HON. R. LEMIEUX REACHES NEW YORK

From South Africa—He Is Enthusiastic Over the Lat- ter Country.

New York, Jan. 15.—Bubbling over with enthusiasm over the new South African Union, Hon. Rodolphe Lemieux reached New York to-day, and to-night started on the last lap of his world-circling tour. Captain Hector A. Verret, Mr. Lemieux's secretary, accompanied his chief on the mission. Mrs. Lemieux and Mrs. Verret met their husbands at Naples and the party left last night for Montreal with Dr. Eugene Lemieux, who has been here since Thursday awaiting the arrival of the Celtic. "South Africa is not Canada," continued the speaker, "but it is a great country," said the Postmaster General to the reporter of the Canadian press, who was the first to reach the deck as the big ship was warped into her dock. "We had a splendid voyage across," he added, "not a ripple and we were far enough out to avoid the fog which detained the Megantic 17 hours just outside the harbor. I have become quite a sailor, for it took us 17 days from Southampton to Cape Town, while from Durban to Naples it took us just 31 days. The chances for trade with South Africa are excellent. If the Canadian manufacturers will only send agents over there they will find the market the best they could wish for. South Africa is a great ranching and mining country, but so far, they have no manufacturers. Maize is grown to a large extent and exported, but Canada could sell them fruits as well as wheat and flour. They have everything that could be desired to make a splendid success of their Union," continued Mr. Lemieux, "and up to date the Union is working fine. The national convention of the new Union have been chosen a new starting point for all. You could not believe in seeing how the Dutch and the English are working earnestly for the upbuilding of the country that ten years ago they were at one another's throats." "How does the dual language question affect the Union?" "There is no friction that I could observe," said the Canadian Minister. "Parliament uses both languages; prayers at the opening of each sitting are said in both languages, and everybody seems satisfied. They have no school question like we have in Canada. The various provinces or states have charge of primary education, but in view of the possible difficulties that may arise out of the application of the Herzog Act, Jameson and General Botha have agreed on the appointment of a joint committee which shall take up the educational question for all the parts of the country. The provinces have less power than ours. Their Legislatures are called Provincial Councils, and they have a Legislative Union instead of a Confederation. The Central Government has the right to revise all money grants made by the Councils. They have a wise provision for an amendment to their constitution in ten years if it should prove not to work as well as they hope. There are two serious problems ahead of South Africa, however, the negro and the Hindu questions. Natal, for instance, has 125,000 Hindus to 100,000 whites, while the native population is much greater than the Hindu. The Hindus came over to work in the coffee fields and they did not go back. The question is whether all the provinces shall give the negroes and Asiatics the franchise. Cape Town admits negroes to the vote, but the other provinces have not yet decided. I was very much interested during my sojourn in South Africa by visits to the old Dutch and old Huguenot families. These have been there for a long time and they have splendid farms. I took a special interest in the Huguenots, for there are many of the same people in my own county of Gaspe, and there, too, they are among the solid and prosperous people of the district. The Germans and the Portuguese along the east coast vie with the English and a few Americans in promoting business, while there is an immense territory, Rhodesia, rich in gold and silver mines and other products, which will in a short time be one of the provinces of the new Union. They have everything there to make a success. With the exception of a comparatively small tract, the veldt, which is very hot in the day and cold at night, the climate is delightful. The scenery is magnificent. The country about Durban is like the Riviera, while Table Mountain rivals the Mountain of Fujiyama in Japan, and with two races working together in perfect harmony and with unlimited natural riches, the South African Union seems to me to be destined to become one of the most important parts of the British Empire. I must add that as Canada's representative, I was welcomed with the greatest warmth by the representatives of all classes in the new Union. His Grace the Duke of Connaught, was most gracious. He told me that he was disposed to accept the office of Governor General of Canada, and I am to hear that he will come to us." Mr. Lemieux expressed great satisfaction at hearing that the fisheries conference had resulted in a full understanding, and while he would not make any statement on reciprocity while the subject was under discussion, he said he would welcome any settlement that was advantageous to both countries. "I enjoyed my trip very much, and I was charmed with what I saw, but I am delighted to get back home, for, after all, Canada is the finest country on earth," said Mr. Lemieux in conclusion.

\$400,000 BLAZE IN WINNIPEG

Four Firms Burned Out—Hard Time for the Firemen.

Winnipeg, Man., Jan. 15.—Winnipeg has had another midnight mid-winter fire, which will cost the insurance companies about \$400,000, the building destroyed being the Kelly Block, on Bannantyne Avenue East, in the very heart of the wholesale district. The firms suffering are the Winnipeg Fur Company, \$200,000, insured for \$180,000; John Erzinger, tobacoo, \$80,000, insured for 90 per cent; Kilgour Bros., paper dealers, \$25,000, insured in full; the Wingold Stove Company, \$25,000, insured for \$16,000. The origin of the fire is still unsolved, but it is supposed to have started from an electric light in the fur company's offices. It started about 11.30 Saturday night, and the firemen were not through till 7 o'clock Sunday morning, with the mercury 35 below zero. There were many cases of frost bites, some of the firemen having to retire for treatment. The high pressure service was in good working order, but the depth of the building (100 feet) rendered the streams ineffectual, whether from front or rear, on the fire in the centre of the building.

BRUTAL ASSAULT ON A YOUNG LADY

Attacked in Street and Robbed. Her Assailant Makes His Escape

Galt, Ont., Jan. 15.—One of the most brutal assaults and highway robberies in the history of the town was perpetrated here last evening, when Miss Sadie McLellan, second daughter of Mr. and Mrs. John McLellan, of Stone Road, and a prominent young lady, was accosted on North Water street about 9.15 o'clock by a man who offered to accompany her home. On her refusal he seized her by the throat and choked her, striking her in the face and inflicting a very nasty wound from which blood poured profusely. He seized her purse, which contained \$2 and some change and then decamped. The injured girl was picked up on the roadside by women who heard her screams and a doctor summoned. She was removed to her home and is a little better to-day. The police could get no description of the villain and are in the dark as to locating him. The outrage is the talk around town to-day.

BOY DROWNED WHILE SKATING

Ottawa, Jan. 15.—While skating on the Ottawa River Saturday afternoon two boys left the party, tempted to try the smooth ice where it has been cut. They got on the thinner surface, climbing the wire to do so, and went through. Wilfrid Gauthier was pulled out by H. Plamondon, but Horridas Prot, 10 years old, son of a widow residing at 97 1/2 Water street, was drowned. Plamondon just caught his tique as he disappeared. There is little hope of recovering the body until spring.

TO ASSASSINATE EMPEROR OF JAPAN

Plot Discovered and Twenty-six Anarchists Tried and Sentenced to Death.

London, Jan. 15.—The Chronicle's Yokohama correspondent gives details of the plot to assassinate the Emperor of Japan for which 26 Japanese Anarchists recently were secretly tried and sentenced to capital punishment. According to the despatch, mysterious explosions were heard on Mount Kiso. It was first supposed that they were volcanic. A police investigation led to the discovery on the summit of the mountain of a complete modern dynamite factory, and the unearthing of a plot for the assassination of the royal family, peer and others and the destruction of official residences.

JEWELLERY THIEVES SENTENCED

Chur, Switzerland, Jan. 15.—Cattaneo, the Italian barber, has been sentenced to four years' imprisonment and perpetual banishment for the theft at St. Moritz of jewellery valued at \$50,000 from Mrs. Daniel Bacon, of New York, sister-in-law of Sir Gilbert Parker. Cattaneo's wife, who was employed as a maid for Mrs. Bacon, was convicted of complicity in the theft and was sentenced to 18 months' imprisonment and ten years' expulsion.

KING EDWARD'S MONUMENT FUND

Montreal, Jan. 15.—A letter was read in the Catholic churches to-day from Archbishop Bruchesi, calling upon all Catholics to show their loyalty and appreciation of the late King Edward's services to humanity as a peacemaker, by subscribing to the King Edward Monument Fund.

OBJECTION TO TWO PLAYS

Montreal, Jan. 15.—Strong objection has been taken by His Grace Archbishop Bruchesi against the production of "Sappho" and "La Sorciere," two plays announced as part of Mme. Sarah Bernhardt's Montreal programme arranged for next week. While the Archbishop has not put a ban on the performances or taken any drastic steps, he has stated that they are in his opinion objectionable plays and that he does not like the idea of having them presented in Montreal.

FOG RETARDS NAVIGATION

New York, Jan. 15.—For the second time this year a heavy fog, such as New York is not accustomed to, blanketed the city and hampered navigation. The ferries were delayed and in some cases suspended; one woman fell to her death through inability to see her way; two duck hunters at Perth Amboy, N. J., were lost for 24 hours; one schooner was sunk in the lower harbor by collision with an inbound steamship, and six outbound liners anchored in the Ambrose channel. They are: The Megantic, bound for Liverpool; Kaiser Frederick der Grosse, for Bremen; Saratoga, for Havana; Florizel, for Halifax; Prinz August Wilhelm, for Kingston, and the Trent, for Bermuda.

THE DEATH RECORD

New York, Jan. 15.—Wm. H. Browne, a prominent consulting engineer, formerly general manager of the Westinghouse interests in this city, died Saturday night in Brooklyn. He was 61 years old. Mr. Browne was born in Troy, was educated in the Christian Brothers' School of that city and became one of the pioneer electric railway builders of the U. S. At the time of his death he was engaged in building the largest water-power dam in North Carolina. He was a member of the Engineers' Society and was a past grand knight of Canada Council, Montreal, Knights of Columbus. He was manager of the Royal Electric Company and later of the Montreal Light, Heat and Power Company.

Baltimore, Md., Jan. 15.—Mrs. Wm. Paret, wife of the Protestant Episcopal Bishop of Maryland, died to-day, aged 59 years. Mrs. Paret died unaware of the fact that her husband is very ill of pneumonia. The condition of Bishop Paret was said to be decidedly worse this evening, last night having been a bad one for the aged sufferer.

St. Thomas, Ont., Jan. 15.—J. S. Pycett, superintendent of the Canadian Division of the Pere Marquette Railway, has been transferred to Grand Rapids, Mich., division, and is succeeded by W. K. Tasker, of Detroit. Roger Black, former chief dispatcher here, succeeds Mr. Gillulia, who left the road to be superintendent of the Illinois Traction Co.

NARROW ESCAPE OF PROF. MACOUN

And His Party—Shipwrecked at Wager Bay—Dog Train to Gimli.

