberal, and yet there are signs of trouble in the dual Empire that unmistakably point to an underlying cause that is not to be cured by superficial legislation.

Most of the papers that discuss this general situation attribute it to the steady advance of the democratic spirit. There is much of truth in that, though it must be conceded that at times the democratic spirit is so open to criticism for excess as to fill the conservative, the law-abiding, those who believe in steady, rather than forced and rapid progress, with serious apprehension. It cannot be denied that the recent history of France has done little to commend democratic principles to the rest of Europe.

AN EPIGRAM FOR MISERS.

"The late Edwin A. Abbey, the American painter who lived in London, was only comfortably off, whereas he might have been rich."

The speaker, a Chicago art dealer, had just returned from Europe. He continued: "I dined one evening with Abbey in his house in Chelsea, and after dinner we walked in the blue twilight on the Chelsea embankment."

"As we passed Old Swan House and Clock House, and the other superb residences that front the river, I reproached Abbey for his extravagance."

"Why," I said, pointing toward Clock House, "if you had saved your money, you might be living in a palace like that today."

"But Abbey, with a laugh, rather got the better of me. He rattled off this epigram—and it's an epigram I'll always remember when I'm tempted to be parsimonious:

"Some folks," he said, "are so busy putting something by for a rainy day that they get little or no good out of it."

Among certain Liberals in this city it was stated on Saturday last that Hon. S. N. Parent had resigned as president of the Transcontinental Railway, while some of his friends deny the statement, but add that it is only a matter of a day or two. However, one thing is certain, and that is that he will again take up his residence in this city, and it is stated that he intends to take a prominent part in provincial politics and civic affairs, as the civic elections take place on February next.

### MARRIAGE OF FORMER QUEBECERS

The Minneapolis Journal of Sept. 19th says:  
A wedding took place last evening at the home of the bride's uncle, J. T. Nicholson, 2737 Eighteenth avenue S. when Miss Emily Gertrude Gagnon of Quebec, Can., and Arthur C. Ashmead of Simpson, Sask., formerly of Quebec, were united in marriage. Rev. Stanley Kilbourne, rector of Holy Trinity Church, read the service in the living room, which was decorated with ferns and flowers. Miss Beck played the "Lohengrin" march. The bride was gowned in a navy blue travelling costume, with hat to match, and she wore a corsage bouquet of roses and lilies of the valley. She was given away by her father S. T. Brown. Little Marjorie and Jean Nicholson, cousins of the bride, acted as flower girl and ringbearer. After the ceremony a luncheon was served in the dining room, the color scheme being pink and white.  
Mr. and Mrs. Ashmead left for their future home in Simpson, Sask.

Gordon Andrews, Esq.—Dear Sir: On the eve of your coming marriage, your many friends in the telegraphic profession in the City of Quebec desire to express their sincere congratulations and their good wishes for your future happiness, as well as of your prospective bride. On the "30" on your bachelor days, we cannot allow the occasion to pass without testifying in some small manner to the regard we feel for you, hoping that you will not look upon its intrinsic worth, but rather at the feelings which prompt it.

Rest assured all will be united in wishing you success, prosperity and happiness, and we beg to express to your future wife the same sentiments of our regard.

The present consisted of a handsome silver tea set, and was received by Mr. Andrews with much emotion, the thoughtful action of his fellow knights of the key being appropriately acknowledged by him. ### SENTENCES IN MONTREAL COURT.

Montreal, Sept. 24.—The fall term of the criminal assizes of the Court of King's Bench closed yesterday and sentences were pronounced by Mr. justice Trenholme.

Harry Lusher, the young man who had been found guilty of attempting patricide, was sentenced to five years in St. Vincent de Paul penitentiary.

The evidence showed that Lusher returned home late one night and that he shot his father and seriously injured him after an unusually bitter argument over the late hours which the son was keeping and his general misconduct.

