VOL. XII, No. 46 WESTMOUNT, THURSDAY, NOVEMBER 13, 1941 PRICE:— TWO CENTS

BLACKOUT IN WESTMOUNT IS HELD SUCCESS

RESIDENTS PAY TRIBUTE TO WAR DEAD AT ANNUAL MEMORIAL DAY SERVICE

Conducted by Lieut.-Col. Rev. Harold S. Laws, Chaplain of the R.M.R.—Westmount Officials, Armed Forces and Thousands of Citizens Attend Ceremony at Cenotaph

Residents of Westmount paid tribute to the dead of the last Great War and of this war and to all those now serving the country, at the annual Remembrance Day ceremony held Sunday afternoon at the War Memorial at Sherbrooke street and Cote St. Antoine road.

Hon. Lt.-Col. Rev. Harold S. Laws, V.D., chaplain of the Royal Montreal Regiment (M.G.), conducted the religious service as he stood on the steps of the memorial.

Before him were grouped representatives of Westmount and the various armed services—among them Air Marshal Sir Frederick Bowhill, chief of the R.A.F. Ferry Command, and Lady Bowhill; Air Marshal A. G. R. Garrard, C.B., O.B.E., M.C., D.F.C., of the Royal Air Force, Lt. F. H. Toller, R.C.N. V.R., representing Commander C. J. Stuart, O.B.E., R.C.N.R., naval officer in charge, Port of Montreal; and Col. W. S. M. MacTier, M.C., commander of the 12th Infantry Brigade and other officers.

Before the ceremony Col. MacTier accompanied by military officers, Mayor Walter A. Merrill and others, inspected a detachment of R.M.R. No. 14 branch of the Canadian Legion under Lt.-Col. R. H. Hood and the guard of honor—the Veterans' Company of the R.M.R., under Maj. H. Armstrong, V.D.

Besides other detachments from the R.M.R., Westmount Air Cadets and "A" Squadron, Legion of Frontiersmen, attended the commemoration service, "in memory of the citizens of Westmount and the members of the Royal Montreal Regiment who gave their lives in the Great War, 1914-1918."

Band and drums of the R.M.R. sounded the Last Post in memory of fallen comrades and following a two-minute silence, sounded the Reveille. The band also supplied marching music and led in hymns and the National Anthem.

Among wreaths laid at the memorial were those from the City of Westmount, the R.M.R., the 58th Westmount Rifles, the ladies' committee of the R.M.R., civic bodies and societies and private individuals.

The mishap occurred at 1.20 p.m. on Saturday shortly after Harold B. Gilmour, of 5620 Queen Mary road, parked the machine opposite 610 Clarke avenue. He told police that he turned the front wheels of the car toward the curb as required under local traffic laws, but was uncertain whether its brake was on or not.

The machine apparently picked up speed rapidly once it started down the steep incline, crossed the Boulevard without striking another vehicle or pedestrian, swerved on reaching Cedar and crashed into the side of a house at the corner.

The car was badly damaged but slight harm was caused the property.

The conveners, Miss Carrie Biggers and Mrs. Hattie, of the Mary Thomson Stuart Ladies' Auxiliary, Lodge 92, O.E.S., wish to thank all the residents of Westmount for making their tag day on October 25 a success. The amount obtained was \$259.25. The lodge sent \$300 to its headquarters in Toronto, its share in the Mobile Canteen drive which closes on November 20.

An automobile which became out of control when its brakes failed, jumped the curb opposite 515 Grosvenor, crossed the lawn of the house and destroyed a small tree in its path on Tuesday morning. It finally came to a stop when it struck the verandah of the residence.

According to police the driver of the car, Rene Lortie, 84 Cardinal avenue, St. Laurent, was just about to start up the incline when the brakes on the vehicle failed to hold and it commenced to back down the hill.

No one was injured.

An evening bridge, under the auspices of Guild Group "C" of St. Stephen's Women's Association, will be held in the parish hall, on Wednesday, November 13, at 8 o'clock. Mrs. Soden will be the convener.

Spitfire Fund Will Open Tomorrow

The W. V. R. C. Spitfire Fair for Wings for Britain will be formally opened tomorrow at 8 p.m. in St. Stephen's Church Hall, Atwater avenue and Dorchester street west. Among those invited are Lady Marler, Mayor Walter A. Merrill, of Westmount; Air Marshal Sir Frederick and Lady Bowhill, Mr. and Mrs. H. J. C. Darragh, Mr. and Mrs. J. W. Perks, Rev. Lt.-Col. and Mrs. Harold Laws and Miss Gracie Fields, who is an honorary captain of the corps.

Canada's first woman professor and until 12 years ago holder of the chair of comparative morphology and genetics at McGill University, Miss Derick died on Monday at the Royal Victoria Hospital in her 80th year. Due to ill-health Miss Derick had spent the last few years in hospital. She had devoted the greater portion of her life to furthering women's rights and education.

Born in Clarenceville, Que., in 1862, she was the daughter of Frederick Derick and Edna Colton and her great-grandfather, Philip Derick, was a United Empire Loyalist who came to this country in 1784.

