(Associated Press Despatch)

IT IS STATED D'ANNUNZIO MAY GO TO IRELAND

(Associated Press Despatch)

ROME, Dec. 31.—The Giornale d'Italia reports that D'Annunzio has left Fiume in an airplane, going first to Venice and later to Paris.

D'Annunzio's destination is unknown, but the speculation includes Ireland, for which he has always expressed sympathy.

The airplane has been flying over Fiume territory and in the district between Zara and Trieste, scattering papers declaring that Italy is unworthy the sacrifice of D'Annunzio's life in her behalf.

ALL TERMS LAID DOWN BY GENERAL CAVIGLIA ACCEPTED

(Associated Press Despatch)

ROME, Dec. 31.—General Cavaglia, in the terms which he laid down to the Fiumean delegation at Abbazia, stipulated that Gabriele D'Annunzio leave Fiume after releasing his legionaries from their oath. Immediate abandonment by the legionaries of the islands of Arbe and Veglia was another stipulation.

All terms laid down to the Fiumean delegates at Abbazia by General Cavaglia have been accepted. These terms included the release of legionaries from their oath of allegiance to the "Regency of Quarnero," abandonment of the islands of Arbe and Veglia, in the Gulf of Quarnero, restoration of all prisoners made by the legionaries, and the surrender of all arms and munitions appropriated from the Italian army, and that all legionaries not natives of Fiume should leave within five days. Although all essentials have been arranged for by the Fiumean delegates, the conference between them and General Ferrara continued all day yesterday.

General Cavaglia stayed at Abbazia throughout the day, but did not deal directly with the delegates. The discussion, according to information received today from officers appeared to centre on what would become of the D'Annunzio legionaries, the delegates asking that they be allowed to stay in Fiume and become a special charge of the city.

D'Annunzio's son, Gabriellino, arrived at Abbazia, but was refused permission to proceed to Fiume to see his father.

Several bombs were thrown into positions held by regular soldiers in Fiume Wednesday night.

(Associated Press Despatch)

PARIS, Dec. 31.—In the Chamber of Deputies yesterday during a debate on Algeria, Deputy Andre Berthou said he regretted that the nations had not rallied to the doctrine of President Wilson.

"He ought to have commenced by regulating the question of the 'Blacks' in the United States," interjected Deputy Molinie. "There is no such question among us."

Mr. Berthou, in reply, said: "There is also in the United States a certain imperialism. I was pained during the war at seeing United States officers refuse to salute Black officers who were fighting in the same cause for civilization and justice."

1921 OUTLOOK NOT PAINTED IN BRIGHT COLORS

"Unemployment and Ireland" Are Two Outstanding Home Problems Facing Britain.

(Associated Press Despatch)

LONDON, Dec. 31.—Britain's outlook for 1921 is pictured in rather sombre colors by the politicians, economists, financiers and labor leaders, who are casting their eyes forward to the New Year. MUNICIPAL ELECTIONS IN SHERBROOKE

Some Gossip with Regard to the Vacancies—Names Being Considered.

Though the municipal elections are some time distant, there is already some discussion with regard to the matter.

In the North Ward, Mr. A. C. Skinner retires. It is assumed that he will be returned. In the case of Alderman J. P. Wells, his professional duties calling him from the city very frequently has made it impossible for him to attend the sessions of the Council regularly. It is said Alderman Wells may seek to retire on this account.

In the Centre Ward, the term of Alderman A. J. Genest has expired. It is reported that Mr. Genest will decline re-election. Should this report prove correct, it is said the names of Messrs. J. W. Gregoire and C. Picard are likely to figure among "those mentioned" for the vacancy.

Alderman Fortier has resigned in the East Ward. There does not appear at present to have been any definite move for his successor. Names which are being mentioned include Alfred Gendron, Ex-Mayor F. H. Hebert, M. R. O'Donnell, Dr. J. E. Noel, etc.

There is no vacancy in the mayoralty this year, this office being filled for two-year terms.

PUBLIC MEETING RE WEEDON DAM FOR MONDAY

Engineers to Explain Why Estimates Are Short \$100,000.

The following recommendation, submitted by the Electricity and Gas Committee, in connection with the Weedon Dam expenditures, provides an exceptional opportunity for the public to avail itself of full details relative to this big engineering undertaking:

"Whereas it appears by the statements submitted to the committee that the cost of the Weedon dam and station will exceed the estimates made by Engineer Desballets, \$238,000, by a considerable amount; and whereas it is necessary for the Council to borrow the additional sum required by means of a by-law providing for the issue of municipal bonds, which by-law shall have to be approved by the ratepayers; and whereas the secretary-treasurer be requested to call a meeting of the engineers, Desballets, Crepeau, Pawson, Tremblay and the Electricity and Gas Committee, for Monday, the 3rd of January next (1921)."

