AGREEMENT REACHED TO HOLD TRIAL OF EX-EMPEROR AT LONDON IS NOW REGARDED AS BINDING

(There Was No Objection Made by Any of the Members of the Council to Premier Lloyd George's Query: "I Suppose You Have No Objection to the Trial of the Kaiser in London?")—Said that Premier Clemenceau Gave His Verbal Approval of the Move for Trial of Ex-German War Lord.

PARIS, July 7.—The agreement reached by the Allied Council that the trial of Former Emperor William would be held in London, as announced by Premier Lloyd George in the House of Commons last week, was a tacit one, but from American sources it was learned late today that the agreement was regarded as binding.

What purports to be an authentic account of the incident in the Council upon which the British Premier based his statement has become available from an unusually reliable source. It is said that at a meeting of the Council last week the British Premier said to his fellow-conferes something as follows:

"I suppose you have no objection to the trial of the Kaiser in London?"

The Premier looked about the circle, the account continues, and no one objected. Indeed, it is said, Premier Clemenceau gave his verbal approval immediately. The tacit agreement was never recorded in writing, and Sir Maurice Hankey, the British secretary, did not include it in his regular report of the proceedings in the Council. The assumption is, however, it was added, that Premier Lloyd George later had unofficial conversations on the subject with one or more members of the Council.

COUNCIL APPROVES OF PLAN FOR ATTACK ON PETROGRAD BY THE FINNISH TROOPS AND FORCES OF KOLCHAK GOVERNMENT AT OMSK

(Associated Press Despatch)
PARIS, July 8.—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and the forces of the Kolchak Government at Omsk was given today by the Council of Five.

A joint note has been sent to the military attaches of Great Britain, France, the United States and Italy at Helsinki, Finland, instructing them to support the Finnish Government if it decided to accede to the request of Admiral Kolchak to assist him in the campaign.

There is no indication that the Allied and Associated Powers propose to go further at this time in helping Kolchak's plan, but their action in supporting the Finns is regarded as equivalent to assurance that they will see the Kolchak movement carried through.

AUSTRIAN GOVERNMENT INFORMED IT WILL BE ADMITTED TO LEAGUE JUST AS SOON AS IT COMPLIES WITH NECESSARY CONDITIONS

PARIS, July 8.—The Council of Five decided yesterday to inform the Austrian delegation that their government would be admitted to the League of Nations as soon as it complies with the necessary conditions. This notification will be in reply to the Austrian note on the subject. The reply will be of a friendly character. A decision of the Council of Five to devote further time to consideration of Austrian territorial questions has resulted in the Austrian peace treaty being held up after the printers had set the type and handed over the proofs.

The boundaries question will be taken up today, and it is said that the treaty will not be ready for presentation before the end of the week at the earliest, as there are many problems in this connection to be considered.

Start Of Return Trip By Big British Airship Postponed Until Tomorrow Morning

Mechanics Started to Work this Morning to Overhaul the Engines.—Official Announcement Made that the Home-ward Journey Will Be Started Tomorrow Morning, "Wind or No Wind."

MINNEOLA, N. Y., July 8.—The enforced stay of the giant British dirigible R-34, made necessary by unfavorable weather reports covering the next forty-eight hours, and repairs to her motors, brought hundreds of visitors to Roosevelt field today. The big airship will not take off on her return trip across the Atlantic until after dawn tomorrow. In making the announcement concerning the return cruise, Brig.-Gen. E. M. Maitland, special representative of the British Air Ministry aboard the dirigible, stated positively that the R-34 would start tomorrow morning (wind or no wind), although he hoped the weather condition would be favorable.

Mechanics began work this morning in overhauling the engines of the R-34 preparatory to the beginning of her return flight. It was believed that the overhauling will be completed by tonight. Work on the engines was rendered impossible on Monday by the swaying of the huge gas bag in the strong wind that swept across Roosevelt field.

Unless present plans are changed the R-34 will sail over New York and then make directly out to sea, probably over a course slightly north of the southern route if conditions are favorable. Should strong winds prevail in an unfavorable direction, the northern route will be taken. Gen. Maitland estimated that about three thousand miles would be covered on the return trip.

On its homeward journey the R-34 will carry twenty-five pounds of mail. About one hundred official letters have been received at the New York Post Office from officials in this country, congratulating British officials on the success of the trip and about two hundred letters were received from newspapers and private individuals marked for transmission to England by the dirigible.

These were all put in the mail bag of the dirigible. The postage on each letter was two cents, the regular rate.

OFFICIALS HAD TEMPORARY SCARE LAST NIGHT

Army and navy officials who are handling the giant dirigible R-34 while she is here received a temporary scare shortly after ten o'clock last night, when the stern suddenly started to settle. Quick action on the part of an army balloon officer, who ordered a man to climb into the car and allow several tons of water ballast at the stern to escape, prevented any damage being done to the craft. With the released of the water, the stern rose into the air and soon assumed a correct posture.

Army officers in charge of the police and traffic arrangements estimated that more than 500,000 people viewed the dirigible between dawn and eleven o'clock last night.

THE FRENCH GOVERNMENT TAKES UP H. C. L. PROBLEM

PARIS, July 8.—The French Government is considering the problem of the high cost of living, and according to the Echo de Paris is considering the issuance of the decree opening the frontiers immediately for the importation of necessary raw materials. The Figaro says the Government is discussing the prohibition of the exportation of certain foodstuffs such as butter, eggs and cheese. Other newspapers declare that the Government intends to propose a law inflicting very severe penalties on food speculators.

A National Tribute Is Paid To Memory Of Captain Fryatt, Who Was Executed by the Germans

Special Service Held this Morning at St. Paul's Cathedral.—All Flags Which Were Floating Over the Public Buildings in London in Honor of Signing of Peace Treaty Were Lowered to Half-mast During the Ceremonies.

