World News In Brief

New Delhi, July 3.—(AP)—India announced today she has protested to the United Nations Security Council against "a series of violations by Pakistan along the cease-fire line in Kashmir in the past fortnight."

Prime Minister Nehru warned that if these violations were not checked, they might flare into open war.

A letter from Nehru to the Security Council, received here by the Foreign Ministry, said India took a "grave view" of the events in Kashmir, centre of a long dispute between India and Pakistan.

Nehru said India "has stayed their hand so far in a determined attempt, despite provocation." He declared: "Pakistan should be pulled up and made to realize the responsibility of implementing obligations under the cease-fire agreement."

Bangkok, Thailand, July 3.—(Reuters)—Lt. Gen. Kach Songram, one of the alleged leaders of the abortive two-day navy revolt in Thailand, has been arrested at his home, press reports said today.

The general, a former marine officer, was exiled by Prime Minister Pibul Songram more than a year ago for plotting to overthrow the government.

He was one of the key men in the November, 1947, coup which put Pibul Songram in power. Pibul Songram was kidnapped by the navy but later released.

Official estimates of casualties during the recent fighting are still unavailable. One report said about 500 civilians were killed.

Lucknow, India, July 3.—(Reuters)—Indian authorities have ordered "strict vigilance" on the Himalayan frontier between Tibet and the remote northern state of Uttar Pradesh, authoritative sources said today.

These reports said about 25,000 troops of the Chinese "liberation army" had concentrated on the Tibetan side of the frontier.

Strict watch is being kept at six check-posts on the frontier across which Tibetan and Indian traders ply the caravan trade.

Ottawa, July 3.—(AP)—The Board of Transport Commissioners today announced it will hand down a decision at 9:30 a.m. E.D.T. tomorrow in the railways are asking higher rates estimated to yield them \$89,000,000 a year to cover increases in cost of labor and materials.

They have asked for a double-barrelled freight increase made up of one of five per cent and another of 15 per cent. Hearings in the application were concluded last month.

The Hague, July 3.—(Reuters)—L. B. Pearson, Canada's External Affairs Minister, left here today for Oslo after spending a few hours in The Netherlands.

During his brief stay Pearson met Foreign Minister Dirk Stikker for what was officially described as "a friendly chat."

Pressure Indicated As Man Confesses To Spy Charges

By DONALD DOANE

Frankfurt, Germany, July 3.—(AP)—William X. Oatis, a communist prosecutor's charge yesterday that he had taken over an "espionage network" when he became Associated Press bureau chief in Prague. But he told the court trying him on anti-state charges that he had been a spy.

The prosecutor, who depicted Oatis as a link in a spy ring including former Prague correspondents of Reuters News Agency, Agence France-Press and United Press, indicated he would call 11 witnesses to the stand today.

Among them are several Czech writers former employees of Pan American Airways and the United Press; Josef Havlik, alleged murderer of a Czech security officer; Lydia Votavova, former AP employee, and Matej Kubik, former Hotel Alcron bartender.

Oatis, first American newspaper man to be tried behind the Iron Curtain in Europe, testified yesterday in gloomy Pankraz prison where he has been held incommunicado since April 23. He is charged with activities hostile to the state.

The 37-year-old native of Marion, Ind., looked pale and strained as he took the stand. Led into the courtroom without the glasses he usually wears, he spoke slowly and in a firm voice, never looking at the spectators.

Since his arrest, American embassy officials and the Associated Press have been unable to communicate with Oatis or provide him with counsel. His defence counsel is a Czech, appointed by the government.

Ridgway Seeking Speed-Up Of Cease-Fire Negotiations With Korean Red Leaders

Pope Flays Communist Farm Plans

Vatican City, July 3.—(AP)—The Pope last night denounced the farm collectivization of communist countries as a system which degrades the fields and makes them simply a "reservoir of manpower for industrial production."

The Pope spoke to 175 delegates from 18 countries gathered here for the first International Roman Catholic Congress on Problems of Rural Life. His address to them in a special audience was released by the Vatican press office said.

"Marxism," the Pope said, "has fallen into the superstition of technism and industrialization to the limit. The 'collectivization' of agricultural labor in the manner of a factory, the degradation of the fields, reduced to being no more than a reservoir of manpower for industrial production—that is where marxism leads."

The Soviet Union, which collectivized its farms in the 1930s, not only has introduced the system of satellite countries but has begun a super-collectivization drive.

The Pope deplored what he viewed as a one-sided development of economy in capitalist countries, saying this could throw a whole social structure out of balance. He said it was to be regretted that "the technique of standardization and all its works play toward the detriment of individuality and the personality of the laborer."

Judge Cancels Spouse Switch

Port Angeles, Wash., July 3.—(AP)—Two couples who planned to switch spouses had their plans interrupted yesterday by the judge who gave them their divorces.

Last Friday, Judge Max Church granted Elvora Rondeau, 21, a divorce from her husband, Virgil T. Rondeau, 26, and Elizabeth Fraker, 29 a divorce from William A. Fraker.

A few minutes later the couples appeared in the County Auditor's office to fill out applications for marriage licences with a switch of spouses.

After the required three-day wait, the two men went to the Auditor's office today to pick up their licences. They were told that Judge Church had directed the licences not be issued.

The judge, meanwhile, has issued an order vacating the divorce decrees for the two couples. He said he acted after learning of their marriage plans.

Two United States Embassy Employees Admitted To Trial

Two United States embassy employees admitted to the trial are testimony to the American High Commissioner's office in Frankfurt. There are no western newsmen left in Czechoslovakia to cover the trial.

Reports from the trial room said Oatis spoke in careful phrases which suggested that he had been carefully coached.

Three Czech writers, formerly employed by the AP, are on trial with Oatis. They testified yesterday that they also engaged in spying. They are Tomas Evoboda, Pavel Woldinek and Peter Muntz.

Although warned by the court that admissions of guilt "would have a bearing on their sentences," they said they "felt guilty."

The government charged in a statement before the trial that Oatis and the three post-war AP bureau chiefs who preceded him in Prague had organized the bureau into a spy centre that worked closely with United States government officials.

The Associated Press has denied this charge and declared it "so preposterous it will deceive no one in the free world."

Agrees to Meet Opponents on July 10 or at an Earlier Date if Envoys Can Reach Terms.

By OLEN CLEMENTS

Tokyo, July 3.—(AP)—The Allies today asked the Communists to meet Thursday and lay plans for a Korean cease-fire conference.

Gen. Matthew B. Ridgway, supreme United Nations commander, accepted the Communist proposal for a July 10 armistice meeting in the ancient Korean capital of Kaesong — earlier if possible.

He also proposed a preliminary meeting Thursday to arrange details for that conference.

Ridgway agreed to the time and place proposed by Red Chinese and North Korean commanders. But he urged faster action in ending the 53-week-old Korean war to save lives.

"Delay in initiating the meetings and in reaching agreement," he said, "will prolong the fighting and increase the losses."

There was no break in the fighting. U.N. planes and tanks hammered at Communists on the war fronts Tuesday as opposing commanders continued the slow exchange of radio messages.

Ridgway's latest message brought a feeling of relief to U.S. Eighth Army headquarters. AP correspondent Nat Polowitz reported a feeling that the shooting would come to an end.

However, news dispatches from Moscow and Washington suggested not too much should be expected in the immediate future from armistice moves.

Ridgway selected the earliest date mentioned by Red commanders — Premier Kim Il Sung of North Korea and Gen. Peng Teh-Huai of China. They had proposed meeting between July 10th and 15th.

The Allied commander picked July 10th. He said his representatives were ready to meet earlier if the Communists would agree.

The U.N. commander's suggested preparatory meeting would lay the ground work for the cease-fire talk. Ridgway proposed sending three officers by helicopter or jeep—depending on the weather—to meet with three Communist officers in preliminary sessions. None would be of higher rank than colonel.

Only three people, apparently civilians, were spotted today by observers who flew over Kaesong. The rubble-strewn city is in Communist-held territory, three miles south of parallel 38 and 35 miles northwest of Seoul.

Three far eastern radio stations began broadcasting Ridgway's message at 2:30 p.m. Tuesday (12:30 a.m. E.D.T.). That was 39½ hours after Kim and Peng had answered the original U.N. armistice suggestion.

Ridgway's message said: "I have received your reply to my messages of 30th June.

"I am prepared for my representatives to meet yours at Kaesong on July 10th, or at an earlier date if your representatives complete their preparations before that date.

"Since agreement on armistice terms has to precede cessation of hostilities, delay in initiating the meetings and in reaching agreement will prolong the fighting and increase the losses.

"To insure efficient arrangement of the many details connected with the first meeting, I propose that not to exceed three of my liaison officers have a preliminary meeting in Kaesong on 5th July, or as soon thereafter as practicable.

"If you concur, my liaison officers, the senior of whom will not be above the rank of colonel, will depart Kimpo airfield southwest of Seoul by helicopter at 2:00 p.m. on 4 July (9 a.m. Tokyo time) and 7 p.m. EDT July 4) or at the same hour on the day agreed upon for this meeting, proceeding direct to Kaesong.

"In the event of bad weather, these officers will proceed in a convoy of three unarmed one-quarter ton trucks, commonly known as jeeps, along the main road from Seoul to Kaesong. Each vehicle will bear a large white flag. The convoy will cross the Imjin river on the Seoul-Kaesong road about 2300 hours GMT, 4 July (9 a.m. July 5, Tokyo time), or at the same hour on the day agreed upon for this meeting.

"The convoy bearing your liaison officers to and from the meeting will be granted immunity from attack by my forces, providing you advise me of its route and schedule and the manner by which my forces may identify it.

"Your reply is requested.

"M. B. RIDGWAY, "General, United States Army, "Commander-in-Chief "United Nations Command."

While radios broadcast Ridgway's message, U.N. planes hammered at key cities on both sides of Pyongyang, the North Korean capital.

Thirty-two shooting Star jets blasted rail yards at Kyompo, south of Pyongyang, hitting 100 rail cars.

Carrier planes strafed, rocketed and bombed Chinnampo, port of Pyongyang.

St. Laurent Pays Visit To District

Drummondville, Que., July 3.—(CP)—Prime Minister St. Laurent said Sunday night Canada's population will reach the 35,000,000 before the end of the 20th century.

Addressing 10,000 residents of this city, he said Canada's current census indicated our population stood at 14,000,000.

At the turn of the century, he said, it was 3,500,000 which meant it now was four times as much.

"Our population should more than double itself in the next 50 years," he said, adding the country had ample space for a much bigger population.

The Prime Minister spoke from the balcony of a hotel following a banquet in his honor. He made a stopover here after visiting nearby Arthabaska which was celebrating the 100th anniversary of its founding.

This was Mr. St. Laurent's first visit in this region.

After attending morning Mass, the Prime Minister visited the Roman Catholic presbytery of St. Frederic Parish and the Presbytery of the Anglican St. George Church.

He said people of the region should be proud of their sons, making a reference to the late Sir Wilfrid Laurier who represented the Drummondville riding in the House of Commons.

After signing the City's golden book of distinguished visitors, Mr. St. Laurent spoke to residents who were massed outside his hotel.

Speaking in French and then in English, he reviewed Canada's growth since Confederation. He said he was happy to speak to French-Canadians, thus concluding their week of "Canadian unity" starting June 24, St. Jean Baptiste day, and ending on July 1, Confederation Day.

In his address, he stressed that a more humane outlook toward everyday problems would help.

Thousands Of Canadians To Benefit By Pension Change

Ottawa, July 3.—(AP)—Thousands of Canadians, young and old, will benefit from changes in Canada's war pensions set-up approved in the final stages of the Commons session that ended Saturday.

The changes will cost the federal treasury an estimated \$5,000,000 a year on top of the present annual pensions bill of about \$100,000,000.

Changes now going into effect will help more than 20,000 war pensioners, widows and dependent children.

They fall under three main headings:

1. A war widow gets \$75 a month pension. In the past she would receive an extra \$10 a month for a first child, \$15 for a second, \$12 for each of the others. The rates for the children now are to be doubled.

