

Howick

HOWICK—On Tuesday, April 18, the United Church W.M.A. met at the home of Mrs. W. F. Welch.

The minutes of the previous meeting were read and approved. The devotional was taken by Mrs. John Greig, her topic being the Easter message—Christ, the Risen Saviour.

The Supply Committee reported that a Sewing Meeting would be held soon as three quilt tops were ready.

Plans were made for an Easter Thank-offering on the evening of April 30. Miss Daisy McNeill is to be asked as special speaker on that day.

It was arranged to celebrate the 25th anniversary at the May meeting by having a special program.

Mrs. Robt. McKell read a letter from Miss Gertrude Staples, our prayer partner. She also gave some current events. One was about a National Young People's Convention being held in August at Toronto.

Rev. A. B. Moore, now Principal of St. Andrew's College, Sask., will be one of the speakers. Kagawa, the great Christian leader from Japan, is also a speaker.

Mrs. Edwin Knox, convener of Christian Stewardship, told the story of a woman who had a "hand-box for herself—a mite-box for Christ." Mrs. Robt. Templeton reported on finances. Mrs. Melville Brown was then asked to take the study chapter on "Christianizing the Social Order."

On one occasion, when being shown a slum area outside a city, where men, women and children were living in poverty Kagawa was asked, "What is the solution to all this suffering?" His answer was, "The application of the principles of the Cross is the only answer."

Redemptive homes for girls are supported by our board of Evangelism and much is being done to curtail the use of drugs, of intoxicants, of gambling and anything else that undermines character, such as undesirable movies, bad literature, etc. The fight against Communism was also mentioned. They claim social

justice and the equality of men as two of their main points. This appeals to the average man but men forget that the Communist has no place for God, no morals, no liberty, that the state is supreme and man its servant. Mrs. Gruer thanked Mrs. Brown for this splendid review.

Mrs. Arnold McKell gave some interesting notes on temperance. Much crime can be directly traced to liquor.

The meeting closed by repeating the Mizpah benediction in unison.

The Misses Marion and Margaret Christie of N.D.G. have returned home after having spent a week visiting at the home of Mr. and Mrs. Roy Carson.

Mr. Donald Sutherland, R.C.A.F. who spent the Easter vacation with his parents, Mr. and Mrs. Frank Sutherland, returned to Aymer, Ont., and has since been transferred to Camp Borden, Ont.

Mr. and Mrs. Warren Henderson, of St. Jerome, were week-end guests at the home of Mr. and Mrs. R. A. Henderson.

Mr. and Mrs. Arthur Buchanan and family were Sunday guests at the home of Mr. and Mrs. Bill Johnson of Danmora, N.Y.

Mr. and Mrs. Norman Mair spent Sunday with their daughter Audrey. Mrs. Mair is at present a patient in the Herbert Reddy Hospital. Her many friends and relatives hope she will soon return home.

HOWICK — The Howick United Church Evening Auxiliary met on April 16th at the home of Mrs. Clarence Kerr, Fertile Creek, with 13 members and 3 guests present.

Meeting was opened with the Lord's Prayer. Roll Call answered by an Easter Thought. The devotional part was conducted by Mrs. Donald Chisholm, her subject being on the Easter Resurrection. This was followed by a poem and prayer.

Mrs. Keith Greig in her capable manner gave the study chapter on Health and Healing. Mrs. Archie Peddie was a delegate to W.M.S. Presbytery and brought back interesting topics from the meeting at Chalmers' United Church.

The main speaker for the evening was Rev. W. A. Gifford, who addressed them on Europe, India and China. The meeting closed with the benediction. Refreshments were served by the hostess and committee and a social half hour followed.

Powerscourt

POWERSCOURT—It is interesting to hear the remarks of surprise these days with regard to the condition of the road from Athelstan to Powerscourt—remarks for a change of praise. The scraper was used last week and what an improvement as a result. If the powers that be would continue the scraping and treatment they would earn the everlasting thanks of the people.

One wonders just what is the matter with people who have so little pride in the countryside that they be would continue the scraping and treatment they would earn the everlasting thanks of the people.

Friends from Montreal, Howick and Huntingdon were Saturday guests of Mr. and Mrs. E. M. Wood for supper and a musical evening. The occasion being Mr. and Mrs. Wood's wedding anniversary.

Mr. and Mrs. George Taylor and family were Sunday guests at the Smallman home at Dundee.

Mr. and Mrs. A. L. Hay of Montreal were week-end guests of Mr. and Mrs. E. M. Wood.

Mr. and Mrs. Jacobs and family of Montreal spent the past week at their summer home. Mrs. Jacobs, Sr. was a week-end guest of her son.

Mr. and Mrs. Arthur Levitt of Gabriels, N.Y., were guests on Sunday, April 16th, at the home of Mr. and Mrs. John E. Wilson.

The team's score is based on the individual shooter's grand aggregate score, that is, their scores in the prone, sitting, kneeling and rapid fire positions. Those who were entered in the team match were Messrs. Cameron Farquhar, George McFarlane, George Sutton, Vernon Elder and Danny McFarlane.

Each contestant, besides being in the team match competed in the individual classes. In each match contestants were divided into groups according to classification, that is, master, expert, sharpshooter, and marksmen, and judged accordingly.

In the individual kneeling match, George Sutton ranked 1st in the expert class with a score of 192-8 X. He received a gold medal and \$320 in cash. In the individual grand aggregate, George ranked 3rd with a score of 769-31 X and he received a bronze medal and \$28 in cash.

Athelstan May Build A Skating Rink

ATHELSTAN — At a recent meeting of the "Athelstan Community Sports Association" held at the home of Garnet Green, plans were made for the summer activities and a major goal set for a skating rink this coming winter. The children will be pleased to know that slides and see-saws are to be purchased and erected as soon as possible; also sand boxes for the tiny tots. A portion of the field is to be fitted for horse-shoe pitching, which always proves fascinating to the men folk.

The work done in connection with these projects is voluntary and any help which may be offered by interested persons will be greatly appreciated by the association.