(Associated Press Despatch)
LONDON, July 8.—A national tribute of honor was paid today to the memory of Captain Charles Fryatt, executed by the Germans in 1916, for attempting to ram a U-boat by a national memorial service at St. Paul's Cathedral. After lying in state at the Dover Station overnight, the body arrived at Charing Cross Station at eleven o'clock and was placed on a gun carriage drawn by bluejackets. A cortege was formed, headed by relatives and including representatives of the Admiralty, war office, other Government departments and all sea-going organizations.

With a naval escort and a band, the procession passed slowly through the crowded streets by way of Trafalgar Square, Northumberland Avenue, the Thames Embankment and Ludgate Hill, arriving at the Cathedral at noon. The coffin was hidden under a mass of flowers, among which were magnificent wreaths from the town citizens of Bruges and Antwerp. Only

GREAT DAMAGE BY THE FOREST FIRES IN WEST

CALGARY, Alta., July 8.—The forest fire peril is getting close to Calgary with the outbreak of a fierce fire on the Elbow River on Sunday, which has swept from the western boundary of the Dominion forest reserve right up to the edge of the Sarcee Indian Reserve. The high wind Sunday caused an equally bad situation in the case of Sheep Creek fire, which broke out again on the north side of the stream. The fire also spread east among the ranches in that district, and some ranchers had a hard time saving their buildings.

PRES. WILSON IS WELCOMED HOME BY LARGE CROWD

President's Address on Thursday Relative to Peace Treaty Awaited with Great Interest.

(Canadian Press Despatch)
WASHINGTON, July 8.—The Sixty-Sixth Congress recovers today after a week's recess. The appearance before the Senate Thursday of President Wilson to explain the peace treaty and the League of Nations covenant and the Franco-American agreement eclipsed all other matters on the Senate Calendar to take up immediately.

In the House activity this week will centre on committee work, with the exception that legislation for enforcing prohibition, which will probably be called up for consideration on the floor.

President Wilson's message to be delivered to Congress on Thursday is completed. The message will take about twenty minutes to read and contain about five thousand words devoted to the peace treaty and the work of the Peace Conference.

It is understood these peace conference subjects are dealt with on broad general lines without taking several thousand school children were up the large questions of the treaty in idea, as this probably will come later when the Foreign Relations Committee of Congress examines the details.

In the harbor were forty-five warships, with Admiral Henry B. Wilson aboard, assigned to join the out-harbor escort.

On duty of the President's arrival were eleven thousand policemen from Jersey City and Hoboken forces and armed in River Street to greet the President with the "Star Spangled Banner" as he leaves.

Members Of Building Trades Are Putting Up a Battle For Eight Hour Day in Montreal

Workers Claim that Several Contractors Have Acceded to Their Demand, but at a Meeting of the Builders' Exchange It Was Decided to Fight the Issue.—Wire Workers Have Delivered Ultimatum to Five Companies.

(Associated Press Despatch)
MONTREAL, July 8.—The attention of Montreal laborers, men, as well as many employers, centered yesterday upon a move of the Building Trades to put into effect the eight-hour day. The contentions of the employers and employees are contradictory as regards the outcome, the former claiming that the workers laid down their tools only in isolated cases, while the latter declare that it was only in a small number of cases that workers failed to quit work after putting in eight hours.

The workers claim that several contractors have acceded to their demand for the eight-hour day, but at a meeting of the Builders' Exchange yesterday afternoon it was decided to fight the issue. Members of the Building Trades Council stated last night that the men were determined to gain the point for which they had set out.

The wire workers have delivered ultimatum to five companies asking for an increase of seventy-five per cent. in wages and an eight-hour day. Two strikes were settled yesterday, the employees of the Phoenix Bridge Company and the Whyte Packing Company returning to work upon obtaining concessions.

PARIS, July 8.—(Havas)—In Government circles it is believed that Parliamentary elections will be held on October 26, according to the Echo de Paris.

CITY COUNCIL DRAWS UP BY-LAW IN REGARD TO STREET RAILWAY AND ACTS ON HOUSING QUESTION

By-Law Follows General Lines of Citizens' Committee Report Except in Regard to Hour of Change and West Ward Extension.—City Asks \$500,000 for Housing Purposes.—Tender for Bonds Not Accepted, as Money Market is Uncertain.—July 19 Fixed as "Peace Day."—Other Matters Dealt With.

THAT a by-law based along the lines of the report of the Citizens' Committee, be drawn up and submitted for approval, with only a few minor changes, was the decision of the City Council, at the regular meeting held last evening, at which the matter was taken up for discussion.

For a long time, the difficulties between the City and the Street Railway have kept local citizens more or less in suspense, and have held up definite proceedings in the carrying out of the paving programme. A Citizens' Committee had been formed, and after drawing up a very comprehensive report, submitted it to the Council, making suggestions for the settlement of the problem. The Council met, and several amendments were suggested, but nothing definite done, until last night, when the various suggestions being taken up one by one, were acted upon, and the whole embodied in a by-law which will be drafted and placed before the aldermen at their next meeting.

The main points of difference brought up was the hour after which the fifteen-cent fare would be charged, and the routing of the West Ward extension, but these points, also, were settled after discussion. Mr. F. X. Couture, manager of the company, was present last evening, and promised that, if a sufficient number of aldermen should approve of the report of the committee, which had previously been approved by the Company, he had been authorized to see that the work concerned would be performed in six months instead of twelve, as was stipulated.

The by-law will follow the general lines of the Citizens' Committee report. The fare question, after little debate, was approved of, the cash fare on the street railway being fixed at eight cents, with four tickets for twenty-five cents. After twelve o'clock a fare of fifteen cents will be charged.