The City has received an acknowledgment from Mr. Desballets, former City Engineer, and that gentleman will be here Monday to explain why the estimates have been exceeded by such a substantial amount. The meeting is called for 3.30 p.m., at the City Hall Chambers, and the public is invited to attend.

TOMORROW BEING NEW YEAR'S DAY, THERE WILL BE NO ISSUE OF THE DAILY RECORD.

"Tanlac Will Always Get a Good Word from Me," Declares Hamilton Man.

"Before I was half through my first bottle of Tanlac I began to straighten right up," declared Robert Davis, of 22 McCauley Street, Hamilton, Ont., a valued employee of the Wood-Alexander hardware store.

"For about six months before taking Tanlac I had been in a badly run-down condition. At times I had no appetite at all, and then sometimes I could eat heartily but suffered terribly afterwards from indigestion, I was nervous and restless, never slept well and many a night I rolled and tossed nearly all night long and in the morning felt so stiff in my joints it was some time before I felt like moving at all.

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. Dubergier, and in Lennoxville by W. J. F. McKindsay, under the personal direction of a special Tanlac representative. (Adv.)

WELL KNOWN E. T. FARMER PASSED AWAY.

An old and respected resident of the outlying farming districts of Lennoxville, in the person of Mr. John G. Smiley, passed into rest yesterday at his home, after a long illness.

The late Mr. Smiley was the son of Mr. and Mrs. Samuel Smiley, old Eastern Townships settlers, and with his family had resided on the home place, which is near the Experimental Farm, for about forty years.

The funeral will be held on Sunday afternoon from his late home to the Lennoxville Methodist Church.

BISHOP RECEIVES CONGRATULATORY LETTER

Mgr. Paul LaRoque, Bishop of the Roman Catholic Diocese of Sherbrooke, has received from Cardinal Gasparri, Secretary of State at the Vatican, Rome, the following congratulatory letter, in connection with the recent celebration of Bishop LaRoque's jubilee:—

To His Lordship Mgr. Paul LaRoque, Bishop of Sherbrooke, Monseigneur:—

It has been my very pleasant duty to present to the Holy Father—at the same time as your letter—the beautiful volume which has been printed to perpetuate the memory of your jubilee. I am rejoiced to add that this book will ever remain the faithful though inadequate record of a long day's work well and nobly done as the spiritual head of your diocese, for the welfare of souls and the edifying of the Church.

In thanking you most heartily for your considerate thought, His Holiness bestows upon all his heart, his Apostolic blessing upon you, Monseigneur, your beloved Auxiliary, the clergy and the faithful of your entire diocese, and renews to Your Lordship his fatherly wishes for your prosperity.

I am particularly happy to be able to add my personal thanks for the copy which Your Lordship was good enough to send me, and I take eager advantage of the opportunity which is here offered me to reiterate, Monseigneur, the assurances of my esteem.

CARDINAL GASPARRI.

NEW YEAR'S DAY

Tomorrow, New Year's Day, marks an important epoch in the life of every human being, considered as the inexorable passing of time, but strangely enough is always an occasion of rejoicing. In France and in French Canada, where many of the old customs and traditions survive, New Year's Day is a purely social festival, as Christmas is a religious holiday. The day is anticipated, prepared for and sacredly observed; children come home; scattered families are reunited; there are meetings and greetings of long parted friends, and the note of the day is one of joy and happiness. In the remotest parts of Canada, still untouched by modern ideas, the paternal blessing is bestowed upon the children, old or young, and later the New Year's gifts are exchanged and examined with lively satisfaction. Then follow drives, visits to friends, an abundant dinner, when the table groans with plenty, and the evening is spent in social enjoyment, games, music and dancing. At this period of the year the mails carry thousands of New Year's remembrances in the form of visiting cards enclosed in tiny envelopes, little missives which recall absent ones to memory and are quite as effective and far less troublesome and expensive than the popular picture postcards.

Social and Personal

TOMORROW BEING NEW YEAR'S DAY, THERE WILL BE NO ISSUE OF THE DAILY RECORD.

Lieut. Morris Drury, R.C.D., was in town from St. Johns, Que., for the Military Ball.

