YUGOSLAVIANS SEVERE RELATIONS WITH CHILE

World News In Brief

Wellington, N.Z., Oct. 11.—(Reuters)—The New Zealand dairy Conference yesterday unanimously passed a resolution pledging New Zealand industry's utmost aid in helping Britain's food supply and promising to make every effort to meet the reported loss of 6,000 tons of butter from Denmark following the breakdown of Anglo-Danish food talks.

London, Oct. 11.—(Reuters)—A Food Ministry spokesman said yesterday that plans for purchase of 50,000,000 bushels of wheat from this year's Australian harvest are complete and only the question of the price remains to be solved. He discounted a report from Canberra that there has been a hitch in the negotiations.

New Delhi, Oct. 11.—(Reuters)—About 3,000 cases of cholera, including suspects, are in various refugee camps of East and West Punjab and the Delhi area, it was officially reported today.

Wellington, N.Z., Oct. 11.—(Reuters)—Prime Minister Peter Fraser announced today that he would be unable to attend the wedding of Princess Elizabeth and Lieut. Philip Mountbatten in London November 20. New Zealand will be represented by the High Commissioner, William J. Jordan.

Paris, Oct. 11.—(Reuters)—Dr. Truong Dinh Tri, president of the Viet Nam (Indo-Chinese nationalist) committee of administration in Hanoi, was critically injured yesterday following an attempt on his life with a hand grenade, Agence France-Press reported.

Moscow, Oct. 11.—(AP)—An informed British source said today the Soviet Union had not been invited to send representatives to the wedding of Princess Elizabeth. He said the Russians are "not likely to receive an invitation."

Coral Harbor, N.W.T., Oct. 11.—(AP)—Word today from Arctic Bay, 635 miles to the north on the northern shore of Baffin Island, indicated that the small boat carrying Canon John T. Turner from his Moffat Inlet mission might reach there before night. The missionary was seriously injured by an accidentally-discharged rifle bullet.

FRENCH JOURNALIST IN CANADA

Montreal, Oct. 11.—(AP)—Emile Henriot, member of the French Academy and literary director of the Paris newspaper Le Monde, arrived here yesterday to give a series of lectures at the University of Montreal under auspices of the Franco-Canadian Scientific Institute.

Gagne Has 30 Days In Which To Appeal "Guilty" Verdict

(Special to the Record)
 Cochrane, Ont., Oct. 11.—Despite a stout defence and a defence counsel suggestion that the Crown evidence was biased, Jean Gagne, 27-year-old bush and farm worker of East Angus, Que., found guilty yesterday by a 12-man jury for the murder of aged trapper Robert Todd, will be hanged at Hallsbury Prison on Jan. 14th unless his attorneys file an appeal within 30 days, or the sentence is commuted. Gagne's lawyers could not be immediately reached for comment regarding the possible appeal.

Todd, 76, was slain last March 11 in his cabin near Wave, Ont., and his battered body was found bound with dog chains and thongs in a refuse heap under his small cabin.

The Eastern Townships man, although denying he had any connection with the death of the old man, admitted he stole a radio, a battery, and a battery tester, which he sold

Action Follows Expulsion Of Yugoslavian Diplomats By Chile

New Housing Program For War Veterans

Reconstruction Minister Sets Target for 1948 at 12,000 Units.

Vancouver, Oct. 11.—(AP)—Reconstruction Minister Howe yesterday announced a new deal for municipalities in the building of low-rental housing units for war veterans, and set the target for 1948 at 12,000 units.

Terms will be more favorable to the municipalities, and rents for four, five and six-room houses will range from \$27 to \$37 a month. The program for 1947, under War-time Housing programs, discontinued June 1, called for 8,000 units.

"Arrangements for rental housing projects will be made with the municipality by the Central Mortgage and Housing Corporation," Mr. Howe said. "There will be no marked increase in cost over the present wartime housing unit."

Mr. Howe, speaking at a Canadian Club luncheon, said, as in the past, municipalities will be called upon to provide land and services.

If the cost or value of the land and services exceeds \$600 per unit, the Dominion will pay the cost of such excess. The standard agreement provided for payment to the municipality in lieu of taxes of \$24 for small units and \$30 for the larger units.

The new agreement will provide for payments in lieu of taxes up to \$70, \$75 and \$80 on four, five and six-room houses. The payments more closely approximate the normal tax rate.

"Provision will be made that in the event of sale of the unit by the Dominion, the municipality will share equally with the Dominion in proceeds in excess of the amortized value of the investment, by the Dominion," he said.

Amortization will be at the rate of 2 1/2 per cent per annum. The provision in the wartime housing agreement permitted the municipality to purchase units for \$1,000 after 18 years. This will not be contained in the new agreement.

"In the event of the project continuing on a rental basis after the Dominion has amortized the adjusted capital value, then the municipality will share equally with the Dominion the net rental proceeds."

Mr. Howe said that projects of this kind cannot be developed by the Dominion alone. The 1948 program is dependent upon the co-

operation of municipalities in Kirkland Lake, Ont., from Todd's cabin, the morning after the killing. He was the only witness heard for the defence.

During the search for Gagne following discovery of Todd's battered body, the East Angus man was described as "the man with the wall eye," resulting from a deformity to one of his eyes.

Crown defence counsels completed their final addresses to the jury Thursday night after 22 Crown witnesses and Gagne had taken the stand. Mr. Justice J. C. Genest delivered his charge to the jury when the court met yesterday morning and the panel retired to deliberate, returning their death-carrying verdict shortly after 2:30 p.m.

While testifying in his fight to refute the Crown charge, Gagne said he had visited Todd about 2 p.m. on the day of the slaying and was welcomed by the trapper, playing cribbage with his old friend Louis Lafarge.

In cross examination, Gagne told Crown Prosecutor S. A. Caldwell that he remembered hearing Lafarge testify he did not visit Todd on the afternoon of March 11, and admitted he lied several times when making a statement to police after his arrest.

In denying he had shown the men a leather club, Gagne said he was wearing an army battle dress tunic and was masquerading as a

Chilean Government Blames Crippling Strike in Coal Mines on Activities of Communist Agents Seeking to Break Down Hemisphere Defence Plans.

Belgrade, Oct. 11.—(AP)—The Yugoslav Ministry of Foreign Affairs announced today that Yugoslavia had decided to break off diplomatic relations with Chile.

A Foreign Office statement declared that Chile's claims against two Yugoslav diplomats expelled by the Chilean Government Wednesday constituted a "most fantastic slander against our government."

The statement charged Chile with "breaking the most basic principles of international relations."

It said the Chilean action against the two Yugoslavs—Dalibor Jakasa, secretary of the Legation at Buenos Aires, a visitor in Santiago, and Andrej Cunja, former charge d'affaires in Santiago—was "a part of a planned campaign, not in the interests of the people of Chile, but in the interest of expansionistic tendencies of certain powers which more and more are directing the internal and external policies of Chile."

(The Chilean Government, in expelling Cunja and Jakasa, accused them of fomenting, on orders from an international Communist organization, a campaign against the United States and against hemisphere defence plans, through strikes and sabotage.)

"This step of the Chilean Government," the Yugoslav Foreign Office statement said, "falls in a period of sharp, slanderous attacks on the Yugoslav government—attacks whose initiators are the same powers who are attempting to unsettle friendly co-operation between the nations."

The statement called the Chilean action hostile and said "Considering there is no further necessity for further diplomatic relations with a government which can't decide independently its relations with other countries, the government of Yugoslavia is deciding to break off diplomatic relations."

Since there is no Chilean diplomatic mission in Belgrade, a formal break involves simply the announcement, which was made last night but given to foreign correspondents only this morning in an edition of the Communist party organ Borba.

Santiago, Chile, Oct. 11.—(AP)—President Gabriel Gonzalez Videla ordered drastic coal rationing today as Chile dug into the armed forces' fuel reserve in a strike crisis blamed officially on a foreign-dictated Communist plan "to paralyze any Chilean action defence of hemisphere security."

While the President reiterated his "unshakable intention to eliminate Communist party control over the working masses," the Chilean Communist party called for United Nations consideration of the situation developing from Wednesday's expulsion of two Yugoslav diplomats on charges of "Communist agitation."

With a strike of 16,000 coal miners in its eighth day, an official report from Concepcion, in the centre of the coal fields, said only 50 had returned to work. The miners are asking for higher pay.

The President declared that refusal of the miners to obey orders to go back to work despite an "advantageous" wage grant was confirmation of the "political and revolutionary character" of the work stoppage.

Four more alleged Communist agitators were arrested, bringing to nearly 70 the number jailed or transported to Chilly Tierra del Fuego in the south.

In a statement issued by its Politburo, the Chilean Communist party declared "in the presence of the extremely grave accusations" made by the government, the Communist request appointment of a commission of outstanding persons to investigate the facts.

"Since the incident acquired international character and the intervention of President (Juan D.) Peron (of Argentina) has been asked, it is logical and convenient to take it for consideration before the only international organization juridically qualified to examine the problem—the United Nations," the Communist statement said.

The government expelled the two Yugoslavs—Andrej Cunja, former Yugoslav charge d'affaires here, and Dalibor Jakasa, secretary of the legation in Buenos Aires—Wednesday night, accusing them of fomenting, on orders of an international Communist organization, a campaign against the United States and inter-American solidarity through strikes and sabotage.

(Both were reported in Buenos Aires today in the custody of fed-

Board Ends Hearing On Rate Motion

Seven Provinces Seek Suspension of 30 Per Cent Freight Rates Increases Scheduled for Nov. 1.

Ottawa, Oct. 11.—(AP)—The Board of Transport Commissioners have reserved judgment on a motion by seven provinces for suspension of competitive freight rate increases of 30 per cent being put into effect by the Canadian railways Nov. 1.

This decision was announced yesterday at the conclusion of five days of argument on the motion, which urged that the advances be withheld until the Board has delivered judgment on an application now under study for a 30-per-cent increase throughout the entire freight rate structure.

The railways withdrew competitive rates—those which may be raised or lowered to meet competition from truck and water carriers—from the main application following the recent abolition of price controls over transportation

Arab Forces Place Ring Around Jews

Arab League Council Plan Next "Military Precautionary Actions Against Zionism."

Beirut, Lebanon, Oct. 11.—(AP)—Arab sources said last night the armed forces of the Arab world, which is unofficially estimated to be able to muster 200,000 to 250,000 regulars, were concentrating on the Palestine frontiers to cordon off "terrorist organizations and Zionist forces."

Other official quarters here and in Palestine declared, however, that they had been unable to detect any unusual troop movements.

While troop manoeuvres were reported in progress to implement a decision of the Arab League of seven countries, the League Council went back into session last night to plan the next "military precautionary actions against Zionism."

Riad Bey Es Solh, Premier of Lebanon, told reporters "our troops have moved to the frontier," and Ahmad Sharabati, Defence Minister of Syria, said in Damascus that Syrian troops already were quartered on Palestine's northeastern border as a precaution against possible "terrorist" movements and Zionist espionage.

Syrian sources said important military manoeuvres of the Syrian army were to take place today along the border.

The United States military attaché's office here declared it had no reports of extensive troop movements, indicating that the Lebanese concentrations possibly were the shifting of forces already in the south.

In Jerusalem the Palestine government information office declared in a statement: "In view of persistent rumors of Arab troop concentrations on the Palestine northern and southern borders we are asked to state emphatically that the Palestine government has no knowledge of such troop concentrations."

Sources in Beirut said they were informed that Egyptian forces, largest in the Arab League, were preparing to move into the Sinai Desert south of Palestine, and that Saudi Arabian cavalry was crossing into Egyptian territory at the invitation of the Egyptian government to participate in the cordon.

Seven Saudi Arabian planes were said to have landed at Egyptian airbases.

Abdul Rahman Azzam Pasha, League secretary, returned in mid-afternoon from Amman, capital of Trans-Jordan, where he and the Iraq Premier, Saib Bey El Jabri, lunched with King Abdullah and were reported to have discussed the participation of Abdullah's Trans-Jordan forces in the concentration.

Missing Tot Returned To Her Parents

Childless Married Woman to Appear in Court on Kidnapping Charge.

Toronto, Oct. 11.—(AP)—One-month-old Lois Susan Hughes, taken from her unattended carriage on busy Yonge Street, was restored to her mother last night and a childless married woman faced a kidnapping charge.

Mrs. Doreen Curry of Havelock, 20 miles north-east of Toronto, was brought here last night for appearance in court today on the kidnapping charge.

Mrs. Curry told police the child under her care had been given to her Friday by a "poorly dressed" woman she met on a North Toronto street. Mrs. Curry was in Toronto to "adopt a baby."

"I was admiring her baby and told her that I was not able to have any children," police quoted Mrs. Curry as saying. Then the woman gave her the infant, she said.

The child, daughter of Mr. and Mrs. Elmer Hughes, was taken from her carriage when left alone for about five minutes outside a department store.

No trace of the child was discovered, police said, until it was established that Mrs. Curry visited a public school here yesterday and proudly showed a baby to her former teachers.

"It seems to me to be a case of the impelling urge of mother love which caused Mrs. Curry to take the child," said Chief Constable

Marshall Plan Development May Determine Dominion's Position In Dollar Crisis

Finance Minister Abbott Refuses to Comment on Future Relations Between Canada and United States Upon Return from European Tour.

