ANGORA GOVERNMENT REFUSES ALLIES' OFFER Allied Assured Turks The Return Of Constantinople

Turkish Nationalists Have Refused To Accept Allies' Terms For A Conference

"We Cannot Accept the Allied Terms Because They Propose to Demilitarize the Sea of Marmora and Part of Thrace, Which Would Prevent Us from Bringing in Our Troops from Asia to Europe. Neither Can We Accept Literally the Condition that Our Army Shall Not Advance While the Peace Conference Is Progressing," States Hamid Bey, Representative of the Angora Government in Constantinople—Various Views Regarding the Peace Terms Drawn up at Paris Conference.

CONSTANTINOPLE, Sept. 25.—Hamid Bey, representative of the Angora Government in Constantinople, declared today the Allied invitation to the peace conference could not be accepted by the Turkish Nationalists on the terms laid down.

"We cannot accept the Allied terms because they propose to demilitarize the Sea of Marmora and part of Thrace, which would prevent us from bringing in our troops from Asia to Europe," said Hamid, in a statement to the correspondent. "Neither can we accept literally the condition that our army shall not advance while the peace conference is progressing."

"This would so circumscribe our movements that the enemy would have ample opportunity to prepare forces for fresh attack, and would give the Allies a chance to complete their land and naval reinforcements in the event the conference failed."

"Regarding the Straits, we have already admitted freedom for the passage of all vessels through the Dardanelles," continued Hamid, "but we are not prepared to define in what authority or body the control shall be vested. That question must be settled by conferences between the Turks and the Allies."

"We also insist that all nations having commercial, military or other interests in the Dardanelles, including Russia and Bulgaria, shall participate in the conference."

"We further insist that Great Britain shall suspend all naval and military movements in the Straits during the course of the conference."

ASSURED THE RETURN OF CONSTANTINOPLE TO TURKS

PARIS, Sept. 25.—The Allied conference on the Near East agreed to send a joint note to the Angora Government assuring the return of Constantinople to the Turks and demanding the freedom of the Straits.

The return of Turkey to Europe was assured Saturday night when Great Britain, France and Italy at the final session of the Allied conference unanimously agreed to concede all the Nationalist peace terms.

ITALIAN PRESS UNANIMOUSLY APPLAUDS PEACE TERMS

ROME, Sept. 25.—The Italian press unanimously applauds the peace terms decided upon by the Paris Conference for settlement of the Turkish question, and hails the outcome as a great triumph for Italian diplomacy, and a notable step toward lasting peace in the Near East.

PLAN CONFERENCE TO SETTLE TERMS FOR ARMISTICE

CONSTANTINOPLE, Sept. 25.—The Allied High Commissioners plan to meet today for the purpose of bringing together representatives of Greece and the Turkish Nationalists, for the conference at Mudania, at which the terms of an armistice are expected to be settled. The conference will examine the present military and naval positions of the belligerents, with a view to immediate cessation of hostilities.

BRITISH GOVERNMENT HAS NOT RECEIVED ANY REPLY FROM MUSTAPHA KEMAL—SITUATION REGARDED EASIER

LONDON, Sept. 25.—The British Government today was awaiting the reply of the Turkish Nationalist Government to the Allied peace proposals, and general satisfaction was expressed in official circles at the outcome of the Paris conference, which was hailed as a great success.

Whether the Allied note has yet reached Mustapha Kemal Pasha is unknown. Premier Lloyd George returned this morning from Chequers Court, and presided over a cabinet meeting at which Foreign Secretary Curzon was expected to present a detailed report of his mission in Paris.

The cabinet meeting was attended by all of the ministers together with Admiral Earl Beatty, the Earl of Cavan and the other military and naval personages who have been in close touch with the cabinet recently. Mr. Lloyd George heartily congratulated Lord Curzon on the result of his mission to Paris, which

ENTHUSIASM OVER THE NEAR EASTERN SETTLEMENT IS LACKING IN THE COMMENT TODAY OF LONDON PAPERS

LONDON, Sept. 25.—Enthusiasm for the Paris Near Eastern settlement is lacking in the press comment this morning, the tenor of most of the editorials being that it was the only way to avoid war and maintain agreement among the Allies and therefore had to be adopted.

In some instances the preservation of the Allied unity is held to be the most important aspect of the settlement, and the question of the concessions to the Turks is not emphasized.

Elsewhere, however, these concessions are declared to be excessive, and the governmental Daily Chronicle says: "Never has a victorious power shown more generosity for the sake

SERIOUS FIRE BROKE OUT AT KAMOURASKA.
QUEBEC, Sept. 25.—A disastrous fire swept Kamouraska, a fashionable resort on the St. Lawrence, ninety miles west of here, yesterday, destroyed about thirty-five houses as well as barns and outbuildings. Loss placed at one hundred thousand dollars.

CONFERENCE TO CONSIDER LOAN TO GERMANY

Reparations Question and Inter-Allied Debts Will Also Be Taken up for Consideration.

BRUSSELS, Sept. 25.—An international conference to consider reparations, inter-Allied debts and loans to Germany, will probably be called for early in December, it is learned.

The Belgian Government, while it has not yet been asked by the Allies to issue invitations, regards the summoning of such a meeting as certain.

others are less confident. The Times whose comment without being at all denunciatory of the settlement, cannot be described as enthusiastic, says that if the statement of the Kemalist Policy, which has been published, is authentic, it would seem to make negotiations hopeless.

"The Allies," it adds, "must show that they will adhere firmly to the position they have jointly adopted. The very largeness of the concessions they have made must compel them to avoid any semblance of yielding to a display of force."

The danger, which still hangs over the situation, demands the most complete local co-operation of Allied representatives and forces."

SULTAN'S GOVERNMENT HAS PROTESTED TO ALLIES

CONSTANTINOPLE, Sept. 25.—The Sultan's Government has protested to the Allies because the joint Allied note was not addressed to the Sublime Porte. The announcement that the Allies would return Thrace to Turkey and permit the ultimate occupation of Constantinople by the Kemalists, coupled with the fact that the Allies' note ignores the Sultan's Government, renews the fear that the Sultan will be forced to abdicate.

Damad Ferid Pasha, the Sultan's brother-in-law, and several times grand vizier, left hurriedly for Switzerland today. Five pashas, ten former ministers and opposition editors also left.

It is impossible to meet the demand of the Greeks and Armenians for Turkish fezes, which have increased in price from three to five dollars. A local Austrian firm has telegraphed to Vienna for two hundred thousand.

ALLOWS ANOTHER WEEK FOR EVACUATION OF REFUGEES

SMYRNA, Sept. 25.—Kemal Pasha has allowed until September 30th for the evacuation of the remaining one hundred and fifty thousand or more refugees here. If vessels are not sent by that time the refugees will be taken into the interior.

U. S. WILL UNDERTAKE TO PROTECT REFUGEES

LONDON, Sept. 25.—A Reuter despatch from Athens says that Admiral Bristol has informed the Greek Government that the United States will undertake to protect with destroyers the removal of the remaining 150,000 refugees as means of transport. The Greek Government has accepted the offer.

BALTIMORE, Sept. 25.—Lieut. Patton and Lieut. Hanson, both of the United States Marine Corps, were instantly killed on Saturday afternoon when their machine went into a tail spin and dropped five hundred feet to the ground.

COMMANDER OF IRISH CIVIL POLICE ATTACKED

Attempt Was Made To Assassinate General O'Duffy, Commander Of Irish Civil Police

His Automobile Was Ambushed, But Attackers Were Finally Beaten Off After Sharp Fight—Mansion at Doreen, County Kerry, Ireland, of Former Governor-General of Canada Has Been Looted and Destroyed.

DUBLIN, Sept. 25.—An attempt was made last night to kill General Owen O'Duffy, chief commander of the Irish Civil Police. It is announced today by the Free State Government.

General O'Duffy, General Hogan and two other officers were proceeding along Nass road when their automobiles were ambushed by heavy revolver fighting, in which the attackers were driven off and one of them wounded.

MANSION OF MARQUIS OF LANSDOWNE DESTROYED

LONDON, Sept. 25.—The Marquis of Lansdowne informed the Times that his mansion at Doreen, County Kerry, Ireland, has been looted and burned, and the valuable plantations on his estate destroyed. He says he was unaware whether the outrage was committed by Free Staters or Republicans.

The Marquis of Lansdowne, besides holding several cabinet positions at various times, has served as Governor General of Canada, and later of India. His Kerry estates have long been in the family, and with them he inherited the title Earl of Kerry.

LENINE SOON TO RETURN TO ACTIVE DUTY

MOSCOW, Sept. 25.—Premier Lenin is soon to return to active duty, it is announced by the newspaper Pravda.

While still recuperating at his country palace, Lenin, according to acting Premier Kamenev, has interested himself in international questions and home affairs.

TO HOLD DISARMAMENT CONFERENCE

MOSCOW, Sept. 25.—Finland, Estonia, Poland and Latvia having accepted the Russian Soviet proposal for a disarmament conference, announcement is made that the conference will be held in Moscow in October.

FIGHTING REPORTED AT SPASSK

VLADIVOSTOK, Sept. 25.—Fighting between the Soviet forces and troops of the White or Vladivostok anti-Soviet Government began Saturday near Spassk.

ALL-POLISH SEAPORT IS TO BE BUILT AT GDYNIA

WARSAW, Sept. 25.—The Polish Diet has authorized the building of the first all-Polish seaport at Gdynia (Gdingen), providing a deep water harbor at a cost of only fifty million gold marks. This policy was adopted because of belief that the Danzig authorities are taking advantage of Poland, thinking their harbor indispensable.

BAD BLAZE AT L'HOTEL DIEU THIS MORNING

Hospital on Bowen Avenue Took Fire—All Patients Saved.

A serious fire broke out early this morning in the main building of the Hotel Dieu, formerly called Dr. Noel's Hospital, on Bowen Ave., South, doing considerable damage. The twenty-seven patients who were in the building were all transferred to other quarters in safety.

The flames were first noticed at about a quarter past eight o'clock in the front room of the third storey by a patient who gave the alarm. This room is used as a ward, and there were some ten patients occupying it at the time.

