NAZI TROOPS ARE PREPARING TO EVACUATE KIEV

ALLIES CRACK STRONG NAZI LINES ON VOLTURNO

Bitter Fighting Is Raging About Ukraine Capital

Fall of Three Other Major German Bases on Russian Front Appeared Imminent Today as Red Army Forces Tore New Gaps in Wavering Nazi Defences—Fresh Divisions Rushed to Hold Off Russian Drive Against Flaming City.

London, Oct. 14.—(P)—Fresh divisions of German troops were being rushed to Kiev by the German High Command in an effort to fend off the Russian drive against the flaming city long enough to evacuate Nazi troops and equipment, a Reuters News Agency dispatch from Moscow said today.

The dispatch said that fighting about the Ukrainian capital is the bloodiest since the battles for Orel and Belgorod last summer.

With the capitulation of Kiev apparently inevitable, the fall of three other major German defence bases on the Russian front—Melitopol, Zaporozhe and Gomel—also appeared imminent as Red Army forces tore new gaps in wavering Nazi defences.

A Soviet communique broadcast from Moscow said Russian troops already were fighting in the streets of Melitopol, and were battling the Germans on the outskirts of the other three. Capture of all four cities would jeopardize the whole German position in Russia and might force a gigantic withdrawal of the Nazi armies to secondary defence lines many miles to the west.

Soviet troops breaching formidable German defences in the South Ukraine, forced the Molochna River and surged into the centre of Melitopol in the face of desperate resistance on the part of the defenders, the Soviet bulletin said.

The city is one of two escape railroads open to the German garrison in the Crimea. Its capture would be a milestone in the Russian drive to isolate the Crimea from the North.

The drive for Melitopol began four days ago.

A four-day battle to the North of Melitopol was said to have brought Soviet advance columns to within five miles of Zaporozhe, on the Southern end of the Dnieper River bend. This advance also threatens Dnepropetrovsk, a Dnieper River power city, further North.

In the battle of Kiev, Moscow said the Russians were fighting less than two miles from Kiev proper. Parts of the city were reported in flames, a possible hint that the enemy already had begun its destruction preparatory to retreat.

CONFER DEGREE ON NETHERLANDS QUEEN

Oxford, England, Oct. 14.—(P)—(Aneta)—Oxford University today conferred on Queen Wilhelmina of the Netherlands the degree of Doctor of Civil Law in "admiration of her courageous stand for justice and the sanctity of international agreements and of her tenacious defence of freedom and conscience against the assault of the unscrupulous enemy."

Charge Government Seeking To Destroy Public Utility

Montreal, Oct. 14.—(P)—Montreal Light, Heat and Power Consolidated, in a statement issued today, said that the purpose of the Quebec Government, in seeking legislation leading to expropriation of the company, seems to be "to destroy the credit and value of an important public utility of this province."

The statement said the company had been built up as a public utility over a period of fifty years "by strict compliance with the laws of the province and is today generally recognized as being the most economically operated public utility of its kind on this continent, with a present credit standing superior to that of the province itself."

It added: "The investing public should ask the Prime Minister (Premier Godbout of Quebec) why, in attacking the company, he has proceeded upon the assumption that the company will not be able to justify its position before the Public Service Board, or in other words, why he has prejudged the case."

"Consistent with the rendering to the public of the highest quality of service at the lowest possible rates and pending the outcome of these proceedings, the shareholders of the company can be reassured that no

THREE CABINET MEMBERS QUIT RAMIREZ REGIME

Argentine Government Accepts Resignations of Ministers, All Regarded as Favoring Break with Axis.

Buenos Aires, Oct. 14.—(P)—The Government of Gen. Pedro Ramirez has accepted the resignation of three cabinet members, all regarded as favoring a break with the Axis.

An official announcement last night said unity of the Government would not be affected by the resignations.

Argentina still maintains relations with Germany, the only Latin American country to do so. The Government's foreign policy has been a bitterly debated issue in secret cabinet meetings and in the press.

Demonstrators shouting "neutrality" jammed the Calle Florida, one of Buenos Aires' main thoroughfares, a block from the United States Embassy. Police used tear gas to halt the demonstration.

The demonstrators distributed leaflets, one of which declared that "neutrality is in danger because powerful enemies of the country are conspiring to crush it—rupture is necessary."

Cabinet members who resigned were Jorge Santa Marina, Minister

Italy's Former Misdeeds Remain Strongly Alive In Spite Of War Declaration Against Axis Power

Allies' Acceptance of Badoglio Government as Co-Belligerent May Not Be Welcomed by French Underground—Unofficial Quarters in London Adopt Attitude of Wait-and-See.

London, Oct. 14.—(P)—Italy's former misdeeds remain strongly alive today despite the Badoglio Government's declaration of war against Germany and most unofficial quarters appeared to have adopted an attitude of wait-and-see.

The Daily Mail summed it up thus: "Action will count... the terms to defeated Italy can only be adjusted in the light of the assistance which she gives us. To put it another way—Italy will be punished for her misdeeds, but she may obtain remission for good conduct."

No official comment has been forthcoming so far from the exiled governments of France, Greece, Yugoslavia and Albania—Italy's four chief victims—but men of those nations have emphasized that they and their compatriots will not forgive easily.

The Provisional Committee of Directors of the Italian Socialist Party in London was frankly antagonistic.

ITALIAN NAVY BUILT TO AID BRITISH FLEET

By CHARLES A. GRUMICH, Associated Press Staff Writer, Alexandria, Egypt, Oct. 14.—(P)—The surrendered Italian Navy made such a poor showing in the Mediterranean sea war because it was designed to complement, not fight, Britain's Royal Navy, an Italian official told me.

This officer, off one of the picturebook Italian units now lying here flying their own flag as "guests" of Britain, said the original long-range Italian naval view was toward co-operation with Britain for control of the Mediterranean.

Mussolini's deviation from this view to play into the hands of Hitler, threw the entire plan out of kilter, this officer held.

The Italian fleet was tailor-made for the Mediterranean which, as has been proved, could not be held in the face of a predominant Anglo-American control of the world-wide seas plus Italian loss of her African Empire.

