SHERBROOKE, CANADA, WEDNESDAY, OCTOBER 14, 1931.

Thirty-Fifth Year.

## CITY PLANS TO SPEND \$750,000 ON UNEMPLOYMENT RELIEF WORK

**Proposed High Level Bridge Over St. Francis Included Only as a Special Demand Over and Above Council's Official Programme—Work Approved Calls for Filtration Plant, Opening of St. Francis Street, Widening of Wellington Street South, Paving, Sidewalks, Sewers, Water Mains and Gas Pipes.**

THE City of Sherbrooke plans to spend approximately \$750,000 on unemployment relief work during the coming winter months. Of this amount the city will provide one half and the other half will be supplied by the Ottawa and Quebec Governments.

At the special Council meeting held last evening, Alderman L. R. Langis, chairman of the Finance Committee, submitted the following eight projects which the city hopes to undertake:

- Construction of a filtration plant at an estimated cost of \$265,000.
- Opening of St. Francis street as a means of relieving Wellington street traffic. This is expected to cost in the vicinity of \$145,000.
- Widening of Wellington street south at an approximate cost of \$30,000.
- Construction of sewers, costing in the neighborhood of \$90,000.
- Building of sidewalks to cost \$95,000.
- Paving to amount to approximately \$35,000.
- New water mains, costing \$60,000.
- Laying of gas pipes at an estimated cost of \$10,000.

These eight items will comprise the official list which the city will submit to the Provincial Government authorities for consideration. Each item appears in the order of importance as viewed by the City Council.

It will be noted that no mention is made in this list to the proposed high level bridge across the St. Francis River. Realizing that representative gatherings of citizens held on numerous occasions, the city is not at all opposed to the construction of this bridge, and having the interests of the citizens at heart, Alderman L. R. Langis, M.P.P., called the Council's attention to this matter.

He pointed out that the project had been approved by the Sherbrooke Chamber of Commerce and furthermore, that a delegation, headed by Mr. J. H. Walsh, vice-president of the Quebec Central Railway and one of Sherbrooke's influential citizens, had made a special visit to Quebec City to discuss this plan with the Provincial Government authorities.

Alderman Fortier made the request that this project also be included in the list. He made a formal motion, which was seconded by Alderman M. T. Armitage, that the city contribute twenty-five per cent of the total cost of the bridge construction, providing the Government furnish the other seventy-five per cent. This suggestion seemed to meet with the approval of the Council, although Alderman Langis made it quite clear that the eight items already drawn up by the Council would proceed the bridge in importance and receive first consideration.

The programme outlined met with the approval of the Council, although the filtration cause and the proposed widening of St. Francis street did bring forth a few remarks.

Alderman Fred Gelinis opened the discussion on the filtration project. Making it quite clear that he was not in any way opposed to the construction of a filtration plant, Alderman Gelinis said that he could not give his support to the spending of so large an amount as \$265,000 unless the ratepayers were first called upon to give their approval. He was strongly in favor of securing public opinion on this matter.

Alderman Langis explained that as matters now stood it would be necessary to submit the details to the ratepayers. There was, however, he said, a possibility that the Provincial Government might pass certain legislation at its opening session which would make it lawful to go ahead with such work without the approval of the ratepayers, although there was no official announcement as yet on the part of the Government in this respect. At any rate, Alderman Langis pointed out, the aldermen now were simply preparing a list of work to be submitted to Quebec for consideration. Later on, when the entire programme again came before the Council, there would be ample time for discussion by all aldermen, he assured Alderman Gelinis.

## INJURIES TO A COATCOOK BOY PROVED FATAL

**Inquest Today into Tragic Death of Leo Fortier, Fifteen-Year-Old Son of Mr. and Mrs. Joseph Fortier, Accidentally Killed Yesterday Afternoon.**

COATCOOK, Que., Oct. 14.—When he was pinned beneath a heavy door that had been suspended by weights, Leo Fortier, fifteen-year-old son of Mr. and Mrs. Joseph Fortier, of this place, was fatally injured yesterday afternoon.

The boy was playing with his brother in the wagon sheds at the rear of St. Edmund Church when the accident occurred. Heavy weights are used to slide the shed doors up and down, and the rope attached to one of these accidentally broke, being his brother pinned beneath, the other lad attempted to free him, but was unable to do so. He ran to the parish priest's house and secured Father Simard. When the latter arrived upon the scene, however, Young Fortier was already dead.

An inquest into the tragedy will be held today by Notary Leonidas Bachand, corner of St. Francis District.

## NATIONAL GOVERNMENT HOPES FOR NEARLY SEVENTY ACCLAMATIONS

**Expects to Have Majority of Between Twenty and Thirty on Nomination Day Next Friday—According to Present Calculations, Acclamations Should Include Forty-One Conservatives, Three National-Liberals, Twenty-One Laborites and One Liberal.**

LONDON, Oct. 14.—The National Government expects to get off to a flying start in the coming general elections. Indications are that between sixty and seventy members will be returned by acclamation on nomination day, this Friday. The Government expects to have a majority of between twenty and thirty when these are all in.

Three members have been elected already. The Scottish Universities, entitled to three seats in the new House, have already returned three supporters of the Government—two Conservatives and one Liberal.

On nomination day, according to present calculations, the acclamations should include forty-one Conservatives, three National-Liberals, twenty-one Labor candidates and one Liberal.

Ten expected acclamations in English boroughs are evenly divided between Conservative and Labor. In the English counties, whose constituencies are largely rural, indications point to twenty-seven Conservative acclamations against six Labor. In the Welsh counties Labor has seven candidates unopposed so far and the Conservatives none.

These calculations will stand in the main, although unexpected candidates may, of course, appear on the eve of nominations.

Among the Conservatives likely to be elected by acclamation is Col. Hamilton Gault, educated in Canada, although a native of England. Col. Gault raised and equipped the Princess Patricia's Canadian Light Infantry for active service in the Great War and was wounded three times while serving in France, receiving the distinguished service order. He still retains directorships in a number of Canadian Companies, including Gault Brothers Company and the Montreal Cottons, Limited.

Col. Gault's constituency is Taunton, Somerset, which he won for the Conservatives from the Liberals in 1924. In the last general elections he was re-elected with a vote of 15,983 compared to 11,121 for the Liberal, and 6,615 for the Labor.

On election day, October 27, some of the polls close at 8 p.m. and others at 9 p.m.—or 3 p.m. and 4 p.m. eastern standard time. It is expected the results in two hundred seats will be available the same evening, but the bulk of declarations will not be made until the morning after polling.

## BEWILDERED ELECTORS ARE PLOUGHING THROUGH SEAS OF ELECTION LITERATURE

LONDON, Oct. 14.—The bewildered British elector is wearily ploughing through a sea of election literature.

## MOVE IN AUSTRALIA TO REDUCE TARIFFS

CANBERRA, Australia, Oct. 14.—In order to give a lead to the adoption of reciprocal trade agreements throughout the Empire, a number of members of the Australian Senate have decided to insist on general reduction of Australian tariffs, particularly the rates against British goods.

The decision was taken at a meeting today of Senators opposing the Labor Government, which is in a minority in the Upper House.

## FORESTRY BODY PERSONNEL FOR QUEBEC IS ANNOUNCED

**New Commission to Make Study of Forestry Resources of This Province.**

QUEBEC, Oct. 14.—The names of the members of the Forestry Products Commission, created during the last session of the legislature, were announced in an order-in-council yesterday as follows:

Louis Daigle and J. Beek, of Montreal, and Hon. Gerard Power, and J. M. Dessureault, of Quebec, G. C. Piche, chief of the Provincial Forestry Service, will act as secretary of the commission.

The new commission will make a study of the forestry resources of the province, for the purpose of suggesting practical measures for the manufacture, classification, sale and use of the forests of the province.

## WELL KNOWN MONTREAL INSURANCE BROKER PASSES ON

MONTREAL, Oct. 14.—Leaving a request that friends who might wish to send flowers to his funeral send instead a cheque to the Montreal General Hospital, Charles Thomas Hare, Montreal insurance broker, died here yesterday. He was sixty-four years of age.

## WESTERN PREMIERS WILL HOLD CONFERENCE

VICTORIA, B.C., Oct. 14.—Premier S. F. Tolmie, accompanied by Hon. R. H. Pooley and Hon. J. W. Jones, will leave for Calgary at the week-end to attend the Calgary conference of Western Provinces. The Premier has intimated. The conference is called to discuss taxation, legislation, gasoline prices and other matters.

## SPAIN DECREES ABOLITION OF STATE CHURCH

**Crowds in Madrid Hail Action of Government and Stage Anti-Clerical Demonstrations.**

MADRID, Oct. 14.—Separation of the church and state in Spain was followed today by the incorporation of an article in the new constitution which threatens church orders with extinction.

The National Assembly after a stormy fifteen hour session adopted, by a vote of 259 to 178, a compromise amendment to article 24 providing for the dissolution of those orders recognizing a higher authority than of the state and those considered dangerous to the state, it also stipulates that property may be nationalized where it is deemed beneficial.

Article 24 providing for the immediate dissolution of all church orders and the nationalization of their property was previously rejected by a vote of 184 to 89. It was sponsored by the Radical Socialists and opposed by the Socialists, who were ultimately victorious on the amendment.

The Catholic Church was divorced from the state when the constitution was adopted with the adoption of article 3 of the constitution by the Assembly last night, voting 267 to 41. It declared that "no state religion exists" and banned the church from engaging in commercial, industrial and educational activities.

It was followed by demonstrations against the church in Madrid and Oviedo, in which extra police and civil guards were called out to prevent disorders. Stores and cafes closed their doors here in fear of looting but authorities were able to keep the situation under control.

The legislation shattered a tradition of centuries by which the Catholic Church had enjoyed a preferred position in the eyes of the Government and redeemed the pledges of republican leaders who promised to separate church and state when Alfonso XIII was overthrown last spring.

The defection of Spain leave Belgium, Italy, Bolivia, Colombia, Venezuela, Argentina, Peru and Paraguay as the principal nations in which Catholicism is the state religion. Countries that have separate church and state in recent years include France, Portugal, Mexico, Chile and Russia.

DISSAPPOINTED AT VATICAN VATICAN CITY, Oct. 14.—Vatican officials expressed disappointment but no alarm at the action of

## ITALY SHOWS DIS PLEASURE AT DECISION

**Application of Anti-Dumping Tariff Provisions Against Countries Whose Currency Has Depreciated Meets With Disapproval.**

ROME, Oct. 14.—Displeasure in Italy at the decision of the Canadian Government to apply anti-dumping tariff provisions against imports from countries whose currency has depreciated on foreign exchange markets, yesterday was reflected in an editorial appearing in *Giornale d'Italia*.

It is unfair, the newspaper said, to apply anti-dumping provisions against Italian imports, as the lira still remains on the gold standard, and any oscillation in its rate of exchange will be short of duration.

Re-enforcing its argument with statistics, the newspaper said that during the last three years the value of Canadian goods imported by Italy had been greatly in excess of world averages and had times as only an interlude between past prosperity and the still greater prosperity which is to come, he proceeded. "I suppose we were born that way, and all the forces of world distress are powerless to change us," he added.

The Premier, whose optimistic speech frequently aroused his interested audience to applaud vigorously, then informed his hearers that Canada too had her unemployment problems, her troubles in western grain areas and other economic difficulties faced by most other nations of the world. But, he added, while Canada's problems are less acute than other countries' "I am confident the Dominion will be to the fore in leading the way to prosperity."

Referring to the hardships encountered by Canadians of an earlier period the Prime Minister said, "We have met and overcome these difficulties brought about by scant population, financial weakness and political differences and they have made us a more disciplined people."

Mayor James Walker, who spoke following the Canadian Premier, said Canada had required a protective tariff for her own self-protection and that he "would not think much of Canada if it had laid down and rolled over them for the courage they had," he continued, "if they bring out a solution, I am for them."

In paying his respects to Mr. Bennett Mayor Walker said: "He is my kind of a bird. He is so unspoiled by the dignity of his great office. It is nice to look at men who are successful. That is why I never look in my mirror."

## ECONOMIC PLAN WAS OUTLINED BY H. G. WELLS

**Noted British Writer Spoke of Revolutions, Possibility of Another Great War and Futility of All Present Economic Schemes.**

NEW YORK, Oct. 14.—H. G. Wells came to the United States last night for a month's visit and brought with him a six point economic plan, which he thinks would solve the world's ills, but which, he said, he has no hope of anyone adopting.

For an hour the famous British author talked of revolutions, the imminence of another Great War he thinks will be fought principally with gas and planes, of the futility of all economic schemes, and of the crash he expects twentieth century civilization to take in the near future.

But he predicted all the dire events to the accompaniment of frequent chuckles and his face was continuously wreathed in smiles.

"The trouble with the Hoover six point plan," he said, "is that not even the United States can solve its financial and economic problems alone."

Then he outlined, between gloomy prophecies of war, chaos and revolution, his own six point programme, which calls for:

1. Solution of governmental and economic problems by experts instead of politicians.
2. Treating such problems in a scientific manner.
3. Wholesale redistribution of wealth and incomes.
4. Control of speculation.
5. World control of currency.
6. Disarmament.

HERE'S A NEW FISH STORY. MARYSVILLE, CAL., October 14.—J. H. Engesser tells this fish story and he has a 61 pound salmon as proof.

