

NO SPECIFIC CHARGES TO MAKE

Mr. White, of Reuters Press Agency, Says Newspapers Have Misrepresented His Yukon Interview.

Ottawa, Ont., Oct. 12.—(Special.)—H. S. White, who is on his way back to London from Klondike, where he was representing the Reuters Press Agency, complains that the western newspapers had misinterpreted his interviews which he had published. His criticism on the Yukon, in the letters which he had written for Reuters, was principally on the mining regulations. If the royalties were reduced he was satisfied that all the grievances of the miners would disappear. The report telegraphed from Victoria and Winnipeg that he was going to make specific charges to Mr. Sifton of corruption against the officials in the Klondike was wholly untrue. He had no specific charges to make, and he never said that he was going to make any. Mr. White had a long interview with Mr. Sifton, and will leave in a few days for England. He returns to Dawson in the spring. He is accompanied by H. A. Halder, a mining engineer, who had spent some years in the South African gold fields.

WANTS \$97,000 FROM THE CITY.

The modest sum of \$97,000 is claimed from the city by Mr. Michael Guerin, as compensation for the failure of the city to carry out the widening of St. Antoine street, where Mr. Guerin is a large property holder. The case came for hearing before Mr. Justice Choquette at noon to-day.

SIR HENRI WILL NOT RESIGN.

Ottawa, Oct. 12.—(Special.)—There is no truth in the report printed in La Minerve this morning that Sir Henri Joly de Lotbiniere, Minister of Inland Revenue, is going to resign from the Government.

SAY THAT PROHIBITION IS BEATEN.

Quebec, Oct. 12.—Le Soleil has completed its estimate of the result of the plebiscite vote, and sets up an anti-prohibition vote of 20,044, made up as follows:

Province	Yes	No
Quebec	14,911	91,293
Ontario	14,911	91,293
Nova Scotia	26,350	20,044

THE KAISER STARTS.

Emperor of Germany, accompanied by the Empress, left to-day for the Holy Land.

Berlin, Oct. 12.—The Emperor and Empress of Germany started at 9 o'clock this morning on their journey to the Holy Land. They will go direct to Constantinople and from there to Palestine. The suite of the Emperor included General Physician Leuthold, Count Von Lutensburg, the grand marshal of the court; Gen. Von Hahnke, the chief of His Majesty's private military cabinet; Dr. Von Lucanus, the chief of His Majesty's private medical cabinet; Baron Von Buelow, the Minister of Foreign Affairs; Legation Counselor Klehmet and a number of other officials. The Empress is accompanied by three ladies of the court, and Court Marshal Baron Von Miltach. The Imperial party is also accompanied by a body of gendarmes armed with revolvers. The gendarmes have been taught photography, and by the Emperor's order will photograph everything of interest, under the instructions of Sergeant-Major. There are 110 trunks in the baggage cars, many of them of immense size, and containing the ball dresses of the Empress. One enormous box, which does not contain the Empress's wardrobe, is in charge of a high functionary. It contains valuable gifts and diamond decorations for Oriental officials, valued at 4,000,000 marks. Only six horses were taken, and they are for the Emperor's personal use. The Sultan of Turkey bought thirty-six carriage horses in Berlin for the use of the Empress of Germany and her suite. The Sultan also bought in Berlin all the uniforms and weapons needed for the ceremonies.

THE SUPREME COURT.

The Case of Chicutimi vs. Price Dismissed With Costs This Morning—Suit Over a Tug.

Ottawa, Oct. 12.—(Special.)—In the Supreme Court to-day the appeal by the town of Chicutimi vs. Price was dismissed with costs. The Collins Bay Rafting Co. vs. Kaine was taken up. The Rafting Company chartered the respondent tug Beaver during the season of 1895, and she was shortly afterwards wrecked at the foot of the Cornwall rapids and \$5,000 expended in repairs, for which Kaine sued and obtained judgment in the Superior Court at Quebec for \$2,885, being the sum admitted and tendered into court by the company. The Court of Review, on appeal, increased the damages to the full amount claimed, and the company now appeals from the judgment of the Court of Queen's Bench affirming the judgment of the Court of Review. Solicitor-General Fitzpatrick and Walkem, Q.C., for appellants; Langue, Q.C., and Stuart, Q.C., for respondent. The argument is now proceeding.

Workmen's Thrilling Experience.

Winnipeg, Man., Oct. 12.—While engaged in tearing down the old Government bridge across the west branch of the Winnipeg River, Rat Portage, the structure collapsed and six men were thrown into the rapids. All escaped unhurt after a thrilling experience in the rushing waters.

TRIED TO WRECK LA PATRIE'S PRESS.

Louis Bertrand Pleads Guilty to Endeavoring to Smash a \$7,500 Machine for a Cigar—Says Dissatisfied Employes Bribed Him.

There was trouble at La Patrie yesterday afternoon, and in consequence the mails missed the train and the paper was one hour later in its appearance on the streets. The cause of the trouble seems to have been the appointment of a new press foreman. Several of the pressmen did not like the newcomer and looked upon him with less than a friendly eye. The management of La Patrie had been forced to make certain changes in the staff on account of the conduct of a few of the men which had necessitated their dismissal. The discontentment remained latent, at first, however, and only among the leaders was there any talk of doing anything to the detriment of the newspaper's prestige.

A number of them got together and promised a reward to a man named Louis Bertrand if he would so damage the \$7,500 press that the papers would be spoiled for a day's issue. Bertrand accordingly unscrewed fifty of the bolts and opened four ink reservoirs in the big press on which La Patrie is printed, with the result that when it started several parts of it were damaged or broken, and thereby delayed the publication for over an hour.

Even when the paper was published, it was blotted and dirty. Mr. L. J. Tarte investigated the occurrence and had Louis Bertrand arrested on the charge of damaging his property. Bertrand pleaded guilty in court this morning, and as he was willing to give the names of his accomplices he was let go on suspended sentence. In court Bertrand said that he had been offered a cigar to do the job.

He did not wish to interfere in any way. If Mr. Coste could be of any use in the matter he could go to Montreal for a consultation. Mr. Coste will accordingly be in Montreal to-day to discuss the question of a monetary indemnity in regard to the dry dock.

Timber for 1899. The contract for timber for the year 1899, in connection with the new piers, was awarded to the lowest tenderers, the W. H. Kelly Lumber Co. of Buckingham, P.Q., for \$54,000. The total of the next lowest offer for each class of lumber was \$54,400.

Mr. Kennerly presented his monthly report of the work done in the harbor. He also announced that he would be able to report on the boring in the dry dock sites at next Tuesday's meeting.

The Harbor Board met yesterday, Mr. John Torrance being the only absentee. There was an important and lively discussion on the evidence which had been adduced in the Glenora Head case. When Mr. Robert Mackay, as chairman, read the report of the Pilot Committee, Mr. D. G. Thomson called attention to the evidence, which had been so conflicting as to make it necessary to discharge the pilot, Mr. Boucher, who had charge of the buoys for the contractor, had sworn that the buoy in question had never been moved. Mr. Cowie, assistant engineer of the channel for the Department of Public Works, swore that the buoy was twenty-five feet on the bank and that it had been moved back to its position.

"There are two departments of the Government," continued Mr. Thomson, "directly opposed to one another." Mr. Allan: "Mr. Boucher is not a Government employee." Mr. Thomson: "He is responsible to the contractors, who are responsible to the Marine Department. It is a serious matter when the two parties responsible for the channel and the buoys are at conflict. This shows the evil of having the two works separated. They should be under the same department."

The Mayor: "Mr. Thomson is certainly right in saying it is a serious matter. Why were the men employed on the tugs and dredge not called to prove who was right?" Mr. Boucher or Mr. Cowie?

Mr. Bickerdike: "It would not be possible to find out that way, for Mr. Cowie says he saw a tug drawing the buoy in position, and a dredge coming to the buoy and it can be moved in any direction." The Mayor: "Can anyone move the buoy?" Mr. Bickerdike: "Anyone with a tug. It is said that outside parties moved the buoy."

The Mayor: "What is the use of the buoys if anyone can move them at pleasure? I think the Pilot Committee should have gone farther in the investigation. It is too important a matter to pass over lightly." The Chairman: "Well, that can be done yet."

The Mayor: "This difficulty arose from the responsibility in regard to the channel. The Department of Public Works kept the channel in order and decided on the locations of the buoys. The buoys were then put down by the Marine Department, and the two works were inseparable and should be under one department. There would always be uncertainty and danger till they were."

The Mayor: "It is the time to ask for this change, when we have such a clear case of mismanagement due to the dual responsibility. Let us make the most of this, and endeavor to get the Government to make the change."

The Mayor: "Who looks after the buoys for the Marine Department?" Mr. Lennox: "In Ottawa." Mr. Bickerdike: "A good place to look after the buoys."

The Mayor: "I don't want to press a resolution to-day, but it is a very serious one, and such occurrences as this tend to create distrust in the channel. You all know how anxious Sir John Fisher is to bring the Renown to Montreal next year. I had a letter from him a day or so ago, and he speaks of the great danger from boulders in the channel, and the danger of navigation. I simply tell this to show that it is necessary to take measures to create confidence in the channel."

Mr. Bickerdike: "Why not have copies of the evidence sent to the Public Works Department and to the Marine Department?" The Mayor: "That is a good idea. Send a copy to the Minister of Trade and Commerce also."

The commissioners were all in favor of the suggestion, and the secretary was instructed to forward the copies.

The Mayor then took up the buoying question again. He said it was a peculiar thing that the Government giving the harbor to the harbor commissioners' hands just to save a couple of thousand dollars. The Board would have the confidence of the shipping people. But there should be only one master in regard to the channel. He would introduce a resolution later, looking to this end. The discussion ended there.

Mr. Mackay reported that in accordance with instructions given at last meeting, the late tender for the dry dock site had been opened. One likely property was found, and Mr. Kennedy was testing it.

From Hon. Mr. Tarte. Hon. Mr. Tarte wrote to say that he saw that the Board was to communicate with the Department in regard to the dry dock

ENEMIES FIRE MR. HART'S HOUSE.

The Chairman of the Board of Protestant School Commissioners Suffers Loss and Makes a Serious Charge.

The fowl house, shed, workshop and stable belonging to Mr. W. T. Hart, of Outremont, were completely destroyed, and one end of his residence on St. Jean Baptiste avenue, Outremont, badly damaged by fire about three o'clock this morning. When his son left at half-past twelve o'clock last night to come to his work in town everything was all right, and both he and the members were all sound asleep, and the result would undoubtedly have been more serious, with possibly a loss of life, had he not been awakened by his next door neighbor, Mr. Edward Eglolf, who, after shouting to him for some time, succeeded in making him aware that his premises were on fire. Hastily getting out of bed, his family, assisted

by the neighbors, immediately set to light the flames and remove the furniture from the house, and manage to save the house, although one end was badly burned, but all the other buildings were completely destroyed. The fowl house contained one hundred fowls, and only about a dozen escaped. Mr. Hart estimates his loss at \$800.

Mr. Hart declares that the fire was the work of incendiaries, as the place was saturated with some kind of inflammable stuff, and he found several black bottles lying around this morning. He also states that he has been more or less directly threatened with serious consequences on account of his connection with the troubles which have existed in Outremont for some time, and he believes this to be the direct outcome of them.

The preliminary Board of Examiners held their quarterly examinations in Montreal and Quebec on Thursday, October 6th, when twenty-four candidates presented themselves. Of these six passed upon all subjects, their names placed in order of merit being as follows: Louis Weinfield, Joseph G. Leonard, Omer O. Paquette, P. E. Brouillette, Geo. Letourneau and C. A. Dupont. Gen. E. Leclerc, of Quebec, passed upon all subjects but arithmetic, for which subject he will have to present himself again in January next.

The candidates were examined in English, French, Latin, arithmetic, geography, and history. The examiners were the Rev. Abbe Verreault, principal of Jacques Cartier Normal School, and Prof. Isaac Gammell of the High School, Montreal. The next examination will take place on the 6th of January, 1899.

The Church Won. Mr. Justice Choquette this morning rendered judgment in the case of Mrs. Philip Vandal against the parish priest and churchwardens of St. Vincent de Paul de Montreal, with Ozaime Martineau defendant in warranty. The action was dismissed, but the parish priest and churchwardens were condemned to pay the costs of the proceedings in warranty. Mrs. Vandal claimed \$5,000, alleging that, while leaving the church one evening, she had fallen and injured herself severely, having tripped over some pieces of wood carelessly left about the entrance where some improvements had been made. The defence took proceedings in warranty against Mr. Martineau, who had charge of the improvements, and the court held the action unfounded, and that the action in warranty was also baseless.

To Sell Fletcher's Field. The regular weekly meeting of the Y.M.C.A. Block City Association will be held in the Council chamber on Friday, Oct. 14. The following report will be discussed: "That the real estate hereafter specified, being the property of the city, be sold or leased for a term not exceeding ninety-nine years, and that the proceeds be applied wholly and solely to the reduction of the permanent fund indebtedness of the city." (a) That property (known as part of Fletcher's Field) bounded by Mount Royal avenue, Pine avenue, Park avenue and Esplanade avenue.

Burglary at Summerstown. Summerstown, Oct. 12.—(Special.)—Mr. H. Collier's grocery store was broken into on Monday night and a quantity of flour, tea, sugar, tobacco, etc., carried away. The thieves first forced an entrance to the Grand Trunk car house and secured two heavy crowbars, and from J. Grant's carpenter shop they carried away two chisels and a hammer. With these tools they forced their way through the heavy double doors of the store and, having secured their plunder, decamped, leaving the tools of their trade scattered about the floor.

Took Carbolic Acid by Mistake. Fleisherton, Ont., Oct. 12.—(Special.)—Arthur Fee, of the sixth concession, Colingwood township, met his death in a peculiar and sad manner. He was a particularly young man of age, had been ill, and his mother accidentally administered a dose of carbolic acid instead of the usual doctor's prescription.

Down to a Cent. The New York Times, one of the cleanest and best of the New York papers, has reduced its price to one cent, and now will compete with yellow journalism so far as price is concerned, on the latter's own ground.

REMAINS OF COLUMBUS. Where are the remains of Christopher Columbus? He died at Valladolid May 20, 1506, and was buried there. His remains were afterwards transferred to the Cathedral of Seville, and in 1536 they were removed to San Domingo and interred in the cathedral there. The remains of Columbus were discovered by fire in 1795, and the remains of Columbus or of some other person buried there were transferred with great pomp and ceremony to the cathedral at Havana. Nobody is able to affirm that these were the remains of Columbus, but they answered every purpose of national pride and gratitude. Now they are to be sent back to Spain, but nobody knows any better than before whether they are the real relics of Columbus or not. Yet they will answer the purposes of national feeling just as well now as they did one hundred and three years ago.

HIGHER THAN MOUNT ST. ELIAS.

London Will See a Trolley.

Seattle, Wash., Oct. 11.—The C. H. Eldridge geological survey party, which has just returned from Cook's Inlet country, is declared to have discovered the highest mountain in North America. The peak, which towers far above Mount St. Elias, is situated in Alaska, to the right of the Sushina River. The Government topographer took triangulations of the elevations, ascertaining by scientific calculations the exact height of the peak, which he declares to be more than 20,000 feet.

London, Oct. 12.—The Highways Committee of the London County Council has recommended granting permission for the first overhead trolley system in London. The United Tramways Company asked permission to try the experiment on one mile of track along the Uxbridge road, in the western end of the town, promising to discontinue it if it proves unsatisfactory or unsuitable. It is probable, therefore, that London will soon see a trolley.

LAY ON A BURNING BED. A fire that came within an ace of being attended with fatal results occurred last evening at the residence of Robert Ritchie, 135 Congregation street. One of the inmates of the house threw himself on a bed to enjoy a smoke. Sparks fell from his pipe and set fire to the mattress. The fire spread quickly around the edges of the mattress, completely encircling the

smoker. When persons inside the house, noticing the smoke, rushed into the room, they found the man endeavoring to smother the flames dangerously close to him. He was rescued from his perilous position and in a short time recovered consciousness. The fire was extinguished by the fire before it had worked any further damage than the destruction of the mattress.

SOLDIERS FIGHT.

Colored Cavalry Get Mixed Up in a Row and One Man Was Killed.

