

STEAMER EUREKA GOES UNDER

Accident to a Government Boat in the Richelieu

BECAME TOPHEAVY AND LISTED
WATER RUSHED INTO THE PORT
HOLES AND CAUSED HER TO
SINK—NOW PARTLY SUB-
MERGED, BUT CAN BE RAISED
IN A FEW DAYS.

(Special to the Chronicle by Telephone.)
Sorel, Que., June 25.—The Government steamer Eureka now lies partly submerged in the Richelieu River near here, as the result of an accident which happened this afternoon. The steamer Eureka left Montreal this afternoon for Quebec. She is a Government steamer fitted up with the Lacoste patent slip brake and was to have given a demonstration opposite Dufferin Terrace, Quebec, Saturday afternoon. Many prominent people were invited to be present. She stopped at Sorel to coal, and after the coal had been put aboard she became top heavy and, it appears, owing to the list, the water poured into her port holes, which were open, and it was very soon apparent that the vessel would sink. Those who were not actively engaged in running the boat hastily got ashore, the boat being at the time moored to the wharf. The captain then headed to make for the other side of the Richelieu River to the Government dock, but she immediately sank, and lies with her stern under water. This in no way interferes with the effectiveness of the ship's break. No demonstration will be given at Sorel. It is expected that the steamer will be raised in a few days, and will then continue to give exhibitions which she has been doing successfully in Montreal for the past few weeks. At the time the Eureka began to sink there were on board in Mr. Lacoste's party—Mr. Louis Lacoste, son of the inventor; Sir Alex. Larocque, E. Globensky and Leon Globensky, Mr. James Cantin, of the Cantin Dry Goods, Montreal; Mr. C. Strutt, press reporter; Mr. Hott, Secretary; Mr. C. Scott.

THE EMBARGO WILL BE KEPT

NEW PRESIDENT OF THE BOARD OF AGRICULTURE WILL NOT ADMIT CANADIAN CATTLE.

London, June 25.—The Earl of Onslow, the new President of the Board of Agriculture, is determined to follow Mr. Hanbury's policy and make no relaxation of the embargo against Canadian cattle. Speaking at a farmers' club yesterday of the recent arrival of beef from Argentina infected cattle, he said the Board would spare no pains to protect the flocks and herds of Great Britain from the dread disease which threatened to decimate them.

LIPTON IN WASHINGTON

Washington, June 25.—Sir Thomas Lipton came to Washington this afternoon, accompanied by Wm. Fife, the designer of Shamrock III. Tomorrow Sir Thomas and Mr. Fife will be the guests of President Roosevelt at luncheon at the White House. This evening he was entertained at a dinner by General and Mrs. H. C. Corbin.

CHINESE DOFF THE PIG TAIL

New York, June 25.—A complimentary dinner was tendered to the American friends of Chinamen to-day at Delmonico's by the New York section of the Chinese Reform Association. For the first time in the history of China in this city nearly 100 Chinamen appeared in dress suits in a body and without queues. Dr. Brouner, the toastmaster, made the extraordinary announcement that 500 "pig tails" had fallen in Chinatown in the last month as the result of the propaganda of reform. Among the speakers was Yip Yen, of Vancouver, B.C., who talked on "What the Reform Association has accomplished."

RICHMOND STREET CAR STRIKE

Richmond, Va., June 25.—Street cars have been running on three of the city lines since shortly after noon to-day, and are running to-night thus far, without serious molestation. Militiamen were on every car. Strong guards of militiamen have been on duty to-day at all the power houses and car barns. Stringent orders were issued to-day with the object of maintaining order, women and children being asked to remain at home as far as possible, and the troops being specifically directed to shoot promptly, and to kill if necessary to prevent destruction of property or peril to life or limb.

THE BATTLE OF THE BUTTERS

HOW MANY COWS DOES IT TAKE TO MAKE A CREAMERY?— FISHER SAYS FIFTY—BILL TO COMPEL TRADERS PEOPLE TO ACCOUNT FOR LOSSES— GOVERNMENT DIVIDED ON GRAND TRUNK SCHEME.

(Special to the Chronicle.)
Ottawa, June 25.—Mr. Borden called attention to an item in the papers concerning large purchases of cattle made by the British authorities in the United States for shipment to South Africa. He asked the Government authorities to purchase Canadian cattle.

Mr. Fisher stated that when he learned the intention of the British authorities to re-stock South African farms he immediately communicated with the Home authorities through Lord Strathcona, and pointed out what Canada could do in supplying cattle. His representations were referred to the War Department, and he was assured they would receive due consideration. Later, a second appeal was made for recognition of Canada's claims, but no orders resulted.

IN THE SENATE

In the Senate to-day, Chief Justice Taschereau, acting as Governor-General, was present, and gave his assent to 94 bills, including emergency supply bill for the fiscal year 1903. Senator Beique introduced a bill to compel trades people to account for losses under penalty of imprisonment. The measure is intended to prevent fraud, and was well received. Senator Beique's bill to prevent the use of the word "scab" and other offensive terms by strikers was read a second time.

BATE WAR ON CANADIAN LINES

LONDON FINANCIAL CIRCLES ARE GETTING WORKED UP OVER THE DOINGS OF CANADIAN RAILWAYS.

London, June 25.—Reports of a pending rate fight between the Canadian Pacific and the Grand Trunk excite many adverse comments here. The Daily Mail says: "One might have thought the companies were doing well enough without fighting for traffic." Experts say that the inevitable result of such a contest would be that the Canadian Pacific would be driven to create its own lines to Grand Trunk points in Ontario and the termination of the former compact whereby in consideration of the Grand Trunk refraining from invading Ontario. This would leave the Canadian Pacific free to enter the Grand Trunk country in Ontario. While Canada is overflowing with prosperity this will, perhaps, not matter much, but when the set-back comes that both companies will inevitably suffer is evident.

INDIAN BOY INCENDIARIES

Brantford, Ont., June 25.—Frank Winnie, an Indian boy, aged about 15, who left the Mohawk institute last Monday morning after the play house was burned, was arrested yesterday near Stony Point and brought here. At the Police Court to-day Winnie was charged with firing the Mohawk barns on May 6th, and he acknowledged the crime. He and T. Wilson consulted about how it was to be accomplished. Wilson's match went out in his attempt, when Winnie struck his match and set fire to the hay, and the two boys returned to bed. He testified that Frank Lewell and George Johnson knew all about the schemes to destroy the barns, because they wanted to get home. The Police Magistrate committed the four, Frank Winnie, Frank Lewell, George Johnson and Roy Wilson, for trial at a higher court.

