## CANDIDATES OUTLINED POLICIES AT NOMINATION DAY GATHERING

Harold Lynch Officially Named to Oppose Charles B. Howard in Sherbrooke County—Unemployment, Butter Imports, Tax and Debt Reductions Received Attention from Speakers—Crowd Orderly.

WALTER Harold Lynch, advocate of Sherbrooke, was officially nominated to contest Sherbrooke County in the interests of Conservative party against Charles B. Howard, the former Liberal member, in the coming Federal elections at the nomination meeting held in the City Hall yesterday afternoon.

After the returning officer, Eugene F. Olivier, had declared the nominations closed, a public meeting was held at which both candidates and their supporters addressed the gathering which crowded the large hall on the merits of their respective parties and the demerits of their opponents. Messrs. Forrest McClung and Joseph Labrecque acted as joint chairmen.

After thanking the electors for their support during the past five years, Mr. Howard opened the defence of the Liberal administration by declaring that conditions made it unfair to compare the Conservative government of MacDonald and Cartier to the Liberal regime of King and Lapointe. The comparison, he said, should be made between the King-Lapointe and the Meighen governments.

"What did the Meighen-Bennett government do for the people of Canada?" Mr. Howard asked, answering his own question with the words "absolutely nothing." The King government on the other hand, he said, was a government of action, not promises, and had made Canada's commercial condition better than that of any other nation in the world. Canada, he declared, had the largest per capita exports of any nation in the world.

The Conservatives, he declared, proposed to remedy the alleged unemployment by raising the tariff. Addressing Mr. Lynch, he asked, "On which of the twelve hundred items of the tariff do you propose to raise the duties, on textiles, on leather or on what?"

Going back to the history of the Conservative government of Sir Robert Borden, which was swept into power in 1911, Mr. Howard declared that in 1913 Canada was on the verge of bankruptcy and its population was leaving the country in large numbers to seek a living in the United States, in spite of the much heralded protective policy of that time.

Conditions in the New England States and Eastern Canada during the past ten years were compared to prove that the tariff was the cause of industrial ill in the United States, where the highest protective tariff in the world is in force. Mr. Howard claimed many of the cotton mills are closed, while the remainder are on the verge of bankruptcy and the population of New England States has dropped from ten million to six million in the course of ten years. Cities like Fall River, he said, were nearly extinct.

Under the Mackenzie King administration, however, there was not a community in Eastern Canada that had not shown substantial growth during the past ten years, the principal ones to benefit being the textile centers of the province of Quebec, according to Mr. Howard.

While unemployment was characterized as world wide, over a million being out of work in England and five million in the United States, the speaker declared that it had not affected Canada to any appreciable extent.

Coming down to local conditions, Mr. Howard stated that the Rusts Mines were running at full blast, many of the employees being Canadians who had found it impossible to make a living in the United States. The Julius Kayser Company, which employed two hundred in 1925, the Canadian Silk Products now found work for 500 persons, while the Paton Manufacturing, which was supposed to have been one of the hardest hit, had 270 names on the pay sheet.

Should the trade treaties now in effect be abolished, he said, at least four hundred of these persons would be laid off, as a great part of this production went to foreign markets.

## NAVAL TREATY IS SANCTIONED BY WASHINGTON

No Change Made in Draft as Signed Recently in London—Vote Yesterday Was 58 to 9.

WASHINGTON, July 22.—Without changing a single word in the draft as signed in London by the American delegates, the Senate yesterday afternoon by a vote of 58 to 9 ratified the London naval treaty. There was one reservation but it did not in any way change the treaty, as it came to the Senate from the hands of President Hoover. This was the Norris reservation with the objectionable "wherewith" eliminated. The reservation stipulated that, in ratifying the treaty, the Senate did so with the "distinct understanding" that there were no secret documents or agreements in existence which, directly or indirectly, changed in any respect the provisions of the pact as submitted by the President for ratification. The President has stated there are no such committees in existence, and the Senate took the position there was no harm done either way when it passed the amended Norris proposition.

The final day of the treaty fight found seventy of the ninety-five members of the Senate in their seats, of whom fifty-eight were for the treaty and twenty-one in opposition. Three of the latter not figuring because of pairs on the record vote. There was never any doubt of the overwhelming majority in favor of ratification. The pro-treaty lines held like a stone wall, and even those who in Woodrow Wilson's time had fought the League of Nations, refused to vote for a reservation submitted by Senator Johnson, which would have rendered the treaty null and void in the event the United States entered the League of Nations or became a member of the World Court. Even some of the friends of the treaty smiled when Senator Borah voted "no" on this reservation.

There were just three last minute switches in the line-up. Senator Thomas of Oklahoma, returned to the treaty camp while Walter of Massachusetts and Pine of Oklahoma, who had been listed for the treaty, joined the opposition and voted against the resolution of ratification.

Thirteen reservations were defeated, the only one that commanded more than nine recorded votes being that of Senator Walsh, of Massachusetts, which would have added to the resolution of ratification a declaration that the policy of the United States would be to build a navy of the maximum strength provided for in the treaty. The defeat of this reservation changed Mr. Walsh's vote, who expressed his opposition.

## PRIME MINISTER DECLARED CIVIL SERVANTS WILL BE LOOKED AFTER

Workers Who Fear They May Find Their Employment Gone When Interior Department Relinquishes Many of Its Activities Because of Return of Natural Resources to Western Provinces Have Little Cause for Apprehension, According to Premier King.

OTTAWA, July 22.—After a brief stay at home Premier Mackenzie King will leave early this afternoon on his final campaign drive. As announced earlier the Prime Minister will devote almost the entire week to Ontario. Last night he addressed a monster meeting here, and today he leaves for Montreal, where he is to speak again. The Montreal meeting is, however, the only one in Quebec province. From Montreal Mr. King will go to Chesham, Ont., for a meeting on Wednesday night, and from Chesham he will proceed to Tilbury and Stratford, where meetings are scheduled for Thursday afternoon and evening. Friday will find him in Cornwall for a night meeting, and he will wind up the campaign with an address from his home here to be broadcast all over Canada on Saturday night.

Ottawa turned out in force last night to listen to the Prime Minister. The Auditorium, in which many hockey struggles have taken place, was the mecca for thousands who crowded into the great building, filling all available space. Outside, it was announced, there were some three thousand persons unable to gain admission. The Prime Minister's message was carried by radio far beyond the walls of the building in which he spoke to the ears of an invisible audience.

## CONFERENCE CALLED TO STUDY COAL SITUATION

Plans to Increase Use of Coal and Restore Prosperity of British Columbia Coal Mining Districts Will Be Considered.

VICTORIA, B.C., July 22.—In an effort to put the coal mining industry of British Columbia on its feet, Hon. W. A. McKenzie, Minister of Mines, has asked coal operators, miners, railway officials and business men to meet for a two-day conference, commencing on August 7th.

Plans to increase the use of coal and restore the prosperity of coal mining districts will be considered by the meeting.

## DAIRY MARKET AND TARIFF ARE AGAIN DEBATED

F. E. M. Robinson, President National Dairy Council of Canada, Says He Believes that Both Political Parties Want to Put Butter Tariff at Level Which Would Be of Greatest Assistance to Industry.

MONTREAL, July 22.—The whole dairy industry would receive with relief an assurance from both political parties that the industry would be consulted in all cases where tariff changes affecting it were contemplated, said F. E. M. Robinson, president of the National Dairy Council of Canada, in an interview on his return from Europe.

Mr. Robinson further stated that the political parties desired to fix the butter tariff at that level which would do the industry the most good. The precise point might vary from time to time, and in any event could only be determined by those thoroughly familiar with the industry.

Too low a tariff would lead to excessive imports, continued Mr. Robinson, most of such trade coming from countries in the southern hemisphere, where the seasons are just the reverse of the Dominion. On the other hand, said Mr. Robinson, if the tariff were to be fixed at too high a point, the effect would be to draw heavily on the supply of milk normally devoted to cheese making and to produce a surplus of butter for export at all seasons within a short time, whereupon the benefit of the tariff would be lost to the industry.

At a hearing before the Tariff Board last January, Mr. Robinson, representing the dairy industry in Canada, asked for a minimum tariff of four cents per pound on butter from Australia and New Zealand, which request was granted in the Dunning budget.

## INCREASE PRICE OF NEWS-PAPERS

SYDNEY, N.S.W., July 22.—Owing to increase in cost of production caused by new taxation imposed by the Australian Commonwealth Government the daily newspapers in this city have increased their price from one penny to three half pence. The increase will take effect August 4th.

## HIS RETREAT AND REST DID NOT BRING WISDOM.

No man can light the fires of prejudice without burning himself. The Hon. L. A. Taschereau, of Quebec, was given a reputation for political sagacity in his knowing the sharp line of difference between Federal and Provincial affairs.

He was well advised to show the wisdom of Sir Oliver Mowat, the Ontario Premier who never commented upon anything during a Dominion campaign, and who never in his lifetime mixed religion with politics.

Mr. Taschereau is reported to have dragged into his first speech the efforts of the Premier of Saskatchewan to settle and to simplify the expensive school system of that province, where there are forty-one different nationalities and thirty-seven fancy religions. Saskatchewan does not wish to be over-burdened with a high rate of school taxation as are the Eastern provinces.

The Hon. Mackenzie King, whom Mr. Taschereau says is the friend of Quebec, and who has done nothing for Quebec, lives in Saskatchewan. He is the representative of Prince Albert County in the Far North.

Has he made one single complaint about the school system of his adopted province?

Not one!

Did Mr. Taschereau protest when the English Cabinet portfolio in Quebec Province was taken away from us?

He did not.

We live happily together in Quebec, taking no thought of any man's religion. That is his personal affair.

