VARIOUS ISSUES WERE DISCUSSED BY HOUE AT POLITICAL MEETING

Jewish School Question Formed Prominent Part of Address of Provincial Opposition Leader in Opening Bye-Election Campaign Yesterday—Launched Attack Against Premier Taschereau and His Government—Claims Natural Resources of Province Being Sold to Outside Interests.

MONTREAL, Oct. 13.—The Jewish school question formed a prominent part of the address of Camille Houe, Mayor of Montreal and leader of the Opposition in the Provincial House, delivered here yesterday and officially opening the coming bye-elections for the Provincial Legislature.

Speaking before a crowd of 6,000 people at an open-air meeting, the Conservative leader observed that possibly the Council of Public Instruction might be better qualified to deal with such a problem than Premier Taschereau.

In opening his address, Mr. Houe endorsed the candidature of Armand Lamy, chosen by a Conservative convention before the meeting, to represent the Opposition forces in the bye-election in Maskinonge. Mr. Lamy, who was defeated in the general elections of 1923, briefly outlined his belief that the agriculturists needed a champion, especially in his district. He said, however, that he would not definitely accept the nomination without a few days' consideration.

The Provincial leader reiterated charges that Premier Taschereau and his Government were "selling the natural resources of the province" to outside interests, and that Mr. Taschereau was guilty of negligence in losing a part of Labrador to Newfoundland. "The loss of that territory indicates a negligence on the part of us all," said Mr. Houe, adding that the Premier must be saddled with the greater responsibility.

Mayor Houe also deplored the lack of a single French-Canadian at the head of a great public utility or pulp and paper business, and declared that with proper stewardship or Provincial life and affairs this need not be.

POLICIES OF TASCHEREAU GOVERNMENT WERE UPHELD

STE. AGATHE, Oct. 13.—Elements in the population which set one race against another for political purposes, and those who sit idly by when they might relieve the situation, will one day have to bear the responsibility of their error, Hon. L. Athanas David, Provincial Secretary in the Taschereau Government, declared at a large meeting held in the town hall here yesterday. Though no specific reference was made it was understood the Minister was commenting upon developments in the political field as a result of the Montreal Jewish school legislation.

Hon. Mr. David made it plain that he is not afraid of criticism on any question over which he has reasoned and on which he has acted. He had a few words to say about people who wave the flag of patriotism and abuse the title of patriot also for ulterior motives, and who, not wishing for accomplishments of their own, do their best by such means to prevent others from keeping politics clean.

Defence of the policies of the Taschereau Government constituted part of his speech, he spoke of the surpluses achieved from year to year, but pointed out also that where the surpluses had exceeded another, so had the appropriations of the Government to works of all kinds for the welfare of the people, for instance, appropriations under the once-criticized public assistance law.

THE WEATHER

FAIR; NOT MUCH CHANGE IN TEMPERATURE

The weather has been fair and warm from Ontario eastward and cool throughout the West, with light to moderate showers in Manitoba and some parts of Saskatchewan. A trough of low pressure extends southward from Hudson Bay, while high pressure and somewhat cooler weather is approaching the Great Lakes from the westward. High pressure covers the Lower Lakes and the North Atlantic States.

Forecast: Fair, with not much change in temperature, today and most of Tuesday.

Northern New England: Partly cloudy tonight; not quite so cool in New Hampshire and Vermont. Tuesday: Increasing cloudiness; gentle to moderate northwest and west winds.

Temperature yesterday: Maximum 82, minimum 40.

Same day last year: Maximum 60, minimum 25.

DARING AVIATORS ARE RESTING TODAY

LONDON, Oct. 13.—Captain J. Erroll Boyd and Lieut. Harry P. Connor, aviators who have just completed a flight from Harbor Grace to Croydon in the aeroplane Columbia, are resting here after their arduous trip across the Atlantic. They say that they are still undecided whether to fly to Australia.

RESPIRATOR FAILED TO MAINTAIN LIFE OF MAN

Grand Rapids Dentist Passed Away in Detroit Hospital After Twenty-Four Hours' Fight Against Paralysis.

DETROIT, Mich., Oct. 13.—Dr. Frederick Haan, thirty, dentist of Grand Rapids, died today in the so-called "metal lung" respirator apparatus at Herman Kiefer Hospital, where he had been kept alive nearly twenty-four hours by artificial respiration.

Dr. Haan was brought here from Grand Rapids in a paralyzed condition which prevented natural breathing. The respirator used is similar to that which attracted wide attention in Chicago, where it was used in the case of a young nurse.

PETTY THIEVES WORRY TORONTO POLICE FORCE

Despite Fact that Toronto Police-men Are Doing Double Duty, Minor Hold-Ups and Break-Ins Continue Throughout City.

TORONTO, Ont., October 13.—Although no crime of major importance were reported here over the week-end, minor holdups and break-ins continue unabated, despite the fact that many of the police constables are doing double duty.

Heirlooms, valuable jewelry and clothing were stolen from the home of Senator James Spence, K.C., by robbers who, it is believed, used an automobile to transport their loot. Senator Spence and his family were visiting friends over the week-end. On their return they found their home had been thoroughly ransacked from top to bottom by thieves, who apparently overlooked nothing of value. The robbers gained entrance to the house by smashing in a basement window.

A somewhat similar entrance to a candy store was made by robbers who carried away a "baby safe" containing \$200 in currency. The store's small change apparently, for when the safe was found in a lane a few blocks away nearly two dollars in silver remained. The thugs took the bottom out of the safe with a pick axe.

The only hold-up reported netted a bandit twenty-five dollars. He held up a delivery boy in a lane, first presenting him with his card which read: "Don't holler, I have you covered from my pocket."

BRAZIL AFFAIR IS OUTCOME OF LONG CAMPAIGN

Present Revolution Not Movement of Working Class Ambitions to Gain Social Control, But a Violent Outburst Which Started at Beginning of Republic.

MONTEVIDEO, Uruguay, Oct. 13.—The Brazilian revolution is not a movement of the working classes ambitious to gain social control. It is a violent outburst, after a long campaign, started at the beginning of the republic, to renovate the social and political condition of Brazil.

In the beginning Brazil passed abruptly from the strict unity into untested republican federalism, for which neither the people nor its leaders were prepared.

It was here that originated the political and administrative oligarchy that has ruled the country for the past forty years. There was no alternative but the revolution.

In the revolutionary ranks there are three former presidents of the republic, several former state governors, former senators, former deputies and almost the entire government of three great states, Rio de Grande do Sul, Minas Geraes and Parahyba.

In the latter states, the movement includes the state presidents, senators and deputies.

In addition it has the support of ninety per cent. of the whole population, which is entirely divorced from its political leaders.

PARIS, October 13.—Alexander Harrison, of Philadelphia, one of the most noted United States painters, died here today after a long illness in his Paris studio. He was sixty-seven years old.

EXPLANATION WAS GIVEN BY BRITISH GOVT.

Informed Heads of Dominion Delegations that Where Britain Imposes Customs Tariffs Carrying Empire Preference She Is Prepared to Retain British Preference.

LONDON, Oct. 13.—The British Government today informed the heads of Dominion delegations to the Imperial Conference that where Britain imposes customs tariffs carrying an Empire preference (as in the case of the McKenna duties) she is prepared to retain the British preference.

This, it is intimated in British circles, does not imply that the Labor Government gives a pledge to maintain the duties carrying British preference. If any such duties are repealed the preferences would go overboard with them, but where there is no repeal of the existing general tariff, then the British preference will be continued.

HEAVY DAMAGE RESULTED FROM SEVERE STORM

City of Lisbon, Portugal, Today Drying Out After Heavy Rain Storm Which Tied Up Activities Throughout City.

LISBON, PORTUGAL, October 13.—The city was drying out today after one of the worst storms of the last decade Saturday, during which from top to bottom by a depth of six feet. A thunderstorm unleashed such a downpour that streets and sewers were unable to take care of the water and all activity was brought abruptly to a standstill which lasted for hours.

High winds ripped off roofs, leveled trees, and toppled telegraph poles. A number of persons were hit by falling tiles and were injured. Lightning and telephone services were disrupted, and all cable and telephone connections with Spain and the outside world were lost. Vaults of the Bank of Portugal were damaged.

INCREASE PREDICTED IN THIS YEAR'S POTATO CROP

Estimate of Yields for Canada Made by Dominion Bureau of Statistics—Figures Given for Provinces.

OTTAWA, Oct. 13.—Canada will produce 45,262,000 hundredweight of potatoes this year, according to a forecast made by the Dominion Bureau of Statistics. Last year Canada's crop was 39,930,000 cwt.