Gimli, Man., Jan. 15.—Prof. J. L. Macoun, F.L.S., F.R.S.C., Assistant Director and Naturalist of the Geological Survey Department, Ottawa, Mr. A. G. Bachand and party of the Dominion Hydrographical Bureau, together with Capt. Harold Bartlett and crew of the schooner Jeanie, arrived here to-day having come all the way from Fort Churchill, 1,100 miles by dog train. Prof. Macoun made the trip north to investigate the flora and fauna of the country north of Churchill and arrange for material for the new national museum. He left Ottawa for Churchill last spring and the last word received from him was in July. His friends had grave fears for his safety until he had been wrecked on the schooner Jeanie, but had got safely to shore and reached there in safety. The schooner Jeanie was chartered by the R.N.W.M.P. to take supplies north to Churchill and Fullerton, naming a cache at St. Elmo Point Inlet, Chesterfield Inlet and Wager Bay. The Jeanie, a schooner of a hundred tons, left North Sydney, N.S., in charge of Captain Harold Bartlett in July and although encountering several miles of ice they had a fair trip, reaching Churchill in August, and it was here that Prof. Macoun took passage north; also Dr. Marcelus, Superintendent Stearns and four members of the R.N.W.M.P. The day they had made their call at Wager Bay, they ran into a severe storm, the wind blowing 90 miles an hour, the schooner was anchored in eight fathoms of water. As the storm increased in fury the anchor chains began to break and crew and passengers seeing that they would soon be drifting at the mercy of the storm hoped that the last would soon break so that they could go ashore. The captain had surveyed the shore with his glasses and picked out what he thought would be the best place to land. At about 10.30 the last chain gave way and as best they could do the ship was guided towards the shore. Amid great darkness the ship was swept against the rocky shores. Upon striking, she immediately filled with water and her lifeboats were torn off the deck and damaged. It was high

FIRE IN MONCTON

Moncton, N. B., Jan. 15.—The store occupied by Murdoch McLeod, Mann street, as tailor, was gutted by fire this morning. McLeod carried several thousand dollars' insurance on stock, which will nearly cover the loss. There was \$4,500 insurance on the building.

## Preparing for Work

Owing to the great increase in our business in general and in our repair department in particular, we found it necessary to engage another first class German watch-maker and a first class English clock repairer, this addition to our staff of mechanics placing us in a position, that for competency and ability is second to none.

When enlarging our Show Rooms for the display of merchandise we also added another workshop thus doubling our facilities for handling all kinds of fine repairs.

We make a specialty of repairing complicated watch movements, chronographs, repeaters and timing watches.

Clocks, musical boxes, symphonions, cameras, binoculars, etc., we have repaired in our work-rooms by expert work-men.

Jewelry repairs we will as formerly continue to turn out in a high class way, gilding, renovating and remodeling, making old jewelry look almost as good as new.

As this is our first advertisement in the New Year we avail ourselves of the opportunity to thank our customers for their generous and loyal support and to assure them that we will do our utmost to maintain the reputation of "Seiferts" for quality and value.

### CALLING THE BLUFF.

There is one thing which the Hon. Jean Prevost learned during the time he was associated with the Gouin Government. He learned how the cards are shuffled. Consequently he is in a position to call the bluff.

During the elections at St. John a letter from Mr. Prevost to Sir Wilfrid was used in the interest of the Liberal party. Mr. Prevost now makes it plain that he, too, has got some letters up his sleeve, and last week he produced one of these from the Hon. J. E. Caron, Minister of Agriculture, written in 1900 to Senator Landry, and saying that with \$5,000 at their disposal he and his friends could fight any Liberal candidate with the exception of Dechene. And even he could be beaten at a cost of \$10,000.

The Conservative party can afford to lose M. Caron far more than the Liberals can do without the Hon. Jean. The latter has still a few more letters in reserve, which are not likely to afford much pleasure to the Gouin administration.

### A GOOD LAW.

Recently the Quebec Legislature passed a law which makes it possible for judges and magistrates, when sentencing prisoners, to commit them to hard labor and require that the money earned by such labor shall be remitted for the maintenance of their families.

Recorder Weir, of Montreal, made the first application of this provision the other day in the case of a man convicted of the non-support of his family.

This statute is a good lead and is well-buttressed by every consideration of justice and common sense. Under the former conditions an offender was kept in idleness at the public cost, and consequently those who were dependent upon him, because charges on the public charity.

It is even suggested that this system should be applied to convicted murderers, it being argued that a life imprisonment of hard labor, with the profits of such toil applied either to the support of those who had been impoverished by the culprit's wrong-doing or of those who had depended upon him for maintenance, would be a better and more fitting punishment than hanging or execution would be.

This may be carrying things to extremes, but there is no doubt that the Quebec statute is the most practicable and equitable for those cases for which it provides. That is, of course, if the prisoner can earn a reasonable amount while in jail.

### BANK INSPECTION.

Between the returns sent by the Farmers' Bank to the Government a couple of months ago to be re-issued by the Government and the actual standing of the bank to-day there is a difference of more than \$1,000,000. Whereas there was an actual deficit of \$436,000, the statement published by the Government showed an excess of assets over liabilities amounting to \$619,342.

In other words, the returns were a fraud. The banks send their returns to the Government, but it is the Government which furnishes them to the public, and, as a Western paper says, nine men out of ten regard those statements as having received the imprimatur of the Government and as being a reliable and authentic account of the position of the banks.

The Government should make its position clear. Either it should adopt a system of inspection and audit by highly qualified Government experts—altogether independently from the banks—or it should proclaim from the house-tops that the banks can do as they please and that it assumes no responsibility for their handling of their own property or anybody's else.

The latter course will not commend itself to any one. Chartered banks are, after all, more or less creatures of the Government, and assume great responsibilities to depositors and the public.

The public have a right to know something of the way in which these responsibilities are being fulfilled, and one would therefore imagine that all reputable banks would welcome inspection by qualified agents of the Government, which is generally considered as representing the public.

Our Canadian banking securities are most deservedly held in high repute, but if other instances occur of such discrepancies between their Government issued statements and the findings of independent officials, this confidence will receive a shock which the good will suffer to the same extent as the bad.

It may be taken for granted that the former class of banks can have nothing to conceal, and will not be loth to sanction any wholesome measure that will prove a check against careless banking and militate against the risk of insolvency—particularly of the fraudulent kind.

### PLACE NAMES.

Rudyard Kipling, who himself lives in an English village rejoicing in the somewhat unsavory name of Kotting-dear, objects at that distance to the proposed change of the name of Medicine Hat. He finds the present name picturesque and distinctive, and believes it to be a valuable asset not to be carelessly thrown away. This doctrine does not suit all the Medicine Hat people, who consider the title barbarous, and have an idea that a city so-called can never be taken seriously. If they are right, Moosejaw is involved in the same predicament. Many other cities and towns in Canada could be mentioned whose names would be considered by some people to be somewhat wanting in dignity if they had been deliberately suggested by an important community about to be christened. Several of the principal cities of Canada, as Ottawa, Toronto and Winnipeg, have native names the meaning of which is not remembered by the multitude. Quebec is another instance, but no one ever wanted to change its name to Brownville or Smithtown or anything else.

But, in fact, all geographical names as they become familiar are merged in the character of the place they represent and lose their verbal or original significance. In time, as such cities as Medicine Hat and Moosejaw become old and familiar, the names will be found no more unworthy than Swineshead, Nether Wallop, Ramsgate, Liverpool, Oxford, Cockermouth, Hammersmith, Wig-town, or Rotterdam. Separate these historic and respected names into the words which compose them. Let the mind be fixed on their original or possible significance or suggestion, and the people of Medicine Hat may find themselves in good company. We counsel the ranchers of Medicine Hat to let the name stay. If they set out to make a change they will probably be beguiled into adopting some second-hand European name. It is good to preserve the names that suggest local color, and many of them are reminiscent of a past that is no reason for shame. If Medicine Hat has been baptized that way it should continue. We have to. Even if our esteemed parents like to call us Nebuchadnezzar, Shadrach, Meshach, Abednego, Jemima, Keziah or Keren-Happuk, and other names that can never be lived down, we still must abide by them.

### THE LAND TAX BASIS.

From one end of the Dominion to the other the country appears alive to the necessity of exempting improvements and shifting the basis of taxation until the greater part of the civic tax is collected on land values and the building values are left untaxed.

The principle of taxing a man for improvements sets a premium on lack of enterprise and idleness.

The new system has been established in Vancouver, Prince Rupert, Summerland, Nanaimo and Edmonton. These places get the principal part of their income from land value taxation. Vancouver has only three taxes—a tax on liquor, which is a Dominion tax; a tax on dogs, because they do not want dogs, and a tax on land, because they do not want unused land.

The second month after the law went into effect in Vancouver contracts were made by citizens for \$1,750,000 of new buildings. This in a city which has less than twice the population of St. John, N. B., means something.

Vancouver is rapidly drawing population from nearby American cities which collect their taxes in the old way, markedly from Seattle, which loses five families a week to the Canadian town.

### FOREST CONSERVATION.

Canadians have been inclined to regard their forest wealth as all but inexhaustible, but the chairman of the Conservation Commission, who has been giving the matter special attention, declares that the Canadian forests will meet, in the future, the Canadian demands alone; and they will not be able to do even this if they are not administered on scientific principles, by which the growth of new timber will replace the loss by cutting. The prevention of forest fires is a prime necessity, and the Conservation Commission intends to advise Parliament to enact drastic laws against railway companies, whose locomotives are the chief cause of the fires which annually devastate our forests. A fine of \$1,000 every time a fine can be brought home to them is proposed.

Holland is another country which is beginning to sit up and take notice of Canada, and a member of the Netherlands Consular Service is just completing a three months' tour of Canada in the interests of the Dutch Government. This tour has been brought about by numerous inquiries on the part of residents of Holland respecting Canadian investments, trade and immigration.

### SAVING TAFT'S FACE.

The main issue in American politics at the present moment is the question of tariff revision. President Taft and the Republican party have been put in an awkward position by the recent elections, when they lost control of the House of Representatives and of several State Legislatures. The desire of the Republican therefore is to take some action in the matter of tariff revision that will satisfy the American people.

But they have little time to do this, as the present congress, over which they have entire control, will come to an end in March. And therefore it will be a feather in Mr. Taft's cap if he can arrange some kind of a reciprocity treaty with this country in the meantime.

"Mr. Taft is well aware," says the Toronto Mail, "of the great strategic importance of making such a bargain. If he succeeds in his negotiations with the Canadian Government the people of the United States will be impressed with the sincerity of his pledges to lower the duties. They will be inclined to regard a treaty with Canada as an earnest of thorough-going revision. It is all important then for him to conclude the pending business with the Canadian Ministers before March." \* \* \* On the outcome of the present negotiations may depend the fate of the Republican party in the Presidential election."

This is the third occasion on which the Laurier Government has played flunkey to the Republicans. Last winter President Taft was foolish enough to proclaim that Canada should not have the benefit of the Payne minimum duties unless special tariff concessions were made in favor of the United States goods seeking entrance into the Canadian market.

It did not take the President long to realize that in making this threat he had thrown a boomerang which recoiled upon himself.

