COUNTY REMEMBERS FALLEN HEROES

Chaput Wins Case In Supreme Court

The Supreme Court of Canada Tuesday awarded \$2,000 damages to Ezymier Chaput, Jehovah's Witness minister in whose home a religious meeting was disrupted by Quebec Provincial Police more than six years ago.

The decision held three police officers—Edmond Romain, Linden Young and Roger Chartrand—jointly and severally responsible for the damages and costs throughout the lower courts in Quebec and in the Supreme Court, unofficially estimated at over \$4,000.

They broke up a Sunday afternoon meeting of about 35 Jehovah's Witnesses in Mr. Chaput's Chapeau, Que., home, September 4, 1949. The minister alleged they violated his religious freedom and rights as a citizen and illegally seized a Bible and other religious literature at his home.

Evidence introduced in Quebec Superior Court was that the gathering was listening to readings from the Bible by a visiting Ottawa evangelist, Rev. Alvin Gotthold, when the three officers entered the Chaput farm home. The policemen dispersed the gathering and escorted Mr. Gotthold to an Ottawa river ferry bound for Pembroke, Ont.

They brought no charge against Mr. Chaput or others at the meeting.

Mr. Justice Robert Taschereau said in his reasons for judgment the Quebec Magistrate's Act afforded no justification or excuse for their action. His reasons for judgment, concurred in by Chief Justice Patrick Kerwin and Mr. Justice J. W. Estey, said:

"I have no doubt that the three respondents' conduct was highly reprehensible, and of such a nature as to offend deeply the plaintiff-appellant (Mr. Chaput). He clearly had the unquestionable right to convene the meeting at his home."

"In our country there is no state religion. All religions are on an equal footing, and Catholics as well as Protestants, Jews and other adherents to various religious denominations, enjoy the most complete liberty of thought. The conscience of each is a personal matter and the concern of nobody else."

"It would be distressing to think that a majority might impose its religious views upon a minority, and it would also be a shocking error to believe that one serves his in one province, to a minority, the country or his religion by denying same rights which one rightly claims for oneself in another province."

Mr. Justice Taschereau is a Roman Catholic as are the Chief Justice and Mr. Justice Gerald Fataeux. Mr. Justices Estey, I.C. Rand, R. L. Kellock, C. H. Locke, J. R. Cartwright and D. C. Abbott are Protestants.

Mr. Justice Abbott said in his reasons, written in French, that the officers were entitled to go to Mr. Chaput's home in Chapeau, Que., and to attend the religious meeting. The officers acted in good

termining whether the meeting was peaceful, he added:

"Upon entering the meeting, the faith in entering the home to respondents were able to appreciate immediately its religious character and that it was being conducted in a peaceful and orderly manner."

"This being so, when they broke up the meeting, respondents could no longer be considered as acting in good faith and in the ordinary performance of their duties. They were bound to know that they had no legal right whatsoever to interfere with such a meeting."

Mr. Labelle had argued before the Supreme Court his clients acted in good faith and on orders from superiors.

Mr. Justice Locke said he believes more than \$2,000 damages should be awarded, but deferred to other members of the Supreme Court who fixed the sum at \$2,000.

Man Loses Hand In Bush

Sam Hearty, 38, of Otter Lake, lost a hand and had his arm badly mangled when it was caught in a wood loading machine on which he was working in the bush 15 miles north of Otter Lake Saturday afternoon.

Hearty was running the machine when a branch snarled in the mechanism underneath. While he was attempting to extricate it, his arm was dragged into the cogs.

Hearty, who was alone at the time of the accident, managed to stagger about 150 yards through the bush, until he was found by Basil Quaille, of Shawville, and brought to Pontiac Community Hospital in Shawville.

He was treated by Dr. Frank Cowley, of Shawville, and Dr. J. C. Samis of Ottawa operated. His condition today is reported as good by Dr. Cowley.

Two Men Escape As Truck Plunges Into River

An E. B. Eddy Co. truck with two company scalars, Mr. Lionel St. Jean and his assistant M. Gravelle, both of Hull, had a miraculous escape from drowning on Saturday morning November 12th when the steering wheel of the truck failed to function on a corner of Black River road between Lariviere Place and Pennant Station. The truck took a plunge of 15 to 20 feet down the embankment, overturning twice before it struck the water of the Black River. Fortunately the truck struck the water: right side up and the two men were able to open the doors and swam ashore suffering from shock and bruises. Witness notified Eddy's office in Fort Coulonge and Mr. B. Dorff immediately went to the scene to take charge. The truck was recovered in 6 feet of water but the van box part of the truck equipment floated down the river about 600 feet before it was recovered.

Artificial Ice Now Being Installed

With Lloyd Stevens, president of the Shawville Curling Club, in command, a very busy crew of keen curlers is making ready for the Artificial Ice Plant to install the mechanism whereby curling will be possible here regardless of weather conditions.

Buzzy Hodgins is in charge of the trucks and tractors committee whose responsibility it is to prepare the ground, draw gravel and sand and level. Raymond Rowat is busy with the membership committee. Percy Belsler is chairman of the building committee. Wallace Hodgins is boss of the clean up squad. Emerson Cotte is responsible for the 4" x 4" creosoted cedars necessary for the laying of the pipes and Bob Roach has volunteered to set the lumber level, no small job in itself, though a most important one.