He caught the salmon in the Feather River near here without a line, hook or spear. He declares he saw the fish leap on a sandbar and that he swam to the bar and sat on the fish until it died.

the Spanish Assembly in rejecting Catholicism as the state religion. None of the church leaders would be quoted but the general trend of their comment was that the action could have been expected under present conditions in Spain.

Their voiced confidence that when the situation in Spain has been clarified it will be found that the church's position has not been seriously damaged.

## CANADA WILL NOT SUBMIT TO DEPRESSION

**Dominion Has Unconquerable Belief in Herself, Declared Premier Bennett at Opening of Premier Club's New Quarters in New York.**

NEW YORK, Oct. 14.—Canada will not submit to any depression. The Dominion has an unconquerable belief in herself, declared Rt. Hon. R. B. Bennett, Canadian Premier, in his dedicatory address at the opening of the Canadian Club's new quarters here last night.

The people of Canada have the faith which accepts good times as their natural due and bad times as only an interlude between past prosperity and the still greater prosperity which is to come, he proceeded. "I suppose we were born that way, and all the forces of world distress are powerless to change us," he added.

The Premier, whose optimistic speech frequently aroused his interested audience to applaud vigorously, then informed his hearers that Canada too had her unemployment problems, her troubles in western grain areas and other economic difficulties faced by most other nations of the world. But, he added, while Canada's problems are less acute than other countries' "I am confident the Dominion will be to the fore in leading the way to prosperity."

Referring to the hardships encountered by Canadians of an earlier period the Prime Minister said, "We have met and overcome these difficulties brought about by scant population, financial weakness and political differences and they have made us a more disciplined people."

Mayor James Walker, who spoke following the Canadian Premier, said Canada had required a protective tariff for her own self-protection and that he "would not think much of Canada if it had laid down and rolled over them for the courage they had," he continued, "if they bring out a solution, I am for them."

## AUSTRALIA IS NOT COMPETING WITH CANADA

**Director of Australia's Trade Publicity Bureau Says His Country Does Not Strive to Infringe Upon Canadian Buttery Industry**

WINNIPEG, Man., Oct. 14.—Competition in Canada by Australian butter need hardly be feared, stated Mr. Hyland, director of Australia's trade publicity and leader of the goodwill delegation from the sister Dominion, now touring Canada.

The butter question, which has been the subject of much discussion, centered when the successful negotiation of the new Canadian-Australian trade treaty was announced.

"This treaty was entered into by both Dominions with the idea that it should be mutually profitable," stated Mr. Hyland. "Products which would form the basis of growing trade and mark a new era in the commercial relationships of the two countries would probably be those which both of us would secure from outside our own borders. Along these lines, this new trade being developed, the question of the question of whether Australian butter is to be sold in Canada is not so much decided by Australia as by the state of the Canadian dairy industry. Canada is now producing more than enough butter for her own needs and while that condition holds, it is not thought likely that any Canadian importer will bring much, if any, butter into Canada. It certainly is not Australia's wish to do anything whatever to cause hardship to Canadian dairy farmers."

"What Australia does want Canada to do," Mr. Hyland added, "is that: should the situation change again and Canadian home supplies of butter run short, then Australia urgently wishes to be remembered as a butter producer."

## A FUNDAMENTAL CAUSE OF CRIME TODAY IS DIVORCE

ST. PETERSBURG, Fla., Oct. 14.—Dr. Carleton Simon, criminologist and former deputy chief commissioner of New York, today told the International Association of Chiefs of Police here one of the fundamental causes of crime is traceable to divorce "and its accompanying evil—alimony."

Reviewing the problem of juvenile delinquency in its connection with increased prevalence of crime in the United States, Dr. Simon said, "nothing assumes greater proportion

## BOTH CANADIAN DOLLAR AND STERLING WEAKER TODAY

NEW YORK, October 14.—Both Canadian dollars and the pound sterling were slightly weaker on local foreign exchange this morning. The dollar opened at eighty-eight and one-half cents in United States funds, one-sixteenth of a cent lower than yesterday's close. The pound sterling at \$3.87 is one cent off the previous close.

## GOVERNOR ENDEAVORS TO SETTLE STRIKE DISPUTE

**To Confer With Workers and to Attempt to Communicate With Mill Owners in Effort to Clear Up Situation in Lawrence.**

BOSTON, Mass., Oct. 14.—Governor Joseph B. Ely today stepped cautiously into the role of peacemaker, and gave personal attention to the strike situation in Lawrence, where twenty-two thousand textile workers are idle, in protest against a ten per cent wage reduction.

Governor Ely, who assured sixty representatives of the Lawrence strikers yesterday that he was anxious to help but didn't want to "make it any worse," today was to confer with a smaller group of workers and also to attempt to communicate with the mill owners.

The delegation of strikers, who visited the Governor after a long conference with the state board of arbitration and conciliation, told him they were willing to return to work at their old wages while the Governor attempted to arbitrate the dispute.

## McGILL WILL HONOR PREMIER BENNETT THIS AFTERNOON

MONTREAL, Oct. 14.—Premier R. B. Bennett arrived in Montreal this morning from New York on his way to the capital. The Prime Minister will receive the degree of Doctor of Laws from McGill University this afternoon.

## CANADA WELL QUALIFIED TO LEAD WAY BACK TO BETTER CONDITIONS

**Premier Bennett Given Enthusiastic Reception at McGill University Today When He Delivered Memorable Address Expressing His Unbounded Confidence in Canada and Her Ability to Face and Overcome Difficulties—Stressed Need of Unity Among All Classes and Sections of Dominion if Real Results to Be Achieved.**

## PLEA MADE FOR INTERNATIONAL CO-OPERATION

**Necessity of Great Britain and United States Co-operating and Understanding Each Other Stressed at Banquet Tendered Lord Mayor of Manchester.**

MANCHESTER, Conn., Oct. 14.—Plea for international co-operation and understanding as a safeguard against war and as a solution to present economic problems were made last night by Lord Mayor George E. Tit, of Manchester, England, and United States Senator Frederic C. Walcott, of Connecticut.

Speaking at a banquet given in his honor, the British Mayor urged that a spirit of tolerance, friendliness, and understanding be fostered among nations and particularly between Great Britain and the United States so that "another such catastrophe as happened in Europe between 1914 and 1918," might be avoided in the future.

"If we will only endeavor to try and see the other man's point of view, if we will endeavor to try and understand the difficulties and misunderstandings of others, if we can get together as we have here tonight, we would then avoid misunderstandings. The result will be universal peace."

Senator Walcott suggested "readjustment of debts by equilateral reduction in armaments by the great nations of the world," as a solution for the present economic difficulties.

"Titanic force of unrest and discontent," he said, "are at work today, that would destroy us."

The banquet brought to a conclusion an all-day programme of festivities arranged in honor of Lord Mayor Tit and his official party by this town, which over a century ago was given the name of the Lord Mayor's home city.

nor is of greater significance than deprivation of suitable parental guidance to a growing child.

"Separation of parents, either by death, voluntarily or by legal means," he said, "is the reason why most of the family circles are destroyed."

## ATTEMPTS TO SETTLE TROUBLE IN MANCHURIA PROVE UNSUCCESSFUL

**Preliminary Conversations Brought Forth Little in Way of Peaceful Solution to Difficulty—For Time Being, at Least, There Will Be No Further Conversations—China Has Appealed to League of Nations for Intervention.**

## MANY FAMILIES WERE SETTLED BY GOVERNMENT

**"Back-to-the-Land" Movement Inaugurated Last Spring by Provincial Government Has Proved Very Successful.**

QUEBEC, Oct. 14.—Since the Provincial Government inaugurated its "back-to-the-land" movement last spring some four thousand families, comprising twenty thousand people, have been placed on Crown lands in the Lake St. John and Chicoutimi districts, as well as in Auclair and Biencourt Townships and in Temiscouata.

Each of these families have been given a grant of \$500 by the Government in order to help them establish themselves on the land, while additional grants for ploughing and clearing the land are expected to swell this amount to \$1,000 for each family.

As a result of the wholesale return to the land of families from urban centres, the lumber industry in the Lake St. John and Chicoutimi regions has been revived. It is estimated that 20,000 feet of lumber goes into each house, and it is reported that stocks in the Lake St. John and Saguenay districts have all been sold, men working lay and night to meet orders that are flowing in.

## U.S. CONSUL-GENERAL HELD CONFERENCE WITH BRIAND

GENEVA, Oct. 14.—Prentiss Gilbert, United States Consul-General in this city, conferred this morning with Aristide Briand, presumably regarding the form of United States collaboration in the efforts of the League of Nations Council to restore peace in Manchuria.

Right after he left, the French Foreign Minister who is serving as chairman of this council session, received Dr. Arita, Japanese representative, and then Kenkichi Yoshizawa, spokesman for Japan.

The series of consultations was believed to constitute an effort to reach unanimous agreement regarding United States co-operation.

Members of the Council, who heard both sides of the Manchurian conflict yesterday, assembled in private session before M. Briand's conferences began and they too were reported to have considered the form of an invitation to the United States to sit with the Council's executive board in this extraordinary session.

The impression prevails among those who have been watching developments closely that the United States is ready to accept an invitation to participate providing there is unanimous agreement, including that of the Japanese representative.

It was thought likely that an open meeting of the Council would take place later in the day.

## LEAGUE TRYING TO BRING ABOUT PEACEFUL SOLUTION

GENEVA, Oct. 14.—Laboring to fulfill the purpose for which it was founded, the Council of the League of Nations continued in private conversations today its efforts to restore peace between Japan and China.

The negotiations revolved around Aristide Briand, celebrating man of peace, and Lord Reading, one-time Viceroy of India, for the League, and Dr. Alfred Soe, Chinese Minister to London, and Kenkichi Yoshizawa, Japanese Ambassador to Paris, for the disputant nations. Prentiss B. Gilbert, Consul-General to Geneva, remained in the background as United States representative.

The members were increasingly interested in knowing just how far the United States was willing to go

## THE WEATHER

OCCASIONAL SHOWERS, THEN CLEARING.

Pressure is moderately high over the Western States and on the Atlantic and Pacific coasts, and low in the Northwest Territories, with a shallow depression centred over Michigan. Showers have occurred in the Great Lakes region, while in other parts of the Dominion the weather has been fair.

Forecast: Unsettled, with occasional showers. Thursday clearing; not much change in temperature.

Northern New England; Cloudy, with showers tonight and probably Thursday morning. Slightly warmer tonight.

Temperature yesterday: Maximum 59, minimum 25.

Same day last year: Maximum 81, minimum 37.

## TOKYO, Oct. 14.—Preliminary conversations designed to open the way for direct negotiations between Japan and China for settlement of their controversy over Manchuria resulted in failure today.

For the time being, at least, there will be no further private conversations between Baron Shidehara, Japanese Foreign Minister, and Chiang Tso-Pin, Chinese Minister to Japan. The Nanking Government was represented as having taken the view that any further talks might be misconstrued as indicating China's willingness to enter into direct negotiations with Japan, before the latter evacuated the occupied districts.

Verbaux reports of the situation here Monday between Chiang Tso-Pin and Baron Shidehara indicated the Chinese Envoy had insisted upon the withdrawal of Japanese troops from Manchuria as a prerequisite to any immediate negotiations.

The Japanese Foreign Minister was represented as having taken the attitude that since his country's principal interest in Manchuria was the protection of Japanese investments and property, China would have to give assurance of this before Japanese soldiers could be recalled.

Instead of seeking settlement of the question by direct negotiation with Japan, China appealed to the League of Nations asking its intervention. Japan has contended before the League Council that the Manchurian problem is one requiring direct negotiations between the two countries, and not a matter warranting action by any outside agency.

# Jack Miner and the Birds

From his "Book of Birds."

## MORE QUESTIONS AND ANSWERS

Question—How can I get the birds to my window in the winter? Answer—Make two movable self-servers and nail each to a top of a barrel. Feed cracked nuts, a little suet, etc.

Set your feed-racks a rod or two apart, back among your shrubbery. As soon as you have a nice bunch of birds coming keep moving your racks toward your house. This can be done by just moving the farther one around in front of the other, each time.

Question—How long does it take our common birds to hatch and fly from the nest?

Answer—Robins set from thirteen to fourteen days, and fly in about two weeks. But wild birds are not like our domestic fowls. If the latter leaves the nest, or stays off one night, that brood is about sure to die. But if a robin is disturbed, such as staying off the nest for six or eight hours at a time, the young are very apt to hatch. I have known cases of this kind when the eggs didn't hatch until the fifteenth day.

I once set a hen on nine wild duck eggs. She started out fine,

and set steadily for two weeks. Then she changed her mind, so I changed hers. But number two was no better. I then took the eggs and put them under hen number three, who finished the job on the thirty-second day, when seven out of the nine hatched, but they were very weak. Yet I managed to raise five of them to mature ducks. Duck eggs should hatch in twenty-eight days.

Barn swallows fly in about thirty-five days from the first eggs are laid. Yet it must be remembered that young swallows must be able to float in the air before they leave the nest.

The chipping sparrow is about the fastest bird I know. On June 13 a female started building in a little cedar tree one rod from her other four babies that were still in the nest under the care of her mate. At noon on June 17th she had her nest completed and one egg in it; June 18th at 9 a.m. there were two eggs in the nest, and at 7 a.m., June 20th, she was setting on four eggs. At 3 p.m., July 1st, all four eggs had hatched, and on July 11th the four baby birds flew out of the nest into the trees.

