ANOTHER TELEGRAM FROM DE VALERA TO LLOYD GEORGE AFTER DAIL EIREANN MET

The Irish Leader Requests Prime Minister To Say Whether Letter Of Sept. 7 Was Intended To Be Demand For Surrender Or Invitation To Conference

London, Sept. 19.—Eamon de Valera after a meeting of his cabinet today sent another telegram to Mr. Lloyd George in which, declaring that the Sinn Fein had no thought at any time of asking for the acceptance of any conditions precedent to a conference, he requests the Prime Minister to say whether his letter of Sept. 7 was intended to be a demand for surrender or an invitation to a conference "free on both sides and without prejudice should an agreement not be reached."

In the latter case, Mr. De Valera states that he would confirm the Sinn Fein acceptance of the invitation and the Irish delegates would meet the representatives of the Government.

Mr. De Valera also suggests the conclusion of "a treaty of accommodation and association," expressing the belief that this would "end the dispute forever and enable the two nations to settle down in peace."

The nature of the message from the Valera—re-writes a further exchange of telegrams unless some sort of ultimatum is forthcoming. Many of the London papers have commented upon the danger of the "open diplomacy" involved in this public exchange of messages which they point out, make it exceedingly different for either side to recede from the position adopted.

London, Sept. 19.—Papers friendly to the Irish cause, like the Westminster Gazette and the Manchester Guardian, admit that the Prime Minister's last invitation to Mr. De Valera as the "chosen spokesman" of his people, was a very fair offer, which Mr. De Valera would be wise to accept without more ado. They also advise Mr. De Valera to forego the dangerous pleasure of wading the flag of the Irish Republic so persistently in the face of the Premier.

Some surprise is expressed here that Mr. De Valera omits to call a full meeting of the Dail Eireann with the possibility that this body might authorize some brief form of letter accepting the Premier's invitation without attaching conditions which the Premier has declared it is impossible for him to accept.

Lloyd George hopeful.

Mr. Lloyd George is determined not to do anything in the way of forcing the pace, to jeopardize Irish peace chances, says the Daily Mail's Inverness correspondent. At the same time, he is still hopeful, "one can almost say confident,—that the present difficulties will be overcome and the Irish conference held."

"More hopefulness prevails at Gairloch than London," the correspondent dispatches day and night dealing with the long telegrams from London and Dublin and between the Premier and other members of the Cabinet in the Highlands. This renders an immediate meeting of the Cabinet or the committee unnecessary. Rumors that the Premier contemplated an early return to London lack official foundation.

Eamon De Valera telegraphed to Premier Lloyd George to-day in response to the Premier's last message, the Republican Leader asking whether Mr. Lloyd George's letter of Sept. 7 was intended as a demand for a surrender on our part or an invitation to a conference on both sides and without prejudice should an agreement not be reached."

Mr. De Valera in beginning his note declared that the Sinn Fein at no time had any thought of asking the acceptance of any conditions for the conference. The Irish Republican leader expresses the belief that a "treaty of accommodation and association" properly concluded between Great Britain and Ireland and between Ireland and the States making up the British Commonwealth would end the dispute forever, enabling both British and Irish to settle down in peace and work together in friendly co-operation in "affairs of agreed common concern."

Mr. De Valera says that if the latter is meant the Sinn Fein confirms its acceptance of the invitation to a conference and its delegates will be ready to meet the British representatives at any time in the immediate future.

Mr. De Valera's telegram follows: "Sir: We have had no thought at any time of asking you to accept any conditions precedent to conference. We would have thought it as unreasonable to expect you as a preliminary to recognize the Irish Republic formally or informally as that you should expect us, formally or informally to surrender our national position. It is precisely because neither side accepts the position of the other that there is a dispute at all and that a conference is necessary to search for and discuss such adjustments as might compose it."

"A treaty of accommodation and association properly concluded between the people of these two islands and between Ireland and the group of states in the British Commonwealth, would we believe end the dispute forever and enable the two nations to settle down in peace, each pursuing its own individual development and contributing its own quota to civilization by working together in free and friendly co-operation in affairs of common concern."

"To negotiate such a treaty the respective representatives of the two nations must meet but if you seek to impose preliminary conditions which we must regard as involving the surrender of our whole position, they cannot meet."

"Your last telegram makes it clear that misunderstanding is more likely to increase than diminish and the cause of peace is more likely to be retarded than advanced by the continuance of the present correspondence."

"We request you therefore, to state whether your letter of Sept. 7 is intended to be a demand for surrender on our part or an invitation to a conference free on both sides and without prejudice, should an agreement not be reached."

"If the latter, we are ready to confirm our acceptance of the invitation, and our appointed delegates will meet your government's representatives at any time in the immediate future that you designate."

The communication is signed: "I am, Sir, Yours Faithfully—De Valera."

Prime Minister Lloyd George's letter of September 7 was the one in which he asked Mr. De Valera for a definite reply as to whether he was "prepared to enter a conference to ascertain how the association of Ireland with the Commonwealth of nations known as the British Empire can best be reconciled with Irish national aspirations."

To this Mr. De Valera replied in the affirmative, but added to his reply the paragraph now in dispute saying: "In this final note we deem it our duty to reaffirm that our position is and can only be as we have defined it throughout this correspondence. Our nation has formally declared its independence and recognizes itself as a sovereign state. It is only as representatives of that state and as its chosen guardian that we have authority or power to act on behalf of our people."

