ROTARIANS URGE ACTION AGAINST "FIFTH COLUMN"

RESIDENTS' SUPPORT OF BUSINESS ASSOCIATION GOOD SIGN, MAYOR SAYS

Addresses "Citizens' Night" Meeting in Victoria Hall
Attended by Over 800 — Excellent Program of Entertainment Presented — Large Number of Prizes Awarded — D. C. Abbott, K.C., M.P., and C. Heward Also Spoke

Attended by over 800 persons, with Mayor Walter A. Merrill, K. C., Douglas C. Abbott, K.C., M.P., and Chas. Heward, president of the Municipal Association among the platform guests, the "Citizens' Night" meeting of the Business Association of Westmount packed the main auditorium of Victoria Hall to capacity on Thursday night.

The function, conceded to be the most successful yet sponsored by the association, featured an excellent program of entertainment, the awarding of over 50 door prizes and the presentation of awards to the winners of the mimerick contest conducted by the organization in the Examiner.

E. Ohman Presides

President Eric Ohman and W. Boyd Robson, past-president and present chairman of the publicity committee, presided, while Don Ross, chairman of the entertainment committee, acted as master of ceremonies.

Mayor Merrill stated that the support of the association by residents as evidenced by the large turnout, was particularly gratifying and expressed the hope that this support would continue. He promised to give the association his full cooperation. The Mayor also commented on the excellence of the entertainment provided, and complimented Hugh Noble, Westmount "Y" physical director, on the final act, a group of seven living statue tableaux by the "Y" senior leaders' corps.

Abbott Speaks

Mr. Abbott declared, also, that the large turnout was particularly impressive and congratulated the executive of the association on the success of the venture. Chas. Heward, representing the Municipal Association, stated that the two bodies had a common objective, that of the welfare of the municipality. He considered the business group particularly enterprising and stated that it was of genuine benefit to the city. On behalf of the Municipal Association he wished it continued success.

The newly elected president of the Association, Eric Ohman, stressed its aims and the efforts it had made to improve business by promoting a shop in Westmount movement that had proven successful. "I invite citizens to buy in Westmount first, not because they should feel obliged to do so but because in my opinion local merchants are in a position to serve them best," he stated.

"We decided to hold this meeting in spite of world stress because we felt that such functions, by providing entertainment and fellowship, do much to help maintain the morale of the people," he told the gathering.

W. Boyd Robson, the first president of the association, who guided it during its period of formation, also stressed the organization's aim to improve business.

LAMP STANDARD AND VEHICLES ARE DAMAGED

Automobile and Horse-Drawn Wagon Collided On St. Catherine Street Saturday

A lamp standard was snapped off at the base and both vehicles damaged when an automobile driven by Gaston Audet, 3512 Vendome avenue, and a horse-drawn baker's wagon in charge of Thos Duggan, 2858 Mance street collided opposite 4358 St. Catherine street at 10.45 a.m. on Saturday.

The driver of the car told police that his machine struck the left rear wheel of the wagon as he was passing a street car while proceeding in an easterly direction on St. Catherine, knocking it into the lamp standard. He either misjudged his distance or the horse swerved, he stated.

The left rear wheel and front panel on the wagon were damaged and the front door and fender on the car were dented. No one was injured.

Gardens Re-Planted Here Tuesday Night

The gardens which are planted each summer by boys taking part in municipal recreational activities, were re-planted by a group of 15 enthusiastic gardeners on Tuesday evening. Each plot is 12 feet by 3½ feet and is the definite charge of the person to whom it has been allotted. The crops planted this year are carrots, beets, lettuce, peas and beans, with the front of each plot being planted with pansies, candytuft and poppies.

Arthur F. Bell Is Feted By Municipal Employees

Arthur F. Bell, who retired as secretary-treasurer of the city on Saturday, was feted at an informal gathering of municipal employees in Victoria Hall last Thursday night and was the recipient of a cabinet radio presented, on behalf of the staff, by City manager P. E. Jarman, who presided.

Mrs. Bell received a large bouquet of roses presented by Miss Ethel Reid.

Mr. Bell, whose retirement marked the completion of 32 years in the service of the municipality was previously honored at a dinner attended by the Council, departmental heads and representatives of other Island municipalities in the Montreal Club when he was presented with a silver tea service by Mayor Walter A. Merrill, K.C., on behalf of the city, and a crystal fruit bowl by Mayor Reuben of Outremont.

Thursday's function, attended by a large gathering of civic employees, Mayor Merrill and members of the Council, took the form