The Americans did not want the enforcement of the maximum duties against this country. Rather they desired that the privileges of the minimum tariff should be extended to it and that everything should be done to promote freer trade relations with Canada.

Taft was therefore in a quandary. He could not take back his declaration without laying himself and his party open to ridicule.

And so he sent a hurry-up call to the Dominion to come along and save his face. Laurier was generous. Fielding went to Albany and Washington and the "peanut concessions" enabled the President to hold up his head once more.

The second move in the matter came last October, when on the eve of the United States Congressional elections Taft again sent emissaries to Ottawa to negotiate for reciprocity. Even this political move did not help the Republicans, and as soon as they were beaten these tariff experts were recalled to Washington.

Now for the third time Taft calls for assistance to the Laurier Government to help him in American politics and to arrange a treaty before the termination of the present Congress.

The maximum sentence which could be imposed upon Travers would be: For making false returns, 5 years; for forgery of document, 7 years; for the theft of \$40,000, 9 years. If these ran consecutively it would give a total of 21 years.

In the past ten years Canada has added to her population by immigration a total of 1,453,391. Of this number the British Isles sent us 562,056 and the United States 497,892. The remaining 393,445 came from practically every country in the world. It is gratifying to know that such a large proportion of our newcomers are English-speaking.

Andrew Carnegie is said to be worried by the story that, although he is so much in favor of peace and gave so many millions to promote it, he himself was one of the first men in the United States to make armor plate and to sell it for purposes of war. But Mr. Carnegie, after preparing some of the poison, is now supplying the antidote.

There is much speculation as to whether Travers' admission of all the charges preferred against him will preclude any further inquiry into the affairs of the Farmers' Bank. There are a good many interesting details which the defrauded shareholders and depositors would like to learn in connection with the way in which their money has been squandered.

One of the United States warships on the lakes is soon to be "scrapped." This vessel is the Wolverine, originally known as the Michigan. She was launched at Erie in 1844, and has thus seen 66 years of service. If she is to be sold, why not get her to be employed as a sister ship to the Rainbow, which we rescued when she was on her way to the scrap heap?

### List of Municipal Voters Deposited.

CITY CLERK'S OFFICE. CITY HALL. Quebec, 21st December, 1910.

PUBLIC NOTICE is hereby given that, pursuant to the provisions of the Act 53 Vict., chap. 68, sec. 31, and its amendments, two alphabetical lists, one of the persons qualified to vote at the municipal elections for the office of Mayor and Aldermen for seat No. one in each ward of the city, and the other for persons qualified to vote at the said elections for the office of Mayor and Aldermen for seats Nos. two and three in each ward of the city, shall be deposited in the office of the undersigned, on the THIRTY DAY OF JANUARY, 1911, and will be communicated to whomsoever shall apply for them, every day, beginning the said third day of January next, 1911, to the TWELFTH DAY OF JANUARY NEXT, 1911, from NINE O'CLOCK IN THE MORNING TO FOUR O'CLOCK IN THE AFTERNOON. The said lists shall, during the said period, be shown to any person making application therefor, and every elector who may wish to apply for the insertion or for the correction of a name in any of the said lists, or for striking a name therefrom, shall do so within the delay fixed by law for so doing.

All claims or demands in relation to any names being added to or corrected or erased from the said lists must be filed in the office of the City Clerk, on or before four o'clock in the afternoon of MONDAY THE SIXTEENTH DAY OF JANUARY NEXT, 1911, being the day appointed by law, as final, and after the said day, no claim or demand will be received by the said City Clerk. Printed blank forms for complaints may be had by applying at the City Clerk's Office during office hours. By Order, H. J. J. B. CHOUINARD, City Clerk.

**Notice to Contractors**  
Tenders for the Demolition of Champlain Market, Quebec

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for the Demolition of Champlain Market," will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, Ontario, until 12 o'clock noon of the 23rd day of January, 1911, for the work of demolishing the building named above, and of completely clearing the ground.  
Persons wishing to tender will obtain the necessary blank forms, specifications, and other particulars on application to the office of Mr. A. E. Doucet, District Engineer, Quebec.

Tenders must be signed and sealed by all the parties to the tender, and witnessed. Each tender must also be accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, for the sum of \$500.00, which, in the case of the tenderer whose tender is accepted, will be deposited to the credit of the Receiver General as security for the satisfactory performance of the contract. The cheques of unsuccessful tenderers will be returned within ten days of the signing of the contract.  
The right is reserved to reject any or all tenders.

By order, P. E. RYAN,  
Secretary of the Commissioners of the Transcontinental Railway.  
Dated at Ottawa this 7th day of January, 1911.  
Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

**PROPERTY FOR SALE**  
A desirable property on Ste. Foye Road, within the toll-gate, covering an area of some 20,000 square feet and containing a large double house with all modern conveniences. Occupancy 1st May next. Terms reasonable. For further particulars and permits to view apply to

QUEBEC WAS BADLY CRIPPLED

Several Men Were Injured in the Game With Ottawa and Were Beaten.

Ottawa, Jan. 14.—The Ottawa hockey team won its fourth straight at the local arena to-night defeating Quebec by a score of 13 to 5. In the first period the hockey was fairly fast. In the second the Quebecers shot their bolt and there was nothing to it but Ottawa. Quebec scored first in the opening session and also annexed the second, but Ottawa evened up and at the end of the first half it was two all. Ottawa added seven in the second session while the visitors got two, the Quebec defence weakening and their forwards tiring while Ottawa improved all round. In the third session it was all Ottawa, they again driving in four goals while Quebec got one. For a time in this session they were playing three men each. Ottawa scored twice while four offenders were with the timekeepers. Rocket Power retired at the end of the first quarter with an injured ankle and then Joe Hall, who had just joined the visitors, crashed into the boards, spraining some of the muscles in his right shoulder. Malone, who replaced him was also hurt and in the third Ottawa lost the service of Kerr, who hurt his ankle and face. Thus they finished five men aside. Russell Bowie and Duncan Campbell, of Montreal, were the officials, playing fairly clean. Five thousand people attended. The teams:

SHERBROOKE DEFEATED WESTMOUNT TEAM. Sherbrooke, Que., Jan. 15.—In an interprovincial amateur hockey league match Sherbrooke defeated Westmount last night by 13 to 2.

ST. YVES DEFEATS SVANBERG. Baltimore, Jan. 15.—Henri St. Yves, of France, to-day defeated John Svanberg, of Sweden, in a 15-mile race in the Electric Park Casino, winning by half a lap of the 13 lap track in one hour, twenty minutes, 41 seconds. St. Yves lost two laps at the end of the tenth mile, when he stopped to change his shoes.

TONIGHT'S MATCH WITH RENFREW

Joe Hall and Joe Malone Will Not Be Able to Play.

According to advices received in Quebec yesterday, Joe Hall and Joe Malone will be unable to play against Renfrew in the creamery town this evening, owing to the injuries received by them in the game in Ottawa on Saturday night. The locals are up against hard luck, but are nevertheless not downcast, and are confident that the team will make the best of them hustle before the end of the season. It is hoped that Joe Hall and Malone will be able to play against the Wanderers here on Saturday night next.

TROTTING MEETING AT DELORIMIER PARK.

Montreal, Jan. 15.—Excellent entries have been received for the races at the six day trotting meet which opens next Saturday at Delorimier Park under the auspices of the Montreal Driving Club, Limited, and the meet should be the most interesting one yet held at the track in the winter. The United States will be represented by an exceptionally large number of trotters. The free-for-all pace will bring together Jennie W., (2:04 1/4), Hon. Geo. Whitney's mare which has been called the queen of the half mile tracks; Hal B. Jr., (2:10 1/4), St. Anthony (2:11 1/4); Ewing, the Three Rivers stallion, which won three straight races at Delorimier last summer. Frank G. Smith, of Buffalo, will act as starter and will be assisted in the judges stand by W. Moffatt, of Picton, Ont., in his capacity as presiding judge, with A. St. Germain as associate judge.

ST. MICHAEL'S GOT A BAD BEATING.

Toronto, Jan. 15.—The unbroken string of victories of the champion St. Michael hockey team received a rude jar Saturday night when Parkdale not only defeated the champions, but gave them a good drubbing. The score, Parkdale 8, St. Michel's 2, gives a true indication of what margin Parkdale had over their opponents. Over 3,000 spectators jammed their way into the rink to see this senior O.H.A. fixture, and nearly 500 were turned away. The ice was covered with water, but still retained a firm bottom.

RESULTS OF THE INTERMEDIATE GAMES.

Montreal, Jan. 14.—In the intermediate games at the Arena this afternoon, Victorias defeated Westmount 6 to 0 while Shamrocks won from Montreal 4 to 3.

CANADIEN DOWNED THE RENFREWS

Defeated Ontario Team by a Score of 4 Goals to 1 at the Arena.

Montreal, Jan. 15.—Giving a display of exceptional speed, the French-Canadian team disposed of Renfrew, 4 to 1, before a crowd of 5,000 in the Arena Saturday night and loomed up strongly as a championship contender. Renfrew's formidable seven was boxed up by the speed of the Canadiens and had little chance after scoring the opening goal, a puny shot that eluded Vezina and barely reached the cage. On their form Saturday night Canadiens will be freely picked to beat Wanderers on Wednesday. It will take an improved team of Wanderers to defeat the speed boys.

Renfrew, with the only game of the period, scored in three minutes. Canadiens had an advantage in the play, but did a tremendous amount of work with but little effect. In the second period, the locals found themselves and gave an exhibition of brilliant hockey. They scored three times and put up a defence that Renfrew found difficult to get through. The first game of the period, that which evened for Renfrew's score 3 minutes after the contest was set in action, was counted in 1 minute and 50 seconds, Payan caging the puck by a swipe on a rebound when Lindsay blocked one batted in by Lalonde on a face in front of the nets.

Canadiens' other games scored in the second period followed brilliant play by Lalonde and Pitre, who with Lavolette, showed rare bursts of speed during the balance of play.

Ten minutes after the score had been tied, Pitre flashed through the whole Renfrew team with an end-to-end run, and passed to Lalonde, who batted the rubber past Lindsay. Lalonde brought a brilliant rush to an end by scoring the third game. He circled so fast that neither Taylor nor McNamara could stop him, and he poked the puck in from the corner of the cage.

Canadiens scored the only game of the final period. Although the Renfrew seven did not appear dangerous at any stage the team had a lot of hockey left. In this period Taylor showed for the first time with flashes of speed, but he found it difficult to get away from the fast French boys.

Table with 2 columns: Player Name, Position, Team Name.

FABRE WON BIG SNOWSHOE RACE.

Montreal, Jan. 14.—La Presse held their annual snowshoe race around the Mountain this afternoon and it proved a great success. The race was scheduled to start at 2.30, but did not start till long after 3 o'clock.