A five year sentence was also meted out to Joseph Proietti, an Italian, found guilty of wounding with intent to do grievous bodily harm, and Nicolas Patris, a Syrian, found guilty of a similar offence, was sentenced to one year's imprisonment, the judge taking into account the fact that he struck his opponent in the heat of a quarrel.

Sentence was deferred in the strange case of Joseph Vaillancourt, found guilty of attempting to murder Napoleon Coulombes in his room on St. Christopher street, a delay being granted until Wednesday in order that the guilty man might be examined as to his sanity.

IRISH-AMERICANS WERE WINNERS

Carried Off Chief Events at the Canadian Championships in Montreal.

Montreal, Que., Sept. 23.—The Irish-American athletes from New York were the big winners at the Canadian track and field championships held at the M.A.A.A. grounds today.

The track was in fine shape, and the weather good, but on the whole the performances were not exceptionally brilliant, and in the middle and long distances the times were slow considering the reputations of the runners.

Matt McGrath was the only record breaker of the day, and being a new Canadian record when he threw the 16-pound hammer 182 feet 4 inches, not far short of the world's mark; and a new world's record when he tossed the 56-pound weight 40 feet 6 1/2 inches.

Montreal athletes were not much in evidence. In the pole vault, Bill Happenny carried off first place, vaulting 12 feet 2 inches. He then went after the Canadian record; but although he got over the bar on his third attempt, the number on his back, which had worked loose, displaced it as he was coming down, and the jump was not allowed.

Eller, of the Irish-Canadians, won the hurdles, with Frank Lukeman, who was running unattached, in second place. The time, 14 1/4, equals the Canadian record.

Boston A.A. won the relay race, one mile, with Toronto Central Y.M.C.A. second, and Montreal A.A.A. third. There were competitors present from many parts of Canada, and the States, a feature being the presence of four athletes from Winnipeg. The westerners showed class in fast company, Howard getting a second in the hundred, incidentally beating Bibby Kerr and Keeper, finishing second to Daly in the three miles. Howard also took a third in the 2.20.

DEMAND FOR BASEBALL TICKETS

New York, Sept. 24.—Inquiries about and orders for tickets for the coming series of world's championship baseball games have been received in unprecedented numbers at National League headquarters and at the offices of the prospective winners.

"I wish to say in this public manner that no arrangement shall be made for the world's series between the pennant winners of the National and American leagues until it is definitely settled what two clubs will participate in that series.

"When this is known, then the National Commission will formulate and make public a schedule under the rules governing the contest for the world's championship, and at the same time will announce the price of tickets and indicate the places where they may be obtained."

ARIANE WINNER OF YACHT RACE

On Saturday by Good Margin—Cygne Takes Second Prize—A Nice Breeze.

In a nice whole-sail breeze the postponed race of the Quebec Yacht Club took place on Saturday afternoon. The course was from the red buoy off the breakwater to Beaumont buoy and return. Three yachts took part in the contest, viz., Ariane, Dr. A. Lavoie; Cygne, Mr. J. F. Lavoie, and La Rita, Mr. Boisvert.

Immediately the line was crossed spinnakers were broken out. Off the gas buoy at St. Joseph, Ariane took the lead and kept it until the end. Near Maranda's Cove La Rita passed Cygne. The buoy at Beaumont was rounded as under:

Table with 2 columns: Yacht Name, Time. Includes Ariane (2:16.00), La Rita (2:18.00), Cygne (2:20.40).

After rounding the buoy, Ariane headed for the Island of Orleans shore, but the other boats took a course to the south shore. In a short time Cygne went to windward of La Rita and took second place. Ariane steadily increased the lead in beating up to port, and arrived an easy winner. The finishing line was crossed as follows:

Table with 2 columns: Yacht Name, Time. Includes Ariane (4:45.00), Cygne (5:04.30), La Rita (5:10.45).