The private fire extinguishing apparatus, with which the hospital is equipped, was brought immediately into use and efforts were made to check the flames, which had started in an attic and had penetrated through the roof and through the ceiling of the room below. The patients who were in the room were quickly moved into another part of the building, where they were in no danger from fire or water.

The staff of the hospital made great efforts to check the course of the flames, and if the hospital had not been equipped with the fire-fighting apparatus, the flames would undoubtedly have gained such headway that the fire department, which arrived shortly after the outbreak was noticed, had the greatest difficulty in saving the building.

Speedy and efficient work on the part of Chief Couture and his staff of fire-fighters, however, finally triumphed, and the building was saved from complete destruction. A great deal of damage was done to the roof, where the flames had broken through in several places; and to the front room of the third storey, where the walls had been broken down in an effort to reach the flames. The room beneath was also considerably damaged by the fire which penetrated into the walls. The entire front part of the building was badly damaged by water and smoke.

L'Hotel Dieu, which consists of two buildings, contains at the present time some forty-five patients, twenty-seven of whom were in the building which took fire. The staff of the hospital consists of eight civil nurses, seven nursing sisters, and seven doctors, with Dr. Noel at the head of the organization. Considerable inconvenience will be felt as a result of the fire, since the patients who have occupied the main building will have to be transferred to other quarters while the building is reconstructed. The damage, which is considerable, is entirely covered by insurance, states Dr. Noel. It is understood that there is about sixty thousand dollars insurance on the hospital.

SIR THOMAS NOT TO CHALLENGE UNTIL 1924

NEW YORK, Sept. 25.—Sir Thomas Lipton, arriving yesterday on the White Star liner Baltic, declared he had no intention of challenging the United States for another yacht race, at least not until 1924.

What he came for, he said, was "to have a little fun and perhaps sell a little tea."

Despite his seventy-four years, Sir Thomas declared there was "nothing in the wind for me right now but health and happiness." Then, as proof that he had not given up the idea of challenging for the seventh time, he pinned tiny bronze flags of his "navy" upon the breasts of his United States admirers, who, led by Sir Harry Lauder, came down the quay to welcome him. Each flag was bordered with green, with a Shamrock rampant.

"There will be no challenge this year," said the redoubtable yachtsman. "None is contemplated. I feel hale enough to lift the cup, but the wind is not set just right."

"Economic conditions in Great Britain and America are too unsettled just now. But later, perhaps in 1924, we shall see what we shall see."

SCORE OF HORSES ENTERED FOR ENDURANCE RACE

BURLINGTON, Vt., Sept. 25.—A score of horses of varied breeding are entered for the annual endurance ride of approximately three hundred miles, which is to begin here October 16 and end here October 21. The list includes more Morgan horses than ever before, Arabs of straight and cross breed, a Kentucky thoroughbred, a saddle horse and an Irish hunter.

Race Will Be Started at Burlington, Vt., on October 16th.

LONDON, Sept. 25.—Captain Francis Tottenham has been appointed naval attaché to the British embassy in Washington.

HON. J. A. STEWART, former Minister of Railways, who has been a patient in Royal Victoria Hospital, Montreal, for several weeks, and whose condition is now reported as "very weak."

SIGNALMEN'S CASE BEFORE LABOR BOARD

CHICAGO, Sept. 25.—Qualifying his statement with the assertion that a course of action had not been definitely determined, D. R. Richberg, counsel for the railway shop crafts, indicated today that the next step in the shopmen's fight against the Daugherty injunction would be a petition to the United States Circuit Court of Appeals for a review of Judge Wilkerson's order.

To combat Attorney General Daugherty's efforts to have the temporary writ made permanent means a long, costly fight, Mr. Richberg said, a fight which would severely tax the resources of the unions.

"Judge Wilkerson's court and the United States Railroad Labor Board shared in the interest of the railway world today with the opening of hearings on the petition of fifteen thousand signalmen for an increase in wages."

The signalmen's wages were cut on July 1st in a decision handed down by the board at the time it slashed the pay of the shopmen, but the signalmen did not join the July 1st walkout. Their strike was held in abeyance when they were granted the rehearing set for today.

The July 1st cut in the signalmen's wages ranged from five to seven cents an hour. Forty-two railroads and their subsidiaries are affected.

FATAL ACCIDENT AT MINEOLA FLYING FIELD ON SATURDAY

MINEOLA, N.Y., Sept. 25.—First Lieut. Raymond E. Davis, of the United States army air service, and eight enlisted men were killed when a huge Martin bomber plane crashed to earth at Mitchell Field on Saturday night.

THE WEATHER

FINE AND COOL, FROST TO-NIGHT

The shallow disturbance which was over Northern Ontario Saturday morning has moved eastward with increasing energy to Newfoundland, and a pronounced area of high pressure is centred over Lake Superior. The weather has been unsettled with showers in the Maritime Provinces, fair and cool in Ontario and Quebec, and fine and rather warm in the West.

Forecast: Moderate to fresh northwest winds fair and cool with frost tonight. Tuesday, moderate winds, fine and cool.

DIXVILLE

FUNERAL OF LATE MRS. DREW. DIXVILLE, Sept. 25.—The funeral service for the late Mrs. Alonzo H. Drew was held on Sunday, Sept. 17, and was conducted by her pastor, Rev. A. M. Watts. Prayers were said at the home at two o'clock, after which the cortege proceeded to the Baptist Church. Mr. J. B. Parker acted as manager and the bearers were Messrs. A. E. and E. Humphrey, James A. and Thomas W. Coward. The interment was in the Dixville cemetery.

There was a profusion of floral offerings, tokens of love and sympathy. The hymns sung by the choir were "The Sands of Time Are Sinking," "Beautiful Valley of Eden," also a solo, "One Sweetly Solemn Thought," was feelingly rendered by Mrs. Robert Brown, of Stanhope.

During her last illness, deceased received the most tender and thoughtful care from her daughter-in-law, Mrs. Laurin Drew, assisted by the other members of her family. She was born in Barnston in December, 1846, her maiden name being Mary White. In March, 1873, she was united in marriage to Mr. Alonzo H. Drew, and for a number of years made their home in Barnston. Five children were born to them, all of whom are living and with her husband were present at the funeral. These are: Mrs. Jones (Corra), Berlin, N.H.; Mrs. W. Geo. Mayhew (Laurin), of West Fairmouth, Me.; Mr. Laurin Drew, Dixville; Mrs. M. C. Frost (Addie), Berlin, N.H., and Mrs. Agnes Bellows, Dixville. AMAZING FACTS FULLY EXPLAIN TANLAC SUCCESS

How 30,000,000 Bottles Were Sold in Less Than Eight Years. Big Montreal Druggists Enthusiastic—Thousands of Users Publicly Endorse It.

The tremendous demand for Tanlac continues unabated, ever-increasing. Millions have rallied to its standard unsolicited and thousands have given public endorsement. That the large druggists everywhere are enthusiastic over this sensation of the trade is evidenced by the letters received with orders.

W. A. Hoyer & Co., wholesale druggists of Denver, Colo., writing under date of July 17, state: "We are submitting today our order for the fourth carload of your goods since April 1. Taking into consideration local conditions this demand is not only exceptional but alone in the record sales of proprietary articles in this section."

The National Drug and Chemical Co. of Canada, Ltd., Montreal, state: "Tanlac continues to lead the parade as our sales of proprietary articles go. We sold 239,640 bottles within the year."

Since the first of the year it has been necessary to establish two new branch offices, one in New York and one in Los Angeles, and the large modern laboratories at Dayton, O., Walkerville, Canada, and Mexico City are working over-time but are still unable to keep up with the deluge of orders. Tanlac has been on the market less than eight years but more than 30,000,000 bottles have been sold to date.

And the foreign field has been entered with the most phenomenal success. Mexico now knows Tanlac as well as the people of the United States and Canada, while Cuba has received the celebrated medicine with enthusiasm.

The reason for this amazing demand is found in one word: merit. No proprietary article could long survive the acid test of time and public trial if it did not possess real value and produce actual and positive results. It cannot depend merely on whirlwind advertising and 'first call' appeal. Back of Tanlac's unprecedented record in the drug trade is Tanlac's success in producing results, and when this fact is thoroughly impressed there cannot possibly be any mystery in Tanlac's achievement in such a short time—the achievement of gaining the top of the heap and holding undisputed leadership over all preparations of its type ever produced.

Tanlac is sold by all good druggists.

Alkali in Shampoos Bad for Washing Hair

Don't use prepared shampoos of anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain Mulisified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulisified at any drug store, and a few ounces will last the whole family for months.

Simply put two or three tea-spoonfuls of Mulisified in a cup of glass with a little warm water, then moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens dirt and dandruff. Be sure you get Mulisified. Beware of imitations. Look for the name Watkins on the package.

Not a Blemish mars the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic. Send 15c for Trial Size. A. FERD. T. HOPKINS & SON, Montreal

What is a Worth While Battery?

Exide BATTERIES

Like the heart in your body, the best battery in a car is the one you are least aware of. The battery you want is the one that will give you care-free service for the longest time.

You will not be disappointed if you expect something more than the ordinary service from an Exide. And why be content with a battery that gives only halting service, when a long-life Exide proves a true economy as well as a constant comfort?

In choosing a new car, the kind of battery in it should be one of the things you consider. If it is Exide equipped, you know that so far as one important part of the car is concerned, the manufacturer has provided the best obtainable.

When you have to replace your battery, don't accept a substitute for the Exide—there is no adequate substitute. If you have any trouble in getting an Exide, write us or our nearest district distributor.

Get the Cream of the Trade

"What lovely styles! How do you manage to get all these delightful novelties?" said the new customer as she looked around her.

"I got tired of seeing my customers boarding the trains to buy elsewhere, just because I didn't have some novelty that was being advertised."

"Whenever a new style makes a decided hit, the wholesaler or manufacturer's salesman calls me on Long Distance, and tells me about it, and I order a few."

"I haven't seen prettier veils, smarter stockings or gloves, georgette-crepes or gingham anywhere. And I see you have the new music, too. How perfectly splendid. They leave me no excuse at all for going up to town to buy."

