JAPANESE TROOPS FINALLY ACHIEVED OCCUPATION OF LAST IMPORTANT CHINESE CITY IN MANCHURIA

Harbin, Headquarters of Chinese Eastern Railway, Fell to Japanese Following Nearly Week of Sanguinary Battles—Terrific Artillery Bombardment Marked Last Stage of Japanese Attack—Reported that Chinese Troops Are Massing for Attack on Tsitsihar.

HARBIN, Manchuria, February 3.—General Jiro Tamon finally achieved the occupation of Harbin, last important stand of the Chinese in Manchuria, today after almost a week of sanguinary battles with the troops of General Ting Chao.

Although the Chinese stubbornly resisted the advance of General Tamon's brigade up to the last minute, the headquarters of General Ting were deserted when the Japanese finally occupied the city. Harbin is the headquarters of the Chinese Eastern Railway, jointly owned by Russia and China.

The last stage of the Japanese attack was a terrific artillery bombardment last night in which several Japanese shells exploded near the headquarters building of the Chinese Eastern and caused Soviet Russian officials of the railroad to hold an emergency meeting to consider the situation.

The Chinese placed two field guns in an open area directly in front of the railway headquarters and opened fire in reply to Japanese attacks. Foreign residents of Harbin were believed safe.

Chinese troops were reported from Changhung, Manchuria, to be advancing toward Tsitsihar, hoping to take advantage of the fact that a part of the Japanese garrison there had gone to aid in the conflict of Harbin.

CHINESE FORCED JAPANESE PLANES TO MAKE LANDING

NANKING, Feb. 5.—An official report received by the Chinese aviation headquarters here from Shanghai said a fleet of Chinese planes which arrived there from Nanking today engaged in an aerial battle with three Japanese planes and shot down one and forced the other two to make forced landings within the Japanese lines.

JAPAN MADE ANOTHER AIR ATTACK ON CHINESE FORCES

SHANGHAI, Feb. 5.—Four Japanese aeroplanes bombed the Woosung Chinese forces today in a new assault on the fortifications guarding the mouth of the Whangpoo River, sixteen miles below Shanghai.

CHINESE ARE SUCCESSFUL IN CHECKING AIR FORCES

SHANGHAI, Feb. 5.—Chinese anti-aircraft gunners, equipped with antiquated anti-aircraft guns, succeeded this afternoon in checking the victorious air forces of Japan, adding greatly to the morale of their fellow defenders of Shanghai.

Throughout the day, withstood the most terrific attack of a bloody week upon the Chapei Section.

Within one hundred yards from the headquarters of the commander-in-chief of the Chinese Nineteenth Army, the Associated Press correspondent came upon the skeleton of one of the Japanese bombing planes, which had been brought down in flames as it swooped low to drop explosives on the headquarters.

The Chinese claimed two other Japanese planes were disabled in the same raid.

Four Japanese aeroplanes began the third successive day's bombardment of the Chinese Woosung Forts which guard the mouth of the Whangpoo River sixteen miles below Shanghai.

The Japanese, growing anxious after nearly twenty-four hours of bombardment, turned their field guns on the north Shanghai station where the Chinese infantry line began, in an renewed effort to dislodge the troops there. A force of one thousand fresh Japanese marines landed during the day, and it was reported a brigade of Japanese infantry will arrive tomorrow.

General Tsai Ting-Kai, commander of the Chinese Nineteenth Army, said a fleet of Chinese aeroplanes was expected momentarily from Nanking and would "put a stop to the Japanese monopoly of the air."

He said they would be used only defensively, however.

Conflicting reports from West Shanghai told of the arrival there of a fleet of Chinese aeroplanes and said they had engaged the Japanese aeroplanes in an aerial battle at noon, but no confirmation of the report was made.

The Chinese claimed not only to have driven off the Japanese airmen, but to have brought down a second plane.

Chinese civil authorities said the Chinese fliers were "nearly" and that tomorrow would bring "something startling."

Far from being perturbed by the terrific artillery and aerial bombardment to which they have been subjected during the last two days, the Chinese armies seemed a bit bored today at the way things were going, and officers expressed the wish that the Japanese would offer the opportunity for a showdown.

JOHN R. VOORHIS DEAD.
NEW YORK, Feb. 5.—John R. Voorhis, 101 years old, Grand Sachem of Tammany Hall, died today at his home here.

OTTAWA, Ont., Feb. 5.—The caucus of Conservative members and senators which had been scheduled to take place this morning has been postponed until Monday morning.

JAP PLANES BOMBED CHINESE TROOP TRAIN

SHANGHAI, Feb. 5.—Japanese aeroplanes rained bombs on a Chinese troop train moving into Chapei today, taking heavy toll.

Flying high over the Chapei area, the aeroplanes spotted the train moving with reinforcements for the 19th Chinese army, which has been resisting artillery bombardment for several days.

They swooped low enough to cut loose with their bombs and one of them struck a closed car, splitting it from end to end and scattering the bodies of Chinese soldiers over a wide area.

Before they attacked the train the planes dropped twelve bombs on Chenchu University, wrecking one large building and setting fire to two others.

ONE KILLED AND SEVERAL HURT WHEN BUS LEFT ROAD

BRANFORD, Conn., Feb. 5.—One man was killed, a girl was sent to a hospital and eight others suffered lesser injuries early yesterday when a bus sidwiped a truck and plunged from the highway.

Sergeant Victor McDonald, forty, of Fort H. G. Wright, was killed. Miss Virginia Lee, twenty-one, of Boston, was taken to a hospital suffering from an injury to the back. Eight others were treated at the scene and continued their trip in another bus.

CHINESE DEFENDERS OF SHANGHAI REPORTED FORCED FROM POSITION

Shanghai Shook Again This Afternoon as Japanese Subjected Chapei Section to Another Terrific Bombardment—Cannot Confirm Reports that Chinese Have Been Forced from Strategic North Station Area—Japanese Aeroplanes Guarding River Mouth.

SHANGHAI, Feb. 5.—Shanghai shook with another terrific bombardment of Chapei this afternoon and there were reports that the Japanese at last had succeeded in blasting the stubborn defenders out of their position around the strategic North Station.

It was impossible to verify them, for the smoke from guns and fire hung so thick over the native city that no one could see what was going on.

Simultaneously Japanese planes swooped about the Chinese forts at Woosung, guarding the mouth of the Whangpoo River sixteen miles below Shanghai, but after a two-hour bombardment the Chinese were still holding on.

AN ARMY OF PRIESTS HAS TAKEN UP ARMS IN CHINA

TORONTO, Ont., Feb. 5.—An army of priests has risen in China, writes John Armitage, for many years News Agency correspondent in the Orient. In a copyright article today he interprets recent cables which told of Buddhists flocking to the defence of China.

"Some days ago cables briefly reported this rising of priests, but to those not closely acquainted with China its real significance was lost," Mr. Armitage writes. His article continues:

"Two hundred thousand Buddhists from Tibet, from Mongolia and from China proper, have girded up their priestly robes, laid aside the Buddhist symbols of 'peaceful contemplation,' and taken unto themselves the weapons of defensive warfare."

BRITISH CURRENCIES WERE FIRM TODAY

NEW CATHOLIC MARRIAGE LAW IS ANNOUNCED

Marriages Between Catholics and Non-Catholics Will Be Considered Illegal by Church Unless Children Educated as Catholics.

VATICAN CITY, Feb. 5.—Marriage between Catholics and non-Catholics hereafter will be considered illegal by the church unless the children actually are educated as Catholics, a new and stricter ruling issued today by the Sacred Office declares.

The ruling, tightening mixed marriage restrictions, was issued because of a belief that parties to such marriages often have disregarded promises that the children should be reared as Catholics.

The Congregation decided that henceforth those who obtain the dispensation of the church for mixed marriage must take those promises seriously and that the church no longer will accept the plea that the laws of the countries where such persons reside prevent proper Catholic education of the children.

If necessary, the Congregation decided, such persons must refrain from going to countries where they would be unable to keep their pledges to the church.

In case of any failure to educate the children as Catholics, the church will regard such marriages as illegal.

The Congregation's ruling, in the form of a decree, was approved by Pope Pius.

The text mentions that the step was taken to "conform with the encyclical Casti Connubi," in which the Pope dealt with many aspects of marriage, including certain laxities in mixed marriages.

The decree applies to marriages between "Catholics and non-Catholics, baptized and unbaptized."

