CANADA PACIFIC RAILWAY.

THE LINE TO BE RUNNING FROM OCEAN TO OCEAN IN OCTOBER, 1885.

Mr. Blake has been censured for intimating that the company could not build the road, that there were enormous difficulties in the way. Mr. Blake will, no doubt, be glad to know that there is no alarm to be felt under this head. There are today in the country north of Lake Superior not less than thirteen thousand railway navvies at work. Nearly every part of the work lying between Callendar and Port Arthur is covered. Before the first of next May the rails on this section of the Canadian Pacific Railway will be joined, and by the first of next July the road will be open for traffic from Montreal to the Selkirk Range of the Rocky Mountains! Four thousand men are now at work in the Rockies, and by the fall of next year the remaining small gap on the western side of the Selkirks will be closed. Official advices in regard to a route through the mountains are of the most encouraging character. Better grades and less expensive routes than were expected have been found, the "difficulties" so much talked of having practically disappeared. The last reports from Major Rogers are the most satisfactory he has ever made, and he expects to be able to improve even on them. Meantime he sends the assurance that the Canadian Pacific Company have by all odds not only the shortest but the best and easiest route across the continent; and there is the authority of the General Manager for the statement that the Canadian Pacific Railway will be in operation from ocean to ocean in October, 1885. —Montreal Herald.

KINGSTON NEWS.

GLOOMY OUTLOOK FOR WOOL HOLDERS—BUSH FIRES DECLINING.

KINGSTON, July 7.—The outlook for holders of wool is decidedly bad. The highest price paid for the best quality is 15 cents, and there is considerable in stock. One firm holds 80,000 lbs. Some firms sold recently at a loss, but feel satisfied that had they held their loss would have been greater.

The fires in 6th concession of Oso are doing great damage to farmers for some time. The fire is raging in the 6th and 7th concessions, township of Kingston and on the line of the Kingston & Pembroke Railway. The farmers in that section are praying for rain, which is now falling. The men at Clarendon station have been fighting fire for a week. It is thought the danger is now over. The finest timber at Boulton's mill has been burned, and the falling of trees can be heard in all directions.

THE "SARNIA" ASHORE.

LONDON, July 7.—The Dominion Line ss Sarnia from Montreal for Liverpool, ran ashore on Ratlin Island during a dense fog this morning. Her passengers and crew were saved. It is reported that the vessel will become a total wreck.

GORDON REPORTED MURDERED BY HIS SOLDIERS.

SUAKIM, July 6.—News has been received that Gen Gordon has been murdered by his soldiers and that the Mahdi has occupied Khartoum.

THE MONUMENT OF GAMBETTA

Gambetta's monument will soon rise in one of the public squares of Paris. There are 82 designs to choose from. Nearly all the competing artists have represented him as the organizer of the "Defense Nationale," rather than as the great orator. In some of the models he is portrayed as guiding the Ship of State, in another he is carried on a shield by six representatives of different classes of society; on a third he modestly poses on a rainbow.

Two Danes are now paddling from Alaska to San Francisco in a skin covered canoe. The distance, following the shore, is nearly 2500 miles. The canoe is 19 feet long and covered with the skin of sea lions.

It is a Well Known fact! In the Diamond Dyes more coloring is given than in any known Dyes, and they give taster and more brilliant colors. 10c at druggists. They are a great success. Wells, Richardson & Co., Burlington Vt.

MURDER IN BRITISH COLUMBIA.

AN ONTARIO MAN KILLED BY AN INDIAN ON THE SKEENA RIVER. (Victoria, Standard, June 21.)

By the arrival of the steamer Otter yesterday from Skeena River and way ports news was received that on the 6th inst. Amos Card Yeomans, a native of County Lennox, Ontario aged about 30, the principal white trader between the villages, of Kitlass and Kipihocks, was murdered by an Indian of the tribe resident there. The difficulty, as related by an Indian, arrived on the steamer is that Yeomans, some time ago, was crossing Skeena River in a canoe. He had with him two Indian boys. The river was rough, and by accident the canoe capsized. The boys were drowned; but Yeomans managed to save his own life.

