## FRENCH MAKE STEADY GAINS AND RETAIN POSITIONS

In Region of "The Labyrinth" Enemy Suffered Heavy Losses. In Valley of the Fecht All French Gains Have Been Maintained. Belgians Capture German Trench Southwest of St. George. Seaport of Dunkirk Bombarded Last Night by Long Range Artillery. Several Civilians Killed.

Paris, June 22.—(Special)—The War Office this afternoon gave out the following statements regarding the progress of hostilities: "The seaport of Dunkirk was bombarded last night by a piece of long range artillery. Fourteen shells were thrown and some persons belonging to the civil population were killed.

### BELGIANS CAPTURE TRENCH.

"Belgian troops, at a point to the southwest of St. George, took possession of a German trench, all the defenders of which were either killed or taken prisoner.

### ENEMY DRIVEN BACK AT ARRAS.

"In the sector to the north of Arras during last night the enemy following the bombardment with great intensity, attacked it at several points. They were driven back everywhere except at a point to the southeast of Souchez, where they were successful in gaining a footing in a section of a trench."

### USE POISONOUS GASES.

"In the region of 'The Labyrinth' the enemy suffered heavy losses. A German counter-attack last evening, directed against the positions which we had captured to the east of the Quenneviers farm, was checked by our infantry and artillery fire. The enemy made use of bombs containing asphyxiating gases.

"In the Argonne, near the roadway running from Binerville to Viennele-Chateau, the situation has undergone no change.

"In Theraine we have, as a result of a fresh attack, advanced for 300 yards to the north of our former possession.

"In the eastern slope of Reillon we occupied the ridges to the south of Remahois, repulsed easily a counter-attack which began at Leintrey, and stopped another to the southeast of Parroy and taken a number of prisoners.

"In the valley of the Fecht all our gains have been retained, and we continue to make progress. We have passed to the north of Metzeral as well as to the south of this town, and we have furthermore gained ground beyond the River Andaswassa.

"In the region of Sondernach we took some prisoners and captured three machine-guns."

### RUSSIANS SAVING ARTILLERY AND WAR MATERIAL

Berlin, June 22.—By Wireless to Sayville.—(Special)—An announcement made today by the Overseas News Agency says that the Russians before Lemberg have been defeated along their whole line and are fighting only to gain time in order to save their artillery and other war materials.

### SNOWSTORM HALTS OPERATIONS.

Brescia, Italy, June 22, via Paris.—(Special)—A heavy snowstorm has brought the temperature down below zero on the summit of Monte Altissimo, making necessary a suspension of military operations.

### SIEGE WARFARE ON GALLIOLI PENINSULA.

Paris, June 22.—(Special)—Although operations on the Gallipoli peninsula have assumed of late the aspect of siege warfare, local attacks and counter-attacks continue, says a Havas despatch from Athens, dated Monday. Fighting was particularly intense last Wednesday, when the Allies repulsed a Turkish attack and took 700 prisoners. The allied trenches at the southern extremity of the peninsula, the despatch states, are four miles from Seddul Bahr and form a square near Avl Burnu. Great activity has been noted in the allied fleet for the past few days, leading to the belief that a general attack on the straits is imminent.

### ADVANTAGE IS WITH ITALIANS.

Geneva, June 22, via Paris.—(Special)—The Tribune prints the following despatch from Laibach:— "The Italians on the night of the 19th gained ground twelve miles north of Gorizia, while southeast of Plava they captured two forts and several trenches, in which were found two machine guns.

"Along the Isonzo the artillery duel seems to have turned to the advantage of the Italians, and the Austrians are beginning to bring up heavy guns from the eastern front.

"A council of war was held at Laibach on the evening of the 19th. Archduke Eugene, commander-in-chief of the Austrian forces operating against Italy, is expected to arrive on the Goriziz-Trieste front on the 23rd.

"The Russian retirement from the Lemberg region will necessitate some readjustment of the Dniester front in favor of a less vulnerable line. In view of the strength of the Russian positions on the Tanew front, no immediate development of the Austro-German offensive is expected in that quarter.

"Apart from the sentimental considerations involved in the abandonment of the Galician capital, there are legitimate grounds for congratulations on the preservation of the Russian armies intact, with unimpaired capacity to resume the initiative when the psychological moment arrives."

### GERMANY'S GREAT EFFORT

Petrograd, June 22.—The Germans are sparing no effort to take Lemberg. They are advancing in tremendous force. They are not only filling their depleted ranks by drawing on reserves, but actually are increasing the attacking force by bringing up reinforcements from other parts of the Russian front, and what is more important, from Belgium.

It is estimated, with what justification I am at present unable to say—that at least one-third of the German forces on the western front have been transferred to Galicia. The extraordinary difficulty of forcing a way through the German fortified

line in the west is fully appreciated here, and recent successes north of Arras are noted with great satisfaction.

On their part, the Russians are fully determined to carry out their most painful task. In the meantime, the nation is working with redoubled energy to secure victory. It is worth noting that the new measures have already resulted in a considerable increase in the output of munitions and this is only the beginning of a great national effort with this end in view.

### AUSTRIAN FEAR THAT POLA WILL FALL

Rome, June 22.—The Austrians, fearing the investment by land and sea of Pola, through the cutting of railway communications connecting the Istrian Peninsula with the mainland are now rushing troops which were concentrated at Pola northward with the object of checking the Italian advance southward. Meanwhile, non-combatants are compelled to evacuate Pola and are being sent to Trieste by steamer.

Extraordinary precautions have been taken against aerial raids. Gunpowder and ammunition are being stored underground. Although Pola is provisioned to withstand a long siege, the Austrians are pessimistic, fearing that if the Italians are aided by the Anglo-French naval force they will succeed in taking the fort-

ified way through the German fortified

## DEWET GETS SIX YEARS FOR TREASON

Former Commander-in-Chief of Boer Forces Will Also Have to Pay Fine of \$10,000

Bloemfontein, June 22.—(Special)—A sentence of six years' imprisonment, and a fine of two thousand pounds, was imposed to-day on General Christian Dewet, one of the leaders of the South African rebellion against the British Government, who was found guilty yesterday of treason on eight counts.