Mr. Taschereau was ill-advised when he made his speech of rancor.

His judgment has descended to the level of a cardinal. Surely he does not wish to be placed on a par with the rotund Lapointe, the shallow Rinfret or the volatile Cannon.

Because some fanatic in one province may go berserk on the rights of each man to rule his own conscience is not the issue in Quebec this year or ever before.

This province is weary of that sort of prejudice.

## LIST OF OFFICIALLY NOMINATED EASTERN TOWNSHIPS CANDIDATES

Senator Tobin Refused Hearing at Nomination Meeting for Richmond-Wolfe at Danville—Other Meetings Generally Orderly—No Last Minute Changes.

NO last minute changes marked the nominations of candidates for the coming Federal elections in the Eastern Townships seats. Sharply at noon, the returning officers in the different constituencies were present at a central place in each riding, where the official nomination papers and the deposits of the candidates were filed. At two o'clock (standard time) when nominations were officially closed, the candidates and their supporters addressed the electors in a series of contradictory meetings.

These were for the most part of an orderly nature. Danville, where the candidates for Richmond-Wolfe were nominated, was an exception. Over 4,000 people gathered to listen to the addresses and the meeting, which was to have been held in the Town Hall, was adjourned to the Fair Grounds to accommodate the crowd.

Hon. Walter Mitchell, Liberal nominee, received an attentive hearing and Dr. Lafleche, Conservative, was made welcome. The doctor, who is suffering from a sore throat only spoke for a few minutes and made way for Senator Tobin, who was supporting Mr. Mitchell.

Then the trouble started. Shouting and cheers broke out and for twenty minutes the veteran member for the counties of Richmond and Wolfe tried to get a hearing, but with no success, and finally resumed his seat.

The list of the candidates nominated in the Eastern Townships ridings yesterday are as follows:

| County              | Liberals            | Conservatives      |
|---------------------|---------------------|--------------------|
| Sherbrooke          | C. B. Howard        | W. H. Lynch        |
| Stanstead           | C. L. Brown         | J. T. Hackett      |
|                     | J. C. Samson (Ind.) |                    |
| Shefford            | P. E. Boivin        | J. E. Tetreault    |
| Richmond-Wolfe      | Hon. W. G. Mitchell | Dr. F. J. Lafleche |
| Compton             | J. E. Letellier     | Sam Gobeil         |
| Brome-Missisquoi    | Hon. F. W. Kay      | Dr. F. H. Pichel   |
| Drummond-Arthabaska | Wilfrid Girouard    | A. Kirouac         |
| Megantic            | Eusebe Roberge      | J. M. Beaudoin     |
| Beauce              | E. Lacroix          | J. L. Jacob        |

## BOTH LEADERS TO BROADCAST FINAL APPEALS

People of Canada Will Be Given Opportunity on Saturday Night of Listening to Both Prime Minister and Conservative Leader.

OTTAWA, Ont., July 22.—The Conservative and Liberal leaders will make their final election appeals over radio on Saturday night. Both Hon. R. B. Bennett and Premier Mackenzie King will be in Ottawa. From 8 to 10 p.m., Eastern Daylight Saving time, the Conservatives will be on the air in a Dominion-wide broadcast of the meeting in the auditorium in this city.

The same nation-wide hook-up will then carry Premier King's reply from 10 till 12 p.m. Eastern Daylight Saving time. Mr. Bennett will follow from 12 midnight to 1 a.m. Daylight Saving time, or 11 p.m. to 12 p.m. Eastern Standard time.

As to which party has received the best allotment on the hook-up depends upon the part of the country the elector is located. When Mr. Bennett concludes his final appeal it will be 11 p.m. in Winnipeg and 9 p.m. in Vancouver, Standard time in those cities.

## TEN WOMEN ARE NOMINATED FOR FEDERAL SEATS

More Women Candidates in Present Election Than Ever Before—Ontario Has Five, Quebec and Saskatchewan Two Each and Manitoba One.

OTTAWA, July 22.—Women candidates will play a greater part in the federal elections than they have ever played before. The last few days have seen the number of women candidates almost doubled. There are now ten of them in the field, three of them—two in Ontario and one in Quebec—bearing the official Liberal standard. Mrs. Kennedy, one of the Ontario women candidates, is the widow of the late Minister of Railways in the first King Government. In Saskatchewan two women candidates represent the new farmer party.

The ten women candidates are divided among four provinces: Quebec, 2; Ontario, 5; Manitoba, 1; Saskatchewan, 2.

Three women were nominated in 1925, four in 1925. Miss Agnes McPhail is the only woman so far elected to the Dominion House. She has sat in three parliaments.

RECTOR HAS RESIGNED

QUEBEC, July 22.—The rector of Trinity Church for the past twelve years, Rev. J. H. Barnes, resigned yesterday and will take up new duties as vicar of St. Peter's Church in Toronto.

## SHIP GOLD FROM UNITED STATES TO THIS COUNTRY

Million Dollars Sent to Canada Yesterday—First Important Shipment of Yellow Metal Across Border Since 1927.

NEW YORK, July 22.—The Canadian Bank of Commerce shipped \$1,000,000 in gold to Canada yesterday, the first important shipment of yellow metal across the border since 1927.

Low money rates in New York, which have kept capital in Canada and a favorable swing in the balance of trade, have combined to keep the Canadian dollar at premium over New York funds. This premium makes the shipment of gold profitable.

## YOUNG BABIES ABANDONED FOR FIFTY DOLLARS

Provincial Detectives Believe They Are on Trail of Highly Organized Band Who Have Been at Work in Various Parts of Province Disposing of Unwanted Babies.

ST. HYACINTHE, Que., July 22.—With one woman arrested, provincial detectives were trying to round up a ring highly-organized in their specialty of abandoning unwanted babies for the small sum of fifty dollars per child. The organization is said to have headquarters in Montreal and its operatives have been depositing their unwanted children of their clients on doorsteps within a radius of one hundred miles of the Metropolis. Twenty babies have been abandoned in Three Rivers, four in Granby and nine in St. Hyacinthe since April 10 last.

Four of the babies found here in St. Hyacinthe have been positively identified by young women employed in a maternity home in Montreal, as having come from that institution. The babies, police say, are secreted from Montreal at night in automobiles and left throughout the small villages on private doorsteps and at the portals of charitable institutions. It is characteristic that the babies are swathed in flannel night gowns and covered with a uniform square of sateen. One of the babies found here July 11, has died since it was found on the doorstep of an orphanage. The name of the woman arrested last week by detective Hector Dorais was not revealed, but it is stated she is out under heavy bail pending further investigations.

FAKE LOTTERY IN NEW YORK

NEW YORK, July 22.—The New York Evening World last night said a "fake Canadian lottery" is flooding the metropolitan area with tickets on the St. Leger stakes, to be run in England on September 10. The paper declares its investigators have failed to find any of those mentioned as having partaken of the \$45,000 advertised as having been divided by the same organization at the Arlington classic in Chicago.

## LIBERALS HAVE NINE SUPPORTERS LESS IN FIELD THAN OPPOSITION

Altogether There Are 545 Candidates Nominated, Twenty More Than in 1926, but Thirty-Seven Less Than in 1925—Women Candidates Number Ten Against Three in 1926 and Four in 1925—New Farmer Party of Saskatchewan Has Nine Candidates—Two Acclamations.

OTTAWA, July 22.—Feeling the high tide of the federal campaign enters the last lap. Hectic meetings, fist fights, persistent hecklers with long lists of questions introduce a lively note. Reports from the old province of Quebec especially tell of snappy campaigning. There, Conservatives are running in sixty-three of the sixty-four contested seats and every member of the King Government has a fight on his hands.

In several counties, nomination meetings ended in fist fights. Rival candidates in Chambly-Vercheres could not even agree on the order of a joint meeting. Both were bombarded with questions. In Quebec contested seats and every member of the King Government has a fight on his hands. In several counties, nomination meetings ended in fist fights. ## ACCIDENTS IN PROVINCE HAVE BEEN NUMEROUS

During First Four Months of Present Year 1,870 Automobile Accidents Occurred—Montreal Had Largest Number, With Quebec Second.

QUEBEC, July 22.—Eighteen hundred and seventy automobile accidents, including thirty-four fatalities, occurred in the province of Quebec during the first four months of 1930, according to an interim report of motor accidents issued this morning by the Provincial Bureau of Revenue. Montreal led the list of motor mishaps with a total of thirteen hundred and fifty-two. Quebec takes second place with two hundred and thirty-two.

Carelessness of the driver is given as the cause of eighty per cent of the accidents reported with greed as the second contributory factor and defective brakes third. Drunkenness was one of the least important causes of accident, only one and a half per cent of the total being traced to this cause. Other factors productive of accidents noted in the report are carelessness of pedestrians, and state of roads, blinding lights and defective accessories.

Cars meeting on the road is the most dangerous part of auto driving as shown by the official report of the movement of the vehicles. Eight hundred and seventy-seven accidents occurred in this manner. Strangely enough a stationary vehicle is a distinct danger on roads and streets, there being no less than one hundred and fifty accidents resulting from collisions with parked cars.

## LARGE SEIZURE OF LIQUOR CARRIED OUT AT ST. JOHN

SAINT JOHN, N.B., July 22.—A large seizure of contraband liquor, six hundred gallons of alcohol and 816 bottles of Scotch whiskey, was made by Saint John customs preventive officers, Alex Crawford, J. C. Berry and C. H. Lynd, in a shed at Big Bay, near St. Andrews, Charlotte County, last night.

The contraband was confiscated and brought here for storage. No arrests were made in the case.

member of Parliament and brother of Lord Northbourne, died yesterday, and as a result another fight on the issue of European tariffs will be staged, this time in the Conservative stronghold of Bromley, Kent. The seat will be challenged by Col. H. V. Combs as an independent candidate with the backing of Lord Beaverbrook and his Empire free trade backers.