Editorial Notes ...

Dairy Farmers Taking Over Own Business

THE Ottawa Farm Journal under the heading "From The Editor's Chair", in the issue of April 21st, hits at the very things that this newspaper has been saying editorially for some time. We believe that the dairy farmer should handle his own business. We quote the following from the Journal:

"We have an idea that very shortly, and quite suddenly for some, a number of our farm organizations are going to come up against a brick wall—that few will be prepared to climb over or pass through. And it is going to be over this business of marketing farm products. There has been a little too much pious talk on that subject, and not nearly enough straight thinking.

"Several things have commenced to emerge recently in a reasonably clear state. One is that we have likely seen the last of the food agreements or so-called 'contracts' as between governments. Another is that the Dominion Government, by passage of the new marketing legislation, is about willing to give certain farm organizations what they have been clamoring for for years. A third point is that even the idea of actually having to market their own products on a big scale has frightened many farm leaders.

"It is one thing to talk glibly about 'marketing' as an abstract subject and theory, quite another thing to get down into the hurly-burly and dog-eat-cat atmosphere of the market place and trading pit and risk your own or somebody else's money. It is one thing to talk of marketing with a Government subsidy, or hope of one, for moral support, something else altogether to be entirely on one's own.

"For instance, we see a chance that should a cheese agreement be offered in 1951 the UK Food Ministry may be told to do business directly with the Ontario Cheese Producers and the Co-Op Federes of Quebec."

Actually, this is what should happen and the farm organizations must have staff which could handle such propositions. The government should not be expected to be in the food handling business, the producers should handle their own business and make their own prices for their products the same as the manufacturer or anyone else in business.

We notice that the Dairy Farmers of Canada have appointed Mr. Orville J. W. Shugg as director of publicity for their forthcoming advertising campaign and also that the dairy industry is prepared to take over the marketing of butter. This latter does not however include the surplus now being held by the government. Perhaps this is a step in the right direction and may lead to better marketing of the product.

In many other lines of agriculture, various organizations have been formed to handle the marketing of the different products and much success has been gained. The marketing of fruit in B. C. is an instance and one that is handled by a co-operative. Orderly marketing practices have been attained and a price structure worked out that is fair to all. Qualities are maintained according to grades and the public is much more satisfied that they are getting a good product. The Wheat Pool was organized to market wheat and this worked out quite satisfactory. We do not say that these ideas would work out as regards marketing of dairy products, but some system could not doubt be arranged that would do the job. In the case of dairy products it may mean the setting up of sales offices abroad where contacts can be made for the sale of the produce. It may mean holding exhibitions of the products for the purpose of a sales campaign to export buyers. Mr. Shugg will have to decide on many of these details in order to bring publicity for the Canadian Dairy Products. Naturally all this will cost money and the producer will no doubt be asked to foot the bill until such times as sufficient products have been sold to set up a budget from profits. As Mr. Gilbert McMillan says in his article in the same issue of the Journal, it would have been better if this scheme had been started earlier. Yes, it should have been started years ago and by now perhaps it would have been working quite smoothly.

However, we believe that at last the producers are on the right track and with care and readiness to abide by an agreement, they should see results that will bring satisfaction to all.

The Milk Pasteurization Question

THE milk question in Huntingdon has been a subject for discussion on more than one occasion during the past few years and apparently it is coming into the limelight again. Considerable discussion took place at an adjourned meeting of the Huntingdon Town Council on Monday evening, April 17th, when a delegation was present to give facts on behalf of pasteurization of milk for sale in this town.

The people of this area pride themselves as living in one of the best dairy farming districts of Canada and Huntingdon is looked upon as one of the best towns in that district. Yet we have tolerated a condition in the sale of poor milk in this town for a number of years. True, efforts were made a few years back to correct the conditions prevailing and this did have a splendid result. At that time Mr. Carl L. B. Wheeler was engaged to check upon all milk being supplied to consumers here. His work during the time he was employed did have the effect of clearing up what was a bad situation. Unfortunately, he was compelled to give up the work and conditions were not long in sliding back into the old rut.

Pasteurization by-laws are going into effect in many of the smaller communities and in this area Howick and Ormstown have already passed such by-laws and they are now in force. Pasteurization of milk is not a cure all for all that may come about. For instance, pasteurization will not make unclean milk clean, but it will help to make it safe for human consumption. The first requisite is that the milk be handled in a clean manner right from the start, the same as is required under the Montreal regulations. If it is necessary that certain conditions be required for milk shipped from this district to Montreal, it is only natural that consumers

should expect the same conditions to prevail for the milk sold to them in Huntingdon.

If the council does consider the implementation of a pasteurization by-law, it should see that all the regulations are lived up to in order to make it doubly safe that the consumer is protected against unclean milk being pasteurized. This is the thing that the late Dr. H. R. Clouston as medical health officer, had against the pasteurization of milk. He always claimed that unless cleanliness all the way was maintained, it was of little use to pasteurize. In talks with other authorities on the subject, they all agree that pasteurization is the only thing, but first of all the milk be fit to pasteurize. When milk is dirty, a higher rate of heat is applied and it is this that does have effect on flavour and so forth, but it is the only way to overcome the bacterial qualities found in the milk. In unclean milk it is the sediment that counts most and unless tests are made for this there is no way of knowing the amount of sediment that may be causing the bacteria count to be high. Sediment may come from a number of things, dirt on the udder of the cow, dirt on the body of the cow, dirt on the clothes or hands of the milker and so on. Much, or all of this, may go into the milk and become sediment. Stress should therefore be made on clean conditions prevailing around the actual source of the milk, so that a reasonably clean product is the one that is finally pasteurized. Before actually passing a by-law, all aspects of the original by-law should be studied and also advice sought on the subject from persons qualified to give it. Having arrived at a decision, the by-law should be enforced in all its conditions and with a knowledge that everything possible has been done to make it the best possible. Let milk in Huntingdon be a product of quality for which this district is famous and no less.