She lectured extensively in this and other Canadian cities on such subjects as evolution, heredity, biology, mental deficiency, liberalism, education and internationalism.

During the Great War she was active in Red Cross work and other activities.

She is survived by a sister, Louise Derick of this city, and a nephew, C. Adam of New York.

Visitor Pays Tribute To Firemen

A tribute to the efficiency of the Westmount Fire Department, from a young guest here, is contained in the following letter received by the Examiner:

The Editor,
 Dear Sir:
 This evening, a lamp post on Western Avenue was knocked down and it started a small fire. I, at once, turned in an alarm, and the Westmount Fire Brigade took only 2 1/2 minutes to arrive on the scene of the conflagration.
 That is, I think, proof of their alertness and efficiency. Yours,
 Harold H. Schag-Montefiore,
 "Guest of Canada."

MAJORITY OF CITIZENS CO-OPERATE FULLY WITH LOCAL C.P.C. AND POLICE

All Those Taking Part in Enforcement of Test Highly Praised—Some Cases of Houses Not Fully Darkened Are Reported to Police—Elaborate Arrangements Made by Authorities.

Officials at the Westmount City Hall, police station and at the headquarters of the local division of the C.P.C. expressed general approval yesterday of the manner in which citizens had co-operated with authorities in Monday night's blackout. The test proved a great improvement over the previous blackout, they emphasized.

At the City Hall all bodies who played official roles in its enforcement were highly congratulated for the excellent manner in which their duties were carried out.

The liaison officer of the C.P.C., L. H. Ballantyne, K.C., stated while the great majority of residents had darkened their homes the minute the warning signal was sounded, the blackout fell short of perfection due to the thoughtlessness and in a few instances unwillingness, of householders to co-operate.

Complete reports have been made of cases where householders failed to comply with regulations and these have been turned over to the Chief of Police.

City Hall officials, while admitting that there was the odd light to be seen during the blackout period, expressed the view that reports sent in by observers on duty proved conclusively that Westmount compared favorably with any section of the Island in the test.

The extensive arrangements made to safeguard the city and to enforce the blackout were outlined to the Examiner yesterday by the Westmount division of the C.P.C.

There were 254 Auxiliary Police on duty, and 36 trained nurses. Two doctors, four members of the St. John's Ambulance Association and two emergency ambulances were kept in readiness at the two emergency stations, one at No. 2 Fire Station and the other in Queen's School.

Forty-two auxiliary firemen were also on duty, this number being divided between the two stations. One hundred and eighty-five Boy Scouts proved their worth as messengers and as guards at fire alarm boxes in the city. Fifty civic building guards, under T. Hughes, of the City Manager's Office, kept a sharp watch on all large structures, while details of the C.P.C. Mobile Squad kept guard over all vital points, such as the power house and railroad station.

Two companies of the Legion of Frontiersmen also took an active part in the night's activities. There were no accidents of any kind, and no burglaries, reported the police during the blackout.

FINAL TRIBUTE PAID TO LATE J. GARDNER

Former Westmount Plumber and Heating Contractor Dies Suddenly

Final tribute was paid to James Hunter Gardner, of Westmount, in the D. A. Collins funeral parlors, Sherbrooke street west, on Monday afternoon. Interment was in Mount Royal Cemetery. Mr. Gardner died suddenly on Friday night of a cerebral hemorrhage shortly after being admitted to the Central Division of the Montreal General Hospital. He was in his 73rd year.

For many years he had been engaged in the heating and plumbing contracting business in Westmount in his own name and later with his brother, Arthur Gardner.

Retiring about 29 years ago, he interested himself in gardening and neighborhood activities until a heart ailment curtailed many of these.

CRAFT FACILITIES OPEN TO MEMBERS

John Dewey, the famed American educationist, said, "we learn by doing." Progressive schools provide for children the opportunity to develop motor and mental abilities by actual experience in confronting problems. Every member of the "Y" is free to use the facilities of the Craft Club. Boys can develop their ideas and interests by practical expression in the available crafts.

Every boy needs a hobby, the Y points out. It is a hobby that finds the boy's own interests. Where he can nail together his bird house or book ends he imagines it should be done or create with leather, metal or balsa wood the play blue-prints to manhood.

WESTMOUNT, THURSDAY, NOVEMBER 13, 1941

ARE WE HALF-HEARTED?

In a democracy, as we know it in Canada, the Government is enthusiastic or as lackadaisical as the people represented by the Government. Let a Government fail to reflect the wish of the people, and that Government either corrects its position or bows out in favour of other representatives.

In the past, Canadians have not held back, waiting to be whipped into action by a dictatorial Government along the lines adopted by Adolph Hitler. Reforms and progress in all phases of our economic life have sprung from the people.

At this point in the present war, the demands which spring from several quarters, that the Government make the public save money by some compulsory method, that the Government compel the people to use less gasoline, that the Government enforce conscription of men and women for military forces and for war industry, or that the Government take steps to make it unlawful to spend money on non-essentials, smacks of a desire to emulate the system of dictators in Europe and Asia. But in the light of Canada's past history, this conclusion does not seem logical.