Huntsville, Ala., Oct. 12.—The 10th Cavalry, colored, arrived from Montauk yesterday, and had not been off the train an hour before some of its members became involved in a difficulty with the provost guard. One man was killed and five wounded, two fatally.

Soon after the men left the train one of the cavalrymen went to a house frequented by white men and attempted to clean out the place. He was arrested by a corporal's detail of four men of the provost guard. The arrest was quickly noticed about, and the negro cavalryman attempted to rescue the prisoner. The first man who advanced toward the guard was halted, and as he turned to run was fired upon. Firing then became almost general and continued several minutes.

Corporal McNaughton, Company L, 6th Infantry, commanding the detail, was killed at the first fire. Private E. Wiles, Company M, 6th Infantry, was shot in the knee, and Private Larkin, company 6th Infantry, received a ball in the leg. Private James Cleston, troop M, 10th Cavalry, received a bullet in the spine and will die. Two other 10th Cavalrymen were wounded, one of them fatally.

The affair would have been attended by more serious consequences had not a mounted platoon from the 10th Cavalry scattered the white soldiers who were entertaining a very bitter feeling against the negro troops, and it is feared trouble will occur whenever the two races meet.

COLLEGE CONFERENCE.

The Diocesan Theological College Association opened its Tenth Annual Session this Morning.

The tenth annual conference of the Montreal Diocesan Theological College Association commenced its session this morning in the hall of the Dominion College, University street. At 10.15 Holy Communion was celebrated in the chapel hall, at which there was a fair attendance of the members of the association. At 11 o'clock the association met in the hall of the college and Mr. E. I. Rexford presided in a session of prayer and meditation. There were also several short addresses.

Luncheon was served in the college and the session was continued again at 2.30 p.m. The programme was as follows: 2.30 p.m., "The Clergyman" (a) In the study, Rev. N. P. Yates, B.A.; (b) In the pulpit, Rev. W. P. Lewis, B.A.; (c) In the parish, Rev. L. C. Wilson, D.D. 4 p.m., "The Bible in the Sunday-school," Paper by Rev. J. Irwin Strong. Discussion, 8 p.m., meeting to consider the matter of the College Magazine.

Mrs. Naak Will Go Blind. New York, Oct. 12.—Mrs. Augusta Naak, accomplice of Martin Thorn, who was executed for the murder of William Gulden-suppe, is becoming blind. Her eyes are forming over both the woman's eyes. Experts who examined her at Auburn prison, where she is serving a fifteen years' sentence, say they cannot save her sight.

DIDN'T CRITICIZE KITCHENER. Berlin, Oct. 12.—The North German Gazette, which is evidently officially instructed, denies the rumor published in the London Telegraph that the German officer who accompanied the Anglo-Egyptian expedition for observation purposes, adversely criticised the campaign. The North German Gazette says that on the contrary he was impressed by the excellent conduct of the operations, and especially by General Kitchener's military qualities.

THEY FAVOR THE CABINET SYSTEM.

The Real Estate Owners' Association
Declare for a Civic Executive
Committee.

A LETTER TO THE MAYOR

In Which They Give Support to the
Motion Ald. McBride Will
Introduce.

OTHER QUESTIONS DEALT WITH.

The following letter has been addressed by the Real Estate Owners' Association to the Mayor and aldermen:—

To the Worshipful Mayor and the Aldermen of the city of Montreal:

Gentlemen,—The undersigned, in the name of the Real Estate Owners' Association, have the honor of presenting you with the following suggestions, with regard to the modifications which your Council appear determined to effect in the charter that at present governs the city of Montreal.

At the time of the municipal elections of 1897, the entire Council was elected to administer the affairs of the city, according to the charter as it stood in force, and not to elaborate a new constitution, which, like those of previous years, and especially that of 1890, would be subject to the uncertainties and inconveniences growing out of its very existence. The proprietors of real estate look upon this annual rehash of civic regulations with apprehension, as they disconcert all calculations, and oblige the every year to present themselves before the Legislature in order to defend their rights. It seems that the charter of 1880 and its amendments, joined to the laws for the government of municipalities as found in the Revised Statutes of the Province of Quebec, contain sufficient legislative provisions to govern Montreal at least until the population decide to have recourse to a responsible executive to manage the civic affairs.

Nevertheless, if your Council persist in its project of enacting Montreal with a new code of laws, the undersigned have the honor of drawing your attention to the following points, viz: First, composition of the Council; second, method of determining the value of real estate; third, division of taxes.

An Executive the First Necessity.

1st.—A municipal council is a body elected with the object of administering the affairs of the city. It is not a committee, and it is not a body of parts. When a city has assumed certain portions, and has of necessity been divided into a considerable number of wards, the deliberations of the council become complicated, owing to the multiplicity of interests represented by aldermen from different wards. The sessions are necessarily numerous, and it is only with great difficulty that the decisions necessary to proper administration can be secured. Therefore, it seems to us that the city of Montreal has become a deliberative body, and lacks an executive. The labor of administration falls upon committees composed of aldermen representing different sections of the city, and the result is a multiplicity of interests, and a multiplicity of decisions, which are sent to the Council, where they give rise to new debates before obtaining the necessary sanction. Practical administration is thus entrusted only to their constituents. The employees of the Council become the employees of the committees, to whom alone they are amenable. From this results an anomaly which opens the door to various irregularities, a committee often exceeding its powers, or neglecting its duties, having nothing more to fear than an impeachment before the Council by some member of a committee often as culpable as the Council. A responsible executive would cause these irregularities to disappear, and the city would be able to do the work of the aldermen.

Our Assessment System.

The assessment of property, as enforced by the present charter, is, in the opinion of all, an antiquated and arbitrary system.

"SLEEP LIKE A CHILD."

Sweet Refreshing Sleep Comes to those who use Milburn's Heart and Nerve Pills.

It is impossible for those whose nervous system is shattered, and whose heart action is weak, to get undisturbed

and refreshing slumber. Their sleep is broken into by terrible dreams, startings, smothering spells, sinking sensations, and fear of impending death.

Milburn's Heart and Nerve Pills, bring back the much-needed night's rest, by improving the action of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony—then you sleep peacefully as a child.

Mrs. E. Coburn, of Blenheim, Ont., suffered severely for many years, but Milburn's Heart and Nerve Pills have cured her. Here is her statement:

"When I commenced taking Milburn's Heart and Nerve Pills my heart troubles were very bad. I could get but little sleep because of the terrible smothering sensation, and was also weak and run down. I have taken three boxes of these wonderful pills. They relieved my heart trouble, enabled me to get restful sleep, removed the smothering sensation, and made me feel better than I have for years. I have been treated by a number of well-known and skillful physicians, both in Michigan and Canada, but Milburn's Heart and Nerve Pills are the only medicine which has acted well in my case, and I heartily commend their use to any person suffering as I did."

Laxative Pills work while you sleep, without a gripe, curing Constipation, Biliousness and Sick Headache. Price 25c.

WANTED—Smart young girl for kitchen, to assist cook, also smart waitresses. Apply after 7 p.m., George Tyler, 589 Craig St. 241

HER GOOD WORK

A tall, slim girl, who is wont to wear tailor-made gowns and be tidy, ambled into the room wearing a dejected air and a nondescript suit, which looked as though it had been dragged out of the rag bag, nicely jumped upon, and then crawled into at the wrong end. Her hair, which used to be so neatly crimped that we supposed its curl natural, hung in string-straight wisps over her eyebrows, and threatened soon to be hanging down her back from lack of definiteness in the matter of hair pins. The trimming on her hat was already loose and flapping in the gentle breeze, and her gloves were minus buttons. Her eyes were apparently fixed on some far-away object. This outward show of neglect presaged some tremendous undertaking, the company presumed, and soon the whisper went around—

"Annetta is writing a book!"
"It's to be a novel with a theme based on social democracy!"
"No, it's a book of poems!"
"I understood it was a play!"
"So did I; a play in blank verse!"
"It must be very absorbing to cause her to become so indifferent to her appearance. I never knew her other than punctilious before. But look at her now! She hasn't even any necktie, and somebody has actually been slicing the ribbons off her hat! I wish I really knew what her great work is!"
"So do I!"

"I, too," waited from all around, until finally someone, struck by a bright idea, said: "Suppose we ask her?" and they did.

"Why, yes; I guess I am a little distraught and absorbed," said the tall girl, pushing the wisps of her hair back wearily from her forehead. "Do I act as though I had something on my mind? Well, I have. But it isn't anything I'm writing. Oh, dear, no. Writing never distresses me like this."

"Then you are composing music for an opera?"
"Or painting a picture?"
"Or working out a problem in science?"
"Or—"

"Good gracious, girls, I'm doing nothing of the sort! I haven't time. Besides, I don't want to be a painter, or a musician, or have become odious to me! I have caught the sewing fever, and am making a silk rag portiere. There, the murder is out!"

An eloquent silence prevailed for the space of half a minute, when one girl said: "Fancy old Annetta sewing carpet rags!" and everybody giggled.

"I know how that sort of thing takes hold of one, though," said the tall girl in gray. "For I once had the craze, too, and though I don't think I ever went quite so neglected and untidy as Annetta here, I used to rip up everything in sight, and despoiled the house of the last vestige of silk. It was perfectly awful. I begged neckties, hair ribbons and sashes ad lib. I got to have a regular formula, thus: Anything I do so long as it is silk. It doesn't have to be new, and it doesn't have to be clean, nor does it matter how big it is! Well, I must have made nearly three-quarters of a yard of that blessed portiere, when a friend who could do something in arithmetic—I never could—figured out that it would take me exactly 6,400 yards to finish, so I gave it up!"

"Where are your pieces now?" asked the tall girl, excitedly.

The little girl threw out her arms to indicate that the precious bits had been scattered to the four winds, and the earth.

"The tall girl sighed.

"I don't want to be greedy," she said, apologetically, "but the truth is this gathering and sewing together of scraps seems to have attacked me as just right to me. My bump of destructiveness never seemed abnormally developed. I've taken care of things all my life, from my dolls' dress to my trunk. But now, oh, dear, from morning until night I feel the impulse to arise, read and destroy. See the trimming on this hat! I tore half of it off yesterday because I happened to want a yellow tulle for that portiere. I haven't a dress with a silken dust ruffle that I haven't depleted, and I actually cut up a new cherry-colored silk petticoat because the shade struck me as just right to go with the scraps I have. I never see a bit of ribbon, a stock collar, or a sash, on either friend or foe, that I don't long to have. I expect each one thought me a new kind of lunatic. Last night I saw a girl whom I thoroughly dislike wearing a gorgeous red silk waist, and I nearly became 'chummy' with her in order to speak for the remnants of her garment."

"It's awful, I declare I am losing my self-respect. And—"

"What is the matter? What do you see?" asked the little girl, observing the fixed and hungry gaze of her friend.

"Look! Emma Joyce has such a beautiful neck ribbon on, and so has the girl who is talking to her."

"Only that," sighed the small girl. "Have you become an expert at thinking of neck ribbons, fancy silk vests and handkerchiefs in the crowd?"

"Not yet," said the tall girl, absently, "but in time, maybe—oh, what am I saying? You will think I am daff as well as selfish on this new mania of rag-sewing, but, really, I mean to give the portiere away when I have finished with it."

"Then be consoled, for you will surely receive a halo in return," said the small girl, and then they drifted away to a store where cheap ribbons of bright hue were spread on the bargain tables, and lovely women were doing their little best to bring chaos back again, for every generation hatches out its own particular brood of fools, and sufficient unto the time is the folly thereof!—Chicago Times-Herald.

POT POURRI.

The Broad Belt.

Broad, soft, silk belts are increasingly and deservedly popular, for they enable one to keep waist and skirt together without loss of time, temper and hope of heaven—a thing that could never be done with the very becoming but very narrow belt.

The Top of the Piano.

Do not load the top of your piano with books or music, or even too many photographs, as the tone is thereby deadened and a jar produces a disagreeable whizzing sound, which is injurious to the instrument and unpleasant to the musician and the listener.

The Woman's Council of Canada.

The Woman's Council of Canada will hold an executive meeting to-day and tomorrow at the Government House, Ottawa, for the purpose of discussing a presidential address and other matters of business, prior to the departure of the present president, Lady Aberdeen. It is hoped that Her Excellency will consent to remain the nominal president of the organization, whoever may perform the active duties of that office.

Designing Jewellery.

Mrs. William H. Klapp, of Chicago, has discovered a novel and delightful profession, which she practices with much profit. Mrs. Klapp designs jewels after old British and Roman models, and it is coming to be the "thing" in Chicago to possess some of her work. She is popularizing many old stones that few of her customers have ever heard of before.

Woman the Harder to Kill.

Of the fourteen reputed centenarians who died during the past year, no fewer than eleven were women, says the Illustrated London News. Of the 188 persons who were declared as over ninety years of age at death, 108 were women. The superior longevity of the female sex is a well-established fact. To some extent it depends, of course, on their more sheltered method of living, but by no means exclusively, as the women of the laboring classes show a great vitality as well as those who have an easy time of it. Season with a little salt and pepper, and they may both want and wish that pleasing presence still.

WOMAN'S ART ASS'N.

It Plans a Winter of Hard Work—Ten Famous Pictures to be Studied.

The Woman's Art Association held its first meeting of the season yesterday afternoon at Temple Hall, No. 505, Dorchester street. The president, Miss M. M. Phillips, presided, and there was an informal discussion of plans for winter work.

Most of the time was devoted to the consideration of a study class, and several plans for work in this connection were submitted by Miss Reid. It was decided to take up ten of the most famous pictures of the world, each meeting with a different leader for each one, thus dividing the responsibility and labor of the undertaking. The first meeting of the class will take place on the first Tuesday in November, and Miss Reid will have charge of it. Meantime the members will send in lists of their ten favorite pictures, and these having the largest number of votes will become the subjects of study.

At the December meeting there will be an exhibition of mosaics, and Mrs. James Peck has undertaken to provide a paper and exhibit for the occasion. A series of lectures is also to be arranged, and a sketch class will meet every Thursday morning, beginning to-morrow.

TO SELL INDIAN RICHES.

The Dalhousie Treasures of Gold and Precious Stones to be Put Up at Auction.

London, Oct. 12.—All London is talking of the auction sale of the Dalhousie treasures, which is to be held at Dowell's next month. The Dalhousie treasures belonged to the late Marquis of Dalhousie, and were acquired by him when Governor-General of India from 1848 to 1855.

The collection is regarded as the richest of its kind in existence. There are vases and boxes of solid gold and carved jade and rock-crystal ornaments of great rarity. Many of the solid gold vases and boxes are thickly encrusted with diamonds and other precious stones. So it is with the scarabaei, swords and daggers. Many have handles of agate and jade with priceless stones covering both handles and scabbards. There are also elaborate suits of armor and Oriental shields. The sale will last ten days, and it will bring in a fortune.

The three Essentials.

The three Essentials of good clothes for gentlemen are, style, finish, fit. If you give us an order for a full suit or overcoat we can satisfy you with all of the three. High Ross, 200 St. James street.

Exemption from Taxation.

Kingston, Ont., Oct. 12.—(Special.)—The Dominion Cotton Mills Company will be granted exemption from municipal taxation for twenty years on agreeing to remodel the mill at a cost of \$285,000 and to increase the list of employees and output of the mill. The improvements will be made at once and the mill will work night and day.

RAILWAY TIME TABLE.

CANADIAN PACIFIC RAILWAY.

Blankets and Comforters

Just one week ago to-day we announced a big sale of Blankets and Comforters. It has been a great success—greater because of the quantities sold. Of course you're interested now the cold nights are here, and we have decided to continue the sale for a few days longer as we will be welcome news if you have not provided Blankets for the home.

THE BIG STORE'S BLANKETS are pure, clean and soft, no grease left in them to gather dirt, but clean to the very core, and of purest, soft and warm to luxuriousness, and far below usual prices.

Warm Bed Comforters

Folks are getting anxious about their BED CLOTHES, and that's reason enough for this SALE. OUR DOWN QUIL

MONTREAL, OCTOBER 12 1898.

KEEP PARTY POLITICS OUT.