General Dewet was commander-in-chief of the Free State forces during the Boer war. In 1914 he headed a rebellion in the Orange Free State and Western Transvaal against Great Britain. He was promptly captured, however, and the trial, which resulted in the sentence of to-day, was begun June 10.

## STEAMER FROM MONTREAL SUNK BY SUBMARINE

Eleven Members of Crew Were Saved, but Thirteen Are Yet Uncounted For.

London, June 22.—(Special)—The British steamer Carisbrook of Glasgow, from Montreal for Leith, Scotland, was sunk by gunfire from a German submarine on June 21, at a point 40 miles north of Kinnaird's Head.

Eleven members of her crew were saved. Thirteen are as yet unaccounted for.

## TURKISH SHIPS SUNK BY RUSSIAN SUBMARINE

Petrograd, June 22, via London.—(Special)—It is officially announced that Russian submarines have sunk a large steamer and two sailing vessels belonging to the Tutbe in the Black Sea, between Eregli (a seaport 120 miles east of the Bosphorus) and Kefken Island, 60 miles west of Eregli).

## GERMANS RUSH SEVERAL NEW BATTLESHIPS

London, June 22.—The Daily Mail's naval correspondent, commenting on the reports from Holland that the Germans are rushing to completion several new battleships armed with guns up to 17 inches, declares that victory in naval warfare in the present campaign has gone uniformly to the biggest guns, and urges the British Admiralty under no circumstances to allow the Germans to gain ascendancy in this respect.

## CANADIANS HORSE ARTILLERY STILL IN ENGLAND

London, June 22.—In the House of Commons last night Under-Secretary for War Tennant, answering R. P. Houston, said the retention of the Royal Canadian Horse Artillery in England was decided on after a full consideration of the question of employment at the front. This particular body, as well as many others similarly situated, was constantly under consideration.

## NEW BRITISH WAR LOAN ISSUE

Billion and a Quarter Levy to be Sold at Par to People of Britain

INTEREST WILL BE FOUR AND ONE HALF PER CENT—APPEAL FOR EARLY SUBSCRIPTIONS

London, June 22.—Announcement was made yesterday by Reginald McKenna, chancellor of the Exchequer, that the loan of \$1,250,000,000, authorized by the House of Commons last week for war purposes would be issued last night. The new loan will be put out at par and will bear 4 1/2 percent interest. Mr. McKenna's announcement was made in the House of Commons. The chancellor said the State would have the right to repay the loan at par in 1925, but in any case it must be repaid in thirty years.

The chancellor emphasized the fact that, in addition to putting forward a business transaction, he wished to appeal to the patriotism of the country to "use its gigantic resources to carry on the war successfully for ourselves and our Allies." Holders of both the old war loan and consols will have the right to convert their securities into the new loan. The conversion of consols will be on the basis of \$75 of consols for \$250 of the new loan.

In moving a resolution to authorize the treasury to borrow requisite money, Mr. McKenna said: "The time will come when the necessity of a further loan will become apparent, and a prompt decision is required, as it is undesirable that a big loan should be kept hanging over the market."

The Chancellor stated that the total realized deficit between revenue and expenditure up to last Saturday amounted to \$2,590,000,000. The daily war expenditures now amount to nearly \$15,000,000, and is still rising. The loan is to be issued in small bonds from \$25 to \$125, which will be obtainable through the post offices.

Mr. McKenna said that if a higher rate of interest were offered for subsequent war loans the holder of this new loan would receive the higher rate.

## SERIOUS FIRE AT LENNOXVILLE

Four Automobiles Destroyed When Garage Was Gutted at Early Hour This Morning

PROMPTNESS OF LOCAL FIRE BRIGADE SAVED VALUABLE PROPERTY ADJOINING.

Through the prompt response of the Lennoxville fire brigade to an alarm which was rung in at 5.30 this morning, a serious conflagration which might have destroyed several large stores was averted.

The outbreak occurred in Dutchburn & Sevigny's garage, at the rear of business blocks on Main street, comprising the stores of C. J. Lane & Son, A. J. Burge, W. J. H. McKinnsey, McMurray & Hall, the Canadian Bank of Commerce building, and others. Mr. Lane's house and barn are also within about ten feet of the spot, and there are other buildings in close proximity.

The origin of the fire is unknown, but the flames were quickly fed by the grease and gasoline in the garage, and the light frame wooden building was practically destroyed, together with four automobiles, in a short time. The latter were the property of Messrs. Geo. Green, Geo. Felitus, Kazar and Sevigny, Mr. Kazar's car

## PROTEST ACTION OF GOVERNOR

Georgia Militia Called Out to Protect Him Against Demonstration at Atlanta

ANGRY AT GOVERNOR FOR COMMUNING WITH LEO M. FRANK'S DEATH SENTENCE.

Atlanta, Ga., June 22.—(Special)—Two battalions of Georgia militia and the Governor's horse guard troops under the personal command of Adjutant-General Nash early today were patrolling the country estate of Governor Slaton near here. The troops had been called out after a crowd of several hundred men and boys had marched there late last night and made a demonstration in protest against the commutation of Leo M. Frank's death sentence to life imprisonment.

### LEO M. FRANK'S LIFE SAVED.

Atlanta, Ga., June 22.—Leo M. Frank's death sentence was commuted to life imprisonment yesterday by Governor Slaton. Announcement of the governor's decision came several hours after Frank had been secretly taken from the jail here and hurried to the State prison farm at Milledgeville. Frank was sentenced to be hanged here to-day for the Murder of Mary Phagan in April 1913.

## MAJORITY OF PRINCE OF WALES TO-MORROW

THERE WILL BE NO PUBLIC CELEBRATION, AND PRINCE WILL REMAIN AT FRONT.

London, June 22.—(Special)—The Prince of Wales will attain his majority to-morrow. At the request of the King there will be no public celebration of the event. The Prince will not come back to London for the occasion, and the numerous addresses of congratulation prepared by various civic and patriotic bodies will be forwarded to him at the front.

## DIVORCE GRANTED ON CURIOUS PLEA

MRS. MARY PIPE GOT TOO MUCH PUBLICITY OWING TO HUSBAND MAKING WAY INTO BUCKINGHAM PALACE.

Fort Scott, Kansas, June 22.—(Special)—Mrs. Mary Pipe was granted a divorce to-day from Harry D. Pipe on her allegation that she received undesired publicity when her husband made his way into Buckingham Palace in London, England, several months.