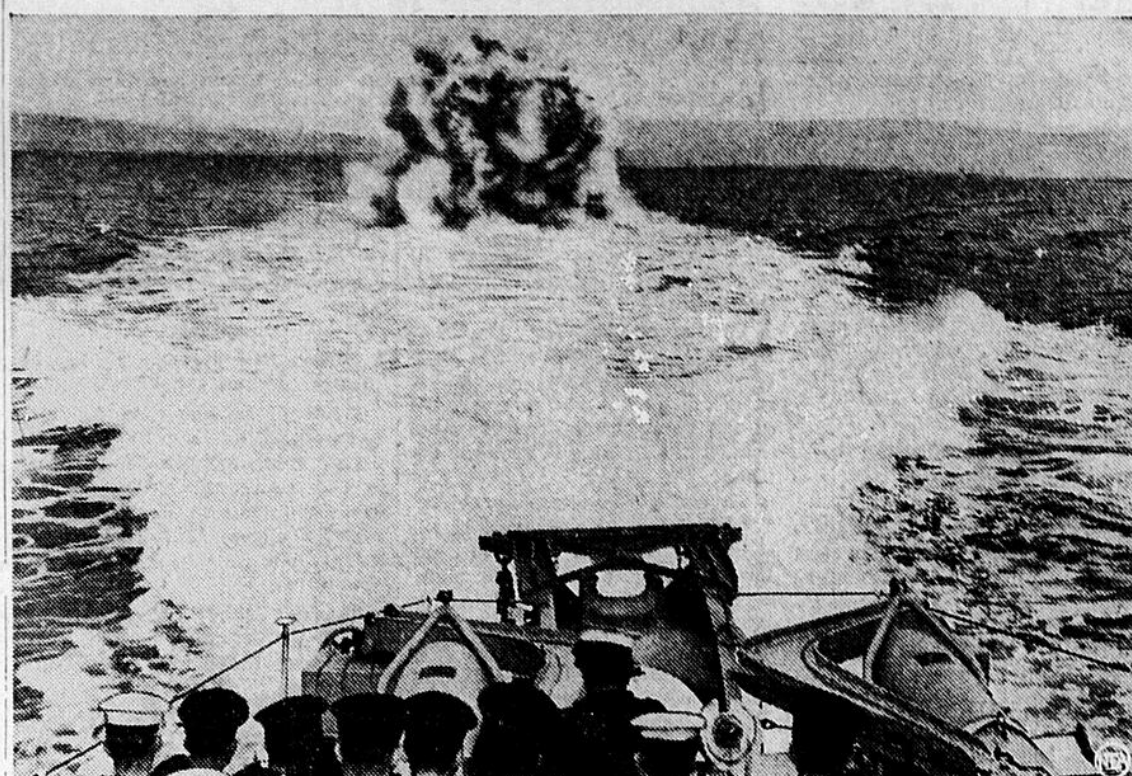

of a farewell gathering almost entirely lacking in formality. It concluded with the serving of refreshments and dancing.

In a brief address Mayor Merrill said, "It is a fine thing for the staff to meet in this manner." He referred to Mr. Bell as being "a great friend and a man who has always had the interest of the city at heart and will continue to do so. He has been a tower of strength to myself," he concluded.

Department heads who spoke briefly stressed Mr. Bell's infinite capacity for friendship and his willingness to listen at any time to the problems any member of the staff, no matter how humble his station, cared to bring to him. He was universally liked by all employees, the speakers stated.

Among those who spoke, beside the Mayor and Mr. Jarman, were Ald. W. B. Scott, K.C., J. W. Weldon, K.C., city solicitor, C. W. Houston, newly-appointed secretary-treasurer, and P. J. Delgado, superintendent of public works.

GUARDING CANADA'S PACIFIC RAMPARTS

A powdery puff of billowy smoke and water shoots from the foamy wake of Royal Canadian Navy patrol ship in northern Pacific, a graphic warning to enemy submarines that Canada is ready to face all dangers that Hitler's soon-expected push on England may bring to England's dominions.

Residents Will Be Affected By Bill

Local residents will be materially affected by the Drouin Bill amending the Montreal charter which passed first reading in the Provincial Legislature yesterday, news from Quebec indicated.

The bill gives Montreal power to levy annually upon any person, possessing under any title whatsoever, one or more motor vehicles within Westmount, among other Island centres, where the water from the Montreal Waterworks is distributed by the latter, a special water tax not exceeding \$5.00 for each such vehicle.

Such tax shall be payable at the Montreal City Hall on the first of September and shall carry privilege upon every such vehicle and upon the movable property and effects of the debtor.

Such tax shall, without registration, constitute a privileged claim upon such immovable.

The provisions of this tax shall apply to the territory of Westmount and Outremont and to that of the Towns of St. Pierre, Montreal East and Pointe-aux-Trembles, as if it formed part of the territory of the City of Montreal.

Driverless Car Jumps Curb Onto Lawn

The need for greater care in the parking of automobiles on steep grades was emphasized again last week when for the second time in a fortnight a car rolled a short distance down a hill here, causing property damage.

The car, which was left parked in front of her home by Mrs. N. Denbow, of 29 Forden avenue, Friday evening, rolled down the hill a number of feet, jumped the sidewalk on the east side of the street and came to a stop on the lawn fronting property at 25 Forden occupied by F. Lake, causing damage to the shrubbery.

Mr. Denbow told police that his wife had apparently neglected to leave the car in gear or set the hand brake.

LOCAL OFFICER BOYS BRIGADE VICE-PRESIDENT

Captain J. Howard Richardson Elected to Post At Meeting in Toronto

Captain J. Howard Richardson of the First Westmount Company was elected Dominion vice-president of the Boys Brigade at annual meetings of the organization held in Davenport United Church, Toronto, on Saturday. Captain J. A. Gair was named Dominion president.

The Toronto Brigade display was held on the same week-end as the annual meetings and boys and officers from all parts of Canada assembled in the Queen City to witness the event and a parade on Sunday to Cooke's Presbyterian Church.

During the meetings, reports were heard from all centres including the Pacific Coast, where most rapid development has been experienced. Winnipeg, represented by Capt. Alex. Campbell and Capt. John Turnbull showed the greatest increase of any centre. It now has a battalion of considerable size as well as several very large companies, one being the oldest in Canada, having been formed in 1887. The membership of this unit alone is 119 on the roll with an average at week-night parades of 96% and at Bible Class of 98%; a record company, attached to King Memorial United Church.

The following boys successfully passed their first aid examinations on Friday: Sgt. Wm. Mulligan (Badge) Ptes. Paul Grimaldi, Sandy Edmison, Knute Sorensen, Roy Howard, Edwin Goring.

Numerous other tests are being cleared up this week, in order that the awards can be presented at the Company inspection. Arrangement is also going forward for the Company's camp under the same arrangement as last season, and a record enrolment is anticipated.

Pte. David Fraser's application for membership has been accepted. A special training class for recruits will be held during the summer so as to prepare for entry into the Company when it resumes activity in September.

During the past week-end Captain Richardson had opportunity of meeting Pte. Everitt McKinlay, formerly of the 1st Westmount and now of the 1st Toronto unit. Pte. McKinlay is looking forward to coming to Montreal with members of his band, to be the guests of the 1st Westmount Company.

He illustrated his address with numerous species of plants.

WESTMOUNT CLUB ADOPTS RESOLUTION FORWARDED TO FEDERAL GOVERNMENT

Members Unanimously Approved of Measure at Regular Weekly Luncheon Meeting in Victoria Hall Yesterday — Is Result of German Invasions of Independent Territories — Many Points Raised

Immediate action by the Government to render impossible "Fifth Column" activities in Canada was urged by the Westmount Rotary Club at its regular weekly luncheon meeting in Victoria Hall yesterday and resolutions to this effect were adopted and copies forwarded to Prime Minister Mackenzie King and the Ministers of Justice, Finance and Defence.

The resolutions stressed the vital contribution of "Fifth Column" activities in facilitating the invasion by Germany of Norway, the Netherlands, Belgium, France and other independent territories. With Canada under the possible threat of invasion a widespread program to counteract the "Fifth Column" must be put into effect without delay in the unanimous opinion of the members.

Want Internment

The resolutions call for internment for the duration of the war of citizens of enemy countries, and of all others who could in any way be identified with subversive activities. Registration of all persons, native of enemy countries, is urged.