The Star has not the hardihood to oppose outright the introduction of the cabinet system into Montreal civic administration. It finds itself obliged to admit that the system is a good one. But neither can the Star see its way to support the proposition introduced by Ald. McBride. As a happy medium between praising and blaming, between support and condemnation, between a frank yes and a frank nay, it administers a savage blow below the belt. The introduction of the cabinet system, according to the Star, is to mean that party politics will be carried into the affairs of the City Hall. In fact, the portentous discovery is made that this sort of thing has been going on for a long time, and to prove it, lists are printed showing the political affiliations of the members. Oddly enough the aldermen are divided equally, but the Mayor being a Liberal there is a majority of one for the Liberal party, and behold—we have been governed by the party system all along.

This may constitute a fair sample of the Star's knowledge of municipal politics. No other city journal that we know of could so complacently overlook the many facts opposed to the assumption that the Council now divides on party lines. Mayor Wilson-Smith was not exactly a Liberal, but he and the present Mayor always pulled together pretty well. Ald. Stevenson is not a Liberal, but he manages to retain his position as chairman of the Fire Committee year after year. Ex-Ald. Costigan is not a Liberal, yet he was all but supreme in the Water Committee for several years and had a goodly say in the Fire Committee. Ald. Kinsella is not a Liberal, yet he is chairman of the Water Committee, and with a certain civility that is more creditable to his heart than his head stands between public opinion and an administration which looks as though it might advantageously be recast. Ald. Laporte is not a Liberal, and yet he is confidently named as head of the Water Committee should a revision take place. Ald. Ekers is not a Liberal, but he was easily elected to represent the Council on the School Board. Mr. Archambault, lately appointed joint City Attorney, who was at the same time made consulting attorney. It is true that the possession of exceptional abilities has given Ald. Rainville, Beausoleil and Martineau excellent positions in the Council, and that the "give and take" system has done some thing for Ald. Brunet, Marsolais and Proulx. All that, however, has nothing to do with the Star's theory of domination by one political party. Native ability is not derived from party, and the "give and take" system is superior to party, to morals, to the needs of the city and to everything else except what a few aldermen imagine to be the urgent necessities of their individual cases. Moreover, if it comes to that, Ald. McBride, who has introduced the cabinet system to the notice of the Charter Committee, is himself a Conservative, and so are Ald. Ames and Ald. Laporte, who both approve of the idea. How touching is the covert appeal to these gentlemen not to walk into a trap laid for them by the designing Liberals.

The fact is that these aldermen are devising means to protect the city from abuses for which the Star shows a cynical indifference. They are not bothering their heads about the spectre of Liberal domination which alarms that ultra-partisan journal. They are interested, though the Star is not, in putting a stop to civic misgovernment. They want contracts to be let by tender instead of being given to a departmental favorite at his own price. They want horses to be bought and kept by the city instead of being hired at exorbitant figures from civic employees. And when horses are so purchased they want it to be at the lowest possible price, and not through an intermediary who has influence. They want coal to be at least ordered before twenty thousand dollars are paid for an unknown quantity. They want the police force to be recruited without reference to whether applicants can land over a couple of hundred dollars to some real or pretended go-between. They want the roads kept clean, the streets paved, sidewalks laid, scavenging properly done. And they want the responsibility for these and a multitude of such matters focused upon four or five persons, and not dispersed over twenty-six or seven, whose proceedings are so tangled that they cannot possibly be followed.

The Star, of course, cares for none of these things. The public is beginning to learn that the source of faulty administration is not with the aldermen altogether, that the "pium tace" cannot be shaken unless the heads of certain departments are willing, and that unprincipled gentlemen are too willing to do the shaking. What is wanted is a central and well-defined authority which will keep watch and ward over them all, remove them, if necessary, and with the approval of the Council appoint others in their stead. Of such a body the Mayor, the only representative of the whole city, is the natural head. It is absurd to argue that the members of the executive will be all Liberals or all Conservatives. If the aldermen want to divide on those lines the minority can always be sure of representation. But it is not well they should so divide, the Star's suggestion to them to do so to the contrary notwithstanding. Liberals and Conservatives are working together now to free the city of the load that rests upon it. They should be encouraged to co-operate instead of being reminded that

they should be politicians first and last, whether or not the city suffers.

BEFORE THEIR CONSTITUENTS.

Hon. Sydney Fisher and Hon. H. T. Duffy have been spending the past ten days in going from place to place in the County of Brome, rendering an account of their stewardship. The practice is a good one and is in too many cases neglected. Possibly the member of Parliament is not always sure enough of his ground to invite "heckling." In this respect Messrs. Fisher and Duffy are this year at least particularly fortunate. There is nothing in the history of either the Laurier or Marchand Governments which will not challenge the fullest investigation. What is even better, the burden of comment on both administrations has been highly favorable, so that the way is easy for the speakers.

In his address at Sutton, the Hon. Mr. Fisher dealt with the only subject as to which the Opposition have any fault to find, the administration of the Yukon, and stated that although the Yukon is an expensive place to govern, careful management by the Government has not only made it pay for itself, but has enabled the country to derive a considerable revenue from it. This is the best answer to those who complain of the policy of imposing a good-sized royalty. Despite the demand of Sir Charles Tupper and other Conservative leaders that the royalty be reduced to the merest trifle, the policy at first adopted has been adhered to. Much to their surprise, Eastern taxpayers are not called upon to furnish the money for developing this new region as they did for such portions of the West as were opened up during twenty years past. As to the charges of corruption against officials, Mr. Fisher said that Mr. Ogilvie had gone with instructions to sift these charges of corruption. Of course the ministry would be to blame if the civil servants had so far forgotten their duty as to accept bribes, but there is some satisfaction in knowing that the men who are doing the country's work up there are not fit subjects for the vilification that has been heaped upon them by the Conservative press. The latest report is that they sent a petition to Major Walsh demanding an investigation and threatening to resign in a body if it were not held, but as the Administration had no authority to conduct an examination under oath, they had to put up with the abuse until Mr. Ogilvie's arrival.

Hon. Mr. Duffy has in every way justified the confidence of his constituents. He was able to report the reduction in a single year from a deficit of \$810,000 in the finances of the Province to one of \$225,000, and that by the end of the present year it is expected the deficit will be wiped out altogether. A policy of economy had been inaugurated all along the line. In his own department, Mr. Duffy said, where large payments were made, and where of late years there had been a constant stream of extravagance and corruption, he was endeavoring to inaugurate a new system, undertaking no work except such as was absolutely necessary, and then carrying it out with the strictest economy, and thus he had been able to bring about a large and important diminution in its expenditure. For instance, the Court House at Rimouski cost \$32,000, and when it was destroyed by fire the Province received \$17,500 as insurance. To-day a new building was finished with a three-story addition, forty feet by fifty feet, and the whole thing only cost \$15,700, or \$2,000 less than the insurance on the old structure. This is the kind of administration needed in Quebec, and it is instructive to notice that the opponents of the Government find nothing to criticize.

A PLEA FOR MR. LAFOREST.

La Patrie takes the members of the Water Committee to task for seeking to introduce economy and efficiency into the administration of the Water Department. Referring to the criticisms of Superintendent Laforest, by Ald. Laporte, Gagnon and Clearhouse, for paying Mr. Fallon \$45 per week for the use of four horses, La Patrie voices Mr. Laforest's sentiments nicely when it says:

"Strange things are taking place in a certain civic committee which devotes most of its time to discuss attacks, more or less serious, upon the head of its department. These little attacks almost invariably originate with employees who have been dismissed from the city's service for incapacity or bad conduct, or from employment-seekers who have been disappointed in their expectations. There would be little harm done were it simply a question of the annoyance which these enquiries must cause the officer who is attacked, for, until now, he has come out honorably; but this practice, being continued, will spread to the other departments and may be the cause of vexation. The committees, transformed, so to speak, into boards of investigation, would occupy the greater portion of each sitting in discussing allegations, generally baseless, of malconduct of all sorts. Superintendents of departments, instead of devoting their time to their work, would be occupied in defending themselves. To avoid having to meet accusations, they might be induced to leave incapable men in good positions, and even leave work undone rather than displease their superiors and expose themselves to nagging at the hands of aldermen, who seek, by means of such humbug, to make a name for themselves and to be noticed in The Herald."

"What would become of discipline, and how would the interests of taxpayers be looked after, if common sense did not put an end to this epidemic of denunciations and idle stories?"

"The committees could not repose blind confidence in heads of departments; that's clear. But what has been going on for some time is of a nature to put aldermen on their guard against certain practical jokers who waste their time. This ridiculous comedy has lasted long enough. It is time that it should finish."

We assume that Mr. Laforest is at the bottom of this article—that he is the object of our contemporary's immediate solicitude. The trouble may spread to the other department heads—for our part we think it has already spread—but this article is seemingly chiefly concerned with Mr. Laforest.

Now what about Mr. Laforest? Public attention was first directed to the state of affairs, which has since been fully revealed in the Water Department, by reason of the actions of the water committee, and not of the superintendent. It was discovered in June of this year that \$20,000 of the water committee's appropriation had been illegally—Ald. Beausoleil says fraudulently—paid out by order of last year's committee. Thousands of tons of coal had been illegally purchased last year and this means was taken to pay for them. Had the committee no right to protest against this? Were

they, as La Patrie would have them, to sit quietly in their places, uttering no protest against being deprived of \$20,000 appropriated to their custody and use?

In July charges were formally laid against Mr. Laforest of having used material belonging to the city at his own residence and in the construction of water works for outside municipalities, and of having used the city's workmen in the same way. No investigation was held, but Mr. Laforest brought down Mr. Fallon, one of his subordinates, who said that everything was regular, that all the materials had been returned, and that in fact there was \$200 to Mr. Laforest's credit.

Now comes the exposure, as yet only partial, of the horse deal. The committee were astonished to find that not one of the eighteen or twenty horses used by the department belonged to the city. Mr. Laforest was asked for an explanation. The best he could say was that he had made a contract with the same Mr. Fallon, who was so agreeable a witness in the former case, whereby the latter supplies four horses at \$45 a week. Of the other horses he says nothing at all, and La Patrie would probably brand as another lie the statement which finds credence in City Hall circles that Mr. Laforest himself, perhaps in partnership with Mr. Fallon, is the owner of some or all the eighteen. The report may not be well founded, though the least to be said is that Mr. Laforest has done nothing to disprove it, but has by his silence given it credence.

The aldermen who compose the committee are doing their duty, and doing it well. La Patrie thinks it is time the thing should finish. So perhaps does Mr. Laforest. But it is only beginning.

THE NEW YUKON APPOINTMENTS.

It is evident that Mr. Ogilvie's projected investigation into the management of the Yukon has had nothing to do with the two new appointments to important offices which have recently been made. Mr. Fawcett has been relieved from the office of gold commissioner, and will return to the Department of the Interior at Ottawa, whence he was sent to organize the gold office when the first news of the boom reached Ottawa. Mr. Fawcett was an accountant in the Interior Department at that time, and was no doubt the best man at hand to inaugurate the system. He has been openly charged with the most disreputable practices in the discharge of his trust. Major Walsh's reports indicate that he is a badly abused man, and it can readily be believed that such is the truth. Where a dozen or a score of men are clamoring for one location and only one can get it, the other eleven or nineteen, or some of them, are almost certain to impute wrong motives to the man who has to make the decision. It is true this only argues that such a man is best by strong temptations. But the Canadian public are not going to believe that the men who have their country's honor and good name in their keeping will so lightly betray it, will not believe it, at least, until the charge has been well proven. Mr. Gordon Hunter, who succeeds Mr. Fawcett, is a lawyer of exceptional ability, and if, as has been said, the main reason for any failure Mr. Fawcett may have made was the fact that only a lawyer, and a good one at that, could fill the position, the new appointment ought to meet the case.

Mr. F. C. Wade, the other officer who has resigned, probably never intended to stay longer in the Yukon than he has. He is well able to take care of himself, and if the Star is really sincere in its anxiety to discredit the Yukon administration by having some of the members of it "sent to trial," it might make a good beginning by trying conclusions with Mr. Wade. His successor, Mr. W. H. P. Clement, is an able man, a good lawyer, has contested West York for parliamentary honors, and is the author of the text book on Canadian history which won the prize given by the Ontario Government.

SEPTEMBER'S SHOWING.

The September statement of the revenues and expenditures of the Dominion showed a gain in revenue and decrease in expenditure, as well as in the public debt. The revenue gain for the month was \$945,300, and the reduction in the expenditure \$117,942, being a total betterment of \$1,063,242.

The custom revenue maintained its steady gain, indicative of larger importations and, from its continuance month after month, of larger consumption and larger sales. The customs collections for September totalled \$2,630,501, as against \$1,911,985 for the same month last year, being a gain of \$118,515.

There was a decrease of \$314,784 in the public debt during the month. On capital account the outlay was \$1,000,150, of which \$515,600 was expended in the canal improvements and other public works, and \$484,550 on railway subsidies.

For the three months of the present fiscal year—July, August and September—the total receipts were \$11,441,890, as against \$8,314,747 the year previous, being an increase of \$3,127,142.

NOTES AND COMMENTS.

Keep party politics out of civic affairs.

It looks as though Sir Charles and the Star, finding they cannot step into power at Ottawa by way of Quebec and Toronto, are now turning their attention to Montreal. Any port in a storm.

Eureka! The Star has discovered why it is that the city's affairs are mismanaged. It is because there are fourteen Liberals and only thirteen Conservatives in the Council. And nobody ever thought of it before.

There has been a failure of the wheat crop in Prince Edward Island owing to severe rains which have practically destroyed the whole crop, and in Manitoba recent rains have also caused heavy losses. The grain can still be used for feeding live stock, but there is not much profit left to the farmer.

The outcome of the contest for the presidency of the Club National, which will be decided on Friday evening, will be watched with interest by Liberals of all classes and creeds. For the past twenty years Mr. Charles Marcell has been

a loyal and gallant fighter in the Liberal ranks, his devotion to the party and its leaders showing most conspicuously when prospects seemed most gloomy. His eloquence and his skill as an organizer have been employed unceasingly in election campaigns, and friends and opponents have acknowledged his rare power. The Liberals of Canada, from Gaspe to Algoma, have had the benefit of his services at one time or another. Among his recent triumphs, the victory of the Liberal candidate in Richelieu county over the Hon. Alph Desjardins and all the methods which the Tupper Government so lavishly employed to influence voters may be mentioned, as also his own magnificent victory for victory it was—over the ex-Provincial Premier in Gaspe county. Mr. Marcell has certainly deserved well of his party, and we are sure the members of the Club National will have a most honorable president if they should decide to elect him. On the other hand, should their choice fall upon Mr. Drouin, the club's present vice-president, there will be no less ground for satisfaction. Mr. Drouin, like other members of his family, has always been a staunch Liberal. He has already given evidence of his worthiness to bear office, and the honor of the presidency of the Club National will not be too great for his merits. Since the advent of the Liberals to power he has been entrusted by the Government with its revenue cases, and has displayed skill and ability in their conduct. The Club National is to be congratulated upon having two such desirable candidates.

MONTREAL PRESBYTERY.

Meets in Lachine to Discuss a Union of Two Churches.

The Union Was Decided on and a New Edifice Will be Erected in the Town.

Lachine, Oct. 12.—(Special.)—A meeting of the Montreal Presbytery was held in Lachine yesterday, for the purpose of further hearing fully both parties for and against the union of the two Presbyterian churches in Lachine. There were present: Rev. Dr. MacVicar, Rev. Prof. Scrimger, Rev. James Patterson, clerk; Rev. Mr. Dobson, Rev. Mr. Morrison, Rev. James Fraser, Rev. Dr. Patterson, Rev. Nathan Waddle, Mr. Walter Paul, Dr. Christie and others.

The minutes of last meeting of the Presbytery were read, together with the proposed terms of union, at the morning meeting in Henry's Church. A small attendance of members was present, the Rev. Prof. Scrimger in the chair. Rev. Nathan Waddle, the pastor of the congregation, was requested to speak, and stated that he was in favor of union, but thought it was necessary that a new church be built in the centre of the town, and a proper hall be provided, as the field was large, covering an area of 144 square miles. He had labored for five years under great difficulties. The basis of union did not meet his ideas, but he was willing to resign and step out, and was perfectly satisfied with the action taken by the two congregations.