Ottawa, Oct. 11.—(AP)—The United States is probably going to be compelled by her domestic situation to see that considerable supplies for the Marshall aid-Europe plan are obtained outside the United States in supply countries such as Canada, in the opinion of observers here closely following aid trends.

It is becoming clearer now that if the huge supplies needed for European aid are practically all purchased in the United States the present inflation there would be greatly aggravated and prices would shoot sky high.

The further rise in prices would simply be a result of shorter supplies for domestic use with such vast quantities going abroad. This interpretation follows on the statement by Finance Minister Abbott last night that if the Marshall plan is going to be effective enough to prevent western European sliding into economic chaos the required aid will not come exclusively from the U.S. but the productive capacity of Canada and other Western Hemisphere countries would have to be utilized as well.

At a press conference held on his return to Ottawa from his European trip, Mr. Abbott also predicted that the Canadian cost of living will increase still further.

The cost-of-living index, now at 139.4, might settle somewhere between 140 and 145, he said, adding that if it remained at that position the situation would be "pretty good" for Canada cannot expect to insulate her economy from economic developments abroad.

The Minister had a good deal to say about the Marshall plan and how Canada might fit into it during the hour-long crowded conference.

But his main point was that it would be in the interests of the United States and the other countries to use the productive capacity of Canada and other countries in the Western Hemisphere as well as that of the United States if the aid scheme was really to work.

Canada is the only country in the hemisphere, however, that can really contribute. Argentina can provide some goods, but aid outside the U.S. would largely have to come from this Dominion.

The Minister was very blunt in emphasizing, though, that Canadian aid to Europe would not be by way of further credit grants. Her aid would be in form of supplies

U.N. Will Appoint Balkans Commission Despite Russia

Lake Success, Oct. 11.—(AP)—The political committee of the United Nations Assembly voted late yesterday to proceed with the election of a Balkan "watchdog" commission despite Russia's announcement Thursday that she would boycott the commission and refuse to take part in the election.

The vote was 27 to 7, with nine abstentions. Soviet delegate Andrei A. Gromyko was among those who abstained.

Canada's Justice Minister Hsley then proposed that membership on the "watchdog" group be held open for Russia and Poland, despite their declarations that they would not serve.

Herschel V. Johnson, U.S. delegate, said he "regretted exceedingly" that Russia "so far" had not agreed to serve, and expressed hope that Russia and Poland "subsequently" might be ready to take part.

He said the United States would support Canada's proposal. Hsley said earlier Canada believed the "watchdog" commission should be composed of as many of the big powers as are willing to serve.

Gromyko repeated his delegation's refusal to have anything to do with the committee and Peruvian delegate Alberto Ulloa said the Slav attitude could be interpreted as "a rebellion against the U.N."

Hsley did not express any opinion as to how the committee could

Union Parley Is Abandoned By Chairman

Convention Adjourns After Gordon Bradley Left Chair in Protest at "Campaign of Slander."

Ottawa, Oct. 11.—(AP)—The Newfoundland National Convention, considering the island's political future, adjourned after Chairman Gordon Bradley dramatically left the chair declaring he was not going to remain "in a position where I cannot defend myself."

Mr. Bradley, whose report on Confederation talks at Ottawa was released here and in the Canadian capital today, had been criticized by a number of national convention members for prolonged talks which covered a period of three months.

The precipitate action of Mr. Bradley, who said he had been victim of "a campaign of slander," left the nationally-elected body without a presiding officer and it adjourned to meet again at the call of a new chairman whose appointment will be requested from the commission government.

Earlier the convention had allowed to stand over the report of the Bradley delegation which has just returned from Ottawa conferences on possible terms of confederation between Canada and Newfoundland.

Joseph Smallwood, secretary of the seven-man delegation, urged that "the matter of debating or reading all of it be held over until a more opportune time."

After Mr. Bradley's resignation followed attempts by Alex Butt, delegate from St. John's, to give notice of a motion which he said, following adjournment, would have called for a want of confidence vote in the chairman "for being partial towards confederation with Canada."

It was later learned that Mr. Bradley's resignation was from the chairmanship of the convention and not from convention membership. As an unofficial member he will be able to defend his actions from the floor of the convention chamber.

In offering notice of his motion Mr. Butt got as far as saying "whereas it has been brought to the attention of this convention that the presiding officer . . ."

When Mr. Bradley interrupted him to offer to defend his record as chairman since he succeeded the late chief Justice J. C. Fox last winter. At the end of the speech he said "Gentlemen this convention is without a chairman" and he left the convention floor amid pandemonium.

"Specifically my proposal is that the special committee shall consist of representatives of Australia, Brazil, China, France, Mexico, the Netherlands, Pakistan, the United Kingdom and the United States, seats being held open for Poland and the U.S.S.R.," Hsley said.

The violent statements made yesterday by Russia and Poland when they announced they would have nothing to do with the proposed commission or with the establishment if it were "regrettable," Hsley said.

Those statements, he added, "make it all the more important to reflect carefully before we decide upon the composition of this committee."

He commented on proposals to exclude the big powers from the committee based on the argument that the special investigating committee sent to the Balkans had no big power members.

"Surely we have now reached a point in the Greek case in which

French Government Honors Four Sherbrooke Citizens

The government of France has awarded the Palme D'Academie to four well-known Sherbrooke residents and the presentations will be made by the French Ambassador to Canada, Count Jean Du Hautecloque, at a special ceremony here on November 8. Leonidas Bachand announced today in his capacity as president of L'Alliance Francaise.

PROF. J. D. DUFOUR

and vice-president of L'Union Musicale.

Recipients of the award, also known as the Purple Ribbon, are Mrs. Frederick H. Bradley, Professor J. Donat Dufour, Louis Philippe Robidoux, and Eugene A. Tanguay.

Mr. Bachand said the medal is awarded for service "to art, literature and France."

During the presentation, to be held at a hall yet to be decided upon, Senator Jacob Nicol will receive the Legion of Honor medal from the French ambassador.

Mrs. Bradley, born Mabel Barker, of Marbleton, is first general vice-president of L'Union Musicale.

L. P. ROBIDOUX

Four more alleged Communist agitators were arrested, bringing to nearly 70 the number jailed or transported to Chilly Tierra del Fuego in the south.

In a statement issued by its Politburo, the Chilean Communist party declared "in the presence of the extremely grave accusations" made by the government, the Communist request appointment of a commission of outstanding persons to investigate the facts.

Continued on Page 5

MRS. F. H. BRADLEY

She has long interested herself in musical and cultural endeavors and Mr. Bachand today said the award was going "to a person who well deserved it."

Mr. Dufour was born at Baie St. Paul, Que., and spent some time at Kamouraska, Que., before making Sherbrooke his home.

Mr. Dufour is an author, speaker, and a professor of history and pedagogy at the Sherbrooke Normal School. He also is a vice-president of L'Alliance Francaise.

E. A. TANGUAY

and former diction professor of L'Union Musicale.

Mr. Robidoux, a newspaperman by profession, was born at Granby and was educated at the Sherbrooke Seminary.

Mr. Tanguay was born at St. Charles de Bellechasse, and Mr. Bachand described him as a man who "gave all his talents to aid art students and contributed to the success of all societies to which he belonged."

HOLLYWOOD CUTS MILLIONS FROM FILMS

Hollywood, Oct. 11.—Hollywood is trying to save money. They've been firing secretaries and press agents to trim their budgets and, just as it generally does, Hollywood has been pennywise and pound-foolish.

The studios have put enough gold dust on their cutting-room floors to pave the main street in your home town or put gold chairs in the Hollywood Bowl. An hour and 40 minutes was clipped from "Arch of Triumph"—that's about a quarter of a million dollars that only the cutter enjoyed.

"Morning Becomes Electra" was cut an hour. Another hour was cut from the new DeMille film, "Unconquered."

From a third to a half of every big picture goes the way of all garbage. And the result is still too long. If Hollywood wants to save money, let the studios plan their pictures so they can save shooting time—no waste it on the cutting room floor and then cry the blues.

BURT TIRES OF KILLERS

Burt Lancaster wants a change of pace after those two killer characterizations for Mark Hellinger. He's interested in a story about a whimsical bartender who turns diplomat. . . Bud Abbott and Lou Costello just mailed out 100,000 letters asking for financial aid in the \$80,000-a-year operating expense of their Youth Foundation. . . Robert Cummings is having moles de-moled from his physiognomy, which will take him out of circulation for a week or two.

Louis Calhern will test for the role of Ben Franklin in "Our Destiny." He'll do it with padding. . . Last laugh in an Madison Square Garden, which didn't like the handling "Body and Soul" gave the Garden, intimating that some of the promoters and fight managers aren't lily-white. They protested to Enterprise studio like mad and then, according to a UP dispatch, were fined \$2500 for "negotiating with unlicensed individuals with criminal records."

Loretta Young goes kissless in "Rachel" despite the presence of Bill Holden and Bob Mitchum. . . Milt Gold's solution to the box-office slump is monthly theater passes for the whole family. . . Charles Skouras is giving the idea some thought. . . Bandleader Woody Herman is set for a role in the George Pal feature, "Tom Thumb." . . Harry Richman is packing 'em in at the Flamingo Hotel in Las Vegas. . . Charlotte Greenwood's switch to drama in a local stage version of "I Remember Mama" gave film producers a different slant on the comedienne. She has three offers for serious roles coming up in January.

LIONIZING A LION

Jackie the movie lion was celebrating his 20th birthday. "We're having an open cage party," his owner, Mel Koozts, said.

In fact, it was a double celebration. Jackie had just started work in his 510th movie, "Caged Fury." But there's nothing furious about Jackie in or out of a cage. He's tired and bored and hasn't even made a pass at a fly for years. Jackie let out a few embarrassing yawns, then a snarl or so, just for the photographers, and took a look at his birthday cake.

Social Activities

The Officers', Sgts' and Men's Messes have resumed activities for the benefit of the respective members, and are open every parade night. A dance is held every Saturday night at 9:30 p.m., commencing tonight for the benefit of the public, with Giz Gagnon and his boys. Tickets at the door of the Armory.

Around The Armouries

By The Sgt.-Major

12th Armored Regiment, Sherbrooke Regiment, RCAC

The fall training program got away to a good start on Tuesday night, October 7, at the William Street Armory, with a good number of the veterans of the regiment on parade, and a fair number of recruits in line to sign up.

But bigger and better things are expected, so come along all you veterans of all arms, who are now interested in joining an armored unit. . . learn all there is to know about wireless, gunnery, tank driving and the operating and maintenance of Diesel engines.

It may be of interest to ex-service men of the Armored Corps, to know that upon joining this armored unit, they will be enlisted in the rank that they held upon discharge from Active Service and that a number of vacancies now exist for NCO's, with Armored experience.

And now a line to some of the members of our unit whom we have not seen around the Armory for some time. We want to see you back again this year, chaps, but if you can't get down to the Armory, due to pressure of business or work, drop in and tell us about it, write us a letter, phone, and tell us how you are getting on. The phone number is 1452.

Sports In The Unit

To those of you without previous training, serving with this Regiment will also prove most interesting. Along with the unit training, are numerous sports activities, softball in indoor shooting, basketball, volleyball, summer shooting competitions, boxing, wrestling, and others; so come along fellows and get in on it all. The unit basketball team, now under its new coach, Chic Watley, has entered the Junior league and expects to go places this winter; they welcome more players. Also for those of you interested in shooting, the 22-bore rifle teams are getting down to business again and are on the lookout for good shots. Last winter one of the unit teams ended up in the "Shoot off" against Montreal and Quebec city for the Provincial championship PQRA. This year they hope to do even better; so here's your chance fellows, if you like shooting and would like to shoot well, come and try out with one of the teams, they want you.

Social Activities

The Officers', Sgts' and Men's Messes have resumed activities for the benefit of the respective members, and are open every parade night. A dance is held every Saturday night at 9:30 p.m., commencing tonight for the benefit of the public, with Giz Gagnon and his boys. Tickets at the door of the Armory.

30th Field Ambulance R.C.A.M.C. (Reserve)

30th Field Ambulance R.C.A.M.C. (Reserve) starts training at 8:30 p.m., Tuesday, October 14.

Interesting training films will be commented on by Major Bruce Fletcher, R.C.A.M.C.

This is the initial training period for this new unit and a good turnout of recruits is expected.

There are still vacancies open for anyone interested in first aid to the injured and general health help.

Remember, it's good training in a good unit, and you never know when you may have occasion to use the knowledge gained from the lectures and actual work given by the 30th Field Ambulance.

Headquarters: 53rd Armory, William street, Drill nights: Tuesday and Thursday, 8 until 10 p.m. Come to the orderly room and ask for Sgt. Galipeau. He'll tell you all you want to know and introduce you around. Don't worry about whether you speak one language or the other—instruction is given in both French and English. Civic Banquet for 35th Battery (Overseas)

The City of Sherbrooke is being host to the 35th Battery (Overseas)

He also looked at two of his guests, Sheila Ryan and Mary Beth Hughes. He looked disappointed, probably because not one little girl lion had dropped around to wish him a happy birthday.

Jackie licked the icing off the cake and then Mel took Jackie back to his cage. It was a little sad, Lions, Mel says rarely live to be more than a ripe old 25.

Jackie, probably the most famous lion in the world, with whom Mel even slept when the lion was a cub, has only a few more years to live.

