PLANES COLLIDE, SIX AIRMEN KILLED

Windsor In Granby Monday

Granby, Que. — (CP) — This bustling little city in Quebec's Eastern Townships busied itself today with final preparations for the gala festivities that will mark its twinning with Windsor, Ont.

If hospitality elsewhere is as lavish, the idea should catch on fast.

La Cereemonie du Jumelage will be a two-day affair, crammed with a varied program from the time the Windsor delegates travel the 45 miles from Montreal in a police escorted bus next Monday until they leave the following afternoon.

For Mayor Michael Patrick of Windsor and his party of 40-odd there will be parades, receptions, luncheons, a banquet, a barn dance and tours of industrial plants and the city's thriving zoo.

One of the final functions will be the presentation to each Windsor delegate of a souvenir bag containing Granby-made products.

The twinning of Granby and Windsor follows a growing practice among cities of this province in establishing closer relations with other Canadian centres. Mayor Horace Boivin of Granby has been one of the enthusiastic leaders in making his city of 30,000 a twin with Windsor.

Mayor Boivin will be on hand at central station in Montreal Monday when the Windsor delegation arrives by train. There will be an official welcome at the station by O. A. Boivin, general superintendent of Canadian National Railways.

World News In Brief

TORONTO — (CP) — About 1,450 workers at two plants of the Ford Motor Company of Canada Ltd. will be laid off May 25, the company said Friday.

The layoff, for an indefinite time, will put 700 men from the Oakville plant and 750 workers from the Windsor plant out of work.

A reduction in company's production schedule, beginning May 28, was said to be the reason for the layoffs.

NICOSIA, Cyprus — (AP) — A boy of 17 who pleaded guilty to possessing TNT was given five years jail by an English judge in Nicosia special court Friday. The boy was arrested shortly after a bomb was thrown at a police station in Kitima March 24, doing no damage. A charge of possessing and throwing a bomb which carries the death penalty, was withdrawn by the prosecution.

ANN ARBOR, Mich. — (AP) — Two cars, one loaded with University of Michigan students who had just left a party, collided head-on east of Ann Arbor Friday night. Five persons were killed. A sixth was in critical condition. State police said the college students' car and one driven by Howard Saltzer, 63, of Detroit, collided.

WASHINGTON — (AP) — Britain has begun returning \$8,000,000 ounces of silver it borrowed from the United States under second world war lend-lease, the commerce department said Friday. It said the silver, valued now at \$81,200,000 was being extracted by the British mint from silver coins withdrawn from circulation.

OTTAWA — (CP) — An escaped convict who climbed the wall at St. John's, Nfld., penitentiary last January, has been added to the RCMP's list of Canada's most wanted criminals.

James Allen Robbins, 36-year-old seaman, was serving a two-and-a-half year sentence for robbery with violence when he escaped Jan. 10. Police said he is "considered dangerous and caution should be exercised in effecting his arrest."

Log Drive — The talents of photographer Malak of Ottawa have seldom been shown to better advantage than in this picture of the annual log drive in northern Quebec. This picture was taken at Mont Laurier, Que.

Will Restrict Debate On Pipe Line

Ottawa — (CP) — Conservative CCF opposition to federal pipeline legislation will not be eased by a government threat to use more closure motions to obtain approval by June 7.

Agriculture Minister Gardiner told the Commons yesterday the government will impose the debate — limiting action three more times if necessary to overcome opposition delays of the legislation.

However, opposition sources said the threat will not affect their determination to use every parliamentary device at their disposal to block approval of the government proposal for a construction start this year of the 2,200-mile natural gas pipeline from Alberta to Montreal.

Reports here are that the government will give notice of closure Monday or Tuesday to end debate on the legislation at the second reading stage-approval in principle. This would mean the vote would be taken at 1 A.M. Wednesday or 1 A.M. Thursday. Debate on the explosive bill now has drawn to within 14 sitting days of the government's June 7 deadline for its passage.

Earlier in Friday's sitting, Prime Minister St. Laurent just about ruled out the possibility of any federal election this year, to which he has been challenged during the pipeline debate. He said that new tax-sharing arrangements with the provinces "must necessarily be dealt with" before an election and that an election would make "quite impossible" the government's plan for a start this year on the pipeline.

His statement added strength to speculation that Parliament likely will meet in the fall to implement the new tax proposals made to the provinces.

Trade Minister Howe announced a final payment of \$39,680,000, under the Canadian wheat board's 1954-55 wheat pool, will start early next week. It will

amount to an average 12.46 cents a bushel on 318,400,000 bushels delivered during the crop year ended last July 31, and will bring the total price for No. 1 northern to \$1.65 delivered at the lakehead.

Conservative and CCF members continued their opposition, charging that the legislation is a betrayal of the national interest.

Mr. Gardiner said Conservatives and CCF members had used "every possible device" to block the legislation. In the past the conservatives had used closure four times.

"We will have to use it possibly four times if they make it necessary," he said.

Most Canadians To Shiver This Holiday Weekend

Fifteen million Canadians, many of whom would be more comfortable in long red woolies, this weekend mark the year's first "warm-weather" holiday.

Only in western Canada are weather conditions expected to be fitting for the long Victoria Day weekend. Shivers are predicted for the East.

Weather forecasters say the sun will smile on the Prairies and British Columbia, Alberta and Saskatchewan are expected to be the warmest spots in the country with temperatures in the high 70s and low 80s.

The complete weekend picture for Ontario was not clear but indications were that it would be cool. Montreal was to have 48-degree weather today, Quebec City 44. Temperatures in the Maritimes were called to range in the 50s.

Fireworks set off in 10 provinces will commemorate the 137th anniversary of the birth of Queen Victoria under whose reign the British Empire was at its peak. She died in 1901.

Where weather permits many residents are expected to take advantage of the long weekend to prepare summer cottages.

Lake Ships Ready To Go After Strike

Montreal — (CP) — Great Lakes shipping operations moved toward full speed ahead today following settlement of wage disputes which threatened the inland waterways with a traffic paralysis.

The tie-up of nearly 125 ships ended Friday with the signing of wage agreements by the seven-company Association of Lake Carriers and three unions representing seamen and officers.

Federal mediator H. Carl Goldenberg announced that company and union officials agreed to wage increases of 16 per cent to seamen and 19 per cent to deck officers and engineers.

The nine-day shipping tie-up threatened to halt the transport of wheat overseas, and hurt ore, coal and other shipments.

The Seafarers' International Union CLC called the strike against two of the companies — Upper Lakes and St. Lawrence Navigation Company and N. M. Patterson and Sons Ltd. — but the association retaliated with a threat to tie up all the 220 ships under its control.

The vice-regal party was escorted into the council chambers

by Mr. Caouette, where Mr. Massey was received with a spontaneous burst of applause.

The mayor spoke a few words in French, saying how glad he was to welcome His Excellency. Replying in slow, precise French, the Governor-General said that he was touched at the warmth of his welcome and glad that this time "la neige" had not kept him away.

Following the signing of the golden book, Mr. Massey, with his son and daughter-in-law, Mr. and Mrs. Lionel Massey, mingled with the guests at the reception.

Mrs. Massey was presented with a bouquet of roses.

The somewhat austere council room took on a note of gaiety as the ladies' bright spring hats dotted the crowd.

After the reception, the Governor-General and his party formed a motorcade through the streets of Thetford on their way to inspect the Beaver Mine. Mrs. Massey was especially anxious to see asbestos. Children given a holiday from school for the occasion, lined the streets.

However, Harold E. Stassen announced President Eisenhower's special task force of military, nuclear and industrial leaders would meet May 29 to analyze the implications of the Soviet military reduction. Their discussion will be tied in with the failure of the recent London disarmament talks.

Moscow followed up its announcement of a slash of 1,200,000 men and 375 warships in the next year by calling on the two strongest Western Allies to match its mood.

"Why does not Britain follow the Soviet example since so much is being said about the crippling effects of the military burden on Britain's economy?" Moscow radio asked.

The Communist party newspaper Pravda made a similar call on the United States and ridiculed State Secretary Dulles for his reaction to the Soviet announcement.

"It is clear to any child that the less men in the armed forces reduction."

In Washington, Defence Secretary Wilson said the United States expects to maintain armed forces of their present size for years to come. Moreover, he added, these forces would be given new weapons and equipment "which will make the maximum use of firepower."

2 Pilots 4 Trainees In Winnipeg Crash Preparing To Land

WINNIPEG — (CP) — Six airmen, four of them student navigators, died in a scorched tangle of metal Friday after their planes collided in mid-air and plunged in a slow spin to the ground.

The twin-engine RCAF Expeditors carried the men to their deaths in a farm field six miles southwest of Winnipeg as they circled in a low, wide arc minutes before coming in for a landing at Stevenson field.

A pilot and two students were in each aircraft. The RCAF released the names of the pilots only — FO J. T. King, 29, of Ayrshire, Scotland, a former RAF pilot and FO F. P. Coyle, 26, of Charlottetown. Three of the trainees formerly were with the RAF while the other was a Canadian. They were studying navigation under the NATO program.

An Air Force spokesman said the planes were returning to base after a routine navigation-training flight when they collided three miles out at about 1,500 feet over suburban Charleswood.

The wrecks landed 150 yards apart in a plowed field and a pasture on the farm of George Coopman. Cause of the crash was unknown and a board of inquiry was set up.

No one witnessed the actual mid-air collision. Adolph Coopman, 33, George's brother, was harrowing the field with a tractor 400 yards from the scene. He said:

"I heard a bang — it must have been loud to be heard over

the noise of the tractor motor — and looked up. I saw the two planes spiralling straight down. They seemed to be about 200 feet from the ground."

He unhitched the harrow and ran to phone police. Then he drove the tractor to the twisted wreckage.

"The flames were shooting high into the air. I couldn't get close. There wasn't a chance of saving anyone by this time. Two badly-burned bodies were thrown clear of the flames. I could see some bodies inside the planes."

The sky was clear and bright with evening sunshine when the aircraft collided. They were not flying in formation.

Closest building in the level, clear area was about 400 yards from the crash scene. The residential district of Charleswood is more than a mile to the north.

Bright white flame flickered from broken metal three hours after the crash. Smouldering parachutes, their cords entwined, were scattered with radio and engine parts.

Thetford Turns Out For Governor-General

Thetford Mines — Thetford Mines' Notre Dame street was brilliant with uniforms and filled with spectators as the Governor-General and his party arrived at city hall Friday afternoon, on a day that was cool, but bright with sunshine. It was a marked change from last year when Mr. Massey tried to visit Thetford but was storm-driven and never managed to arrive — a fact he mentioned in his response to Mayor Caouette's welcoming address, much to the amusement of the group assembled in the council chamber.

Mr. Massey arrived at city hall to the martial strains of the Royal 22nd Regiment band from Quebec City whose scarlet tunics, topped with black busbys made regal splashes of color at either entrance to the square marked off before the city hall. Immediately after his arrival the Governor-General inspected the 15th Field Squadron R.C.E., which was guard of honor for the occasion.

The vice-regal party was escorted into the council chambers by Mr. Caouette, where Mr. Massey was received with a spontaneous burst of applause.

Doubts Use Of Mass Evacuation

OTTAWA — Field Marshal Viscount Montgomery says he doubts the usefulness of mass evacuation in the event of nuclear war fought with intercontinental missiles.