Dr. Christie spoke strongly in favor of union, as well as many others. Mr. Jno. R. McQuat, Gavin J. Walker and Mr. Thomas Barron spoke strongly against the proposed basis of union. Mr. McQuat stated that it would have been better to have provided a place to meet in as the present churches were not large enough to hold the two congregations, and a new church was necessary. Some persons should have gone around and found out if the people were willing to subscribe for a new church, before the question of union came up at all.

Mr. Thomas Barron presented a petition to the Presbytery signed by a few that the question of union be dropped altogether. The Rev. Dr. MacVicar, just at the close of the meeting requested the opponents of the union to offer their amendments to the proposed basis of union at a joint meeting in First Church on Thursday.

At the next meeting the Rev. J. Mackie, the retiring pastor of First Church, spoke strongly against the union, and said there were only a few who wanted union. John W. McQuat, Simon McKim and others spoke strongly in favor of union. Geo. Morrison, P. S. Dunbar and Geo. D. Walker spoke against union.

Dr. MacVicar asked would it not be better that they should be united. The joint meeting took place in First Church. The chairman called on the representatives from Henry's Church to give further recommendations.

Mr. Thos. Barron moved that the present basis of union be dropped, and that First Church people unite with them when they shall have a voice in all the affairs of the church.

During the after-meeting of the Presbytery, the Rev. Dr. MacVicar moved, seconded by Rev. James Fleck, that a union of the two churches is desirable and almost absolutely necessary; that a new church be erected in the centre of the town; and that the people are perfectly able to build a new church; 4th, That the union of the two churches is not so great a matter as it is made out to be. That proper care should be taken of the memories of the past history of the two congregations; and, resolved, that having heard all the parties fully for and against union, it is necessary that the two churches unite, and build a new church, and that subscription papers be passed around in the two congregations to find out what shall be given to build a new church, and that further action by the Presbytery be deferred until such time as the two sessions make their reports, and when the necessary funds are subscribed, a new church built and the union consummated.

Remedy for Whooping Cough.
At this season Whooping Cough is very prevalent among some of the children in most families. It is not advisable to stop the coughing entirely, but relief should undoubtedly be sought. Griffiths' Mer

DAWSON CITY NEWS TO SEPTEMBER 24.

Dawson, Sept. 24, via Vancouver, Oct. 12.—(Special.)—Our first snowfall took place yesterday and the day before, but the fall was a slight one, and the weather to-day is balmy but slightly chilly. There is no ice as yet formed on the river. An influential miners' association has been formed and a club house erected by it. A public meeting has been called for September 27th to discuss the question of parliamentary representation for the Yukon district at Ottawa.

Commissioner Ogilvie has inaugurated many official and social reforms, and the leading men of the city have pledged him their cordial support in carrying them out.

Alexander Macdonald, the multi-millionaire, known as the Uncrowned King of the Klondike, and Richard Low left on the Dominion, en route for Great Britain and the Continent, where they will spend the winter, and return in the spring. The typhoid fever epidemic is subsiding, much to the satisfaction of everyone in the city.

CLUB NATIONAL HAD A TIME
The Admission of 1,270 New Members Caused Much Talk.

VESTED RIGHTS.
Michigan Lumbermen Intend to Test the Constitutionality of the New Ontario Lumber Law

Toronto, Ont., Oct. 12.—(Special.)—A lumberman, who resides in Toronto, stated yesterday that the Michigan lumbermen intended to test the constitutionality of the provincial law requiring logs cut on Crown timber lands to be manufactured in the Province, by entering suit in the Exchequer Court for damages. The Michigan lumbermen regard the recent Ontario law as an invasion of vested rights and a confiscation of private property, and in this view they are supported by eminent Canadian legal opinion.

HANOTAUX A VICTIM.

He Paid a Big Price for Letters Said to Have Been Written by the German Emperor.

Paris, October 12.—M. Clemenceau, in an article in the Aurora asserts that letters purporting to have been written by the German Emperor figure in the Dreyfus dossier, not indeed as originals, but as photographs.

These, he declares, were palmed off as authentic upon M. Hanotaux, the former minister of foreign affairs, who paid 7,000 francs for them. M. Clemenceau challenges contradiction of these statements.

Among the thirteen new Morris Upright Pianos received during the past week at W. H. Leach's, 49 Metcalfe street, are several duplicates of the Morris purchased by Mr. Ernest F. Kerr, organist of Olivet Baptist Church; \$275, payable \$8 monthly, will secure one of these beautiful instruments.

Harbor Board Sustained.
Mr. Justice Mathieu has rendered judgment upholding the action of the Harbor Commissioners in the Milwaukee case. Pilot Dufresne was suspended for two months. He applied for a certiorari but Justice Mathieu dismissed the petition.

oil and the singing of the "Marseillaise" brought the meeting to a close.

Lt. Governor Was Not Sworn.

Winnipeg, Man., Oct. 12.—(Special.)—Lieutenant-Governor Forget was not sworn in here yesterday, as intended, owing to the non-arrival of the oath book and doubt as to whether the administration of the oath by a judge outside of the Governor's district was legal. His Honor gave a luncheon and reception at the Manitoba Hotel, the latter being largely attended. The oath will be administered at Regina on Wednesday.

BREAKFAST SUPPER

EPPE'S COCOA

HERO CAPTAIN HAS QUIT TOWN.

How Capt. Allen G. Gillette, of the 71st New York, Came to Montreal and Captured It.

The only difference between a young man who called himself "Captain Alling Gillette" and the one who a few years ago "did up" Montreal while masquerading under the name of "Phil Armour, jr., Chicago," is that the latter got away with some \$8,000 to \$10,000 of good money and good goods, while "Gillette" got a hundred at most, a few articles of wearing apparel, but a real happy time with a knowledge that he fooled several people very badly.

"Gillette" landed here about ten days ago, and soon ingratiated himself into the hearts of several young men. He stayed for a short time at the Carlsberg, where he told remarkable tales about the captaincy in the famous 71st New York Regiment, and of his heroism during the late war with Spain.

"Well, I don't know exactly," was the answer to a question as to how it feels to be in battle. "It is a hard question. Before the actual fighting begins you feel as if some great calamity was going to befall you—such as the ruin of your business or the loss of a near relative who affects you. Then when the real fighting begins your feelings give way to intense excitement, and you fight away with no thought of the danger that threatens you. It is not that you have no fear, simply that you get beyond it. You look upon death, too, in a peculiar way, or at least I did. My captain was shot dead within two feet of me, and I went straight ahead as if nothing important had happened. The first lieutenant was also killed. I was second lieutenant then, and the death of my two superior officers made me command of the company."

He said he was a son of the well known Dr. Gillette, of the Mutual Insurance Company of New York, and he went so far as to actually call at the office of the company in this city. It would appear that he satisfied himself that Mr. Fayette Brown, the manager, was out of town and then he called. The presence of Dr. Gillette's son in the office was quite interesting. "Captain Gillette" introduced himself, looked around the office, espied a picture of the doctor, and said:

"Dear old dad," he said. "It's a good picture. Taken a little while ago, and, of course, he's growing older, but it's a good picture just the same. By the way, I am expecting some drafts on here in an hour or two; can you let me have a little money?"

"Very sorry," said Cashier Dodds, "but you see the manager is away, and I have no authority to give out any money." This was taking great chances with the "son" of the general manager of the company, but Mr. Dodds preferred to take these rather than other chances.

"Oh, well," replied the Captain. "Let it go, let it go. Telephone the Windsor and say I'm all right."

This wasn't so bad, and Mr. Dodds willingly phoned Mr. Weldon that the price of a bed night with safety be put on a slate. The captain had by this time evidently decided on a change from the Carlsberg to the Windsor—the latter is more expensive, you know, and "Captain Gillette" of the 71st, didn't care for expense. He had barrels of money—coming. He did not need, however, to have very much ready cash, as by a carefully arranged system of introducing himself to the proper youths he made them do the petty spending. In return he promised them anything and everything. Fit Reform folks, Tooke's, Hannan's, hotels, banks—they were all visited. Few of them were bitten because the game is so old. The Fit Reform folks, however, are out a suit or two, and the Dominion Bank loses \$50, which it advanced to "Captain Gillette."

The captain desired to go to the ball, which was given to the warship officers on Thursday, so his newly-found friends piloted the way. "Gillette" walked over to the woman's desk and asked for three tickets for the ball, but he had only a head, fresh from Cuban waters, arrived in the middle of the night, and he was not prepared to mix up the ball account with the captain's account. If there is any man who quickly "gets on" to the hotel host it is Manager Weldon, and that his suspicions were well-founded has been proven in many ways. For the bill which is due the Windsor Mr. Weldon holds the record.

The New York Herald was asked by wire this morning if there was such a man as Captain Allan Gillette in the 71st. It replied:

"In the roster of the 71st Regiment no such name as Allan Gillette appears."

Mr. Fayette Brown, of the Mutual Insurance Company, also wired New York asking Dr. Gillette if his son was in this neighborhood. The reply was "no."

Neither is the alleged son of Dr. Gillette here now. He fitted early this week, and a telegram from Quebec this morning says that he has been there for two days.

Chief of Detectives Carpenter and his men have been looking for him since Friday.

HOME FOR INEBRIATES.

The Need of Such an Institution Discussed by the S.P.W.C.

Servants and Their Troubles—The Sad Calendar of Drunk's Evil Results.

The need for a refuge for inebriate women was again discussed at this morning's meeting of the Society for the Protection of Women and Children, at which were present:—Messrs. F. E. Grafton (in the chair), Walter Drake, Rev. E. M. Mann, Rev. Thomas Harris, and Mr. G. M. Marshall, secretary. Mr. Marshall read a reply from the Grant Galt Cure Institute, stating that they could not give free treatment, but would furnish their medicines at a reduced price. The letter was laid on the table, and Mr. Marshall was instructed to write to the Belgian Brothers at Longue Pointe for information. The members present were quite agreed as to the necessity for some institution in which the inebriate poor could be treated at Government expense.

Mr. Marshall mentioned a matter which affects girls in large factories, hotels and restaurants, and on which there was a good deal of ignorance. It is usual to retain ten days' pay, from which the girls argue that they can leave on ten days' notice. This is not so, as they must give a full fortnight's notice, and not only so, but must give it at such a time that the expiration of the notice may come even with the end of their month.

Sir William Hingston wrote to say that he would be glad to become a director of the society, as an expression of his sympathy with its objects. His name will, accordingly, be placed on the list.

The monthly report of cases treated was read by Mr. Marshall, and presented the usual sordid picture of misery, caused largely through drink. There had been fifty-five cases in September. Eighteen were complaints against drunken husbands, of whom nine promised reformation and eight were punished. Two cases of assault on women were punished, two sick women placed in hospital, thirteen destitute children sent to homes, two poor boys supplied with free schooling and books. Of four cases in which husbands had deserted their wives, two were induced to return, and one who would not was compelled to make an allowance. Four servants reported the non-payment of wages, and \$61.30 had been recovered.

Business Notes.

Certificate has been filed of the incorporation of the Sunlight Oil Co., Limited, Chas. G. Cornelle, president. Dissolution of partnership has been registered by F. Malo & P. T. Cantara, contractors (F. Malo & Cie); J. B. Germain and Mrs. Alde Lacroix (J. B. Germain & Cie.). Partnership has been registered by Wm. and Thos. Alex. Vipond and P. T. Peterson (The People's Coal Co.). Certificate has been filed of the incorporation of The Bishop Engraving and Printing Co., G. T. Bishop, general manager.

QUEBEC SETTLES DOWN AGAIN.

Business is Resumed Once More After the Recent Whirl of Social Ceremonies.

KILLED WITH KINDNESS.

A War Correspondent Says it Was Worse Than the Spanish-American Conflict.

GAVE AN IMPETUS TO TRADE

Quebec, Oct. 12.—(Special.)—Although indications are not wanting that the impetus which has been communicated to business here during the past month by the presence of such a large gathering of strangers will be something more than evanescent in its effects, the Ancient Capital may be said to be gradually resuming its wonted air of placid repose. The citizens, almost exhausted by their hospitable efforts, are beginning to rest, and the "war" which has been waged here since the arrival of the "war" correspondent, is now being waged in a more peaceful manner. The "war" correspondent, who has been here since the arrival of the "war" correspondent, is now being waged in a more peaceful manner. The "war" correspondent, who has been here since the arrival of the "war" correspondent, is now being waged in a more peaceful manner.

Balla, "at homes" and receptions, became affairs of everyday occurrence, the city, the Lieutenant-Governor, the Prime Minister, the Hon. R. B. Doherty, the Governor-General and Vice-Admiral Sir John Fisher and the captain and officers of the Renown and the Ancient and Honorable Artillery Company, being the principal guests. The city, the Lieutenant-Governor, the Prime Minister, the Hon. R. B. Doherty, the Governor-General and Vice-Admiral Sir John Fisher and the captain and officers of the Renown and the Ancient and Honorable Artillery Company, being the principal guests.

Her Majesty's Theatre. Mr. and Mrs. Murphy make their formal announcement of the opening of Her Majesty's Theatre on November 7th in the advertising columns of to-day's Herald.

The sale of seats for the opening week will undoubtedly be very large, and the attendance will test the capacity of the building. The decorators are hard at work, and the work of putting on the finishing touches will soon be commenced. Of the attraction, "The Belle Girl," too much cannot be said. The New York and Boston papers look upon it as the greatest thing of its kind ever staged.

Dominion Street Opening. At a meeting of the Roads Committee held this morning a deputation of citizens from St. Quenigonde and the west end of the city asked that steps be taken to have Dominion Street opened. The members of the deputation pointed out that the Grand Trunk Railway now blocks the street, and that the city is suffering from the inconvenience.

Ald. Martineau replied that Ald. Ames now has a notice of motion on the order paper to lay this question before the Railway Committee at Ottawa.

Ald. Brunet suggested that a sub-committee of the Roads and a committee from St. Quenigonde walk upon the bridge and talk the matter over. This suggestion will be acted upon.

The committee discussed the question of the bridge from Notre Dame street to the Place d'Armes. The disputed point is as to whether the bridge will be run to the east or the west end of the Notre Dame street bridge. They were unable to come to an agreement and the question was left over till the next meeting.

From St. John, N.B. St. John, N.B., Oct. 12.—(Special.)—George Lake, representative of Captain Partington, the Liverpool paper king, arrived today to examine the site of the Cushing pulp mill, which the captain is largely assisting in the report is favorable. The lumber mill owners heretofore have been endeavoring to have Lake examine their properties with a view to establishing mills. Woodstock citizens have subscribed a large sum to secure a report on the pulp mill prospects for their place, and will subscribe liberally to stock and probably give exemptions if the report is favorable.

The plans for the entertainment of Lord Helyar and party are somewhat amended to-day, and it is now intended to tender him a citizens' instead of a barbers' dinner. Mayor Sears is head of the entertainment committee.

Sloan Had a Walk-Over. London, Oct. 12.—The Autumn Handicap, which was won by Leopold D. Rothschild's colt Saripant.

High Treasurer, the property of Lord Howe, and ridden by Tod Sloan, was unplaced.

The Kennett Plate, Lord Rosebery's Ebb, ridden by Sloan, had walk over. Penton's Chaleux won the Ces-awitch Stakes.

Astoria, the property of Sir H. Wallie Griffiths, ridden by Sloan, finished second.

A selling plate, for two-year-olds, was won by H. McCallmont's Karosko, ridden by Sloan.

SIR WILLIAM'S PARTY. Victoria, B.C., Oct. 12.—Sir William Van Horne and party are here, and will remain several days before proceeding to Kootenay to inspect the constructions on the Penton Boundary line and formally open the Crow's Nest road. Sir William says nothing will be done regarding the building of the Fraser Valley road from the Penton to the coast until the Penton Boundary branch is in operation. "We believe in doing one thing at a time," said Sir William to-night, "and building this Penton Boundary branch is proving a trying operation."

Hon. Mr. Costigan Back. Ottawa, Oct. 12.—(Special.)—Hon. John Costigan returned here this morning after a three months' trip in the North-West, from Edmonton towards the Peace River district. He is in excellent health and had a pleasant trip.

BIG COMPANIES NEEDED IN YUKON.

English Mining Experts Declare this the Best Way to Work the Rich Deposits.