He had ordered goods for the Indian trade on the Skeena River at his station at the head of canoe navigation. There he met the father of the boys. A conference took place as to a proper settlement for the loss of life. The "old man" demanded money or blankets as a *potlash*. To this Yeomans demurred. An Indian woman standing near advised Yeomans to set the case in some manner, but Yeomans refusing, the Indian drew a knife and plunged the blade through Yeomans' jugular vein below the left ear and death was instantaneous. The white inhabitants fear further trouble from the occurrence and are fleeing to the sea board. He was a married man and leaves four children behind him. The case demands the attention of the Federal Government. Yeomans was the passenger who was robbed of nuggets on board the steamer Otter, and the steward and cabin boy indicted for the larceny.

A CATASTROPHE AVERTED.

A BRAVE ENGINEER'S COOLNESS PREVENTS A DREADFUL CALAMITY—TWO HUNDRED PASSENGERS' NARROW ESCAPE FROM DEATH.

POKEEPSIE, July 7.—The summit steamboat express of the Ulster & Delaware road had a narrow escape from disaster. After leaving Kingston last night, on rounding the curve the engineer saw a mass of rocks partly covering the track. He applied the air brakes and pulled the reverse lever over and opened the throttle wide, stopping the train in less than its length, but not before the rocks had stripped off all the steps from the left side of the train and broken every cast iron Journal box away from every truck from the engine to the rear of the train. The trucks, however, were not dislodged. There were several hundred business men on the train. A vote of thanks was given to the engineer.

AMERICAN INDIANS.

ENFORCEMENT OF THE PERMIT TAX CAUSES TROUBLE IN THE INDIAN TERRITORY.

FORT SMITH, July 7.—The enforcement of the permit laws is causing considerable excitement among the Choctaw nation. Every white man in the nation or his employer is required to pay a heavy permit tax. Milo Hoyt, a wealthy Choctaw, having several white men in his employ, refused to pay tax, and the authorities attached his stock, upon which the District Court House was burned. Hoyt is supposed to be the incendiary. The Choctaw authorities have pursued him and his party into the Cherokee Nation. Both parties are armed and serious trouble is apprehended.

STRUCK BY LIGHTNING.

The steamer Corinthian on her up trip on Sunday had her bowsprit shattered by lightning near Cornwall.

DO NOT BE DISCOURAGED

even if you have tried many remedies for your Kidney disease or Liver complaint without success it is no reason why you should think your disorder incurable. The most intractable cases readily yield to the potent virtues of Kidney Wort. It is a purely vegetable compound, which acts on the Kidneys, Liver and Bowels at the same time and thus cleanses the whole system. Don't wait, but get a package today and cure yourself.

QUEBEC MERCURY.

TUESDAY EVENING, JULY 8.

It is reported in Simla, India, that the Ameer is massing his troops at Herat.

THE CANADIAN PACIFIC.

Extracts from Canadian newspapers and New York and Ottawa telegrams are reproduced in London with a view of doing injury to Canada and the Northwest territory and to the Canadian Pacific Railway Company. These comprise editorials from the *Seaforth*, *Ontario*, *Expositor*, the *Stratford Beacon*, and other papers, containing attacks on the credit of the Company, based on the purest fictions, apparently produced to depress Canadian Pacific stock while at the same time aiming at the Company's credit.

There never was a particle of truth in the whole story, that the monies supplied under the Government loan of last session are ample for the construction of the main line, as intended, and that there has been no thought of asking the Government to "release the mortgage on the road," or of issuing "new guaranteed bonds." For some reason or other certain classes of journals and politicians feel themselves at liberty to say what they please, or whatever malice or partizanship may prompt, in reference to the financial interests of a great company whose resources largely depend upon public confidence in the intrinsic value of the property under their control. The shareholders of the Canadian Pacific Railway Company have invested thirty millions of dollars of their own money in this great work, representing the property of people in all parts of Canada, the United States, England, Holland, etc. The Company surely have as much right to protection against such slanderous assaults as a banking institution of not one twentieth of their capital?