CRERAR REPLIES TO DR. M. CLARK

Progressive Leader Repudiates Any Class Legislation Or Class Domination

Winnipeg, Man., Sept. 19.—(Can. Press)—Repudiating any idea of class legislation or class domination, either in his own personal views or as part of the new national policy, Hon. T. A. Crerar, leader of the National Progressive Party, today issued his reply to the published letter of Dr. Michael Clark, M.P. Referring to the tenets of H. M. Wood, President of the United Farmers of Alberta, Mr. Crerar states that these dealt with matters of organization and not of legislation. Mr. Crerar also reaffirmed the policy of constituency autonomy in the matter of selecting candidates for the forthcoming Federal election.

Mr. Crerar's letter to Dr. Clark reads as follows: "On my return to the city yesterday I received with some surprise your letter of the 14th instant, which was published in the newspapers before it reached me."

"The view which Mr. Wood holds on economic class groups is related mainly, I think, to the methods of organization and in any case forms no part of the platform on which almost all the Progressives throughout the Dominion are appealing for support on the new national policy."

I am sure that the United Farmers of Alberta are not out for class legislation nor do they want class domination. The slender implication in your letter that I have submitted to the view of class domination is entirely unwarranted. As stated, the idea is in no sense a part of our program. I do not believe in class legislation nor do I believe in class domination. In the past we have had too much of both in Canada. Both are repugnant to any liberty-loving person and I think you know me well enough to know my views on this matter. The business of government is a matter that concerns all the people and can only be successfully carried on when all these, irrespective of their religion, creed, or occupation associate themselves together to achieve a common end."

"The question of your candidature in Red Deer, is of course, a matter between you and your constituents. That any difference should have arisen between you and them is a matter of deep regret to me. The United Farmers of Alberta in their annual conventions have approved of the new national policy and I am sure their representatives in Parliament will be prepared to support the legislation necessary to give effect to it. That is the really important thing. So far as methods of organization adopted in each Province or Federal constituency are concerned, that is a matter for the consideration of the electorate immediately concerned."

"I take it that your confidence in the public policy we have adopted still stands, and I regret that circumstances, local in their character, have induced you to give to the public that statement you have given. Let me again express my appreciation of the services you have rendered the Progressive movement in Canada and the hope that you will continue to give it the benefit of your able support."

(Signed) "T. A. CRERAR."

STREET RAILWAY RECEIPTS SEIZED

Money Taken In London To Satisfy Judgment Against Company By City

London, Ont., Sept. 19.—London Street Railway receipts for the past few days have been seized to satisfy a judgment of \$7,500 which the city holds against the Company. As a result the regular bi-monthly pay has been postponed for a few days. The employees are notified in a notice posted in the barns today that all wages will be paid by the end of the week.

The men are taking up the question at the regular meeting of the union to-night, but it is not believed that any action will be taken by them. It is estimated that the amount of money secured today is about \$5,000. In connection with the above there has been a proposition that the city take over the railway to satisfy this indebtedness.

LOYD GEORGE IS RECOVERING NOW

Gairloch, Scotland, Sept. 19.—Prime Minister Lloyd George, whose indisposition as a result of an abscess on his tooth was relieved a few days ago by lancing today was able to sit in the garden of the house where he is staying. He sent word to the Laborite Mayors of various London boroughs who arrived at Inverness this morning to interview him regarding the unemployment problem, however, that under orders from his doctor he would be unable to receive them.

REDUCTIONS MADE IN LONDON TAXES

London, Sept. 19.—(By Can. Press Cable)—Possibly as an incentive to the recent taxation demonstrations at the London borough of Poplar, several other London boroughs have reduced their local taxation rates. In Fulham, for instance, the reduction amounts to a shilling to the pound and in Paddington two pence.

BELLEY CERTAIN OF A PORTFOLIO IN NEW CABINET

Slate To Be Announced For Today—Patenaude Won't Enter Federal Arena

END OF PARLIAMENT

Dissolution Announcement Not Later Than Tomorrow Election Date Undecided

(Special to The Chronicle)

Ottawa, Sept. 20.—The Cabinet slate has been announced for tomorrow but there is always the possibility of another day's delay. In the capital from the Province of Quebec are Rodolphe Monty, K.C., and L. G. Belley, K.C., awaiting to be sworn into the new administration. It was expected that Hon. E. L. Patenaude would have been induced to have entered the Cabinet but he has steadily refused to leave the Provincial field. His former experience in Federal politics was not such as to induce him to make another plunge. Another French Canadian representative is to be selected and several names are mentioned. It is reported that there may be two others but only one with a portfolio.

There are no indications of any changes in the slate for the other Provinces. It is believed that there is considerable difficulty in allocating portfolios so as to meet the demands of ministers and sections.

T. A. Russell, Toronto, was with the Prime Minister to-day and it was reported he would enter the Cabinet, but this is not possible. Mr. Russell was one of the "nobodies" who left the Liberal party in 1911 on the reciprocity issue. He is a close personal friend of the Prime Minister.