DECLARES ITALIANS EAGER FOR CRACK AT FORMER ALLIES

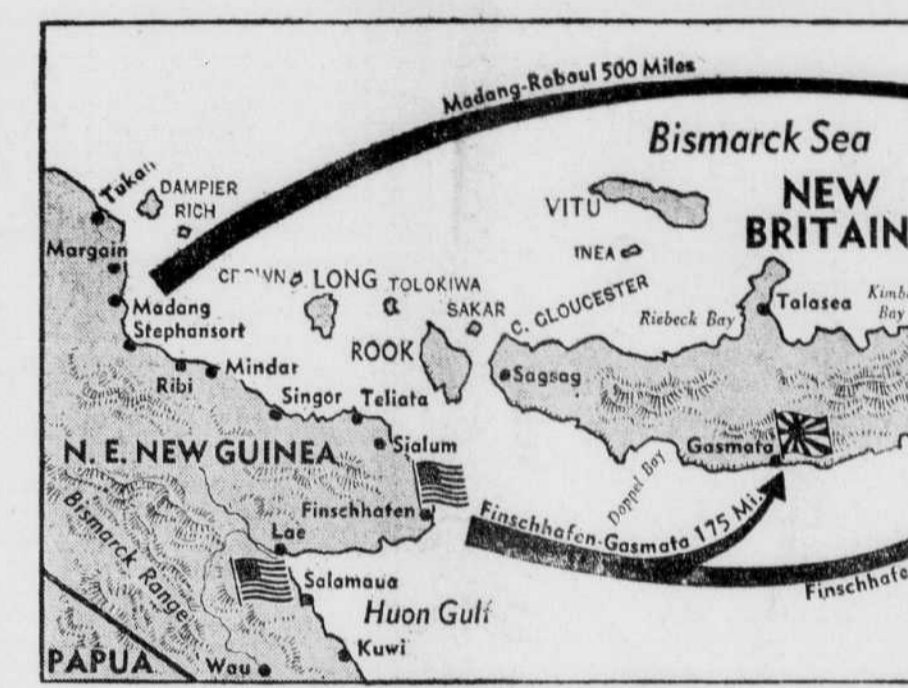

Italian Headquarters in Italy, Oct. 14.—(P)—Now that Italy is at war with Germany, all the Italian land, naval and air forces are hoping for a crack at their former allies, Premier Marshal Pietro Badoglio disclosed.

The 72-year-old Marshal, his face beaming after reading a prepared statement announcing his Government had joined in the fight against Germany, said all Italian military forces had been placed at the disposal of Gen. Dwight D. Eisenhower.

"My troops are especially suited for mountain warfare and there are a considerable number of them," he added.

The Premier explained that "even before my Government's declaration I ordered Italian troops to fight with the Allies in Corsica against the Germans and our troops are fighting in the Balkans and Northern Italy too."

ALLIES SMASH RABAU

"I think we have broken its back," Gen. MacArthur commented today following the gigantic smash aimed at Japan's sea-air base of Rabaul on New Britain. The assault on Rabaul may be the prelude to an Allied bid for the whole of New Britain, sparsely settled, tropical and mountainous country now within easy reach of newly-won American-Australian bases of New Guinea. Japs have installations at Gasmata as well as at Rabaul.

Gigantic Blow Is Struck At Japanese Bastion Of Rabaul

Allies Throw Every Available Bomber and Fighter Plane in Damaging Smash at Big Sea-Air Base on New Britain—Devastation May Have Far-Reaching Results.

By C. YATES McDANIEL, Associated Press Staff Writer, Allied Headquarters, the South-West Pacific, Oct. 14.—(P)—Every Allied bomber and fighter plane that could be risked was thrown in a gigantic smash at Japan's sea-air bastion of Rabaul on New Britain Tuesday, and the resultant devastation prompted Gen. Douglas MacArthur to comment, "I think we have broken its back."

The far-reaching results—they may speed the unhinging of the whole perimeter of the defences anchored to Rabaul—were:

Destruction of severe damage of 177 enemy planes, an estimated 60 per cent of the Air Force on Rabaul's airbases.

Sinking of at least 17,600 tons of ships, including three destroyers and three merchant ships, as well as 43 small seagoing cargo vessels and 70 harbor craft.

Severe damaging of a submarine, its 5,000-ton tender, a 6,800-ton destroyer tender and a 7,000-ton cargo ship.

Wrecking and firing of wharves and waterfront installations at Simpson Harbor, one of the finest in the world.

These accomplishments cost the Allies five planes. The raiders expended 350 tons of bombs and more than 250,000 rounds of ammunition. The heavy and medium bombers,

Cairo, Egypt.—Middle East raiders swung their Aegean offensive to the Island of Gavdos (Gozzo), a small island 22 miles South of Crete, where they bombed the barracks at Ambelo, British Headquarters announced today.

Four-engined bombers again hit the airfield at Maritza on Rhodes on Tuesday night, the communique said.

Stockholm.—The Rome correspondent of the Swedish newspaper Dagens Nyheter reported today that Mussolini had decreed the death penalty for all Italians who: Help war prisoners escape, aid the Allies by using radios to transmit information, refuse German or Fascist labor service, tell others to refuse to work, or plunder bombed homes.

London.—British "nuisance raiders" were over Western Germany last night, the Berlin radio said today without disclosing special targets.

London.—Official Allied quarters withheld comment today on an Ankara radio report that Allied forces had occupied some of the Cyclades Islands off the East coast of Greece.

The radio report, which was lacking in detail, followed unconfirmed press dispatches from Istanbul last week saying that British forces had landed at unspecified points in the islands.

Engineers Span River And Tanks Rush Across In New Allied Thrust

Fierce Fighting Rages Up and Down North Side of River as British and Americans Claw Their Way Up Steep Banks to Meet Stiff German Opposition—Seven Nazi Divisions Oppose Allied Advance.

By NOLAND NORGAARD, Associated Press War Correspondent.

Allied Headquarters, Algiers, Oct. 14.—(P)—British and American troops of Lt.-Gen. Mark Clark's 5th Army cracked the strong German lines along the Voltorno River in a fierce night attack early yesterday and have established several armor-reinforced bridgeheads across the most formidable obstacle in the path to Rome, Allied headquarters announced today.

Gen. Clark struck at a time to take advantage of favorable weather when dry ground allowed deployment of his forces and after a terrific artillery barrage had softened the enemy's defence positions on the North bank.

Engineers bridged the Voltorno to get tanks across the stream, which for days had been almost impassable because of high water.

But the Germans had rushed fresh contingents South from the Rome area in recent days to meet an expected attack, and as the British and Americans clawed their way up the steep banks fierce fighting raged up and down the North side of the stream.

Seven German divisions were in line across Italy to oppose the Allied advance.

This advance was all along the line.

After a heavy fight troops Northwest of Benevento captured the town of Guardia, four miles North of the Calore River and nine miles East of the Voltorno. This advance threatened the left flank of the Germans fighting behind the Voltorno defences.

Britons and Canadians in the centre of the line drove forward five miles. They pursued the enemy and occupied Gildone, less than a mile Southeast of Campobasso, and made other gains to swing the East end of their line forward.

Apparently aware of the concentration of Anglo-American forces preparing for the blow, the Germans had attempted to strike first and launched a sharp attack in the Capua area.

Some German detachments managed to cross the river and gain a brief foothold on the edges of the town.

But Gen. Clark's seasoned warriors were ready and drove back every German unit which had crossed to the South bank and then launched their own heavy offensive at many points both East and West of Capua.

The Germans fought back fiercely but the Allied troops battled across the 100 or 200-yard river—some by swimming, some in assault boats and others in amphibious trucks.

(A CBS commentator in a broadcast from Algiers said bridgeheads were gained at points both East and West of Capua.)

In a sweep up the West coast of Italy beyond Rome last night, Allied

Senator J. E. Prevost Ends Career In 72nd Year After Brief Illness

Montreal, Oct. 14.—(P)—Hon. Jules-Edouard Prevost, 71, died yesterday at the Hotel Dieu after an illness of one month. He was a Liberal and Senator for Thousand Island.

Senator Prevost, whose home is in nearby St. Jerome, was director of the weekly newspaper "L'Avenir du Nord" (the Future of the North). He was first elected to the House of Commons in the general election of 1917. He represented the Liberal Party for his home constituency and was re-elected at general elections in 1921, 1925 and 1926. He was summoned to the Senate June 3, 1930.