The mourning doves only lay two eggs at a sitting, but still they breed fast as they raise four or five pairs each year. I have tagged the young doves, but have only heard from one. That was killed in Georgia. Last winter a few doves wintered here with us.

I might also say that I have tagged dozens of young robins but have only heard from one. That was killed in Missouri.

But you can rest assured where birds get peaceable treatment and shelter, all that can return do so. This can be said of all species, from the wren to the Canada goose.

Question—What birds lay the largest eggs according to their size?

Answer—Killdeers and sandpipers lay the largest.

ing to their size of any bird I am acquainted with.

Question—What is the most powerful bird for its size? Answer—The screech owl. I have known a screech owl that evidently did not weigh over four ounces to kill a domestic fowl that weighed over six pounds, the owl alighting on the hen's head at night, eating her eyes out and eventually killing her.

Question—What do you mean by pinioning birds? Answer—Clipping means just simply clipping the wing feathers to prevent the bird from flying, but pinioning means to take the wing off, bone and all, at the first joint. This is usually done when birds are young, before the wings have developed. Then with the scissors the wing is snipped off. But remember, when this is once done, that bird can never fly again, as the wing cannot grow on any more than an amputated thumb upon your hand.

If a bird is slightly pinioned it may not be able to fly when it is fat and heavy. Yet this same bird may get thin and on a windy day rise up and make fairly good headway in the air.

This operation may appear cruel!

to some. Yet while birds are young, before they can fly, their wings are apparently numb and they do not mind the operation at all. If birds are to be kept in captivity it is the proper thing to do.

But remember, one bird in the bush is worth ten in the hand. So do not let us figure on keeping in captivity more than we can possibly help for that is cruel.

Jack Miner next tells how long birds live.

## LIBBYTOWN

Mrs. Edith Davidson, Miss Eleanor and Mr. Charlie Davidson, of Somerville, Mass., have been visiting relatives in this place recently.

Miss Marion Perry, B.A., of Montreal, spent the week-end with her parents, Mr. and Mrs. E. W. Perry.

Mr. Albert Thompson and Mr. Connolly, of Asbestos, were visiting friends here recently.

Miss Alice Davidson spent the week-end in Colebrook, N.H., a guest of Miss Nellie Corliss.

Mrs. R. J. Hewton, Mr. Howard

Hewton and Miss Doris A. Davidson, R.N., of Montreal, were weekend guests of Mr. D. Davidson.

## Adorable Children!

Don't let them be handicapped by poor health.

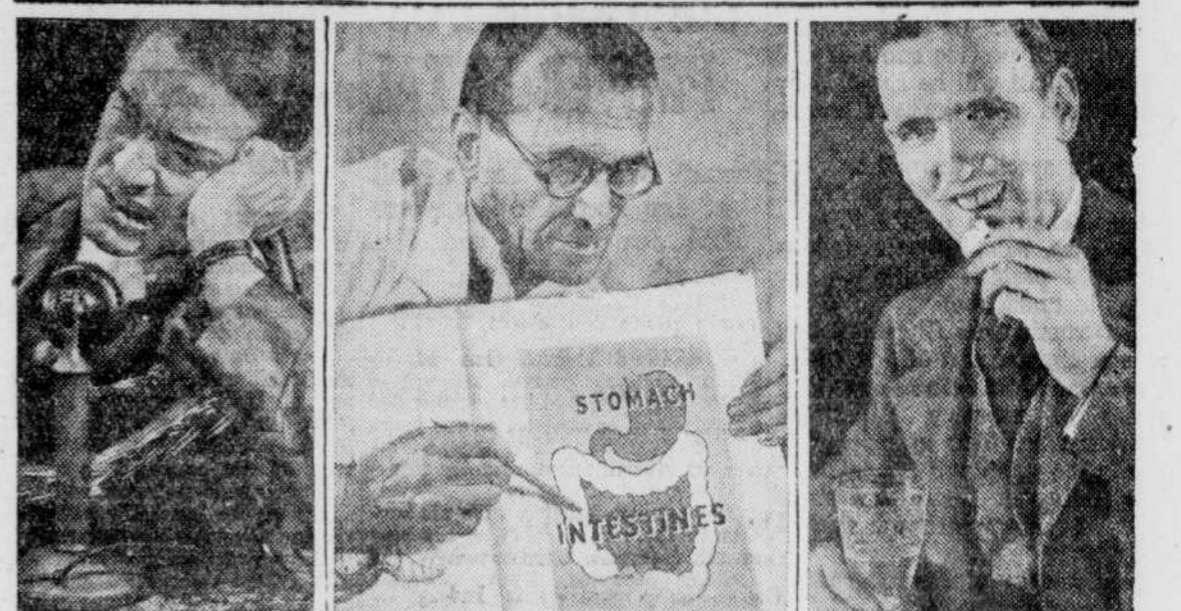

Baby's Own Tablets are the perfect laxative for children. They are a safe and simple remedy for colds, simple fever, coated tongue, loss of appetite, constipation, indigestion, etc.

Mothers, see that you have Baby's Own Tablets in the house always! 25 cents per package at all druggists.

## BABY'S OWN TABLETS

(Dr. Williams') 172

\* Irritable? \* The Cause may be Here! \* Try Yeast \*

WHY SNAP at friends? The trouble is inside you! POISONS that spread from here ruin dispositions. Keep intestines clean... BY EATING three cakes of Fleischmann's Yeast daily.

# Get Rid of that GROUCH!

IRRITABLE. Out of sorts. Everything going wrong... You know those days. And you know what causes them.

It's usually that same old depressing trouble... Intestinal Fatigue!

Why not get rid of this condition? Why not wear the smile that bespeaks a system clean, "regular" trouble-free?

It is really very simple. For over seventy-five years medical science has recognized the value of fresh yeast in cases of Intestinal Fatigue. A remarkable plant-like food, yeast softens accumulated waste material

in the intestines and stimulates the natural expulsive action which enables your body to clear it away.

That's all there is to it. No violent cathartics. No habit-forming pills or drugs. Thousands have acclaimed this sensible method. Leading physicians all over the world heartily endorse it.

So don't go on seeing the world through dark glasses! Drop in at any grocery, or at a restaurant, drug

store or soda fountain, and get a supply of Fleischmann's fresh Yeast today. Eat it regularly, three cakes a day, before meals, or between meals and at bedtime—plain or in a third of a glass of water (hot or cold), or any other way you prefer. And keep it up until your system is able to function again without help.

And insist on Fleischmann's Yeast—in the familiar foil-wrapped cake with the yellow label. Each cake is rich in three vitamins indispensable to health—vitamins B and G and the "sunshine" vitamin D.

Eat FLEISCHMANN'S YEAST for Health—3 Cakes a Day

Samuel de Champlain, who founded Quebec in 1608, returns to Quebec in 1620 after two years' absence, with Helene Boule, his girl wife. Quebec, at that time, boasted a French population of 80. The picture shows the great explorer and his bride being carried in state into the tiny settlement.

# MOLSON'S

THE ALE YOUR GREAT-GRANDFATHER DRANK  
ESTABLISHED IN MONTREAL IN 1766

# Forty Years on the Job...and "Hasn't Scratched Yet"

"Forty years" means back in the gay Nineties—"On the job"—means on millions and millions of jobs—in cottages and palaces—wherever people prefer their bathtubs and sinks sparkling clean.

"Hasn't Scratched Yet"—means just what it says. Bon Ami cleans, polishes, but never scars and mars the porcelain that it makes so clean and gleaming. Never leaves gritty sediment in the bottom of tub or sink. Neyer roughens or reddens your hands.

Made in two handy forms—a snowy white Powder in a sifter-top can and a convenient, compact Cake. Both are utterly odorless. Sold at all grocery stores.

## Less handicapped nowadays

"New ideas on personal hygiene responsible," says doctor

THE DOCTOR in a leading women's college was comparing this generation of girls with those of 25 years ago.

"We don't have nearly so many illness excuses from girls nowadays," he said. "Girls have learned how important it is to keep their systems functioning normally at all times. And at times when they are most likely to be upset and thrown off balance, they take special measures."

What doctors advise girls to use on such occasions is Nujol—a spoonful every night for several days before-hand helps to keep everything normal even under abnormal conditions. For it contains absolutely no drugs or medicine. Perfected by the famous Nujol Laboratories, 2 Park Avenue, New York City. Try this treatment for the next three months, and see if it doesn't make things much easier for you.

Be sure you get the genuine.

will fill the others. The Temperance contests in the Northern Messenger were discussed and it was left with Mrs. Merrill to see the teachers regarding the contests.

The topic for the day was "The Press." Mrs. Little read the report from the annual report book. The proceeds amounted to \$4.55.

# FARNHAM W.M.S. HELD MEETING; GENERAL NOTES

Eleven Members and Five Visitors Present at Regular October Meeting of Society—Ladies' Guild of St. James' Church Held Tea and Food Sale.

FARNHAM, Que., Oct. 14.—The Women's Missionary Society held their regular October meeting with Mrs. Bertha Simon on Thursday afternoon, October 8th, when eleven members and five visitors were present. The president, Mrs. Mary Smith, presided and the meeting opened by singing the hymn, "Jesus Saves." Mrs. Mary Smith gave a Scripture reading and talk, and short prayers were led by Mrs. Harry Campbell. The minutes of the previous meeting were approved as read by Mrs. M. J. Smith, the secretary.

The treasurer, Mrs. E. Ingalls, reported that the sum of \$26.80 had been received from the afternoon tea and food sale held recently and also reported having sent \$32.36 to the branch treasurer for the third quarter of their allocation. Readings were given by Mrs. Alex. Alexander on Japan; by Mrs. Harold Lavalliere on the Indians; and by Mrs. Bertha Simon on temperance. Mrs. Harry Campbell and Mrs. Archie Longtin took charge of the study for the afternoon, based on the Ukrainians in Canada, from the study book "That They Shall Be One." The next chapter, on the Italians in Canada, will be given at their next meeting. Mrs. Albert Beaton having invited them to meet with her.

The sum of \$8.80 was reported from the collection through the systematic envelopes for the afternoon. An autumn thank offering was decided upon for the members, to be given at their next meeting.

A committee was appointed to purchase a gift to be presented to Mrs. I. B. Blakely with regards to the members at her departure from their midst to her future home in Montreal.

The meeting was brought to a close by singing "From Greenland's Icy Mountains" and by repeating Mrs. Albert's words in unison. At the conclusion of the meeting, refreshments were served by the hostess, assisted by Mrs. Caldwell.

Ladies' Guild Held Tea and Sale.

The Ladies' Guild of St. James' Church held an afternoon tea and sale of home made cooking in the church hall on Thursday afternoon, October 8th. The tea tables, prettily centered with small vases of asters, were in charge of Mrs. E. A. Beaton, Mrs. Albert Cook and Mrs. Edith McGuire. The luncheon table was well-laden with a wide variety of tasty eatables, which were all very quickly disposed of. It was in charge of Mrs. Albert Cook and Mrs. A. E. Barber, who were assisted by Mrs. Van Pickett, and Mrs. T. Lord's Mrs. G. E. St. Denis acted as cashier for the afternoon.

The tea and sale took the place of the regular meeting of the Guild. The proceeds amounted to about twenty-six dollars.

General Notes

Mrs. L. Lax, the Misses Sybil and Gwendolyn Lax and Mr. Colin Lax, of Scotstown, were guests of Mr. and Mrs. George A. Wilson for the week-end and holiday.

Mr. and Mrs. R. D. Farley and Mr. Randolph Farley, of Drummondville, were guests of Mr. and Mrs. K. R. Turner recently. Mrs. A. A. Robinson, of Montreal, was also a guest at the same home.

Mr. Albert Lorimer, of Montreal, spent the week-end with his parents, Mr. and Mrs. John Lorimer.

Mrs. Myron Sherwood spent a few days last week at Waterloo, guest of her daughter, Mrs. Leonard Adam, and Mr. Adam.

# Little Workers Need Good Nourishment

and play, too, drains strength and nervous energy

**BETWEEN** breakfast and noon is the greatest time for play. In these four hours, also, 70% of the day's work is done. Investigations prove this. So physicians say to old and young "Eat a hot breakfast of nourishing food."

Quaker Oats... zesty flavour of big plump oat grains roasted in an open oven and rolled to tender flakes. Children love it. Sixteen per cent. is protein, which makes growth and repairs waste; sixty-seven per cent is carbohydrate, which give strength and energy. Plentiful minerals build bone and cleanse the blood. Quick to cook and economical to serve. Quick Quaker cooks in 2 1/2 minutes after the water boils. Costs less than a cent a meal.

Serve Quaker Oats often. You never tire of them. But be sure they are Quaker Oats. See that you get packages bearing the name and the Quaker figure. No other oats are selected so carefully or milled so expertly.

# QUICK QUAKER OATS

Milled at Peterborough, Ont., and Saskatoon, Sask., by The Quaker Oats Company, world's largest cereal millers. Makers also of Quaker Natural Bran, Muffets, Crackels, Quaker Quick Macaroni, and other Highest Quality cereals.

# PEEVISH as a Hornet

# Stop Drinking Tannin and Caffeine

A JARLET here. A joltlet there. No laughing off of minor irritations—life—one perpetual peeve. Why be sleepless, irritable—nerves falsely stimulated by tannin and caffeine found in mealtime beverages?