GOLD TO LAST 30 YEARS

How the Complaints Against Officials Originated—Amended Regulations Wanted.

RICHEST FIELDS IN THE WORLD

Two mining experts who are passing through the Klondike on their way to England declare that with machinery the rich gold fields of the Yukon will not be exhausted for a quarter of a century or longer. These are Messrs. H. S. White, who has been the Reuter special correspondent at Dawson City, and F. Halder, a mining engineer with many years' experience in South African mining.

Both Mr. Halder and Mr. White agree that Canada has in the Yukon one of the richest gold fields yet discovered, but that the only chance of making it a permanent and prosperous source of wealth is by bringing companies for twenty-five or thirty years, but that the placer mines will be worked out in a few years. To induce companies to go into the country and operate on a large scale they would need to be given a sufficient area of ground to keep them employed profitably for the length of time mentioned. As the history of mining in all lands has shown that it costs as much to take out gold as the total value of the output, he says it would be necessary to grant such considerable concessions in order to induce them to enter the large areas of low-grade gravel throughout the country, Mr. Halder says, which can only be worked by large concerns.

Mr. White explained a lot of the grumbling against the Government officials at the Klondike, saying that when the offices were established the population was only 5,000, but this rapidly increased to 25,000. Unprepared for such a rush there was a great deal of grumbling and many complaints of neglect which were quite unfounded.

Canada's First Flag. The board of directors of the Notre Dame Hospital met yesterday afternoon for the election of a medical superintendent to succeed the late Dr. Amédée Lamarche.

Dr. Ethier Appointed. Doctor Aldege Ethier, of St. Hubert street, received the appointment.

Dr. Ethier is well known, and has already occupied the position of superintendent for three years. He is a graduate of Laval University, '91. Dr. L'Esperance, of Sherbrooke, was appointed to replace Dr. A. Bourque, who is dangerously ill with typhoid.

The latest addition to the museum of the Chateau de Ramezay is the first flag of the Dominion of Canada ever made. This interesting memento has been presented by the maker, Mr. William Ross, who designed it in the days when Confederation was as yet in the air, and who was able to show it to the winds shortly after Canada's natal day. In the corner is a small "Jack," the centre consisting of a wreath of maple leaves, enclosing a beaver.

Now Intercolonial. The Canadian Government Railway System, a name for the roads operated by the Government, no longer exists. The Railway Department has gone back to the old names of the Intercolonial Railway, and the Prince Edward Island Railway, and the new time-table issued by the Intercolonial bears that name, under which it was formerly known, instead of the Canadian Government Railway System.

Says He Stole Pants and Forged. Arthur Courteau was arrested on a Police Court warrant last night, charging him with stealing a pair of pants and forging a check for \$100.00 on the firm of Amiot, Lecours & Larivière. The value of goods received through the forged orders is about \$15. The prisoner pleaded not guilty, and was remanded.

Someone Took Three Barrels. Elzie Dion, aged 23, St. Paul street; Michael Cebal and Alfred Duha, of St. Andrew street, were arrested by Detectives Luthergill and Picard last night on the charge of stealing three barrels of brass goods and one barrel of pork, from a large, belonging to the Black Diamond Steamship Company. The three prisoners were brought before the magistrate this morning and pleaded not guilty and were remanded.

Has He False Scales? Albert Brisson, 261 Champlain, was arrested last night on two charges of infringing the law in regard to weights and measures, by having false measures in his store. His case was enlarged till Friday.

FATHER GETS SON FOUR YEARS. "Four years in the penitentiary, by boy," said Acting Magistrate Lafontaine this morning, addressing young Wilfrid Leclerc, charged with breaking into his father's house, 374 St. Andrew street.

The theft was committed last Monday and a quantity of silver and brass ware was stolen. It was Landreville's father who had him arrested.

NEWS FROM CORNWALL.

The Council Asked to Deal Leniently With the O. & N. Y.—A Drama Presented by the Dramatic Club.

Cornwall, Oct. 11.—(Special.)—The water commissioners of the town of Cornwall appeared at a meeting of the Town Council last night, and asked that the members of the Council would express their opinion on the matter of dealing leniently with the O. & N. Y. Railway in extending the water main to their station and charge them only nominal rental for the water used. The Council expressed themselves as strongly in favor of the case. Another matter which was discussed by the Council was the returning of the bond of deposit cheque of \$500 to John Foley, of Ottawa, who tendered for the grand old walk and was accepted, but who afterwards refused to sign the contract. A motion was made to retain \$100 of the \$500 deposit cheque, but after some discussion the matter was left over.

The Irish drama, "Robert Emmett," was produced last night in the Music Hall to an overflowing house, by the Cornwall Dramatic Club. It was a decided success, and several of the members of the club played their parts like professionals. So great was the sale of tickets that it was decided to repeat the play to-night, and the drama, of Newington, was in town yesterday.

Alex. McKee, of North Lancaster, was in town on Tuesday.

J. M. Campbell, of South Finch, was in town yesterday.

Alfred J. Tobin, who played with Kingston on Saturday with the McGill College Rugby team, was in town to-day.

J. Murphy, who has been spending a few weeks in Montreal, has returned home.

A. Drew, of Williamstown, was in town yesterday.

P. M. McArthur, of Lancaster, was registered at the Ottawa Hotel to-day.

J. Cameron, engineer of the Ottawa and Parry Sound road, is spending a few days with his family this week.

A. J. Robertson, of Martintown, was in town to-day.

Mrs. Towne, who has been visiting her father, Chief of Police Cameron, left on Monday for her home in Boston.

Toussaint Mero was arrested last night at the instance of his wife. He was charged with vagrancy and non-support. As she failed to appear against him this morning, and as Mero pleaded hard for mercy, he was let off with a warning.

Tried to Blow Up a Safe. Burglars made an unsuccessful attempt early this morning to blow open the safe of J. Christian & Co., soda water manufacturers, Sanguinet street. Before proceeding to carry out the main object of their visit, they rifled the drawers of the desks and abstracted about \$30 in American nickels and coppers, also a fine revolver, which was kept loaded on the premises.

When they went to work on the safe and bored two holes in the door, they made a mistake by making the charge too small, and the explosion simply split the door down the centre. The report of the explosion was louder than they evidently expected it would be, for it aroused the caretaker, who was sleeping in his apartment above the office. As he went to investigate the burglars made off, leaving all their tools and powder.

The extent of their gains were the \$30 and the revolver, but had they managed the other job more skillfully they might have made a rich haul.

NEWSBOYS ON CARS. Conductors Have Orders to Keep Them From Jumping On and Off.

Hereafter life citizen who wants to read The Herald or any other paper on his way home in the cars will have to buy it before he gets on. Superintendent McQuaid, of the Street Railway Company, has issued orders to all conductors that no newsboys must be allowed on the cars unless they choose to get on and pay their fare. This action has been taken in the interest of the boys as well as the company. The practice of jumping on and off the cars while in motion is a dangerous one, and it is a wonder that more accidents do not take place. Complaints have been made to the company of the dangers the newsboys run, and the order referred to has been issued.

Canada's First Flag. The board of directors of the Notre Dame Hospital met yesterday afternoon for the election of a medical superintendent to succeed the late Dr. Amédée Lamarche.

Dr. Ethier Appointed. Doctor Aldege Ethier, of St. Hubert street, received the appointment.

Dr. Ethier is well known, and has already occupied the position of superintendent for three years. He is a graduate of Laval University, '91. Dr. L'Esperance, of Sherbrooke, was appointed to replace Dr. A. Bourque, who is dangerously ill with typhoid.

RANDOM REMARKS.

When the clouds of strife clear away the warring element of the Ontario Rugby Football Union will find that a great deal of harm has been done to the game in Ontario. At present football is the only one of what we might call as the more violent games that is distinctly a "gentleman's game." The better-born young men of the Dominion indulge in it, and it is free from any taint of professionalism as any widely popular game could well be. Just when the season that promises to be the best in the history of the game in Canada was about to get nicely under way the four senior teams in the O. R. F. U. act like a lot of schoolboys, and leave the Union. Apart altogether from the merits of the case—surely it was possible to settle the squabble internally, without showing the public that dollars and cents are more thought of than championships. The officers of the union represent the very clubs that made the fuss, and a settlement could have been arrived at without a silly "strike." The public is getting very tired of having these squabbles dished up to them day after day. It is very disgusting way of conducting a fair sport. The sooner we have broad-minded men at the head of affairs, men who can foresee any little friction and settle it quietly, the sooner will the longevity of our games be assured. The Intercollegiate League was organized to maintain the high standard of football, and now is a capital opportunity to show the wisdom of such a move. The O. R. F. U. is playing into the hands of the College Union. Last Saturday's game in the Quebec series was a model of how gentlemanly football can be played, but the match on that previous Saturday was not so satisfactory. The Kingston Granites did not behave like gentlemen, but they have an opportunity to prove themselves such on Saturday next. A certain amount of rough play is to be expected, but the least exhibition of ill feeling is inexcusable.

A very sensible suggestion comes from the Toronto Mail and Empire. It is to number football players such as is done at bicycle meets and in other athletic contests. It is very seldom that any spectator knows the different men on the field. In the stand one always hears, "Who's that?" "That's Smith." "No it isn't, there's Smith over there," and so on from start to finish. Only thirty numbers would be required, and these could be securely fastened to the back so as to be conspicuous to all spectators. Some would certainly be torn off, but there would be very few out of place at the end of the game. This simple little method of informing the public of the names of the players would be greatly appreciated. In truth one feature of all such games is the little attention the powers that be give to the comfort and convenience of those who turn out and pay the quarters and fifty cent pieces that keep the clubs in existence. A little thoughtfulness on the part of the clubs would be greatly appreciated. Starting on time, for instance, would be an easy method of showing the public that their patronage was appreciated. In Winnipeg the referees have strict orders from the Union to start the games promptly on time if only half the players are on the field. It has the desired effect.

It is a wonder that one does not see more field glasses in the hands of spectators at football matches. A pair of glasses enable the onlooker to see many of the fine points of the game that escape the naked eye.

This is the time of the year when sportsmen look forward to outings with the guns and dogs. The fond of going after big game are particularly fortunate in having any amount of it in comparative close proximity to Montreal. During the past few days several parties have gone to the Kippawa district, and there is something like a trail of 2,500 square miles of country that affords the best moose shooting in the world. Lakes and streams cut it up into a network of passages through which all parts may be reached with ease. The aquatic sportsman—and he is a rare bird that is not charmed by the beauties of nature—can there find scenery whose grandeur is beyond description. The country is too, too abundant in countless numbers, and as for the fishing—well, Isaac Walton would turn in his grave if he knew what he missed by not fishing the district. It is indeed a sportsman's paradise, and will not be long before the sporting community recognize it as such. One day will take a party from Montreal by train and get them down at Lake Kippawa, from which a wilderness of blue water, green trees and imposing mountains can be reached in a few hours. To cross the whole country that presents such a temptation to the sportsman would take at least twenty days, so you can see that thousands of guns would scarcely make the sport less interesting. If any sportsman wants to know just what it is like to get there, I will be delighted to give him all the necessary information.

Steepchasing seems to be getting to be more of a game than it used to be. Time was when no one would think of putting his horse over a jump that was less than four feet high. At the hunt steepchases last week there was not a jump over a fence that was three and a half feet high. Yet the rules of the hunt call for four feet. The horses are being let down a trifle too easy. Four feet is the proper height for a jump on any steepchase course, and it is too bad that height was not reached on the Bel-Air course. The water jump, too, has been contracting of late years until at last week's meet it disappeared entirely. However, apart from that, the meet was admirably conducted, and the hunt deserves credit for another success achieved. Taking of steepchase courses, it is too bad that we have no one near Montreal that would be a credit to our pink-coated knights. One certainly could not be laid out within a mile course. It takes a great deal of territory, and as territory is rather expensive, there are obvious reasons why the Hunt people have not one of the finest steepchase courses in America. But everything comes in time.

The Ottawa were expelled from the Quebec Rugby Union for adopting tactics on the field. The Ontario Rugby Football Union immediately took them up and made heroes of them, thus acting in a very ungracious manner towards the Quebec Union. Now the O.R.F.U. bids fair to be wrecked by internal dissensions, and the following extract from the Toronto Globe indicates that the Ottawas are playing the same old game: "The Osgoode scrumming claim that they were subjected to the most brutal treatment by their opponents, who knelt them and upper-cutted them without cessation in mass plays. Wilson's eyes are obvious reasons why the face is decorated with numerous bruises, the effect, as they say, of punches delivered by their checks."

TRYING TO SETTLE SILLY SQUABBLE.

Ontario Football Union Met Last Night and Made an Offer to the Dissenting Clubs.

A SETTLEMENT UNLIKELY.

Father Fallon Will Not Return to the Football Fold—Granites Ready For Montrealers.

GENERAL FOOTBALL GOSSIP.

Toronto, Ont., Oct. 12.—(Special).—There was another meeting of the O.R.F.U. executive last night, when all the members occupied seats around the dilapidated board.

When Courtney Kingstone, on behalf of the Osgoode Club, at the last meeting of the executive brought in a motion to allow the Union but \$25 out of each game, President Ford ruled it out of order. The first business done last night was the president's withdrawal of dis-ruling and he thereupon ruled the motion in order. The executive then decided to suggest a compromise, agreeing to take \$80 for each game, providing that one-fifth of the receipts does not exceed that amount, and in case one-fifth is less than \$80, the fifth is to be taken. A sub-committee was appointed to confer with the committee appointed by the four senior teams. After stating what they would do regarding the matter, the Union gave the sub-committee full power to arrange terms with the dissenting teams. A meeting of the representatives of the two parties will be held as soon as possible.

A prominent football man, who is on the committee appointed by the teams, said that he thought there was the slightest chance that the clubs would accept the Union's offer. They are out on strike, and he looks as if they will stay out if the Union does not come to their terms.

Although it is yet early in the season it is most important to both the Montreal teams that they should win their game on Saturday. If Montreal again defeats the Granites it will put them where the championship should come as a matter of course, as they will have three victories to their credit, with College with one defeat and Granites two. Such a lead will just about make things sure. For this reason the Montreal players will make an earnest effort to win Saturday's game at Kingston. Judging by the manner the Granites behaved here, and their well-known actions on their own ground, the game will not be of the gentlest. As an excursion will be run to Kingston, a large number of supporters will probably accompany the team.

The McGill team is just as anxious to win from "Varsity" if they are victorious they will have two wins to their credit, but the Queen's and Varsity teams each a loss. This would make a nice start towards winning the championship. The game takes place on the McGill Stadium, and commences promptly at 2.30. Seating capacity for 1,500 has been provided around the gridiron, and the seats commenced to-day. There may be some changes in the team for the game, but they will be slight. The men are now in the pink of condition, and are ready for the game of their lives on Saturday. Toronto Varsity has a strong team this season, one of the strongest in Ontario, and the meeting of the two colleges should mean a magnificent game.

NEWS FROM KINGSTON. Kingston, Ont., Oct. 12.—(Special).—Queen's University has been protesting against Saturday's game, not wishing to cause any friction in the inter-collegiate union, or upset the league schedule. Both teams and the team have placed statements before the executive for their consideration. Queen's, as far as is known, has only protested two Rugby football games in the past ten years. One was against Hamilton in 1889, and the other against McGill in 1897. Queen's winning both protests. The college does not believe in protests unless great injustice has occurred. Manager Charles Webster has had a Saturday's game. They want the crowd to be kept back thirty feet from the goal line. Mr. Bailey or Cadet Carr-Harris for referee, and a fence around the gridiron. The only thing they said they did not want was Dr. Ross for referee. "Jack" Elliott has decided to get out with the Granites, and appeared in uniform this afternoon. He is a fast wing man.

Reynier has not recovered from the usage received at the hands of a Montreal footballist, and may not be able to turn out with the Granites on Saturday.

GREAT LOSS TO COLLEGE. Ottawa, Ont., Oct. 11.—Rev. Father Fallon will not manage the Ottawa University football team this year. He wishes it denied that he was waiting on a reputation asking him to assume control of the team, and also that he gave any answer whatever. Father Fallon stated positively that he was not out of football to stay, and under no circumstances would he give up his duties in connection with the team. There is not likely to be any change in the management, in spite of rumors to the contrary. The players are not depressed by their defeat on Saturday.