Brings Honour to School and Community

AS will be noticed from the news columns of this newspaper, a student of the Huntingdon High School has brought honour to himself, to his school and to the community, by an award that he has earned. This student is Laurence H. S. Smith, eldest son of Mr. and Mrs. Sidney Smith, of Huntingdon, Que.

In the latter months of 1949, he entered an essay competition sponsored by The Navy League of Canada and submitted an essay on "Our Canadian Navy." Word was received the past week that he had placed first in the Provincial Awards for the senior section and was thus entitled to a Gold Medal and a free visit to the Fleet at Halifax. The trip is to take place sometime either in July or August. At the same time, Smith is also a candidate for the National Award which is a Diamond Medal. The entries for this will be judged at a later date.

We feel that Laurence has won a great honour and that his success in placing first

in the Province of Quebec senior section is something of which all in Huntingdon can be proud. It is especially significant to Huntingdon High School that one of its students should be the winner of such an award and adds yet another laurel to the institution's outstanding list of worthy students. Such a trip as this is entitled to, will still further enhance his education by giving him a knowledge of other sections of Canada and of the Canadian Navy as he will no doubt view it at Halifax. Smith has placed among the leaders of the various grades he has attended at Huntingdon High School since coming to Huntingdon with his parents from Western Canada, in 1941. It is our hope that this latest success will be just one of many more that he will be able to attain throughout his career whatever this may be in the years to come. We offer our most hearty congratulations to Laurence H. S. Smith upon the winning of this award.

Random Glimpses of The Past Taken From Gleaner Files

April 26, 1917

The second anniversary of the Battle of Ypres was observed by a gathering of the congregation of the three churches at St. Andrew's, on Sunday evening. Nearly every seat in the church was filled. On Monday afternoon at 3 o'clock, the stores closed and the streets were lined with spectators to see a procession of boys and girls, each carrying a flag and headed by the band, march through the streets. The parade ended at the park where speeches were delivered by the mayor, Rev. H. Goddard, J. B. Maclean and I. Norman while the children sang several patriotic songs. The band remained in the park until late afternoon. Afterwards a baseball match between the academy and a picked-up team from the village took place. Much to the satisfaction of everyone, the kids came out on top.

May 3, 1917

Speaking last week Premier Lloyd George was emphatic in declaring that a full supply of food was essential to a speedy ending of the war. His words were: "You workers on land must hold your part of our line as strongly as our soldiers and sailors. Every full day's labour you do helps to shorten the struggle and brings us nearer to victory. Every idle day, all loitering, lengthens the struggle and makes defeat more possible. Therefore in the nation's honour, heed! Acquit yourselves like men and as workers on land: do your duty with all your strength."

Changes continue in the village. J. H. Demers, tailor, purchased the house on Lorne Ave. owned by the late Mrs. Alex. McMillan, reported price, \$1900 and F. Lebevre, tailor, has bought the property owned by Wallace Young and Cameron McEwen. The house on Chateauguay Street, occupied by the Chinese Laundry for \$1200 and the late John Caine property for \$600.

The submarine menace is still the engrossing subject in Britain and in that of the neutral nations as well. Sweden, Holland and Spain are equal sufferers with less ability to stand their losses. Five Dutch steamships from America, laden with grain for starving people of Belgium, have been sunk.

April 25, 1918

Franklin—The sugar season has come and gone, leaving sweet memories behind. It has been an average season. The quality of the sap was rich, thus ensuring a good quality of syrup, mostly all of it being No. 1. Quite a few sugar orchards have brought their owners from five hundred dollars up to eight or nine hundred.

Beauharnois—The Lady Gray managed to work her way through the ice to the canal by Saturday afternoon. She had been working steadily since Tuesday. The first steamer passed down on Sunday. The ice has now almost gone.

May 9, 1918

Howick—Mr. Jodoin is making additions to the old McElenaghan store and improving its appearance. An immense consignment of machinery arrived by train for macadamizing the road along the south side of the Chateauguay to Bryson station. Sales of automobiles seem to be as numerous as ever this season in spite of their high price.

Athelstan—Charles Boyce son of E. C. Boyce has enlisted with B. C. First Tank Battalion. Charles was not called, but voluntarily joined this branch of the service. The hull at the battlefield is apt to be misunderstood. The reason for it is not that the enemy has been discouraged by his severe losses, but that he is busy repairing those losses and is getting ready for a new attack on a larger scale. With their long range guns, the Germans are now firing upon Amiens and have already done much destruction. All who can, have

left and it appears that the city may become another Rheims.

May 16, 1918

Howick—The Regular W. M. S. meeting was held in Howick on Tuesday with a good attendance. It was presided over by Mrs. Woods. Mrs. James Miller read a selected article on hospital work in Honan and Mrs. W. Orr, an article on Protestant beginnings and development.

The Ormstown show opens three weeks from Tuesday and there is stronger cause than ever for helping to make it a success. In their desire that the exhibition be second to none in the province, the directors have greatly increased the prize money but hope to make up this extra expenditure by a larger attendance. Planted in the centre of as fine an agricultural district as there is on the continent it is fitting that the show should be of the first rank. Among those to enlist this week are Geo. F. Dixon, Mike Moriarty and Stephen J. Waldie grandson of Robt. Waldie of Athelstan, in the R. A. F. while John Hingston and Norman Murdoch and A. Auger enlisted in the artillery.

April 24, 1919

Russia continues in a turmoil of disorder. The only hopeful feature is that the anarchists are quarrelling among themselves. War is being waged against provinces that will not submit to Bolshevik rule, and the fighting is on no small scale for the armies are large.

The body of Edyth Cavell, the English nurse shot by the Germans, has been brought to England, and after a solemn service attended by thousands in Westminster Abbey, was buried in the family plot at Norwich. Rev. T. Gahan, who attended Miss Cavell in prison, told of her last hours. He said that she was not sorry to go for her life had contained so much trial that she was weary beyond endurance. "They have treated me very kindly here," she had said, "I expected my sentence but I am glad to die for my country."