The club urges the suspension of all grants of naturalization for the duration of the war and asks restoration of section 98 of the Criminal Code. Other resolutions urge strengthening of the militia and the placing of guards at strategic points.

Unanimously Adopted

Adoption of the resolutions was moved by Bert Cuthbert and seconded by Dent Harrison. The president, J. A. Delalanne, occupied the chair.

The complete text of the resolutions follows:

The Rotary Club of Westmount, bearing solemnly in mind the vital contribution of "Fifth Column" activities in facilitating the invasion by Germany of Norway, The Netherlands, Belgium, France, and other independent territories, earnestly prays the Government of the Dominion of Canada:

To take immediate action to render impossible such experience in Canada, which lies under threat of possible invasion, and to this end the members of the Rotary Club of Westmount recommend the immediate internment for the duration of the war, of all citizens of enemy countries; and of all others, of whatever nationality, who may at any time have been guilty of, or identified with, activities subversive to the good interests of the State, or who may at the present time, for any reason whatsoever, lie under suspicion of connection with such activities. And the Members further pray the Government to take immediate steps to register all persons, native of enemy countries, who may be naturalized Canadians, to investigate the status of such citizens, and to place them under strict surveillance.

The Members further pray the Government:

To suspend, for the duration of the war, all grants of naturalization.

To re-enact and restore Section 98 of the Criminal Code.

MORE THAN THRIFT

War Savings Certificates!
The Government could have called them "National Safety Certificates."

For that, in stark truth, is what they are. War Savings Certificates are what, in peace days, we might call a "fine investment." They make for thrift, lay a foundation of security, appeal to the spirit of self-respect and self-reliance. On these grounds, as well as upon the grounds of democratic responsibility, of a wider devotion to the democratic creed of voluntary citizenship, they merit a need.

But, far more than these things, and more terribly vital, War Savings Certificates are a challenge to patriotism. They are a call to all of us, and provide the means for all of us, to answer the challenge of war service; a dictate of war duty which no one can ever expect to be forgiven for ignoring.

War Savings Certificates are OUR share in this war. They ask us whether, in this terrible conflict, with all that we are or ever hope to be at stake, we are content with "patriotism" to our cause; content with abuse of Hitler; unwilling to make even moderate sacrifice for the sake of all our future.

In war-torn France today the soldiers of democracy are dying for its defence. Are we willing to back them up? To deny ourselves things we can yield easily for their sake? Are we willing to contribute something to feed and arm them, to sustain their strength, to tell them that back at home their peoples are supporting them?

This . . . this above all else . . . is the challenge of War Savings Certificates.

Over in Old England across the seas men and women and little children, workers and farmers, old and young, rich and poor, humble and obscure, are yielding their all for victory. Giving up in taxes, subscribing to loans, buying war savings certificates, they are giving a testimony of devotion to democracy and lib-

erty as noble as anything that history has seen. It is for us here in Canada to show whether such devotion is ours, whether democracy and freedom mean as much to us as it does to them.

Let us in these coming weeks give proof of such devotion. Let us make this War Savings Certificates campaign a crusade, telling our Government and men on land and sea and in the air that we fight behind them. It is the least, God knows, that we can do.

PROFITS IN TIME OF WAR

For one thing at least people in Canada, Britain and the United States can be thankful in this first year of the second World War — the cost of living is being rigidly controlled. Only those who remember the last war, and the picnic it provided for profiteers, will fully appreciate what has been done and is being done today to keep prices reasonable. Here are a few facts from the last war: The United States War Department estimated that the army would use 86,000 horses. For these 86,000 animals the following supplies were ordered and paid for: 50,000 sets of double harness, 110,000 sets of single harness, 945,000 saddles, 2,800,000 halters, 1,500,000 horse brushes, 2,000,000 feed bags, 1,000,000 horse covers, and 195,000 branding irons. The purchasing of guns, munitions, planes, gas, cloth, food and other war items was done on an equally prodigious basis. The cost of everything went sky high. In Canada, it has been estimated that profiteers took about one billion dollars more than what should have been a reasonable profit — paid for by the fathers, brothers, mothers, sisters of the boys who went to the front offering their lives for their country. This time there is to be none of that. In Britain the government has taken full control of all industry and has reserved the power to eliminate all profits. In Canada, we have established the War Time Prices and Trade Board which has kept the cost of living at a reasonable level. In the United States, President Roosevelt has promised that there will be no millionaires made out of the misery of war if his government can prevent it.

DANGER COMES HOME

There are still a great many people who jeer at the idea that Canada could possibly be attacked by Germany. She is too far away from the theatre of war, they say.

A German mine field has been discovered off the tip of South Africa, and South Africa is not exactly on the doorstep of the countries where the armies of Europe are fighting. Shouldn't the jeering Canadians think this over?

Who can deny the guiding hand of a Supreme Being when the Miracle of Mons and the Miracle of Dunkerque are living examples of a greater Presence than that of materialistic paganism headed by Hitler and his hangers-on?

Atheistic voices should be hushed in silence, awed in humble contrition before the spirit of our crusaders for righteousness whose prayers, uttered amidst the hideousness of modern warfare brought salvation to the thousands of allied soldiers, and the timely comforting curtain of fog which miraculously surrounded the fleet at the most critical hour of the great retreat from Belgium during the last few days.

Let us cast aside our cloak of materialism and cultivate a belief in the miraculous. The strength of the spirit is far mightier for good than selfish materialism. Every sage of every age has recognized this simple truth. Warning voices resound daily across the ether and on the written page, voices of our best thinkers who forecast the advance to-traverse the highways of materialism in preference to the humble pathways of the spirit even though they be thorny and less pleasant to the senses.

A call has come to all Canadians from the Red Cross for blankets for Refugees arriving in England! This request should be filled a thousand times over and above the objective, if we allowed ourselves to be influenced by the soul stirring example set us by our fighting men. What is the cost of one blanket compared with the sufferings of those valiant souls who surrendered their all to stem the advance of an army of diabolical tyrants.

Oh men and women of Canada, awake from your self centered smugness! Cannot you realize that the future is none too safe for your homes and your families because of the spirit of Cain which abounds the theory, "Am I my brother's keeper?"

Yours in service, War Work Westmount Women's Club.

LETTERS to the EDITOR

Dear Sir,

Referring to the recent "Battle of the Ports" Anthony Eden in his radio address extolled the bravery and unexampled self sacrifice of our British soldiers, sailors and airmen who felt that their comrades might live, said he, "There is an immortal memory. Their spirit must be our banner, their sacrifices our spur."