Pipe scaled the walls of Buckingham Palace and, eluding guards, entered the Palace, where he remained several hours before his presence was discovered.

There was good water pressure and the bridge, seeing it was impossible to save the garage or its contents, turned their united attention to prevent the flames from reaching the surrounding buildings, in which they were successful.

## BUSINESS AT CITY COUNCIL

Ratepayers Will be Asked to Vote on Proposed Loan of \$50,000 For Sewerage

ENGINEER BOUDREAU'S APPLICATION FOR RE-INSTATEMENT IS BEFORE FIRE COMMITTEE.

Mayor Mackinnon presided at the bi-monthly meeting of the City Council held last night. The aldermen present were Jenckes, Forest, Genest, Ewing, Fortier, Brault, Gauvin, Denault and Edwards.

### ELECTION OF ALDERMAN.

The Secretary Treasurer read the return announcing the election of Mr. J. S. Tetreault as alderman for seat No. 2 in the West Ward to serve during the unexpired term of the late Ald. Prunier.

### THE SEWERAGE SYSTEM.

Ald. Gauvin, chairman of the Health Department, presented a list dealing with the proposed sewers in connection with which it is intended to submit a by-law to the ratepayers for approval of a loan of about \$50,000. This scheme is on the lines of plans prepared by Mr. Hilder Daw, and is said to be sufficient to serve the city for the next fifty years.

The Council discussed the question informally at the close of last night's meeting and decided to go over the various parts of the city where it is proposed to lay these sewers, during the present week.

### PARKS AND REAL ESTATE COMMITTEE'S REPORT.

Ald. Edwards presented a report of the Parks and Real Estate Committee. This contained recommendations that the cab stand at the Grand Trunk station and the band stand on Portland Avenue be painted, and also that in view of the fact that considerable damage was being done to the benches and band stands in the city's parks, that notices be posted offering a suitable reward for the apprehension and conviction of anyone found mutilating or destroying city property.—Adopted.

### ALLEGED NUISANCE FROM DUMPS.

A letter was read from the Sherbrooke Realty and Investment Co., Ltd., protesting against unhealthy odors arising from the rear of their property on Bowen Avenue, and also against a property adjoining their property on Olivier street being used as a dumping ground for refuse by city teams amongst others, causing on hot days an unbearable odor.

Ald. Edwards said that this seemed to be a great case of exaggeration. A report came to him the other day that city teams were depositing dead animals on the lot which ex-Mayor Hebert had kindly placed at the disposal of the city for the dumping of garbage. On very careful examination all he found was that the garbage men had brought a dead hen. It seemed to him the citizens should bear with the committee in endeavoring to fill up these low lands; he promised to watch the thing very closely to see that nothing objectionable happened.

### THE SUPPLY OF POWER.

A letter was read from Mr. C. J. McCuaig, president of the Sherbrooke Railway and Power Company, pointing out that this summer there was likely to be a serious shortage of power owing to the large war orders secured by city firms, and after a careful study of the situation the company had come to the conclusion that the supply of power could be increased considerably by more careful regulation of the flow. They stated that on June 7th their plant had been almost closed down owing to the city holding back water. By properly regulating the flow of the water and by running three plants in parallel the company was satisfied that both itself and the city would have a substantial increase in power during the summer months. They recommended that an authority such as Prof. Herdt, or an engineer of his standing, be engaged to report on the situation and advise the city, and the company would bear its share of

## SENDS APPEAL TO E. T. BOARDS

Call for More Canadian Volunteers for Overseas Service

SPEAKERS' LEAGUE LAYS THE MATTER BEFORE CANADIAN EMPLOYERS

"The Speakers' Patriotic League," of which Sir Melbourne Tait is President, and Mr. A. R. Howell, Honorary Secretary, has sent copies of their appeal to employers for distribution at the Eastern Townships Associated Boards meeting, at Bedford, tomorrow.

It is possible a representative of the league may attend the meeting. The league appeals to employers to aid young men in their employ who wish to volunteer for overseas service.

The League in its appeal says in part:—

"The cry from the trenches in Belgium, which are being held so gallantly by Canadians, is for more troops—and still more troops. All regiments in Canada ready for service have recently been rushed across the sea. New battalions have been authorized, but they are not filling rapidly.

"In this contingency it is submitted that employers have a very important duty thrust upon them. They know that the Empire is fighting for its very life, and they must appreciate the fact that every loyal citizen of the Empire should be ready to make sacrifices, even as the men in the firing line are ready to sacrifice life itself, to the end that the Empire shall live and the ideal that is behind German military autocracy be destroyed. Recognizing these facts, employers will realize that a great power is in their hands, and that they should use it for the benefit of the state, even at some cost to themselves. To contribute to a patriotic fund, and at the same time to discourage recruiting, is to neutralize public patriotism by private action—is to push with one hand and pull with the other.

"Is it not a little thing, in the face of these evidences of devotion, to ask employers to make easy the pathway of the young men who are willing to face all contingencies of war in order that their country may be preserved?

"Is it not fair to say that the employer who puts obstacles in the path of his employee, so that he finds it difficult, if not impossible, to enlist, heavily discounts his own loyalty? Is it not equally fair to say that the employer who, while not actually objecting, gives no encouragement to his men to enlist, is selfish and indifferent?

"Must we not ask ourselves, How can we expect the young men to risk their lives if we are not prepared to suffer some business inconvenience or to expend some money without expectation of return?

"This appeal is made in the confident expectation that once the employers appreciate how greatly they can influence the work of raising new regiments they will throw their energies into the task."

## CLAIM MONKS WERE UNPATRIOTIC

Brescia, June 22, via Paris.—(Special)—The military authorities have arrested fifteen monks in a monastery near here. They are accused of maintaining unpatriotic relations with Austria.

The monastery has been closed and the monks will be put on trial.

the expense. Referred to electric department.

### THE BOUDREAU CASE

A formal application was read from Mr. A. M. Boudreau to return to his former position as engineer of the Fire Department. He explained in the letter that he did not desert the service of the city as had been stated, but gave verbal notice to Ald. Ewing before leaving, and that it was at his request and with his personal permission that he resumed his work last week. As Ald. Ewing was chairman of the Fire Committee, he thought no further steps were necessary.