The first man to cross the line was E. Fabre, of the N.A.A.A. He crossed the line in very good shape, he looked as fresh as when he left and no doubt he felt that way, for when one of the officials of the club went to help him to the club house, he said he could walk himself. Fabre's time to cross the line was 42.49 3/5. The next to cross was Moreau, who crossed also in fine shape; he also was one of the N.A.A.A. men. Moreau's time was 46.50. Next came McKay, of the M.A.A.A., his time being 46.47. Lemieux came next, just finishing after McKay, his time was 47.50. Following Lemieux came F. Gail, of the Emerald Club. Although Gilbeau, another runner, seemed to stick to the front on the way round, they all managed to get away from him on the home stretch, and he could be seen just barely running down the track after a period of about 3 minutes had passed from the time Gail arrived. He had just passed the finishing line when he fell like a stone, and had to be carried to the club house. Following is a summary of the race:

- 1. Fabre, N.A.A.A.
2. Moreau, N.A.A.A.
3. McKay, M.A.A.A.
5. Gail, Emerald A.A.A.
6. Gilbeau, N.A.A.A.

HARRY SMITH STRUCK THE REFEREE.

Cobalt, Ont., Jan. 14.—The Temiscamingue League game at Hailybury last night between Cobalt and Hailybury looks like being the last of the league. Just as half-time was called with the score 5 to 1 in favor of Hailybury. Harry Smith took a crack at the referee, Mr. Gwynne, with his stick and smashed that gentleman's face. Chief of Police Miller at once jumped on the ice and arrested Smith, taking him to jail. There was intense feeling shown toward Smith by the crowd. The second half of the game was a joke, and Jones' semi-pros were easily beaten by the score of 10 to 4. Ronan and Troop were easily the best for Hailybury while Smith up to the time of the row was the best for Cobalt. No interest is shown in the games by Cobalters, as Jones and Smith, who are running the team, tried to get amateurs to play. Smith was bailed out after the game, and will face a charge of assault before Judge Atkinson.

BY-LAW NO. 449. To Annex the Town of Montcalm to the City of Quebec. At a meeting of the City Council of the City of Quebec, held at the City Hall, on the 13th day of January instant (1911), the following By-law was read for the first time: (Drawn up in the French language.) At a meeting of the City Council of the City of Quebec, held at the City Hall, on the 13th day of January, one thousand nine hundred and eleven (1911), the following By-law was read for the first time: It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council ordains and enacts as follows: 1. After the approval of the present By-law by the Municipal electors of the Town of Montcalm in the manner prescribed by law, the territory now comprised within the limits of the said Town of Montcalm shall be annexed to the City of Quebec and shall form part thereof as the ward known as Canadienne Ward. 2. Canadienne Ward shall be represented in the Municipal Council of the City of Quebec by three Aldermen—one for seat number one, one for seat number two, and one for seat number three. The said Aldermen shall be elected in the manner provided by law, by the municipal electors of the territory so annexed, possessing the qualifications prescribed by the Charter of this City for voting at the election of such Aldermen respectively, and a list of such electors shall be previously made out by the secretary-treasurer of the annexed municipality, who shall forward such list to the City Clerk according to law. 3. As soon as the said Aldermen are elected, according to law, and are in default to sit in the Council of this City, the secretary-treasurer of the Town of Montcalm shall deliver to the Treasurer of the City all minute books, registers, valuation or assessment rolls, archives and all documents and papers whatsoever belonging to the corporation of the Town of Montcalm, as well as all sums of money which may be in his possession in his capacity of secretary-treasurer, and from and after the date of such delivery, all sums of money due or to become due to the former corporation of the Town of Montcalm shall be payable only to the Treasurer of said City. 4. From and after the election of said Aldermen, the City of Quebec shall alone be liable for the debts contracted by the corporation of the Town of Montcalm and all moveable and immovable property belonging to the said corporation shall become and be the property of the City of Quebec. 5. During ten years, from the first of May, 1911, to the first of May, 1921, all immovable properties in the said new ward shall remain assessed at the same real value at which they are assessed in the valuation roll now in force, and the amount of assessment shall remain at thirty cents for each hundred dollars of the said real value, said assessment to be paid by the proprietors of the said immovable property. 6. Over and above the said assessment of thirty cents for every hundred dollars, the proprietor of the said immovable property shall also pay an annual tax of twelve per cent of the annual rental value as assessed in the valuation roll presently in force and according to the actual mode of perception of said taxes, for the use of water works and of drainage, and also the sum of two dollars for water-closets of each occupant of lodgings. 7. For the period of ten years ending on the first of May, 1921, tenants occupying immovable property in the said ward shall pay an assessment at the rate of three dollars for each hundred dollars on the rental value of the said immovable property. 8. For the period of five years, beginning the first of May, 1911, and ending the first of May, 1916, the ground lots upon which buildings are now in course of erection, or shall be erected, shall have the benefit, as regards taxes and assessments, of the same privileges granted for ground lots mentioned in clauses 5, 6 and 7. 9. The water works actually supplying water to the said ward shall remain completely separated from the water works now existing in the other wards of the City. 10. The City shall undertake to fulfill all the obligations of the Town of Montcalm towards the North Shore Turnpike Trust. 11. The said By-law shall come in force after it shall have been approved by the vote of the majority of the municipal electors proprietors of immovable property in the said ward who shall have registered their votes on the said By-law. PUBLIC NOTICE Is hereby given that, pursuant to law, the following By-law will be read for a second time, and adopted, on Friday, the 27th day of January instant (1911). By order, J. J. B. CHOUINARD, County Clerk. Opening of Dorchester Bridge to Free Public Circulation CITY OF QUEBEC. Mayor's Office. Quebec, January 2, 1911. PUBLIC NOTICE is hereby given that in virtue of an agreement entered into between the Government of this Province, the city of Quebec, and the North Shore Turnpike Trust, the bridge known as Dorchester Bridge, has, on the first of January instant become free from all tolls and opened free to the public, so that all the different wards of the city have now free intercommunication without payment of any tolls, the Turnpike Trust having removed their toll-gates to the extreme limits of the city. By order, NAP DROUIN, Mayor. H. J. J. B. Chouinard, City Clerk.

La Caisse D'Economie de Notre-Dame de Quebec

LA Caisse d'Economie is now in a position to offer to the public portable Home Banks which have the advantage of being at all times ready to receive deposits.

The public should not fail to appreciate this excellent means of inspiring, specially to children, the habit of saving.

DIED. MOLONY—In this city, on the 14th instant at the age of 64 years, Thos. J. Molony, advocate.

The funeral will take place from his late residence, No. 15 d'Aiguillon street, this day (Monday), the 16th instant, at 9.15 a.m., to St. Patrick's Church, and thence to St. Patrick's Cemetery.

MORISSETTE—On the 13th inst., at the age of 17 years and 8 months, Miss Marie Anne Morissette beloved daughter of C. Emile Morissette of this city.

The funeral will take place on Monday morning the 16th instant, leaving 203 Latourville street, at 8.45 a.m., for St. John the Baptist Church, and thence to Belmont Cemetery. The service at the church will be held at 9 o'clock.

Friends and acquaintances are respectfully invited to attend without further notice.

Montreal and Nova Scotia papers please copy.

IN MEMORIAM.

St. George, Beauce, Que. Jan. 14th, 1911.

MAGUIRE—On the 12th instant, within two days of the completion of man's allotted three score years and ten of life on earth, the grim Reaper took from our midst one of the oldest and most highly respected residents in the person of the late lamented Philip Maguire.

Our hearts are bleeding and sad for the loss we sustained in this blow.

Yet we know thou art happier for Than we, in this valley of woe. Farewell, dear Father, till we meet again.

The Family.

CHAS. H. HYDE BACK IN NEW YORK. New York, Jan. 15.—Chas. H. Hyde, New York's City Chamberlain, missing for thirty-eight days, came back to town from Florida this afternoon and alighted from his train jaunty, calm and smiling. Of the closing of two banks containing \$800,000 in city funds, of which he was custodian, he would say nothing. Of the graft investigation now adjourned, he talked more freely. Briefly, as far as he was concerned, it was all "bosh." The committee tried for more than a month to subpoena Hyde as a witness, others having testified that he was present at an alleged meeting where an alleged \$500,000 corruption fund was raised in an attempt to defeat the anti-betting bills at Albany. All this and more Mr. Hyde denied. The committee had ample time to get him before he left New York, he said, and he remained away solely on account of his health. Spending most of his time on a houseboat, he was out of touch with the world, he declared, he knew nothing of the furor caused by his absence and did not learn until Friday last of the closing of the banks. Then, he said, he hurried back to his duties, prepared to be at his desk to-morrow morning and to stick to his job. Suggestions of resignation he met with emphatic negatives.

IN AND ABOUT TOWN

HORSE CAME UP BREAKNECK STEPS

Strange Freak of a Runaway Animal on Saturday Afternoon.

The remarkable freak of a runaway horse caused much surprise and excitement on Saturday, when the animal mounted the Breakneck steps leading from Little Champlain street to Mountain Hill, and arrived in safety at the summit, where it was captured. The horse, which was attached to a light rig, became frightened when a heavy dray collided with and upset the vehicle to which it was attached. Starting off on a wild run, it finally made up the steps, ascending the steep stairway in safety and without any injury to itself. The occurrence created quite a sensation among those who witnessed it.

UNION BANK OF CANADA. A branch of the bank will be opened to-day at St. John, N. B. Mr. W. A. Connor, formerly in the service of the Union Bank of Halifax, has been appointed manager.

SUDDEN DEATH. Dr. Jolicœur was notified yesterday that Godfrey Hamel, a farmer of St. Jean Deschailions, was found dead on Saturday last. Coroner Jolicœur will hold an inquest to-day.

TOMMYCOD FISHING. Judge Tourangeau and Mr. Louis Fiteau have returned from a most successful tommycod fishing trip to Deschambault, and their Westmount friends may now expect to be supplied with many fine samples of this delicious fish.

SALE OF PROPERTY. Mr. Eug. Leclerc, M.P.P., and Alderman Lockwell have purchased the Boulanger property in Champlain street. This property consists of three buildings occupied as the Montgomery Hotel, Baller Bros. and William Patker. The price paid was about \$35,000.

BATTLEFIELDS COMMISSION. Lt.-Col. Ernest F. Wurtele, of this city, has been recently appointed honorary treasurer of the National Battlefields Commission, to replace Mr. W. H. Dunsford, late manager of the Canadian Bank of Commerce here, who some time ago was transferred to Peterborough, Ont.

GOOD ATTRACTION AT THE PALAIS ROYAL. The energetic management of the Palais Royal have secured a very good programme this week for their numerous patrons. No doubt many will take this opportunity of passing a pleasant hour in this beautiful play-house.