TORONTO, July 22.—On the home stretch of his campaign, Hon. R. B. Bennett faces three meetings today. At noon the Conservative chief will address Toronto Conservatives at a luncheon, departing immediately afterwards to keep engagements at Dundas and Kitchener. The speech of the Opposition leader at Kitchener will be in support of Carl Houtmuth, who resigned his seat in the Legislature to oppose Hon. W. D. Euler, Minister of National Revenue.

The Opposition leader, who spoke at Simcoe, Aylmer and St. Thomas yesterday, returned to Toronto in the early hours of morning. His main addresses were at Simcoe and St. Thomas. Prediction of victory for the Conservative party at the polls on Monday next, a sharp reply to remarks of Premier Mackenzie King at Barrie, Ont., on unemployment, and the representatives of Canada at the coming Imperial Conference were features of the remarks Mr. Bennett yesterday as he launched into the seventh and final week of his itinerary. Coupled with these, there were references by the Conservative leader of the "countervailing" duties imposed by the Government on six items out of a total tariff schedule numbering 18,000.

"We are entering into the last week of the campaign," Mr. Bennett declared. "All I can say is that I have never seen such indications of victory for the Conservative party. From British Columbia, he continued, telegraphic advices had just reached him indicating that the same spirit prevailed as was evidenced when he was in the Pacific Coast province in the middle of June. There would be no Liberals returned from Alberta, the Opposition leader forecast. In Saskatchewan, he declared, the Liberal machine was "broken, creaking and trembling." Throughout Canada, he said, the same condition of optimism for the cause of the Conservative party prevailed. And in Quebec, the Conservative leader stated, where the party had the most votes out of seven in a recent Dominion election, the large crowds which gathered at Conservative meetings showed that this province was convinced that the government must be discontinued in office.

"In a speech at Barrie yesterday," Mr. Bennett stated, "Mr. Mackenzie King is reported to have said that he thought Mr. Bennett had deliberately raised the issue of unemployment in order to obscure one of the major issues—Canadian representation at the Imperial Economic Conference. I tell Mr. Mackenzie King that it is the people of Canada who have raised the question of unemployment, and the people of Canada demand that it be dealt with. As I tell Mr. Mackenzie King that he does small honor to his Canadian citizenship when he mocks at the sorrow and the suffering which it was his solemn duty to relieve. He speaks of his love and friendship for the nations of the world, and how this love and friendship will open new markets for us. I would suggest to him that those virtues show to best advantage at home. My party will meet out competitors in friendship, but it will be love for Canada which guides us in our actions. And as for the Imperial Conference, this country will send to it men whose first thought is for their own people, and whose desire is to help their own people while helping the Empire as a whole."

Touching upon countervailing duties, Mr. Bennett said they simply meant that other countries would make the tariff for Canada on those items. He alluded to a reference in the Wall Street Journal to these duties which said in effect that "we do not import any of those articles."

MANY ATTENDED  
LAWN SOCIAL  
AT KNOWLTON

Lawn Social Held on United Church Grounds Was Very Successful — Personals and Newsy Items of General Interest.

KNOWLTON, Que., July 22.—A very successful lawn social was held on the United Church grounds on Tuesday, July 15th, under the auspices of the Ladies' Aid of the United Church. The grounds were attractively decorated with electric lights and Japanese lanterns. Tables were placed on the lawn facing the pond, where refreshments were served, consisting of ice cream, strawberries, cake and coffee.

Special attractions were the candy booth, which was tastefully decorated with flags, flowers and evergreens and held an abundance of home-made candy; the fiddlers, also decorated, where adults, as well as children, tried their luck as fishermen; and the fortune-telling tent, where two gypsies looked skillfully into the future.

The Knowlton Band rendered several selections during the evening, which were much appreciated, and enjoyed by all.

That the social was a decided success was shown by the hearty enjoyment of those present, as well as the actual sum of money obtained.

Mr. and Mrs. H. N. Whitman, of Sherbrooke, were guests of Capt. L. R. Whitman, recently.

Mrs. A. Mizener spent Friday in Montreal.

Mr. Rolf Paintin, of Sherbrooke, was in town, on Thursday.

## Shot from Guns

125 million food cells exploded

That's what makes Puffed Grains crisp... delicious... virtually as nourishing as hot cooked cereals

YOU may have wondered why Puffed Wheat and Puffed Rice are so light and crunchy... so meltingly good to eat.

Here's the secret. They are made by an utterly different process from all other ready-to-eat cereals. Grains of wheat and rice are sealed in bronze guns. The grains are revolved in fiery ovens. In this terrific heat the natural grain moisture in each tiny food cell expands into steam.

When the guns are fired, 125 million explosions occur in each grain. Every tiny food cell is completely broken up. (Just as it would be from long hours of cooking.) Hence every particle of food is completely digestible. This is why Puffed Wheat and Puffed Rice are rated as virtually as nourishing as hot cooked cereals.

When these grains come forth in showers from the guns, they've been puffed to 8 times normal size. They're crisp, fragile, crunchy... deliciously good to eat. They taste like sweet new nutmeats. Like fresh buttered popcorn. You'll say you never before dreamed that wheat and rice could be so meltingly good to eat.

Don't neglect to give your family this more delicious... more richly nourishing cereal. Order Puffed Wheat and Puffed Rice from your grocer today.

Whether we vote and think nationally or sectionally we must consider these things, and vote as Conscience and Belief may direct: First, your country; second, your county; third, your candidate. Do you vote otherwise, you vote on prejudice. For parties and policies change in the passing years.

## THE CRACK OF THE WHIP.

Party discipline might be termed a mixed blessing. It is essential that the Leader of the Government should hold the loyalty of his followers. Quite.

On the other hand there are local and class issues in every constituency, and the representative who is overborne in the caucus must bow to the majority and either absent himself, which is not courageous, or vote against his convictions, which betrays himself or his constituents. Or he may refuse to vote at all, which is a preservative of self-respect.

Forcing representatives to vote at the crack of the party whip is not known in the United States because the President is elected by the national vote, whilst his followers are elected by a sectional vote.

The weakness of the present government lies in the fact that they have not followed the ever-changing public sentiment. They absolutely and positively ignored business and industry. Business men who appeared before the Tariff Advisory Board were listened to. That was all. Their advice was not even considered.

The first quarter of this century saw much propaganda against business. Politicians succeeded in dividing the workmen against their employers, though both had views in common, the success of the business, and the holding of steady jobs.

Business was "taken for a ride" by the politicians, and when business asked for protection it was given a tariff reduction or a rebuff.

Legislation has been aimed, boastfully aimed, against business and vested values. The Massey-Harris Company opened a factory in the United States. Its former president was made the Canadian agent in Washington.

Business men, in their associations, found it hard to get members to be outspoken or to hit back and slap. As soon as they did find courage, there began a change in sentiment.

The workmen today are loyal to their employers. They know that an adequate protection will give them steady jobs and higher pay.

The farmers know they must build up their home markets, and that they can do this only through encouraging business at home and through keeping our own young people at home so that they will be home buyers.

Party discipline should never insist on "the crack of the whip." While we elect our members sectionally to vote nationally, every member should be free to vote for the interests of his own constituents.

The Hon. R. B. Bennett established that principle when he advised the three Conservative members who represented steel and iron districts to vote for the bonus to the steel mills. He agreed that every member should support the business of his electorate.

Let this plan continue, and we shall better grow nationally, and all Third Parties will vanish.

## LET THIS FIREBRAND HIDE HIS HEAD.

With war and its horror and rapacities, we have never been in accord, and thus naturally subscribe to the peace doctrines of the League of Nations. Only a man who believes his audience to be composed of cowards will even recall the World War and its pains and panics in a general election. It is an insult to the male hearers, and a cowardly attack upon feminine timidity.

Conscription is dead. It is not an issue in the contest, for the recent recall of the Hon. Thomas Crerar, a conscription minister of the Union Government, was an admission by the present administration that cowardly appeals of this sort should be abandoned.

Of course the selection by Mackenzie King of Crerar was not received with favor in the Eastern Townships because the seat belonged to our district, but an attack upon the Prime Minister for his choice of Crerar is quite unfair. Particularly after the Prime Minister boasts that during the war he was engaged in confidential and conference war work.

We repeat, it is both unfair and unjust to re-light the fires of dispute on the wisdom or the foolishness of forcing men to fight, except in the defence of their own country should it be invaded by the yellow hordes of Asia, or by the Bolsheviks of Russia who have their hated venom fixed on Canada and on India, and who would within our lifetime invade and conquer both countries should we sever our relations with Great Britain.

"Autonomy" is a word used and a policy advocated by the simple-minded who hide their sinister purpose under an uncommon and not generally known word.

## THE EMPTY CUPBOARD THE MAIN ISSUE.

The King Budget is not the main issue at stake. It has been offered as a cure for the prevailing hard times and as a preventive of unemployment. Within the two months since its inception there has been no perceptible improvement in business conditions.

As a doctor prescribes for a patient after consultation with his past experience and with

his associates, so had Mr. Dunning the opportunity to show that he understood the condition of business and the cause of its indisposition. He left out the main ingredient of his prescription: Some protection for the business of Canada, which has been languishing.

Was this because of the unspoken vendetta against Lord Byng and the Canadian manufacturers?

The Chairman of the Tariff Advisory Board, having made his pile out of Mackenzie and Mann, the Toronto Street Railway and the unkempt Canadian Northern Railways, has been deaf to the appeals of business.

So business was declared out as far as Government policy of stability was concerned.

Unemployment is the issue of this general election, for so many men out of jobs, and so many men who work but half-time, are asking for relief through simple legislation which will keep the wheels spinning.