2. In the past pension allowances for children normally ended at 16 for boys, 17 for girls. It will now

Eastern Townships Celebrates Dominion Day

Communists In Korea Might Use Delay In Cease-Fire To Aid Political Hand

Forest Fire Situation In B.C. Serious

Campbell River, B.C., July 3.—(AP)—The weatherman beamed a ray of hope today at beleaguered firefighters on Vancouver Island.

He said increasing cloudiness should be evident in the southern coastal areas late today. No rain was likely in the immediate future but higher humidities should ease parched conditions.

Foresters said only a heavy rain could stop the 30-square-mile fire now threatening the argonaut iron mine near Upper Quinslan lake. Several tons of dynamite are buried near the mine and 200 dog-tired men are struggling against the racing flames.

The men are not believed in any immediate danger. But the mine, not yet in production, could be badly damaged.

Meanwhile, near Hope, 100 miles east of Vancouver, a fire-fighter, Y. Hadachi, was killed while battling a small blaze. He was swept by his death by a landslide.

The eastern flank of the Upper Quinslan lake fire was being successfully held. A 14-mile fire break was thrown up on the eastern side of the blaze. Loggers patrolled the line constantly to keep the fire from hurting it and rushing to the sea.

Spot fires erupted in scattered sections north of the main Campbell river blaze and on the Redonda Islands between Vancouver Island and the B.C. mainland. They were brought under control.

Wiesbaden, Germany, July 3.—(AP)—Anneliese Von Ribbentrop, widow of Hitler's Foreign Minister, has rejected an offer of 500,000 marks (\$115,000) to keep her son out of a German champagne concern.

The Otto Henkel firm offered this sum to settle a legal battle which began in 1945. Henkel said the name Ribbentrop would injure its export trade.

Mrs. Ribbentrop is suing Henkel to force fulfillment of a 1942 contract which she says obliged the firm to take Rudolf Von Ribbentrop, 30, as a partner.

Rudolf's father, Joachim, was Berlin representative of the firm from 1920 to 1924. He was hanged at Nurnberg in 1946 after conviction of war crimes by the International Military Tribunal.

The Wiesbaden Court will hear the case Aug. 9.

By C. YATES McDANIEL

Washington, July 3.—(AP)—The Communists in Korea probably will use any delay in the start of cease-fire talks to strengthen their military hand for the bigger political game to follow.

This is the view of competent officials here, who offered these Communist proposals to wait until July 10 or 15 to open formal negotiations.

1. The United Nations terms for an armistice are believed to demand a halt on the movement of any reinforcements into Korea until the military truce gives way to an overall settlement.

2. The Chinese Reds now are moving fresh and probably better equipped troops into Korea to replace at least some of the 581,400 men they are estimated to have lost there.

3. Chinese Communist forces will probably refuse to leave North Korea until their North Korean allies are strong enough and so located as to counterbalance the South Korean force which would remain in Korea after other Allied units left following a general peace settlement.

Early today Gen. Matthew B. Ridgway, Supreme Allied Commander, notified the Communist Commanders by radio that he was prepared to send representatives to meet them between July 10 and 15. But he proposed, in the interest of saving lives, that preliminary talks begin by July 5.

American officials said the U.N. Command is alert to the possibility the Reds are stalling for time in order to prepare for a fresh onslaught. Most officials believe, however, that the Chinese will live up to any strictly military agreement.

U.S. army officers explained that the known weakness of Chinese army communications facilities may be a factor in the Red desire for delay in starting the armistice talks.

Red Chiefs In New York Forfeit Bail

New York, July 3.—(AP)—Judge Sylvester J. Ryan today forfeited the bonds of four of the 11 convicted communist leaders when they failed to surrender in court.

The motion to forfeit the bonds, totalling \$80,000, was made at the request of the government when the names of the missing leaders were called and there was no response.

Seven other leaders, also members of the party's American politburo, began serving their prison terms yesterday. The four missing leaders were to have appeared in court at the same time.

The four, object of a country-wide search, are Henry Winston, the party's national organization secretary; New York State Chairman Robert Thompson, Illinois Chairman Gilbert Green and Party National Secretary Gus Hall.

The 11 leaders were convicted nearly three years ago of plotting to reach the forcible overthrow of the United States government. Their prison sentences ranged from three to five years.

75 Canadians Die Violently In Worst Three-Day Holiday

By The Canadian Press
Death on highways and at beaches marred celebrations of Dominion Day as Canadians took full advantage of the first long week-end of summer.

A Canadian Press survey recorded a steadily-mounting toll of 75 dead in drownings, traffic accidents and other mishaps in the period between Friday evening and Monday midnight.

Of the dead, 24 died in automobile accidents and 19 died from other causes, including fires and shootings.

Heaviest toll was in Ontario where 36 persons met violent death, including 20 by drowning and seven in traffic.

Quebec's total was 14 dead, of which six were by drowning and seven in highway accidents.

Six persons killed in a car-truck collision at Delia were among the seven killed in traffic accidents in Alberta. The total number of violent deaths in that province was 12, including two drownings.

The toll in British Columbia six, Manitoba five, Nova Scotia and Saskatchewan one each.

It was the worst three-day Dominion day week-end at least since the end of the second world war, surpassing the toll of 65 dead in 1948. Last year 51 dead were reported in the two-day

Living Cost Index Is Due Tomorrow

By HAROLD MORRISON
Canadian Press Staff Writer
Ottawa, July 3.—(AP)—Putting out the monthly cost-of-living index that's making you wince these days is a difficult job for the Bureau of Statistics.

It could never be done without the co-operation of thousands of business men — department store owners, grocers, butchers — from one end of the country to the other.

Each month, for example, 1,600 grocers and butchers provide price quotations for the food section of the index.

Department stores — handling one-third of the country's clothing trade — provide figures on 33 items that go into the index footwear section.

And that brings us to tomorrow's edition, when the Bureau will compile price changes for May. The index, based on 1935-39 prices equalling 100, stands at 182.0 — the highest in history — up 0.2 points from 181.8 in March.

The Canadian index was born before the First World War and every decade or so it is modernized. That is, its price base is brought up to date to keep it in line with changing buying habits of the family.

The last time the index price base was changed was in 1939. Almost 1,500 typical wage-earning families were interviewed in Halifax, Montreal, Ottawa, Toronto, Winnipeg and Vancouver.

The Bureau found that about 31 per cent of the family budget went for food, 19 per cent for rent, six per cent for fuel and light, 12 per cent for clothing, nine per cent for home furnishings and services, and 23 per cent for a miscellaneous group including beauty care and street car fares, doctor bills and pants pressing.

That's how the index is made up. Food is counted as more than double the importance of clothing and more than triple home-furnishings. A relatively small price change for food products will outbalance a large change for a piece of furniture.

But the buying and consuming habits of the average Canadian are not static. And now the Bureau is in the process of revamping its price base once more. Probably beginning early next year, the 1935-39 base will be recalculated on the basis of some post-war year—perhaps 1946 or 1947.

Soviets Claim Heart Transfer

London, July 3.—(Reuters)—Moscow radio today claimed that a young Russian scientist has succeeded in transplanting a second heart into the chest of a dog.

The broadcast heard in London stated that heart transplantation was one of the roads towards solving the problem of longevity.

The scientist, named Denikhev, came to the conclusion that it was only failure in operating technique which had hitherto prevented the transplantation of tissues and organs in warm-blooded animals.

By improving the operational technique, and particularly the method of joining up the blood vessels, Denikhev had eliminated death among animals during this operation, Moscow radio claimed.

After the operation the dog reacted normally to surroundings. On the second day it started to eat, walk about and bark at strangers.

GABLE WOULD PREFER ROLE IN 'LIFE OF ERNEST HEMINGWAY'

Hollywood—Exclusively Yours: Gary Cooper's welcome to play Ernest Hemingway's 50-year-old in "Across the River and Into the Trees," but Clark Gable would rather play in "The Life of Ernest Hemingway."

Not that Clark thinks there's a ghost of a chance of it. "You'd have to get Hemingway's permission," he told me. "Then there's a question of who is going to write Hemingway's life story. He's the only one who can do it. If he does it and says OK to a movie, I'd love to play it."

Clark's as two-fisted as any Hemingway hero in "Lone Star," now before the cameras, and admits that he's enthused about a movie for the first time since his return to Hollywood from war service.

Three fan mags have assigned writers to turn out yarns on Dan Dailey's stay at Menninger clinic, but Dan is ducking them. . . Irwin Shaw's new novel, "The Troubadour," is set against the background of the Manhattan radio industry, but insiders insist that Shaw used at least two big film stars as his principal characters.

Yvonne De Carlo is crediting TV for her operatic debut at the Hollywood Bowl July 10 as Prince Orlovsky in "Die Fledermaus." Conductor Franz Waxman heard her warble on a New York video show and promptly signed her for the role. When Yvonne told boy friend Jerome Hines about the male masquerade, he cracked: "Ye Gads, what a waste!"

"The casting departments at the studios are driving us crazy. Everybody wants to see our TV pictures. Even Cecil B. DeMille sent over for one."

Bing Crosby's brother Everett talking, as TV film chief for Bing Crosby Enterprises, and take it from Everett, movie actors are already "broken down" on the idea of shifting over to TV film.

"We're talking deals with Ann Sheridan, Gene Lockhart and Harold Lloyd," Everett said. "Look, it's the same as making a movie."

Bing on TV film? "He's a lazy boy, you know," said Everett. "But if a good idea comes up that won't work him too hard, he'll star in pictures for television, too."

Looking For Security
Meanwhile, producers may yell and agents may scream, but movie actors are mapping their own television strategy under the banner of the Theater Workshop.

Arthur Kennedy, who formed the group, whispered it:

"Bob Ryan, Hugo Haas, Akim Tamiroff and lots of others are in this. We're already discussing a weekly TV dramatic stock company. If they can get away with it, actors like Alan Ladd and Kirk Douglas will play bits in the beginning. A theater group these days is protection for the actor in a fast-changing Hollywood. It offers him security."

UI and Fox are growing at each other. Fox wanted to borrow Jeff Chandler to replace Ty Power in "Lydia Bailey" and UI gave out with a big NO. . . . Marjorie Main and Percy Kilbride will whoop it along the Rue de la Paix in "Ma and Pa Kettle Go to Paris." UI's brain trust also came up with "Francis Goes Home" as their mule star's next after next after next.

Harry Canning again: "Whatever Rita Hayworth is worth, it ain't HAY!"

Short Takes: Deanna Durbin's baby is due in Paris June 30. . . . Bob Montgomery's TV show may move to Hollywood for filming—the first of many. . . . Liz Taylor is due for a new contract at MGM with a BIG boost in salary. She's winding up seven years on the lot. . . . Sir Cedric Hardwicke, quoted by the late James Agate:

"I can't act. I have never acted. And I shall never act. What I can do is to suspend the audience's power of judgment until I have finished."

Lyle Talbot makes a film comeback in Columbia's "Purple Heart Diary." . . . It's Rosemary DeCamp as William Powell's wife in "The Treasure of Franchard" at UI. Several years ago she played her MAID in a movie. . . . While in England, Bob Hope sent a postcard to his brother Jack which read: "Love from the talented one."

ALBERTA GETS TOUGH

Lethbridge, Alta., — Flies are finding things mighty tough around here this summer.

What with the recent big June snowfall and now a war on their hands, the carefree life of a fly is hardly worth living.

For the citizens of Lethbridge and nine other communities in this part of southern Alberta have launched an all-out war on the common house fly.

Health authorities say the campaign is the first major effort in fly control in Canada.

The idea was started by Dr. Margaret O'Meara, former Lethbridge medical health officer, and the first spraying was carried out last summer, using DDT.

Results were so successful the city decided to carry out an operation DDT every year. Then the provincial and federal governments got behind the idea and provided grants for the purchase of a spraying machine.

Provincial entomologist J. H. Brown of Edmonton suggested getting up a fly-control area, so the towns of MacLeod, Cardston, Magrath, Raymond, Stirling, Coaldale, Taber, Picture Butte and Barons joined the project.

Health authorities feel that by getting rid of flies, one of the greatest health menaces would be removed.