A motion was made to refer the

# ST. FRANCIS DISTRICT LOCAL HAPPENINGS

## Gatherings by Daily Record Correspondents in Various Communities

**HATLEY.**  
At the last meeting of the Hatley Red Cross Society at the Guild Hall on Friday afternoon a box was packed in readiness to send to Montreal, which contained the following articles: 34 pneumonia jackets, 12 pillow slips, 21 pairs socks, 12 hospital shirts, 12 bedside bags, 15 surgical bags. The next meeting will be held in two weeks in the vestry of the Methodist Church.

Mr. T. D. Hunter has a number of men employed in removing the large barn which has occupied the site on Massachusetts street for nearly one hundred years. It was erected in the same year that the Hatley House was built by the late Wm. Granis, who came from Claremont, N.H., and settled in Hatley in 1816, and who removed to Stanstead in 1829. Mr. Granis was the father of the late Mrs. (Dr.) Meigs, formerly of Stanstead.

During the strong wind on Saturday a large bough broke with a crashing sound from one of the old butternuts at the front of Mr. Ezra Whitcomb's home and from which this pleasantly situated property derives its name of "The Butternuts." These trees have withstood the storms of nearly a century, having been placed there by the late Ebenezer Bacon, who erected and occupied the property for some years during the early part of 1800.

Mrs. L. M. Bowen has returned to Fairview Farm from Montreal, where she accompanied her only daughter, Mrs. W. A. Morrison, on her return trip to her home at Rosemont, Sask.; Mrs. Florence Jones, who returned from California, with her cousin, Mrs. Haines, has left for Island Pond, Vt., and Portland, Me., where she will spend a little time with friends before proceeding to her home in New York; Mr. and Mrs. F. O. Webster and Mr. Mortimer Webster have reached home after spending some time with Mr. and Mrs. W. O. Fish at Ardover, N.H.

On Wednesday afternoon Mrs. J. S. Webster opened her home, "The Locusts," for the regular fortnightly meeting of the Aid in connection with the Methodist Church, which was one of the most largely attended in the history of the society. At the close

of the afternoon the workers were given a treat in the way of motor rides by Rev. Mr. Williams, followed by a sumptuous tea served by Mrs. Webster. The amount of \$5 was by this means added to the treasury of the Aid.

Several members of the Methodist congregation met Wednesday afternoon for the purpose of putting the cemetery in order for the coming year. Much of the work in connection with this is voluntary, but a fund for necessary expenditure is raised by means of an annual subscription of \$1.

Mr. Roy Woodward is making extensive improvements and alterations upon the old family country seat, a short distance north of this place. Mr. Woodward is a member of the third generation to occupy this property, it having descended in a direct line from his grandfather, the late Christopher Woodward, who came to Hatley from Wendell, N.H., in the latter part of the eighteenth century.

Miss Prince arrived on Thursday from Columbus, Miss., and is a guest at the Hatley House; Mrs. McDougall from Montreal, occupying her cottage, "The Annex" at "The Firs." Mrs. Rathbone from Coaticook, calling on friends; Mrs. Barnes, from Lowell, Mass., for a week at the home of her parents, Mr. and Mrs. M. Desan; Mr. G. M. Hill at Sherbrooke on Thursday.

**BURY.**  
The Ladies' Aid of the Methodist Church are holding a strawberry social on the Parsonage lawn on Friday evening, June 25th.

The Bury Model School closed here on Friday for the summer holidays. The members of Aberdeen Lodge, No. 23, I.O.O.F., and of Alexandra Rebekah Lodge, No. 22, will attend divine service at the Methodist Church next Sunday morning, June 27th.

Arrivals and departures include: Miss Roy who has been teaching the past year in Magog for the summer holidays with her parents, Rev. and Mrs. L. E. Roy at the Parsonage; Mr. and Mrs. Wm. Leigh, of Sherbrooke, the guests of Mr. and Mrs. Jas. Whitehead; Mr. and Mrs. McKellar, Mrs. Jas. Whitehead, Mrs. A. Whitehead, Jr., and Miss Freda Whitehead to Sherbrooke last Wednesday; Mr. and Mrs. McLean and Mr. H. J. Simons to Gananoque, Ont.

The Gleamers will meet with Miss Marjorie Stokes next Saturday afternoon.

### FROST ON JUNE 21ST.

There was a frost here on Monday morning that may have done some damage on low lying lands, but gardens which are now well advanced, have escaped.

In a letter just received from Banff, Alta., from Mrs. T.C. Jones, formerly of Cherry Bank, Lake Megantic, she expected to be in Vancouver on June 16th on a visit to Mr. and Mrs. George C. Jones, 16th Avenue, and Miss M. Jones, of Echo Vale. After a few days spent in Vancouver and Bellingham, Wash., she was going to Red Deer, Calgary, and Edmonton to visit friends before returning home to Banff.

### FOR SUMMER HOMES—DRINKING WATER RENDERED IMMUNE FROM TYPHOID BY MONTERRAT.

Most epidemics of Typhoid are traceable to impure water. City people going to the country for the summer months, or even for week ends, very often bring back Typhoid germs owing to vegetable decomposition in lake, river and well water.

The Bacteriologists at McGill University have proven that a small quantity of Montserrat Lime Juice will destroy Typhoid germs in water in twenty minutes.

Typhoid can be prevented at home or at the country cottage by using Montserrat Lime Juice. It makes the water absolutely immune, besides providing a wholesome, cooling and thirst assuaging beverage.

Keep a pitcher of this healthy beverage in the ice box.  
MONTERRAT LIME JUICE is for sale at all druggists and grocers.

**COW TOSSED BY AN AUTO.**  
There has been a complaint made by one of our citizens that autos do not use sufficient care in going along the roads in and near the town. As a result of this negligence it seems that one of a drove of cows was knocked down and into a ditch. Although no great damage was done yet it was no fault of the auto owner that such was the case. This car came from some outside point, but it might be a good idea for the local constable to be on the lookout for such infringements of other people's rights and teach them a lesson in the ethics of the road.