Probably the correct interpretation of these demands is that public opinion is slowly crystallizing to the recognition of what an all-out war effort really means to citizens at large. And it may be true, the field for War Savings workers is ready for a big harvest. The best evidence that the great majority of Canadian citizens are whole-hearted in their desire to beat Hitler, would be a huge increase in the amount of money poured this fall into the Government coffers through the medium of War Savings Certificates.

FOOTBALL THAT IS FAST!

Local football fans who want to see what promises to be a wide-open match and at the same time contribute to two worthy charities will turn out in force Saturday afternoon at Molson Stadium when the schoolboy all-stars

from Montreal meet a picked team from Ottawa. Proceeds will be divided between the Children's Memorial Hospital and St. Mary's. By general consent among those who have seen Montreal high school teams in action, these youngsters play the fastest football in Canada, combining the best of both the Canadian and American codes. They have adopted the U. S. system of unlimited interference all over the field, but have retained the Canadian kick to the deadline and the rouge. Just how much faster the unlimited interference game is than the limited Canadian code will be realized when it is remembered that the University of Vermont easily disposed of Montreal Bulldogs of the E.R.F.U. here this autumn, playing under the U.S. code, yet the Vermonters are far from the top flight of American teams. They lost last Saturday to a team from Norwich, Connecticut, by 59 to 0. The rules make the game. The code under which our schoolboys play has been freed of much of the slow-up caused by the restrictive Canadian code. Turn out Saturday and see for yourself! And, at the same time, help our hospitals meet the heavy burden war has imposed upon them.

TAKE AWAY THE SPECTATORS

The American Red Cross, as part of its national defence program, has organized a course in first aid for young women. Their text book, comprising 256 pages, is one of the simplest and most complete of its kind yet published. It outlines the treatment of surface wounds; injuries to bones, joints, muscles; and devotes whole chapters to the anatomy and physiology of the body; dressings, bandaging, and artificial respiration.

In a chapter on unconsciousness, appears the following under the sub-heading "Hysterical Attacks;" "Hysterical attacks occur most frequently among young women. Unconsciousness is not generally present, since most cases progress no further than the hysterical laughing or crying stage. Sometimes these attacks are mistaken for a mild epileptic fit or fainting spell. The hysterical attack may be distinguished from the other attacks by the following points: In an hysterical attack the face does not change colour. If an attempt is made to pull open the eyelids, the patient will resist and close them more tightly. The person always falls on some soft spot, like a sofa or an easy chair. An hysterical attack seldom occurs unless there is an audience present. Treatment: Throw a cup of cold water in the face, or hold an ammonia inhalant quite close to the nose. Frequently, leaving the patient alone until she decides to 'come to' is advisable. The 'attack' usually ceases as soon as the interested audience disappears.

"Y" NOTES

Hugh Purdy is to be coach of the Westmount Y.M.C.A. Senior Basketball team for the coming season. Although some of last year's players have joined the Forces, a few of the veterans are still available. With the addition of a few new players, the local squad should give a good account of itself in senior basketball circles. The team meets for practice on Thursday evening at 8 o'clock in the local gym.

A learn-to-swim period has been set aside for non-swimming boy members of the local "Y". The class meets every Tuesday at 5.30. It is under the direction and supervision of Mr. Ross Seaman.

The fencing club has taken a new lease on life under the able direction of Michael Elwood and Monty Cutts. Enthusiasm is running high, with all signs pointing to a good season. Practice periods are being held on Friday evening from 8 to 10.30 at the local "Y" building. All sincere fencers are welcome.

The Tuesday and Friday gym and swim period for ladies, under the direction of Miss Betty Scarth, is providing many with an opportunity to build up a reserve of power and energy for the winter months ahead. While doing this they are also having a great deal of fun.

Many men of the community are taking advantage of the gentleness which is being conducted at the local "Y" Monday to Friday beginning at 5.45 p.m. for twenty minutes. This period is followed by a swim. The exercises are specially set up to deal with the physical needs of the business and professional man. They are not too strenuous but if taken regularly, surprising results are observed. Non-Y members are invited to attend one of these sessions for a tryout.

The school girls have not been forgotten at the local "Y". A special swimming period, under the direction of Miss Scarth,

TOYS REPAIRED BY WESTMOUNT BOYS BRIGADE

First Company Attends Armistice Service in St. James United Church

The First Westmount Company of the Boys Brigade spent an active Saturday afternoon repairing toys in their shop, while the model railroad club extended its ever growing lay-out, under the leadership of Lieuts. Wm. Mulligan and Alex Upham. Sunday evening, the Company joined the 11th Company, parading to St. James United Church for the special Armistice Service, conducted by Major, the Rev. J. Bruce Hunter, D.D. The Company enjoyed their march-out very much and look forward to future occasions as soon as their band is ready.

The Company extended its sincere sympathy to Captain Yuille who injured his leg while preparing for parade on Sunday, and had to be taken to hospital.

Captain Richardson enrolled the following boys on Friday night, Privates: Buddy Dugan, James Wright and John Seymour. These boys were then awarded their lanyards.