BRITS WANT A GAME. Brockville, Ont., Oct. 11.—The Britannia Football Club, of Montreal, has asked Brockville to play an exhibition game on the 22nd instant. The secretary has replied that the Brockvilles would be pleased to meet and entertain the Britannias, but provided they match on next Saturday with Ottawa.

GLEASON ON HOW TO TRAIN. E. P. Gleason, past captain of the Ottawa College football team, contributes an article to the Toronto News on the success of the college team. It was written before last Saturday's game. "The Ottawa College Football Club has been making a more wonderful career than any other athletic organization in Canada. For five years, beginning from 1888, it won five successive championships, playing nearly forty games, and it is too bad that it has not won more. The success of this statement has, in my satisfaction, which resulted in a defeat. In recent years a series of brilliant triumphs on the gridiron has managed to bring fame to the wearers of the garnet and grey, and the Ottawa College kippers. The answer to these questions, so far as could be learned from five years' close observation and active experience, I am requested to give to the readers of the News. First of all, their repeated winnings of championships can not be explained by their possessions of exhaustive material from which to select players. The truth of this statement has, in my satisfaction, been strongly verified since I came to Toronto. Perhaps there is not a senior club in this city that has not almost twice as many promising players as usually turn out with the Ottawa College kippers. This makes the excellence of their showing all the more inexplicable. However, if asked

to give in a few words the real cause of their success I would say it is because they have determined to be successful. To this end every nerve is strained, every effort directed. It is a tradition among the students that the Canadian championship is a part and parcel of their institution, and as such it is guarded with a jealous vigilance. This character being common to the student body at large, it is particularly so of the players, whose attendance at practice is almost as regular as their attendance at class. "Practice" practice! It is continually drilled into their ears on all sides. It is the cry of their coaches and managers, as well as the everlasting topic of their college magazine.

It is a maxim that a second class player in trim is more valuable than a first-class player in poor condition, and it is this consideration that determines the persistence of the team. The result is that every man turns out to every practice. It is the uncommon exception when the whole fifteen seniors are not found in their places when the whistle blows for the beginning of work. The papers are complaining of the deficiencies of the present team in this respect. Perhaps such a temporary forgetfulness on the part of the players may account for the result of the McGill College game last Saturday; if so, it only confirms my conviction that the present champions have not any uncommon qualities or privileges which should enable them to renounce their past methods of severe and systematic training with impunity.

In a future letter I may give more minute observations as to how the college team has been capable of winning and retaining its proud position in the football world, and why, even though it may be defeated, it should be considered as still be an important factor in the championship race for '98.

E. P. Gleason.

SOME GREAT RACING.

Horses at Morris Park Yesterday Provided Rare Sport.

In England Sloan Won Two Races and Rode the Second Horses in Two Others.

New York, Oct. 11.—A large crowd watched the racing at Morris Park to-day. The Dixiana stakes furnished a fine contest. Brian Sweet was the favorite, while Banister was heavily backed. Brian Sweet went to the front at once, while Banister ran along close behind. The positions were unchanged until the stretch, when Banister made a furious finish the favorite won by half a length straightened out, while Banister was a bad last. The fifth race was the feature of the day. Warrenton was made a favorite, while Sir Walter, Candie Black, White Frost and Peep O'Day were evenly backed at about 4 to 1 each. Peep O'Day went out in front at the fall of the flag, but was quickly passed by Sir Walter, who showed the way to the far turn, when Candie Black and Peep O'Day passed him and it looked as if he was beaten. He came again, however, and in a furious drive won a neck from Warrenton, who closed fast in the stretch, while Peep O'Day was third, half a length away. The time equaled the track record of 1:25 1/4. Summary: First race, 612 furlongs—Julius Caesar, 10, Littlefield, 5 to 1 and 2 to 1, won by half a length; Brassia, 110, Maher, 5 to 1 and 2 to 1, second by a neck; Fairy Dale 107, Jones, 4 to 1 and 2 to 1, third. Time, 1:24. Eumera, Flora, Lady, Lirion, To and Fro, and Delicate also ran.

Second race, seven furlongs—Autumn, 120, Maher, 11 to 5 and 2 to 1, won by two lengths; Macleod of Dore, 111, Burns, 5 to 1 and 2 to 1, second by one length; Acousia, 113, Glawson, 8 to 1 and 3 to 1, third. Time, 1:23 1/2. Penitence, King Barleymore, Dr. Barker, Old Tom, Simmons, Scannel, Dominick, Passac, Tyra and Exception also ran.

Third race, five furlongs—Silver Brook, selling, 512 furlongs—Tolue, 110, Clavon, 1 to 5 and 4 to 5, won by two lengths; Satan Slipper, 104, Turner, 6 to 5 and 2 to 5, second by four lengths; Blue Away was second, but was disqualified; Cormorant, 105, Maher, 6 to 1 and 3 to 1, third. Time, 1:06 1/4. Diminutive and Turvey Drop also ran.

Fourth race, one mile—Brian Sweet, 110, Maher, even and 2 to 5, won by a length; Bangie, 118, Burns, 15 to 1 and 4 to 1, second by half a length; Handset, 109, Sims 30 to 1 and 7 to 1, third. Time, 1:41 1/2. Swiftmas and Banister also ran.

Fifth race, one mile and a furlong—Sir Walter, 113, Clayton, 4 to 1 and 8 to 5, won by a neck; Warrenton, 100, Spencer, 12 to 5 and even, second by half a length; Peep O'Day, 125, Tally, 10 to 1 and 5 to 1, third. Time, 1:55 1/4. Charina, Ganalaria, White Frost and Candie Black also ran.

Sixth race, selling, one mile—Scottish Laird, 100, Maher, 4 to 1 and 7 to 5, won by a head; Estaca, 111, Doggett, 15 to 1 and 5 to 1, second; Mazurine, 112, Burns, 12 to 5 and even, third. Time, 1:41 1/2. Blue Away, Banquo 11, Glencine, Unda, Louis, Double Quick, Oxnard, Myth and Rossier also ran.

MORRIS PARK ENTRIES. New York, Oct. 11.—Entries at Morris Park for tomorrow: First race, selling, steepchase, about two miles—Equirey, Trailhorn, 163; Riffart, 145; Travella, El Cid, 145; Widower, 131. Second race, high weight handicap, six furlongs of Withers' mile—Kinkinkian, 127; Orion, 113; Geislin, 117; Black Venus, 115; Miss Miriam, 114; Glencine, 112; Midnight, 111; Momentum, 109; Angel, 107; Rossier, 98; Martio, 99. Third race, selling, last 612 furlongs of Withers' mile—Cane, 109; Burton, Belle of Troy, 102; Pallas, 100; Belle of H., 97; Greatland, Campus, 95; King's Prince, Morning, Miss Smith, Passe, Partout, 92; Tenny, Kirkwood, 90; Helen Thomas, 87. Fourth race, handicap, last 7 furlongs of Withers' mile—Hand Ball, 124; St. Galatine, 112; Tabouret, 111; George Keene, 109; Geislin, 108; Belle of H., 107; Danforth, 106; Gela Day, 104; Field Lark, 98; Sensational, 95; Kull, 92; Martio, 99.

Fifth race, last five furlongs Eclipse course—Caroba, Lady Lindsay, Lady in Blue, Sombre, Effervescence, Lady, Prestidigitatrice, Tender, Anita, Merry Heart, 112. Sixth race, selling, withers' mile—Nosey, 112; Manassas, 105; Double Quick, Hand Press, Continental, Headless, 103; Rossier, 101; Decanter, 100; Miss Tenny, 94; Longacre, 91. NEWMARKET MEETING. London Oct. 11.—At the first day's racing of the Newmarket Second October meeting, the two-year-old colts Nursery Plate (handicap) for the year 200 sovereigns was won by Mr. P. Torrey's 12, Urugra. The Lord-Laird-Beresford stable's Manatee, ridden by Tod Sloan, finished second, and London third. The Newmarket Oaks of 500 sovereigns was won by Sir I. Miller's filly Santaia, with Sloan up. Pie Powder was second and Orpah third. The Clewley stakes of 300 sovereigns was won by the Lord-Laird-Beresford stable's Caiman, ridden by Sloan. Galliot second, Dr. Kikola third. A selling plate for all ages was won by Mr. Dobell's six-year-old horse Kingston, Nakhela, ridden by Sloan, finished second, and Primrose Pill third.

CESAREWITCH AND CAMBRIDGE SHIRE. Following is the total betting as quoted by the Times:—

Cesarewitch, 11 to 2 against Chaleureux (t. and o.) 100 to 1 against Herminius (t. and o.)

10 to 1 against Asterie (t.) 100 to 8 against Up Guards (t. and o.) 100 to 8 against King Crow (t. and o.) 20 to 1 against Beverini (t.) Cambridgehire, 100 to 8 against Chaleureux (t.) 100 to 7 against Labrador (t.) 33 to 1 against Chaleureux (t.) 33 to 1 against Rookwood (t. and o.) 40 to 1 against Uniform (o.)

WOMEN GOLFERS.

American Championship Being Decided This Week and Will Undoubtedly Go to Miss Beatrice Hoyt.

New York, Oct. 11.—The third annual tournament, held under the auspices of the United States Golf Association, to determine the women's golf championship of America, began early this morning on the links of the Ardiesy Golf Club, on the Hudson River. The beginning of the contest was greeted by nearly 1,000 enthusiasts. That Miss Beatrice Hoyt, of Simecock Mills, who had won the honor and trophy, which was presented to her by the association by the Hon. Kootenay S. Keyes, of Edinburgh, since 1896, will again prove her superiority, is conceded by nearly every person interested in the game. Miss Hoyt certainly has shown that she is out of class with all her rivals and in fact many of them. Who are good judges say there are very few Scotch women that can outplay her. As was to be expected, Miss Hoyt's round of the links to-day was the feature of the play and she was followed by a galaxy of some 400 men and women, who frequently applauded the young woman's mastery of the game. With the possible exception of a couple of chances in putting, Miss Hoyt made no mistakes in her round in which she had for a partner Mrs. E. Devitt Cochrane, of the local club. The champion accomplished the journey with 92 strokes for the 18 holes and Mrs. Cochrane took 113.

The best score was made by Miss Edith B. Burr, of the Philadelphia Club, who made the circuit of the links in 100 strokes. Miss Mabeline Boardman, of the Essex County Golf Club, Mass., and Miss Grace B. Keyes, of Edinburgh, came next with 102 each. Miss Carol Edlitz of Ardiesy, qualified with 103, and another New Englander, Miss Maude Wetmore, of Newport, finished with 104. Mrs. J. A. Greiner, of the Connecticut Country Club, and Miss Ruth Underhill, of Queen's County, L.L., tied with 107 each. Mrs. E. A. Manico, of Pittsfield, Mass., and Miss Marion Searson, of Chicago, each had scores of 107. Mrs. W. F. Morgan, of the Baltusrol County Club, finished fourteenth with 108, and Miss Katherine K. Cassatt, of Philadelphia Cricket Club, and Miss Harriet S. Curtis, completed the qualified list with 109 each.

THE METROPOLITANS.

The club trophy of the Metropolitan is attracting much attention among the golfers. It has to be won two years in succession to become the property of any one. The Colt belt, won by Mr. J. H. Gardiner, who presented it to the club, each year winners will be inscribed on the shield. On Saturday next there will be a match between bachelors and benefactors, and the trophy will be contested in the first round of the trophy competition must be played off on or before the 15th inst. Dr. J. T. Finnie presented the Colt belt, and Rev. Mr. McQuig presided at the meeting.

GENEROSITY ITSELF.

The Committee of the World's Wheel Meet Still Voting Away Money.

The Latest is the Decision to Pay Fifteen Dollars a Month Rent for an Office to Meet in.

The committee in charge of the world's championship wheel meet still continues to put itself on record as about the most generous organization that ever tried to run anything. It will be remembered that a few weeks ago The Herald pointed out the fact that the committee had decided to pay a secretary \$80 a month notwithstanding the fact that he would have practically nothing to do for five or six months. Now they intend to do something quite as generous. The committee must have a place to meet. Of course that is manifest. A dozen hotels are at their service, or the M.A.A. room, undoubtedly be pleased to see this world. The committee has the money to spend, and they must spend it, so they have decided to pay one of their members \$15 a month for a room to use as an office. The member stated that he would be most pleased to let them have the use of the office without payment, but this would not do. It is time the committee was curbing its expenditure and ceasing to throw money away in such a ridiculous manner. The members were appointed by the committee to Montreal to run the meet, and if they do not appear to be better guardians of the interests entrusted to them the work will have to be given to those who will proceed on a more businesslike basis. A wonderful generosity of the France committee will first have to be curbed.

ENDED IN A DRAW.

The Rain at Chicago Was All that Saved the Windy City Cricketers from a Bad Defeat.

Chicago, Oct. 11.—The picked cricket eleven from All-England, escorted being defeated by the English team Monday on account of rain. On Saturday night when darkness called a halt to the match, Captain Pinner's men had finished one innings and scored 29 runs. The local players had gathered in 29 runs in their first innings with the loss of two wickets. Play was resumed on the Parkside grounds this morning at 10 o'clock, but rain, and the locals were able to add only 45 more runs to their score, making a total of 74 for the innings. Being behind they followed up the batting after luncheon, and made 39 runs for the loss of seven wickets. Rain began falling in torrents, but as the Englishmen could not remain to finish the match it was declared a drawn game, although the visitors were at the time 138 runs ahead, with another innings to play. The Chicagoans realized that they had no show to defeat the Englishmen and were pleased to have the game declared a draw. At 5 o'clock the players started for New York and will sail for England as soon as they can after arriving in the metropolis.

THE GUN.

THE INDIVIDUAL CHAMPIONSHIP. Mr. R. B. Hutchison, who succeeded in winning the individual championship from Mr. Hey on September 24th, in Sherbrooke, was also successful in defending that trophy on Saturday last in a match with Mr. H. H. Wootton. The score was as follows:—

R. B. Hutchison—20 known angles..... 16 20 unknown angles..... 16 5 pairs doubles..... 6 Total..... 38 H. H. Wootton—20 known angles..... 14 20 unknown angles..... 13 5 pairs doubles..... 6 Total..... 33

SKATING.

WHAT MCCULLOCH SAYS. Winnipeg, Man., Oct. 11.—J. K. McCulloch, amateur champion skater of the world, was seen to-day with regard to an item published in the Ottawa Journal to the effect that he had been declared a pro-

BOSTON AGAIN WINS THE PENWANT.

The Baseball Championship This Year Goes to the Hub City's Crack Players.

A STRING OF VICTORIES.

In the Latter Part of the Race Boston Outstripped All Competitors and Won Easily.

THE SCORES AND STANDING.

Washington, Oct. 11.—The Boston team to-day made their possession of the pennant a certainty by defeating the Senators easily. The Senators fielded very badly and could not hit Lewis, while the Beane Eaters pounded Baker's delivery freely. Attendance 1,400.

Score by innings—Washington.....100600209—5 Boston.....210600112—14 Base hits—Washington 7, Boston 19. Errors—Washington 11, Boston 2. Batteries—Baker and Farrell Lewis and Yeager. Earned runs—Washington 2, Boston 7. Two-base hits—Smith, Tenney, Stan, Duffy. Three-base hits—Baker, Tenney. Stolen bases—Curtis, Smith. First on balls—Off Baker 3, off Lewis 3. Struck out—By Lewis 3. Passed balls—Yeager. On bases—Washington 5, Boston 9. Time—2 hours. Umpires—Connolly and Heydler.

QUAKERS BADLY BEATEN.

New York, Oct. 11.—South paw curves were too much for the Phillies to-day and but for DeLaur's triple in the sixth they would have been shut out. The game was called in the seventh owing to darkness.