# LETTERS FROM E. T. SOLDIERS WITH OVERSEAS CONTINGENT

## LENNOXVILLE BOY SAYS TRENCHES ARE SOME EXPERIENCE

Archie Barnett, a Lennoxville 53rd. boy in France, with the Canadian Expeditionary force, writing to Miss Bernice Crothers, Lennoxville, says: "We left Shorncliffe on the 2nd of May. I am with the 13th Battalion now. They were formerly the 5th Royal Highlanders. We came out of the trenches last Sunday morning and believe me it was some experience. I heard the other day that George was wounded, and in the hospital, England, and also was doing fine. Well, we are having lovely weather here. I hope it is the same in dear old Lennoxville."

## JACK WARD AT BETHUNE GIVES NEWS OF OTHER SHERBROOKE BOYS

Mr. and Mrs. P. H. Ward and Charles Ward of 44 Montreal St., Sherbrooke, have received letters from their son and brother, Jack, at the front, of which the following are extracts: "May 22—I think we are a flying division as we are continually on the move. We went from Ypres to Vieppe, then to Bunes, then Logon and now we are anchored at Bethune. The R. C. D.'s, Strathconas, and King Edward Horse are in our division now as infantry under Gen. Seely, also a Scotch division making up what is called Alderson's forces. "Our company has to lay lines from — to — headquarters to the different division headquarters and then to each brigade so we have some job. Four linesmen, three others and myself sleep over the headquarters' signal office and have our horses behind hand, so we are right there when a line breaks. We take turns going out and it keeps us going pretty well day and night. I see more of Chappie now as he sleeps near us and works in the signal office under us. He lets me see all the Records he gets when he finishes with them. I see Fred Avery quite often with the engineers and I saw Wingrove yesterday. I was riding along and he was driving a horse ambulance and yelled at me. The weather is great here now and we can sleep outdoors. I was in a tent but they wanted us inside so as to call us quickly if anything went wrong with the lines at night. Our infantry are in action again now and you'll see more casualties."

"May 27—Did you know that Duncan has been awarded a D. C. M. ? I'm very glad he got it. There were six of them given in our company. The corporal, Castles, whom I stayed with the night he was wounded while we were out on the line got it for the despatch riders (motor cycle) and the other four were in the brigade sections. Duncan is in the 3rd. Brigade and is a cook, but during the Ypres battle he carried ammunition and tended the wounded under shell fire and certainly deserved it. He is still in hospital at Letourret and I only had one letter from him so far. I saw Bill Stevens, Jack Patterson, Geo. Saunders and Stevens' brother-in-law. They are all with the 13th Battalion, 5th Royals. I think that Geoff. Edgell is with the 14th R. M. R. They have all come out since Ypres. Austin Brooks sent me two boxes of cigarettes tonight. We get them issued twice a week but it was very good of him. I have just got back off the line. There was a break in the 1st brigade wire. Our boys are all in the trenches again now and doing good work. We are at Bethune, near La Bassée."

## THE WAR TOO HORRIBLE TO SPEAK OF.

Graniteville, June 22.—(Special)—Mrs. W. C. Blair has received the following letter from Silas A. Blair, now with the 8th Battery at the front: "Just a few lines in answer to your most welcome letter. I was glad to hear from home once more, and sorry that we can't put more in our letters. It is all right to say what you see in the papers, but as we have our orders not to put any information in our letters, for we will get two or three years, or shot, and I don't believe in taking any chances. It is bad enough to put up with as it is, and if you could see what we have gone through with, you would think the same. No one knows and no one can tell, it is just luck and chance that we are here today. I don't think we will see the same again, as we have gone through with, although while we are in action we can't tell. There are a lot of the men gone nearly crazy and in the hospital, so you can see it is pretty bad. I don't want anyone to ask me anything about war, even when I get back, if I am spared to come back, for we have been through nothing but hell here. There is no use in trying to explain it, for I can't. It is a miracle what a fellow will go through and not get hurt, horses shot from under him, and men killed all round him, and not get hurt. It is trying on a man's nerves, you can bet. The only thing is to shut your teeth and keep on going and trust to good luck and God above for safety. "If I ever get out of this alive I shall be a thankful boy, but I shall do my duty as long as God spares me. Some of the boys were tickled when they got wounded. They only said, 'Thank God, I am out of this for a while.' There was a fellow in the battery here, we were great friends, he went over to the 7th Battery with me to see Floyd and Chaucey and as we got there they started a bombardment, so we had to make our visit short, and as we were coming back he got hit with a shrapnel. But I never minded anything till he got shot; that took the starch out of me, you can bet. I see fellows in the papers, a piece of a man or a horse, and never mind it until he got hurt. He is getting along nicely and is happy as a lark to think he is getting a rest. I could sit here and tell things until morning, but I don't like to run things through my mind. I have enough to think of, and if I get through I shall be a different boy, you can bet. I never knew what life was until now, and I don't know what made me come. It must have been God's will, and I am going to trust that He will bring me safely home again."

WAS UNCONSCIOUS WHEN RESCUED.

Master Karl Wescott, who was near the shore and, as he thought, in low water, started to wade to the bank, but found he was in a deep hole and his feet did not touch bottom but shot out from under him, and he went under water on his back. He came up at once, but went under again, and it was due to Master Roy Callaghan and others who went to his aid and drew him from the river. He was in a bad state for some time, but is well as ever again.

PATRIOTIC CLUB WELL ATTENDED.

There was a large attendance at the Patriotic Club on Friday afternoon. Mrs. R. Kidd, the president, was made a member of the Red Cross branch. A vote of thanks was tendered to Mrs. C. Gilmour and Mr. O. S. Stanton, to the committees and all who helped to make the patriotic supper a success. It was decided to supply a cot in the Canadian hospital in England for soldiers.

DISAPPEARANCE OF ENGLISH BOY.

An English boy by the name of Thomas Fishburn, ran away from the home of Mr. Walter Peters one night last week. ROAD WORK IN WEST BOLTON

School Consolidation Will be Continued in a Section of the Township

GRANT OF \$100 FROM HON. S. A. FISHER TOWARDS IMPROVING SCHOOL GROUNDS AT BRILL.

West Bolton, June 22.—(Special)—Road work has been going on in several divisions the past week. A portion of the road leading from Foster to South Stukely over the hills in places was very narrow, making it dangerous for meeting automobiles. Under the management of Mr. Fred Honey, overseer, rocks were blasted in the early spring by the roadside, thus enabling the road to be widened which is a great improvement. Lack of funds for work has kept back all the improvements desired. If the Government grant could be obtained it would help in the work greatly.