That's just one of the many things Long Distance does for small-town merchants, enabling Dry Goods, Hardware, Grocery, Paint and Shoe Stores to obtain new styles immediately and cater to the progressive people in their town — the cream of the trade.

Why Pretty Teeth Are shown everywhere today

Look about you. Note how many teeth now glisten. Note how people show them as they never did before.

Millions of people are brushing teeth in a new way. If you don't know the good results, make this free test.

Fight dingy film

One object is to fight the film on teeth—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film.

No ordinary tooth paste effectively combats film. So, under old methods, beautiful teeth were seen less often than today.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Very few people escaped such troubles under old ways of teeth cleaning.

New ways found

Then dental science found two film combatants. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then dentists everywhere began to advise their use. A new-type tooth paste was created, based on modern research. The name is Pepsodent. In that tooth paste are embodied those two great film combatants.

Five effects

But Pepsodent brings five effects. These are very important. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

Those are Nature's ever-present tooth-protecting agents. Every use of Pepsodent gives them manifold effect.

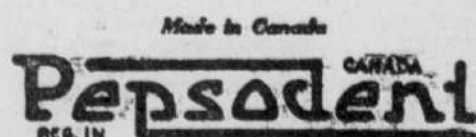

Pepsodent also polishes the teeth-so film adheres less readily.

You see them now nearly the world over

These glistening teeth are now seen nearly the world over. Careful people of some fifty nations are now using Pepsodent. And those whiter teeth mean safer teeth. They mean a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

This test will be a revelation, amazing but delightful. Cut out the coupon so you won't forget.

GRAND TRUNK RAILWAY.

EXHIBITIONS.

Special reduced fares will be in effect on the Grand Trunk in connection with the following exhibition: Danville, Sept. 30th. Convenient train service.

For particulars of reduced fares, etc., apply to any Grand Trunk Ticket Agent or to A. M. Stevens, City Passenger Agent, No. 1 Marquette St., Sherbrooke.

Q. C. R. AND B. & M. CHANGED SCHEDULE YESTERDAY.

Yesterday, September 24th, saw two of the railways which run lines into Sherbrooke change their schedules to meet the winter service. The Quebec Central Railway and the Boston and Maine Railroad changed most of their trains yesterday and the great number of these now leave an hour later than has been the case during the summer.

It is understood that the city generally will go back to Standard Time on October 1st, when the Grand Trunk and Canadian Pacific Railways will make changes in their schedules.

DR. TRACY RECEIVES PROMOTION.

COMFORT SOAP GUESSING CONTEST.

Owing to an unfortunate clerical error in the advertisement of the prize winners in the above contest, the first prize was announced as \$100, instead of \$25.

The preliminary announcements and contest blanks for the competition clearly stated that the first prize would be \$25, the second prize \$15 and the third prize \$10. The error occurred when the advertisement of the winners was given to the newspapers.

The makers of Comfort Soap and Pearl White Soap regret this error, which was not their fault, and trust that no inconvenience has been caused to anyone by the publication of the advertisement containing this error.

SKATING RINK EXECUTIVE TO MEET TONIGHT.

The initial meeting of the executive committee appointed to consider ways and means for the erection of a skating rink will be held this evening in the Board of Trade chambers at 8 p. m. sharp, daylight saving time.

Prompt action relative to the erection of this rink depends upon the interest shown by those who will be chosen to canvass the city for funds, and it is expected that definite arrangements will be made this evening.

The members of the executive, requested to attend tonight's meeting, are as follows: His Worship Mayor Morris, K.C.; S. G. Newton, president of the Board of Trade; D. J. Salls, president of the Rotary Club; J. E. Rossiter, president of the Y.M.C.A.

Leon Lacombe, president of the Knights of Columbus; Geo. D. MacKinnon, president of the Canadian Manufacturers' Association; E. Sylvestre and J. M. Jenckes, school commissioners; J. H. Walsh, commissioner of St. Patrick's Academy, and A. W. Reid, president Eastern Townships Hockey League.

ANNUAL OUTING OF ST. ANDREW'S TEACHERS.

The teaching staff of St. Andrew's Church school held its annual outing on Saturday. Twelve cars, conveying the teachers and officers of the school, left St. Andrew's Church at 11 a. m. on Saturday. An appetizing dinner was served to a party of sixty-three at the Stanstead Inn. Mr. J. T. Reid acted as master of ceremonies, and after the toast to "The King" he called on Messrs. G. D. MacKinnon, W. S. Moy, Jas. Stewart, T. Cochran and Rev. Alfred Bright for short speeches. The party then motored to the cottage of Mr. and Mrs. Fraser Armstrong, where a pleasant hour was spent at the "Bluffs" on Lake Memphremagog.

Later the party motored to Newport. The outing was pronounced most successful by all who were present. The friends who kindly placed their automobiles at the disposal of the school were Messrs. J. K. Edwards, W. S. Moy, Jas. Stewart, R. Meade, B. Dean, Thos. Johnston, J. T. Reid, Henry Woodside, G. D. MacKinnon, F. L. Bean, Fraser Armstrong, A. A. Gunning and Rev. A. Bright.

HOLD BRIDGE AND FOOD SALE.

At the regular monthly meeting of the King George V. Chapter, I.O. D.E., it was decided in order to raise funds for various objects worked for by the order, to hold an afternoon bridge, food and fancy article sale at the Foresters' hall on Thursday, September 28th, at three p. m.

This chapter offers a scholarship in the high school for the pupil obtaining the highest marks for Canadian history throughout the year, and is also interested in the work of the Victorian Order of Nurses and Tuberculosis Sanitarium.

The following ladies have charge of the various booths: Mrs. J. D. Parmelee, general convenor; bridge, Mrs. W. Kinkaid and Mrs. W. E. Lacombe; home cooking, Mrs. W. S. Allen and Mrs. E. H. Drury; candy and flowers, Mrs. A. G. Sangster and Miss Bennetts; miscellaneous table, Miss Gladys Hale and Mrs. A. S. Bayles; refreshments, Mrs. Wm. Bailey and Mrs. Davidson; tea, Mrs. Bentley.

As all these objects appeal to those interested in the welfare of humanity, it is to be hoped that the public will help to make this entertainment a general success, both socially and financially.

RALLY DAY SERVICES IN ST. ANDREW'S.

Large congregations were present at all the rally day services in St. Andrew's Presbyterian Church on Sunday.

The church school followed a special programme which was arranged by the head offices of the Presbyterian Church for all their church schools throughout Canada. An orchestra of ten pieces, under the leadership of Mr. Jacob Dick, did much to make the service bright and attractive. The attendance of pupils and teachers at the school was the best in its history, with 378 present.

Messrs. J. T. Reid, Thos. Cochran, W. S. Moy and Rev. Alfred Bright gave short addresses. Miss Annie Dick contributed a contralto solo in her usual good way. A missionary pageant was an interesting feature of the programme, under the leadership of Mrs. W. Price. Many children the higher grades and received the diploma graduation certificates testifying that a certain course in religious education had been followed.

FRATERNAL VISIT.

In June last a number of companions of Golden Rule Chapter, No. 1, R.A.M., paid a fraternal visit to Haswell Chapter, No. 11, at St. Johnsbury, Vt., where they were royally entertained by the companions there, and on that occasion a very hearty invitation was extended to the companions of Haswell Chapter to pay a return visit to Golden Rule, which invitation was accepted and on Saturday last about sixty of the companions from St. Johnsbury journeyed to Sherbrooke. They were met at the New Golden Rule, where the right hand of fellowship was extended to them. At seven o'clock the members of Haswell Chapter were entertained to dinner by members of the Golden Rule, and about one hundred companions sat down to a sumptuous repast provided by "mine host Wright," of the New Sherbrooke. After full justice had been done to the many good things provided for the inner man, an adjournment was made to the Masonic Hall, where the degree of the Holy Royal Arch was exemplified by the officers of Golden Rule Chapter in a manner which elicited words of commendation from the visiting companions.

At the close of the work a number of the visiting companions expressed themselves as being highly pleased at the manner in which the degree had been exemplified and also for the very hearty and warm reception which had been accorded them by the companions of Golden Rule, No. 1.

After the Chapter had been closed in form, a pleasant hour was spent in social intercourse and merriment. This happy occasion was brought

RAIDS CARRIED OUT BY LIQUOR MEN IN CITY

Seventeen Placed Under Arrest, Charged with Violations of the Quebec Liquor Act.

Extensive raids carried out by the members of the Quebec Liquor Commission resulted in the arrest of thirteen local residents on charges of violation of the Quebec Alcoholic Act.

The offences are spread over periods covering the past three weeks, but it was only on Friday last that the warrants were issued and the arrests were accordingly made Saturday and Sunday night. In some cases the accused are charged with as many as three offences.

In the majority of instances bail was secured, but several were obliged to pass a couple of nights in the lock-up owing to their inability to secure the necessary amount.

Seventeen charges in all were heard before Judge J. H. Lemay in the District Magistrate's court this morning, and with the exception of one solitary instance, a plea of not guilty was entered against every charge.

The interests of the Liquor Commission were taken care of by Mr. J. S. Broderick, K. C., and Mr. L. B. Cordeau, of Montreal, while Messrs. Emile Rioux, K. C., C. C. Cabana and W. Lazure represented the majority of the accused.

The court was crowded to capacity and interest was centred largely on the accused as they entered one after the other to hear the charges against them. No evidence was taken in any of the cases, and they were all adjourned until October 4th, with the exception of a couple of cases which came up tomorrow for a matter relative to the bond, and of the case against Joseph Fortier, who pleaded guilty and will appear tomorrow.

A full list of the different charges entered is as follows:—

The Quebec Liquor Commission vs. Nap. Bedard, of Sherbrooke. Two separate charges were laid against him for offences alleged to have been committed on August 31st last and September 10th instant.

The Quebec Liquor Commission vs. Arthur Beaudoin; vs. Emile Benoit; vs. Alfred Gosselin; vs. Joseph Vallee; vs. Jean Baptiste Goulet; vs. A. G. J. Nadeau; vs. Arcade Cote; vs. Joseph Fortier; vs. Sam. Dawson; vs. Max. Dawson; vs. Armand Daigle, alias Armand Roy; vs. Evanna Berube; three charges.