ORGAN RECITAL TO-NIGHT. The following is the programme of the recital to be given at the Cathedral of the Holy Trinity this (Monday) evening at 8.15 o'clock: Prelude and Fugue in D.....Bach Adagio in B.....Widor Fantasia in A Minor.....Lemmens Bridal Song.....Jensen Triumphant March.....Hollins Andantino in D Flat.....Wolton Finale (7th Sonata).....Guilmont

MISS EVA MYLOTT WILL BE HEARD NEXT TUESDAY EVENING. The celebrated Australian contralto, Miss Eva Mylott, will appear at the inauguration of the new K. of C. Hall on Grande Allee next Tuesday evening, in conjunction with the Gilbert String Quartette and Mme. Fernando Parent, pianist. Sale of seats of this great artistic event is now on at Lavigne & Hutchison's St. John street store.

NEW DEPARTURE AT THE AUDITORIUM. The very latest development in moving pictures will be witnessed this week, when Mr. Aloz will introduce his new daylight pictures. At a private demonstration given by Mr. Aloz of his new system, all present were greatly delighted with the effect produced. There will no longer be any occasion for groping about in a darkened hall for a seat. Under the new lighting effect introduced by Mr. Aloz the pictures are shown with all the lights turned on, and they possess a singularly soft and pleasing effect. Another advantage possessed by the system is the easing of the eye-strain caused by viewing the pictures from the dark. Under the new arrangement there is not the same strain. Mr. Aloz is to be congratulated on his new invention and his enterprise and energy will undoubtedly be fully appreciated by the many patrons of the Auditorium.

OUR CARPET DEPARTMENT. If you require for next spring carpets, oilcloths, curtains or brocatelles take advantage of our great sale from the 7th to the 14th instant. We will keep them for you until the spring if so desired and this offer also includes rugs.

INVESTIGATION TO BE HELD INTO FIRE. The Fire Marshal's investigation into the recent fire at the establishment of Glover, Fry & Co., will be opened by Lieut. Colonel Vohl at the Court House to-morrow morning.

MISS MYLOTT AND GILBERT QUARTETT

Will Inaugurate the New K. of C. Concert Hall To-morrow Evening.

The music-loving people of this city are anxiously awaiting to-morrow night's great artistic event, and this for two reasons. First, it will be the initial public appearance of a new chamber organization, the Gilbert String Quartette, of whom so much good is being said by those who had the good fortune to hear them in private. The quartette will be assisted by Miss Eva Mylott, the world-renowned Australian contralto, and Mme. Fernando Parent, pianist.

The second reason is that this concert will serve as the public inauguration of Quebec's new temple of art, the Knights of Columbus Concert Hall, 71 Grande Allee. Without any exaggeration, this new hall, seating about 800, is one of the most (if not the most) beautiful concert halls in Canada. It will really be a pleasant surprise to the public when they see it.

SNOWSHOERS HAD A BIG PARADE

Attended Mass in Notre Dame De Lourdes Church Yesterday.

The clubs in the Quebec and Levis Snowshoe Union had a big parade through the streets yesterday morning, and afterwards attended mass in Notre Dame de Lourdes Church.

The snowshoers assembled at the Zouave Hall, among the clubs represented being the Union Commercial, Voltigeur, Etchemin, Zouave, Huron, Cercle Frontenac, Levis, Chateau Frontenac, Montcalm and Montagnais.

The snowshoers paraded through the following streets: Zouave avenue, St. John, Garden, St. Louis, Du Fort, Buade, Fabrique, St. John, Palace Hill, St. Paul, St. Joseph, St. Valier, Massue and Sauvageau. The parade was under the direction of Alderman Lockwell, captain of the Zouave club.

SANG AT ST. JEAN BAPTISTE CHURCH. At St. Jean Baptiste Church, at high mass yesterday, a solo was sung by Mr. Eugene Belleau, who rendered his own beautiful arrangement of "Jesu Redemptor."

ATTENTION, PLEASE! The attention of the police is called to parties who make a practice of depositing ashes, garbage, etc., on the sidewalks and in the yards of their neighbors in Montcalm Ward, more particularly at the corners of St. Eustache and Dauphine sts.

"THE TIME, THE PLACE AND THE GIRL." The management of the Auditorium has been fortunate in securing for two nights the appearance of the F. A. Wade Company, who will produce what has been termed the most popular musical comedy on the road this season, "The Time, the Place and the Girl." The company that will present "The Time, the Place and the Girl" at the Auditorium Jan. 20 and 21, numbers over forty people, and the production is exactly as presented for 465 performances in Chicago. A matinee at popular prices will be given Saturday. Seats are now on sale at the Auditorium box office.

INVITATION. We cordially invite the customers of Messrs. Glover, Fry & Co. to grant us their patronage, whilst the firm is recovering from the unfortunate loss it has just sustained and hoping to be able to give you all possible satisfaction. We have a first class milliner and dressmaker attached to the establishment as well as a tailor, who can compete with anybody in his line of business. A visit is solicited. Faguy, Lepinay & Frere.

EMILIANO RENAUD. In his present artistic journey through the leading cities of the United States and Canada, the Canadian virtuoso, Emiliano Renaud, receives from a leading manufacturing firm of the United States a favor which, in itself, is the indication of the esteem in which he is held in the musical world. This firm furnishes the virtuoso with a full concert grand piano, on which he plays at all his performances, and the piano and a tuner to look after it is supplied gratis, the firm appreciating evidently as a great honor that such a magnificent performer would condescend to use an instrument coming from their manufacture. When a manufacturing concern of world-wide reputation assumes such responsibility and expense it shows conclusively of what magnitude must be the talent of our distinguished countryman.

Press Opinions

Hamilton Spectator: With so much being said and written about the much-mooted municipal government by commission plan it is interesting to note what conclusions were reached by a committee of Duluth citizens, appointed to investigate and report on the system.

"1. Because it establishes the city on a business basis and under it the city is operated as any large commercial corporation would be, thus eliminating political interests of all kinds.

"2. Because it centralizes responsibility so it cannot be evaded.

"3. Because it naturally follows that greater economy will result from a purely business administration.

"4. Because it provides, or should provide, that the commissioners shall give all their time to the city's business, and that they shall be paid salaries sufficient to attract the right kind of men.

"5. Because the provisions of the referendum, initiative and recall give the citizens greater responsibilities, greater interest in public affairs, and greater incentive to participate in them.

"6. Because it abolishes the ward system by electing city officers from the whole city, makes them responsible to all parts of the city and compels them to take care of the needs of all parts of the city."

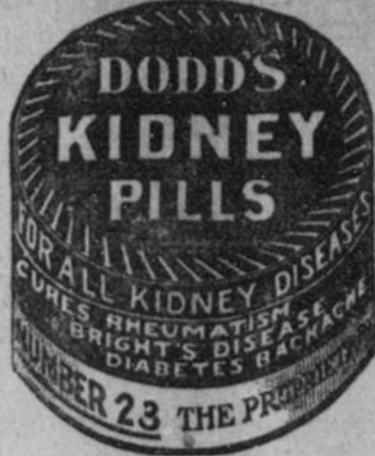

Discussing the finding of the Duluth committee, the London Advertiser questions whether commission government would be practicable for that city on account of the expense attached thereto. Its argument is that in order to get men to assume the duties of commissioners, who are qualified to satisfactorily perform them and give their whole time to the service of the city, such salaries would have to be paid as would make the system an altogether too expensive one.

PROTECT THE WAGE-EARNER.

Toronto News: Pulpwood exported from Canadian forests keeps 70 United States mills running and thousands of United States workmen profitably employed. The American manufacturers could not run long without this raw material, as their domestic sources of supply are limited.

SORE ON QUEBEC.

Ottawa Citizen: A statistician has been figuring out that according to their actual voting strength, the rest of the provinces outside Quebec should be 37 more members than they have, or equal to over 50 per cent of the Quebec phalanx.

At a meeting of the Society of Artists of Quebec, held in the committee room of the Daily Telegraph Friday afternoon (January 13), the following resolutions were passed:

At a meeting of the Society of Artists of Quebec, held in the committee room of the Daily Telegraph Friday afternoon (January 13), the following resolutions were passed: That the aims of the society shall be to stimulate the younger artists to produce more original and important works, and to procure an annual exhibition so as to further develop the taste for art in our centre.

TROOPS WILL PLAY

BIG WAR GAME.

Ottawa, Jan. 14.—To military officers here Major-General Mackenzie has given a talk on the objects of war games. Last year three war games were held in which only part of the service took part.

A WOMAN DISAPPEARS.

St. John, N. B., Jan. 15.—The strange disappearance of Mrs. Douglas Robertson, wife of a well-known storekeeper of Norton, about thirty miles from here, is arousing much interest.

Topics of the Day

THE CHARGES AGAINST TRAVERS.

The following are the sections under which charges were laid against Travers, the manager of the Farmers' Bank:

Section 386 of the Criminal Code says: "Everyone is guilty of an indictable offence, and liable to 7 years' imprisonment, who steals anything for the stealing of which no punishment is otherwise provided."

Section 470 of the Criminal Code provides that "if the value of anything stolen exceeds the sum of \$200 the offender is liable to two years' imprisonment, in addition to which he is otherwise liable for such offence."

Section 470 of the Criminal Code provides that "everyone who commits forgery of any document not otherwise specifically mentioned in the Criminal Code is guilty of an indictable offence, and liable to seven years' imprisonment if the document forged purports to be, or was intended by the offender to be, understood to be, or used as genuine."

THE LAW ON FALSE RETURNS.

Section 153 of the Bank Act, under which the charge is laid, reads: "The making of any wilfully false or deceptive statement in any account, statement, return, report or other document respecting the affairs of the bank is an indictable offence punishable, unless a greater punishment is in any case by law prescribed therefor, by imprisonment for a term not exceeding five years."

"Every president, vice president, director, auditor, manager, cashier, or other officer of the bank who (a) Prepares, signs, approves or concurs in any such account, statement, return, report or document containing such false or deceptive statement; or (b) Uses the same with intent to deceive or mislead any person, shall be held to have wilfully made such false or deceptive statement, and shall further be responsible for all damages sustained by any person in consequence thereof. 53 V., C. 31, S. 99."

THE ONTARIO BANK CASE.

In the case of the Ontario Bank, where false returns were made, both the manager and president were charged. The manager, Charles McGill, was convicted and sentenced to five years in Kingston, President G. R. R. Cookburn being acquitted.

The collapse of the Ontario Bank occurred at the time the Farmers' Bank was being organized, and when subscribers for stock in the new bank took legal proceedings to have their subscriptions cancelled, Manager Travers explained that these men were frightened away by the failure of the Ontario Bank.

SIMILAR CHARGES.

The charge against Charles McGill was: "That Charles McGill, being general manager of the Ontario Bank in 1905-06, a corporate body, did make statements and returns to the Minister of Finance and Receiver General knowing the same to be false in material particulars in the information returned, and shown under the head of current loans in Canada; the amounts there shown being in excess of the true amount to the sum of about \$1,000,000, with interest, with intent to deceive the shareholders and auditors of the bank."