SCHOOL CONSOLIDATION.

The School Commissioners hope to have the school consolidation question settled at least for a time. At a meeting of the Commissioners held on Wednesday in the south end of the township, known as China, it was decided to have the schools go on as in former years. At a meeting Saturday night at the Brill, it was decided to consolidate the schools of Duboyce, Hall, Peaseley and the Brill, the children to be carried to the Brill. Hon. S. A. Fisher has offered to contribute \$100 for improving the grounds if satisfactory to the trustees of the Church and all interested.

McGOVERN—TURNER.

The marriage of Miss Lila Turner, younger daughter of Mr. and Mrs. James Turner, of this place, to Mr. T. McGovern, of Warden, took place at the Roman Catholic Church, Waterloo, Monday morning.

DISAPPEARANCE OF ENGLISH BOY.

An English boy by the name of Thomas Fishburn, ran away from the home of Mr. Walter Peters one night last week. Mr. Peters became alarmed at the disappearance of the boy and with several neighbors searched for him, as it was thought some accident might have befallen him. The lad was last seen near Hon. Mr. Fisher's farm, but since then no trace of him has been found.

IDEA IS TO ENCOURAGE RAISING OF POULTRY—WILL NOT BE UP AGAINST OLD BREEDERS

Bondville, June 22.—(Special)—The directors of the Brome County Poultry Association held a meeting at the Lakeview House, Knowiton, on Saturday night, at which there was a fair attendance, and considerable business of importance was transacted. The regular price list was revised and only a few changes were made among them being the adding of a class for Rhode Island Reds. The advisability of adding a class for amateur poultrymen was discussed at some length and finally adopted, the idea being to get those interested who had never exhibited. They will now be allowed to show certain varieties in a class by themselves, not having to compete against old exhibitors. The prizes awarded will be the same as in all classes and no entry fees will be charged, only a membership. This class will be of an educational nature which is a

Ramsdell, pastor of the North Congregational Church, of which Mr. Butler was a member.

### THE HUMAN EYE.

More people are wearing glasses to-day than ever before. But that is no reason, says the Journal of the American Medical Association, for the inference that eyes are any more defective now than they were fifty years ago. It means simply that the work of today is more exacting on the eyes than the work of the earlier time, and that people are taking advantage of the increased knowledge of the structure of the eye and the means of making it serviceable. It has been discovered how the task of the person whose capital is his eyes may be more easily performed. Electricity has turned night into day and made it possible for the eye to work longer. Lenses correct the defects of the eye, and, by lightening the burden, make the organ equal to the opportunity.

The eyes of civilization are no more

### Deaths Reported

**MR. PURCELL, SR., ASBESTOS.**  
Asbestos, June 22.—(Special)—The death occurred of Mr. Purcell, Sr., aged 80 years on Wednesday morning.

Mr. Purcell had been in failing health for some time. He was an old resident of the Town, but at one time he lived in Tingwick where he was well known and highly respected. Quite a number of the deceased friends from Tingwick attended the funeral which was held Friday morning at 9 a. m. Rev. Father Castonguay officiated, assisted by his uncle, Priest. The remains were laid to rest besides his wife in the R. C. Cemetery.

**MISS PRAINCE, ASBESTOS.**  
Asbestos, June 22.—(Special)—The death occurred on Friday of the 13 year old daughter of Mr. and Mrs. Praince, after a short illness. The young girl attended the convent here, and about 75 of her school mates paraded from the convent to the house and marched to St. Ann's Church. The older girls took charge of the procession. Mass was sung by Father Castonguay. The remains were laid to rest in the R. C. Cemetery, the funeral was held Saturday morning, the chief mourners being the parents of the deceased.

**MRS. E. P. REMICK, BARNSTON.**  
Barnston, June 22.—(Special)—The people of this locality were shocked and saddened by the announcement of the death of Mrs. Edward P. Remick, formerly of this place, which occurred suddenly at Boston, where she had gone from her Alberta home for medical treatment. The remains will be brought here for interment, and if Mr. Remick arrives from the West, as it is expected he will do, the funeral service will be held at the residence of Mrs. C. N. Remick on Thursday, 24th inst., at 2 p.m.

defective than those of people living in primitive conditions, and those of men are not inferior in structure to those of animals. The chief difference is that civilized man has found the means of remedying the defects and is employing it, thus adding to his own efficiency. But this is not wholly true. There are still persons whose pride in the excellence of their sight is refusing them the aid they need for comfort and efficiency. There also are persons who abuse their eyes by guessing at the correction needed, instead of employing the accurate knowledge they may have. The eye is one of the most wonderful and delicate organs of the wonderful human body. It is certainly entitled to as much consideration as one gives to his watch.

LATEST SUDDEN BLOW ONLY CAN SAVE LEMBERG

After Yielding on the Grodek Lines Russian Armies Retired to Outskirts of Capital

London, June 22.—(Special)—Nothing but a sudden and unexpected blow by Grand Duke Nicholas, Commander-in-Chief of the Russian forces in the field, can now save Lemberg, the capital of Galicia, in the hands of the Russians for nearly ten months from returning to the possession of its former owners, and the almost immediate evacuation of the city by the Russians is expected in London.

After yielding on the Grodek lines the Russian armies retired to virtually the outskirts of the city of Lemberg itself. The Austrian official announcement on hostilities speaks of the Russians as attacking at many points, but these flights are assumed.

GERMANS SAY FRENCH LOSSES ARE HEAVY

Berlin, June 22, by wireless to Sayville.—(Special)—The Overseas News Agency today gave out the following:—

"Reports from Dutch sources state that the French losses are fearful. The hospitals at Amiens and Abbeville are overcrowded. The constant arrival of trains with wounded adds to the confusion and it is impossible to give the usual care to the wounded.

"Soldiers write that from Arras to Souchez (about eight miles) the field is covered with corpses and that the odor is unbearable.

"Reports from neutral sources declare that the battle raging near Arras may decide the fate of France. Both sides fight with unyielding courage and heroism. The French are very strong. The Germans continuously received reinforcements. The losses on both sides are fearful.

