## 'Not all bad' UK move to Six assessed

MONTREAL (CP) — F. D. Mathers, president of the Canadian Manufacturers' Association, said today the effects on Canada of Britain's probable entry in the European Common Market may not be all bad.

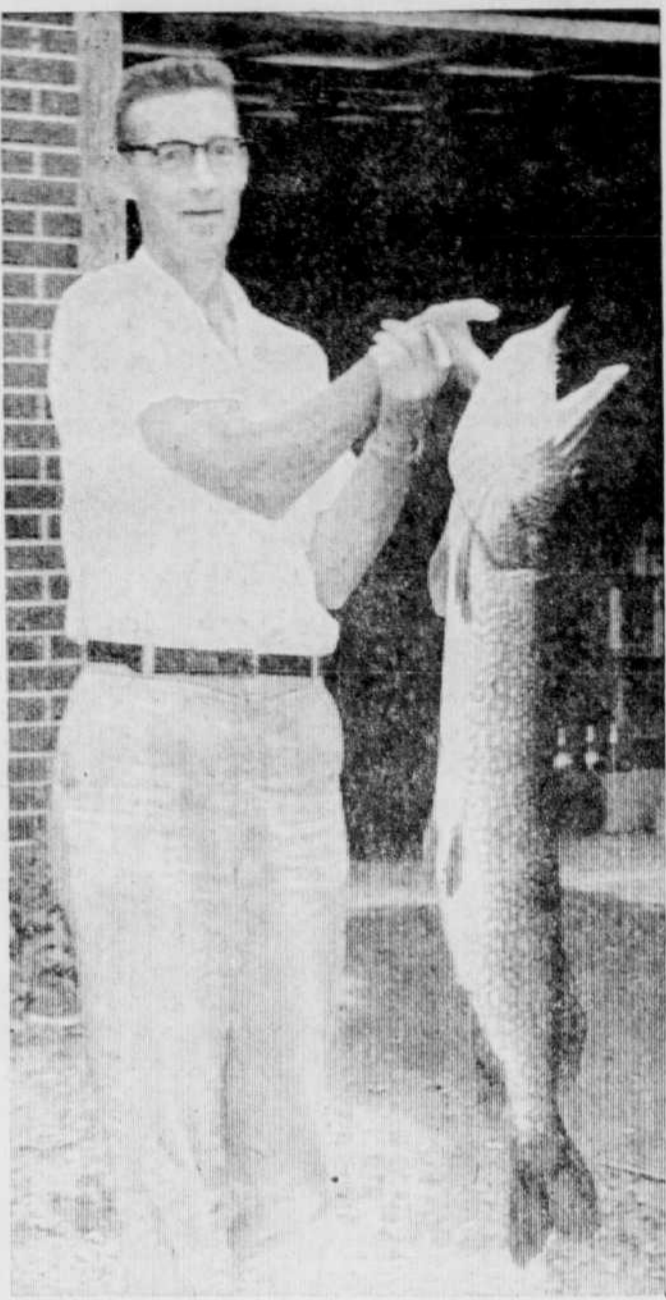

Canada, he said, cannot be indifferent to Britain joining the Common Market because she is Canada's second most important customer — next to the United States — taking about 17 per cent of total Canadian exports.

However, it was too early to know what proportion of these exports would be lost.

"There can be no doubt about the gravity of the British application from our standpoint. In these circumstances Canada, in common with most of the other Commonwealth countries, can hardly be blamed for making the most strenuous efforts to maintain that access to the British market she has enjoyed over the past generation."

Mr. Mathers, president of a New Westminster, B.C. food company, said Canada would be "very ill - advised" to expect Britain will find her entry into the Common Market incompatible with her standing as head of the Commonwealth.

Mr. Mathers, who was meeting the Quebec section of the CMA for the first time as president of the association, said Canadian manufacturers should not underestimate the scope for potential improvement in sales inherent in rising levels of prosperity and living standards in Europe.

## Reds to counter JFK's proposals

By TOM HOGE  
UNITED NATIONS (AP) — The Soviet Union sought today to counter President Kennedy's peace appeal with an eight-point program billed as a cure for international tensions.

The Soviet proposals—mainly a restatement of earlier ones put out by the Kremlin — were submitted to the UN Wednesday night with two other memoranda dealing with the nuclear test issue and colonialism.

The eight - point plan, promised by Soviet Foreign Minister Andrei Gromyko's policy when he spoke to the General Assembly Tuesday, included such Kremlin favorites as:

- 1. A non - aggression pact between the NATO and Warsaw pacts, renunciation of use of atomic weapons, withdrawal of foreign troops from alien soil and measures to lessen the danger of surprise attack.
- 2. A committee to supervise and control all colonies and dependent territories.
- 3. This document which ran nearly 6,000 words portrayed the United States as the mastermind behind the colonial powers and accused the Americans of "pushing colonial schemes of their own."

Points emphasized:

1. A freeze of military budgets.
2. A renunciation of the use of atomic weapons.
3. A ban on war propaganda.
4. A non - aggression pact between the countries of NATO and the Warsaw treaty.
5. A withdrawal of foreign troops from alien territories.
6. Measures against further spreading of nuclear weapons. This echoed Kennedy's proposal that nuclear powers pledge not to give nuclear weapons to other nations.
7. Establishment of atom free zones in African and central Europe.
8. Measures to lessen the danger of a surprise attack. Shortly before the memorandum came out Gromyko and U.S. State Secretary Dean Rusk had a four-hour talk at the Soviet foreign minister's Park Avenue headquarters.

Rusk was understood to have urged Gromyko to explain what the Russians mean by "guaranteed access" to West Berlin after they sign a peace treaty with Communist East Germany. The Western Allies consider this a key point for determining whether there is a basis for East-West negotiations on a solution of the Berlin crisis.

## Quebec's protest shelved

By JACK BEST  
OTTAWA (CP) — The royal commission on health services, having disposed of objections from Quebec as to its constitutionality—at least for the time being—today entered the second day of its preliminary sittings.

Wednesday's opening of the inquiry was marked by the reading of a letter from Premier Jean Lesage setting out Quebec's position and a statement from the Canadian Medical Association.

The statement, presented jointly by the CMA and L'Association des Médecins de Langue Française du Canada, envisaged that public funds would have to be used in any expanded medical services program. But personal financing by "self - supporting elements" should be explored first.

Noting that the inquiry was to deal "essentially with matters under the exclusive jurisdiction of the provinces," Premier Lesage wrote:

"We deny energetically the right of the federal government to set up such an inquiry."

The letter was in reply to one chairman of the inquiry, Chief Justice Emmett Hall of Saskatchewan, wrote July 13 to all the premiers, asking their cooperation in the inquiry. Premier Lesage has stated publicly that the Quebec government will not co-operate.