AN AGREEMENT IS REACHED IN WAGE DISPUTE

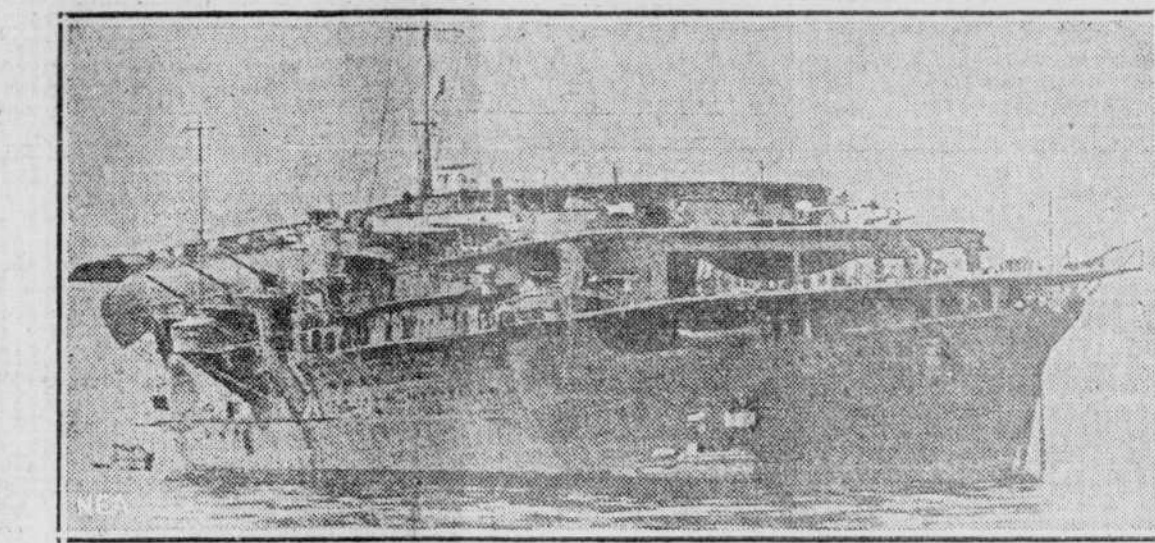

Negotiations Between Railways and Employees Engaged in Running Trades Resulted in 10 Per Cent. Cut from December 1, 1931, to January 31, 1933.

MONTREAL, Que., Feb. 5.—An agreement for a wage cut of ten per cent from December 1, 1931, to January 31, 1933, has emerged from extending negotiations between the railways and employees engaged in the running trades. Signed last night by railway officials and union representatives, the agreement brings to settlement a wage dispute that has been under way for several months.

Reduced revenues induced the railway companies to notify the men that a ten per cent reduction was necessary. Under the provisions of the Industrial Disputes Act a board of conciliation was constituted. After hearing evidence tendered by both sides the board recommended a ten per cent cut effective from November 15, 1931. The board's report was delivered early in December and the men contended the body was without authority under the statute to recommend a retroactive cut. The agreement signed yesterday provides that the reduction for the fifteen day period between November 15 and

PROPOSED AMENDMENT TO QUEBEC ELECTION ACT FAVORED BY HOUSE

Conservatives Opposed Changes as "Having Aspects Favoring Fraud and Encouraging Telegraphing"—Aime Guertin to Move for Committee to Study Elections Law During House Recess and Report to House.

QUEBEC, Que., Feb. 5.—Amendments to the Quebec Election Act, designed in the words of Premier Taschereau to "take the hypocrisy" out of the statute, were given second reading last night in the Legislative Assembly in the face of opposition from Conservatives, who branded the entire law as "having aspects favoring fraud and encouraging telegraphing."

Aime Guertin (Conservative, Hull) intimated he proposed to move an amendment to create a special committee of the House to study the measure in the recess and report to the next session of the Legislature.

In his capacity as Provincial Treasurer, Premier Taschereau introduced a bill to place a tax of one per cent upon profits of corporations. Estimated revenue would be \$1,000,000 annually.

sources of objection, the speaker explained. But country doctors actually benefitted since the units' personnel dig out disease and create patients while municipalities were called upon to spend merely from \$100 to \$400 a year.

The doctor spoke on a motion calling for documents relating to health units, placed specially on the order of the day after some counties, which have accepted the health units, expressed opposition to contributing further during hard times. The province, the Rockefeller Foundation and the counties with their municipal palities collaborate in maintaining the units.

"Had I a suggestion to make," said the member for Mercier, "it would be that the Government should adopt a law to establish permanent units all over the province and to make them obligatory in all the counties of Quebec."

MEASURE WOULD CURTAIL FEES IN SEIZURE CASES

QUEBEC, Feb. 5.—People who are unfortunate enough to have goods seized because they cannot meet instalments on the costs are not to be unduly loaded with court fees if legislation planned by Joseph Cohen (Montreal-St. Lawrence) passes the legislature.

Mr. Cohen plans a bill by which in the case of seizure to satisfy failure to pay instalments, the class of action before the civil courts shall be determined by the amount owing on the merchandise in question. For instance, it would put an end to what happened recently, in Montreal, when an individual who owed \$10 on an article bought by instalments suffered seizure and the court costs amounted to \$90.

HOUSE OF COMMONS TO GET DOWN TO SERIOUS BUSINESS ON MONDAY

Commoners Will Assemble This Afternoon to Pay Tribute of Respect to Members Who Passed Away During the Recess—Debate on Address in Reply to Speech from the Throne Will Commence on Monday.

OTTAWA, Ont., February 5.—The House of Commons will not get down to the real business of the session until Monday, when the debate on the address in reply to the Speech from the Throne will open. This afternoon the Commons will assemble for a short period, which will be taken up with expressions of tribute to former members who died during the recess. These are J. F. Buckley, who was Liberal member for Athabasca, and Clement Robitaille, who had represented the constituency of Maisonneuve in the Liberal interests. Mr. Buckley met death in an automobile accident some months ago.

Parliament opened yesterday with the customary ceremonial which attends that function. His Excellency the Earl of Bessborough carried out the ceremony with traditional grace. The Governor-General arrived last year when Parliament was in session, while the closing ceremonies were likewise performed by the Administrator. In both cases this was Mr. Justice Duff, of the Supreme Court of Canada.

Brevity featured the Speech from the Throne. It emphasized the Government's resolve to pursue a course of strict economy, noted the progress of negotiations between this country and the United States regarding the St. Lawrence Waterway, and foreshadowed the introduction of legislation not of a major character. The Speech confirmed the previous announcement of July 18th as the opening date of the Imperial Economic Conference at Ottawa.

Two new members, Charles Bourgeois, (Conservative, Three Rivers) and Humphrey Mitchell (Labor, Hamilton East), were introduced into the Commons.

In the Senate four new members were introduced: Rt. Hon. Arthur Meighen, who is Government leader in the Upper House; Hon. W. H. Dennis, of Halifax, N.S.; Hon. J. A. Macdonald, of St. Peter's, N.S., and Hon. C. C. Ballantyne, Montreal, Que. At a meeting of Conservative Senators Mr. Meighen was elected to succeed Hon. W. B. Willoughby in the leadership.

HON. C. C. BALLANTYNE TO MOVE REPLY IN SENATE

OTTAWA, Ont., Feb. 5.—Hon. C. C. Ballantyne (Conservative, Montreal) will move in the Senate the Address in reply to the Speech from the Throne. The second will be Hon. Arthur Marcotte (Conservative-Pontiac, Sask.).

Senator Ballantyne was appointed a member of the Upper Chamber on Wednesday and was introduced in the Senate yesterday. Senator Marcotte was named to the Upper House towards the end of the last session and took his seat in the Senate a few weeks before prorogation.

Following the proceedings opening Parliament yesterday the Senate was adjourned until eight o'clock on Monday. The motion for adjournment until Monday was made by Rt. Hon. Arthur Meighen, Government leader in the Upper Chamber, and carried unanimously.

Debate on the address is set to open in the Upper House on Monday night.

WESTERN DOCTOR FAVORS STATE MEDICINE SYSTEM

OTTAWA, Ont., Feb. 5.—A resolution advocating a form of state medicine has been placed on the Order Paper of the House of Commons by Dr. J. P. Howden, Liberal, St. Boniface. It would place the House on record as favoring a periodic medical examination of all Canadians, and to empower the Government to take steps to "afford medical relief for those suffering from disease."

JOSEPH MERCIER PROBES LABRADOR SALE QUESTION

OTTAWA, Ont., Feb. 5.—Details of a reported offer of the sale of Labrador to Canada have been requested from the Government by Joseph Mercier, Liberal, Laurier-Outremont. He has placed on the order paper the following questions:

Did the Government of Canada receive from the Government of Newfoundland or its representative an offer for the sale of Labrador?

If such an offer has been made, what were the conditions of sale and where do the negotiations stand at the present time?

What was the Canadian Government's answer?

When this offer was discussed was the question raised as to the admission of Newfoundland in the Canadian Confederation?

TO INVESTIGATE CHARGES AGAINST PRIME MINISTER

OTTAWA, Ont., Feb. 5.—Appointment of a special committee of seven members to investigate charges and allegations said to have been made by Hon. George N. Gordon, K.C., of Peterboro, "reflecting upon the Rt. Hon. R. B. Bennett, Prime Minister," will be moved for in the House of Commons by Hon. Hugh Guthrie, Minister of Justice. The charges and allegations referred to are set out in detail in a notice of motion appearing today on the order paper of the House.

Quoting from a newspaper, the resolution sets forth the statements, said to have been made by Mr. Gordon at Hamilton, Ont., and Lindsay, Ont., as follows:

"January 7, 1932 — 'The bald charge that Premier Bennett had financed the honeymoon trip of his sister to Europe out of the Canadian treasury, and that he had obtained a new private railway car for his own use at a cost to Canada of \$125,000,' was made to local

FACES DRASTIC TAX INCREASES

Income Tax on Same Scale as Federal Tax, Wage Tax and Increased Corporation Tax Being Studied by Government.

REGINA, Sask., Feb. 5.—A provincial income tax at the same rate as the present federal tax.