Senator Prevost was born Nov. 21, 1871 at St. Jerome in Terrebonne County. He was the son of Dr. Jules-Edouard Prevost and Edwidge Prevost. He was educated at the St. Sulpician's College at Montreal and continued his studies in Paris and Rome. He was married in 1912 to Hermine Smith, daughter of Dr. Gaston Smith of L'Orignal, Ont.

He was a member of the Council of Public Instruction of the Province of Quebec from 1910; President of

the French Aid Society for the county of Terrebonne from 1914 to 1916; member of the Patriotic Fund Committee for the County from 1916 to 1918, and Honorary Chairman of the Victory Loan Committee of the County for 1918. He was a member of the Reform Club—a Liberal club.

Survivors include his wife and eight children: Louise, Leandre, Henri, Paul-Emile, Pierre, Therese, Eugene and Andre; also a brother, Rt. Rev. Eugene Prevost of Paris, France, and a sister Miss Eugene Prevost of St. Jerome.

MEXICO IS READY TO SEND EXPEDITIONARY FORCE TO WAR FRONTS

Mexico City, Oct. 14.—(P)—The newspaper Excelsior says that Mexico is ready to send an expeditionary force to the battlefronts and predicted that troops would be on their way within six months. The plan for more active participation in the war has been espoused by a "group of young generals, general staff officers and aviators," Excelsior stated.

Italian Navy

Continued from Page 1. pira and bites off her home shores. In effect, the Italians actually had nothing more than a lake fleet bottled up at both ends with its bases at the meridian of the fleet and air attacks.

Even so, British naval men pay tribute to some of the individual exploits of the Italians or certain naval ventures, but they have nothing but contempt for the overall decision of the Italian High Command

never to come to grips with the Allies for supremacy of the Mediterranean. The Italian naval viewpoint seems to have been at best only tolerant of Fascist leadership, but nonetheless the navy strung along dutifully with the head of the state. The surrendered Italian ships are the fashion plates of the naval world. They have speed and unmatched eye appeal. They used their speed — to keep out of harm's way. It may be told that in the darkest period of Britain's war in the Mediterranean the British fleet was withdrawn to subsidiary bases leaving only mine-sweepers which set out daily with such almost ludicrous orders as "sweep out the enemy and destroy him wherever he may be found."

MOBILE FORCE PLANNING FOR INDOOR TRAINING

Another successful scheme was carried out by members of the Sherbrooke Mobile Force, under command of Major W. W. Foote, E.D., who was assisted by Charles Ducharme, in charge of No. 1 Company, with Capt. Pat Slattery in charge of No. 2 Company.

Falling in at the unit's parade grounds, Lansdowne Market, a large turnout of personnel took part in routine drill until 8.15 p.m., following which foot drill and ear drill occupied the attention until 8.30.

Establishing general headquarters at the corner of the Airport Road to St. Francois-Xavier de Brompton, and company headquarters at the St. Denis Road corner and at the foot of the hill on the Brompton turn, the sentries took up their posts and various manoeuvres were carried out.

Relieving sentries, guard formation and night patrols all received careful instruction and the Commandant expressed himself as well pleased at the manner in which his men performed their tasks.

Starting November 1 the Headquarters group will begin First Aid Classes, under the direction of Jack Rennie, recently appointed supervisor for this district for the St. John's Ambulance Association.

Members of the Mobile Force will take part in the closing parade for Fire Prevention Week, being held on Saturday, and will march with the Sherbrooke Police Force in that demonstration.

It is hoped to be able to arrange a gigantic parade of Mobile Force members, with the Sherbrooke group participating with the huge Border Communities unit from Stanstead-Rock Island-Beebe, tentatively scheduled for Sunday, October 17, here in Sherbrooke, but final details are not as yet completed, said the Sherbrooke Deputy-Commandant.

Several promotions have taken place in the ranks of the Sherbrooke Mobile Force, during the past month. M. Prince being raised to the rank of Section-Commander, and R. Delorme promoted to the post of Instructor, while E. Muzzey, W. Hetherington and Chas. Taylor received their appointments as Constables.

Fighter-bombers and light bombers gave support to the troops rushing the enemy's Voltorno defences Tuesday night by attacking enemy troops and tanks. They reported a direct hit on an ammunition dump.

At the same time the bulletin reported that Northwest African air forces had swept across the Adriatic and bombed Tirana, capital of Albania.

On the East side of the line across Italy, the British 5th Army made a slight advance against strong resistance, the announcement said.

The air attack on Tirana was carried out by American medium bombers, operating from bases in Italy. They were escorted by fighters. It was the first American air assault on German forces in Albania. The airfield at the Albanian capital was hit.

Bombs were said to have exploded on the runways in dispersal areas, destroying or damaging more than half of the German planes parked on the field. Hangars were also hit, an air force announcement said, and fires were started.

Other medium bombers attacked targets in the town of Alifia and road junctions at Sessa and Arunca, all on the main road immediately North of the Voltorno. Fighter-bombers shot up enemy trains North of Pescara, on the Adriatic, destroying two locomotives and derailing many cars, an air communique said, with other aircraft hit bivouac areas near Vasto.

The Allied flanking threat to the German positions on the Voltorno increased with the capture of Vincinuro, key road centre 10 miles North of San Croce.

The announcement did not say whether the Allied 5th or the British 8th Army had taken the strategic centre. However, yesterday the 8th was reported only eight miles Northeast of San Croce, at Riccia.

GOOD RESPONSE TO ROTARIAN MAGAZINE DRIVE

Forest Keene, Rotarian-in-charge of the present Sherbrooke Rotary Club "Books for the Services" Campaign, informed the Record this morning that response to the public appeal for more reading matter for the troops was receiving even greater support than was anticipated.

In an endeavor to make as large a collection as possible, setting their goal at a ton and a half for this one week alone, the Rotarians have received the whole-hearted support of the great Wonder Bakers organization, serving the several thousand homes in the sixty communities in and around Sherbrooke.

All persons who read, in and around Sherbrooke, are asked to send a part of their surplus reading material to the boys overseas. Perhaps a favorite book, a few selected magazines, complete novels from week-end newspapers, all are appreciated, and the more they can get, the better the boys will appreciate the "thoughts from home."

AIR TRAINING CORPS FORMED AT ST. CHARLES

Fifty-six young Air Cadets took the oath of allegiance to the King last night at the inauguration ceremony of the St. Charles College Air Training Corps held in the Seminary Hall. This air training course has been in effect in various universities throughout the Dominion for some time and the officials have finally succeeded in obtaining the course for the Seminary Cadets.

Speakers at last night's ceremony were Rev. Father M. Couture and Pilot-Officer W. Stebbene, Commanding Officer of the 198th Air Cadet Corps. Father Couture told the young men that the training they would receive would serve them in good stead in later life. He went on to compare the oath which the Cadets were about to take to a similar one taken by the Athenians centuries ago, when Greek youth also faced the demands and sacrifices of war.

