VOL. V. NO. 230. SHERBROOKE, QUE., THURSDAY, NOVEMBER 7, 1901. PRICE ONE CENT

CANADIAN CAVALRY MAY GO.

British War Office, it is Said, Will Accept Offer of Dominion Government to Send a Thousand Men.

London, November 7.—The British War Office, it is understood, will accept Canada's offer of a cavalry contingent for service in South Africa.

HEARD AT OTTAWA.

Ottawa, November 7.—The despatch from London last night stating that the Home Government will accept a Canadian contingent of cavalry for service in South Africa is what everybody has been expecting here. The despatch came too late to secure anything like official confirmation, but it is well known that the officials of the Departments of Militia and Mounted Police have been quietly getting ready to send, if necessary, 500 Rough Riders in one month, and another 500 a month later.

ANOTHER REPORT.

Toronto, November 7.—The Evening Telegram's special London cable says: The offer of the Royal Canadian Regiment, stationed at Halifax, to go to South Africa, though it is most highly appreciated, will be declined with many thanks. It is unlikely that any more Canadian volunteers will be accepted, as the Imperial Government is impressed with the belief that the war will soon be over and that if more soldiers are required to handle the Boers, the home supply will be sufficient.

GOVERNMENT NOT YET NOTIFIED.

Ottawa, Nov. 7.—(Special.)—Inquiries were made at Government House, this morning, concerning the London despatch which said the Canadian offer for a regiment of cavalry had been accepted.

Up to the present no acceptance of the offer has been received, either at Government House or by the Minister of Militia.

FRANCE AND TURKEY

Former Will Seize No Other Ports Unless Necessary.

WANTS ONLY A GUARANTEE OF THE MONEY DUE.

Paris, Nov. 7.—The Temps states that the French cabinet had considered the seizure of Smyrna and Salonica, but rejected the idea. It adds: "The presence of the naval forces under Admiral Caillard in the waters of Mitylene indicates precisely and limits the action France is now led to take against Turkey. The squadron will not proceed to any other port of the Ottoman empire unless circumstances make it indispensable."

This statement is given as semi-official The Temps further explains that in thus limiting its action, the French Government shows its intention to occupy only a definite point as a guarantee of the payment of the sums of money claimed by France and to hold this point until the sultan disavows the acts of Turkish officials who violated the treaties.

London, Nov. 7.—The Paris correspondent of the Times states that the recognition of the Chaldean patriach is one of the new demands of France on Turkey. If Turkey does not speedily comply with the present demands, France will advance still others.

BULLER PREPARES CASE.

REPORT THAT HE THREATENS TO UNMASK MEN IN CONSPIRACY AGAINST HIM.

New York, Nov. 7.—The London correspondent of the Tribune hears "rumors" that Sir Redvers Buller is preparing his case for presentation in Parliament and "learns" that he considers himself the victim of a South African conspiracy, and threatens to unmask his assailants. Buller's critics in South Africa, continues the correspondent, were indignant when they learned that he had sent Methuen northward to relieve Kimberley and then evacuate the place and carry everybody back to the Orange River that he advised that commander to retreat after Magersfontein and that he counselled White to surrender after Colenso. Through their instrumentality facts about Ladysmith were put in possession of military writers in the press, and Buller completed his own discomfiture by his replies. Buller's friends now assert that in Parliament he will vindicate his reputation by exposing the machinations of these conspirators and by telling the secret history of the Jameson raid and other operations. The War Office will probably anticipate a parliamentary discussion by publishing the exact text of the message "spatchcocked" and heliographed after Colenso.

INVERNESS.

The Rev. H. C. and Mrs. Sutherland entertained a number of the children of the Presbyterian Sunday School at the parsonage on Thursday evening.

Mr. Allan Hill is preparing lumber to build a house on one of Mrs. George's village lots.

Miss Annie McKelvie has returned to Manchester, N.H.

Rumors of the railway being built across Megantic at an early date are again in general circulation, but some people will have to keep their eyes open in order to get all that they would like.

LIBERAL ASS'N MEETS.

Elected Officers for the Ensuing Year.

MR. WM. BRAULT ELECTED PRESIDENT TO SUCCEED MR. JOHN LEONARD.

The adjourned annual meeting of the Sherbrooke Liberal Association was held last night, in the rooms of Mr. John Leonard. About sixty were present and as it was the eve of the memorable date, Nov. 7th, considerable enthusiasm prevailed.

Mr. John Leonard, the retiring president, presided. In his remarks he referred to the fact that during the past year they had succeeded in electing a member to the Provincial Legislature and called upon the Liberals of the county to stand shoulder to shoulder and continue the fight in the cause of Liberalism.