The Artificial Ice Company has promised curling three weeks after the local club has made the necessary preparations for the installation of pipes and freezing plant equipment. This looks like curling before Christmas. The company with whom Mr. Stevens has signed the contract is now engaged in installing air conditioning in the Parliament Buildings in Ottawa and has also provided artificial ice tanks for 49 different clubs in the past few years.

The old Curling Club is being extended twenty feet for the full thirty five foot width. The freezing plant will take up a space nine by twenty feet of the new section. The ice sheets will extend as far as possible in the new section which will leave more room for the club rooms near the entrance.

Money has been raised for this addition by borrowing ten thousand dollars from the Bank of Montreal. The loan is backed by notes

Local Garage Looted By Thieves

Five men broke into a garage owned by Ray Shepherd on No. 8 Highway and made off with some \$200 from a cash register and a quantity of merchandise at 1:45 o'clock Tuesday morning.

The robbers, who entered the garage by forcing open the large sliding doors, were heard as they were making their getaway by the garage owner, who was parking his car some 200 yards away at the time.

He immediately jumped in his car and set out down No. 8 Highway in pursuit. When he had almost overtaken them however he saw one of the thugs pointing a rifle in the direction of his car.

He returned to Shawville and informed the Quebec Provincial Police who alerted police in the Ottawa and Hull district to be on the lookout for the car. Detective Andre Audet, of the Campbell's Bay detachment of the QPP investigated.

Mr. and Mrs. Murray's son, Fred, along with Edgar Smith, son of Mr. and Mrs. H. I. Smith, were our two local boys who paid the supreme sacrifice for Right over Wrong that we could still live in freedom. How many came away from those services realizing what they really mean?

Co-op Directors Meet

Election of officers, reduced operating costs, new applications, approval of claims and bills, resolutions from the annual meeting dealt with highlighted the Pontiac Co-op Medical Services Directors meeting held last Thursday evening.

This was the first meeting of the 1955-56 Board of Directors. New directors welcomed to the Board were: Messrs. Robinson Hodgins, Walter Kilgour and Clarence Dean.

Officers appointed for the year are: President, Mr. Charles Russell (re-elected); Bristol: 1st Vice-President, Mrs. Grant Elliott, Campbell's Bay; 2nd vice-president, Mr. Clarence Dean, Shawville; Educational Director, Mrs. Cecil Sly (re-appointed) and Manager-Secretary, Mrs. Gilbert Telford (re-appointed) Shawville.

Considerable discussion was held as to how the Co-op could reduce the operating cost to 15% operating expense was setup by the provincial organization, group secretaries did not receive a commission for soliciting application or collecting premiums. Therefore provision was not made for this item when the recommendation was approved.

Director Clarence Dean suggested that the secretary submit a quarterly statement itemizing operating expenses. This way the Board could keep an "eye" on where they could reduce costs.

Interest seems to be centered on the Hospital-Surgical Benefit Plan. This was demonstrated by the applications submitted to the meeting, as well as the several requests received for information on the new Combination Plan. Three applications were approved for membership. The effective date of these policies will be from mid-night, December 30.

Four claims totalling \$306.90 from the Pontiac Community Hospital, \$11.20 telephone calls, \$15.00 anaesthetic fees and \$30.00 for printing were approved for payment.

The secretary was instructed to carry out the wishes at the Annual Meeting, November 4, in regards to the surplus and purchase of bonds. As well, to lease a safety deposit box in the Bank of Montreal for

SEWERS FOR OUR TOWN

On this page appears a map of a very small part of Shawville. In 1953, it was proposed by someone that a sewerage system for our town should cover this area, as shown on the map. No getting up and saying so forcefully. Nobody body was really FOR it. Not, that is, to the extent talked it up, publicly that is, and nobody would sign their name to a really good argument in favour of the plan. It was proposed alright but not backed up sufficiently to have any action taken. So the vast sum of money spent on the survey was just money down the proverbial drain. (In Shawville we don't use that expression though—drains are too touchy a subject).

It seemed important at the time to get the work done, at least on Main Street, before the paving was done. The reason was obvious. It is cheaper to dig into a mud road than through the pavement. But we stewed around and did nothing. The paving went ahead on schedule, thank goodness, but without the sewers having been laid beneath. That was two and a half years ago. Yesterday a stranger to town was in our office expressing absolute disbelief that there was no sewerage system in Shawville. When finally convinced that this was true, the stranger fled, forsaking the whole idea of opening a small business here.

What we need now is a plan which will be acceptable to the majority of people. A sewerage plan for which people will take the trouble to go out and vote; will stand up and defend; will be willing to pay for. This will take another crew of surveyors, engineers and municipal experts but most of all a town full of farseeing property owners. One voice isn't enough. It will take many voices and many votes to get the sewerage system we need. All we want to know is where these voices and votes are coming from. It will happen sooner or later, and the sooner the cheaper say we, exposing our Scottish heritage.

NEEDED: PUBLIC INTEREST (From Northern Beacon)

Indifference — a "let George do it" attitude — seems to be a characteristic of modern life. John Public complains and exclaims of graft in the Federal and Provincial government; politics and stupidity in the local government; lack of appreciation of the wishes of parents on the part of the school boards; poor teaching in the school; development of delinquency among our youth, and so on almost without end. But what does the average citizen actually do? Nothing!