Pilot-Officer Stebbene, addressing the group, said: "Without discipline, one cannot hope to succeed in this world. Therefore, during the coming months, you will attend the courses prescribed and learn discipline that you may be the better equipped to face the problems of life which will surely arise in the future. Through this University Training Plan you will receive a basic knowledge of the aviation industry and a chance to share in the benefits of tomorrow's future."

The local Branch of the Health League of Canada met yesterday afternoon in the rooms of the Chamber of Commerce. The body first heard the reports of the fourth annual convention of the National Health League of Canada, insofar as items applied to the Sherbrooke Branch, they were duly considered and acted upon. After hearing the report the body then organized a committee to formulate the educational campaign for the purpose of stamping out venereal diseases. The Chairman appointed was W. H. Bradley, while the members were Father Irene Girard, Rev. Frederick Williams, Georges D-longchamps, Dr. A. C. Hill and Dr. R. Duberge.

The Association then listened to the very favorable results of the local anti-diphtheria campaign. No fewer than 4,500 school children took advantage of this opportunity, presented by the local body, to become immunized to this disease.

ELECTION ACT DOUBLES LIST OF CITY POLLS

City Clerk Antonin Deslauriers said today that he has started preparing the new sub-divisions of the voting polls in Sherbrooke on instructions from the provincial election.

However, the sub-division plan, the number of electors will also be doubled, jumping from eleven thousands to approximately 22,000, the latter figure including one-half women voters.

According to the Election Act, the sub-divisions must not include more than three hundred voters to a poll. However, the sub-division plan, must be approved by the City Council through a by-law before it is sent to Quebec. Mr. Deslauriers said that the new scheme will entail two weeks of tedious work because of its accuracy and will be ready for the study of the City Fathers shortly.

Radical Change In Present System Of Raising Money For Educational Purposes Advocated By G.E. Ewing

A radical change in the present system of raising money for educational purposes was advocated by George E. Ewing, Secretary-Treasurer of the Board of Protestant School Commissioners, in an address delivered last evening to the members of the local Y's Men's Club. "The burden of taxation must be removed from the shoulders of real estate proprietors," declared Mr. Ewing. "The present system is at least a hundred years out of date."

In place of the present method of raising revenue, the speaker urged a moderate income tax levy for school purposes so that the burden of education would be placed on all classes of the population. "In former times the wealth of the country was in real property," the School Board official pointed out. "Now this is all changed. Wealth is in the form of movable stocks, bonds and other investments have taken the place of lands and buildings." This is especially true of the English-speaking population, where real estate is being forsaken in favor of more readily convertible types of investment.

This makes it difficult for school boards to finance in many places, and makes a reform of taxation for educational purposes imperative. He urged his listeners to agitate for this very necessary reform. Mr. Ewing pointed out that the recent compulsory education measures adopted by Quebec resulted in a loss of revenue for local boards of substantial sums formerly derived from school fees. This deficiency must be made up, and the time is therefore ripe for a complete overhauling of the taxation set-up.

The speaker also traced the history of the Protestant schools in Sherbrooke. The separate Protestant and Catholic boards were first organized in 1877, and Mr. Ewing spoke in glowing terms of the splendid spirit of co-operation which has always existed between the Protestant Board of School Commissioners and the Catholic School Board. "This fine spirit is an example of unity and co-operation for the whole country," the speaker declared.

Larry Pergau expressed the thanks of the Club to Mr. Ewing, who was introduced by Vice-President Stan Pearson, who presided over the meeting in the absence of the President, Dean Bishop, Planning Officer Carl Griffith, R.C.A.F., a former member of the Club, was a guest John McEnight, a new member, was welcomed by Vice-President Pearson.

WISHLFUL THINKING UNWISE

Those people who are loudly preaching that Germany is on the verge of collapse internally and that all the United Nations have to do is to coast along to assure their victory were soundly rebuked in the British House of Commons by Prime Minister Winston Churchill who declared the British people would be "absolute fools" to count on "an altogether unexpected collapse" of the enemy.

Admittedly broadcasts from the German and Japanese radio for home consumption indicate that everything is not proceeding as well at home as might be desired, but it must be remembered that the Nazi and Tojo Governments have a strongly-entrenched domestic espionage and police system, which serves to keep the discontented elements divided and acts promptly to remove—by the chopping block—potential leaders of a revolutionary movement.

The decision of the Italian Government, headed by Premier Pietro Badoglio, to cast in their lot with the United Nations also may be overplayed by the optimists who view the world situation through rose-colored glasses. There can be no denying that the Italian move might prove of substantial benefit to the Allied cause, in that it will serve to guide the Italian people as to their future course of action, but it must also be remembered that the present Italian administration does not represent the Italian people.

Their military record from the turn of the century is far from satisfactory and certainly they have not covered themselves with glory in the fighting to date. Of course, they had no great love for the Germans, but it remains to be seen whether they will have any greater moral regard for the United Nations than they did for their former Axis ally.

But in warning the Allied people to display caution and restrain their optimism until the hard battle ahead is won, it is stressed that this is no time for discord and discouragement. The worst part of the hill has been covered and only a short, if hard, stretch remains until the pinnacle is reached. And once on the ridge, the downward path will be much easier.

MAGAZINES FOR OVERSEAS

Inspired by the urgent demand from Overseas and the appeal by General LaFleche, Minister of National War Services, the Sherbrooke Rotary Club is this month holding a campaign with the object of stimulating an increase in the donations by the public of reading matter for the Armed Forces.

Books and magazines are urgently needed. Rotarian Forest Keene has, on behalf of the Rotary Club, undertaken the collection of the material and anyone desiring to donate books or magazines are asked to call Keene's Garage, phone 2820. Mr. Keene

has further secured the services of the Wonder Bread delivery salesmen who have volunteered to make the collections in Sherbrooke and surrounding towns.

Elsewhere in this issue appears a full-page advertisement, sponsored by individual Rotarians, calling attention to this important undertaking. For months past the Rotarians have been concentrating on the collection of reading material and three tons have been shipped monthly. This is not sufficient to meet the demand and, at least, five tons are required monthly.

The people of the Eastern Townships have responded most generously to all war appeals and there is every reason to believe that they will consider this one both a challenge and a compliment.

"The books you send us are like water in the desert" was the way one Squadron-Leader of the Transport Command put it. 60,000 books and magazines will be needed each month for the Canadian Armed Forces Overseas.

This is a big order and there is ample scope for the people of this district to do their part. The Rotary Club is providing the means. Co-operation will bring the desired results.

CHURCHILL SETS THE COURSE

During the course of the debate on the British coal industry, Prime Minister Winston Churchill set a course of action for his National or coalition government in Great Britain that might be adopted satisfactorily by governments and political groups in other parts of the world. In rejecting the demands from certain quarters that the British coal mines be nationalized, the Prime Minister declared that the principle of his Government was "everything for the war whether controversial or not, and nothing controversial that is not bona fide needed for the war."

Thus the Prime Minister has spiked efforts in his own country, which also appear elsewhere, to take advantage of conditions created by the current hostilities to impose upon the nation as a whole the ideas of a minority group which under normal circumstances would not be acceptable to the bulk of the population.