This latter point, gave rise to some degree of discussion, the company having asked for a fifteen cent fare after eleven o'clock, but after several Aldermen had expressed their opinions, that there were too many coming home after eleven to start the night rate at that time, the hour of change was fixed for midnight. Ald. Skinner, Tetreault, Edwards, Delorme, Gauvin and Fortier voting in favor of the amendment, and Ald. Forest, Genest, Brault and Wells against it.

The double tracking of Wellington street was also approved, and the company has agreed to place a double track from Strathcona Square to King Street, and two hundred feet down the latter street.

PAVING CLAUSE WAS APPROVED.

As to paving, what is perhaps the principal point of the committee's report was approved of, when it was agreed that the company should pay only such part of the cost, as would amount to the difference between the costs of the work with a railway, and what the cost would be without one.

The West Ward extension formed another source of disagreement, and the final routing decided upon is different either from the committee's recommendation, or that of the previous council session. The new route, according to the final motion passed last evening, will run along Aberdeen Alexander, Galt, Belvidere, Short and Drummond, to Pacific, and back the same way.

In regard to the sale of the city's new issue of bonds, which are to cover the cost of the paving work, it was decided not to accept any of the tenders so far received. Ald. Brault, who made this motion, called the attention of the council to the fact that the peace treaty had been signed, and that its effect on the world's money market had not yet been felt to its full extent. The market was constantly changing, and he thought it would be well not to take any definite action in this respect as yet.

WILL ASK HALF MILLION FOR HOUSING.

Hardly second in importance, even to the street railway by-law, was the housing question, brought up last night, by Ald. Wells, who explained the matter in full, and read information from Quebec. After some discussion, it was moved and unanimously adopted, that the City of Sherbrooke,

wanted \$500,000 for housing, with \$250,000 this year.

Aldermen Delorme, Edwards, Forest, Fortier and Wells were appointed a committee to put the motion into effect, and the secretary was instructed to correspond with the Hon. Mr. Taschereau and Dr. Nadeau, regarding the decision.

A motion of Ald. Edwards, seconded by Ald. Genest, and adopted, called the attention of the various chairmen of committees to the fact that all purchases should be made through the purchasing agent.

THEATRE TAX RATES WERE FIXED.

The announcement that the Province had turned over to the municipalities all of the amusement tax collected, had been acted upon by the Finance Committee, and the following rates were moved to be in force hereafter in Sherbrooke, which are practically the same as those collected under the provincial regime: For entrance fees under 35 cents, Tax—2 cents; For entrance fee between 35 cents and 75 cents, Tax—5 cents; For entrance fees between 75 cents and \$1.50, Tax—5 cents; For entrance fees over \$1.50, Tax—10 cents.

EAST ANGUS

On Wednesday evening the East Angus Dramatic Club presented that old favorite, "The Private Secretary" in the Parish Hall in aid of the Ladies' Guild of Christ Church. There was a very large audience present, who thoroughly enjoyed the evening's entertainment.

W. S. McAllister as the leading man, with unqualified success was well supported by the Rev. E. V. Moffat as the "rich uncle" John Hammond as the aspiring tailor and Roy Fogg and G. Harden as the young bachelor friends. The ladies all took their parts well but special mention must be made of Miss Annie Mills, who as Mrs. Stead, the old landlady again and again brought down the house in scenes with Dr. Cattermole and R. Spalding by her eccentric weakness. Not content with this role, Miss Mills also undertook the character of Miss Ashford, the spiritualist, and here again she evoked warm applause from a delighted audience.

Miss Neil and Miss E. Briggs played their parts of the young girls most acceptably, while R. J. Mills as the stiff father and B. Ryan as the servant were good.

A mistake was made when the announcement was given about the ice cream social being held in the Methodist Church lawn. It is to be held on the Parsonage lawn on Friday evening.

The Girl Guides will hold their regular weekly meeting the coming Wednesday, July 9th.

HATLEY

The strawberry and ice cream festival which was held on the Methodist Church lawn on Wednesday evening was largely attended, the intense heat of the day making the attractions offered especially tempting. The proceeds, which amounted to something over \$35, will be added to the general purpose fund of the Ladies' Aid.

The regular fortnightly meeting of the Loyal Temperance Legion was held on Friday afternoon in the vestry of the Methodist Church, under the direction of Mrs. E. A. Hodges, president of the Hatley township W.C.T.U., and of Mrs. J. F. Woodman.

A family reunion was recently held at the home of Mr. and Mrs. I. W. Whitcomb, in honor of Mr. and Mrs. R. H. Whitcomb, whose marriage took place the latter part of June, at which were present, in addition to the groom's parents, his two brothers, Mr. and Mrs. H. B. Whitcomb and Mr. C. G. Whitcomb, and grandmother and aunt, Mrs. Bachelor and Mrs. Bowen. Shortly afterwards Mr. and Mrs. Whitcomb left for Sherbrooke, where Mr. Whitcomb is a member of the clerical staff of J. S. Mitchell & Co.

Thursday proved a rather strenuous day for Mr. G. E. Hartwell, of this place. Upon reaching his hayfield in West Compton an indispensable part of machinery was found wanting.

Just One Application and the Hairs Vanish

(Modes of Today)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.

TELL YOUR WIFE CORNS LIFT OFF

Doesn't hurt a bit to lift corns or calluses off with fingers

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-plagued men and women who have been cutting, filing and wearing torturous plasters. Yes! Corns lift off and calluses peel off as if by magic, says the Cincinnati authority.

A quarter ounce of freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off.

Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep it on the dresser and never let a corn or callus ache twice.