Mr. Justice Hall made clear the commission's determination to continue the study despite the CMA and the French-Language Doctors Association—representing between them more than 20,000 doctors—did not specifically mention whether Canada should have a national prepaid medical care plan.

## 'Incompetents, hypocrites' Mayor carries war into camp of enemy

By CUTHBERT JONES  
(Record Staff Reporter)

If the heat generated at the public meeting which followed the close of municipal nominations yesterday is any indication, Sherbrooke citizens will face a week of bitter argument as aspirants for the mayoralty and four aldermanic seats argue the issues of the day.

Originally, the retiring members of the Council—Mayor Armand Nadeau, Aldermen Carl Camirand, Paul Gervais, J. M. Jeanson and Felix Thibault—had indicated they opposed the traditional meeting because of other important commitments. But the "Opposition slate" announced their intention of addressing the gathering in any case, leaving the administration party little choice but to say their own pieces.

With 11 candidates seeking the five posts open, it was decided to limit the talks to five minutes each, with Mayor Carrier Fortin presiding.

Mayor Nadeau, the second speaker, carried the war into the enemy camp, charging his adversaries with being "incompetents and hypocrites."

"For once," he said, "those who have been sitting in the cellar have come out to face the public and I am certainly happy."

"It is time the public saw these celestial figures, who have been meeting in a cellar to prepare a program which Mr. Trudeau would not explain to you because he understands more of it. But it will explain mine."

"The population of Sherbrooke is proud and it needs men of honor to represent it and not these underground workers. There is no man who has given more of his time and his efforts than I have for the city in the entire history of Sherbrooke."

"As for winter works. If Mr. Trudeau had been sitting on the Council he would have seen that we could not do more. The 90 per cent contribution of the federal and provincial governments to the labor costs represents about ten per cent of the total. Mr. Trudeau talks of eliminating heavy machinery. How can we do the work by pick and shovel in four feet of snow and frost?"

The mayor said that a prominent Toronto financial paper had described Sherbrooke as being the best administered city in the province.

He also launched out against the Trudeau program, claiming it visionary and said its proposals for special commissions to rule on various projects would undermine the authority of the Council.

Alphonse Trudeau, second candidate for the mayoral chair, opened the arguments with an attack on the principle of aldermanic solidarity, by which the aldermen hammer out their policies in committee and then present a unanimous proposal at the public meeting.

This, he said, was against public interest.

He also attacked the failure of the Council to take full advantage of the federal and provincial aid available for public works. Sherbrooke was receiving \$68,000 this winter, he said, while Lake Megantic obtained \$500,000 last year.

By replacing heavy machinery with manual labor, Sherbrooke could receive \$500,000 in subsidies, he concluded.

The retiring aldermen and their adversaries dealt largely with personal and ward problems.

For instance, Armand Desbines, one of the two candidates opposing Ald. Felix Thibault in the East Ward, explained at length why his brother-in-law, Ald. Robert Gauthier, See "Mayor" Page 5

## Royal Coroner dies from fall

LONDON—(AP)—Sir William Bentley Purchase, for 31 years coroner of North London and thus of the Royal household, died Wednesday night after falling from the roof of his house while fixing his TV aerial.

He was 70.

He was known as the toughest of coroners for winter cold meant nothing to him. He never wore a hat, overcoat or underwear.

## Syrian army stages revolt

(CP from AP-Reuters)  
BEIRUT, Lebanon — Army officers in Syria mutinied today in an apparent attempt to break away from Gamal Abdel Nasser's 3 1/4-year-old United Arab Republic.

Nasser called the revolt more serious than the 1956 British - French - Israeli invasion of Egypt.

A few hours after Damascus radio proclaimed the revolt, a communique broadcast quoted by The Associated Press from the Syrian capital indicated opposing military factions might attempt to negotiate.

It said the revolutionary command met with Field Marshal Abdel Hakim Amer, the Egyptian who commands all U.A.R. forces, and worked out an understanding. Damascus broadcasts said the situation had returned to normal, but did not explain what that meant.

Cairo newscasts ignored the communique, however, leaving in doubt whether anyone had yet gained a victory.

"Military questions have now gone back to their normal course with reliance and trust in the wisdom of the commander-in-chief of the armed forces and the commander of the 1st (Syrian) army, about carrying out the objectives of the armed forces and of the United Arab Republic," the communique said.

Earlier rebel broadcasts had said Amer, Nasser's top man in Syria, had been arrested as part of a pre-dawn uprising.

Radio Damascus, calling the statements a "United Arab Republic broadcast," declared the situation had returned to normal "because of the wisdom" of Amer and the Syrian army commander, Gen. Gamal Feisal.

"We are lucky to achieve the aims of the United Arab Republic armed forces command," the communique added.

The broadcast said the rebels had submitted the problems and aims of the army to Amer who "expressed understanding of the true state of affairs of the army and took adequate measures to solve these problems."

What these problems were was not explained.

Informed sources in Cairo blamed the uprising on the Syrian strongman, Abdul Hamid Serraj, who broke with Nasser Tuesday and returned to Damascus. Serraj had been brought to Cairo last month as a U.A.R. vice-president after ruling Syria since the merger with Egypt that created the U.A.R. in 1958.

ENGAGED IN DISPUTE  
Informants said Serraj had been engaged in a dispute with Amer, who had been wielding greater and greater power in Syria.

There were no reports of fighting. The rebels, led by Syrian officers based in a camp outside Damascus, said they had seized Damascus radio and had closed all ports and airfields.

In a broadcast to the people, Nasser called the uprising the most serious threat since the Suez invasion by the French and British in 1956.

## Gets her ticket by court order

DENVER, Colo. (AP)—Mrs. Gertrude Hunter, 47, obtained a court order Wednesday directing her estranged husband, M. Lakin Hunter, 49, to relinquish her season ticket to University of Colorado football games.

Hunter filed suit for divorce Sept. 21 charging his wife with mental cruelty. The couple, married June 3, 1939, has two children.

Mrs. Hunter said she was seeking a reconciliation and that attendance at football games with her husband had been "a traditional happy experience."

She said she wanted to attend this year's games so her husband could see her in "a happy frame of mind."

## Canadian economy quickens

OTTAWA (CP) — The nation's economy quickened during the second quarter of the year under the impetus of higher spending by consumers and governments.

Gross national product — total of goods and services produced — hit an annual rate of \$36,280,000,000, up 1.7 per cent from the first quarter, the Dominion Bureau of Statistics reported today.

The renewal of growth, following a decline of more than two per cent in the first quarter, pushed national output close to the peak rate of \$36,436,000,000 reached in the last quarter of 1960. The annual rate in the first quarter was \$35,668,000,000.

Consumer spending, reversing the first - quarter downturn, advanced 1 1/2 per cent during the April - June period. Expenditures by governments on goods and services rose nearly three per cent.