The Prime Minister did not reject the idea of nationalization. In fact, he admitted that perhaps it was the best solution for the problems facing the British coal industry, but he felt that it was a measure which could not be taken without a general election which would be "difficult" under war conditions. As it was something that could be delayed, he felt that it would be best to argue the matter later when affairs were restored to a degree of normalcy and when the two-party system was again operative.

This country has had several examples in recent months of one group or several groups seeking to impose their will upon the Government, urging this or that piece of legislation on the ground that it was helpful to the prosecution of the war. But as a general rule the measures proposed carried no provision for their termination with the conclusion of hostilities, and too often it has seemed as if the sponsors of the suggestions lacked good faith. In too many cases the circumstances surrounding the demands are that some group of cranks or theorists, realizing that their schemes had little chance of public endorsement have used the excuse of wartime needs to advance their cause.

Tragic experience has shown that once controls are established, it is hard to get rid of them, especially when they are supported by a strongly-organized and efficiently-lobbying minority group. Thus it is the duty of any government to see that those measures which are enacted are actually necessary for the prosecution of the war and that they are not merely the expressions of belief of some group with its own axe to grind.

PRESS COMMENTS

THE REBIRTH OF CHINA

Many people have been apprehensive about the future of China after the war owing to operations of two great rival forces in the country—the Kuomintang party and the Communists. The Kuomintang, of which Gen. Chiang Kai-Shek has been the nominal leader, is the government party, and is virtually a dictatorship. The Communists have ever had a very large following, particularly in North China, and it was a Communist army, the famous 8th Route army, that performed prodigies of valor and endurance against the Japanese at Shanghai and elsewhere. The Communists are thoroughly patriotic, but it is unfortunately true that Communist and Kuomintang or government troops have sometimes fought each other instead of the Japs. In fact, General Chiang not long ago sent four well-armed divisions to fight their fellow countrymen. Chiang is a very broad-minded, intelligent man, but there are within the ranks of the Kuomintang reactionary elements, remnants of the old war-lords, who brook no opposition or criticism of their rule.

It is very gratifying, therefore, to learn that at a recent meeting in Chungking, the Central Executive Committee of the Kuomintang, passed a resolution that, within one year after the conclusion of the war, the national government will convene a national congress to adopt a permanent constitution of the republic and to decide the date on which the constitution will go into effect. The resolution is an epoch-making event in the sense that it sets a definite date for ending the period of political tutelage and the beginning of the period of constitutional government.

At the inaugural meeting of the Central Executive Committee Generalissimo Chiang Kai-Shek declares that the first and foremost item in the agenda of national reconstruction is the creation of a constitutional government immediately after the war. When this is done, he says, the Kuomintang will become one of the several parties in the nation, all of which will be on equal footing, enjoying equal privileges and rights and fulfilling equal obligations, receiving equal treatment from the State under the principles of freedom of assembly, organization, speech, and publication in accordance with law.

It will be the business of the Committee to concentrate on reconstruction, and an interesting and important decision of the Chungking meeting from the point of view of British and American interests was that the law limiting the amount of foreign investments in any Chinese enterprise to not more than 49 per cent, thus giving Chinese financial control, was abolished. China needs foreign capital and foreign technicians. Apart from this limitation, the Chungking programme carries out the ideal envisioned by the founder of the republic, Dr. Sun Yat-Sen. In indications are that China, which has vast undeveloped resources, has a prosperous and happy future. And the "Open Door" will stay open.

THE BALANCE SHEET

Frank Gervasi, correspondent for Collier's writes in the current issue of the Luftwaffe's Last Stand, and provides a judicial balance sheet between the air power of the Allies and that of Germany. In the campaign in North Africa, the Germans suffered terrifically, not so much in Sicily because they did not fight, and now in Italy they are not inviting combat, except on rare occasions. They are conserving and are on the defensive, but the writer holds to the opinion that there is enough of the Luftwaffe left to ensure strong German resistance for a long time to come. It is strong numerically as ever; what has happened is that Allied power is so much greater.

As of the end of August, 1943, the fighting value of the German air force shaped up roughly as follows: Pointing first toward the decline of the Luftwaffe's power were these factors: (1) Numerically superior forces confronted the German air force on all major fronts where the Luftwaffe is engaged; (2) Allied air production was in excess of German production; (3) The quality of German flying personnel was noticeably lower than a year ago; (4) German industry has shifted from

PLAY OF LOW CARDS SIGNALS INFORMATION

All good players are very careful about their choice of low cards when there is any opportunity to signal or give other information to their partners. One of the most accurate is B. Jay Becker, former Philadelphia lawyer who is now a New Yorker. So he was justified in criticizing his partner on the defense in today's hand, even though he could have beaten it himself.

Card game hand summary table showing cards dealt and results.

The opening lead was ducked in dummy, but Becker (East) nevertheless put up the club king, and led the queen of diamonds. South won with the diamond king, and having no entry to dummy, he laid down the ace of hearts, and then a low heart. West won this with the king.

West led another diamond and this gave South his contract. Dummy's two clubs went off on South's last diamonds, after which South had to give up only the spade trick.

While admitting that a spade or club lead would have defeated the contract after he took the heart king, West argued that he knew East had held a singleton diamond and thought he might have another trump. "But that would be impossible," argued Becker. "If I had held three trumps, I would have played high-low in them to show you I had a third one."

Becker had played first the three of hearts, then the eight. Any good player, with three trumps plays high-low when he wants a chance to ruff a later lead and wants to tell his partner about it.

Children nodded their heads with great intelligence. "Now," she asked the class as the lesson drew to an end, "when do leaves turn red?" "In the autumn," came the reply in chorus.

"And why do leaves turn red in the autumn?" she pursued. "There was silence for a time, and then a small voice was heard from the back.

"Please, miss, they're blushing to think how green they've been all summer."

An elderly woman, wishing to impress her clergyman with the fact that she read the Bible frequently, took it up as he came in at the door. As she opened it, she exclaimed, "Well, how glad I am! Here are my spectacles which I lost a year ago!"

Charged with drunkenness and disorderly conduct, the wretched old man smoothed his grey hairs and said, "Your worship, man's inhumanity to man makes countless thousands mourn. I am not as de-based as Swift, as profligate as Byron, as dissipated as Poe, as debauched as—"

The city girl was on her first visit to the country. She was anxious to show that she was not altogether ignorant of rural conditions, and when a dish of honey was set before her on the breakfast table she saw her opportunity. "Oh," she observed carelessly, "I see you keep a bee."

Tarantulas locate their prey by the sense of touch. Only prey which they touch, or which touches them, is seized.

ly picture, and although every person in Germany knew it was to be accomplished by the most ruthless form of killing and dynamiting and fire that the world had ever known, not one person rose to object. Even if some of them were willing but afraid, none had the courage to take a chance on arousing public opinion—the opinion, say, of those who went through the previous war and hated it, and there is not a German living there today, who, while fearing the outcome of the war, was not inwardly hoping the Fuehrer's vision would come true.