People who stayed put would run less chance of being caught in nuclear fall-out and it would be easier to control if they remained in their own homes, he told a press conference Friday.

He said an intercontinental missile fired from Russia might reach central North America in something like 15 minutes.

Such missiles would be available in quantity in about 10 years. Counter-missiles would be developed "about the same time."

Montgomery added that the more he hears of the nature of future war, the more convinced he is that it must not take place. He did not believe there was any immediate threat of war.

But one never knew whether some "criminal lunatic" wouldn't launch a war and the free nations had to be ready to meet this threat. A third world war would create the "most frightful" destruction.

He told reporters that NATO armies will be given American atomic weapons but that these weapons, initially at least, will be manned by American troops.

Gen. Charles Foulkes, chairman of the Canadian chiefs of staff, explained that under U.S. law American atomic weapons must remain under U.S. control.

Montgomery said Britain is making its own tactical weapons which British troops in Europe would eventually get. Other NATO European armies would be dependent on atomic weapons supplied by the U.S.

Quint Marie To Operate Florist Shop

MONTREAL — (CP) — A shy, bespectacled girl with dark hair has been working late into the night all week on the florist shop she opens officially this evening.

The girl is 21-year-old Marie Dionne, one of the four surviving quintes. Her three sisters will help her open the shop, named "Salon Emilie," after the fifth sister who died of an epileptic seizure in 1954.

Free corsages will be handed Sunday to women visitors to the shop. It will be open to the public Monday morning. The quintes' parents, living at Calander, Ont., are not expected to attend the opening party.

Marie, who twice entered a convent as a novice and left because of ill-health, was closest to her sister Emilie. They shared an interest in flowers and had both taken courses in flower arrangement.

Publicity-shy Marie has help in what is the quinte's first business venture since they came into a \$1,000,000 fortune on their 21st birthday last May 28. An experienced florist's assistant, Ellen Bourget, 30, is on the staff.

NO RECORD MONDAY

Because of the Victoria Day Holiday, there will be no Record Monday.

A Great Campaigner

We should have more men like Judge J. C. Samson.

This recent campaign of his against those who would serve liquor to minors is an outstanding contribution to this community and the surrounding area.

It has been a fearless campaign against hotels and their employees, who by accident or design contribute to the delinquency of our adolescents. The penalties have been stiff — and they should be. The judge has kept his promise that the fines would get heavier with each offense and jail terms have resulted from particularly flagrant cases.

The most recent was the case of a 13-year-old boy who was served liquor in a hotel at Brompton Lake.

This, it would seem, was inexcusable. Although the law doesn't excuse the waiter who doesn't realize he is serving a minor, there are instances when the offender might win sympathy when the mature appearance of the patron belies his youth.

But a 13-year-old! Surely nobody could mistake a 13-year-old for an adult!

It's a great campaign which should have the encouragement and support of every good citizen.

Unions And Inflation

The responsibility resting upon labor leaders to impress upon union members the unfortunate secondary consequences of unreasonable wage demands is stressed by a prominent British trade unionist, Harry Douglass.

Mr. Douglass, who is General Secretary of the British Iron and Steel Trades Confederation, in an article recently written for The Spectator, warned that "the day is long past when trade union officials could be short-term opportunists."

Short-term opportunism, Mr. Douglass believes with good reason, is dangerous when wage demands are involved which are beyond the ability of the particular industry to pay.

when they are inflationary and therefore likely to price the industry or country out of export markets.

Commenting on the British wage spiral of 1955, Mr. Douglass says: "It is a melancholy thought that in one year British exports rose by six per cent, West Germany by 17 per cent and Japan by 24 per cent. At the same time our imports rose by 11½ per cent."

The first duty of union leaders, Mr. Douglass believes, is to impress upon union members the fact that inflationary wages demands arose the purchasing power of the union man's pension no less surely than they do old-age purchasing power of everyone else.

Some Safety Rules

Seven out of ten of all fire fatalities this year will be women and children, according to the All Canadian Insurance Federation.

Officials of the Federation report that fire accounts for 500 deaths each year in Canada. Warning that most fires are caused by carelessness, they said that 20 children died in fires last year because they were left unattended by parents.

According to statistics, 1,300 fires occur in Canada each week — more than 80 per cent of them residential fires. Annual cost for all fires is close to \$100,000,000.

The following precautions are recommended for the home:

- 1) Keep matches in metal containers, beyond reach of children and away from mice.
- 2) Sufficient ash trays should be

placed conveniently in each room.

- 3) Never smoke in bed.
- 4) Be sure matches and cigarettes are out before discarding them.
- 5) Don't strike matches in closets, garages or other places where combustible materials, dust or vapors might be ignited.
- 6) Employ only skilled electricians to install and repair wiring.
- 7) Never string electric wires under rugs, over hooks or in exposed areas.
- 8) Have chimneys, flues and heating equipment cleaned and checked at least once a year.
- 9) Kerosene, gasoline, naphtha and other combustible materials should be handled carefully.
- 10) Never use inadequate electrical fuses — when in doubt consult a qualified electrician.

Ascent With . . .

By Rev. B. S. Murray, M.A.

There is no time like a morn in the merry month of May to take to the open road and go forth adventuring. It is also an ideal time of the year to climb hill tops. At least, that is the mood I have developed after reading the story of the Ascension of Our Lord.

Christ

So, on the magic carpet let us set off for the Mount of Olives, using the Bible as our Guide Book. For a long, long time I have desired to climb Olivet with Christ and His disciples and recapture the spirit of that final farewell punctuated with many tender backward glances balanced by the rapture of a forward view. Then, too, the distance is not so great; it is only a Sabbath day's journey from Jerusalem and quite near Bethany.

As I climbed that Hill of Fulfillment, that bridge which now connects earth to heaven, I could not but think of Bethlehem, that bridge which by the Birth of Christ connected heaven to earth. Between Bethlehem and Olivet then, as the earthly locale, the Drama of Jesus—the Life of Christ—was enacted. Now that Drama had to go forward.

The good news of that Drama had to be witnessed by the disciples and their successors, even unto the uttermost part of the earth. This was the Master's directive; the disciples had no alternative but to go out (Acts 1:1). So missionary work had its origin in the Heart of Jesus.

What a blessed moment that must have been when they reached the summit and Lo! as their Lord and Master raised His Hands in blessing, a cloud received Him out of their sight. (Acts 1:4). And it was an impenetrable cloud. A cloud of mystery. He had at last, as He said He would, gone home to His Father and our Father, Who art in Heaven. And the wind was blowing quietly across Olivet.

There and then Heaven became a blessed reality. For they were in the grip of the challenge of a new life in an Ascended Glorified Saviour. And so in a glad, hopeful, exciting mood they walked back to Jerusalem and spent the ensuing ten days in prayer, awaiting the outpouring of the Holy Spirit on the Day of Pentecost. The Prologue is ended and on that first Whitsun morn, the curtain rose upon the hand-ful of disciples—the original cell in which the form and active mission of the Church began to take shape.

Ye members of the Church of God, see to it that ye imitate that original Cell who adopted the ascensional way of procedure. Today, when the Church of God is confronted by a ruthless, well-disciplined well-organized enemy bent on her destruction, we need to recapture the spirit of those mighty originals. They, though few in numbers, prayed together for guidance and for strength and courage to carry on their task tremendous, and God answered their prayers.

He always has. And does according to His story, History. The Fact remains that His Church, "in spite of dungeon, fire and sword" is still here and, assured of victory, going on, with the Cross of Jesus, going on before. Nothing can withstand that first century combination of unity of mind and united prayer. So Christ's Bride — His Church — is still a joy to the world.

Now Joy, which marked the Bethlehem story, reached climatic proportions on Olivet. Will you herewith resolve to so recapture this spirit of joy that you, too, like those early Christians will go about with your feet barely touching the earth? This may not be as easy as it sounds, involving, as it does, the definite planning of laying up treasures in heaven (Matthew 6) by sending up reserves in ad-

vance. I like to think that perhaps St. Paul meant something like this when he challenged the Colossians (3:1) to "seek those things which are above" by focussing their attention on Jesus ONLY, their High Priest, their Mediator, and Advocate (I Tim. 2:5) Intercessor (Heb. 7:25) their Brother and Friend, "so kind, true, and tender, who pursues at the right hand of God the Father, His mighty plan, preparatory to the time when He, their Forerunner, shall come again in prayer to judge both the quick and the dead; Whose Kingdom shall have no end.

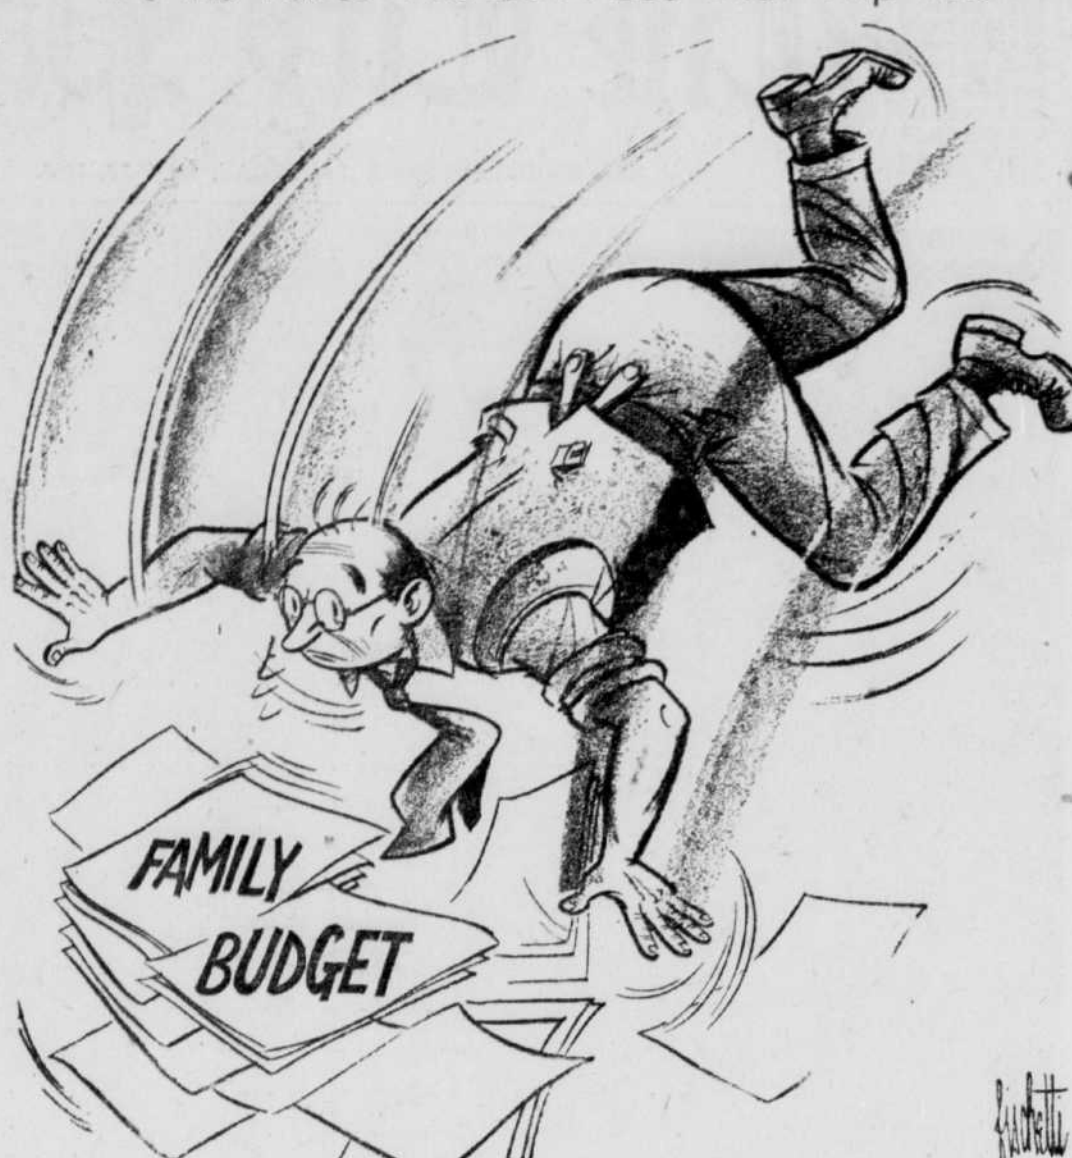

Be of good cheer! There's heavenly grace-power available, in an answer to prayer to help us make each day an Ascent With Christ.