Ariane, after allowing Cygne one minute and 56 seconds, took the first prize by 17 minutes and 26 seconds. Cygne taking the second. The prizes were a marine clock, donated by Commodore Dr. S. Gaudreau, and a dressing case by Captain James Smith. At this conclusion of the race, Commodore Gaudreau presented the prizes to the winners.

The judges, Dr. E. Gale, Mr. Delphias Mercier and Captain James Smith, followed the racers over the course in one of the Messrs. Hackett's tugs.

ALL-STAR EASTERN BASEBALL TEAM

New York, Sept. 23.—After a conference with Manager Jack Dunn of Baltimore, here today, President Borrows, of the Eastern League, tonight officially announced the list of players selected by Manager Dunn and himself to compose the All-Star team which will oppose the Rochester pennant winners in a series of seven games, beginning next Tuesday, September 26, at Rochester.

The players selected from each club are as follows: From Baltimore—Vickers, Parent and Corcoran. From Toronto—Rudolph, Phelps and Bradley. From Buffalo—Murray, Schultz and Brennan. From Montreal—Gandil, Miller and Dubuc. From Jersey City—Roach. From Newark—Louden and Cady. From Providence—Atz and Elston.

There is some doubt about Bradley of Toronto being able to take part in the series on account of business engagements that may require his presence in Cleveland during the coming week. If he should not be able to remain over, his place at third base will be taken by either Louden of Newark, or Corcoran of Baltimore.

CLOSING DAY AT LEXINGTON TRACK.

Lexington, Ky., Sept. 23.—The Brewers' Selling Stakes, the feature event of get-away day at the Kentucky Association track, was won by Bouncer, which paid nearly 10 to 1 in the betting. Bell Horse ran second, and Donau, the Derby winner, was third. Ilma, paying better than 2 to 1, won the sixth race and made a new track record of 1:42.1-5 for a mile and seventy yards. The favorites took all the others, except the third, which was won by Wing Ting at 4 to 1.

The closing day was marked by good weather, and a much larger crowd than on any other day of the meeting. The success of the races insures another fall meeting next year.

The State Racing Commission today ruled from the three tracks in Kentucky W. C. and M. J. Daly of Hartford, Conn., on a charge of fraud in transferring the services of Jockey Wispen to James F. Johnson, after having sold his services to Ed Corrigan, the Chicago turfman. The charges were made to Corrigan, who appeared before the commission in person.

BRILLIANT RACING AT WOODBINE

Plate Glass Won the Autumn Cup From a Good Field—Large Attendance

Toronto, Ont., Sept. 23.—Brilliant racing marked the opening of the Ontario Jockey Club's fall meeting, a large attendance was present and the speculation keen. The Toronto Autumn Cup, with an added value of \$2,500, brought out a smart field of handicap horses, the winner turning up in Plate Glass, who made most of the pace and beat Star Charter out a length. The winner ran a mile and a quarter in 2:05.4-5, a new record for the distance over the Woodbine track.

In the third race, Frog Legs was disqualified after he beat the favorite, Buckhorn, a nose. Frog Legs swerved over to the inside in the home stretch and bumped Acton, and Burns was forced to pull the latter up. In the Woodbine Autumn Steeplechase, The Welkin clipped eight seconds off the two-mile Canadian record.