O'Connor Bros. were favoured with a fine night for their Easter picture show and dance. Supper was served by Mr. Hampson and the McMillan orchestra gave good satisfaction. About 160 couples were present.

May 1, 1919

Dr. McEwen has purchased the house occupied by Edgar Irvine on Prince Street.

That the mail box in front of the Bank of Commerce is a convenience was evidenced on Monday morning when Mr. Rae declared that everybody seemed to be saving their mail to put into it.

A car-load of joy riders skidded and dumped its load into Trout River. As no casualties passed through the clearing station, we presume it was a case of too large a rum ration.

The Week at Ottawa

OTTAWA, (CP)—For the second time in little more than a year Prime Minister Louis St. Laurent demonstrated last week that he has a temper like lightning—and thunder to go with it.

Face flushed, arms flailing the air, the 67-year-old prime minister of French and Irish descent shouted across the floor of the House of Commons.

"I would rather lose my temper than my reputation."

A spark from the opposition benches touched off the thunderstorm.

During a debate on house procedure in reference to the contentious pipeline bills, Howard Green (PC—Vancouver-Quadra) charged that Mr. St. Laurent was "evading the question."

Leaping to his feet, Mr. St. Laurent shouted back: "I resent any charge of evading any question."

Mr. Green, he said, would never be able to put him in a position where "I have to evade any suggestion of his."

"I will always be prepared to meet him head on here or anywhere else," he shouted.

"I want my fellow members in the House to realize that I resent any such charge."

Dust continued to fly for the rest of the session. It was like a spring cleaning, and perhaps the fact that spring was in the air had something to do with it. Everybody dragged out everybody else's soiled linen, washed it in public and hung it up to dry.

By the end of the debate the members of almost every party in the House knew exactly what the members of the other parties thought of them.

Exceptions were the Social Crediters. Nobody said anything nasty about them; nor did they say anything nasty about anybody else.

Letter to The Editor

To the Editor of the Huntingdon Gleaner.

BAD ROADS
\$50.00 Reward.

The undersigned offers the above reward to any person who can find in Canada, U. S. A., England, Scotland, France or Jersey Island, roads approaching in badness, roughness, etc., the road between Howick and Caughnawaga. The Judge, in giving his decision, must take into consideration the following:—

- (a) The fame of the Chateauguay Valley as an agricultural district.
- (b) The international nature of the highway.
- (c) The fact that the highway leads to one of the great commercial cities and ports of the world.
- (d) The level nature of the terrain and the ease and comparatively inexpensive cost of construction; there being no big hills to cut down, no valleys to fill in and no rocks to blast.
- (e) Over thirty years ago a highway was constructed from Quebec City to Maine passing through St. George de Beauce by O'Connor Bros. The expense of it must have been enormous owing to the hills, ridges and valleys of the district.

This offer stands good for thirty days.

I am making the foregoing offer because it is extremely humiliating to Canadians to hear uncomplimentary and frequently nasty remarks about the intolerable condition of the road in question and because I know by my travels in other parts of the Province that this district is not getting the attention to which it is entitled.

When I brought my bull, Happy Laddy, from New Jersey, last summer, I was glad to get into my home province but the difference between the roads on the North side of the Frontiers and the roads on the South side was most noticeable.

Another thing that suggests this letter is that coming up from Montreal on the bus a few weeks ago and sitting in the rear seat I was shot up in the air about a foot and one-half and I thought I was going to have my head crushed.

The Mayor of Malone I will suggest as the Judge or his nominee. I find that too many people do not assert themselves in this matter for fear of offending someone.

Yours very truly,
Donald M. Rowat.

demands swept Canada's capital. In quick succession the Massey Commission on Arts heard appeals from many different segments of Canadian culture—representatives of Ontario teachers, Canadian metal art workers, philosophers, political scientists, artists, university students and poets.

The commission was asked to consider new ventures that would cost the government millions of dollars to fulfill. There were requests to build a national theatre in Ottawa, to develop Ottawa as a national research centre, to build community art schools across Canada, to establish \$5,000,000 worth of annual federal scholarships and to grant financial aid to Canada's hard-pressed universities.

There was plenty of controversy over radio and television development during the sessions. Private radio operators and representatives of other private industry, such as the Association of Canadian Advertisers, insisted that the Canadian Broadcasting Corporation should have less power over Canadian radio.

Abolish Licence Fee
Some said the radio licence fee should be abolished and, as the Canadian Association of Broadcasters suggested, the public treasury should finance the CBC completely.

Opinion divided over whether the CBC should be allowed to control

television development, or whether private radio should be given the job.

Almost every association before the commission—there were more than 40 appearing in Ottawa—pressed for a national scholarship plan.

The commission, which has given hearings all across Canada, will hold its final sessions in Newfoundland, where Canada's newest citizens will air their views. Then it will report to Parliament.

Conservatives Meet
Widespread campaigns to enlist members in constituency organizations were urged at the three-day annual meeting of the Progressive Conservative Association of Canada.

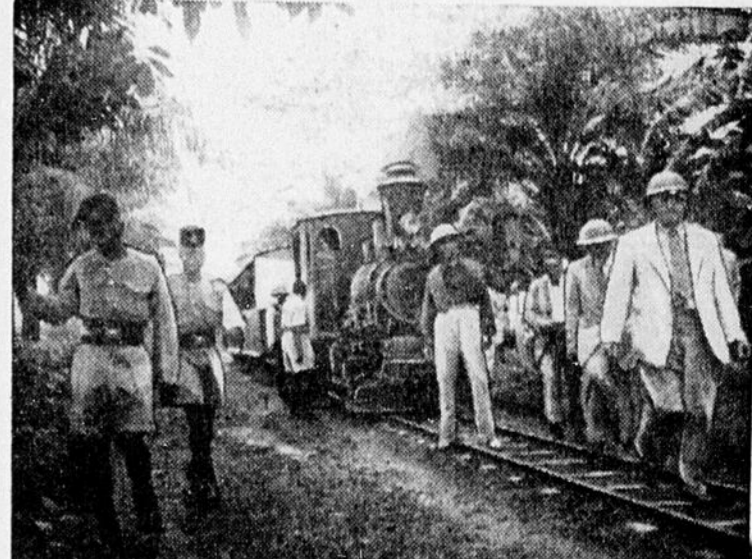

On policy matters, the meeting did little more than support the stand taken in the Commons by the Progressive Conservative Party. But on organization, delegates urged the appointment of an executive committee to co-ordinate the organizational activities of the party across Canada.