ROME REPORTS SMALL ENGAGEMENTS

Rome, June 22, via Paris.—(Special)—The following official statement issued at the headquarters of the General Staff of the war army:—

"There is nothing to report on the Tyrol-Trentino frontier except small engagements between reconnoitering parties. In the San Pellegrino Valley where we occupied Ponte Tascia, and the upper Cordevole Valley, reconnoissances disclosed the existence at several points of strongly entrenched lines protected by steel plates and sometimes concrete.

"In Carnia we continued our fire against Malborghetto notwithstanding the difficulties caused by cloudy weather. During the night of the 20th and 21st, the Austrians renewed, as usual, their valiant attacks on Freikofe.

WARNING TO AUTOISTS.

Editor of Record:—

Sir,—Will you kindly publish the following word of warning to autoists, from one of them.

The writer, who has been operating an automobile for several years, and who has earned the reputation of being a careful driver, and who did not believe it possible for a careless pedestrian to be touched by his car, offers this warning to other drivers:—

While driving along Wellington street yesterday, a lad of 13 years, being out of view behind a cab which was standing at the side of the street, emerged suddenly into the street in front of the writer's car and was knocked down. Happily he only received a few superficial bruises, and was able to pick himself up instantly, and was driven to his home by the writer, and medical examination showed him to be alright, excepting a few superficial scratches and soiled clothes. But, to think of what it might have been! Let us never take a chance; let us never for an instant glance aside while driving in the city, and never let it be possible for anyone, however careless, to come in contact with our cars while in motion. Let us all profit, both drivers and pedestrians, by this unpleasant occurrence.

Thanking you for this space,  
CAREFUL DRIVER.

MONTREAL LIVE STOCK MARKET

CATTLE PRICES FIRMER, LAMBS MORE EASY.

Montreal, June 22.—Prices for butcher steers of the best quality were very strong yesterday owing to the fact that the top qualities were of a very select grade and there were few of them. One load of fourteen head of extra choice steers sold at \$8.50; this was an exception, however. A very few loads brought \$8.50 to \$8.75. Despite the fact that the retail meat trade is dull, owing to the hot weather there was a fair demand for beef cattle yesterday. Most of this, however, was for actual wants and to fill orders. Butcher cows were not selling very freely and prices held about steady.

The market for lambs showed an easy undertone, while old sheep are holding steady at unchanged prices.

There was no big demand for hogs. The receipts were large, but buyers were in no hurry to purchase, and as a consequence prices for top grades held steady while lower grades were easy.

Cattle are still arriving in quantities sufficient to supply the demand, which is none too large during the hot weather. Quotations for live stock sold in round lots:

Butcher steers, extra choice, \$8.25 to \$8.75; very choice, \$7.75 to \$8; choice, \$7.25 to \$7.50; good, \$6.75 to \$7, and medium, \$6.25 to \$6.50. Butcher bulls from \$4.75 to \$7.25.

Butcher cows, very choice, \$6.50 to \$6.75; choice, \$6 to \$6.25; good, \$5.50 to \$5.75; fair, \$5 to \$5.25; poor to medium, \$4 to \$4.75 cwt.; milk cows, \$3 to \$100 each.

Sheep, 4¢ to 6¢; lambs, 10¢ to 11¢.

Hogs, very select, \$9.60 to \$9.85; rough and sows, \$9 to \$9.25; stags, \$4.50 to \$5 cwt., all weighed off cars.

Cattle, \$2.50 to \$10 each, according to size and quality.

MONTREAL MARKET

BUTTER PRICES STRONG, CHEESE EASY, OTHER LINES STEADY.

Montreal, June 22.—POTATOES—Potatoes are steady. Car lots, 42¢ to 45¢ bag, and in a jobbing way, 55¢ to 60¢ bag.

HAY—Baled hay is steady. No. 1, \$21 to \$21.50; No. 2, \$19 to \$20.50 per ton, extra.

MAPLE PRODUCTS—Maple products are easier. Pure maple syrup in 8-lb. tins, 62¢ to 65¢; in 10-lb. tins, 71¢ to 76¢; in 12-lb. tins, \$1.10 to \$1.15. Pure maple, 27¢ to 28¢ to 9¢.

CHEESE—Cheese prices are easy. Colored, 16¢ to 17¢; white, 16¢; best Easterns, 16¢ to 15¢ lb.

BUTTER—Butter prices are strong. No. 1 creamery, 27¢ to 27.5¢; seconds, 28¢ to 28.5¢.

MILL FEEDS—Mill feed steady. Bran, \$20; shorts, \$28; middlings, \$23 to \$24.

**NOTES OF NEWS FROM RICHMOND**

**Graduating Class of St. Francis College High School Held an "At Home"**

**PRINCIPAL KNEELAND REFERRED TO THE GOOD WORK ACCOMPLISHED BY THE GRADUATING CLASS**

Richmond, June 22.—(Special)—The Graduating Class of St. Francis College High School was "at home" to the other three High School grades, and to the Old Boys of three previous years, together with a few other friends, on Friday evening. Almost 100 people were present to make the evening one of the most enjoyable of the many such graduating performances of which "Old St. Francis" has been the silent spectator in the years gone by.

Principal Kneeland occupied the chair and in reply to the valedictory which was so eloquently given by Miss Hilda Denison, expressed his most sincere commendation of the fourteen members of the graduating class. He stated that the school felt its loss in saying farewell to such an industrious and excellent class, that the character and disposition of each of its members had made the class of 1915 loved and respected by all. Mr. Kneeland, on behalf of the staff and remaining pupils, wished them all the highest form of success in the future.

The Class Historian, Miss Janet Jamieson, gave the history of her class, covering a period of three years, relating the various incidents of note which had occurred during that time. She related how this class has by its share in debates and concerts helped to add to the attractiveness of the school library, how it had helped to make the sports day of October, 1914, such a success, and other such matters of achievement.

Mr. Charles Boast, the Class Prophet, with much humor, foretold the fates of his companions. Matrimony was to be responsible for a goodly number—eventually, the mail train from Lorne to Kingsley was to claim another pedagogy was to claim some more—and so on—all related in a most humorous vein, so that the laughter and applause of the audience constantly broke through the narration.

In a guessing game, which was indulged in by all, about eight contestants were tied for first place. To decide the difficulty the contestants came to the front and to the huge delight of all, proceeded to solve the question as to who could most quickly dispose of two soda crackers. Mr. Harold Benfil, a 1914 graduate, won out in this contest and so won the prize.