Mr. G. E. Borlase and elder children spent the Christmas holiday in Montreal with friends.

Mr. Gordon Nelson Edwards left today for Montreal to join Mrs. Edwards for the New Year holiday.

Miss Cohoon, Queen Street, left today for Richmond, to spend a few weeks with her sister and other relatives.

Mrs. Douglas Odell and Master Boyd Odell spent Christmas in Montreal with Mrs. Odell's mother, Mrs. Boyd.

Mr. E. W. Sears underwent an operation for appendicitis yesterday, and is doing as well as can be expected.

Miss Agnes Edwards, Dufferin Avenue, left today for Montreal, to attend the Laughed-Barwick wedding.

Mr. and Mrs. L. B. McGovern, of Boston, and Mr. and Mrs. W. E. McGovern, Burlington, Vt., are holiday guests of Mr. and Mrs. Ray Beckett, Quebec Street.

Miss Gertrude Wiggert, from Three Rivers, spent the Christmas season at her home in the city, the guest of her brother, Mr. E. G. Wiggert, and the Misses Wiggert, Queen Street.

Miss Vera Hale left last night for New York, and thence to Philadelphia, Pa., where she will spend a few days, and later will accompany her friend, Miss Clarke, to Altapass, N. C., to take up hospital work.

Mrs. A. W. Reid and little daughter, Olga, of Montreal, have joined Mr. Reid in town and are guests of Mr. and Mrs. S. G. Lehurst, Short Street, for the present. Mr. Reid and family will take up their residence on Queen Street after the holidays.

Mr. and Mrs. L. A. Poulin were the guests of Mr. and Mrs. F. L. Bean, Montclair Street, for the holiday. Mr. Poulin, who returned to Montreal after the holiday, being recalled to the city by the death of his father, Mr. Louis Poulin, Laurier Avenue.

Brig.-Gen. Armstrong, C.B., C.M.G., G.O.C., M.D. No. 4, and Mrs. Armstrong, who were in town from Montreal, to attend the Military Ball, were the guests during their stay of Col. Worthington, C.M.G., and Mrs. Worthington, Montreal Street.

Lieut.-Col. J. J. Penhale, Postmaster, was presented on Christmas Eve, by Mr. E. J. Desruisseau, Senior Postal Clerk, on behalf of the staff, with a pretty gift, which the speaker said, though not of great intrinsic value, was an evidence of the good will, and esteem of the donors. Col. Penhale replied in his most genial and kindly manner, referring to the excellent work carried on in the office, and the sense of duty which actuated every member of the staff. Thanking all warmly for their remembrance at the Christmas season. Presentations were also made to Mrs. C. A. White, who is retiring from the office, after some twenty-eight years of service. Miss Ida Sultor and Miss Jean Abbott, who have recently resigned the positions which they have occupied for several years. The Postmaster speaking for a staff and himself, said that all that some recognition was due to those who were leaving, especially in view of the pleasant and kindly relations which had existed between them and their fellow workers, and the regret felt at their departure. The recipients acknowledged the handsome souvenirs suitably, thanking their friends cordially for their kind thought, and its tangible expression.

The great social event of the season, the Military Ball, was held last night in the Sherbrooke Regiment's Armory, with a success that was without precedent in the annals of such functions. At the lowest computation, five hundred persons were present, including guests from Sherbrooke, Montreal, Lennoxville, Coaticook, Windsor Mills, Brimptonville