DUNHAM

A horse belonging to Miss Winifred Baker, which was running in the pasture, had one leg badly lacerated on Thursday afternoon. The horse, which was a young one, in attempting to kick at another horse on the other side of a barbed wire fence got his leg caught on the bars and before assistance could be brought had torn the veins very badly. The horse was brought to the barn and Dr. Savage sent for. Before his arrival, however, Mr. M. Curley had stopped the bleeding.

While cycling home the other evening, Wendall Allen, only son of Mr. and Mrs. Fletcher, in endeavoring to go between a hay wagon and an automobile had his face badly cut. It was feared the eye had been injured and he was taken to the Western hospital at once, accompanied by Dr. J. F. Yeats and his father. Upon an examination it was found the eye had escaped injury by a close margin. Dr. Yeats dressed the wound and the little lad is doing nicely.

Mr. and Mrs. Albert Buchanan with their father and mother have moved into the home recently purchased from Mr. Lusher Harvey, Chapel Corner.

Miss Alice Cameron has been the guest of her sister, Mrs. Frank Curley, of Cowansville, for a few days. Mr. and Mrs. J. Bell, of Frelighsburg, were guests of Mr. and Mrs. Fletcher Allen last week.

LATE GORDON CILLIS BURIED

The late Gordon Cillis, to whom death came with such startling suddenness on Friday last, was laid to rest on Sunday afternoon in Elmwood Cemetery, with every mark of sorrow and sympathy. The funeral cortege was one of the largest ever seen in this vicinity, the entire countryside turning out, with friends from Montreal, Sherbrooke, Lennoxville, and other places, and a large representation of the Bell Telephone Company, to pay a last tribute of respect to the memory of one so well-known and esteemed.

Prayers were said at the home of Mr. and Mrs. John Cillis, Capleton Road, by the Rev. Alfred Bright, who also conducted the impressive service at St. Andrew's Church, which was crowded. The text taken by the preacher was "I will be with him in trouble," and earnest words of hope and consolation were spoken, appealing to those who have a living trust in God. A large choir rendered the hymns, "Jerusalem the Golden," and "O for the Wings of Faith to Rise," very sweetly.

The bearers were Messrs. Charles Grosz, Guy Thomas, Reginald Mac-

Ralph McDonald, Donald McLean, and Albert Rennie, and the principal mourners were Mr. John Cillis, father of the deceased; Messrs. James and Henry Stewart, Robert Cillis, James Samuel and Edward Cillis, W. H. Lynn, Thomas Peck and Allan McPeck, uncles; Sanford and Lemuel Stewart, Alton and Fred Peck, Walter Lynn, James Cillis, Jr., Aretus and William Cillis, Leonard, Norrey, and Gordon McGee, H. Sheridan, of Sherbrooke; and Mr. Petersen, of Montreal, cousins.

The commitment service at the grave side was reverently said by the officiating minister, closing the last earthly scene.

The floral tributes, which required a special carriage to convey them to the cemetery, were most beautiful, and numerous, and included a magnificent bell of rare flowers from the Bell Telephone Co., with crosses, wreaths, sprays and emblems in affectionate remembrance.

Gordon Cillis was born in Belvidere, thirty years ago, and was the only child of Mr. and Mrs. John Cillis, Capleton Road.

After leaving school he assisted his father on the farm, taking up other occupations in the winter.

Later, he had a position with the Bell Telephone Company, and was pursuing his special work when the accident occurred, which cut off a young and promising life.

He is survived by his father and mother, and the numerous relatives mentioned.

STOCK COMPANY WAS SEEN IN 'HELP WANTED'

Sincere Endeavor on Part of Players Causes Very Acceptable Rendition of Melodrama.

In the realm of the theatre, and indeed in all social relations, there is a factor known as the "sincere endeavor" which invariably wins approval, and which more often than not achieves at least some degree of success.

Just that was the performance of "Help Wanted," presented last night by the Cutter Stock Company, which comes to His Majesty's this week, and no small made of praise is due to the company. They are a repertoire organization, playing royalty plays at popular prices, and as such they give a performance perhaps of no dramatic value, but of sincerity of purpose and endeavor.

"Help Wanted" was a little disappointing, being very decided melodrama, and entirely too full of sermons and heroic speeches. The long preachments of the wise stenographer in the first act, concerning the dangers of office life, is wholly unwarranted and absolutely untrue—office work would be too interesting if it were. The story concerns the proverbial 17-year-old heroine, found only in melodrama of a few seasons ago, and in the motion picture of today, and her engagement in the private office of a great business man, merely as "a playmate." Great business men do not have "playmates" in their offices, otherwise forsooth, they would cease to be great business men. Moreover, the question arises as to whether the author meant his plot as a theme or merely a story, if he meant the "playful" business man as a type or an individual. If the former, the character is entirely overdrawn and quite untrue; if the latter, the whole play is much ado about nothing.

In regard to the performance of last evening it gave nothing to be wished for. One does not go to see a popular-prices stock company and expect to see an "original company" production, but one does hope for real endeavor on the part of the actors, and that same quality is found in the Cutter Company.

"We strive to please and to entertain" is the perhaps motto of the company, as announced before the curtain, and it is lived up to in every sense of the word.

In regard to the actual personnel M. A. Brewer gave an excellent performance of the difficult character of the "great business man," and if the author did not make "Jerrold Scott" true to life, it is to the credit of Mr. Brewer that his limning of the part "went the author one better." Edmund Moses, as the foster son and partner of Scott, and the juvenile lead of the piece, gave a convincing, though rather simpering performance, while Miss Ruth Leighton, as the young stenographer, lived her roll in a way which left nothing

TWO COUNTIES HOLD W.C.T.U. CONVENTIONS

Richmond and Drummond Temperance Workers Meet in Danville. Interesting Addresses.