Particular interest is being shown in these cases, inasmuch as the accused are found guilty they are subject to a heavy sentence.

Individuals found guilty of violation of the Quebec Alcoholic Act, and who do not possess a license, are subject to a term of one month in jail, without the option of a fine, and in default of payment of costs are subject to another term of three months in jail. Individuals found guilty of violating the law, but actually possessing a license, are subject to a fine of \$1,000.

to a close by the toast: "Happy to meet, sorry to part and happy to meet again," after which the companions joined hands and sang "Auld Lang Syne," "God Save the King," and "The Star Spangled Banner."

LOCAL BALL PLAYER AVERTS AN ACCIDENT.

The presence of mind of Henry Giboin, Sherbrooke's centre field player, averted what might have been a very serious accident yesterday afternoon when he jumped onto a runaway car which was careering down King Street East.

Giboin was going up King Street on his way to the ball game when suddenly he noticed another car, with a four-year-old youngster on the seat, start on its way down the hill. As the two cars crossed, Giboin jumped into the runaway and succeeded in bringing it to a stop before any damage was done.

CLEAR TRAFFIC FOR FIRE TRUCKS.

The right of fire apparatus or an ambulance to a cleared path on the streets of the city is apparently not recognized by all drivers of vehicles. There seems to be some reluctance on the part of the latter to move to the side of the street when a fire engine or ambulance approaches.

Failure to move quickly to one side may cause a serious accident and, through the delay to the oncoming apparatus, may cause loss of valuable lives and serious loss of property.

One such instance occurred this morning when the city's heavy automobile fire engine was hastening to the fire at L'Hotel Dieu. The engine was proceeding rapidly down Grove Street, its warning siren sounding continuously, and just as it came to the corner at King Street, a Chevrolet touring car rounded the turn, coming in the opposite direction. Grove Street is under repair just at this spot and therefore the corner is narrowed considerably, allowing scant space for two vehicles to pass.

The driver of the Chevrolet was warned by a man, an employee of the Bell telephone Company, who was standing on the corner, who signalled to him to stop, but he did not heed the warning and continued his course, meeting the heavy truck just as it reached the narrow space. The front wheel of the Chevrolet was completely broken off and bent, while only a slight dent on the fender of the truck showed the effect of the collision. The fire truck continued on its course to the fire and the disabled touring car was drawn to the side of the road.

BETTER FARMING TRAIN TO TOUR THE TOWNSHIPS

Provincial Department of Agriculture and C.P.R. Running an Agricultural Train Through the Province.

An Agricultural college on wheels is the means by which the Minister of Agriculture of Quebec in co-operation with the Canadian Pacific Railway is carrying the gospel of good farming and good cheer to the farming community of the Province. The college consists of fifteen C. P. R. cars equipped with material to illustrate all phases of agricultural production, and carries a staff of twenty-six lecturers and demonstrators.

Starting out at Vaudeuil on September 18th, the train is traversing the north shore of the Ottawa stopping at various places. During the first two weeks of October the stops of the C. P. R., in the Eastern Townships will be covered. The train will complete its tour on the north shore of the St. Lawrence between Montreal and Quebec during the last two weeks of October.

Five cars are devoted to live stock, in which dairy cattle, sheep, and hogs are featured. Special attention is being given to the grades and grading of hogs, and to the encouragement of the bacon industry. Field crops and agricultural engineering occupy two cars, while horticulture, bee-keeping, and sugar-making, poultry, dairying and co-operation, and home industries, each occupying one car. A diner and a sleeping coach for the accommodation of the staff makes up the full complement of the material equipment of the college.

Each car is equipped with material, and plainly labeled charts, by which the importance of economic production is emphasized. An opportunity is afforded from 10 a. m. to 5 p. m. for visitors to examine the exhibits and discuss any problems in which they are interested. For this purpose two lecturers and demonstrators accompany each car. In the evening, lectures and addresses illustrated by lantern slides and moving pictures are given in the town hall or other suitable place for meetings.

In addition to town equipment furnished by the Department of Agriculture, many other agencies working for the betterment of agriculture in the Province have joined forces in carrying out the programme of the Minister of Agriculture.

The Live Stock Branch of the Federal Department of Agriculture has arranged for demonstrations on the grading of hogs. The Canadian Packers' Association has an exhibit illustrating the carcasses produced from various types of hogs, and the requirements of good bacon for export purposes. The agronomy department of Macdonald College has co-operated in the equipment of the field crop and agricultural engineering car. The Provincial dairy school has an exhibit of dairy buildings and products as well as the co-operative associations have also lent aid either in furnishing equipment or by supplying instructors.

The train is under the direction of A. Desilets, B. S. A., of the Provincial Department of Agriculture, and J. Douglal, of the C.P.R. The staff of instructors include A. Desilets, rl. economics; X. N. Rodrigue, J. J. Gautreau, P. Rodrigue, N. Bonneau on live stock; L. Bibeau on dairying; Ant. Mathieu, P. H. Verzin, R. Summerby on field crops; B. Gauthier, R. Barbin on horticulture; J. Cholet on floriculture; J. M. Talbot on arboriculture; L. Crevier on poultry; L. J. A. Dupuis on sugar-making; H. Plouffe on bee-keeping; L. Berube on agricultural co-operation; L. M. Gagnon on home economics. These with Jos. Morin as secretary and A.

MARRIAGES

BROWN—WILSON.

DANVILLE, QUE., Sept. 25.—On Tuesday morning, Sept. 19th, at ten o'clock, the home of Mr. and Mrs. G. W. Wilson, was the scene of a pretty wedding, when their elder daughter, Florence Estella, was united in marriage to Dr. F. Ronald Brown, of Montreal.

The ceremony, which was performed by Rev. E. G. Warren, took

place amid effective decorations of pink and white asters and sweet peas.

Only the immediate relations of the bride and groom were present. The many handsome and serviceable gifts testified to the popularity of the young couple.

The groom presented the bride with a string of Delecta pearls, while her gift to the groom was a dress suit set of mother-of-pearl. After the signing of the register delicious refreshments were served by the mother of the bride, after

DEFICIT LAST YEAR OF \$19,000 AT HOSPITAL

Suggested that Local Churches Adopt English Custom of Observing "Hospital Sunday."

In a brief outline published recently, attention was called to the fact that the modern hospital represents the growth of humanitarian sentiment towards the suffering for more than six thousand years. Among peoples who are but a name today there was a growing consciousness of responsibility for the care of the afflicted, and some attempt was made to mitigate their bodily ills. That this sentiment moved the hearts of men long before the dawn of the Christian era does not in any way lessen the marvellous influence of Christianity, expressed through the church, in the exaltation of service to the poor and unfortunate as a fundamental part of the creed and practice of those who profess to follow Him who "went about doing good." It is certain that the church from the first put into practice the beneficent spirit of her Lord and head in pitiful compassion for suffering men and women. That this spirit did not find expression in public institutions earlier than the fourth century was due to the fact that the church was a harassed and persecuted body, and denied the opportunity to carry on the work which she knew was needed and which would demonstrate beyond all cavil her desire to minister to the bodies as well as to the soul of men.

When the ban of persecution was lifted and the church enjoyed freedom and security in the Roman Empire, then the underlying altruistic implications of her teaching found opportunity for corporate expression. From the fourth century on we find the church actively engaged in building and maintaining hospitals in which the sick were cared for gratuitously according to the best methods in vogue. Funds were provided for this work by generous benefactions from the rich and proportionate contributions from those who were able to give in any meas-

ure. The problem of support, however, appears very early in the history of the Christian hospital, notwithstanding the large bounties of the wealthy members of the church. The endowments of hospitals had to be supplemented by periodical collections from the faithful who, were admonished to give according to their means.

This fact is a link of experience with the modern hospital. The problem of adequate maintenance in order to meet the demands made upon the resources of a hospital is a very serious one. Looking over the reports of the Sherbrooke Hospital for a number of years we find that there is a constantly recurring annual deficit caused by operating loss, this loss amounting in 1921 to over \$19,000. These losses have been made up partly by special contributions, but more than enough is left of the deficit to cause the executive of the hospital serious anxiety. The question is always before the members: "How are we going to meet our obligations?"

This situation seems to be very general with all public hospitals. During the last few years the increase in operating costs has been so large and the contributions to meet this increase so disproportionately small that the executives of many hospitals have had to appeal again and again to the public and to governments for aid to meet the crisis. There are some people who imagine that a hospital should pay its own way, and that a deficit is an indication of poor management. But the overwhelming testimony of experience is that any hospital which is really fulfilling its function as a philanthropic institution must look in large measure for its support to the generosity of the constituency which it serves. Experience also shows that the more generously a hospital is supported, the more fully can it meet the needs of the community to which it ministers.

The constituency served by the Sherbrooke Hospital is a large one. It includes practically all of the Eastern Townships, and its reputation attracts a large number of Americans whose homes are in the neighboring states of Vermont and Maine. Outside of Montreal and Quebec it is the largest and best equipped hospital within the province.

That the Sherbrooke Hospital is open to all without distinction of nationality is seen in the fact that the classification of patients shows Canadians, Americans, Scotch, English, Irish, Jewish, Armenian, Syrian, Swedish, French, French-Canadian, Norwegian, Belgian, Italian and Austrian, and that it knows no barrier of creed is found in the list of church affiliations of the patients, which include Church of England, Presbyterian, Congregationalists, Methodist, Seventh Day Adventist, Roman Catholics, Salvation Army, Baptist, Unitarians, Hebrews, Christian Scientists, Universalists. These lists are comprehensive enough to warrant the assertion that every church is interested in the generous support of the Sherbrooke Hospital.