and other adjacent places. The immense hall was tastefully decorated with many fir trees sprinkled with snow, quantities of flags and bunting, draped in graceful folds, with piano lamps shaded in dainty colors, and long lines of tinted electric lights reflected in the polished floor, the entire scene being indescribably brilliant. The musicians' stand was screened with flags and evergreens, and the seats for the patronesses arranged with rugs, easy chairs and flower-pots, and surmounted by the crossed flags of the Allies, while cosy "sitting-out" places were to be found here and there. The guests were received by Mrs. Worthington, who wore white silk with tulle lace overdress, and corsage bouquet of roses and violets. Mrs. Armstrong, wife of General Armstrong, of Montreal, in a gown of black satin with diamonds; Mrs. Francis, in old rose satin with red trimming; Mrs. R. N. Robins, wearing black taffeta with silver lace garniture and roses; Mrs. W. S. Fry, black net, with sequins; Mrs. Sampson, navy blue Georgette over silk and corsage bouquet of pink carnations, and Mrs. Alfred Avery in black satin trimmed with bands of fur. After a Grand March, led by Colonel Worthington and Mrs. Armstrong, the picturesque procession winding in intricate figures through the hall, and finally resolving into a "fox-trot," dancing was kept up until the early morning hours, with infinite spirit and unalloyed enjoyment. The pretty programmes called for twenty dances and "extras," and up-to-date music was furnished by LeBaron's orchestra. Punch was served all the evening, and a delicious buffet supper, ices, etc., towards midnight. Among those present from Montreal were the G.O.C., M.D. No. 4, Brigadier-General Armstrong, C.B., C.M.G.; Lieutenant-Colonel Thackeray, M.C., and Lieutenant Tisdell, of the staff. The evening closed with three cheers for the King, and "Auld Lang Syne," also the National Anthem. In short, it goes without saying that the close of the year 1920 will be long remembered in Sherbrooke. The Ladies' Auxiliary of the Great War Veterans, under the presidency of Mrs. Worthington, and Mrs. Lougheed, convener of the entertainment committee, are entitled to an appreciative vote of thanks in recognition of their untiring efforts in connection with the catering and other business concerning the event.

PRACTICAL CHRISTMAS GREETINGS.

In making a resume of the events of Christmas week, it sometimes transpires that in the excitement of the holiday season some of the most interesting have forgotten to "tell the world" of pleasant surprises and generous thoughts, many of which have been expressed in unique ways. Santa Claus is usually portrayed as driving about the country with a pair of reindeers, but a little innovation or competition was shown on Christmas morning when Mr. Chas. Herring, of the "Fair View" dairy farm, Lennoxville, drove his team of horses from door to door, distributing milk—any amount needed—to his customers, free of charge.

The "milk shower," though given as a surprise, and without the frills of a society affair, was fully appreciated by the recipients, and the friendly spirit in which the presentations were made added to the attractions of the modern Christmas morning greeting.

Someone said "All good ideas should be recorded for future use," and it goes without saying that Mr. Herring's practical Christmas greeting may well be recorded as a good example for all milkmen to follow.

Another friendly greeting was given by a Sherbrooke baker, who added a loaf of raisin bread to his "Merry Christmas" during his rounds of the city on the day before Christmas.

These little acts are evidence of true Canadian generosity which keeps the great festival of Christmas what it was always intended to be—a season when "it is more blessed to give than to receive."

SPORT PROGRAM FOR NEW YEAR VERY HEAVY

Curlers, Snowshoers and Skiers Have Interesting Programs for the Holidays.

A slight drop in temperature is very welcome to the curling, skiing and snowshoe enthusiasts who have arranged outings for the New Year. There is sufficient snow to meet all requirements, and a real jolly weekend is anticipated. The only sporting element not feeling particularly exuberant are the lovers of skating, who have been compelled to relinquish their favorite pastime through the force of extenuating circumstances.

The Sherbrooke Snowshoe Club is holding the president's annual reception tomorrow afternoon, the curling Club will receive a visit from the Lennoxville rinks, incidentally serving a buffet lunch, and the Sherbrooke Ski Club intends holding its first meeting at Brault's farm (old Ross farm.)

UNITED STATES TENNIS TEAM COPS HONORS

Tilden and Johnston Wrest the Davis Cup from the Australian Team.

ISLAND POND DEFEATED BY NARROW MARGIN

Game Stubbornly Contested—Weight of Local Team Gave Them Advantage.

AUCKLAND, N.Z., Dec. 31.—Australia lost her tennis laurels here this afternoon to the challengers from the United States. The Davis Cup, the trophy emblematic of the world's tennis championship, changed hands when the last ball in the tenth game of the fourth set was driven out of the court.

An unusually interesting basketball game was played at the Y.M.C.A. between the boys from Island Pond and the locals. The game was stubbornly contested throughout, but the superior weight of the locals told in the long run, and the visitors retired defeated, but not disgraced. The Island Pond lads made up for the lack of size by their accuracy in shooting, and were very unfortunate in not sharing the honors, particularly as they were constantly in the lead until the final period. The closing score of 28 points to 22 in favor of the Y.M.C.A. clearly denotes the closely contested nature of the game, which was witnessed by an appreciative audience.

BOWLING

The first game of "two men team" for the Matherin Cup was played last night at the New Bowling Alleys, before a large attendance. The game was an exceedingly close one and the deciding string was won by merely two points. The "Challengers" took the first game by a comfortable margin and the "Holders" reciprocated covering the second string. The final string was a ding-dong game all the way through and the final result was in doubt until the last ball had been rolled. The scores were as follows:

HOLDERS	
Teel	183 175 183 166 182—889
Conway	122 167 166 137 163—755

HOW TO RAISE REVENUE.