If the fly control program is successful over the entire district, there is a strong possibility that a mosquito control campaign will be undertaken next year.

York, were guests of Mr. and Mrs. Ben Rothney on Sunday.

Mr. Allan Davidson, of Sunday River, Miss Edna Davidson, of Sherbrooke, Mr. and Mrs. A. A. Frizzell spent Sunday in Sherbrooke and Austin.

Mr. Merritt Henderson, of Dundas, Ont., and a friend, were weekend guests of Mr. and Mrs. Charles Moore and family and Mr. and Mrs. Thurber and family.

Mrs. Annie Morrison and sons, Angus and Stanley, of Thetford Mines, and Miss Jean Morrison, of Montreal, were Sunday guests of the former's brother, Mr. James Morrow.

The June meeting of the Auxiliary of the W.M.S. was held in the church hall. The meeting was conducted by the president, Mrs. B. Seale who led in worship service, the theme of which was "Worship and Work." The scripture reading was taken by Mrs. Watts, Mrs. Frizzell, and Mrs. Davidson.

Mrs. L. Eager was in charge of the music. The offering was taken up by Mrs. J. Allan in the absence of Mrs. L. Ross. Nine members answered the roll call with a verse from the Bible with the word courage in it.

There were four associate helpers and eight visitors present.

A bale for overseas was packed and work on quilts made a busy afternoon. Each member brought something for the lunch and a delicious lunch was served.

WITH OR WITHOUT DRAIN PUMP

BALANCED DESIGN
Tests prove that INGLIS gets clothes FAR CLEANER — FAR EASIER — WITH LESS WEAR — because of its exclusive Balanced Design. Exactly the right curve in the tub bottom — the right distance between Surligator tub bottom — the right size and shape of Surligator — means unequalled washing efficiency! Every particle of dirt is loosened and floated out by INGLIS Balanced Design.

AGITATOR
Special double-wing three vane design provides extra top-water turbulence, insures thorough agitation and circulation of clothes for highest washability. Agitator is precision cast in a permanent mold, has smooth round reinforced edges, a smooth satin finish, and is built for long satisfactory service.

TRANSMISSION
Gears are machine cut to closest tolerances for minimum wear, unusually long life, and quiet operation. Rugged gear case is machined at all bearing points and mating surfaces. Lubricant is especially chosen for lifetime service. Self-aligning drive, direct from motor, assures minimum wear on both motor and transmission bearings.

WRINGER
Safe wringer with Single control to start and stop. Release bar operates easily and quickly. Wringer swings in a full circle, locks in eight positions. Special alloy gears. Soft two inch rolls to wring effectively. Carefully shaped feed board permits clothes to be fed into the wringer without endangering fingers. Drain pan reverses automatically.

DRAIN PUMP
High speed power drain pump is driven from motor when engaged. The heavy ribbed drain hose has a polished and anodized curved aluminum nozzle which hooks over the edge of laundry tub or sink.

Large Gathering Present At Bury For Colorful Dominion Day Events

By ARNOLD BARON Bury, July 3. — The red-letter day in Bury's calendar has come and gone and, as in former years, it was a great success.

When the running and jumping was over yesterday evening, 13-year-old Jimmy Dougherty had won the boys' high aggregate for Bury residents in the track and field events and was awarded the Victor Jewkes trophy.

This is the first year the trophy has been in competition. It was donated by Captain Victor Jewkes who is now with an armoured outfit in Korea.

The celebrations started in the morning with a baseball game between Cookshire and Scotstown, with Cookshire winning by 6-4.

The big parade was a feature well worth seeing. It was led by the Mayor, R. N. Mayhew and included the pipe music of the Sherbrooke Canadian Legion band and many colorful floats, dedicated to the history of the Townships and, in a more modern light, there was a showing of the latest in farm machinery which has helped

Observes 100th Anniversary

MRS. SARAH HAZARD, of Sutton, is calmly receiving the congratulations and best wishes of her many friends today on the occasion of her 100th birthday anniversary.

Mrs. Hazard is shown relaxing on the front porch of her home, quite unperturbed over the fact that she is one of the Eastern Townships' oldest residents.

Our Congratulations To: H. A. CLARK, ALPHEE GAUTHIER and HUBERT JOHNSTON, all of whom observed the anniversary of their birth yesterday.

Hell Drivers Make Big Hit With Locals

By ARNOLD BARON Irish Horan and his Lucky Hell Drivers were in town over the week-end and, for two performances, Saturday afternoon and Sunday evening, they thrilled near-capacity crowds at the Fair Grounds with wonderful exhibitions on how not to drive over

Indeed, we've seen local drivers take such risks but never so deliberately as the Hell Drivers and the professional hell drivers have a few stunts that drivers on the road wouldn't dare emulate.

The grand climax, for example, was shooting the open-convertible Dodge, of Buddy Toomey, out of an 8,000-pound cannon, hurling car and driver over a 65-foot long ramp, and ending up with car and driver intact.

Another of the death-defying feats was a "ski plane" act, only this was accomplished by having a man stand on the rear bumper of a speeding car as it blazed over the track and ramps.

One of the more common tricks of the Hell Drivers is having a race between two cars which pass over narrow wooden ramps, simultaneously, and concluding with one car crossing in front of the other, at a high rate of speed and only a whisker between them.

Added to this is some excellent comic relief by Pancho the clown and the wild voice of Mr. Horan at the "mike".

The large crowds were excited by every minute of the performances and were on their feet through most of it.

Death Claims Miss M. A. Cohoon In 81st Year

Friends of Miss Mary Anne Cohoon, of this city, will be saddened to hear of her death which occurred this morning, at the home of her sister-in-law, Mrs. T. F. L. Cohoon, Queen street. She had observed her 80th birthday yesterday and had been confined to her bed for a week.

Born at Albert Mines, daughter of the late Mr. and Mrs. William Cohoon, she received her education at Eustis and took up the teaching profession. One or two terms were spent at Rock Forest but she taught for approximately 25 years at Eustis.

After her retirement, Miss Cohoon made her home with her brother, the late Thomas F. L. Cohoon, in Sherbrooke, and continued to reside with him after his marriage, some 42 years ago.

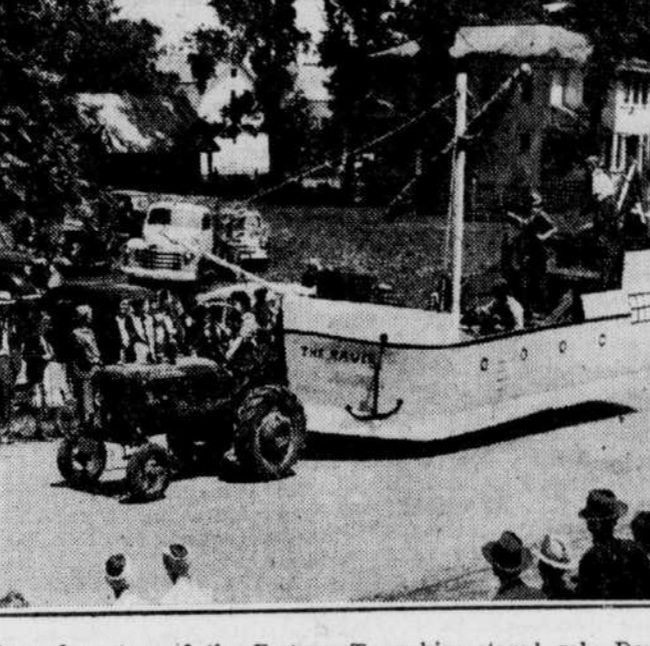

A member of the Presbyterian Church, she was an ardent worker in all parochial affairs. She also belonged to the I.O.D.E. and to the Women's Missionary Society and was very active in Red Cross work during World War II.

Left to mourn her loss is her sister-in-law, Mrs. T. F. L. Cohoon, of Sherbrooke, and several nieces and nephews, among them Mrs. Stewart Snow, of Lennoxville, and Douglas Cohoon, of Arvida.

The remains are resting at Johnson's Funeral Chapel where the funeral service will be held on Thursday, July 5, at 2 p.m. Rev. Norman McLeod officiating. Interment will be in Malvern Cemetery.

Large Numbers Witness Bedford Celebrations

Bedford, July 3.—Hundreds of visitors flocked to Bedford yesterday for the Dominion Day celebrations. The program, one of the best in years, was under the direction of the Missisquoi County Agricultural Society.

Several distinguished visitors were on hand for the celebrations which began in the morning and finished late in the evening. Among the guests were the Federal Deputy Minister of Agriculture, Mr. Taggart, Henri Gosse, M.P., for Missisquoi, J. Bertrand, M.L.A. for Missisquoi, the Hon. Laurent Barre, Provincial Minister of Agriculture, and Senator Adelard Godbout, of Freleighsburg.

Races for the children headed the list of activities in the morning with a large number of participants competing for the many prizes.

Remarks by several of the distinguished guests featured the afternoon events. Mr. Taggart expressed the regrets of the Right Honourable J. G. Gardiner, Federal Minister of Agriculture, at being unable to attend.

The speakers were introduced by Daniel Murphy, president of the Missisquoi County Agricultural Society. A parade of cars and farm machinery preceded a ball game between a Bedford team and a team from Lachine, composed of players from the National Hockey League Canadians. Among the stars were Maurice Richard and Ken Mosdell for Lachine, and Bedard and Cote for Bedford.

Condition Of Local Woman Said Critical

Mr. and Mrs. Valmore Rivard, Belmont Road, were seriously injured last Saturday evening when they were struck by a car while walking near their home. Mrs. Rivard, 43, suffered a fractured skull and she was unconscious in St. Vincent de Paul Hospital this morning. Her husband, 50, suffered two fractured legs and other injuries and he is confined to the same hospital.

Louis Atme St. Onge, 26 of Disraeli, the driver of the car which struck the couple appeared in Recorder's court here this morning on a charge of reckless driving. His case was postponed until July 10. He pleaded not guilty.

Hospital authorities report Mr. Rivard's condition as improving while Mrs. Rivard is reported to be in a critical condition. Municipal police investigated the accident.

Business Block Is Destroyed At Rock Forest

A two-storey wooden-structure building, containing a pastry shop and the town hall, was completely destroyed by a fire which broke out in Rock Forest last night and continued this morning.

Firemen from the No. 5 station in Sherbrooke fought the blaze for over five hours. Cause of the fire, which sent flames high into the sky and attracted hundreds of spectators, is unknown.

Fortin and Freres, proprietors of the building, operated a pastry shop in the basement while the top storey was used for a town and church hall. No one was injured in the fire but the building was a total loss. The amount of damage caused has not yet been estimated.

Firemen were under the direction of Director Percy Donahue and Lt. L. Heureux. The water was pumped from the river.

Harmony Band Giving Concert At North Hatley

Twenty local motorists were fined \$2 each in Recorder's Court this morning for violation of municipal traffic by-laws over the holiday week-end. Two other motorists were fined \$13.70 each for speeding and another speedster paid \$28.70.

Record Crowds Witnessed Annual Hatley Dominion Day Celebration

Hatley, July 3. — In spite of the threatening weather on Monday morning with scattered showers and lowering skies, a record crowd was on hand at an early hour to take part in the Dominion Day Celebration at Hatley.

The parade led by the ever-popular Canaan Vt., Band in their colorful uniforms of purple and gold formed as usual at the north end of the village. Stanley Whitcomb carried the flag at the head of the procession followed by George Pool. Mr. Pool has held this place of honor for many years despite the fact that younger people make up the greater part of the personnel of the parade. A July First parade at Hatley would not be complete without Mr. Pool who first marched with the procession when he was a member of the Hatley Band, a cherished memory of the old folk.