PROVE THEIR WORTH

Coming into manhood, Polynesian boys must go through a series of tests to prove their worth. The tests completed, their backs are tattooed with sharks' teeth. If so much as a muscle twitches during the extremely painful process, the boys are banished from the tribe.

SOLAR ODDITY

The sun never gets farther than 23 1/2 degrees north of the equator, not even as far north as Florida, yet it shines in your north windows in the summertime.

69th Thanksgiving Day Will Be Celebrated By Canadians

By E. M. CHANTLER
 Canadian Press Staff Writer

Whence came Thanksgiving Day, the 69th consecutive observance of which will be marked by Canadians on Monday?

As they prepare for 1947's final long week-end holiday, many citizens might be surprised to hear that their favorite day of turkey and cranberry sauce is not typically Canadian—and certainly not Canadian in origin.

Just as most "name" or "holy" days which come during autumn, Thanksgiving has its earliest known roots in ancient myth, fact and fancy.

Druids, Romans, Greeks, Israelites—and in fact, most agricultural peoples of the ancient world—set aside one or several days about the time of the autumnal equinox to give thanks for swollen granaries and groaning festive boards.

In Rome, the period was marked

OBSERVES BIRTHDAY

Congratulations are being received today by CARL ROSS, of Sherbrooke, on the occasion of his birthday.

Example Of Real Courage Is Given By Handicapped Youth

George McNeil Ibbittson, of Red Deer, Alberta, grandson of the late Major J. M. Miltimore and Mrs. Miltimore, of Sweetsburg, Que., is a living example of how courage and determination can win out in the face of almost insurmountable obstacles.

At the age of 10, Neil, as he is called, was caught in front of a freight engine as it was pulling away from a water tank at Walsh, Alberta. He lost his left arm at the elbow and only his thumb was left on his right hand.

After spending three weeks in the hospital he started to learn over again the every day tasks of life. Undaunted by his handicap, he soon learned to dress himself and eventually found a way to grasp objects with his thumb and the fold of flesh below it.

A few years ago he enrolled in the typing class at Mount Royal College, in Calgary, and learned not only to operate the keys, but to place the paper, shift the carriage, in short to do everything

\$4,000 NETTED TO DATE FOR HOME SERVICES

Forest Keene, vice-chairman of the Home Services Campaign, announced today that over \$4,000 of the \$13,000 objective has been received to date.

Because of the Thanksgiving holiday, the campaign is being extended another week and will close officially on Sunday, October 18.

Officials of the drive would appreciate it if canvassers would hand in their returns as soon as possible. Those who have contributions to make and who have not been solicited, may send same to Headquarters, in the Bank of Commerce Building.

Prompt acknowledgment will be made of all donations, either by cash or cheque.

Massawippi Man Ordered By Court To Pay Magog Resident

Wilfrid J. Vanasse, of Massawippi, was condemned to pay \$300 with interest and costs, in a judgment handed down by Mr. Justice C. D. White, in the Superior Court.

Vanasse was defendant in an action taken against him by Lucien Lafontaine, real estate agent, of Magog.

Plaintiff, in his declaration, alleged that, on the 8th day of February, 1946, at Magog, the defendant engaged him, the plaintiff, as a real estate agent, to sell his property at Massawippi, for \$12,000, with a commission of 2 1/2 per cent or \$300.

The declaration states furthermore that on March 20th, date of the expiration of the agreement, the plaintiff notwithstanding his work, had not yet succeeded in completing the sale, but following his instructions and with the consent of the defendant, continued trying to find a purchaser for the property. That, about the middle of April, he interested a Mr. Poisson and went with him to visit the property and business of the defendant; that on the 20th of April, the defendant and the said Poisson agreed upon the sale and soon afterwards Poisson took over the property in virtue of said sale, which was recognized by the defendant.

Plaintiff further declared that the sale would never have taken place without his work, advertising, and interviews with the parties and that, therefore, he was entitled to his commission as agreed.

In his plea, defendant stated that the agreement expired on the 30th of March, 1946, and up to that date plaintiff had not succeeded in completing the sale; that furthermore Poisson became interested in the property and business as much through defendant's endeavors as plaintiff's. Defendant claimed that he owes nothing to plaintiff and that there never was a conditional deed of sale transferring defendant's property to Poisson.

In handing down his judgment, Mr. Justice White stated that, in the first place, it was established that plaintiff and defendant entered into a contract of agency, plaintiff being a real estate agent, and under said agreement the contract was to terminate on the 30th of March, 1946.

He also pointed out plaintiff's allegation that, notwithstanding the termination of said contract, it was continued for a further period

MANY ITEMS ON Y.W. PROGRAM IN THIS CITY

The Y.W.C.A., which is opening its membership drive Monday, in the community is the hub of Ladies' activities. The local Association, knowing the desires and need of an interesting program for all ages, and keeping abreast with modern trends has a wide and diverse choice of activity and recreation.

The Sherbrooke Y.W.C.A. has to offer for the very young child a nursery school on Friday morning. This school has two aims, to give the child a chance for self-expression in arts, crafts and games, and also to give the parents a chance to do their marketing without being hampered by the young ones.

The school children are divided into three divisions, midgets, juniors and intermediates all enjoying the privileges of dancing, swimming and gymnasium. The older girls showing any ability toward leadership are given further training in the junior leaders corps. This Corps gives the girls further study in recreation, crafts, and principles of leadership.

The keep fit, dancing and swimming classes for the business girls are most popular, as proven by the large registrations.

The married lady also fits into this activity picture. The ladies' "keep slim" classes on Wednesday afternoon are fun, too. A gym and swim period is followed by a craft class and a social half hour, which finishes in time to permit the ladies to be home to prepare supper for the family.

The group work division of the "Y" also fills an important part in the life of a girl. An opportunity to make new friends in club groups, to take responsibility in planning program and projects of all types, to become a better citizen by being an "informed" person, are a few of the reasons why Clubs are popular.

A three six week program commencing on October 22nd, will appeal to many business girls. It is the Christmas "Putter Club" for those who like to make Christmas gifts. Following a period of recreation, there will be the choice of four crafts: shell jewelry, leatherwork, felt craft, and etching on glass. Later in the evening such items of interest will be offered as, how to wrap gifts attractively, how to decorate your own Christmas tissue wrappers, how to make your own table decorations, etc. A snack bar and dance period will close the evening.

Other "Y" activities include bowling, archery, ping pong, and a mixed Y.M. and Y.W. Badminton group, meeting on Tuesday and Friday evenings in the Y.M. and Y.W. respectively. Four mixed bowling teams and four ladies' teams are in the process of organization.

Popular with the teenager is the Saturday night Hi-Dip-and-Dance Club, which provides fun for boys and girls together while bowling, swimming, playing ping pong or dancing.

TO REVIEW HISTORY OF ST. PETER'S CHURCH

Rev. Russel F. Brown, rector of St. Peter's Church, will address the Eastern Townships Historical Society on Monday night on the history of St. Peter's Church. The church is 125 years old.

RICHMOND HILL

J. E. Ferry Of Lennoxville Heads Principals' Society

J. E. Ferry, principal of Lennoxville High School, was elected president of the High School Principals' Association, at a meeting held in Montreal, in conjunction with the Teachers' Convention.

Members of the Association discussed with Dr. W. W. Percival, director of Protestant education, the possibility of establishing a supplementary examination centre here in Sherbrooke.

Dr. Percival then addressed the principals, choosing as his subject "Why Teach?"

He impressed upon them the fact that there is an appalling shortage of teachers in the province and that at least five hundred more are needed if the Protestant schools in the province are to keep in operation.

AUGUST MINES DATA REVEAL GENERAL RISE

A statistical bulletin on the mineral production of the Province of Quebec for the month of August, 1947, has been issued by the Honourable Jonathan Robinson, Minister of Mines.

According to this report, the production of gold, silver, clay products, and lime was much higher for August, 1947, than for the corresponding month in 1946. The increase is considerable for lime and less important, although appreciable, for the other substances. The production of asbestos and cement was, by contrast, a little less than that during the past year.

In relation to the preceding month of the current year, production figures during August show an appreciable advance for gold, a negligible increase for lime, a rather sharp decline for silver, clay products, and cement, and a slight decrease for asbestos.

The cumulative totals for the first eight months of 1947, compared with the similar period during the previous year, give the following variations: the output of asbestos has risen 20 per cent; clay product, 23 per cent; lime 14 per cent; cement, 1/2 per cent; whereas the output of gold and silver has fallen off 7 and 47 per cent, respectively.

A new mine, the third this year, has recently started to contribute to the production of gold in the province. This is the New Marlon Gold Mines, Limited, situated in the townships of Rouyn and Beauchastel. Its mill, which was bought from Francoeur Gold Mines Ltd., began operation at the end of June, and it made its first shipment of ingot during August.

E.T. MASONS GIVEN POSTS IN DISTRICT

Leslie H. Boyd, K.C., was re-elected Grand Master of the Grand Lodge of Quebec, A.F. and A.M. in Montreal, at the conclusion of the 76th annual communication held in the Masonic Temple.

Among Eastern Township men appointed were A. C. Webb, of Asbestos, A. P. Bidy, of Cowansville, and H. P. Belcher, of Knowlton, who will represent respectively the St. Francis, Bedford, Shefford and Bromo districts.

Rev. Gerald S. Crothers, of Hurl, was re-elected Deputy Grand Master, Arthur Cross, Grand Treasurer and W. W. Williamson, Grand Secretary.

Representatives of visiting Grand Lodges at the communication included: Grand Master H. McKinnon, of Nova Scotia; Grand Master Carroll W. Keene and Grand Marshall F. Paas, Maine, and Clarence M. Pitts, representing the Grand Master of Ontario.

Among the District Grand Chaplains appointed were: Montreal No. 1, Rev. J. B. Thorpe; No. 2, Rev. R. Vatcher; No. 3, Rev. C. Ritchie; Bell; Quebec and Three Rivers, Rev. A. Charlton; Three Rivers; St. Francis, Rev. Roy Stafford; Bedford, Rev. G. Connolly, Cowansville; Ottawa, Rev. A. F. Folkes, Shawville; Shefford and Bromo, Rev. H. Andrew, Waterloo.

Other appointments were as follows: Grand Registrar, W. McLuskie, Montreal; District Deputy Grand Masters, Montreal No. 1, S. T. Preston; Montreal No. 2, E. P. Hoover; Montreal No. 3, W. P. Currie; Quebec and Three Rivers, S. E. Williams, Three Rivers; Ottawa District, H. Brennan, Grenville.

Survey Shows Penny Candy Very Scarce

By The Canadian Press

Hold that penny tightly, sonny, until you get two of them—one won't buy much in these days of high prices!

Your elders, who hark back, wistfully to those delightfully sticky times when a penny all-day sucker lasted almost all day, would never feel the same eye-popping anticipation if they wended their way to the corner store now.

It's taxes, son, and the sugar shortage that keeps your eyes from growing round in front of the candy counter. Manufacturers tell The Canadian Press there's not much room left for a profit on cent candy with a 40 per cent sales tax and a 25 per cent excise tax.

This fact, which causes one Toronto manufacturer to put out only 15 varieties where before the war he had 120 kinds of cent candy, has caused a general short across the country. In fact, many dealers report no cent candies in stock.

Here and there a kid can get three fruit drops, a wrapped candy kiss, a sucker (much smaller than before the war) or a licorice stick for his cent but generally cities report a dearth of candies for a copper.

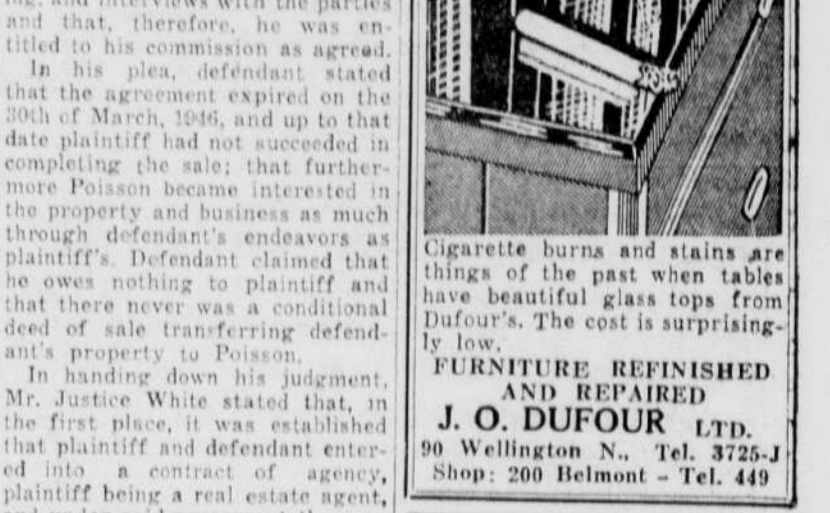

For two cents and up, now, there's quite a variety. Bigger suckers and better licorice buys. If you want to go higher, to six cents, you can get an even bigger sucker, but most kids prefer the seven-cent chocolate bar, the C.P. survey shows.

In the Maritimes, only a few kinds of cent candy are obtainable—molasses, caramel and toffee. Montreal, Toronto and Ottawa report more variety but the chocolate-covered marshmallows you used to be able to get are not available.

In Western Canada dealers look forward to better supplies next year. The west coast reports no penny candies as makers are putting their short sugar supplies into higher-priced goods.