Safely ensconced in Ottawa, housed and well fed at salaries of \$14,000 a year, the Cabinet Ministers expressed disbelief and amazement that there should be hardship and unemployment in the nearby industrial cities.

They were selfishly satisfied until the campaign had been a month on its way.

## WHEN LOYALTY RULES.

The basis of civilization lies in the foundation structure as expressed in three words, "God is Love."

Love is loyalty. As well as it is godly, so is Love the fertilizing power which makes for happiness, for success, for a long and happy life.

Without Love a man may be destroyed by the cankers of envy, of jealousy, of hatred, which three make for self-destruction. The mind of man is his soul and no disease destroys so quickly the man who permits these leprous attributes to control him.

Loyalty is love. Without loyalty to one's job, to one's colleagues and fellow-workmen no man can enjoy each day the tasks for that day.

One may differ in policies, in methods, and in tactics, but without loyalty as the basic foundation of intercourse there can be no happiness.

With loyalty and with love for one's associates, friends and fellow-countrymen, there can be no rancour or rabid prejudice, no fault-finding with another man's religious belief, nor with his racial inheritance. Whatsoever another man may believe that belief he is entitled to, does he follow it within the law and without force.

The small bore mind may suffer distension because of an under-normal brain power, and in his thinking may go berserk just as have the few Soviets who assumed a responsibility of government for which they were not fitted.

## EDITOR'S NOTE BOOK.

To North Hatley, fourteen miles, there are many summer homes of Sherbrooke residents. The man who motors in pays each day ten cents to the Government in gasoline tax. Of course the really swanky way is to be taken to the railway station in the morning and then leave Sherbrooke in the evening on the 4.15 Quebec Central, to be met at the railway station by one's car just as the thousands of commuters do in the larger cities. It is a bit selfish of the man who leaves his family car-less in a country home. We have accepted a retainer from the ladies to say this, for the men folks do not just think of it.

Advertising is the mention of anything that may happen. News is the story of that which has happened. We are closing down on free advertising because there is so much news. Complimentary advertising is both an imposition on the publisher, upon his readers, and upon his advertisers. In future should you have an item about something that is going to happen just remember that all the newspaper has to sell is advertising. No merchant can be unpopular who asks that you buy his goods rather than take them away from him by cajolery.

Another pivotal point for a traffic officer which should be covered at once lest the minor accidents become major tragedies is where Aberdeen enters Wellington Street on a steep decline. This is the highway for most of the heavy trucks and laden vehicles going uptown and coming downtown. Either an electric stop sign or a police officer should be placed at this danger point without delay. An economical and effective method would be the installation of a red and green light, with a thirty second interval for south and northbound traffic and a fifteen second passage opening for up and downhill traffic. This coverage has been recommended time and again. Has the Street Chairman gone to sleep in the midst of summer traffic?

## FRONT WINDOW MUSINGS

Even he-men heed the elbow touch of a comrade when they go over the top or enter the lingerie department to purchase a gift.

Charity covers a multitude of sins. Evidently it is something like ginger ale.

Maybe ancient Greece just seems wonderful because none of its popular songs were preserved.

But how does a poultryman explain it when his hens get sick? They have no teeth.

Superior races are those that give much publicity to a man who can knock a little ball in a hole.

The short-dress fad has come and gone without a single advertiser using the line: Slightly higher west of the Rockies."

Bluffing gets you nowhere in the end. A circular letter with an air mail stamp just reaches the waste basket a little quicker.

The objection to open-air meetings is that the speaker can't tell whether the hand-slapping is applause or mosquitoes.

## SOCIAL AND PERSONAL

Mr. and Mrs. Benjamin Wheeler spent Sunday in Eaton Corner, the guests of Mr. and Mrs. W. Hodge.

Mr. and Mrs. W. H. Phillips, Montreal street, are spending the week-end at Georgeville, Lake Memphremagog.

Miss Leslie Fales is taking the Saguenay trip, and will go on to River Bend, where she will be the guest of Mr. and Mrs. Russell Tate.

Mr. and Mrs. James Currie, Miss Kathleen Currie, Mrs. James Bell and Miss Olive Bell spent Sunday in Newport, Vt.

Mr. and Mrs. C. A. Dangerfield motored from Beauharnois on Saturday, and are guests of Mr. C. W. Gray, Lawford Avenue.

Mr. and Mrs. Harvey MacIntyre and family, Gillespie street, left on Saturday for Rochester, N.Y. They were accompanied by their nephew, Mr. Clifford MacIntyre.

Mr. and Mrs. W. J. Nutbrown and family, High street, spent the week-end in Danville, where they visited Mr. Nutbrown's mother, Mrs. O. Nutbrown.

Mr. and Mrs. F. A. Briggs, Quebec street, have returned from Waterville, where they were called by the serious illness of Mr. Briggs' father, Mr. W. J. Briggs. The many friends of the latter will be pleased to hear that he is daily improving.

Mr. and Mrs. Herbert Hamel and their daughter, Miss Thelma Hamel, have returned to their home on Kingston avenue, after visiting Mr. and Mrs. Jack Wilkinson and Mr. and Mrs. Bert Perkins in Montreal and Verdun. They also spent three days at Morin Heights in the Laurentians, guests of Mr. and Mrs. Ben Wilkinson, who, with their son Jack and Mr. and Mrs. Hamel and daughter, motored to Sherbrooke, where they were guests of Mr. and Mrs. Hamel before returning to Montreal.

The many friends of Mr. C. A. Hallett, Elmwood Avenue, will regret to hear that he is a patient in the Sherbrooke Hospital, where he underwent a very serious operation yesterday, the amputation of the right leg above the knee being necessary. Latest reports state that Mr. Hallett's condition is good, and hosts of friends will join in best wishes for his recovery, for Mr. Hallett is very well known and universally popular, his kindness and courtesy during his long life in Sherbrooke having won the good-will and esteem of all who came in contact with him in his several vocations.

Mrs. G. Loakes entertained at a delightful miscellaneous shower on Saturday evening at her home on Fabre street, in honor of Miss Beulah Neeley, a popular young bride-to-be. A large number of guests were present, who passed the evening most enjoyably playing cards and dancing. It being the birthday of Mr. G. Loakes, Jr., the party served a double purpose, including the shower and birthday. A very pleasant feature of the evening was the presentation to the guest of honor of many very handsome and beautiful gifts. These were artistically arranged on a table placed under a large and very pretty wedding veil, which was made by Miss M. Dobbs, who in a graceful little speech presented the gifts to the bride-to-be on behalf of the guests. The pretty color scheme of blue and white was used in all decorations. The hostess served delicious refreshments at the close of the evening, with Mrs. G. W. Neeley assisting.

## COATCOOK MAN IS IN A VERY SERIOUS STATE

COOKSHIRE, QUE., July 22.—While the crowds at the Soldiers' Memorial Park were listening to the political orators yesterday, a man from Coatcook, by the name of Mr. J. Samson, entered the Cookshire House and made for the basement. In some way or other he stumbled and fell down the stairs to the concrete floor of the basement.

Dr. Johnson was immediately called. He found the man in a critical condition, suffering from bad bruises around the head. Lord's ambulance was called and Mr. Samson was rushed to the Sherbrooke Hospital. His condition was very serious when they placed him in the ambulance, and doubt was expressed that he would reach Sherbrooke alive. Rumors were even about that he was dead. But reports from the hospital this morning state that, although his condition is considered very critical and that it is feared he is suffering from a fractured skull, slight hopes are held for his recovery.

## FOR GOING IN SUMMER AND COMING IN WINTER

With three trains a day each way the Quebec Central has done more to build up the Eastern Townships than has any organization within the province. There is no short line in the continent which runs through such a continuously beautiful scenic route, starting at the border line and on to Quebec City. The 4.15 afternoon service will surely be a crowded southbound train when the Massawippi Valley cottage sites are all built on, whilst in the winter it becomes the "shoppers' special" for all points south. It is essentially a Sherbrooke-Stanstead service, and through its service the Record is able to place its evening issue in most every home before the supper hour.

## CITY BRIEFLETS

**POLICE HAVE QUIET TIME**  
A quiet time was experienced by the police yesterday and last night. There were no calls for fires, accidents or disturbances.

**NO QUORUM AT COUNCIL MEETING.**  
The regular meeting of the City Council, which was to have taken place at the City Hall at four o'clock yesterday afternoon, did not materialize owing to the lack of a quorum of members.

Unless the Mayor summons a special meeting, the Council will not meet until August fourth.

**DEATH OF OLD SHERBROOKE RESIDENT**  
The death occurred at the Sacred Heart Hospital yesterday noon of a well known and respected resident of Sherbrooke in the person of Mr. F. X. Landry, who passed away at the advanced age of seventy-seven years. Mr. Landry, who was not born in Sherbrooke, but who had resided here the greater part of his life, was an old employee of the Quebec Central Railway, retiring a few years ago. His wife, (nee Philomene Roy), passed away two years ago.

Mr. Landry leaves to mourn his loss a brother, Mr. Luke Landry, a sister, Mrs. Plouffe, both of Sherbrooke, a daughter, Mrs. A. Duquet, of Sherbrooke, a son, Mr. Philippe Landry, of Chicopee, Mass., and two stepsons, Messrs. J. A. Blais and T. Blais, also of this city, besides a large circle of more distant relatives.

The funeral services will be held at the Sacred Heart Home at seven o'clock tomorrow morning, with interment in St. Michael's Cemetery.

## What a cereal! So crisp it crackles in cream!

HAVE you heard Rice Krispies yet? Have you tasted these crunchy, toasted rice bubbles? When you pour on the cream they actually crackle and pop! That's just how crisp they are.