The numerous items of the parade, both the beautiful and the grotesque were enjoyed and cheered by the onlookers. The line of march was down Main Street toward the south, to the far side of the Common. Then a complete circle of the grounds was made before they formed in a line along the South side where the judges, Mrs. Lee McKay, Mr. John Knutson and Mr. McFadden gave decisions in favor of the following:

1. decorated car, John Duff; 1. float drawn by a team of horses—Hatley, Y.P.U.; 2. float (truck), Armand Cormier; Decorated bicycles, 1 Thelma Gemmill, 2 Rieckey Saunders, 3 Baine Lowell; Dog Team, Frank Blair; Horseback Riders, 1 Reta Lyonnais, 2 Wendall Casa, 3 Gail McNaughton; Pedestrians, 1 Wendy and Susan Hill, as old-fashioned children; 2 Alfred and Pauline Cormier, two gents in dress suits; Extras, 1 Jeannie Curtis, decorated baby carriage carrying a small dog; 2 Marilyn Saunders, the Teddy Bear's picnic; 3 Beverly Cutler, baby stroller with doll.

The committee formed of members from both churches who were in charge of the undertaking are to be congratulated on the success of their efforts, especially the president, Mrs. Stanley Whitcomb, the vice-president, Mrs. Gordon Poccock, the treasurer, Mrs. Cecil Kent and the secretary, Mrs. Bray. Without the excellent organization which is the result of many years of experience this event could not be successfully carried out by such a small community.

The officials in charge expressed their thanks to the various committees, the judges, the ladies who gave food and all who helped in any way to make this year's celebration such a success.

As in former years the delicious dinner served under the trees was the feature of the day for many people. The tables were filled again and again and the busy waiters and those who served food worked long into the afternoon before the last of the large crowd was served, yet still the supply of food was not exhausted. A slight shower of rain during the dinner hour caused some apprehension but it soon passed away and blue skies and white fluffy clouds were the order of the day.

The fancy work tables of both churches were well patronized and the attention given the attractive displays proved that the ladies of both groups had contributed many hours of industrious work to make the sale such a success. The ice cream and soft drink booths did a thriving business adding to both the pleasure and profit of the day.

The fine musical program provided by the Canaan Band was greatly enjoyed by all present. The exciting International baseball game between Hatley and the Canaanites was the leading feature of the afternoon program. The game ended with Canaan leading by a score of 15 to 7. The hometown boys lost a close game to a visiting softball team from Capelton, the score being 12-10.

The committee formed of members from both churches who were in charge of the undertaking are to be congratulated on the success of their efforts, especially the president, Mrs. Stanley Whitcomb, the vice-president, Mrs. Gordon Poccock, the treasurer, Mrs. Cecil Kent and the secretary, Mrs. Bray. Annual Dominion Day Celebration At Scotstown Drew Large Number

Scotstown July 3. — Despite a heavy rain early in the morning which at one time threatened to force a cancellation of the event, the annual Dominion Day celebration sponsored by the Scotstown Sports Association drew a large crowd to the local fair grounds yesterday afternoon.

In addition to the program of trotting races, with two three-heat events being on the cards, the afternoon schedule comprised an extended list of contests for children. These were featured by boys' and girls' bicycle races and running races, arrangements being made to care for the desires of youngsters from five to nineteen.

Competition was keen in the children's events, the substantial prizes awarded by the Association serving to bring in a substantial number of entries. Early in the evening, an amateur program was held in the Town Hall. As is usual with events of this nature, the variety of entertainment presented covered a wide field. There were old time fiddlers, the latest of jazz instruments, tap dancers, blues singers and purveyors of lighter types of music.

Later in the evening, a dance was held. The large number of persons, not only from Scotstown, but from the surrounding district enjoyed themselves with old-time and modern numbers. The celebration closed with a display of fireworks provided by the members of the Association under the direction of President B. Mayhew.

RUSSIA MAY DEMAND POLITICAL DISCUSSIONS

To students of Communist tactics there is one word in the Communist reply to Gen. Matthew B. Ridgway's appeal for a cease-fire which sets up an ominous note.

Strangely it is the word "peace." Acting on a suggestion from Russia that a "truce" and "armistice" might be attained by the belligerent commanders in the field, the United Nations called on the Communists for a meeting.

The Communist reply referred to the statement as one "concerning peace," and agreed to talks "concerning cessation of military action and establishment of peace."

There are always difficulties in translation, but since the Communist broadcasts, from Pyongyang, were in Chinese, English and Korean, the words can fairly be taken at face value, although the meaning will not be clear until Communist tactics in conference are revealed.

The Russians had depicted the proposed military conference as one in which a cease-fire would be arranged, with creation of a buffer strip. Then the generals would lay the groundwork for a peace conference.

But now, if the Chinese and North Koreans envisage that the generals will actually go ahead to make peace, that would be another story. It would bring us back to the position of several months ago, with a truce, or maintenance of any original cease-fire, dependent upon Communist political demands.

The Allies have been led by the Russians to expect that the matters to be agreed upon at the field conferences would be military ones—how to guarantee against renewed fighting, the limits of the buffer zone, and so on.

The major problem, for the moment, was whether the Communists would agree to a U.N. truce-enforcement commission, or whether, in accepting U.N. observers to enforce the truce in their territory, they would counter with demands for reception of Communist observation teams in Allied territory.

If, however, they plan in addition to, re-introduce political demands as a price for an armistice, the whole situation will deteriorate into renewed military struggle.

CANADIAN BUILDING BOOMS

When Canadian construction contracts first passed \$1,000,000,000 in a single year, 1949, it was considered an extraordinary event in Canadian building and there was some speculation as to when there would be another such year.

The answer came quickly. For, whereas it took 11 months in 1949 to edge past the 10-figure mark, it took only nine months in 1950; and has taken only six months in 1951.

MacLean Building Reports, Ltd., states that contracts let this year to the end of June totalled \$1,178,305,800, more than double those in the same period last year; and these six-month figures compare with \$1,140,116,000 for the full-year 1949, and with \$1,525,764,700 for the full-year 1950.

June contracts alone totalled \$382,300,800, compared with the preceding June's \$164,651,100.

June engineering contracts were \$214,146,300, up \$175,709,400, due in large part to hydro-electric projects at Niagara Falls, Ont. Industrial contracts totalled \$66,713,100, up \$52,016,100, with the west supplying the biggest gains.

Commercial construction, although bolstered by defence orders as well as by schools and hospitals, gained only \$3,368,600 to \$51,180,500. Residential contracts, at \$50,260,900, were down by \$13,444,400, with the drop spread across Canada.

All regions of Canada were substantially ahead of last year in their total figures.

MacLean Building Reports comments: "A construction project worth \$1,000,000 used to be considered a 'big job' in Canada. That was true perhaps until the post-war years. Now, in June, 1951, there are 23 jobs valued at more than \$1,000,000 getting under way, with some worth many times that amount.

"A \$40,000,000 chemical plant, for ex-

ample, is getting started near Edmonton. A further power development in the Lake St. John area of Quebec, this time by a paper firm, is estimated to cost \$10,000,000. A hospital at St. Boniface, Man., will cost an estimated \$5,000,000. Major direct defence contracts in June totalled over \$12,000,000."

IN DIPLOMATIC SERVICE

The strange case of Alger Hiss in the United States Department of State, and of the two officials of the British Foreign Office who disappeared so mysteriously brings up an important point as to diplomatic services. It was alluded to by Foreign Minister Herbert Morrison when it was suggested one of the men had entered the service during wartime, when Russia was an ally, and had made no secret of his left-wing views.

He said to judge suitability according to "whom were are in alliance with or at war with for the time being . . . these are not considerations which would influence my mind."

There is something to what he says, comments the Windsor Star, which continues that if a foreign office or a department of state is to be well-informed and well-advised, it cannot rely exclusively on men who think all the same. It must have men with knowledge of different countries, who understand them, perhaps even be sympathetic to them (without being disloyal).

If the United States Department of State were composed entirely of Russian haters, who believed the only way to cope with Russia is by a "preventive war" we probably would be in World War III right now. To get a balanced judgment, such a department requires a variety of views and opinions. And at least some men who haven't closed minds.

The danger is lest sympathies lead to outright disloyalty and betrayal of one's own country. But is that more dangerous, in a few individual cases, to the peace and future of mankind than a department consisting of men all of one mind, and diametrically opposed to a certain country or certain policy?

PRESS COMMENTS

NOT ENOUGH MILLIONAIRES

Financial Post
There just aren't enough millionaires in Canada to pay the taxes the Government needs, Finance Minister Abbott reminded a Socialist M.P. who complained about the new defence taxes in the House of Commons the other day. One would have thought that even C.F.'ers knew that by now.

The late Socialist government of Australia learned that lesson. In that country they had a quaint idea that the rich would be able to furnish all the taxes necessary for their grand schemes. But there weren't enough of them and when they ran out of millionaires and everybody had to chip in and pay taxes, out went the Socialist government. And in Great Britain they are beginning to learn that lesson, too.

If all the accumulated wealth in this or any country were confiscated by the government tomorrow it would only be a matter of weeks until this was spent. After that brief holiday, the tax collectors would have to get busy again.

WAGES IN THE GOLD CAMPS

Northern Miner
"Starvation wages" is a battle cry frequently uttered by union agitators in Ontario gold camps. Average wage income belie 'the slogan. At one of the Porcupine mines the average received by employees this year was as follows, per week: in January \$58.44; February \$60.66; March \$58.20; April \$61.02.

This takes in cost-of-living and incentive bonuses, does not embrace fringe benefits. It is the weekly pay, and it is representative of the camp.

The figures are well above Toronto average. Evidence presented at a conciliation Board was that the average rent in Timmins was \$31.29 a month. Big-city rent for no more comfortable or capacious quarters runs two and three times higher. Further evidence was that 580 of one mine's employees live in company houses, and 750 own their own homes. The rent of 350 company houses is \$15 to \$20 a month.

HOW TRUE IS A TRUISM?

Christian Science Monitor
"A rolling stone gathers no moss," quoth the stay-at-home.

"But it takes on a high polish," replied the traveller.

So it goes. A popular maxim is not always so axiomatic as it sounds. Take another, for example: "Oil and water will not mix." True, in the ordinary sense. Yet the experimenter knows that many kinds of oil do mix with water to form emulsions, or suspensions of finely divided particles of one liquid in another, and that the study of these forms a whole branch of organic chemistry.

Then recall that passage from Rudyard Kipling to the effect that "East is East, and West is West, and never the twain shall meet." How many who quote it know that the import of the full verse is quite the opposite?

Oh, East is East, and West is West, and never the twain shall meet, Till Earth and Sky stand presently at God's great Judgment Seat; But there is neither East nor West, Border, nor Breed, nor Birth, When two strong men stand face to face, though they come from the ends of the earth! Slightly different, eh?

NOT GREATER FIRE POWER

Brandon Sun
The realistic military writer of The New York Times refers to recent claims regarding heavy casualties and the concentration of fire-power. The latter was described by General Van Fleet as "unheard of in this or any other battle." He points out that never has concentration of fire power in Korea, or for that matter in the Second World War, approached that of the massed artillery along the short divisional fronts in the First World War.

The United States casualty list in Korea is now approaching 70,000 after almost a year of war, and almost half of these represent wounded, many of whom have already returned to duty. But in one day of the Somme fighting (July-October, 1916) British casualties approximated this figure."

There is a real and tragic connection between the tremendous losses by the British in 1914-18 and their somewhat widely criticized contribution to the Korea War today. In shortage of manpower, and especially manpower of military age, the British nation is still suffering from the loss of a million young men killed in the First World War.

Despite Criticism, Musicians Organize Anti-War Movement

By EDWIN S. JOHNSON
Canadian Press Staff Writer
London—Ignoring stinging criticism in the daily press, the newly-formed Musicians' Organization for Peace, is pressing ahead with its drive for crusading supporters, interested in "arresting the drift to war."

Launched under the presidential baton of Sir Adrian Boult, conductor of London's famed Philharmonic Orchestra, the movement claims as members some of the country's most distinguished musicians.

Among those listed are Sir Arnold Bax, Master of the King's Music, Benjamin Britten, the brilliant young composer, Paul Beard, leader of the B.B.C. Symphony Orchestra, Sir Hugh Robertson, conductor of the Glasgow Orpheus Choir, and Thomas Russell, chairman of the London Philharmonic. Many other celebrities were named.

"They may fancy they are composing a concerto, when in fact they are touching the notes of a crashing discord," commented the London Daily Telegraph.