The Ministers who will retire are believed to be Sir George Foster, Hon. J. D. Reid, Hon. J. A. Caldwell, Hon. Senator Blondin, Hon. Hugh Guthrie, Hon. E. W. Wigness, The Department of State and the Solicitor-Generalship are vacant which will permit of eight new appointments to the Government.

New Ministers who appear certain of portfolios are L. G. Belley, R. Monty, Quebec; H. H. Stevens, British Columbia; J. B. Baxter, New Brunswick; J. A. Stewart and Hon. S. C. McEwen, Ontario; Hector McInnes, Nova Scotia may be Solicitor General. This leaves one vacant portfolio which will go to Quebec.

Ministers without portfolios are to be numerous. Among others will be J. A. Wilson, Saskatchewan; R. C. Fendler, Manitoba; Edward Bristol, Sir Edward Kemp and probably Dr. Edwards, Ontario. There is also the possibility of a prominent Alberta Liberal joining the Cabinet without portfolio.

Dissolution will be announced not later than Wednesday. The date of the election may not be announced until the Prime Minister's return from Portage La Prairie.

TURKS ENTER SVIRI-HISSAR

Constantinople, Sept. 19.—Turkish cavalry has entered Sviri-Hissar. Cavalry divisions also are pressing, but unsuccessfully on the Greek flank. The Greeks are expected to hold on the Eski-Shehr—Afion-Karaisar line.

SWEARING IN AT NOON TODAY

Ministers Actual And Prospective Gathering At Ottawa For Ceremony

Ottawa, Sept. 19.—(By Canadian Press)—Ministers actual and prospective are gathering here for the swearing-in of the re-organized Meighen Administration at noon tomorrow.

The Quebec representation—which has proved the stumbling block—is understood to be complete although there may still be some minor changes in the allotment of portfolios. According to present arrangements, Quebec is to have five and perhaps six members in the Cabinet. They are:—

Hon. C. C. Ballantyne, Minister of Marine and Fisheries—his present portfolio.

Right Hon. C. J. Doherty, Minister of Justice, the portfolio he now holds.

Mr. Monty, K.C., of Montreal to be Solicitor-General with Cabinet rank.

L. G. Belley, K.C., Quebec City, to be Postmaster General.

Dr. L. P. Normand of Three Rivers, to be either Secretary of State or Minister without portfolio.

Dr. Normand, it is understood, is not anxious to take a portfolio and may therefore enter as Minister without portfolio. The sixth Quebec Minister in view is J. N. Dupuis, of Montreal. But final decision whether Mr. Dupuis will enter or not may not be reached till tomorrow.

So considerable an addition to Quebec representation in the Cabinet has naturally raised the question of finding seats. Present plans, it is understood, are that Mr. Doherty will run in his present constituency of St. Ann's Montreal.

Mr. Ballantyne may contest St. Antoine instead of his present riding, St. Lawrence. St. Antoine is an old Conservative riding of Montreal and was held by Sir Herbert Ames from 1904 till he resigned this year.

Mr. Monty is planned to run in Hochelaga, although final decision has not yet been reached. Conservatives in Jacques Cartier are also reported to have offered Mr. Monty a nomination.

L. G. Belley is scheduled to contest Quebec South—a constituency which was created under the Redistribution Act of 1914.

Dr. Normand, it is proposed will run in Three Rivers, a constituency he contested in 1911 in opposition to Hon. Jacques Bureau, the sitting Member. Mr. Bureau was then elected by nine, on a recount. If J. N. Dupuis consents to enter the Cabinet, he will probably be nominated in St. James, Montreal.

From the other Provinces, as previously indicated new members of the Cabinet will probably be:—

Ontario—J. A. Stewart (Lanark); Major General Mewburn; Edmund Bristol (Toronto), and Dr. Edwards (Frontenac).

Nova Scotia—Hector McInnes. New Brunswick—Hon. J. B. Baxter.

Manitoba—R. C. Fendler. Saskatchewan—J. A. Wilson (Saskatoon).

British Columbia—H. H. Stevens. The swearing-in of the Cabinet has been fixed for noon tomorrow till the allotment of portfolios will not be officially announced.

There has been some suggestion of a possible postponement of the ceremony till Wednesday in view of the fact that the Governor-General left for Kingston to-night and will not be back till Wednesday. This difficulty is however likely to be met by the swearing-in taking place at the Hotel Macdonald, Chief Justice of Canada, acting as Deputy Governor.

Several Senators, it is stated, are also to be sworn in to-morrow. They are understood to include Hon. J. A. Caldwell, at present Minister of Immigration and Colonization.

20 YEAR SENTENCE WAS REDUCED TO THREE

Judge In Montreal Under Wrong Impression In Imposing First Sentence

Montreal, Sept. 19.—A sentence of twenty years in the penitentiary imposed this morning on Charles Dimoff, a Greek, who pleaded guilty to wounding his wife February 25th last, was this afternoon changed to one of three years by Mr. Justice Monet in the Court of King's Bench, here.

His Lordship stated that in imposing the first sentence he was under the impression that prisoner had pleaded guilty to attempted manslaughter, the maximum penalty for which was twenty years. Dimoff had, however, had only pleaded guilty to wounding and for this offence the maximum is three years.

In imposing the first sentence Mr. Justice Monet said there were too many of these shootings and wounding and that he intended to make an example of every foreigner who came before him on such charges.