The committee would meet at least three times a year and would consist of two members each from Ontario and Quebec and one member from each of the other provinces.

WE ARE THE CLASS OF '50

Many among us are War Veterans—some with family responsibilities not always associated with the younger graduate.

We know that a university degree will not in itself guarantee success. It must be backed up with hard work. But, whether or not we have acquired a particular knowledge of direct interest to employers in any particular industry, we still suggest our degree is a good reference, for we have at least proven ourselves to the extent of obtaining it.

Graduates are available from all types of courses this year.

If you can employ a graduate, or offer summer employment to an undergraduate, please phone or write the Executive and Professional Officer at your nearest NATIONAL EMPLOYMENT SERVICE office, NOW.

Chateaugay, N.Y. Music Students Present Concert

CHATEAUGAY, N.Y. — All who were privileged to attend the annual Spring Concert held at the Chateaugay High School on Friday, April 21, enjoyed a fine program with variety and charm equal to a performance by professionals. The program began with children of the fifth grade playing in the Tonette band. This group played several simple airs, such as "Little Brown Jug", "Chop-Sticks" and "Peggy O'Neil".

The Junior band demonstrated its ability by playing waltzes, marches and a round. Their numbers included: "Air-Mail", "Are You Sleeping", "Auld Lang Syne", and others. This group was followed by the senior band. These young people played with accuracy and spirit, with such variety as "Little Rhapsody in Blue", "Teddy Bear's Picnic", and Sousa's "Semper Fidelis".

The orchestra was next on the program playing "Pomp and Circumstance", "Danube Waves", and a Stephen Foster Medley. The students displayed fine technique and some unusual talent, making in all a very pleasing presentation.

An interlude of baton twirling followed the instrumental music. The girls were both junior and senior twirlers and combined their efforts to give a well-balanced exhibition.

The vocal part of the program was divided into two parts: the 4-part Glee Club which presented three numbers: "Ave Verum" (Mozart), "Erie Canal" (with Fred Waring's arrangement), "Sanctus" from the St. Cecilia Mass (Gounod), "Skip To My Lou" (Riesler). The closing part of the program was the work of the A Capella Choir in Schumann's "The Orchestra"; and

meating, sandwiches and coffee were served and card games were played.

The committee in charge included: Richard Cook, George Douglas, Patrick Dwyer, John Oulmet, with William Dupree, as adviser. The F.F.A. boys are all students in the Chateaugay High School, and enrolled in the Agriculture Course. Miss Marsha Pearl prepared several posters that were used to advertise the dance.

KNIGHTS OF COLUMBUS DINNER MEETING

On Monday, April 17, members of Our Lady of Victory Assembly, Fourth Degree, Knights of Columbus, met at Hotel Chateaugay for a steak dinner. Following dinner, they adjourned to the Knights of Columbus rooms for their regular meeting.

FORTY-HOUR SERVICES

The Forty Hour Services opened at St. Patrick's Church at the high mass on Sunday, April 23, and closed at the 8 o'clock mass on Tuesday, April 25. Rev. CATHOLIC DAUGHTERS HOLD ANNUAL BANQUET

About 35 members of Court St. Helen, Catholic Daughters of America, assembled at Hotel Chateaugay, on Tuesday, April 18, for their forty-first annual banquet. A delicious turkey dinner was enjoyed. The hotel dining-room has recently been redecorated in tones of pale yellow and jonquil yellow, and these blended well with the pale yellow and lavender color scheme used to suggest the C.D. of A. colors of purple and gold. Mrs. Jeannette Bilow played the accompanying music for the group singing of popular songs.

Following the dinner, Grand Regent Mrs. Claire Dwyer spoke briefly and introduced the Vice State Regent, Mrs. Margaret Lanco, who gave the welcoming address and urged those present to work for the good of the order, remembering the double theme, Unity and Charity. She then introduced Rev. Edgar A. Gallagher, pastor of St. Patrick's Church as the new chaplain of Court St. Helen, succeeding Rev. James R. McClure, former pastor.

Father Gallagher said he was pleased with the warm welcome accorded him by the new pastor and also the honor of being chaplain of the C.D. of A. He delivered the address of the evening with a three-fold message: "Watch the Education of your children that they may be cognizant of the precious heritage which is theirs as citizens of a great Democracy. Watch and Work to see that no alien power secures political control of our great country. Make the Home a place of abiding Love and Peace where God is the daily companion of the family." These remarks, he said, were directed strongly to the women since it is acknowledged that the Mother is the Heart of the Home and the guardian of our young and of our nation.

Following a memorial prayer for the deceased members of Court St. Helen, the evening closed.

The April committee, with Miss Mary McKiernan as chairman, was in charge of the banquet.