After games had been carried out, all adjourned to the refreshment room which was illuminated by patriotic lanterns and beautifully decorated. There the graduating class administered to the wants of all, as all made merry about the numerous dainty tables. At about 12 o'clock or soon after, the party broke up.

**MR. CHET C. McNEILL PASSES AWAY AFTER A LONG ILLNESS—RURAL MAIL DELIVERY EXTENDED**

Danville, June 22.—(Special)—Mr. Rose, General Secretary of the Layman's Missionary Movement, spoke in St. Augustine's Church on Sunday morning. The subject of his remarks was the missionary movement among the men of Canada. He made a strong appeal for financial assistance towards this fund, in order to assist missionaries now at work in foreign countries.

**"ARTISTS" HAD ROUGH TIME.**  
A couple of colored gentlemen and two girls struck town Friday last with the evident intention of giving a show in the town hall. From outward appearances they seemed to be in a flourishing condition, but later developments tended to show they were dead broke. After some difficulty they raised enough cash to have some bills printed which were distributed around town. The show itself was a fizzle. A number of those who went had the time of their lives in the way of fun. A few numbers were put on by these worthies when those present took the matters in their hands to such an extent that the "artists" announced they would play no more and bid the audience good night. On appearing on the streets the show men were pelted with eggs, etc. They, however, made their escape to the hotel where they had put up, where they found the proprietor had seized their baggage for non-payment of board. By some means or other they left town in a not very dignified manner.

**CHET C. McNEILL PASSES AWAY**  
Mr. Chet C. McNeill, who had been a great sufferer from tuberculosis for some years, succumbed to this dread disease on Saturday at the early age of 31 years. The funeral took place from his home on Monday afternoon, June 21, at 2 o'clock. The remains were interred in the Danville Cemetery. The chief mourners were his mother, Mrs. McNeill, wife, and Mr. and Mrs. Geo. McNeill, the former a brother of deceased. The bearers were Messrs. Geo. H. Gibson, Fred Smith, Norman Leck, Chas. Noble, Geo. Brown and H. Barnard. Many beautiful flowers were contributed by friends and relatives.

**RURAL MAIL DELIVERY EXTENDED**  
The rural mail delivery has been considerably extended on some routes. Route No. 1 known as the Kingsley Falls route has been made a daily service and the mileage increased by several miles. Route No. 2 Dennisville's still continues as a three-day delivery with the prospects of this also being made a daily delivery before long. This route has been likewise increased by mileage. These mails are supplied from the Danville post office.

**TO RENOVATE CHURCH BUILDING**  
A special meeting of the vestry of St. Augustine's Church was held in the Sunday School room on Monday evening. Mr. Lindop was elected treasurer in place of Mr. Doak, resigned. It was decided to get plans and estimates for the repairing of the brick work, etc., on the exterior of the church.

**GIVEN SEND-OFF**  
Mr. and Mrs. J. H. Doak and family and Mr. J. W. Jeakins left town on Monday the former for their new home at Thetford, Que., and the latter to Montreal. Quite a number of friends of both parties went to the station to see them off and bid them good-bye.

**BUSINESS AT CITY COUNCIL**

matter to the Fire Committee. This was carried.

Ald. Ewing said that Boudreau's explanation was substantially correct, and he did not think it necessary to refer the question to the committee. It was in the best interests of the city to reinstate him on the same standing as on May 3.

He considered he was tired under a resolution of the Council passed in October 1913 on the recommendation of Chief Hebert when he was appointed assistant chief at a salary of \$1,200 per year. He had worked at this rate until the end of March, 1915 when he was advised that his salary would be reduced to \$1,000. What Boudreau mainly took objection to was that his salary was cut without notification and he told him Ald. Ewing that if the salary was reduced he should quit on May 1, the same date on which Chief Hebert left. The advice of the city attorney that three months' notice of reduction was necessary had proved that Boudreau's contention was right. His position had never been declared vacant in the Council, and when he went back to work he thought that ended it.

The late Chief Davidson and Boudreau had put the line in many years ago. It was a home-made affair as the city then had very little money, but it served the purpose providing men thoroughly understood it, and the insurance companies were satisfied when the system was operated by men who had been connected with it for so long. Now, however, he learned the rates were liable to be increased, unless a competent man was appointed.

Boudreau made all the boxes and the line would last for years under his care, but under someone who did not understand it, it would become disorganized and new boxes alone would cost \$15,000. Ald. Ewing moved that he be reinstated, and said the Council could deal with the question now, as it had dealt with the matter last week.

Ald. Edwards was in favor of Boudreau's reinstatement but agreed with the matter being referred to the committee.

The Council adjourned until Monday next.

torian, delivered the first of a series of seven prophetic lectures, her subject being "The Babylonian Empire." Later, in accordance with the general board of missions, the plan expanded into a joint school for these two branches of church work.

The general plan is to hold three or four of these schools during each summer in different parts of Canada, and last year for the first time Lennoxville was one of the places selected as being suitable, accessible and offering sufficient accommodation.

The second gathering this year promises to be very successful, as already there are sixty teachers and fifteen officers and instructors in attendance. Among the latter are Rev. Canon Rexford, of the Diocesan Theological College, Montreal; Rev. W. Craig, Montreal; Rev. F. G. Vial, Bishop's College; Rev. A. H. Moore, St. Johns; Rev. James E. Fee, Rev. D. B. Rogers, Rev. J. J. Brabury and a number of missionaries returned from foreign fields, including Rev. C. E. Simmons, Mrs. Simmons, China; Miss E. Lenox, Japan, and others.

Mr. D. M. Rose, of the Layman's Missionary Movement, is in charge of the business arrangements of the summer school, and the Lord Bishop of Montreal is expected to be present on one or two days of the week.

Among the members already in attendance are Mrs. Sharples, Mrs. Arthur Dunn, Miss M. M. Pope, Quebec; Miss Kirby, Cookshire, the Misses Seiveright; Sherbrooke; Mrs. Harding, Mrs. Mainguy, Mrs. Gifford, Miss Gifford, Mrs. Geo. Weeks, Mrs. Tarrant, Mrs. Naylor, Mrs. A. R. Stevens.