It is very easy to be critical of elected officials, and frequently they deserve praise for their hard work and devotion to the interests of their electors. It is often forgotten that these men and women serve, on the local level at least, without pay and too often it costs them money to be on the town council or school board. Most of us are far too quick to blame, too slow to praise.

A popular complaint these days is the lack of proper teaching in the schools. "Little Johnny has been going to school for a whole year (or two, or three or more) and still cannot read". The teacher of course gets the blame in generous portions. Who is actually to blame? The parents! Why? Simply because they are not sufficiently interested in their children to attend a school board meeting — which is the place to complain of such things — and let their view be known. The board is doing its best to provide education at a high level to your children, and theirs, but they are not experts and are always looking for constructive suggestions from other parents, but the parents, all too often are too busy with their own pleasure.

Another frequent complaint is the growth of juvenile delinquency. Children are running wild. They come nowhere near the standard of behavior

OTTAWA Report: by Anthony J. Wright

Ottawa—Some farmers are expected to take advantage of the \$1,500 they may now borrow against stored grain under Ottawa guarantee to the banks. More may do so than did in 1951 when only \$600,000 out of a possible \$25 million was thus borrowed. This time some farmers are in worse plight. But the economists advising Mr. Howe still believe that the loan offer is little more than a gesture. Farmers would prefer some kind of interest-free advance by the Canadian Wheat Board against grain ready for market but not moveable because of plugged wheat channels. However, Ottawa says the Wheat Board has no men or machinery to set itself up as a bank, prefers to do things through established channels. But what good is \$1,500, with interest payable at commercial rates, to a big farmer? To a small one in bad trouble it is only a palliative.

Trade and Commerce are still laughing here at the exploit of a foxy bank manager during the 1951-52 "loans to farmers" period. He called in a man who owed his branch \$500 and said "Harry, how'd you like to make \$300?" Harry not known as being a good risk, could hardly wait. "O.K. Harry," said the manager, "you sign this, it's an application to borrow \$800 on wheat that you cannot sell". Harry, a farmer of sorts, signed and came out of the bank \$300 richer having paid his bad debt of \$500 to the manager. Later when Harry could not pay back the \$800 government guaranteed loan to the bank it got its money from Ottawa.

There has been talk here of a "new wheat policy" but it's hard to see what it could be. Mr. Howe as he showed in Regina, is not flapping around changing policies or practices. Still, Canada does hope to sell some wheat to Russia via Vancouver to Vladivostok. It's a hope; we may unload more with other Kremlin countries. But there will be no fire-sales, such as brought top grade wheat down to 37 cents a bushel in the '30s, or sales for soft currency.

Canada, I can forecast with confidence after talking to economists here, will do well next year. However, immigration, bad this year, will be low again in 1956 probably. Now that we can take more folk many are looking to Australia, especially Scots, Dutchman and Eng-

lishmen who used to give Canada first choice.

The British are advertising a ducky little gadget called CAR STIRS. It is two steel platforms on swivelling, ball-bearing castors. The gadget measures 30 inches long and stores in the car trunk. It is light, won't slip, balanced and rolls well, claim the makers. If you put it under back or front wheels when jammed in a parking spot it enables you by shoving to make your car waddle sideways, duckwise, until you can drive into or out of the tight spot. Only requirement is to have 10 inches clearance back and front. Works on a hill too (In Ottawa you'd just be replacing your coat and folding up the Car Stirs when a hulking great cop would bowl you out for double-parking, or something, and a streetcar would be looking down the back of your neck—however the gadget might work in a normal city.)

Wisely in its November 10 brief to Cabinet the Canadian Legion points out that although the Income Tax Act allows a married couple \$2,000 tax free, believing they need that money to keep alive here, the War Veterans' Allowance of permissible income for a married couple is only \$1,440 a year. Makes it almost impossible for a pensioned vet to have a reasonable standard of living by working on the side, profitably.

Jimmie Sinclair, Fisheries Minister, believes in turning the other cheek. He refused to criticise the Soviet Union because he was a guest and they his hosts. Fair enough! Yet he did not seem any more than grateful that they made him travel 6,000 unnecessary and anguished miles, racked with pain, just because of some trifling diplomatic nicety caused by Russia's not having an envoy in Japan. Sinclair pleaded with them to let him land in Japan or trans-ship to a Jap coast-guard vessel or have a Canadian plane or ship pick him up in Vladivostok but they refused so, on a stretcher, he hiked off to Hong Kong via Peking, arriving desperately ill in Vancouver.

set by their parents. What, the parents wail, are we to do? The answer — simple to find but difficult to put into practice — is for the parents to give up some of their own pleasures and devote more time to their children.

Youth organizations of all kinds are crying for leaders — sports, social groups, Girl Guides, Boy Scouts, Cubs and Brownies, for church groups and dozens of other organizations. If each parent would devote just one evening a month to any youth organization there would be no shortage of leaders, no need to disband present activities, no need to double up Cub packs, no juvenile delinquency.

15 Years In Showbiz

Canada's best known and most popular comedians, Johnny Wayne and Frank Shuster, have just started their fifteenth season in show-business with their new television series on the CBC. It all began while they were at the University

of Toronto from there they moved to "The Army Show" during the war, and started on CBC networks in 1945. Soon after that the first "Wayne and Shuster Show" made its debut on radio and, as we've said, is now in full swing on Canadian television.