Other papers warned that the newly-born organization might easily degenerate into something not intended by its founders, through destructive infiltration of subversive elements.

Alarmed by the unexpected reaction, some of those who had signed up, excused themselves from official rehearsals. Before attempting to say it with music, they announced they would bide their time while they looked more closely into the organization's anti-war plans.

Jacoby On Bridge

By OSWALD JACOBY

"SECOND HAND LOW" GOOD DEFENSIVE PLAY
"Second hand low" is a fairly good general rule for defensive play. If the declarer leads from his own hand or from the dummy and if you are next to play, it is usually wise to play one of your low cards.

There are dozens of situations in which you must break the rule. For example, it may be vital for you to win a trick rather than let it be ducked to your partner. Today's hand is a case in point.

West opened the ace of diamonds and continued with the eight of diamonds. How should declarer play the hand?

When the hand was actually played South saw that the defenders were threatening to take all of the trumps out of dummy. This would prevent him from ruffing a club.

The best chance to preserve the club ruff was to win the second trick in dummy with the king of diamonds and return a low club at once. This gave East the chance to be a hero. He should have put up a club honor. Only he could lead a third round of trump, so it was vital for him to win whatever club trick was surrendered by declarer.

Actually, East played a low club—just as most players would. This was what South had been hoping for. He played the six of clubs, ducking the trick around to West.

Now the defenders were through. West led a spade to South's ace, and declarer took the ace of clubs and ruffed a club in dummy. He then led the ten of hearts and let it ride around to West's jack.

West led another spade, forcing South to ruff, but declarer could draw the last trump, cash the ace of hearts and give up a second heart trick. Nothing could stop him from fulfilling his contract with the last trump and the queen of hearts.

Impoverished, he ended up in debtors' prison. He died in 1506 in such obscurity that his burial place is still in doubt.

The Record Short Story

JUST FOR TONIGHT

By DOROTHY WEST

Kirk had been married all of his life, or so it seemed to him. He was 45, and 24 of those years had been spent with a woman he did not love. At 19 he had let himself be married to Lorrie, because his father's word was law, and his father had said that a woman was needed in the house.

His mother had died, leaving no daughter to take her place in the kitchen. Instead she had left a half-dozen sons, none of whom, from Kirk to the toddler, could cook. But Kirk's father wanted no second wife cluttering up the rest of his life.

He did not want a housekeeper either. They always set their caps for widowers. The best solution was to marry off Kirk, who was still young to have any opinion about the kind of woman he wanted for a wife.

Pa Hanson chose Kirk's bride carefully, for he did not relish a daughter-in-law who would have independent ideas or give such ideas to Kirk. The wrong kind of wife would want to live apart from her in-laws, would want to spend money on movies and clothes, might even want to raise a family in a house that was already bursting with little boys. The thing to do was to find a young woman who would know without being told that her husband's father was boss.

Pa Hanson found Lorrie. She lived on a neighboring farm and he had seen her from time to time when he went to talk farm business with her brother. She greeted him so timidly, if she greeted him at all, and vanished so completely in her dread of being a bother that he knew there was not an aggressive bone in her body.

She might disappoint the eye of a romantic-minded man, but she was made to order for Pa Hanson's practical needs.

No one had ever come courting Lorrie until Pa Hanson came courting her for Kirk. She was alone in the world, except for her married brother. Though she was only 21, she had never dreamt a young girl's dreams. Her extreme shyness that made it impossible for her to seek employment and independence, her plainness that might have been prettiness if she had freed her hair from its severity and allowed her mouth and eyes to smile, her uncertainty that sent her scurrying for cover whenever company called, as if all the world were her betters, had given her a life without friends, without prospect of marriage, without any plans for the future.

To make herself useful to her brother's wife was the sum total of her expectations. But her brother's wife was weary of Lorrie's meekness that made her a servant instead of a sister. And her brother was weary of his wife's continual complaint that two women were too many under one roof.

When Pa Hanson came to ask for Lorrie's hand for his son, Lorrie's brother gave quick consent, without summoning Lorrie to speak for herself. He knew that if her shyness permitted her to speak at all, her submissive answer would be, "Whatever you want me to do." It would never occur to her that she had any right to express her own opinion on the matter as important as marriage.

With the years, Lorrie did not acquire the art of self-explanation. Kirk's father and brothers paid no more attention to her than if she had been a new-fangled device that could do the work of a woman. Kirk himself continued to treat her the way he had treated her since the day of their marriage.

Like a wordless stranger who had come to stay, despite the intimacy of their living, there was no intimacy in their lives. Always their backs were to each other, waking or sleeping. But Lorrie made no attempt to sow the seed of rebellion.

Kirk's rebellion did not come into being until it was too late for him to give anything but inward expression to it. By the time his brothers were old enough to go out on their own, his father was prematurely old, his spirit broken by his own stubbornness. His insistence on running the farm the way he had always run it, refusing to consider the modern methods

Death Claims Noted Citizen Of Derby Line

Derby Line, Vt., July 3. — R. R. Harris passed away Saturday afternoon in Dr. Mann's Jeffersonville Hospital, Vt., where he had been taken in the morning. Mr. Harris had been ill for several months and confined to his bed for most of the past two months, since his return from Sarasota, Fla.

Mr. Harris had been employed for several years in the Derby Line office of the Canadian Pacific Express.

He is survived by his wife, the former Jennie Schoenfeld, a niece, Miss Katherine Farmer, both of Derby Line, and a brother-in-law, C. W. Schoolcraft, of West Lebanon, N. H.

Mr. Harris was a Past Worshipful Master of Golden Rule Lodge, A.F. and A.M., and a Masonic service will be held this afternoon.

Funeral service will be held at 2:30 this afternoon in the Universalist Church. Interment will be in the local cemetery.

Radio Phones Link New Zealand's Roof

By J. C. GRAHAM Canadian Press Correspondent Christchurch, N.Z. — Mountain climbers in the fastnesses of New Zealand's Southern Alps are no longer out of touch with the rest of the world. A network of radio telephones has been installed in mountain huts in recent months by post and telegraph department technicians.

Some climbers don't like this intrusion into their mountain privacy but they nevertheless admit that the telephones will prove an invaluable safety device. Several have been installed in the Mount Cook region, which has taken a toll of many lives in the past. Alpinists say that had radio telephones been available the loss of life would have been cut considerably.

Mount Cook, New Zealand's highest mountain (12,349 feet) is a real test of mountaineering. Radio telephones in the Gardiner Hut (5,300 feet) and Haast Hut (7,000 feet), two of the huts most used by climbing parties, will be exceedingly useful for reporting climbing conditions, warning of parties isolated by storms or

termoon. The funeral service will be held at 2:30 this afternoon in the Universalist Church. Interment will be in the local cemetery.

Nothing Is Wasted In Big Paper Mill

Dryden, Ont., — There's practically no useless material in a modern paper mill.

On the Wabigoon river here, site of the Dryden Paper Company mill, are 25 houseboats built of scrap lumber from the paper company.

Dryden's memorial arena uses sawdust from the company as a base for ice. The diving tower of the municipal swimming pool was built with lumber from the mill.

It's all part of the plan known as integrated forestry operations, which means that nothing goes to waste.

Every paper and lumber company in Ontario today aims at 100 per cent utilization of the products of the forests. The local mill, situated about halfway between the lakehead and Winnipeg, is in a good spot to market its mill waste and by-products.

Railroad ties, eight feet long, seven inches thick and nine inches wide are produced at the company's sawmills. To make the tie round sawlog 10 inches thick must be used, with lots of sawdust and slab left over.

The sawdust is used for everything from packing ice to insulating houses. The slab is sold at \$4 a cord for firewood.

Norman McMillan, veteran woods manager at Dryden, says the plant is already using everything but the scream of a saw.

Boon To Women, Sewing Machine Is Century Old

It's just a century ago that a former actor and machinist named Isaac Singer received some patents, formed a manufacturing company and thereby opened a door through which women streamed into the world beyond their thresholds.

Singer manufactured sewing machines, more frequently called "Iron Needlemovers." He and his competitors did more than revolutionize woman's lot by freeing her from the drudgery of endless sewing. They laid a cornerstone for the huge ready-made garment industry which in the United States alone is an \$11-billion a year operation.

The Industrial Revolution was in full swing when Singer came up with his idea. The Flying Shuttle, The Spinning Jenny, and The Cotton Gin were replacing hand labor in manufacture. The placid, rural faces of Britain and America were changing as cities sprang up around factories. Steam-operated machines were replacing the Horse and the Canvas Sail.

Singer did not invent the sewing machine. He improved on it and made it practical. In 1755 Charles Weisenthal whipped up a contraption using a needle with two sharp points and an eye in the centre. In 1790 an Englishman, Thomas Saint, invented a stitching machine to work on leather. Barthelemy Thimmonier, a French tailor, invented a wooden machine and had 80 of them working on a army uniforms in 1841 when frightened competitors smashed them in the belief the things might ruin their livelihoods.

FLAT FEED SECRET Walter Hunt, the New York genius who invented the safety pin, the Snow Plow and The Paper Collar, came up with a sewing machine in the early 1830s, but his 15-year-old daughter discouraged him from patenting the idea on the ground it would put thousands of over-worked, eye-strained seamstresses out of work.

Ten years later Elias Howe, Jr., constructed and patented a Lock-stitch Machine, but never could round up enough funds or faith to promote it successfully.

Singer saw an imitation of Howe's machine. He quickly assessed the mistakes in its construction and with \$40 in borrowed capital went to work on his own improvements. One major change was to tip the mechanism on its side so that the material could be fed to the needle on a horizontal plate. This made it possible to run the machine continuously. He was able to patent the improvements.

The freedom of women from the tyranny of the thimble literally changed the course of history. Women used their new found leisure to contemplate the social and political scene.

Now the sewing machine is everywhere. The machines operate in mud huts of darkest Africa, in igloos beyond the Arctic Circle.

Athens, July 3.—(AP)—Liberal Premier Sophocles Venizelos called on King Paul today to tell him he was unable to meet the monarch's demands for formation of a broad Coalition Government. He said he would call on the King again tonight for final counsel on what course should be taken.

The Doctor Says:

FACING THE FACTS CALMLY TAKES SOME FEAR OUT OF POLIO

By Edwin P. Jordan, M.D.

Even though there may not be any remarkable new discoveries concerning polio, every year it seems a good plan to discuss this dread disease about the time it is likely to hit its peak. Polio is terribly alarming and it is therefore wise to review the known and unknown facts calmly and sensibly.

Perhaps the thing which frightens people most is the mysterious and unexpected way in which polio so often strikes. One year, for example, there may be a lot of cases in three or four states and the next some other regions will turn out the worst. It is true that there is no good explanation for this type of behavior on the part of polio as yet, and indeed spot maps of polio throughout the entire world show the same curious actions.

For the last year or two there have been more than forty thousand persons attacked by this disease each year in the United States. This seems like a great many and it is certainly nothing to be complacent about. But one should remember that in a population of some one hundred and fifty million this is only one in three or four thousand so that the chances of escaping are pretty good.

Furthermore, (though more will be said about this later) a high proportion of those who are stricken not only recover, but have practically nothing permanent to show that they ever had the disease.

For all these reasons, neither parents nor children should be unduly nervous since the chances of escaping difficulty are good even in those regions which happen to be bad in a particular year. This is not to say that carelessness is

Mr. and Mrs. John E. MacDonaid, Mrs. David Nicholson and Miss Joyce Nicholson attended Sacraments in Scotstown.

Miss Florence Bowker, has returned to her home, in Sawyerville, after completing her teaching duties in the school.

The regular meeting of the Auxiliary of the W.M.S. was held at the home of Mrs. H. Moulton on Wednesday, June 20. The meeting was chaired by the president, Mrs. D. MacArthur, who led the devotional period.

The study was the Phil and Jhansi fields, of India, and Mrs. A. H. MacDonald, Mrs. N. M. MacLeod and Mrs. George MacDonald took part.

ever safe and a few precautions are certainly in order.