The *Montreal Herald* hereupon says: "Attacks made upon the lands and the credit of the company by the Hon. Edward Blake have, no doubt, been uttered under the influence of mis-information. Mr. Blake has been deceived in regard to the character of the lands lying in the railway belt. The Company have tested the character of these lands thoroughly. They have done so after a most practical fashion. They established experimental farms, not on the best spots only, but on the worst as well—on soil of all descriptions, including soil on which no grass was found. The results have been of a most gratifying character. Every description of grain and vegetable is now growing and maturing on these farms, without any exception. We saw yesterday wild rice four feet high, which had been cut on the 24th June on one of these farms, proving conclusively the presence of abundant moisture; and cultivated rice two feet high is found there. In a few days samples of crops, taken from those farms, will be on exhibition in Montreal to confront those who have persisted in calling the country along the Canadian Pacific, west of Moosejaw, a "sterile" country. As a matter of fact, from Moosejaw to Medicine Hat, a distance of three hundred miles—a strip of territory which was said to be non-productive—Indian corn will grow and ripen, and no better evidence of the value of the country need be stated.

The area of the earth is about 97,000,000 square miles, and of these 145,000,000 is the area of the water. The world's population is put 1,468,000,000.

THE OLIVER GIBLIN ASSAULT.

BOTH CONSTABLES FINED AND REBUKED BY THE MAGISTRATE.

Recorder Dery this morning gave his decision in this case of assault on the Esplanade. He severely criticised and condemned the conduct of both the policeman and watchman. As Giblin was neither on duty or in uniform he had no right to make the arrest. Mr. Oliver was honorably acquitted, and his cross actions against Constable Giblin and Watchman Brennan maintained, the former being fined \$10 and costs or 30 days' jail, and the latter \$30 and costs or 60 days' jail. It is stated the policeman and watchman will be dismissed and criminal actions brought against them for perjury.

HANDSOME BEQUESTS.

THE WILL OF THE LATE MR. JOSEPH LOUIS.

The late Mr. Joseph Louis left a very large fortune estimated at nearly \$500,000. Among other legacies under the deceased gentleman's will are, we understand, \$3000 to the trustees of the Methodist church, for a manse for the minister; \$2000 to the Sabbath School of the same church; \$2000 to the Rev C J Borland; \$1000 to the Rev J Elliott; \$400 to the Young Men's Christian Association; \$400 to the Womens Christian Association. Each of the four surviving children of the deceased, we hear, gets \$90,000, and the two Miss Fedden's are left legacies of \$15,000 apiece.

THE LATE CAPT. DUTTON.

The Commodore of the Allan fleet, Captain Joseph E. Dutton, who died on Sunday morning at the General Hospital in Montreal, in the fifty-seventh year of his age, was born in Liverpool, England, where his father, the late Joseph T. Dutton, was engaged in an extensive business in oils, &c. The family crossed to New York about 1838. They removed to Montreal about 1843, where the father carried on a large school. The late Capt. as a youth, went away early to sea, roaming abroad in many lands. At about thirty he entered the service of the Allan Line of steamships. He was twice married and leaves a widow in Birkenhead, Eng., to mourn his loss, besides a son, who is a most successful evangelist now working in the United States. Another son is at sea. A daughter is married and now living in England. Two brothers and a sister (Mrs Bond, of Sherbrooke) also survive. The latter was with him at the time of his demise. Capt Dutton was an earnest evangelist, his services for sailors doing much for them as a class, and he will be greatly missed by them.

He was long a sufferer from bright's disease, which has been chiefly the cause of his death. Last winter he was seriously affected by it, and obtained leave of absence, residing at Cannes in the south of France, for a considerable time. He resumed his duties on the last homeward trip of the *Sardinian*, and returned to this port only last week.

PROVINCIAL LAND SURVEYORS.