Score by innings—Brooklyn.....1407023—14 Philadelphia.....0000020—2 Base hits—Brooklyn 16, Philadelphia 2. Errors—Brooklyn 3, Philadelphia 4. Batteries—Gaston and Grinn, Philadel and Farland. Earned runs—Brooklyn 8, Philadelphia 1. Two-base hits—Anderson, DeLaur. Three-base hits—Jones, Anderson, Hallman, Gaston, DeLaur. Home runs—Lachance. First base by errors—Brooklyn 3, Philadelphia 2. Left on bases—Brooklyn 6, Philadelphia 6. Struck out—By Field 1. Sacrifices—Jones, one. Base on balls—Off Gaston 2, Field 2. Double plays—Magoon, Daly and Lachance, DeLaur and Lajoie. Hit by pitched ball—Sheekard. Time—1 hour 38 minutes. Umpires—Hunt and Andrew. Attendance—650.

AN EVEN THING.

Baltimore, Oct. 11.—Baltimore and New York broke even to-day. In the first contest the locals got five of their six hits in the second and fifth innings and tallied enough runs to win. Both teams played a sharp and errorless game.

BURGLARS CAUGHT, PLEAD GUILTY.

Two Young Men Admit One Charge and Will Stand Trial on Several Others.

STOLEN PROPERTY FOUND

On the Premises of a Second-hand Dealer on Craig Street Yesterday.

A LIST OF THE BURGLARIES

Detectives Richard, Desautels and McLaughlin made two important arrests last night in the persons of William Ramsay, 86 Panet street, and Frank Louth, 133 Lagardiere street, who are charged with four different burglaries.

Yesterday Maurice Kent, a second-hand dealer, on Craig street, was arrested on the charge of receiving stolen goods. When his premises were searched yesterday forenoon, there were found articles stolen from various houses.

The places alleged to have been burglarized by the accused are:—Mrs. Donaldson's, 37 Panet street, from which was taken hose, rope, wire, etc.; Aristide Trovati, 205 Montrose street, machinists' tools of all kinds valued at \$75; D. N. Mennette, Mount Royal street; E. Courtois, Craig street, carpenter's tools, valued at \$120; Harris & Fortin's, jewellery store, 1820 St. Catherine street, watches and chains, etc., valued at \$250.

These articles were found in Kent's second-hand store. From descriptions the two prisoners were suspected, and their movements watched. Yesterday afternoon they were caught by the detectives in a hiding-place near the Longueuil ferry landing, Hochelaga. No goods were found there, however. They were brought before Magistrate Lafontaine this morning and pleaded guilty to one charge, that of stealing valuable from Harris & Fortin on St. Catherine street. They answered "not guilty" to the other charges, and the hearing was enlarged until Thursday.

ANOTHER BOY GANG.

A boy, 13 years of age, Pierre Longpre, was caught last night stealing money from the till of Mr. Jos. Brossard's grocery store, on Centre street, yesterday afternoon.

Mr. Brossard, entering the store by the rear, saw the young chap at the cash box. The boy ran away, but was quickly followed by Mr. Brossard and caught by the leg as he was getting under a fence. That the boy was not afraid of him when he told Mr. Brossard that he would kill him if he did not let him go. There were several of his young companions around, and Longpre shouted to them: "Why don't you shoot this man?" When taken before Mr. Lafontaine this morning Longpre said that he had friends, and that he was one of a gang. One of them had stolen \$300 just the other day. Longpre was remanded for trial, and warrants were issued for the arrest of the alleged accomplices.

SITUATION IS SERIOUS.

According to a Despatch from New York, an Uprising of the Maroons is Threatened.

New York, Oct. 12.—Sir Augustus Hemming, British Governor of the Island of Jamaica, arrived to-day on the Atlantic liner Athos, from Kingston. He is on his way to England. The threatened uprising of the Maroons is said to be the cause of Gov. Hemming's latest trip to England. The situation on the island, according to latest reports, has grown very serious.

Want Another A. atton.

The Butchers' Association held a special meeting at the Monument Nationale last night. The attendance was small. After routine business the following resolution was adopted: "That the Butchers' Association of Montreal recommends the erection of a new abattoir in the vicinity of Point St. Charles, although this needs not necessarily interfere with the East End Abattoir already existing, believing that this arrangement will satisfy the requirements of all the butchers in the city." It was also resolved that the new abattoir should be supplied with the most modern appliances, and that a copy of these resolutions should be presented to the Abattoir Company and the city of Montreal.

The Dominion Line twin screw steamship Dominion, Captain James, from Montreal, September 30th and Quebec October 2nd, arrived at Liverpool at 3 p.m., Tuesday, October 11th.

Mr. T. Fyche, joint general manager of the Merchants' Bank of Canada, and Mr. Robert White, of the Gazette, Montreal, are guests at the Colonial, St. Charles street.

Very Rev. Father Lefebvre, principal of the Oblat Order in the United States, in whose honor a grand banquet is to be given at Lowell, Mass., to-morrow, is well known in Quebec, and formerly officiated at St. Saviour.

Mr. Charles Smith, advocate, of Beauce, was married yesterday at the Bon Pasteur Chapel, Quebec, to Miss Jones, eldest daughter of L. Z. Jones, ex-M.P., now Superintendent of Fish and Game. The bride's family being the Cléments, Mich.

Capt. Sir Alfred and Lady Jephson, the latter of whom is a Canadian, daughter of Mr. Archibald Campbell, of Quebec, accompanied the German Emperor and Empress to Palestine. Sir Alfred went in his official capacity as secretary-general of the Order of St. John of Jerusalem in England.

Mr. and Mrs. Cure Thivierge, formerly of Bonaventure, who married the bride's parents and is also their cousin, performed the ceremony. The newly married couple left for Niagara. Mr. Smith was banqueting on Monday night by his Quebec friends, and made the recipient of a presentation.

Col. D. S. Wagstaff, of Detroit, well-known in Montreal, on account of his former connection with the Grand Trunk Railway, has tendered his resignation as general travel agent of the Cincinnati, Hamilton & Dayton line. He has accepted a position with a manufacturing house at Detroit.

The Beaver Line steamship Lake Superior, Capt. Taylor, who was married by the Old Comedy, with the following passengers: Lieut. Frederick B. Mackay, R.N.R., Mr. Ernest Silk, paymaster R.N.R., Mrs. C. Tessdale, Mr. Raymond Thibault, Mr. John Wilkinson, Mrs. Wilkinson, Miss Wilkinson, and Lord Bishop of New Westminster.

Mr. A. Roy Macdonald gave a most enjoyable dance at Elm Hall on Friday evening, on the occasion of the opening of his Westmount classes, to which his former pupils and friends, to the number of about 100, were invited. The hall was beautifully decorated, and the floor was perfection. Mr. Cooper presided at the piano. Dancing was indulged in until 11.30, when an adjournment was made to the supper room, where a very enjoyable repast was served. Dancing was then resumed until the early hours.

The marriage took place at St. Peter's Church, Caversham Park, Eng., of Miss Alice Constance Stranage, eldest daughter of Major-General T. Bland Stranage (well-known in military and civil circles of Quebec as the first commandant of the artillery force of Canada), to Mr. John Ross, barrister-at-law of the Inner Temple, London. There were five bridesmaids, two of them, Miss Kathleen and Hilda Stranage, sisters of the bride. The bride was given away by her father. After the service Mrs. Stranage entertained a number of guests at her home, "Stranageur," Caversham Park. The wedding presents were

quite numerous and included one from Sir Henry and Lady Joly.

Lt.-Col. Cotton is among the guests at the Windsor.

Mr. and Mrs. Gooderham, of Toronto, are at the Windsor.

Colonel J. B. McLean is paying a flying visit to New York.

Miss M. Thomson, Quebec, is the guest of Mrs. Davidson Parker, Stanley street.

In answer to a message The Herald was informed that Hon. Peter Mitchell was slightly better and resting well this morning.

Mrs. Gaudet and Miss Ruth Thomson, Quebec, are the guests of their aunt, Mrs. E. B. Greenhills, "The Elms," Peel street.

Captain Gaudet, superintendent of the Carleton Place factory, Quebec, passed through Montreal on Tuesday, on his way to Ottawa.

Miss Muriel Greenhills, who has spent a month in Quebec, during which time she was the guest of her aunt, Mrs. Andrew Thomson, "Bijou," has returned home.

The rumor that Mr. Jack Savage was about to leave Montreal for Boston, where he would take charge of a branch of his father's business, has been confirmed. The many friends of Mr. Savage will soon have to bid him a sad farewell. There are few young men who have made themselves so deservedly popular, and he will be a distinct loss to society this winter.

The Church of St. James the Apostle was crowded this afternoon, when the marriage of Mr. James F. Burnett to Miss Miriam Judith, third daughter of Mr. Fred T. Judah, Q.C., the bride, who looked charming, was given away by her father, Mr. James M. Panneton, as best man, and the bridesmaids, Miss Amy Judah and Miss Alice Judah, sisters of the bride; Miss M. Burnett, the groomsmen were Messrs. Ernest Strachan, Philip Burnett, Fred Judah and A. Bedford, and the ushers were Messrs. W. J. Learmont, G. W. Stephens, Jr., E. Ewan, P. Judah, R. Clancy and F. Meenan. The ceremony was performed by the Rev. Canon Ellegood, rector of St. James the Apostle, assisted by the Rev. Dr. Barclay, pastor of St. Paul's Pies by Church, and assisted by a brilliant reception at the residence of the bride's father, 1212 Dorchester street. Mr. and Mrs. Burnett left last evening on a visit to the principal cities of the United States, where the honeymoon will be spent.

A pretty though quiet wedding took place at the Church of the Advent, Westmount, at half-past four o'clock yesterday afternoon, when Mr. A. Gordon Robertson was married to Miss Taylor, eldest daughter of the late Mr. J. W. Taylor, of Westmount. Owing to illness in the family the wedding arrangements were all carried out in the quietest manner possible, the only invited guests being relatives of the family on either side. Owing to the illness of her uncle, Mr. Edward Taylor, the bride was given away by her cousin, Mr. Bayley, of Toronto. Miss Taylor, sister of the bride, and Miss Helen Robertson acted as bridesmaids. The bridegroom was attended by Mr. Thos. Howard as best man. The gentlemen acting in the capacity of ushers were Mr. Shepherd and Mr. Jack. The ceremony was performed by the rector, Rev. H. Kittson. After the ceremony the wedding party drove to the residence of the bride's mother, Clarke avenue, Westmount, where a reception was held. Mr. and Mrs. Robertson left by the evening train for New York on their honeymoon. The wedding present were very numerous and included some very valuable gifts, some of which were received from friends in England, Germany, India and various parts of the United States as well as Canada.

Mr. and Mrs. Jamieson and family have returned to town from Dixie, and have taken apartments at the Windsor for the winter months.

Mr. Charles Henshaw, of Vancouver, is the guest of her brother-in-law, Mr. Clarence Henshaw, and Mrs. Henshaw, 921 Dorchester street.

SCANTY SHIRTS

That will not give satisfaction, that you cannot get into, and that are cut the wrong way of the stuff, are not what JOHN BULL sells.

SHIRTS THAT FIT WELL, SHIRTS THAT ARE MADE WELL, SHIRTS THAT ARE CUT RIGHT, \$1.

JOHN BULL, SHIRT TAILOR,

2381 St Catherine Street.

HAVE YOU SEEN IT?

It is well known that the best heating stoves send much of their heat up the chimney, and so waste a great deal of coal.—We are the sole agents for a "RADIATOR" which takes the place of a length of stove-pipe and catches the heat which would otherwise go up the chimney—sending the full amount of heat directly back into the room. If you USE THE ROCHESTER RADIATOR, you can save 25 per cent of your coal bill this winter.—We are using it ourselves in our store.—Call in and see it in working position.

Justice Lavigne, of the Supreme Court at Ottawa, has allowed the release of Louis Riel, charged with the murder of a Justice of the Peace, on bail of \$2,000, with two sureties of \$2,000 each. The judge thought the case one of little importance, and said that the accused could not be found guilty unless he made a confession.

Isaac Milburn, a well known farmer of the township of Smith, near Peterboro, disappeared from home on Thursday afternoon, and in spite of diligent search was not found until Sunday afternoon, when his body was discovered in a fence corner five miles from his home. He had succumbed to epilepsy.

The indictment against G. O. Mann, the late treasurer of the Ottawa Works Department, charged with embezzlement, was amended yesterday, and after four witnesses had been heard the case was adjourned to Thursday.

T. A. Craig, of Shanghai, China, is at Ottawa on a mission to promote trade between this country and the Chinese Empire. While in Canada Mr. Craig will arrange for trial shipments of flour, lumber, the machinery and plant on the premises, particulars of which may be had on application. Schedule value of machinery, over \$50,000.

2nd. That large and valuable property on PORT STREET, WITHIN 100 FT. OF NOTRE DAME STREET, at the Longueuil Ferry landing, having over 300 FT. FRONTAGE, containing about 23,000 square feet, fully equipped as a Lime Burning establishment, and including large new brick dwelling, weigh house and brick stable with accommodation for about twenty horses, with ample yard room and shed accommodation. Both properties are going concerns. Further particulars on application.

Several cases of cattle poisoning are reported from Albert County, N.B. Edward Walsh, of Halifax, snatched \$100 from the counter of the Ferry office at Dartmouth, N.S., but the young lady ticket seller grabbed and held him till the military police arrived.

Peterboro, N.S., rat-catchers by a vote of 55 against 2, have voted in favor of granting a bonus of \$10,000 towards the establishment of a pulp mill at that place. C. W. Fraser, for some years I.C.R. station master at Amherst, N.S., is dead.

United States.

Two San Francisco bankers have sailed for Hawaii, to hold the First National Bank of Hawaii, with \$1,000,000 capital.

Daisy Smith, aged 16, a daughter of Henry Smith, of Northumberland county, Pa., was murdered, and her body was found in a custody on suspicion of being her slayer.

A parade of 5,000 members of Catholic Wilkes-Barre, Pa., commemorating the anniversary of the death of a saint, a temperance apostle.

Bernard Koebler, a Chicago policeman, was shot and almost instantly killed by one of two men suspected of being burglars. William Boland, one of the men, was pursued by another policeman, and was probably fatally wounded.

ALDERMEN HAD A LIVELY ROW.

The Members of the Health Committee Make Things Interesting for One Another—Economy Will Not Be Practised.

There was a lively row in the Health Committee yesterday afternoon, when the report of the sub-committee appointed to consider the best method of bringing the expenditure for scavenger work within the appropriation for that purpose was presented. The report recommended that the men in the workshops be placed on half time to the end of the year, and those in the scavenger service on two-thirds time. A report of that nature could not fail to arouse strong opposition from the patronage-loving members of this celebrated committee. Ald. Gallery, Turner and Roy, the solid three of the committee, fought the plan proposed, although it was pointed out to them that by no other method could the expenditure for the remaining ten weeks of the year be brought within the appropriation. An attempt by Ald. Gallery and Roy to attach the responsibility for the present condition of affairs upon Engineer Dore brought Ald. Ames to the defence of the head of the department. For a few minutes there were two spirited skirmishes in progress. Ald. Gallery measuring words with Ald. Ames, and Ald. Roy paying his respects to his old-time antagonist, Engineer Dore. Ald. Ames talked very plainly to Ald. Gallery, not forgetting to draw his attention to the fact that every recommendation by Engineer Dore for a reduction of the staff had met with his (Ald. Gallery's) most determined opposition, and that it was largely due to this that the committee found themselves face to face with a serious deficit. Ald. Roy has been nursing his enmity to Engineer Dore ever since that official condemned an unit for use and refused to accept that had been sent in by the sub-committee composed of Ald. Roy, Turner and Gallery. With the recollection of his defeat still fresh in his mind, Ald. Roy went at Mr. Dore with all the vigor he could muster. Ald. Brunet was absent, but the votes of Ald. Gallery, Turner and Roy against those of Ald. Dufresne and Ames, delayed the disposition of the question until Friday on the pretext that the City Attorney's opinion should be asked before the scavenging service was interfered with.