"WORKERS DREADNOT" NOT TO STOP PUBLICATION

London, Sept. 19.—(By Can. Press Cable)—The "workers dreadnot" Sylvia Pankhurst's paper is not going to stop publication, as it was announced on Saturday. Today Miss Pankhurst stated that she had changed her mind and decided to continue the paper as she had been successful in raising the five hundred pounds necessary to carry on with.

WARNING NOTE OVER MINISTER

Sir George Larkin Doubts Whether Canadian Minister To Washington Wise

Toronto, Sept. 19.—In an address on "British statesmanship from a Canadian point of view," to the Canadian Club today, Sir George Larkin, sounded a note of warning over the proposed appointment of a Canadian Minister to Washington.

Sir George is Secretary of the Rhodes Scholarship Trust and lecturer for the Imperial Federation league. After referring to the fact that Mr. Lloyd George was quite willing to agree to the appointment of a Canadian Minister to Washington, he said:—

"We have only to consider whether the move is a wise one from the Canadian point of view. Of this I have grave doubts."

The example of Canada would almost certainly be followed by the Australasian Dominions, possibly also by South Africa.

It would certainly be followed by Ireland, if that country is given Dominion status as the result of the negotiations now going on.

To any one who knows Washington, the prospect of having a number of minor embassies there, each working for its own ends in great diplomatic negotiations which need behind them the full force of a United Empire, is not altogether a satisfying or a pleasant prospect."

COVENT GARDEN MARKET GLUTTED WITH APPLES

London, Sept. 19.—(Can. Press Cable)—Covent Garden market is now glutted with apples. Every stall is loaded and the warehouses are packed with hundreds of tons. Dealers say that this has been a wonderful year for the apple growers and that thousands of tons of apples are held in the country, ready to be brought into London when room for them is found. Wholesalers now accuse the retailers of profiteering by selling at a hundred percent profit. It is expected that the glut in English apples will continue until the arrival of Canadian consignments.

FARMERS BROUGHT BEFORE COURT FOR INCOME TAX

THRESHING DELAYED

Moosejaw, Sask., Sept. 19.—Rain which commenced during last night turned this morning from a drizzle to a very heavy precipitation. The winds of Saturday and Sunday had made excellent progress in drying the roads and fields, but threshing will be set back another five days with today's departure.

tant Capture Yesterday—
One Man Injured

Chicago, Sept. 19.—Fourteen hundred sticks of dynamite, three inches in diameter and ten inches long, and 100 sticks of TNT were seized today by police following the capture of five dynamiters in the act of bombing a shop repair shop.

One of the prisoners was shot in the side by a policeman who had surrounded the shop for ten hours following a mysterious tip that it was to be bombed.

Richard Burke, 23 years-old, the wounded man, was carrying the bomb when the five approached the shop, after parking a stolen automobile two blocks away. Forty

detectors hid in neighboring buildings, surrounded the bombers and ordered them to surrender. Instead Burke hurled the bomb and the explosion tore the entire front out of the store, threw David Krenan, the owner and his family from their beds upstairs and broke windows for blocks around.

As Burke turned to flee Michael Hughes, chief of detectives, shot him in the side and the other four surrendered.

They gave their names as Michael Bench, James Smith, John Barry and Charles Young. Search of the house where the men lived disclosed the bomb making plant, explosives, and in the garage a second automobile was found.

Burke who is believed to be dying, told the police he supplied bombs for several Labor Unions, and also the men to throw them. Police say he made a detailed statement of bomb outrages undertaken for the shoe repair men's and janitor's unions.

After questioning the prisoners, Chief Hughes said the arrests would clear up scores of bomb explosions during the last six months, and involve a number of union officials. An investigation is also under way to determine how Burke was able to obtain the stock of dynamite.

LEGAL BATTLE
TO START TODAYNearly Two Hundred Kegs Of
Rum Were Seized In Dart-
mouth

Halifax, Sept. 19.—The first move in the legal battle growing out of seizure at Dobbie's Wharf, Dartmouth, early Saturday morning of 185 kegs of rum and the subsequent seizure at the home of Richard Burbridge of Dartmouth, of fifteen kegs of the same commodity will be made to-morrow morning in the Dartmouth Police Court when Wm. Meyer, heading the Fish Company doing business at Dobbie's wharf, will plead a charge of having had liquor illegally in his possession. Of-

icials of the Customs Department stated this morning that they would await the outcome of the action in the Dartmouth Police Court before proceeding against the small coastal steamer Mary Smith, Captain Alexander Smith, which is being detained in the meantime. When the police visited the wharf Friday night they noticed the Mary Smith in the dock but before they could make good the seizure of rum, she had slipped her mooring and had put to sea. Satur-

day afternoon, the Mary Smith returned to port, reporting that she had put to sea with a consignment of coal.

She was immediately placed under detention awaiting the result of the charge against Meyers in the police court. Richard Burbridge whose home was found to be the storehouse of fifteen kegs of rum late Saturday night is one of two men, Dartmouth police officials state, who attempted to communicate with Meyers following his arrest early Saturday morning and who having gained access to the lock-up were held at Bay by an early revolver, in the hand of J. Lefurgey, who happened at the time to be visiting the family living above the jail.