LETTERS TO EDITOR

Waltham, Quebec, November 12th, 1955

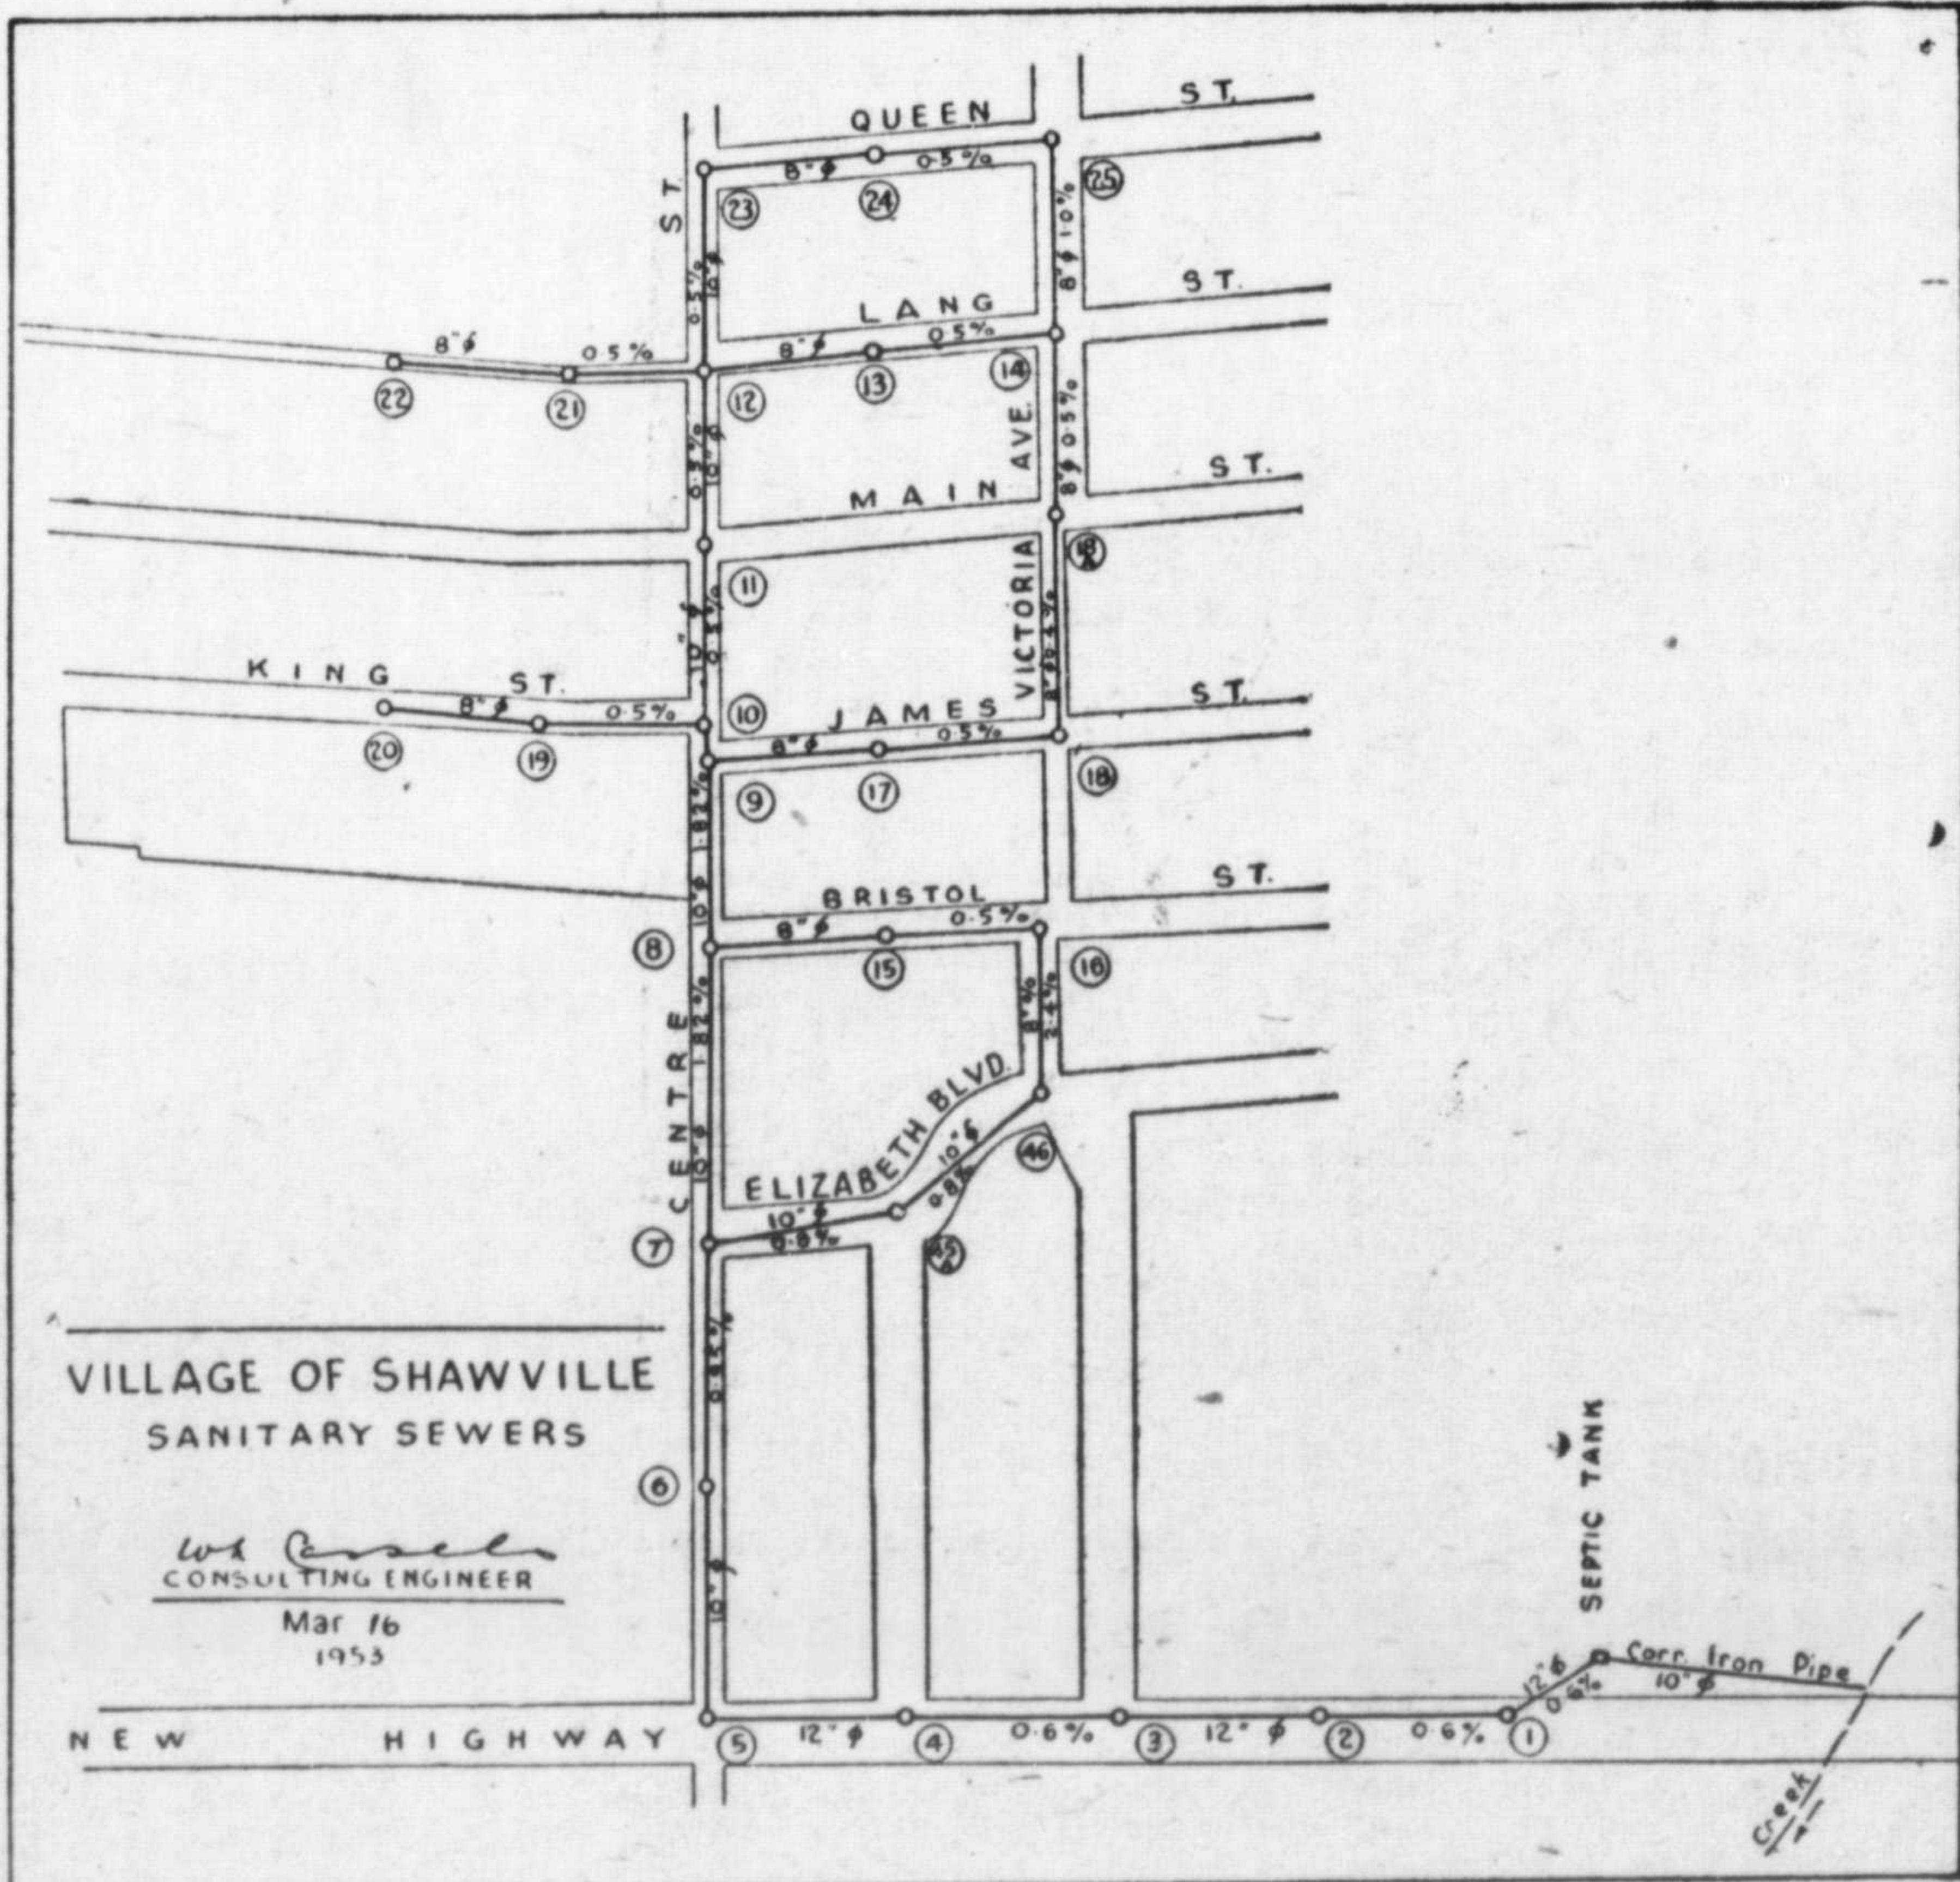

The Editor, The Shawville Equity, Dear Sir:

Your paper on October 27th, in summarizing Court proceedings at Campbell's Bay, announced that Leonard Watt of Waltham was fined \$50.00 or 1 month in jail for peddling alcoholic liquor. I wish to correct this false report, as well as the relative insinuation. I am not a bootlegger, nor do I engage in such pursuits in any way.

I operate a Taxi business in Waltham, and on the evening of October 1st, received a telephone call to bring a case of beer and a bottle of liquor for someone in the Black River district, presumably at Dempsey's stopping Place. I did not think the order unusual for I had frequently transported passengers there who carried the same or similar product, and having a trip in that direction I did not hesitate to do the person or persons a favor at no fee or charge for myself whatsoever. In proceeding with my passenger, I was accosted at the Lariviers Place, several miles south of Dempsey's, by several strangers who asked for their parcel. This they took and paid me what I was told to collect. Immediately Inspector Quaille stepped out of a car and arrested me, took me to Campbell's Bay and lodged me in the County Jail on a bootlegging charge. I was stripped of all belongings and for two days enjoyed a smoke only through the generosity of other prisoners. I asked to make a phone call, was promised the opportunity but that never materialized.