The estimate by provinces this year, with last year's crop in brackets, follows: Prince Edward Island, 4,652,000 cwt., (3,820,000); Nova Scotia, 3,164,000, (2,872,000); New Brunswick, 5,176,000 (4,646,000); Quebec, 14,314,000, (15,429,000); Ontario, 9,524,000, (8,484,000); Manitoba, 2,355,000, (1,161,000); Saskatchewan, 2,845,000, (1,149,000); Alberta, 1,862,000, (1,022,000); and British Columbia, 1,427,000, (1,347,000).

PROHIBITION NOT LIKELY TO BE GREAT ISSUE IN U.S. ELECTIONS

Democrats and Republicans Divided on This Question, But It Is a Hot Point of Controversy in Various States—November 4 Will See All Congressmen and One-Third of Senators Elected—Hoover's Law Enforcement Commission at Present in Session in Washington.

WASHINGTON, D.C., Oct. 13.—Discussion of prohibition which began in the United States before anybody now alive was born, and which will continue, apparently, as long as anybody lives in this country, is crescendoing this week and will not diminish until after the election of November 4. If then prohibition is not a national issue in the campaign which will see all the congressmen and one-third of the senators elected, because democrats and republicans are divided upon the question, but it is a hot point of controversy in various states.

Observers in Washington admit they are quite unable to say whether the sentiment of the country as a whole is changing either one way or the other, but they do express the opinion that so far as the authorities are concerned, a dozen years after its inception prohibition for the first time is being considered with a degree of calm.

President Hoover's law enforcement commission at present in session here, may report on prohibition to congress in December. Chairman George H. Wickersham said a few days ago "if prohibition proves unenforceable this commission should say so." This statement, he added, was merely an expression of personal opinion. The commission, while it is known to be studying the question, may decide not to report on what the president has called "a noble experiment." It may report that enforcement would be impossible, its opinion would be merely advisory.

MAY CONSTRUCT MODERN ROADS IN WILDERNESS

Planned to Have System of Modern Roads Built in Northwest Frontier Province in Order to Permit Speedy Penetration When Necessary of Territory Belonging to Afridi Tribesmen.

SIMLA, India, Oct. 13.—Construction of an extensive system of modern roads through the wild and mountainous territory in the north-west frontier province, in order to permit speedy penetration when necessary of territory belonging to the fierce Afridi tribesmen, was foreshadowed in an official communication issued here.

The communication states that the British are still leaders among the Afridis who are attempting to foment trouble with British authorities and that the present situation cannot be considered normal despite absence recently of reports of serious engagements.

COL. G. S. RENNIE, HAMILTON EAST MEMBER, DEAD

Was an Outstanding Personage in Medical and Military Life of Hamilton—Was Taken Ill Last Week With Pneumonia.

HAMILTON, Ont., Oct. 13.—Active in the public life of this city for many years and representative for the riding of Hamilton East in the House of Commons, Col. Dr. George S. Rennie, C.M.G., died in the General Hospital early this morning following an attack of pneumonia.

Col. Rennie, who held the position of chief coroner, and was an outstanding personage in the medical and military life of the city, was taken ill early last week, his condition became serious on Friday when he was removed to the hospital. Over the week-end he grew steadily worse and died at 3.55 o'clock this morning.

LITTLE PROPERTY DAMAGE IS REPORTED IN BRAZIL

Toronto Reports Indicate that Brazilian Traction Company Has Not Suffered Damage as Result of Rebellion.

TORONTO, Ont., Oct. 13.—Commenting on the upheaval prevailing in Brazil at the present time, Sir John Aird, president of the Canadian Bank of Commerce and a director of Brazilian Traction, Light and Power Company, stated that according to reports received by the head office of the Traction company no serious property damage has been done any place in the republic, and that none at all has been done to the plant and property of Brazilian.

BERLIN, Oct. 13.—Encouraged by reports of an international loan to Germany of \$125,000,000, the market opened stronger today and some stocks gained up to three points, with a few specialties going four.

HEAVY CASUALTIES IN CHINESE WAR

NANKING, China, Oct. 13.—President Chiang Kai Shek, speaking at the National Government office today, said that in the recent revolt the total of the rebel armies was 600,000 and that they suffered 150,000 casualties. He said the Nationalist armies lost 35,000 killed and 60,000 wounded.

BUNKER FIRE THREATENED ICE-BREAKER AT QUEBEC

Two Hour Fight Necessary Before Blaze on Mikula Was Extinguished.

QUEBEC, Oct. 13.—Fire breaking out in the bunkers of the Mikula, an ice-breaker stationed at her wharf here, threatened the ship with destruction early Saturday and was put under control only after two hours of strenuous fight with the flames.

It was thought for a while that the ship would have to be taken out of the harbor to prevent a general conflagration. The blaze, however, was extinguished shortly after. Damage has not yet been estimated.

THREE FIREMEN ESCAPED FROM BURNING ROOF

Early Morning Outbreak in Toronto Had Almost Tragic Ending as Blaze Surrounded Fire Fighters.

TORONTO, Ont., Oct. 13.—A spectacular downtown fire which illuminated the surrounding district for blocks, three firemen trapped on the roof of the burning building and the turning in of a double alarm provided early risers "with an unlooked for thrill here this morning."

The trio cornered on the roof by the rapidly spreading flames were Firemen McCaul, Evans and Woolley. They had rushed up the stairs of the Toronto Waste Paper Company's section of the building to direct a hose on the flames which were then sweeping through the Magic White Company's section, but the flames spread so rapidly to the Waste Company's premises the men never had a chance to descend safely down the stairway and for a few minutes their position appeared hopeless as no ladder was nearby.

However, clever work by other fire-fighters saw the trio rescued when a ladder was carried to the top of a nearby building and extended across to the marooned firemen, who hurriedly evacuated the burning roof.

The premises of the Paper Company were completely gutted, causing an estimated loss of \$25,000. Damage of \$10,000 was done to the Magic White Company's plant.

TESTING PLACE FOR MACHINERY IS SUGGESTED

Nothing Less Than a Domain of Ten Thousand Square Miles Would Do as a Suitable Place in Which to Test Present and Future Developments in Mechanization of British Army, London Paper States.

LONDON, Oct. 13.—"The time has come to face the question of acquiring a suitable space in which to test present and future developments in the mechanization of the British Army," says the military correspondent of the observer.

"Nothing less than a domain of 10,000 square miles will do," continues the military correspondent. "It is known to be studying the question, with every kind of terrain and with climatic variations seems to merit consideration." Canada would seem to be the country indicated.

An area of 10,000 square miles will be almost five times the size of Prince Edward Island, which contains 2,184 square miles, and would be about half that of Nova Scotia, with its area of 21,428 square miles.

SPANISH CLUB HAD PRINCE AS HONORED GUEST

British Heir Attended Columbus Day Celebration, Being First Member of British Royal Family Ever to Attend Such an Event at Spanish Club of London.

LONDON, Oct. 13.—The Prince of Wales was the guest-of-honor last night at the Spanish Club of London for the annual dinner in celebration of Columbus Day.

It was the first time that a member of the British Royal family had attended the function. The Prince's health was drunk in one of the rarest wines in the world, sherry of 1894, the entire vintage of which was dedicated to the Prince when he visited the famous Gonzales Cellars at Jerez de la Frontera three years ago.

A special cask of this precious vintage, autographed by the Prince at the time of his visit, was sent to England by airplane for the banquet. Every guest was allowed just one glass of it to drink the Royal health. Replying to the toast, the Prince repeated part of his speech in Spanish for the large number of those present who did not understand English. His accent was highly praised.

WOUND PROVING FATAL TO NEW YORK GANGSTER

Contradictory Stories Told Police of Attack on "Legs" Diamond, Underworld Leader.

NEW YORK, Oct. 13.—Shot mysteriously in a hotel room, Legs Diamond, gangster, barred recently by several European countries, was dying today.

He was shot five times as he sat on the edge of his bed in his pajamas in a room on the eighth floor of the Monticello Hotel on West 64th street shortly before noon yesterday.

Before sinking into a coma he told police he did not know his assailants or why they shot him. "The door opened," he said, "and three men walked in. One said, 'Well, here we are, let's go,' and all three blazed away at me. I knocked me over on the bed and they ran out. After a while I got to my feet and went along the hall as far as the elevator, then I fell over again."

Discovery of some of Diamond's clothing in a room adjoining his, occupied by Miss Marion Roberts, a show girl, sent police on a search for her.