CANDIDATES ASK
DEPOSIT RETURNTwenty Defeated Men In
Alberta Want Hundred
Dollars Back

Edmonton Alta., Sept. 19.—Twenty defeated candidates in the recent provincial elections in the cities of Edmonton and Calgary are seeking the return of the hundred dollar deposit fees.

Action is to be taken against the Provincial Government, permission having been obtained from the Attorney-General to have a test case argued before a Supreme Court judge, it was announced to-day. It appears that the Election Act provides that a candidate forfeits his deposit unless he gets half as many votes as "the candidate elected." It is pointed out that this section contemplated contests where there was only one candidate elected and that the late Government increased the number of elective candidates to five in Edmonton and Calgary, but omitted to amend the statute to provide for forfeiture in these contingencies.

"The candidate elected" might mean any one of the five and it is impossible to determine how many of the defeated candidates would be subject to forfeiture.

In the absence of clear and definite provision it is suggested that there can be no forfeiture and that all deposits should be returned.

CUSTOMS SEIZED
R.M.S.P. LINERConsiderable Quantity Of
Overproof Rum Found In
Crew's Quarters

Halifax, N.S., Sept. 19.—The Royal Mail Steam Packet liner Chignecto, has been seized here by Customs officials following the seizure by the officials of two five gallon tins of overproof rum and 24 bottles of the same liquor which they discovered stowed in the quarters of the colored crew.

Captain Parker, Master of the ship, met the liquor searchers at this juncture and escorted them to the crew's galley. Among the pots and pans, two five gallon tins of overproof rum were located and as they were searching the officers state they heard a splash which they presumed to be another tin of like size going overboard. A guard was then placed amidships pending the arrival of a police detachment.

Reinforced by police the customs men entered the crew's forecastle. "Let's rush them" said one burly seaman but revolvers again flashed into the hands of customs and police officers. The search continued, and revealed twenty four bottles of rum in a dummy elevator.

Customs officer James A. Mitchell, who was in charge of the raiding party, stated that he did not believe the officers of the ship, who rendered all assistance possible in the search knew of the presence of the liquor on board.

The Chignecto arrived in Halifax on Saturday from Demerara, West Indies and Bermuda, and West St. John, N.B. She is one of the four liners of the Royal Mail Steam Packet line.

WOMAN SWEPT OVER

Niagara Falls, N.Y., Sept. 19.—While a score of men and women ran along the mainland shore of the upper river between Goat Island bridge and the American falls, trying vainly to find some means of rescuing her, an unidentified woman was borne through the upper rapids and over the falls at 1:35 o'clock this afternoon. The body appeared almost immediately in the river below on the Canadian side from where it was recovered and taken to Niagara Falls, Ont. The name Mrs. Wyant, scribbled on a piece of paper tucked into a purse found on the shore with the address No. 354 East Ulica Street, Buffalo—may lead to the identification of the body.

tions Adopt Proposal Of Sir
George Perley

London Sept. 19.—(Canadian Press Cable)—The staff committee of the League of Nations has adopted the proposal of Sir George Perley that the staff should be recruited with fair proportions from all the countries that are members of the League.

Hon. Charles Doherty will sail for home at the end of next week, after the committee under his chairmanship has discussed the question of opium traffic and the campaign against typhus.

The Geneva correspondent of the "Westminster Gazette" says that the British delegates to the League of Nations Council undoubtedly regretted that none of the Dominions or India were represented at the International Court of Judges. The correspondent says that it is believed that if John Bassett Moore of the United States declines the nomination for the court the name of Sir Robert Borden will be substituted.

The same correspondent to the Gazette notes the "inordinate" length of speeches at the gatherings of the League of Nations.

INDIAN ARRESTS
RECEIVED QUIETLYFew Slight Disturbances In
Bombay But Only Window
Smashing

London, Sept. 19.—(By Can. Press Cable)—Reuters' (correspondent in Bombay says that the news of the arrest of prominent agitators in Bombay and Simla were received quietly throughout India. There were a few slight disturbances in Bombay but these were confined to the smashing of tram car windows.

Muslim employees in one mill refused to work and induced the Hindu workmen to join them. This movement spread to several other mills. Shaikat Ali, who was arrested at the central office of the Khilafat committee has been sent to Karachi for trial.

A leaflet has been distributed among the Mohammedans containing messages from Shaikat Ali, urging the Muslims to refrain from causing disturbances or strikes on account of his arrest, but to continue vigorously but peacefully the policy of non-cooperation with the authorities. The Bombay Chronicle commenting on the arrests of the agitators says that the Government failed to realize the effects of its actions upon the minds of all Muslims, whose impression that Englishmen are hostile to Islam will now be strengthened.

It is expected that more changes will result from the annual Army Congress which takes place in Toronto next month. The continuation of business depression and the desperate situation of the unemployed is taxing to the utmost the efforts of Salvation Army workers, it was stated today.

SAYS CRERAR'S VIEWS
SAME AS HIS OWN

Calgary, Sept. 19.—Speaking over the long distance telephone from Olds tonight in connection with the letter from Hon. T. A. Crerar, sent to him in response to the one in which the doctor repudiated the group Government of the Farmers last week, Dr. Clark said:

"So far as Mr. Crerar's attitude on group representation is concerned, he evidently takes precisely my view, but so far as I can find out by hearing the letter over the telephone, he does not clear up his attitude towards Mr. Wood's view on group Government. I would not care to say more till I get Mr. Crerar's letter."