Again I want you to know that I do not bootleg. I do not even drink. And I believe that the fact that I hold contracts for conveyance of school children, from both the Catholic and Protestant School Boards of Waltham, should, in some small way at least, vouch for my character. I heartily agree that the liquor traffic in Pontiac is disgraceful, but I must also agree that the enforcement of the law is no less so. Why it is necessary to make an example of a victim such as myself in this instance by methods rarely resorted to and never tolerated in a democracy I will never know. But I do want to clear my name of any guilt in the matter whatever.

Thanking you to publish this letter in your valued paper, I am, Yours very truly, Leonard Watt.

WINTER IS COMING

Ice and snow falling from the roof across service wires cause interruptions to a number of individual customers each winter.

Service wires should be located where snow and ice will not slide onto them from the roof.

Heavy wet snow causes branches to sag under its weight. Cut down all branches which are overhanging the wires leading to your house. It is much easier to do it now.

Unusually severe winter weather may occasionally damage power lines. When this occurs skilled repair crews will be out doing all that is humanly possible to make interruptions as brief as possible.

Fort Coulonge

By Rev. C. Younger-Lewis

The St. Andrews' Presbyterian Church Womens Missionary Society held their Thanksgiving Service on Wednesday, November 9 at the home of Mrs. Hugh Proudfoot. The meeting opened with the invocation and the singing of the hymn I am thine, followed by the reading