Business investment in new plant and equipment declined, however, along with expenditures for new housing. Business inventories were built up during the quarter "to a very limited extent," the bureau said.

## Fire kills eight in family

PORT DOVER, Ont. (CP)—Eight members of a family—the father, mother and six children—died early today in their blazing home near this Lake Erie community.

Only occupant of the house to escape was a 16-year-old daughter who was taken to hospital in serious condition.

Dead are Joseph Roswell, 51, his wife Pauline, 41, Robert 20, Shirley, 13, Joan, 11, Ella, 9, Joseph Jr., 4, and Terry Allan, four months.

In hospital in nearby Simcoe is Mary Roswell, with burns to her hands, shoulders and face.

The fire leveled the 1 1/2-story frame house four miles west of Port Dover, which is 27 miles south of Brantford.

A neighbor noticed the flames shortly after midnight.

BODIES BROUGHT OUT  
The fire was not put out until about 5 a.m., and for several hours it was not known how many persons were trapped inside. Fire Chief Alec Spain said the remains of all the victims were brought out shortly after the flames were doused.

Early reports said nine persons died. Constable Tom Myers of Simcoe Provincial Police detachment said later, however, that the toll had been established at eight.

Police said two married daughters of the Roswells are believed living elsewhere.

There was no immediate indication of the cause of the blaze, the chief said. He said it was not possible to determine whether any of the victims were aware of the blaze and tried to escape or whether they died in their sleep.

## Can take trout one extra day

QUEBEC (CP) — Fisheries Minister Gerard Levesque said Wednesday trout fishing will be permitted Sunday, Oct. 1.

The trout fishing season was scheduled to end Saturday, Sept. 30, but the game and fisheries department decided to extend the date to enable fishermen to have a full weekend of fishing. The extension will be effective this year only.

## Drive-in Bingo

BRISTOL, England (AP) — The city council gave its okay Wednesday night for the operation of a drive-in bingo parlor. Players will sit inside their cars in a large garage.

Those who get a winning line in their cards will sound their horns.

The promoters said they could accommodate up to 400 cars at a time.

## Funds available for residences

OTTAWA (CP) — National Housing Act loans for construction of university residences are available to all degree-conferring university and colleges and their affiliated schools, Public Works Minister Walker said in the Commons Wednesday.

Replying to a question by J. W. Pickersgill (L—Bonaventure-Twillingate), Mr. Walker said it was not possible to draw up a definitive list of the eligible institutions, but they included colleges and schools which give instruction in university courses leading to the granting of degrees by their parent universities.

## Student census

MONTREAL (CP)—Students in three major French-language universities will be asked a series of questions Oct. 19 in a census designed to outline their position and problems.

Organized by student associations in Montreal, Sherbrooke and Laval universities, the 90 questions will touch on such subjects as finances, attitudes towards teachers, and factors which influence choice of profession.

About 1,700 McGill University students are expected to take part in a similar inquiry.

# Election talk explodes in Commons

By DON HANRIGHT  
OTTAWA (CP)—Election talk in truly combative terms burst upon the Commons Wednesday.

Prime Minister Diefenbaker left no doubt that he would be prepared to fight an election on the new Dominion - provincial tax scheme as well as the controversial "class or kind" tariff issue.

Defending in eloquent terms his government's proposal on the tax-revenue split with the provinces, Mr. Diefenbaker said it will restore their rights to levy their own taxes and end the "gimmie-gimme" approaches to Ottawa. He added:

"The Canadian people, whenever the opportunity comes, will I am sure, not listen to the whiners and the wailers but will realize that there has been solid achievement on behalf of all Canadians."

APPROVED IN PRINCIPLE  
He spoke before two days of opposition criticism of the new tax deal ended with a vote of 127 to 34, to approve the principle of the measure on second reading.

One Conservative MP joined the Liberal and CCF groups in voting against the tax bill. Robert Lafreniere, member for Quebec Montmorency, said he regrets the discarding of a formula in which Quebec received federal grants to universities by being given leeway to levy a higher corporation income tax.

Before the vote Lionel Chevrier (L—Montreal Laurier) said that as he listened to Mr. Diefenbaker's speech "a feeling grew within me with increasing intensity that perhaps there is an election in the air."

"This would be a good election issue," said CCF Leader Argue. "It will be an election issue and we shall take it to the people of Saskatchewan to demonstrate that this government has overlooked them, forgotten about them."

Paul Martin (L—Essex East) said the bill is good reason for "throwing this government out of office and putting someone else in who can govern."

There was less chance for comment on the prime minister's statement that the government See "Elections" Page 5

## Predicts 'dim future' if no deal on butter

HALIFAX (CP) — Cheaper floor price for wholesale butter, a better guarantee of uniformity and sanitation in some dairy products, and bigger promotional schemes may result from the National Dairy Council's 44th annual meeting.

Butter surpluses loomed as the biggest problem before the 436 delegates to the council's first annual meeting in the Maritimes, which ended here Wednesday. The most common reason given for the condition was high prices.

A three - hour directors meeting Wednesday blamed the federal government for maintaining too high a floor price, and reiterated a plea for action based on earlier council recommendations.

Canada's current butter stocks amount to 196,000,000 pounds, compared with 83,000,000 pounds in 1957 when the floor price for wholesale butter was boosted from 58 cents a pound to its present 64 - cent level. Production on the other hand has been increasing.

DIM FUTURE POSSIBLE  
Pierre Cote of Quebec City, re-elected president for a second term, suggested in an interview the problem now is up to the federal government and if action is not forthcoming the \$1,000,000,000 - a - year dairy industry will be in for a "very dim future."

Delegates appeared to favor at least a 14 - cent - a - pound reduction on butter, with subsidiary payments making up for the loss to producer.

Increased studies to find out what people buy and why was suggested several times. More advertising was also seen as a must for dairymen in the face of growing competition from substitutes.

## About Television

By CYNTHIA LOWRY

NEW YORK (AP)—Dick Powell got his NBC Anthology series off to a smooth start Tuesday night with a glossy detective story which could easily be developed into an attractive weekly feature.

Who Killed Julie Greer? was the opening show, and Powell skillfully made it into a special audience-builder by having such

stars as Ralph Bellamy, Ronald Reagan, Mickey Rooney and Nick Adams playing small colorful parts.

The story itself was a rather uncomplicated one: Somebody strangled a pretty playgirl—somebody whose name was in her little black book. Police Inspector Amos Burke, played by Powell, headed the investigation

to find which of her admirers it was. The windup, unfortunately, was rather easy to predict. But the interesting and attractive character was the one Powell played, a millionaire career policeman who rode around in a chauffeur-driven foreign limousine with built-in bar and telephone, jauntily solving crimes.

The series, which will not include any western, will cover many areas of drama. Perhaps Powell will occasionally bring back Inspector Burke the way he used to recall Willie Dante to brighten up his old Four-Star Theatre anthology.