How different—how much better you'll feel if you drink Postum which contains no trace of any drug. Delicious, sustaining, economical. Instantly made in the cup at a cost of about half-a-cent. 90 cups to a 50c tin. Or there's Postum Cereal made by boiling or percolating 20 minutes.

A Tip to Mother

Many children do not like the taste of milk. They like to have the same drink as the "grown-ups". It is good for them to have a hot drink. Make Instant Postum for them using hot milk (not boiled) instead of boiling water. They'll like the taste immediately.

Splendid Free Offer

Make a 30-day test of Postum. We'll start you on your test by giving you your first week's supply free. Write General Foods, Limited, Sterling Tower, Toronto 2, Ontario.

# Postum

# Choose Your ELECTRIC WASHER together

The lady of the house knows what it's all about... this weekly grind over steaming washtubs. She knows just WHY she wants an Electric Washer. And the man of the house will get her viewpoint, too, once he sees how easily, quickly, efficiently and cheaply an Electric Washer works. So come together and let us show you both. Then choose YOUR washer for immediate delivery on the special terms now offered.

Demesnours are quite commonly paid back in their own coin. A frown reflects a frown, and courtesy begets return courtesy.

PUT A BAN ON SIGNS OF BANKRUPTCY SALES.

There was a time when bankruptcy was considered a disgrace. But through lax laws and frequent delinquencies of debtors who murder every sense of honesty, and then get off free to do it all over again, it is now considered a matter of form—a convenience for sequestering assets and cheating creditors without fear of being caught and made to disgorge hidden assets.

In Canada we have debtors who fail quite regularly—every few years—and who yet start a new business within a few months with their ill-gotten gains, and proceed to do it all over again.

Creditors grow careless and blame it all on the laxity of the law, but it often occurs that it is this callous indifference which invites the defrauding debtor to go and do it all over again.

The fraudulent debtor increases the cost of goods to the public. He is a menace to commerce, a wart upon the face of business, and should be branded and imprisoned, the only known deterrent of crime.

The use of a bankruptcy sign on a store should be prohibited unless such a sign is fully explained to the buying public, who usually share with the manufacturing creditors in the second round of cheating.

Fraudulent bankruptcies are in direct relation with the attitude of the receivers and their conception of their duties, and when an estate is finally wound up both official receivers and the debtors should have a signed acquittance from creditors that the liquidation was honestly carried out and that the debtor paid to the full power.

Diligent and expert examination of defaulting debtors is not carried out because of collusion between the debtor and his assignee. Where such diligence is pursued to the limit there are fewer bankruptcies and fewer frauds.

When once found out in dishonesty and fraudulent practices a bankrupt should be debarred from business and ostracized from decent society until he makes full reparation.

So seldom have these frauds been properly exposed and punished that creditors are both discouraged and indifferent, and debtors grow as bold-faced and rampant as a weasel trained to eat hen's eggs and wee chickens.

Rigid laws and an aroused public opinion must put an end to this business cancer.

HITTING A MAN WHEN HE IS DOWN.

Raising the bars against British importations by enforcing the Dumping Act is not in accordance with the meaning of the measure, which was enacted to prevent the export to Canada of surplus goods at a price below their market value.

As Acting Minister of Customs Mr. Cahan says the course was essential. We should like to ask Mr. Cahan who it was that requested this unfair interpretation of the law.

because of its extravagance. When the radio was young, its growth was encouraged by newspapers everywhere, just as was the coming of the automobile, and we are not out of the aeronautic infancy stage. As an industry in Canada, with enough factories to put on a great Trans-Canada Air Pageant the airplane can take care of itself, and will grow the more quickly under friendly criticism.

Premier George S. Henry, of Ontario, offers an acclamation to M. F. Hepburn, M.P., titular leader of the Liberal Opposition in that province. Mr. Hepburn was chosen to succeed Mr. Sinclair, whom some Liberals wished to displace and make the goat of their own freakish notions which have so handicapped the Ontario Liberals since they committed har-kari by co-operating with Ex-Premier Drury, of sad fame as an executive.

With the coal operators fighting for profits, and the coal miners fighting for wages, Old King Coal is sick. And on top of his back lies the growth of the mighty new industry first known as white coal, but now termed hydro-power. From electrical development of the flowing waters we get heat, light and power which will make Quebec province the greatest center of industry in the world.

Evangeline Booth, of the Salvation Army in the United States, avers that a man has a better chance in the United States with bandits and bootleggers than he has in Britain with her brewers. "Put that in your B B B and smoke it," as my prohibition friends, who send me nice waste basket postal cards, would say.

FRONT WINDOW MUSINGS

A philosopher is a man with a good constitution, a good position, and a big bank account. Some people are all puffed up, but many of the girls are just powder-puffed up.

Another of school life's most perplexing problems is deciding which Greek letter society to join, if any. Some men are so forgetful they can't remember that they are supposed to forget something or other.

People who grow old cheerfully never grow old. A hypocrite is a person who falls down on the home stretch.

Laws only crystallize public sentiment; they do not create it. Too many people pray for emergency rations rather than for daily bread.

Some people think they cannot have a good time without having a wicked time. The selfish friend is the man who hopes that he can use you before you can use him.

Two of the best things in the world to cultivate are good will and a sweet disposition. Even a love match may have its flare-ups. Women take more interest in what a girl will wear as a bride than in what she'll get to wear after she is married.

Wealth plus health is wonderful. Wealth minus health is ridiculous. No man is too busy to stop and look over the wreckage of an automobile smash.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. October 14th, 1901. Sons arrived in Sherbrooke at the homes of Mr. and Mrs. Archibald Eley and Mr. and Mrs. John Baxter.

Excitement was caused on the London Stock Exchange by a report that General Botha had been taken prisoner. The rumor proved groundless, although the wily Boer had a narrow escape from apprehension.

Sixty employees of the Silver Spring Brewery and Bottling Works held a picnic at Little Lake Magog, the party being accompanied by S. C. Nutter and J. H. Bryant. A programme of races, games and boat trips on the lake was followed by supper at Gosselin's Inn.

Announcement was made that proper dress for those occupying seats on the platform at the reception to the Duke and Duchess of Cornwall and York would be: Ladies: half-mourning, i.e., mauve, lilac, grey or black and white. Gentlemen: Prince Albert frock coat, light trousers, top hat, dark tie and dark brown kid gloves.

The anniversary concert of St. Andrew's Church was largely attended. The vocalists were Misses Thomas and Shurtliff, of Coaticook; Miss Ives, Messrs. Allen and Shepherd, Miss Freda Fairman, of Montreal, and Miss McKenzie were the elocutionists, and instrumental numbers were given by Mrs. L. E. Codere, Mrs. Kedogh, Miss Doherty, Messrs. Barrie and Genge.

Social And Personal

Miss Frances Hovey and Miss Ruth Loomis are spending a few days in Montreal.

Mr. Jack Fuller, who has spent some time at his home on Queen street, left this morning for New York.

Mr. Douglas Lamont, of Montreal, is a guest of Mr. Frederick Sangster at his home on Wolfe street.

Miss Gladys Leech and Miss Vera Aitchison, who returned from Sawyerville, where they spent the holiday with friends.

Mrs. Charles Wolff and Mrs. L. W. Phillips, of Elizabethton, Tenn., are guests of Mr. and Mrs. W. S. McCutcheon, Quebec street.

Miss Alice Wilson, of Dominion Avenue, left this morning for Montreal to attend the festivities in connection with the re-union at McGill University.

Mr. H. E. Pawson, who has spent several days in Sherbrooke as a guest at St. George's Club, left this morning for his home in Westmount.

Mr. James Mackinnon, who has spent the summer at his country home, "Inverness Lodge," Bondville, has returned to his residence on Victoria street.

Miss Kathleen Atto, of Boston, Mass., and Mr. L. H. Atto, of St. Agathe, spent the week-end with their mother, Mrs. L. H. Atto, Church street, Lennoxville.

Miss Claire Frappied, nurse-in-training at the Montreal General Hospital, spent the week-end at home with her parents, Mr. and Mrs. J. B. Frappied, Montcalm street.

Mr. and Mrs. Alan Mackinnon and Mr. Tristram Mackinnon were guests for the week-end of Mr. James Mackinnon, Victoria street, en route from Montreal to their home in Boston, Mass.

Miss Mary Anglin, of Montreal, and Miss Catherine Martin, of Quebec, who have been guests of the latter's grandmother, Mrs. T. W. Fuller, of Wolfe street, have returned to their respective duties.

The Rev. Dr. and Mrs. R. A. Parrock, of Hamilton, New York, have announced the engagement of their daughter, Grace, to the Rev. Elton Scott, Rector of the Church of St. Columba, of Montreal, and son of the Ven. Archdeacon and Mrs. F. G. Scott, of Quebec.

Last evening there was a large attendance at the meeting of the Young Ladies' Aid of St. Andrew's Church, which took place at Mrs. R. Norton's home, on Lincoln Avenue. The president, Mrs. Wilfred Davey, occupied the chair during the business session, when plans for a Halloween tea and the Christmas sale were put under way.

A pleasant social gathering at which much business was disposed of, was held yesterday afternoon, when Mrs. Gertrude B. Hall entertained the members and friends of the Ladies' Aid of Trinity United Church at her home on Bowen Avenue. Mrs. W. S. R. Gosselin, president, was in the chair, and the devotional period was in charge of Mrs. A. G. Campbell. Mrs. Harold Peabody and Mrs. Gordon Armitage were appointed conversers for the chicken-pie supper, and several other enjoyed by the members and their visitors. Mrs. Phelps, Mrs. Farr and Mrs. R. Hall assisted in serving at the tea hour.

A meeting of the executive committee, diocesan sub-division of the Catholic Women's League was held at the home of the president, Mrs. H. Velleux, who presided, on Saturday. It was explained that the chief object of the meeting was to consider plans and a programme for the forthcoming diocesan convention which will be held in Sherbrooke on Tuesday, October 20th. After discussion it was decided that the convention would consist of afternoon and evening sessions, and include benediction of the Blessed Sacrament at Mont Notre Dame, at five o'clock, followed by a dinner at the Chateau Frontenac. The convention will be honored by the presence of the national president, Mrs. W. J. MacIntyre, of Charlottetown, P.E.I., who will be the principal speaker at the evening session. Other speakers will also address the meeting and reports of work performed by the different sub-divisions submitted by their respective presidents. Musical numbers contributed by local talent will add to the enjoyment of the programme. After a dinner, a hotly contested tea was served by the hostess.

Y.W.C.A. NOTES

The gym and basketball classes got away to fine starts last evening, when the MacKinnon Memorial building was a hive of activity from seven o'clock until closing time. Everybody was anxious to welcome Miss LeBaron back, and, judging from the numbers present, there is every promise of a very busy season in the physical department.

The refreshment committee hope the girls planning to attend the meeting of the supper club on Thursday have already made known their intention to do so to the officials in charge.

Mr. and Mrs. E. M. Armitage have returned from a motor trip to St. John, N.B.

Mrs. J. H. Burton, "The Grange," Ayer's Cliff, entertained informally at the tea hour yesterday afternoon.

Mrs. S. R. Fuller, Jr., returned this morning from New York, where she spent the week-end.

Mrs. W. S. Kilgour and son, Donald, spent the week-end holiday with the former's son, Mr. James Kilgour, and family, Verdun, Que.

Mr. and Mrs. E. W. Gilman, who have spent the past few months at their summer home on Victoria street, returned to Montreal yesterday.

The Misses Audrey and Doris Bennett, of Montreal, were recent week-end guests of their father, Mr. M. J. Bennett, College street, Lennoxville.

Mrs. George E. Borlase, Dominion Avenue, is having the evening for Providence, R.I. to visit her daughter, Mrs. F. E. Thompson, and Mr. Thompson.

Miss M. Bostwick and Miss Yates were joint hostesses last evening at the former's home on Prospect street, when they entertained the Ladies' Aid of Trinity United Church. Mrs. E. A. Tomkins, the president, presided, and final plans were made for the banquet to be given at the Young People's Society this evening in the tea room with Mrs. Raymond Wood as convener. Arrangements were also made for the annual chicken-pie supper. After the meeting the members enjoyed a social hour, when the hostess served refreshments, assisted by Mrs. E. G. Pierce.

"Our Work in Formosa," was the subject of the study hour at the Women's Missionary Society meeting yesterday afternoon at St. Andrew's Church Hall. Mrs. James McKelvie occupied the chair, and the study period was in charge of Mrs. George Dick, Jr., and Mrs. C. A. Turner, who both gave interesting and educational information on the subject of Formosa. A very impressive and helpful address, "Thank Offerings," was also given by Mrs. Andrew MacDonald during the missionary session. An appropriate vocal solo was pleasingly rendered by Mrs. Malcolm McKay, and very much appreciated by the ladies, who sang a hymn, the meeting closed with the usual devotions.

BIRTHS, MARRIAGES, DEATHS

BIRTHS HUNTING—At Huntingville, Que., on September 22nd, 1931, to Mr. and Mrs. Roy W. Hunting, a son, (Maurice Wayne).

THOMPSON—At Providence, R.I., on the 13th instant, a daughter, to Mr. and Mrs. Frank E. Thompson (Peggy Borlase).