Forecasting Difficult
Polio is not strictly a late summer and early fall disease. In the northern hemisphere (it tends to be reversed in the southern) polio usually starts in the spring in southern areas and moves north as the weather warms up.

But at first the cases are rather few and far between and it is usually impossible to tell whether any particular year will be bad in this respect until late summer or fall. New cases fall off rapidly about the time frost comes in the northern hemisphere. This curious behavior has been commented on often and may yet provide an important clue to prevention or treatment.

Thumb-Nail Sketch

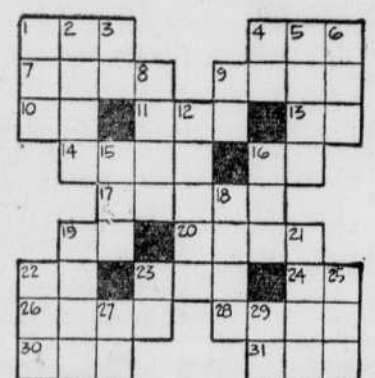

BY AL KARALFA

BORN March 6, 1806, in London, this English poet passed her childhood in the country. Her first volume, "An Essay on Mind, with Other Poems," appeared in 1826.

Many of her poems express her indignation at the treatment of factory children in 19th Century England. Her father fostered her naturally delicate health and opposed her marriage to another English poet, with whom she eloped in 1846, never to see her father again. The couple went to Italy, where her health improved to a considerable extent, and she did much of her writing here. Her longest work, "Aurora Leigh," was a novel in verse and appeared in 1856. Her "Sonnets from the Portuguese" are perhaps her most widely read poems today, being love poems with a great depth of feeling. She died June 30, 1861, and her grave at Florence, Italy, is a place of pilgrimage. Who was she?

AYER'S CLIFF

Mrs. N. Claude Whitcomb, Mrs. S. R. True, Mrs. Sidney Baldwin, and Mrs. R. G. McHarg were joint hostesses at the McHarg home on Maple Avenue, when they entertained at a miscellaneous shower in honor of Miss Margaret Bell, a bride-to-be.

The guests were all neighbours and the daintily wrapped gifts were presented by Mrs. Whitcomb who, on behalf of all present, extended best wishes to Margaret accompanied with the hope that the years ahead would hold much happiness.

After the gifts were admired, the bride-elect expressed her thanks and appreciation in words well chosen with sincerity.

The living room was most attractive with Blue Iris and yellow lilies, while the colors in the dining room were pink and white, and the center piece was of panes.

The refreshments were delicious

ASBESTOS in action

When H. W. Johns, co-founder of Johns-Manville, began to experiment with asbestos—he probably never dreamed of the vital part it would play in our daily life. Almost everyone uses and benefits by asbestos. When the housewife roasts a slice of bread, or irons a shirt, her safety is guarded by the asbestos insulation in the electric cord. When the motorist slams on his brakes, in an emergency, he depends on asbestos linings for a safe, quick stop. Even the water you drink may be carried in Transite asbestos-cement pipe. And so it goes... asbestos serves us in many seen and unseen ways!

Australia Fights Witchcraft Menace Among Aborigines

By LOUIS L. LECK, Canadian Press Correspondent Sydney, Australia. — Dr. R. A. Brock, government "walkabout" doctor to the aborigines is having medicine-men trouble. Dr. Brock was appointed to investigate the health of the nomadic aborigines in North Australia by traveling with the wandering tribes and studying their life. He has just returned to Darwin after his first walkabout and reports that many aborigines are living at "half throttle" because disease lessens their energy. Dr. Brock found many suffering from hookworm, tuberculosis, yaws, ringworm and leprosy—the reasons for their seemingly lazy attitude. Most of the disease has been caused by native ignorance of

VALE PERKINS

A very impressive service took place in Vale Perkins United Church on Sunday, June 24. The following children were christened by Reverend E. White: Carolyn Ann, daughter of Mr. and Mrs. G. Jewett; John Howard, son of Mr. and Mrs. Howard Jewett; Gwendolyn Cheryl, daughter of Mr. and Mrs. Leverett Jewett; Reginald Edgar William, son of Mr. and Mrs. Maurice Cota; Roy Carmi, son of Mr. and Mrs. Levi Cota; Marie Marion, daughter of Mr. and Mrs. Quincey Mauger; David Ralph, son of Mr. and Mrs. Ralph Ragoon. The church was beautifully decorated with peonies, roses and other flowers. There was a good attendance. The United Church W. A. of Vale Perkins met on Tuesday evening at the home of Mrs. Claude George. The next regular meeting will be at the home of Mrs. Fred Jewett on the evening of July 17. All members are requested to attend as the final plans will be made for a "Sale and Tea" to be held in August. Miss Joyce George has returned home after visiting relatives and friends in Hartford, Conn., Boston, Mass., and Laconia, N.H. Miss Lorraine Willard, of Mansonville, was an overnight guest of her teacher, Miss Alice Jones. Mrs. W. Burbank, and Mr. Howard Burbank, of Bolton, were Sunday guests of Miss Minnie George. Mrs. Harry George was a caller at the same home. The Mansonville Brownies, under leaders Miss Alice Jones and Miss Alice Theyer, held a picnic and weiner roast on the beach in front of Mr. Ray Jones' farm. Mr. and Mrs. Fred Jewett, Mr. Lyle Jones, Mrs. Donald Cousens, and Mrs. Paul Ethier attended the funeral of their aunt, Mrs. L. D. Hall. Mrs. Hall died in St. Johnsbury and the burial was in Lyndon Centre. Miss Sylvia Steinman, of Mansonville, was an overnight guest of Miss Evelyn Jones. Mrs. Mary Magoon and children, Dougie and Ann, also Miss Joan Dix, were week-end guests of their parents, Mr. and Mrs. A. Dix, in Waterloo. Mrs. Dorothy Brown was a tea guest of Mrs. Mina Sargent. Miss Minnie George has returned home from visiting her sister, Mrs. Cora Tilton, at Beebe. Many attended the Jones-Cota wedding in the First Church at North Troy, Vt. Miss Mabel Young, of Mansonville, has been a visitor at her sister's home, Georgedale Farm, for a few days. Mrs. W. Wilcox and son, Jack, of North Troy, were Sunday guests of Mr. and Mrs. Ray Jones.

GUTHRIE

Mr. and Mrs. G. Hayes were in Highgate, Vt., on Friday evening, June 1st, where they attended the graduation exercises and dance of Highgate High School Class of 1951, of which the latter's niece, Miss Sylvia Nye, only daughter of Mr. and Mrs. Charles Nye, nee Sarah Thompson, of Highgate Center, Vt., was one of the graduates. Mrs. Oscar Scribner, of Brigham, was a recent guest of Mrs. W. N. Martindale. Mr. and Mrs. Wesley Stewart, of Montreal, were Sunday visitors at Mr. Horace Somberger's. Mr. and Mrs. George Bernier and little son Michel, have moved into the home they recently purchased from Mr. A. Deline and known as the Beeman place. Those from here attending the Bedford Deanery meeting held in Stanbridge East on June 12, were Mrs. W. N. Martindale, Mrs. L. Hayes and Mrs. G. Hayes. Mr. and Mrs. Fred Clough, Mrs. E. Soule and son, Kenneth, spent Saturday in St. Johns. Mrs. Wayne Ploof, of Franklin, Vt., is spending a short vacation with her parents, Mr. and Mrs. A. Brown. Mr. and Mrs. G. Hayes and Mrs. L. Hayes attended the Farm Forum picnic at Mrs. Ramsey's cottage, North Hatley, on Sunday. Mr. and Mrs. Wilbur Clough and son, Richard, motored to St. Johns on Saturday. Mr. and Mrs. Charles Nye, Charles Nye Jr., Miss Sylvia Nye, of Highgate, Vt., and Mrs. Robert Hoben, of Richford, Vt., were Sunday evening guests of Mr. and Mrs. G. Hayes. Mr. A. Edoin attended Orme-town Fair and also the Fair at Lachute. Mrs. John Kearns, accompanied by Mrs. John McKay, Mrs. A. Blinn and Mrs. L. Quintal, spent Tuesday in St. Albans, Vt. Mrs. W. N. Martindale and Mr. Neil Lagrange motored to Sutton and were guests of Mr. and Mrs. Robert Townsend. Mrs. P. C. Luke, of St. Armand, and Mrs. Josie Mullen, of Moses Line, Vt., recently spent a day with Mrs. John Kearns. Mrs. George Hayes was hostess to the Stanbridge Ridge Ladies Aid on Saturday afternoon, June 16, with an attendance of 26, and also a presentation to Miss Inez Planinshek, a popular bride-to-be. Upon the arrival of the guest of honor she was presented with a corsage and escorted to a gaily decorated chair to the strains of "Here comes the Bride", with Mrs. hygiene, and Dr. Brock is battling against native witch doctors to help wipe out illness among the tribes. On the surface there is no apparent competition between the white doctor and the black medicine man. When they meet at villages or in the bush, medicine or treatment is never mentioned. Friendly conversation is usually kept strictly to topics such as hunting and fishing. Because of the power still held by the medicine men, many natives refused to be examined, but the health department believes this attitude will eventually change. Dr. Brock also used aircraft, launches and native canoes during his visits.

Neil Baker at the piano. Mrs. Carl Vaughan, president of the Ladies Aid, on behalf of her many friends, presented her with a china dinner service for eight persons, including flat silver and glassware and other table accessories. Miss Planinshek very graciously thanked all her friends for the lovely gift and good wishes. Tall vases of pink and white peonies, white bells and white streamers were used for decoration in the living-room and dining-room. The dining-room table was covered with a lace cloth, white candles and low bowls of pink and white peonies and centered with a bride's cake gaily decorated in white and silver and topped with a miniature bride and groom. A large white bell was suspended from the ceiling from which long white streamers extended to each corner. Refreshments were served after which all joined in singing "For She's a Jolly Good Fellow." Miss Planinshek's marriage to Mr. Murray Blinn took place on June 30. Mrs. Fred Clough, who is employed at the Torrington Company in Bedford, is spending her vacation at her home here.

Murray Dickson Needs Ten More Wins To Become First Pitcher In 48 Years To Win 20 For Last-Place Club, Pirates

All Murry Dickson needs to become the first pitcher in 48 years to win 20 games for a last-place National League club is ten more victories and the co-operation of the Pittsburgh Pirates. The last-place Buccaners, of course, must remain in the cellar.

The 33-year-old righthander notched his tenth triumph last night, downing Chicago 7-2 to lead a large list of individual achievements in an unusually active Monday of baseball.

Here are some of last night's highlights as every club but Detroit and St. Louis Browns saw action.

1. Allie Reynolds' scoreless streak was snapped at 32 1-3 innings and he walked his first batter in 37 2-3 innings but he gave the New York Yankees a one-game lead in the American League race by stopping the Philadelphia Athletics, 14-5. It was Reynolds' sixth straight victory.

2. Cleveland catcher Jim Hegan scored all three runs as the Indians nipped the Chicago White Sox, 3-2 with the aid of Lou Brissie's perfect relief hurling for 2 1-3 innings.

3. Rookie southpaw Leo Kiely, in his first big league start, pitched the third-place Boston Red Sox to a 5-2 victory over Washington as Vern Stephens hit his third big-

league homer in spacious Griffith Stadium. The win cut Chicago's second-place margin to 2 1/2 games.

4. Gil Hodges clouted his 25th homer for Brooklyn to help Preacher Roe beat Boston Braves, 6-1, for the southpaw's 11th victory against only one defeat. The homer put Hodges a game ahead of Babe Ruth's 1927 pace when the Bambino hit his record 60 homers.

5. Jim Hearn of the Giants whipped his Philadelphia "cousins" 4-3 for the tenth time in 11 decisions but he needed relief help from George Spencer as well as Bobby Thomson's 11th homer in the sixth inning with a man on base. It was the second straight day Thomson won a game with a homer.

6. Pete Castiglione batted in three Pittsburgh runs with a single, double and triple, and scored twice to lead the Pirates to their 1-2 win over the Chicago Cubs.

7. Stan Musial raised his league-leading batting mark to .370 with two singles and drove in two St. Louis runs as the Cardinals downed the Cincinnati Reds, 8-2.