WHEN WEAKINGS TALK

There is nothing surprising about the divers political phenomena which are today troubling the public opinion and muddling even the most enlightened views. The weakings are doing the talking. The majority of the strong are at war, we mean the most robust physically and morally, the better balanced, the most daring, the most generous. The others, those who couldn't or wouldn't fight, have stayed at home. Except men whose age or family obligations retain them, except also the sufficiently numerous contingent of directors, business heads, farmers, working men, civil servants, reservists or others whose presence in the country has been judged useful or indispensable to the common cause, the people remaining here represent generally the feeble part of the nation. It is this group that talks and agitates. It is this group that sets up to prepare the morrow after a war which they did not fight and to dispose of the future of those who did fight it. It pretends to interpret the aspiration of youth, but the youth to which it addresses itself, this youth which will applaud it for its lack of courage or—quite simply—of virility, is not at all the youth which will risk all for the great adventure and go to war.

SIR JOHN SHERBROOKE CHAPTER I.O.D.E.

The regular meeting of the Sir John Sherbrooke Chapter I.O.D.E. was held at the MacKinnon Memorial Building with Mrs. Donald, Regent, presiding.

The Chapter's Standard was raised as the members joined in the Prayer of the Order, after which the Regent declared the meeting open.

The minutes were read by the Secretary, Mrs. W. L. Tomkins, and approved. Business arising from the minutes was discussed, this included the question of the toasters being sent H.M.C.S. Sherbrooke, and it

was reported by Mrs. Gordon Loomis, First Vice-Regent, that it was hoped that they would be on their way very soon, several of the quantity required having already been received.

The Regent expressed the sincere sympathy of the Chapter to Miss Parrock in her recent loss.

The Treasurer, Mrs. Gordon LeBaron, read her report, which was adopted as read.

The Educational Secretary, Mrs. T. Harbert, reported that some larger pictures of the King and Queen had been requested for the Mitchell School, and she was empowered to make enquiries concerning these. She read a letter from Miss Horton, Principal of the School, thanking the Chapter for money donated for books.

Mrs. Ross Bishop, Echoes Secre-

tary, gave a summary of the report given at the semi-annual meeting.

The report on the Mile of Coins held by the Chapter on September 17th, prepared by Mrs. R. I. McCabe, Chairman, was read by Mrs. Eugene Arnold. The highlight of the report was, of course, the total amount obtained by this effort, which was \$266.06.

The Committee in charge consisted of the following: Mrs. R. I. McCabe, Chairman; Mrs. E. Bascom, pennies for change; Mrs. H. Horsfall, workers; Mrs. E. Arnold, publicity; Mrs. G. LeBaron, ex-officio member.

The Committee in charge wish to thank those members and friends of the Chapter who gave so generously of their time and energy to make this undertaking a success. The Civic authorities, and especially the Police Department who were most co-operative in every way; the Sherbrooke Daily Record, La Tribune, including Station CHLT, who furnished excellent publicity; Louis Baratgin and Miss Peggy Spear, of the Sherbrooke High School staff, who provided excellent posters.

Special mention must also be made of the great kindness and assistance of the following on the day of the Campaign: Walter Blue & Company, Page-Sangster Printing Company, F. W. Woolworth's and Zeller's Limited. Thanks are also extended to Derek Pearce, Earl Bascom, Dr. Gordon Loomis and Gordon LeBaron for their able assistance in counting and rolling the money.

Finally, the Committee wish to express their appreciation to the citizens of Sherbrooke and district

who contributed so generously to the Lines of Coins.

At the conclusion of the report, Mrs. Ross Bishop moved a vote of thanks to Mrs. McCabe and her committee, on behalf of the Chapter, for their hard and unremitting efforts in connection with the "Mile of Coins."

Mrs. Sims, War Service Convener, asked that all members remember the sewing meetings, held every Tuesday at 2 o'clock, and invited the new members to attend.

Mrs. Gordon Hume, Knitting Convener, reported fifty-five knitted articles handed in during the past month.

Mrs. H. Horsfall, Navy League Convener, discussed the contents of the ditty bags being filled by the Chapter, and asked for donations of pocket sized fiction or digests.

Mrs. Howard, Gaudet Convener, reported that the Chapter had been in charge the week of October 4-10. During that period thirty-six workers were on duty for 102½ hours. Attendance was 282, and 212 lunches were served.

Mrs. N. Robins, Colonization Convener, reported that she had a number of articles ready for shipment to the Lawrence Colony, and asked for further donations of warm clothing.

In connection with the Sherbrooke Hospital Library, Mrs. R. I. McCabe offered to work for the remainder of October, and Mrs. Malcolm Mitchell and Mrs. J. A. Donald volunteered to take over for November.

The Regent announced that Miss May Mitchell had offered a place in her store at which tickets for the Provincial Fur Raffle could be sold, to be staffed by members of the Chapter. Volunteers were obtained to sell tickets.

The resignation of Mrs. Hector Belton, Social Convener, was regretfully accepted, and Mrs. Norman Welsh was nominated in her place.

The meeting decided that a wreath be purchased by the Chapter to be placed on the Cenotaph on Armistice Day.

The Regent gave a very interesting report on the activities of the Semi-annual meeting held in Montreal during the first week of October. It was decided to hold a supper on Friday, October 24th, in aid of the Chapter's Gene I Fund. Mrs. Malcolm Mitchell is General Convener for this event.

The name of Mrs. John Lunderville was proposed for membership and accepted.

The Regent extended a very hearty welcome to new members and guests who were present at the meeting, after which the meeting closed with God Save the King.

JUNIOR C.W.L.

The regular monthly meeting of the Junior Catholic Women's League was held Tuesday. The hostesses were Miss Effie Boisvert and Miss Madeline Baundy. The meeting was presided over by Miss Margaret Doherty. After recitation of the League Prayer, the President called for a special prayer for the late Miss Gladys Chamberlain, who was a niece of the Misses Gladys and Florine Mullins, well-known members of the C.W.L.

Following this the minutes of the preceding meeting were read and a report given by the Treasurer showed that the card party held at the Chateau Frontenac on October 6 was a great success.

After commenting on the card party, the President called for a special vote of thanks to be tendered Mr. and Mrs. Fred Conway and the staff of the Chateau Frontenac for their kind and generous co-operation.

It was also decided to send letters of thanks to all who contributed in making this bridge such a success.

The contents of a letter from the City Clerk were then made known, authorizing the Junior Catholic Women's League to hold a tag-day in aid of the Merchant Navy on the 15th and 16th of this month.

The final plans for this tag-day were completed and it is hoped that they will meet with success.

The President then proposed six new names for memberships, and these were unanimously accepted.

The following are new members of the Junior C.W.L.: Mrs. P. Doherty, Miss Josephine Crocheterie, Mrs. F. Knott, Miss Dorothy Coley, Mrs. V. Marcotte and Miss Irene Veilleux.

The meeting was adjourned by Miss Helen Blain, following which lunch was served by the hostesses.

Mrs. O. H. Parker conducted this week's meeting of the W.M.S., held in St. Andrew's Church Hall on Tuesday afternoon. The opening devotional period was in charge of Mrs. Roy. Mrs. Parker read a most interesting paper on the work of the W.M.S., entitled "The World for Christ," the President afterwards announcing that the annual thank-offering session would be held on Tuesday evening, November 23. The singing of God Save the King and the Mizpah Benediction brought the meeting to a close.