DEATHS DAWSON—Entered into rest at Lennoxville, Que., on Wednesday, Oct. 14th, 1931, Florence Mabel Austin, beloved wife of Edward Dawson, at the age of 62 years. Funeral from her late residence, Friday, Oct. 16th, at 10.30 a.m., to Randboro Church.

STOKES—Entered into rest at Bury, Que., on Tuesday, Oct. 13, Maxwell Byron, only son of Mr. and Mrs. E. A. Stokes, at the age of 16 years and 9 months. Funeral service at the late residence, Thursday, Oct. 15th, at 1.30 p.m.

SAMPSON—Passed away at North Hatley, on Tuesday, October 13th, 1931, Moulton Sampson, aged 59 years, beloved husband of Helen Lesley McNeil. The funeral will be held from the late residence on Friday, October 16th, at 2.30 o'clock.

CARD OF THANKS We wish to thank all those who assisted us at the time that our house was destroyed by fire; also all those who helped us in any way after.

MR. AND MRS. A. P. KELLY, Island Brook, Que.

IN MEMORIAM In loving memory of our dear mother, Mrs. Ellen Caswell, who passed away on October 14th, 1919. Inserted by her Children.

MRS. C. F. DUBRAY (Daughter), 15 Summer St., Newport, Vt.

IN MEMORIAM In sad and loving memory of our dear mother, Mrs. John Mills, who departed this life October 14th, 1928. Inserted by her FATHER, MOTHER AND BROTHERS.

IN MEMORIAM In sad and loving memory of our dear daughter and sister, Margaret Janet King, who departed this life one year ago today at Waterloo, Que., on October 14th, 1930.

In a lonely country graveyard, In a cold and silent grave Lies the one we loved so dearly, Whom we loved but could not save.

MOTHER FATHER, SISTERS AND BROTHER. Waterloo, Que.

IN MEMORIAM In loving memory of Lillias Greenlay, who died October 13th, 1917. Also of her father, Mr. John B. Greenlay, who died October 22nd, 1930.

There is some one who misses you sadly, And finds the time long since you went, There is some one who wants you both still, But tries to be brave and content.

Though you have gone to that land of love, We who are left cannot help but grieve, And wish that you both were here.

Inserted by MRS. MARY GREENLAY, JOHN E. GREENLAY, CHARLES A. GREENLAY. Bury, Que.

COURT THANKED FOR SENTENCE BY PRISONER

Ernest Guilmette, of Stoke, Satisfied With Two-Year Penitentiary Term Imposed on Him by Judge Lemay This Morning

A thief, who seemed more than satisfied when the Court sentenced him to the penitentiary, provided an unusual scene in the Magistrate's Court this morning. The accused was Ernest Guilmette, who pleaded guilty to two charges of burglary at night. This morning he appeared before Judge Lemay with five other prisoners for sentence and received almost twice as long a sentence as the terms of the five others added together. Two years in St. Vincent de Paul was the sentence imposed, on each count, the sentences to run concurrently. As the prisoner heard the Court's decree, he turned to the Judge and said: "Thank you, sir."

Guilmette was arrested by High Constable Louis A. Gaudreau with the aid of the local police force. The High Constable was informed that an attempt would be made to steal a car in Ascot. The first attempt was balked by bad weather while, on the second occasion, Guilmette was unable to move his objective out of the garage. Instead he took tools, and was later arrested and charged with burglary. From the manner in which he took his sentence it appeared as though Guilmette expected a longer term.

Richard Coupal, of Coaticook, will spend the next six months behind the bars of the local jail for committing perjury recently in the Magistrate's Court. Coupal admitted his guilt when he appeared for trial after Judge Lemay had ordered his detention following his testimony in a liquor case.

Two young men, Joseph Lafontaine and A. Legere, no address, entered pleas of "not guilty" to charges of stealing a ride on the Canadian National railway between Montreal and Richmond. When the Court asked them if they understood the complaint, they replied in the affirmative, explaining that they were starving. When the question was put to them a second time, they both admitted that they had committed the offence. Five dollars and costs or fifteen days in jail was their sentence.

After the Court had passed sentence condemning A. Beaulieu, of Sherbrooke, to remain in the local prison until December 20th for theft, the accused asked the clerk of the Court, claiming that he was a married man. Judge Lemay remarked that he was exerting leniency by allowing the accused to get out of jail before the Christmas season.

Mr. Morin, who gave his address as Halifax, but who is said to reside in Magog, received the second longest sentence handed down today when he was ordered incarcerated for the next six months. Morin was accused on two counts of receiving small amounts of goods under false pretences. He was given three months on each complaint, the second sentence to start at the completion of the first term.

Preliminary hearing was set for Friday, October 23rd, in the cases of Aimé Proulx, Jean Baptiste Proulx and Robert Proulx, all of St. Camille, accused of previous assault on the persons of Romeo and Joseph Beaudoin. According to counsel for the defendants, Col. Emile Rioux, the accusations are an aftermath of a council meeting. The three are out on bail.

The small court room was crowded to capacity.

CITY BRIEFLETS

FORMER B.C.S. PUPIL PASSES AWAY The death of Edward C. F. Wood, prominent banker, who died at his home in Toronto at the age of eighty, removes one of the early students of Bishop's College School. The late Mr. Wood served for forty-five years with the Imperial Bank of Canada, prior to his retirement in 1925. He was born at Three Rivers.

OMEGA-ALPHA TO PARTICIPATE IN SERVICE It was decided at the Thanksgiving supper of the Omega-Alpha Club that the society should again participate in the Armistice Day Service and provide a wreath for the soldiers' monument on King Hill.

Presentations seemed to be the order of the evening at this meeting. Messrs. M. Turner, official pianist of the club, and I. Echenberg, treasurer, were the recipients of decidedly "appropriate" gifts.

COURT HOUSE WILL BE REWIRED Word was received from Quebec yesterday that the tender submitted by T. E. Donahue, local electrician, for re-wiring the local Court House had been accepted. The amount of the contract is understood to be \$2,740, and the work is expected to be completed within the next two months.

Sheriff C. E. Therrien explained that in view of the forthcoming session of the Court of King's Bench, which will start on November 3rd next, wiring of the upper storeys will be started immediately in order to have the jurors' headquarters and Court chambers ready for the opening of the Criminal Assizes.

Y.M.C.A. SPECIAL GROUP TO MEET FRIDAY EVENING The first organized meeting of the Y.M.C.A. special group of boys whose fathers are out of work or who have no fathers and of boys who are to have a special membership ticket of ten cents per week will be held Friday evening at 6.30 o'clock at the local "Y."

This is a special and commendable effort on the part of the association to meet the needs of all the boys in town, and should the number become too large a second

CONSERVATIVES WILL CONTEST WOLFE COUNTY

Post-Election Activities of Provincial Opposition Will Center in But Three E. T. Ridings.

With the taking out of contestation papers against the election of Dr. J. P. C. Lemieux, Liberal, in Wolfe County, the provincial Conservatives have apparently fixed their last post-election shot in this district.

Out of a total of twelve Eastern Townships ridings, which gave the Liberal party and the Government headed by Premier L. A. Taschereau a sweeping victory in the August provincial elections, the Opposition forces have fired disturbing shots into but three. In spite of all the talk which was heard following the elections and the rumors which were circulated, the mantle of contestation has but fallen upon Sherbrooke, Richmond and Wolfe.

As the time has now practically expired for the entering of contestation proceedings in this district, it is hardly likely that any further developments will occur.

The petitioners in the case of Dr. Lemieux, the veteran member for Wolfe, are Ovide Fontaine, farmer, of the Township of Weedon, and Joseph S. Fontaine, farmer, of the Township of St. Gerard.

Dr. Lemieux has represented Wolfe County in the Provincial Legislature for several years, each time polling a safe majority over his opponent. In the last election he was elected member with a majority of 446 votes.

Mr. S. E. Desmarais, whose election in Richmond is also being contested, is another pillar of the Liberal party in Quebec. Mr. Desmarais has in the past only represented his county at Quebec, and in recompense for his services the electors in August returned him with a majority of 410 votes.

So far as Alderman Emery H. Fortier is concerned, the contestation is but a minor matter. He is but beginning his political career. He goes to Quebec with valuable experience gained from his public and municipal life in Sherbrooke. The majority which he received over the former Sherbrooke member leaves little doubt regarding the confidence which the people of Sherbrooke County have in his ability.

Yesterday was the final time for entry of actions in most cases, but not in all counties, due to special reasons under the existing act. In the counties of Starbuck and Soulanges it will be possible to enter actions until next Saturday, and in Charlevoix-Saguenay an action may be taken until October 25.

It was reported yesterday that no actions had been entered against seventeen of the 79 Liberal members elected on August 24. This indicates that 62 contestations had been entered, but such was not the case yesterday, and quite probably when the situation is cleared up by re-entention of definite reports as to

group will be formed. The boys will have one hour in the gymnasium, twenty minutes in the swimming pool and be able to enjoy the movie pictures Saturday evenings.

LOCAL MAN'S DEATH ACCIDENTAL

The death of Mr. Alexandre P. Pelletier, prominent local man who died from injuries sustained in a motor mishap about two miles this side of Magog, was accidental, it was determined at the coroner's inquest yesterday. Arthur Forester, driver of the automobile which struck Pelletier's car was consequently exonerated of all blame.

It is presumed, from evidence submitted at the inquest, that Pelletier's car had stopped alongside the highway at the top of a slight incline, and he was standing at the rear, unintentionally shielding the red light. When he saw the Montreal car approach, he moved to the side of the vehicle, but the crash occurred before he could get clear.

Forester declared he saw no tail light, and that Pelletier's car was stopped when the crash occurred. Desmond Walsh, of Montreal, who accompanied Forester corroborated this evidence. Miss Therese St. Pierre, of this city, who was with Pelletier at the time of the mishap, is still in the St. Vincent de Paul Hospital, suffering from shock. Her knowledge of the accident was vague.

Following the testimony of several witnesses, the coroner's jury required little time to deliberate before rendering a verdict of "accidental death."

what actually has been done the number of contestations entered against Liberal candidates will run to not more than 60.

The seventeen counties in which no actions had been taken against Liberal members, in the far greater part of which none may be expected, since the delays in most of the seventeen cases expired yesterday, are as follows: Argenteuil, Beauce, Charlevoix-Saguenay, Gaspé North, Gaspé South, Gatineau, Magdalen Islands, Joliette, Quebec East, Quebec West, Rivière du Loup, Rimouski, Iberville, Stanstead, Vercheres, Soulanges and Laprairie-Napierville.

Other actions taken yesterday by the Conservatives were against Walter Reed, in L'Assomption; Hon. J. M. Francœur, Lotbinière; Médéric Duval, Montcalm; Cleo Berthier, Berthier; Pierre Lortie, Labelle, and Hon. Athanase Davil, Terrebonne.

The cheapest and quickest form of getting what you want is through the Record Want ads at two cents a word. The small ad taken costs 25 cents.

GRANADA TODAY UNTIL SATURDAY. Maurice Chevalier

"THE SMILING LIEUTENANT"

# MECCANO

The Toy That Made Engineering Famous

THE MECCANO BOY OF TODAY IS THE ENGINEER OF TOMORROW

When a boy makes Meccano model-building his hobby, he learns the secrets of real engineering in the best of all ways, for he builds with real engineering parts in miniature, all standardized and interchangeable. Meccano Strips and Plates are made of heavy steel and the big range of Meccano Gears and Pinions are all machine cut from the finest brass.

Every detail of a Meccano model follows correct engineering practice. There is scope for invention with Meccano, too, for one of its chief delights is the facility it offers for designing new mechanisms and structures, and also for trying out new ideas in model form.

This year Meccano Outfits are bigger and better than ever. They all contain a greater number and wider selection of parts than previously, enabling hundreds of new models to be built.

Complete Outfits from \$1.25 to \$125.00

J. S. MITCHELL & COMPANY, Limited

## PROMINENT CLERGYMAN TO VISIT SHERBROOKE

REV. DR. W. G. BROWN

Rev. W. G. Brown, M.A., D.D., Moderator of the General Assembly of the Presbyterian Church in Canada, will conduct the anniversary services in St. Andrew's Church on Sunday, October 18.

Coming from a farming community near Huntingdon, Quebec, Mr. Brown's early training was at Huntingdon Academy. This was followed by a course at McGill University, from which he graduated in 1899 as Master of Arts, holding first class honors in Philosophy. Pursuing his studies in Theology, he received his training for the ministry in the Presbyterian College, Montreal, graduating in 1902 with the degree of Bachelor of Divinity.

On graduation in the spring of 1902, refusing calls to some of the leading pulpits in the Dominion, Mr. Brown went as a missionary to the lumber camps in Northern Ontario, where he served for two years as a student. In this capacity he tramped from fifteen to twenty miles a day, preaching in the camps at night. In the spring of 1903, when the lumber camps closed, he was asked to be sent to the mining camps in British Columbia. His wish was granted, and he labored for four years in the Slovan district.

Then came another period of study. Leaving for Scotland in 1907, he studied in Glasgow, taking a post-graduate course. On his return to Canada he again undertook frontier work. Mr. Brown has given his whole soul to the West, and is one of the outstanding men of the Church in Canada. He has ever been known as a man of strong convictions, boundless energy and deep spirituality. As a home missionary he is in the succession of the late Dr. Robertson, Dr. McDougall and others of all churches who gave of themselves unstintedly in building up in Western Canada strong Christian communities.