DANVILLE, July 8.—(Special)—The 33rd annual Convention of the W.C.T.U. of the Counties of Richmond and Drummond was held recently in the Federated Church, Danville.

The executive committee was opened with prayer by the Honorary President, Mrs. Sanderson, and after the routine business of this meeting had been discussed, its various items were approved and adopted.

The afternoon session opened with the president, Miss Greenlay, in the chair, and after singing "Come Thou Almighty King" Mrs. Bogie led in prayer, and Mrs. McLaughlin read the 146th Psalm.

The corresponding secretary, Mrs. G. Leet, gave a very interesting and encouraging report of the four Unions. She also reported the death of three esteemed members during the year.

A memorial service was held by Mrs. Sanderson, who gave out the hymn, "Jesus Saviour, Pilot Me," when words of loving tribute and appreciation were paid to the departed. Mrs. John Ewing spoke of Miss Lewis of Melbourn, and said how long she had been with them, and how faithful she had stood by the cause when it meant great courage and sacrifice, with eight licensed hotels in Richmond and as many unlicensed ones, it was no easy task to stand up for temperance and prohibition, but she never wavered and lived to see a better state of things.

Mrs. Sanderson spoke of Mrs. Boyd of Danville, recently deceased. She said that she was ever faithful and true to the cause; when not living in Danville she always paid her membership fee and cheerfully met every obligation. More than this, she was a true and noble woman, and exemplified the fruit of her Christian training.

Mrs. John Galbraith spoke of Mrs. John Wallace, of Kingsbury, and said that the Union here mourn the loss of a valuable and beloved member, who had entered her eternal rest. Her loving service not only in church and temperance work, but in every branch of Christian activity, greatly endeared her to all, and with hand still grasping the stick, she had to leave the grain for other hands to garner in.

Mrs. McCallum rendered a touching solo, "Heaven, Our Home."

Officers Elected.

Next followed the election of officers for the ensuing year: Hon. President, Mrs. Sanderson, Danville; President, Miss Greenlay, Windsor Mills; Hon. Vice-President, Mrs. J. Ewing, Melbourn; Vice-President, Mrs. Norman Leet, Danville; Cor.-Sec., Mrs. G. Leet, Danville; Rec.-Sec., Mrs. H. A. track, Kingsbury; Treasurer, Mrs. W. Jameson, Kingsbury.

The treasurer reported \$60 in the treasury.

Superintendents of Departments—Lord's Day Observance, Mrs. Gibson, Danville; Press Supt., Mrs. W. E. Solomon, Kingsbury; Soldiers and Sailors, Mrs. J. Neilson, Kingsbury; Medical Contest, unprovided; Parlor Meetings, Mrs. G. Gilchrist, Richmond; Sunday School, Mrs. M. M. Galbraith, Gallup Hill; World Mission and Extension Fund, Mrs. Gilman, Danville; Posters and Literature, Mrs. J. Galbraith, Upper Melbourn; Franchise, Mrs. G. Leet, Danville; Little White Ribbons, Miss Varney, Windsor Mills.

The evening session opened with Miss Greenlay, the president, in the chair. Onward, Christian Soldiers," was sung. Mrs. Bogie, of Richmond, led in prayer and spoke earnestly of our Lord as an example of attendance at divine worship, and strongly urged all the Unions to do their utmost by precept and example to urge honoring the Lord's Day and His service. She spoke interestingly of the work she had assisted in in the old days, in holding meetings and helping to uplift the people in the slums.

Mrs. McLaughlin then gave a most inspiring address on Sabbath observance. She declared that something must be done concerning Sabbath desecration in the way of pleasure, picnics, drives and fishing parties, and even children going from school to movies, where they were open on the Sabbath.

Reports of various departments were read, most of them encouraging, showing progress. Mrs. McLaughlin said on account of the "Flu," no reports of last year's work were printed, but information and statistics of the work done had been furnished in the November Leaflet.

Mrs. George Leet read a series of resolutions: 1st, "Regret that prohibition was not granted"; 2nd, "That beer and wine are to be had as beverages"; 3rd, "That we work for Sabbath observance"; 4th, "That we denounce the white slave traffic and every evil that tends to ruin our beloved country."

Chaplain Reid, late pastor of the Presbyterian Church, Port Arthur, now in Danville, having returned from overseas, gave a very interesting address on some features of his work and experience as chaplain in the army. He spoke of one Major he knew, who said to another man: "If I had such a mother I could not go astray, but it has been a testing time, with vice and temptation everywhere."

Rev. Mr. Pinel gave a most encouraging address, saying that he was an optimist in the temperance work, and that the W.C.T.U. had accomplished much and whenever he went to a new field he always found his most earnest devoted members were those whose names were enrolled as temperance workers. He had them keep on working faithfully and God would reward them. He said the waves recede, but return with mighty force, so it would be with their work.

The President's address and appeal mentioned the sacrifice made for the welfare of others. Miss Frances Willard gave up a situation with a salary of \$3000 to become secretary for a

MAN FATALLY INJURED AT THE BEDFORD WORKS

Shefford County Agricultural Society Draw up Plans for their Annual Fair.

WATERLOO, July 8, (special)—A very sad accident, which resulted fatally, took place at the Bedford Manufacturing Works on Friday morning.

Mr. Barrington, who removed the edgings from the saw, slipped, and in order to save himself, pushed the board that was being edged. Mr. Percy A. Atkinson, who runs the edger, thinking evidently that Mr. Barrington was in danger, lowered the lever so as to release the board.

The result was that the board was seen diagonally and a part of it struck Mr. Atkinson in the abdomen with terrific force. He was immediately removed to his home and a doctor summoned. Dr. Corcoran considered the accident so serious that he took him to the General Hospital, Montreal, on the afternoon train.