Have you read the Want Ads lately? Perhaps there is something advertised you would like to buy.

Packing Plant Workers To Defy Quebec Labor Rulings

Leaders of the striking United Packinghouse Workers of America (C. I. O.) in Montreal are standing by a promise to "defy the labor laws of the Province of Quebec" and to supply "plenty of action from now on."

These decisions were reached last night at an emergency meeting of strikers when it was decided to push the four-week strike to the limit at all local packing plants which were re-opened two days ago by Canada Packers Limited, Wills Limited and Modern Packing Limited.

To conform, for the time being, with an interim injunction granted by the Superior Court prohibiting picketing, the Union has indicated that it will change its strategy from outright picketing to a skeleton group of strikers on watch at various street corners near the plants to find out the names of the strike-breakers.

Meanwhile, officials of the three companies which re-opened their doors Thursday morning when only a handful of employees showed up, said last night that the move is "gathering steam" and that a much larger group reported to work yesterday.

The firms reported that the greater number of willing workers was probably due to the move of 140 city and provincial policemen who cleared up all pickets from streets adjoining the main plants.

On Thursday, police were on hand to keep the gates clear, but the great number of strikers on the picket lines—more than 400—reportedly frightened would-be workers.

Meanwhile, at Ottawa, the case

of the livestock producer affected by the strike was pleaded before federal agricultural officials by Premier Garson of Manitoba who said the farmers would lose heavily because of the dispute in which they had no part.

Warning that an unfavorable break in the weather would make the marketing situation in the west "critical," he said that, despite the fact that livestock producers were not to blame for the strike, there was a "possibility" or even a "probability" that all persons affected by the strike, the livestock producers would lose the most.

Marshall Plan

Continued from Page 1

exclusively. He said that this country cannot make any further credit loans abroad and this included Britain. But the British understand the position and are not making any requests for further help of this form.

Speaking of the \$1,250,000,000 credit loan made to Britain in 1946, Mr. Abbott forecast that it would be used up for a year or 14 months and that in the meantime British exports to Canada, particularly textiles, would be increased.

Complete mystery still shrouds Canada's intentions on the current dollar crisis. The Finance Minister would not be pinned down to any comment on what policy would be followed to solve this problem, or even alleviate it.

LOCAL CHILD IN CRITICAL CONDITION

Jean Guy Marceau, 6, of St. Elie d'Orford, who was trampled on by a horse in a field near his home Wednesday afternoon was transferred from the St. Vincent de Paul Hospital to the Notre Dame Hospital in Montreal yesterday afternoon. He was still unconscious.

The victim was playing with a group of children when a horse took fright and knocked down the child who is the son of Mr. and Mrs. Wilfrid Marceau.

His condition was reported as very critical by hospital attendants.

PARADE TO BE HELD BY FIRE DEPARTMENT

Fire Prevention Week will come to a close today with a gala parade planned by the local fire departments. The parade will begin at 2:30 starting from the No. 1 Station.

All officers and members of the local fire departments, with the exception of a few who will remain on duty, the Junior Fire Chief Brigade and several city officials will participate.

Several fire wagons, police cars and other vehicles will also be in the parade.

Arab Developments Are Disquieting

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Those are disconcerting reports from the Middle East to the effect that the armies of several Arab nations are assembling near the Palestine frontiers in response to a summons from the Arab League for defence against what it describes as "terrorist organizations and Zionist forces which threaten the security of Palestine Arabs."

True, the United Nations headquarters, spokesmen for Britain and the Jewish Agency have minimized the importance of the Arab League move. The Jewish Agency representative said it obviously was a propaganda threat timed to coincide with the U.N. deliberations regarding the Holy Land's future.

The U.N. is debating the recommendation of its special investigating committee that Palestine be divided into two independent states—one Arab and one Jewish. And of course it wouldn't be surprising if the Arabs, who are dead set against partition, are trying to stampede the peace organization into rejecting the

committee recommendation.

However, having had a good look at the Arabs in their native habitat, your correspondent isn't inclined to dismiss such a military development lightly. We don't like it. The exact nature of the threat isn't well defined, but we have the feeling of doubt which prompted Tom Brown 800 years ago to compose his immortal jingle:

I do not love thee, Doctor Fell, The reason why I cannot tell; But this alone I know full well, I do not love thee, Doctor Fell.

The Arabs are a fiery people and any considerable assemblage of them under arms is a matter of moment, especially when they are laboring under stress. Lebanon and Syria say they have troops manoeuvring near the northern border of Palestine. King Abdulla of Trans-Jordan supposedly is massing soldiers along the river Jordan. Egyptian forces are said to be preparing to move into the Sinai desert, and Saudi Arabian cavalry is reported moving into Egyptian territory at the invitation of the Cairo Government to participate in drawing a cordon around the Holy Land.

One safeguard against an upheaval is the presence of some 100,000 British troops in Palestine, although Britain will do everything possible to avert an Arab-Jewish clash which would force her intervention. London doesn't want any more trouble in that part of the world. The same is true of the United States, Russia and France, all of whom have big interests in the Middle East with its great oil fields.

For this reason the powers are treading circumspectly. And yesterday Guatemala—inspired or otherwise—came to their relief by proposing that the U.N. Assembly create a military body, provided by small countries, to be used against any "force which takes aggression against the people of Palestine." That suggestion would relieve the powers of direct involvement in the Arab-Jewish imbroglio and so would ease a delicate situation among the powers themselves. The Palestine crisis could easily widen the breach between Russia and the Western Powers.

Whatever may grow out of the Guatemala proposal, there will be many who believe that announcement of a final decision regarding the volcanic Palestine committee proposal should be preceded by the creation of a U.N. military force adequate to maintain peace in the Holy Land. This is especially necessary since whatever the committee's decision may be, it will be dead against the wishes of either the Jews or the Arabs. It can't please both.

RESIDENT OF COATICOOK IN BRIBERY CASE

J. Azarias Boivin, of Coaticook, accused of accepting bribes while in the exercise of the functions as a government employee in the Unemployment Insurance Commission, at Coaticook, appeared yesterday before Judge Joseph Marier.

The charge, laid against the accused by the Royal Canadian Mounted Police, states that Boivin received three different bribes, one of \$200, another of \$25 and a third of \$5.

Several witnesses testified to having paid over sums of money to one Alfred Doyon, which amounts were then allegedly paid to the accused.

The case has been remanded until next week.

MUNICIPAL SECRETARIES MEET

Montreal, Oct. 11.—The ninth annual convention of the Quebec Association of Municipal Secretaries opened yesterday with 150 members present, welcomed by Mayor Camille Houde.

Mayor Houde told members they are the real administrators of their municipalities and that praise for the work they do often goes to others.

Reports, study sessions and elections were on the agenda of the two-day gathering.

LONGEVITIES

Tall men live longer than short men, thin men longer than fat men, married men longer than bachelors, and vegetarians longer than carnivorous men, according to statistics.

-Who- Is To Drink It?

This is a report of an actual dialogue which took place between two American citizens the other day—one of them a business man, and the other a clergyman, to whom the business man spoke frankly, as one does to a good friend:

"Well," said the layman, with an air of finality, "prohibition is a failure, and we must get used to the idea of making America wet once again."

"But who is to drink the liquor?" queried his friend. "Will you?"

"Why, no," he replied. "You know I am a teetotaler." "Will your son drink it?"

"No, that shall not be!" "Would you want it to come back for the sake of your clerks?"

"No, it is my practice to discharge any clerks who drink liquor."

"Do you want your customers to drink it?"

"No, I would much rather not; I am sure that those who use strong drink will not buy so much from me nor pay their bills so promptly."

"Will you want the engineer on your train to use it?"

"No, admit I don't want to ride on a drunkard's train."

"Ah, then, you want this liquor for the men whom you meet driving cars on the public highway?"

"No, of course not; that is a danger to everybody."

"Well, then, who is to drink this liquor in America, pray tell me?"

"I am not so sure that anybody should drink it. I guess we're much better off without it!"—The American Issue.

"Wine is a mocker, strong drink is raging and whosoever is deceived thereby is not wise." Prov. 20:1.

Printed for G. H. Jacquith, D.O. Adv.

Poor Growing Weather Hits Potato Crop

Will Amount to 43,500,000 Hundredweight, 10 Per Cent Lower Than Last Year.

Ottawa, Oct. 11.—Poor growing weather has cut most late-sown crops, roots and potatoes, the Dominion Bureau of Statistics reported today in its second estimate of production of these crops.

Canada's potato crop this year will amount to 43,500,000 hundredweight—10 per cent lower than the 48,000,000 hundredweight produced last year. But with average yield per acre both below last year's record figures, the 1947 crop will still be the fourth largest since 1934.

Lower yields in the Maritimes are partly compensated for by increased production in Manitoba and Saskatchewan, while production in Ontario and Quebec has declined almost 1,000,000 hundredweight. British Columbia's decline is less than 250,000 hundredweight.

Sugar beet production, estimated at 627,000 tons, compares with a 1946 production of 733,500 tons, with average and yield both reduced, the latter by unfavorable seeding conditions.

Production of shelled corn has suffered a sharp decline with an output of only 6,700,000 bushels in prospect against last year's figure of 10,700,000 bushels.

Following are the latest estimates of this year's late-sown crops, roots and potatoes, with figures for 1946 in brackets: dry peas, 1,819,000 (2,233,000) bushels; dry beans, 1,611,000 (1,573,000) bushels; buckwheat, 5,797,000 (4,881,000) bushels; mixed grains, 35,588,000 (33,031,000) bushels; shelled corn, 6,700,000 (10,600,000) bushels; 43,523,000 (47,963,000) hundredweight; turnips, etc., 2,244,000 (26,997,000) hundredweight; fodder corn, 3,997,000 (3,970,000) tons; alfalfa, 2,622,000 (2,732,000) tons; sugar beets, 627,000 (733,500) tons.

Gold Cache Is Returned To Italians

Store of Gold Worth 28 Million Was Stolen by Germans from Bank of Italy.

Washington, Oct. 11.—A store of gold worth \$28,000,000, captured by the United States Army from Germans who had stolen it from the Bank of Italy, was made available to the Italian Government today.

The gold cache was found in May, 1945, at Fontozza, Italy, where the retreating Germans had hidden it. Britain and the United States agreed to turn it over to the non-Communist Italian Government, provided it with additional assets needed to continue purchases of wheat and fuel during the winter.

The Italian Government can either use this gold to furnish additional backing for its currency or follow Britain's example and sell it to the United States Government for \$35 an ounce.

Michael McDermott, State Department press officer, told a press conference the gold transfer should help Italy in its battle to control inflation at home and continue purchases abroad.

The agreement was signed in London by representatives of Britain and the United States on one hand and Italy on the other.

Italy stands to receive an additional amount of gold estimated at around \$30,000,000 to \$35,000,000 from the tripartite gold commission which sits in Brussels. This group will divide up the gold which the Nazis seized from conquered countries and brought to Germany for safe keeping.

The first distribution is scheduled to begin Oct. 15 in response to a plea from the United States for speed in meeting claims from hard-pressed European governments.

Missing Tot

Continued from Page 1

Louis Rodriguez of Havelock, who arrested the woman. He quoted her as saying she travelled to Toronto and visited the Y.W.C.A. and the Children's Aid Society for permission to adopt a child. At both places she said, she was refused.

After Lois Susan had been located at the Havelock home, she was placed in a nursery until identified by Mrs. Lois Budak, operator of the rooming house where the Hughes couple have a single room.

Earlier yesterday Mrs. Budak had come to the infant's mother with tears streaming down her face and expressed the belief that the child could not be found.

"But I told her to have faith and she would be returned to us," said Mrs. Hughes.

U.N. Will

Continued from Page 1

It is not further investigation that is required but action—urgent action—to conciliate and bring about adjustment in the relations between Greece and her northern neighbors.

In the present situation, which involves maintenance of international peace and security, the permanent members of the Security Council (the Big Five) bear a primary and special responsibility in trying to find a solution."

Board Ends

Continued from Page 1

rates generally. As the argument concluded, J. L. Ralston, K.C., counsel for the Maritime Provinces, held that the railways always were subject to the "overriding and paramount" jurisdiction of the Board and said the contention of the railways that the Board had no jurisdiction over competitive rates was "completely unfounded."

He said the Railway Act made it clear that the Board had the power to disallow any tariff which it considered to be unjust or unreasonable or contrary to the provisions of that statute.

W. E. McLean, Manitoba counsel, said that as the Board already was hearing evidence on the main application for freight rate increases the proposed advances in competitive rates should be suspended and the case allowed to proceed as a whole.

The hearing was adjourned until next Tuesday.

New Housing

Continued from Page 1

operation of the municipalities and the provinces. "The principal shortcoming of Canada's housing program to date has been the failure to provide sufficient low-rental housing."

The problem of such magnitude that no one level of government can see it through alone. "The new agreement falls within the powers already delegated to the municipalities by the province."

Mr. Howe said rising building costs were an important deterrent to house building this year, both under private and municipal plans. "We are likely to fall short of our target of 80,000 houses for 1947."

Gagne Has

Continued from Page 1

member of the Provost Corps He said he owned a "Billy"—a truce-son—and was a deserter from the army.

Next day he returned to the trapper's cabin "to get some money from old dad." Finding Todd not there, he stole the articles mentioned and proceeded to Kirkland Lake.