LAST DAY OF GRAND CIRCUIT AT DETROIT

Detroit, Mich., Sept. 23.—The 1911 Grand Circuit season came to a close this afternoon at the Michigan State Fair track, leaving the final day's program uncompleted. Under the rule which forbids the starting of a race after 4 p. m. on the closing day, the free-for-all trot and the 2:09 pace were declared off. Weather and track conditions were perfect, and the racing was spirited. "Pop" Geers, by driving Lady Willow to victory in the fifth heat of the unfinished 2:20 trot, broke his losing streak and captured his only purse of the week. The 2:09 trot was a see-saw affair. In the first heat J. Malcolm Forbes led all the way. In the second heat six of them flashed under the wire inside the length of a sulky, Aquin winning in the last step. Douglas McGregor toow the next in a jog, with the leaders in the first two heats lost in the ruck. The heat winners raced the final heat alone. Aquin broke at the first turn, lost a dozen lengths and seemed hopelessly beaten. But Rathburn cut out a terrific pace when he got started, caught the leaders at the three-quarters and won out in a magnificent drive. After Vanity Oro had taken one heat in the 2:14 trot, Myrtle Granitt showed a lot of speed and won the second heat in a stretch drive. She could not repeat, however, and the next two were all Murphy's. In the third heat of this Densmore and Sid Anna collided at the first turn, the former falling. No damage was done. Although neither horse finished the heat they were placed ninth and tenth respectively and permitted to start in the final. Ty Cobb stole home in the first heat of the 2:18 pace, coming from almost nowhere to show ahead in the last stride. He took the next two without much effort. Driver Ayres drew a ten days' suspension for holding back

**ITALY MOVING WITH RAPIDITY**  
 Detremined to Assert Its Rights to Protect rate Over Tripoli.

Paris, Sept. 24.—A despatch to the Temps from Rome gives confirmed rumors that Italian forces have landed at three points on the coast of Tripoli.

Rome, Sept. 24.—The Italian government is moving rapidly and with determination in the matter of an Italian protectorate over Tripoli. Its plans are no longer concealed and its attitude is favored by all classes except the advanced section of the Socialists, who threaten to call a general strike in the event of hostilities. Although not attaching much importance to this threat, the government which is acting with the greatest prudence have decided to call to the colors 11,000 reservists, so as to be prepared for all emergencies both at home and abroad.

According to the information in official circles tonight the government still hopes to effect an amiable arrangement with Turkey whereby Italy will secure a lease of Tripoli under the sovereignty of Turkey, paying therefor an annual rental. If Turkey definitely refuses to meet his proposal Italy will proceed with military measures. The government is prepared to meet any aggressive measures on the part of Turkey, such as attacks upon the lives and property of Italian subjects in Turkey, in which case, it is understood, a naval demonstration will be made before Smyrna immediately.

The material difficulties of these operations have been given full consideration. The memory of the calamitous Abyssian campaign has been called upon by the government, which realizes the failure of the proposed expedition would be a grave disaster. Accordingly most careful precautions have been taken. The Turkish forces in Tripoli are estimated at a minimum of 30,000 men. To cope with these Italy will send her whole fleet and an expeditionary force of 60,000 men.

Constantinople, Sept. 24.—Rumors that the Italian troops have disembarked at various points in Tripoli cause some alarm here. The Italian liner Romania, bound for Constantinople, on arrival in the Dardanelles early Saturday morning, was boarded by the Italian Vice-Consul, who ordered the captain to land his passengers within half an hour. The Romania sailed for Italy without landing the mails.

It is reported that several Italian merchant steamers have similarly taken their departure from Turkish ports without disembarking their cargoes, on receipt of instruction from the Italian consulates.

Paris, Sept. 24.—In a published interview, the Turkish Charge at Paris declares that he has no knowledge that negotiations have been opened by Italy on the subject of Tripoli. He did not see how such negotiations would be possible. Tripoli could neither be taken from Turkey by force nor bought. He instanced the case of the provinces of Bosnia and Herzegovina, formerly included in the Turkish empire, but recently annexed by Austria, the loss of which was a great blow to Turkey, but asserted that there was nothing in common to the two cases. Tripoli's population was Mohammedan and Tripoli was a vital organ of the Ottoman empire.

"If Italy has any desire to take Tripoli from us," said the Charge, "we will defend ourselves, and our defence will be desperate. The whole population will rise up as one man. If Italy lands troops in Tripoli she will find it something more than a military promenade. We will immediately expel all Italian subjects and denounce the treaties.