This Friday night, the 11th

LAC H. Keith Lyle Gets Wings In West

LAC H. Keith Lyle, formerly employed in the composing room of the Examiner Publishing Co., is home on furlough after receiving his wings at the No. 11 service flying school at Yorkville, Sask., at a ceremony last week. He came here from Kelliker, Sask., three years ago and left the Examiner early this year to join the R.C.A.F. He received his preliminary training at the British Commonwealth Air Training school opened last year at Victoriaville, Que. He is a son of Mr. and Mrs. H. H. Lyle, of 4231 Dorchester Street.

Company will be guests of the 1st Company and a thrilling evening is anticipated. Joint drill as well as a drill down will be featured and the recreational period will take the form of an inter-company floor hockey game. Very shortly, the Company will hold a swimming meet, when the Company challenge medal will be contested. From the record of some members, it appears as though this will be very keenly contested. Many of the boys are excellent swimmers and hold certificates from various camps stating that they have passed their first class tests. It is expected that this will take place either late this month or early in December.

RADIO COURSES IN CHILD STUDY

Broadcasts for Members of Home and School Associations Are Arranged

Parents and teachers in several schools in the west end of Montreal and in Westmount have in recent months or years joined together in Home and School Associations, such as those connected with Hampstead, Iona, King's, Roslyn, Willingdon and Westmount High. Members of these associations, and others interested in child guidance, are listening to a broadcast series entitled "The Child in Wartime," which is heard on CBM at 5 o'clock on Tuesdays.

Two of the eight programmes have already been given, but others who want their children to have as near as possible a normal upbringing during this world crisis are urged to start with the Nov. 18th programme, when H. E. Smith, associate Professor of Educational Psychology, University of Alberta, will speak on "Training for Self Discipline."

The five other broadcasts, all at the same hour, 5 p.m. E.D.S.T. on Tuesdays, are:

Nov. 25th "The Child and His Parents," speaker, Dr. C. M. Hincks, general director, National Committee for Mental Hygiene, Canada.

Dec. 2nd, "Home and School Partnership," speaker, S. R. Laycock, Professor of Educational Psychology, University of Saskatchewan.

Dec. 9th, "The Child's Physical Health," speaker, Dr. Grant Fleming, Chairman, Department of Public Health and Preventive Medicine, McGill University.

Dec. 16th, "The Child and His Future," speaker, H. B. King, Chief Inspector of Schools, Provincial Department of Education, Victoria, B.C.

Dec. 23rd, "The Child and His War Service," speaker, Dr. C. M. Hincks.

At the end of this series, the eight talks will be published in pamphlet form and distributed free on request to the National Committee for Mental Hygiene, Canada, 111 St. George St., Toronto. This will be the first authoritative pamphlet on child guidance to be issued in Canada since the outbreak of war.

WESTMOUNT CAPTURES CITY FOOTBALL TITLE DEFEATING CATHOLIC HIGH SCHOOL 12-6

Westmount High School Senior A's Football entry brought home their first City title since 1934 by defeating Catholic High, winners of the Catholic section, at Molson's Stadium on Saturday afternoon before a crowd of 3,600. The win gave the local squad their second title within a week, having beaten Montreal High on Tuesday for the Protestant title.

The game was played under ideal weather conditions, which team held its own until half way through the second quarter, then attack which saw the ball moved to the 1-0 on a Porter to Finical pass. Porter then shot one to Peters who gave the crowd a thrill by slipping only to pull the ball out of the air sitting down, his convert was good.

Backed by Joe Pettit and Jack Graham, C.H.S. started their drive down the field for which they were rewarded with a touchdown when a pass intended for Salvati was ruled complete by Charlie Barbour for interference. Graham's convert deadlocked the score 6-6.

In the last quarter, Nicholson and Porter set the stage for the winners touch Porter carrying the ball over the line on an end sweep. Peters' toe was good for the extra point. C.H.S. opened with a last desperate effort but failed to click.

Doug. Heron was kicked in the head in the third quarter and was forced to retire. Joe Pettit, C.H.S., was carried off with a torn ligament in his leg, and was given a great hand from the crowd.

Coach George Smith deserves a lot of the credit for the team's standing, having only three of last year's team players to start the season.

The teams:

W.H.S.	C.H.S.
Peters	Del Vecchio
Heron	Graham
Porter	Morrow
Nicholson	Salvati
Curtis	Pettit

Referee: Frank Ulley; umpire, Charlie Barbour, head linesman, Ralph Adams.

Westmount High subs: Robinson, Common, Koch, Fraas, Levinson, Mitchell, Phillips, Strachan, Reade, Fairhead, Woods, Lord.

Catholic High subs: Lilley, Lamarche, Mallette, McKenna, McArran, Moore, McMahon, Tyler, Moran, Belgrave, Savaria, Gellincau.

Officials chosen to handle the contest are Frank Ulley, Charlie Barbour and Ralph Adams, for the Montreal half, while Ralph St. Germain of football and hockey game and Joe Tubman, ex-McGill grinder, will look after the Ottawa half. Ulley, Barbour and Adams have handled all major school football here this year.