An operation was performed and everything possible done to save the man, but he passed away at four o'clock on Sunday morning. The body was brought back to Waterloo Saturday night and an inquest was held. Dr. Corcoran, Coroner, empanelled the following jury, Messrs. L. J. Jodoin, Geo. E. Jones, Sam Irwin, T. J. Irwin, William Hill and Dr. Fred Jones. Mr. Jodoin was appointed foreman. After viewing the body, and going to the Bedford works where the saw was carefully examined, the coroner and jury returned to their town Secretary's office where the inquest was conducted.

The jury, after hearing the evidence of several witnesses brought in a verdict of accidental death with blame attached to no one. Previous to entering the Bedford Works, the late Mr. Atkinson had carried on a lively business in Waterloo. He was a young man highly esteemed by all his acquaintances, and his untimely death has cast a gloom over the entire town. The funeral was held on Tuesday afternoon. The cortege proceeded to Warden where service was conducted in the Anglican church. The funeral was a very large one. Rev. W. J. Lumis and Rev. F. W. Schaffter officiated. The interment took place in the Warden cemetery. A widow and a young son twelve years of age, besides other near relatives are left to mourn his departure.

Arrangements for the Fair.

The Board of Directors of the Shefford County Agricultural Society recently met in a council room. There were present Messrs. W. W. Philis, President H. C. Wallace, W. J. Pearson, E. H. Ashton, J. S. Hockwell and A. F. Souborn. The contract for the erection of a new building to be used as an office at the main entrance to the grounds was awarded to the Allen Lumber Co. FARMERS' CLUB HELD PICNIC AT NO. HATLEY

Dominion Day Event was a Great Success.—Many Interesting Addresses Rendered.

NORTH HATLEY, July 8.—(Special)—The Dominion Day picnic held at Siccawei Farm, North Hatley, under the auspices of the North Hatley Farmers' Club, was a great success. The day was all that could be desired. The beautiful buildings and grounds, on which were gathered almost 800 people, made the foundation of a very enjoyable day.

The club was successful in securing Dr. Grisdale and Prof. Archibald. These gentlemen need no eulogy in agricultural and live stock circles, as their names have become a household word with the farmers of Canada.

Other speakers were Mr. Wilson, food administrator during the war for Washington, D.C., and E. A. Baldwin, of Coaticook. Mr. W. S. McGinn acted as chairman.

Dr. Grisdale spoke on the great prospects the future held in store for the Canadian farmer, and the high place Canadian farm products had achieved in the markets of the world. He inspired the farmer to educate his sons and daughters and keep them on the farm.

Prof. Archibald spoke of the great necessity of community co-operation. He implored the people to throw aside all petty prejudices concerning any breed of live stock, and to co-operate in the most popular breed in the community. He illustrated as an example how the communities of Huntingdon and Ormstown had come together and had become famous throughout the world.

He spoke briefly on the experimental farms, complimenting his predecessor, Dr. Grisdale, on the high ideals he had set on the experimental farms, and added that he would use his earnest endeavors to materialize Dr. Grisdale's ideals.

The farmers were particularly pleased to have with them, as the chairman expressed it, "a gentleman brother from across the line," in the person of Mr. Wilson, food administrator for Washington, D.C. At the opening of his speech the band played "The Star Spangled Banner," and at the close "Dixie." Mr. Wilson spoke briefly on the food situation in the U.S. He verified a statement of the Deputy Minister in regard to the superior quality of Canadian bacon. He gave a very interesting and instructive discourse on the attitude of the United States with regard to the League of Nations.

Mr. Eugene O. Baldwin, of Coaticook, spoke also. His speech was full of anecdotes. He said that he had the voice of the Archangel Gabriel he would convey to the four winds a message to farmers to "Swat the scrub sires." He implored the farmers to keep more pure bred animals. He told how one gentleman, a minister of the gospel in our immediate vicinity, had had a \$300 investment in two Jersey cows. In two years he realized \$700, and still had one cow left.

At the close of the platform speeches a boys' judging contest was held, the boys judging four of the Jerseys owned at Siccawei Farm. A prize of \$25 was donated by the Canadian Jersey Cattle Club for the occasion, and the prize winners were as follows: 1st, Raymond Smith; 2nd, Kenneth Dean; 3rd, Gordon Reed; 4th, Robert Dean; 5th, G. H. Hyatt; 6th, Stanley House; 7th, Clifford Reed; 8th, Leopold Belange; 9th, Nelson Saunders; 10th, Percy Reed.

A prize donated by J. W. Bannan and Mr. E. Bachelor for men's 100 yard dash was awarded to Stanley House.

ELEPHANTS PLAY BASEBALL AT COMING CIRCUS.

The only baseball game of its kind ever played and the most uproariously ludicrous one is conducted under the tents of a circus, whose acres of tents will be spread here next Monday, July 14th. Six elephants participate—pitcher, batter and gloved masked catcher, and fielders. They enter into the sport as keenly enthusiastic as human contestants.

Pilot hits a foul, starts for first base and returns reluctantly at the umpire's command. He strikes ineffectively and then allows three bad balls to pass. Pitcher and catcher hold a whisper conference over the critical situation. Pilot swats the next ball pitched, drops his bat, is off. First, second and third bases are successfully negotiated, but alas—the catcher awaits him at home, ball in trunk. Pilot makes a brave slide, is called out, and is lead off the field, trumpeting his rage at the decision.

The Sparks circus elephants perform a variety of other astonishing exploits, including the latest terrestrial reveals. They have mastered the tango, hesitation and maxixe steps and execute the dances with convincing accuracy.

THE CLEVELAND COUNCIL HAD BUSY SESSION

School Commissioners are Elected.—Other News in Richmond and District.