About the only business transacted was the election of officers which resulted as follows:

President, Wm. Brault.
Vice-president, George Armitage.
2nd vice-president, T. Belanger.
Treasurer, J. A. Gauthier.

Committee: East Ward, Oliver Desruisseaux, P. Therrien, E. Biron; South Ward, D. McManamy, N. Lacroix, Theodore Pelletier, John Leonard, Henry Veilleux; North Ward, G. A. LeBaron, H. J. Duffett, Dr. J. R. Duncan; centre ward, G. F. Desruisseaux, D. W. Stenson.

SCARE IS OVER.

NO NEW CASES OF SMALLPOX IN QUEBEC.

The Quebec Chronicle of yesterday's date, says:

"The smallpox scare in this city that gave every reason for alarm some weeks ago, is now over. Only one new case was reported to the City Health Department since last Saturday morning. Never before in the history of Quebec city was the spread of contagious disease so effectively checked as in the present instance, and too much credit cannot be accorded the city health physician. Dr. Catellier, and, in fact, the whole medical fraternity of Quebec, who did all they could to assist him in his duty.

Altogether forty-one cases were reported to the city Health Department during the scare, and up to last night there were still twenty-one houses placarded, and nine cases in the civic hospital for treatment. The city health office is authority for the statement that no deaths resulted, and that every patient suffering from the disease is now on a fair way to recovery."

FRANCE, RUSSIA AND ENGLAND.

New York, November 7.—A despatch to the Sun from Paris says: A curious report is current in well-informed circles which is persistent enough to deserve notice, that a secret compact exists between France, Russia and England, by which Russia will be left peacefully in Manchuria, England in Egypt, while France will occupy Syria. If this report is true, it accounts for M. Delcasse's boldness in reasserting French prestige in Turkey despite German susceptibilities, and also for Emperor William's dampening of Chancellor von Bulow's policy. It is learned from an authorized source that von Bulow sought to oppose French action in Turkey, expecting to receive in return therefor a concession for the Bagdad Railway, and that Emperor William had to formally command a cessation of this policy.

A FILIPINO TERRITORY.

PETITION TO CONGRESS BY NATIVE CONVENTION.

Manila, November 7.—Delegates representing 300,000 members of the Federal party throughout the archipelago have held a convention here which was dissolved yesterday. Among the delegates present were Senors Tavera and Legarda members of the Philippine Commission, and three judges of the Supreme Court.

The convention has drafted a petition to Congress asking that the archipelago be constituted a regular Territory of the United States, with a governor appointed by the President. The petition asks for the establishment of two legislative houses, the Senate to consist of thirty members, sixteen of whom shall be elected and the other fourteen appointed by the governor from the judicial districts.

These houses are to establish their own rules of procedure. The courts are to continue their jurisdiction until the proposed Philippine Congress enacts legislation to cover the ground. The archipelago is to be represented at Washington by two Philippine senators.

The petition goes on to say that owing to the impoverishment by the war it is hoped the American Congress will authorize the governor to issue a loan of $100,000,000 fifty-year 3 per cent. bonds.

The regular meeting of the Royal Templars was held on Tuesday evening, a large number of members being in attendance. Four new members were received by card, and the usual business disposed of. It was decided to make the next meeting a social one; to prepare a programme of music, recitations, etc., and to serve light refreshments.

The students of Bishop's College held their Hallowe'en several nights later than the usual date. This was owing to the fact, it is said, that on Thursday evening the village authorities stationed a guard on the bridge to prevent them entering the village. The boys, not to be outdone, invaded the village several nights later. A general mixup of all things movable was the result.

A pleasing ceremony took place at the Academy of the Sacred Heart, recently, when some fifty pupils entered the Society of the Sacred Heart of Jesus. The ceremony was presided over by the chaplain, the Rev. C. A. Gariepy, who was the preacher on the occasion. The appropriate singing was by the pupils, and was very creditable. The ceremony was made more impressive by the presence of the Provincial Brother, from Arthabaskaville, who has been visiting the houses of the order in Sherbrooke.

Mr. and Mrs. Cunningham, of Newport Vt., spent the day in town recently, the guests of Mrs. E. O. Lawrence. Mrs. Cunningham is the daughter of the late Captain Fogg, who will be remembered by many as the navigator and owner of the first Lady of the Lake, on Lake Memphremagog.

(City News Continued on Page 4.)

MANY VACCINATED.

Sherbrooke Doctors Kept Busy This Week.

SOME OPPOSITION DEVELOPS—COUNCIL ACTED ON ORDERS FROM QUEBEC.

The bylaw providing for compulsory vaccination passed by the City Council, Monday night, has created quite a storm, though many are hastening to comply with its conditions.