The problem of raising revenue is one of the most difficult that confronts governments today. The requirements are so great that ordinary and even extraordinary methods no longer suffice.

The Ottawa Citizen advocates the taxation of land values. After pointing out that the tariff and other forms of raising revenue are proving inadequate, the Citizen continues:

"Taxation of land values is a moderate fiscal policy. It is not advocated for the purpose of violently overturning anything in Canada. It is founded on a political viewpoint just the opposite of state socialism. It is calculated to advance what Mr. Meighen might call the 'emerging influence of individual endeavor.' It would add no tax burden to business, income, or industry. But would tend to relieve manufacturers, farmers, merchants, wage-earners and consumers from some of their present tax burdens. It is, at least, sincerely advocated by many people who believe the community would thus benefit."

"The finance minister will ponder long before finding any other new tax that would, at once, mobilize an alert group of public opinion behind him in every constituency in Canada. Other taxes may be accepted under protest or with resignation by the public. Taxation of land values would recruit enthusiastic supporters to the finance minister who introduced it—as it did to Mr. Lloyd George in British electioneering times before the war."

"The scheme about leaving land values to the provinces should be no more valid in Canada than in Australia. The federal authorities in Australia are able to collect a substantial amount, annually, from the unimproved value of land. The Australian finance minister is not deterred from taxing land values, because it is also the source of revenue for states and municipalities. "Virtually the whole of the municipal revenue of the city of Sydney, the capital of New South Wales, is raised by taxation of land values. The state of New South Wales also collects revenue by the same method. This does not deprive the federal government from taking a share; the community-created value of land is due to federal, as well as to municipal and provincial, enterprise. The industry of the whole community is reflected in land values. It is simple justice to take a share of this value for community use—leaving sacredly to the individual all the benefits of individual industry."

"Sir Henry Drayton may prefer to leave the community-created value of land in Canada entirely to the provinces. Sir Thomas White, before the re-establishment last year, expressed the opinion that a federal tax of four mills on land values would yield about \$20,000,000. A tax of one per cent, according to this estimate would yield \$50,000,000. The present government may think it more expedient to tax food, clothing, tools of production, and the daily necessities of home life."

"The provincial authorities are not taxing land values. Political influences are doubtless as potent in provincial as in federal finance. Sir Thomas White made the following rather cryptical remark to the hon. members on the re-establishment committee: 'On the other hand I have always found on the part of provincial governments an absolute reluctance to impose a land tax, for reasons which are obvious to members of the committee. I do not know whether the public of this country would sustain a tax of ten mills upon land or not. You, gentlemen, can come to a conclusion on that point as well as I can.'"

"Apparently the tax must be considered from the viewpoint of political expediency, rather than political economy, or elementary justice. Of course, it would not be difficult to make the public regard taxation of land values as a tax on private industry or on farming, although actually all improvements, buildings, produce, business and income would be exempt under the proposed tax. The tax would be on the value of land, exclusive of improvements. "However, it is the privilege of the committee authorities to knock the props out from under the edifice constructed by themselves. They have the responsibility of balancing the inverted pyramid, as long as the public is satisfied."

It is very probable that an announcement from Ottawa that a heavy land tax for the purposes of Federal revenue was to be imposed throughout the Dominion would provoke a good deal of opposition and criticism. The land taxers have been very persistent for a great many years. Possibly they have a solution of taxation difficulties. The ever increasing need of revenue may lead governments to examine the proposals more closely than they have hitherto done.

U. S. NAVAL PROGRAMME.

Proposals for United States naval expansion are likely to receive a severe jolt if statements attributed to Congressman Patrick H. Kelly, of Michigan, can be assumed to represent the stand adopted by the Repub-

lican party. Drastic changes are suggested and a wholesale slashing of estimates, both in men and material, will probably inaugurate the term of the Republican Government.

The necessity of maintaining the potential strength of the navy is obvious, but the best results in this connection can be obtained by a restriction of naval armaments and by absolute concord among the three most important naval powers,—Great Britain, United States and Japan.

The necessity for competition is a mere illusion, and as soon as the naval powers agree on a period of a forced naval holiday, then, and then only, will a feeling of universal trust be evidenced, and a strong barrier, detrimental to the world's permanent security, will have been removed.