The coming game, the first of its kind in this part of the country has aroused great speculation as to the outcome. Officials of the Ottawa Interscholastic Football League are forming a body to come down and adjudge as to the merits of the local game. They have heard rumors of the wide-open game which has resulted from all-out interference and would like to see for themselves.

After the evening service the Alpha Omega Society will meet. Miss Janet Campbell and Allan Soper will conduct the meeting, after which the group-leaders will lead a discussion on the topic of mixed marriage. "Should Catholics and Protestants Intermarry?" The solist this week will be Mr. H. L. Gnaedinger, cellist.

The Sunday afternoon senior Bible class is formulating further plans for a successful year. A few weeks ago the election of officers was held in which Tom Earle was elected President, Don Guess as vice-president, and Harriet Anderson as secretary. An opportunity of playing badminton is open to the girls of the class, while the entry of a team in one of the hockey leagues is the immediate plan of the boys.

The Monday evening group of business and professional girls doing Red Cross work has been growing steadily. Miss Louise Gilbride is carrying on a most fruitful work with this group, and a surprising number of articles has been prepared.

On Sunday, November 23rd, a Young People's service will be held in the church, with Mr. Leonard Griffith preaching the sermon.

Sunday's musical program follows:

Morning Music
Prelude: "An Elegy" — Filippo Cusanelli.
Duet: "O Lovely Peace" — Handel.
Anthem: "Benedictus" from Mozart's "Requiem".
Postlude: "Toccata" — Bach.

Evening Music
Prelude: "Benedictus" — Max Reger.
Anthem: "Hollest Breath an Evening Blessing" — G. C. Martin.
Postlude: "Lift up Your Heads" — Gullmant.
Organist and choirmaster, Mr. F. Whiteley.

Brian Aberne has never appeared on the screen without a moustache.

LOCAL SQUAD PREPARES FOR ALL-STAR TILT

The Montreal high schools All-stars chosen to meet a picked Ottawa team on Saturday at Molson Stadium have been practising steadily on McGill Campus during the past week, under Coach George P. Smith, and are now considered in good shape to meet the visiting squad.

At Tuesday's practice a vote was held for captain and this resulted in an even split. Half chose Jim Peters, Westmount High flying wing, while Ray Howard, crack M.H.S., half, received the same number of votes. It was therefore agreed that this pair, almost sure first line starters, would act as co-captains.

Don MacLeod, quarterback of the Blue and White, was hurt at Tuesday's scrimmage when he

COACH GEORGE SMITH

damaged his shoulder. It was a recurrence of an injury sustained in the Westmount-Montreal High playoff and it will keep him out of the Ottawa game. The result is that Red Seasons, Loyola flying wing, will step in as alternate quarter, with Ross Curtis, brainy W.H.S. field general, the probable starter.

Officials chosen to handle the contest are Frank Ulley, Charlie Barbour and Ralph Adams, for the Montreal half, while Ralph St. Germain of football and hockey game and Joe Tubman, ex-McGill grinder, will look after the Ottawa half. Ulley, Barbour and Adams have handled all major school football here this year.

The coming game, the first of its kind in this part of the country has aroused great speculation as to the outcome. Officials of the Ottawa Interscholastic Football League are forming a body to come down and adjudge as to the merits of the local game. They have heard rumors of the wide-open game which has resulted from all-out interference and would like to see for themselves.

Last Monday evening, the formal opening of the Adult Education Department took place at which time Dr. John Astbury, Principal of Baron Byng High School was the guest speaker.

World's best polo players can be counted on one hand... Cecil Smith and Stewart Iglehart are 10-goalers. Ebby Gerry and Winston Guest, nine, and Mike Phipps, eight.

MANY ARTICLES MADE BY CALVARY GROUP

The annual meeting of Calvary Red Cross Unit was held recently with Mrs. A. W. Brown, the president, in the chair.

The secretary reported the completion of 1016 sewn articles and 523 knitted garments, also that the group had donated 92 articles.

It was reported that during the year this unit had filled 175 personal kits of small articles for the women bombed out of their homes in Britain.

The following officers were elected for the coming year: honorary president, Mrs. T. W. Jones; president, Mrs. A. W. Brown; vice-president, Mrs. J. Heron; secretary-treasurer, Mrs. M. R. Crawford; conventer of supplies and sewing, Mrs. W. Kerr; assistant, Mrs. J. Ross; conventer of knitting, Mrs. A. Robinson; conventer of conservation, Mrs. J. Heggie.

Shoes with synthetic rubber soles are being made in Germany.

GROUP HEARS PROF. FRENCH

Although rainy weather curtailed the gathering to around 30, the members of the Westmount Stamp Club were treated to an interesting talk by Professor R. de L. French last Thursday evening.

The Club will meet again this evening in the Oak Room at Victoria Hall, at 8.15 p.m. President R. J. Sutherland has announced that a "True or False" contest will be held on various questions pertaining to stamps. There will be a prize offered to the winning junior and the winning senior cotenant. Mr. Guertin, vice-president of the club, will do the cross-examining.