A home run by Ransom Jackson with one on in the seventh deprived Dickson of a shutout but the little curvballer rang up his tenth win. Since Pittsburgh still has 87 games left of its schedule, Dickson stands a fair chance of notching 20 wins.

Entries Total 185 For Canadian Open Golf Tournament Starting Tomorrow At Toronto Mississauga

Toronto, July 3.—Last-minute entries in the 42nd Canadian Open Golf Championship round at Mississauga Golf Club here brought the entry total to 185, Royal Canadian Golf Association officials announced today.

Five former title holders including last year's defending champion, Jim Ferrier of Los Angeles, will be among the golfers teeing off at the Wednesday opening round. Others seeking their second open title are Gene Kunes (1935); Lawson Little (1936); George Fazio (1945); and Ed (Dutch) Harrison, 1949 champion. One of the strongest fields ever to compete for the championship

has entered the four-day tournament lured by the added prizes which bring the winner's cut to more than \$1,350.

Canadian representatives include Canadian Professional Champion Stan Leonard of Vancouver Marine Drive; Bill Hawthorn of Vancouver, the amateur title-holder; Fred Wood of Vancouver, the amateur title-holder; Fred Wood of Vancouver; Bob Gray of Toronto Scarborough; Jules Huot of Laval; Nick Westlock of Windsor; Dick Borthwick of Hamilton and Par Fletcher of Regina.

Ontario Open Champion Smiley Quick, of Pasadena, Calif., will be among this year's Canadian tournament winners competing.

Doug Ford of Harrison, N.Y., turned in a phenomenal 11-under-par 61 during a week-end practice round over the tournament course. Ford, a tournament circuit regular, set a course record with his card. He went out in 28 and back in 83.

The entire field will tee off Wednesday morning. Thursday night the field will be cut to the low 100 and ties and Friday night the surviving low 60 and ties will play the final 18-hole round for the championship.

BROOKBURY

A very enjoyable reception was held at the Brookbury hall, on June 8, for Mr. and Mrs. Melvin Grey, nee Donna McGregor, of Dunnville, Ont.

Upwards of 150 friends and relatives were present to wish the bride and groom happiness for the future years. Dancing was enjoyed throughout the evening, with music by Sternie Coates and his orchestra.

At midnight, a dainty lunch was served and a three-tiered wedding cake made by the groom's sister, Mrs. Leon Hodge, was cut by the bride and passed to the guests. A substantial purse of money was presented to the young couple by Mr. Austin Hodge, as a token of friendship and esteem.

Sclerosis Group Founder Leads Active Career

Montreal.—A pretty, dark-haired Montreal woman of 36, laughs, smiles and chatters pleasantly these days despite the fact she is paralysed from the waist down and confined to a wheelchair.

Founder of the Canadian Sclerosis Society in 1948, Mrs. Evelyn Opal explains that as long as she is able to work at raising funds for the fight against multiple sclerosis, she will do it, and be happy in the task.

She was attacked at the age of 20 by the malady, a chronic disease of the central nervous system.

Mrs. Opal has had several remissions of the strange disease, and during these times she has been able to walk. One occasion was during the marriage of her second sister, when she was able to walk up the aisle as bridesmaid.

"Rather than congratulating the bride, they were all crying with happiness around me," she said as she happily recalled that time.

As far as can be determined there are some 9,000 known cases of multiple sclerosis in Canada, while medical authorities estimate there may be 25,000 more who are unaware of what they have.

Male Members Increasing In Rebekah Ranks

Toronto.—The men have staged a counter-offensive against the encroaching feminine sex in at least one field. And made progress, too.

The Rebekahs, through which Ontario women a century ago infiltrated the ranks of the Independent Order of Oddfellows, now has men among its members.

At a four-day convention this week 500 women are celebrating the day, 100 years ago, when the I.O.O.F. was persuaded to allow women to organize their own branch. Now the Ontario Rebekahs boast a membership of 29,246 but of this total 2,614 must be addressed as "Brother Rebekah."

The branch grew until it now is represented on all of the 230 district I.O.O.F. committees, working to ease hardships caused by cancer, poliomyelitis and other diseases. Many of the women's lodges have purchased hospital beds for use in the homes of the sick. During the last year Ontario Rebekahs contributed an oversize dish-washing machine to the Oddfellows Home in Barrie, Ont.

The first Rebekah lodge in Ontario was formed at London in 1869. By the time the first provincial assembly met at Stratford the nine lodges represented had a total membership of 460.

Weird Display Of Instruments In Bottle Band

Swift Current, Sask.—An old aluminum teapot and a pile of soda-pop bottles are the mainstays of Swift Current's unique "bottle blowers" orchestra.

They aren't a commercial music-producing aggregation, but 27 school pupils whose principal, Kenneth Aberdeen, thought a pop-bottle orchestra would be an economical method of teaching his pupils music and physics.

Using small medicine bottles, ordinary-size pop bottles, and quart-size pop bottles (the "bass" section) for accompaniment, the youngsters supplement the musical group with tonettes, an auto harp, drum, and a set of melodic bells.

Each bottle is filled with colored water to a different level, producing a musical note when the player blows into the top of the bottle.

The bottles are tuned to the school piano before each performance, the "tuners" using a water-filled teapot to fill the instruments to the right level.

All musicians play from music. Mr. Aberdeen says the orchestra actually teaches the pupils more than to read music. It teaches each student how musical notes can be obtained in a bottle by adding or subtracting water from the teapot.

Thus the children have learned the principals of such wind instruments as the pipe organ.

Saskatchewan's school supervisor of music, R. J. Staples, calls the "bottle blowers" one of the most remarkable orchestras he has ever heard.

Disabled Girls Run Profitable Industry

Yately, England.—This Hampshire town is a self-supporting community of workshops and cottages run and staffed by disabled girls, mostly victims of infantile paralysis and spinal complaints. Many of the girls work in wheelchairs. They support themselves by their craft—textile printing.

Known as the Yately Textile Printers, the firm was started as an experiment in 1937 by Miss Jess Brown, an orthopaedic nurse, who was impressed by work done by disabled workers in the cotton industry in India and wished to help invalid girls she knew in England. Now the girls produce more than £5,000 worth of exclusive designs each year.

In Canada and the United States especially, there is a steady demand for the modern, individual clothes and dirndls which have been designed at Yately.

The centre's only Indian girl, Sybil Collie, makes lino cuts, surrounded by 600 blocks of Persian, Spanish, Chinese and early Egyptian designs which are filled for use. Nearby, Joan Hardwick is in the processing room; all the de-

Bill Metzger Drives In Winning Tally To Edge Drummondville; Brown Helps Own Cause With Homer

Bill Metzger, the Athletics' second baseman, came through with a lusty double, his second hit since joining the locals, to drive home Hiram Gonzalez with the winning run Sunday evening to edge out the league-leading Drummondville Cubs 5-4 before 1,579 fans in inclement weather.

The local's bespectacled second baseman drove out the payoff hit in the ninth inning which allowed Ray "Fireman" Brown to chalk up his fifth victory of the season. Brown, who went the distance for the A's, turned in one of his best performances for quite some time. He retired seven men at the plate and issued five free passes to first. He helped his own cause by driving out a home run over left field fence for his team's first marker in the sixth and then connected for a double in the eighth to register the A's second tally.

John Bilbrey, who commenced the tilt for the Cubs, was driven to the showers in the eighth when the locals came through with a rally to tally three runs to move out in front 4-3. Len Perme took over to finish the game and was charged with the defeat.

The Cubs commenced things from the opening inning. Wheeler, who had a perfect sacrifice to Paules, drove out a single to move him to third base. Brown then forced Big John Davis to fly out to Garcia and after hitting Perez with a pitched ball he had Rutkay go out at first.

In the third on a single and a walk to Paules the Cubs moved to the fore. In the fourth after Brown had whiffed the first two men to face him he gave up a hit to Hackett but accounted for Bilbrey on an infield fly. In the sixth Perez was given a walk. Rutkay laid down a perfect sacrifice and Joe Atkins came through with a single to drive him down with the Cubs' second tally. The next two were easy infield outs.

Brown Homers

In the bottom half of the sixth Ray Brown, the first man up, lifted a two-and-two pitch over left field fence for the locals' first run. It was a hard hit ball and outfielder Davis just watched it sail over his head.

In the seventh it was 1-2-3 for the Cubs. Claro Duany leading off for the A's drove out a double to right field fence and pulled up at second. Ballester went out to short and Gladu filed out. Gonzalez drew a walk but Mantaras came out on a long fly ball to centre field and Duany was left stranded at second.

The Cubs continued their march and Davis came through with a single to start things. Perez went down at third but Rutkay connected for a single to push him to third. Atkins was called out on strikes to relieve a little pressure. Hackett, the Cubs' backstop, came through with his second hit to drive Davis home and give Ballester a comfortable 3-1 lead. Brown then struck out Bilbrey to end the rally.

A's Come To Life

The locals after playing listless ball suddenly came to life as Brown drove out a double to start things. Pages went out at first but Metzger connected for a clean single and Brown advanced. Garcia singled and a run crossed the plate. Duany continued the rally with a clean double and Metzger came in with the locals' second tally of the inning and the fourth of the game.

That was the end of Bilbrey and Perme took over. He walked Ballester and when Gladu lifted a long fly ball to centre field, allowing Garcia to come home, the local shortstop was doubled off second on an attempted steal.

Cubs Move Ahead Again

Drummondville Takes Twin Bill From Farnham To Retain Lead; Granby Swamped 22-8 By St. Johns

Drummondville Cubs Monday won a doubleheader from Farnham Pirates to take a two-game lead in the Provincial Baseball League standings.

Granby Red Sox and Quebec Braves split doubleheaders with their respective opponents and held second spot in the standings with 31 victory apiece.

Next came Farnham with 30, two ahead of Sherbrooke Athletics, 21. The Sox and St. Hyacinthe Saints followed with 25 each and Three Rivers were last with 22.

St. Johns Braves split a doubleheader with Granby, belting four Red Sox pitchers for 25 hits and outscoring the Sox 22-8 in the opener, only to be edged 5-4 in the nightcap.

In the first game at St. Johns, Braves had two big innings, the seventh and eighth, scoring six runs in each. They also scored three runs in the third and ninth, two in the second and singles in the first and fifth.

Out hit 25-15, the Sox tallied once in the second frame, twice in the fourth and five times in the sixth. The Sox also were out hit, 11-6, in the second game, but took their revenge nevertheless. They kept the Braves scoreless until the seventh when one man crossed the plate. The Braves scored three times in the eighth but couldn't score again in the all important ninth.

Ernest Burke, who took over in the sixth inning of the first for St. Johns, was credited with the victory after holding the Sox scoreless.

Granby were trailing 6-1 in the third when John Andre took over pitching duties. He was replaced in the seventh after giving five runs. Eugene Jones, his successor, was rapped for as many runs before he was replaced by B. Sherman who gave the same number. Andre was charged with the loss.

Granby's Griffith worked the nine innings in the second game and was credited with the victory. Luis Cabrera who worked 4½ innings for the Braves was charged with the loss.

Drummondville Cubs took both ends of their home-and-home series from Farnham Pirates by scores of 4-2 and 5-3.

The tail-end of the series at

Farnham was a 12-inning pitchers' duel, with Leonard Perme earning the victory.

Perme went to the mound in the eighth inning to replace J. McGowan who gave Farnham all their runs. Perme kept the Pirates scoreless and his mates rapped two winning runs off Fount Dickerson in the top of the 12th to win the game. Dickerson went all the way for Farnham to be charged with the loss.

At Drummondville the Cubs got to Farnham pitcher Cecil Kaiser for 11 hits.

Cubs and Pirates went scoreless until the third frame when both tallied singletons. Cubs followed up with another in the fourth, fifth and eighth, while the Pirates' lone run came tally came in the top half of the eighth.

Cubs erred once while Pirates fluffed three times.

Both Quebec-St. Hyacinthe games were played at Quebec. Quebec won the opener 2-0 and took an 11-4 drubbing in the nightcap. George Stemm put the horse-collar on Saints in the first game striking out five and allowing four hits.