Great Britain has already sincerely outlined her plans covering naval limitations, and a similar undertaking on the part of the United States would have a strong moral effect on the world in general.

Whether the reductions in naval armaments proposed by the Republican party are imbued with a true sense of patriotism or whether they represent a carefully planned political move is a matter for the future to decide. Let us sincerely hope that the Republican party will be true to the country as well as honest with itself.

Mr. Lipsey, in his usual pleasing manner, made an ideal Santa, while Miss L. Hagerty filled very effectively the role of Mrs. Santa. As each child received their Christmas stocking from Santa, Mrs. Santa gave each one an orange. A very delightful evening was brought to a close by singing the national anthem. Eastern Townships Farmer

From Eastern Townships Experimental Farm

ANNUAL SEED FAIR WILL BE HELD THIS YEAR

Motive of Seed Fair Is to Encourage Better Crops, and Production of Home-Grown Seed.

The past success of the annual seed fairs has proved a stimulus to the Farmers of the Eastern Townships to take greater interest in connection with the growing of better crops, whether or not, the effort of the agricultural society gets credit for the share due. To discontinue the competitive encouragement through the seed fairs was questioned, and in fact for a time there was some doubt as to whether this method of encouragement was meeting with the desired success expected.

The real object of the seed fair is to encourage the production of the very best varieties of grain suitable for the locality, and get the grower to save seed that is of good yielding stock, and possessing high quality. Any farmer with the right spirit of progressiveness will have the interest of the society enough at heart to forget the selfish method of obtaining prizes only on the bag of grain exhibited, forgetting that the sample shown is representative, or at least should be of many bushels of grain at home in the bin, possessing the same qualities. Where dishonest methods of preparing only sufficient seed to bring to the seed fair is practised, the real object of the society is absolutely lost.

The Sherbrooke County Agricultural Society, will hold its 19th, annual Seed Fair in Lennoxville, this winter and as a word in advance to intending competitors would say to begin preparation of the grain and potatoes as soon as possible. If the boys and girls were allowed by their parents to make the selections of the various seeds during the holiday season, good results could be expected and avoid the usual rush preparations. Use the fanning mill freely, and carefully select the potatoes. The date of the fair will be announced later.

Results of the standing crop competitions are as follows:— Gate—J. B. Campbell, E. Ducker, H. Woodside, J. A. Young, E. W. Tobin, G. H. Moynan, F. R. Mitchell, E. C. Rose, J. S. Marlin, J. Goodfellow St.

Potatoes—H. Woodside, S. Jardin, F. R. Mitchell, E. Ducker, A. Standish, J. S. Marlin, J. E. Campbell, S. Woodard, J. Nichol, W. Turgeon. Wheat—J. Nichol, H. Woodside, J. S. Marlin, J. Ross, S. RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

LOGGING SLEIGH. We show here one end of the loaded sleigh. The new feature is that the right hand ends of the upper chains can be released from a dis-

tance, and that the right stakes then swivel out and lengthwise of the sleigh permitting the logs to unload without danger to the operators. (Auguste Gendreau, Bemidji, Minn. U.S. Patent, 1,843,772.)

STEERING MECHANISM. This mechanism is designed particularly for tractors which have a steering axle in front. It consists of a pair of guide wheels which guide

the tractor by means of a steering arm and travel in a furrow, made on the previous round by a suitable marker attached to the hauled implement. (International Harvester Co., Chicago, Ill. U.S. Patent, 1,328,710.)

TANDEM IMPLEMENT. The improvement here lies in the connection between the front and rear units. It permits the trailing

units to be connected laterally for cultivating purposes, or to the rear to pass through gates, or to be detached entirely for storage and ship-

CRITICIZES ATTITUDE OF GOVERNMENT

Vice-President of the Dominion Trades Congress Discusses Unemployment Situation.

OTTAWA, Dec. 30.—Criticizing the attitude of federal and provincial governments referring to the bread lines and the soup kitchens that have been established for the unemployed workers, and maintaining that the time for a drop in the wages of organized labor is still two or three years distant, Arthur Martel, vice-president of the Dominion Trades Congress, delivered an address to members of the Workmen's Union last night.

"The situation is bad and must be bad when the Dominion Government is passing dollar for dollar with the provincial governments and the municipalities to support bread lines and soup kitchens. Something must be wrong when the least little slump in business makes a bread line start," said Mr. Martel.