She was found hiding in a clothes closet in the apartment of Miss Agnes O'Laughlin, another show girl, on Eighth avenue. Miss O'Laughlin recently brought a breach of promise suit against Rudy Vallee, radio crooner.

Miss Roberts, whose real name is Marion Strassnick, and who said her home was Boston, told police Diamond was in her room when the telephone operator called to say two men downstairs wanted to see him.

She said they came up and Diamond took them into his own room. She said she ran down to the fourth floor and did not hear the shots.

Mrs. Diamond, who came by plane from their summer home at Acra, N.Y., told police her husband had been in New York since last Thursday.

Diamond, who has been arrested twenty-one times on charges ranging from first degree murder to suspicion, arrived from Europe by way of Philadelphia, where he was landed from a freighter after his deportation by German police.

For a time he was body guard for Arnold Rothstein, gambler, whose slaying in a hotel in November, 1928, was similar to the shooting of Diamond.

orderly movement of agriculture crops to market.

In its monthly review of business and financial conditions the Board said ample credit for this purpose was assured through "the exceptionally strong position of commercial banks and of the reserve banks, the prevailing ease in credit conditions, the low level of money rates, and the attitude of the Federal Reserve System."

BETTER TO LEAVE SOME WIVES IN BED ON SUNDAY

Early Sunday Morning Suggestion from Husband Did Not Meet With Wife's Approval.

OTTAWA, Oct. 13.—David Preston has learned it does not pay to object strenuously to one's wife lying in bed on a Sunday morning.

He possessed the quaint notion that Mrs. Preston should arise at an early hour and preside in the kitchen and said so quite emphatically.

Mrs. Preston arose from the bed—but not with a kitchen complex. When the police arrived some time later, Preston was lying "hog tied" with a towel and is now in a hospital with severe bruises, a broken collar bone and two smashed ribs.

JOURNALISTS TO RECEIVE CERTIFICATES OF SERVICE

New Departure by Schools of Journalism Predicted by Editor of Leading Juvenile Magazine.

LEXINGTON, Vt., Oct. 13.—Newspaper men in twenty years will be certified by journalism schools at doctors now are certified by medical schools, George B. Pierret, of Detroit, editor of the American Boy, prophesied at a Sigma Delta Chi banquet at Washington and Lee University yesterday.

"It comes to this question," Pierret said—"Would you rather be treated by a doctor trained in medical school or trained through experience? Trained news men, by leadership, are important to the mind as trained doctors are to the body."

PRIVY COUNCIL DECISION AWAITED ON COMBINES ACT

Province of Ontario to Prosecute Builders' Council if Anti-Trust Measure Is Sustained.

TORONTO, Ont., Oct. 13.—On a decision of the Privy Council, to be handed down a week from today as to whether the Dominion Combines Act is valid or ultra vires depends the Ontario government's future course regarding action against the Amalgamated Builders' Council and the electrical combine alleged to exist in Toronto, said Attorney General W. H. Price last night.

If the Combines Act is sustained, he said, the Province of Ontario will proceed to prosecute at once. On the other hand if the act is held to be ultra vires, then prosecutions will be left for action by the Dominion government.

So easy to try

KING COLE is sold in small packages for as little as 10 cents.

For regular use, of course, it pays to buy the large pound packages. But these little packages are ideal for a first trial.

You are bound to like it a little bit at least. If you don't like it much, you won't have spent but little. And if you like it the way we think you will, nothing can stop you from buying the large packages.

The Truth About Motor Oil

SOME Oil Companies are seeking to increase sales of motor oils by claiming greater mileage.

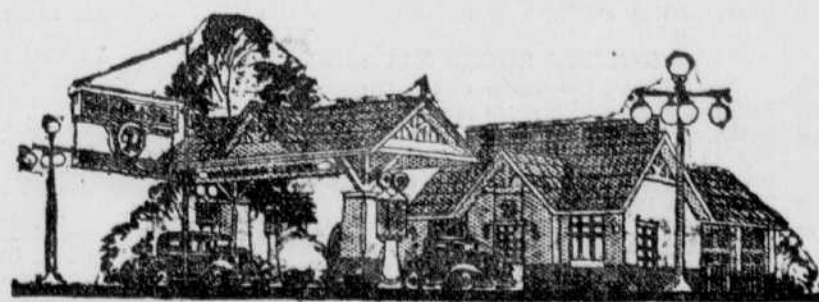

Most motor cars, regardless of the type of motor oil used, should have their crank cases drained and oil renewed every 500 miles. Some types of automobiles, however, which are equipped with certain oil filters or purifiers and crank case ventilators, can safely run 3,000 miles on one filling of motor oil. The manufacturer of your car specifies how often the oil should be changed and to get the best results you should follow the manufacturer's advice.

Red Indian Motor Oil can safely be used for mileages of from 500 to 3,000 miles when these mileages are recommended by the automobile manufacturer. Regardless of the fact that it sells at ordinary prices, it will give you not only perfect lubrication, but better lubrication than other oils sold at a premium price.

Red Indian Motor Oil is a superior motor oil which, besides having the highest lubricating qualities, has the following special advantages:

It is unwise to try to break the spirit of a man or nation, because it is the spirit which makes the man. The fierce spirit of liberty is strong in the man worth while, and any act which may impair or interfere with personal liberty becomes a reaction.

THE IMPERIAL BUSINESS CONFERENCE.

The Right Honourable Stanley Baldwin has been stamped into the support of Empire Trade Unity as outlined by the Hon. Richard Bennett at the Imperial Conference. The Conservative chieftain has at last been persuaded to take the jump on the irresistible logic of Canada's Prime Minister.

Mr. Baldwin has been hanging back on the projected fiscal policy being urged by Lord Beaverbrook supported by Lord Rothermere and their powerful newspapers. He saves his face now, after stubbornly retiring to his tent, by saying that he does not favour Empire free trade, but that his party will line up solidly behind the proposals brought by the Dominion of Canada.

It is these proposals which we have been advocating all during the year, and which we frankly averred did not mean free trade but did mean freer trade within the units of the Empire. Many of our articles have been reprinted and quoted by the British statesmen behind this movement started in England by Lord Beaverbrook.

It is this great statesman whom we nominated a few days ago as the coming Canadian-British Prime Minister, and with good health and strength his accession to that highest post within the Empire will not long be withheld.

Mr. Baldwin had been hidden in the tents of opposition, refusing the fiscal medicine of the two outstanding journalists, but the quick assent of the British people to Mr. Bennett's clear-cut exposition of British trade unity with all parts of the Empire forced that gentleman into the open, and into acceptance.

Never was there such a chance to teach our British brethren that they must not worship the bondage of free trade when its day has long since passed away. Richard Cobden and John Bright were right in their day, but the channels of trade are but as cross-currents when compared with the conditions in their decade.

Whether or not it is a deathbed repentance on Mr. Baldwin's part he now has the opportunity of leading England into its practical form within the Commonwealth of Britain. He will have the aid of the greatest business executive who has ever been entrusted with the direction of Canadian public affairs, and to whom details are just useful figures. It is a problem for a man with the beautiful sense and balance of juxtaposition.

But to Mr. Baldwin there must come the thought that he cannot just smoke his pipe and let nature take its course. He will have to dig and delve and work. He will have to think and plan and study. The leadership of a great party means intensive work and a depth of understanding. This record the Ex-Prime Minister of England did not leave behind him on his first occupancy of the seat on the box.

FOR THE QUEBEC SENATE.

There has been no dissenting voice over the nomination of the Hon. W. S. Bullock, of Sherbrooke, for the vacant seat in the Legislative Council, a vacancy caused by the death of the late Hon. W. F. Vilas, of Cowansville, who represented the division known for such appointments as Wellington. His appointment would mean the opening of Sherbrooke County, a constituency lost to the Liberals in the Federal House through the importation as speakers of three Quebec Ministers who had lost their acumen.

The coming member of the Legislative Council is sixty-five years of age, and has for eighteen years held Sherbrooke in the Liberal cause, latterly by acclamation. He is a native of the county, having been born in Roxton Pond on August 3rd, 1865. In his younger manhood he followed the ministry, but in 1907 he resigned and entered the manufacturing industry as a maker of special tools for carpenters and mechanics.

His earlier school years he spent at Grand Ligne Mission, then attended the Montreal Normal School and McGill University, finishing his education in a theological college at Newton Centre. He married Miss Ellen E. Therrien, of Montreal.

DINE ON CANADA VITAMINES.

With the return of the cooler weather we sit up and take more notice of the daily menu at our dinner table. We return to soups for dinner and porridge for breakfast.