The Board of Examiners for Provincial Land Surveyors are in session at Quebec. There are six candidates for practice and three for study. Several very important matters will come before the Board at the close of the present session. Mr W McLea Walbank, C E, P L S, from Montreal; Mr Addie, P L S, from Sherbrooke; Mr D C Morency, P L S, from Lewis; Mr W A Arbe, P L S, from Quebec; and Mr J N Gastonguay, from Arthabaska, are the examiners.

THE UNKNOWN MAN FOUND DROWNED.

The Coroner held an inquest this morning on the body picked up the other day at St Nicholas. It is supposed to be that of Jean Baptiste St. Jean, of Sorel, who was drowned in November last opposite Yamachiche by falling from the barge *Paul* on her way to Burlington, Vermont. The family has been telegraphed for.

PILGRIMAGE.

The steamer *Canada* got in at an early hour this morning with a big crowd of pilgrims en route to La Bonne St Anne.

CANNED MEAT POISON.

Mr Bignell, sen., P L S, was very nearly poisoned and is still in a critical state from the effects of eating cured tongue.

CUSTOM DUTIES.

Duties collected at the Custom House today amounted to \$7010 59

A black snake nine feet two inches long and twelve inches in circumference was killed the other day in Essex county, Ontario.

THE BUSINESS OUTLOOK.

The corrected figures of the failures for the past six months in the Dominion of Canada as reported by Dan, Wiman, & Co's mercantile agency are in number 752, as against 687 for the first six months of 1883, showing an increase of only 65 failures. The liabilities in the past six months are \$10,742,600, as against \$8,249,060 for the corresponding period of 1883; increase of nearly \$2,500,000. This we are told is not as bad as the showing in the United States, but it is unquestionably almost if not quite as bad as was the business condition in 1877-8.

TABLE TALK.

Soda fountains are in full boom. They are strongly recommended by physicians.

Boston is said to ship tracts to one part of India and neatly painted idols to another.

The study of the Irish language is becoming popular in the United States. A Philadelphia class numbers fifty pupils.

The Marquis of Salisbury is suffering from a severe cold, and has gone to Brighton for the benefit of his health where Lord Randolph Churchill is also recuperating.

The best definition of courtship is the following. It consists of a number of quiet attentions, not so pointed as to alarm, and not so vague as to be misunderstood.

During his sermon on Sunday morning, in Brooklyn, Mr Beecher, referring to cremation, said the idea of a resurrection of the body would oppose a lasting obstacle to the Pagan custom of burning the dead.

INVITATION TO THE MEDICAL PROFESSION.

M. Souvielle ex-Aide Surgeon of the French Army, most cordially invites the medical profession and the public at large to visit his offices and examine his instruments and appliances, where he will be pleased to give any information that may be asked for concerning his new method of treatment. Microscopes with microscopical specimens (prepared by M Souvielle in the Pathological Laboratory of St. Bartholomew's Hospital, London, England), of healthy and diseased lungs, and other interesting specimens, including specimens of bacilli, the germs of tubercular consumption, will be at the disposal of the profession. In his Institutes, his invention, the Spirometer, is used for the treatment of Throat and Lung diseases, such as Catarrh, Catarrhal Deafness, Asthma, Bronchitis, Weak Lungs and Consumption, which has so revolutionized the treatment of these affections in the hospitals of Europe, and has gained the respect and confidence of the general public, and the majority of the most liberal minded and advanced physicians of the day. Patients suffering from pronounced cases, who find it impossible to visit the offices personally, and receive a thorough examination and investigation in their case, can be treated by letter, and Instruments can be expressed to any address. Write for list of questions and "Treatise on Throat and Lung Affections." Address, 13 Phillips Square, Montreal, Head Office for Canada.

LABATT'S

LONDON ALE AND STOUT

—FOR THE—

Summer Season.

During the hot weather of the Summer Season I would call particular attention of the public to use JOHN LABATT'S INDIA PALE ALE and the XXX STOUT, which I can, with every confidence, recommend as being the healthiest beverage.