SCHOOL LUNCH ASSOCIATION ORGANIZED

Film Star Enlists in U.N. Narcotics Drive

Actor Gary Cooper is welcomed to U.N. Headquarters at Lake Success, N. Y., by Benjamin Cohen, U.N. Assistant Secretary-General for Public Information. Mr. Cooper visited U.N. to record the commentary for a radio program entitled "Shooting Gallery" and describing the U.N. Narcotic Commission's efforts to control the illegal drug traffic. in the schools. The local unit includes Clinton and Franklin counties. School administrators, principals, home economic teachers and cafeteria personnel are included as members. Various phases of the school lunch project were discussed, including methods of evaluating the individual school's progress, possibilities of educational work correlated with the lunch program, keeping of financial records, etc. Winfield W. Randolph, principal of Keeseville Central School, spoke on "Distribution of U.S. Agriculture Donated Foods". The dinner served to the members offered a fine menu of pruned juice, Swiss steak and mushroom sauce, scalloped potatoes, scalloped corn, tomato aspic with cottage cheese, balls, homemade rolls, rice pudding and maple syrup, cake, and coffee. Of these items all but the coffee, steak and mushroom sauce, were prepared from the U.S.A. donated foods. These foods are available in connection with the Farm Price Support Program and offer a way in which surplus foods can be used to advantage in promoting the health of school children. Among other things available to the schools have been: peanut butter, peaches, apples, prunes, eggs, butter, honey, cheese, milk and turkeys. It is hoped that with cooperation of all persons interested in the School Lunch Program an increased appreciation of its benefits may be brought to both parents and pupils and real gains in health result.

Miss Helen L. Diehl, school lunch supervisor of the Bureau of Home Economics of the New York State Education Department, was in charge of the conference. Officers elected in the new association were: Miss Lillian Stowell, pres. Mrs. Catherine Noble, vice pres., Mrs. Catherine Noble, secretary, treasurer, Mrs. Elizabeth Fuller, program director.

The bazaar offered high class entertainment for the first two nights, but the entertainment planned for Saturday evening had to be cancelled. The opening night featured the Chateaugay High School Band. These young musicians, with their conductor, Mrs. Julia Hammond, presented three selections that were of high caliber and gave the bazaar a spirited start. Later in the evening Richard Wilson, also a member of the band, played two piano solos. Mr. Wilson is an accomplished musician, and his performance was enthusiastically received.

On Friday night the featured entertainment was an Old-Time Fiddlers' Contest, with five contestants. Winners were determined by the applause of the listeners and the result was a tie with Mr. Mike Clark and Mr. Titus given equal portions of the prize money. Three young lads, who made a remarkable showing in selling chances on a \$500 U.S. Bond, were also awarded prizes, with Jack Bessette winning first, Paul English second, and Robert Patnode third prize. Alonzo Revier of Lyon Mt. won the bond.

Charles W. Harrica was chairman of the bazaar, with Garth Lankton, Morris Silver and William Bessette as co-workers. Local fans assisted with the work during the three nights. Mrs. Bette Kourofsky, aided by Mrs. Belle Baker and Miss Marilyn Higgins, operated a snack bar, which proved very popular. Youngsters found the fish-pond very enticing with good fishing supervised by Miss Marie Ledoux and Mrs. Agnes Clark.

During the war she served 18 months in the WAVES, stationed in Corpus Christi, Tex. Following her discharge from the service she entered Syracuse University and was graduated last June from the Maxwell School of Citizenship.

Although her parents were unable to see their daughter off in New York, two of her sisters, the Misses Grace and Theresa, flew to the city to wish her bon voyage.

Mr. Hyland was present at the Fair to give historical data connected with his exhibit.

Mrs. Elmer Thompson and daughters, Phyllis and Carol, returned recently from a short trip to Albany, N.Y. and Pittsfield, Mass. They greatly enjoyed the return trip from Albany to Plattsburg as the train carried them along the shores of Lake Champlain. The Green Mountains of Vermont had turned to silver as the afternoon sun reflected through the bare brown boughs or silver birches, the view drew the attention of all the travelers.

Announcement has been made of the engagement of Miss Marilyn Miller, daughter of Mr. and Mrs. Loren Miller, of Brainardsville, and

Add cooled milk mixture and stir in well-beaten egg and 1 tsp. grated lemon rind. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of

dough. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Punch down dough and roll out into an oblong about 9" wide and 24" long; loosen dough. Combine 1/2 c. lightly-packed brown sugar and 1/2 c. liquid honey; spread over dough and sprinkle with 3/4 c. broken walnuts. Beginning at a long side, loosely roll up like a jelly roll. Lift carefully into greased 8 1/2" tube pan and join ends of dough to form a ring. Brush top with melted butter. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, 45-50 minutes. Brush top with honey and sprinkle with chopped walnuts.

Honored by Friends
 Miss Madeleine Michaud, after announcing her decision to leave Huntingdon, was honoured last week by her fellow employees and her friends. On Tuesday the foremen and office staff of the Huntingdon Woollen Mills held a party in the Gal Lounge of the Chateau where Miss Michaud was presented with a rhinestone bracelet and necklace. A dinner, in her honour, was held on Thursday at the Chateau and later that evening there was a special gathering at the Huntingdon Badminton Club, the members presented Miss Michaud with a rhinestone pin. Miss Michaud has returned to her home in St. Jerome for an indefinite period of time.

Employees in industrial plants in Huntingdon are evidently thinking of "Old Home Week", as some have been feeling out management to see if the plants they work in will be willing to work on May 24, which is a recognized national holiday, so that they may be able to have time off during the "Old Home Week" celebration in July.

The Huntingdon County Hospital acknowledges with thanks a donation of \$15, made in memory of the late Dr. Clouston, by Mr. and Mrs. Gordon McHardy.

Above, **BETSY DRAKE**, who appears with an all star cast in "Dancing in the Dark", and **JOAN EVANS**, who appears in "Roseanna McCoy". The story of one of American folk lore's most bloody and turbulent pages. It's a true story brought to the screen as a torridly romantic action crammed picture. A poignant, passionate story told against the background of mountain feuding. It's a Romeo and Juliet of the hills. Their burning love stood fast against family hatreds, tender and tragic. "Dancing in the Dark" has romance with a golden glow. Music right out of the blue. The grandest songs. It's wonderful. The story of an unforgettable woman. Her loves. Her triumphs and her heartaches. A woman who sang from the heart and loved from the tips of her toes. Both at the O'Connor Theatre starting Saturday.

Funeral Service

(Continued from page 1) tion of this institution as successful as it has been. He regarded his profession more as a service to the people than a means of monetary gain. Kindly disposition he was ever ready to see the better, rather than the poorer side of human nature. The feeling of the Members of the Board will be, they have not only lost a valuable counsellor, but also a friend.