Those last two sentences should be engraved on the heart of every man, woman and child of the British Empire. To remain unstricken, unspurred, to do our utmost to rally to the side of England and France in every way possible, is to deny the call of justice, righteousness, and faith in God. It is only through fire and tribulation that the soul of man reaches its greatest heights. Today, we who sit at home in safety through the courage and gallantry of our fighting men, have a golden opportunity to prove to the world that we are worthy of the almost superhuman sacrifices which are offered momentarily for us.

Who can deny the guiding hand of a Supreme Being when the Miracle of Mons and the Miracle of Dunkerque are living examples of a greater Presence than that of materialistic paganism headed by Hitler and his hangers-on?

Atheistic voices should be hushed in silence, awed in humble contrition before the spirit of our crusaders for righteousness whose prayers, uttered amidst the hideousness of modern warfare brought salvation to the thousands of allied soldiers, and the timely comforting curtain of fog which miraculously surrounded the fleet at the most critical hour of the great retreat from Belgium during the last few days.

Let us cast aside our cloak of materialism and cultivate a belief in the miraculous. The strength of the spirit is far mightier for good than selfish materialism. Every sage of every age has recognized this simple truth. Warning voices resound daily across the ether and on the written page, voices of our best thinkers who forecast the advance to-traverse the highways of materialism in preference to the humble pathways of the spirit even though they be thorny and less pleasant to the senses.

A call has come to all Canadians from the Red Cross for blankets for Refugees arriving in England! This request should be filled a thousand times over and above the objective, if we allowed ourselves to be influenced by the soul stirring example set us by our fighting men. What is the cost of one blanket compared with the sufferings of those valiant souls who surrendered their all to stem the advance of an army of diabolical tyrants.

Oh men and women of Canada, awake from your self centered smugness! Cannot you realize that the future is none too safe for your homes and your families because of the spirit of Cain which abounds the theory, "Am I my brother's keeper?"

Yours in service, War Work Westmount Women's Club.

Mrs. Harold Mills, Pres., Miss Sophy L. Elliott, Rec. Secy.

Rifle Training Urged By Westmount Women's Club

Recommending that women's auxiliaries similar to those in England and France be formed here in affiliation with men's military units, a letter was forwarded to Prime Minister Mackenzie King by the Westmount Women's Club on Saturday afternoon.

The letter expressed the willingness of members of the club to undergo training in rifle practice, shooting and other activities which are not now being carried out by women's organizations. The activities would be in addition to sewing, knitting and Red Cross work now being carried out.

The letter follows a survey of the situation conducted by the club. Its contents follow:

Dear Mr. Prime Minister: We have noted with profound relief and gratitude that the Montreal Board of Trade is urging the government at Ottawa to accelerate action in war production industries and round up the Fifth Column and sabotage treachery which at the moment is menacing our country's safety.

As loyal British subjects, we would like at this time to express our thoughts with reference to our lack of organization from a woman's point of view.

Beyond the routine work of Red Cross sewing, knitting and canteen work, etc., nothing has been attempted in Montreal to harness the women power of this great metropolis.

In England, France and elsewhere, women's auxiliaries have been formed in affiliation with men's military units (many of the auxiliaries in England especially have been started even before the Great War) which to-day are operating with outstanding success in relieving men of many duties which they otherwise would have to perform to the detriment of the war program.

We have hundreds of healthy, athletic women in Montreal who are keen to serve the empire, and who can do nothing under present conditions to protect their country, homes and families if necessary, because of lack of regular training.

In the pioneer days of New

Canada women knew well how to handle firearms; in fact, according to the edict of New France, all males and females over 14 years of age were obliged to carry on in case of Indian invasion. History reveals how, not once but many times, our pioneer women saved the day through their ability to handle a rifle and shoot straight.

If women are willing to offer their services in this matter we feel that something should be done to further the cause by giving them all the aid required. We would suggest women's units organized in squads and platoons according to military regulations, with ex-servicemen to act as instructors. Some of our wealthy women or men might be persuaded to donate the rifles, and the problem of practice quarters could perhaps be solved by our local armory.