It is estimated that a thousand persons, prinripally school children, have been vaccinated in Sherbrooke since Sunday. One doctor states that he has vaccinated 175 this week. All were school children or girls employed in factories.

A peculiar feature of the opposition which has developed is the fact that the kickers are blaming the City Council for enacting the measure. This is most unjust, for the bylaw was introduced and passed under orders from the Provincial authorities. The order was sent to all the municipalities in the province, and, it is understood, all are taking the same course. The matter was submitted to the city attorney, who advised the Council that its only course was to obey the order and pass the bylaw, which was done.

The action of the Provincial Board of Health was due to the fresh outbreak of smallpox in various parts of Quebec province, and the alarming manner in which the disease was spreading.

LI HUNG CHANG IS DEAD.

China's Great Statesman Passed Away This Morning—His Death Causes Anxiety.

Pekin, November 7.—Li Hung Chang died at 11 o'clock this morning.

The burial clothes have already been put on. The court yards of the Yamen is filled with life-sized paper horses and chairs, with coolie bearers, which his friends are sending, in accordance with Chinese customs, to be buried, in order to carry his soul to heaven. Several of the ministers of powers have called to express sympathy.

The Chinese officials are somewhat uneasy concerning the effect his death will have on the populace, and to guard against a possible anti-foreign demonstration the Chinese generals have disposed their troops about the city in such a way as to command the situation. Trouble, however, is extremely improbable.

The wife of Earl Li and his two sons and daughters were with him. They are greatly distressed. Chinese officials throng the Yamen.

Telegrams have been sent summoning Prince Ching, who is now on his way to meet the court, and Chou Fou, provincial treasurer, from Pao Tinh Fu. The former will assume the general charge of governmental affairs, and the latter will act as governor of Chi-Li until Li Hung Chang's successor, who will probably be Yuan Chi Kai, is appointed.

Robert Coltman, an American, who is one of the physicians attending Earl Li, stated that when he was called to act with Dr. Veldof, of the German Legation, November 1, he found the patient very weak from severe hemorrhage, due to ulceration of the stomach.

BOER LOSSES HEAVIER.

LATER DETAILS OF COL. BENSON'S ENGAGEMENT.

Pretoria, Nov. 7.—On the approach of several converging British columns to the scene of Colonel Benson's fight near Bethel, the Boers scattered into small parties and retreated in all directions. The latest reports are to the effect that the Boer losses were heavier than at first supposed. General Botha is now believed to have gone north, probably with the intention of joining forces with the commandos north of the railway. An outbreak of horse sickness among the Boer animals is reported from several quarters. It is said that the sickness is severe and that it may have important influence in finishing the conflict. The British horses are now in good condition.

Messrs. P. and H. Swanson have the electric lights in their new block, also, Mr. Cote has put them into his hotel.

The Ladies' Aid will meet with Mrs. J. R. Moy next Friday afternoon. Miss Mamie Moy is assisting as clerk in Mr. Holtham's store.

Miss Lillian Swanson is assisting Miss McBride in the Model School.

TEN PERISH IN FIRE.

A VARIETY THEATRE IS BURNED AT HURLEY, WIS.

Ironwood, Mich., November 7.—Ten lives were lost, four people were seriously injured and four buildings destroyed by a fire which started in the Klondike Theatre at Hurley, Wis., yesterday. The Klondike was a vaudeville theatre and all of the dead and injured were connected with it as performers. Most of them lived at Hurley. The fire started on the stage and in a few minutes the entire structure was a mass of flames. The third story was used as sleeping quarters, and the rapid spread of the fire cut off the escape of the occupants. The theatre building was quickly consumed and the flames spread to adjoining structures. The Ironwood fire department was called to the assistance of the Hurley firemen and only by the hardest work was the town saved from being wiped out. The losses aggregate $18,000. The remains of six of the victims have been recovered. The Klondike Theatre burned once before, in July, 1887, when eleven women lost their lives.

FRANCE TO KEEP MITYLENE?

London, Nov. 7.—According to the Paris correspondent of the Daily News, France intends to keep Mitylene as a guarantee of the future good behavior of the sultan. The correspondent enlarges on the value of the island as a naval base, and says it contains the largest and deepest sheltered harbors in the Levant. He also recalls the opinion of the late Jules Ferry, formed when he was minister at Athens, that the possession of Mitylene would give any great naval Power command of Smyrna and the Dardanelles, and would go far toward giving it command as well of the Suez Canal.

Cincinnati, O., Nov. 6.—Burglars broke the big show window of the Duhme Jewelry Company's store here early yesterday and stole $20,000 worth of diamonds. In their flight they left a trail of diamonds, indicating the direction they took. The diamonds stolen were loose on a tray.