BIRTHS

ROBINSON.—At Inverness, Que., on October 9th, 1947, to Mr. and Mrs. Bernard Robinson (nee Mildred Stanley), a son, David Leonard John.

MARRIAGES

TRACY—GENTRY.—At St. Peter's Anglican Church, Sherbrooke, on Friday, Oct. 10th, 1947, by the Rev. Russell P. Brown, were married Dorothy Ida, daughter of the late Herbert and Mrs. Gentry, of Chislewick, England, and Angus Neil, son of the late Dr. A. W. Tracy, and Mrs. Tracy, of Sherbrooke.

IN MEMORIAM
LAMB.—In loving memory of our dear husband and father, who passed away October 11th, 1941.

Years may wipe out many things, But this they wipe out never: The memory of those happy days, When we were all together.

Ever remembered by
WIFE AND DAUGHTER, BERNICE.

IN MEMORIAM
In loving memory of John J. O'Neill, who passed away October 11th, 1946. Ever remembered by his daughter, RUBY.

IN MEMORIAM
BENOIT.—In loving memory of Mr. and Mrs. Stanislas Benoit, who departed this life June 16th and October 10th, 1939. Ever remembered by their family and parents.

MR. AND MRS. JOHN P. MURPHY AND FAMILY.
ANTOINETTE, BERNADETTE AND BEATRICE BENOIT.

IN MEMORIAM
STOLLIKER.—In loving memory of a dear husband and father, Lester Stolliker, who passed away October 11th, 1944. Memories are treasures no one can steal. Death leaves a heartache nothing can heal. Deep in our hearts your memory is kept. We, who love you, will never forget.

Inserted by
HIS WIFE AND FAMILY

There just isn't enough "PRESTONE" ANTI-FREEZE

Unprecedented demand . . . shortage of raw materials . . . two straight-forward reasons why dealers must disappoint so many motorists

This season's demand for "Prestone" Anti-Freeze has increased faster than our ability to procure the necessary raw materials and to expand our manufacturing facilities.

Every gallon of "Prestone" Anti-Freeze is being shipped to our outlets as fast as we can make it and at the pre-war price. Not one gallon is being exported—every gallon we sell is branded with the trade-mark "Prestone". There is no shortage of containers—simply a shortage of basic raw materials, combined with a tremendously stepped-up demand from every district in Canada.

On behalf of more than fifteen thousand dealers who are trying to serve their customers, we express their disappointment—and ours—that the supply of "Prestone" Anti-Freeze may not be great enough to meet the demand.

The word "Prestone" is a trade-mark of

BROME COUNTY FARM FORUMS HELD MEETING

Sutton, Oct. 11.—The county committee of Farm Forums held a meeting on Monday evening, September 29, in the United Church basement, Sutton.

Mr. Gordon Shufelt, chairman, welcomed group representatives and forum members. The regular business was transacted. The group representatives responded to the roll call by telling what their group activities had been during the summer. Mention was made of picnics and social gatherings, etc. Sutton Forum is deserving of special mention, having held a meeting every month with a large attendance.

Material was at hand on the Veterinary Acts used in some of the other provinces. Mr. Hawk and Mr. Marsh were appointed to read this material and report on it at the next meeting.

Forum members were pleased to welcome as guests, Dr. Archibald, of Sutton, and Mr. H. D. Wells, of Waterloo. Mr. Wells, always on the alert to assist rural education, said he was confident Forum work would be a benefit to the county, if rural communities would give it united support. He made several helpful suggestions and also assured the groups that their request for a grant from the Fisher Trust Fund would be presented to the trustees.

Brome County Forums congratulate Mr. Gordon Shufelt on his new office as president of Provincial Council. Everyone is certain that Mr. Shufelt, a pioneer in Farm Forum work in Brome County, will fill his new position creditably.

Subject to the approval of Provincial Council, Ernest Bradley, of Mansonville, was appointed to represent Brome County at Provincial Council meetings during the remainder of Mr. Shufelt's term of office as county chairman.

Arrangements for a Forum Rally took considerable time. An invitation from the Potton Group was extended to the county by the Mansonville group leader, Mr. John Young. The Rally will be held in the Town Hall, Mansonville, Friday, October 17, at 8:30 p.m. Everyone is welcome to come and enjoy the speeches, sing-song and social hour. Committees in charge are as follows:

Advertising, Mr. John Young, Mansonville; Mr. Lawrence Smith, Sutton; and Mr. Stuart Hawk, East Farnham. Program committee, the five group leaders of Potton Forums, Mr. Gordon Perkins, Mr. Harry George, Mr. James Wilkins, Mr. Lawrence Smith and Mr. John Young. Mr. James Young, secretary of Mansonville Forum, was appointed chairman.

The women of Sutton Forum served refreshments to the fifty-five present at the close of the meeting.

SIDE GLANCES

By Galbraith

"You should have found out what shape the gym would put you in before you started going!"

COWANSVILLE

The county committee meeting for Missisquoi County Farm Forums was held in the Anglican Church Hall, Dunham, with Mr. Neil Crellar, county representative in charge. Representatives and secretaries from seven Forums were present and gave good reports. The Quebec council secretary-treasurer, Mr. Floyd Griesback, was present and gave an interesting talk on the Forums he had visited. Plans were made for the fall rally to be held in the Anglican Church Hall, at Stanbridge East. The date is to be announced later. At the close of the meeting refreshments were served by the ladies.

Mrs. Orrin Beattie, Mr. L. Beattie and Miss I. Beattie motored to Bonville.

The Hobby Show and afternoon and food sale, sponsored by the Women's Institute will be held in the High School on Saturday, October 25.

Mr. and Mrs. A. Hastings, of Montreal, were guests of Mr. and Mrs. J. Masters.

Mrs. Ramsey attended the Grand Chapter meetings of the Eastern Star, in Montreal.

The C.G.I.T. ladies, entertained at the supper hour at the home of Mrs. C. McCormick for Miss Suzy Stove. The guest of honor was presented with three floral pictures from her C.G.I.T. friends.

Miss Stove will be greatly missed in the United Church, where she was a C.G.I.T. leader, Sunday School teacher, as well as holding offices in other organizations.

Miss Phyllis Buchanan and Mr. Kenneth Hamilton were week-end guests of Mr. and Mrs. Waine Wark, in Barrie, Vt.

Mrs. J. Rollit, Misses Patricia and Barbara Rollit, and Mr. Jimmy Cornell, of Montreal, were week-end guests of Mr. and Mrs. George Barker.

Miss Nina E. Ingalls spent a few days in Montreal with her niece, Mrs. Douglas Tait, and family.

The teaching staff of the High School are attending the Teachers' Convention, in Montreal.

Miss Mildred Ness spent the week-end with her parents, in Howick.

Rev. J. Peacock, Mr. and Mrs. George Barker, and Mrs. G. LeChasseur attended the funeral of Archdeacon Charters, in Sutton.

Mr. H. Handbridge, of Peterboro, Ont., was a dinner guest of Mr. and Mrs. V. R. Ingalls.

Mr. and Mrs. R. C. Dean spent the week-end in Stanstead, en route to Sherbrooke to visit their son, Mr. Garth Dean.

Mr. and Mrs. H. Kennedy and daughter, Myrna, and Miss May Bennett, of Hemmingford, were supper guests of Mrs. J. McClatchie.

Mrs. Planché Nutting, of Manchester, N.H., was a guest of her cousins, Mr. and Mrs. E. H. Johnson.

A very successful card party was held at the home of Mrs. J. J. Barker, sponsored by the Guild of Trinity Church. Bridge was played at seven tables. The prizes were won by Miss Elizabeth Brown and Mrs. G. Barker. There were

four tables of "500." The prizes went to Mrs. M. Domingue and Mrs. T. Foster. A number came in for tea when delicious refreshments were served.

Mrs. H. Jones, and Mrs. L. Harvey were guests of Mr. and Mrs. Arthur Reed, in Waterloo.

Mr. and Mrs. Roy Jenne, Mrs. and Mrs. Howard Hastings, Mrs. Sanborn, Mrs. C. Palmer, Mrs. F. Johnson were in Montreal to attend the twenty-fifth anniversary celebration of the Grand Chapter of the Eastern Star, in Quebec.

Miss Phyllis Buchanan, R.N., has returned to her duties on the staff of the Royal Victoria Hospital, Montreal, after a month's holiday with her parents.

MANSONVILLE

Mr. Fred Kipp, accountant for the Newport Electric Division, of Mrs. Madeleine Schoolcraft, of Waterloo, visited at the home of the latter's parents, Mr. and Mrs. W. J. Hamelin, over the week-end.

Mr. and Mrs. Germain Dorais, of Acton Vale, were week-end guests of Mr. and Mrs. A. Gendreau.

Mr. Robert Hastings was a visitor in Mansonville for the winter. The Intermediate School was closed on Thursday and Friday.

her sister, Miss Jeane Brouillette, in Sherbrooke.

Mr. Fred Turcotte was taken to a hospital with a severe attack of pneumonia.

Rev. E. F. Macklin, M.A., attended the funeral of Archdeacon Charters, in Sutton.

Miss D. A. Manson spent a day in Sutton, at the home of Mr. and Mrs. Eber Eastman.

Several from here attended a meeting of the O.E.S. in Sutton. Mr. and Mrs. Milo Willard, of Bolton Centre, have returned to Mansonville for the winter.

The Intermediate School was closed on Thursday and Friday.

while the teachers attended the Teachers' Convention, in Montreal. Mr. A. J. Newman spent a few days in Montreal.

Mr. Edgar Brown has moved his family from Vale Perkins to Mansonville.

BRAZIL WAS AMERICA

The name America first was applied to central Brazil. Mercator, a geographer, first gave it to the whole known Western world in 1541.

WASH TUBS

"PSSST! HURRY, MR. MACK KEYS! CARLO HAS SEARCHED MOST OF THE THEATER FOR YOU... THESE DRESSING ROOMS MAY BE NEXT!"

"QUICK... THE GIRLS HELP YOU GET PAST HIM BY CROWDING AROUND YOU... BUT YOU MUST TRY HARD TO LOOK AS NON-CONSPICUOUS AS POSSIBLE!"

"THIS WILL BE ANNA WALKUSKI'S FIRST APPEARANCE IN SEVERAL SEASONS. I'D HATE FOR MACK TO MISS IT."

"HMM! SO HE'S NOT HIDING IN THE TRUNKS, AND WE'VE LOOKED EVERYWHERE ELSE!"

"PLEASE, CARLO, CONTROL YOURSELF! IT IS FOOLISH TO WRECK THE THEATER, JUST TO DAMAGE A POOR, INNOCENT MAMM!"

"SURELY IT HAS STUMBLED ONTO SOMETHING THAT WILL CLEAR UP THE 'AH-CONFUSION' ABOUT HIM!"

PRISCILLA'S POP

"Mommy let me buy lunch at school today. It was fun."

"Oh, they have fine lunches. Soup, meat, carrots—and your choice of six desserts."

"Well, that sounds all right. What did you have?"

"The six desserts!!"

"That's what I need—a fall house dress."

"Why don't you blow yourself to one, Hazel?"

"Now don't get one of those cheap ones for \$5."

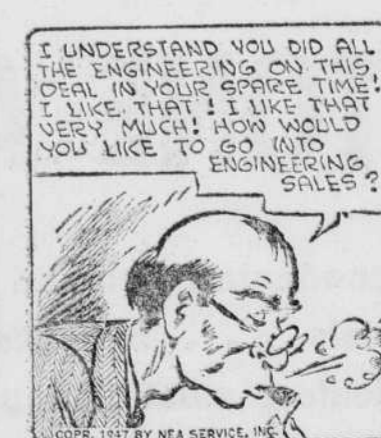

"And you'd better not buy an expensive one for \$25."

"Pick out a nice in-between one for around \$6.50."

"Great! \$5 to \$25."

"Great, sir!"

"Hot diggity zig!!"

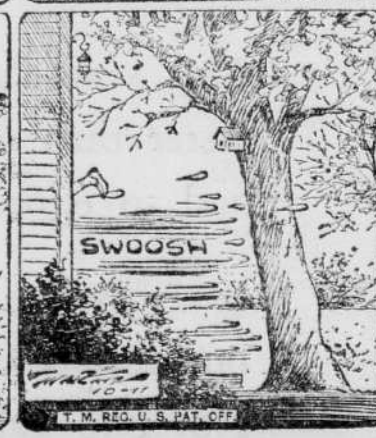

"Don't worry about the budget, hon. Compliments of the buggy factory!"

"You mean because of the engineering work you did for, did you? Oh, Rod, how super!"

"I understand you did all the engineering on this deal in your spare time. I like that! I like that very much! How would you like to go into engineering sales?"

"Not me! I'm an engineer!"

"I've got a job for ya here, evil eye! I want you to fix the double-whammy on a lad."

"I understand you did all the engineering on this deal in your spare time. I like that! I like that very much! How would you like to go into engineering sales?"

"I understand you did all the engineering on this deal in your spare time. I like that! I like that very much! How would you like to go into engineering sales?"

DOROTHY DIX

Marriage Success

Recipe Given By Happy Couple Includes Love, Compromise

Dear Miss Dix: A young couple who claim to have solved the problem of how to be happy though married give the following recipe for making it a tasty dish for which they never lose their appetites.