THE PAPAL CONSISTORY

Rome, June 25.—When the Cardinals returned they formed a procession in the Sistina Chapel, and the new Cardinals went to the altar, where they prayed the grand Ambrosian hymn was intoned by the choir. After the hall had been cleared of strangers the Cardinals were rejoined by the Pope and the Pontiff announced the new Episcopal appointments, the Cardinals signifying their assent by raising their hats. The postulates for Archbishop Farley, Mgr. Farrell, for Archbishop Quigly, Monsignor Jaquemin, and for Bishop Orth, then entered the hall and asked the Pope to bestow the palliums on the prelates they represented, which was granted. They will be delivered to-morrow by the Cardinal Dean. The function ended with the Pope giving the new Cardinals their rings as Princes of the Church.

A PECULIAR ACTION

New York, June 25.—A peculiar action was commenced in the United States Circuit Court to-day, wherein "the general properties of the eastern division of New Jersey" is complainant, and Wm. Williams, United States Commissioner of Immigration, is defendant. The plaintiff claims that the defendant is wrongfully withholding from it the property known as Ellis Island, and demands the same. The petition recites the fact that the plaintiff is a corporation organized prior to the independence of the United States under charter from the King of Great Britain and Ireland, and now exists as a corporation under and pursuant to the laws and constitution of New Jersey. The plaintiff claims that it is "seized," and entitled to "all that certain island or tract of land known as Ellis Island, situated in the harbor of New York," containing about two acres. The petition charges that the defendant is in possession thereof, and withholding the same from the plaintiff, that its value is not less than \$20,000, and that the plaintiff is damaged in a sum not less than \$10,000, and asks that it be awarded that sum, and possession of the property mentioned.

ANCIENT CITY IN MEXICO

CITY OF PYRAMIDS IS DISCOVERED IN A DENSE FOREST IN REMOTE PART OF PUEBLA.

Chicago, June 25.—A despatch to the Tribune from Mexico City, Mex., says:—
The recent discovery of an ancient city of pyramids in a dense forest in a remote part of the State of Puebla has been found to be of the greatest archaeological importance. The Federal Government has commissioned the sub-director of the National Museum, Senor F. Rodriguez, to visit the ruins. Nicholas Leon, an archaeologist and ethnologist, accompanied the sub-director to the ruins. Dr. Leon reports that the ruins are such as never before have been known to the world of science and the most primitive ever discovered in Mexico, in fact so ancient as to require a great deal of time and study to learn in which epoch they were built, as well as by what people.

A SOCIETY SENSATION

Rochester, N.Y., June 25.—A society sensation, with political and fraternal entailments, was created in the Police Court to-day, when Judge Chadsey sentenced Frank L. Pearce, of the City Engineer's staff, to serve six months in the penitentiary for abusing his mother-in-law, without the alternative of a fine, and emphasizing the order by directing the immediate confinement of the prisoner before he could procure bail or file an appeal. It is the outgrowth of a family entanglement, and the Judge was aroused by the efforts of the defendant to besmirch his wife's character as well as that of her family. A dramatic incident happened when the wife told of the abduction of the two children and their concealment in Buffalo. The prisoner's father-in-law is David L. Ainsworth, a G.A.R. veteran, an attaché of the State Comptroller's office, and a literary man, also a member of the Union League Club. Both the Pearce's threaten to bring divorce actions. Pearce is a university graduate.

HELD AS A VAGRANT

St. Catharines, Ont., June 25.—The term of remand on which John Johnston, the negro, who was arrested at Merriton on suspicion of being concerned in the murder of Glory Whalen at Collingwood, having expired on Wednesday, he was to-day taken before Police Magistrate Comfort charged with vagrancy and sentenced to a three months' term in the Central Prison, during which time the investigation concerning his history will be continued.

Hardy over the Falls at 4 and 8

Hardy over the Falls at 4 and 8 Saturday and Sunday. The last performances. Don't forget it.

THE STRIKE AT TORONTO

Toronto, June 25.—The first evidences of the new developments expected in the present strike situation came this morning when one of the largest contractors broke away from the carpenters' section of the Building Exchange. The Canadian Construction Company was one of the leading firms of the city and up to the present have united with the rest of the employers to resist the demands of the men. This morning they sent down to Victoria Hall for 13 men and will pay them the 35 cents an hour. They expect that within a few days they will increase this number to 25 or 30. Other leading firms are expected to give in within the next few days.

MANITOBA ELECTIONS

Winnipeg, Man., June 25.—An evening paper is out with an extra announcing the local legislature has been dissolved. Proclamations have been issued fixing the date of the elections for July.

TAKE THIS OPPORTUNITY.

You should all go and take advantage of the great reductions offered in prices of mattresses, which are of the latest styles. Prices are even lower than those of the manufacturers. Now is the time to choose.

GEORGE ROWLEY SURRENDERS

THE DEFAULTING MANAGER OF THE ELGIN LOAN COMPANY GIVES HIMSELF UP, AND IS ADMITTED TO BAIL—IS NOW AT HIS RESIDENCE CONFINED TO HIS BED.

St. Thomas, Ont., June 25.—George Rowley, the defaulting manager of the Elgin Loan Company, voluntarily returned to the city last night and gave himself up to the authorities. He had been hidden at a little place in Ohio called Wayside Inn and his son-in-law went for him on Sunday, returning last night. It was hard to recognize Mr. Rowley when he was placed in the dock at the Court House this morning, he had been clean shaven during his absence. He formerly wore a beard, but was in a state of collapse and very nervous. Looking at him as he sat in court, the inevitable conclusion was that it was not innate dishonesty but weakness of character that led to his downfall. The charge on which he was arraigned was of stealing \$2,000, and the hearing was adjourned until Thursday, July 2. Bail was applied for and granted, being fixed at two securities of \$200 each and himself for \$1,000. John D. Christmas and George R. McGill, his sons-in-law, went his bond. After being admitted to bail, he was a once driven to his residence, where he is confined to bed.

FOR SEA-SHORE AND SUMMER COTTAGES.

Everything suitable for sea-shore and summer cottages can be found at Z. PAQUET'S Stores: straw mats, hammocks, special pieces of household furniture for summer cottages, etc. etc.

We have particularly a very large and fine assortment of Hammocks. We have Hammocks of all kinds, all sizes and all prices

QUEBEC, JUNE 26, 1903.

THE S. S. PROTECTOR.