The large number of certificates of Professors of Chemistry and the First Prizes awarded at the Universal Exhibitions of Philadelphia, Australia and Paris (the only Canadian Ale that was awarded a prize at the latter Exhibition) proves that John Labatt's Celebrated Ale and Stout have no superior in Canada, and can be compared advantageously with the imported Ale or Stout. Beware of imitations of the genuine labels. Ask for John Labatt's Ale, manufactured in London, Ont., and see that you get it, as inferior quality is often substituted.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs, none so trifling with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. "In 1867 I took a severe cold, which affected my lungs. I had a terrible cough, and passed nights after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. HORACE FAIRBROTHER, Roxburgh, Vt., July 15, 1882.

Croup - A Mother's Tribute. "While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours, MRS. EDNA GRENEY, 150 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. LAKE CRYSTAL, Minn., March 15, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN, Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRADGON, Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

SIX O'CLOCK EDITION QUEBEC MERCURY

TUESDAY EVENING, JULY 8.

From Montreal this Evening.

MONTREAL, July 8 - The inquest on the body of Callahan, who lost his life in a row with Bernard McDonald, is still in progress. So far the evidence goes to show that McDonald only acted in self defence.

The first serious accident since the commencement of the erection of the new drill shed has taken place. A bucket of mortar fell on the face of a laborer named Honoré Ciment, crushing in all his face. His condition is critical.

Mrs. Henry J. Clark, wife of the late Attorney General for Manitoba, has died in the Notre Dame Hospital, after a long illness.

Last night 560 immigrants per steamers Circassian and Toronto arrived at the Tanneries. Among the number are 57 children brought out by Miss Rye for the school at Niagara and 30 London children sent to Canada by Dr Barnardo.

Stock market about steady at yesterday's prices.

Weather cool and threatening rain. The Allan mail ss Hanoverian, from Baltimore, for Liverpool via Halifax and St John, Nfld, arrived out today.

From Toronto this Evening.

TORONTO, July 8 - The Grip and Mail job offices this morning withdrew their notice of a reduction and the men will go back to work. The Globe this morning claims, so far as it is concerned, the strike is over, as they have sufficient non Union men to get out an eight page paper.

Among the petitions presented to the City Council was one from a large number of citizens protesting against the beating of drums, &c, on the streets by the Salvation Army on Sunday and week nights. The matter was deferred.

Two valuable horses were stolen from the stable of Wm Hurst, Claremont street, last night. The detectives are hunting for the thieves.

From Ottawa this Evening.

OTTAWA, July 8 - Mr A P Caron returned from Montreal today. Sir H Langevin will spend two or three weeks at River du Loup before returning to the city.

A meeting of the Executive Committee of the Dominion Rifle Association will be held this afternoon to make arrangements for the September prize meeting.

Tenders have been called for the militia clothing.

SIGNAL SERVICE REPORTS.

L'Islet - Cloudy and calm. A steam in ward at 7 30 am; Conqueror, towing a ship, outward.

River du Loup - Cloudy and calm. Light northeast. A bark inward at 8 am.

Father Point - Cloudy and calm; light north east wind. Steamer Gloucester outward at 9 am; steamer Saltburn inward at 7 am; a bark inward at 6 am.

Anticosti - Foggy and showery; brisk north east wind. Schooner Anne Prudence arrived at English Bay Magdalen Islands - Raining; east wind. Steamer Beaver arrived at Amherst at 6 am.

M. PASTEUR.

The now celebrated M. Pasteur is described as a man of square built figure, and having the rather coarse and solid air which one so often finds in the aristocrats and peasants in the French Comte, his native province. The eyes are so accustomed to the microscope as to have lost in a great measure their normal capacity of visual adaption and are devoid of expression.

An attempt was made on Thursday night to wreck a train on the C P R between Annand and Dufrost stations, Manitoba.

EPPE'S COCOA - GRATEFUL AND COMFORTING - "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame." - CIVIL SERVICE GAZETTE. - Made simply with boiling water or milk. Sold only in Packets and Tins (4s. and 1s.) by Grocers, labelled "JAMES EPPE & CO., 110, Tottenham Ct. Rd., London, England."