A wage tax over and above the income tax on all wages and salaries, of probably one per cent.

An increase of approximately ten per cent in the Corporations Tax.

These are three avenues of taxation which will in all probability be traversed by the Provincial Government in the current fiscal year as a means of raising revenue.

Hon. M. A. MacPherson, K.C., Provincial Treasurer, said last night that the Government has under consideration a wage tax such as was announced on Wednesday from Manitoba.

"We have the matter under consideration, but that is as far as I care to go," Mr. MacPherson said, declining to give any information as to what rate might be under consideration or how far the application of the tax might go.

It was also learned that at the recent caucus of Government members of the Legislature definite decision was reached to impose a provincial income tax this year based on the federal plan.

SENATORS MOVE TO DISCIPLINE THREE MEMBERS

Caucus Called for Tuesday Morning to Discuss Action in Connection With the Beaucharnois Scandal.

OTTAWA, Ont., Feb. 5.—First steps toward action by the Senate regarding the three Liberal senators named in the Beaucharnois report of last session will be taken next Tuesday morning at a caucus of Conservative members of the Upper House, it is understood here.

The three Senators in question are Hon. Wilfrid Laurier McDougall, Hon. Donat Raymond and Hon. Andrew Haydon. The latter two were named at the probe last summer as the recipients of more than \$700,000 in contributions to the Liberal campaign funds. Senator McDougall's activities regarding Beaucharnois could not under the circumstances "be too strongly condemned," the Commons committee reported.

Tuesday's caucus, it was learned today, has been called on the authority of the new government leader of the Senate, Rt. Hon. Arthur Meighen, to decide what course of action should be taken by the Senate regarding these three senators.

Since the Government now has a majority in the Senate, whatever the caucus decides will have almost the force of a Senate decision.

PROGRESS MADE BY CHURCH AT SAWYERVILLE

Interesting Sketch of Gospel
Preaching in District Presented
by Two Youthful Historians.

SAWYERVILLE, Feb. 5.—The history of the Methodist religion in this vicinity, starting back more than a century ago, was the topic of an interesting paper read at the Sunday School on Sunday last. Two youthful historians, Jean Montgomery and Leona Lake, gathered the interesting facts which are published below after delving through historical sketches dating back to 1806. The result of their investigations as read to the Sunday School and revealed the following information.

The first services of any kind in Eaton were held in 1806 when a Congregationalist minister journeyed from Vermont. In the course of his visit he informed the settlers that a Methodist minister would likely reach them in a few days, and promised them a missionary for six months if they would not allow the Methodist to preach. The Methodist minister arrived, weary and worn after a long ride through dense wilderness, guided by blazed trails. He was kindly received and hospitably entertained by a highly respectable farmer named Col. Williams in Sawyerville. The preacher of the Gospel was the Rev. Asa Kent, of the New England conference of the Methodist Episcopal Church, then a young man who lived to an old age and from him, personally, William Sawyer, ex-M.L.A. for Compton, obtained many interesting facts.

Col. Williams informed Rev. Kent of the visit of the other minister and told him that the prospect of a missionary to preach was so great an advantage that they had promised to let him preach to them. The news brought some disappointment to the young minister who had traveled so far to preach the Gospel without fee or reward. However, Rev. Kent accepted his fate with Christian-like spirit and, after commending the colonel and his family to God, earnestly imploring upon them all divine protection, he prepared to take his leave.

The following morning, however, Col. Williams met the young man with a smile and said "I have been reflecting much on this matter during the night and have come to the conclusion that we must not turn you away so coldly; you must preach to us."

It was arranged that on the next day Rev. Kent should hold service at the home of Captain Sawyer. With this foothold, the zealous minister started at once on a house to house visitation. At Eaton he met a Baptist named Deacon Alger and the latter strongly insisted on service being held at his home. Furthermore, Rev. Kent arrived about sundown at a home where he was to deliver a letter. Although hopeful that he would receive an invitation to remain overnight, he met with a cold reception and had to tramp a cold distance before he arrived at a residence where he was accorded a cordial reception.

The next morning he left to keep his appointment at Deacon Alger's. A large number of settlers had assembled in groups or were seated on logs around the cabin, timid to enter. The more courageous ones entered when the singing began and others drew closer during the prayer. At the end of the meeting there was a good congregation. In the afternoon, Rev. Kent preached at Captain Sawyer's. He left the settlement the next morning, but returned several times and preached. The missionary stationed at Stanstead, Rev. Richard Pope, made occasional visits to Sawyerville in 1822 and 1826, and in 1826 a minister of the Vermont conference located in Sawyerville, preaching in

the Baptist Church. In 1837 or 1838 Rev. J. Bottrell was stationed in the St. Francis district, which comprised Hatley, Coaticook, Compton, Lennoxville, Sherbrooke, Windsor, Melbourn, Danville, L'Orignal, Sawyerville, Eaton, Cookshire, Island Brook, Robinson and Marlboro circuits. Rev. E. S. Ingalls helped him, but in the summer Mr. Ingalls was removed and Mr. Bottrell was left alone.

Two representatives from Sawyerville and Dudswell attended the May quarterly meeting at Sherbrooke in the spring of 1848. They urged that a supply should be furnished to Eaton and Dudswell, and were informed they would receive one if a guarantee were forthcoming for incidental expenses. The challenge was accepted. W. Sawyer and Albert Farnsworth pledged for the full support of the promised minister. In September, 1848, Rev. J. Armstrong was sent to this appointment, and he was succeeded by Rev. A. McMullen, from Ireland. In that year there was a membership of one hundred and twenty on the Sawyerville circuit. Three years later, Rev. Mr. Armstrong was returned to Sawyerville, a year after the first Methodist Church was built in Sawyerville, and in conjunction with Rev. Mr. McMullen the work made rapid advancement.

Classes were formed in Clifton, Newport, Bury, Westbury and other places, all in 1853 Rev. Robert Brown was sent here and remained for three years at a salary of two hundred and fifty dollars per year. When Rev. Richard Wilson received the appointment in 1856, Dudswell was set off as a separate mission, and it was while Rev. W. Constable was minister that the present parsonage was constructed in 1858. Mr. Sawyer donated five acres, and on part of this land the rectory was built. Rev. Mr. Constable was assisted by Rev. Samuel Jackson, and later Rev. John Johnston was associated with him. Rev. Samuel Geeson held the same position with Rev. Constable in 1860, and the following year Mr. E. S. Orr, a very efficient local preacher, who assisted greatly with the work moved to Sawyerville.

At the conference in 1861 Rev. Robert Brown was sent here with Rev. George Brown as his assistant. During his tenure the Cookshire Church was built and Bury established a separate mission. Rev. Robert Brown died while on this circuit and was succeeded by Rev. H. A. Spencer. Rev. S. E. Mandley and Rev. George Washington followed, and during the latter's stay churches were erected at East Clifton and Bury. Mr. Maxwell, who succeeded Rev. Mr. Washington, married Miss Sawyer, of Sawyerville. During the term of Rev. E. E. Sweet, who arrived in 1868, Cookshire was created into a separate mission. From then on the following ministers were appointed and served: Rev. R. Smith, 1871-1873; Rev. James Pearson, 1873-1876; Rev. J. W. Clapham, 1876-1879; Rev. J. W. Clapham, 1879-1882; Rev. Robinson, 1882-1885; Rev. Meyers, 1885-1888; Rev. W. M. Adams and Rev. C. S. Deeprose, 1888-1894. Rev. A. A. Radley was appointed in 1894.

In the same year Eaton was set off as a separate circuit and a parsonage was built at Birchton.

SAWYERVILLE CONGREGATION HELD MEETING

On Thursday evening, January 28, the United Church members held their annual congregational meeting for the charge.

It was agreed that the election of the congregational representatives should be deferred and that they be elected by the individual congregations of East Clifton, Randboro and Sawyerville.

Mr. L. E. Farnsworth reported for the Trustees of the Board of Sawyerville and the Quarterly Official Board of the Circuit. He said that Rev. Mr. Wilson at the recent meeting of the Board had suggested a voluntary cut in his salary of one hundred and fifty dollars, due to the fact that the bulk of the congregations concerned were straightened in income at the present time. The Board had also invited him to remain as pastor for another year.

There was still a certain shortage in allocations except at Randboro, where the balance had been made up by a special grant from the Ladies' Aid.

Sawyerville Ladies' Aid reported twenty-seven members and had raised \$315 in the year.

Randboro Ladies' Aid raised \$125.48, and sent two bales of new and second hand clothing to the drought stricken area in Saskatchewan.

Clifton with nineteen members raised \$38.92.

Mrs. E. W. Wilson and Mrs. Guy Waldron reported for the Sawyerville and Clifton Sunday Schools that they were making favorable progress. The combined membership is 119.

Miss Esther Brazel and Mrs. Ralph Cairns reported that the Young People's Societies at Sawyerville and Clifton were in good condition and were carrying on in all departments. The Clifton Young People are running a rink this winter.

Mrs. E. M. Wilson gave the report for the W.M.S., saying that they had, with seventeen members, reached their objective, and mentioned the special help Mrs. Montgomery had been. They in co-operation with Clifton sent two bales of clothing to Saskatchewan.