It does not appear to us that there was any very pressing necessity for the issuing of a commission to enquire into the circumstances attending the stranding of the steamship Protector on Bar Reef, at the mouth of the Saguenay, seeing that the matter was clearly explained by the frank and manly confession of the pilot in charge that it was due to a wrong order issued by himself. There was no question of currents, defective charts or compasses, fogs, or any other of the excuses usually made in such cases; there was in fact no reason why the Protector could or should have gone ashore, the accident was due, as Pilot Delisle informed the Quebec Harbor Commissioners who tried him, to his own unaccountable confusing of the terms starboard and port, and ordering the ship to be steered in one direction when he meant her to be steered in another. The reason assigned was so plain and intelligible to even the lay capacity that it is difficult to see why the great expense of a subsequent commission should have been incurred; if there was anything mysterious about it, the solution did not lie in the province of marine experts, but was rather a psychological problem as to the peculiar mental state which, meaning to say "left," inadvertently says "right," or vice versa.

Moreover, there is in the report of the Commission itself something which looks as if the same mental confusion of ideas which affected the pilot of the Protector had communicated itself in some way or other to the Commissioners, for while they blame Pilot Delisle for incompetency in so far that he had never piloted a vessel out of the Saguenay before, and that his knowledge of that river was so limited as to be dangerous, they also hold the master in fault for the stranding of the ship in that he "took no steps to ascertain whether the pilot was steering a proper course in waters that any practical seaman could have navigated without the assistance of a pilot, the channel being perfectly straight, and in no part less than six cables wide." Thus we have the pilot blamed for so limited a knowledge of the river as to be dangerous, and the captain blamed because the river was so safe that it did not require the assistance of a pilot to navigate it. It is very evident that the two things do not fit into, one another.

The finding of the Commission cannot be said to have cleared up any doubtful point, or settled any disputed question, but the contradiction between the two passages to which we have referred is enough to show that the present pilotage system is faulty, and at variance with common sense. It is, as the Montreal Witness says, rather hard lines for a captain when he is forced to employ a man to do a certain work, and then gets into trouble because he does not do it himself, and the precise powers and duties of the master after the pilot comes on board and takes charge are as ill-defined as his responsibilities seem to be limitless; and it is hard lines also that a pilot should be very severely punished for an error of judgment in a river for which he has not specially qualified himself, so long as he is allowed by the proper authorities to undertake the task. And here is the weak spot in all such cases as that of the Protector, and where the blame really lies. Of two things one. Either the Saguenay and its approaches are so safe that they do not require any special and local know-

ledge of navigation, and any practical seaman can navigate them, with safety, which the Commission asserts, or they are, as the Commission also asserts, sufficiently intricate to demand something more than a superficial knowledge of them: in the one case there is no necessity for a pilot at all, which is scarcely the view, we fancy, that will be taken by the underwriters; in the other, not only is a pilot necessary, but he must be a man well versed in the local conditions; that is to say, that a St. Lawrence pilot, however capable and well informed he may be, will not fill the bill unless he is a Saguenay pilot also, just as a Saguenay pilot is not competent to take a vessel up or down the St. Lawrence unless he has previously undergone the necessary training. That seems only common sense to the ordinary lay mind; the principle is recognized in the St. Lawrence itself by the division of the pilots into two distinct classes, the Montreal, or Upper St. Lawrence, and the Quebec, or Lower St. Lawrence, and there is no good reason why the Saguenay pilots should not have the navigation of their river to themselves.

THE CANADIAN ELECTRIC LIGHT CO.

The Canadian Electric Light Company, whose annual report we published yesterday, appears to be in a remarkably healthy and flourishing condition, with prospects in the immediate future of still further expansion, and increased prosperity. In twelve months it has increased the number of electric lamps operated by it 62 per cent., and they now amount to 11,484, whilst the number of electric horse powers rose from 72 to 276, an increase of 362 per cent; at the same time it has completed the laying down of a second submarine cable between the two shores of the St. Lawrence, at some distance from the first, so that the two will not be exposed to the same risks and inconveniences, and has entered into several large contracts, with the prospect of others to come, notably the supply of power to the Levis water works, arrangements for which have been already concluded.

Intimately connected with the operations of this company, and dependent on it for its motive power, is the electric tramway, which the energy and business ability of the President of the Levis County Railway Company, Mr. G. A. G. Holman, has made a successful fact, to the great comfort and convenience of the people of Levis, and the furthering of the business of the town. In this Mr. Holman has been greatly aided by the consideration of the Electric Light Co. and the success already met with is only, it is hoped, the precursor of a still more extended career of usefulness, by which the Electric Light Company will itself greatly benefit.

In addition, the Company has increased its earnings from \$19,544.27 in the previous year, to \$35,459.51 last year, and with the prospects of additional horse power for sale to be produced by the new plant, is hopeful of being in a position to declare a dividend to its shareholders by the end of the next twelve months. The report is one that is highly satisfactory and we are certain will be received as such by the Shareholders, who have every reason to congratulate themselves and their directors and officials on the way in which their affairs have been conducted.

THE INCAPABLE PILOT.

In giving judgment in the case of the steamer Protector, at Quebec on Monday, which was wrecked at Bar Reef, at the mouth of the Saguenay, Captain Salmon, the commissioner appointed by the Government—along with Messrs. Clift and Temple, assessors,—to hold the investigation, found that the casualty was caused by the wrongful act of the pilot, Nazaire Delisle, in steering an improper course, the evidence going to show that he had never piloted a vessel out of the Saguenay before, and that his knowledge of the river was so limited as to be dangerous. The Court also rightly held that the sentence of the Quebec Harbor Commissioners, that Pilot Delisle be suspended for eighteen months, does not meet the requirements of the case. This man will return to work, if anything, more incompetent than now. As the Court also said, any shipmaster who caused the loss of his ship, valued with freight and cargo at upwards of a quarter of a million dollars, would be dealt with more severely. The Court then called attention to the system of employing St. Lawrence pilots on the Saguenay river, and demonstrated that the evidence proved imperfect training. The system is one that needs revision, as our imperfect system needs revision, and the Quebec harbor authorities responsible must realize, as we believe our Montreal authorities do now thoroughly realize that pilots must not only serve approved apprenticeship, but must pass higher examinations than the present standard requires. The report of the Commission contains, too, the following paragraph:

That some blame attaches to the master for the stranding of the ship, in that he took no steps to ascertain whether the pilot was steering a proper course, in waters that any prac-

tical seaman could have navigated without the assistance of a pilot; the channel being perfectly straight, and at no part less than six (6) cables wide."