Mrs. A. F. Raymond recently entertained at a delightfully planned miscellaneous supper given at her home on McManamy Street in honor of Miss Grace Frost, a much feted October bride-to-be. Plans were made for a rummage sale to be held in the Church Hall at two o'clock on Tuesday afternoon, October 26th. Mrs. A. Morris will entertain the members for their next meeting at her home on Perry Street. Mobilization Medical Examination System Changed

The procedure followed for medical examination under National Selective Service Mobilization Regulations is being changed, so that it will be as follows:—

- (a) If a man called lives a reasonable distance from a "Reception Centre", he will be ordered to report at such a Centre for medical examination. In the Province of Quebec there are two Reception Centres—Montreal and Quebec. In any event, immediately after his examination, a man will return to his home.
- (b) If a man called lives too far from a "Reception Centre" to have a medical examination there and to return home within a reasonable time, he will be ordered to be examined by one of a panel of physicians near his home, of whom he will be notified.
- (c) In a case where a man called lives in a very remote locality where there is no panel of physicians, he will be ordered to be examined by a doctor of his own choice in his locality.
- (d) Each man required to be medically examined will be notified by mail, through an "Order—Medical Examination" sent by the Registrar of the Mobilization Division, and this will instruct him specifically on how he is to proceed with his medical examination.

The change of system for medical examinations does not change any man's right to apply for postponement of military training, nor does it change the classes of men liable to call. It is designed to cause the man being examined less inconvenience, for in many cases he will be required to be examined once instead of two or three times as formerly. A man who is able to be examined at a Reception Centre will be relieved of any uncertainty as to what is his medical category, for his category will be finally established after the one examination.

The law requires any man receiving an "Order—Medical Examination" to follow carefully the instructions sent by the Registrar with this Order.

EARLY CANADIAN QUILTING BEE

"Patchwork" quilts, they were called, but there was nothing patchy about the solid comfort they imparted on cold winter nights! In Canada's early days, when the term "home-made" denoted a special quality, quilting bees were frequent neighborhood affairs.

FOOD canners in the industry's early days struggled to preserve the choicest items of their day by the application of heat at the temperature of boiling water—212° Fahrenheit.

Heat is still the only preservative used in canning. But since Libby's was established 75 years ago (31 years manufacturing in Canada), the ingenuity of science has stepped up the available temperature through steam pressure—thus opening the way to provide you with an infinite variety of new and better foods.

B.C.S. And High Juniors Battle To Scoreless Tie

Price Starred For Bishop's And Black And Holtham For Locals In Gridiron Contest

In a closely-fought game from start to finish, Sherbrooke High School and B. C. S. junior football teams battled to a scoreless tie after the old rivals met yesterday afternoon on the local Parade Grounds. In spite of several fumbles by both sides, the teams played a hard, spirited game. Stars of the game were Price for Bishop's and Black and Holtham for S. H. S. Price, the visitors' quarter, proved to be a stumbling-block to many of the High School men. His efficient tackling and kicking were big factors in staving off repeated Sherbrooke threats. Holtham and Black were the big guns in the Sherbrooke attack. Sonny Holtham's end-runs combined with John Black's plunges gave High School the edge in play throughout practically the whole game.

On the kick-off by Greenberg, Price took the ball on his own fifty-yard line, ran it up to the thirty but the pig-skin was knocked out of his hands, Hazle jumping on it for Sherbrooke. Greenberg attempted a kick and a pass but both failed. He then kicked to Bishop's and Wilson stopped Price on the B. C. S. ten. Price then carried the ball for yards. He took the ball another ten yards on an end run. On the next play, Bishop's fumbled, Harkness recovering for S. H. S.

Greenberg really got going in the second quarter, making two nice runs around the end. High School got

the ball on a Bishop's fumble. Greenberg took the leather from Black for a 20-yard gallop. Smith, on the 'hike', shot the ball over Greenberg's head but Greenberg made an end run to recover most of the lost ground. Black received Bishop's kick and ran the ball for two successive first-downs.

Things started humming in the third quarter. Bishop's booted the ball and Black took it on his five-yard line. Johnny started his run. He whizzed past the two first Bishop's men and drove on, weaving his way through practically the whole visitors' team. With two men clinging to him, he finally broke loose and ploughed on. His 30-yard run was at last stopped by Price on the Bishop's fifteen. But as a result of two fumbles Sherbrooke was pushed back to the thirty yard line. Sonny Holtham gained yards on an end run and a straight line plunge. Greenberg kicked but it was blocked and Bishop's pounced on a fumble by Greenberg, to bring the play back to the visitors' thirty. Holtham then carried the pigskin on an end-run that was good for twenty yards. Cottrell tried to skirt around the end but the try for a touchdown failed.

Price set the ball rolling for Bishop's in the last quarter by taking the local's kick and plunging through the Sherbrooke line for twenty yards. From a fumble recovered by Harmer, Holtham again booted it around the Bishop's end for 20 yards. Greenberg's kick was blocked and White took the ball for Bishop's but was nailed by Waldman on his own twenty. Waldman again bowled White over as White was breaking through for an end run. The whistle blew and the game ended supremacy still undecided.

S.H.S. SENIORS BEAT OLD BOYS BY 2-0 SCORE

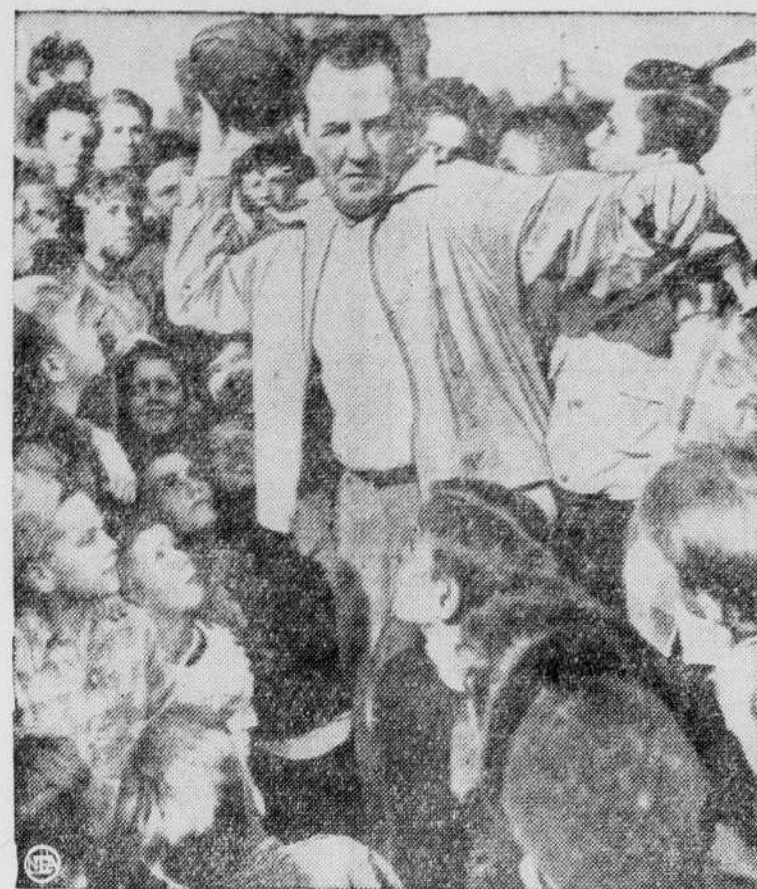

In a game played at the Parade Grounds between Sherbrooke High School Seniors and S.H.S. Old Boys, the former students won by the score of 2-0. The Old Boys hope to make this an annual match, to be played on Thanksgiving Day every year. Outstanding players for the Old Boys were Lorne Campbell, Jeff Wilson and Paul Gagnon. Campbell's repeated buck and Wilson's educated toe led the Old Boys in offensive action while Gagnon's stellar tackling prevented High School from scoring more than once. Budding, for the school, was the mainstay of the Seniors.