The annual reports of the Sherbrooke Hospital indicate, unfortunately, that there is a very meagre response from the churches to the needs of the institution that ministers so widely to all creeds and nationalities. This may be due to a failure to realize how much we are dependent upon the good offices of the hospital, and what a loss it would be to the Protestant community in particular should the hospital be compelled to limit its activities because of insufficient support. Why should the churches not adopt the English custom of observing "Hospital Sunday," a day set apart to receive the offerings of the congregations towards the support of hospitals? Apart from the beneficial results for the hospitals, this custom has been found to bring the churches of varying forms into a

bond of unity by working together for a common cause. While this day should have the endorsement of the representative bodies of the various churches, this year such a collection might be taken on the first Sunday of October, a day suggested to the hospital executive by the Sherbrooke Ministerial Association. The clergymen of the various churches, in addition, could commend the needs of the hospital to the earnest consideration of the people in their congregations who might be able to include this institution in their benefactions. In this way the churches might give to the hospital a position of importance such as it would have enjoyed in the early and middle centuries of our era, when to help support a "home of healing" was considered a Christian duty.

It Keeps for Months—Always Handy

THOUSANDS of Canadian housewives now buy milk ahead—a week's or a month's supply—with their groceries.

They keep Carnation Milk on their pantry shelves—pure, rich, "whole" milk, fresh whenever needed.

Rich, fresh milk is delivered to the Carnation condenseries. Part of the water is taken away by evaporation. The milk of creamy consistency is then sealed in new containers and sterilized.

So Carnation Milk keeps. None is wasted. Your grocer can always supply you—winter or summer.

And Carnation Milk serves every milk purpose. Use it as cream, even for whipping. Dilute it with water for ordinary milk uses.

Order several tall (16 oz.) cans or a case of 48 cans from your grocer—the Carnation Milkman. Try this recipe and write for Recipe Book.

CREAM OF TOMATO SOUP.

2 teaspoonfuls sugar, 1/4 teaspoonful soda, 1 slice onion, 1 1/2 cups water, 4 tablespoonfuls butter, 1 cup Carnation Milk, 1/2 can tomato (2 cups), 2 cloves, 1 teaspoonful salt, 1 cup water, 4 tablespoonfuls flour, 1/8 teaspoonful pepper, 6 pepper corns, bit of bay leaf. Cook tomatoes slowly for twenty minutes with 1 1/2 cups of water, seasoning and sugar; strain, add salt and soda. Melt butter, add flour, stirring constantly. Add Carnation Milk diluted with one cup of water. Cook until thickened. Add the strained tomatoes to the milk. Serve at once.

Young People's Corner

UNCLE JIM'S LETTER

Dear Corner Boys and Girls—
I think the mail man has been having an easy time of it, so far as our Corner mail is concerned, but I know what a busy time it is, getting back to the school routine. Then there is the making of new friends among the pupils; the "home study," which is "kinder hard," to do these lovely days, but which has to be done if we don't want to be kept in again, and the many little things that keep us all busy, and let us hope, happy, too. The past week has been such grand autumn weather, and the woods and fields are tempting to all of us. I think I should tell you that I went "chokingerrying" today, and had a jolly time, besides bringing home some very nice ripe cherries. Are the cherry trees not beautiful with their wealth of dark red fruit? The thorn apple bushes and wild crab-apple trees are pretty, too, and every where we can see that there is a bountiful harvest. There are some beech nuts near my summer home, and the squirrels and chipmunks are very busy these days laying by their winter supply. All the crows in our neighborhood, and from yours, also, I believe, were having a meeting today. I thought once that they were cawing. "Come, come, let us be going." Do you think I was right?

I saw a large flock of partridge the other day, and enjoyed watching them while, then felt that I should go away, for they were afraid of me. One day since, I heard the report of a gun in that part of the woods, and I feel quite sure that some of the pretty brown birds fell victims to the hunter's shot.
I was pleased to receive the answers to the hidden characters, nicely written, from our old friend, Nelson; and he has sent us some good riddles to think over this week. Your answer to the riddle, "What is worse to find in the apple you are eating than a worm?" may be right, Nelson, but I was told that it was half a worm. (Nelson says two worms.) You see, if you come across half a worm, you are pretty sure where the other half has gone to, are you not?

I hope you will all enjoy reading about the experiences of Woodwender and Loveleaves, and the rest of those people with the queer names. In a few weeks there will be something new and very interesting for the nieces and nephews, and we will all look forward to a happy winter for the Corner family. Best wishes to all the good schoolboys and school-girls from

UNCLE JIM.

The Lords Of The Grey And White Castle

(Continued.)

So the lords kissed their children while they slept, and set out. The children missed their fathers; the servants missed their lords. None but the stewards could tell what had become of them. Seven months went by and they did not come back. The lords had thought their stewards faithful because they had served so well under their eyes; but, instead of that, both were proud and crafty, and, thinking that some evil had happened to their masters, they set themselves to be lords in their place.
Reckoning Robin had a son called Hardhold, and Wary Will a daughter called Drypenny. Their fathers resolved to make a lord and a lady of them; so they took the silk clothes, which Woodwender and Loveleaves used to wear, to dress them, clothing the lords' children in rags. The stewards' children sat at the chief tables, and slept in the best chambers, while Woodwender and Loveleaves were sent to mind the pigs, and to sleep on straw. The poor children had no one to take their part. Every morning at sunrise they were sent out to watch a great herd of pigs on a wide unfenced pasture near by the forest. Still, Woodwender and Loveleaves comforted each other, saying their fathers would come back; so they looked handsome as ever, while Hardhold and Drypenny grew crosser and uglier every day.
The crafty stewards did not like this. They thought their children ought to look genteel, and Woodwender and Loveleaves like swine herds; so they sent them to a wilder pasture, still nearer the forest, and gave them two big black hogs, more unruly than all the rest, to mind.
One sultry day, about midsummer, Woodwender and Loveleaves sat down in the shadow of a great mossy rock. Woodwender saw that the two hogs were missing. Thinking they

must have gone to the forest the poor children ran to search for them, but, though they searched for hours no hogs could be found.

At last they saw a lady coming along the path. In her right hand she carried a holly-branch, and the most remarkable part of her dress was a pair of long sleeves, as green as the grass.

"Who are you?" she asked. The children told her their story and how they had lost their hogs.

"Well," said the lady, "you are the fairest pig-keepers that ever came this way. Choose whether you will go home and keep pigs for Reckoning Robin and Wary Will, or live in the free forest with me."

"We will stay with you," said the children, "for we do not like keeping pigs."

While they spoke, the lady slipped her holly-branch through the ivy, as if it had been a key. Presently a door opened in the oak, and there was a fairy house. When they stepped in, the lady said:

"A hundred years have I lived here, and my name is Lady Greensleeves. I have no friend or servant except my dwarf, Corner, who comes to me at the end of harvest."

By this time the children saw how welcome they were. Lady Greensleeves gave them deer's milk and cakes of nut flour and soft green moss to sleep on, and they forgot all their troubles. All that summer the children lived with her in the great oak tree, and they would have been happy but that they could hear no tidings from their fathers. At last the leaves began to fade, and the flowers to fall. Lady Greensleeves said that Corner was coming; and one moonlight night she set her door open, saying she expected some old friends, who would tell her the news of the forest.

Correspondence

Dear Uncle Jim—
I am very much pleased with my pin. I meant to write quite a while ago, but was playing so much I forgot to write. There were not many letters in the corner this week, so I thought I would write. I had a good time while I was away. We started to go to school a week ago; I like to go. I left my dog at my aunt's while

I was away and the cat, too. I went bathing in the lake. My teacher's name is Miss Walker. I got a lot of new books for school. Good-bye, your niece,

ISOBEL MATTHEWS, Willard Mills.

Dear Uncle Jim—
This is my second letter to your page. I am waiting for my pin, and will be glad when I get it. I have not written to you for a long time, and I am very sorry. I will close now. Your niece,

HELEN ROBINSON, Magog.

Puzzle Corner

Some riddles sent to the corner by Nelson Catchpaw.
1—What is the difference between a donkey and a bee?
2—What is the difference between a dunce and an agler?
3—What is an oyster?

Nelson sent in correct answers to the New Testament characters. They are: 1. Matthew; 2. James; 3. Silas; 4. Herod; 5. Anna; 6. Mary; 7. Lydia; 8. Titus; 9. Barnabas; 10. Simon.

THE RIGHT WAY.

Good little boys should never say "I will," and "Give me those." Oh no, that never is the way. But, "Mother, if you please."
And, "If you please," to sister Anne.

History Told by the Three Men Who Can Tell It All

Read in

The Montreal Gazette

The

Memoirs of Lloyd George Ex-Kaiser Wilhelm Rene Viviani

The Gazette has contracted for the exclusive rights of publication in the Province of Quebec of the Memoirs of Lloyd George, the Memoirs of the ex-Kaiser, and the reply of Rene Viviani, ex-Premier of France, to the ex-parte statements of Wilhelm II.

These three series, presenting respectively the British, German and French versions of the causes and effects of the greatest war in the world's history, represent the most gigantic literary transaction on record. Lloyd George is to receive \$450,000 for his Memoirs, the ex-Kaiser's remuneration is to be \$250,000, and the sum to be paid to M. Viviani, while not disclosed, will be commensurate with his standing as a statesman and the importance of his disclosures, so that the total cost to the distributing syndicate will not be far short of \$1,000,000.

The Gazette is one of a notable list of metropolitan journals which will simultaneously publish the ex-Kaiser's memoirs. Among them are the London Sunday Times, the most representative papers of the United States, five Paris dailies, twenty Australian dailies, and leading newspapers of Mexico, South America, Japan, India, South Africa, French Africa, Italy, Greece and Turkey.

The series will be immediately followed by M. Viviani's rejoinder, obviating any possibility of an accusation that the reading public is being subjected to insidious German propaganda.

As soon as possible after the Viviani series, the publication of Lloyd George's Memoirs will complete this momentous feat of journalistic enterprise, placing in the hands of the public hitherto undisclosed facts, and the claims, views and conclusions of the three great protagonists of the war, which otherwise would only be available after the lapse of years and perhaps the passing of the present generation.

The first instalment of the

Ex-Kaiser's Memoirs

Begins in

The Gazette, Montreal TODAY

From His Place of Exile the Ex-Kaiser!