Last Sunday was Mother's Day. Our French compatriots call it "Jour des Mamans." And if there is one group that fits naturally into the ascensional motif, it is surely that of worthy mothers.

So, on that day of memory, I hope you rethought the story of your life and I think you will find that it can be described as an ascent with Mother. Recently I read that "Canada is largely a mother-made land, due to those pioneer mothers of yester-years who trained — built — up their sons and daughters, physically, mentally, morally, spiritually, at a cost of much personal dedication, instruction, and personal example.

Today, this all important human-divine work continues with mothers who in training their children to climb the Ladder of life with its four basic rungs, so judiciously apply the laws of love, service and sacrifice that Father Time registers Progress. Let a mother, a modern poetess, interpret this ascensional way beginning with an accent on her responsibilities rather than on her privileges. "Let me be wise enough to love my children without possessing them," she penned. "Let me be wise enough to earn their respect—not demand it; Let me be as understanding and patient with their

It's the Taxes You Can't See That Trip You

mistakes as with my own; above all, let me remember that these children of God have been graciously loaned to me so that together we may find the Christ in one another. And with "let me be thankful every moment of every day for this responsibility — a chance to serve others and to grow" that wise mother concluded her prayer.

Life unmistakably shows us that when this credo is reversed there is a descent, a moral and spiritual decline with "waves" bearing the imprint of undisciplined living, dishonesty, temperance. I am not naive enough to attribute all the disturbing trends among young people today to unworthy mothers and fathers. They have their share and because of their failure, I am going to keep on praying and asking the Holy Spirit to inspire and guide them to begin all over again, imitating Mary the mother of Jesus. (Acts 1:14).

Now God could not be everywhere so He appointed mother as His proxy. This trainer, provider, protector, builder, has no alternative but to strive to be perfect, even as Christ is perfect, and to lead others to adopt and attain unto this standard. For this exacting rewarding, glorious adventure with Him He has provided the means of grace, the grace of love, in unlimited quantities. And in our hearts we know that those who avail themselves of these means of grace are the mothers of whom Canada is proud. God bless all such Mothers. May they continue their ascent with Christ.

THE ASCENSIONAL LIFE

Finally, on Olivet, the Mount of Ascension, comes the challenge to reevaluate and accentuate the spiritual. Up there in that midway, earth-heaven atmosphere, the conviction grips one of the importance and reality of the unseen spiritual world, with heaven, whither Christ has ascended as the heart's true home.

This requires a faith like the early disciples possessed, a faith that sees heaven through the clouds so that they could "in heart and mind thither ascend and with Him continually dwell". This divine secret which issues in worship and great joy you

must share with men thy brethren, here, there, everywhere, so that they may be challenged to send up good deeds spiritualized material—for the construction of their heavenly home. This is a personal responsibility. Let us see to it that we neglect not so great an enterprise.

The saints didn't! the story of their lives is being and will be continued in the lives of all the holy and humble who "drawn up to Christ" keep wrestling, fight-

ing, and praying as they fight their way through to victory and the City of God.

Pause frequently on your Olivet where, after your contract with the unseen and spiritual—the Ascension, Glorified, Lord and Saviour—you must, like those disciples on that first century May morn, come down and go out and in serving the Lord with gladness, demonstrate that life is an ASCENT WITH CHRIST.

BYGONE DAYS

THIRTY YEARS AGO
From the Record of Wednesday, May 19, 1926.

A telegram to the Afton Posten from Spitzbergen, says that Lieutenant Commander Richard Byrd, United States Navy, first man to fly over the North Pole, plans to undertake an expedition to the South Pole, as soon as possible.

Detained in Ottawa and obliged to report daily by order of the customs committee, J. H. Gauthier, partner in the R. and G. Manufacturing Company overall manufacturers of Rock Island, yesterday was given 48 hours to produce books from the firm which between the middle of March and May 7th, disappeared after official auditors had commenced examining them.

The Grand Lodge of Quebec is holding its 47th annual session in Sherbrooke today. The convention was called to order at ten o'clock in the Unity Lodge Room, by Grand Master G. S. Heath.

TWENTY YEARS AGO
From the Record of Tuesday, May 19, 1936.

Tacitly inviting the nations of the world to enter a "frank exchange of views" on money matters, the United States moved today to help China stabilize her currency.

Discovery of a fifth Jewish body in the old quarter of the Holy City of Jerusalem today forced heavy British patrols to stand guard along the Jeru-

salem-Haifa highway and railroad to prevent sabotage. An attack by 1,000 Arabs on a funeral of a slain Christian led authorities to fear Arab anti-Jewish feeling was spreading to include all foreigners in Palestine.

Philemon Boisvert, 18, of Wotton, was declared mentally unfit to stand trial when he appeared in Court of King's bench here this morning on a charge of murdering his grandfather following an argument over a sleigh on Christmas Eve.

NEED FOR LIGHT

London Free Press

Senator Jean-Francois Pouliot ebullient little man from Quebec recommends certain changes in the Canadian Senate. For example: a new rug, removal of paint from the windows, better artificial lighting, a franking machine for senatorial mail and replacement of wartime murals. What is needed in the Senate, of course, is new and younger senators from other than the Liberal party. This is the first reform needed in the Canadian Senate, even more vital than a bright red carpet and more light—although this last is an excellent recommendation.

U.S. POPULATION

Population of the United States was 167,500,000 in April, 1956, by Washington census bureau estimates.

Stories of Famous Hymns

by Horace B. Powell

I WOULD BE TRUE

I would be true,
For there are those who trust me;
I would be pure,
For there are those who care;
I would be strong,
For there is much to suffer;
I would be brave,
For there is much to dare,
I would be humble,
For there is much to dare,
For there is much to dare.

I would be friend
Of all, the foe, the friendless;
I would be giving,
And forget the gift;
I would be humble,
For I know my weakness;
I would look up,
And laugh, and love, and lift,
I would look up,
And laugh, and love, and lift.

"I WOULD BE TRUE"

Here is a hymn which long has been a favorite with Christians of all ages, but few of those who sing it are aware that it was written in Japan.

Howard Walter, its author, had no idea that he was creating a hymn when he penned his stanzas in a rather casual attempt to put some of the principles of his own life into verse. He called his poem "My Creed". It was after he had been graduated in turn from two American theological seminaries, at Princeton and Hartford, that

Mr. Walter decided to go to Japan. He felt that a period of Christian work abroad would be helpful and he spent a year at Waseda University in Tokyo. It was here that he wrote his verses.

The young American became very popular with the Japanese students and made many friends during his year among them. Later, he decided to devote his life to Christian work in the Orient and he served for many years in India and China, as well as in Japan.

TWO STRETCHES: HAPPY ENDING

The opening bid of two no-trump shows 22 to 24 points with balanced distribution and all four suits well stopped. In today's hand, South stretched one point on the theory that his strong five-card diamond suit more than made up for the missing point.

Unfortunately for South, his partner also chose this time to stretch. North had only 10 points and therefore could assume only 32 points in the combined hands. North knew that 33 points are usually needed for slam, but he thought his strong five-card club suit would make up for the missing point.

The result of the two stretches was that South was in a slam with only 31 points in the combined hands. This is not as bad as it sounds. If we never get to a worse slam contract, we should feel satisfied with our bidding.

After all, only the spade lead gives South any trouble. Put the queen of spades in the East hand, and West wouldn't dream of leading spades away from the king against a slam in no-trump.

As the cards actually lay, West opened the king of spades. South saw that he could win the ace of spades, five diamonds, and five clubs. This would be enough for a meek down one. East would signal his ace of hearts, and West would save the queen of spades and a heart to the end.

The only chance was to win the first trick and lead a spade right back South did so, and West had to follow suit and could only hope that his partner would suddenly develop mental telepathy in order to find the heart

shift.

As is usually the case, West didn't develop new gifts. He was afraid to lead a new suit for fear of giving declarer a free finesse. West therefore led a third spade, and South gratefully took his 12 tricks.

CARD SENSE

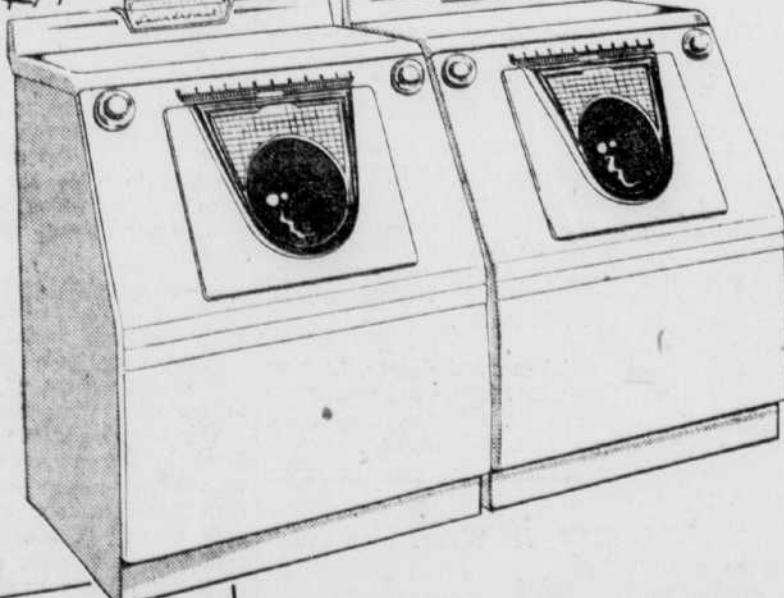

Q—The bidding has been: West North East South
1 Club 1 Spade Pass ?
You, South, hold:
Spades Q-8-3, Hearts 6-2, Diamonds A-K-Q-4-2, Clubs 7-3-2.
What do you do?
A—Bid two spades. A diamond bid would deny support for spades. The raise in spades is much more encouraging.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold:
Spades 8-6, Hearts K-J-5-2, Diamonds 9-4-3, Clubs A-Q-8-4.
What do you do?