KITCHENER REPORTS

SENDS FURTHER DETAILS OF THE BRAKENLAAGT FIGHT.

London, November 6.—Lord Kitchener in a report to the War Office, under date of November 4, giving further details of the recent engagement near Brakenlaagt, Eastern Transvaal, between Col. Benson's column and the Boers, says:

"The Boers were unable to remove the guns they captured until a British ambulance went out, when, under cover of the ambulance, the Burghers carried them off. The Boer losses were, undoubtedly heavy, but no correct estimate of them is obtainable. Commandant Opperman was killed and Chris. Botha was wounded. The Boers are reported to have behaved badly to the British wounded."

Lord Kitchener further reports that Cape Colony, to the eastward of the western railway, is cleared of Boers with the exception of the Fouches-Myburg-Wessels commando of 400 men, with which General French is dealing.

DR. SAN CLEMENTE KIDNAPPED.

Colombia's President a Political Prisoner.

New York, Nov. 5.—A special cable despatch to the Herald from Honda under date of Sept, 30, says: Dr. Manuel Antonio San Clemente, the venerable president of the republic of Colombia, has been kidnapped by order of the political leaders who had already stripped him of power. The greatest secrecy has been observed, and every effort has been made to prevent the facts from becoming public, for fear that the friends and allies of the deposed president might attempt to rescue him. The only charge that can be made against San Clemente is that while he remained at Villeta he was a constant menace to those in control of the Government in Bogota. He had never varied in his position since the day when he was relegated to the back ground and the vice-president assumed executive power, July 31, 1901. He maintained that this action had been unconstitutional, and that the powers of the presidency could no more be taken from him than the title of president.

MAINE HUNTER DIED FROM NEGLECT.

Machias, Me., Nov. 6.—Leslie Bowker, of Marsfield, died from a bullet wound yesterday, the victim of a hunter's mistake. Accidental as the shot is believed to have been, his friends consider that his life was sacrificed through the operation of the new statute in this State, which imposes punishment on a hunter convicted of killing another person. Had he received assistance at the time he was shot or within a reasonable time thereafter, his life might have been saved. The circumstances indicated that the shooting was accidental, but the responsible party was afraid to give aid out of fear of the law. Bowker was twenty-eight years old.

TO INSTRUCT FARMERS.

MINISTER OF AGRICULTURE ARRANGES FOR SERIES OF MEETINGS IN THE TOWNSHIPS.

Department of Agriculture,
Minister's Office,
Ottawa, Nov. 5, 1901.

My dear sir:—I am writing to inform you that I have arranged for a series of meetings in the Eastern Townships, at which some of the most capable institute workers of the province of Ontario will deliver addresses on the subjects of dairying, hog raising and kindred matters.

I am very anxious indeed that these meetings should be widely attended, because I feel that our people are not reaping the full benefit of the immense progress in the dairy and bacon industry that has occurred in Canada in the last few years. We are fairly well on in the dairy industry, but of the enormous amount of nearly $12,000,000 worth of bacon which was exported from Canada last year hardly any came to the farmers of the Province of Quebec.

We have all the facilities to an exceptional degree for this business. It is the natural adjunct to our dairying, and with full information on the most approved methods of hog-feeding our people can easily raise three or four times as many hogs as they now do, and join with the farmers of Ontario in the splendid progress and enlargement of this business and share the attendant profits.

It is with this object in view that I have arranged the series of meetings, Knowing as I do the wide circulation that your paper enjoys in the Eastern Townships, I send you the enclosed list, which I should be pleased to have you publish, so that as many farmers as possible may know of and be benefitted by these meetings.

Trusting to your public spirit to help in this movement,

I am,
Yours sincerely,
SYDNEY FISHER.

The list enclosed of Farmers' Institute meetings in the Eastern Townships is as follows:

November 11, Howick; Nov. 12, Ormstown; Nov. 13, Huntingdon; Nov. 14, Hemingford; Nov. 16, Bedford; Nov. 21, East Farnham; Nov. 22, Granby; Nov. 23, Waterloo; Nov. 25, Brome; Nov. 26, Sutton; Nov. 27, Mansonville; Nov. 28, Millington; Nov. 29, Massawippi; Nov. 30, Stanstead; Dec. 3, Barnston; Dec. 4, Compton; Dec. 5, Lennoxville; Dec. 7, Bury.

These meetings are to be in the afternoon and evening, 2 and 7.30.

COLERA.

It appears from returns that the 12th to the 31st July, inclusive, a period of 20 days, 410 deaths are attributed to colera alone in Montreal. This is certainly a fearful amount, but nothing when compared to the mortality of 1832. The Quebec Gazette says 20 deaths had occurred at Gros Isle in 24 hours, among the settlers detained there.