Mr. R. W. Montgomery reported the use of the new hymnary by the

UNITED CHURCH MEETING HELD AT SCOTSTOWN

Large Sum Raised During Past
Year by Congregation—News-
Items of General Interest from
Vicinity.

SCOTSTOWN, Que., Feb. 5.—The annual meeting of St. Andrew's United Church was held on the evening of January 21st, in the church, with a fair attendance. The meeting was opened with a hymn and a prayer by the pastor. Mr. Ross MacDonald was appointed secretary for the evening. The minutes of the previous annual meeting were read and adopted.

A pleasing feature of the service at St. Paul's Presbyterian Church Sunday morning was the junior choir, which was recently organized by Mrs. Elger, the organist, and Mrs. K. R. MacLeod. The sweet young voices were much appreciated and it is hoped that they will be heard from time to time.

Miss Barbara MacLeod, of Meagallowick, who was the guest of Mrs. MacDonald, was the featured soloist at a delightful tea on Friday afternoon, January 29th. In the evening Mrs. MacLeod entertained at a bridge party. The prizes were captured by Mrs. Riglar, Mrs. Wolley and Mrs. S. Parsons.

Mrs. John Taylor entertained her class of boys in the Sunday school to a sleigh drive on Saturday, January 30th. A class of girls were also invited, and the destination was the home of Mrs. William Gray, Gould, where the group had a hot dinner. During the afternoon, Rev. Mr. Payton came in and talked with the boys and girls. After a good tramp in the snow the group returned to supper before starting on their return trip. Mrs. William Taylor assisted Mrs. Taylor in the outing, which was thoroughly enjoyed by all.

General Notes.

Miss Patricia MacLennan left Monday morning for Macdonald College.

Mrs. John Campbell, of Detroit, choir, and also that they are building up a group of younger members around the older.

It was expected that in the neighborhood of \$550 would be raised for Missionary and Maintenance purposes, as well as \$36 for the Conference and Presbytery Fund.

A committee of Messrs. Leslie Mackay, Guy Waldron, and Marshall Rand, had made arrangements for refreshments, which were served in the basement at the close of the meeting.

General Notes

A particularly interesting session of the United Church Sunday School was held last Sunday. Miss Leona Lake gave an excellent paper on the early beginnings of the former Methodist Church in Sawyerville.

Mr. Montgomery then followed this by an interesting address on the same subject. The closing hymn "Faith of our Fathers" was particularly appropriate.

The Young People's Society of the United Church held a skating party at the rink on Friday, January 29, after which they adjourned to the basement of the church for refreshments. Their meeting on Tuesday evening was in charge of Bertha McBurney and Ransy Lake. It was agreed to divide a surplus of fifteen dollars between the local expenses of the church and the Missionary and Maintenance Fund.

Mrs. N. J. Ashford who has been visiting at the parsonage for a time had returned to her daughter's home at Lennoxville.

Mr. W. E. Leonard's many friends are pleased to learn that his health, which has been very poor for the past four weeks, is much improved.

Little Miss Margaret Hamilton has returned home after spending a few days with her aunt, Mrs. Errol French.

ANNUAL MEETING OF THE AYRSHIRE BREEDERS' CLUB

The annual meeting of the District of Bedford Ayrshire Breeders' Club was held in the Town Hall on Saturday, January 30, 1932. The attendance, while not as large as usual, represented all sections of the three counties, Brome, Missisquoi and Shefford, which comprises the club territory.

Mr. Thos. Coughtry, West Brome, president of the club, occupied the chair. The meeting opened with the reading of the minutes of the last meeting by the secretary-treasurer, Mr. P. C. Chapman, Frost Village.

The minutes and financial statement were duly adopted.

The president then addressed the meeting in a few well-chosen remarks, thanking the secretary, directors and members for the kind support given him during the past year.

Lively discussions ensued on the different questions brought before the meeting.

The question of grants to the different county fairs and to the Sherbrooke Exhibition, after considerable discussion, was left over for the directors to decide at a later date, after seeing how the finances of the club looked later in the season.

It was decided to carry on the show during 1932 and for record of performance cows for another year. This competition is open to members of the club doing R.O.P. work and the awards are made to the cow making the best record in each class both the 365-day division and the honor roll. Records must be completed during 1932 and reported before January 15, 1933.

The winners for the year 1931 in the honor roll division, were:

Nature class: A. F. Sanborn, South Roxton, on Roxside Jean 2nd.

Four-year-old class: Chapman Bros., Frost Village, on Frost Home Blossom.

Three-year-old: Geo. H. Montgomery, K.C., Phillipsburg, on Lakeside Verbera.

Two-year-old class: Wilton E. Dryden, Cowansville, on Clover Ridge Flossie 2nd.

After some discussion regarding raising funds for the club, it was decided to again hold a calf raffle on the occasion of the annual field day.

Mr. Jas. Potvin, Yamaska Farm, Farnham, kindly offered to donate a calf to the club for this purpose.

A vote of thanks was accorded Mr. Jas. Davidson, Waterville, and his manager, Mr. Stewart McRae, for their kindness in placing the Ayrsmott herd at the disposal of the club for the judging competition held in May, 1931, and to Mr. and Mrs. Thomas Coughtry for their kindness in entertaining the club on the occasion of their last annual field day.

A vote of thanks was also accorded the town of Farnham for the use of the hall.

The election of officers for the year 1932 resulted as follows:

President, Jas. Symington, St. Armand; vice-president, W. P. Cleary, warden; directors, Thos. Coughtry, West Brome, J. H. Purdy, Waterloo, Wm. Beech, Cowansville, John Hunter, Phillipsburg, Ovide Fortin, Adamsville; secretary-treasurer, Eric Hastings, Sweetburg.

Upon raising business after lunch, resolution was passed asking the Canadian Ayrshire Breeders' Association to retain Frank Pettress as fieldman for the year 1932.

The question of four per cent. bulls was then brought to the attention of the meeting by Mr. P. C. Chapman, the retiring secretary. Mr. Chapman read the proposal of the executive committee as printed in the Ayrshire Review for January.

The chairman called on the fieldman, Frank Pettress for an opinion. He cited some of the investigations that had been made along this line. Mr. John Hunter, manager of Lakeside Farm, Phillipsburg, followed, being very emphatic in some of his opinions. Mr. L. D. McCintock, agriculturist for Brome County, suggested some form of chart which would show how high the bull scored along certain lines. All agreed, however, that there was too much difference allowable between the bull that just enters into Class A and the one that just misses A.A. The opinion of the meeting seemed to be that some change should be made here, but that to limit advanced registration to bulls from four per cent dams was rather a drastic step.

The meeting appointed a committee composed of Messrs. J. Hunter, L. D. McCintock and F. Pettress to meet if possible before the annual meeting of the association in Toronto and draft some proposal as coming from the Bedford Club.

Mr. McCintock, who is the secretary of the newly-formed District of Bedford Cattle Breeders' Council, explained the aims of the Council to the meeting, and asked the Ayrshire Club to lend its support.

Mr. Paul Gingras, agriculturist for Missisquoi County was also present and took part in the different discussions.

The Canadian Ayrshire Breeders' Association was represented by the Quebec Fieldman, Frank Pettress, who received a letter of introduction to be presented were sent to the secretary by Mr. F. C. Biggs, Dundas, Ont., president of Canadian Ayrshire Breeders' Association, and by Mr. Frank Napier, the secretary, Mr. Tetrault, M.P.P., for Sherbrooke, also sent his regrets.

The annual meeting of the District of Bedford Ayrshire Breeders' Club was held in the Town Hall on Saturday, January 30, 1932. The attendance, while not as large as usual, represented all sections of the three counties, Brome, Missisquoi and Shefford, which comprises the club territory.

Mr. Thos. Coughtry, West Brome, president of the club, occupied the chair. The meeting opened with the reading of the minutes of the last meeting by the secretary-treasurer, Mr. P. C. Chapman, Frost Village.

The minutes and financial statement were duly adopted.

The president then addressed the meeting in a few well-chosen remarks, thanking the secretary, directors and members for the kind support given him during the past year.

Lively discussions ensued on the different questions brought before the meeting.

The question of grants to the different county fairs and to the Sherbrooke Exhibition, after considerable discussion, was left over for the directors to decide at a later date, after seeing how the finances of the club looked later in the season.

It was decided to carry on the show during 1932 and for record of performance cows for another year. This competition is open to members of the club doing R.O.P. work and the awards are made to the cow making the best record in each class both the 365-day division and the honor roll. Records must be completed during 1932 and reported before January 15, 1933.

The winners for the year 1931 in the honor roll division, were:

Nature class: A. F. Sanborn, South Roxton, on Roxside Jean 2nd.

Four-year-old class: Chapman Bros., Frost Village, on Frost Home Blossom.

Three-year-old: Geo. H. Montgomery, K.C., Phillipsburg, on Lakeside Verbera.

Two-year-old class: Wilton E. Dryden, Cowansville, on Clover Ridge Flossie 2nd.

After some discussion regarding raising funds for the club, it was decided to again hold a calf raffle on the occasion of the annual field day.

Mr. Jas. Potvin, Yamaska Farm, Farnham, kindly offered to donate a calf to the club for this purpose.