Mr. Martel said the present unemployment situation was serious, and that apparently it was going to be worse than it was. "It is up to us to find some method to protect ourselves against future conditions," he said. "Instead of getting grants from the governments, we want work. The Dominion Government I understood is willing to do anything within reason. It is queer when we begin to deal with the government, the red tape we find." He then went into the handling of grants made by the Dominion Government, by the provincial and municipal governments, and the local autonomy and provincial rights exercised. In reference to the opening of parliaments, he said, the members usually spent three or four days telling each other what fine fellows they were, while the unemployed were being handed a crust of bread, and a bowl of soup.

Plans for the coming year. Messrs. A. A. MacMillan, A. E. McLaurin, R. M. Elliot and W. G. MacDougall, will be present to discuss live topics, which should be of interest to every breeder.

1870 OUR GOLDEN JUBILEE 1920

The Vanishing Year

"NINETEEN TWENTY" has been lavish in his gifts to Canada and her citizens: may his heir and executor, Nineteen Twenty-one, be as kindly and as liberal! The year just closing will ever stand out as one of the most productive in the history of our country. It has been a wonderfully fruitful year all over this continent. We have had "enough and to spare" and the less fortunate nations will share in our prosperity.

This year in life insurance has surpassed all former years in the experience of the Mutual Life of Canada. There has been a growing appreciation of the value of life insurance and many feel that as they become more prosperous they require more protection. The use of life insurance for the protection of business interests has become general and many employers have adopted the idea of issuing policies on the lives of their operatives. It has been a glorious year in the history of Canada, and this prosperity has been reflected in the history of Canada's only Mutual.

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

Wall Street Journal—The results of the day's operations indicated once more that nothing is certain in the stock market.

Times—Commission houses who were asked yesterday what was the attitude of their customers as the year end approached replied quite unanimously that customers were far more cheerful than at any time in weeks.

Trimes—While the covering of short commitments by professional traders was an active factor in forcing speculative security prices to higher levels, there was heavy repurchasing of both stocks and bonds by investors who had sold previously to establish losses for tax purposes.

Journal of Commerce—The day was regarded as one decidedly hopeful, developments with a good many industrial stocks apparently coming back.

Headings—\$1,650,000 gold arrived. Lackawanna expects I.C.C. segregation decision soon. Baldwin Locomotive has satisfactory year. Brokers' loans reduced. New York Air Brake sales will be over \$6,500,000. Norfolk Western earning 10.2 per cent. on common under new rates.

CLAIM BRITAIN HAS ALTERED ITS POSITION

LONDON, Dec. 30.—A Moscow wireless message says today that as Great Britain, which recently accepted the July agreement for a resumption of trade with Russia, has now completely altered its position and is clearly evading the obligations which it undertook in July, the Soviet government had decided to recall from London Leonid Krassin, Bolshevik minister of Trade and Commerce, in order to consult with him.

VALISE FULL OF LIQUOR THROWN OUT OF WINDOW

Alleged Smugglers Wrap Valise in Grand Trunk Blanket.

It was a very quiet day in the Court House yesterday and District Magistrate H. W. Mulvena had only two cases of any consequence. Both these cases covered the same charge of "stealing a blanket from a Pullman car on the Grand Trunk Rail-

way, the accused being Andrew and Louis Henning. The defendants asked for a speedy trial, pleaded guilty, and were sentenced to a fine of \$10 and costs or thirty days.

It is alleged that the accused were in a state of intoxication and wrapped up a valise containing whiskey which they were smuggling, with one of the Grand Trunk blankets and threw same out of the window. The two brothers were subsequently arrested on a complaint laid by Detective Ashlan of the Grand Trunk, one being held at Sherbrooke and the other at Coaticook. In rendering judgment, the court drew attention to the effect that while the blanket cost \$19 new, it had been in use some considerable time, and could now be considered to have a value of \$9.

St. Paul's Church Xmas Tree and Entertainment Was Quite a Success.