Instead of bones the ashen now finds soup cans at the kitchen entry, for few folks nowadays will go to the trouble of boiling a joint or a chicken to make soup.

Soups in the most economical, convenient and dependable form can be had at the shops with Canadian vegetables added to for flavour and vitamins.

The Canada-grown fruit and vegetable, grown in the temperate zone, have much the finer flavour, and the modern cooking methods can so preserve that flavour that the canned soups come to the table with that goodly aroma which adds zest to the appetite. This more delectable flavour of the Canada-grown vegetable has often been commented upon by connoisseurs.

The products of the orchard and garden in

Canada are never subject to that tropical heat which makes more for size than for quality flavour. The sun's rays in the temperate zone produces fruits and vegetables of a finer grain, and the fertile soils seem to carry the flavour content to a remarkable degree.

EDITOR'S NOTE BOOK.

When men in high places in the public service give preference to foreign-made machinery, the while the same implements can be supplied from Canadian factories made by Canadian workmen, it is time for a drastic investigation. We will press for a decision by the Federal Minister of Public Works on this sin against Canada by his department in the works at Churchill, on the Hudson's Bay, and by the Quebec Minister of Highways on a recent purchase by his department for road work around Thetford Mines. Nor will these gentlemen hear the last of it until there has been an investigation.

Customer-ownership of public utilities has not only interested the citizen in his source of supply, but it has resulted in a closer attention to the suggestions from the customer to the directors. The executive of an organization is not as slow on the uptake as is the member of Parliament who often refuses to listen to a body of his constituents and quickly gets out of touch. The customers have established closer relations, as well as having invested in a kind of industry with an immense background of tangible properties and with the peculiarly stable earning power which all well-managed utilities have shown.

Financing is today an easy proposition for the well-managed public utility organization, though it is an ever-present problem with them as the country grows. But even though their stability may make the raising of money absurdly cheap through sales of bond, the utilities do need customer-ownership for the friendship and the loyalty thus engendered.

PRESS COMMENT

STERNER REPRESSION NEEDED.

Admission by the Soviet official newspapers of the wholesale executions that have been carried out in Russia should open the eyes of Anglo-Saxon nations and there should be some attention given to a sterner repression of disloyal utterances within such nations on the part of Reds, who frankly declare that they are out to oust what they call bourgeois governments wherever they exist.—Fort William Times-Journal.

HITLER'S SWORD RATTLING.

Adolf Hitler, the leader of the German Nationalist Socialist group which made such an impressive showing in the recent elections, may arouse his followers to heights of frenzy by threatening to tear the Versailles treaty to pieces when he attains power. But he cannot utter such prophecies and then hope for that political and economic stabilization for which Germany and other European nations are now striving. Rattling the sword is about the last thing that any European leader ought to be doing these days. And though the Hitlerites disclaim any intention of resorting to bloodshed to accomplish their aims, they must think other people are easily misled if they are to accept this profession of peaceful tactics.

One cannot help contrasting the swashbuckling attitude of Adolf Hitler with the calm, reasoning mood of the late Dr. Stresemann. The latter did probably more than any man in the German republic to set the new nation on the right path from the standpoint both of her own best interests and of the welfare of Europe generally. The thought of leaders in Germany, as indeed everywhere now, should be directed to constructive work. There should be a minimum of threats to upset the existing order. The treaty of Versailles may need further revision when the time is propitious. But the Hitlerites are on the wrong road to the accomplishment of that purpose.—Providence Journal.

Letters To The Editor

WHO IS GOING TO STAY ON THE FARMS?

To The Editor,
Sir:—We have read many and varied ideas as to how our new government could assist the farmer in their present dilemma. I respectfully submit herewith ten suggestions, which in my opinion, if adopted, would assist materially in stabilizing the business of our farmers. We farmers know, as well as any one else, that to prosper we have to not only watch our income but we have to keep an eagle eye on our expenditures as well. It seems to me that our taxes are much too high and in this Province all farmer-owners of cars and trucks pay an exorbitant license fee for perhaps only seven months' use of the roads out of the twelve for which we are charged. Freight rates and the high salaries of all officials paid out the country's coffers should receive a definite and drastic cut. Why should they not share in the present depression? Their dollar buys more now than it has bought for more than a decade. Personally, I cannot see how agriculture will exist in this Province at all, if our taxes remain so high and if the price of farm machinery is not lowered and the price of all our products drop at least 25%. Who is going to stay on the farms?

recite the means by which the Bennett Government could assist the farmers of Canada:

1. Eliminate foreign competition in all lines of goods produced on Canadian farms for a time. Put on an embargo.

2. Keep a close eye on immigration. Allow only those who have a considerable sum of money and skilled workmen or artisans to enter our country. We want no more farmers, we want consumers to make a home-market for our produce.

3. Cultivate our home-land market for our bacon, beef, butter, apples, maple syrup and sugar. Have inspectors to see that only goods of excellent quality are exported.

4. Cut down our freight rates which are excessive. The freight on a carload of pulpwood to a United States mill is 25% of the total value of shipment. This is exorbitant.

5. Cut down by at least 25% the salaries of all government leaders and members. Also those of Sir Henry Thornton and all C.N.R. officials and employees, and all officials to the rank of minister. The farmer's revenue is down over 25% why should the above not share in the drop?

6. Allow good bona-fide farmers money at a low rate of interest. The rate now charged on mortgage bonds by the government is in excess of what it can be secured for locally.

7. Develop our water-powers, mines and small local industries to their fullest extent by giving financial assistance wherever such a scheme is feasible.

8. Cause highways to be built a considerable distance from our railroads. As it is, the highway often runs less than an acre away from the track and trucks are hauling freight cheaper than the railroad companies, thus, the tax-payer pays for the upkeep of highway, and later on helps to make up the deficit on the C.N.R. To put these highways away from the railroads would also open up more new country.

9. Assist the implement manufacturer in some way that he could sell implements at a price that would prevent the importation of any of these from the United States.

10. Foster and develop the Co-operative Spirit. Eliminate the middleman. Canada at this time especially needs workers, not shirkers.

FAIR PLAY FARMER.

MARRIAGES

FARLEY—LAPOINTE

GRANBY, Oct. 13.—A pretty October wedding took place at Notre Dame Church, Granby, on Monday, October 6, when Miss Alice M. Lapointe, daughter of Mr. and Mrs. Joseph Lapointe, was married to Mr. Joseph George Farley, youngest son of Mrs. Farley and the late Thomas Farley. The parish priest, Rev. Father Pelletier, performed the ceremony.

The bride was gowned in Nile green chiffon, with green velvet hat, and carried Ophele roses. She was given in marriage by her father, Mr. Joseph Lapointe. The groom was attended by his brother, Mr. Thomas Farley.

During the ceremony Rev. Father Boucher rendered a solo. After the ceremony a reception was held at the home of the bride's parents, at which the immediate relatives and friends were present.

Mr. and Mrs. Farley left for a trip to Quebec and other points, the bride travelling in a green chiffon velvet, fur-trimmed coat, with hat to match. On their return they will reside in Granby.

The young couple received many beautiful and useful presents.

HUXTABLE—MAYNES

WARDEN, Que., Oct. 13.—A very pretty wedding was solemnized in the United Church at Warden on Saturday afternoon, September 20, at 2:30 o'clock, when Miss Dorothy Jessie, second daughter of Mr. and Mrs. E. L. Maynes, of Waterloo, became the bride of George Reuben Huxtable, of Ottawa, second son of Rev. and Mrs. Charles Huxtable, of Mansville.

The church was tastefully decorated for the occasion, the bridal party standing under an arch of evergreens and autumn flowers. The ceremony was performed by Rev. C. Huxtable, father of the groom, assisted by Rev. Allenby, of Waterloo, pastor of the church. The ushers were Mr. Floyd Maynes, brother of the bride and Mr. Carl Huxtable, brother of the groom. Mrs. E. McLaughlin played the wedding march and rendered soft music during the ceremony.

The bride entered the church leaning on the arm of her father, to the strains of the bridal chorus from

SOCIAL AND PERSONAL

Mrs. C. D. White, Victoria street has returned after a short visit to Quebec.

Mr. and Mrs. Stephen Newton and Mr. and Mrs. Augustus Wood left by motor this morning for New York.

Mrs. John Gautrey has returned to her home in the West after spending a week in Sherbrooke the guest of her daughter, Mrs. Graham McBain, Peel street.

Mrs. W. U. Ingram, who has been a guest at the Magog House for the past two weeks, left on Saturday evening for her home in Garden City, Long Island. Mrs. Ingram was accompanied by her sister, Miss Emma Rintoul, who has been a patient in the Sherbrooke Hospital since last July, when she was very seriously injured in an accident.