And what a flavor! Golden, rich rice. All its healthful, nourishing goodness.

Serve Kellogg's Rice Krispies and surprise the children. Let them listen to this great, new cereal. A perfect dish for the kiddies' supper. So easy to digest with milk or cream.

You'll like Rice Krispies for breakfast, lunch or supper. Add fruits or honey. Sprinkle into soups. Eat them plain. Or butter and serve like pop corn.

Put them in candies, macaroons. Make delicious desserts. Garnish salads. Rice Krispies are great for cookery use.

Order a red-and-green package from your grocer. Served by hotels, restaurants, dining-cars. Made by Kellogg in London, Ontario. In one year—the biggest hit of any cereal ever introduced.

ASCOT W.I. HELD MEETING

The Ascot Women's Institute held its regular July meeting at the home of Mrs. Anson Rowe with a good attendance of members and several visitors. Twenty-five responded to the roll call. Patriotism was the principal feature of the meeting, as the roll call was "The Name of a Canadian Statesman." Two excellent papers were given,

one by Mrs. Ashe on "Confederation," and the other by Mrs. Rowe, "Canada's Part in the World War." Notice was given that Farmers' Day was to be held on August 14th and plans were made in case the usual activities at the booth were carried on again this year. An invitation was received to attend the county meeting at the home of Mrs. E. C. Rose, of the Brompton W.I. on August 13th, delegates appointed being Mrs. W. T. Pearson and Mrs. Fearon.

The secretary and treasurer were instructed to revise the subscription list to the new W.I. paper which is to be published.

Since the matter of a scholarship at the school had been overlooked, a motion was made that a scholarship of ten dollars be given to the pupil in grade X, passing the June examinations and taking the highest percentage in marks on condition that the pupil takes grade XI at Ascot school during the year 1930-31. Arrangements for books as prizes for each of the other rooms was made in the hands of the convener of education, Mrs. Henderson.

A report was given of a successful play given at the school on July 2nd, by Birchton talent.

Mrs. Dawson reported that more blocks were still required for the quilt, only thirty-three having been collected. Mrs. Marlin gave a short but interesting paper on S.P.C.A. work and as convener of legislation urged all members to make use of the franchise at the coming election. Mrs. Cawson gave a practical idea an excellent way to can rhubarb. The next meeting will be held at the home of Mrs. J. A. Woodward. At the conclusion of the business meeting tea was served by the hostesses, Mrs. A. Rowe, Mrs. Parnell, Mrs. W. J. McCurdy

## LENNOXVILLE

## WESTERN PREACHER SPEAKS IN UNITED CHURCH

An impressive and thoughtful sermon was preached in the United Church, Lennoxville, on Sunday morning, when Rev. Norman McLeod, pastor of one of the United churches in the Canadian West, took the service in the absence of Rev. P. R. Matthews, who is on his vacation.

A large audience, representative of the churches in Lennoxville, Sherbrooke and Waterville listened to the sermon, which was based on St. Paul's words: "Now I know in part." These words, the preacher said, were not the sneer of the agnostic. Something in the minds of men today might be expressed in these same words, only partial knowledge either of life in this world or of the next being possible. Certain schools of philosophy deny and certain proofs of the existence of a God, which they deny because such proof cannot be given. This was not the attitude of Paul, a man of great knowledge and deep convictions, who was content to "know in part" secure in the knowledge that the day was to come when he would know and be himself fully known.

Christian people, the speaker said, often stumbled over the doubt, "Is it possible that there is a loving heavenly father?" when they saw in the world the suffering and the bad going unpunished, forgetting that God is often present in tragedy, and that knowing here only in part we shall in the future life see clearly the whole plan of God's dealings with men.

Prayer, it was pointed out, often presented a problem. A great deal of what passed for prayer was too often simply begging instead of laying heart and life open before God. Speaking of a future life, those who undertook to prove that there is none have a greater task than to prove that there is, Mr. McLeod believed.

The congregation was warned of the dangers of snap judgments as to the final destination of even those from the human scrapheap. "We no longer feel competent to judge others, knowing only in part as we do," said the speaker.

While knowing only in part, God had given equipment to help in choosing the best, and to be sure that there is a future life for all, and to know that it is a mistake to build up a philosophy of life on the things of this world only. These are fundamentals which give direction to life, and which point to a future of perfect knowledge when "We shall know even as also we are known."

The helpfulness of the service was increased by a solo by Mr. Allan Willard.

General Notes.

Mr. and Mrs. Ernest McKee, of St. Johnsbury, Vt., are guests of friends in town.

Rev. Norman McLeod with Mrs. McLeod and their little son are guests of Mr. and Mrs. James McLeod, Main street.

Mr. C. J. Lane has returned from Niagara Falls, where he spent the past winter, accompanying Mr. Frank Spry, Mrs. Spry and family home, the latter having spent a vacation at Niagara Falls.

Miss Edna McCurdy, of the Sun Life Assurance staff, Montreal, spent the week-end at her home in town.

and Mrs. D. Labonte, who were assisted in serving by Mrs. Cote and the Misses Cillis, E. Labonte and P. McCurdy.

**PHILCO TONE CONTROL**  
Tone control is an accessible device on a radio receiver by means of which the relative proportions of low and high frequencies coming from the speaker can be varied at will so as to change the tone quality. Inside or semi-permanent adjustments affecting tone do not come under the heading of tone control.

In its simplest and most practical form, the tone control unit consists of an adjustable condenser, or a variable resistor and fixed condenser combination, connected across some portion of the audio system of the receiver in such a way that more or less of the higher frequencies are by-passed or shunted out as the control is turned.

Tone control is technically sound. It would be even if loud speakers were one hundred per cent perfect in reproducing all frequencies in the exact proportions in which they existed in the broadcasting programme entering the receiver. In the first place the broadcasting is seldom if ever perfect. It may be deficient in high or low frequencies due to improper placement of instruments with respect to the microphone in the studio, or to losses or unbalancing in the transmission equipment of the broadcasting station.

It is a well known fact that the human ear differs enormously in individuals in sensitivity to different frequencies and tones. Tests of different people, for instance show that one person can barely hear the high frequencies which to another will produce a sound impression so strong as to be unpleasant. Such differences in hearing are about as common as the differences in sight which cause so many to wear glasses. Due to these ear variations, different persons listening to the same music may hear quite different effects. This may account for the fact that some people do not enjoy or appreciate music. Tone control compensates for these differences in hearing and brings a greater appreciation and enjoyment of music to people whose ear characteristics have heretofore made them apathetic.

Car liners, electric transmission lines or factories, electrical apparatus of all kinds, sets up interference that interjects crackles, buzzes and other noises in the programme. This so-called interference noise, being chiefly in the high frequency range, can be subdued and radio programmes made much more enjoyable by setting the tone control where it filters out a proportion of the higher frequencies. Tone control may likewise be used to subdue static on distant stations, and needle scratch from phonograph records.

## PLACES WHERE ELECTORS WILL CAST BALLOTS

List of Polls for Sherbrooke County Has Been Announced by Returning Officer.

With election day drawing nearer and nearer, one naturally begins to wonder how the great political machinery will take care of the thousands that will surge to the polls and cast their votes. When one glances at the list of polls placed at the public's disposal, one realizes the hard work and care that have gone into the arranging of polling divisions.

The five wards of the city have a sufficient number of polling stations to warrant competent handling of the large number of people that will throng around them on election day. The South Ward has eight polls, the West and East Wards seven polls each, the North Ward six and the Centre Ward five polls.

Apart from these, there are polling divisions in all small and large rural districts, that will enable farmers to travel, without any great inconvenience, to the stations in order to cast their votes and have their share in the settling of the political question.

Below is a complete list of the polling divisions for the County of Sherbrooke:

East Ward.—Poll 1: A to L, 14 Windsor street, L to Z, 19 Windsor street; Poll 2: A to L, 3 Morkill St., L to Z, 37 Bowen Ave., North; Poll 3: A to L, 105 King street east, L to Z, 107 King street east; Poll 4: A to L, 195 King street east, L to Z, 3 St. Henry street; Poll 5: A to E, 31 1st Avenue south, P to Z, 23A 1st Avenue south; Poll 6: A to L, 12 Council street, L to Z, 14 Council street; Poll 7: A to L, 19 Johnson street, L to Z, 15 Johnson street.

South Ward.—Poll 8: A to Z, 83 Wellington street; Poll 9: A to H, 30 Gordon street, H to Z, 30 Gordon street; Poll 10: A to H, 6 Gillespie street, H to Z, 11 Gillespie street; Poll 11: A to L, 17 Alexander street, L to Z, 21 Alexander street; Poll 12: A to Z, 80A Alexander street; Poll 13: A to H, 77 Gillespie street, H to Z, 71 Gillespie street; Poll 14: A to H, 33 Aberdeen street, H to Z, 35 Aberdeen street; Poll 15: A to K, 100 Laurier street, K to Z, 104 Laurier street.

## DEATHS REPORTED

MR. CARL E. ROSE, BARNSTON, QUE.  
BARNSTON, July 22.—Barnston and the surrounding district, in the

passing away of Mr. Carl E. Rose, mourns the loss of one of its best known residents, a good neighbor and an exemplary citizen identified with the town since childhood.

The late Mr. Rose passed away on Monday, June 30th, at his home, the farm he has occupied for many years at Barnston, within a few days of his fifty-first birthday, July 3rd. He was born in Barnston on July 3rd, 1879, son of the late Eugene and Ellen Perkins Rose, and twin brother of Mr. Charles E. Rose, who owns and occupies the adjoining farm to the deceased's. The family moved to Barnston when the deceased was six years old, and he had resided there ever since. He and his brother Charles, having eventually bought and lived on adjoining farms. In August 1907, he was united in marriage with Miss Hortense Hamm, who with their only child, Miss Mildred Rose, survives him. He is also survived by three sons, Mr. Allen Hamm, and three brothers, Messrs. Fritz E. of Coaticook, and Harry E. and Charles E.