With this we are bound to agree, although there have been times when vessels have gone aground while in charge of a pilot when the master has been blamed when we could not at all agree that it was just. A master new to the St. Lawrence route must take whatever pilot is assigned to him or if he does not take him he must pay for him, and he ought not to be made to suffer as the victim of a bad system. Theoretically, of course, the master is always in charge of the property of the owner, and in the case of the Protector he seems to have deserved the reprimand. It is rather hard lines, nevertheless, when you are forced to employ and pay a man to do a certain work to get into trouble because you did not do it yourself.—Montreal Witness.

THE KENTUCKY VERDICT.

No one who was not actually in the court house at Jackson, Ky., and who did not hear every word of the evidence in the murder trial just concluded can pretend to a complete knowledge of the facts that were put before the jury. The public does know that it was necessary to send militia to guard the court and witnesses in order that the trial might be held at all, that the principal witness had to remain for protection in the camp of the soldiers, even while his own house was being destroyed by an incendiary fire; that he claims and produces witnesses to prove that he was offered a bribe of \$5000 to change his testimony, with the alternative of death if he refused, and that he left the county immediately after the burning of his house because he believed his life would not be safe for a minute after the soldiers were withdrawn. The public knows also that the prosecuting attorney has announced that, immediately after presenting the case to the jury, he also should leave the county forever to avoid assassination.

In such circumstances is it any wonder that the jury disagreed? Would it not have been marvellous if twelve men could have been found to report a verdict of guilty when each of them had reason to believe that he probably would have to flee from the county under guard of militia immediately afterward? There might be four or five men out of twelve with courage and conscience enough to do such a duty, but it needs only one to cause a disagreement. Perhaps the greatest wonder is that the jury failed to acquit the two prisoners, not on the evidence, but on account of the terror which their friends have inspired. It may be, too, that the jurors feared they would bring on themselves the vengeance of the other faction if they did that.

It was folly to hold the trial in Jackson, but the course of the authorities in doing so has had the good effect of exposing fully the terrible state of affairs that exists. The State of Kentucky can no longer shut its eyes to these conditions. The whole country is horrified by them.—Buffalo Express.

THE SOLAR PLEXUS AND INDIGESTION

HOW WORRY AND MENTAL EXERTION CAUSED DYSPEPSIA—CURE FOUND IN

Dr. Chase's Nerve Food

The solar plexus is the largest nerve centre of the sympathetic nervous system, and may be described as a storehouse of nervous energy. It is situated just back of the stomach, and supplies the motive power which runs the machinery of the digestive system. By an excessive amount of nerve force is consumed in the brain by worry, anxiety, mental strain or disease the quantity supplied to the solar plexus is correspondingly deficient, and hence lacking nerve force the vital organs only feebly perform their functions. The digestive fluids flow slowly, the stomach loses its contracting power, the liver and kidneys grow torpid and sluggish, and indigestion soon develops into what is known as nervous dyspepsia.

Dr. Chase's Nerve Food forms new red corpuscles in the blood, creates new nerve force and so affords lasting cure for dyspepsia, indigestion and resulting headaches, dizzy spells and irritability by supplying the necessary energy to the solar plexus. By noting your increase of weight from week to week while using this great food cure you can prove that your system is being built up and new flesh and tissue being added to the body.

Mr. Jos. Toussaint, the Postmaster's son, Ste. Philomene, Fortierville, Que., writes:—"When I began to use Dr. Chase's Nerve Food I was so weak and run down that I was not able to do any work. I had pains in the back and sides, my stomach was out of order and I could not digest the food I ate. Doctors told me that my trouble was general debility and bodily weakness.

"At first I ordered two boxes of Dr. Chase's Nerve Food and by the time they were used I was so much better that I sent for half a dozen. I continued the treatment until now I consider myself fully restored to good health. I feel strong and well in every way and have gained several pounds in weight. I never lose an opportunity of recommending Dr. Chase's Nerve Food, as it has proven so wonderfully beneficial in my case."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers or Edmondson, Bates & Company, Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

IF YOU ARE ABOUT To Leave For The Seaside or Country

We would suggest that you send us an order to remove the household clocks.

We will, during the summer, have them cleaned, repaired and regulated and we will replace them about the end of August or early in September as required.

Our men will call for the clocks, repair, return and replace them and set them going.

We employ an expert watchmaker, one of the most skilful in Canada.

If your watch is not going correctly consult our specialist.

Chronographs, Repeater and other complicated watches thoroughly repaired and adjusted.

Silver Plated Ware, Spoons, Forks, Toast Racks, Tea Sets and Dishes, that have become worn or damaged we can replace: repolish and refinish almost like new.

During the months of July and August we have many enquiries for old Hall Clocks and Antique Silver Wares. Should You possess any that you desire to dispose of, we will accept them on sale, and exhibit them during the Tourist Season.

SCHOOLS CLOSE FOR SUMMER VACATION

Closing Exercises of the Boys' and Girls' High Schools
and the Elgin Street School.

LIST OF THE PRIZE WINNERS IN THE DIFFERENT INSTITUTIONS.

These are very busy days indeed with the youthful members of our population and their teachers and friends. Daily the papers are called upon to chronicle the closing of schools prior to the summer vacation, with the usual public exercises and distribution of prizes. Yesterday was a regular field day in this connection, as the three leading Protestant institutions of learning finished their year's labours and closed for the well-earned rest that is now their due. In the morning the Boys' High School held their closing, at two in the afternoon it was the turn of the Elgin Street school, and in the evening the Girls' High School concluded work for the present. All of these institutions had carefully prepared programmes which were carried out to the great satisfaction of those present.

BOYS' HIGH SCHOOL.
The large assembly hall of the Boys' High School was crowded yesterday morning to witness the closing exercises. Mr. J. T. Ross occupied the chair, and seated with him on the platform were the Very Rev. Dean Williams, Rev. A. T. Love, Rev. F. G. Scott, together with the Rector of the school, Mr. T. A. Young, and the teachers. The proceedings opened with prayer by the Rev. F. G. Scott, after which the following interesting programme was carried out:—

Opening of proceedings by Chairman.
Distribution of Prizes in Preparatory Class and First Form.
Song—"From Oberon in Fairyland."
Distribution of Prizes in Second and Third Form.
Song—"My Heart and Love," "You Gentlemen of England."
Distribution of Prizes in Fourth and Fifth Form.
Vacation Song.
Distribution of Prizes for Sports.
Speeches.