CHARGE AGAINST TRAVERS.

"That the said W. R. Travers, during January and the following months of 1910, down to December of the same year, 1910, being vice president and general manager of the Farmers' Bank, one of the chartered banks of Canada, did wilfully make false statements respecting the affairs of the said bank in making returns to the Minister of Finance and the Receiver General during the said months, and particularly did falsely state in each of the said returns the amounts of railway and other bonds, debentures and stocks and bonds in Canada, and the amounts of current loans in Canada held by the said bank as part of the assets."

SEVERAL FIRE ALARMS SOUNDED YESTERDAY.

The fireman had several fire alarms to answer yesterday. Two of them were false ones, while the third was an incipient blaze in a store in St. Roch.

# CANADA AND THE UNITED STATES

Have Settled the Fisheries Dispute—No Need to Refer to The Hague.

Washington, Jan. 15.—Diplomatic negotiations have scored a victory over arbitration in the fisheries dispute between Canada, Newfoundland and the United States, a statement being issued Saturday by the State Department here disclosing the fact that a complete agreement on all details involved has been reached between Canada and the United States, and likewise sufficient adjustment of difficulties with Newfoundland has been effected to make unnecessary any recourse to the mixed commission of The Hague tribunal. The negotiations between the United States and Newfoundland will be continued, Sir Edward Morris, Premier of Newfoundland, having returned home to confer with the members of his cabinet, but enough ground already has been covered to warrant the belief that a complete settlement of disputed points soon will be effected. Sir Edward Morris' departure to Newfoundland was made possible on Thursday when negotiations reached the point where it became obvious that it would not be necessary to take the question up again with The Hague tribunal. As far as Canada and the United States are concerned, Sir Rlan Aylesworth, Minister of Justice, and Hon. L. P. Brodeur, Minister of Marine and Fisheries, the Canadian representatives in the conference, will return to Ottawa on Monday and submit the agreement that was reached Saturday to Lord Grey, the Governor General, when it will be made public. Upon ratification by him, the agreement will become effective. The details of the agreement were not divulged here, but they include the modification of certain fishing regulations as well as the continuance of other hitherto in effect. A conspicuous revelation to the representatives of both countries was the ease with which the fisheries relations could be misconstrued. Many misunderstandings were straightened out and the belief was general to-day with respect to the Canadian fisheries question that American as well as Canadian fishermen would find mutual benefit from the improved regulations. It is believed that Sir Edward Morris will return here soon to complete the negotiations with respect to the Newfoundland questions involved. Should diplomatic exchange fail to settle all the points at issue, the mixed commission at The Hague will be called upon for assistance, but the belief prevailed here that such a contingency is unlikely. The official statement announcing the conclusion of negotiations with Canada and the status of the Newfoundland proceedings follows: "The award in the fisheries arbitration directed that certain proceedings be taken by means of a special commission for purposes of giving practical effect to the principles decided as to fishing regulations. The parties have now been conferring to determine whether such proceedings cannot be avoided by reaching an agreement by diplomatic methods as to the application of the award to such regulations. Very gratifying progress had been made toward accomplishing this. An agreement was reached to-day with the Canadian representatives, and will be given out at their convenience. Negotiations with the Newfoundland Government are still proceeding.

### RECIPROcity NEGOTIATIONS.

The reciprocity negotiations between the United States and Canada will be continued next week. It is understood that fair progress is being made, though all the commissioners concerned are reluctant as to details. One of the Canadian representatives here said to-night that the reason for the delay of the negotiations was the fact that not a single item could be finally agreed upon until the proceedings were ended because of the interdependence of the duties on the articles being considered. Though one item may be tentatively settled upon, he declared, it might be taken up again before the conference was over.

# THE MURDER OF THE OLD POLISH FARMER.

Berlin, Ont., Jan. 15.—Dr. Claister, coroner, assisted by other physicians, to-day performed a post-mortem examination on the body of Franz Lobinski, the Polish farmer, who was murdered in his home near the village of Wellesley. The funeral will take place to-morrow. The inquest opened at 2 o'clock yesterday afternoon in the undertaking rooms at Wellesley, where the body was taken. The jury viewed the remains and adjourned to meet on Wednesday of this week at 2 o'clock. Provincial Detective Boyd is working on the case and was out at the scene of the tragedy to-day accompanied by High Constable Hubert. So far, however, there is absolutely no suspicion as to who killed Lobinski. The last to see him alive was Rudy Geis, a neighbor, who was talking with him two days before the tragedy.

# CITY OF QUEBEC.

### NOTICE

NOTICE IS HEREBY GIVEN that application will be made to the Parliament of Canada at the present session thereof for an Act to incorporate a railway company under the name of The Quebec and Great North Western Railway Company, with power to lay out, construct and operate a line of railway—

(1) From a point at or near Port Arthur, in the Province of Ontario, and from thence in an easterly direction to a point at or near New Liskeard, in the said Province of Ontario, thence easterly to a point to be determined between Baskatong Lake and the village or town of Maniwaki, in the Province of Quebec, and continuing easterly to a point at or near the City of Quebec;

(2) From a point on the main line about seventy-five miles west of Maniwaki northerly to connect with the National Transcontinental Railway, and southerly via the valley of the Colonge River to a point in or near the City of Ottawa;

(3) From a point at or near New Liskeard to a point on the National Transcontinental Railway east of Lake Abitibi;

(4) From a point near New Liskeard southerly to Temiskamingue Station;

(5) From a point at or near the intersection of the Missinabi River, in the Province of Ontario, with the main line of the Company to a point at or near Michipicuten on Lake Superior; with power to build other branch lines not exceeding in any one case twenty-five miles in length, also with power to construct, operate and maintain all necessary bridges, roads, ways and ferries, and to build, acquire, own and maintain wharves and docks in connection therewith, and to build, acquire, own, equip and maintain steam and other vessels and boats, and to operate same on all navigable waters, and with power to build, equip, operate and maintain telegraph and telephone lines in connection with the said railway and branches and to transmit messages for commercial purposes and to charge tolls therefor, and to generate and to sell electricity for the supply of light, heat and power, and with power to expropriate lands for the purposes of the company, and to acquire lands, money, bonuses, privileges or other aids from any government, municipal corporation or other persons or bodies, and to levy and collect tolls from all persons using and on all freight passing over such roads, ferries, wharves and vessels built or acquired by the company, and with power to connect with and make traffic or other arrangements with railway, steam boat or other companies, and to issue bonds and debentures for the aforesaid purposes, and that the said undertaking and works of the company may be declared to be for the general advantage of Canada.  
 EDWARD J. DALY,  
 Ottawa, Ontario,  
 Solicitor for Applicants.  
 Dated at Ottawa, this eleventh day of January, A.D. 1911.  
 Jan 16 1911

### THREE NEGROES LYNCHED BY A MOB IN KENTUCKY.

Shelbyville, Ky., Jan. 15.—Fifty masked men early to-day stormed the Shelby County jail, seized and lynched three negroes. Two of whom were charged with insulting white women, while the third was sentenced to hang for the murder of a negro woman. The bodies of two of the negroes, Gene Marshall and Wade Patterson, were found later, but that of the third, James West, is still unaccounted for, although he was seen in the hands of the mob with a rope about his neck. According to Ernest Hornback, deputy jailer, the mob within an hour and a quarter surrounded the jail, broke down a door and took the three negroes away, leaving fourteen others in the same cell from which the three were taken. The two bodies were found about a quarter of a mile apart. That of Marshall was hanging to a bridge over the Eminence Pike, near the jail, while that of Patterson was found in Cedar Creek. Patterson, it is said, attempted to escape from the mob and was shot. His body was thrown into the creek.

### EDUCATION OF INDIANS.

Ottawa, Jan. 15.—By an agreement reached between the Department of Indian Affairs and the four churches engaged in educational work among the Indians of Canada, the Roman Catholic Church will receive \$165,905, the Anglican Church \$61,350; Presbyterian Church, \$34,250, and the Methodist Church, \$23,500. According to the estimates submitted under the new arrangement the Government appropriates \$285,000 toward the maintenance of the boarding schools conducted under the auspices of the Methodist, Presbyterian, Anglican and Catholic churches throughout the provinces of Ontario, Manitoba, Saskatchewan, Alberta and British Columbia.

## BIG CANAL SCHEME IS NOW PROPOSED

Will Connect the Great Lakes With the St. Lawrence and the Ocean.

Ottawa, Jan. 15.—The latest canal scheme, and probably the most ambitious which has been listed for the consideration of Parliament, is that of the Great Lakes and Atlantic Canal and Power Co., a charter for which will be sought during the present session. The company asks power to construct a canal from some point on the eastern shore of Lake Huron, in the County of Huron, to the northern shore of Lake Erie, in the County of Elgin, and another canal from some point on the northeastern shore of Lake Erie, in the county of Haldimand, to the western shore of Lake Ontario, and also in the River St. Lawrence, to a point in the County of Grenville; also to construct a canal from Grenville to the City of Ottawa; to deepen a ship channel in the Ottawa River, from the Riviere des Prairies; to deepen the channel in the said Riviere des Prairies to join the St. Lawrence Ship Canal, below the Island of Montreal, or by an alternate route, from St. Anne's in the County of Jacques Cartier, through Lake St. Louis to Montreal. This would make and complete throughout the entire distance from Lake Huron to the St. Lawrence Ship Canal or the Port of Montreal, a navigable canal and ship channel of a depth of not less than 28 feet and not over 33, and of such width as may be found necessary to enable ocean-going vessels to meet and pass in safety at any point in the canals, lake or river channels.

### COMMANDER SIMS REPRIMANDED.

Washington, Jan. 15.—A general order reprimanding Commander W. S. Sims for his "last drop of blood" speech in London has been issued by Secretary of the Navy Meyer. The first copy of the order was sent to Admiral Schroeder, Commander-in-Chief of the Atlantic Fleet, to be given to Commander Sims. This action was based upon a desire of the Navy Department that Commander Sims should receive the order before it is generally published in the Navy.

### BEAVERS WORKING HAVOC IN NEW JERSEY.

Newton, N. J., Jan. 15.—The law of New Jersey which prohibits the trapping of beavers is working havoc among the residents of this vicinity, to such an extent that unless a remedy is found the meadows hereabouts will be flooded and farmers will be heavy losers. Beavers have appeared here in swarms and have filled the creek with all kinds of fallen trees and the water has spread over the meadows dangerously close to houses. Unless conditions are improved soon an appeal will be made to the authorities.