A vote of thanks was accorded Mr. Jas. Davidson, Waterville, and his manager, Mr. Stewart McRae, for their kindness in placing the Ayrsmott herd at the disposal of the club for the judging competition held in May, 1931, and to Mr. and Mrs. Thomas Coughtry for their kindness in entertaining the club on the occasion of their last annual field day.

A vote of thanks was also accorded the town of Farnham for the use of the hall.

The election of officers for the year 1932 resulted as follows:

President, Jas. Symington, St. Armand; vice-president, W. P. Cleary, warden; directors, Thos. Coughtry, West Brome, J. H. Purdy, Waterloo, Wm. Beech, Cowansville, John Hunter, Phillipsburg, Ovide Fortin, Adamsville; secretary-treasurer, Eric Hastings, Sweetburg.

Upon raising business after lunch, resolution was passed asking the Canadian Ayrshire Breeders' Association to retain Frank Pettress as fieldman for the year 1932.

The question of four per cent. bulls was then brought to the attention of the meeting by Mr. P. C. Chapman, the retiring secretary. Mr. Chapman read the proposal of the executive committee as printed in the Ayrshire Review for January.

The chairman called on the fieldman, Frank Pettress for an opinion. He cited some of the investigations that had been made along this line. Mr. John Hunter, manager of Lakeside Farm, Phillipsburg, followed, being very emphatic in some of his opinions. Mr. L. D. McCintock, agriculturist for Brome County, suggested some form of chart which would show how high the bull scored along certain lines. All agreed, however, that there was too much difference allowable between the bull that just enters into Class A and the one that just misses A.A. The opinion of the meeting seemed to be that some change should be made here, but that to limit advanced registration to bulls from four per cent dams was rather a drastic step.

The meeting appointed a committee composed of Messrs. J. Hunter, L. D. McCintock and F. Pettress to meet if possible before the annual meeting of the association in Toronto and draft some proposal as coming from the Bedford Club.

Mr. McCintock, who is the secretary of the newly-formed District of Bedford Cattle Breeders' Council, explained the aims of the Council to the meeting, and asked the Ayrshire Club to lend its support.

Mr. Paul Gingras, agriculturist for Missisquoi County was also present and took part in the different discussions.

The Canadian Ayrshire Breeders' Association was represented by the Quebec Fieldman, Frank Pettress, who received a letter of introduction to be presented were sent to the secretary by Mr. F. C. Biggs, Dundas, Ont., president of Canadian Ayrshire Breeders' Association, and by Mr. Frank Napier, the secretary, Mr. Tetrault, M.P.P., for Sherbrooke, also sent his regrets.

THERE AIN'T NO 'ELL.

Granville Kleiser.

"There ain't no 'ell!"
Said Bill, with show.
"Explain," said I,
"I'd like to know!"

He looked at me
With half-shut eyes,
As if my mind
To scrutinize.

"You see," said Bill,
"It's just like this:
A man's own mind
Makes 'ell or bliss."

"If 'ell you think,
Then it is 'ell;
But 'eaven think,
And all is well."

I thought about it
Over night;
And now I think
Old Bill is right.

PUT THE THREE IN ONE.

The suggestion that the three prairie provinces unite their Local Legislatures, and thus effect combined savings of several millions dollars, has not met with any response, not even from the provincial legislators who preach economy.

There is little diversity of conditions in the three provinces, for they are much in alignment in topography and in industry.

With a population of about 2,500,000 people the three Legislatures elect one hundred and eighty-one members, and in Manitoba, Saskatchewan and Alberta, there are maintained capitals and all the officials and paraphernalia of three different governments, each one being as expensive in the upkeep as would one central parliament for the three.

It was unfortunate that the suggestion came from Manitoba, where there is an administration almost certain of defeat in the general elections now due.

Of course the bureaucratic body and all its influences will be against the drastic remedy for waste and for too much government. But it is a suggestion well worthy of being laid before a convention of delegates from each of the three provinces.

Such an amalgamation would add to the prestige and influence of the Western members in the Federal House, and there would follow a better representation of men of broad calibre. With the smaller constituency there always come forward the parochial-minded man who may or may not develop into a public-spirited legislator.

With a merger the representation could be cut in half, and so also would be the taxes.

MAY LOSE THE SYMPATHY OF HER OLD ALLIES.

Withal she did possess the sympathy and goodwill of this part of the Anglo-Saxon world in her effort to enforce the obligations of a treaty with China, Japan may, by rapacity and a desire for conquest, impair that good-will.

The punitive expeditions along the Pacific sea coast do not find any reactions in China as a whole, for that country is akin to a chloroformed hippopotamus, with a hide too thick to penetrate. Firing on Shanghai and bombing Nanking will not reach the heart of a nation which has lain dormant for years and has been looted by bandit chiefs at pleasurable intervals.

Possibly, it is because China and the Chinese have been so long pillaged and imposed upon by several of the Nations of Europe that the Japs think they can work their will in the years of complacency. China does not resist. She engulfs her enemies, and in the passing aeons just absorbs them to their ultimate undoing.

Berserk and enraged the people of the Pacific Island Kingdom are not presently in a mood to be reasoned with. They look upon their expeditions as a try-out of their investments in armaments and munitions, and they know they are attacking an enemy which is helpless in both defense and attack.

TAKING ABOARD THE BARNACLES SCRAPED OFF.

An apple plucked from the tree begins to deteriorate the moment it is separated from the branch.

It has been said that political parties who may win a victory at the polls almost at once begin to weaken on the fruits of victory.

Prime Minister Bennett has certainly not strengthened his following in either the House or the Senate by his recent selection of crustaceans.

Some of the old barnacles, lost to sight and long forgotten, have been asked to come aboard the Ship of State.

The return of the Hon. Arthur Meighen, as leader of the Senate, will not be received with acclaim in Quebec or in Eastern Canada, for he was both inept, a poor tactician, and was without sincere convictions on the policy of protection.

The selection of the Hon. C. C. Ballantyne as

Senator to replace the Hon. George G. Foster, the able native son of Brome County, is a deterrent to political loyalty.

The merging of the portfolio of Immigration with that of Labour is an economic measure which one hopes will not meet the same ludicrous fate as did the gesture about the upkeep of high-priced motor cars for some two score bureaucrats.

The two appointments to the Senate from Nova Scotia can be commended.

But it does seem just too bad in the third session of the present Parliament there should be such distinct signs of that deterioration in the parliamentary structure, which the able leaders like MacDonald and Laurier were able to conceal whilst they were young and vigorous.

Ottawa does not understand Quebec. If the Liberals only had an able leader, they should be gleeful.

EDITOR'S NOTE BOOK.

It is to be hoped that the Quebec Legislature will have the courage to carry on the measure to have lanterns carried on every vehicle on the highways after dark. It is only the careless and thoughtless, the irresponsible or the irritating man who will object to such a measure, designed to protect his life as much as is the law compelling motor vehicles to carry lights back and front. On a dark and stormy night many accidents have occurred through the unlighted vehicles slowly making their way along the roads, and a law such as that which has been approved in committee, is but a protective measure for those who would venture forth without the light signal.

It is ten years since Sherbrooke had an Eastern Townships' Motor Show, and the success of the winter shows in New York and Montreal would indicate a revival of this display as an annual feature. Besides the new converts to motoring, one must count and consider the possibilities of rehabilitations required by nigh a quarter million present owners whose vehicles have reached the age of ever-recurring visits to the garage.

Tantalus, the proud king who suffered in hades all the agonies of hunger and thirst, with food and drink always in sight, but ever beyond reach, was spared the tantalizing thought of paying a direct governmental tax every time he ate a square meal in Quebec.

This journal has for many years been the mouthpiece and spokesman for the Eastern Townships, and it would ill become us to have a partisan Editor who glossed over the errors of the political strategists who study exigency rather than excellency.

WAR DESCRIBED BY COL. BLADIN LAST EVENING

Salvation Army Officer Related Experiences During the World War and Praised Character of Men Who Fought and Died for Their Country.

The admirable spirit of comradeship which prevailed among the soldiers of the Allied forces during the World War, and the humor which somewhat relieved the tenseness of the situation the troops had to contend with, were described in an interesting manner last evening, by Lieut. Col. John S. Bladin, of the Salvation Army at a lecture in Plymouth Church Hall.

Relating experiences which he had during the war, sketching the character of the men who fought by his side and died for their country, with particular stress upon the bravery of these men, their courage and defiance in the face of death, and the heroic manner in which they encountered frightful experiences, Col. Bladin's address was listened to with keen attention by an appreciative audience.

Col. Bladin, who is at present visiting in Sherbrooke, is an Australian born son of the Empire, his parents residing in the Victoria State of the Commonwealth. He became a lieutenant in the Army before he was twenty, and was made a captain two years later as a reward for his enthusiastic and unselfish work. He accompanied the New Zealand troops in the fighting zone in France, and it was there that he learned to understand how courageous, how unselfish, how considerate and how heroic man can be in the face of overwhelming dangers and gruesome death.