Doctor Clouston's life must have been an interesting one. Day and night he took the risks which are inseparable from the professional life of the country doctor. A specialist may, if a patient has not an affliction of a certain nature, pass him on to another, but the family doctor must be willing, and is expected, to take every injury, ailment or disorder in his stride. By the very nature of the demands made on him neither his learning nor experience may be exhaustive, but his general knowledge must be encyclopaedic and confidence in himself developed to a degree that he acts whenever an emergency is faced. Because Howard Clouston was blessed with those attributes, we are a tolerably healthy and long-lived community. Our debt we admit, even if we never told him so. We know and appreciate what he accomplished, yet I wonder what might have been the gain to Howard, and to a wider circle, had his life been directed along other avenues. He may, in some aspect of medical research, have been observant and tolerant; he was blessed with a willingness and a capacity to sift the mass in order to search out the kernel, and then to share that which he had learned with others. We may conjecture but cannot answer. This alone we know: Howard, to our good fortune, gave his years of service to the people of Huntingdon and today many a family, like ours, is paying its most sincere tribute to him by wondering how and worrying how, the gap in home defence can ever be filled. May the good earth rest lightly, for he bore more than his share of our worries during his lifetime.

When I paid my last tribute to Howard Rae Clouston I knew that I had suffered a great loss. My acquaintance was only of ten years' duration, but you get much closer to a Doctor than to a friend that you see more often. I have spent many hours with the late Dr. Clouston discussing problems, that we were both interested in, and I will always cherish the memory of these conversations. We have lost a great Doctor, much greater than many people in our community realize. He sacrificed fame and honors to spend his life in our midst. Howard Rae Clouston was not only a great Doctor but also a scholar well read and well versed in all the social problems confronting our country and our world, yet his counsel was not heard in the last ten years in the important activities of our community. Why? Our demand on his time was too great, often selfish and unnecessary. This was a mistake. It is too late to repair this error, but it is not too late to avoid repeating it.

In the passing of Howard Rae Clouston, we, as Masons, have lost a staunch and devoted member, not only Chateaugay No. 36, but a lodge of which he was a Past Master, but the craft in general. He was also a Past First Principal of Union Chapter No. 19 and a Past Superintendent of R.A.M. in Quebec. During later years, due to the ever-increasing demand upon his professional services, he was forced to forego many of his Masonic activities, for first of all he was a physician and a comfort of mankind. While working his way through the chairs of Chateaugay lodge I was associated with him and it indeed was a real pleasure. We have lost a true and valued member and friend.

Making The Rounds

Jeanne Senechal, a little girl of four or five years of age, while playing around a gas station on Bouchette St., on Friday, found that it does not pay to impersonate Superman. Catching sight of a car that was about to leave, the child caught hold of the rear bumper in a gallant attempt to hold it back. Needless to say the vehicle started with little trouble and Jeanne had to let go. She fell to the ground but fortunately was not seriously hurt.

On the subject of accidents, Mr. John W. Dunn driving his car from the curb on Chateaugay Street collided with a car owned by Mr. Camille Legros, a resident of York Street. Damage was slight but the ever-watchful Chief L'Heureux was on hand to make a report of the incident. Chief L'Heureux also reports that he has on hand a pair of children's spectacles found near the Huntingdon High School. They can be claimed at the police station.

It has been reliably reported that the medical situation in Huntingdon may take a turn for the better. There is good reason to believe that this town will have another doctor by July 1st.

Mr. Everett Cogland, who has been in the Huntingdon County Hospital recovering from a coronary thrombosis, was allowed to go home recently for a further period of convalescence. It is not known whether Mr. Cogland is permitted to have visitors, it is reported that friends inquire before paying a call.

Those who find it hard to waken in the morning will be cursing their alarm clocks even more next week when Daylight Saving goes into effect. This Saturday night, residents of Huntingdon and many other towns will put their clocks ahead one hour; the change takes place officially at midnight on Saturday.

On May 5th, the students of the Huntingdon High School will present a variety concert and a play. The programme, if other productions of the Huntingdon High School can be used as a guide, should be highly entertaining.

The Week At Ottawa

(Continued from page 3) between the Plumbers' Union and the Master Plumbers' Association, union members will receive \$1.68 an hour for the first three months of the contract, and \$1.70 for the balance of the year. First union demands which led to the strike were for \$1.80 an hour—a 20-cent increase. The agreement ended a bitter controversy, climaxed by a court hearing against the union for illegal strike action. The charge laid by the Master Plumbers led to a \$500 fine—the first conviction of its kind in Ontario.

Ormstown

St. Paul's United Y.P.S. Present Comedy.— On Friday evening, members of the St. Paul's United Young People's Union presented a three act comedy, "Look Who's Here". The presentation was given in MacDougall Hall, which was well filled. Mr. R. F. The maid, Jennie (Anne Page) left the Winchell home due to unpaid wages but as the hearing that there were many things going on that people didn't know about. Three girl friends Grace, Tommy's fiancée (Shirley Cumming) Irene (Helen Greer) and Rose (Florence Dixon) find themselves involved in the deception made necessary by the arrival of Aunt Alice (Ruth Proctor). Aunt Alice, deathly opposed to matrimony, is confused throughout the play by the events she witnessed as she moved about the nephew's home (Tommy (Earle Clark) Tommy-rot by nickname, called to visit his old friend, Lyman Winchell, en route to visit his fiancée Grace. Almost immediately he finds himself involved

Covey Hill

COVEY HILL—Pleased to report Mr. James McAllister's satisfactory progress after his operation for appendicitis at the Barrie Memorial Hospital.

Mr. Coupennie of the Provincial Roads Department was a visitor here last Tuesday.

Mr. and Mrs. E. R. Lowden and son George spent a couple of days at their home here, pruning apple-trees and doing other spring jobs. George has a very charming model of a church to show for his hobby work during the winter's leisure hours.