Joe Andre singled home Quebec's first run in the first inning and scored in the fourth on a base hit by Roger McCordell.

Jake Tumelli clouted a two-run homer in the second inning of the second game to pace the Saints' 23-hit barrage.

Winner Conny Johnson and his battery-mate Pedro Lopez each hit four-for-four.

At Sherbrooke, the Athletics slapped a 6-4 defeat on Three Rivers.

Three Rivers fielded three hurlers but were unable to stop the Athletic's onslaught. John Nanteel who started for the Royals was replaced in the fourth inning after giving out three runs. Jean-Pierre Roy, second Three Rivers pitcher, was rapped for another three runs and was pulled out in the eighth for Ken Olsen, the latter holding Sherbrooke scoreless.

Armando Roche took over pitching duties in the fourth inning for Sherbrooke after the Royals got all their runs and he was credited with the victory for holding Three Rivers to four runs. The Reds out-hit Sherbrooke 12-9 and the clubs played flawless ball.

Seven Dodgers Dominate National League's All-Stars; Eddie Sawyer Named Seventeen Men To His Staff

New York, July 3. — (AP) — A seven-man gang from Brooklyn dominates the National League squad for the 18th all-star baseball game July 10 at Detroit.

Not bound by the American League rule limiting selection of pitchers to one from each club, Manager Eddie Sawyer named Freacher Roe and Don Newcombe of Brooklyn and Sal Maglie and Phil Jansen of New York to his eight-man staff.

Sawyer, manager of the pennant-winning Phillies in 1950 and this boss of the Nationals, picked 17 men today. The eight starters already were voted into the lineup by the fans.

Back of the "Big Four" from the leading Dodgers and runner-up Giants, Sawyer's staff includes his own Robin Roberts, Warren Spahn of Boston, Ewell Blackwell of Cincinnati and Dutch Leonard of Chicago.

The fans made sure the Dodgers had a solid delegation by voting starting job to first-baseman Gil Hodges, the home run sensation of the year; second-baseman Jackie Robinson and catcher Roy Campanella.

Sawyer added Dodgers added Roy, Newcombe, shortstop Pee Wee Reese (named for the seventh time) and centre-fielder Duke Snider.

The squad:

Pitchers
Ewell Blackwell, Cincinnati; Larry Jensen, New York; Emil (Dutch) Leonard, Chicago; Sal Maglie, New York; Don Newcombe, Brooklyn; Robin Roberts, Philadelphia; Elwin (Preacher) Roe, Brooklyn; Warren Spahn, Boston.

Catchers

Walt Burkemo, Cinderella Man Of P. G. A., Has Chance To Write Ace Finish To 1951 Tournament Today

Oakmont, Pa., July 3. — (AP) — If anyone ever had a chance to write a fabulous finish to a cinderella story in golf, 32-year-old Walter Burkemo is the guy.

And the folks in Grossete Pointe, Mich., are rooting for him to take his putter in hand today and write it with a flourish.

The strong-hearted blond from Franklin, Mich., goes against the great Sam Snead, the par-busting West Virginian, in the 36-hole finals for the 33rd Professional Golf Championship.

The starting angle is that the former Army sergeant, winner of two purple hearts as the result of second world war wounds, believes he has a good chance to win the title over Oakmont's 6,882 yards of heavily-trapped and treacherous terrain.

The experts point to the fact that Snead, two-time winner and second runner-up in the professional fixture, is 18 under par for 136 holes of match play over this rain-soaked course, while Burkemo has been forced into extra holes

by three of five opponents and is 10 over the card for 147 holes.

In yesterday's semi-finals, Snead was six under par in whipping Charley Bassler of Catonsville, Md., 9 and 8, one of the most impressive showings in the history of the classic.

Burkemo, two down with two to go against former tennis champion Ellsworth Vines, rallied to win the last two with a birdie and a par, and then copped the final berth with a birdie on the first extra hole.

YESTERDAY'S STARS

Batting
Bobby Tromso, Giants—homered with one on to give the Giants a 4-3 victory over Philadelphia Phils. It was the second straight day that Tromson won a game with a homer.

Pitching
Leo Kieley, Red Sox—pitched eight straight shutout innings after yielding two runs in the first inning of his first big league game as the Red Sox whipped Washington 5-2.

Middlecoff - Demaret

Down Gray - Leonard

Niagara Falls, Ont., July 3. — (AP) — Between sneezes, dentist Cary Middlecoff led partner Jimmy Demaret to a 3 and 2 victory over Canada's Bob Gray and Stan Leonard yesterday in an exhibition golf match officially opening the new Niagara Parks Commission course.

Dr. Middlecoff, from Memphis, Tenn., belted out a three-under-par 69 in the low-ball match over the tricky layout despite a severe case of hay fever.

Demaret, top-flight professional from Ajaji, Calif., carded a 72.

Gray, from Toronto, and Leonard, pro at Vancouver Marine Drive, had a 72 and 73 respectively.

The four shotmits left for Toronto to take part in the Canadian Open which gets under way Wednesday.

Sugar Ray Prepares For Bout With Turpin

Paris, July 3. — (AP) — Sugar Ray Robinson leaves for London today to finish training for his world middleweight boxing title against Randolph Turpin, and just in time to escape a gathering storm of criticism from French sports writers—because he's too good.

The newspaper Auore said today, in a story about a meeting of the French Boxing Federation: "One would have liked to have seen the F.F.B. show an interest in the problem posed by the unequal matches of Robinson and to have 'stigmatized' the massacres of the type in which Jack Marcel (Jean) Wanes and (Jean) Walzack were the sorry heroes."

In reporting on Robinson's third round knockout of Cyril Delannoit of Belgium Sunday at Turin, the communist newspaper Humanite said: "What a lamentable spectacle at Turin. Professional boxing credits itself with that kind of affair."

George Gainford, Robinson's manager, said: "They've said the same thing before in the United States. The people of the world seem to penalize Robinson for taking his fighting seriously."

Robinson meets Turpin in London, July 10.

Bruce Hickey Retains His Motorcycle Title

Oshawa, Ont., July 3. — (CP) — Bruce Hickey of Drummondville, Que., 1950 Canadian dirt track champion, retained his crown in the four-mile expert event here yesterday when Oshawa, Kinsmen presented their annual Canadian Motorcycle Championships before a crowd of more than 10,000.

Alexander Park's half-mile track was hard and fast, resulting in good times but constructing as to two serious accidents in which Harry Mazmanian of Galt, and Bob Kennaway of Preston were injured.

"Ed Johnson of Corawa" won the Canadian junior four-mile and Elmer Byers of Norwich won the Canadian senior four-mile.

Del MacTavish Breaks Ankle As Horse Falls

Saratoga Springs, N. Y., July 3. — (AP) — Del MacTavish, 39-year-old Lachute, Que., harness-racing driver, suffered a possible fracture of the right ankle last night in a four-horse spill, in the eighth race at Saratoga Raceway.

MacTavish received a compound fracture of the same ankle last fall in an accident at Yonkers Raceway.

Driver of the three other sulky- and four horses escaped serious injury.

The mishap occurred when Lucky Oliver, driven by George Chretien, stumbled and fell near the eighth pole.

Steward Lad Cops Race At Rosevelt Raceway

Westbury, N. Y., July 3. — (AP) — Favored Steward Lad won the featured Terre Haute Pace in 2:06 last night at Roosevelt Raceway, taking a two length victory over Duke Harmony with Gay Abbe third.

Owned by the Carolina Stock Farm, of Hobbsville, S. C., and driven by Bob Walker, Steward Lad notched his second victory of the season in seven starts.

The three-year-old bay gelding waited to the stretch before making his move and then coasted home an easy victory to pay \$4.40, \$6.70 and \$2.90 across the board.

British Lady Athletes To Dress Own Way

London, July 3. — (AP) — Britain's women athletes, whose official uniforms have been slightly less glamorous than a potato sack, won the right last night to dress as they please.

The British Women's Amateur Athletic Association announced it is amending its uniform regulations as a result of protests against the standardized loose-fitting white jersey and bloomie-like black shorts.

"British girls have been complaining that our dress regulations were making them a laughing stock of the continent — that must not be allowed to happen any more," the W.A.A.A. announced.

The new regulations allow British women athletes to wear whatever they want from now on — provided that their shorts are made of a dark material.

Johnny Hetki Chalks Up His 11th Victory

Johnny Hetki, 28-year-old right-hander of Toronto Maple Leafs, is on the road back to the major leagues.

He had a so-so pitcher when Cincinnati Reds, in the International League's to winner.

The veteran has compiled an impressive 11-5 record for the Leafs, in fifth place, 17 games behind the league-leading Montreal Royals.

Hetki won only 11 in little more than three seasons with the Reds beginning in 1945. He stands a good chance of winding up with St. Louis Browns who have a working agreement with the Leafs.

Johnny posted his 11th victory yesterday as the Leafs swept a doubleheader from Springfield Cubs 7-2 and 4-3. He stopped the Cubs on eight hits in the first game. The Leafs snapped a 2-2 tie with two runs in the seventh and clinched it with three more in the eighth.

Bobby Rhaw, who doubled and singled in the opener, won the second game with a three-run, two-out homer in the last inning.

Montreal split a doubleheader with runner-up Syracuse Chiefs winning the opener 1-0 but losing the nightcap 4-0.

Bob Alexander blanked the Chiefs on four hits to gain his eighth victory. Bobby Morgan drove in the lone run with a fly in the fourth. Dick Libby, making his first start, blanked the Royals on three safeties in the nightcap.

The split clinched the Royals to maintain their nine-game lead.

Buffalo Bisons took a twin bill from the Ottawa Giants 2-1 in 11 innings and 5-3. Bob Wellman doubled home both runs in the first game. Archie Wilson socked a three-run homer, his 17th, in the fourth inning to launch the Bisons' drive in the nightcap.

Ed Mierkiewicz' eighth-inning homer enabled Rochester Red Wings to edge Baltimore Orioles 5-4. Lou Ortiz also homered for the Wings.

Local Stage Two Big Innings To Down Three Rivers 6-4; Red Sox Here This Evening; Roche Winner

Staging two big innings last night the Sherbrooke Athletics managed to come through with six runs to down the Three Rivers Royals 6-4 in a closely fought deal before 1,591 fans in a regular fixture of the Provincial Baseball League.

The win, the A's second over the week-end, helped the locals to improve their average in the loop. In the other games Farnham will move over to St. Johns, Quebec will pay a visit to Drummondville and Three Rivers will tangle with St. Hyacinthe to complete the evening fixture.

Ed Flanagan started on the mound for the A's and looked as though he was doing a good job until he ran into trouble in the fourth inning. In the opening frame they pushed a tally across on two hits and a walk, and then in the fourth they bunched four hits with a free pass to tally three runs before Amando Roche was called in to kill the rally.

The rest of the game Roche gave up five hits but kept the Royals away from the plate. In the fifth Gerard drove out a single but the local tosser whiffed the next two at the plate or called strikes. Leida then connected for another bang and Pardo then drew a walk to load the bases. Troubadour pinch-hitting for Olson was tossed out by Garcia to ease the pressure and give the A's the victory.

On the other side of the score sheet the A's blasted three of Del Bissonnette's hurlers for nine hits but by bunching seven of them in two innings they managed to gather enough runs to ensure themselves of the victory.

Nanteel commenced for the Royals and for the opening three innings held the locals to one hit, a double by Bill Metzger. In the fourth Duany drew a walk and then Gladu drove out a double. Ballester a singled and Gonzalez came through with another double and three runs crossed the plate.

Mantaras filed out to first and Roche was retired at the plate but Pages drew a free pass up with his second hit of the evening a clean single to left field, to drive Gonzalez home with another run which allowed the locals to knot the count.

In the fifth the A's continued their hitting assault and greeted Jean-Paul Roy with a barrage of blows. Duany commenced with a double while Gladu and Ballester came up with bingles to drive in two more tallies and put the A's out in front for the first time in the game. Roy struck out two and forced Mantaras to drive into an infield out.