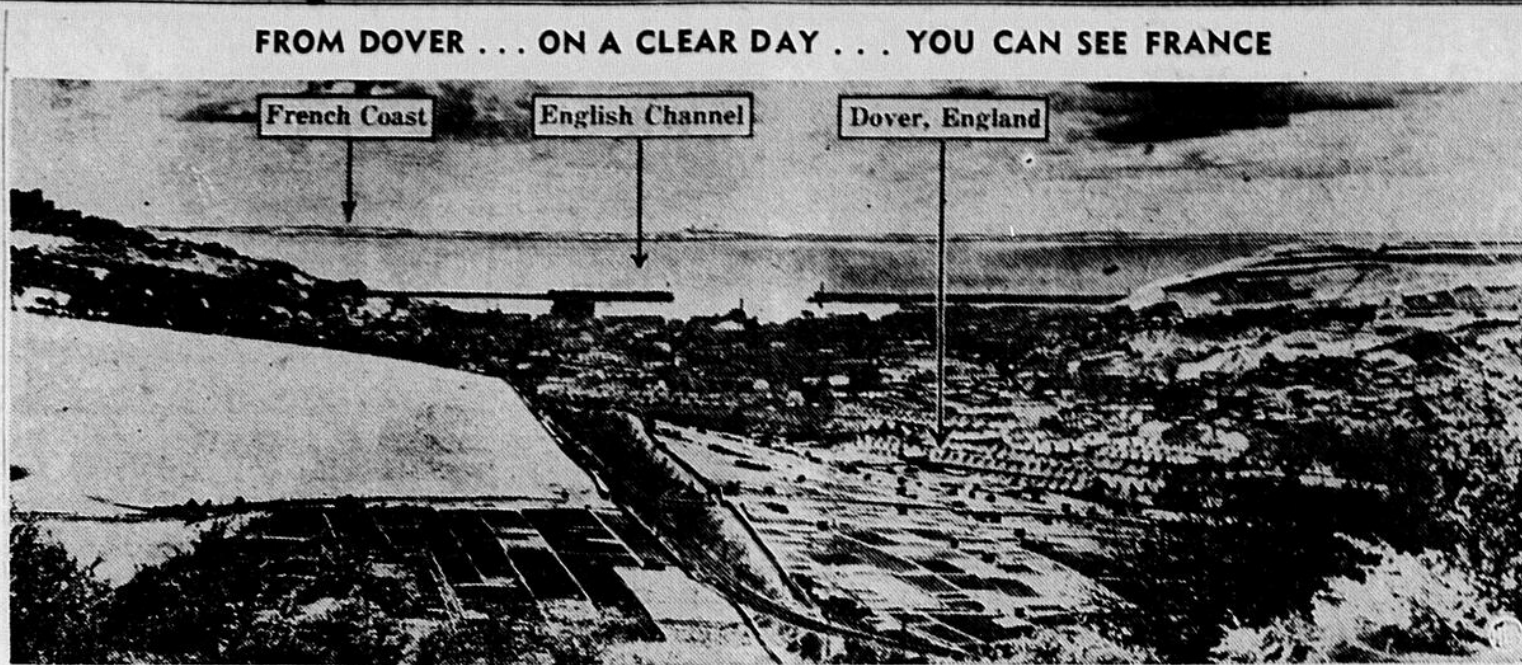

Our idea is not to call on the leisure class only. Let us summon all the women who wish to serve our empire which is so terribly and treacherously threatened, and whose sons are fighting so gallantly and unselfishly at this very moment to save our faith, our independence, and our homes.

In conclusion, we women wish it to be clearly understood that we do not in any way intend to be an expense to the Government. Should it be necessary for us to wear uniforms then it will be each woman's duty to supply her own outfit. Our desire is to be an asset to the empire, not a liability. We offer our strength and our brains to aid our men to fight and overcome the enemy, and we bring our talents, whatever they may be, freely and willingly, proud to be given the opportunity to help rid the world of the inhuman practices of Nazi origin.

Each and every woman who attaches herself to this organization must be a British subject of unquestionable loyalty to the British Empire and all it represents. No alien or British-born woman married to a foreigner is to be included in our ranks, of families of foreign extraction who may have been born within the British Empire.

This protection will aid in the efforts to prevent any subversive underhand treachery which might rebound to the detriment of our British Commonwealth of Nations. Our motto is primarily voluntary service, no prize bonuses in money or other forms are to be permitted within the boundaries of our activities, which include the production of our freedom, our faith, no matter what creed and our empire.

FAMED AUTHOR PAID TRIBUTE BY RESIDENT

Sunday is Anniversary of Death of Charles Dickens — Strength of Characters Recalled

With Sunday the memorial of the death of Charles Dickens, the following tribute to the famed author, submitted by Miss P. Harvey-Jelke, 4458 Western avenue, is of particular interest:

A Great Favourite

As we draw near again to the anniversary of Dickens death, we cannot help but renew in our minds our admiration for that great author who could portray such realism, and whose comic and tragic characters have so influenced us.

He was a great writer, a keen observer, and a skilled reporter. Around each of his immortal characters he sets incidents of every day life. He describes their appearance and peculiarities in such a way so as to make them stand out as living persons. Do we not know people who resemble Mr. Micawber, Montague Tigg, or Uriah Heep? They have become types to us.

Tourists clamour to visit the homes of acclaimed authors, but with Dickens, the author is forgotten due to the strength of the characters he portrayed. We visit the school where Oliver Twist was so cruelly treated, or the old Tavern where Martin Chuzzlewit so often spent the night, and when

we see London Bridge we wonder how many nights Bill Sykes lurked in that district.

As for scenic beauty, Dickens is superb! By a few words he can paint for us pictures of unforgettable beauty. The storm in David Copperfield is an example of his exceptional art, and of its great force.

So when the ninth of June comes, let us all join in with a toast to the immortal Dickens, whose magnificent works will never grow old!

Conditions prevailing in Canada at the time of the survey were found to be alarming in many areas. Great inequalities were very evident, for no special provisions had been made to foster children with talents. These facts were reported to the Rowell Commission.

Miss Norris has also the distinction of being one of the two Canadian directors on the World Federation of Education Associations, whose aim is to create a better feeling between nations through School Teachers and to co-operate in educational circles. Miss Norris is also the first woman to represent Canada on this Federation.

Last summer when the regional conference of the World Federation of Education Associations was held in South America and aboard the S.S. Rotterdam, at which more than 350 delegates were present, these educational leaders were shown the various methods of teaching and the

FEMININE FACTS AND FANCIES

by MARGARET BARDEN

Miss Jessie Norris

The only woman teacher ever to be elected president of the Canadian Teachers Federation, Miss Jessie Norris, teacher at Montreal West High School, has played an important part in educational circles in Montreal. Prior to being elected president of the Federation, Miss Norris also served a term as vice-president.

Formed more than 20 years ago, the Canadian Teachers Federation has a membership of over 33,000, and is open to all Canadian teachers.

Former president of the Suburban Montreal Teachers Association, Miss Norris is now secretary of the Coteau St. Pierre Protestant Teachers' Association. At one time, the schools of the west end of Montreal came under the jurisdiction of the Coteau St. Pierre Board, but were later transferred to the Montreal School Board. Montreal West High School is still operated under Coteau St. Pierre.

Miss Norris took an active part in the forming of Gatineau Valley, Huntingdon County and La Chute Teachers' Associations, which organizations are under the Provincial Board. She has also worked on many committees for the improvement of conditions for teachers of elementary grades. She was chairman of a special committee formed to revise the constitution of the Provincial Association of Protestant Teachers.

She was one of a committee of three chosen to present the cause of Canadian Education before the Rowell (later the Sirois) Commission at Ottawa in 1938, when a survey was conducted in regard to curricula and teachers training. She was also instrumental in securing a meeting of Department heads, university professors and various leaders of Schools of Education for the discussion of educational statistics in Canada. This meeting was conducted under Government supervision, with government education inspectors attending the session.

The members of this session met to consider the equal educational opportunities for all Canadians, and also of facilities available for children with special aptitudes such as music, academic and technical education.

Conditions prevailing in Canada at the time of the survey were found to be alarming in many areas. Great inequalities were very evident, for no special provisions had been made to foster children with talents. These facts were reported to the Rowell Commission.

Miss Norris has also the distinction of being one of the two Canadian directors on the World Federation of Education Associations, whose aim is to create a better feeling between nations through School Teachers and to co-operate in educational circles. Miss Norris is also the first woman to represent Canada on this Federation.

Last summer when the regional conference of the World Federation of Education Associations was held in South America and aboard the S.S. Rotterdam, at which more than 350 delegates were present, these educational leaders were shown the various methods of teaching and the

schools of every important city in South America.