THE BRITISH GOVERNMENT.

There exist in every country, and under every Government, some discontented spirits, who regard every measure in which they have not themselves participated, with the jaundice eye of prejudice.

* * * *

The Province of Lower Canada possesses its average proportion of such spirits, though the inhabitants of the Eastern Townships may congratulate themselves that they but partially prevail among them, and that their number is on the decline.

SHERBROOKE CO. AGRL. SOCIETY.

Smith, Taylor Spafford, David Ball, Eaton, John Pope, John Lebourveau, John Sawyer; Melbourne, Stephen Burnham, Jos. Galup, Stephen Barnard; Shipton, S. The executive committee decided that the Cattle Show should be held at Shipton and Lennoxville, and that premiums should be awarded in each division, to the amount of $233, the dividing line being between Orford and Brompton.

MARKET NEWS.

Montreal, Wednesday evening.

FLOUR.—The tone of the flour market was very firm. We quote as follows:—Spring wheat patents, $4.10; winter wheat patents, $3.75 to $3.90; straight rollers, $3.40 to $3.50; strong bakers', $3.60 to $3.80; and straight rollers, in bags, $1.65 to $1.75.

MEAL.—The demand for rolled oats is fair, and sales were made at $4.50 to $4.60 per barrel and at $2.20 to $2.25 per bag.

FEED.—Ontario bran, $17 to $17.50; shorts, $19 to $20 per ton in bulk; Manitoba bran, $17 and shorts, $10 per ton, including bags; mouillie, $20 to $25 per ton as to quality.

HAY.—An active trade continues to be done in baled hay, and prices rule firm. No. 1 hay at $9.50 to $10; No. 2 at $8.50 to $9; clover mixed, $7.50 to $8, and clover, $7 to $7.25 per ton, in car lots.

LIVE STOCK TRADE.

London, November 4.—Supplies of cattle were short, and there were no Canadians on the market. The feeling was stronger, and prices for Americans show an advance of ½c as compared with a week ago. The trade was firm at the rise, and sales of choice were made at 13½c. States sheep were also stronger at 12c.

Liverpool, November 4.—This market was also firmer, and sales of Canadian cattle were made at 11c to 11½c, with sheep steady at 10½c.

MONTREAL.

Although cable advices from the two leading foreign markets were more encouraging in tone to shippers, and prices showed another advance, as compared with a week ago, yet actual sales of Canadian cattle reported from Liverpool today were at prices which netted the shipper a loss, showing that prices will have to go still higher before exporters can make any money. In the western market here there has been no improvement in the demand for export cattle; in fact, the trade during the past week has been the worst this season. The quality of the offerings has been poor, and in addition to this owners hold out for prices which are unwarranted by the condition of the market. Sales of choice cattle have been made at $4 to $4.25, and medium at $3 to $4 per 100 lbs.

Receipts of live stock at the East End Abattoir market Monday morning were 1,000 cattle, 1,500 sheep, 1,000 lambs, and 50 calves. There was no actual change in the condition of the market. The supply of good useful stock was just about equal to the requirements of the trade, but the offerings of common and inferior stock were excessive, and a number of such were left unsold. A fair trade was done in the better grades as butchers generally wanted a few; consequently, prices ruled steady. Choice beeves sold at 4c, good at 3½c to 4c, fair at 3c to 3½c, and common and inferior at 1½c to 2½c per lb. The demand for sheep and lambs was good, and as the supply was fairly large an active trade was done at steady prices. Sheep sold at 2½c to 3c, and lambs at 3c to 3½c per lb. Calves sold at from $2.50 to $7 each. The demand for live hogs was good, and as the receipts were smaller, the tone of the market ruled firmer at 5½c to 6¼c per lb., weighed off cars.

RICHMOND.

November 7.—A series of entertainments are to be given in St. Francis College this winter. A number of Richmond gentlemen have consented to deliver twenty minute lectures, and following the lectures several of the younger men will arrange for debates.

The Ministerial Association of Richmond and Melbourne have recently had under consideration the moral condition of the town and have found circumstances in connection with the operation of the License Law which excite dissatisfaction and alarm. The association has, therefore, concluded that the formation of a Citizens' League to enforce the observances of the laws regulating the liquor traffic and public morals would be the best method to counteract the evils arising from their abuse. Deputations from the association were appointed to interview the councils of Richmond and Melbourne to lay the matter before them. The league is not designed to be a temperance organizer nor as an attack on the liquor business as such, but for the observance of the law, and for the purpose of bringing to justice offenders against it. Neither will it be a ministerial league, but a league of the citizens of the two communities, and there is no reason why every respectable resident of Richmond and Melbourne should not support it. In fact, amongst all creeds and nationalities of our citizens there is a strong feeling in favor of it. Rev. Messrs. Dr. Kellock and R. G. Watt comprised the delegation to the Melbourne council, and Rev. Messrs. Jas. Hepburn and C. W. Finch the delegation to the Richmond council.