## Officials attend Rebekah Lodge in Farnham

FARNHAM — The president of the Rebekah Assembly of Quebec, Sister Ellen Demers, paid her official visit to Yamaska Lodge. The meeting was held in Saint James Church Hall and the Noble Grand, Sister Alice Savary, presided.

The president was accompanied by Brother and Sister Hodje, Brother and Sister Drouin, Brother and Sister Walker, Sister V. Williams introduced the Grand Lodge officers: President, Sister Demers; vice-president, Sister Doris Drouin; Brother Roy E. Walker Grand Scribe of the Grand Encampment of Quebec, I.O.O.F.

Sister Demers gave an interesting address. Speaking briefly also were Sister Drouin, Brother Walker, and Sister Hodje.

Sister Thora Hill presented Sister Demers with a gift from the Lodge, for which she expressed thanks.

At the close of the meeting, lunch was served by the committee in charge and included a cake, decorated with the president's emblems in pink roses, and a key. The cake was made by Sister Lillian Mayhew.

## Chamber of Commerce metropolitan study

# Plan regional economic council

The Sherbrooke Chamber of Commerce has adopted a resolution that Sherbrooke, now called the Queen City of the Eastern Townships, be known as the Metropolitan of the Eastern Townships.

The Chamber will form an economic orientation council to promote district development.

The name resolution was submitted by director Paul E. Beaulieu, president of the civic and municipal affairs committee.

It was presented as a result of a close study of the city's role and activities in this region of the province and in the province as a whole.

The study underlines the geographical importance of Sherbrooke, the role assumed by the city in the development and promotion of industries, business, education and culture in this region. The report also indicates that after Montreal and Quebec City, Sherbrooke is the metropolitan centre of the third most industrialized region of Quebec.

## Magog CNIB response poor

MAGOG — Roderick Lemieux, chairman of the CNIB drive for the blind in Magog has announced results to date for its current campaign, ending this Saturday as far from satisfactory.

An objective of \$1,200 was set, but just above \$400 has been received to date.

In explaining the poor response, Mr. Lemieux said this year donor's were canvassed by mail, and obviously those approached have neglected to respond. The change in canvassing methods resulted from the lack of volunteer canvassers.

Mr. Lemieux asked that all who have not made their contribution, send it to the CNIB, post office box, Magog 99.

However, the pains of growing are far from being over, the study indicates. For example, Mr. Beaulieu has informed the directors that it was now time to create a Council of Economic Orientation for the metropolitan area of Sherbrooke.

The city now, can afford it. This announcement was based on the partial results of a survey on the merits of creating such a council, undertaken a few months ago.

The Chamber expresses the hope that the Council will be formed before the end of the year and that it will be actively engaged in the industrial promotion and economic orientation of the whole region.

Mr. Beaulieu said that city businessmen have already been approached and the council is now being formed.

The establishment of an Economic Council marks a turning

# Suspension lifted, complains of fine

A Danville man appeared in Sherbrooke District Court Wednesday morning and was fined \$150 and costs after having pleaded guilty to a charge of driving his car while under the influence of alcohol.

Francis J. Saffin, 23, who was arrested Tuesday on Route 32, near Shipton, told the Court he was guilty but was disturbed when Judge Redmond Hayes imposed the fine.

"This is kind of hard on a guy," said the accused.

Judge Hayes had originally imposed a \$100 fine and sus-

pending the accused's driving permit for three months.

Saffin however, told the Court that he needed his car for the kind of work he was doing. He explained that he worked in Asbestos, and that he needed his car to travel to and fro. He added that his company had two offices, and that he was often required to go from one to the other.

Judge Hayes cancelled the suspension order, and raised the fine to \$150.

"You must understand," said Judge Hayes, "in cases such as this one, we often cancel the driving permit for nine or twelve months. You are indeed fortunate, and the reason why the suspension is cancelled in your case is because of the nature of your work. You certainly have no cause to complain."

Crown Attorney Benoit Turmel told the accused that if he ever appeared in Court again on a similar charge, he could be sent to jail.

## Ceremony opens Lowney plant

In the presence of members of the federal and provincial cabinets, the Sherbrooke city council, religious dignitaries and representatives of public organizations, the new seven million dollar plant of the Walter M. Lowney Co. Ltd., on the western limits of Sherbrooke, was formally inaugurated at a ceremony Wednesday noon.

The traditional cutting of the ribbon ceremony was reserved for the Postmaster General of Canada, Hon. William Hamilton, but Mr. Hamilton turned the scissors over to Mrs. Edmund Littler, Sr., widow of the founder of the Canadian company.

Mrs. Littler Sr. was also presented with a bouquet of red roses by J. C. Hewitt, vice-president and general manager of the company, on behalf of the board of directors.

The blessing of the plant and the grounds was performed by His Excellency, the Most Reverend Georges Cabana, Archbishop of Sherbrooke.

Edmund H. Littler, Jr., president of the company, acted as master of ceremonies and during his introductory address presented Archbishop Cabana, Chancellor of the University of Sherbrooke, with a cheque of \$2,000 for a scholarship at the University.

## Richmond boy killed

RICHMOND — (Special) — At an inquest Wednesday into the death of a five-year-old Richmond boy killed earlier in the day as he was coming home from school, the jury recommended that school stop signs should be put up near the scene of the accident and that the area be made into a safety zone when the children are coming to and going home from school.

The accident victim was Robert Beaulieu, son of Mr. and

Mrs. Gabriel Beaulieu, Sage Street, Richmond. He was hit by a car on Craig Street in front of the St. Famille Church.

Young Robert was hit as he was crossing the street while returning home from school around 11.15 a.m.

Police said when he left school he ran through the church yard and into the street in front of a car driven by Ernest Armstrong, 54, of 348 20th Street, Quebec City. The school Robert attended is situated directly behind the St. Famille Church.

Robert was taken to the St. Louis Hospital in Windsor where he died of a skull fracture.

Investigations were carried out by Donat Sevigny and the chief of Richmond Police, Gerard Paquin.

The five-man coroner's jury was made up of Calixte Tremblay, Jean Rene, Leo-Rene Guertin, Camille and Jean Fleury. The inquest was presided over by Dr. Georges Legendre of Danville.

There were only two witnesses, Mr. Armstrong, the driver of the car, and Paul Bureau, caretaker at the Notre-

## For better or worse

In Halifax, on Monday of this week, National Dairy Council President Pierre Cote made a blunt statement which was bound to find support from many Canadians on and off the farm.

The decline in the domestic market for dairy products was, he said, "the direct result of excessive and ever-increasing governmental intervention and control."

More plainly, he said it was high time that governments got out of the dairy business.

The Dairy Council then got down to other business.