The funeral service was held at 1:45 p.m., at his late home and 2:30 o'clock at the Baptist Church, Barnston, the Rev. W. Harris Wallace, pastor, officiating. There was a large gathering of relatives and friends and the profusion of beautiful flowers bore testimony of the love and esteem felt for the deceased, and conveyed sympathy to the bereaved family. The services were held in the Mount Forest Cemetery, Coaticook.

The bearers were: Messrs. Wright and Albert Parsons, Levi Cleveland, Clayton Drew, Willard and Fritz Pope.

The community extend their deepest sympathy to his bereaved widow and daughter, and other relatives, in their deep sorrow.

## MRS. WILLIAM HARBISON, BEDFORD, QUE.

Bedford, July 21.—The death took place on Wednesday afternoon, July 16th, at the home of her daughter, Mrs. Jasper Creller, on Dutch Street, of Mrs. William Harbison. The deceased who had been in feeble health for the past months, was an old and much respected member of the community, and before her marriage was Miss C. Carter. For many years Mr. and Mrs. Harbison resided on their farm on the Phillipsburg Road. After selling their farm they moved to Upper Bedford, and during the past few years they lived on Academy Street. In March last, they went to live with their daughter, Mrs. Jasper Creller and Mr. Creller, on Dutch Street. Mrs. Harbison had been confined to her room for the greater part of the time since going to her daughter's.

In addition to her husband, Mrs. Harbison is survived by the daughter mentioned above and two grandchildren, Mr. Neil Creller and Miss Lucille Creller. Another daughter, Miss Lulu Harbison, R.N., passed away last January, after an extended illness.

A member of the United Church, the funeral was held on Friday afternoon at two o'clock from the residence of Mr. and Mrs. Creller to the church, with interment in the United Cemetery, at Morgan's Corner.

## MR. J. F. PRICE, ST. LAMBERT, QUE.

Foster, Que., July 22.—The remains of the late Mr. J. F. Price, who died suddenly while on a holiday with Mrs. Price at St. Jovite, were laid to rest in the Creek Cemetery on Monday, July 14th.

The late Mr. Price was born in Knowlton sixty-three years ago. Mr. Price has been in the employ of the Bell Telephone Co. for many years, residing in Cowansville, Waterville and other places in the Eastern Townships before removing to St. Lambert where he resided at the time of his demise.

Representatives of the Bell Telephone Company paid their respects from Quebec, Montreal, Sherbrooke, Granby and Waterloo. The Odd Fellows and League of Nations Society of Knowlton also met the cortege and accompanied the body to its last resting place.

The deceased is survived by his widow, Mrs. Mary (Taylor) Young Price, and two daughters, Mrs. A. L. Bogan, of Montreal, and Mrs. J. C. Pratt, of New York. Rev. A. Radmore conducted the burial service.

## ALVA

MANY MEETINGS  
HELD AT BEEBE;  
GENERAL NOTES

Quarterly Meeting of Home Department of Sunday School of Wesley United Church Held, With Good Number in Attendance—June and July Meetings of W.I.

BEEBE, QUE., July 22.—The quarterly meeting of the Home Department connected with the Sunday school of Wesley United church was held at the home of Mrs. H. S. Beane, a goodly number being present to review the lessons of the past quarter.

Rev. C. A. Adey presided. Mrs. Dixon was at the piano, many old time hymns were enjoyed. Mrs. Shepard gave the review of the April lessons, which was indeed an inspiration to everyone present. Mrs. Dixon followed with the lessons for the month of May, giving several selections from the book,

"The man who dared to be God," which was very interesting. The mite boxes were then distributed and Mrs. Bellam read the story "The Misspelled Word," which showed the difference between the idea of "Might" and "Mite."

Mrs. G. H. House gave a wonderful review of the lessons in June, setting forth many ideas which were applicable to our everyday life and showed a lot of study. Miss Edith Tilton gave a very fine piano solo.

The presence of Mrs. Howard, Sr., added a great deal of pleasure to the meeting, at the close of which dainty refreshments were served, and all left with the feeling that those present had benefited by the many inspiring messages, in spite of the extremely wet afternoon.

## W. I. MEETING

The June meeting of the Women's Institute was held at the home of Mrs. W. E. Huse, who was assisted by Mrs. W. M. Campbell and Mrs. Leon Mosher.

Rolfeall was answered with "your favorite flower," roses taking the lead. Twenty-eight members were present. Mrs. Carroll Brainerd gave the report of the annual meeting at East Hatley. Plans were made for serving refreshments at the Veterans' dance. Pleasure was expressed at the convalescence of Miss Annie Markwell,

a member of the W. I., who is recovering from a severe operation.

Plans were made for the short course for girls in July. The serving of dainty refreshments brought the meeting to a close.

The July meeting of the W. I. was held at the home of Miss Esther Miller, who was assisted by Mrs. L. O. Case, Mrs. Leon Miller and Mrs. E. M. Beerwort. The eighteen members present answered the roll call with "Your favorite holiday, and why," which brought forth many laughs. The short course for girls will be held from July 22nd to 25th. Several bills were presented and ordered paid. It was voted to subscribe for the Institute paper, "Home and Country," which will be sent to each member. Plans were made for the quarterly meeting to be held at the home of Mrs. J. H. Turner, August seventh. The president read a letter from Mrs. Cora Sullivan, in which was set forth the plans for the school fair in September. Mrs. Howard Cass gave an excellent report of the provincial convention at Macdonald College in June, for which many thanks are due the delegate. The members enjoyed the usual refreshments.

The August meeting will be held at the summer home of the president, Mrs. Turner, on Thursday, August 14th, when business will be suspended entirely and the members and friends of the Institute are invited to an all-day picnic at this beautiful camp on the shores of Lake Memphremagog.

The food sales conducted by the Ladies' Aid every other Saturday afternoon have been very successful, and many thanks are due the ladies of the congregation who have so generously donated both food and money.

## GOSSIP IN THE WORLD OF FINANCE

Furnished by Johnston & Ward.

## SELLING NOT EXPECTED

NEW YORK, July 22.—The Wall Street Mirror says today: The selling movement, which was seen in the Monday market was not unexpected. In fact it was hoped that selling would develop to allow those wishing to purchase stocks to get in the market at better levels. It has never been contended that the market was headed for a straight line advance, but that it would do better due to the fact that sentiment had improved and that the technical position called for an advance. Many new recruits have been won over to the constructive side of the market for the simple reason that they believe that the bearish attitude has been overdone.

LAIDLAW'S LETTER  
NEW YORK, July 22.—Laidlaw and Company says: Weakness

## QUIET OPENING THIS MORNING AT MONTREAL

With Exception of Dominion Bridge, Which Eased a Further Point at Twelve and a Half, Balance of List Was Inactive.

MONTREAL, July 22.—With the exception of Dominion Bridge, which eased a further point at 12 1/2, the Montreal Stock Exchange marked time at the opening today. Nickel, Montreal Power and Brazilian Traction were unchanged. The balance of the list was inactive.

## PRICES AT NEW YORK TODAY WERE RATHER IRREGULAR

NEW YORK, July 22.—Price movements were irregular at the opening of today's stock market, as support appeared for several popular shares. United States Steel and American Gas each opened up 1/4. Consolidated Gas 1/4 and General Electric 1/2. Nevertheless, Union Pacific lost two and Westinghouse Electric, American Telephone and Edison about a point. Columbia Gas lost 1/2.

## NAVAL TREATY IS SANC-TIONED BY WASHINGTON

(Continued From Page 1.)  
pressed it as his opinion the United States navy would not attain treaty strength either during the life of or subsequent to the expiration of the pact.

continued to prevail yesterday with the downward trend in evidence most of the time. Wheat, sugar and rubber also sold off, the latter two making new low records.

It is interesting to note that at the high of Friday of 242.01 the Dow Jones industrial average had recovered almost exactly fifty per cent of the loss since June 2nd. As we mentioned previously, it was at approximately this level that resistance was likely to be met, particularly in view of the lack of encouragement from business.

At the close Monday the average was off almost thirteen points from the high which is a material adjustment. How much further the reaction may go is impossible to say until some indication is given by the action of the market itself, suggesting that the current weakness will or will not develop sufficiently to cause real liquidation again.

## BROKERS' OPINIONS

A quiet trading market is expected today, the chances favor the development of rallying tendencies before the close.

## GRAIN WEAKNESS AFFECTS MARKET

NEW YORK, July 22.—The New York Advisory Service says: Operations for the advance in wheat struck a temporary snag, coincident with the fresh outcropping of weakness in the grain markets. There will probably be some carry over selling early in Tuesday's session, following which we look for the list to show more determined resistance and rallying power. We do not believe the constructionists who were responsible for the recent advance have changed their attitude towards the market one iota. Because of a lackadaisical public response and the resistance to upturn efforts which developed last Saturday, the list has been temporarily let down to levels from which fresh operations can be started and a new bid for the public participation so necessary in maintaining upturn activities are presenting below a picked list of stocks together with a tentative buying range.

U.S. Steel 160 to 162, Consolidated Gas 105 to 107, American Can 122 to 124, Worthington Pump 125 to 128, Westinghouse Electric 135 to 138, Radio 38 to 40, General Electric 67 to 69, Houston Oil 80 to 83, Standard Oil of New Jersey 68 to 70, Vanadium 89 to 93, Public Service of New Jersey 90 to 92, American and Foreign Power 66 to 69, Electric Power and Light 66 to 69, Foster-Wheeler 78 to 81, Corn Products 90 to 93. We believe that scale purchases of any of these stocks, within the designated ranges, will work out attractively.