of the Scripture by the President and Prayer was offered by Mrs. Sandford Smith. The speaker was introduced though he needed no introduction by the minister, Rev. Dr. C. Younger-Lewis who gave a very interesting address on his work in the west over 40 years ago and also an account of his work in Saskatchewan in the years of the drought. A vote of thanks was given to him. The hymn, Wonderful Love was sung followed by prayer.

The meeting became a Ladies Aid meeting with the same officers. Business was carried on and arrangements were made for the fall

bazaar which is to be held on the second Friday in December. Tea was served by Mrs. Hugh Proudfoot. The Fort Coulonge Town Council held their meetings in the Poupore School Auditorium on Monday, November 9. There was a full meeting of the board as the Mayor has recovered from his illness. The question that has troubled the citizens for a long time namely the dump was again the foremost issue but the Council were able to report that the new site has been practically completed. A new road has been built into it and approaches, so that soon the unsightly thing on the highway will disappear. A very fine report was given on the collection of taxes and on the waterworks and the meeting closed on an optimistic note as all bills were paid.

Remembrance Day
Mr. J. Veldhuis and Rev. Dr. C. Younger-Lewis conducted a Remembrance Day service in the Fort Coulonge Protestant School on Friday, November 11 at 11.00 o'clock and then went to Bristol where Rev. Dr. Younger-Lewis spoke at the

memorial service there in the afternoon.