But by Wednesday Mr. Cote had

been elected for a second term and was ready to make another statement.

It seems that delegates to the convention were all in favor of seeking a federal subsidy to get the nation's surplus butter moving. And not only was Mr. Cote backing this sentiment but he said that the 10 cent subsidy recommended four years ago would not be enough.

In other words, Mr. Cote would favor the government's getting out of the dairy business — but not just yet.

For better or worse, it would seem, government and agriculture are wedded together for all time despite frequent mutterings of divorce.

## Proud parents

It's nothing new for proud parents to push children along too quickly.

Often they're overly anxious to get them into school, into long trousers and into felt hats long before their time.

In fact, some parents almost seem bent on shortening childhood, one of the happiest and most carefree periods of existence.

All of this is regrettable, in a way, but it is strictly the business of the parents concerned, a matter between them and their own consciences.

But now comes word of a proud father who has seriously invaded the rights of other.

A press report from Sudbury, Ont.

## Uncle Sam's generosity

Let no one underestimate the extent or effectiveness of U.S. foreign aid to Viet Nam.

For years now millions of dollars in cash, materials and foodstuffs have been pumped into the Far Eastern country and its neighboring states.

There have been many, during this period, who have questioned the effectiveness of this program.

A U.S. Senator, John J. Williams

tario this week tells of a six-year old boy who has been driving his father's car through city streets to kindergarten for the past six months.

The father, quite properly, is being hailed into court.

He is quoted as saying that his small son can drive in the heaviest downtown traffic and park better than many adults.

It's a pity that this proud father can not match, in public responsibility, his son's reputed skill at driving.

Fortunately for him he is facing a minor charge with prospects of a \$5 or \$10 fine. He could easily have been facing a charge of criminal negligence.

of Delaware, however, claims that that not only has it been a success but the Viet Namees have been "getting too fat on Uncle Sam's generosity."

As proof he cites the fact that the International Co-operation Administration — the agency handling foreign aid — recently shipped 4,812 eight-ounce cans of Metrecal, the concentrated diet substitute, to Viet Nam.

## Gerald Waring REPORTING

SHAWANO VILLAGE, Que. (pop. 47) is a tiny suburb of Ottawa where anxiety over mortgage payments has suddenly become only a secondary worry. Since the announcement of skyrocketing fallout readings, Shawanians have been stewing about how to protect themselves from radiation should war come.

They're youngish couples, nearly all with small children, and the men commute to jobs in Ottawa. Half of them work in government departments, and so they see at close hand the government's concern over national survival in a nuclear war.

"What we need," one householder told the unofficial mayor of Shawano, "is a community shelter." So the mayor called his fellow citizens to meet on his patio and talk it over.

We Shawanians, you see, are foxed by the fact that we have ultramodern wood and glass houses built, in most cases, on concrete slab floors. No basements — and, of course, that means no basement fallout shelters.

We quickly canvassed the prospects. The shaft of the abandoned mica mine was out of the question. Take too long to get to it. If an atomic bomb hit Ottawa, we in Shawano might have 15 seconds to duck before the shock wave hit, and then 15 minutes to get underground before heavy fallout started to rain down.

"Get a bulldozer in and dig a big hole and line it with concrete, and bank it and cover it with sand," suggested the man who had instigated the meeting, a government engineer. But digging into the rocky hillside looked like a costly business. Another idea, to build a shelter of heavy planks down in the sand pit on the flats and bulldoze sand around and on top of it, seemed more practical. "But we'd have trouble with the folks down on the flats," opined the mayor. "They'd want in."

The government engineer was cold blooded about it. "We gotta have guns, to fight off anybody who tries to break in or steal our food," he said.

"And we gotta have martial law in our shelter," said the mayor. "Anybody gets outa line..."

"Nuts!" I said.

The mayor's wife, a practical sort, was appalled by the idea of spending a fortnight underground with 23 kids, only one of them hers. Another woman opined she wouldn't be too keen on surviving if her husband were killed or lethally irradiated at work, and her children suffered the same fate at school.

"When things get real sticky," the mayor commented, "we'll all be staying home. The economy of this country will just grind to a halt."

The Russians, of course, tough, conciliatory, but not soft.

On Berlin, he said "This is not the time or the place for immoderate words."

After Kennedy, what next? The next stage is up to the foreign ministers and the U-N ambassadors, who take over today.

would like that.

The more we talked about a community shelter for half a hundred people, that less enthusiastic we became. One couple had boycotted the meeting, saying they'd take their chances in their home. The mayor frowned; that wasn't the right community spirit. But in the end the

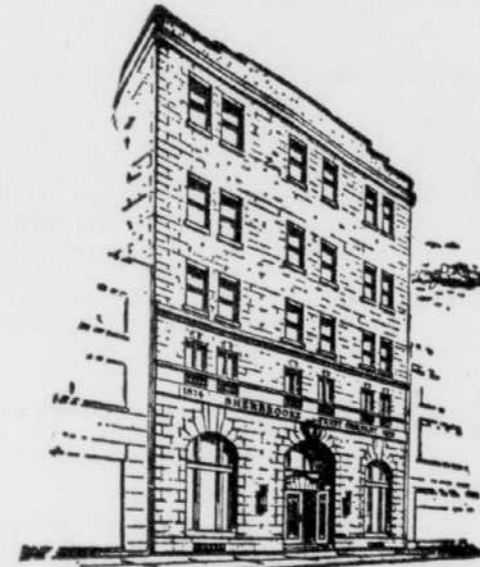

majority was against the one-for-all-and-all-for-one shelter with martial law and guns.

"You put a concrete roof over your swimming pool," I advised the mayor, "and you're all set. You could take another family or two in with you. And you know that ravine behind our place — we could put a concrete deck over that. It would hold us and our neighbours."

One of the ladies shivered. The night had turned cool. Or was it her thoughts — of fallout, dying children, and savage males fighting for food?

## JACOBY ON BRIDGE

### CONSERVATIVE BID OR THE GAMBLE?

A rubber bridge player would see no problem at all with today's hand. He would win the opening club lead, study the hand a second to decide about the queen of trumps, play a trump, not the fall of the queen and eventually make his contract and win the rubber.

The duplicate player would have one of those duplicate player's problems. His contract would be safe, but how about overtricks? Should he try for six or take the best play for five?

In the team game, one South tried for six. He drew trumps stopping in his own hand, led a diamond and finessed the jack. The finesse lost and the defense promptly cashed two spade tricks to hold him to four.

The other South abandoned the play for six in order to make the best play for five odd. After drawing trumps he led a spade toward dummy and put in the nine spot. This forced the ace. Later on the jack forced West's king and he was able to discard dummy's third diamond on the queen of spades.

The man who tried for six had taken a poor percentage play. He could only make six if diamonds broke very favorably and should have gone after five in the conservative manner.