### TWO TRAINMEN WERE BADLY INJURED.

London, Ont., Jan. 15.—Two Mimico trainmen, W. Armstrong and W. R. Murray, were injured and four cabooses demolished in a wreck which occurred this morning in the local Grand Trunk Railway yards. A freight train in charge of Engineer Balfrye and Conductor Drury, of Mimico, backed into the line of cabooses, in which train crews were sleeping. Murray and Armstrong were pinned down by the wreckage and it was with difficulty that they were released. Armstrong is badly hurt. His legs are badly smashed and his face lacerated. He is suffering greatly from the shock. Murray's feet were jammed and it was necessary to amputate the toes of one foot. Two other Mimico trainmen were slightly hurt.

### RAILWAY STRIKE IN LISBON SETTLED.

Lisbon, Jan. 15.—The strike of the railroad men having ended, normal train service has been resumed. The strike of the gas house workers, however, continues, but it is expected that the strike will speedily terminate on account of the strong opposition displayed by the people generally, who fear that these inopportune strikes will prove prejudicial to republican institutions. To demonstrate their support of the ministry, several thousand workmen organized a parade this afternoon and marched past the government buildings.

The gas men are attempting to paralyze the lighting system by cutting the mains, but these are now being close guarded by the military, whose soldiers, firemen and members of the republican committees are working at the gas plants to re-establish the supply, which failed at an early hour this morning. No disorders are reported.

### MEMBER FOR DRUMMOND IN HARD LUCK.

Ottawa, Jan. 15.—If the member for Drummond-Arthabaska has not opened a notable career he has at least started an eventful one. First he got the wrong telegram and rushed home to attend the funeral of a relative who fortunately was not dead. On Saturday he and his family narrowly escaped asphyxiation from fumes from the furnace. He lives in a house owned by the Government, 113 St. Patrick street, with his wife and two children. Not understanding furnaces Mr. Gilbert got his landlord to send two plumbers down. The Public Works Department plumbers fixed up a fire and left. Saturday afternoon the family began to feel ill and Mr. Gilbert was affected. A doctor came and it was found the Government plumbers had left a flue closed, filled the place with carbon gas and very nearly caused a tragedy. The member and his family discovered the matter early enough to prevent it and they have recovered to-day.

### MINOR NOTES OF THE DOMINION.

London, Ont., Jan. 15.—Harry Slater was discovered roaming around the local market late Saturday night with his mouth badly burned by carbolic acid. A partly consumed bottle was found in his clothes. He denies that he attempted suicide. He is in the hospital, but will recover.

Blenheim, Ont., Jan. 15.—John Milens, of Raleigh Township, had one hand terribly lacerated by the knives of a root pulper yesterday and had to drive seven miles to Blenheim for attendance by a surgeon. Thirty stitches were put in, Milens refusing to have an anesthetic administered.

Windsor, Ont., Jan. 15.—J. H. Marks was convicted yesterday of misappropriating funds of the Michigan Central and confiscating a ticket valued at \$65. Marks was an operator and brakeman on the Pere Marquette, being appointed to the ticket office here and lived in St. Thomas.

Belleville, Ont., Jan. 15.—The Property Owners' Association, at largely attended meeting last night, passed a resolution asking the City Council to move for a judicial investigation of the charges of graft made against former Mayor Marsh in connection with the sale of city lots.

Kingston, Ont., Jan. 15.—The fire department officials claim that the members of the brigade have not sufficient time to enter the proposed physical culture classes for firemen and policemen at the Kingston Y. M. C. A. The police commissioners are still considering the matter.

Toronto, Jan. 15.—Following the announcement that the seasonal indemnity of the members of the Ontario Legislature is to be increased from \$1,000 to \$1,500 per session, and the messengers at the Parliament buildings are agitating for an increase in their modest emoluments. The regular messengers receive \$700 per year and the seasonal messengers \$2 per day.

Toronto, Jan. 15.—The rounding out of the Ontario Government's good roads system by having the Government share in the cost of maintenance of improved roads will be proposed at the approaching session. At present the Government pays one-third the cost of improving highways, the municipality bearing the remaining expenditure, but the proposed system would ensure the roads being kept up constantly to a high standard.

Calgary, Alb., Jan. 15.—M. Philippe Hebert, the well-known sculptor of Montreal, arrived in the city last night in connection with the erection of a memorial to the Canadian South African soldiers who fell during the late Boer War. The monument will be erected by popular subscription. It will be an equestrian statue of the Western volunteers, with the names of the Alberta men killed and the engagements in which they took part inscribed on the pedestal.

Montreal, Jan. 15.—Thomas Robb, one of the Canadian delegates who went to Washington to protest against the proposed damming of the St. Lawrence, returned to Montreal to-day. Mr. Robb says the delegation was given a patient and careful hearing by the Harbors and Rivers Committee of Congress and he is of the opinion that, as a result, if the United States Government permits any damming of the river, the whole thing will be done under the control of an international board.

Toronto, Jan. 15.—An echo of the famous McCormack-Fraser-Robertson case was heard at Osgoode Hall to-day, when Justice Britton gave his decision on the question of costs in the action which Miss McCormack sought to have her uncle, Michael Fraser, an aged farmer, living near Midland, declared insane, and incapable of disposing of his estate, and also sought to have annulled his marriage to Miss Robertson, the daughter of a retired minister. Justice Britton on Saturday decided that Fraser should not be called upon to pay the costs incurred by the plaintiff in her two appeals, her application under the Lunacy Act and the medical examination of the bedchamber.

## FISHERMEN OF NEWFOUNDLAND

Taking Advantage of the Rule Allowing Them to Sell Frozen Herrings to Americans.

St. John's, Nfld., Jan. 15.—The loading at Placentia and Fortune Bay of two Newfoundland schooners with herring for the market and the announcement that more vessels may undertake the business this week following the recent action of the Colonial Cabinet in refusing Americans permission to purchase herring in the southern bays, where no treaty rights obtain, has brought sharply to notice an unusual situation in the colonial fisheries. The west, or "treaty" coast, has fallen the Gloucester fishermen this season for the first time in years, and the fisheries there, just closed, are a failure. The southern bays on the other hand, have teemed with fish for months, but the natives there have been unable, under the Newfoundland regulations, to dispose of the fish to American vessels. Thus more than half a hundred Gloucester fishing vessels, all carrying large crews, have had a disastrous season on the west coast, several being forced to return home in ballast, owing to a lack of cargo. The present decision to have specially chartered Newfoundland vessels engage in the American herring trade out of the southern bays has opened a solution of the matter for the natives of the "non-treaty" coast. Only four Gloucester vessels secured cargoes on their second trip. Remaining later than usual on the west coast in the hope of securing part of their usual cargo, some of the fishermen were unable to freeze their partial catch owing to the warm weather, until a cold spell set in last week and formed ice in the bays. They had to scamp to the open water to avoid being frozen in, and most of them headed for home. One was caught in the ice and is now frozen tight in Bonne Bay. There she will be forced to stay all winter. The Essex is the first vessel to be caught in the ice since 1903, when ten Gloucester schooners were held fast on the west coast for several months.

### WHO WILL BE NEXT GOVERNOR-GENERAL?

Ottawa, Jan. 14.—There is no foundation for the story sent out from Ottawa to the effect that official information has been received that the Duke of Connaught is to come to Canada as Governor-General. It was based upon a personal letter received by Col. H. R. Smith, Sergeant-at-Arms of the House of Commons, from a friend of his in London, expressing his strong belief that the Duke will come and that Major Lowther will be his military secretary. Neither at Government House nor by the Government have advices been received. It is stated that whenever the appointment is determined upon the announcement will be made by the British Government, following which official notification will be sent out in despatches by the Colonial Office. There are alternating stories that the Duke is coming and that he is not coming, but absolutely nothing is known definitely in the matter. It is believed, however, that the British Government will not defer its decision much longer.

### ILL-HEALTH CAUSED HIM TO COMMIT SUICIDE.

Ottawa, Jan. 15.—Thos. Walker, a cabman aged 45 years, formerly in the employ of Hinton's livery, Albert street, committed suicide early this morning at the Cambridge restaurant, corner Bank and Queen streets, by cutting his throat with a razor. Despondency brought on by ill-health and a hard course of drinking and unemployment are held to be the cause of the man's rash act. Walker has resided in Ottawa for several years and was a native of Yorkshire, Eng.

**WANTED**

By the Traveller's Life Assurance Company of Canada, a MANAGER for the City of Quebec and District. Will pay salary, commission and expenses. Must be a man able to produce a first-class business. References required, and all communications strictly confidential.

It will be the first of the kind made in Quebec and we expect a great success from our great reductions. Keep your eye on this paper and watch the coming event which will be presented by

**MYRAND & POULIOT**

**THE COMMISSION OF CONSERVATION**

An Important Gathering Is to Be Held Here on Tuesday.

The second annual meeting of the Commission of Conservation will be held at Quebec on Tuesday. The morning session on Tuesday will be held in the Chateau Frontenac and will be devoted to the transaction of business.

At 8 o'clock on Tuesday evening an open meeting of the Commission will be held in the Legislative Council at which two addresses of great public interest will be delivered. Mr. C. C. James, Deputy Minister of Agriculture for Ontario, will speak on "What Ontario is Doing for the Improvement of Agriculture," while Dr. C. A. Hodgetts will give a lecture, profusely illustrated by lantern slides, on "Unsanitary Housing." Dr. Hodgetts will also outline the work that the public health committee of the Conservation Commission is doing.

Mr. James' work in endeavoring to improve agriculture in his province has attracted much attention both in Canada and in the United States. The great problem in Canada is that of the indifferent farmer—the man who is satisfied with the old methods and opposes the introduction of new and improved ones. To arouse him and to educate him is the task that the enthusiastic agriculturist has to face and the difficulties encountered frequently make the task seem a hopeless one. In the last few years Mr. James has been most successful in this work. On Tuesday evening he will tell of the methods he has adopted and show what results have been accomplished.

Dr. Hodgetts is public health advisor to the Commission and prior to his present appointment was Deputy Registrar General and Chief Health Officer of Ontario. He has a magnificent collection of lantern slides. These show the existence of slums in some of our Canadian cities and should awaken public sentiment to the danger of permitting the growth of conditions that we are prone to think are confined only to great centres of population like London and New York.

The meeting on Tuesday evening in the Legislative Council chamber will be an open one, to which the general public will be admitted.

**QUEBEC STEAMSHIP COMPANY.**  
Steamer Bermudian sailed from Bermuda for New York at 11 a.m. last Saturday.

**GREAT HISTORICAL PLAY AT THE NATIONAL THEATRE THIS WEEK.**

The present week at our French playhouse promises to be one of the greatest successes of the theatrical season. The management is offering for the first time in this city "Montcalm," a great historical drama by Mr. Louis Guyon. The production of this play will cost a lot of money, for it necessitates special scenery, rich costumes and a large figuration. The direction, anyhow, have spared nothing to make the production as near perfection as possible, and local lovers of good theatricals may be assured that they have a rare treat in store for this week at the National.

The first performance of "Montcalm" will take place this evening, when no doubt there will be a crowded house in attendance. Seats are now on sale for any performance during the week.