A jolly party was held in Plymouth United Church Hall on Saturday afternoon, when the Mayflower Mission Band entertained the Mission Band of the Lennoxville United Church. There were about forty children present, and after the opening devotional exercises by Rev. Dr. G. E. Read, games were played, followed by an interesting programme of songs, choruses and a dialogue presented by members of the Mayflower Band. Delicious refreshments were served before the close of the happy party, which was much enjoyed by all the children.

CHURCH PARADE AND DISTRICT MEETING HELD

Over Two Hundred at Annual Meeting of Masons of St. Francis District—Grand Lodge Officers Present.

Approximately two hundred members of the Masonic craft in the St. Francis district gathered in the Masonic Temple on Saturday afternoon for the annual district meeting. In addition to Masons from Sherbrooke and vicinity, several officials of the Grand Lodge of Quebec and representatives of other jurisdictions were present, including Grand Master W. M. Cooper, of Montreal; Grand Secretary W. W. Williamson, of Montreal; and Rev. W. W. Buckland, of Cookshire, district and Chaplain. District Deputy Grand Master W. S. Davis occupied the chair.

Following the district meeting in the afternoon, Mr. R. J. Meekrem, of St. Louis, Miss, editor of a Masonic periodical, "The Builder," gave an interesting address on "Masonic Education."

After a supper served by the members of Queen Mary Chapter, No. 5, O.E.S., an entertainment, to which the ladies had been invited, was held in the hall. Bro. W. K. Elliott gave the address of welcome and thanks to the ladies for the supper, while various items of entertainment were provided by Mrs. W. W. Waidie, Mrs. M. Mackay, Messrs. D. T. Diplock, George Dick and Lancelot Stewart.

A dance, at which nearly three hundred were present, followed.

Yesterday morning a Masonic church parade was held to St. Peter's Church, the special sermon being preached by Rev. A. W. Buckland, District Grand Chaplain.

Leliengrin. She was gowned in ivory satin with slightly fitted waist, long sleeves, flare skirt with long back slippers. Her veil of embroidered tulle was arranged in cap effect, caught with a wreath of orange blossoms. She carried a shower bouquet of ophele roses and lilies of the valley. The pearl necklace she wore was more than 200 years old and was worn by her mother when a bride.

The bridesmaid was Miss Elsie Maynes, of Montreal, sister of the bride. She wore a maize satin gown similar in style to that worn by the bride, with large bow at the back, a black velvet hat, with drooping brim, and black shoes and stockings. She carried a shower bouquet of tea roses and large mauve daisies. The flower girl, little Miss Martha Mulowney, cousin of the bride, was dressed in a dainty pink crepe de chine frock, floor-length and carried a basket of autumn flowers.

The groom was supported by Mr. James Atkinson, of Montreal.

Mrs. Maynes, mother of the bride was gowned in a navy blue dress, with a corsage bouquet of yellow tea roses. Mrs. Huxtable, mother of the groom wore a black gown with a corsage of crimson roses.

A reception was held, following the ceremony at "Mapleholme", the home of the bride, where lunch was served to about seventy-five guests. The gifts were numerous and valuable, consisting of seventy-five dollars in gold from the Miner Rubber Co., of Granby, by whom the bride had been employed as stenographer for the past year, and a clock with chiming, given the groom by his employers, the Ottawa Electric and Gas Co., as well as many pieces of linen, china, silver, checks, etc.

The groom's gift to the bride was a grey fur neck-piece. The bride's gift to the groom was a set of gold cuff links and collar studs. The gift to the bridesmaid was a white gold pin set with amethysts and pearls and to the organist, a white gold bar pin set with crystals.

Mr. and Mrs. Huxtable left early in the evening by motor for Sherbrooke, enroute to Quebec City and a boat trip up the Saguenay. Going away, the bride wore a suit of navy blue tricot with sand blouse, brown velvet hat and brown shoes and stockings.

On their return Mr. and Mrs. Huxtable will reside in Ottawa.

When she slipped and fell on Melbourne Street, Miss Mary Bacon, Dorchester Street, Montreal, sprained her ankle severely. The accident occurred at about six o'clock Saturday night, and the lady was immediately conveyed to the Sherbrooke Hospital by Lord's ambulance.

COUNCIL WILL HOLD COMMITTEE MEETING THIS AFTERNOON

Members of the City Council are meeting as a committee of the whole, at a private session, this afternoon at four-thirty o'clock, when they will discuss the present unemployment situation and decide upon the programme which will be submitted to Quebec, in order that the city may secure its share of the two million dollars that the Federal Government is offering to Quebec Province.

It is likely that the aldermen will have several discussions before they arrive at anything definite, for it is understood, some have special proposals which they are anxious to put through and which may complicate matters.

EASTERN TOWNSHIPS BAPTIST YOUNG PEOPLE'S RALLY

An address on "The Indwelling Christ" by the Rev. Mr. Crickenden, of Dixville, and the election of officers, featured the gathering here of the Eastern Townships Baptists Young People's Societies. The meeting was opened by president, Rev. R. M. Simmons, who after routine called for reports from different societies represented, which included Dixville, Coaticook, Waterville, North Hatley, and Sherbrooke.

After the reports had been read, the president, in the name of the Sherbrooke Society, welcomed the various delegates, and then presented his annual report which featured the importance of the young people's work in the different communities.

Following Mr. Crickenden's interesting address, the president thanked the speaker for his message, after which he called upon Mrs. L. Liddell to render a vocal solo. A nominating committee was then appointed, consisting of Mr. M. Hall, Miss Mayhew, and Mr. Lorimer. During the period for refreshment the nominating committee met and after resumption of business brought in the

WORK STARTED ON ELEVATOR AT COURT HOUSE

Contract, Understood to Be in Vicinity of \$17,000, Awarded to Local Contractor—Expected to Take Two Months for Completion.

Work was started this morning at the local Court House on the excavations for the installation of an elevator. The contract, which it is understood calls for an expenditure of a sum in the vicinity of \$17,000, was awarded to a local contractor, Mr. Ephrem Beauchemin. It is expected that the work will require at least two months to complete.

following slate, president, Miss Jones, Dixville; vice-president, J. Donaldson, Coaticook; secretary-treasurer, R. S. Semple, Sherbrooke. The newly-elected officers then thanked the delegates present for the honor and expressed the hope that the year's programme would be such as would justify the selection and election.

Y. M. C. A. NATIONAL COUNCIL MEETING IN MONTREAL

A meeting of representatives of the National Council of Y. M. C. A.'s convened yesterday in Central "Y" Montreal, to consider the desirability of facing two world conferences on the North American continent in 1931, namely the World Boys' Conference at Toronto, and the World's Young Men's Conference in Cleveland and Toronto, of a regional conference and to think into the problems that will be raised at these gatherings. The situation was outlined by Mr. W. R. Cook, National Y. M. C. A. Boys' Work Secretary, who is responsible for organization. Mr. Cook stated that it was the desire of the National Council to discover, as far as possible, the attitude of different sections of Y. M. C. A., on such questions as "Mission and Message of the Y. M. C. A.," the "Y. M. C. A. and International Relationships," "The Y. M. C. A. and its Leadership," and the "Y. M. C. A. and its Membership."

After discussion it was felt in the best interests of the whole movement that such a conference be held towards the end of November, under the leadership of such men as Dr. Pigeon, Taylor Statton, George Irvin, who are among the outstanding Canadian leaders. It was decided that executive committee be formed

DEPARTMENT OF TRADE AND COMMERCE OTTAWA, CANADA

October 11th, 1930.

To Women,
Everywhere in Canada

Protect Your Breadwinner's Job!

Are you one of those whose lot in life consists in looking after the home?

If so, unless you happen to be among the fortunate ones who have means of their own, you are dependant upon some one—husband, father, brother, sister, son, daughter—to provide you every week with the money you must have to pay the grocer, the butcher, the baker, the milkman, the druggist, the dry goods merchant, and all the other dealers for the things you have to order from day to day.

It would be a terrible thing, wouldn't it, if next week your house allowance were suddenly to be shut off! Yet that is what might happen if your breadwinner were unexpectedly to lose his business, or his job!

Are you doing everything you could do—everything you should do—to spare yourself a misfortune of that kind?

Your breadwinner may be a professional man, or he may be in business as a merchant, or as a farmer. If so, he wants customers, more and more of them—the kind who pay their bills regularly in cash. Isn't there something you might be doing to help those customers, so that they in turn could do more business with him?