Three Of World's Crack Milers To Compete In Annual British Games At White City Stadium On Week-end

LONDON — (AP) — Three of the world's six four-minute milers head an international field here to compete in the annual British games at White City stadium today and Monday.

Back again are Britons Brian Hewson and Chris Chataway and Laszlo Tabori of Hungary, the trio that broke the barrier en masse in a classic mile last year.

But despite their presence, the most likely centre of attention is the slim Hungarian army lieutenant, Sándor Iharos, who holds or shares six world running marks.

Iharos, out of the limelight since suffering an ankle injury while on tour of Australia last year, is reported fully recovered by the trainer of the Hungarian squad, Mihály Igloi.

Iharos will concentrate on the 3,000-metre run, one of the distances at which he holds the world record.

Hewson, who established his reputation as a half-miler before moving up to longer distances last year, will run in the 800-metre race today as competition for Belgium's world record holder, Roger Moens.

Chataway, in the early stages of a track comeback after a fling as a television commentator, was uncertain about which event he would enter. Tabori was listed for several appearances.

Connie Mack Leaves Estate Of \$58,952

PHILADELPHIA — (AP) — Connie Mack left an estate valued at \$58,952, an inventory showed Friday. Mack, former manager of the Philadelphia Athletics and "grand old man of baseball," died at the age of 93 last Feb. 8.

When his will was probated, his estate was estimated at \$30,000. The will gave one-third of his possessions to his wife, Katherine A. McGillicuddy; \$5,000 each to four persons, Robert and Cornelius McCambridge, sons of a deceased daughter, Marguerite; who represented Mack, and J. Channing Ellery, an attorney.

Stroughton Sterling, an accountant who audited the books of the ball club.

The rest was given in equal shares to four daughters, Mrs. Mary Schurr, Mrs. Ruth Cunningham, Mrs. Rita Brendlove, and Mrs. Elizabeth Nolen.

Kiwanis Club At Waterloo Holds Discussion Night

WATERLOO — The weekly Kiwanis meeting, under the direction of President Tom Wilkinson, took the form of a discussion night, when projects were the main item of business.

It was suggested that an auction sale be held during the latter part of the summer, those in charge to be Kiwanians Alden Perkins, Les Hopperton and Roger McKernow.

Another project is the picnic grounds, which the Kiwanis Club founded and has kept up for the past few years, and now in danger of becoming financial propositions. These grounds were meant to be used by the general public at no cost to them, through the courtesy of the Kiwanis Club.

A discussion was also held in connection with the beach. The club is pleased to clean it up, paint and repair the fences and build tables for the use of picnickers. But the law enforcement is not in the club's hands and should be regarded as a civic proposition.

Other projects were debated, among them a plan for youth work, including the formation of a boys' baseball league, which may become one of the major interests of the club.

Sherbrooke Scouts Plant 10,000 Trees

As part of their Conservation activity 25 Scouts and their leaders from the 3rd Sherbrooke Troop (Plymouth) and the 5th Sherbrooke Troop (St. Peter's) went to Bowker Lake near St. Elie d'Orford last weekend and planted over 10,000 trees in an effort to reforest part of that area. The Scouts were under the direction of Scoutmaster Ian Pounder of the 3rd Sherbrooke Troop and Lloyd Crowds of the 5th Sherbrooke Troop. The boys camped over the weekend in tents at Bowker Lake and other activities included Camp Cook Badge Work, and Camp Fire Programs. These very special activities are very good examples of the sort of work Scouts across the nation are doing this year which has been selected as the year of Conservation — the year during which Scouts of Canada will do good turns for their country.

1st Coaticook Troop-Parents Night. The Scouts of Coaticook held a parents night last evening when the 8th World Jamboree Film was shown with another film on the subject of Conservation. During the evening a Candy Sale was held to assist the funds of the Troop. Recent investments into the Troop were Kirk Wells, and Philip Cant. This parents night gave the mothers and fathers of the Scouts a chance to see what a Troop meeting is like, the evening being under the direction of Scoutmaster W. Leptre assisted by Ralph Hayes and Cecil Mayhew.

Cubleaders Training Course — A Preliminary Training Course for Pack Scouters was held last weekend (May 12th and 13th) in the Sherbrooke High School (after leaders were burnt out of

the Mitchell School a few days before) under the direction of Mr. Burnard M. Templeman, Assistant District Commissioner from Drummondville of the St. Francis Valley District. Other leaders on this special Course Staff were David Green, Executive Field Commissioner, and James Allan of Windsor Mills with Walter Brown from Sorel. Fourteen Cubleaders were present, namely Kenneth J. Bartlett of the 5th Sherbrooke Pack and George Foreman of the same group. The Sherbrooke District Cubmaster, Les Humphries, was also present. From East Angus was Miss Dorothy Shattuck, and from Bulwer-Birchton William Hall, Robert Harbison and Mrs. Hazel A. Rogers. Mrs. Jean Humphries of the 1st Sherbrooke Pack was present with Miss Dorothy Goodfellow and Miss Norma Goodfellow both of the 3rd Sherbrooke Pack. From Richmond came Mrs. Frances Mastine and Mr. Clair Horan and from North Hatley Mr. Lynwood Taylor, and from Danville Mr. Galen Driver. The whole course took two days with the Scouters from out of town sleeping with Sherbrooke Scout Leaders for the weekend. Each successful candidate on this course will receive the Preliminary Pack Scouters Training Course Certificate.

Atomic Wolf Cubs: Having reached the Atomic Age we now have news from Chalk River Ontario (center of the Atomic Development Center of Canada) where there are two Cub Packs in operation, one group being called the Atoms and the other Pack is called the Neutrons.

Silver Jubilee Jamboree News: The 50th anniversary of Scouting will be celebrated next August (1957) with a World Jamboree in England, and news has just been received from Ottawa that Jackson Dodds, CBE, of Montreal, the Deputy Chief Scout for Canada, will head the Canadian delegation to this great International Event. The Deputy Continental Leader will be Fred J. Finlay, Chief Executive Commissioner at the Canadian Scout Headquarters in Ottawa. Canada will be sending over one thousand Scouts to this event with at least five Scouts being selected from the Eastern Townships to go to England next August. To date 31 countries have sent word to London that they will be represented but at least 70 countries are expected to do with a grand total of 50,000 Scouts probably. The boys from Canada, over one thousand, will fly to England.

Rover Scout Moot — Dr. S. A. Hooper of Moncton, Assistant Provincial Commissioner for New Brunswick has been named Camp Chief for the Second Canadian Rover Moot at Sussex, N.B., August 29th to September 3rd. Dr. Hooper will replace Eli Boyaner as Moot Chief (Provincial Commissioner for N.B.) because Mr. Boyaner will be going to the Netherlands to represent Canada at the International Boy Scouts Committee Meeting this summer.

In taking office, Mr. Allcorn thanked Mr. Davies and his executive for the work done during the past year and expressed the hope that the coming year would be a successful one.

The meeting closed with a panel discussion on some of the questions brought up at the recent Home and School convention in Montreal, which had been attended by three members of the Association, Mr. Davies, Mr. Allcorn and Mr. Hoskings.

KNOWLTON LANDING — Mr. and Mrs. Jim Mitchell motored to Montreal, where they are to sail aboard "The Seven Seas", to various parts of Europe.

Mrs. George Drummond has returned to Montreal, after spending a week at her summer home here.

Mr. and Mrs. Andy Neilson, Mr. and Mrs. Frank Neale, Mr. and Mrs. Tony Abbott, of Montreal, and Mr. and Mrs. John Beach and children, of Richelieu Village, were at their cottages during the week-end.

Professor and Mrs. W. Graft have returned to their cottage after spending a few weeks in Montreal.

Mr. and Mrs. P. Knowlton were guests of their mother, Mrs. A. Davidson, at Davidson Hill. They also called on Mrs. W. Robinson and Mr. W. Proulx.

Mr. and Mrs. D. N. Jones were recent guests of their son-in-law and daughter, Mr. and Mrs. W. Fryer in Cowansville.

GUTHRIE — Mr. and Mrs. Robert Townsend and Mr. and Mrs. Royce Townsend and family, of Sutton, were guests of Mrs. Bertha Martindale and Mrs. Neil Langrange.

Mrs. Ellen McBrearty, of Montreal, and Mr. and Mrs. Hugh Kennehan and family, of St. Lambert, were guests at Maplecrest Farm.

Mr. and Mrs. J. H. Sornberger, of Montreal, were recent guests of Mr. Ulysses Bernier.

Cards Of Thanks

We wish to extend our sincere thanks to all our relatives, friends, and neighbours, for their many acts of kindness during our recent bereavement, in the sudden passing of our beloved father, the late Charles Kirkpatrick, for cards, letters, flowers, food, to Rev. Richards for words of comfort; Gordon Boynton, the organist and choir, to all who loaned cars to one and all who helped lighten our sorrow in any way. Your kindness will long be remembered.

Preston and Madeline Ralph and Gertrude Evelyn.

We would like to take this opportunity to thank all our friends and relatives who were so kind to us during the death and burial of my wife Mrs. Arthur E. Nadeau, who passed away April 29, 1956. Also to those who sent sympathy cards, masses, flowers, and attended the funeral. Your kindness will always be remembered. Mr. A. E. Nadeau (husband) Miss Therese Nadeau (daughter)

I wish to express my most sincere thanks to all my neighbours and friends who were so kind to me during my recent stay in the O.C.M. Hospital, Keewauke, Vt. A special thanks to Pastor A. M. Spent, Mrs. Mary Magoon, Mrs. Mosher and Rubie and all the nurses on second floor, also to my Church friends, Sally Wolgemuth and Hugh Thistle, for the lovely flowers, all those who sent cards and get well messages, and visited me. Your kindness will always be remembered and may God Bless you for it.

Mrs. Victor Magoon Mansville, Que.

I wish to express my sincere thanks to all my friends and relatives, for the gifts and cards I received while in the Sherbrooke Hospital, with special thanks to Dr. W. J. Klink, Miss Bernard and the nursing staff of the 4th floor. Your kindness is greatly appreciated.

Sincerely,
Mrs. Albert Downing Arundel, Que.

I wish to express my sincere thanks and appreciation to all my friends and neighbours for their many kindnesses, to all those who sent flowers, cards and letters while I was a patient in the Montreal General Hospital; also to all my visitors while in hospital and since my return home. A special thanks to one and all.

Middle Age Is Illusion
Produced By State Of Mind
 By RUTH MILLETT
 Middle-aged Americans now
 are about four years younger
 physically and have anywhere
 from five to 20 more years of
 productive early middle life than
 Americans of 50 years ago, a
 specialist in medical physics reports.
 "I don't know how a specialist
 in medical physics defines mid-
 dle-age. Me, I've about given up
 trying to figure out when mid-
 dle-age starts and when it ends.
 "I know women in their middle
 forties who by any standard are
 "young" women. They look
 young. In evening clothes they
 are stunning and in shorts they
 are as trim as schoolgirls.
 They seem to be able to do
 anything, and to be interested in
 everything. Can you call these
 women middle-aged?
 "I also know grandmothers in
 their seventies who travel around
 the country alone in their own
 cars. They lead active social
 lives, play an important role in
 community affairs and haven't
 even begun to slow down. Have
 they passed from middle age to
 old age just because of the num-
 ber of their years?
 "Honest to goodness, I don't
 know where the middle years be-
 gin or where they end.
 "Could it be that middle-age is
 merely a state of mind and that
 the woman who so chooses can
 stay young until she is old?
 "It almost seems that way, so
 long do many women of today
 hold onto youth despite their
 years.
 "It must be so. Don't you know
 a great many young women of all
 ages and only a few stodgy souls
 whose whole attitude toward liv-
 ing reminds you that they are
 middle-aged?"