Campbell, at the kick-off, snared the ball on his five-yard line and ploughed through the entire school team but was tackled by Bascom on the school fifteen-yard line. Wilson kicked, attempting a rouge, but Budding carried the ball out of danger. Tight defensive play held the heavier Old Boys from scoring.

In the second quarter, Sanders, Budding and Fidler set up a play which clicked and sent Sanders on the pay-off road but as Sanders neared the goal posts, Gagnon, appearing from nowhere, made a flying leap and brought him down. On the next play, Gagnon intercepted a pass by Waldie, and gave the ball to Campbell, who romped fifty yards before being nailed by Hunting. On the third down, Wilson kicked and Gagnon rushed in to tackle Budding behind the line for a rouge.

Campbell, in the third, on his way for a touchdown, was hit hard by Hunting on the school ten-yard line. Hovey fumbled the ball on the following play and Connors pounced on it to make the school the play. Both sides saw-sawed back and forth and it wasn't until the last quarter that Wilson's amazing kicking paid off again. In the closing seconds of the game, Wilson lifted a high kick behind the goal posts. Fidler took the ball and was on his way out, but the fleet-footed Gagnon again swept in to make a superb tackle and effect another rouge for the Old Boys. Thus the game ended in a 2-0 victory for the Old Boys. Don Ives was the referee.

ST. PATRICK'S TENNIS SEASON IS TERMINATED

Isabelle Hibbard and Maurice Hudson captured the mixed doubles championship in two straight sets from Theresa Fisher and Denhardt Vincent as the St. Patrick's Academy tennis season was brought to a close. Earlier in the week, the Junior men's doubles were taken by G. Lindley and Pat McDonough.

In the mixed doubles, play was keenly contested throughout the match. Although Miss Hibbard and Maurice Hudson showed definite superiority over their rivals, Dane Vincent and Miss Fisher showed great spirit in an effort to take the title. The score of the first set was 6-1 but in the second the losers came back strongly to press Hibbard and Miss Hibbard time and time again. Final score was 6-4.

G. Lindley and P. McDonough were given a hard battle by J. Steele and B. Morrisette in the junior. The match was taken by Lindley and McDonough, 6-4, 6-4. The scores are a fairly accurate description of the play.

Cups and medals will be presented later in the month at the school's commencement exercises.

WINDSOR MILLS DEFEATS RAND IN CHESS GAME

The Windsor Mills chess team was successful in taking a second win over the Circo Chess Club of Sherbrooke in a return match played at the home of A. J. Phillip in Windsor. The score at the end of the evening's play was ten matches to three for Windsor Mills who have now taken a two-game lead in the series. In the first game played in Sherbrooke they won by a 6-3 count.

A group of employees from the Canadian Ingersoll-Rand have formed a team and there is one or possibly two other groups in Sherbrooke that have been playing. The Windsor Mills team is the latest one to be organized and it is hoped by these chess enthusiasts that several more teams will be formed throughout the Township so that play can continue this fall and throughout the winter months. Anyone who might wish to enter a team in a league or who could get a group of men together should contact members of the teams now competing and arrangements for the games could be made.

Members of the Windsor Mills Club are A. J. Oakley, F. Ford, A. J. Phillip and J. McCabe, while the Rand team is composed of A. Bousquet, G. Lane, R. Winslade, K. Muzzel and H. McCullough.

Jim Planche, well known hockey player and athlete from East Angus, won the Windsor Mills Flying Training School medal for the high aggregate in their first field day held on the station yesterday. Planche was successful in taking a first in the 100 yard dash, a first in the high jump, a second in the 220 yard dash, a second in the broad jump and he was captain of the relay team that came in first.

A large number of entries both from the Air Force personnel and from the civilian staff took part in this open day which proved to be a huge success. All those on the station were permitted to bring guests and many people took advantage of the fine afternoon to join the boys in uniform and see just what some of their recreational periods on the station were like.

This field day was under the supervision and direction of the sports committee and was run by Flight Lieut. Scott, Gavin Graham, Chief Ground Instructor, F.O. Costley who acted as starter, J. F. Lenighan and Sgt. Duke, score keepers, and John Buckell, announcer.

Following the day's activities the prizes which were donated to the school were presented by Mrs. J. K. M. Green, wife of the manager of the Windsor Mills Flying Training School.

Following the afternoon's activities which included a game of touch football, the airman, the civilian staff and the guests went to the men's mess where a delicious buffet supper was served by the girls in charge of the airman's mess at the school. Following the lunch the guests remained for an informal dance which was also held in the airman's mess.

The following are the detailed results of the field day:
100-yard dash: LAC. Planche, LAC. Cutting.

Canadian Sport Snapshots

By CHARLES EDWARDS, Canadian Press Staff Writer.

Toronto, Oct. 14.—(P)— Luckily for the outfit that sponsored the World Series broadcasts, it doesn't sponsor the National Hockey League from Toronto. From a preview of the Toronto Maple Leaf rookies on show at the annual luncheon Tuesday, we'd estimate not one in five has reached the shaving age. At least nine of the rookie players at the luncheon were in midjet or schools hockey last season. The others were all in their teens except Red Carr, trying to make the jump from Nanaimo, B. C., Ross Knowles, 33-year-old Fort William veteran, and goalie Benny Grant, coach of Happy Day. He settled the Chicago-Toronto squabble over Knowles for this season at least. Day was a mite annoyed last week when, after providing Knowles with transportation to Toronto, he learned the Black Hawks had stepped in to obtain lease on Knowles' services. Day is all smiles again though. He announced Hawks have agreed to let Leafs have the ageing defenceman for this season...when Day discovered Turk Broad was definitely enlisting, he cast about frantically for a goal replacement. He remembered Benny Grant's prowess in the minors and promptly put through a telephone call to Benny at Owen Sound, Ont.

Making the oblique approach, Day opened cautiously: "I need a goalkeeper, Benny." Grant was fast on the uptake and blunt on the reply. "No, He contracted, 'You did need a goalkeeper.'"

HUNTERS NOTE:
What to do with the carcass? A sign on a Vancouver eating spot reads: Bearburger, genuine bear meat—fresh from our B. C. wilderness—15 cents while they last.

NO, NO, NOT THAT!
Newspaper printers and hockey broadcasters all over the country are shuddering and keeping their fingers crossed. A Port Arthur defenceman named Hyrmak is trying out with Art Ross' Boston Bruins.

THAT BITTER PILL:
In a Vancouver golf tournament Johnny Davidson sank his tee shot for an ace on the 150-yard 16th hole at the Marine Drive Course. On the 17th Johnny put three balls out of bounds and wound up with a 9.