(for complete provisions, consult full text of Act)

• Every Quebec driver or owner of a car which is involved in an accident (one that injures or kills another, or damages his property in excess of \$200) must show proof of financial responsibility when required. If you fail to show such proof, your driver's license and car registration will be suspended. Act applies regardless of who is at fault and whether or not the owner of the car is driving.

• Minimum amounts of financial responsibility required by the Act:

a. \$10,000 for damages resulting from the death of or injury to any one person.

b. \$20,000 for damages resulting from the death of or injury to more than one person in the same accident; and

c. \$5,000 for damage to the property of others in excess of \$250 in the same accident.

• You can prove financial responsibility if, as required by the Act:

ROAD CONSTRUCTION has been under way for the past month on the roadbed between South Durham and Lisgar Station a distance of some two miles on Route 32 leading to Richmond. Several dangerous curves have been eliminated and the hills cut down. To assure a solid foundation for a distance of a mile through the "hog-line", the ground in this area had to be removed for a width of twenty-five feet and to a depth

of fifteen to twenty feet. This space was filled in with sand and gravel with 275 to 300 trucks of gravel being dumped daily. F. St. Pierre of Notre Dame de Bonconseil has the contract for the work. An asphalt covering will be laid this fall. The photo shows the road under construction.

To hear industry speaker

Real Garipey, Assistant Trade Commissioner to the Industrial Promotion Office of the Provincial Trade and Commerce Department will be the guest at the Sherbrooke Chamber of Commerce General Meeting on Sept. 28.

He will speak on expansion of existing industries.

Past President Len Curtis has announced that the ticket sales for the general meeting are "progressing very well and the attendance may well exceed 150 people."

During the meeting of the Sherbrooke Chamber of Commerce on September 28th, committees dealing with municipal affairs, education and provincial affairs studied various questions in the fields of traffic, winter works, and relating to the Canadian Conference on Education.

The municipal Affairs committee, headed by Director Paul E. Beaulieu, held its second meeting devoted to the study of traffic and circulation problem in the downtown area.

The committee is now preparing recommendations which will shortly be presented to the City Council after having been approved by the Board of Directors of the Chamber.

Following the recommendation of the Education committee under the chairmanship of G. McD. Shaw the Sherbrooke Chamber of Commerce will be represented at the next Canadian Conference on Education by Dr. Rosario Cousineau.

Speaking shortly before the House adjourned at 6 p.m. he said:

"Those in the Senate who have insisted on asserting that which we regard, on the basis of constitutional practice, as an untenable constitutional position must accept responsibility for the economic consequences of their action and accept the blame for the thousands of jobs which, because of the action they have taken, will remain uncreated."

The tariff bill was designed to provide stronger protection for certain Canadian industries—notably machinery manufacturers—where the law now provides two tariff rates: A high duty for goods of a class or kind made in Canada and a low rate for others.

The First Knowlton Wolf Cub Pack attended the Yamaska Valley District Cuboree held at Iron Hill, when some 200 Wolf Cubs of the District were present, including packs from Farnham, Iron Hill, Cowansville, West Shefford, Bedford, Granby, Waterloo, Foster, Sutton, Mansonville and Stanbridge East.

The Cuboree was officially opened at 2:15 p.m. when the Cubs with their 30 leaders formed a circle around the totem pole and silence prevailed for a short time. District Commissioner J. Simpson was then escorted to the centre of the circle by David Shufelt, of Iron Hill, and the Grand Howl was led by Keith Jenne, of Cowansville.

Immediately following the flag raising, the boys broke off to prepare for inspection by the District Commissioner. After inspection all were divided into new packs for the day to give the boys an opportunity to meet and work with Cubs of other packs. Colored ribbons, designated the Cuboree pack to which each boy belonged.

A 15-minute canteen saw the boys stocking up on soft drinks and ice cream before joining in the exciting ramble next on the program.

Start of the ramble signalled a great burst of activity as each pack followed the leader up the mountain on a marked trail. During the ramble they collected all sorts of bark, wild flowers, rocks, leaves, grasses, evergreens, berries and twig letters. This proved to be most exciting and all Cubs literally threw themselves into the spirit of the adventure. Many a bug or crawly creature, hiding peacefully under a rock, was suddenly lifted and a dozen pairs of eyes peered at the unhappy creature.

A successful treasure hunt was followed by a game period that included animal noises, story telling and a potato race.

At 5:30 p.m. the boys ate their lunches and drank hot chocolate provided by the Iron Hill Pack, after which they cleaned up the camp and proceeded to campfire where the flag was lowered. Chief Ken Birch briefed the Cubs on various Indian signals before welcoming the official fire lighter.

Big Chief Hullahaloo then made his way to the centre of the circle, accompanied by four Indian Braves, Doug Mallalieu, of Farnham, Denis St. Onge and Randy Doe, of Granby, and Max Dalenbach, of Knowlton.

Well over 100 visitors and parents witnessed the colorful ceremony as the Chief lit the fire and presided over the campfire program.

The Cuboree was officially ended at dusk by Assistant District Commissioner Jack Fanning.

**METEOR** **MERCURY MONTEREY**

**Mercury for 1962?**

**2** The new Mercury Meteor—the middle sized Mercury. This car is so new that its unveiling is two months away. But it is so exciting in the 1962 car lineup that you should know about it right now. Meteor carries on a famous Canadian name, but that's where past resemblance ends. This totally new automobile is tailored for the man who wants a bigger car than a compact—but not quite as big as a big car. Meteor is the heart of the new Mercury line. SPECIAL FEATURES: New 145 hp Bantam V-8 or 101 hp "6" engine. New 6,000 mile oil change cycle. Chassis lubrication and coolant last up to 30,000 miles. Self-adjusting brakes. Luxurious 6-passenger interior. Cushion-Link suspension for smooth big-car ride.

**3** The new Mercury Monterey—the big Mercury. If you think big, Monterey is sized for you. Monterey is big where it counts—in comfort, in performance, in value. Combine its sofa wide seats with its elegant interior decor—and 6 people stretch out in style. The 1962 Mercury Monterey has all it takes—to take you places in a big way. SPECIAL FEATURES: Engines—super economy "6" or V-8 choice that includes 300 hp Marauder. 120 inch wheelbase and Cushion-Link suspension. Self-servicing features include new 6,000 mile oil change cycle, chassis lubrication and coolant that last up to 30,000 miles, self-adjusting brakes. Big model choice of sedans, hardtops, wagons and convertible.

**PRESENTATION** — Leonard McGillon presents Miss Elsie McFadzen with a leather purse and a sum of money on behalf of Stanstead College staff. Miss McFadzen is leaving the College to teach music at St. Helen's School, Dunham.

Miss Elsie McFadzen, associated with the College since 1918, is leaving to teach music at St. Helen's School for girls, Dunham, on Oct. 1. Tuesday morning the members of the staff and their families assembled in the staff room to honor her.