JAIL GOVERNOR
SCORES DUNLOPClaims Middlesex County Jail
Visited Only Once In Six
Years

London, Ont., Sept. 19.—Governor Carter, who has resigned the custody of the Middlesex county jail, the jail from which the Murrel brothers made their sensational escape, in a letter to the newspapers dealing with his resignation scores provincial prison inspector Dunlop for his "blasphemy and discourtesy bombast" to which Mr. Carter claims he was subjected during the investigation following the Murrel escape. Mr. Carter further says that while the provincial inspector is supposed to satisfy himself as to the security of county jails, Mr. Dunlop has visited Middlesex jail but once in six years and following that visit in June last he reported that the jail seem to him "to be a safe place of restraint." He also alleges that if the investigation had been conducted by an independent party such as a county court judge, "the cross examination of the inspector of prisons, might have been as exciting as the grueling of the jailor."

Many who Sunday and yesterday beheld May Allison, Metro's blonde star, score another triumph of acting in "Extravagance," the Canadian Theatre, where it began at the end of four days, must have remembered Shakespeare's quotation about "her infinite variety." That is the fitting epithet with which to crown Miss Allison, judging from her astonishing versatility manifested in this picture.

A SILVER LINING

If, for instance, the Sinn Féin leader has in mind a treaty whereby absolute independence shall be vested in Ireland in return for special trade arrangements and concerted measures of defense, it is useless to attempt a conference upon Dominion autonomy coupled with Imperial partnership, and Mr. De Valera ought to outline his conception in order that it can be examined.

HISTORY OF HATE

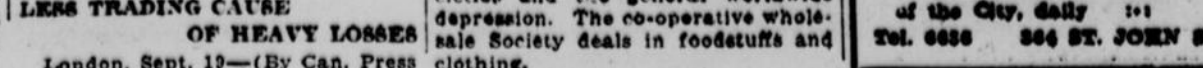

EVERYBODY'S BUSINESS

I have always been puzzled by the curious fact that while nobody but an idle or impertinent busybody thinks of writing to an engineering firm telling them how to build cantilever bridges, or to a Bond street shopman giving him hints for improving his window display, every Jackanape seems to imagine that he can edit a newspaper better than the editor does, and to regard it as a duty to tell him so. A considerable part of the Post Office revenue is derived from the postage on letters written by people who know how to run newspapers. Sometimes they afford the newspaper man a little languid amusement, but usually they fill him with unutterable ennu.

HERSCOVITCH PUT CLINE TO SLEEP

Hebrew Boxer Scored Knock-out In First Round With Right Cross

Montreal, Sept. 19.—Sending a smashing right cross to the jaw of Herscovitch, the local welterweight, knocked out Irish Patsy Cline in the first round of their scheduled ten-round bout at the St. Denis Theatre here tonight. Fresh from a recent knockout victory over Jackie White in New York, Cline started with all the confidence of an experienced fighter. On the other hand, Herscovitch was not to be rushed into a trap fought in a cautious manner for the first minute of the round and allowed Cline to carry the fight to him. Both showed a willingness to fight on the defensive waiting for an opening. The first opening was offered to Cline to land a right cross, landing on his opponent's head. Herscovitch retaliated and the men came to the first clinch. Herscovitch forced Cline to break ground and take to open boxing. Several exchanges followed and many in the house settled down looking for the bout to go the limit. Cline started an offensive that brought about an abrupt ending to the bout. He feinted with his left and crossed with the right, landing two without return. The fighters came to a clinch, both making desperate efforts at infighting. An opening offered to Herscovitch gave the local fighter his chance to land the winning blow. He sent a left to Cline's head and as Cline drew back to avoid the blow Herscovitch crossed with the right sending his opponent to the mat. Cline rolled over on the floor in an unconscious condition and as Referee McBrearty started to count him out the bell for the expiration of the round sounded. Neither McBrearty nor the fighter heard the bell, the sound of which was smothered by the cheering for Herscovitch. Cline continued to count until he had reached ten before he was made to understand that if Cline could return he was saved by the song.

Sporting Notes.

Georges Carpentier will be in the United States some time during December to start preparations for his light heavyweight championship bout with Tom Ibbota of St. Paul, Minn. The Frenchman's trainer has announced.

It is probable that Carpentier again will leave the residence at Manhasset, L.I., for his training. He dislikes the idea of working in a New York gymnasium, Wilson said, and is certain to work in a country place. Miss Carpentier and their daughter Jacqueline may accompany him.

Arthur Duke, race organizer of the Quebec Sporting Association, has a fine card of harness races prepared for next Sunday, Sept. 25th. The events will include a five-mile race, which is always very popular here, as well as two tripping classes, one for trotters and the other for pacers. It is expected that there will be at least five starters in the five-mile race.

Yonah Dill Edmunds is out with a challenge to box anyone weighing not more than 115 pounds. Edmunds can be located by telephoning 5490W.

Don't forget fellows, to keep a date open for Friday night, so as to be at the Sarsfield Club. A big time is promised all who attend.

The St. Patrick's baseball team will practice to-night at 6:30 o'clock on the C.A.A. grounds. Bill Walsh wants all the players to be on the ground as early as possible.