Ald. Ames presented the report of the sub-committee. It is one of the most difficult, most painful questions, he said, he had had to deal with since coming to Council, and other members of the committee felt the same about it. The sub-committee had discussed the question very fully at two different meetings. If there had been any possible legal method by which the service could have been brought to have availed themselves of it, but there could be found no legal method of continuing the service after the appropriation was exhausted. There was nothing to do then but choose the other side of the dilemma. They did not propose to reduce the wages of the men, as that would be a very bad precedent. It would not be just to dismiss some of the men and continue others in the service. They considered that the best way out of the difficulty was to reduce the time of the men, putting some of them on half time and some on two-thirds time. The men in the workshops would be put on half time and those in the scavenger work on two-thirds time. This would reduce the wage list by about \$225 per week, or \$2,250 in the ten weeks yet remaining of the present year. They would continue the incinerator in full until December 1st, and then close it down altogether for a month. In this way an additional saving of \$1,000 would be effected. With about \$3,250 thus saved and \$2,000 varied from other funds, added to the money already on hand, the difficulty could be overcome. All the members of the committee felt it keenly, and especially the chairman. But he recognized the necessity, and felt that in doing a duty to the city, so unpleasant as this, he should have the support of the committee.

Ald. Gallery moved that the report be laid over until there was a full meeting of the committee. Ald. Brunet was then absent.

Ald. Gallery wanted an opinion from the city attorneys as to the power of the committee to reduce the scavenger service to one collection per week. He thought it was a dangerous thing to make the reduction, and he moved in sub-amendment that the report be laid over until the opinion of the attorneys could be obtained.

Ald. Turner also thought it a dangerous thing.

Aldermen Playing Baby. Ald. Ames told his colleagues that if the members of the committee had done their duty early in the year they would have been no difficulty. They knew that at the rate they were going they would run short, and it would only be playing with the difficulty to go on. All the members of the committee felt it keenly, and especially the chairman. But he recognized the necessity, and felt that in doing a duty to the city, so unpleasant as this, he should have the support of the committee.

Ald. Ames: "Have I ever been encouraged by you when I talked economy? I have been induced motion after motion for reduction and economy, and no man opposed them more strongly than you did."

Ald. Gallery: "It is all Mr. Dore's fault. As head of the department he should have seen that the expenses were kept down to the staff reduced."

Ald. Ames: "Mr. Dore made reports to this committee recommending that, and how were his reports received by you? You spent against them and you voted against them every time. It is childish for the committee to say that they have no money when they knew all the time that they were spending far more than they should. We can't get more money because the Council has no money to give."

Ald. Gallery: "Here we are again. Some time ago a sum of money was voted to the scavenger service, and the other day \$2,000 of the people's money was donated for the purpose of entertaining the officers and men of the warships in port. Now we have no money to expend in a matter of such importance to the health of the citizens."

Ald. Gallery asked that his sub-amendment be read, and called for a vote.

Is Gallery a Dodger? Ald. Ames: "Gallery, that is only dodging the question. The opinion of the City Attorney has been received in similar cases, notably in the Roads Committee, so that there is no use in delaying the matter, as it will be necessary for the present arrangements to come into force later than the 15th inst. We may as well face the question now and kill the report at once, for that is clearly your intention."

Ald. Gallery: "I'm not dodging anything, and I am not a dodger. I don't care for you nor for anybody else. Give the people justice and make the city pay for it."

Ald. Ames: "I suppose you will treat the City Attorney's opinion with the same respect you did in the Roads Committee. If it suits you, accept it; if it doesn't, you reject it."

Ald. Roy's amendment and Ald. Gallery's sub-amendment were amalgamated so as to lay the report over until Friday, and in the meantime obtain the opinion of the City Attorney. The report was then adopted. Ald. Roy, Turner and Gallery voting yes, and Ald. Dufresne and Ames opposing.

Knight of Labor. A meeting of Black Diamond Assembly, 1711, Knights of Labor, was held in the Knights of Labor Hall, 662 1-2 Craig

street, Monday evening, Mr. M. Birmingham presiding. Two candidates were nominated, and three proposed, after which a communication from the Central Trades and Labor Council was read in connection with the recent boycott. It was decided to comply with the wishes of the Council. Another interesting discussion was on the property qualification for Mayor, many of the members asserting that two thousand dollars' worth would be sufficient for that office. This matter was left in abeyance until next meeting without final action being taken. A detailed report of the Dominion Trades and Labor Congress was given by the District M.W. and Mr. J. S. Fitzpatrick, president of the Central Trades and Labor Council.

THEY SAW THE PREMIER.

Canadian Boot and Shoe Manufacturers Afraid of a Treaty of Reciprocity With the U. S.

Quebec, Oct. 11.—(Special.)—Owing to the rumor that reciprocal relations with the United States were contemplated by the Federal Government, the boot and shoe and leather trade appointed an influential deputation, which waited upon the Premier yesterday.

The deputation explained to the Prime Minister that they were satisfied with existing conditions; that the leather and shoe trade had prospered under the present tariff, which is no more than a low revenue tariff, and that the several branches of their important industry could not be benefited by any changes, and that should the markets of the United States and Canada be opened to each other without restriction the effect would be to cause the emigration of capital, manufacturers and people, and the destruction of the business which sustains St. Roch, the "Hub" of the shoe and leather trade.

Sir Wilfrid weighed the arguments of the deputation, and while not concurring in all their conclusions, he agreed that, as the trade was so united and satisfied, nothing should be done to change the present arrangements nor to affect the business of so important a branch of the country's commerce.

Afterwards the leather manufacturers of Ontario, represented by the Messrs. MacDonald, Burns and others, banqueted the Premier at the Hotel Windsor. The Premier's toast was received with Highland honors. A number of other toasts were proposed and received with enthusiasm. After the dinner the party adjourned to the C.P.R. station, where they gave a fitting farewell and send-off to their friends of the sister provinces.

EFFORT WAS USELESS.

The Sultan Could Not Obtain a Modification of the Demands of the Powers in Reference to Crete.

Constantinople, Oct. 12.—The reply of the Turkish Government to the note of the powers on the evacuation of the Island of Crete was handed to the ambassadors yesterday evening. Turkey accepts the terms proposed, but expresses a wish for certain modifications.

Paris, Oct. 12.—According to Le Matin the foreign ambassadors at Constantinople have refused to modify the terms of their ultimatum to the Porte requiring the withdrawal of the Turkish troops from Crete.

Canea, Crete, Oct. 12.—Djavad Pasha, the Turkish military commander in Crete, has received orders from the Sultan to proceed immediately to Constantinople in order to accompany the German Emperor on the latter's journey to Syria.

A battalion of Italian troops has arrived here. Chakir Pasha will assume command of the Turkish troops, succeeding Djavad Pasha. The exodus of inhabitants, Christians, Mussulmans and Jews, continues by every steamer and railway train. The people fear a bombardment of the city.

Rome, Oct. 12.—A Milan newspaper publishes a report of an interview with Vice-Admiral Canavaro, Minister of Foreign Affairs, and formerly the senior officer of the foreign admirals in Crete, in which he is represented as saying that Italy, France and Russia had the moral support of Germany and Austria in their wish to definitely settle the Cretan question. England, he said, wished to remain in Candia, but the other powers would not give their consent to her permanent occupation of that place.

THE PEACE COMMISSION.

It is Announced from Washington That the Philippine Question Has Not Been Considered Yet.

Washington, Oct. 12.—The Peace Commission in Paris, so far from reaching a point of absolute variance on the question of the Philippines, have not as yet taken up that subject for consideration. It is true that at the very first session of the joint commission the Spanish representatives sought to raise a cry about the occupancy of Manila bay and town by the United States military and naval forces. The United States commissioners promptly refused to consider this point in any aspect, and with some reluctance the Spaniards gave over for the time being the effort to raise that issue. Since then the commission, whenever meeting jointly, has been engaged entirely with three questions to the complete exclusion of the Philippines. These questions relate entirely to Cuba, Porto Rico and Guam, and according to the very latest reports from the American Commission to Washington, they are still under consideration. The United States will not assume any financial indebtedness as the result of the cession or release of Cuba and Porto Rico. It was fully expected by the authorities here that the Spanish contingent on the peace commission would make a strong effort to make the assumption of the heavy financial obligation of Porto Rico a condition of the concession of that island and the abandonment of sovereignty over Cuba.

But the American commissioners were fully and definitely instructed on these points, and the general tenor of these instructions was that such obligations were not to be assumed by the United States. No dissatisfaction is felt here at the progress of the commission in the settlement of the questions assigned to it.

Judge Choquette's First Term Here. His Honor, Judge P. A. Choquette, of the Superior Court, of the District of Montserrat, set at the Court House here yesterday. It is his Honor's first term in Montreal.

There Was No Wrong-Doing. Victoria, B.C., Oct. 11.—The Royal Commission inquiring into payments by the late Government of \$40,000 in connection with the new Parliament buildings,

ON THE RAILWAY ROUND.

The tourist traffic, which causes a great rush of passenger business on all the Canadian lines is falling off, and the passenger departments are not quite so busy. But there is a big increase in the freight business. Both lines report a big rush of grain to the seaboard, and the C.P.R. and G.N.R. say they are just about as busy now as they wish to be, as they are taxed to the utmost. Cattle shipments are also heavy.

A CHANGE OF ROUTE.

Port Huron, Mich., Oct. 12.—(Special.)—According to a story emanating from well-informed railway officials, Port Huron is to have a new eastern outlet with the Grand Trunk for the Lake Erie and Detroit River Railway Company. The past week is said to be part of the plan to carry this scheme into effect. According to the story, the Flint and Pere Marquette Railway of Michigan, with its terminal at Sandusky, have formed a combination with the Canadian Pacific and Michigan Central Railways for a through line from Lake Michigan to the east by way of this city. The deal contemplates the buying of cars across the river at this point to the Erie and Huron, connection for New York being made with the Michigan Central at Courtright, and for Canadian and New England points with the Canadian Pacific Railway at Chatham. The roads interested have sufficient river frontage here and at Sarnia for the building of the necessary slips.

The import of the above is that the C.P.R. is simply thinking of changing its route whereby some of the traffic from the Michigan Central enters Canada, Port Huron being used instead of Detroit. No such big changes as the dispatch would indicate are contemplated, say the local C.P.R. authorities.

THE CROW'S NEST LINE.

Word has been received in the city that the Crow's Nest line has been completed to Kootenay Lake. The work has been done rapidly, and the line is now open for business. Pending the completion of the line to Nelson, Kuskoonok, on Kootenay Lake, will remain the rail terminus of the line, but this will not interfere with the freight service to Kootenay Lake, which will be met at Kuskoonok by a handsome and fast steamer that is nearly ready for service on Kootenay Lake, while freight will be handled by a barge service to connect with the Columbia and Kootenay, and Columbia and Western Railways.

WESTERN OFFICIALS HERE.

Mr. L. A. Hamilton, land commissioner of the C.P.R., with headquarters at Winnipeg, is in the city. He is accompanied by Mr. T. W. Trail, B.C., chief engineer of the British Columbia and Western Railway now under construction. The object of the visit is not known, but the two gentlemen are busy in the head offices of the C.P.R.

A GOOD ROAD BED.

As evidence of the fact that the road-bed of the C.P.R. main line is now in excellent shape to repay the heavy traffic the millions spent on it, it might be mentioned that the president of the C. W. Winnipeg, this particular piece of the road is not particularly straight, but only an excellent line would stand such traveling.

RUMORED TROUBLE.

Toronto, Ont., Oct. 11.—There is some feeling of unrest among the two sections of employees on the Grand Trunk Railway these days. Those interested are the locomotive departments and the dispatchers and operators. It has been rumored for some time that the operators and dispatchers of the system have been organizing and preparing a statement of their requirements, which a committee will place before the general manager this

LITTLE EFFECT ON BARBERS.

The circular issued a few weeks ago by the Provincial Board of Health in regard to sanitary rules necessary in barber shops is having almost no effect. The barber shops are the gainers, though the increase in customers is not very large. Men who read the circular which the Board issued, and who were in their own minds, many of them, are now quite numerous. Many of them, however, are the danger at once, and transferred their patronage to the best shops, where the sanitarians are used, and where every precaution is taken to ensure the cleanliness of the barbers and of their instruments.

AMERICANS AND GOVERNMENT.

(New York Post.) On Thursday last Senator Lodge, of the Iowa delegation in the Massachusetts delegation in Congress, delivered a speech before the Republican State convention, in which he was heard to remark that "I believe the American people are the most capable governing nation on the face of the earth."

The Typo in Session.

Syracuse, N.Y., Oct. 11.—At this morning's session of the International Typographical Union the time was devoted to considering a portion of the report of the committee on laws. There was a prolonged discussion of the proposed change in the method of organization. It was finally disposed of by the appointment of a committee of three to ascertain the competitive trade centres of the country. The committee is instructed to report to-morrow. It was unanimously voted not to allow, in the future, members of the Allied Trades into typographical unions.

The City Engineer Dismissed.

Ottawa, Oct. 12.—By a vote of 14 to 4 the City Council adopted a motion made by Ald. Rogers to discontinue the services of Engineer Surtees, from 30th November. There has been trouble between the engineer and some members of the Council from the beginning of this year's Council and caused much surprise. Mr. Surtees is absent from the city at present.

A New Debating Club.

The Sarsfield Social and Debating Club, recently organized in St. Jean Baptiste parish, for the promulgation and preservation of the Irish language, will give a social and literary entertainment on Halloween night, the proceeds to be devoted towards the purchase of Gaelic books. Mr. A. McCracken predicts a great future for the club.

Cape Government Defeated.

Capetown, Oct. 12.—The Cape Colony Assembly yesterday adopted, by a vote of 39 to 37, the motion offered by Hon. W. P. Schreiner, former Attorney-General of Cape Colony, expressing want of confidence in the Government.

Queen vs. Ogilvie.

Ottawa, Ont., Oct. 11.—(Special.)—The case of the Queen vs. Ogilvie was again in the Supreme Court to-day. Solicitor General Fitzpatrick arrived to-day and took part in the argument.

week on his return to Montreal from the West. They will ask for an increase of wages and a change in working hours, dividing them into three shifts of eight hours each. The excitement has increased a little this morning, when it became known that officials of one of the districts said the men could ask for what they liked, and they won't get it. This has stirred the operators into greater activity, and they will test the matter at the earliest opportunity.

Grand Trunk dispatchers here refuse to discuss the above report for publication. However, if there is trouble on any section it will undoubtedly spread all over the line. A Grand Trunk official stated this morning that all over America dispatchers worked twelve hours, and it does not appear as if there was any hope of the G.T. men carrying their point and having three shifts of eight hours each.

NOTES.

It is estimated that the Erie Railroad Company has dumped over 10,000 carloads of material into a sink hole near Pymatuning Junction, Pa., within a distance of 300 yards of track. This work has been in progress for several years, and it is thought the hole is now permanently filled.

The Grand Trunk Railway has let the contract for the building of a new round-house of forty stalls at Port Huron, Mich. A new car shed will also be built.

The Ontario and Rainy River Railway will be 153 miles long, running from Port Arthur to Rainy Lake. Surveys are in progress under T. H. White, chief engineer.

President Burt, of the Union Pacific, has issued an order closing all saloons in connection with eating houses along that line.

The California railroad commissioners have decided to undertake an investigation of the Pullman Palace Car Company with a view to determining whether the rates charged by the company can be legally reduced.

About 600 men are employed on the construction work of the Ontario and Rainy River Railway, west of the Port Arthur and Duluth road. The rock cutting is heavy, and a large gang of men will be engaged all winter at this work. The State river valley, through which the line passes, is very fertile, and suitable for grain growing, but the greater portion of the country is not worth the labor of cultivating.

There is still a good deal to be adjusted in the matter of transcontinental rates, both passenger and freight. The freight arbitration remains in suspense. In passenger matters the Canadian Pacific's tariffs were fixed to go into effect on the 25th of last month, according to announcement. The rate from New York to Puget Sound points is \$76.70 first-class, which is \$4.95 higher than the C. P. R. rate before the war began. That it is lower than the tariff rate of the United States lines at that time is explained by the fact that the Canadian Pacific based its figures on the lower nominal tariff by Grand Haven and Milwaukee. The fixing of the tariff by the C.P.R. has not ended the perplexities of the situation.—Railway Age.

Winnipeg Free Press:—It is reported that Sir William Van Horne, during his present visit to the city, declared that it would be a shame if the business resulting from the construction of the Crow's Nest Pass Railway was not largely enjoyed by the business men of Winnipeg. He intimated that the Corbin railway interests had been turned over to the Great Northern Railway Company, and that that company would in all probability be found at Ottawa at the next session of Parliament seeking legislation that would enable them to build into British Columbia and cut into the trade of that region. This would, of course, divert business from Canadian centres.