**PHARMACEUTICAL ASSOCIATION.**

The Preliminary Board of Examiners held their quarterly examination in Montreal and Quebec on the 5th instant, when 22 candidates presented themselves. The following names, by order of merit, are those that have passed—namely: J. F. Lachaine, P. Gadbois, A. Weinfeld, A. de Bellefeuille, Ernest St. Jacques, A. Bourgeois, R. Filion, Max Schachter and Felix Berlin. The following passed on all subjects but one and will have to present themselves at the next examination for that subject: Jos. A. Lagarde, Raoul Brunelle and H. Gougeon. The examiners were: Prof. J. O. Casgrain, of Jacques Cartier Normal School and Prof. Isaac Gammell, of the High School, with Messrs. Alf. J. Laurence as general supervisor and Victor Giroux supervisor for Quebec and vicinity. The next examination will take place April 6, 1911.

**MIRACULOUS RESULTS IN DUNVEGAN, C.B.**

**GIN PILLS Brought Relief**  
"I suffered untold misery even when under treatment from the best doctors for over ten months, and nothing seemed to do me any good or relieve my painful condition. My trouble was Inflammation of Kidneys and Bladder.  
I finally determined to go to the Victoria Hospital, Halifax, for treatment.  
Two days, however, before my intended departure, a neighbor called and happening to have a GIN PILL in his pocket, insisted on my taking it. I did so and six hours after taking it, the results and benefits I derived were simply nothing more or less than miraculous. Instead of going to the hospital, I sent for a box of GIN PILLS with the result that I am a cured man. I recommend GIN PILLS to everyone suffering from Kidney Trouble."  
LEWIS MACPHERSON.

Take GIN PILLS on our positive guarantee that they will cure you or money promptly refunded. 50c. a box—6 for \$2.50—sent on receipt of price if your dealer does not handle GIN PILLS. Sample box free if you write us. National Drug and Chemical Co., Dept. Q.C., Toronto.

**BACKACHE MEANS KIDNEY TROUBLE**

A Few Doses Regulate the Kidneys, Ending All Backache, Bladder or Urinary Misery.

No reader of this paper, whether man or woman, need be miserable because of backache or kidney or bladder disorders. The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Gravel, Diabetes or Bright's disease.

Pape's Diuretic acts at once upon the kidneys, bladder and entire urinary system, cleanses, heals and regulates these organs, ducts and glands and completes the cure within a few days. The moment you suspect any kidney or urinary derangement, or feel a constant, dull backache or notice that the urine is thick, cloudy, offensive or full of sediment, in season of passage or attended by a sensation of scalding, you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Misery in the back, sides or loins, sick headache, inflamed or puffy eyelids, nervousness, Prostatic trouble, rheumatism and darting pains, heart palpitations, bilious stomach, dizziness, sleeplessness, listless, weak, worn-out feeling and other symptoms caused by inactive, sluggish kidneys simply vanish. Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape, of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

**GREAT WINTER SALE.**

The great winter clearing sale of dry goods starts to-day at Simon & Mingy's. At this sale, which is now so popular with the public, the entire stock is greatly reduced in price, and now is the time to get great value for your money. See the advertisement in this paper.

**COURT OF SESSIONS.**

A man named Bouliane appeared in the Court of Sessions on Saturday charged with defrauding the electric light company by interfering with the wires. When called on to plead he replied "not guilty," but his wife, who was with him, when called on pleaded guilty. On paying the costs of the case, the pair were allowed to go on suspended sentence.

A man pleaded guilty to evading the toll-gate charged on Beapour road and was fined \$2 and costs.

**DEATH OF MR. T. J. MOLONY.**

The friends of Mr. T. J. Molony, advocate, will deeply regret to learn of his death, which occurred on Saturday last after an illness of some six weeks' duration. Deceased was born in Kingston, Ont., and educated in Regiopolis College and the Quebec Seminary. He entered the service of the Quebec Government in the Provincial Secretary's Department very shortly after Confederation. At the same time he studied law with the late M. A. Hearn, K.C., and at Laval University, and was admitted to the Quebec Bar before which he practised for some years. During this period, he was elected as one of the representatives of Montcalm Ward in the City Council and served part of two terms in that body. He also took an active part in the temperance and national movements connected with the St. Patrick's congregation of Quebec, filling for some years the position of president of the St. Patrick's Temperance Society, and identifying himself with the Irish national cause in many prominent ways. Some two years ago he retired from the Government service and resumed the practice of his profession. He also wrote occasionally for the local press. He had a wide circle of friends among all classes and elements of the community. By his marriage with the late Miss Isabella Jordan, he leaves three grown-up children, a son and two daughters, to mourn their loss.

**NOT A SERIOUS ACCIDENT IN FOOTBALL.**

Toronto, Ont., Jan. 14.—The annual meeting of the Canadian Rugby Union was held to-day. The only notices of motion to reach Secretary Jack Davidson, general manager of the M. A. A. A., within the prescribed ten day limit are two from the Inter-collegiate Union and one from the Ontario. The most important is the move to change the scoring of a try to three points, without privilege of converting when the try results from a fumble. The old 5-and-1 system would then be reserved for a try scored by carrying the ball over an opponent's goal line.

There were no serious injuries received by any player during the season, and this is largely due to the efficiency of the rules of the game.

**INCREASED PAY OF TROOPS.**

Paris, Jan. 15.—Advices from Madrid, Spain, five miles from the Portuguese frontier, say that the Portuguese government has acceded to the demands of the garrison at Elvas, which mutinied recently and demanded increased pay. It is reported that the authorities of Campo-Maior, nine miles northeast of Elvas, urgently requested the Lisbon government to despatch two battalions of troops to that place. No reason for this request is known, and the government refused on the ground that troops could not be spared at the present time.

**SLIGHT EARTHQUAKE SHOCKS**

St. Petersburg, Jan. 15.—Despatches received here from Tachnic, Russian Turkestan, said that further earth shocks have been felt at Vyerny, capital of Semiryetchensk. These, however, have been slight. The intense cold continues and there is great suffering in the district.

**DEADLY WORK OF THE BUBONIC PLAGUE**

Only 1 Per Cent of Victims Recover—Heroic Death of a French Doctor.

Peking, Jan. 15.—Reports from Harbin say that the Chinese there are vigorously opposing the summary disposition of the bodies of those who have died from the bubonic plague. The authorities do not dare to burn them, the people desiring that they remain intact so that their ancestors may recognize them in the future life. Some of the corpses have remained in the city for days, but they are now being taken to the open country where trenches for their interment have been prepared. It is reported that the Russians in Harbin are not concerning themselves with the Chinese section, although they are dealt drastically with the Chinese within the Russian city. The Chinese newspapers are raising an outcry and bringing forward serious charges of persecution and burial alive. Members of the legations are suggesting a censorship of the press. The plague is of a virulent type. Death usually occurs within forty-eight hours and not more than one per cent of the cases have ended in recovery. Dr. G. E. Mesny, a French physician, who gave himself up to the work of combating the disease, died heroically. When he realized that he was attacked by the plague he isolated himself in his room in a hotel, drafted his will and wrote farewell letters. He begged his friends not to notify his wife of his illness, and died alone. Already the doctors recognize the hopelessness of attending those stricken, and they are devoting their energies to fighting the spread of the contamination. It is feared that some of the Manchurian villages have been entirely wiped out. The intensity of the cold weather has caused the people to remain in doors, thus fostering infection. The danger of the plague getting a foothold in Peking is considered slight, as train service to and from the infected districts has been stopped. A woman doctor has gone from here to Harbin as well as several others. The doctors have been inoculated and are equipped with special masks. The Government is insuring each foreign volunteer for \$20,000.

**Correspondence.**

Quebec, January 15, 1911.  
To the Editor of the Chronicle:  
Dear Sir,—About nine o'clock on Saturday evening I was astonished to see a race take place between a carter and another man. They were trying their horses and for this purpose they chose Mountain Hill. Mountain Hill is bad enough for a horse to come up at any time, but such a test as this is positive cruelty.  
Yours truly,  
Humanity.

**PERSONAL**

Dr. J. F. Paullmer has returned to town after a few weeks holiday and is recommencing his dentistry duties.  
Mr. F. A. Gendron, M.P.P. for Ottawa, and Miss B. Gendron have taken their rooms at the Clarendon for the time of the session.

Latest arrivals at the Clarendon: C. A. Sney, Z. O. Tomarneau, Eug. Durocher, M. P. King, C. Bird, P. Morency, Henri E. Morris, A. G. McDonald and wife, Montreal; E. W. Allen, A. D. Deherty, Ottawa; D. A. Galarneau, Sayabec; M. J. Wilson and wife, New York; A. D. Ritchie, Mabert.

**MAILS TO NEW ZEALAND.**

Melbourne, Australia, Jan. 15.—Sir Wilfrid Laurier has cabled Premier Fisher of Australia regretting that the Commonwealth has declined to renew the Vancouver and Australia mail service, with calls at Auckland and Sydney. Canada has decided therefore to enter into a contract with the Union Steamship Company of New Zealand, of which Sir James Milles is chairman, for a five years' service between Canada and New Zealand.

**THE ENORMOUS TRADE OF THE UNITED STATES.**

Washington, Jan. 15.—With the enormous total of almost \$3,500,000,000, the total value of the foreign trade of the United States during the year which ended December 31, 1910, was greater than that of any year before, and left a balance in favor of the country of more than \$300,000,000. They exceeded the former high record of 1907 by about \$80,000,000. Imports from abroad amounted to \$1,562,907,622, compared with \$1,475,520,724 in 1909; \$1,116,374,087 in 1908 and \$1,423,169,820 in 1907. The imports during the year were larger than in any year except those of 1907, the total being \$1,864,411,270, compared with \$1,728,198,645 in 1909 and \$1,912,426,892 in 1906.

**THE LATE MR. H. D. ANNABLE.**

Ottawa, Ont., Jan. 15.—The funeral of the late H. D. Annable, export freight agent of the Canadian Pacific Railway at New York, took place Saturday. Canon Kittson conducted the services at Christ Church Cathedral and interment took place at Beechwood Cemetery. Many of the company's officials attended and the floral offerings were numerous.

**Treatment of Skin Troubles.**

Only those who have suffered from eczema, tetter, ringworm or other severe humor of the skin or scalp, can begin to realize the suffering which they cause—mental because of disfigurement, physical because of incessant itching and burning. To this the repeated failure of other remedies and even the most skilful and expensive treatment soon adds the fear that a cure is impossible. Such sufferers, therefore, may well find it incredible that the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment can bring instant relief in the most distressing cases, from infancy to age, and that a single set of the

**Cuticura Remedies**

is often sufficient for the treatment of skin diseases which have resisted all other methods. Yet that such is the case is shown by hundreds of unquestioned testimonials and a record of over thirty years of success throughout the world.