All stamp fans are welcome at these meetings.

Victor Moore would rather go deep-sea fishing than do anything else.

WESTMOUNT PUPILS SHOW ENTERPRISE IN RED CROSS EARNINGS

Westmount High School has continued its salvage drive, but the Red Cross Council has sponsored money-making enterprises as well.

For instance, the evening of the W.H.S. commencement netted the Red Cross the sum of \$33, brought in by the checking of coats; an auction was held one afternoon recently in the school gymnasium, the auctioned articles having been donated by the students. Bidders carried off such things as gramophone records, ties, toy fire-engines and a bicycle, and the sale earned the Red Cross \$40.

Last Friday, the girls held a display of 88 knitted articles to be sent to children and to war services. The garments were judged by Miss Lawlor and Miss Banfill, and Caro Rigby, Evelyn Dickinson and Ruth Milton won prizes for their work. The awards consisted of war savings stamps, donated by Miss Parker. Contributions from students who viewed the display amounted to \$2.75.

The Council wishes to thank the Watson Art Galleries for their donation of a picture, which will be used to raise money in the near future.

NEWS OF THE THEATRE WORLD

Theatrical Attractions

Incidentally...

by Jack Hirshberg

LETTER HOME

Hollywood, November 6th—Angelinos, as residents of this town are quaintly known, are hoping that Jupe Pluvius will improve his manners in the near future, for we are all very wet—possibly in more ways than one.

What the Weather Man modestly describes as "occasional showers" have already inundated four main highways. Three additional arteries from the nearby Sierras are buried in snow and ice, and an angry ocean is pounding Hades out of defenceless homes on the Santa Monica beach front.

Topping it all, and adding the coup de grace to California's famed ideal climate, two sharp earthquakes shook the city into near hysteria this week, tumbling dishes from shelves and awakening slumbering husbands whose wives had dragged them to the neighbourhood theatre for bank night.

In fact, angelinos are inclined to believe the Fates have teamed up against them, and Florida is probably laughing up its collective sleeve. For old Jupe Pluvius couldn't have chosen a less fortunate moment to pour, and Mother Earth couldn't have picked a worse time to erupt. It so happens that representatives of 500-odd Chambers of Commerce across the country are convening here this week, lured west by tales of sun-warmed days and moonlit nights—and their reports to the folk back home are not likely to add the cause of the Southland!

It happens every time! Deanna Durbin is still chief topic of conversation in these parts; and, though she remains at odds with her studio, Universal chose to screen her latest effort this week. Press previews, in the strict sense of the term, are supposedly prohibited by a new Hays Office ruling, so this screening was officially an "Export Showing", and Mr. Hays' gendarmes could do little about it.

It's a safe prediction, however, that gendarmes across the continent will HAVE to do something about it; for, once the good word gets around, there's bound to be a queue blocks long leading to every theatre showing "It Started With Eve".

Producer Joe Pasternack's swan song for Universal, "It Started With Eve" is probably Deanna's best to date—and one of the funniest, yet most deeply human, celluloid documents of the year. It's the tale of a hat-check girl who becomes involved with the son of an aged millionaire. Supposedly on his deathbed, the venerable moneybags refuses to pass on—and complications ensue.

Robert Cummings is the heir to the throne in "The Sign of the Cross". He plays a young man who falls in love with a girl who is a descendant of the first settlers of the New World. The film is a historical epic, and Cummings' performance is excellent.

"Razors" pain you, rivers are damp, Acids stain you, drugs cause cramp; Guns aren't lawful, noses give, Gas smells awful—you might as well live!

Item Number Two tells its own story: "She got an electric sweeper, An electric mopper and a duster, An electric mixer and a peeler, An electric furnace adjuster; And 60 more—on installments—Till her hubby, in broken despair, Turned footpad—and pulled a trigger—And got the electric chair."

In closing, let me relay the short, short true story of the week. It concerns a gal from St. Agathe, P.Q., whose one ambition was a Hollywood career.

Francine Bordeaux—that's her name—had looks, talent, education and the opportunity to come west. She made the rounds of all studios, studied dramatics and the dance—and wound up just where she had begun, outside studio walls.

"Very cute", producers would say, eyeing her easily. "Very cute, but that Habitant accent rules her out. If she lost all trace of her accent, she might stand a chance."

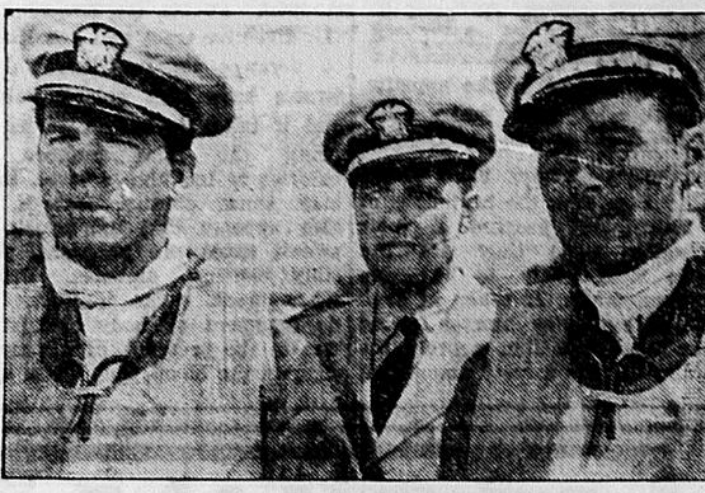

Francine was not easily discouraged. She took a job, studied English at night. In time she rid herself of the accent, even cultivated a western tang.