Mr. F. H. Foster, son of the late G. K. Foster, one of the pioneer merchants of this part of the Eastern Townships, and the first local director of the Eastern Townships Bank, was in Richmond yesterday. Mr. Foster for several years has made his home in Boston, where he went after the death of his father, which occurred in 1883. The old firm of G. K. Foster turned out a number of prominent merchants amongst whom are Messrs. Jos. Bedard, ex-M.P.P., Chas. Campbell, Newlands Coburn, L. Jutras, Kenneth and Donald MarLeay, the millionaire merchants of Portland, Ore., W. A. McPherson, Seattle, Wash., and Andrew Smith, of San Francisco.

Mr. S. C. Hatt, gentleman usher of the black rod of the Quebec Legislature, who was yesterday reported as lying at the point of death in his quarters at the Parliament House, is well known in Richmond. Mr. Hatt earned his Fenian Raid medal by his services as quartermaster in the Megantic battalion, who were quartered at the old St. Francis Hotel, Richmond, in 1866, now Mr. Jas. Bedard's store. Richmond was regarded as a strategetic point, and the battalion was stationed here for several months and many of our old residents remember the kindly quartermaster.

The Trenholmville Official Board of the Methodist Church will hold their quarterly meeting in the Methodist church, Trenholmville, Wednesday, Nov. 13th.

Mr. Geo. Brock, of Kingsey, is on the sick list.

Mrs. Jas. Dickson, of Trenholmville, is visiting her son, Dr. Arnold Dickson, Hamilton, Ont.

Mr. Edward Cooney has resigned his position as commodore on the scow and Mr. Thos. Smith will succeed him.

Mr. R. G. Kimpton, proprietor of the Abenakis Springs Hotel Co., was in Richmond Tuesday, the guest of Mr. and Mrs. Rose.

Mr. H. Walker and Miss Flora Gymer were married in the Anglican church, yesterday afternoon.

Next Sunday will be Sunday School day in the Methodist church here. Rev. E. W. Halpenny, general secretary of the Sunday School Union, will take part in the service by singing and scripture recitation. The regular evening service will be conducted by the pastor as usual and will be opened with a ten minutes song service.

A meeting of the Richmond Hockey Club will be held in the town council room, next Tuesday night, to organize for the coming season. All interested in hockey are invited to attend.

The Richmond town council, at the adjourned meeting to be held next Friday night, intend passing a bylaw making vaccination in the schools compulsory as a precautionary measure against smallpox.

MAGOG.

Nov. 7.—Mr. Arthur Bogué was in town yesterday, visiting his many friends Mr. Bogue is now residing in Georgeville for the winter months.

The first meeting of the Euchre Club was held, Tuesday evening, at the "Sunnyside," the residence of Mrs. E. R. Johnson, about thirty ladies and gentlemen were present and a most enjoyable evening was spent. The next meeting is to be held at Mrs. James B. Olivier's, Hatley street, on Tuesday next, play will commence at 8 o'clock sharp.

The new fire station is rapidly approaching completion, and will be a very substantial as well as handsome building to judge from present appearances.

We are glad to note that the old wooden bridge, which has been in a dangerous condition for some time, is being repaired. But it seems rather a waste of money to spend anything more on such an antiquated structure. What is a good iron bridge, that will be a credit to the town and we hope that our worthy municipal authorities will have this before their mind's eye and make it an accomplished fact in the near future.

Mr. A. Q. Reade has gone on a hunting excursion to Brompton Lake with some friends.

The Women's Guild of St. Luke's Church are working hard at present, to make money for the proposed new church hall. About 70 ladies have joined the Guild and a most prosperous winter is looked forward to. The next meeting will be held at Miss Sweeney's, Hatley street on Wednesday, Nov. 20, at 2.30 p.m.

TEXT OF BOTHA'S ORDER

OUTLAWS AND THREATENS DEATH TO EVERY ARMED ENGLISHMAN.

New York, November 7.—The Sun has the following cable despatch from Paris:

The text of General Botha's counter-proclamation to Lord Kitchener's recent proclamation has reached here. It was issued on Sept. 15. It declares:

"Whereas, no official of the Orange Free State or the Transvaal Republic, and no general commandant or burgher, intends to obey Lord Kitchener's proclamation or to trouble with it; and

"Whereas, the proclamation contains falsehoods habitual to the English; and

"Whereas, Lord Kitchener's proclamation has strengthened the determination of all burghers to resist to the end; now,

"Therefore, I, Louis Botha, commandant general of the republican forces, with the consent of the governments, officers and burghers of both republics, proclaim Lord Kitchener, his staff and the officers and soldiers serving under his orders fighting us now to be outlaws in South Africa, and all officers and burghers in the two republics and in Cape Colony are ordered to shoot every armed Englishman whom they meet."