"War is a diabolical thing," he said last night, "and about war I have nothing to say. But I have plenty to say of those young chaps who went across and lost their lives, who died in the trenches, their bodies torn and mangled." He left New Zealand as a Salvation Army chaplain, and sailed for many weeks at sea before being able to land. They finally reached Plymouth Sound. In his close contact with the young Colonial soldiers, who were off to fight, Bladin acquired a deep insight into their characters and personalities. His talk last evening was interspersed with fragments of his observations, reminiscences of various happenings. "There was humor in the army," he stated, "notwithstanding the fact that conditions were terrible. Even at the best army life is demoralizing. And when one sees the inhuman cruelties of war, one believes that humor is impossible. Yet these brave soldiers saw humor and even laughed in the face of death. There was irony in it, whimsicality, but their 'humor' enabled them to carry on, to regain lost courage, to appreciate the little life had left for them. Col. Bladin related many amusing incidents which happened in the army, cleverly describing the frivolities and the humor which the Colonial and Canadian soldiers were able to perceive.

"But it was in the hospitals," he said, "that one could see the real bravery and courage of the soldier boys. On the battlefields, brave deeds are often done under the stress of great excitement, but in the hospitals the fact that conditions were terrible, even at the best army life is demoralizing. CHAMBER OF COMMERCE PREPARE FOR ANNUAL MEETING.

A nominating committee of the Sherbrooke Chamber of Commerce met at the City Hall yesterday to draw up a slate of proposed officers for the coming year. This will be submitted to the annual meeting, which takes place later in the month.

"Clochette de Carnaval," a musical programme staged by local amateur performers, was repeated last evening at His Majesty's Theatre under the auspices of the Catholic Women's League. An appreciative audience attended the second performance, which was executed with the same grace and ability as on the previous night.

The music and general arrangement of the play was under the direction of Mrs. L. E. Codere, well-known local composer and organizer, while the stage and artistic direction was in the capable hands of Mrs. Fred J. Doherty.

PREPARATIONS COMPLETED FOR BANQUET.

Tomorrow promises to be a red letter day for scouting in the Eastern Townships, for in the evening representatives of all Scout groups in Sherbrooke and vicinity and their friends will gather at the New Sherbrooke House for a great scouting banquet. In addition to representatives from the Eastern Townships, there will be delegates from troops in other parts of the province and several officials of Provincial and Dominion headquarters. Mr. J. R. Sangster, the newly appointed District Commissioner, will preside, and will receive his warrant of appointment from the Chief Commissioner for the Province, Mr. T. H. Wardlaw.

The committee members in charge of the banquet have decided that uniforms will not be worn by the Scout officers.

The guests will include members of the Ladies' Auxiliaries and other lady friends of Scouting.

PROSPECTS ARE GOOD FOR TUBERCULAR SANITARIUM.

At a meeting yesterday afternoon of the Anti-Tubercular League of the District of St. Francis, Dr. P. P. Beaudry informed the members that the Provincial Government has approved in principle the construction of a tubercular sanitarium in Sherbrooke, and that the only difficulty now is that of finances.

The construction of a sanitarium has been under discussion for some time. The aldermen, several weeks ago, were approached and appeared to receive the suggestion with favor. It is likely that some movement will be undertaken shortly to make the plans a reality.

Recurrent matters were discussed at yesterday's meeting, including the re-entring of the present dispensary on King street, the engagement of Mr. J. H. Bryce as auditor and the decision that the revenue derived from the sale of Christmas T-B stamps be used to help meet the expenses of the League.

Last evening members of the Business and Professional Women's Club enjoyed a discussion, led by Miss Martens, on the aims and objects of their club, following the social gathering at the fortnightly supper. Owing to the absence of the president, Miss Elizabeth Van Rosten, vice-president, was in charge during the regular business session. There was a good attendance and the discussion in which many members participated was very much enjoyed and will no doubt prove beneficial and foster the already splendid spirit of co-operation and comradeship existing among the members.

Last evening, under the auspices of the 53rd Chapter of the Imperial Order of the Daughters of the Empire, a very successful card party was held at the home of Mrs. R. Loughheed, Laurier Avenue. Names in the current news
Sound like food,
Resembling eatables
Sweet and good;
Andrew Mellon from

This awful pun)
Has just been made
An Ambassador

To the British floor.
Gosselin with

Ought to be good
Enough to eat.

Then Johnny Coco

Is leading the snowshoe

From Quebec to Montreal
And—perhaps Flin Flon.

BIG INCREASE IN DELIVERY
OF WOOD TO INDIGENTS

There is a marked reaction at
the local police department to
weather conditions, and the distribu-
tion of wood to poor families in
the city increases or decreases ac-
cording to the temperature which
prevails. The past week, since the
first of February, has been an ex-
ceptionally active one in this re-
spect—and the long, high wood-
piles at the rear of the station on
Marquette street have diminished
in size.

Since Monday a hundred and sixty
loads have been delivered to in-
dignents. Sixty-four of these were
distributed on February 1st, with
the advent of severe weather con-
ditions following the mild spell of a
few days previous. The total of a
hundred and sixty loads, which
does not include today's output,
was an increase of a hundred and
ten loads over the corresponding
four days in January.

The amount for the past four
days cost the city in the vicinity of
\$480. Each load of wood comprises
half a cord, and with the price of a
cord fixed at \$6, the total amount
is quickly solved.

TRADING VERY LIGHT TODAY AT MONTREAL

Only Six Issues Had Appeared in Board Lots at Midday—Canadian Pacific the Active Leader.

MONTREAL, Que., Feb. 5.—With a turnover of about six hundred shares, Canadian Pacific Railway was the active leader in this morning's dull session of the Montreal stock exchange. Only six stocks had appeared on the board in board lot sales at midday.

C.P.R. moved in a narrow range. Selling at 16 3/4 for a gain of one-eighth. Brazilian failed to hold a gain of one-third, easing back to 12 1/2 at noon, unchanged from last night's close. Nickel, Asbestos and Canada Cement preferred were unchanged. Hollinger sold at \$5.15.

Country and Dairy Produce Prices

MONTREAL, Feb. 5.—Potato prices were reduced five cents per bag yesterday on the wholesale market, resuming the levels prevailing up to a few weeks ago. An advance of five cents a bag was made a week or two ago, but this has not been held owing to heavy arrivals of late. During the past week roughly 100 cars of potatoes have arrived on the Montreal market, and demand has been moderate only, resulting in the easing of prices yesterday. New quotations follow: P.E.I. Green Mountains, 80 lbs., No. 1, 60c. Quebec Mountains, 15 lbs., fancy, 13c. 20c. Local whites, 80 lbs., No. 1, 50c. to 40c. N.B. and Quebec Green Mountains 80 lbs., No. 1, 50c. to 55c.

The egg market continued to show slightly firmer tendencies. The general market for carlots or L.C.L. lots of fresh graded eggs arriving was 24c per dozen yesterday for extras, with some B.C. holders asking 25c per dozen; B.C. mostly 19c, and secondaries 16c. Prices to retailers were unchanged, although possessing a firmer undertone, being as follows:

	Per Dozen	Cartons Loose
Special brands	30c	28c
Fresh extras	28c	26c
Fresh firsts	25c	23c
Fresh pullets	24c	22c
Fresh seconds	20c	18c
Storage extras	22c	20c
Storage firsts	20c	18c
Storage seconds	18c	16c

The butter market held steady at 18c to 18 1/2c per lb. for carlots or L.C.L. lots of No. 1 regraded. In view of this cheap price prevailing, and the steady tone of the last few days, some were expressing the view that the market had passed the worst.

The cheese market remained steady at 9 3/4c for current receipts and 12c to 12 1/2c for summer-made.

Prevailing prices for dressed poultry at Montreal as quoted to the retail trade by wholesale jobbing houses are as follows per lb. on "A" and "B" selected stock, with "C" grade ruling three to four cents less than "B" levels.

	"A"	"B"
Boiling fowl	21-26c	18-23c
Roasting chickens	25-30c	23-27c

WILL NOT LIFT EMBARGO ON CANADIAN POTATOES

LONDON, Feb. 5.—The Canadian Press learns from an official source that efforts of Canadian delegates to have the British Government lift the embargo against Canadian potatoes, in effect since 1925, have proved fruitless.

HEAVY TONE THIS MORNING ON WALL STREET 'CHANGE

NEW YORK, N.Y., Feb. 5.—The stock market was heavy today, but trading although somewhat more active than yesterday, was still dull.

Rails turned reactionary and their sag brought out offerings in other sections. Union Pacific, Santa Fe and Norfolk and Western were down 2 1/2 to 3, and New York Central, New Haven and Chesapeake and Ohio lost one to 1 1/2. American Telephone had a two point drop, while United States Steel, American Can, Woolworth, International Harvester and Case yielded about a point. Auburn declined five.

Call money renewed at 2 1/2 per cent.

DUTIES PLACED ON HORTICULTURAL GOODS PASSED BY BRITISH HOUSE

Continued from Page 1.

expressed in the House yesterday by Rt. Hon. Sir Herbert Samuel, Liberal, who is Secretary for Home Affairs, was said to have aroused some Conservative members to the point where they were demanding his resignation. Sir Herbert's uncompromising hostility to the tariff proposals, indeed, has taken even the Liberals by surprise.

While many Conservative members declared in the lobbies of the House that Sir Herbert could only resign from the Cabinet after such a decisive repudiation of the Cabinet's proposals, there was, on the other hand, a feeling that Sir Herbert, having said his say, may be more open to remain more or less passive.