Last week she visited MGM in search of a job. "See, I speak perfect English now," she told the casting chief with a smile.

"Yes," he replied, "and it's really too bad. We have an opening in Nelson Eddy's film, "I Married an Angel," and you're just the type. Petite, dark, attractive—yes, indeed. Trouble is, my girl, the role is that of a Parisian chambermaid, and you must speak French!"

Joel McCrea can't resist newsboys' sales cries; he sold them himself.

CHILDREN'S THEATRE TO PRESENT PLAY

The Children's Theatre, Montreal's group of juvenile entertainers under the direction of Dorothy Davis and Violet Walters, will present an exciting play, especially written for them by Montreal's well known author, Miriam Stein, entitled "Little London Heroes." "Little London Heroes" is a story of today. It is as up to date as the latest news, and as startling as the last bomb dropped.

Britain with its ever present danger, Canada with its warm welcome to guest children are the settings, and in both places, exciting events happen to Sally, Bertie, Grace and Dolly, portrayed by four of the Children's Theatre children, Joyce Litwin, David Robinson, Annette Mendelsohn and Annette Milstock, with a well known favorite Lillian Wilkinson as their mother. We meet them first in their home in London, on the eve of their departure for Canada. Next we see them in Montreal, when they cover themselves with glory

Holder of Titles In New Ice Revue

Megan Taylor, prominently featured with Dorothy Lewis and James Ellison in Republic's "Ice-Capades" which is now playing at The York United Theatre until Friday night, is not only the most outstanding ice skater England has produced in modern times but enjoys the distinction of having climaxed a meteoric career by winning the world's amateur figure skating championship two years in a row.

The celebrated skating star was born in the London suburb of Wimbledon exactly 21 years ago. Her father, Phil Taylor, was a celebrated skater who had appeared throughout Europe, and it was destined from the beginning that Megan should only start her career on the silver blades.

When she was four she began her skating career in earnest. A serious illness ironically enough laid the groundwork for her brilliant career, because doctors advised her father to seek a change of climate. As a result Megan was taken to Switzerland and in the beneficial mountain air of this colorful country she not only regained her health but pursued her ice skating studies more assiduously than ever.

When Megan was seven she saw Sonja Henie perform one winter in Switzerland and became inspired to emulate the feats on ice of the noted Norwegian performer. She returned to England where she quickly passed the various tests conducted by the amateur ruling skating body of Great Britain.

There will also be an Information Please Contest between the pupils of the graduating classes of the Religious School. Parents, teachers and friends are cordially invited to attend. The President of the Association is L. J. Shine.

"Here Comes Mr. Jordan" Is Season's 'Surprise' Hit

Seldom has Hollywood lavished upon a single motion picture the acclaim being accorded Columbia's "Here Comes Mr. Jordan," daring and different new type of comedy which opens at the Westmount United Theatre

Hollywood Ribbed In World Premiere

Like a carousel jockey coming in for the home stretch, John Barrymore led his pack of playmates on a merry-go-round race across the Snowdon United Theatre's screen now playing until Saturday night "World Premiere," the funniest bit of horse-play ever filmed—at Hollywood's expense.

The plot hinges on some comic foreign spies who have been ordered to do everything in their power to sabotage and prevent the exhibition of a super movie expose, "The Earth's On Fire," because it is harmful to their cause.

John Barrymore, as the wacky movie mogul, does much to help the spies' plans along—although he's innocently unaware of it until a good deal of damage and tomfoolery has been accomplished. In his role as the raving genius of "Bengal Pictures, Inc.," the Great Profile easily justifies his newly won title as America's Number One Comedian.

As intimated by the title, all is pointed at the scheduled world premiere of Barrymore's movie masterpiece. But before this happy event takes place, there is a generous series of intriguing comedy events that make use of everything in the books—fantastic publicity stunts and a double romance. There's even a murder mystery aboard the chugging Washington-bound, special premiere train.

All Hollywood is ribbed in the film, and ribbed unmercifully. By the time the stars all reach Washington to attend their own world premieres, you're too exhausted from laughing to even worry about the bomb that is about to blow up the theatre.

Andy Hardy Saved By Judy Garland

Ring the bell once again its true interpretation of American family life, "Life Begins for Andy Hardy," newest of the Hardy Family pictures, offers entertainment plus at the Monkland United Theatre, where it opens Sunday for an engagement of three days. This latest venture, which finds Andy facing life on his own away from family ties and the protective influences of Carvel, results in a sobered young man—an Andy who at last realizes that living constitutes something more than class dances and football games.