## CITY BRIEFLETS

Big dance tonight at the Winter Gardens, Rollie Badger and his band.

Y. W. C. A. rummage sale, Oct. 16th. Phone 472, rummage will be called for.

Please look in your pantry, shed or cellar for stray milk bottles. By returning them your few minutes' efforts will be much appreciated. — Sherbrooke Pure Milk Co. Ltd.

Weekly tea, St. Patrick's Church Hall, Thursday, Oct. 15th, 4 to 6. Hostesses, Mrs. J. S. Mooney, Mrs. P. M. Hawkins, Mrs. M. de Lottinville, Mrs. Geo. Walsh.

## Gaelic Society

Anniversary entertainment will be held in the Macabees Hall, 86 Wellington St. North, Thursday evening, 15th inst. A splendid programme is being prepared. Come and bring your friends. Silver collection to defray expenses.

## Real Estate Transactions

Registration at the Sherbrooke Division Registry Office during the past week included the following: Onesime Brulotte to Joseph Brulotte, lot 726-80 East Ward, price \$400; E. R. Blais to Achille Beaucher, lot 903-217 North Ward, price \$75; Mrs. Eugene Boisvert to J. E. Choquette, lot 395-15 East Ward, price \$1,200; Eugene Gervais to Joseph Roy, of north half of lot 760 East Ward, price \$200; Cesar Gervais to Irene Gervais, lots 128 and 127 Centre Ward, price \$16,000.

BIRTH CONTROL CONDEMNED ROCHESTER, N.Y., Oct. 14.—The National Council of Catholic Men closed their annual convention here last night with resolutions condemning birth control and asking the members to advance the "unity and sanctity of the Christian home."

## SCOTSTOWN

## SOUTH DURHAM

La Ses of St. James' Church will give their chicken-pie supper in I. O. O. F. Hall, Sat. evening, Oct. 17th.

## COOKSHIRE

Miss Lois Planché has opened a hairdressing parlour at her home.

## BOY SCOUT NEWS

4th Sherbrooke Pack, Drummondville Troop and Pack and Lennoxville Rovers Inspected.

The following inspections were recently made by the Assistant District Commissioner.

The 4th Sherbrooke Pack, formerly in charge of D.C.M. Hicks, but now under the direction of Mr. Bell, recently promoted to acting Cubmaster. This pack continues to grow and promises good Cubbing in the future, but regret the departure of Lady Assistant Cubmaster Lydia Hicks, who has taken up Girl Guide leadership. D.C.M. Hicks accompanied Mr. Blake on this inspection.

The 1st Drummondville Troop and Pack, now under the direction of Acting Scoutmaster Moffatt, assistant Scoutmaster Redston and acting Cubmaster Leverett, continue to show progress in their work. The colors of this group are to be changed shortly. Unfortunately Cubmaster Bird finds it necessary to relinquish the duties of leader of the Pack but hopes to return in some capacity to the movement later. D.S.M. Conley accompanied Mr. Blake on the inspection of the Troop.

An all day hike was staged by the Lennoxville (Bishop's) Rovers under the direction of Rover Leader (Dean) Carrington and the inspection was held in connection with this hike. A.D.C. Blake also took charge of the afternoon session, consisting of a lecture and demonstration of games for Scouts and Cubs under the Gillwell plan.

Local Scout Leaders Are Invited To St. Johns Annual Dinner.

The following letter has been received from the chairman of the District of St. Johns Scout Officers' Association by the assistant District Commissioner:

"The members of this association extend greetings to yourself and to the officers of your district.

"The fourth annual dinner of the District of St. Johns Scout Officers' Association will be held at the New Windsor Hotel, St. Johns, on Wednesday, October 21st, and we would be greatly pleased to have you and your officers with us on that occasion. Troop and patrol leaders, committeemen and other supporters with their ladies will also be welcome."

This will provide an excellent opportunity for the leaders of the two districts to get together and exchange ideas in connection with the work of the movement, and all desiring to attend should communicate with A.D.C. Blake, address 3 Bank street, or phone 2240-F not later than Thursday, October 15th.

## Rich...

Besides the guarantee of purity our pasteurized milk is extra rich. The supply from two pure bred jersey farms (fully accredited) has just been added to our dairy.

The best milk in every way — is our aim for Sherbrooke.

## "Does it hurt to shave, daddy?"

"YOU'RE like a great big bear, daddy. I like to kiss you, but your face isn't nice and smooth like mama's. It feels so rough. Does it hurt you to shave? You're much nicer without those prickly whiskers. Can't you have them all pulled out? Then I'd give you all the nice big hugs you wanted."

Yes, little lady, it possibly does hurt daddy to shave and he can't have his whiskers pulled out. But daddy might shave more often and clean away every prickly bristle if he knew about Gillette's wonderful new razor blade. So we hope he reads this and learns how we've made shaving comfortable.

The new Gillette blade is truly remarkable in every way. Its shaving edges are ground and stropped to a degree of keenness only attainable by Gillette methods. Quality is uniform and constantly checked by strict inspection. This means that every shave with the new Gillette will be equally smooth. Try the new blade on our money-back guarantee of complete satisfaction. Learn by experience that shaving can be entirely comfortable and quite pleasant. Buy a package tonight. Use a blade or two. If you don't agree the new Gillette is exceptional in performance and results, return the package to your dealer and he'll refund the price.

## LENNOXVILLE

### GOOD ATTENDANCE AT LENNOXVILLE MARKET

The Lennoxville market was well attended yesterday, both by farmers and customers, and in quality and quantity the produce displayed lost nothing in comparison with that of previous weeks. Most of the vegetables being now harvested, the work of preparation for market day is consequently considerably lessened.

In the fruit line, only apples were offered, an increase in the supplies of late fall and early winter apples being noticed. Winter peaches, Wolf River and wealthy apples sold at twenty cents per peck, while a superior quality of hand-picked fruit sold at twenty-five cents per peck.

Cabbages sold from 5 to 15 cents per head; carrots, parsnips, and beets at five cents per bunch, cucumbers, ripe, at 30 cents per dozen; potatoes at 50 cents bushel; marrow, at 20 to 30 cents each; tomatoes at 5 to 7 cents per pound, and turnips 5 to 10 cents each.

In the provisions section, lamb sold at 12 to 25 cents per pound; beef at 5 to 20 cents per pound; chicken at 30 cents per pound; fowl at 25 cents per pound, and eggs at 35 to 37 cents per dozen.

**AYER'S CLIFF SOCIETY HELD USUAL MEETING**

W. M. S. Entertained by Mrs. C. H. Libby—Social Items from Ayer's Cliff and Neighborhood.

AYER'S CLIFF, Que., Oct. 14.—The regular meeting of the Women's Missionary Society was entertained by Mrs. C. H. Libby on Thursday afternoon, October 8. In the absence of the president and vice-president, Mrs. MacIntosh, Monthly Secretary, presided and arranged a very helpful programme entirely from the Missionary Monthly Magazine. The new text book, "Korea, the Land of Dawn," was introduced, and the first chapter reviewed by Mrs. Willard Rexford. Korea's history and civilization is over four thousand years old. Its strategic position is coveted by China, Japan and Russia. Because of this position, its people today endure utter poverty and discouragement, which many are stoically and heroically facing. The second chapter of this interesting book will be reviewed by Rev. C. Moore. Plans were completed for a thank offering meeting and tea at the home of Mrs. A. Slack.

A large congregation greeted Rev. Dollyn at the Advent Christian Church on Sunday afternoon and listened to his comparison of present day happenings with the prophecies pertaining to the latter days. A pleasant feature of the meeting was a vocal duet by Mrs. L. Martin and Mrs. W. Keeler. The organist, Mrs. Parnell, was ably assisted by Messrs. Gaylor, of Magog, and Russel and Ezra Woodard, of Beauce.

Mrs. F. S. Walden, Mrs. Gaylor and Miss Griffin, of Magog, were tea guests on Sunday, of Mr. and Mrs. W. H. Goodrow.

Mr. and Mrs. F. A. Johnston have returned from a pleasant holiday spent in Toronto, Ontario, and vicinity.

The St. George's W. A. have resumed its meetings, and the first session after the holiday was held at the home of Mrs. L. B. Colby on October 8, when plans were made for the year's work.

Mr. and Mrs. Wm. C. Dustin and Mr. Barrington Dustin spent the week-end in Danville, visiting relatives.

A successful rummage sale took place on Saturday in Confederation Hall, under the auspices of St. George's Guild. Mesdames J. M. Martin and W. E. Hurd were in charge.

Mr. and Mrs. W. L. Craig, of Waterloo, are visiting relatives in town.

Mr. and Mrs. Harry Fowler (nee Wynnie Martin), of Verdun, and Miss Florence Martin, of North Hatley, spent the week-end and holiday with their parents, Mr. and Mrs. J. M. Martin.

Mr. and Mrs. H. P. Dustin and family, of Concord, N.H., were week-end visitors of relatives in town.

The many friends of Mrs. Cecil L. Tyler are sorry to learn that she is ill and confined to her bed.

Mr. and Mrs. James B. Robinson and Master Maurice, of Vergennes, Vt., were week-end guests of Mr. Clair Libby were Mr. and Mrs. Ed- ington, and Mrs. Robinson.

Week-end guests of Mr. and Mrs. Clair Libby were Mr. and Mrs. Edward Dickson, Miss Emma Dickson and Mr. E. Dickson, of Island Pond, Vt.

Rev. Arthur B. Moore, B.A., of Montreal, was a holiday guest of his parents, Rev. and Mrs. C. Moore.

Miss Margaret Henderson, of Montreal, has been a guest at the home of Mr. R. G. Cass for a few days. Miss Marjorie Cass accompanied her home on Monday, where she spent the ensuing ten days.

Miss Gladys Dustin, of the local E. T. Telephone staff, was a guest last week of her brother, Mr. Grover Dustin, and Mrs. Dustin, of Magog.

Mr. Galen Brown, of Outremont, was a week-end guest of his parents, Dr. and Mrs. C. L. Brown.

Mr. Howard Gibson, of Knowlton, and Miss Hazel Gibson, of Lennoxville, spent the week-end and holiday with their parents, Mr. and Mrs. J. E. Gibson.

Misses Bayley, of Waterville, and Mr. Everett Bayley, of Sherbrooke, spent the holiday guests of Mr. and Mrs. J. E. Bayley.

**FARMER, HIS WIFE AND TWO CHILDREN FOUND MURDERED**

Sixty-Year-Old Negro Held for Questioning Following Discovery of Battered Bodies.

BERLIN, Md., Oct. 14.—A farmer, his wife and their two daughters were found dead in their beds in their farm house late Monday, their heads battered in by an axe and the bodies saturated with coal oil.