Sir Herbert voiced vigorous protest against the new bill, declaring it would not remedy the situation created by the adverse balance of trade and that it would turn the nation from traditional free trade to permanent protection. While attention is focused on the Liberal ministers, passage of the bill through all stages within a very short time is a foregone conclusion among those who look to the overwhelming majority of Government supporters in the House to vote it through against the small opposition. Rt. Hon. Stanley Baldwin, President of the Council, has declared the measure must be put through before Easter. Most of the new duties go into effect on March 1st.

PRESS COMMENT TODAY WAS ALONG PARTY LINES

LONDON, Feb. 5.—Newspaper comment on the Government's general tariff bill today was along strictly party lines. The Liberal and free trade newspapers expressed the opinion the only good likely to come of the measure may be that the closing of the British market will lead to a general collapse of the whole tariff system, "which would be the best thing that could happen," or that it might lead to reciprocal agreements with low tariff countries.

The Conservative Morning Post congratulated the Government and the country on the bill. Referring to the opposition of Rt. Hon. Sir Herbert Samuel, Liberal Home Secretary, and suggestions of Conservatives that he might have to leave the cabinet, the newspaper suggested Conservatives could not begrudge him his protest, since they were having their own way.

The Daily Telegraph said "the foundations for a future permanent policy for this country have been well and truly laid." Lord Beaverbrook's Daily Express declared: "We have seen a miracle, the birth of Empire free trade." In a lengthy article the Financial Times summarized its views in this manner: "There can be no room for doubt that British capital will be encouraged, foreign investment in our industries quickened, and an enduring fillip given to confidence and economic recovery as the fruit of this essay in scientific and adjustable tariffs."

The Laborite Daily Herald said: "What the world needs is not new tariff walls but the lowering and abolition of tariffs." The Daily Mail commented that "free trade is dead, and protection reigns in its stead." The Times declared that "certainty of a fair measure of protection against competitors less heavily handicapped should give our producers the stimulus and confidence which they need. It rests with them to justify the great experiment which the Government is making and to make it the beginning of a real revival in British prosperity."

SLAYER PAID DEATH PENALTY THIS MORNING

Joseph Lebel, Alias Michael, Convicted Murderer of Aged Nicolet Farmer and His Niece, Mounted Scaffold at Three Rivers.

THREE RIVERS, Que., Feb. 5.—Convicted slayer of an aged Nicolet farmer and a young girl, Joseph Lebel, alias Michael, was hanged this morning in the jail yard. The trap was sprung at 6:50 a.m., and Lebel was pronounced dead at 7:05. Lebel was captured in Rimouski following a manhunt that extended throughout the province. J. B. Bellerose and his niece, Antoinette Bellerose, were found brutally murdered near Nicolet on May 22. Lebel was arrested a month later. The condemned man walked to the scaffold unaided, responding in firm tones to the prayers enunciated by his spiritual adviser. The execution took place in the presence of officials only. A statement

UNITED STATES ADDED ANOTHER TITLE TO LIST

Jack Shea, Lake Placid Boy, Won 1,500 Metre Title After Keen Contest With Alex Hurd.

OLYMPIC STADIUM, Lake Placid, N.Y., Feb. 5.—Jack Shea, Lake Placid boy, today flashed home five yards ahead of the field to add the 1,500 metre Olympic speed skating championship to the 500 metres he won yesterday. Shea flashed home with his double triumph in two minutes, 57 5/10 seconds, five yards in front of Alex Hurd, Hamilton, Ont., the speediest of the three Canadians who wiped out all foreign opposition in the preliminary heats to qualify with three members of the United States team.

Two Canadians followed Hurd across the line. Bill Logan, of Saint John, N.B., and Frank Stack, Winnipeg, Dominion champion, finished in that order. Ray Murray, of New York, fifth and Herb Taylor, also of New York, sixth.

Headed by Shea, the three United States finalists slightly spread out, held the lead as the pack shot in to the final lap and increased the pace to a wild sprint.

The formation that held the Canadians slightly back broke on the turn coming into the stretch as Hurd got past Murray and Taylor.

Shea was streaking into the stretch, however, and Hurd had no chance to catch him. The best he could do was to pick up a few yards.

Taylor, out of contention as a winner, slipped on the last turn and fell, hampering Stack.

SCANDINAVIANS ELIMINATED EASILY

Olympic Stadium, Lake Placid, N.Y., Feb. 5.—The amazing subjugation of the great Scandinavian champions and record-holders reached a new high this morning as three Canadians and three members of the United States team, headed by the newly-crowned Olympic 500 metres champion, Jack Shea, qualified for the final of the 1,500 metres event.

Ivar Ballangrud, dethroned as 5,000 metres champion yesterday by Irving Jaffee, of New York; Bernt Evensen, another Norwegian who lost his 500 metres title to Shea; Hans Engnestengen, of Norway; and Ossi Blomquist, Finnish champion, and Carl Lindberg, Swedish flyer, all lost out in the parade of the Canadians and United States skaters through the three preliminary heats.

Herbert Taylor, of New York, and Frank Stack, of Winnipeg, took the first two qualifying places in the opening heat, and after the second heat was called off once fairly close to the Canadian skaters, they came back with Shea winning the heat and Bill Logan, of Saint John, N.B., second.

Then to complete the picture Ray Murray, another New Yorker, dashed home first in the third and final heat in the fastest time so far, 2 minutes, 29 8/10 seconds, fairly close to the Canadian skaters, they came back with Shea winning the heat and Bill Logan, of Saint John, N.B., second.

"The convention was to a great extent a council of war, the Chinese Government having at that time been definitely convinced of Japan's preparations for an invasion of China."

"This arousing of a peaceful priesthood presents a picture the reverse of the disunited China which we have been asked to look upon."

AN AGREEMENT IS REACHED IN WAGE DISPUTE

(Continued from page one)

December 1 shall be returned to the employees. Possibility of future negotiations on wage rates is contemplated in the agreement. Basic rates of pay are to remain in effect and the language of the document makes it clear the reduction is not permanent. If, however, on or after December 1, 1932, business conditions have not improved so as to enable the railroads to terminate the agreement, notice to that effect is to be given the employees and an effort is to be made to bring the matter to a conclusion before January 31st, 1933.

issued following the hanging was merely formal.

The crime for which Lebel paid the death penalty was committed in the lonely homestead of the seventy-year-old farmer. The body of Bellerose was found in his barn covered with straw, and that of his twenty-eight-year-old niece on steps leading to the cellar of the farm house. The heads of both victims had been battered by a blunt instrument. During the trial police testified Michael had admitted the double killings "in self-defence." He had once been employed as a farm hand by Bellerose.

Don't be cynical. It's stupid to think all chaps baited with tacks just because you sat on one.

MAGOG SHUTOUT VICTORY OVER HATLEY COSTLY

Harry Milne, Stellar Textile Town Netminder, Suffered Fractured Nose in Third Period as Magog Trounced Visitors to Tune of Three to Nothing.

MAGOG, Feb. 5.—Magog won a costly victory from the Hatley hockey aggregation here when their spectacular net guardian, Harry Milne, had his nose fractured in the final period as a result of misjudging a shot from a visiting forward. The accident marred the three to nothing victory which the Textile Town boys took from the visitors, but it is hoped that Milne, who has had many shutouts to his credit this season, will soon again occupy his customary position between the goal posts. The mishap occurred in the final period when the home team was leading by a score of two to nothing. A rusher net minder, Gilchrist, was rushed into the breach, and swept aside the determined efforts of the Hatley squad to break into the scoring column.

A heavy snowfall during the initial chukker had its effect on the pace of the game, and the wing men were the victims of strenuous checking as they dug the disc from the mounds where the snow had accumulated. Gaudreau, Baird and Roy developed a new method of attack midway through the frame by coming down centre ice and adopting a short passing offensive. Jerry Roy dodged the Hatley defence, foiled LeBaron with a fake pass and shot into an open net for Magog's initial tally. The visitors sent four men forward during the remainder of the opening chapter, but their attacks, led by LeBaron, Masters and Taylor, failed to dent Milne's armor.

The pace grew faster during the middle canto after the rink had been cleared. Counter-attacks featured the play, while Bibus, Hawley and Meek made several spectacular solo efforts which were well handled by LeBaron. Towards the end of the third period Gavin accepted McClements' pass, and when the teams took the ice for the final twenty minutes Magog had accumulated a two-goal lead.

The opposing defence systems gave effective displays during the final chukker as they thwarted the advances made by the forward line combination. When Milne was injured, the game was stopped while Dr. Ellis administered medical aid, and when the interrupted period was resumed Gilchrist was between the goal posts. Bibus, Meek and Baird saved the young net janitor from the brunt of the play. Gilchrist, however, was the target of many wicked drives which he handled without mishap. Carrier assured his team of victory when an individual effort resulted in a shot which beat LeBaron.

C. Gaunt handled the game and was called upon to inflict but three penalties.

The line-ups were:

Magog	goal	Hatley
Milne	defence	LeBaron
Pibus	"	Reed
Meek	"	Long
Buzzell	centre	LeBaron
Baird	wing	Mas. rs.
Roy	"	Taylor

Subs: Magog—McClements, Gavin, Carrier, Gaudreau and Gilchrist. Hatley—Fowen, Guild and Raymond.

tempt to "cheat" their way in by means of a challenge for the Stanley Cup is nothing but an attempt to evade those requirements.