God Save the King.
Mr. E. A. Bishop presided at the piano for the musical numbers with his usual taste and skill.
After the distribution of prizes, addresses were delivered by Rev. A. T. Love, Very Rev. Dean Williams, Rev. F. G. Scott and Mr. Wm. Lee, when many complimentary references were

made to the progress of the boys and the efficiency of the teaching staff. Rev. A. T. Love, in the course of his remarks, said it was hoped that the new school building would be ready for occupancy by the end of the summer vacation of 1904. He also made an eloquent appeal to parents to keep their boys at the school longer. He pointed out that when a boy went through all the forms of the Quebec High School he was fitted for a college career or the highest positions in commercial life. He recounted the fact that a certain gentleman at the head of a large commercial firm had recently taken into his employ one of the boys graduates from the school, and had since reported to him that the boy was one of the best junior clerks in the employ, and that he was ready and willing to accept other boys from the Quebec High School.

The Very Rev. Dean Williams followed in a very pleasing speech. He referred to their headmaster, Mr. Young, in eulogistic terms, telling them that he was with him in Lennoxville, Col. lege, consequently knew his worth and competence for the position he held. Besides, he was the soul of humor. The Rev. gentleman said Rev. Mr. Love had struck the right nail on the head in regard to keeping the boys at school until they graduated.
Rev. F. G. Scott impressed upon the boys the necessity of educating the mind but not to neglect the moral tone by example and conduct at school, which was one of the great necessities to become a gentleman in after life.

PRIZE LIST.

Midsummer, 1903.
Dux of School, R. C. Stewart.
Governor-General's Medal (classes), Samuel Ortenberg.

Miss Hermione Lynn, honors in reading, writing, dictation and arithmetic.

First in Girls' Department—Miss Phoebe Page, honors in reading, writing, dictation, Scripture, mental arithmetic, arithmetic and drawing.

GIRLS' HIGH SCHOOL.

Tara Hall was crowded in the evening at the closing exercises of the Girls' High School.

Dean Williams again presided, and there were seated with him on the stage the Rev. F. G. Scott, Rev. W. H. Sparling, Rev. Donald Grant, Rev. B. Watkins, Rev. I. M. Thompson, of Lewis, Dr. Parmelee, Dr. Harper, Mr. Thos. Davidson, Secretary F. C. Wurtele, and the Lady Principal, Miss Macdonald.

A very enjoyable programme was rendered, and was received with many marks of appreciation by those present. The following was the order of the exercises:

- 1. Song—Song of Welcome, by the pupils.
2. Opening address by the Chairman.
3. Motion Song, by eight little girls.
4. French Dialogue.
5. Song—From the Towers of Old Quebec, by pupils.
6. Calisthenic Exercises.
7. French recitation, by Miss Estelle Lemurier.
8. Solo by Miss Pauline Sparling.
9. Valedictory Essay, by Miss Evelyn de Kastner.
10. Song—God Bless our Broad Dominion, by pupils.
11. Lady Principal's Report.
12. Distribution of Prizes.
13. Addresses.
14. God Save the King.

The report of the Lady Principal was read by Rev. W. H. Sparling. It was a most interesting review of the year, and was commented upon in congratulatory terms by the reverend gentleman. It reads as follows:

In reviewing another year's experience in the history of this institution, it continues to be a source of gratification that notwithstanding the great decrease in the Protestant element of our city, the year which draws to its close to-day has had the largest attendance that we have registered for fourteen years, the total roll being 157.

We attribute this increase in some measure to the change in the school hours, which, since its adoption, has worked admirably, and has proved to be both popular and beneficial to the school. We would like to emphasize the word beneficial, for our pupils have more time for recreation now, the quality of their work is equally good, if not better, than before, and we have observed a smaller percentage of failures in the final examinations. This must be encouraging to the parents who have long sought to have the school hours shortened.

Let me say to them to-night that there are other ways in which the school might be benefitted. Encourage your children to pay more attention to regularity and punctuality in attendance, to respond more graciously to the rules of the school. This might prove invaluable to them in after life.

We ask you to work more heartily with us for your children's good, that by our united efforts the best results may be attained. In confiding to us the education of your children, we are conscious of the sacred nature of the trust you have committed to our care. The work is a great and noble one, but at the same time highly responsible, that of building up character and assisting in the development of true and useful lives.

Our school has enjoyed a long period of good health, and not a death occurred for over five years, but we deeply regret that we have had again the lesson presented to us, "Let us forget that 'in the midst of life we are in death.'" Two promising pupils have been called away, within a few weeks of each other, to enjoy, we trust that rest which remaineth for the people of God. Miss Beatrice Gray, who died on the 29th of March, and Miss Jessie Oliver, on the 1st of May.

We are thankful to our School Commissioners for our increase of salaries, and their readiness to furnish us with every facility for our work, which the means at their disposal will allow. Our thanks are also due to Mr. Wurtele, their indefatigable Secretary, whose unparalleled promptness in attending to our many wants is appreciated by every member of our staff.

It is with gratitude and pleasure that we acknowledge the receipt of a gold medal from the Hon. P. Boucher de la Bruere, Superintendent of Education; a silver medal from Mrs. Laurie; twenty dollars from Mrs. Frank Ross; a handsome volume entitled "Bird Portraits," from Mrs. Foulds of Toronto; "Old Time Gardens," from Mr. T. J. Moore, and "Light of Asia" from the Quebec News Company.

Woolwich Arsenal, England's great factory of ammunition, where twenty men were killed and thirteen injured by an explosion of a lyddite shell.

The two medals and some of the best books have been reserved for pupils who have taken the McGill examinations, as the results have not yet been forwarded.

As Principal I desire to express most hearty thanks to the teaching staff for the intelligent zeal, unremitting energy and harmonious spirit which has characterized the performance of their labors during the session.

With honor and truth at the helm, and industry and perseverance as our motive power, may we be enabled "to fill each hour with what will last; buy up the moments as they go," remembering "The life above when this is past, is the ripe fruit of life below."

At the conclusion of the distribution of prizes, the chairman called upon Dr. Parmelee to address the gathering, which he did in a very happy manner. He drew attention to the fact that the School Commissioners are administering their funds judiciously, but that their resources are inadequate to fulfill the duty of providing a sound education in sanitary buildings. A new building is urgently needed to replace the Elgin street school, but without the cordial support of the Protestant rate-payers, and without an insistence on an increased taxation, Quebec must remain in a position of inferiority, educationally, as compared with other places. He had confidence in the public spirit of the citizens of Quebec, and felt that if the true position of affairs could be more widely known, ample funds would be forthcoming to carry out the progressive views of the members of the School Board.