- Voices his belief in the old myth about a secret treaty of the U.S., Great Britain and France, dating from 1897.
- Tells of German efforts to form defensive alliances with Great Britain and Russia at various times.
- Recalls episodes showing the personal relations of European rulers and ministers in the past forty years.
- Admits mistakes in diplomacy and politics, and represents himself as receptive of bad advice from his Chancellors.
- Blames his advisors for the Kruger dispatch, the Tangier visit and other indiscretions.
- Defend's Germany's motives and assails the leaders of all the Allied Nations.
- Says he was prevented from committing suicide in 1918 by his "Christian Convictions."
- Describes secret meetings with the Czar and the King of England.

NOTICE—It will be necessary for readers of the Memoirs to order The Montreal Gazette immediately. The interest in the serials and the controversies aroused by it will be widespread, and the newsdealers can only supply the demand by ordering ahead. PROGRESS IN CANADA

The great aim of Steel Stores in Canada is to give every Customer the greatest Service and Value for every Dollar—to earn Dividends for every Shareholder—to develop Canadian Raw Materials and to use Canadian Labor wherever possible to help Canada prosper by providing Employment for Thousands and by putting in Circulation Millions of Dollars every Year. Canada is developing rapidly, and we are looking ahead and equipping Steel Stores to serve the Millions of To-day and the greater Millions of To-morrow.

Over Eight Million Dollars Distributed in Canada in Two Years

On August 7th, 1920, the first L. R. Steel Store in Canada opened its doors at Goderich, Ontario. In two years 12 Steel Stores have been opened and high-class retail sites have been purchased for the erection of 10 more Steel Stores in Canada. This is but the preliminary of a building campaign that calls for a Steel Store in every point of 5,000 people and over in Canada and the United States.

Over \$5,000,000 HAS BEEN PAID OUT IN CANADA for store sites, construction, labor, merchandise and equipment by the L. R. Steel organization during about two years' operation in Canada. The building division of Steel Stores, the Steel Realty Development Corporation, Limited, has distributed in Canada \$2,494,223.18 for store sites, buildings and improvements, up to August 1st, 1922. Steel Stores in Canada, in about two years, have paid out \$5,147,344.16 to fit out stores, to pay Canadian labor, wages and salaries, to pay Canadian factories for merchandise, to pay operating expenses of stores that have been increasingly successful in operation, returning dividends to Canadian shareholders. About 95% of all merchandise handled in the Canadian Steel Stores is made in Canada. The L. R. Steel organization has developed into one of the permanent and progressive institutions that are helping to build a greater Canada.

STEEL STORES STIMULATE BUSINESS CENTRES. That Steel Store trade attraction makes business better and increases values in the retail section of the town has been demonstrated in several cities and towns in Canada where Steel Chain Stores are in operation. For example, on St. John Street in Quebec City, in the vicinity of the Steel Chain Store, realty values are reported increased and business better since the operation of the Steel Store in that locality. Steel Chain Stores are in operation in Goderich, Owen Sound, Sault Ste. Marie, Oshawa, Toronto, Ottawa and Brantford, in the Province of Ontario; in Montreal, Sherbrooke and two stores in Quebec City, Province of Quebec; in Brandon, Province of Manitoba.

VALUABLE SITES FOR NEW STORES. The L. R. Steel organization owns some of the best retail store sites in cities of Canada, upon which it is planned to build large and most modernly equipped Chain Stores. The Hamilton Store is scheduled to open for business this year. Excellent building sites have been secured in Three Rivers, Quebec, on St. Catherine Street, West, Montreal, on Scarth Street, near the post-office, in Regina; at 161-171 Second Avenue, Saskatoon. What is needed to be one of the finest retail store sites in Edmonton, the corner of 101st and Jasper Avenue, is owned by the L. R. Steel organization, and also a rare retail corner in Calgary, the corner of Eighth Avenue and First Street West. In Vancouver the L. R. Steel organization owns two of the best retail corners in the city, the corner of Granville and Dunsuir Streets and the corner of Hastings and Homer Streets.

FUTURE DEVELOPMENT IN CANADA. Steel Stores are paying dividends to shareholders. L. R. Steel has shown its faith in Canada by always crediting Canadian money with par value in all the Steel enterprise in the United States.

Plans call for Steel Department Stores, retailing merchandise from 5c to \$25.00, in all points of population of 5,000 people and over, in Canada. Wherever the store has a frontage of 20 feet or more, plans call for a market, which will distribute among the people fresh farm products at the minimum in Canadian towns to open up in the future factories utilizing Canadian material and labor. Steel Stores will develop farm products and other natural resources to a very large extent. To man these enterprises in Canada, thousands of

capable, dependable and efficient men and women will be required. The L. R. Steel organization is preparing to serve the millions that are here and the millions that are coming, to make this Canada's great century.

NEW MERCHANDISING POLICY. The L. R. Steel Company, Limited, in establishing Steel Chain Stores in groups of seven, one of these stores, located within easy access to the other six, will act as a central distributing store for the rest of the group. The sub-stores will be so situated that they will need to carry only enough stock to meet their requirements from week to week. Being close to the distributing store, sub-stores can renew their stocks easily by requisitions. Besides being an advanced modern merchandising idea, the Group System reduces the problem of Chain Stores which find rents too high to permit enough space to be devoted to reserve stocks of merchandise. The Group System also reduces long hauls of freight.

In the earlier years of 5, 10 and 15 cent stores, rents were low enough to allow considerable space for the storing of reserve stocks of goods, but with the coming of high rents, storage space becomes a problem. L. R. Steel has originated the Group System of operating Chain Stores to solve this problem. Steel Chain Stores in Canada sell lines of merchandise to completely equip the home for the average family and supply the needs of the individual, at prices ranging from 5c to \$50.

HAMILTON STORE. On this page is shown the architect's sketch of the Hamilton Store, being completed on the site of the old McKay Building, 35-39 King Street East, Hamilton. It is a good example of the up-to-date Steel Chain Department Store, retailing merchandise from 5c up to \$50. When operating, it will have four floors, with a Steel Cafeteria in the basement.

First Floor: Soda Fountain, Electrical Department, Hardware and Smallware Departments, Balcony off First Floor: Men's Tailor, Second Floor: Ladies' Ready-to-Wear Department, Beauty Third Floor: Market, Furniture, Candy Manufacturing, Bakery and Toyland. Fourth Floor: Stock Room. This will be one of the finest and most modern stores in Hamilton, and one of the best in the Steel International Chain.

DEATHS REPORTED

SIMEON C. LOTHROP, DUDSWELL CENTRE. There entered into rest on September 13th, 1922, at the home of Mr. E. Pearson at Dudswell Centre, Simeon C. Lothrop, in his eighty-second year.

The late Mr. Lothrop, who was the son of Cyrus Lothrop and Mercy Andrews, was born in Dudswell on June 17th, 1841. On March 13th, he was married to Miss Lois Lefebvre, of Stoke, who predeceased him on December 15th, 1900.

In 1886 he and his wife took a trip to the American West, where they remained for about eight years during which time they resided principally in Denver, Colorado. In 1894 they came back to Dudswell and moved on to their farm in Stoke, where they found prosperity and happiness, until the sudden death of Mrs. Lothrop, after which time he resided with his niece, Mrs. E. P. Jenkinson, at Dudswell Centre, for a period of twenty-one years.

Mr. Lothrop enjoyed comparatively good health up to about eight

"A MAN OF HIS WORD"

CHAPTER XXXI. (Continued.)
"I don't like him at all," said Jean. "But—perhaps—I—love him, Jummy."
"Oh," said Jummy; there was a moment's silence, then—"Your face is getting all red, Auntie Jean," he said accusingly.
"It's enough to make anyone get red," said Jean exasperatedly, "to be stared at by your solemn eyes," but she dragged him down to her and kissed him.
For two days the cloud of suspense hung over the house. Jean spent her time going to and from the hospital where Gavin lay; she knew every inch of the road long before a week had passed—knew

week previous to his death. He was the last one of his father's family and the last one of the Lothrop name in the town. He was a quiet unassuming man, and a man of very good judgment, having held the offices of Councillor and School Commissioner for a number of years. Besides being a successful farmer he was a good carpenter, many buildings in the town of Dudswell being framed and planned by him. He was admired for his honesty and integrity, his motto being "Do unto others as you would be done by."

During his last illness he was tenderly cared for by Mr. and Mrs. Jenkinson, who did everything that could be done to alleviate his suffering.

The funeral services were conducted on Friday afternoon at his late home, the Rev. A. E. Legge officiating. The hymn "Abide With Me" was sung. Mrs. T. E. Bishop also sang a solo very sweetly, entitled "In The Upper Garden."

The bearers were G. O. Bishop, Albert Rolfe, Freeman Westman and Oscar Joyce. The funeral director was S. N. Bishop. The many beautiful floral tributes from friends, gave silent testimony of a long life well lived.

The late Mr. Bishop leaves to mourn his loss, Mrs. E. P. Jenkinson, with whom he lived; Mrs. K. Willard, Marlinton; Mrs. Ames, Alberta; and Mrs. Ruth Bishop, nieces; Mrs. Kirk, Sherbrooke; Mrs. French and Mrs. Lothrop, of Springfield, Mass., sisters-in-law besides other relatives and a large circle of friends to whom much sympathy was extended.

Those from out of town who attended the funeral were Walter and Douglas Saunders, from Bury; Mr. T. Harrison, Mr. and Mrs. James Harrison and Mr. and Mrs. H. E. Andrews, of Westbury; and Mr. H. Lefebvre, from Gould; Mr. Wells Bishop and his mother, Mrs. C. Stokes, from Bury, were unable to arrive in time for the funeral, owing to an accident to their car.

"Where is O'Neil?" he asked suddenly. "Don't ever see anything of him for days."
"No," said Jean, "I've seen him since the night he came to India in January—did you know?"
"No," she was still looking at her. "Isn't that rather a sudden determination?"
"I don't know."
It was torture to her to have to sit there and discuss Robin so calmly. She changed the subject as soon as she could.

"Mrs. Fisher hasn't been well," she said. "Everyone seems to have been down on their luck since you were ill, Gavin."
His handsome eyes brightened a little.
"You missed me the?"
"Of course we did."
There was another silence.
"Lillian hasn't been down to see me anyway," he complained with an invalid's fretfulness.