Some of them are probably growing or making things of the kind you have to order from day to day. So long as such things find a buyer, their jobs are secure. But if they should fail to find a buyer, for no better reason perhaps than that you and other women thoughtlessly allow yourselves to be sold articles that have been imported, they lose their jobs, in which event your breadwinner loses them as customers. And naturally you don't want that to happen!

Or perhaps your breadwinner is himself an employee. If he is, the safety of his job depends upon there being plenty of people who are steadily employed at good wages, to whom his employer can cater. Obviously there will be more of such people, the more you and your friends see to it that for your daily needs you buy things that have been produced right here in Canada. Because when you forget and buy an article that has been made in some other country, you are depriving some one of a job in this country.

Other women, everywhere in Canada, are being urged to protect the job of your breadwinner by always giving a Canadian-made article preference over one that has been imported. Won't you do the same for their breadwinners, and incidentally make your own income that much more secure?

Very sincerely yours,

H. H. Stevens
Minister of Trade and Commerce.

CAR TAKEN AT EAST HATLEY
A Chevrolet sedan, 1926 model, was stolen yesterday at East Hatley, from Mr. George Hill's garage. The car is presumed to have been stolen during the night. Police departments in the vicinity of East Hatley and Sherbrooke are searching for the car and culprit, and any information would be appreciated by the local police. The license plate bore the number Que. 85,059. The serial number was 117428, and the engine number 2448857.

THE KING'S BOY SOPRANOS.

His Majesty the King through his Duchy of Lancaster, gave his august consent to the choir boys of the Chapel Savoy to leave England on an Empire tour. These twelve lads, with voices of clear soprano, are to sing at the Armouries on Tuesday night under the auspices of Roger Havard, Bandmaster of the Sherbrooke Regiment. Dressed in scarlet and gold coats, with the quaint Tudor ruff, the twelve boys, some of ancient family lineage, will tarry but a day in Sherbrooke, where they will no doubt be accorded a warm-hearted reception.

SEVERAL FIRE CALLS YESTERDAY

The local firemen were kept busy yesterday when several alarms were turned in. The first was at 8.55 o'clock in the morning when a chimney fire originated at 78 Marquette street, the property of Mrs. A. Z. Couture. The only damage was to the roof.

At 2.30 yesterday afternoon a fire of unknown origin started in a clothes closet in the residence owned by Mr. A. Gaudreau at 144 Short street, but the firemen soon checked the outbreak. The clothes, of course, were destroyed, and the interior of the room suffered considerably from smoke and water.

Two calls for chimney fires were sounded at 5.10 and 6.40 o'clock yesterday afternoon, at 20 Gilles-

Transferred from Stratford, Ontario to the management of the Sherbrooke Teco Store, Gordon E. Coles has had fourteen years of continuous service with the T. Eaton Company. He started with that company in the big Toronto Store, and absorbed the ideals and atmosphere which the original founders created and which their successors so carefully preserve.

The Sherbrooke "Teco" Store was among the first three established and operated as Teco Stores in Canada, and is now an important link in the chain of similar stores. Mr. Coles comes to the business with a background of achievement in the service of the parent organization.

He has taken a home on King street, and within a fortnight will be joined by his wife and family.

CAR STOLEN FROM GARAGE DURING NIGHT

Mr. Joseph Lapointe, Ball street, had his car stolen from his garage during the course of last night. The car is an Essex sedan, 1929 model, of light blue color. The license number of the automobile is 64,135 Que.; the serial number 10142773, and the engine number 1084787.

The local police are conducting a search for the stolen car, and any information available should be communicated to the Chief of Police.

ODDFELLOWS HELD DISTRICT MEETING

The Oddfellows annual meeting of District No. 5, was held with Unity Lodge No. 8, I.O.O.F. here, on Friday evening October 10th.

The lodges comprising District No. 5, are St. Francis Valley, No. 44, East Angus, Howick, No. 35, Lennoxville and Unity No. 8, Sherbrooke.

This was also a return fraternal visit to Unity Lodge of some twelve lodges outside of District No. 5, who during the summer have carried out a schedule of visitations.

There was an attendance of some one hundred and twenty brothers. The following Grand Lodge officers were present: Bro. Wm. Wallace, grand master, Coaticook; Bro. A. S. Decarie, deputy grand master, Montreal; Bro. W. Serlingour, grand warden, Sherbrooke; Bro. Geo. H. Lang, grand secretary, Montreal; Bro. P. Hammond, grand representative, Black Lake; Bro. James Lowe, grand treasurer, Sherbrooke; Bro. H. P. Stone, grand conductor, Ayer's Cliff; Bro. F. J. Salway, grand herald, Richmond; F. G. H. Bro. R. A. Lamont, Montreal and G. S. Bro. Heath, of Derby Line; Bros. M. M. Lothrop, C. O. Gustafson and James Johnston, Bro. S. H. Bachelard, grand high priest, and Bro. F. G. Lindley, grand guardian of the Grand Encampment of Quebec.

The above named officers were received and introduced and given the honor of the order, which was followed by the opening of the business session of the district meeting.

With Bro. D. H. Laporte, D.D.G. presiding. Reports of the lodges were given. Features of the evening were the addresses by the Grand Lodge officers and the presentation of Veterans' Jewels to Bro. R. A. Lamont, P.G.R. and E. J. King, both of Montreal, who have been members of the Order for twenty-five years.

Following the meeting an appetizing supper was served by the Sisters of Princess Rebekah Lodge, No. 4. The following toasts were proposed and responded to: "The King," "The Grand Lodge of Quebec," "Sister Rebekahs" and "Our Visitors." A very successful meeting closed with the singing of "Auld Lang Syne."

ACTION TAKEN BY RECORDER'S COURT

The Recorder's Court is taking action against two persons in the city for having operated taxis without municipal licenses.

Five truck drivers were also summoned to appear before the recorder for having failed to take out their city truck licenses.

Charles MacFarlane and Maurice MacFarlane, of Suffield, Que., were arrested Saturday night on charges of being drunk and disorderly on Belvidere street. They forfeited their seven dollar deposits when they failed to appear for hearing before Recorder Forest this morning.

Arthur Bonnard, of Coaticook, arrested Saturday night for vagrancy, received a suspended sentence.

SERVICE HELD FOR SCOUTS AT LOCAL CHURCH

Banner of Fourth Cub Pack Dedicated by Rev. Dr. W. S. Lennon at Trinity Church Ceremony Yesterday Morning.

A large congregation, of which the Canadian Boy Scouts and Wolf Cubs of the city and its vicinity formed a large part, gathered in Trinity United Church yesterday morning, and listened to a sermon addressed to the boys on the subject, "Ready, Steady, Heady." Rev. Dr. Lennon related the subject to the Scripture by quoting a number of passages emphasizing each part of the subject, and then, in the course of his remarks, pointed out that the three things implied in his subject, namely preparedness for life, reliability, and dependableness, and thoughtfulness, were all imbedded in the ideals of the Scout movement. After the sermon, a Wolf Cub flag, presented to the Fourth Pack of Wolf Cubs by the Mothers' Auxiliary of the Pack, was dedicated to the Scouts, in a brief ceremony conducted by Dr. Lennon at the request of its officers. The special music of the service included a very fine violin solo by Miss Frederica Bradley, and the singing by the choir of the anthem, "The Roseate Hues of Early Dawn."

Owing to the fact that the International Sunday School lesson yesterday dealt with Mary, the mother of Jesus as an example of noble motherhood, the session of the Sunday School took on a Mother's Day cast, all the hymns used being hymns of praise for motherhood's ministries of love. The Brotherhood met as usual also at 2.30 p.m.

In the evening, the subject of the sermon was "Is God Jealous of Our Human Progress?" Dr. Lennon, in treating it, made his message a rebuttal of the idea that such tragedies as the loss of the R-101 are to be interpreted as indicating a Divine displeasure at men's efforts to master nature. In the course of his remarks he pointed out that man's ideas of God have changed even as set forth in the Scriptures, for the God who bars the way to the tree of life with cherubim and a flaming sword in the Book of Genesis, becomes in the New Testament, after Christ has re-revealed Him, the God whose "free gift" is "eternal life," and who "incites men to ask that they may receive it, to seek that they may find, and to knock that it may be opened to them."

The R-101 disaster, if it be remembered that God is always and everywhere the same, does not indicate Heaven's effort to hinder human mastery of the air, but is only an indication of the fact that man has as yet missed discovering some principle of physics necessary to give him the mastery he seeks. But the principle needed is discoverable, and will one day be lighted upon. Any other view of God and of things would compel us to accept the idea that God has been baffled by man's ingenuities, for calamities and tragedies incident to man's efforts to gain mastery of his world have never stopped him in his adventures into the unknown, and in his determination to bend the forces of nature to his uses, and in spite of them he has ceaselessly made progress.