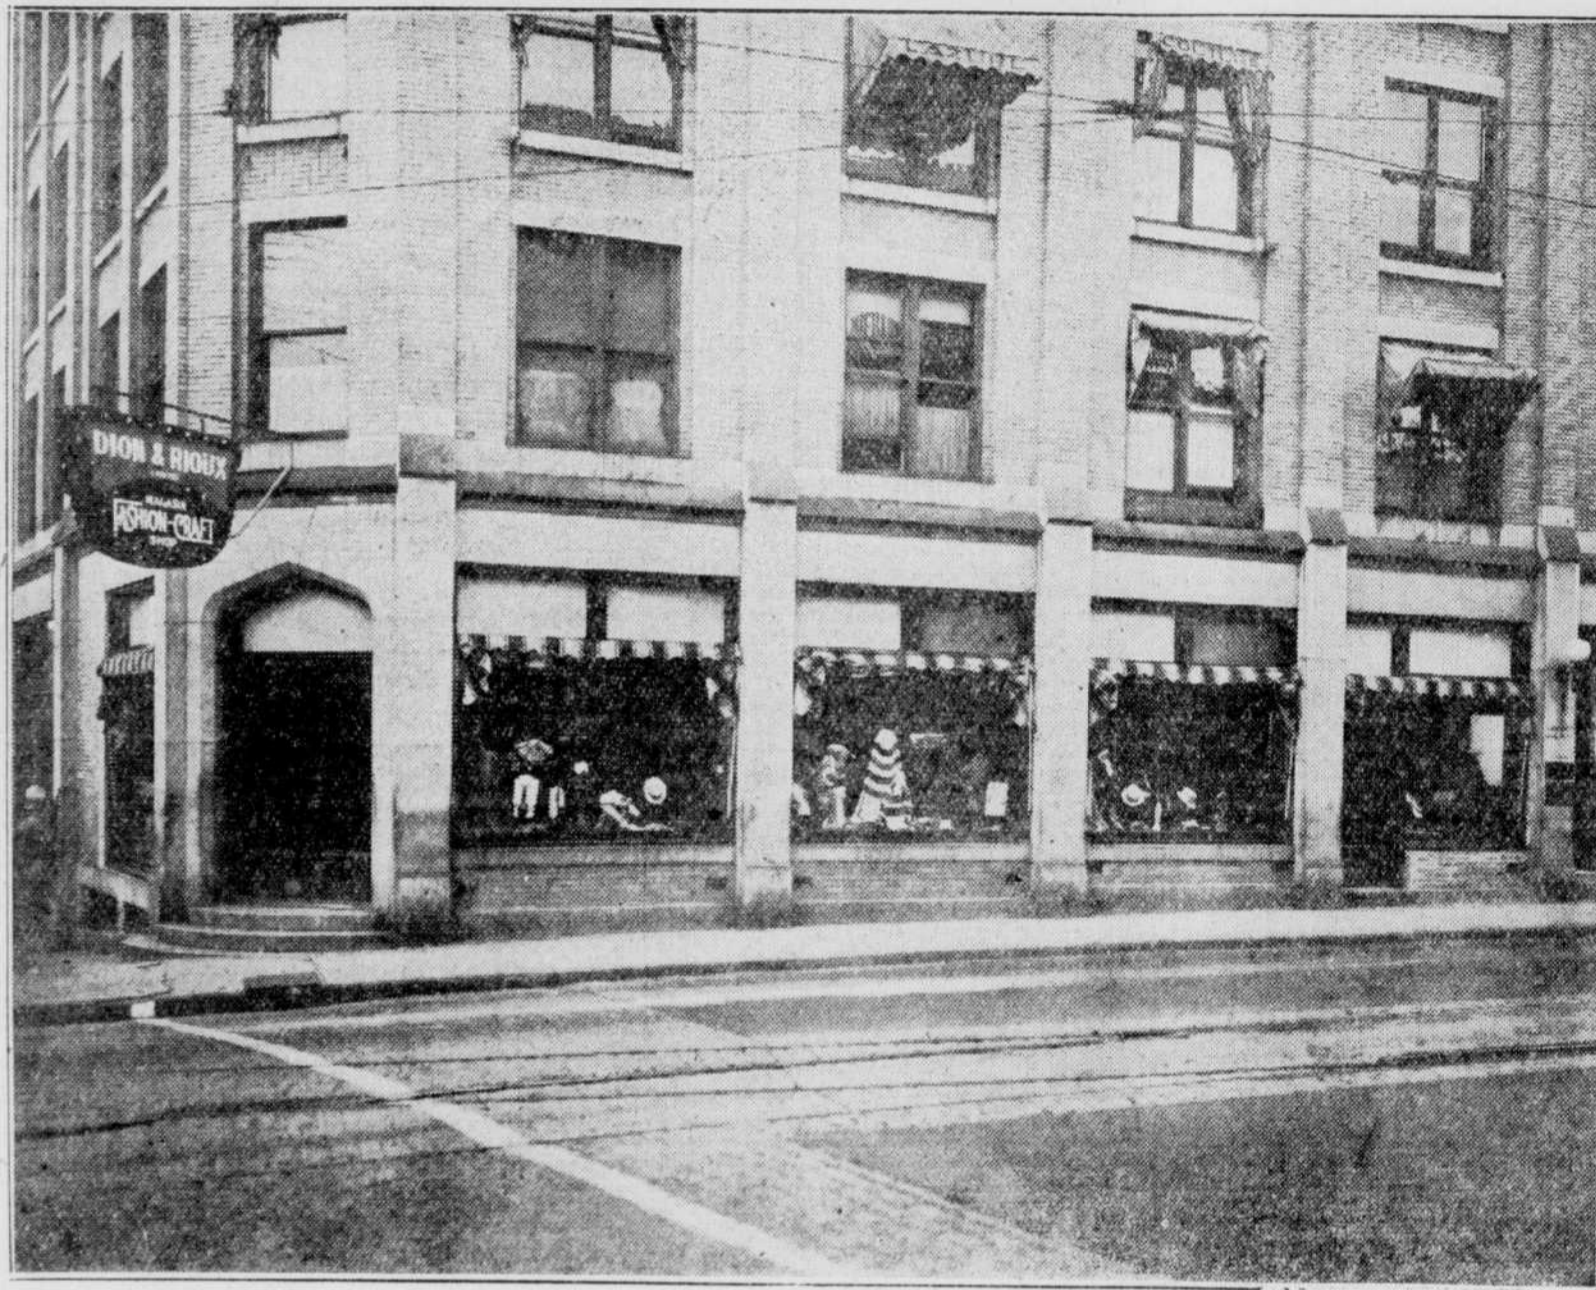

The discovery was made by poultry farmers nearby who had missed the family since Saturday. A negro farm hand, Orphan Jones, sixty, who was discharged Saturday, was arrested a few miles away and held for questioning.

The dead are Green Davis, 55; his wife, Iva, 48, and their daughters, Elizabeth, 18 and Osra Leo, 13. The older girl was a junior in the Berlin High School and her sister a freshman. The family had been living in this section about six years.

The negro, according to officers, had \$50 in his pockets when arrested at Ocean City and a pocketbook and several rings identified by friends as the property of the Davis family.

If you think there are no insulting cuss words in the sign language, note the umpire's thumb when it says the man is out.

**THE GREATEST NEWS OF THE DAY!**  
**J. P. DION, Limited**  
**HAVE TRANSFERRED THEIR LEASE!**

Sherbrooke, Que., Oct. 14th, 1931.

Everything is settled. We have just transferred all the conditions of our lease to an altogether different enterprise which will take possession of the premises we are now occupying in the not far-distant future.

Although during the course of the nine years that we have been in business the public of Sherbrooke and surroundings has accorded us its continued support, of which we feel proud, we have decided, for personal reasons, to continue our activities in another line.

We wish to express our thanks to all those who have encouraged us and we hope to number our satisfied friends among all those whom we, or our partners have had the occasion to serve during our commercial life.

The business which will succeed us, as we have remarked previously, is of an altogether different nature and we are obliged to dispose of everything we have in our store in the shortest time.

The agreement we have reached is highly advantageous and allows us to offer all our stock at lower prices than the wholesale cost to replace them.

We do not believe that it is necessary to stress the quality of our goods. The public has been able to judge since 1922. We are still offering the same high standard goods.

J. P. DION,  
Managing Director of J. P. Dion, Ltd.

**You have read the news—** Everything must be sold at once and the transfer of the lease having been advantageous, here is an opportunity to obtain J. P. Dion's, Limited, quality at rock bottom price.

APPLE MARKET IS UNCHANGED AT MONTREAL

Weather Has Been Clear and Considerably Cooler, But It Failed to Stimulate Demand.

MONTREAL, QUE., October 14.—The following cars of fruit and vegetables arrived in Montreal for the week ending October 13th: Apples, fifty-two; other fruits, vegetables, bananas, one; other, seventeen; seven; other tropical fruits, nineteen; potatoes, one hundred and seven; onions, ten. Total cars, two hundred and sixty-six.

Arrivals of apples are increasing, while potatoes are somewhat lighter than the previous week.

The weather has been clear and considerably cooler which has not stimulated demand as might be expected.

The apple market is practically unaltered, supplies are liberal from all sources and in all containers. Hampered stock is gradually clearing up, however, and a firmer market is anticipated in the near future.

The potato market is still over supplied, arrivals of New Brunswick stock for the week totalled ninety-eight cars, while the track holdings today numbered eighty. Local stock is still available in large quantities at prices below those secured for Maritime stock.

CANADA WELL QUALIFIED TO LEAD WAY BACK TO BETTER CONDITIONS

(Continued from Page 1).

is over. Pause and ask yourselves: Why do we hesitate? What do we fear? Where is the gain that comes from vacillation and dismay? If there were some basic weakness in our economic structure, if we were without resources, if our people, too weak to be governed, abandoned government and plunged into social and political chaos, then we would have to wait until some stronger hand lifted us from the morass.

"But Canada needs no help from others so long as each of us is ready to help our fellow citizens wherever and whenever they may be. There is no material factor or combination of factors in our domestic situation which we can fairly say is responsible for our present situation, save only those enumerated, which we are correcting—and some other mistakes about which there may be differences of opinion and which it is untimely for me to discuss or even mention. We have lost nothing but confidence in ourselves. We can regain it, if each of us will look at the facts and recapture the faith without which we cannot prevail."

There are 445,000 listed words now but you can get along with about eighty-five if you know how to use "Yeah!"

ATTEMPTS TO SETTLE TROUBLE IN MANCHURIA PROVE UNSUCCESSFUL

(Continued from Page 1.)

In concerted action to prevent a Sino-Japanese war over the military occupation of Manchuria. There was a strong feeling that no nation was so much concerned in peaceful settlement of the question as the United States.

Yesterday's lengthy session, at which the Chinese and Japanese delegates presented their respective views of the deadlock, did not disclose any definite remedial programme on the part of the League.

Mr. Briand spoke of the League's limited resources for pacification and hinted the need for outside assistance.

"In any case," he said, "the Council will not abandon its duty, but will perform it within the means at its disposal. If we receive the cooperation desired we shall succeed in re-establishing a reign of complete harmony between the two nations which we love, which form part of our family and which we wish to see fully reconciled."

Informed circles suggested that Japan was not pleased by the action of Dr. Sze in invoking the Kellogg pact, but it was generally considered that he was within his rights in demanding international intervention on this grounds, as well as in the name of the League covenant.

SOVIET RUSSIA DISPLAYS INTEREST IN CONTROVERSY

MOSCOW, Oct. 14.—Soviet Russia's interest in the Sino-Japanese controversy in Manchuria was evidenced today by a conference between Foreign Commissar Maxim Litvinov and the Japanese Ambassador, Koki Hirota.

Litvinov had earlier received from Hirota a copy of a Japanese note to China explaining Japan's reasons for occupying non-treaty zones in Manchuria and for not withdrawing her troops.

ANGLO-U.S. AMBASSADORS HAVE ARRIVED AT NANKING

NANKING, Oct. 14.—The British and United States Minister to China arrived here today from Peiping, the move apparently indicating the desire of the London and Washington governments for a clearer understanding of China's position in her controversy with Japan.

Nelson T. Johnson, the United States Minister, arrived this morning, conferred for an hour with Frank W. Lee, acting Chinese Foreign Minister, and then made a courtesy call on President Chiang Kai-Shek.

Sir Miles W. Lampson, the British Minister, arrived later today by aeroplane.

The arrivals of Johnson and Lampson were the outstanding developments of the day. Those concerned with the Manchurian controversy marked time and watched reports of the League of Nations proceedings in Geneva.

CITY PLANS TO SPEND \$750,000 ON UNEMPLOYMENT RELIEF WORK

(Continued from Page One.)

using the word "suspicion," to which Alderman Langis took strong objection. This matter, Alderman Langis declared, had been given careful study by the aldermen, and it was felt to be in the interests of the city. He failed to see why such objection should be taken by one particular member of the Council.

Here again Alderman Langis took advantage of the opportunity of explaining that the Council, at this present time, was simply trying to draw up a condensed list, and that every item would be subject later to discussion before the Council.

Following this explanation, Alderman Langis said that perhaps he had misunderstood the remarks made by the chairman of the health department with reference to the word "suspicion," and after a friendly apology had been offered and accepted with a smile the matter was declared closed.

The other items on the programme appeared to meet with the approval of all concerned and no further discussion took place.

The proposed relief work programme adopted, Alderman Langis recommended that the city treasurer and the city clerk prepare a list showing the actual number of unemployed in Sherbrooke, which he requested be submitted to the Quebec Government, Alderman Langis also suggested that the committee which had recently been named by the Council to discuss local conditions with the Quebec authorities act in the same capacity again should it be necessary to visit the provincial capital and supply the information which might be required in connection with conditions in Sherbrooke.

Realizing that any unnecessary delay would be harmful, Alderman Fortier, who is also Sherbrooke's member at Quebec, made a wise and timely suggestion, namely, that the Quebec Government be requested to provide a certain amount, say \$50,000, in advance, to permit an immediate beginning of the proposed work. After this amount had been secured it would be possible for the Council to meet and decide which work would be undertaken first. T.J.'s suggestion met with unanimous approval.

The proposal of Alderman Langis that a special committee be appointed regarding the St. Francis street project also met with favour. This committee, which will comprise Alderman Forest, Edwards, Gelinas and the Mayor, will study all preliminary plans in connection with the undertaking, such as expropriation of property, if necessary, and any other problems that may crop up.

In connection with the proposed widening of Wellington street south, it was pointed out that this was intended to eliminate the dangerous curve on the road, a short distance above the street car shed. A rock projection at this point makes the road very dangerous. According to the plans now under consideration, it was proposed to remove this projection of solid rock and to use the rock thus secured in connection with the proposed work on St. Francis street.

Before the Council undertook its main business last evening, the city clerk read a lengthy letter from one of Montreal's blind institutions in which the city was requested to render financial assistance for its institute. After the letter had been read, Mr. H. A. Meilleur, a blind inmate of the institution, came forward and made a strong personal appeal on behalf of other unfortunate persons deprived of their sight. Mr. Meilleur was given a kindly reception and his words were listened to with much interest by the aldermen, following which the Mayor assured him that his request would receive immediate attention.

NATIONAL GOVERNMENT HOPES FOR NEARLY SEVENTY ACCLAMATIONS

(Continued from Page One.)

ing through seas of election literature. He finds it very hard to understand. It is sweeping over him from parties, groups and numberless societies in an endless tide. The more he reads the more he's puzzled.

In this election campaign, with the voting only thirteen days away—October 27th—the voter sees Conservative and Liberal alike joining the attack on Socialism. "The vital issue in this election," explains the Liberal Evening News, "is capitalism against Socialism." One of the pamphlets issued from Liberal headquarters is the text of a speech by Sir John Simon, now leading a band of Liberal protectionist supporters of the National Government, in which Sir John replied to a Socialist resolution moved in the House of Commons eight years ago by Rt. Hon. Philip Snowden.