"Oh, yes, she has," said Jean quickly. "She came down with me the first night—when you were so ill. She was—she was very much upset."
"Was she?" He smiled reminiscently. He was thinking of days when he and Lillian had been everything to each other. Presently:
"Jean—you won't keep me waiting—when I'm up and about again? The doctor says I must go away for a long holiday... You won't let me go alone?"
She clasped her hands hard together.
"No, Gavin..." He voice was a little breathless. "I'll—I'll marry you—just as soon—as ever you like."
"You promise, Jean!"
"Yes."
He raised her hand to his lips, kissing it.
"I'll make you so happy," he said. She did not answer. His fingers tightened their weak grip on hers.

THE MONTREAL CATTLE MARKET QUOTATIONS

Prices Paid for Cattle at the Montreal Stockyards—Other Details.

(Associated Press Despatch.)

MONTREAL, Sept. 25.—Dominion Live Stock Branch Report.—Cattle receipts 1,291. Trading in cattle was slow at about steady prices. There was a slight increase in the offering of local cattle as compared with western stock. The locals were nearly all of medium to common quality. Medium steers and heifers from the Ottawa district brought from \$4.50 to \$5.25. One load of fairly good butcher quality realized \$5.75. Common grades of eastern cattle, bulls, heifers and cows, realized from \$2.25 to \$3.50. The top was \$6.25, paid for very good western steers ranging in weight from 1,025 to 1,125. Fat heavy cows were weighed up in car lots at \$4.75 and a car of medium and good western heifers was sold for \$4.90.

Quotations: Butcher steers, good \$5.75 to \$6.25, medium \$4.75 to \$5.75, common \$3.50 to \$4.75; butchers heifers, good \$5 to \$5.50, medium \$4 to \$4.75, common \$3 to \$4; butcher cows, good \$4.75, medium \$2.50 to \$4; cutters \$1 to \$2; butcher bulls, good \$2 to \$2.25.

Calf receipts 1,668. Majority of the calves offered were common grassers and sold slow at \$3 to \$3.75 with the bulk around \$3.25 to \$3.50. Good calves were steady and in demand at from \$8 to \$9 for the best prices offered. Common calf fed and couple of choice sucker calves brought \$10.

Quotations: Good veal \$8 to \$10, common \$6 to \$7; grass \$3 to \$3.75. Sheep receipts 1,881. The comparatively heavy offering of lambs and the new American tariff together caused some reductions in lamb prices. Demand was good and sales quite brisk. There was nothing discouraging to the future trading in today's transactions. A large number of the top lambs brought \$11. Medium good lots suffered a cut of about fifty cents per hundred pounds, and common qualities were the heaviest losers.

Quotations: Ewes \$2.50 to \$4; lambs, good \$10 to \$11, common \$8 to \$9.50.

Hog receipts 1,340. Bulk of the select and good quality butcher hogs sold at \$12, with a few early sales made to butchers at \$12.50. Mixed lots of hogs brought \$11.50. Sows \$9 to \$10.50.

Quotations, off car weights: Sows \$12 to \$12.50; sows \$9 to \$10.50.

ton, is spending a few days with her sister, Mrs. Frank Mizener.

Mrs. C. D. Johnson and her mother, Mrs. Mills, spent Wednesday in Waterloo, guests of Mrs. E. A. Savage.

Mr. O. A. McLaughlin captured several hares on his team at Bromes, Waterloo and Granby fairs.

Mr. and Mrs. George Durrell and Mr. and Mrs. Horace Taylor motored to Cowansville and spent a day with relatives.

Master Willard Brill, of Knowlton, spent a week here with his cousin, Mrs. Luke Turner. Mrs. Brill and Master Willard are leaving next month to spend the winter in Florida.

Mrs. W. Jenkins returned to her home in Montreal on Thursday after spending about five weeks at Mr. G. H. Durrell's.

Mr. and Mrs. Horace Taylor and little daughter left on Friday for their home in Winnipeg. They will visit relatives in Ottawa on the way.

Recent guests of Mr. and Mrs. Maurice Williams were Mr. and Mrs. Hutchins and Master Reginald Hutchins and Mr. and Mrs. Ellison, of Granby.

Mr. and Mrs. J. A. Krusell and little daughter, of Spencer Mass., motored here and have been spending two weeks visiting many relatives in this vicinity. They left for their home on Thursday morning, and were accompanied by Mrs. Krusell's aunt, Mrs. Walter Phelps, who will remain about two weeks.

Mr. and Mrs. Chandler Gilman and Mr. and Mrs. Moses Gilman motored from Worcester on Thursday and are guests at the home of Mrs. Lena Quillians.

INJUNCTION WAS PUT INTO FORCE TODAY.

(Associated Press Despatch.) CHICAGO, Sept. 25.—The drastic temporary injunction order asked by Attorney General Daugherty, against shop-crafts strike leaders was put in force today by Judge James H. Wilkerson, without any of its effectiveness being modified. Several slight changes in the wording of the order submitted Saturday were made by Judge Wilkerson to clarify its meaning.

SLIGHT JUMP IN BUTTER PRICE ON EXCHANGE

An Increase of One-Eighth of a Cent Per Pound Recorded—Selling Price was 33 7-8 Cents Per Pound.

(Special to the Record)

FARNHAM, Sept. 25.—Another slight increase in the price of butter was recorded this past Saturday at the weekly session of the Eastern Townships Dairy-men's Exchange held here. A week ago the quotation for butter on the Exchange was 33 cents per pound, while this past Saturday the ruling price was 33 7-8 cents per pound, an increase of one-eighth of a cent per pound. Two weeks ago the price of butter was 34 cents per pound.

Seven factories boarded 260 packages of butter on the Exchange the past Saturday as compared with ten factories boarding 408 packages the previous Saturday.

COMMISSION ON FISHERIES MAKES REPORT

Some Sweeping Recommendations Are Understood to Be Included in Report.

(Associated Press Despatch.) OTTAWA, Sept. 25.—Some sweeping recommendations are understood to be included in the introductory report of the Commission on British Columbia fisheries, submitted by William Duff, M.P., chairman of the Commission, to Hon. Jacques Bureau, acting Minister of Marine and Fisheries, yesterday. The contents of the report have not been made public but two of its main recommendations are said to be:

(1) Curtailment of the issue of fishing licenses to Japanese.

(2) Reorganization of the Department of Marine and Fisheries.

In the latter connection the suggestion has been that a Minister of Fisheries should be created distinct from the Department of Marine. The report is understood to take up this point and to urge reorganization of the Department with a view to greater attention being given to fisheries and to the pursuance of a more consistent policy.

MEXICAN PETROLEUM WAS SUBJECTED TO PRESSURE

(Associated Press Despatch.) NEW YORK, Sept. 25.—Other speculative leaders in which fairly large short interest is supposed to exist fell into line with the upward movement in Gulf States Steel, that stock extending its gain to nearly five points. Country wide reports of increased retail business found expression in the demand for merchandising shares, Kresge jumping five points to a new 1922 high. Woolworth climbing 3/4, and May Department Stores two. Some unsettlement took place at midday when Mexican Petroleum was subjected to pressure on rumors of additional oil taxes, that stock dropping 2 1/2 below Saturday's close. Republic Steel, Rock Island, American Smelting, United Retail Stores, Mathieson Alkali and Willys Overland preferred also yielding to professional selling, the declines ranging from 1 to 2 points. Call money opened and renewed at five per cent.

MODERATE SETBACK IN WHEAT PRICES AT CHICAGO

(Associated Press Despatch.) CHICAGO, Sept. 25.—Prospects of a peaceful settlement with the Turks led to a moderate setback in wheat prices today during the early dealings. Sellers were by no means aggressive though and seemed disposed to await further developments before acting on the basis that the likelihood of war had been eliminated altogether. Heavy marketing of wheat in Canada received considerable notice as an additional bearish factor.

The opening, which ranged from 1/4 to 1 1/2 cents lower, with December at \$1.04 1/2 to \$1.05 and May at \$1.08 1/2 to \$1.09 was followed by a slight rally and then by a downturn somewhat below the initial figures.

Large receipts of corn together with talk of diminished danger of damage from frost tended to ease the market for corn and oats. After opening a quarter to 3/4 cent lower, with December at 53 1/2 to 58 1/2, corn prices recovered a little.

Oats started a quarter to 3/4 cent lower, with December at 36 1/2 cents and rallied a trifle, and then sagged lower than before.

Higher quotations on hogs gave strength to the provisions market.

LONDON, Sept. 25.—All the Ebbw Vale Collieries and steel works employing fifteen thousand men closed yesterday as a result of a wage dispute which previously led to a twenty-four hour strike.

DISPLAY OF STRENGTH ON THE MONTREAL EXCHANGE

(Associated Press Despatch.) MONTREAL, Sept. 25.—The local stock exchange opened this morning with a brisk display of strength, and during the first half hour several of the leaders registered substantial advances. The papers were again in the fore. Abitibi touched 83 1/2, a gain of two points, but later sagged to 83. Howard Smith strengthened a point to 80, as did also Laurentide to 94 1/2. Price Bros. was up 1 1/4 at 44, and the preferred stock of Spanish Rivers registered an advance of 2 1/2 points to 103 1/2. Of other stocks traded in this morning, Asbestos Corporation was stronger by a point at 72; Montreal Power by 3/4 at 98; National Breweries by 5/4, while the only issue to lose ground was Macdonald, which appeared a quarter point weaker at 14 1/4.

WORLD'S SERIES FOR NEW YORK ONCE AGAIN

Both New York Clubs Have Titles Cinched—Hornsby Made Two More Homers.

(Associated Press Despatch) NEW YORK, Sept. 25.—New York's prospective world's series contenders, the Giants and Yankees, are separated today by the narrowest of margins from a dyed-in-the-wool, mathematically certain, hold on the 1922 championships in the National and American Leagues.

The Giants can clinch the pennant for the eighth time since 1904 by winning only one of the two games scheduled with the St. Louis Cardinals today. They could then lose all seven of their games, while the Pirates won all three of its unplayed contests, and still finish a game ahead of the Pittsburgh team, which is idle today.