The choir's evening anthem was "Lord, For Thy Tender Mercy's Sake."

LENNOXVILLE**ST. GEORGE'S CHURCH HOLDS HARVEST HOME SERVICES**

The annual harvest home service was held in St. George's Church yesterday, when special music was used and a special sermon was preached by Dean Crowfoot, Dean of the Cathedral of Quebec.

Dean Crowfoot announced as his text "The Harvest," and gave as his subject, "Work." Work, he said, was one of the greatest causes of thanksgiving in the world, giving as his authority, Christ. Not labor, toil or drudgery, but work, not for "the meat which perisheth," but for the indestructible riches of the soul, was the command of Christ. God wants no loafers, no slackers, but creative and co-operative workers, who look upon work not merely as toil, but as a blessing, the speaker said. Work in the Old Testament was a punishment, but in the New Testament was something very different, a co-operation with God for the development of the human family, and no matter how humble it might be it may still be doing the will of God. The congregation was urged to dedication of all its powers to the service of God.

Pretty Bride, Mrs. M. Standish, says
"I'm never going to have
'Dishpan Hands'"

AREN'T THEY CLEVER... these pretty young modern brides?

Mrs. Standish is one of thousands who write delightedly—

"We do all our own work, yet our hands look so dainty, so exquisitely cared for—you'd think we had a whole staff of maids at our call!"

They themselves discovered the secret... Washing their fine things in Lux, they noticed how nice their hands look afterward. Then they began using Lux for dishes—other soap and water tasks, too.

How quickly their hands showed the difference!

So many soaps, you see, contain

harmful alkali which dries up the natural oils of the skin. Leaves it roughened and reddened.

You can feel how different Lux is. Those delicate, sparkling Lux suds haven't a trace of harshening alkali... bland, soothing, they tend your hands gently... cherish their smooth, white beauty.

Yet this fine beauty care for your hands costs almost nothing. Lux for all your dishes costs less than 1c a day!

BRIGHT PROSPECT SEEN FOR SALVATION ARMY IN CANADA
Chief Justice of Ontario Praises Work of Army at Rally of Ontario Provincial Command.

TORONTO, Ont., Oct. 13.—Faith in an even greater future for the Army in Canada and appreciation of its efforts of the past and present in the service of humanity, were voiced by representatives of the province and city at a mass meeting held yesterday by the Sal-

vation Army in connection with the 48th Congress of Canada East.

Sir William Mulock, Chief Justice of Ontario, was chairman of the meeting. It was his conviction, he said, that the Army was a divine institution. "It must have been a divine inspiration that came to William Booth," said Sir William. "And as divine in its inception, it is divine in its operation."

"No human instrument has ever performed so beneficial a work for the welfare and happiness of humanity as the Salvation Army," he declared. "That is its record, a record I feel sure, will never be broken."

B.C.S. SCORED VICTORY OVER LOWER CANADA

Teams Put Up a Fine Contest on Lennoxville Gridiron — Glass and McKay Were Outstanding for Local Team—Final Score Was 7 to 0.

Bishop's College School rugby team won their first game of the year on Saturday morning, when they defeated the smart aggregation from Lower Canada College, Montreal, by the score of seven to nothing. The encounter took place on the B. C. S. campus, and a large number of spectators from the University and from Lennoxville were present to see the Purple clad school boys' fight their way to victory over the visiting squad. The score is hardly a fair indication of the play, for the Montrealers have a fast and hard working line-up, and nothing more than back luck kept them from being successful on several occasions. The Lennoxville team showed that they know how to take advantage of the breaks, and when on the defensive the coolness and quick thinking of Glass and McKay saved them repeatedly from being scored against.

Burpee, of the L. C. C. team, was outstanding throughout the game, and was probably the best man on the field. His kicking was always steady, and his remarkable speed and sureness in ball carrying were high lights of the contest. The visitors had a neat formation, which speaks well for the efforts of their coach, and whenever they were on the offensive they made gains that were startling.

Glass and Grant were best for the locals, while Langston showed nice form in line-plugging. Glass kicked in sensational fashion, but his efforts were often in vain when the Bishop's outsiders failed to down the speedy Burpee, who made long gains in running back kicks. Dale made some brilliant gains on end runs, showing all kinds of speed, and Grant was one of the most useful men playing for the Purple and White.

B. C. S. won the kick-off, and Glass sent a beautiful down-drove, which Burpee just managed to run out. Lower Canada made a long gain on an end run, but they were forced to kick and Glass returned to the visitors' five yard line. The Montreal team rallied and fought their way down the field by a series of nice line plunges. Things looked bad for the locals when they lost the ball on a fumble, but the visitors obligingly returned the ball by fumbling on their first down. Wilson tossed a neat onside pass to Grant for a yard, and then Langston kicked the ball away on an end run to gain thirty yards. The Purple team had a chance to go over, but they lost about twenty yards when their onside kick failed.

In the second quarter the locals moved closer and closer to the L. C. C. touch line, and Langston came over on the third down for a major counter, which "Curly" Grant neatly converted. Burpee kicked off and McKay returned. The B. C. S. boys did not appear to want the ball, as they returned almost every kick. The Montrealers then developed a brilliant offensive, and after Burpee, their captain, had smashed through the line for a thirty yard gain, Greene tried for a field goal. Glass kicked off safely and the whistle blew when the L. C. C. were pressing close to their opponents' line. Half-time score: B. C. S., 6; Lower Canada, 0.

During the intermission there was some dispute about the use of the onside pass, as the visitors were apparently unaware that its use was permitted. The locals agreed to discontinue its use for the remainder of the game, so that an understanding could be reached before the next encounter.

Burpee kicked off to Dohney, who was downed at the B.C.S. thirty yard line. Dale got away on an end run for a sensational thirty-five yard gain. The local trio for a place, but it fell short and Burpee kicked to centre field. The ball changed hands twice on fumbles, but the Purple team moved closer, and after Grant made a nice gain on a buck, Glass booted a long one, and

Greene was pinned behind his own line for a rouge. The visitors came back strongly, and when they recovered their own kick after McKay fumbled, they were in possession at the Bishop's fifteen yard line. Dohney saved the day for the locals when he fell on a loose ball only two yards out, and Glass kicked a nice spiral which Burpee ran to the Bishop's fifteen yard line.

The Purple team had a brief breathing space when they recovered their own kick at their own thirty-five yard line, but as soon as Lower Canada got possession, speedy Burpee began making his dazzling gains. The visitors showed their ability at clearing a path for their line plungers, and the L. C. C. back-field made sensational gains right through the centre of the locals' line. McKay saved sensationally when he returned Burpee's kick to prevent a rouge, and Glass repeated the performance a few moments later when it looked like a certain point. Davis, of the local team, was in the line when he fell on the ball after Greene's fumble, and practically took away the threat of the Montrealers breaking into the scoring column. Glass booted to centre field, but Burpee ran back for another gain. The visitors stage a dangerous looking end run, but Dale tackled neatly to stop Woods when he was almost away. There was no further scoring and the game ended Bishop's 7, L.C.C. 0.

The line-up:
B. C. S. L. C. C.
Devlin inside Crother
Rankin inside McRobie
Sweet inside Bowen
Langston middle Turner
Harshaw middle Roughton
Kenney outside Viet
Davis outside McNab
Wilson wing Woods
Dale half Greer
MacKay half Burpee
Grant half Greene
Glass halves Stevenson
B. C. S. Subs: Dohney, Hubbard, Burd, Payan, Duncan, McLure.
L. C. C. Subs: Symons, Refall, Bowen, 2, Roncarelli.
Referee: Skelton and Mitchell.
Head-linesman: Stockwell.

VARSITY AND QUEEN'S WON INTERCOLLEGIATE GAMES. TORONTO, Oct. 13.—Extraordinary kicking on the part of Jack Sinclair played an important part in the eleven to one victory of the Toronto Varsity club over the McGill squad in the opening game of the Intercollegiate Senior Rugby Union schedule at the stadium here Saturday. Sinclair annexed every point taken by the Blues. The runs of Hammond and the kicking of Newton, two Sherbrooke boys, were the outstanding features of the McGill play.