BY CABLE THIS EVENING.

THE CHOLERA IN FRANCE.

MARSEILLES, July 8 - Fourteen deaths from cholera occurred last evening. The panic is increasing, and all who can are leaving.

PARIS, July 8 - It is feared that the exodus from Marseilles and Toulon will result in the spreading of the cholera. The migration from Paris to the sea side is unexampled.

FORTIFYING WADY HALFA.

CAIRO, July 8 - General Grenfell has gone to fortify Wady Halfa, and he will also erect defences near Korosko. A squadron of cavalry and two gun boats have been ordered to Wady Halfa.

STEAMSHIP COLLISION IN NEW YORK.

A CUNARDER RUNS INTO AN AMERICAN MAN-OF-WAR.

NEW YORK, July 7 - The new steamship Aurania, of the Cunard Line, was coming up the bay last night when she ran into the port bow of the U. S. man of war Swatara, which was lying at anchor. The collision was reported today and carelessness was charged by the officers of the Swatara which was damaged to the extent of \$3,500. Capt Harris, of the Aurania said the night was foggy and he had not sighted the Swatara's lights.

The Aurania lost her top gallant mast. The Swatara was to start on a cruise on Tuesday. She has been sent to the navy yard for repair.

CAPTURE OF KHARTOUM.

LONDON, July 6 - Alarming rumors of all kinds, including the circumstantial story of the capture of Khartoum and Gen. Gordon, vex the public mind, and the impression gains ground that the English Government will be fitting out a great expedition in August or September to fight the Mahdi.

MR. GLADSTONE'S ILLNESS.

LONDON, July 7 - Mr. Gladstone is again ill, and there is even more than the usual amount of mystery as to the nature of his malady and the seriousness of the attack. His physician was interviewed, who says he has merely an attack of dysentery, which has already yielded to treatment.

EXCURSION TO THE ROCKY MOUNTAINS.

LONDON, July 7 - A select party of seven Earls has been formed to hunt large game in the Rocky Mountains next autumn. They will leave during the latter part of next month.

DEATH OF THE DUC D'AUMALE.

PARIS, July 7 - A report is current here to the effect that the Duc d'Aumale died today at his chateau in Chantilly.

DISTRESSED LADIES IN IRELAND.

A Dublin correspondent telegraphs: The dead lock in the Irish land market has intensified the distress among Irish ladies who derive their income from land. The Association for the Relief of Ladies in Distress through non payment of rent in Ireland has within the last two years and a half distributed no less than £39,000 among 1,100 ladies and their families. One lady received from her tenants only £60, instead of £350, and was unable to pay the expenses attending the illness and death of her brother. The only way she could do so was by selling her furniture, by which she would deprive herself of the power of letting lodgings, the only means she had of supporting herself and her father who was seventy eight years of age - Globe.

An editor pops the question in "his column in this public fashion: "There's a certain girl in this town who can carry our house keys for life if she'll only say the word."

ADVICE TO MOTHERS.

Are you disturbed at night and broke of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best emsle nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb 27, 84 17

THIS EVENING'S TELEGRAMS.

THE DEMOCRATIC CONVENTION:

CHICAGO, July 8 - The rumor was current last night that when the time for nominating speeches arrives, John Kelly will present the name of Tilden.

At 12:40 pm today the Convention was called to order by ex-Senator Barnum, Chairman of the National Democratic Convention. Prayer was offered by the Rev Dr Marquis, and Hubbard was unanimously elected temporary Chairman.

SHOT AND KILLED.

BALTIMORE, July 8 - Early this morning Augustus Slater, a prominent young man, shot and killed T. J. McGowan in the street. McGowan was formerly a compositor, but lately kept a saloon. He was very quarrelsome when under the influence of liquor, and was once tried for murder but acquitted.

KILLED HIS BROTHER.

DANVILLE, Va, July 8 - B F Richardson killed his brother Albert with a chair in Richardson county. Richardson is a worthless fellow and was abusing his mother.