Dr. Harry Hutchison, headmaster, paid tribute to Miss McFadzen and Leonard McGillon, who has been at the College almost as long as Miss McFadzen, spoke of her great contribution to the College in the field of music for more than 40 years, as well as being dean of girls for 15 years.

He also noted the changes at the school since 1918 and the part Miss McFadzen has played and then presented her with a leather purse and a sum of money, on behalf of the staff, wishing her success in the years ahead.

Miss McFadzen responded with words of appreciation and said, "Stanstead has been a home away from home," where she had branched out from her work in other affairs.

Refreshments were served during the morning break.

The executive committee of the Board of Trustees will meet at the College at 10 a.m. on Saturday morning, Sept. 30, at which time Miss McFadzen's resignation will become official.

At high noon on Saturday, Dr. and Mrs. Hutchison will entertain the Board at their home prior to luncheon at the College.

Dr. Hutchison has been appointed by the Quebec-Sherbrooke United Church Pres-

bytery as chairman of a local group of United Church ministers to meet and discuss inter-church relations, Wednesday evening, Sept. 27, a meeting took place at the College.

Gordon McGillon, president of the College Alumni, was in Stanstead for the week-end to visit his parents, Mr. and Mrs. Leonard McGillon, and also discussed Alumni plans with Dr. Hutchison.

Tuesday afternoon a staff meeting took place in the staff room.

**FIRST FOOTBALL GAME**

The first football game of the season was held at Quebec High School on Sept. 23. Our boys did not do too well, as the game ended with a score of 32 to 0. Anyway the team hopes for better results on Saturday, Sept. 30, when the Northwood boys from Lake Placid, N.Y., will play here on the College campus. Game starts at 2:00 p.m.

Richard Blenkiron is captain of the first football team and Thomas Faust, vice-captain.

Michael Reichmann has been elected as president of the Current Affairs Club, Eric "Wick" Jackson, vice-president, and Gary Eisenkraft, secretary.

Several of the boys had visits from their parents over the weekend.

Herbert Fisher, athletic director, has announced a new league has been formed. This is the St. Francis Valley Inter-Scholastic Athletic Association. Senior and Junior soccer games will be played. Teams participating will be from Stanstead College, St. Patrick's High School, Sherbrooke; Sherbrooke High School, Drummondville High School, Danville High School, Richmond High School, Notre Dame School, Richmond, Bury High School, Princess Elizabeth High School, Magog and Bishop's College School.

First game will be played Sept. 30 at Bishop's College School between Bishop's and Stanstead Junior and Senior teams.

Saturday evening, Dr. Hutchison will be in Lennoxville as guest speaker at the Lennoxville High School commencement exercises.

## Canadian Club speaker in the news

**VOICE OF WOMEN** — A delegation representing the Voice of Women, a Canadian born international organization of women, called on the Canadian government to sponsor a United Nations resolution declaring 1962 a world peace year. Shown during presentation of the brief are, left to right, Mrs. Bruce Marsh of Toronto, Mrs. Gordon Connant of Oshawa, Mrs. Theresa Casgrain of Montreal, Mrs. W. D. Tucker of Port Credit, Ont., and Prime Minister Diefenbaker.

TORONTO (CP)—Four senators who resigned as sponsors of the Voice of Women did so "some months ago," Mrs. W. D. Tucker of Port Credit, Ont., VOW president, said Tuesday. "No reasons other than ill health and pressure of work were given," Mrs. Tucker said. Senator Olive Irvine of Manitoba said Monday night she sent in her resignation more than two months ago because she felt "it would be better for me not to hold a position of that kind." By being outside the organization she could exercise a "free hand."

Others resigning were senator Josie Quart of Quebec, like Mrs. Irvine a Progressive Conservative, and Liberal Senators Nancy Hodges of British Columbia and Elsie Inman of Prince Edward Island.

VOW's avowed purpose is to unite women behind preservation of the family from nuclear destruction.

Mrs. Tucker will be speaker at the first fall meeting of the Women's Canadian Club to be held in Sherbrooke tonight.

On their return Mr. and Mrs. Leboeuf will occupy an apartment of Mr. R. Kimmell's on River Street.

### ELLIOTT — FRIZZLE

**KNOWLTON, QUE.** — A late summer wedding took place in the Knowlton United Church on Saturday, August 26, 1961 when Miss Patricia Lorraine Frizzle, daughter of Mr. and Mrs. Lawrence Frizzle of Brome Centre, became the bride of Mr. Ronald Eugene Elliott, son of Mr. and Mrs. Stanley Elliott, Rev. H. Boomhour of Waterloo officiated at the double ring ceremony. The church was decorated with baskets of white gladioli, and the guest pews were marked with sprays of coloured gladioli and white satin ribbon. The wedding music was played by Mrs. Wilson Frizzle, and Miss Brenda Harman sang "The Lord's Prayer" and "Because" during the signing of the register.

### LEBOEUF—RIENDEAU

**ST. ARMAND, Que.** — The marriage of Margot, daughter of Mr. and Mrs. Raymond Riendeau to Mr. Claude Leboeuf, son of Mr. and Mrs. Laure Leboeuf, all of Bedford took place at ten o'clock on Saturday morning, September 16 at Notre Dame de Lourdes Church, St. Armand. Father Fortin officiating.

The bride who was given in marriage by her father was in a floor-length gown of white nylon appliqued with lace. Her veil of tulle illusion trimmed with seed pearls, was held by a coronet of seed pearls and matching lace and she carried a shower bouquet of red roses.

The bridesmaids were Miss Yvonne Lamothe and Miss L. Leboeuf, the former in a gown of mauve organza with bouffant skirt, and the latter in a green nylon with bouffant skirt, with bandeaux of the same shades.

The little flower girl, Lucia Pinsonneault wore a dress of mauve nylon with crinoline and carried a Colonial bouquet of sweet peas.

Mr. Leboeuf acted as witness for his son.

Mrs. Riendeau, mother of the bride wore a costume of printed silk in wine tones, black hat and accessories, mink scarf and a corsage of red and white roses.

Mrs. Leboeuf, mother of the bridegroom was in a gown of printed silk in autumn shades, matching hat, beige accessories, mink stole and a corsage of roses.

Following the wedding ceremony a reception was held at the Hotel Maurice in Bedford, where one hundred and fifty guests were present.

Later, Mr. and Mrs. Leboeuf

The bride, given in marriage by her father, wore a street length dress of white chantilly lace over satin with a Sabrina neckline and long sleeves tapering into points over the hands. Her shoulder length veil was held in place by a matching tiara. For jewelry the bride wore cultured pearl earrings and necklace, a gift of the groom. She carried a cascade bouquet of white gladioli.