"If Italy attempts to land troops elsewhere we are in a position to repulse them. I repeat, and I am speaking officially, in the first place, no transaction is possible concerning the open or disguised concession of Tripoli; secondly, if it comes to fighting, we will fight desperately."

Italy's initiative in Tripoli has awakened intense interest here, as introducing a new and very important factor in the African question, by reopening the Mediterranean problem on another point and there is no doubt that Europe is on the eve of a complete resettlement of Africa.

It is held that the territorial modifications, which form the essence of the Franco-German agreement, will logically lead to other changes, in which other powers besides France and Germany can participate with profit and without danger to their dignity. For example, France's policy during the last decade has been the consolidation of her forces and interests in northern and western Africa. The central African territories, having their logical outlet in the valley of the Nile, have a greater value for the masters of the Nile than for the masters of the Chad, the French military territory. It is pointed out that the obvious thing would be for France to exchange her central African territories for tracts around the great Chad Lake, which would thus become entirely French.

**FRANCO-GERMAN AGREEMENT**  
 No Doubt Negotiations Will Be Ended Quickly and Satisfactorily.

Paris, Sept. 24.—While the Franco-German agreement on Morocco cannot be definitely regarded as an accomplished fact until it is known how Herr Von Kiderlen-Waechter, the German Minister of Foreign Affairs, receives the newly revised French text, no doubt is entertained that the first part of the negotiations will be quickly ended by a complete understanding without further pour-parlers or an exchange of notes.

The second part of the negotiations, which concern Congo, will be commenced very shortly. During the progress of the negotiations France and Germany will take all necessary steps to secure the adherence of the powers in the new situation in Morocco resulting from the agreement. This task is not likely to present special difficulties except in the case of Spain. The coolness which exists between France and Spain over the Moroccan policies somewhat complicates affairs, but French opinion declines to admit that two Latin sisters will remain embroiled, and believes that the good sense of Spain will soon lead her to realize that her interests will be served by facilitating the mission of France in Morocco.

Paris, Sept. 24.—A mass meeting of Socialists and Laborites to protest against a war with Germany brought out 15,000 persons today. Large forces of police and municipal guards were stationed at the place of meeting but the proceedings were orderly and the authorities were not required to interfere.

**DROWNED FROM YACHT**  
 St. John, N. B., Sept. 24.—Howard Camp, aged 28 years, was drowned from a yacht today in the St. John River, near Rothesay. Camp fell overboard while the boat was lurching about in a choppy sea. His companions were unable to reach him before he sank.

**TECUMSEHS ARRIVE IN VANCOUVER.**

Vancouver, B.C., Sept. 24.—Tecumsehs, of Toronto, challengers for the Minto Cup, arrived this morning in a special car and registered at the Balminton Hotel, twenty strong. The Indians are confident that they will lift the cup and they apparently had not expected to be told by nearly everybody on their arrival that they had not a chance. Manager Querrie and Manager Con Jones, of the Vancouver Club, held a conference and settled upon the details for the cup games, which will be played here next Saturday and the following week. The question of referees has been left to the cup trustees. Manager Querrie declined the proposition from the Westminster Fair management to play exhibition games there the week after next, which would have put the cup games off till next spring.

**TORONTO HUNT CLUB WON EARL GREY TROPHY**

Ottawa, Ont., Sept. 24.—The Toronto Hunt Club came into permanent possession Saturday afternoon of the Earl Grey Trophy donated in 1909 by His Excellency the Governor-General for annual competition between teams of three, to be owned and ridden by members of any recognized hunt association in Canada. The third race to decide the holders of the now famous trophy took place at the course of the Ottawa Hunt Club, Bowesville, and resulted, after the most stirring tussle on record, in a victory for Toronto by 14 points to 12. Lieutenant Proctor of Toronto, riding Bilberry, a steeplechased with a long list of records to his credit, finished first, beating out Henry Bat, Jr., on Loretta, after a hair raising finish. Lieutenant Rawlinson of Toronto, mounted on Cirassian, finished third, with Victor Sifton, who had succeeded Lieutenant W. Y. Denison of Noble, fourth, Lieutenant Hall, on High Floyer, being fifth, and Major E. T. B. Gilmore, on Uncle Reuben, sixth. Hall and Gilmore were counted eight points each, Hall having missed one of the jumps, while Major Gilmore did not finish within the time limit, thus making the totals 14 to 12 in favor of Toronto.