The husband says: "Of course, a married couple must be in love with each other and must give each other continual indications of their affections. I'll bet my wife tells me she loves me 20 times a day. We have had similar social and financial backgrounds and we have similar tastes. She is always thinking of little things to do to please me or for my comfort. She isn't afraid of work. She doesn't mind denying herself small things for something better in the future. She doesn't try to keep up with the Joneses."

The wife says: "He still holds me on his lap at meal times. We make marriage a 50-50 proposition and pull together. My husband doesn't take me for granted. He always tells me how much he loves me and notices all the things I do for his pleasure and comfort. He is tender and kind to me and doesn't mind washing the dishes when I have a bad headache. We never quarrel. When we have differences of opinion we compromise. My husband is a home-lover and on his days off he is always fixing things about the house for my convenience."

"He remembers all anniversaries. He never leaves for work without kissing me good-bye, and when he gets off work he comes straight home instead of going to a tavern. He doesn't drink, smoke, or gamble. The trouble with most wives is that they don't appreciate a good husband and they expect too much. I am perfectly satisfied with my husband and love our home but I would be happy with him if I had to live in a tent. When a man comes home from work he wants peace and quiet, not a wife who is always plying herself."

Answer: On the principle that an ounce of experience is worth a pound of theory, I present these rules for making marriage a success to the many young couples who have joined the queue to the divorce courts. They have worked for this young couple who have put their heads and their backbones as well as their hearts into marriage, and they will give equally good results to any other husband and wife.

Dear Dorothy Dix: I have a son of 17. About a year ago he fell in love with a girl older than he is. I have told him many times that he should go out with girls younger than he is and not to be stuck with just one girl, but he won't listen to me and wants to get married.

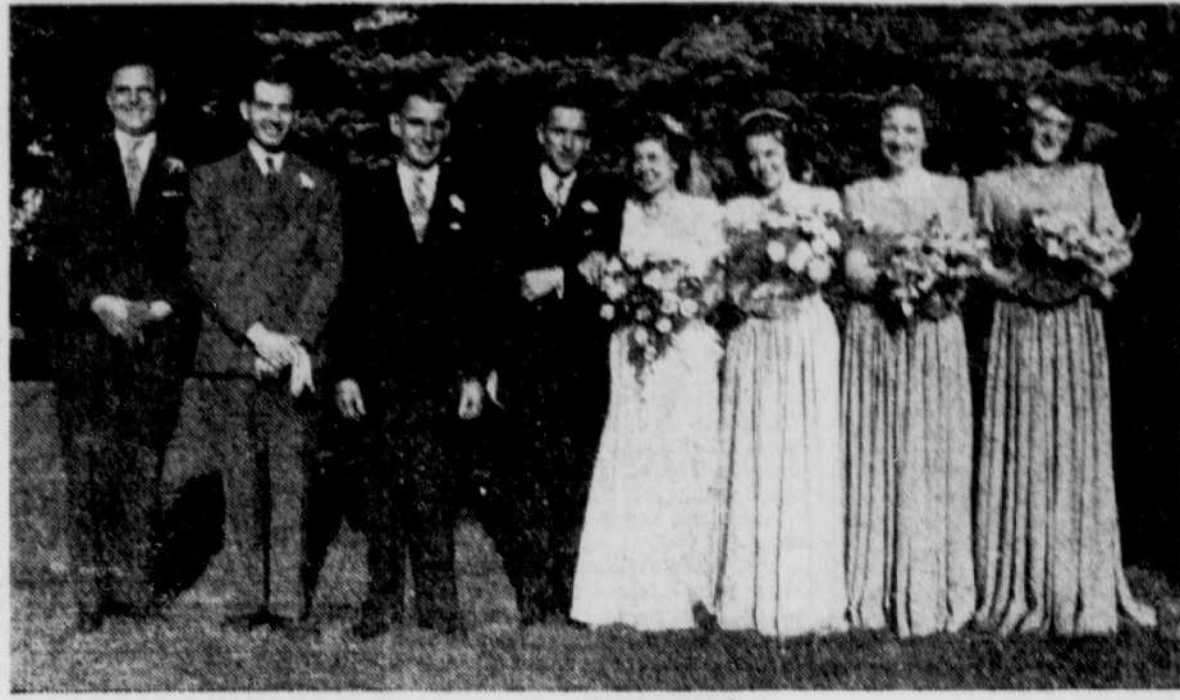

Answer: When a kid of 17 is suffering from an acute attack of self-love the only result of putting your foot down on the affair will be to make him elope with the girl. At that age a boy resents every effort of his parents to try to save him from his follies because he feels bound to show that, although he is a babe in years, he has the wisdom and the judgment and the sophistication of an old bachelor.

"RIGHT" AND "LEFT" The original Siamese twins, who actually were more Chinese than Siamese, bore the names Eng and Chang, meaning "Right" and "Left."

WORST LONDON FOG London had a fog which was practically continuous from November, 1879, to February, 1880. It was the worst period of fog ever recorded there.

Recent Wedding

MR. AND MRS. CLINTON YOUNG, photographed with their attendants, at their wedding which took place recently in Hatley. Photographed from left to right they are: Messrs. Kenneth Bunting, Thomas Haven, Galen Young, the groom, Clinton Young, the bride, the former Contarina Louisa Bowen, and the Misses Ruth Bowen, Barbara Young and Muriel Bowen.

MARRIAGES

YOUNG—BOWEN

Hatley, Oct. 11.—The marriage of Contarina Louisa, elder daughter of Mrs. Fannie M. Bowen and the late Hugh E. Bowen, of East Hatley, to Clinton Harvey Young, of Melrose, Mass., younger son of Mr. and Mrs. C. P. Young, of Hatley, took place on Saturday afternoon, September 20, at four o'clock, in St. James' Anglican Church, Hatley, with Rev. M. Brett officiating.

The bridal party entered the church to the strains of the wedding march played by Mrs. Hugh McClary, and stood beneath an arch entwined with flowers and evergreens, from the centre of which was suspended a floral bell. Flowers in autumn shades adorned the church, the guest pews being marked with sweet peas tied with white satin ribbon.

The bride, who was given in marriage by her eldest brother, Mr. Morton Bowen, of Coaticook, was beautifully gowned in a white nylon brocade satin dress, with sweetheart neckline, long sleeves ending in points over the hands, fitted bodice and a fingertip veil. She carried a bouquet of Johanna Hill roses.

The bridesmaid, Miss Ruth Bowen, of North Hatley, cousin of the bride, wore a floor-length gown of lime and melon shades, respectively, with matching hats and mits.

The bride's mother wore a single-length dress of steel gray brocade with purple accessories and a corsage of shaded purple gladioli. The groom's mother was gowned in a street-length dress of sequin-trimmed black crepe with black accessories and wore a corsage of red roses.

Following the ceremony a reception was held in St. James' Church Hall, which was embellished with a profusion of flowers and an exquisite arch beneath which the bridal party received the congratulations of their many friends.

The bride's gifts to her attendants were pearl earrings. The groom's gifts to the bridesmaids and ushers were monogrammed gold tie clips.

The regular meeting of the Ladies' Library Committee was held at the home of Mrs. Mild Lothrop, Prospect Street. The president, Mrs. Everett Bayley was in the chair. Reports on the recent tag days, held for the benefit of the library, revealed the gratifying results, \$187. Prizes, which were offered to juveniles by the committee, to stimulate interest in selling tags, were won as follows: Mildred Anderson, first prize; Kitty Crotty, second; and Elizabeth Grimé, third.

The president expressed thanks to all who had assisted in organizing and tagging, and to Mr. Lewis Rosenbloom, who so kindly offered his store as headquarters for taggers. It was decided that a Christmas sale of fancy and knitted articles, combined with a food sale and sea, would be held in the Plymouth Church Hall, on December 6th. The dull with trossseau as well as a Christmas cake, which was raffled at that time.

The meeting was adjourned when the ladies repaired to the dining-room for refreshments. A colorful plant centered the table covered with lace cloth, at which Miss Gladys Mullins, poured tea.

Mr. and Mrs. Edward C. Goodhue, of Ottawa, accompanied by Mr. and Mrs. Robert McClean, arrived last evening to spend the Thanksgiving week-end with Mr. and Mrs. Clifford Goodhue, "Rockcliffe," Quebec street.

Mr. John Walsh, student at Loyola College, Montreal, is arriving today to be the guest of his parents, Mr. and Mrs. T. G. Walsh, Queen street, for the Thanksgiving week-end.

Mr. and Mrs. C. E. Krause, of Montreal, are arriving today, to be the guests of Mr. and Mrs. Z. W. Griffith, Vimy street.

Mrs. Marcel Ducharme, who has been the guest of Mr. and Mrs. Frank Conway, Walton avenue, has returned to her home in Montreal.

Mr. John Beaudry, student at the University of Ottawa, arrived last evening to be the guest of his father, Dr. P. P. Beaudry, Brooks street, for the holiday week-end.

Mr. and Mrs. Malcolm MacLennan, and their daughter, Margaret, of the Town of Mount Royal, are visiting Mr. Malcolm MacLennan, son of the former, who is a student at the University of Bishop's College, Lennoxville, and are guests at the New Sherbrooke Hotel, for the week-end.

Miss Enid Hopper, of the Mitchell School teaching staff, left on Friday to spend the Thanksgiving week-end with her parents, in Toronto.

Mr. Paul Beaudry, student in law at Laval University, Quebec, and Mr. Jacques Beaudry, student in medicine, at the same institution, have arrived in Sherbrooke, to spend the week-end with their father, Dr. Beaudry, Brooks street.

Christian Science

FIRST CHURCH OF CHRIST SCIENTIST

Montreal and Island Streets. Sunday Service: 11 a.m. Subject: "Are Sin, Disease, and Death Real?" Sunday School: 10 a.m. Testimonial meeting: Wednesday evening at 8 o'clock. Reading room open daily from 3 to 5 except Saturday, Sunday and Holidays. Friday, 7:30 to 9 p.m., at His Majesty's Building.

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday, October 12th, 1947. The Golden Text is from Psalm 68:20, "He that is our God is the God of Salvation; and unto God the Lord belong the issues from death." Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God." (Luke 13:11-13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy. "If sickness is true or the idea of Truth, you cannot destroy sickness, and it would be absurd to try. Then classify sickness and error as our Master did, when he spoke of the sick, 'whom Satan hath bound,' and find a sovereign antidote for error in the life-giving power of Truth acting on human belief, a power which opens the prison doors to such as are bound, and sets the captive free physically and morally." (Page 498).

Art Ross, Of Boston Bruins, Calls All-Stars "Greatest Team Ever"

Hershey, Pa., Oct. 11.—(P)—Art Ross, rink-wise manager of Boston Bruins, today put his stamp on the National Hockey League all-star team that will meet Toronto Maple Leafs at Toronto next Monday as "the greatest crew assembled."

"I actually feel sorry for Conn Smythe and his Leafs," added Ross, whose Bruins make up four of the 17 players chosen to meet the Stanley Cup champions in the league's first annual all-star game.

That was fighting talk, even if the commiseration were meant, but at least it fell in line with Smythe's own recent evaluation

of the talent. The Leafs' managing director estimated there would be "nearly \$1,000,000" worth of players on display, divided roughly in \$500,000 for the All-Stars and \$371,000 for his Leafs.

Ross suggested that the All-Star lineup, selected by Coach Dick Irvin of Montreal Canadiens to include at least three players from each team, could go through an entire N.H.L. season without a defeat.

"Probably not for years will another all-star lineup be as powerful," he said, because some of the best players "are at their peak right now. . . . In another year they'll be over the hill and replacements a coach might make then wouldn't be as close to hockey greatness."

From the goal out, "Irvin has everything on that team—scoring ability; playmaking brains; body-checking power and backchecking skill," he said.

He pondered a moment to consider a first-string lineup alone that included such stars as Boston's Milt Schmidt centering Doug Bentley of Chicago Black Hawks and Maurice Richard of Montreal Canadiens, with Montreal's Ken Reardon and Butch Bouchard at defence in front of either Bill Durnan of Canadiens or Frank Brimsek of Boston.

He chuckled as he considered the reserves—Max Bentley of Chicago flanked by Boston's Woody Dumart and Bobby Bauer; the Detroit Red Wings defence duo of Bill Quackenbush and Jack Stewart, plus the utility men: Ted Lindsay, Detroit; Bill Mosienko, Chicago; and Grant Warwick, Tony Loewick and Edgar Laprade of New York Rangers.

It all added up:

"I repeat that I'm sorry for Conn Smythe," said Art. "Guess I'm getting mellow—I never thought I could live to see the day when I could say that and mean it."

Navy's 10 Losses Are Mystery; Midshipmen Shoved Army Around

New York, Oct. 11.—Little Andy Kerr, former Stanford, Washington and Jefferson and Colgate coach currently at Lebanon Valley, says college football is too complicated.

That certainly seems to be the case at the United States Naval Academy, which has dropped 10 straight games. Certainly the opposition appears to be a bit confusing to the midshipmen.

Navy's string of defeats is one

fit that stopped the supposedly invincible Junior Davis, Doc Blanchard and Army, had the cadets on the run, would have beaten them in another jump early last December.