RICHMOND, July 8.—(Special)—The regular monthly meeting of the Cleveland Council was held yesterday in the Court House. Mayor Stephen Smith presided, and there were present Councillors C. M. Wintle, James Duclos and N. A. McKenzie and Pro-Mayor P. St. Jean.

Hyacinth Lampron was allowed \$4 on account of breaking his own road. The Council considered Chas. Lampron's claim for damages for puncture of auto tyre. The Council did not consider the municipality was in fault and refused to consider the claim. Most of the time was taken up with the passing of bills and accounts, most of which were in connection with summer and winter road maintenance and work.

The tenders of O'Connor Bros. for the travelling of roads in the municipality as accepted by the Council, were returned from Quebec duly sanctioned and Messrs. O'Connor Bros. are notified that they may begin work on the roads immediately.

School Commissioners Named.

A meeting of the Protestant rate-payers was held at the office of the secretary-treasurer, Mr. P. C. DuBois, on Monday morning for the purpose of electing school trustees to replace Messrs. W. Henry Healey and John R. Boast, Messrs. Healey and Boast were both re-elected.

At a meeting of the Protestant rate-payers held in the Town Hall yesterday morning, Messrs. W. J. Ewing and George Gilchrist were elected by acclamation as Commissioners of St. Francis College Board.

General Notes.

Mr. John Carnie has begun work on the grounds of St. Francis College. The frontage will be put in a thorough state of reconstruction. Mr. Carnie is very well qualified for this kind of work and before very long the college grounds will be the pride and beauty of the town.

While cranking his car after the morning service at the Congregational Church, Melbourne, Sunday last, Mr. Chester Healey had the misfortune to fracture his wrist. As often happens the engine had fired and the crank caught his wrist before he was aware of the danger. This accident comes to Mr. Healey at a very bad time as he is one of Cleveland's most progressive farmers and in the midst of laying.

Burglaries have become too frequent of late. The culprits in many cases are young boys, either filled with a mad spirit of adventure or ignorant of the enormity of their actions. Saturday evening Mr. A. J. Cross returned to his workshop and caught two young lads red-handed. They had forced one of the windows and were looking for plunder when caught. They with five others are being tried today. A stiff sentence may at the time seem severe but in the end may save a more dangerous sentence.

While working in his garden on Saturday, Mr. William Skinner, of Melbourne, was seized with heat prostration. He managed to walk into the house and rested for a time. Towards evening the doctor was called in and found that pneumonia had developed. Mr. Skinner is a man of ripe years, but Monday he was reported somewhat easier.

The funeral of the late Jeremiah Elliott took place Monday from his late residence. Service was conducted in the Methodist Church by the Rev. T. Knowles, of Ulverton. Interment was made in Trenholmville.

Rev. A. E. Teale, of Waterville, conducted service in the Congregational Church, Melbourne, on Sunday.

Rev. T. Roy was in town on Tuesday. He is going to Port Arthur where he will spend part of his holidays.

SECRETARY LANSING RECALLED BY PRESIDENT

(Canadian Press Despatch)
WASHINGTON July 2.—Secretary Lansing, says a Havas despatch from Paris, is reported in conference circles to have been recalled by President Wilson and will leave France to-day.

An associated Press despatch on June 29 said that Mr. Lansing expected to return to the United States about the middle of July.

THE PROFITEERS IN ITALY WILL BE PUNISHED

Decree Has Been Issued by King Victor Emmanuel. — Many Stores are Looted.

(Canadian Press Despatch)
LONDON, July 2.—King Victor Emmanuel, of Italy, has issued a decree that profiteers will be in future fined ten thousand lire (\$2,000) or sentenced to three months in prison, and will in addition suffer confiscation of their goods, according to a Rome despatch to the Exchange Telegraph Company. Unauthorized middlemen dealing in food will suffer similar punishment, it is said.

The despatch states that a general strike was declared in Naples on Monday. After looting outlying stores in that city a crowd attempted to reach the centre of the place, but was prevented by the police, who were occupying the principal thoroughfares. At Palermo the police have arrested four hundred former convicts, who are alleged to be responsible for many of the disorders on Sunday.

GREAT RUSH FOR FOOD.
FLORENCE, Italy, July 2.—All the business houses of this city were overrun this morning with bargain hunters, who sought to take advantage of the price reduction decreed here. Many stores had completely sold out their stocks before noon.

STILL CRYING FOR SIX HOUR DAY

WINNIPEG Man., July 2.—Leaders in the recent strike have not by any means given up the idea of aiming to secure the establishment of a six hour day, according to J. L. McBride, business agent of the Electricians Union and a member of the strike committee. When asked how he would bring this about he replied: "At the polls next November and in constitution always when you start out to beat law, you simply can't do it."

The correspondent visited thickly-settled sections of the city and saw the violent eagerness of men, women and children seeking to secure catables, clothing, dry goods, shoes and chocolate. These articles were sold only on the presentation of a card from the prefect's office, so that only residents of Florence will be able to benefit from the price reduction.

It was learned today that the workmen's committee deliberately chose the stores they wished to have ransacked. These included places which were alleged to have violated Governmental regulations and war restrictions in selling prohibited food articles at exorbitant prices, thereby making fabulous profits.

The King's commissioner for Florence issued a proclamation today placing the population on rations and decreeing reductions in prices approximating 50 per cent in eatables. Restaurants and cafes were ordered to lower their rates 30 per cent.

NINE-HOUR DAY IS ADOPTED BY RAND COMPANY

Means Twelve Per Cent. Wage Increase for Men in Shops.—Iron Works Follows and Other Firms Are Expected to Do Likewise.