Manners
 MAKE FRIENDS

Think what you are doing be-
 fore you pass on any remark or
 incident that puts a teen-ager in
 a bad light. Reputations are
 easily ruined and stories get ex-
 aggerated each time they are re-
 told. So the only kind thing to
 do is to refuse to pass on any
 gossip about young people.
 You wouldn't want to ruin the
 reputation of a young girl or
 boy, but you might if you pass on
 destructive gossip.

ST. FAITH'S GUILD
 The closing meeting of St.
 Faith's Guild of St. Peter's
 Church was held in the Mem-
 orial Hall on Monday afternoon
 with the president, Mrs. George
 Chapman, in the chair.
 The treasurer, Mrs. F. W.
 Jackson gave a report of the
 results the Maytime tea and
 sale which showed it was a
 great success.
 Besides the sales tables, there
 was a food table convened by
 Mrs. James Corfield, assisted by
 Mrs. C. S. Ives and Mrs. F. C.
 Clark. Miss Ruby Hunt was in
 charge of the plant table.
 During a discussion about the
 cafeteria it was decided to hold
 this annual event on Tuesday,
 November 27.
 After all business was attend-
 ed to the meeting was adjourned
 to re-open on September 17.
 Tea was served informally.

SR. BAPTIST MISSION
CIRCLE
 The meeting of the Senior
 Baptist Mission Circle was re-
 cently held at the home of Mrs.
 N. E. Peverill, Bryant St., pre-
 sided over by Mrs. F. C. Amery,
 who opened the meeting with
 the theme song, "O Master Let
 Me Walk with Thee."
 The devotional was conducted
 by the president, assisted by
 Mrs. H. Mills, the topic being,
 "The Ten Commandments of
 Prayer."
 The response to the roll call
 consisted of a verse of Scripture,
 a solo, "Sweet Hour of Prayer,"
 sung by Mrs. H. Sunbury, accom-
 panied by Mrs. Peverill.

Letters received from Miss
 Ethel Alben and Miss Grace
 Anderson, were read.
 Following routine business,
 plans were made to hold a pic-
 nic in June at Mrs. Clifford
 Wright's cottage, North Hatley,
 which will close activities for
 the summer months.
 The topic was taken by Mrs.
 Peverill who gave a very inspir-
 ing talk on the circle's new
 work in Angola, Africa, and a
 prayer.
 The meeting was closed with
 the singing of a hymn and the
 Mizpah Benediction recited in
 unison, following which refresh-
 ments were served by the host-
 ess, assisted by Mrs. E. Jeffries,
 while Mrs. Amery poured tea.
 The hostess was thanked by
 the president, for her hospitality.

LENNOXVILLE W.I.
 Members of the Lennoxville
 Women's Institute who met in
 the club room recently for their
 monthly meeting were entertain-
 ed to a showing of colored slides
 on garden planning, growing of
 plants and results obtained from
 propagation, by Mr. W. S. Rich-
 ardson of the Lennoxville Ex-
 perimental Farm. These slides
 were obtained through the cour-
 tesy of Mr. K. W. Olivier, of
 Home Beautification, Ottawa, and
 gave members a number of val-
 uable tips. Mrs. L. B. Pierce,
 agriculture convener, welcomed
 Mr. Richardson and his wife who
 accompanied him.
 The president, Mrs. C. G. Skin-
 ner presided over the meeting
 which opened in the usual man-
 ner.
 Plans were made to hold a
 rummage sale and a report show-
 ed a successful food sale held
 during the month.
 Conveners reports were as fol-
 lows: Agriculture, Mrs. L. B.
 Pierce reported bulbs and shrubs
 distributed; education, Mrs. S.
 Pegg read an amusing article en-
 titled, "Education for adults
 needs too."
 Home Economics, Mrs. H. Wal-
 lace reminded members of the
 millinery course, May 28 to June
 1 and asked for exhibits for the
 annual convention to be held at
 Macdonald College, June 25-29.
 She also commented on the ex-
 cellent showing at the Arts and
 Crafts show held in St. George's
 Hall.

Welfare and health, Mrs. W.
 Beattie asked for volunteers for
 the Cancer dressing work for this
 month and was pleased to add
 the assistance given by two mem-
 bers at the School for Retarded
 Children.
 Citizenship, Mrs. A. E. Aber-
 crombie read an article on the
 work of the County Women's As-
 sociation in Holland.
 Mrs. W. Beattie gave a detail-
 ed report of the annual county
 meeting held in Lennoxville re-
 cently.
 Hostesses for the tea were
 Mrs. J. Stafford, Mrs. S. Pegg
 and Mrs. E. Warnes.

and sister, Mr. and Mrs. D'Arcy
 Wightman.
 Mrs. Charles Riley was the
 recipient of many gifts, cards
 and messages of congratulations,
 on the occasion of her 81st
 birthday. Mrs. Riley lives a very
 active life, doing much sewing
 and knitting for Missisquoi
 Chapter, I.O.D.E., as well as
 her housework.
 Mr. Derwent Hewett, of Sut-
 ton, spent the weekend with his
 mother, Mrs. H. Hewett.
 Mr. L. Deschamps, of Mont-
 real, who was in charge of the
 French-Swiss church in Bedford
 and surrounding district last
 summer, was the guest of Rev.
 and Mrs. T. F. Duncan at the
 United Church parsonage, prior
 to leaving for Maniwaki, where
 he will spend the summer.
 Miss Isabel Marshall, of Mont-
 real, spent the weekend at her
 home here.

Mrs. and Mrs. ARNOLD ARTHUR MacKEAGE photographed cutting the cake at the reception held at the Elmwood Hotel, Lennoxville, following their marriage which took place on Saturday, May 5, in Trinity Church. The bride, the former Miss Jean Elizabeth Picken, is the daughter of Mr. and Mrs. Ernest Picken of Lennoxville and the bridegroom is the son of Mr. Clement MacKeage and the late Mrs. MacKeage of Melbourne.

MACKEAGE—PICKEN
 The marriage of Jean Eliza-
 beth, daughter of Mr. and Mrs.
 Ernest Picken, of Lennoxville,
 and Mr. Arnold Arthur Mac-
 Keage, of Melbourne, Que., son
 of Mr. Clement MacKeage, and
 the late Mrs. MacKeage, of Mel-
 bourne, took place Saturday af-
 ternoon, May 5, at half past two
 o'clock, in Trinity United Church
 the Rev. T. D. F. Everett, officiat-
 ing. Mrs. Robert Bell, organist,
 played the wedding music and
 Mrs. Alan Sutherland, of Bury,
 sang, "I'll Walk Beside You" dur-
 ing the signing of the register.
 Mixed snapdragons were used
 to decorate and the pews reserved
 for the guests were marked by
 white satin bows.
 The bride, given away by her
 father, wore a ballerina length
 gown of white lace over tulle
 and satin, styled with a fitted
 bodice having a jacket with long
 sleeves ending in points over
 her hands. Her shoulder length
 veil of tulle illusion was held in
 place by a lace and tulle head-
 dress trimmed with pearls and
 she carried an arm bouquet of
 red roses.
 Mrs. Cedric Cormier, of Que-
 bec, as matron of honor for her
 sister, chose a ballerina length
 gown of powder blue net over
 taffeta, fashioned with a fitted
 bodice and full skirt, trimmed
 with tiny ruffles of taffeta, a
 short tulle bolero, a matching
 headdress and elbow length
 gloves and she carried a nose-
 gay of pink, yellow and white
 carnations.
 Mrs. Norman Wightman, an-
 other sister of the bride, as
 bridesmaid, was in a strapless
 ballerina length gown of yellow
 tulle and lace over taffeta with
 a short bolero of tulle, a match-
 ing headdress and wrist length
 mittens and she carried a nose-
 gay of yellow and pink "mums
 and white carnations.
 Mr. Garth Burrill, of Rich-
 mond, was best man, and the ush-
 ers were, Mr. Arnold Picken, of
 Lennoxville, brother of the
 bride and Mr. Connie Pariseau,
 of Richmond.
 Mrs. Picken, mother of the
 bride, was in a dress of blue
 flowered sheer with a matching
 silk coat and she wore a white
 hat and accessories with a cor-
 sage of pink roses.

Waterloo Ballet School Presents Colorful Recital To Packed House

WATERLOO—The sixth annual ballet recital given by the members of the Waterloo School of Ballet was the best yet. This recital, given for two nights before a packed auditorium at the high school, featured splendid dancing as well as beautiful costumes and colorful settings. The ballet mistress, Muriel Steppings, deserves much credit for the commendable performance of her large class, and Geraldine MacIntosh, musical director, proved to be a hard working and most dependable accompanist. Mr. Al Grainger, as master of ceremonies, kept the show running smoothly and on time.

Featured soloists were Ina Chapman, as the Funny Little Clown, Naomi Hanson and Elaine Russell, as a dancing pair to the music of Meyerbeer; Gwen Hayes did well as a Drum Major. Muriel Steppings' two solo groups were greatly appreciated, and Miss Gabrielle Labelle danced Tristesse by Chopin.

Two groups following intermission included Margery Poulin, Doreen Osborne, Simone Godin, Claudette Dufresne, Pat Watkins, Manon Larose, Lorraine Groulx, Marielle Roy, Irene Watts and Jane Young danced to Way Down South. Their second number was Russian Cossacks.

The Hungarian Rhapsody was most charming by Claudette Watkins, Louise Graves, Odile Larose and Martha MacIntosh. The Chinese Dolls dance by Lucette Cote, Juliette Dulude, Jackie Desrochers, Therese Belanger, Francine Casavant and Lise Belanger too was charming. Louise Graves danced Pizzicati by Delibes expertly, while Odile Larose did a novelty dance the Skipping Rope Tap. Maureen Whitehead, Therese Belanger and Juliette Dulude, the Scottish Highland Dance. Claudette

Watkins danced the Gaie Parisienne, while Martha MacIntosh's interpretation of Johann Strauss' Artist Life was exceptionally well done.

Others taking part were Betty Pugh, Jane Darling, Linda Hulet, Jenny Ray, Linda Rydzik, Diane Russell, Serge Guilbeault, Roger Bessette, Jimmy MacIntosh, Serge Cloutier, Guy Cloutier, Yves Roy, Gwen Hayes, Maureen Morris, Carol Young, Susan Page, Betty Page, Patty Pugh, Carol Aitken, Louise Rainville, Diane Reed, Manon Dufresne, Bonnie McColeman, Patsy Fortin, Jo Anne Dalton, Guy Godin, Collette Rainville, Jacques Desrochers, Francoise Larose, Susie Osborne, Diane Chabot, Pat Char-est, Anita Woolley, Elaine Daine, Collette Fullum, Diane Chaplin.

The entire evening's performance was charming and artistically greatly improved over past year's performances. The record crowds greeted each number with a thunderous ovation of approval, and it is certain that next year's recital will again be well patronized on this year's achievement.