MAN HUNTING IN VIRGINIA.

Bloodhounds Fail to Capture an Alleged Murderer.

Roanoke, Va., November 7.—The manhunt in Franklin County for William Hale, who fired a shotgun into a political meeting at the little town of Ferrum on Saturday night, killing two men, is still going on, Hale was located in the mountains six miles from Ferrum before daylight today, in company with Larkin Saunders, a brother of Hale's wife. Both men were heavily armed, and when the police came within shooting distance the outlaws fired on them. The police returned the fire, shooting in the direction from which the gun flash came, Saunders was wounded and captured, but Hale got away in the darkness. It is raining in that section, and this prevents bloodhounds following the trail. Saunders says Hale has a double-barrelled breech-loading shotgun and plenty of shells, and will not be taken alive.

Gold is one of the heaviest of metals; but very few persons are greatly troubled about its weight.

WINDSOR MILLS.

Nov. 7.—Mr. Jno. McFarlane, of the C. P. Co., was in town yesterday.

The prospects are good for having electric lights again in the near future, upon an improved system. Men are busily engaged in placing wires in readiness.

On account of the demand for cars on the G.T.R., Mr. Pender, the agent here, rushes the unloading to the utmost, so much so that some have to work at night to keep things going.

At a meeting of the quarterly board in connection with the Methodist Church, held on Monday evening, the following named members were appointed a committee to make arrangements for the annual Sunday School festival; viz., Mrs. G. W. Sykes, Mrs. Wm. Samson, Dr. Robins and Mr. Wm. Caswell.

ATTACK CHAMBERLAIN

MEMBER OF FRENCH CHAMBER DENOUNCES THE COLONIAL SECRETARY.

Paris, November 7.—In the Chamber of Deputies, M. Berry asked leave to interpellate the Government regarding the measures it proposed to take in accord with other Governments, to call upon the British Government to remove the women and children in the South African concentration camps to healthful districts. M. Deschanel, president of the Chamber, remarked that it would be difficult to interpellate the French Government for the acts of the British Government. After a brief discussion, during which M. Millevoye was called to order for speaking of Mr. Chamberlain, the British colonial secretary, as a coward and an assassin, the Chamber decided to debate M. Berry's interpellation at a later date.

Berlin, November 7.—The students of the University of Greifswald have sent to the other universities the resolutions recently adopted by them in denunciation of the alleged offensive references to the conduct of the German troops in 1870 made by Mr. Chamberlain, the British colonial secretary. They ask the co-operation of the other universities in their rebuke. The Berlin branch of the Society of German Students has telegraphed to the Greifswald students congratulations upon their protest against "an insult to our valorous and glory-crowned army."

A CHICAGO MYSTERY

THE REMAINS OF A MURDERED MAN FOUND IN A SACK.

Chicago, Nov. 6.—The body of a man about 30 years of age, whose head had been almost cut off, was discovered in a flour barrel on a strip of prairie near Rice street and Western avenue early today. The victim's feet were securely bound together and the body doubled in a sack. Besides the wound in the neck the face had been gashed and disfigured. From a letter in the man's pocket the body is believed to be that of Antonio Napoli, who, with 25 other Italian laborers, reached Chicago last night from Iowa Center, Iowa.

Chief of Police O'Neill believes the man was the victim of some vendetta.

Later, Rocco Cantre, a saloon keeper, identified the body as that of Antonio Napoli. He said that probably after his arrival last night Napoli had gone to make the rounds of his old haunts and had met some enemy.

The sack into which the body had been thrust bore the name Dattoli. An Italian fruit peddlar, Vincenz Dattoli, was arrested this afternoon. The police discovered in his shop several barrels and sacks similar to the barrel and sack in which the body was found.

There are few men in this world who have the courage to stand and take a brushing from the whisk fiend at the hotel or barber shop, with a predetermined purpose to give him no tip.

WOMAN GETS FIRST MOOSE.

Mrs. Elizabeth Sprague, of Boston, is the first woman to secure a moose in Maine this season. The balance of the thirteen recorded up to last Saturday, were killed mostly by residents of the state. A. L. Young, of Auburn, Me., a member of the Chesuncook Lake, secured his moose very easily. He rose early on the morning of the 15th to go deer hunting. Stepping out upon the piazza to look around he discovered a moose not fifty yards from the clubhouse piazza, which he killed with one shot. The moose was a three-year old with small but symmetrical antlers.—Canadian Sportsman.