Short addresses were also made by the Rev. Donald Grant, Rev. B. Watkins, Rev. I. M. Thompson, Dr. Harper and Rev. Dr. Scott, all of whom had words of advice and good wishes for the pupils and teachers in their well earned vacation, as well as making complimentary references to the work of the teaching staff of the institution.

PRIZE LIST.

- I. Preparatory A.
1. Rachel Woods, 1st prize for promotion.
2. Ethel Blake, 2nd prize for promotion.
3. Ethel Jack, 2nd prize for promotion.
4. Florence Fraser, 2nd prize for class marks.
5. Dora Duchene, 3rd prize for promotion.
6. Kathleen Colley, prize for conduct.
Grade II Preparatory.
1. Kathleen Stain, 1st prize for promotion, 1st prize for class marks.
2. Edith Matthews, 2nd prize for promotion.
3. Mildred Jevors, Florence Wilkinson 3rd prize for promotion.
4. Maggie Clark, 2nd prize for class marks.
5. Lillian Fraser, prize for French.
I. Junior.
1. Helen Donn, 1st prize for promotion, 1st prize for class marks.
2. Etta Moore, 2nd prize for promotion, 2nd prize for class marks.
3. Aileen Benson, 3rd prize for promotion, prize for French.
4. Lucie Jevors, prize for general proficiency.
5. Janet Arnott, prize for general proficiency.
6. Mollie McLellan, prize for general proficiency.
7. Myrtle Lawrence, prize for general proficiency.
2nd Juniors.
1. Constance Learmonth, 1st prize for promotion; prize for French.
2. Jean Marsh, 2nd prize for promotion; 2nd prize for class marks.
3. Ethel Clark, 3rd prize for promotion.
4. Florence Ellis, 1st prize for class marks, prize for general proficiency.
5. Ellen Geggie, prize for general proficiency.
6. Leila Perry, prize for general proficiency.
Third Junior.
1. Isabel Fraser, 1st prize for promotion, 1st prize for class marks.
2. Pearl Baker, 2nd prize for promotion, 2nd prize for class marks, prize for French.
Second Senior Class.
1. Mildred Fry, 1st prize for promotion; prize for French.
2. Ethel Ramsey, 2nd prize for promotion.
Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

MEETING OF THE CITY COUNCIL.

Tuesday, 23rd June, 1903. Present: His Worship the Mayor and Messrs. Harry, Belanger, Blouin, Gaitin, Casparin, Goss, Cummings, Dorian, Brolet, Drouin, Foley, Fortier, Griffin, Hodges, John, Leonard, Madden, Marois, Martineau, Monroville, Morrissette, Pettigrew, Poirer, Raymond, Tanguay, Taschereau, Turgeon, Vincent.

The minutes of the last meeting were read and confirmed.

Read a letter from Mgr. Mathieu, thanking the Council for the gift of \$4,000 to Laval University.

Read a letter from Mr. Fred C. Wurtele informing the Council that the term of office of Mr. Walter J. Ray as Protestant School Commissioner, expires on the 30th inst.

Ordered that said letter remain on the table.

Read a letter from Mr. Emile Trudel, asking to be appointed Chief of Police, in place of Captain Penne, deceased. Referred to the Police Committee.

Presented the 178th report of the Finance Committee (re deposit of the Quebec Jacq. Cartier Power Co.).

Alderman Tanguay, seconded by Alderman Foley, moved and it was resolved that the said report be taken into consideration this evening as orders of the day.

The orders of the day having been called.

Read the 1783rd report of the Finance Committee which having been put to the vote was carried and it was resolved that the demand of Mr. McCarthy to substitute to the name of "The Royal Trust Company" that of "The American Security Co." as to give a bond of \$20,000 to replace the bond of the Provincial Government, be given.

Read the 1784th report of the Finance Committee, which having been put to the vote was carried and it was resolved that a contract for printing for the year 1903-4 be awarded to Messrs. George Vincent & Freere at the price of their tender of \$1,230.00.

Alderman Taschereau, seconded by Alderman Cummings, moved and it was resolved that the resolution adopted by the Council at its last meeting concerning the second reading and passing of a by-law concerning laundries and Travelling Agents, be amended by substituting to the date fixed for said second reading, the 24th day of July next, 1903.

Alderman Cummings, seconded by Alderman Poirer, moved and it was resolved that Mr. Walter J. Ray be appointed Protestant School Commissioner for the city of Quebec, for the next term beginning on the 1st of July next, 1903, in place of himself.

His Worship the Mayor then presented a statement of the revenues and expenses for the year 1902-3.

STATEMENT OF THE REVENUES AND EXPENSES FOR 1902-3.

Amount of budget... \$681,051.00
Amount collected... \$693,352.09
Surplus... \$12,301.09

Amount not expended on budget... 2,206.66
Surplus... \$14,507.25
Amount collected \$693,352.09
Amount expended... 678,844.84

Surplus over collections... \$14,507.25
Alderman Drouin, seconded by Alderman Poirer, moved and it was resolved that this Council do now adjourn till Friday, the 24th day of July next, 1903.

CANADA CUP YACHTS.

Irondequoit, Challenger and Strathcona, Defender, Both in the Water.

The Irondequoit, the cutter built to challenge for the Canada's Cup was launched from the yard of the builder, J. P. Wood, at City Island, on the 15th inst. The boat was designed by William Gardner, of the firm of Gardner & Cox, for a syndicate of sportsmen, headed by Thomas J. Pritchard. Irondequoit is a fine vessel, and rather more of a ship than one adapted to see in the modern racing boat.

The boat, says Forest and Strawn, is devoid of any extreme features, and is a very wholesome craft in every particular. The keel is of white cedar, and the balance rudder hung on a short vertical stermast and has returned to the usual raking stermast with the rudder hung on in the conventional way. In design, the yacht shows a very clean and well-modeled form, with a midship section of good proportions. The overhangs are comparatively short and well balanced. She floated just to her lines, her spar were put in place and her high freeboard, moderate overhang and short bowsprit gave her a very snug and substantial appearance. The topsides are painted white and the bottom is traced with a green composition that has great anti-fouling qualities, both in salt and fresh water.