## MONTREAL LIVE STOCK MARKET QUOTATIONS

MONTREAL, July 22.—There were 49 cattle, 89 sheep, 234 hogs and 154 calves, fresh arrivals, and 110 hogs held over from yesterday on the two Montreal markets today. Cattle were not moving.

The few calves offered were practically all veals and met with a ready sale. The bulk brought \$8 to \$8.50, a few tops bringing \$9 or better.

Lambs brought \$12 for ewes and wethers, with a cut of \$2 per cwt. on bucks.

Hogs were only steady, \$13 to \$13.10 was the most common price for hogs and butchers, with \$1 per hog premium on select. Swilled hogs brought \$12.75 graded. Feeders were \$13.25 and sows \$8.25 to \$9.

## Country and Dairy

## Produce Prices

EGGS—First changes for some weeks were made in egg prices to the retail trade. Special brands were advanced 2c per dozen, and extras were marked up 1c per dozen, with other lines unchanged. There is a growing scarcity of top grades of eggs, with the current seasonal decline in egg production throughout the country. Quotations to retailers follow:

Special brands . . . . . 40c per doz.  
Fresh extras . . . . . 37c per doz.  
Fresh firsts . . . . . 33c per doz.  
Fresh seconds . . . . . 29c per doz.  
CHEESE—Cheese was substantially higher owing to the material advances in country brand prices at the week-end. Asking prices for Ontario cheese ranged from 17 1/2 to 17 1/4 c per lb., while for Quebec cheese dealers were looking for 16 1/2 to 16 3/4 c per lb.

BUTTER—The butter market again showed an upward tendency. Some sellers had ideas of 28 1/2 c per lb., which would be 1-4c per lb. above the close of last week, this being for Eastern Townships No. 1 pasteurized. Some butter, however, was selling unchanged at 28 1/4 c per lb. while other sales were being made at 28 3/8 c per lb. To retailers sold in 10-lb. casks at 30c and prints at 31c per lb.

POTATOES—The potato market was steady at \$1.50 per lb. bags of new, locally-grown potatoes. Also was unchanged. Following are quotations to retailers per cwt. for "A" grade "Standard" being 2c to 8c higher and "B" grade being 2c to 8c lower:

Squab broilers . . . . . 31-33c  
Selected broilers . . . . . 30-32c  
Selected chickens . . . . . 41-42c  
Selected turkeys . . . . . 24-32c  
Domestic ducklings . . . . . 23-25c  
Selected ducks . . . . . 23c  
Selected geese . . . . . 22c  
Selected turkeys . . . . . 36-42c

## INTERVIEW BY TELEPHONE ON MOVING TRAIN

Another Modern Invention Was Successfully Demonstrated Yesterday.

TORONTO, Ont., July 21.—The possibilities of the train telephone were well demonstrated here yesterday, when Jack Guest, popular Toronto boy who won the diamond skulls recently, was interviewed by telephone on board train as he sped home to Toronto and the tremendous reception which awaited him. Guest left Montreal yesterday morning on board the Canadian National Railway's Maple Leaf Express which is telephone equipped. Not only was he interviewed, but the paper which staged the interview hooked up the line with its history broadcast and for the first time in history broadcast a newspaper interview which took place on board a moving train.

Later in the day, Guest spoke from the train to Mayor Wemp and others at Toronto and received an inkling of the demonstration he was to receive when he reached his destination. The train telephone carried the conversation to long distance lines through its own circuit. Long distance carried the voice to the broadcast station where it went on the air at the noon hour. Hundreds were astonished while eating their noon-day meal to hear broadcast the voice of the man whom they expected to fete on arrival a few hours later.

## MYSTERY STILL SHROUDS FATAL AIR ACCIDENT

Prominent Air Officials Express Belief that Henderson Machine Turned Over in Air, Throwing Occupants Through Roof.

MEOPHAM, Kent, England, July 22.—A bride of a few months ago, among those who have claimed bodies of victims of yesterday's mysterious airplane tragedy.

Mrs. Henderson, young wife of Lieutenant-Colonel George L. P. Henderson, the pilot, flew to Crosbydon from Le-Bourget with her husband. He returned to France to bring others to Crosbydon and she awaited him in London completing plans for a holiday journey.

On learning that he was dead, she collapsed in the arms of friends, later she was revived but wandered about in a dazed manner.

Besides Colonel Henderson the victims were four society figures, Viscountess Ednam, a famous beauty; Mrs. Henrik Loeffler, noted for her brilliant entertainments; the Marquis of Dufferin, and Ava, and Sir Edward Ward, and an associate pilot, Charles Shearing.

The cause of the accident remained a mystery today. The machine, a nearly new all-metal Junkers, owned by Colonel Henderson's company and used temporarily as an "air taxi" was seen to fly to pieces in the air.

The wreckage showed gasoline explosion was not the cause, however, as the tanks were undamaged and there were no signs of fire. A newspaper said an air ministry expert believed the plane had strangled itself down in the air, the victims thereby being thrown through the top and hurtled to their deaths.

Continuing their campaign, both leaders predict victory. Facing three Ontario meetings today, Hon. R. B. Bennett, Conservative leader, declares that he has never seen such indications of victory for the Conservative party. Telegraphic advice from British Columbia tell him that the same spirit prevails as was evidenced there in June. There would be no Liberals returned from Alberta—so Mr. Bennett prophesied.

In Saskatchewan, the Liberal machine was broken, breaking and trembling. In similarly prophetic role a few days ago, Premier King was equally confident that victory would lie with his Government. Premier King speaks in Montreal tonight but it is the only meeting he will address in Quebec. From Montreal he returns to Ontario where both leaders will battle in the final week.

After two weeks of strenuous campaigning, Premier Ferguson has trouble with his voice and may have to rest for a day.

Premier Anderson, of Saskatchewan, indicates need of Dominion assistance for higher education in Saskatchewan as one of the reasons why he would like to see the Mackenzie King Government defeated. And in the St. Lawrence St. George division of Montreal, C. H. Cahan, Conservative candidate, last night declared that had he been voting in Saskatchewan he would never have supported the policy of Premier Anderson in regard to Saskatchewan schools. Mr. Cahan

was referring to the charge by Premier Taschereau of Quebec—that the first thing Premier Anderson had done was to attempt to take the crucifixes out of the French schools of Saskatchewan. "I want these Catholics here tonight to carry away with them the following pledge that I make on behalf of the Conservative party and the Hon. R. B. Bennett," Mr. Cahan said. "I say that the Conservative party, as in the past, will be absolutely true when in power to the pact of Confederation and that the interests of the French-Canadians and of the Catholics in this Dominion will be protected not only in the latter, but in the spirit of Confederation by the new Conservative administration that comes into power on July 28."

## CANDIDATES OUTLINED POLICIES AT NOMINATION DAY GATHERING

(Continued from page 1)  
net had voted against the repeal of the treaty and the New Zealand Order-in-Council extending the benefits to New Zealand, which resulted in the importation of forty-two million pounds of butter in a single year.

He personally, said the candidate, preferred the Canadian worker to the New Zealand worker, but if Mr. King preferred the New Zealand worker he was at liberty to live there.

No public man, said Mr. Lynch, had the right to strangle native agriculture for the benefit of another nation, even if that nation be a sister dominion, for said Mr. Lynch, "the British Empire existed long before Mr. King was born, and it will exist and prosper long after he has been gathered to his forefathers."

When the New Zealand Order-in-Council had been instituted, the Conservatives had declared that it would kill the Canadian dairy industry, and they introduced several resolutions at various times to have the measure abrogated.

The claims advanced by the Prime Minister that the Canadian farmer cannot produce enough for the home market were classed as nonsense by the speaker. He pointed to the abandoned farms and the exodus to the United States as a living contradiction to this argument. Protection and protection alone, he was convinced, would restore prosperity to the Canadian dairy industry.

The Dunning budget was considered as a prize puzzle by the speaker, as no one had been able to determine whether it was free trade or protectionist. Why the sudden change of heart on the part of Mr. Dunning, who after declaring protection as useless instituted the countervailing

as detrimental to the country, as expanding imports meant contracting home production, the markets being captured by foreigners and Canadian men and women thrown out of work.

Dealing with the better question, Mr. Lynch declared that the Conservatives had not objected to the Australian treaty, as little or no butter was imported

## CHICAGO OUT IN FRONT AGAIN IN PENNANT RACE

Cubs Took Lead Yesterday When They Trimmed Giants, While Best Dodgers Could Do Was to Get Even Break with Cardinals.

NEW YORK, July 22.—Manager Joe McCarthy, the minor leaguer who made good in the "big time" without previous major league experience, today had the Chicago Cubs again out in front, setting the pace in the National League pennant scramble.

The Cubs moved into the ruling seat yesterday by beating the Giants by six to nothing while the Robins were breaking even with the St. Louis Cardinals. Brooklyn taking the first encounter by nine to eight and the Cards the closing contest by seventeen to ten. The Cubs' victory and the Robins' even break sent the champions to the front by one-half game. Here is how the standing looks today:

Chicago, won 52, lost 37 for .584; Brooklyn, won 50, lost 36, for .581. Hack Wilson, the National League's home run king, played an important role in the Cubs' victory. He pounded out his twenty-eighth and twenty-ninth homers, which, coupled with Eddie Farrell's hit of the same nature accounted for five runs. The other was a gift from Roy Parmelee, who relieved Tiny Chaplin in the seventh.