The Quebec City and District Baseball League will have a meet at the Victoria Hotel this afternoon at 8:15 o'clock to decide when the games to decide the second half championship will be played. St. Patrick's, Bell Telephone and St. Napoleon are now tied for the title so two games at least will be necessary to determine the league leaders and should Bell Telephone be eliminated, then a third match to settle the championship of the season will be required.

MR. HENRY BOAKES WON FROM DR. LABREQUE. Mr. Henry Boakes Jr., the runner up for the American Squash Racquet Championship defeated Dr. Jos. Labreque the local champion last evening in two out of the three sets 15-9, 15-4, but losing the third 15-7. Mr. Boakes hurt his leg while playing the third set, being unable to play his second match which was to be with Jos. Simard.

TAKE A STEP SCRATCHED FROM THE CESAREWITCH. London, Sept. 19.—It was announced today that the entry of Take a Step for the Cesarewitch to be run on October 12, had been scratched. Take a Step in the announcement of the autumn weights was due to carry 101 pounds. The withdrawal of Zephyr in the Newbury Cup is also announced.

Boston, Mass., Sept. 19.—Johnny Dundee of New York, was awarded the decision over Joe Tipitzi, of Philadelphia, in a ten-round boxing bout here tonight.

TILDEN IS AGAIN TENNIS CHAMP.

Smothered Johnson With Speed And Accuracy Of Service And Return Strokes

Philadelphia, Sept. 19.—William T. Tilden, 11, of this city, is again National tennis champion. He won the 1921 title by defeating Wallace F. Johnson, also of this city, 6-1, 6-3, 6-1, in the final round of the 40th annual championship singles tournament of the United States Tennis Association in what is said to be the record time of 43 minutes.

Tilden rose to super heights in his play this afternoon. The speed and accuracy of both his service and return strokes so dazzled and smothered Johnson that the latter was placed in such a position that he never for a moment appeared to have even a fighting chance.

As a result of his victory Tilden's name again will be subscribed upon the trophy which he won for the first time last season. He now has two legs upon the cup, placing him on a level with Maurice E. McLaughlin, who won in 1912 and 1913; E. Norris Williams, winner in 1914 and 1916; and William M. Johnston, holder in 1915 and 1919. William A. Larned and R. Lindley Murray have also won this particular cup once, the play dating back to 1911, when it was placed in competition.

Tilden lost but five games during the contest and did not even remove his sweater while playing.

Paris, Sept. 19.—The Eiffel tower wireless station sent out a request to naval today to all steamers in the eastern Atlantic, the English Channel and the Bay of Biscay to keep a sharp look-out for the balloons which started yesterday from Brussels in the James Gordon Bennett International race. The Ministry of Marine also instructed all lighthouse keepers on the Atlantic seaboard from Dunkirk to the Spanish border to be on the watch and report, but thus far none of the balloons has been seen or has landed in France.

(A London despatch today reported the landing of the English balloon Banshee in Wales).

GENERAL REDUCTION IN 3rd CLASS STEAMER RATES. Montreal, Sept. 19.—A general reduction in third class steamship rates from this port to Continental European destinations, to come into effect at once, was announced today by a large steamship company here and it is expected this announcement will be followed by similar ones from other companies in the near future.

NEW RECORDS WERE HUNG UP

Two Year Old Mark Established At Columbus Yesterday—The Results

Columbus, Ohio, Sept. 19.—Grand circuit horses which engaged in plenty of record breaking at Syracuse, last week, were at it again today when one season's trotting mark was made for a two-year-old and a mark for all time was produced in the 2:06 pace, the King stake, purse of \$3,000.

Suavity, a bay filly by Etawah won the two-year-old trot, the Horse Review Futurity, trotting both heats in 2:05 1-4.

This is the fastest mile of the year by a two-year-old and in the first heat Suavity trotted the last half in 1:01 3-4. Helen Dillon was the original favorite.

The King Stake had but three paces to start, but Johnny Quirk's middle mile in 2:01 3-4, broke the record for this event established ten years ago at 2:10 3-4 by Independence Boy.

The pacers in this race hippodrome the first heat, Roy Grattan and Johnny Quirk hesitating to be out in front when the stretch drive was started. For Main Direct's inactivity during this hesitancy, driver McGillivray was unseated in the second heat and Valentine placed on the mount. Main Direct led this heat to the half in 1:01 1-4 and helped in that way to produce the record mile.

Peter Daw won the 2:11 trot, losing the first heat to Linara Watts. The 2:18 pace was won by Ora Main from Tony Mac, the favorite. Tuesday's big programme will be featured by the \$10,000 M. and M. 2:14 trot.

32 QUALIFIED FOR FIRST ROUND

In Ladies' Golf Championship Of The Dominion—Opening Round Today

River Mead Golf Club, Ottawa, Ont., Sept. 19.—Qualifying with medal scores that ranged from 84 to the credit of Miss Leitch, British champion to 105, achieved by Miss Ridout, of Lambton and by Miss McCarty, of Grand Mere, thirty-two survivors of today's elimination trial will to-morrow begin the real struggle for the Ladies' golfing championship. Yet there is no telling qualifying round produced no brilliant play.

The play of Miss Cecil Leitch, was the outstanding figure but even she was playing far from the best golf of which she is capable.