CONQUERING ALL-STAR TEAM GIVEN CIVIC WELCOME HOME

OTTAWA, Feb. 5.—Extended a civic welcome, Ottawa's conquering all-star hockey team, undefeated in thirty-four starts in the principal cities of Europe, returned home yesterday. The tourist players were accorded a tumultuous reception by hundreds of persons who thronged the depot.

"We had a wonderful time," said Cecil Duncan, manager of the team. "We were well received in every centre visited, and extended marvelous hospitality."

HOUSE OF COMMONS TO GET DOWN TO SERIOUS BUSINESS ON MONDAY

(Continued from page one)

Liberals tonight by Hon. G. N. Gordon, K.C., who was deputy speaker in the federal House under the King government.

"He criticized Premier Bennett for having appointed his brother-in-law as Canada's envoy at Washington, and then charged that the cost of Mrs. Herriedge's honeymoon trip to Europe had been paid for by Premier Bennett out of the Canadian treasury."

"January 9, 1932—I have been too long in the public eye to make statements that are not based on facts," Mr. Gordon said, adding that only a small section of his reference to Mr. Herriedge appeared correctly in the newspaper. A large audience in Hamilton heard every word he said, and he followed his notes very closely, Mr. Gordon continued.

"Major Herriedge was Mr. Bennett's brother-in-law, and this was his honeymoon trip," said Mr. Gordon. "He also went to London to argue an appeal before the Privy Council, so if he was a full time Canadian legal adviser he should not have taken the full time preparing and arguing the appeal before the Privy Council and thus neglecting his duty as the Premier's legal adviser, which Mr. Bennett permitted him to do."

"Mr. Herriedge, according to Mr. Gordon, remained a long time in London as a Canadian official and was in the pay of the Dominion Government during the time of his honeymoon trip."

CARRYING FIREARMS DRAWS A FINE IN COURT

(Continued from page 4)

boasted he would never be captured alive. Urban Gosselin, the first witness, claimed that the residents of Bromontville and Stoke, where Martin roamed, were afraid of him. When asked if he had any questions to ask, Martin started to explain that he carried a revolver through necessity and not for pleasure.

Hermidas Fredette, a farmer residing on the fourth range, Stoke, declared that the accused had said "when I shoot the game wardens through the hat, they will bother me no longer." Fredette asserted that each time Martin was seen the residents would flee in terror.

Chief of Police Ovide Auger, of Bromontville, related the arrest of the elderly man, which had taken place on the railroad tracks near the place where Auger maintains order and peace. The chief said that Martin was armed, although the prisoner claimed that his revolver was unloaded. Subsequent examination at the police station, Auger testified, revealed that there was a bullet in the barrel and four other missiles in the magazine.

When the case was called, the Court remarked that a mental examination had been performed on the accused and a report of "mental depression" had been exhibited. Wilfrid Lazure, who acted on behalf of the plaintiff, informed Judge Lemay that the prisoner had already been placed in an asylum and the investigations at that time had shown that he was sane.

Preliminary enquiry in the charge of arson was continued until this afternoon owing to the absence of a witness for the prosecution. Ernest Gosselin, the first witness in this second matter, testified that Martin had visited his home on December 19th and had been left alone in the house. Gosselin said that when he returned home his property was stolen. This fire occurred the same night that a barn belonging to Felix Fredette had been razed to the ground.

Another witness whose youthful investigation gave promise of attaining the prominence of Sherlock Holmes was also heard. He was Antonio St. Laurent, who claimed that he had followed the tracks leading to the Fredette barn and had recognized them as having been made by the accused. Asked how he arrived at this conclusion, St. Laurent replied that a few days previous to the conflagration Martin had visited his father's home, and from the man's footprints he had noticed peculiar imprints left by Martin's heels. On this assumption, the amateur detective based his declarations that the foot prints he had seen leading to Fredette's barn had been made by the accused.

CANADADREW A BYE IN TODAY'S HOCKEY SERIES

Winnipeg, Dominion's Hockey Representatives, Took Two to One Overtime Decision from Americans—Germany Defeated Poland.

LAKE PLACID, Feb. 5.—The Winnipeg, Canada's Olympic hockey representatives, drew a bye in the Olympic tournament today, while the United States engaged Poland. This afternoon the Canadian aggregation is scheduled to play an exhibition game with McGill University.

The Canadian Olympic squad defeated the United States yesterday in an overtime struggle by the odd goal in three. The Americans opened the scoring in the initial frame when Doug Everett trapped a wild pass in front of Bill Cockburn in the Canadian cage. The reverse score to remove the Canadians' preliminary nervousness, but the deadlock score was not registered until two minutes before the final whistle, when Hack Simpson rushed alone, swept in a wide circle inside the United States defence, and picked up a goal with a shot to the corner. The United States team had few opportunities after this marker.

STUDENTS AND POWER SQUAD PLAYED DRAW

St. Charles Seminary and Industrial Hockey League Entry Battled Through Sixty Minutes to Two-All Tie—Collegians Assumed Lead Twice During Match.

That St. Charles Seminary boys could step into the Industrial Hockey League and give a good account of themselves has been proved by the French collegians in the two exhibition fixtures they have played with entries in the local circuit. Yesterday afternoon the students and Southern Canada Power battled it out at the Arena, and at the end of regulation time no decision had been reached, the final score being two-all. St. Charles had previously defeated Codere's, and now hold a slight edge over the Industrial League squads they have encountered.

Yesterday's game was fast and Referee Gene Vachon had his work cut out for him during the entire sixty minutes. Jerry Mathieu was added to the Power roster for the game, while a veteran of many years' experience, Dave O'Keefe, showed that he still has the eagle eye which ranked him highly among

the netminders of a few years ago. The students were weakened by the absence of Joyal, regular forward, through illness, and their front line combinations did not register the same smooth finish of former matches.

Less than five minutes of the first chukker had elapsed when Yvan Boisvert drew first blood for the Collegians, only to have Bud Harris deadlock the count on a pass from Red Morin. G. Roy sent his team into the lead again during the second period on a well-timed pass from Marcel Roy, and the Power boys were one point down starting the final frame.

After repeated four-men attacks, the majority of which floundered at the feet of Marcel Roy and his defence mate, Guay, or were repulsed by Jack St. Laurent, the industrial team tied the count when Hemsworth tallied on a hard shot. Both outfits were anxious to settle the issue in overtime, but their allotted time was up and they left the ice content to allow the game to stand as a draw until a more favorable opportunity presents itself to decide supremacy.

The line-ups were:

St. Charles	So. Can. Power
J. St. Laurent	goal
M. Roy	defence
Guay	defence
S. Roy	centre
Marchand	wing
G. Roy	wing

N.H.L. FIXTURES WON BY BOSTON AND CANADIENS

Flying Frenchmen Registered Their Third Victory This Season Against Maroons in Overtime—Bruins Gave Americans a Bad Trouncing.

TORONTO, Feb. 5.—Goals were plentiful for all but the Americans in a pair of National Hockey League fixtures down for decision in New York and Montreal last night. The Canadiens and the Maroons went in a scoring bee in Montreal, and after ten minutes overtime the Flying Frenchmen edged out a six to five victory, while in New York the Bruins avenged last Tuesday's defeat in Boston by trouncing the Americans by five to nothing.

Canadiens' victory placed the World Champions in a tie with the Toronto Maple Leafs for the leadership of the Canadian division, while the Bruins' triumph hoisted them to within striking distance of the third place Detroit Falcons, who are four points behind Chicago. The Leafs, however, have two games in hand over the Habitués, and will have a chance to pull out in front over the week-end when they oppose Boston and Detroit in

successive nights while Canadiens are idle.

Led by Aurel Joliat, diminutive left winger, who scored half of his club's goals, including the winning counter in the overtime, Canadiens fought an uphill battle to earn a decision over their strong city rivals. Three times coming from behind to knot the count after being goals down, the Flying Frenchmen managed to gain a deciding goal in the overtime period, to register their third victory in five starts against the Maroons this season.

Although Joliat was the high scorer with three goals, he was closely followed by Howie Morenz, who scored twice and assisted in another, and Al Mondou, who figured in two assists. Dave Trotter, Nels Stewart and Babe Seibert all added two points to their scoring records, the former with a pair of goals and the latter with assists, while Ward, Brydson and Northeast each tallied one.

For the first time this season the Boston Bruins earned a victory over the Americans at Madison Square Garden. Scoring twice in each of the first two periods and adding a single counter in the final stanza, the Bruins clearly outplayed the Americans and well deserved their triumph. Presenting a strong defence in front of Will Cude, goalie, who proved a sensation in the league last winter when a member of the tail-end Philadelphia Quakers, borrowed from the Boston Cubs after two other netminders had been injured, the Bruins improved their attack and penetrated the Americans' defence

almost at random. Lloyd Klein and Frank Jerwa, elevated last week from the Canadian-American League Boston club, figured prominently in the victory, each having a goal to his credit, while Eddie Shore was the high scorer with one goal and two assists.

WILL HAVE NOTHING TO DO WITH "OUTLAWS"

"As far as I personally am concerned there will be no truck for trade with any outlaw league for the Stanley Cup," or for any other trophy. The sponsors of the outlaw league are fully aware of that. "They are also well aware of the