The probable averting of further labor trouble in Sherbrooke, at least for the present, has been effected by the action of the Canadian Ingersoll Rand Company and the Sherbrooke Iron Works, taken today, in granting a nine-hour day to their employees, at the scale of wages heretofore given for the ten-hour day, and other large manufacturing companies are expected to follow.

The action comes as the culmination of petitions which have been circulating for some time, and a request was made to the various employers for an eight-hour day. Mr. A. M. Sangster, of the Rand Drill Company, stated that the company had compromised by giving the nine-hour day with the same wages, that is, from seven in the morning until five in the afternoon, with an hour off for lunch. Other concessions had also been made, certain classes of mechanics having received increases. It is understood that other firms will follow the lead of the Rand Company, and it is thought that the compromise will be well received by the workers.

The present concessions effect men in the Rand and Jencks shops, as well as in the Sherbrooke Iron Works, the wage increase amounts to between ten and twelve per cent, apart from other increases.

AN AFTERMATH IN COURT OF CAMERON CASE

Girl is Charged with Theft of Coat Belonging to Late Suzanne Belanger.

An aftermath of the Cameron case, which has been taking up the attention in court circles for some time, appeared today in the arrest for theft of Fernier McClure, for the theft of a coat belonging to Miss Suzanne Belanger, the girl who met her fate in the auto accident.

The charge is laid by the sister of the deceased girl, who claims that the coat was stored away with the rest of her sister's things in the boarding house where she lived on Bank street, operated by Mrs. Hawken.

The case is still proceeding before Judge Mulvena in the Magistrate's Court.

No Bail for Cameron Yet.
Efforts to secure bail for Clark Cameron, charged with manslaughter in connection with the death of Miss Belanger, have so far been unsuccessful, and the accused is still incarcerated in the local jail.

Reports from the St. Vincent de Paul Hospital state that there is no change in the condition of Miss Bertha Belanger.

MGR LEFEBVRE APPOINTED NEW VICAR-GENERAL OF DIOCESE

Because of the continued illness of Mgr. H. O. Chailfoux, vicar-general and Bishop of Sherbrooke, Archbishop Larocque has authorized the appointment of Mgr. P. J. A. Lefebvre, principal of St. Charles Seminary, as successor to Bishop Chailfoux.

Mgr. Larocque states in his letter to Mgr. Lefebvre, that he regrets the illness of Mgr. Chailfoux, and that it necessitates the appointment of someone to fill his place.

Mgr. Lefebvre has answered His Lordship, and stated that he will be honored to take the position.

GENERAL MANGIN WAS AWARDED GRAND CROSS OF LEGION OF HONOR.

(Associated Press Despatch.)
PARIS, July 2.—General Mangin has been awarded the Grand Cross of the Legion of Honor.

General Mangin, one of the most prominent French leaders during the war, first came into general notice by his counter-offensive against the Germans in the Verdun region in October, 1916. Later he directed the French offensive on the Aisne and was in command of the French and American forces which launched the great counter-attack against the Germans on July 18th, 1918, between Soissons and Chateau Thierry. More recently he has been in command of the French Army occupying the Maenoc Bridgehead.

WILL OBSERVE "PEACE DAY"

Delegations from the Board of Trade and the Great War Veterans' Association were present at the meeting last evening, and a petition was presented to the council to have Saturday, July 19th, fixed as "Peace Day," for the celebration of the signing of the treaty and the end of the Great War. The council were also asked to appoint two of its members as delegates, to get in conjunction with two delegates from the Board of Trade and two from the G.W.V.A., in formulating plans for the celebration.

Acting on this suggestion, Aids. Edwards and Brault were appointed delegates, and the council endorsed and gave sanction to the project.

VICTORY DAY TO BE THE GREATEST DAY IN HISTORY

Fabulous Prices Are Being Asked for Window and Balcony Seats Along Route of Procession in Paris.

(Associated Press Despatch)
PARIS, July 2.—Plans for the celebration of Victory Day, July 14th, are nearing completion. It promises to be the greatest day in the history of Paris. Fabulous prices are being asked for window and balcony seats along the Champs Elysees, and for hotel accommodations in the city.

In the vicinity of the Arc de Triomphe especially the prices paid for the rental of a window for two hours would provide homes for indigent families for years. For a single window or balcony seat \$200 to \$600 will be paid, and the price of a balcony situated midway between the Place de la Concorde and the Arc de Triomphe is advertised at \$30,000. There are accommodations on that balcony for about twenty persons.

Hotel keepers are raising their prices from fifty to one hundred per cent. for the week of July 10-17, turning out guests of long standing to make room for prospective visitors.

Representative Reavis, Republican, Nebraska, interrupting, asked if "all this was prior to the President's speech on armed neutrality, on which, he said, he was not contemplating war."

The chairman answered affirmatively. Later in the recital of the digest Mr. Graham said that censure of the council and commission uttered in the Senate and House led Mr. Coffin to urge that "a definite channel of contact" be established between the council and Congress.

Chairman Graham, of Investigating Committee, Makes a Serious Charge.

WASHINGTON, July 2.—Seven men formed a "secret government of the United States," which working "behind closed doors" determined all of the so-called war legislation "weeks and even months" before war was declared against Germany, Chairman Graham, of the House committee investigating war department expenditures, charged yesterday after peering into the record a digest of the minutes of the Council of National Defence.

The seven men were named by M. Graham as Hollis Godfrey, Howard E. Coffin, Bernard M. Beruch, Samuel Gompers, Franklin H. Martin, Julius Rosenwald and Daniel Willard, members of the advisory commission of the council. This commission, he added, was designed by law to act in purely an advisory capacity to the council, composed of six cabinet officers, but the President, he asserted, made them the real executives. After Mr. Graham had read to the investigating committee a digest de-