C. G. I. T. GROUP

An affiliation ceremony took place between the C. G. I. T. and the Women's Missionary Society of St. Paul's United Church.

Many mothers, friends and members were on hand. Mrs. Norman Moore, Intermediate Leader of the C.G.I.T. welcomed the visitors and a sing song led by Helen Maynes was much enjoyed.

The Mission Band members, under the leadership of Mrs. George Young put on a skit on the Friendship Theme, and the C. G. I. T. staged a play depicting the work done by the groups. Joyce Johnson read a scripture lesson and led in prayer. During the affiliation ceremonies with the W. M. S., Mrs. H. Purdy and Mrs. Walter Arnott represented the Mis-

sionary group. The crests were presented to the C. G. I. T. girls. Audrey Bailey introduced the guest speaker, Mr. S. D. Mitchell of the Caughnawaga Indian Reserve, who gave a very informative talk on the Indian schools, their way of living and their means of livelihood. Heather Grainger thanked the speaker.

Mrs. Moore and Mrs. G. E. Hanson, leader of the Senior Group, were both highly commended for the excellent work they are doing with the C. G. I. T. girls. Rev. Colin West pronounced Benediction to close out a very pleasant evening.

SPRING FESTIVAL

Twelve juniors and three leaders attended the Spring Festival of the Junior Auxiliary of the Anglican Church of the Diocese of Montreal. After a service held in Christ Church Cathedral,

lunch was enjoyed in the Assembly Room of the Anglican House.

Following lunch reports of the year's work were heard and prizes were given to the juniors knitting and sewing throughout the year. First prize was given Janet Chambers for a nightgown, and second prize to Naomi Hanson for a baby's bonnet. Prayer by the Rector of St. Luke's Church, Rev. Paul Busing ended the festival.

Those who attended included, Naomi Hanson, Janet Chambers, Marilyn Blampin, Judy Copping, Judy Darling, Sheila McCracken, Janet Marsh, Nora Streeter, Margaret Stromman, Janice Flood, Monica Busing, Maureen Morris. The leaders were Mrs. Busing, Miss Doris Hanna and Miss Suzanne Busing.

Work Among Cree Indians Explained To St. James Senior W. A. At Bedford

BEDFORD—The closing meeting of St. James' Senior W.A. for the summer months was held in the parish hall, with the president, Mrs. Grisdale Gould, conducting the meeting. The minutes were read by Mrs. Hannibal Sheltus, in the absence of the secretary, Mrs. Sinclair McIntosh.

The treasurer, Mrs. W. B. Bradshaw's report showed a balance of \$150.65. Mrs. Deleuze, thankoffering secretary, received \$12.50, which was forwarded to Montreal. All diocesan dues and appointments amounting to \$224.25 had been paid, and \$51.85 had been spent on Dorcas work, with \$13.50 for hat and boot fund. A letter of thanks was received for the donation of \$15 to the Archbishop Bond Fund.

The matter of sending a girl from the parish, with expenses paid by the W.A. to J.A. camp was discussed, the president was appointed to look into the matter.

The annual meeting of the Deanery of Bedford will be held on Thursday, May 24, at St. Paul's Church, Abbotsford, the meeting opening with the church service at eleven o'clock. Mrs. W. B. Bradshaw is deanery secretary. All members wishing to attend the meeting are asked to call either Mrs. Grisdale Gould, 2539 or Mrs. Sinclair McIntosh, 625, when transportation will be arranged. Mrs. A. Hewett, educational

secretary, then introduced the guest speaker for the evening, Mr. John Bonnard, divinity student at Huron College, London, Ont. Mr. Bonnard came to Canada from his native Switzerland, five years ago. During his holidays, Mr. Bonnard has worked at Big Beaver House in the Diocese of Reewatin, and based his address on his work among the Cree Indians.

The sum of \$75 was voted to assist Mr. Bonnard for his work at Beaver House. Mr. Bonnard thanked the members for their gift, which would be of great help. Mrs. Richard Craighead thanked the speaker for his informative address.

The meeting closed with prayer by Mrs. R. W. Craighead. The hostesses for the evening were Mrs. W. J. White and Mrs. Stanley Johnson.

I.O.D.E. MEETING

The regular meeting of Missisquoi Chapter, I.O.D.E. was held at the home of Mrs. F. E. Best. The meeting was opened by the regent, Mrs. Best, and the minutes were read by the secretary, Miss Nettie Lovering.

The report of the treasurer, Mrs. William Jackson, showed a balance of \$14.65, and the payment of bills amounting to \$60.

Mrs. Richard Craighead, secretary, services at home and abroad, reported that 74 articles had been received during the month of April to be sent to provincial headquarters. Reports of the provincial semi-

annual meeting were read by Miss Lovering and Mrs. L. Ames.

Plans were made to hold a food sale in the United Church hall on Friday afternoon, June 8th, with Mrs. L. Ames in charge.

Mrs. George Wilkinson and Mrs. William Taylor were appointed to look after the purchasing of the contents of the hope chest, the Chapter's summer project, and Mrs. Hannibal Sheltus will purchase the chest.

The National meeting of the I.O.D.E. will be held in Quebec City commencing on May 26th, the Standard Bearer of the Chapter, Mrs. Edward Piche, Sr. was appointed as delegate. A letter was read stating that the semi-annual provincial I.O.D.E. meeting would be held in Hull in October.

The treasurer read a letter from Mrs. D. Mapes, in regard to the work of the Canadian Consumers Association, of which she is the I.O.D.E. representative.

Following the meeting, refreshments were served by the hostess, assisted by Mrs. Kenneth Best, Mrs. William Jackson and Mrs. L. Ames. Tea was poured by Mrs. Hannibal Sheltus, the tea table being centred with a bowl of spring flowers.

Indians Will Be Hosts To Coaticook Tomorrow Night; Tilt Booked For 7:30; Al Cotterell To Hurl Fixture

His Worship Mayor Armand Nadeau will officially open the 1956 baseball season here tomorrow evening when the Sherbrooke Indians will play host to the Coaticook Canadiens at 7:30.

President Roger Caron has extended invitations to Hon. J. S. Bourque, Minister of Lands, Forest and Hydraulic Resources, and Maurice Ganguet, M.P., and they no doubt will form the opening battery with Mayor Nadeau doing the hurling.

Ken Mosdell And Jim MacPherson Optioned Out

MONTREAL — (CP) — Montreal Canadiens announced today they have given Chicago Black Hawks an option on National Hockey League services of centre Ken Mosdell and defence-man Jim MacPherson.

The option is for next season. The terms of option mean that if the Hawks don't want the players for NHL service they must be returned to the Montreal club.

Mosdell is a veteran of 13 seasons in the NHL, all with Canadiens except for the first season — 1941-42 — when he turned professional and played with the old Brooklyn Americans.

MacPherson who hails from Edmonton where he played amateur hockey with the Edmonton Senior Flyers, came up to Canadiens in the 1948-49 season. Last season he played with Montreal Royals of the Quebec Hockey League.

TRACK STORMS

The first widespread network of radar to track hurricanes and tornadoes was established in Texas in 1954.

CONTRASTING AREAS

Scenery in Nigeria in West Africa varies from the dry lands of the north to steaming rain forests in the south.

look of things should be able to hold their own. The Canadiens failed to name any of their starters and it is quite probable that several players will see action. Sherbrooke has had the jump on some of the other clubs as far as practicing is concerned as they have been working out for the past week.

RACING SEASON OPENS TOMORROW AFTERNOON

The long awaited word "GO" will be heard for the first time tomorrow afternoon when the local racing season will officially open. Nine classes are listed on the card starting at 2:00 depending on the weather.

The classes will commence with a three-quarter of a mile dash while the final heat of each will be a mile event. The Ninth race is a one-dash fixture with the contestants going the full distance, a mile. The reason for this is because the majority of the horses are not yet in top condition and it was decided to run a short dash instead of two mile heats.

It will be hard to pick the winner for tomorrow since it is the first time and upsets should be the rule of the day. We figure that the times will be kind of slow but it should be pretty even all around as the majority of the horses are about in the same condition. No doubt some one will pull through to upset the records.

Starting tomorrow the executive of the Sherbrooke Racing Club will give away a TV set and we understand that they intend to do the same every Sunday throughout the season. This should send somebody home happy.

Several new stables have reported in this week and from the look of things there should be plenty of good horses around for the future. Dr. Chas Taylor of Ayer's Cliff is supposed to be in very shortly with a strong string of trotters and pacers. Dr. was hurt last year and we understand that he is feeling fit once again and ready for another year of racing. His return will no doubt be welcome news to local fans. So don't forget the opener tomorrow.

Tennis players of the City of Sherbrooke are being given a wonderful opportunity of learning the proper fundamentals of the sport from one who knows what it is all about, Bob Bedard. Starting Monday evening, Bob will give special classes to anyone interested in learning the game.

All pupils have until tomorrow to fill in their special forms, which can be obtained from the grounds keepers at City Parks where there are tennis courts. These clinics are free and are made available through the O.T.J. of which Bob Bedard is Sports Director. They will run until July 1 when Bob leaves to resume his Davis Cup activities.

Entries for the 14th annual Sherbrooke Y's Men's Club Track and Field Meet must be in the mail today if they wish to compete in the event next Saturday at the Parade Grounds, or in other words, today is the deadline.

The club completed the final arrangements this week at their regular meeting and the list of officials was released. They are looking for a bumper crowd and we wouldn't be surprised if a new record is set. One more class has been added, the Pee Wees, and this will help to bolster the entry list.

Another big factor is that the meet will be run under the sponsorship of the Amateur Athletic Union of Canada for the first time. This will make a change in the ages so don't forget to consult the "big book." Eight trophies will be at stake for the boys to shoot at.

See where Montreal Canadiens have given Chicago Black Hawks an option on Ken Mosdell and Jim MacPherson for next season. Mosdell has been with the Canadiens for 13 seasons while MacPherson played with the Royals last year. No doubt the world champions are thinking of bringing up more of their young talent and are making room. Frank Selke said that the Canucks wouldn't remain idle and from the look of things he is living up to his statement.

Doug Smith, the radio voice of the Montreal Alouettes, will be the guest speaker at the Sherbrooke Athletics Reunion banquet which will be held at the Hotel Sherbrooke next month, June 7. Doug is very well known to sport fans throughout Quebec through Dow Brewery's "Big Time on Sport."

The committee aims to make this reunion an annual event and would like to have all former players attend. They aim to have one from each team over the period since the club was founded back in 1927 on hand. So boys don't forget to set aside Thursday, June 7 for this special event. Tickets can be had by contacting Harry Blue and Jim Strickland.

If Nashua can come through a winner in today's \$30,000-added Camden Handicap at Garden State Park he will accomplish two things. First, he will earn himself a rest from racing, and will be retired to stud. Second, he will become the top money-winning horse of all-time.

He's \$8,145 shy of Citation's record of \$1,085,760 but with a victory today he will be well over the mark, leaving him in a class by himself. Another big factor in retiring him is the top weight he is assigned each time he races. The officer he wins, the heavier weight he draws and no doubt Leslie Combs' group are beginning to worry about their investment and figure it is about time to get a little back through the sale of a line of Nashua's offsprings.