Pinch home runs were almost as common as base hits in the Robins' frayed frames. Bottomley and Paez were called in from the Cardinals' dugout in the first game and they made good with home runs, which, coupled with homers by Frisch and Mancuso, totaled St. Louis' eight runs in the opener. They all went for naught, however, when Manager Robinson sent Harley Hendrick in to bat for Fin in the ninth with two men on base, two out and the Robins trailing by two runs. Harley sent the ball sailing over the fence, three runs crossed the plate and the game was over. The second contest was all Cardinals, however, as they pounded old Adolfo Luque from the mound and then fell on Elliott, Dudley and Clark just as decisively. Frisch connected with his second home run of the day and Lee hit one for Brooklyn as a pinch hitter in the first inning.

Lester Sweetland had one of his good days as the Phillies trimmed the Pirates by seven to two. Home runs by Southern and Whitney featured the attack that centered in the first and fifth rounds.

The leaders in the American League found the going tough, the Athletics losing to the Tigers by seven to six, and the Senators dropping their second successive game to the Browns by six to four. George Earnshaw was the victim of the Tigers' eleven hit attack, which included seven extra base hits. The champions managed to stay in the running until the ninth, when Charlie Gehring, who had tripled and stolen home in the fifth, led off a rally with a double.

Although held to five hits by Hadley, Brown and Liska, the Browns took advantage of nine bases on balls to defeat the Senators. Stewart, who went the route for the winners, scattered Washington's ten hits.

Ruth poked out his thirty-fifth home run and Lou Gehrig his twenty-eighth as Ed Wells won his eighth game when the Yankees defeated the Indians by seven to three. Harry Rice also hit the ball over the fence for the Yanks.

Boston broke up the White Sox three-game winning streak by taking the final of the series by three to one behind Horace Lisenbee's fine pitching. The Sox total hits numbered five, three of which were made by Carl Reynolds. The game was the fastest of the season at

## MEN'S DOUBLES EVENT HAS NOW REACHED FINAL

Present Title-Holders, Rouleau and Gagne, to Defend Their Laurels Against Bertrand and Gregoire—Final Will Be Played Thursday Evening.

The Men's doubles competition in the City Tournament narrowed down to the final two teams last evening by virtue of the results of the matches played in this event. The present title holders, Messrs. Richard Rouleau and Raoul Gagne, reached the final bracket by defeating D. Price and R. Richard, but the latter pair put up a brilliant battle and did not give in without one of the best fights seen during the week's play. The first set ended 6-4 in favor of the winners, but Price and Richard staged a comeback in the second and although the title holders held point match on a couple of occasions, the losers rallied to win with a deuce set at 9-7 and even the score. The final set showed the superiority of the winners when they only allowed their opponents one game and ran out the match at 6-1.

Rouleau and Gagne will face Bertrand and Gregoire in the finals, which will be played at the Sherbrooke Country Club courts on Thursday evening at 5:30 o'clock. Bertrand and Gregoire reached the challenge round by eliminating

Comiskey Park, being played in one hour and twenty-four minutes.

### ALEXANDER GIVEN HIS OUT-RIGHT RELEASE

DALLAS, Texas, July 22.—Grover Cleveland Alexander, veteran major league pitcher, was given his outright release yesterday by the Dallas Club of the Texas League. Failure to keep in training after he had promised to do so several days ago was given by Bob Tarleton, vice-president of the Dallas Club, as the reason for Alexander's removal from the roster.

Austin Workman and Armand Ledoux last evening. This match was also keenly contested, three sets being necessary before the winners were returned. Bertrand and Gregoire succeeded in capturing the first set at 6-1, but the second found them only taking four games. The deciding set was a see-saw affair, until the losers succumbed 6-3. Bertrand and Gregoire are a new team to reach the finals in this event. Last year they also entered the city competitions, but were not so successful. However, constant practice has added much to their steadiness, competition has experienced them, and they can be counted upon to give a good account of themselves against last year's champions.

The matches to be played tomorrow evening will weed out two in the men's singles and leave the road clear for the two finalists to meet on Saturday afternoon at the Country Club. At five o'clock tomorrow evening, Conrad Gregoire will meet Stan Read in a match which should be productive of some smart tennis. Both players have survived through hard play, and an even game is expected, with the odds slightly in favor of Gregoire. The semi-final in the other bracket will find Dick Rouleau defending his laurels against Guy Bertrand. This match, also, should be of championship calibre, as both players have shown remarkable stamina and driving power in their matches to date. Rouleau is out to repeat his triumph of last season, while Bertrand is attempting to earn the right to wear the 1930 singles' crown. This second match is called for 6:30 o'clock, and will be played at the Country Club courts.

The tournament, which got under way the beginning of last week, has been run off without a hitch and bids fair to be completed in regulation time. Co-operating with the hard working officials responsible for the staging of this annual event, the weatherman has played a large role in bringing the play to the stage it is today. With continued fine weather conditions the tournament should be finished Saturday afternoon, when the finals in the men's singles will be staged.

The results of the games last evening were: men's doubles semi-finals—Rouleau and Gagne defeated Price and Richard, 6-4, 7-9, 6-1; Bertrand and Gregoire defeated Workman and Ledoux, 6-1, 4-6, 6-3.

The matches to be played tomorrow evening are: At the Country Club at five o'clock Gregoire vs. S. Read and at 6:30 p.m., R. Rouleau vs. G. Bertrand.

On Thursday, the men's doubles finals will be run off at 5:30 o'clock between Rouleau and Gagne vs. Bertrand and Gregoire at the Country Club.

### DRAW FOR SECOND DAY'S PLAY IN MAPLE LEAF TOURNAMENT

The draw for Wednesday's matches in the Maple Leaf Tennis and Recreation Club tournament is as follows: At six o'clock J. Fernier vs. A. Wheeler; W. O'Boyle vs. D. Gorton; T. Flaherty vs. J. Saunders. At seven o'clock the following matches will be staged: G. E. Maguire vs. R. Oliver; K. Muzey vs. H. Banch and Miss E. Von Berg vs. Miss W. Murray.

Should the weather continue such as it has been the last few days, the first round in the men's singles will be completed by Thursday morning.

## BOXING

CARNERA ORDERED TO LEAVE UNITED STATES  
OMAHA, Neb., July 22.—Primo Carnera, Italian boxer, and his French manager, Leon See, have been ordered by Washington immigration officials to vacate United States shores immediately. Frank Paccassi, business manager for the pair, stated here yesterday.

Paccassi revealed the contents of a telegram forwarded here to See and Carnera from Byron H. Uhl, assistant commander of Ellis Island. New York, informing the pair that immigration officials had denied their request for a six months extension of their legal stay in the United States, which terminated recently.

## LACROSSE

BLACK HAWKS VS. SCOUTS TOMORROW EVENING

Another scheduled game will be run off in the Sherbrooke Lacrosse League tomorrow evening, when the Black Hawks and Scouts cross sticks for the second time this season. The Scouts already hold a decision over the Hawks, but the latter team has been putting in considerable practice since their last encounter and a close game is looked for. The game will be played on the Parade Grounds, starting at seven o'clock sharp.

The Black Hawks will hold their final work out before the game at the Parade Grounds this evening at 6:45 o'clock. All players are requested to turn out and attempt to secure their first victory against the Scout tomorrow evening.

All members and officers are requested to be present at this meeting, which is called for eight o'clock sharp at the club's new headquarters.

## ACCIDENT AT NO. THETFORD MAY BE FATAL

Young Cloutier Boy in Critical Condition After Coming in Contact With Live Wire—Burial of Mr. Reggie Nutbrown.

NORTH THETFORD, July 22.—What may prove to be a fatal accident occurred when a young boy came in contact with a live wire. Men were engaged in peeling pulp wood in the Mine Road Range, and were camped in the old farm house formerly owned by Mr. John Laughrea. The young lad, aged thirteen, named A. Cloutier, apparently not aware of the danger of the escape and unseen by the others, climbed on one of the towers of the Electric Company's building. He came in contact with a live wire and a few minutes later his companions were horrified to see him dangling from the wire.

He was quickly extricated and a doctor was called for. He was badly burned about the hands and body, and was immediately conveyed to the hospital, where his condition is very critical, although chances are held for his recovery.

Yield on Saturday afternoon, September 6th, at three o'clock. The prospects are that this year there will be a larger number of entries than at any time previously, and efforts are to be made to get a better quality trophy for all finishing the race.

## SOVIET COAL TAKES WORK FROM CANADIAN MINERS

King Government Criticized by Senator Gideon Robertson for Permitting Importation of Coal from Russia.

MERRITT, B.C., July 22.—The Dominion Government was charged with permitting importation of coal from Russia by Senator Gideon Robertson, in a speech in the interests

of John A. Fraser, Conservative candidate in Cariboo. Senator Robertson, who was Minister of Labor in the Borden administration, said that while Premier Mackenzie King and his cabinet were talking "national policy" to assist the coal industry, they were allowing entry of Russian coal to take work from Canadian miners.

Last year, Senator Robertson charged, despite protests from Nova Scotia miners and mine operators, the government had allowed 17,000 tons of Russian coal to be landed in Eastern Canada.

# Nash value

## greater than ever

Recent developments stress the fact that Nash gives more for the money

Amid all new claims and counter-claims, one fact stands out as clear and as strong as sunlight.

That is the unmistakably greater value which you get when you buy a Nash.

No other car at anywhere near the Nash price affords the pronounced advantages of Nash—including such features as twin ignition, with its greater power, speed, smoothness and saving of oil and gas.

Such a feature as twin ignition is highly important—but it is even more important as indicative of the superior engineering and of the in-built value which distinguishes every Nash car.

You know Nash beauty. You may be familiar with Nash performance; Nash comfort and convenience; Nash thorough-going quality.

But until you compare what the Nash is and what it does with the remarkably low cost at which it may be purchased today—you cannot appreciate its wholly unexampled value.

Come in and drive a Nash today.