COATICOOK.

November 7.—Miss Edith Thomas was in Sherbrooke on Wednesday.

Mr. Luther T. Courtice, of Bowmanville, Ont., and Mr. Perry Dobson, of Waterville, spent Wednesday in town. Mr. Courtice is on his way home from England, where he has been spending the summer.

Old Mrs. Healey died yesterday morning of consumption, at North Coaticook.

The missionary meeting held in the lecture room of the Methodist church last evening was well attended and much enjoyed by all present. Rev. Dr. Spencer, of Bella Coola, B.C., a returned medical missionary, was the speaker of the evening. Dr. Spencer has been in British Columbia for thirteen years, so has become well acquainted with the habits, dispositions and customs of the Indians of that section of the country. He teaches school through the day, preaches on Sunday, as well as two nights of each week, besides following his profession as a physician. He finds the work most encouraging, as the Indians are fast losing their many superstitions and becoming quite civilized. A very interesting meeting was brought to a close by singing the hymn, "God be with you till we meet again." Among those present from a distance were Rev. Mr. and Mrs. Pates and a party of young people from Compton and also Rev. Mr. Murray and several young people from Barnston, Mr. Courtice and Mr. Perry Dobson, from Waterville.

The pupils of the Academy intend giving a concert in Shurtleff's Hall on Thanksgiving Day.

St. Stephen's Church Hall was the scene of a very interesting meeting on Tuesday, when the many friends of Canon and Mrs. Foster met to present them with tokens of their respect and esteem. This presentation was to have taken place at the time of the change in the rectorship, but owing to Canon Foster's ill health, it had been postponed until now. Accordingly, in addition to the usual full attendance of ladies at the ordinary Guild meeting, quite a number of gentlemen were also present. At about four o'clock Mrs. M. B. Lovell rose and presented Mrs. Foster with a handsome golden-oak writing desk, accompanied with the following address:—

Dear Mrs. Foster:—The ladies of St. Stephen's church have much pleasure in presenting you with the accompanying gift as a slight token of their love and esteem. We are very happy in the thought that although Canon Foster has resigned the rectorship of St. Stephen's Church, that you are still to reside with us, where we hope you may both be spared with your family, to enjoy many years of happiness. We feel when you use this little desk in writing to distant friends, you will often be reminded of the many friends you have in Coaticook.

Mrs. Foster expressed her thanks in a few well chosen words and then Mr. Churchill read the following address to Canon Foster:

To the Rev. Canon Foster, M.A., D.C.L.

On behalf of the congregation of St. Stephen's Church, we beg your acceptance of the accompanying chair, as a small token of the esteem and respect in which you are held by the members of the church where for so many years you have officiated, pointing out the way to a better life, encouraging the wavering and helping in all good works. Accept, then, reverend and dear sir, this small offering with the best and heartfelt wishes of your friends that you may be spared for many years to enjoy that rest and ease which you have so well deserved from your long and successful labors amongst us.

(Signed), P. L. Baldwin, pres., and D. Moyle, sec. of the committee, and J. Churchill and F. H. Bridgman, church wardens.

They then presented Canon Foster with a handsome solid mahogany Morris chair, upholstered in silk brocade. A brass plate affixed to the back of the chair bore this inscription:

Presented to Rev. Canon Foster, M.A., D.C.L., by his friends and parishioners, Coaticook, Nov., 1901.

Canon Foster feelingly replied, thanking everyone on behalf of Mrs. Foster and himself for the beautiful gifts.

Refreshments were then served by Miss Eleanor Sleeper and a social hour or so was enjoyed after which the gathering dispersed.

THE SULTAN'S HEAD TURNED.

London, Nov. 7.—Those best initiated into the mysteries of the Yildiz Kiosk, says the Vienna correspondent of the Times, have for some time represented the sultan as being in a state of overweening infatuation, which bodes ill for the tranquility of the near East. The patronage which Abdul Hamid has received from Germany is said to have contributed more than anything else so to turn his head.

Constantinople, Nov. 7.—The Porte has sent a note to M. $250,000 FIRE IN PORTLAND.

Portland, Me., Nov. 7.—Fire on Commercial street early yesterday morning, destroyed the big wholesale grocery store of the Milliken-Tomlinson Company, causing a loss estimated at nearly a quarter of a million dollars. Many nearby buildings caught fire from the flying sparks, and at one time it looked as if that entire section of the city would become a prey of the flames. Among the other buildings burned were the American Stone Company's sheds and a large stable owned by the D. W. Clark Ice Company. Twelve horses in the stable were burned. Several dwelling-houses were also destroyed.