In many of the Spanish American cities, all schools are controlled by the government, but women hold important principalships. Schools in these cities are very modern, while in the interior of the country, very little attention is paid to education. "Pan-Americanism" receives a great deal of attention and is being fostered in all schools.

In 1938, Miss Norris was one of the four Canadian teachers, to be entertained by the Japanese Government for almost 10 weeks. Two women from Vancouver, one from Toronto and one from Ottawa or Montreal, at the recommendation of the School Board, were invited to tour Japan, as guests of the Government. The trip was sponsored by the Japanese Department of Railways.

One of the things Miss Norris noticed while in Japan was the fact that schools emphasized the necessity of gymnastics. In speaking of this Miss Norris said that without a doubt the most modern gyms she has ever seen are in Tokyo. This has been brought about because of the high mortality in that country. The life expectancy of a Japanese man is 44 years while that of a woman is 46. On the whole she found the people of the country very courteous and extremely clean in personal habits.

Representing the teachers of Coteau St. Pierre on the Provincial Association of Protestant Teachers, Miss Norris is now serving on the Salary Committee of the Montreal women teachers, their qualifications and their teaching methods.

It is a well known fact that salaries paid to women teachers in the Province of Quebec are disgraceful, Miss Norris said. They cannot be compared with any other province in Canada. It is also the opinion of Miss Norris that it is the lack of technical training in Montreal Schools that is largely responsible for the number of unemployed "white collar men." These men and in many cases women too, were employed in offices, when they might have been better suited at a trade. There has always been a scarcity of trained technicians in this city.

Miss Norris, born in Granby of English and Scottish extraction, was educated at the Granby High School, MacDonald College and McGill University, she started teaching in the West End shortly after her graduation. She has always taught under the Coteau St. Pierre Board. At the present time she is teaching grade 11, specializing in English.

PUPILS WILL GIVE RECITAL ON SATURDAY

McGill Conservatorium Piano Classes in Local Schools to be Heard

McGill Conservatorium piano classes in Westmount schools, under the direction of Miss Irene Nichols, L.R.S.M., London, will present a recital in Westmount High School on Saturday at 7.30 p.m.

Howard Graffey will act as master of ceremonies and two children from the School for Crippled Children will be guest artists.

An interesting feature of the program will be a routine class lesson in which Miss Nichols will demonstrate the manner in which she teaches an unfamiliar melody by rote to a class of six year old beginners.

This demonstration will be for the purpose of impressing upon the audience that the study of music should be approached first through the ear as the growth of musical appreciation depends on listening first and the introduction to technical side of music follows afterward.

Among the children appearing on the program are: Howard Graffey, Barbara Miller, Ann Rubenstein, Charlotte, Alex and Ann McLeod, Grace Hogg, David Torrey, Mary Thibault, Lindsay Graham, Catherine Chadwick, Esther Pierce, Joan Macaulay, Barbara Chambers, Tommy Woodford-Smith, Carol Mackenzie, Robin Matheson, Donald Burwash, Donald Ross, Grant Hunt, Elaine Fisher, Aileen Kearney, Joyce McCoubrey, David Johnson, Paul Webb, Nancy Webster, Maxine Lightstone, Barbara Jones, Christopher Pitt, Robert Chambers, Martin Kirsh, Margaret Reynard, Yvette Mathieu, Diane Findlay, Joan Palmer, Joan Wright, Anne Robertson, Helene Reusing, Pamela Smart, Donald Grant, Mary Campbell, Teddy Tilden, Laurie Hutchison, Peter Crowe, Michael Tucker, Lindsay Graham, Richard Hamilton, David Claxton, Colleen Fitzpatrick, Margaret Reynard and Yvette Mathieu, the latter two from the School for Crippled Children.

Pupils To Give Piano Recital

A piano recital by pupils of Viola L. Benson will take place Saturday afternoon, at 3 o'clock in Tudor Hall, Jas. A. Ogilvy's Ltd.

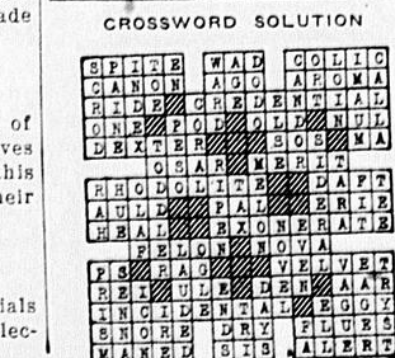

The program consists of solos and duets in which the following young students ranging from 6 to 13 years of age will be heard: Judith Chiff, Barbara Bartram, Richard Holmes, Dorothy Hagberg, Carol Price, Edward Hague, Ann Gardner, Audrey Chiff, Nancy Chiff, Joan Stafford, Edith Aston, Betty Aston, Mary Miner, June Thompson, Chiff Walton, Janice Jaques, Lillian Morrison, Robert Joss and Gwen Richardson.

CROSSWORD SOLUTION

CHURCH LEADER WILL PREACH

Rev. J. H. Rushbrooke, D.D., to Conduct Service At Westmount Baptist Church

On Sunday morning, Rev. J. H. Rushbrooke, D.D., LL.D., President of the Baptist World Alliance will address the congregation in Westmount Baptist Church. For fully thirty-five years Dr. Rushbrooke has invested his manifold gifts of head, heart and hand in the work of the Alliance, and under his leadership, it has grown to be a world fellowship of some twelve million Baptists out of "every kindred, and tongue, and people and nation".

It was also under his direction that the Alliance Assembly meeting in Berlin in 1934 dared, at the very heart of Nazism, by a courageously carried resolution, to challenge the basic tenets of totalitarianism and to proclaim afresh Baptists' unswerving devotion to the principles of religious freedom for all, Protestant, Catholic, Jew, for which principle the Baptist had struggled and suffered and died.

It was also under his guidance that there came together last year in Atlanta, Georgia, the largest Protestant assembly ever held on this continent. Some of the sessions of that Congress of Witness saw an attendance of fully sixty thousand people and it was at those gatherings that Dr. Rushbrooke was unanimously elevated to the Presidency.

In his consistent struggle to secure religious freedom for oppressed peoples, Dr. Rushbrooke has interviewed kings, presidents and statesmen. This distinguished minister of Christ is to address the fifty-second assembly of the Baptist Convention of Ontario and Quebec, which will be held in First Baptist Church, Ottawa, from June 10th to 14th and which will be officially opened by the Hon. Albert Matthews, Lieut. Governor of Ontario.