The official opening of the City Parks will take place tomorrow afternoon at Dufresne Park with the first horse show of the season. The Sherbrooke Saddle and Bridle Club, in keeping with the past, will sponsor the event.

Mike Minogue, one of the Province's well known all-around horsemen, will act as the judge for the event. Seventeen classes are on the program and will comprise all types of horses. Bud Howard will be the ringmaster, while Frank Gravel will be in charge of the hitching ring and Bob Choquette will attend to the jumps. Dr. L. A. Gendreau will attend to the announcing.

Entries are expected from Waterloo and Foster, as well as all the local horses. It will be a ribbon show and should be a good one. It will be a warm-up for the horse owners in preparation for the coming season. The first class is slated for 1:00 and the fans should be in for a very enjoyable afternoon, providing of course the "Weatherman" co-operates.

Just a note to those dyed-in-the-wool curlers. Today is the deadline for entries for the Canada Paper Curling Club Summer Bonspiel. Anyone interested in competing in the event can contact Art Smeltzer by calling Windsor 92, local 237 or 316.

Today's Preakness seems to be sifted down to a two-horse duel between Fabius and Needles with the rest going along just for the run. The Calumet Farm's entry is the only one considered able to give the Kentucky Derby winner a battle.

In a horse race, anything can happen. Many a time we have seen the favorite upset by a rank outsider, and don't forget that the Preakness is a sixteenth shorter than the "Run of Roses". The field is reduced to eight and this should help Needles when he starts his usual drive from the end of the line. Regardless, Needles is still the favorite.

Russia Picks Field Hockey Team For Games

LONDON — (AP) — Russia has picked two national field hockey teams and one of them is expected to compete in the Olympic Games in Melbourne in November, Moscow radio announced Friday.

Most of the players, who will be challenging the domination of the Netherlands, India and Britain in field hockey, are bandy hockey players during the winter months. Bandy is a hockey game played on ice.

The Indian national team is expected in Russia soon for matches.

Field hockey in Russia is only a few years old. Nine teams competed last year but several dozen are in action this year in Moscow, Leningrad, Tallin, Sverdlovsk, Voronezh and Archangel.

Final Plans For 14th Annual Y's Men's Meet Are Completed; To Be Held Under AAU; New Age Limits

Final arrangements have been made for the 14th Annual Eastern Townships Interscholastic Track Meet, sponsored by the Sherbrooke Y's Men's Club, to be held on May 26 at the local parade grounds on Queen Boulevard.

This year will mark the first time that the meet is run under the track and field rules authorized by the Amateur Athletic Union of Canada. In keeping with the regulations of the Union there is a reshuffle in the age classifications with a new "Pee Wee" class being added. Some 500 entries are expected this year, an increase of as much as 20 per cent over last year.

Age classifications are senior — under 20; juveniles — under 18; midget — under 16 and bantam — under 14. There will also be an open age class for those over 20.

Trophies offered to the winners will be the Sherbrooke Auto Electric Trophy; the City of Sherbrooke Athletic Commission Trophy; The Skinner Trophy; the Sherbrooke General Sports Commission Trophy; Sam Abbott Trophy; Inspector J. H. Hunter Trophy; Syd Hart Trophy and the J. S. Mitchell and Co. Trophy.

Officials of the meet are as follows: field marshal, Ken Jackson, assisted by G. Ross; secretary, K. Strew; treasurer, R. Chadsey; entries, K. Strew; field table, K. Strew; J. Masters and R. Chadsey; trophies, H. Evans; field equipment, A. MacLean; field paddock, H. Evans; timers, J. Atto, G. Reed, J. Strickland and A. MacLean; judges, R. Chadsey, T. Duggan, C. Abdallah and H. Hillard; starter, E. Fidler; assistant to starter, C. Lamb and assistant to G. Ross in field events, M. Buzzell.

Other officials are broad jump, A. Ashton and D. Sanders; high jump — No. 1 pit, D. Lynn and R. Hunting; high-jump — No. 2 pit, J. Mathias and M. Bradshaw; pole vault, J. Mathias and M. Bradshaw; shot put, G. Whately; javelin, G. Ross and M. Buzzell and discus, R. Hunting.

In charge of the Y's Men's tag sale will be J. Mathias. The concession stand will be handled by W. Emslie, J. Maysenhoelder and H. Ward while N. Pye will be in charge of electrical installations. The announcer will be J. Masters; the press J. Strickland and the program organizers are E. Bryant and J. Masters.

Mantle And Berra Combine To Move Yankees 2 1/2 Games In Front In A L; Brooklyn Unbeaten String Snapped

You can love those New York Yankees or hate 'em, but you've got to look upon Mickey Mantle and Yogi Berra as the best one-two-punch in baseball—the bread-and-butter guys for ol' Casey Stengel.

Mickey and Yogi have the look of the old Yankee window-busters, the nearest thing, perhaps, to the Babe Ruth-Lou Gehrig punch that chilled the American League in the late 1920's and early '30s.

Mantle, only 24, leads the AL with 15 homers, 45 hits and .409 batting average at the moment. The only big department he doesn't lead is runs-batted-in. Yogi has the edge in that one with 33 to Mantle's 32. Berra's the AL runnerup in hits (4) and home runs (12) with a .357 batting average.

The power-partners put those statistics to work again Friday night as the Yankees, scooting into a 2 1/2 game lead in the AL, outlasted Chicago White Sox 8-7 in 10 innings. Second place Cleveland dropped an 11-inning hassle with Washington 5-4. The Boston Red Sox, handing Kansas City a fifth straight defeat 5-4, took over third place from Chicago by a half game.

In an afternoon game, Detroit defeated Baltimore 3-2.

In the National, free-swinging Cincinnati put an end to Brooklyn's six-game winning streak 7-6 in 10 innings. Philadelphia, behind Curt Simmons' three-hitter, side-tracked the St. Louis Cardinals 4-2. And the Chicago Cubs topped Pittsburgh 3-2. Threatening weather postponed Milwaukee at New York.

Mantle and Berra each had four hits against the White Sox, and each drove in three runs. Mantle belted a pair of homers one left-handed, the other right-handed—and for what it's worth, styled 13 games ahead of Ruth's pace in his 60-homer season. Berra homered in the third after Mantle had walked. In the fifth, Mantle homered off starter Billy Pierce. In the seventh, Mantle doubled and Berra singled him home. Mantle

Channel 8 To Carry Monday Night Fights

POLAND SPRING, Me., A second night of feature boxing bouts has been added to the Mt. Washington TV schedule with the start of a series of fights from St. Nick's Arena in New York on Channel 8, Monday, May 21.

WMTW Program Director John T. Madigan announced that fight fans will now be able to view two major boxing programs a week on the Mt. Washington Channel, Monday and Wednesday at 10:00 p.m.

"Inauguration of the Monday Night Boxing card," he said, "is another step in the stations continuing efforts to build an outstanding sports schedule."

The first of the Monday Night Fights, May 21, from St. Nick's will feature former heavyweight champion Ezzard Charles meeting Wayne Bethea of the Bronx, New York, in a ten rounder.

Kiwanis Club To Hold Workout At Parade Grounds

Manager Syd Hart of the Kiwanis sponsored Senators in the Sherbrooke-Lenoxxville Little League has called a practice at the Parade Grounds for Tuesday evening.

All boys between the ages 9 and 13 years are invited to try-out for the club. The workout has been called for 6:30 and the youngsters are asked to be on hand early.

Anyone desiring to play can contact Manager Hart by calling 2-9393 and give their names. The practice is open to anyone, not connected with any team at present.

Royals Rally To Beat Wings, Grab 1st Place

A two-week push, during which they won 11 games while dropping only two, has boosted the defending champion Montreal Royals into a familiar spot — first place in the International League.

Royals made it to the top Friday night by rallying to defeat Rochester Red Wings 7-6 in the opener of a key week-end series at Montreal. The teams resumed the set today with Montreal one game in front with a 21-11 mark to 19-11 for Red Wings, who have set the pace most of the season.

It was another 1 1/2 games back to the third-place Toronto Maple Leafs, who dropped a 13-inning marathon to Buffalo, 5-4. In other results, Miami made it three in a row with a 3-1 decision over Richmond and Havana defeated Columbus 6-2.

George Anderson and Rocky Nelson, running one-two in the league batting race, swung the top bats in Montreal's victory. Anderson had a single and triple to increase his average to a tidy .433. Nelson, hitting at .394, weighed in with a two-run homer during a four-run outburst in the seventh inning that wiped out a 5-2 Rochester lead. Bob Walz, the second of four Montreal pitchers, was the winner over Rochester's Jack Fasholz.

Old Satchel Paige eased in from the Miami bullpen to retire the last six batters and protect 20-year-old Don Cardwell's victory over Virginians.

All Buffalo runs were unearned in Bisons' victory. Four were scored in the ninth after left hander Eddie Blake had pitched a one-hit shutout for the first eight innings. Johnny Blatnik's squeeze bunt, following a single, a stolen base and an error, chased home the winning run in the 13th.

Oscar Sierra's three-run homer, a blast that travelled 430 feet, helped Carrado Bracho to his first victory of the season for Sugar Kings.

Sugar Ray Beats Bobo 4th Time, Took Two Minutes Longer This Trip Both Purses Held By Legal Action

LOS ANGELES — (AP) — Take the word of Carl (Bobo) Olson, the lightning left of middleweight champion Sugar Ray Robinson strikes twice.

Olson, the former champion from San Francisco, lasted just six minutes longer against the dancing dandy from New York's Harlem Friday night than he did in Chicago last Dec. 9.

A left hook put him to sleep for the full count and more at 2:51 of the fourth round in their title bout. The last time they met the end came at exactly the same time in round No. 2.

The 35-year-old Robinson apologized jokingly for not having had time to prove his legs still were in shape to go the full 15 rounds.

Pay days for both the winner and the loser were forestalled by legal action. Olson's estranged wife obtained a court order to tie up his share and the U. S. government slapped an income tax lien against the champion's take.

Approximately 20,000 paid an estimated gross gate of \$200,000 for a California record.

Following the televised twi-light affair, co-manager Joe Gasser said Sugar Ray now will go after the light-heavyweight title. It was the general understanding he might do so if the current title holder, Archie Moore, graduates fully to the heavyweight division.

There also is talk of a bout here with the local boxofficer magnet, welterweight Art Aragon, and another possibility is that former welterweight champion Carmen Basilio will be next. Probably Robinson will cash in quickly on personal appearances.

Bobo Olson no longer was mentioned. He still doesn't remember what hit him.

"I never saw the punch and never heard the referee count to 10," the dazed fighter said in his dressing room. "All I know is that when I got up, I saw all the people standing."

For the edification of sports writers, Robinson said: "I set him up with a right to the body and the knockout punch was the left hook to the jaw. I hit him good."

Olson took the blow flush on the chin and collapsed backward. About the count of seven, his eyes still glared, Bobo rolled over and tried to get up. He didn't come close to making it.

Before the bout, the champion declared, "I'm gunning for a fast knockout."

He went about his business that way and Olson's strategy was to keep close, trying to wear down the man eight years his senior. Robinson didn't appear worried and during a second-round clinch he half waved to his wife, Edna, at ringside.

Bobo actually thought he was getting stronger and Robinson weaker as they went into the fourth round with the champion leading on points.