"Life Begins for Andy Hardy" introduces two newcomers to the screen, as has been the Hardy policy in the past. The two screen finds are Patricia Dane, who does a convincing job as a big-city office vamp, and Ray McDonald, youthful dancer who was signed on the strength of his New York stage performances. Both youngsters promise to join the ranks of Hardy graduates who have skyrocketed to stardom, among this alumni being such personalities as Lana Turner, Judy Garland and Kathryn Grayson.

Mary Martin once sang at one studio and taught dancing at another.

Beavers Lead Municipal Six-Man Rugby League

DEFEAT ARGOS BY 30 TO 12 TO KILL THEIR CHANCE OF TAKING PART IN PLAY-OFFS

Two games were played in the senior section of the Westmount Six Man Rugby League last week. The Beavers assured themselves of top place in the league standing when they turned on the heat to beat the Argos 30-12. This defeat at the hands of the Beavers killed all hopes the Argos had of making the play-offs. While the Dodgers shut-out the Bulldogs 19-0 in the other game to leave themselves three points ahead of any other team for the last play-off berth, the Bulldogs retain a mathematical chance of tying the Dodgers. The Bulldogs still have postponed games to play but would have to win all of them to make the charmed circle.

The Beavers-Argos game was a wide open affair. The Argos jumped into an early lead when Kevin Kennedy broke through the Beavers line on the first play of the game to gallop 75 yards for a touchdown. Dick Beattie as usual converted from the placement route. This six point deficit stung the unbeaten Beavers and before the half was over the league leaders had retaliated with two converted tries. Jim Macaulay and Ross Miller getting the major scores while Dave Harvie did the converting. The half ended with the Beavers leading 12-6.

The Beavers opened up in earnest in the latter half of the game scoring three converted touches. John Peirson, Eric Swaine and Frank Swaine each went over for tries while Dave Harvie tossed passes right and left to convert all three.

Dick Beattie accounted for the Argos' other six points when he gathered in a forward pass from

To Play Final Rugby Games This Week

This week will probably mark the last rugby games on the Westmount parks. The school teams have all finished their schedules but at least one game and possibly two games of English Rugby will be played on Westmount Park this Saturday afternoon.

The Six Man Rugby League hopes to wind up its activities on King George Park by Saturday. The junior section play-offs will be on definitely while the senior group play-offs may be over by the same date.

INTERMEDIATE HOCKEY LOOP TO BE FORMED

It seems quite definite now that there will be a Westmount Municipal Intermediate Hockey League this year. The loop will affiliate with the Q.A.H.A. and be grouped as Intermediate C.

A get together was held last Wednesday evening and representatives from three teams indicated their willingness to operate, at least two of them were quite definite. The Air Force team which was so popular in the Municipal Softball League will have a team and a team made up of local boys and headed by Johnnie Hutchison will be a squad. The third team counted on is a group from the R.M.R. Artie Mann has been doing the spade work in this connection and hopes to come up with a strong aggregation.

Another meeting will be held within the next couple of weeks and by that time it is hoped that a fourth team will be added to the trio now hoping to operate. Sgt. Bud Mackay represented the Airmen at the meeting and intimated that the Flyers will have a fairly strong aggregation to play in the league. The Airmen also hope to operate a three team house league of their own.

The Dodgers started out like world beaters, scoring all 19 points in the first half. Donnie Mann opened the scoring when he ran over the Bulldogs' line from twenty yards out on a fake forward pass. Mann then tossed a forward to Ken Cairns to convert the try. Ken Cairns raked up the other two Dodger tries, one on a forward pass from Mann and the other on a gallop around the end. Mann tossed a forward to Cairns to convert one of the touches.

Stan Hughes, the loop's leading scorer raked up two more points to his credit when he caught Willie Graham of the Bulldogs behind the line for a safety touch.

Pierre Rodier, Kevin Shea and Bill Graham tried hard for the Bulldogs while Ken Cairns, Donnie Mann, Maurice Sawyer and

Y's What

Are Sweets Harmful? The term sweets is applied to most of the sugars taken as such, and to foods made very sweet by sugars (candy, jam, preserves, and many desserts.) (Fructose, the natural sugar in fruits, and lactose, in milk, are not present in high concentration, for which reason fruits and milk are not classed as sweets.)

Sweets appeal to the appetite, and thereby may make other food taste flat (which accounts for their customary place at the end rather than the beginning of a meal). But because of their agreeable taste they are the foods most likely to be eaten between meals. If taken at such times, they allay hunger for the next meal, and thus prevent the intake of the correct amount of

other foods that have greater value for sustenance. This, is, perhaps, the most common harmful effect of sweets. Second, when eaten "on an empty stomach" sweets are irritating to the digestive tract and are likely to derange its function. Third, sweets have high caloric value, and if taken to excess, so as to bring the total number of calories to too high a level, they may cause obesity. Fourth, it also appears that an excess of sweets taxes the pancreas, possibly causing diabetes. Fifth, when blood sugar is high, the derangement of body chemistry, due to the presence of too much sugar in the blood, may lower the

Junior Play-Offs Will Start Today