Miss Alexa Stirling, of Atlanta, Ga., ladies' open golf champion of Canada and the United States, also survived the qualifying round of the tournament. She turned in a score for the 18 holes of 90. Miss Stirling was paired in the round with Miss Ada Mackenzie of Toronto, ex-Canadian champion and present champion of Ontario whom she defeated two up.

On the day's showing, Miss Cecil Leitch unquestionably stands out as a strong favorite for the championship. Yet there is nothing what fortune and a return to form on the part of Miss Stirling and the other aspirants may do.

As a golfer Miss Stirling is certainly not to be despised. This she made abundantly clear today when she showed a few flashes of brilliance that thrilled the hearts of spectators. Nothing could be finer, for example, than her four on the eighteenth when, after being in a trap at the right of the green with her second, she nibbled within four feet of the flag.

Nor can three or four of the best of the other contenders be dismissed without thought.

Miss Doris Chambers, for instance is a strong, dangerous player who, although not quite on the pinnacle of greatness achieved by Miss Cecil Leitch must always be reckoned with. While Mrs. Gavin, metropolitan champion of New York; Miss Mackenzie of Toronto; Miss Potts of Ottawa, and Mrs. Gibson of Hamilton, are contestants not to be despised.

Mrs. Gibson, indeed, is a player of exceptional skill. Paired with Miss Cecil Leitch, she appeared today to be a little over-awed and was jumpy and uncertain at times, but she possesses in abundance that greatest asset of golf, courage when in trouble, and performed splendidly on occasions.

RACIAL EQUALITY. It can hardly be doubted for a moment that at any conference on disarmament in which Japan is one of the principals, she will raise the question of racial equality. Japan has won in the world and the position she occupies as a Power of the first class if she did not strive to obtain for her nationals equal rights to those enjoyed by the nationals of any other country. This claim was advanced at the meetings of the Su-

European and not world affairs. quite different set of conditions will exist at a disarmament conference among a limited number of Powers, and, in any conference purely Pacific problems, Japan, by virtue of her position and strength in this ocean is more interested than any other nation, she will have the right to make her influence felt on the terms on which any proposed settlement may be discussed. No one can deny the right of Japan to raise the question

preme Council in Paris, and at the time the Covenant of the League of Nations was under consideration. It was waived then because, for one thing, it was recognized that the League of Nations was dealing with the problem of racial equality. Japan has already intimated that she wants the right acknowledged, although she does not wish to exercise it to the detriment of any nation.—Victor Gollancz.

Lubricating System
FOR ALL MOTOR CARS AND TRUCKS

ONE HAND OPERATES IT—Pressure as high as required is developed in the gun before the gun is applied to the connection on bearing.

FOR USE WITH EITHER GREASE OR OIL—Handles all grades of grease and any grade of oil from kerosene to heaviest cylinder oil.

PRESSURE OR GRAVITY SYSTEM—When using grease, pressure is always necessary. If oil is used, pressure may be used or the connections filled from the ordinary oil can.

CONVENIENT, QUICK AND EASY TO USE—The entire chassis can be lubricated more conveniently and easily, and in less than half the time than with any similar system.

CLEANS AND LUBRICATES—The explosive action by which the lubricant is shot into the bearing, forces out the dead grit-laden grease, and covers the bearing with a film of fresh lubricant.

"Dangerous Curve Ahead" Entertains Large Crowds at the Empire Theatre

MARCEL VERNEY'S ORCHESTRA (THE LARGEST IN THE CITY) FURNISHES DELIGHTFUL TREAT IN THE RENDITION OF A WONDERFUL MUSICAL PROGRAMME.

Those who were fortunate enough to attend the Empire last night spent a most enjoyable evening. The feature picture entitled, "Dangerous Curve Ahead," is one of those plays which teaches a splendid lesson and at the same time entertains.

Helen Chadwick and Richard Dix are the stars in this excellent picture, which runs again to-day, and to-morrow.

The music by Marcel Verney's Orchestra was a wonderful treat. This organization which is the largest of the kind in the City, adds much to all Empire programmes, and was especially appreciated last night.

ANCHOR FERRY IN MID-STREAM

St. Louis Damaged Rudder Badly In Crossing Near Montreal

Montreal, Sept. 19—The steamer St. Louis, a ferry boat which plies between Lachine and Caughnawaga, damaged her rudder so badly yesterday while making the crossing that it was found imperative to let go all anchors in order to prevent her from drifting down the Lachine rapids, which lie just below the ferry's regular course. At the time of the accident, the ship was crowded with passengers, and when it was discovered that she no longer answered her helm, but was drifting rapidly towards destruction, a panic was narrowly averted. As soon as the vessel's approach to the swirling waters was arrested the passengers who crowded her decks took fresh heart and order was soon restored. In a short time it became apparent that to repair the rudder under the circumstances was impossible, the work of conveying the ferry's holiday makers to terra firma was begun, and by the time night descended practically all of them had been safely landed. All manner of craft was employed in this undertaking, from the steamer's own life-boats to small launches and skiffs which voluntarily came to the helpless ferry's assistance.

The C.P.S.L. SS. Empress of France was reported 450 miles east of Belle Isle at 5 o'clock yesterday morning, and is due at Quebec about midnight on Wednesday.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