Mr. Wood, who perhaps turns out the best work in the country, produced a superior boat in Irondequoit, and she is a model of fine construction and workmanship. The keel, deadwood, stem, stermast, frames and deck beams are of white oak. The planking is double, the inner skin being made of white cedar, five-eighths of an inch thick, and the outer of seven-eighths-inch mahogany. The deck is of steel and diagonal bronze straps add strength to the construction. The construction has been made as light as was compatible with necessary strength, and it conforms to the scantling restrictions of the Y. R. U. of the Great Lakes.

The boat is very roomy on deck and the arrangement of the cabin trunk is the same as Mr. Gardner originally put in the yawl Albicore, and last season in Rosalie.

Irondequoit will be taken out daily in order to get the crew and sails in the best possible shape. She will also be raced occasionally until the end of the month, when she starts for Rochester.

Strathcona, the cutter which will defend the Canada's cup against Irondequoit, the Rochester challenger, is at Toronto ready for her trial races.

The new boat is not a replica of craft her owner being Norman Macrae, of Toronto. He has gone to an expense of some \$3,000 to provide a worthy defender for the historic trophy and at the same time a staunch, thorough-going craft that will be a source of pride and comfort, whether she is a successful racer or not.

Lord Strathcona, the Canadian high commissioner, was pleased to express his consent to the use of the name and his best wishes for the yacht's success; and Strathcona, she was christened, in ortho-

Sunday next, June 28th, will be the bi-centenary of the birth of John Wesley, the founder of Methodism. The event will be fittingly celebrated by that world-wide body. The service in the Methodist Church on Sunday evening will be appropriate to the occasion. The pastor, Rev. W. H. Sparling, will occupy the pulpit.

Hardy over the Falls at 4 and 8 Saturday and Sunday. The last performances. Don't forget it.

STRAWBERRY SOCIAL. A strawberry social, in aid of the Levis Branch of the Woman's Auxiliary, will be held in the No. 2 School House this (Friday) evening, at half past seven. There will be music and singing and a pleasant time is anticipated. It is hoped that many will come to help a good cause.

GREAT NORTHERN RAILWAY OF CANADA. The time table of the above railway will change on Sunday, June 28th. After that date the train at present arriving Quebec daily (except Sunday) at 7:40 p.m. will arrive at 8:20 p.m., and the train leaving Quebec now at 8:05 a.m., will, after the 28th, leave at 8:45 a.m. See advt.

Hardy over the Falls at 4 and 8 Saturday and Sunday. The last performances. Don't forget it.

HOCHELAGA BAND. Sunday, the 28th instant, being the last day of Hardy's performances over Montmorency Falls, the Hochelaga Band, of Montreal, has been engaged for the occasion, and will give an open air concert in the afternoon on the Kent House grounds.

Programme: March - "Bonjour"..... J. C. Arnold Selection - "Rival"..... J. M. Pettet Galop - "The Pacific"..... J. C. Hehn Selection - "Festival"..... F. L. Dahn Mosaic - "Airs Canadiens"..... J. Vezeina Waltz - "Impassioned Dream"..... J. Rosas March - "Worship to the Beautiful"..... Genero Coelina Selection - "La Croix de Jerusalem"..... M. Bieger March - "The Trojan"..... R. O. Goldsmith God Save the King. EUG. BELLAY, Bandmaster.

Hardy over the Falls at 4 and 8 Saturday and Sunday. The last performances. Don't forget it.

ODDFELLOWS' PICNIC. The annual picnic and excursion of the Oddfellows takes place this year on Dominion Day to St. Catherine's Grove, a spot well known to the general public, and the committee having the arrangements in hand will spare no pains to make it a pleasant event. St. Catherine's Grove will be at its best to receive those who may attend and with a well-arranged programme of sports with numerous and costly prizes, good music by the string band of the R. C. G. A. for those who are fond of dancing, and last but not the least a trip to the lake for fishing, boating or bathing. Dominion Day will be well spent by taking in the trip. Refreshments will be served on the grounds, strictly temperate, at city prices. See advertisement.

JACQUES CARTIER HALL. The William Owen Company produced Romeo and Juliet at Jacques Cartier Hall last night to a very large house. The piece was put on in splendid style and the audience was greatly pleased. Mr. Owen appeared as Romeo and gave, as might have been expected, a finished performance of the role. The Juliet was Miss Camilla Reynolds, a new leading lady who has made a decidedly favorable impression on her first appearance. Mr. Metcalf was happily cast as Friar Laurence and Miss Lewis appeared to good effect as Lady Capulet. The company have made such a hit in this city that it has been decided to remain another week. This news will be received with much favour by our theatre-going people, and it speaks well for the capabilities of the William Owen Company, as well as the discernment of our people in patronizing a good thing when they have the opportunity. To-night the Lady of Lyons will be repeated.

A PRETTY WEDDING.

On the 23rd June, Mr. F. LeBlanc, son of Mr. W. LeBlanc, engineer on the C. P. R., led to the altar Miss Barbara Louise Parke, eldest daughter of B. S. Parke, Esq., and granddaughter of Mr. Joseph Parke, of the Quebec Bank. The bride was conducted to the altar by her father and the groom by his father. The bride looked very pretty in a soft cream silk dress with veil and orange blossoms, the dress being a gift from her Grandfather Parke. She also carried a bouquet of white carnations and roses, a gift from the groom. The happy couple left by the I. C. R. for Baie des Chaleurs. The presents were as follows: Rev. A. and Mrs. Parrock, a silver spoon; Misses Healey, perfume box with silver mountings; Mrs. G. Dundon, a silver pudding dish; Miss A. Dundon, a worked center piece; Mr. and Mrs. A. G. L. Vallerand, a bonbonnier; a silver butter dish from Mr. A. Leland; a coffee and silver tea set, Mr. J. LeBlanc; a crochet shawl, Miss M. LeBlanc; a German tea set, Mrs. G. Moreman, Montreal; pepper and salt casters, Miss D. Moreman; a silver pickle stand, Mr. and Mrs. A. Becharand; a silver cruet stand, Mr. G. O. Lamontagne; a silver butter cooler, Mrs. P. Robarge; a silver card receiver, Mrs. E. Marault; a silver and cut glass sugar bowl, Miss S. Bryson; a watch case mounted in gold, Miss R. Bryson; a set of fruit dishes, Mrs. J. Brady; half dozen china plates, Mr. and Mrs. G. Matte; a silver cake-basket, Mrs. B. S. Parke; a cheque, Mr. B. S. Parke; a silver pickle stand, Miss T. Parke; a set of glass fruit dishes, Miss L. Parke; a silver butter knife with mother of pearl handle, Miss H. Parke; a wine set, Mr. J. Caron; a bouquet and fruit holder, Mrs. J. E. Rousseau; a fancy handkerchief holder, Miss Clark; a set of china fruit dishes, Madame A. Beaudry; bureau set, Mrs. Bolduc; a tray in burnt wood from Mr. and Mrs. D. Brouard; a vase from a friend; a cherry dish, a friend. After the ceremony the party returned to the bride's home, where a sumptuous breakfast was in waiting.