The Yankees, as well as all other American League clubs, are not scheduled today. Leading St. Louis by three and a half games the Yankees need win but one of their four contests to settle the race. A defeat for the Browns in any one of its three contests would bring about the same result.

Both New York clubs lost yesterday. Roger's Hornsby's two home runs, which brought his season's total to 42, helped the St. Louis Cardinals to down the Giants ten to six, while Uhle outpitched Shawkey, and Cleveland blanked the Yankees by 3 to 0, in the final game of their series.

The Browns, meanwhile, kept in the race by defeating Philadelphia by 7 to 4, while the Pirates gained a half game on the Giants by dividing a double-header with Brooklyn. The Dodgers came from behind to win the first by 4 to 2, but lost the second by 11 to 3, when Pittsburgh crossed the plate ten times in the sixth inning.

Detroit increased its third place margin over Chicago to a game and a half by trimming Boston 7 to 2, while the White Sox lost to Washington by 5 to 4.

TENNIS

REID WON MITCHELL CUP.

The local tennis season was practically brought to a close on Saturday when the finals of the Mitchell Cup were played. This cup, donated by Mr. Malcolm Mitchell, is emblematic of the St. Francis Golf Club "singles" championship and is disputed for among members of the club only.

Some interesting games were played during the course of the series and the final issue rested between A. Tobin and A. W. Reid. These two players met a couple of weeks ago in the finals of the City of Sherbrooke championships and

Manager George Povey and Secretary-Treasurer Martin Redmond Arrange with "Honey" Thormahlen to Pitch in One of the Games Against Three Rivers.

EVEN BREAK IN SERIES OVER THE WEEK-END

Portsmouth Badly Beaten on Saturday.

Sherbrooke smothered Portsmouth on Saturday by a 10 to 0 score, only to have the Americans come back on Sunday and take the long end of a 5 to 3 game. The locals should have taken yesterday's game with the same ease that they tucked away Saturday's contest, but four errors upset calculations and the Portsmouth boys at least had the satisfaction of taking away a game.

In the opening event Hunt held the visitors to six hits, while the locals broke into the lead in the fourth inning and were never headed off. Hunt pitched himself out of several dangerous places. In the initial frame the portsmouth boys had men on second and first with only one down. Hunt fanned the next two men to step up to the plate. Again in the fourth, with men on second and third and one down, he forced McWilliams to pop out to short and struck out Smith. The only other occasion on which Portsmouth were dangerous was in the sixth. Cullinan and Howard were on third and second, respectively, with one man out. Hunt gave to the occasion and fanned the next two men up.

The locals threatened seriously in the first, but, with the base filled, both Kennison and Andy Jenkins struck out. Three singles, a error and a stolen base were largely responsible for four runs tallied in the fourth frame, and singles by R. Jenkins and Giboin in the fifth brought home Andy Jenkins, who had been walked. With two on bases in the seventh, Ralph Jenkins slammed out a hard drive to left field. It would have been a sure home run but the ball bounced against the tree and fell back into the field. Ralph was held up at second, but two men came home ahead of him. The locals enjoyed a batting practice in the eighth, every player taking his turn at bat. Three runs were brought in and the Sherbrooke boys took a 10 to 0 victory without ever being seriously threatened.

Score by innings:— R. H. E. Ports.—0 0 0 0 0 0 0 0—6 4 4
Sherb.—0 0 0 4 1 0 4 3 x—10 13 1
Batteries—Hunt and Landry; Gamester and Smith.

ERRORS HELPED TO LOSE GAME.

Portsmouth reversed proceedings yesterday, and although they did not administer anything like a crushing defeat, they took the game, largely due to errors in the Sherbrooke field. Lefty Buckland was evidently still suffering from the effects of his sore neck and was unable to get the necessary speed behind his balls. He was touched up for eleven hits, while six, Red Wildes was the redeeming feature at bat, slugging out a triple, two singles and stealing a couple of bases in four times at bat.

The second inning was the disastrous one. With Leary on second and two men down, Fernald, McWilliams and Pilgrim slammed out singles and, assisted by a couple of errors, brought in three runs. Sherbrooke was set out to get this back in the third and, with two men down and Buckland on first, Wildes rapped out a three base hit and came home on Landry's single.

Portsmouth tallied two more runs in the fifth, a double by Brackett and a triple by Leary being largely responsible. The locals got one of these back in the sixth, thanks to Reddy Wildes, who singled, stole second and third, and came home on a wild throw. Savage was left on third, Landry and White being unable to bring him home. There was no further scoring and Portsmouth finished winners by a score of 5 to 3.

Score by innings:— R. H. E. Ports.—0 3 0 0 2 0 0 0—5 11 1
Sherb.—0 0 2 0 1 0 0 0—3 6 4
Batteries—Cullinan and Smith; Buckland and Landry.

Reid repeated his success of the previous occasion by winning in straight sets 6-2, 6-1.

Although the season is completed insofar as tournaments and matches are concerned, the courts will be open for some little time yet and it is expected that they will be kept busy until well on in October. The ladies have shown a much greater interest in tennis with the arrival of cooler weather and the courts are in constant use.

LOCAL PLAYERS IN TOURNEY AT MONTREAL.

(Special to the Record.) MONTREAL, Sept. 25.—Redvers MacKenzie, of the Country Golf Club, Montreal, carried off the premier honors in the first invitation tournament of the Province of Quebec Golf Association played over the course of the Beaconsfield Club on Friday and Saturday.

There were over fifty players entered in the tourney, among them being Dr. H. D. Bayne and Alex Fraser of the St. Francis Golf Club, Sherbrooke. The two Sherbrooke players finished forty-first and forty-second respectively. On the first day's play, Dr. Bayne had cards of 84 and 89 for the thirty-six holes, for a total of 173; while Fraser had cards of 88 and 91 for a total of 179. Dr. Bayne's scores on the second day were 83 and 88, which made his grand total for the thirty-six holes 353, while Fraser on the second day had totals of 87 and 89, for a grand total of 355.

FINALS IN TOURNEYS AT LOCAL COURSE.

The season's schedule at the St. Francis golf course is drawing to a close and the finals in the Turnbull Memorial Handicap Cup and the Club Championship, as well as the ladies' championship are billed to be played this week.

In the semi-finals of the Turnbull Trophy competition Alex Fraser defeated H. St. C. Clayton, who had a handicap of four strokes, by four up and three to play, while Gordon Miller defeated Philip Robins, who had a handicap of one stroke, by the same score.

In the Club Championship Dr. Gordon Hume, Alex Fraser and Gordon Miller remain in the run-

SIKI FORCED CARPENTIER TO ACCEPT DEFEAT

French Boxer Lost His Title—Bout Ended in Sixth Round.

(Associated Press Despatch) PARIS, Sept. 25.—Georges Carpentier, heavyweight champion boxer of Europe, lost his title yesterday to Battling Siki, the Senegalese fighter, in the sixth round of what was to have been a twenty round bout. Carpentier never had a chance after the third round. He was barely able to respond to the bell at the beginning of the sixth. With his right eye completely closed and his nose broken, he was unable to put up a guard. The Boxing Federation last night declared Siki the light heavyweight champion of the world and heavyweight champion of France. "You had better cable Mr. Rickard tonight that I am willing to fight Dempsey right away," Siki said to the Associated Press correspondent.

CARPENTIER COMPLETELY OUT-HIT.

(Associated Press Despatch) PARIS, Sept. 25.—The sporting world of today is acclaiming a new hero, Battling Siki, the Senegalese fighter, who yesterday won the heavyweight championship of France by defeating Georges Carpentier. Siki knocked out the former hero of the French prize ring in the sixth round of what was to have been a twenty round bout.

This morning's newspapers agree that Carpentier was completely out-hit by the Senegalese, and the latter is given great credit for his rugged fighting qualities and aggressive ring tactics.

The physical make-up of Battling Siki has been likened to that of the leopard. In action his great muscles play fascinatingly under a dark skin, he is extremely fast of foot and is wont to make great leaps when evading the punches of an opponent. This form is striking in contrast to the graceful Carpentier, whose foot movement is that of the aesthetic dancer.

Siki is typical of the brigades of picked Senegalese soldiers brought to the western front during the war. Stalwart, possessed of great strength and endurance, and an irresistible foe, when excited, he crouches and huddles together his massive muscled shoulders much after the fashion of Jack Dempsey.

A broad grin, exposing his perfect teeth, lights up his face as he goes into fistic combat. At times this grin narrows until it becomes a leer, perhaps intended to frighten an adversary.

In all his ring engagements in France, Siki has been successful. But in none of them prior to his bout with Carpentier did he display any terrific punching power. He knocked out Harry Reeve, a former light-heavyweight champion of England in the second round of a match at Marseilles, and revised the decision over Marcel Nilles, in fifteen rounds in Paris. After the latter bout Carpentier's manager, Francois Deschamps who is credited with being a shrewd judge of fighting ability, asserted that Siki was such a poor fighter that he would not permit of Carpentier meeting him.

The success of the Senegalese has started talk of a match between him and Harry Wills, the United States negro heavyweight, who is being groomed as a prospect for a championship bout with Dempsey. Siki comes from Senegal, a French colonial dependency, in western equatorial Africa.

OFFER SENT TO "BATTLING" SIKI.

NEW YORK, Sept. 25.—An offer of \$150,000 for a fifteen round decision contest with Harry Wills, negro heavyweight, was cabled last night to "Battling" Siki, who defeated Georges Carpentier in Paris yesterday. The offer suggested October 12th, but if unacceptable would hold good for a contest on May 30th, Memorial Day.

GRADUAL IMPROVEMENT IN INTERCOURSE OF NATIONS

Governor-General of Canada Referred to Treatment of Conditions in Near East.

(Associated Press Despatch) SASKATOON, Sask., Sept. 25.—Speaking at a public reception tendered him here last night, Baron Byng of Vimy, Governor-General of Canada, declared there was taking place, despite apparently adverse reports, a gradual improvement in the intercourse of nations and an even larger interest in the cause of world peace. He referred to the treatment of the conditions in the Near East and expressed the belief that an educated public opinion throughout the Empire would have a moral effect upon disturbing elements that should go far towards maintaining stabilized conditions.