KNOWLTON, Que., Dec. 21. — The annual Christmas tree of St. Paul's Church was held on Tuesday night, preceded by a children's tea at 5:30 p.m. There were about seventy-five children present, besides grown-ups. At 7 o'clock Santa Claus, in full dress and in good form, made his appearance and distributed the gifts from two beautifully laden trees. A very good programme was given by the children of the Sunday school as follows. Rev. Canon Carmichael, rector, acting as chairman; Carols by the Sunday school children, "Carol, Sweetly Carol," and "Deep the Gloom and Still the Night"; recitations by Elizabeth Duggan, Arthur Williams, Herick Duggan, Ada Wells and Dana Frizzle; dialogue, Judith Cowin and Margaret Mason; recitation by Vera Poritt; carols, "When Shepherds Watched their Flocks by Night" and "Holy Night, Fearful Night"; duet by Doris Morgan and Marion Fenworthy; dialogue by Anna Kenworthy and Muriel Duggan. Sheep breeding in this section has become an extensive industry. Several thoroughbred flocks are owned by farmers in Knowlton and vicinity. A very handsome silver cup may be seen in M. H. Bedee's window, which was presented by the Canadian Bank of Commerce for the best flock of sheep exhibited at Brome Fair in September last, won by Mr. John Pibus, Jr. This is one of many trophies won by Mr. Pibus with his fine flock of Leicesters.

FESTIVAL AT COWANSVILLE BIG SUCCESS

Children Had a Real Gay Time at Emmanuel Church.

COWANSVILLE, Dec. 21. — Emmanuel Congregational Church School, held their Annual Christmas Festival on December 20th. The evening was fine and cold, but the church basement was warm and attractive with a beautiful Christmas Tree, brilliantly decorated, and a room full of overflowing with happy children and parents heartily rejoicing in the Christmas thought. At eight o'clock, Superintendent F. E. Draper, announced the hymn "Come all ye faithful," which was followed by an opening prayer led by the pastor. The following programme, which had been prepared under the leadership of Mrs. Alexander and Mrs. Dean: Recitations by Jack Brown and Mary Ford; Wand drill by ten Primary children; recitations by Mona Fair and Edna Craigie; a song by Audrey Bartington; "Christmas Bells" by Boda Brown; "Going to grandmas for Christmas" by a group of small girls and boys; umbrella drill, by eight senior girls; two songs by Gertrude Larabee; recitations by Kathleen Mooney and Jack Brown. The children did their work remarkably well. Rev. E. O. Grishbrooke, who was spending the Christmas holidays in Cowansville, spoke cheering words to the school. Then Santa hurried down the stairway and in jolly fashion passed candy to everybody and some for the babies at home. The presents were also given to the smallest scholars.

An offering was taken for the Armenian Relief Fund, which amounted to fifteen dollars. Mr. Will McHaffie was made treasurer of this Fund, so that any who wish to make further contribution may pass the same to him and it will be forwarded. Ice cream and cake and coffee was served to all. Throughout the evening there was a spirit of good cheer and at the close everybody said "we had a good time to-night."

David Duggin

inspects an instrument for you

David Duggin, one of America's greatest artists, has vouched for the Official Laboratory Models in our store. Come in and see the Certificates of Authenticity he signed; only a few left.

The New Edison with which he made the wonderful test at His Majesty's Theatre was not a specially manufactured instrument. It was taken right out of our regular stock. Mr. Duggin was so delighted with the manner in which this instru-

ment re-created his voice, that he signed a Certificate of Authenticity for each Official Laboratory Model in our store. He did this after he had inspected the instruments.

In the Certificate, Mr. Duggin certifies that the Official Laboratory Model which we'll show you is an exact duplicate of the instrument he used in his concert here, and that it is capable of the same remarkable performance.

The NEW EDISON

"The Phonograph with a Soul"

When you make your New Edison purchase, you get a certificate of Authenticity with it. You also get our own guarantee. We guarantee that the instrument you will hear in our store is an exact duplicate of the original Laboratory Model, on which Mr. Edison spent three million dollars in research work during a period of seven years.

If you are thinking of buying a phonograph, see this New Edison that has been personally endorsed by one of the world's greatest artists, after the severest test a phonograph can receive. You won't be able to find another phonograph or talking-machine whose makers would even attempt the test of direct comparison.

A. C. SKINNER

44 WELLINGTON ST. North SHERBROOKE

SHERBROOKE IS STILL TALKING ABOUT THE ASTOUNDING TEST MADE AT HIS MAJESTY'S THEATRE

That concert given by David Duggin in Sherbrooke on December 14th proved just this:

There is positively no difference between the performance of the living artist and the RE-CREATION of that performance by the New Edison.

If you are a music lover, and you were not present, you missed a great test of the New Edison's Realism. Mr. David Duggin, Scotch-American Tenor, sent here

from New York by Mr. Edison, stood beside the New Edison and sang.

Suddenly, he ceased singing. The New Edison took up the performance, and RE-CREATED it alone. The living voice and its RE-CREATION by the New Edison were thus directly compared, yet the audience

could detect no difference between the two. This was the test—this was the proof.