Only two teams competed, Mount Royal failing to materialize. The chase was decided in the presence of their Excellencies Earl and Countess Grey, Lady Evelyn and Lady Sybil Grey, and a very large number of spectators.

Beautiful weather conditions contributed to the success of the race, and fortunately the track was in splendid condition.  
 A farewell was afterward tendered Earl Grey, President Woods of the Ottawa Hunt Club presenting His Excellency with a huge floral horseshoe.  
 The annual meet will be held in November.

The successful Conservative candidate in Montmorency and Charlevoix will be met at the station by numerous friends and the band of the Sixty-Fifth Regiment, of which he is honorary colonel. He will be escorted to the regimental armories on Pine avenue, at the head of a procession, and will be tendered a welcome there. The armory is to be thrown open to the public, so that all who desire may pay their respects to Mr. Forget.

**ONTARIO MAY HAVE PROVINCIAL ELECTION**

Toronto, Ont., Sept. 24.—For two hours on Saturday, Sir James Whitney and his colleagues of the Provincial Cabinet were in close session at the Parliament buildings. It is believed that the question of bringing on a new provincial election in the near future was considered, and that the Government has practically decided on that course, though no final announcement was made. There are already nine vacancies in the Legislature, one caused by death, and the remainder by resignations of members who contested Federal seats.

**GREAT RECEPTION FOR MR. MONK.**

St. Laurent, Que., Sept. 24.—Mr. F. D. Monk, re-elected member for Jacques Cartier, was given a great reception here to-day, hundreds coming to this village from the surrounding country to take part in the demonstration. The town was gaily decorated and a large procession escorted Mr. Monk to the meeting place, where he delivered an address, thanking his constituents for their support.  
 Mayor Gohier occupied the chair. Among other speakers were Mr. Paul Emile Lamarche, member for Nicolet, who is President of the Monk Club, and several other organizers.

**WOMAN'S DEATH IS CAUSE OF INQUEST**

Toronto, Ont., Sept. 24.—Angelina Bouthillier, a French woman living at 131 Jarvis street, died in her room, and the circumstances were such that an investigation was deemed necessary. Accordingly the Chief Coroner ordered the removal of the remains to the morgue and an inquiry will be made tomorrow. According to Mrs. Lagace, who lived in the same house, the dead woman had for three months been suffering from consumption. She was employed at a factory, but had not been able to work for the past week. She had been living in Toronto for seven years, coming from Montreal. Her father is in Montreal and police have notified him. Although the woman died at 3 p.m. today, the first the police knew about it was about 11 o'clock tonight, when P. C. Skelton made the discovery.

Washington, Sept. 24.—Canada's refusal to ratify the reciprocity agreement with the United States means a redoubled effort on the part of the Democratic party and the Insurgent Republican, who together control Congress, to bring about a general reduction of the tariff.

A fiercer tariff battle will be waged in Congress next winter than that which kept the country excited last spring and well into the summer.

ANNUAL MATCHES OF THE Q.O.C.H.

Large Turn Out of Members and Ideal Weather Most of the Time.

The Regimental Rifle Association held their annual matches at St. Joseph Range on Saturday. There was a large turn out of the members of this popular corps. Ideal weather conditions prevailed at the start, but owing to darkness setting in early and quickly those squadded last at 600 yards had to shoot in almost total darkness, consequently there was a record of misses, it being impossible to see the targets. The register at this distance being the poorest of the season. During the time the shooting was in progress at 200 yards the range was visited by Col. Pelletier, D.O.C., who remained for a considerable time and took a keen interest in the proceedings.