His friends here are always glad to see Mr. Henry Savers back in Havelock. He spent Friday on the Hill pruning fruit-trees.

A letter from a young Australian, connected by marriage with Mrs. E. R. Lowden, contains information about the "way of life" down under. The state runs the schools and, unless one goes to college, at fourteen one leaves school and starts working. In the trades apprentices generally serve five years, but during that time they must attend the Central Technical College to receive instruction. The letter-writer's apprenticeship was interrupted by the war. Enlisting at 18 he served as a despatch rider in the Southwest Pacific area for four years, and considers he gained a lot of valuable information not to be found in civilian life. So he was 24 when he had his trade learned. He is a linotype operator and compositor on a newspaper. The trade unions are strong and there is no unemployment. Only the lazy or incapacitated are out of work, and they are calling for immigrants. There are plenty of open spaces, farms or bush, only seven miles from the centre of Brisbane, and at the city's centre every house has a yard large enough to keep a few fowl and plant trees. In that state, Queensland, the houses are often built of pine, 6 feet off the ground, and a garage and storage space beneath, but in other parts brick is used.

Services at Trinity Church on 30th April will be Holy Eucharist 8 a.m., Evensong 7 p.m., Sunday School 11 a.m., "Anglers' News". During the last week Lake St. Louis Anglers held two very successful meetings. The meeting in Lachine was highlighted by Mr. Bill White who made the commentary on his film covering his trip to Northern Alberta, British Columbia, Yukon and Alaska. The Beauharnois meeting featured a new picture "Prairie Wings" made by Ducks Unlimited. A fairly reliable source advises that the Perch are running in Lake St. Louis but were reluctant to say where. The fact that they are running will make fishermen more anxious than ever to get their gear in shape and out on the lake.

Interest in the Lake St. Louis Anglers' "Bird Lake" is increasing. Obituary

The Late Mrs. Fernie Beattie

A host of friends of Hemmingford and vicinity were saddened by the death of Mrs. Fernie Beattie, which occurred at the Barrie Memorial Hospital, Orms-town, on Sunday morning, April 16th. The deceased was in her 49th year, daughter of the late Robert Pettis and of Mrs. Pettis. In April, 1923, she was united in marriage to Mr. Fernie Beattie, of Robson, where they have since resided. Of this union there were two children, a son, Willie and daughter Sheila.

Mrs. Beattie, though confined to her home for several months during which time she suffered much discomfort and fully realizing her condition, was always cheerful and eager to meet her host of friends and relatives who paid her daily visits. She never lost her interest in the happenings around her, and was a source of inspiration, not only to her family but to all who came in contact with her.

The funeral was held on Tuesday, April 18th, from her late residence to Knox United Church, of which she had been a most ardent and faithful member. Rev. W. Holmes conducted the service, assisted by Rev. Carr, of Lacolle, and Rev. T. Knowles, of Huntingdon. Two hymns, "The 23rd Psalm" and "Some Time We'll Understand", favourites of the deceased, were most effectively sung by Mr. Percy Osmond, Mrs. Kenneth Aldridge, Mrs. Halton Kennedy and Mr. Aaron Stewart.

The pall bearers were Mr. George Beattie, Martin Beattie, Mr. Walter Barr, Mr. Sprague Pettis, Mr. W. H. Wilson and Mr. Donald Orr.

Lower bearers were Mr. Lyle Gilmore, Mr. Charles Barr, Mr. Beattie Barr and Mr. John Beattie.

She leaves to mourn her loss, besides her husband, son and daughter, her mother, Mrs. Robert Pettis, four sisters, Matilda (Mrs. Roy Parrham of Vancouver), Etta (Mrs. H. L. Gilmore of Chrysoptome); Ruth (Mrs. L. McGilton of Stanstead); Anna (Mrs. B. Lanskaal of Vancouver); one brother, Robert of Minneapolis, (another brother, Jack predeceased her a number of years ago), several nieces, nephews, cousins and a very large circle of friends.

The many and beautiful floral tributes were silent testimony of the love and respect of relatives and friends of the deceased.

How many people to the gallon? Many thousands of Canadians have a part in making a gallon of Esso available for your car. About 12,000 of them are employed by Imperial. Some search for new oil fields; some move oil from producing fields to refineries where others make it into Esso and hundreds of other useful products; still others see to it that these are on hand wherever you want them. Then there are almost 10,000 independent business men who, as Imperial dealers, supply you with our products. And there are the many thousands of people who derive part of their livelihood from making and transporting the things that Imperial uses in its operations. Last year we bought equipment and supplies from more than 3,000 Canadian firms. But those are not all. About 70,000 Canadian residents are shareholders in Imperial or owners of Imperial bonds. And there are more thousands who have an investment in Imperial through their bank deposits or their insurance policies, because a number of Canada's banks and insurance companies have put some of their clients' money to work to help us do our job. Finding oil and bringing it to you in the kind of products you need is a big job, a job that requires the skills and the savings of many thousands of Canadians. Bringing you oil is a big job ... and a costly one About Canada's Oil — On its 1949 manufacturing and marketing operations Imperial earned a profit equivalent to less than three-quarters of a cent a gallon for each gallon of product sold. Imperial's investment in plant and equipment is equivalent to more than \$19,000 for each employee. The wholesale price of gasoline has increased only a third as much as the average wholesale price of all commodities over the past 10 years. IMPERIAL OIL LIMITED

Sports ...

Baseball With summer just over the horizon, baseball enthusiasts in Huntingdon are looking with interest to another season and are already beginning to wonder how the New York Yankees and the Montreal Royals will make out this year. Moreover, the activities of the clubs playing down south have been closely followed. What many people would like to see, however, is a snappy hard-ball team right here in Huntingdon.

... AND THAT'S HOW we built the school

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager. "George," I said, "I'll need some help to handle a job this size." We went over the whole thing, discussed how much I would need. When I landed the contract he gave me a line of credit and I was able to go right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short-term credit—so that payrolls can be met, material bought, goods produced and marketed. SPONSORED BY YOUR BANK