At London in the second game on the schedule, Queen's found considerable difficulty in trouncing Western by a count of five to one. The league standing is:

	W.	L.	F.	A.	Pts.
Varsity	...	...	0	11	12
Queen's	...	...	1	0	12
McGill	...	...	0	1	11
Western	...	...	0	1	15

HAMILTON LEADING "BIG FOUR"
MONTREAL, Oct. 13.—By their twenty-five to nothing victory over Ottawa, at Hamilton, the Hamilton Tigers, Dominion Rugby champions of 1929 and 1930, launched another campaign that promises to bring them the leadership in the Inter-provincial Rugby Football Union again this year.

While the Hamilton boys were swamping the Senators, the Toronto Argonauts inflicted a severe dent on the M.A.A.A. hopes of capturing the title, when they administered a two to nothing defeat on the Montrealers at the Molson Stadium here.

The standing of the league to date is as follows:

	W.	L.	F.	A.	Pts.
Hamilton	...	...	0	25	0
Argonauts	...	...	1	0	2
Montreal	...	...	1	6	2
Ottawa	...	...	0	2	31

LOYOLA DEFEATED MCGILL
MONTREAL, Oct. 13.—The Loyola College Intercollegiate football team completely annihilated McGill University by the score of 23-1 in the first Intermediate Intercollegiate game of the season played here Saturday.

Byrne was the outstanding man on the Loyola squad. He played a good all-round game, and was responsible for many of the victors' gains. He kicked with considerable power, and made two rouges, as well as going across for one of his team's three touches. Young Frank Shaughnessy was another brilliant player on the Maroon squad. He played a fine kicking game, and made the only drop-kick in the game, when he sent the ball between the posts from the twenty-five yard line during the third period

MONTREAL MADE GOOD
SHOWING IN CRASH

MONTREAL, Oct. 13.—The Montreal Financial Service says today: The local stock market last week passed through one of its critical periods, and it might be stated, came out with flying colors. Whilst admitting some of the leading securities gave way sharply, the recovery was most impressive, and a good percentage of the decline was regained. The present is an abnormal time in stock market history, and faith and confidence is needed if it is to be guided through the unsettled without heavy damage.

The public's fear of common stocks is reflected not only in the lack of buying support for such issues, but in the steady demand in recent months for bonds, prices of which have appreciated substantially in consequence. The market crash of last fall and the many disturbing price fluctuations since are no indication that common stocks, generally speaking, are unsound purchases under certain conditions. What the pre-crash enthusiasts failed to recognize was that the investment attractiveness of common stocks, like that of bonds is subject to the relationship of price and value. In other words, they overlooked the fact that it is possible to pay so much for the underlying factor of growth that it becomes impossible even to hope for a satisfactory return on invested capital.

Four leading Canadian milling companies presented their shareholders with annual reports last week, showing substantial reduction in earnings, yet in the light of conditions within the industry and general business such exhibits can be taken as satisfactory. Lake of the Woods, Ogilvie Flour Mills, Western Canada Flour Mills and St. Lawrence Flour Mills have reported to their shareholders for the 1929-30 fiscal period, and earnings have been lower with all, due to the wheat situation which has also affected other industries adversely. Shareholders, however, were heartened by the remarks of the various heads of the companies that the past year was an abnormal one for them and they looked forward with considerable confidence to the future. The current fiscal period should show an appreciable improvement over last year's results.

The break in Brazilian Traction last week to a low of twenty-one was attributed not so much to the unsettledness in Brazilian as to the nervousness over the safety of the dividend. The fact that the directors postponed their meeting for a week in connection with dividend action was taken to mean in some quarters that they were not fully decided as yet as to what course to pursue. It is understood that such matters were laid over because of the absence of some of the directors. From what can be gathered from unofficial sources, there is little likelihood of the dividend not being paid for the last quarter.

MONTREAL LIVE
STOCK MARKET

MONTREAL, Oct. 13.—Cattle receipts on the two Montreal live stock markets today were 1,776. Buyers were very indifferent regarding cattle. The recent warm weather was blamed for a falling off in retail trade, and the slowing up of exports was an additional disturbing factor. Prices on the few sales recorded were estimated to be 50c or more lower. Fairly good to good steers were going at \$6.50 to \$7.75. A couple of loads were offered around \$4.50. Odd good heifers sold up to \$6, medium quality heifers around \$5 to \$5.50. Good cows were \$5 and common bulls \$3 to \$3.50. Calf receipts were 2,591. Common quality calves were 50c or more lower. The bulk of the calves offered for sale were common to just fair quality grassers and were slow sellers at prices ranging from \$3 for very common, light grass calves to \$4.50 for the best lots. The bulk of the sales were made between \$3.50 and \$4. Other grades were selling about steady prices. Good calves sold up to \$10.50. Plain quality calf-paired calves and common, light veals sold for \$5.50 to \$7. Sheep receipts were 8,996. Good ewes and wethers were firm at \$7.75. A couple of loads were sold for \$7.50. Heavy lambs and plain to fair quality lambs brought around \$7. Culls and bucks were mostly \$5.50 to \$5.75. Sheep were a shade easier at \$2 for culls to \$4 for the best lots. Hog receipts were 5,398. Between 2,000 and 2,500 hogs were delivered on contract at \$12.25 to \$12.58 for bacon and butchers. Fresh sales registered \$12 to \$12.25 fed and watered. Selects drew \$1 premium per hog. Heavies brought around \$11. Light hogs were sold for \$11.50 to \$12.25 and feeders brought \$11.25. Sows were from \$9.75 to \$10.50.

GERMANS HAIL
LOAN AS SIGN
OF CONFIDENCE

Recent Drastic Economy Programme of Government Approved by Credit from Foreign Powers.

BERLIN, October 13.—Advice that an international syndicate, headed by American bankers, have extended \$125,000,000 credit to Germany was hailed in industrial and financial circles today as a break at last in the clouds which have hung over the Reich's horizon. The information was interpreted to mean that there is still confidence abroad in Germany's solvency and ability of her financial brains. Particularly it is looked upon as approval of the Government's recently announced drastic programme of economy.

PREMIER WILL
BE HEARD OVER
RADIO NETWORK

Arrangements Completed for Broadcast of Prime Minister on Wednesday Evening.

LONDON, England, Oct. 13.—Rt. Hon. R. B. Bennett, Prime Minister of Canada, will speak to thousands of his fellow-countrymen at home in Canada, on Wednesday, October 15th, by means of the radio. Arrangements for the broadcast over the Canadian National Railways network have been completed by E. A. Weir, director of radio for the railway system, who is now in England. Mr. Bennett will speak on the work of the Imperial Conference. Beginning in London at five minutes after ten, the address will be heard in Canada at five minutes past five p.m. Eastern Standard Time. The broadcast is made by permission of the British Post Office and will be carried across the Atlantic by Marconi. The broadcast will be carried from one end of the Dominion to the other by the Canadian National chain, which links Halifax, CNR, with Vancouver, CNR. Other stations which are frequently linked in on Canadian National time-continentals broadcasts will be included as well.

BASEBALL

SIMMONS BROKE UP GAME

MILWAUKEE, Wis., Oct. 13.—While Al Simmons has broken up several ball games, he never has done it in just this way. In an exhibition game here yesterday with George Earnshaw and Jimmy Fox, fellow Philadelphia world series winning team members, Simmons came to bat. The score was 13 to 6 in favor of the team for which Fox was then pitching. Simmons ended the ball game—completely—by lifting one of Fox's toes out of the park and a block away. It was the last available baseball. Search or nearby drug stores failed to reveal even a kid's ball, and, of course, the sporting goods stores were closed. Anyway, it was only an exhibition affair, and the final drive was in the ninth inning and there were a lot of people who wanted to take pictures of, shake hands with, get autographs from and present floral horseshoes to the three series stars.

SPORTING NOTES

JUVENILE, MIDGET AND BANTAM HOCKEY LEAGUES HELD MEETING

Owing to the fact that there were not sufficient representatives from the various teams present at the annual meeting of the Juvenile, Midget and Bantam Hockey Leagues on Saturday evening at the Y.M.C.A., the election of officers for the ensuing year was postponed and the meeting adjourned to a later date.

ATHLETES PERMITTED TO RECEIVE WAGES OF WORKING PEOPLE

PARIS, Oct. 13.—Athletes who will participate in the 1932 olympic games at Los Angeles will be permitted to receive wages as working people during the normal necessary period of their absence without being regarded as professionals, according to a decision reached by the executive committee of the International olympic committee, meeting with the Council of the International Federation of Sport. The meeting, which was hailed by the participants as historic in the annals of sport, because it succeeded in establishing real co-operation and removing the difficulties between international federations and the olympic committee, meeting with the presidents or secretaries of twenty federations.