Hardy over the falls at 4 and 8; cricket (Royal Artillery vs Quebec C. C.); lawn tennis, and Holt & Renfrew's Canadian animals, are among the attractions at Kent House for Saturday.

Gold medal presented by the College for excellence in the shorthand course, June 30, 1903, won by J. S. Bridgford.

WENT VISITING. What She Learned at the Old Home. After being away from the old home for years folks sometimes go back and find some surprising changes. An Ohio lady says: "I learned something valuable about coffee when I went home. I had been sick all the time with heart trouble and headaches and used a great deal of medicine without getting better. One time I went to my old home on a visit and there found my father and mother using Postum Food Coffee and both feeling so fine and well. They both begged me to try Postum and I finally did so to please them and to my great surprise I began to improve immediately. After using Postum in the place of coffee for a short time the heart trouble stopped entirely and did not return except when I tried some coffee while on a visit to a friend's home. Now we use Postum exclusively in our family and husband and the children enjoy the fine drink as much as I do and we are well. There is a lady living near us who had been sick for years, doctoring all the time and not getting any better. We sold her a package of our Postum and now they use it all the time and she is better than for years before and says Postum did it all. Her name is... I enclose the names of my father and mother, who are fine healthy examples of the advantages of using Postum in the place of coffee. All the above names given by Postum Co., Battle Creek, Mich.

His Wife's Weak Heart.

It is a singular thing that in the popular view of disease the interdependence of the several organs of the body is lost sight of. The heart, for example, is diseased and it is treated as if it were entirely separated from, and independent of, every other organ.

The fallacy of this opinion is shown by the cure of heart "trouble," and other so-called "troubles," effected by the use of Dr. Pierce's Golden Medical Discovery. Primarily the "Discovery" is a medicine for the cure of diseases of the stomach and blood. But it cures diseases of organs seemingly remote from their origin in a diseased condition of the stomach and its associated organs of digestion and nutrition.

"I doctored with three different doctors for weak heart but they did me no good," writes Mrs. Julia A. Wilcox, of Cypret, Wood Co., Ohio, Box 52. "I was so tired and discouraged I had preferred to die. My husband heard of 'Golden Medical Discovery' and he bought a bottle. I took six bottles before I stopped. I am perfectly well, and am cooking for six boarders. It has been a God-send to me."

Dr. Pierce's Pleasant Pellets cure constipation.

Mainly About Persons. Judge and Mrs. Chauveau leave to-day for Rimouski. Miss Gregor left for Europe - last evening by ss Lake Manitoba. Hon. T. Chase Casgrain was a passenger by ss Lake Manitoba last evening for England. M. J. Edgar Buchanan, Montreal, is among the latest arrivals at the Chateau. Mr. and Mrs. Arthur J. Painchaud and family also leave to-day for Kamouraska. Mr. J. J. Lavery and family have taken up their residence at Murray Bay for the summer season. Mr. E. G. Meredith and family will leave on Monday next for St. Patrick, River du Loup. Miss Eileen O'Meara will leave tomorrow for Morrisburg, where she will spend some time, the guest of her sister, Mrs. Geo. Cooke. Miss Lillian McCreo, of Bordeaux, Que., is spending a few days with her sister, Mrs. Guy Tombs, Mount Pleasant. Mr. L. J. Cannon, Assistant Attorney General, and family, leave for Kamouraska to-day, where they will spend the summer season. Mrs. Henry Desnoyers and her two sons, of Clark, South Dakota, and Mrs. Arpin, of St. John's, P.Q., are visiting their sister, Mrs. (Dr.) Larocque. The Misses Bennett, Ste. Genevieve Avenue, entertained a number of lady friends at tea yesterday afternoon in honor of Mrs. Macdougall, of Montreal. Mr. Arthur Lavigne and Professor Gilbert have gone to Montreal to attend the annual competition under the direction of the Quebec Academy of Music, which takes place to-day in Montreal at the Laval University. Miss Dorothy White gave a very enjoyable tea on Wednesday last in honor of her guest, Miss Avery, of Ottawa. The invited guests were Mrs. Lebell, Mrs. Foy, Misses M. Sewell, T. Blanchet, M. Evans, C. Smith, H. Smith, L. Price, Avery, Wilson and Pacaud.

A NEW LOT. We have just received a new lot of carpets, patterns confined to ourselves. Also bedsteads, mattresses, etc. FAGUY, LEPINAY & FRERE.

HARDY'S CLOSING PERFORMANCES. Hardy's engagement at Montmorency Falls closes on Sunday evening, and if the weather is fine the attendants at his performances on Saturday and Sunday will no doubt be record breakers. On these days the performances will be over the falls, each after noon at four o'clock, and each evening at eight o'clock. The last overland show will be given this (Friday) evening. The arrangements for Saturday are on an elaborate scale, and among other extra attractions provided is the engagement of the celebrated Hochelaga Band of Montreal, one of the finest bands in the Dominion. The programme of music to be performed is one that, by reason of its high class and classical nature, is sure to prove particularly enjoyable to the music loving section of the community. The band comprises several eminent soloists, and the general excellence of the music discoursed by it is such as to more than justify the large expenditure which the management of Kent House have gone to in order to procure its attendance. The Montmorency band will also be present, and will furnish the music during Hardy's performances.

CHALMERS' CHURCH S.S. PICNIC. The Chalmers' Church Sunday School picnic is postponed till further notice on account of the present unsettled state of the weather.

NEWS FROM ARTHUR DRUM. Mr. Ned Gowen, of this city, has received a letter from Mr. Art. Drum, who is now ranging at Assiniboine, Arthur reports everything to be in a most prosperous condition in that part of the country. The weather has been very favorable and the outlook is most encouraging. Mr. Drum is in excellent health and wishes to be remembered to his friends here. He was one of our most promising athletes, and played in the Senior Hockey and Champion Football teams here last year, and his many friends in this city will be pleased to hear of his success.