At the same time the elector learns that Prime Minister Ramsay MacDonald, repudiated by the Labour party, still declares himself a labour man.

And the Labour Opposition headquarters are not without a touch of irony in again issuing during the present campaign "Labor and the Nation," that famous summary of Labor aims to which Prime Minister MacDonald himself wrote the foreword. In the present edition of "Labor and the Nation," the foreword appears to finally over Mr. MacDonald's signature. It contains this declaration:

"The Labour party, unlike other parties, is not concerned with patching rents in a bad system, but with transforming capitalism into Socialism. The party is essentially one of action, and it asks for power both in order to lay the foundations of a new social order and to relieve immediate distress."

All Conservative literature urges protection as the dawn of better days. But a Liberal leaflet, similarly urging the return of the National Government, roundly declares in black, underlined type: "We are convinced that protective tariffs would be futile and stupid, doing far more harm than good."

consideration, it was proposed to remove this projection of solid rock and to use the rock thus secured in connection with the proposed work on St. Francis street.

Before the Council undertook its main business last evening, the city clerk read a lengthy letter from one of Montreal's blind institutions in which the city was requested to render financial assistance for its institute. After the letter had been read, Mr. H. A. Meilleur, a blind inmate of the institution, came forward and made a strong personal appeal on behalf of other unfortunate persons deprived of their sight. Mr. Meilleur was given a kindly reception and his words were listened to with much interest by the aldermen, following which the Mayor assured him that his request would receive immediate attention.

DULL MARKET THIS MORNING AT MONTREAL

Only One Price Change Was Recorded from Half Lot Sale During First Hour.

MONTREAL, Oct. 14.—The Montreal stock market continued apathetic in early trading this morning, and after the first half hour only one price change was recorded from a board lot sale.

Hollinger mines jumped ten cents to \$5.60, a slight gain over the previous sale last week.

Brazilian was unchanged at 9 3/4, and led early sales in point of volume. Next most active on the dull market was Canadian Car and Foundry which sold unchanged at 6 1/4, its "pegged" price.

Alcohol was unchanged at 1 1/2 and Dominion Steel and Coal "B" was steady at 1 3/8. B. C. Power at 25 was unchanged.

MONTREAL LIVE STOCK MARKET

MONTREAL, Oct. 14.—There were 22 cattle, 21 lambs, 592 hogs and 22 calves for sale on the two Montreal livestock markets today, including about 500 hogs held over.

The cattle offered were only common cows and bulls. Common to plain cows brought \$2 to \$2.50 and bulls were mostly \$2.

Calves and lambs were unchanged.

Hogs were very drabby.

FRACTIONAL LOSSES TODAY ON WALL STREET 'CHANGE

NEW YORK, Oct. 14.—Small fractional losses predominated at the opening of the stock market today. Shares of 1-4 to 1-2 included United States Steel, Radio, International Telephone, American Telephone, Drug, Paramount, American and Foreign Power, American Power and Light and Kennecott. American Tobacco "B" lost a point, but Woolworth opened 1 3/8 higher.

Don't worry if your boy seems silly. When he grows up, he can win fame by devising schemes to save the farmer.

Busy Dollars

Every dollar deposited in our Savings Department—with the exception of a reserve for the protection of our Depositors—is started at once on a busy career. . . . invested in a wide diversification of first mortgages on improved City property.

Thus, our Depositors not only derive the benefit of 4% interest on their savings, but in addition the satisfaction of knowing that their collective deposits are being used to assist general business in Sherbrooke.

SHERBROOKE TRUST COMPANY

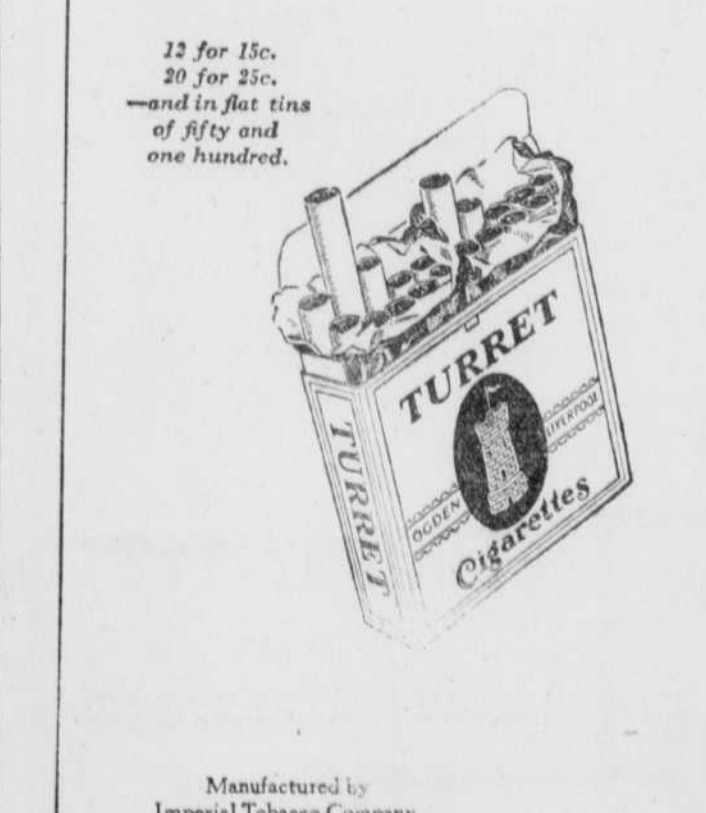

Earl Jellicoe G.C.B., G.M., G.C.V.O., D.C.L., L.D., etc.

The RECORD SPEAKS FOR ITSELF

In opening the Canadian National Exhibition at Toronto on Friday, August 28, Earl Jellicoe said: "Over a period of 52 years, the population of Canada has increased by 6,000,000; the revenue of the Government from \$32,000,000 to \$460,000,000 and the value of her trade from \$169,000,000 to \$2,400,000,000. In the same time, her manufactures have increased ten-fold and her crop acreage three-fold. This remarkable record encourages a feeling of optimism for the future."

Earl Jellicoe also made the following reference: "Canada's record growth constitutes an achievement of world importance and stands as a challenge to future progress. This phenomenal growth is the direct result of that splendid courage and determination which the people of Canada showed so strikingly from 1914-1918".

The record for public favour which is held by Turret Cigarettes is the natural outcome of quality consistently maintained throughout the years. After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".

### FISHING FLEET DUEL TO START ON SATURDAY

United States Challenger Reached Halifax Today After What Was Regarded as a Record Thirty-One Hour Passage from Gloucester, Mass.

HALIFAX, N.S., Oct. 14.—The United States challenger arrived in Canada today to settle, or more probably, to continue, the question of sailing supremacy of the North Atlantic fishing fleets.

The challenger, the schooner Gertrude L. Thebaud, tied up after what was regarded as a record thirty-one-hour passage from her home port, Gloucester, Mass. The schooner Bluenose, Captain Angus Walters' veteran salt-banker and the present title-holder, was on route from Lunenburg to the scene of the duel which will open off this port next Saturday.

Captain John Matheson, slim, soft-spoken and youthful looking for his years, who never sought his bunk during the thirty-one hours of driving over the four hundred mile ocean waste, was taking his rest.

Captain Matheson will serve as mate aboard the Gloucesterman in the approaching contest for the International Fishermen's Trophy, under Captain Ben Pine, her regular skipper.

Sinus trouble caused Captain Pine to travel by train instead of aboard his charge, and he was also here today.

The Gloucester challenger had a lonely, boisterous passage, sighting only a single steamer and a school of whales on the voyage east. It was a pleasant surprise when the Scotia coast by the Canadian cruiser Champlain. The blue-jackets lined the bridge and rail and shouted three lusty cheers that carried convincingly over the evening sea. The cheers were as warmly returned and after colors dipped the invader and the war vessel went their ways.

### SEVERAL MAJOR LEAGUE TEAMS CHANGE PILOTS

Lew Fonseca Succeeds Donie Bush at Helm of Chicago White Sox—Pittsburgh Looking for New Manager, and Vacancies Expected at Detroit and Brooklyn.

NEW YORK, Oct. 14.—The opening season on major league managers already has netted two victims and the baseball world will be mildly astonished if one or two more do not fall before the accurate fire of sharp-shooting magazines.

Donie Bush, a fiery veteran, has been cut loose from the Chicago White Sox and succeeded by Lew Fonseca, an active player still in his early thirties. The Pittsburgh Pirates, after casting Jewel Emswiler, are looking for a new pilot.

Dopesters, after a careful survey of the situation, look for the next managerial shifts to come from Detroit and possibly Brooklyn. And there seems to be sound grounds for the suspicion that a change may be made in one camp or the other, if not in both.

Stanley (Bucky) Harris, who piloted the Washington Senators, to American League pennants in 1921 and 1925, has just finished his most disappointing season with the Detroit Tigers. Starting out the season with bright prospects, the Tigers, crippled for months by injuries to Charlie Gehringer and Dale Alexander, finished the season in seventh place, trailed only by the White Sox.

Club owners, in the main, ask for results and if they don't get them with one manager they try another. No definite word has come from Detroit in regard to Harris' present status, but it is understood here that Frank Navin, the owner, has notified Coaches Jean Duncun and Roger Bresnahan they will not be retained in 1932. Some experts predicted to see in this a direct hit that Harris also will go.

The Brooklyn situation is a bit more involved. Baseball writers have been hiring a new manager for the Robins for years but Wilbert Robinson always turns up at the helm when the season starts. He has held his job for some time despite the internal dissension that puts him and Steve McKeever on opposite sides of the fence and he may do it again.

### SPORTING NOTES

ST. FRANCIS GOLF CLUB HELD MEETING OF COMMITTEES. A meeting of the various committees of the St. Francis Golf and Tennis club was held last evening when plans were discussed for the closing of the club. The decision of the session was that the final competition would be held next Saturday, when a two-ball mixed foursome will be played.

Instead of presenting the cups and prizes immediately after the last tournament, it was decided to hold a closing entertainment at the Masonic Temple in the form of a dance and card party. The opinion of the meeting was that such a social function would be a fitting conclusion to a successful year, during which the Park avenue club was won high honors in both tennis and golf circles.

### INTERNATIONAL COMPETITION AT HARTFORD

BOSTON, Mass., Oct. 14.—Walter I. Badger, president of the Massachusetts Squash Racquets Association, announced last night that the international team squash racquets championship tournament for the Henry G. Lapham trophy would be held February 12 and 13 at Hartford, Conn., with Great Britain, Canada and the United States competing. It will be the first time since 1928 that Britain has competed.

### NOBLE STAR WON CESARE-WITCH STAKES

NEWMARKET, England, Oct. 14.—Carrying the top weight of 124 pounds over the gruelling distance of two and a quarter miles, F. H. Cundell's good four-year-old Noble Star won the ninety-second running of the famous Cesarewitch stakes today.

H. F. Clayton's Sixwheeler, carrying 107 pounds, was second, and Jesse Brown's Son of Mint, carrying 108 pounds, was third. Twenty-six long distance racers started.

cause, of Nick Williams, who has just piloted the San Francisco Seals into a Pacific Coast League pennant. Williams, in his ten years with the Seals as coach and manager, has made a reputation as developer of young players. He may land in the big leagues. The job at Pittsburgh is understood to be waiting, however, for George Gibson, a former pilot of the Pirates. Almost simultaneously with Williams' resignation came the news that Allan Sothoron, former big league pitcher, had quite as manager at Louisville. Later in the day, however, Sothoron signed as coach with the St. Louis Browns, where Bill Killefer is manager.

But if there were no Parliament, how would you know what degree of intelligence appeals to people in different localities.

### DECORATION OF WAR MEMORIALS IS REQUESTED

Provincial Governments Asked to Place Poppy Wreaths on All World War Memorials in Their Provinces.

OTTAWA, Ont., Oct. 14.—All the Provincial Governments have been asked by Major John S. Roper, Dominion president, Canadian Legion, to place a poppy wreath upon all war memorials in their respective provinces on November 11, National Remembrance Day.

Major Roper, who was in Ottawa over the week-end, sent the following telegram to each Provincial Premier:

"On the occasion of the first National Remembrance Day in Canada, November 11, the Canadian Legion of the British Empire Service League asks that all Provincial Governments undertake the responsibility of placing upon all war memorials in their respective provinces a poppy wreath, manufactured by disabled soldiers in veterans' shops, operated under the direction of the Department of Pensions and Health, and distributed by the Canadian Legion. This token of respect to the dead is already in effect in at least one province in Canada, Nova Scotia. The Dominion Parliament has made November 11 a day of sacred memories. Will you co-operate?"

### MINERS ARRESTED IN RIOT HAVE BEEN GRANTED BAIL

Thirteen Arrested Following Disturbance in Estevan Awaiting Trial at Next Sitting of King's Bench Court.

REGINA, Sask., Oct. 14.—The five miners arrested following the riot in Estevan last month who were refused bail when they came up in the district court with their fellow miners, were granted bail when they came up in the district court yesterday, before Judge J. W. Hannon.

They were Martin Day, Peter Smartz, Joe Bernatas, Isadore Milister and Dave Rowson. All were released in their own recognizances of \$3,000 and a like surty each of \$3,000. Isadore Minister and Dave Rowson were ordered to return to Manitoba and remain there until the date of the trial.

All of the thirteen miners have now been granted bail, and await their trial at the next sitting of the King's Bench Court in Estevan on March 3, 1932.