Navy easily could have beaten Columbia, North Carolina, Georgia Tech, Penn State and Army last year, but the breaks went the other way on each occasion. Yet the middies improved with each start and were really rolling when time ran out on them in the West Point encounter.

Captain Hamilton took his big squad to Budget Sound for an early training season this fall.

In view of what happened to Wottman Wedemeyer and highly-regarded Saint Mary's, the midshipmen looked good after their showing against California, which edged them by a single touchdown.

But while Columbia has a sparkling attack, the line was reported on the weak side, especially at the tackles. Yet the Lion forwards outcharged those of An-

Bill Hawkins Ribs Baysinger

of the deep mysteries of football. The sailors haven't tasted victory since they shaded Villanova, 7-0, in last fall's opener.

With Capt. Tom Hamilton having a season of coaching the modern T with man-in-motion, it was hoped that the future admirals would straighten out this autumn, but they have already been edged by California and Columbia, and the worst is yet to come—Pennsylvania, Notre Dame, Georgia Tech, Penn State and Army. It's murder.

What makes the case of the sea dogs more unusual is that, with the exception of the graduated captain and end, Leon Bramlett, and tough guard Jim Carrington, this is practically the same out-

Dick Scott

napolis. Lou Little's young men failed to cash in on three or four golden opportunities in the first half. Had they done so, the middies might have been beaten by that many touchdowns instead of one.

Navy should have a stout line built around the All-America center, Capt. Dick Scott, who contributed so much toward halting Felix Blanchard last fall.

The midshipmen own an excellent T quarterback and passer and a good enough kicker in Ribs Baysinger, Jr., son of the Syracuse coach. Their big and masked full-back, Bill Hawkins, who picks up speed as he goes along, skirted end for 55 yards and the touchdown against Columbia, gained a total of 148 yards on the ground during the course of the afternoon.

Pistol Pete Williams is a capable climactic runner.

Earl Blaik of the Military Academy has as much respect for the current Navy varsity as he has for Notre Dame.

It couldn't possibly be that Captain Hamilton can get the midshipmen up only for Army.

There is too much talent.

Navy simply has to snap out of it shortly.

Dan Parker says that Irish Billy Walker whom Marcel Cerdan kayoed in the first round in Montreal Tuesday hasn't won a fight this year. . . . In 1946—one of his better years—he won three, lost three and was knocked out three times. . . . Parker claims that Walker is a sample of the kind of opposition lined up for the Casablanca battler during his Transcontinental tour which is supposed to convince people that he deserves a shot at the middleweight crown. . . . Johnny Greco will not renew his managerial licence with Frankie Doyle as an aftermath of the New York State Boxing investigation. . . . Pit Audette will remain as his Canadian manager. . . .

DUBOYCE'S CORNER

Mr. and Mrs. Sewell Newton and Eric and Olive Newton were dinner guests of Mr. and Mrs. Thomas Duboyce and Gordon Duboyce.

Mr. and Mrs. Vernal Lewis were week-end guests of Mr. and Mrs. Lloyd Lewis in Cowansville.

Mr. and Mrs. Harry Beaks and son, Mrs. Beaks, Sr., called on Mr. and Mrs. Reginald Flannigan and family, at their farm in Warden.

Mr. Jack Bailey and sons, Harold and Linden, were guests of her parents, Mr. and Mrs. D. Brown.

Mr. Gordon Badger, of Oxford Mills, Oct., spent several days with his parents, Mr. and Mrs. John Badger, and brother, Mr. Ernest Badger, and family.

Mr. and Mrs. Dalton Brown, Mrs. Jack Bailey and sons, Harold and Linden, spent a day in Farnham.

Mrs. Charles Keene and Heather, Joan and Arnold Keene spent a day at the Badger home.

Mrs. Clifton Brown spent a day with Mr. and Mrs. Dalton Brown.

Mr. and Mrs. W. S. Stone and Wilena Stone and Mrs. George Stone were dinner guests of Mr.

and Mrs. Alfred Thompson and family, on the thirty-second wedding anniversary of Mr. and Mrs. Stone, October 5.

Mrs. Hawley and Mr. and Mrs. C. H. Woodard, of Sutton, were guests at the Badger home.

Mrs. John Badger, Mrs. Ernest Badger and sons, Donald and Arthur, called on Mrs. McGlue.

Mr. and Mrs. Dugas were guests of Mrs. Dugas' sister, Mrs. Reg. Flannigan, Mr. Flannigan and sons, in Warden.

Mr. William S. Stone attended an I.O.O.F. district meeting in Granby.

Mr. and Mrs. William Badger and family were dinner guests of Mr. and Mrs. William Russell and family.

Mr. and Mrs. L. V. Brooks spent the week-end at their farm here.

Art Ross, Of Boston Bruins, Calls All-Stars "Greatest Team Ever"

Hershey, Pa., Oct. 11.—Art Ross, rink-wise manager of Boston Bruins, today put his stamp on the National Hockey League all-star team that will meet Toronto Maple Leafs at Toronto next Monday as "the greatest crew assembled."

"I actually feel sorry for Conn Smythe and his Leafs," added Ross, whose Bruins make up four of the 17 players chosen to meet the Stanley Cup champions in the league's first annual all-star game.

That was fighting talk, even if the commiseration were meant, but at least it fell in line with Smythe's own recent evaluation

of the talent. The Leafs' managing director estimated there would be "nearly \$1,000,000" worth of players on display, divided roughly in \$500,000 for the All-Stars and \$375,000 for the Leafs.

Ross suggested that the All-Star lineup, selected by Coach Dick Irvin of Montreal Canadiens to include at least three players from each team, could go through an entire N.H.L. season without a defeat.

"Probably not for years will another all-star lineup be as powerful," he said, because some of the best players "are at their peak right now . . . In another year they'll be over the hill and replacements a coach might make then wouldn't be as close to hockey greatness."

From the goal out, "Irvin has everything on that team—scoring ability; playmaking brains; body-checking power and backchecking skill," he said.

He pondered a moment to consider a first-string lineup alone that included such stars as Boston's Milt Schmidt centering Doug Bentley of Chicago Black Hawks and Maurice Richard of Montreal Canadiens, with Montreal's Ken Reardon and Butch Bouchard at defence in front of either Bill Durnan of Canadiens or Frankie Brimsek of Boston.

He chuckled as he considered the reserves—Max Bentley of Chicago flanked by Boston's Woody Dumart and Bobby Bauer; the Detroit Red Wings defence duo of Bill Quackenbush and Jack Stewart, plus the utility men; Ted Lindsay, Detroit; Bill Mosienko, Chicago; and Grant Warwick, Tony Leswick and Edgar Laprade of New York Rangers.

It all added up:

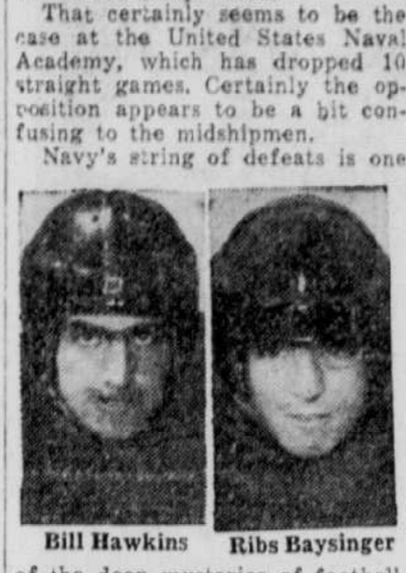

"I repeat that I'm sorry for Conn Smythe," said Art. "Guess I'm getting mellow—I never thought I could live to see the day when I could say that and mean it."

Navy's 10 Losses Are Mystery; Midshipmen Shoved Army Around

New York, Oct. 11.—Little fit that stopped the supposedly invincible Junior Davis, Doc Blanchard and Jefferson and Colgate coach currently at Lebanon Valley, says college football is too complicated.

That certainly seems to be the case at the United States Naval Academy, which has dropped 10 straight games. Certainly the opposition appears to be a bit confusing to the midshipmen.

Navy's string of defeats is one

Bill Hawkins Ribs Baysinger

of the deep mysteries of football. The sailors haven't tasted victory since they shaded Villanova, 7-0, in last fall's opener.

With Capt. Tom Hamilton having a season of coaching the modern T with man-in-motion, it was hoped that the future admirals would straighten out this autumn, but they have already been edged by California and Columbia, and the worst is yet to come—Pennsylvania, Notre Dame, Georgia Tech, Penn State and Army. It's murder.

What makes the case of the sea dogs more unusual is that, with the exception of the graduated captain and end, Leon Bramlett, and tough guard Jim Carrington, this is practically the same out-

fit that stopped the supposedly invincible Junior Davis, Doc Blanchard and Army, had the cadets on the run, would have beaten them in another jump early last December.

Navy easily could have beaten Columbia, North Carolina, Georgia Tech, Penn State and Army last year, but the breaks went the other way on each occasion. Yet the middies improved with each start and were really rolling when time ran out on them in the West Point encounter.

Captain Hamilton took his big squad to Pudget Sound for an early training season this fall.

In view of what happened to Wottman Wedemeyer and highly-regarded Saint Mary's, the midshipmen looked good after their showing against California, which edged them by a single touchdown.

But while Columbia has a sparkling attack, the line was reported on the weak side, especially at the tackles. Yet the Lion forwards outcharged those of An-

Dick Scott

napolis. Lou Little's young men failed to cash in on three or four golden opportunities in the first half. Had they done so, the middies might have been beaten by that many touchdowns instead of one.

Navy should have a stout line built around the All-American center, Capt. Dick Scott, who contributed so much toward halting Felix Blanchard last fall.

The midshipmen own an excellent T quarterback and passer and a good enough kicker in Ribs Baysinger, Jr., son of the Syracuse coach. Their big and masked fullback, Bill Hawkins, who picks up speed as he goes along, skirted end for 55 yards and the touchdown against Columbia, gained a total of 148 yards on the ground during the course of the afternoon.

Pistol Pete Williams is a capable climactic runner.

Earl Blaik of the Military Academy has as much respect for the current Navy varsity as he has for Notre Dame.

It couldn't possibly be that Captain Hamilton can get the midshipmen up only for Army.

There is too much talent.

Navy simply has to snap out of it shortly.

Dan Parker says that Irish Billy Walker whom Marcel Cerdan knocked in the first round in Montreal Tuesday hasn't won a fight this year . . . In 1946—one of his better years—he won three, lost three and was knocked out three times . . . Parker claims that Walker is a sample of the kind of opposition lined up for the Casablanca battler during his Transcontinental tour which is supposed to convince people that he deserves a shot at the middleweight crown . . . Johnny Greco will not renew his managerial licence with Frankie Doyle as an aftermath of the New York State Boxing investigation . . . Pit Audette will remain as his Canadian manager . . .

CLIFF "RED" GOUPILLE SIGNS WITH SHERBROOKE HOCKEY CLUB

Goupille Eleventh Player To Sign With Locals; Gilles Dube Ordered To Report Montreal Or Be Suspended

"Cliff "Red" Goupille signed to play with the Sherbrooke St. Francis for another year," stated Coach Ivan Dugre, last night, upon returning from Granby where his team held a workout.

Red Goupille, who will be remembered by the local fans for his good work last season on the blue-line, after Bill Heindl had been put on the sidelines with a shoulder injury, will again team up with Heindl to form one of the strongest rear-guard lines in the Provincial circuit.

Although not one of the leading scorers for the defence players, Goupille was outstanding for his defence work, and in the playoffs with Lachine and St. Hyacinthe, Goupille worked overtime and always gave his best. In the final provincial playdowns with the Royals, Allan Cup holders, Goupille made very good use of his hockey experience, acquired while playing with "Les Canadiens," and turned in some outstanding performances considering his physical condition. In the Lachine playoff Goupille received two severe charleyhorses, and was forced to carry on, with both legs taped up, which hindered him when skating, but Goupille carried on just the same and displayed fighting spirit that will be remembered for many a day.

Gilles Dube Ordered To Report to Canadiens or Be Suspended

Upon his return from Granby last night Gilles Dube had received

a letter ordering him to report to the Canadiens at once or be suspended by the N.H.L. authorities. This seems funny for an amateur player to be ordered to report to a pro club, when he, Dube, claims that he never signed anything, to his knowledge, giving the pros authority to act thus. Last year Dube signed with the Canadiens Jrs., at the same time giving them the right to his services if he ever decided to turn pro, but that was all.

Dube, Dussault and Cote reported to the Canadiens training camp at the start of the season, and when offered a pro contract, to play with the Canadiens' farm team in Texas they turned it down. Frank Selke then ordered Dube and Dussault home, now Selke sends Dube a letter telling him where he must go, and whom he can play with. It looks as though the Royals must want hockey players in the worst way and are taking any means they know of obtaining them. The Royals are a farm team of the Canadiens.

Sherbrooke is not the only team at the present in the Provincial circuit having trouble with the "FAMOUS CANADIENS." St. Hyacinthe and Victoriaville are in the same position. It must be that the Senior Group is starting to worry about the senior teams outside of the special group and are taking means to do something about it.

N.H.L. To Award Special Trophies To All Players On All-Star Teams

Montreal, October 11.—The 52 players and seven coaches who gained berths on the N.H.L. First All-Star team during the 17-year span that these select squads have been picked will receive a beautiful gold puck and chain from the National Hockey League. The first of these presentations will take place at the All-Star game in Toronto on October 13.