Preaching Mission
During the past week services have been held every evening in the Fort Coulonge United Church for the purpose of deepening the spiritual life of the members. The preacher for the week has been the Rev. Mr. Griffiths who delivered very inspiring messages with all the fervour and power of the Welshman. The attendance has been wonderful. The meetings were conducted by Mr. Veldhuis, ably assisted by the organist, Mrs. Ann Fumerton and the choir.

Presbyterian Rem. Day Services
On Sunday, November 13th, St. Andrews Presbyterian Church held their annual Remembrance Day. The flags of the Empire embellished the Sanctuary and wreaths were there in fond remembrance. Mr. Norman Kenny of Ottawa rendered the solo "Sunset" and Miss Joan Proudfoot gave us that piece without which no service of remembrance is complete, "In Flanders Field". The minister, Rev. Dr. C. Younger-Lewis preached on Remembrance and the choir rendered the anthem "In memory of our heroes". Hymns for the occasion were sung and music provided by the organist, Mr. Bryce Neville.

Knights Of Columbus
The Knights of Columbus held their meeting on Sunday evening last with officers present, H. Belec President, D. Saurioh, Secretary, Mark Dempsey, Treasurer.
\$25 was voted to the Social Service. A report of the Bingo was given which was exceedingly successful at which 18 prizes were awarded. Plans were made for continuing the school rink and all the children of all denominations are to be allowed free use of the rink. The Knights must be commended for their work in providing winter amusement for the young folk.

Cooperative Electric Meet
A meeting of the Co-operative Electric Company was held on Wednesday last at which there was a good attendance. The general business was transacted and two new

William Hospital, \$87.00.
Motion Grant Elliott and Mrs. McCord that we pay the bills as approved by the meeting. Carried. Applications new plan:

Mr. H. G. Wills, Dr. Donald Horner and family, Mr. Ken Belsher and family, and Mr. Earl Murphy. Motion Reuben Smith and Mrs. McCord that in view of the secretary holding premiums and applications for a month that the applications presented for membership be accepted and retroactive to September 30, 1955. Carried.

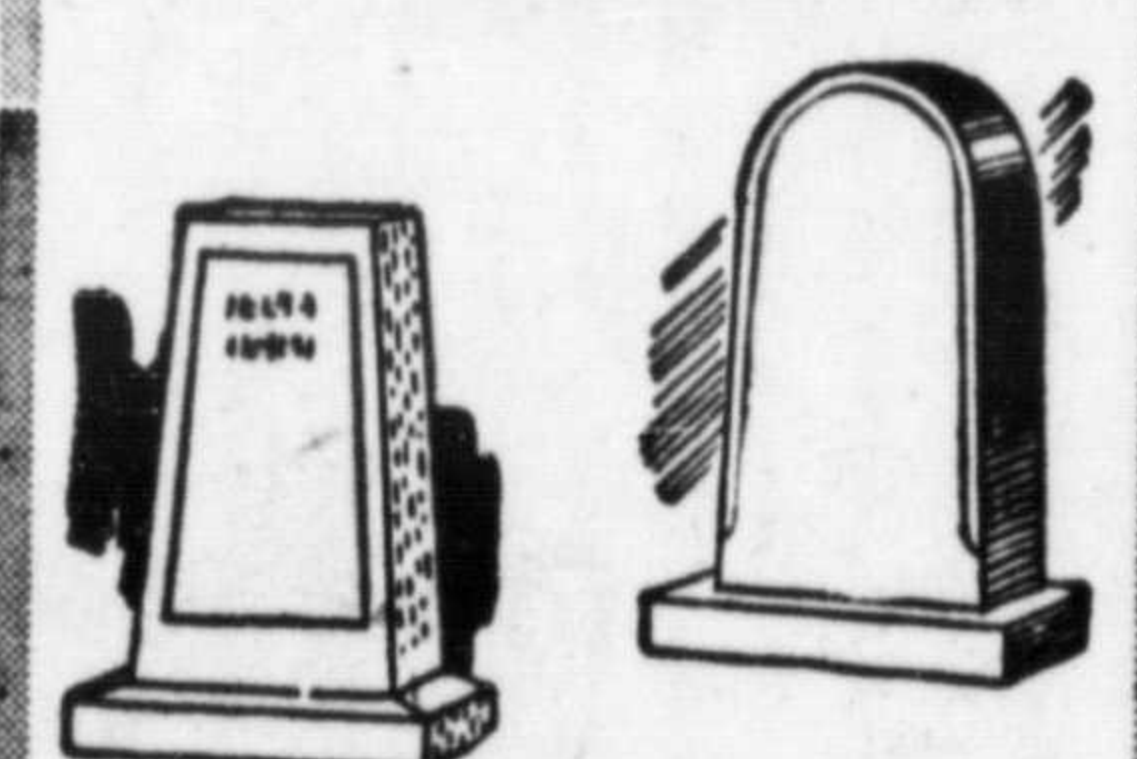

The secretary reported that on behalf of the Board of Directors Mrs. Sly and herself presented the Co-op Brief to the Commission, in the New Court house, Montreal, October 24, at 10.15 a.m. The evening previous to the presentation of the said brief, it was reviewed by the President of the Quebec Credit Union League and the Secretary of the Co-op Union of Canada. A few changes were made which made it necessary to have it re-typed. This was done by the secretary of the Credit Union League early in the morning.