New Fitting Eliminates Embarrassing Moments

For many years the Home Owner has taken for granted that the sound of running water after the water closet was flushed was just one of those things which had to be put up with unless he was prepared to spend a lot of money to replace the whole closet combination with one of the modern one piece outfits.

The fact that water running in a brook or over a water fall makes a certain amount of noise even if in such cases the sound is not unpleasant and that upon opening a tap, especially with a high water pressure, a decidedly unpleasant sound resulted, tended to prove that running water was always noisy.

Plumbers generally have worked on this problem for years. Many pressure regulating valves have been installed to try and eliminate the noise from the water closet. The sound is telegraphed throughout the house and everyone is embarrassed.

After working on this problem for many years John Watson & Company, 1359 Greene avenue, have developed a fitting for your present closet tank which will eliminate practically all sound when the tank is filling. By balancing inlet and discharge into the tank quietness has been obtained which was not possible with the old style ball valve. Irrespective of whether you have a high water pressure or a low water pressure the Watson Water Closet Silencer will stop those embarrassing moments. The Silencer is unconditionally guaranteed for one year.

Many of these Silencers have been installed for Architects, Contractors, Builders and private individuals, all of whom have found them very satisfactory and have expressed their appreciation of the quietness obtained after the Silencer had been adjusted to suit the conditions in their own home.

NEWS OF THE THEATRE WORLD

THEATRICAL
ATTRACTIONSBing Crosby, Lamour
And Hope At Monkland

The new travel trend to sojourns in the South Seas has its motion picture counterpart in "Road to Singapore," the sports film which is now playing at the Monkland United Theatre until Saturday, with Bing Crosby, Bob Hope and Dorothy Lamour in the leading roles, seconded by Charles Coburn, Judith Barrett, Anthony Quinn and Jerry Colonna, the redoubtable Professor of Hope's Pepsodent show.

The Dean of the Kraft Music Hall, and his old pal, Bob Hope, are reported to be in their finest form in this picture. They sing, they clown, they go to town, they

get into brawls, and they look over the native girls, all to the accompaniment of at least five new hit songs as sung by Bing and Miss Lamour.

The story provided for the pair and Miss Lamour starts with Bing and Bob disposing of several romantic entanglements by indulging in a little game of "Party-cake," clapping hands gaily then socking the guy. Then they get away from his, Bing's father—Charles Coburn—by the simple process of starting a riot at the engagement party at which Bing's fiancée, Miss Barrett, is announcing the betrothal.

RECKLESS LOVE!

Spencer Tracy and Hedy Lamarr as they are co-starred in "I Take This Woman," now playing at the Westmount United Theatre.

ACTION! ADVENTURE! THRILLS!

As the siren of the Sazerac Cafe Miriam Hopkins has both Randolph Scott and Errol Flynn vying for her charms in "Virginia City," coming to the York United Theatre this Saturday.

STUDENT ACTORS

More than half the 600 students of Knox College, Galesburg, Ill., will see themselves in background scenes of Paramount's "Those Were the Days (At Good Old Siwash)," college story filmed on location at the Knox campus.

Deanna Durbin seldom carries any money with her. "I'd hate to think what I'd do if my car ran out of gas some day," she says.

FAMED CONDUCTOR ON FILM

John Scott Trotter was signed at Paramount Studio recently to arrange and conduct songs written by Johnny Burke and James V. Monaco for "Rhythm on the River," forthcoming Bing Crosby Mary Martin and Basil Rathbone starring comedy. He has worked with Crosby on disc and air songs for four years. This is his first film.

SUCCESSFUL

Although he is still only in his thirties, Jack Moss, as Gary Cooper's manager, manoeuvred Cooper into the top ranks of Hollywood stardom; Henry Hathaway into the top ranks of directors, and now is turning to producing. His first pictures is "The Biscuit Eater," with Billy Lee.

CAMPER USE COACHES

Railways of England will rent coaches placed on sidings to campers.

"SWISS FAMILY ROBINSON"

A scene from the film "Swiss Family Robinson" starring Terry Kilburn, Edna Best and Thomas Mitchell, which opens Sunday at the Monkland United Theatre for a three day engagement.

EDGAR WALLACE BARES '5th COLUMN'

Lovely Anna Lee appears in a scene from the exciting Edgar Wallace story "Four Just Men," which brings to the screen Britain's fight against Nazi "Fifth Column" activities. This feature, first run in Montreal, is now in its second week at the Snowdon United Theatre.

DOUBLE FEATURE AT
THE BELMONT PARK

A double-header of outstanding entertainment value will be offered at Belmont Park Saturday and Sunday, at both the 5 p.m. and the 11 p.m. performances. This double feature brings together two feminine trapeze artists... each a queen in her own rights. Winifred Colleano who is still thrilling capacity audiences for a third week at Belmont Park has proven, beyond doubt, her right to the title of "The World's Premier aerialist". The thousands who have already seen her have been amazed by her daring stunts on a swaying trapeze, featuring a somersault

twist catching herself on the swing by her heels. Miss Janet May, holds the world's record for endurance with one-arm "sawing-overs," established at Luna Park about six years ago. Moreover Miss May performs many daring balancing stunts on a swaying rigging. Thus patrons who visit Belmont Park over the week-end are promised a succession of thrills seldom before duplicated at any one time in any one Fairground. Make plans now to visit Belmont Park where there is entertainment for young and old alike and where picnic facilities are provided for the comfort and welfare of all.

ACCOMPLISHED ARTIST

Patricia Morison, Paramount's newest glamour girl, studied art in London, Paris and New York, becoming quite accomplished, before beginning a study of the stage which eventually brought her to Hollywood and her first starring role in Paramount's "Untamed," Technicolor drama of the north woods, in which she shares the leads with Ray Milland and Akim Tamiroff.

At Belmont Park

Janet May, holder of the world's endurance record for one-arm "Swing-Over," who makes her debut at Belmont Park on Saturday.

Laughton Goes
Incog, Appears
Sans Makeup

The screen paradox of the year is that of Charles Laughton, who wears absolutely no makeup in his newest picture, "Sawdust and Dreams." Laughton, who has before during his long and varied career!