Not all of the 52 players and seven coaches will be present at the All-Star game in Toronto however. The six players who were named to the team in 1946-47 and all players who received All-Star recognition while performing for Toronto Maple Leafs in former years will be presented with their gold puck on October 13. The remainder of the players will be honored by the club they played for at the time they won All-Star recognition.

On the front of the gold puck is a star with a diamond set exactly in the middle of the star.

Above the diamond and the star are crossed hockey sticks with the inscribed words "N.H.L. All Star." On the reverse side of the puck is inscribed the player's name and year or years he has been named to the team.

Site of the 1948 All-Star game will be Chicago, at which time the six players who garner berths on the 1947-48 All-Star team will receive their gold pucks. These pucks will be presented at all future All-Star tilts.

Eddie Shore, Boston Bruins' great defenseman made the All-Star seven times, more than any other player, while Lester Patrick, the "Silver Fox" of hockey was selected as the All-Star coach on seven occasions, more than any other coach.

Four of the All-Stars, Chuck Gardner, Howie Morenz, Babe Siebert and Lorne Chabot are now deceased.

Tommy Anderson made the All-Star five times.

E. T. Beauty

The above picture shows G. M. Young, Works Manager for the Canadian Ingersoll-Rand Company, Sherbrooke, holding a 41½ inch, 22 pound muskie, caught in the St. Francis river close to Sherbrooke. Mr. Young caught the muskie with an eighteen pound silk line with a plug and no leader.

JUDGES NAMED TO OFFICIATE AT HORSE SHOW

Naming of the judges to officiate at the Sherbrooke Horse Show opening in the Arena next Wednesday brings last-minute preparations up to date, as competitors work out their horses, workmen hasten the making of the jumps and other paraphernalia of the show ring, and officials make sure the complete five-performance program is in order, ready to be run off with clockwork precision.

Two of the top American Horse Show judges will officiate during the local show, which takes place Wednesday until Saturday evenings, and closes with a grand matinee performance on Sunday, Oct. 19th. E. Mason of Malone, N.Y., will act as a junior judge, having the saddle and harness classes to judge, while W. H. Henderson of Eatonville, N.J., will be the show's senior judge, awarding the ribbons in the hunter and jumper classes.

One of the most colorful and complete programs ever seen in local Horse Show circles will be given in the Arena for the 1947 show, with the intricate courses laid out for the hunter and jumper events providing many a thrill for a rider and spectator alike. Complete details of the various evening and Sunday afternoon events will be published on Tuesday, and Wednesday next week. Entries already indicate that the competitions will be unusually keen, with some of the outstanding horses and riders of the Province coming to Sherbrooke to compete against the pick of Eastern Townships.

Among noted riders coming to Sherbrooke is Miss Maxine Samuels.

The first show in which Maxine ever rode was in Sherbrooke last year, when she took her jumper "Kirk" into the middle-weight hunter class against the finest entries in Canada. She had no one to assist her, no one to guide her. Her teacher in equitation over jumps, the noted Capt. William Ressegui, was unable to be at the show, but nevertheless Maxine rode well, winning the blue ribbon with a splendid victory.

Since then, she has won many awards—10 firsts in the present 1947 season—and she is likely to win many more. It is interesting to note her form of riding, which was learned in a very short while from Capt. Ressegui, who is a recognized teacher of the finest type of riding over jumps according to the European school.

Another name that is traditional with winning in fine competition in the horse show world is that of Mrs. A. O. "Ruth Cowan" MacKay.

It was ten years ago, or more, when Mrs. MacKay was capturing the big awards at Madison Square Garden, the "top show" of America, with her high leapers which made the U.S. owners always look to her as the entry to beat in the big shows.

Now Allan MacKay, and Ruth, with their daughter, Joan, make a fine family entry, and individually they can well take care of themselves, in either hunter or open jumping competition. They are owners who like to ride their own mounts, and their presence in a show is an indication that the top competitors are in it.

The H. J. O'Connell stable, with "Rankestown" and "Inverlilly," as well as one of the top Irish hunters in Canada, "Ballemena" will bring to Sherbrooke the top winners at the Canadian National Exhibition last month.

Local riders include Aime Cho-

"SPORT SHOTS and POT SHOTS" BY LEN. O'DONNELL

The Yanks finally won the World Series, although the Bums forced them to the limit in doing so. The series was carried to the full seven games. Lots of new records were established. The pitching staff on both sides got plenty of work, with Joe Page and Hugh Casey starting in their roles of relief hurling. The other important thing to come out of the series is that Larry MacPhail, president of the Yanks, has sold out and will retire to his farm in Maryland. George Weiss will take over the duties of general manager and will guide the future destinies of the famous Yankees' team.

Chester Sobolewski's boys had their first real test of fire last week, when they tangled with the Redmen, of Montreal. For the first half it looked like anybody's game, and lack of proper subs, began to tell on the Purple and White squad, and the McGill crew rolled on to victory. Bill Price did a fine job in handling the team, and had good control over his crew at all times. Perhaps in today's game things may turn their way, although the Maroon and White boys from Montreal West always seem to be able to field a strong team.

The local hockey situation seems to improve with time and Coach Dugre has the team working out at Granby. The boys are rounding out well. The team looks 100% better this year, than it did last season at this time. The goalie problem is in very good hands, with Paul Leclerc and Roger Dion in action. The de-

fence looks solid with Big Red Goupille and Bill Heindl flying along with Red Simard, Dufour following suit. The front line seems to have plenty of scoring punch on all three lines and the boys should do alright. They have the team spirit, which counts a lot. The fans can well be proud of their team, after all it belongs to the town, and I am sure that they will give a good account of themselves. Ivan will start off Tuesday evening, in Grafby, with an exhibition tilt with Shawinigan Falls, of the senior group, with a return match in the town situated on the St. Maurice River Thursday evening. Coach Dugre expects to have a few more new faces on his squad by next week.

Tonight at the Chateau Frontenac the Industrial "A" Softball League will hold their annual banquet and at the same time will present trophies to their champions, as well as the city title holders, Lessard Servicemen. Maurice Lessard's boys copped the league title when they downed Savard in the playoffs and then took on Rubin, champions of the "B" circuit, and made short work of them. So tonight they will receive their just reward.

We wonder if Frank Dillo, of the Q.A.H.A., know what senior team in Montreal is holding on to players' releases, and by the way, amateur players at that, and are using the releases to try to complete deals for other men to bolster their teams. We hear of these things in the pro ranks, but never in the amateur files. Perhaps this is a new way of building a team. "What about it, Frank?"

SPORTING NOTES

Regarding my confrere, Vic Morris, Jr., who taps out the Quebec Sports Diary, there seems to be something wrong with the source where he obtained his information. He states in his column, "Bill Heindl turned down a contract to play with Sherbrooke St. Francis." Well, Vic, Heindl signed a contract to play with local team at the end of the playoffs, last April, before he left to return West, so your source must be getting things mixed a little.

The A's will be out to improve their standing this afternoon at the expense of the Montreal Comets, the new entry in the league, and an offspring of the Alouettes. Both teams scored victories over the Quebec Swimmers and today's tilt should be a great battle, with the squad getting the breaks of the game, the winners. Ken Jackson's boys are looking forward to the tilt, judging by interest during the past week at the practices, Sherbrooke chores will go to either Pete Martin or Jo Jo Grabowski.

Armand Gaudreault faces a suspension if he fails to report to the Hershey Bears' training camp. He was deleted from the Quebec lineup when Canadiens played at the Citadel Wednesday. Johnny Greco, Canadian welterweight champion, will meet Harry Hurst in a 12-round total bout at Montreal Nov. 3. Rosaire (Kitoute) Joannette, flashy Valleyfield Braves' pivotman has renewed his contract.

Emmett Kenaly, president of the local junior hockey league, has called a meeting for Wednesday evening at the Chateau Frontenac for 8.30. All clubs interested in joining the group are asked to have representatives on hand. Emmett is looking forward to a good season and another six team circuit.

YANKS RECEIVE \$5,800 FOR SERIES SPLIT

Cincinnati, Oct. 11.—(AP)—Each New York Yankee regular will get \$5,800 from the \$1,781,348.92 taken in at the World Series which ended last Monday, and each Brooklyn Dodger will collect about \$4,000, it was learned today as official figures were announced by Walter Mulbry, secretary-treasurer of baseball.

The baseball players pension fund will be increased by \$175,000, the amount received for the broadcasting rights.

The World Champion New Yorkers, who won the series in seven games, voted to divide their \$207,343.42 of the take into 34 full shares and one three-quarters share. It was not learned who would get the three-quarters of what disposition would be made of the quarter share.

The defeated Dodgers voted to split their \$138,228.95 purse into 32 full shares, and two half-shares. While the winners per player were not the greatest in world series history, they were far better than the \$3,742 each St. Louis Cardinal received as a member of the title-winning club in 1946 and the \$2,140 each Boston Red Sox got out of that series.

It was not a bad series financially for the dethroned Cards and the Detroit Tigers, who finished in second place in the National and American League races, respectively. Each club will have \$37,025.62 to divide among its players.

A total of \$498,674.82 made up the player's pot, with the world championship contenders getting 70 per cent of it for distribution; the second-place teams 15 per cent; third-place 10 per cent and fourth-spot finishers five per cent.

The fabulous Yankee Club and the growing Dodger Empire each picked up \$255,117.94. Commissioner A. B. Chandler's office will bank \$267,202.33 of the proceeds. The total attendance at the world series was 389,763.

Intercollegiate Union Opens This Week-End; Big Four Starts Final Grind For Loop Playoff Berths

The old college spirit bursts on the football scene this Thanksgiving week-end, the four-team Intercollegiate Rugby Union's senior loop getting off to a good start on its six-week schedule while other senior gridiron clubs in both east and west swing into the stretch drive for playoff positions.

The college openers today renew traditional rivalries. At Toronto, the champion Western Mustangs start their 1947 title defence against the Variety Blues. At Montreal, Queen's comes up against McGill Redmen.

In the Interprovincial Big Four, all clubs play a double week-end bill. The Rough Riders and the Alouettes play at Ottawa Saturday, at Montreal Sunday, The Argonauts and the Tigers play at Hamilton Saturday, at Toronto Monday.

The five-game program in the Ontario Rugby Football Union started last night when the two second-place clubs, Windsor Rockets and Toronto Balmby Beach, met in a floodlight game at Toronto.

One O.R.F.U. game is billed for Saturday—Ottawa Trojans at Sarnia Imperials—and three for Monday: Toronto Indians at Sarnia; Balmby Beach at Hamilton Wildcats; Rockets at Ottawa Trojans.

In Western Canada, Winnipeg Blue Bombers go on a two-game road trip, playing the Stampedeers at Calgary today and the Saskatchewan Roughriders at Regina Monday.

The Intercollegiate program should give some indication as to whether the Mustangs will breeze through to another title. They haven't lost a game in Intercollegiate play since 1939 but preseason prophecies rated the Variety club as their strongest opposition.

If the Rough Riders and the Argos should make a clean sweep of their week-end games, it would

virtually settle the two playoff positions in the Big Four. The Alouettes are a full four points behind the second-place Argos.

In the O.R.F.U., the Wildcats have virtually clinched one of the four playoff berths with their six wins in as many starts. The battle for other three centres between Balmby Beach, the Rockets, the Trojans and the Indians.

QUEBEC SPORTS DIARY

By VIC MORRIS JR.

Montreal, Oct. 11.—(C)—The Quebec Senior Hockey League will play more than 300 games this season. Ernest Comte has been re-elected president. This six-team circuit is comprised of Lachine, Verdun, St. Hyacinthe, Victoriaville, Sherbrooke and Cornwall. Applications for franchisees will not be submitted by Granby, Three Rivers and Quebec as previously rumored because of transportation difficulties facing these three cities.

Left winger Maurice Deslions-champs and rear-guard Frank Bennett have renewed contracts with Shawinigan Cataracts. Yvon Robert reached his 33rd Birthday Wednesday—he started wrestling at 16.

Freddy Kovalchuck, former Valleyfield Braves' forward, is piloting Quebec Swimmers in the Q.R.F.U. Bill Heindl turned down a contract to play with Sherbrooke St. Francis. Lennoxville, Sherbrooke, Bishop's, Theford Mines and Sherbrooke "Y" will comprise the Eastern Townships Basketball Association. Ernie Laforce, Jimmy Haggerty, Cliff Malone, Gerry McNeil, Denis Casavant, Les Anning and Tommy Johnson have signed to play with Montreal Royals of the Q.S.H.L. Anning is from Ottawa while Johnson hails from the West.

To Compete Here

GOLDEN COMET, owned by Dr. and Mrs. Paul Latour, of Montreal, which will be seen in action at the Sherbrooke Horse Show starting Wednesday evening and finishing Sunday afternoon at the local Arena. Golden Comet is entered in the saddle classes and will give the other entries a real run for the blue ribbon.

Perfection... Check ✓

When you've seen the graceful flight of the Canada Goose... watched him fly smoothly through the fresh autumn skies... then you've seen one of Nature's finest achievements—perfection on the wing!

And when you smoke a Sweet Cap, you'll find perfection too—smoking perfection! For Sweet Caps have smoothness... freshness... taste... everything you look for in a cigarette, brought to you by Perfection... Check ✓, the new scientific process that checks the quality of each Sweet Cap from plantation to you.