Capt. Hill, of the 8th Royal Rifles, acted as range officer, and his decisions won the approval of all concerned, every one being delighted with the success of the day's sport, and all determined that greater advantages will be taken of the opportunities of shooting provided, and to devote more time to practice to show their appreciation of the generosity of the officers, past and present, for providing the funds enabling the committee to continue the annual matches.

The prizes were distributed by Major Atkinson at the conclusion of the meeting.

Lord Strathcona, High Commissioner for Canada, sailed for home on Saturday last by way of New York. It is expected that his successor will be appointed soon after his arrival in Montreal. His Lordship, while in Canada, will assist in the welcome to be accorded H.R.H. the Duke of Connaught, who leaves England on Oct. 6 to assume the position of Governor-General of Canada in succession to Earl Grey. Lord Strathcona's career has been a truly wonderful one, in fact, it is doubtful if the world has ever witnessed its parallel.

UNITED STATES MAIL CARRIED BY AEROPLANE.

New York, Sept. 23.—The first U. S. mail ever transported by aeroplane was carried to-day from the aviation field on Nassau Boulevard, Long Island, to Garden City, a distance of five miles, by Earl L. Ovington, in a Blériot machine. His flight for this purpose was the leading feature of the International Meet's opening day. Ovington took only one bag of mail, held it between his knees and when he was over Garden City he dropped it on the signal of a man who waved a flag as pre-arranged. This bag contained about 75 pounds of letters and post cards.

COLORED PICTURES OF CORONATION.

A private view of the famous Kinemacolor pictures of the Coronation was given a number of pressmen at the Auditorium, and showed the wonderful nature of this latest development in moving pictures. Commencing to-day and daily thereafter, the famous Kinemacolor reproductions in natural colors will be shown at the Auditorium. In these wonderful pictures the great Coronation procession in all its array of color is shown. The mounted bands swing past, the royal coach drawn by eight cream colored horses ride past, the cheering crowds and Their Majesties bowing and smiling. The scene at Temple Bar is very real. All other multitudinous scenes, with their bright color, flashing arms, panoplied ranks, glittering horsemen and ever-varying military men are in no way inferior. Sir Wilfrid Laurier and the Canadian Northwest Mounted Police are quite recognizable as they pass, and there are many other distinguished Canadians who will be recognized at once. The views of normal London surpass anything ever shown. Similarly, the views of the battleships of all nations at Spithead, awaiting the coming of the Royal yacht, afford another illustration of the success of the new system of color reproduction. Here all shades of grey are blended with the varying lights that lie on sea water. One sees the ever-varying shadows on the swells, and the seascape is full of atmosphere.

CHARGED WITH BIG SWINDLING GAME.

New York, Sept. 23.—In a raid on the stock investment offices of Jared Flagg on West 40th street yesterday Flagg and seven other men were arrested on a charge of fraudulently using the mails in a species of endless chain scheme to defraud investors. Among the prisoners were Daniel N. Morgan, of Bridgeport, Conn., who was treasurer of the United States under Cleveland; Jas. K. Schock, a minister of the Dutch Reformed Church; F. Tennyson Neely, formerly a publisher on 5th Avenue, this city; Joshua Brown and Harold Jackson, brokers; Alvin M. Higgins, a lawyer and Ed. L. Schiller.

The prisoners were arraigned and pleaded not guilty. Bail was fixed for Flagg at \$25,000, and at ten and five thousand for the others. They all spent Sunday in the Tombs.

Post Office Inspector Elmer L. Kincaid stated that thousands of customers of the Flagg enterprise had invested about \$1,500,000 in the scheme. Flagg, it is charged, had claimed that he would invest their money in gilt edged securities which would pay them high dividends.