C. L.'s decision to appear virtually "as is" in his new Paramount film with Vivien Leigh was reached after careful study of the role with his producer, Erich Pommer, and director, Tim Whelan. The three men finally agreed that to play a "busker," a London street entertainer who clowns, sings and dances for pennies thrown him by passing crowds, Laughton would look realistic without all the wigs, artificial moustaches, false facial markings and elaborate raiment that have characterized the first actor of the screen in his previous portrayals.

"It's easy to see why I look anything but 'traditional Laughton' in my latest," says the star. "People are so used to seeing me in all the trimmings of 'Henry VIII' and 'Jamaica Inn' that they don't recognize me incognito. I appear as strange to them as Bernard Shaw without his whiskers."

Laughton points out that one of the advantages of this state of affairs is that the actor is not usually accosted by his fans in public places. They simply don't recognize him in the "flesh!" "Sawdust and Dreams," which is scheduled for its local opening next Sunday at the Westmount United Theatre, not only hands Laughton one of his most unusual roles, but presents Miss Leigh, the Scarlett O'Hara of "Gone With the Wind," as a person quite different from the fan's mental picture of her. She plays "Libby," a fiery, flirtatious, scrappy girl "busker," who fights her way from the backstreets to become the toast of the London show world. It's her first modern role since the college widow in "A Yank at Oxford."

Other popular English players cast in Clemence Dane's original story of the London theatre world are Rex Harrison, who plays a handsome young songwriter and a sweetheart of Miss Leigh's, Tyrone Guthrie, another "busker," and Larry Adler.

RECORDS PERFECTLY
According to Paramount technicians, Gladys George, who shares leading honors in "The Way of All Flesh" with Akim Tamiroff, has one of the most perfect voices in the films.

EMPLOYEES BALKED
Paramount's employees, usually quite amenable when requests by the studio to allow use of their names in films, balked at one scene in "A Date with Destiny." The names were needed for tombstones in a graveyard.

NATS WIN TWO AND LOSE ONE IN SNOWDON SENIOR GAMES; ADANACS TAKE 5-4 VICTORY

Nats took two wins over Westmount in a double-header of the Snowdon Senior loop and dropped one to Adanacs in last week-end's games. In the first match of the doubleheader Nats out-hit Westmount 19 to 12. For Nats Donn with five hits Ashley and Hutchins with three hits each led the batters. Schratz played well in the field and got two hits in four trips to the plate.

In the second game Nats easily won 13-2 behind the combined pitching of Donn and Tuckwood. Daniels and Johnny Donn were the big guns for the Nats each securing four hits. Dalzelle secured a circuit clout for the losers.

Adanacs defeated Nats 5-4 cutting short a Nat rally in the last inning which fell a tally short.

Newey on the hill for the Adanacs allowed five hits and struck out nine. Donn, who relieved Tuckwood in the third, after the latter was injured, was charged with his initial loss of the season. The box scores.

DELIGHTFUL SCENE IN LAURENTIAN PLAYGROUND

There is health, rest and relaxation to be found in the many popular resorts in the Laurentian mountains like the one pictured above.

Find Sanctuary of Peace, Quiet In The Laurentians

Forest-ringed lakes with mountain backgrounds call to holiday pleasures in the Laurentians. Here, not far from rushing cities, lies a sanctuary of peace and quiet for those who desire it, and strenuous activity for those who think of vacation in terms of sport. Perhaps it is because the Laurentians offer a vacation of rest or activity that they lure both young and old.

Here, in the New World is a glimpse of the old, for the villages are not unlike those in Old France with their neat white houses and their glistening church spires, while the cooking is worthy of the chefs of Europe. The peoples of the Laurentians are well versed in the art of hospitality. Whether the accommodation required is luxurious or simple, the wants of the tourist can be met. Golf invites its devotees. The wooded lakes offer swimming in waters that are not too cold for the least courage-

The SPORTSCASTER

By MACK

Last week was a tragic one for the Westmount Pascal's as they dropped their only two scheduled games. Weak pitching and sloppy fielding are the main reasons why this team is down where it is.

In the first game on Sunday the Pascal's were out-hit 20 to 13 and their poor fielding netted them a total of 13 errors, which is certainly enough to lose five ball games. Dickie Hunter started in the box for the losers and before he could get a man out five runs were across the plate. He pitched to seven men before he was taken out in favor of "Smoky" Halpern, who lost only four more innings. The Pascal's came back in the first to start a small rally of their own. Bert Dalzell reached

first when the catcher dropped the ball on the third strike, and then Desse Browne hit a home run down the third base line to put the team only four runs behind. The next inning for the Nats was as bad as the first as they scored four more runs, when Donn hit a single with the bases loaded and scored himself when Willock and Loftus dropped the ball on two successive tries. Things were looking up in the third as "Smoky" retired the side in order. The next inning the Nats scored one run in the fifth and four more before the three men were out. In the final frames they made two to bring their total to 18. The best on the Pascal team were Desse Browne and Bert Dalzell with three hits apiece and Don Maher and Ted Price with two. Cameron, O. Dalzell and Brennan collected the others. Ashley and Donn were the big guns for the winners with 4 for 5 and 5 for 6 respectively.

Tuesday's game, also with the Nats, started where the other one finished. Collecting 4 runs in the first and four in the third, the Nats were well away to another victory. The visitors gained one in the second and one in the third, which closed their scoring for the day. A single by Price, and a passed ball, advancing him to third, allowed him to cross the plate on Bill Willock's single. Bert Dalzell scored their only other run when he slammed out a long home run in the next frame. The feature of this game was Rolfe Loftus' two singles in three trips to the plate. Incidentally his first two of the season.

The rain washed out the opening of the Municipal League on Monday. The opening game was played last night.

The Westmount Grads started the season on the right foot as they beat the Swans by the score of 13-9. McColl Gory and Harvey Fee and Bill Booth were the mainstay of the team with two hits apiece. Hunter, Meikle, Ostiguy and Cameron collected the other hits. John Ostiguy pinch batted for Cameron in the sixth and singled in two runs. Dick Hunter was batted out of the box in the south and was replaced by John Cronin. John Thornbur, centre fielder for the Swans batted in six runs with two triples and a single. The inexperience of the Swans showed in the evening's tilt as eight errors were made by the third batsman and shortstop alone.

REASON FOR IT

The first thing that William Boyd taught his horse, Topper, to do was stand perfectly still without flinching when under fire. In one scene for the Hopalong Cassidy picture, "Hidden Gold," Topper failed to observe the rule. When he continually flinched, investigation revealed the fact that a bee was stinging him on one of his forelegs.