The brief was well received by the commission, and after a two hour question period on various aspects of Co-operative Medical Services, the Members of the Commission thanked the delegation for the interest shown by the Pontiac Services on the importance of their work by the preparation of the brief. As well, requested several copies of policies reports, etc., and assured us that anything further we had to offer on other portions of the Act would be taken into consideration. Also, they stated that Pontiac Co-op Medical Services was the first medical Co-operative to present a brief.

Agreed that a token of appreciation be sent to Miss Leblanc for her kindness in retyping the brief. On motion of Reuben Smith the meeting adjourned.

SHUR-GAIN

FEED SERVICE

YOUR HOME-GROWN GRAIN SUPPLY CAN LAST LONGER

The grain you grow at home for feeding your livestock and poultry is a pretty important commodity. It has taken a lot of time and money to produce that grain crop and you don't want to waste any. You CAN WASTE a lot of grain if you don't feed it properly.

BEFORE you feed your grain
BALANCE IT with SHUR-GAIN

Grain supplies energy in a livestock or poultry feed but, it DOES NOT supply sufficient protein, minerals and vitamins to meet proper requirements. That's why it takes about 1100 lbs. of straight grain to put a hog to market compared to just 600 to 700 lbs. of a mixture of grain and SHUR-GAIN Hog Concentrate.

DON'T WASTE GRAIN
Come in and see us about a SHUR-GAIN custom mixing service for livestock and poultry that will **SAVE YOUR GRAIN** and make you money.

Norway Bay

Mr. and Mrs. Wm. Gray of Ottawa spent Sunday with Miss Irene Dock at the Old Farm House.

Mr. Arthur Mel drum's funeral was largely attended on Thursday. Mr. Meldrum was injured in a car accident on January 19 of this year and has been in hospital ever since. The funeral service was conducted at the Boyce Funeral Home to Norway Bay for interment, where the committal service was conducted by the Rev. Gordon Stewart of St. Andrews, where Mr. Meldrum had attended from boyhood up until he with his sister Miss Emma Meldrum sold their farm and moved to Arnprior a few years ago.

Mrs. J. M. Bailey spent the past week with Mr. and Mrs. Alex Weir in Renfrew.

Mr. Ron Bailey spent the weekend at his parental home.

Mr. J. H. McCredie and Mr. Donald McCredie were at their parental home for the weekend.

Rev. G. K. and Mrs. Stewart and family spent Tuesday in Ottawa.

The addition to the Cushman summer Church on the Bay is nearing completion.

Mr. J. M. Bailey with his helper Mr. Benny Craig has certainly sped the work to a finish. It will, we hope, be able to seat all who gather in for the Sunday evening services in the coming summers. Those Sunday evening services have come a long way.

In 1895 and 1896 the first Sunday services were in a song service on the sands in from of Rev. Hugh and Mrs. Taylor's tent. It is a wonderful thing to look back on in a summer resort that God has never been forgotten down through the years. Let us keep in mind that next summer will be the sixtieth year of those services and there will be an anniversary service held during the summer.

Tenders Wanted

Tenders will be received by the undersigned Secretary-Treasurer of the Protestant Board of School Commissioners of Campbell's Bay for the sale of school house and buildings only, commonly known as the Acres School.

Esther Quaille, Sec.-Treas.

Tenders will be received by the undersigned up until the 26th of November, 1955, for snow plowing and sanding of the following roads in the township of Litchfield for 1955-56, winter season. Three separate tenders are being called as follows:-

1. Approximately 25 miles of Municipal roads in Vinton east of Campbell's Bay.
2. Approximately 10 miles of Municipal roads along the Otter Lake Highway north of Campbell's Bay including Hayes Line and the Moorehead Station Road.
3. Approximately 3 1/2 miles of Municipal roads between Bryson and Portage du Fort.

The only tenders that will be considered will be those that tender by the mile and the price quoted is to include: snow plowing, sanding, erection and taking down of snow fences, supplying of sand in stock piles, cleaning and opening of ditches in the Spring during the 'hawing period.

As a Provincial grant is allowed only for those roads that are kept open during the whole winter season the contractor will be paid only for the roads that conform to these requirements, and all work must be done to the satisfaction of the Litchfield Snowplowing Committee under penalty of forfeiting the contract.

Lowest or any tender not necessarily accepted.

In Memoriam

Dunlop—In loving memory of a dear wife and mother, Mrs. George V. Dunlop, who passed away November 20, 1945.

So many things have happened, Since you were called away, Things you would have enjoyed, If you were left to stay. So many things to share with you, In just the usual way, Things that could be so much nicer, If you were here today. We cannot buy the old days back, Your hands we cannot touch, But God has given wonderful memories, Of the one we loved so much. —Sadly missed, husband and family

Smith—In fond and loving memory of a dear brother, Mervin Smith, who was accidentally killed, November 19, 1950.

We little knew when we woke that morn, The sorrow the day would bring, For the call was sudden, the shock severe, To part with one we loved so dear. Sometimes it's hard to understand Why some things have to be, But in his wisdom God hath planned, Beyond our power to see. Lovingly remembered, Velma and Christie.

Smith—In fond and loving memory of a son, Mervin Smith, who entered into rest, November 19, 1950.

There is someone who misses you sadly, Finds the time hard since you went, There is someone who thinks of you daily, But tries hard to be brave and content. —Sadly missed, Mother.