Inspectors who made a secret investigation reported that Flagg was conducting business after the fashion of the "Hiller Syndicate" and the Sheldon style.

They also reported that former U. S. Treasurer Morgan was interested in the enterprise to the extent of \$200,000. The scheme, according to the authorities has been in operation for more than 18 months. When arrested Flagg was defiant and asserted that he had violated no postal law. To-day he issued a statement defying the authorities to produce a dissatisfied customer. Every one of his transactions were carried out on the New York Stock Exchange, he said.

AFTER THE BATTLE AT THE POLLS

Big Demonstration at Ottawa for Mr. Borden—Sir Wilfrid Winding Up.

A big demonstration will be given to the Premier-elect, Mr. R. L. Borden on Tuesday night, in Ottawa. He was due to arrive there last evening, but, of course, it being Sunday, no demonstration could be given then. Tuesday's parade will be the largest of its kind that has ever been held in the city. The Conservative Association is arranging it.

Mr. Rodolphe Forget, M.P., the successful candidate, in the counties of Charlevoix and Montmorency will on his return to Montreal, be tendered an ovation.

A large number of his friends and admirers will meet him at the Place Viger Station at 8.30, Tuesday evening.

Mr. Forget's regiment, the "65th," will be on hand at the depot and will add a touch of color to the scene. The soldiers will escort their honorary colonel to their armory where a large reception will be held. A large number of automobiles, containing Mr. Forget's friends, will take part in the procession. The demonstration will be a portion of the enthusiastic aftermath of the elections.

Mr. Charles Smith received the following despatch from Mr. R. L. Borden from Halifax on Saturday last: "Many thanks for your telegram. You did nobly in Quebec. Good luck for next Monday."

Sir Wilfrid Laurier, who returned to Ottawa from Quebec on Friday night, went to his office on Saturday and started preparations to vacate the position from which he has been deposed by the popular mandate. The Premier was cheerful and chatted with a number of callers. He takes his defeat gamely.

Since Thursday it has been persistently rumored here, that on account of his advanced age, Sir Wilfrid would not continue to lead the Opposition, but would make way for some one else. The Liberal chieftain to-day, however, set at rest such rumors. He stated that it was his intention to stay by the party and that he was being urged to do so in telegrams from all over the country. To leave it at this critical juncture, he said, would have the appearance of deserting the ship and he deemed it his duty to stand by the party which for twenty-one years had stood by him.

The position of the leader of the Opposition is a salaried one, amounting to \$9,500 per year. It is not suggested that Sir Wilfrid needs the money particularly, but, at the same time, he is a poor man comparatively. His decision to remain at the head of the party has somewhat cheered the depressed spirits of his followers who are very slowly recovering from Thursday's defeat. Sir Wilfrid will sit for Quebec East, in place of Soulages, for which he was also elected. The Government will likely resign at the end of next week.

Hon. Mr. Pelletier's majority so far as known is 36, and the returning officer will make his official announcement to-morrow.

OPEN LETTER.

To Cyrille Delage, Esq., M.P.P., for the county of Quebec:

My dear sir—You stated and frequently repeated on all the hustings during the recent electoral campaign in the county of Quebec, that:

1st Mr. Caouette's election was your election. 2nd That a vote given to Mr. Caouette was a vote in your favor, and that a vote polled against Mr. Caouette was one against you.

As a matter of fact you considered Mr. Caouette's election your election and as Mr. Caouette was defeated you therefore should consider yourself beaten, as you now only represent the minority of the electors of the county.

It is anti-constitutional for you to represent us any longer in the Provincial Parliament.

Therefore there is only one thing for you to do as a man of honor and that is to surrender your mandate in the Provincial Legislature and, if you dare, come once more to solicit the votes of the electors.

Yours respectfully, ALFRED MARTINEAU, Lumber Merchant, Stoneham.