"I was trying harder, then whom?"

This was the fourth victory for Ray in their personal feud. Bobo has drawn a blank.

Both boxers said they weren't aware of moves to attach their purses. The two boards of strategy hadn't wanted their men upset prior to the battle.

Olson's estranged wife, Helen, obtained a court order to tie up his earnings pending settlement of their marital fight.

The internal revenue department said Robinson owed \$89.

Sugar Ray Robinson

\$81.91 in back income taxes. This represented claims disallowed in Ray's returns for the years 1944 through 1949 and 1953.

"I know I owe it, just let me pay it," was the champion's comment.

CARS ARE MY LINE

by: Thomas H. Fox

Almost everyone can remember the days when the standard color for automobiles was black. You expected a car to be black just as refrigerators today are white. Twenty years ago, black was the color of 75 per cent of the cars made; today only 10 per cent of our cars are black.

Livelier shades on automobile bodies only became practical in 1939 when the development of titanium and cadmium increased the durability of auto paint by 400 per cent.

Now that almost any shade of exterior finish is possible, psychologists are starting to develop theories about automobile colors—and I'll pass them along for what they're worth. You can try them out on your own car, or on the cars at our lot.

First of all, two-tone color jobs are supposed to make a car look longer and lower. Colors at the red end of the spectrum make a car look bigger, the psychologists say, while colors at the blue end make it look smaller. At the same time they say that dark colors make a car look larger and lighter.

Where this leaves a car that's dark red or light blue, I haven't the foggiest idea. Since according to these theories they would be both heavier and lighter at the same time.

The durability of car paints that came with the application of titanium and cadmium has been a great boon to the used car buyer, as anyone can see by looking at the colorful display on our lot here at Foxbrooke Motors. That showroom shine lasts a lot longer these days, and especially on cars that have been given reasonable care. That's the kind we buy, and the kind we sell.

Average golfers invariably err by choosing clubs entirely too heavy.

This requires that they bring useless muscles into play in order to handle the club with the dexterity of better players.

Even worse, they tighten the grip on the club with an effort to command it the way they mistakenly think a club should be handled. While the average golfer may secretly prefer a woman's club, out of vanity he persists in using clubs better suited to a lumberjack. Unless he plays a great deal, he should choose clubs that are lighter than standard.

The grip should be small enough so that he can maintain 100 per cent authority over them with the fingers. Hands vary as much in size as feet.

For material, I prefer the rubber all-weather grip. The shaft of my driver is medium stiff, has a D-1 swing weight. Yours should be no stronger. The T-shaft is designed specifically for the needs of the majority.

I prefer a mallet-head putter for slow greens; a blade for fast. I do not follow the line of thought that changing putters will harm your stroke.

A player with a good stroke can put with anything from a mop to a toothpick. (NEA).

Sherbrooke Racing Club To Open Sunday; Nine Races On Program

TV Set To Be Given Away; Four Doubles And One Single On Card; Ubald Lahaie Named Presiding Judge

Thirty-nine horses have been picked as starters in Sunday's opener of the Sherbrooke Racing Club at the local track, announced Alberic Cloutier, racing secretary, yesterday. The first race of the nine-race program is slated to commence at 2:00.

A total of forty-six horses were eligible, or declared ready by their owners, and the others will start most likely on Wednesday's card. The executive announced that a TV set will be drawn each Sunday and all the fans attending will be given an opportunity of winning it.

All races Sunday with the exception of the Ninth event will be two heats. The first will be a three-quarter of a mile dash with the second heat a mile event. This was decided by the committee owing to the fact that some of the horses are not as yet in top shape.

The Club announced that Ubald Lahaie will be back as presiding judge with J. B. Thibault and Len O'Donnell as assistants. Two new patrol judges have been named while Roger Roberge will be back in the same capacity, paddock judge. Only drivers will be allowed in the paddock this year and a new fence has been built to close off the special circle.

L. R. Huckins of Derby Line, Vt., has arrived at the track with his seven-horse string ready for the opener. Jeanne All, Pay Mack, with marks of 2.11, 2.05 respectively along with Maryland Queen, who has been put on the

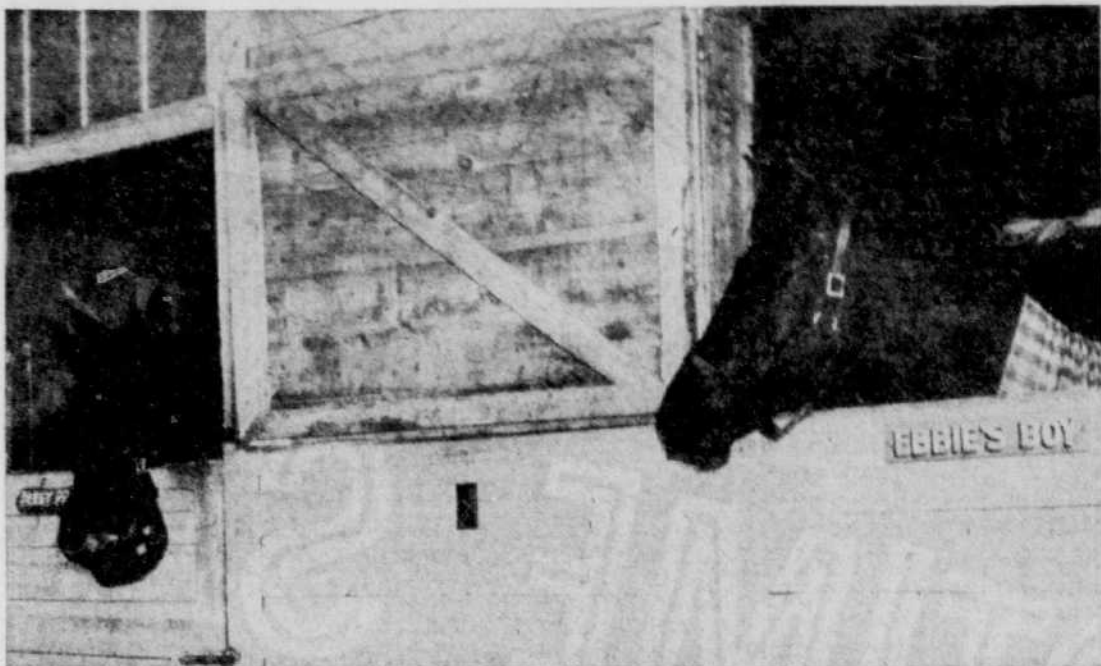

trot this year comprise the big cards in the American stable. Janie B and Lady Brooke C are the pacers while two young colts, Beau Wyn and Friday the Second, will be making their debut.

In Sunday's opener the railbirds have picked Calumet Suzan, Captain Brady, Newport Bruce, Maryland Lady and Joseph Renown as the favorites but tough opposition can be expected from any of the starters. Several new horses are listed in the field and upsets may be the order of the day.

Kentucky Derby Winner Needles Tries For Preakness Against Eight Other Three-Year-Olds; Out To Win Triple

BALTIMORE — (AP) — Needles, a Florida character with flying feet, will try for a repeat of his Derby win today against eight other three-year-olds in the 80th running of Pimlico's famed Preakness.

It's one down and two to go for the temperamental Needles, who roared from behind two weeks ago and won going away in the Derby.

The handsome son of Ponder-Noodle Soup will have his work cut out in the mile-and-three sixteenths Preakness, one-sixteenth shorter than the Derby.

If he can catch Calumet's speedy Fabius and win, chances are Needles will become the ninth triple-crown winner in history.

The \$100,000-added Belmont over the tough mile-and-one-half route at New York June 16 seems to be right up Needles' alley.

No horse has been able to make the triple grand slam since Calumet Farm's Citation, sire of Fabius, did it in 1948.

The Preakness, Maryland's most famous race, carries \$100,000 in added money, and with nine starters the jackpot will gross \$132,800.

There was one mild surprise when the entry box closed Friday. Trainer Abelard (French) Lamoureux named both Ratheram and Fleet Pect as the H. C. Freuhauf Entry. They said earlier only Ratheram would go.

The first four home in the Kentucky Derby, and the seventh to finish in the Churchill Downs

classic, will join in the Maryland merry-go-round.

In addition to Fabius, who carved out a swift Derby pace only to be beaten three-quarters of a length, they are: Mrs. Helen W. Kellogg's Come On Red; Dino Lozzi's Count Chit, fourth; and W. E. Britt's No Regrets, seventh.

Two invaders from New York, Danny Arnstein's Eiffel Blue, and the Winding Way farm's unpredictable Gold Ace, complete the lineup for the race, set for 6:45 p.m. ADT, post.

Needles was listed as the even money favorite, but it wouldn't be a surprise if he dropped to 4 to 5 by post time. Fabius, who will be trying to grab a fifth Preakness for Calumet, is the 3 to 1 second choice, with Count Chic and Come On Red both 8 to 1.

The weatherman said it will be cloudy and mild with a chance of some showers.

Fire Destroys Twelve Horses At Quebec City

Quebec — (CP) — A dozen race horses were destroyed Friday in a two-alarm blaze that swept through a stable on the provincial exposition grounds in the north end of the city. All were owned by Quebecers.

One horse owner, Edmond Deschenes, suffered face and hand burns while attempting to save some of the animals. He was taken to hospital.

The stable housed about 15 horses, pacers and trotters.

Origin of the blaze, which broke out shortly before noon, was not immediately known. Damage was unofficially estimated at \$20,000.

Exercise Boy Killed When Horse Rears

TORONTO — (CP) — Daniel W. Morley, 28, an exercise boy, was killed Friday at suburban Long Branch racetrack when a horse he was riding pitched him headlong into the outer rail of the track.

Witnesses said Morley had

Saratoga Raceway To Have Winner's Circle For First Time This Year; Horses Arriving In Large Numbers

SARATOGA SPRINGS—Saratoga Raceway will have an actual winner's circle for the first time this year.

Actually, it won't be circular, but it will be a special area set aside for the photographing of winners and trophy presentations.

Now being built, the so-called circle will dip slightly into the spectators' side of the track. It is being located a short distance past the finish line at the junction of the grandstand and clubhouse areas. It will have access gates to each section.

The area will be set off by a white picket fence and will be decorated with flowers.

The Raceway opens its 69-night summer meet June 7.

The Spa standardbred population, now past the 300 mark, continues to grow.

Arriving early this week were the 13-horse George and Frank Tingley Stable from Afton, the 6-horse Cecil Richards string from Syracuse and four mem-

bers of the Roland Beaulieu Stable, checking in from Orlando Fla.

Beaulieu, the Maine reinsman who is slated to race at the Spa for the first time, was due shortly with four other charges after a stop-over at Pinehurst, N.C.

Two horses owned by Charles D. Bancroft of Hadley have arrived from Chatham and have joined the Tingley Stable.

George Moulton, the 81-year-old reinsman who died in near-by Cambridge three weeks ago, scored perhaps the most sparkling victory of his driving career when he was 79. In August, 1954, he reined Michael Holowczak's Red Hook, N.Y., pacer, Frisco Rebel, to victory at Saratoga Raceway in 2:02 4/5. Apart from Grand Circuit week, it was the fastest mile of that season over the Spa half-mile track. Known as a kind, patient trainer, Moulton was a veteran of county fair racing days in northern and eastern New York, Vermont and other New England states.