The maid of honour was Miss Jeannie Frizzle, sister of the bride, and the bridesmaids were Misses Christine Katadotis and Patricia McKee. They wore street length dresses of lilac organza over taffeta with Sabrina necklines, short sleeves, and matching hats. The bridesmaids carried nosegays of lilac and white mums.

Mr. Donald Davidson of Rosemere was best man, and the ushers were Howard Salisbury and Larry Frizzle brother of the bride.

The bride's mother wore a two piece lilac dress with white accessories and a corsage of white carnations.

The groom's mother chose a dress in green print with beige accessories and a corsage of pink carnations.

One hundred guests were present at the reception in the church hall which was decorated with summer flowers.

For their honeymoon to Prince Edward Island, the bride wore a two piece navy blue dress with white accessories and a corsage of white carnations. Upon their return, they took up residence in Knowlton where both are members of the teaching staff of Knowlton High School.

## Calling all parents

### YWCA swimming classes

Starting on Tuesday, October 3, at 7:30 p.m. and running for nine weeks the Y.W.C.A. will be holding a Red Cross Swimming Course for adults. Here the swimmers—either men or women—will be taught the correct strokes and will be able to take the qualifying examination at the end.

This is an opportunity for anyone whether non-swimmer or the really accomplished ones to brush up on their strokes and perfect their style or learn new ones. This course may appeal to parents who discovered this summer that their children swim better than they do. It may also appeal to those who enjoyed swimming so much this summer that they would like to go on to further skills.

Come on now mother, if junior can swim so can you! No one will push you in and there will be many more there just like you, starting for the first time. Don't worry about your hair, they have a nice hair-drier so you can give yourself a set after, while father relaxes in the very comfortable lounge. Yes! You may put your feet up, and smoke.

## Tips for parents

By HELEN R. HEWSON  
Parent Education Associates

**GENEVA, Switzerland** — Perhaps the most important lessons for parents to learn from well-conducted research of child development is to have confidence.

They need confidence in themselves as people, the most important people in their child's life, and confidence in their children, in their ability to grow and learn and become reasonable human beings.

Professor Jean Piaget, of the University of Geneva, and his colleagues have demonstrated the importance of the long view in child training.

A personality development graph does not show a smooth, continuous curve. There are many ups and downs, much forgetting and backsliding, before behavior is finally consolidated into a neat pattern.

Don't get hung up on one of the prickly points and label the child contrary or docile, timid or aggressive, a liar or a thief at the first sign of shading the truth or confusing mine and thine.

**LONG VIEW**

The long view, the knowledge that behavior is learned, sometimes slowly and painfully, through trial and error helps the parent to maintain his own equilibrium as he guides the child's development.

The over-anxious parent is at one end of the family spectrum. At the other is the laissez-faire artist who shrugs his or her shoulders and remarks, "It's only a phase, he'll grow out of it."

Will he? Not unless the conditions are right.

The ready-made conditions for child training have changed drastically in the past few years.

The homely tasks of family living no longer provide the incentive and the satisfactions they once did. Parents have to make more of a conscious, planned effort to provide their children with experiences that pro-

## Pick a peck of peppers and pickle

By LOUISE MOORE

Another tasty dish is green peppers baked, skinned, sliced and served chilled in a vinaigrette sauce.

**PEPPER HASH**

Seed and mince 6 sweet red peppers, 6 green peppers and 6 onions. Pour boiling water over the mixture and let stand 5 minutes. Drain and repeat process.

Add 2 cups vinegar, 1 cup brown sugar, 1 tsp. dry mustard, 1 tsp. salt. Bring to boil and boil until vegetables are tender.

Thicken with 1 tbsp. cornstarch and a little vinegar and cook another few minutes. Seal in sterilized jars. (TNS)

**PEPPER RELISH**

Wash enough sweet red pepper to make 2 cups when minced after the seeds, tongue and stems are removed. This measure is for pulp and juice.

Place in flat bottomed pot with 5½ cups sugar, 1 cup diluted vinegar and heat rapidly to a full rolling boil stirring constantly. Remove from heat, strain, reheat to boiling. Add ½ cup lemon juice. Bring to a full rolling boil and boil hard 2 minutes. Add 1 cup liquid fruit pectin. Skim.

Stir for 5 minutes, then pour into sterilized jars. Seal when cooled.

Follow directions exactly and you will have a perfectly delicious jelly to serve with cold meats.

# Fans Boo Maris For Day Off, Koufax Sets Record

## Manager Houk Benches His Slugger, Mickey Mantle Takes Day Off Also; Koufax Sets New SO Record Of 269

Sandy Koufax broke a 58-year-old strikeout record. Little-used Al Schroll made a strong bid for a no-hitter. But the big baseball noise was made by Roger Maris—and he took the day off.

Maris, the New York Yankee slugger who hit his 60th home run of the American League season Tuesday night and received a thunderous ovation, took a much-needed rest Wednesday and was hoed.

Maris, with three more regular - schedule games remaining against Boston Red Sox in which to become the most productive one-season homer hitter in major league history, left the bench in the middle of the game with Baltimore Orioles and was booed by many of the 7,504 fans on hand to see him swing.

"I think he did what was right for him," said manager Ralph Houk after the Yankees lost 3-2 to the Orioles. "We agreed it would be best for him to sit this game out. Besides, it wasn't his decision. It was mine."

**PLAY WITHOUT MANTLE**

The Yankees also played without Mickey Mantle, No. 2 man in the M and M combination. Mantle, who has hit 54 homers, has been bothered by a virus condition the last 10 days and has been ordered to bed by doctors.

Maris said: "I'm plain bushed. I was so tired I could hardly run. Naturally I want that 61st home run, but I think it is for my best interest and the club's for me to be in the best possible shape for the world series."

Asked whether the move would jeopardize Maris' chances of getting home No. 61 and surpassing Babe Ruth's total of 60 in 1927, Houk said: "On the contrary, I think a rest will help his chances. I think he will come back stronger both physically and mentally."

The day off gave Maris a two-day rest as the Yankees were idle in the American League today. They wind up the regular season with a three - game set against the Red Sox before tackling Cincinnati Reds, National League champions, in the world series. The best-of-seven series starts in New York next Wednesday.

**YANKES IMPOTENT**

Without Maris and Mantle, the Yankees proved an impotent group against Steve Barber (18-12), who gave up a homer to Yogi Berra among six hits, Jim Gentile's two - run homer, his 46th, off Bill Stafford (13-9) in the first inning and rookie Johnny Powell's run-producing single—his first major league hit—in the third won for the Orioles.

Koufax raised his season strikeout total in the National League to 269 by fanning seven Philadelphia Phillies and bettered the 267 compiled by Christy Mathewson of New York Giants in 1903. But the Los Angeles Dodger southpaw lost 2-1 on a pair of unearned runs in the third inning.

Maury Wills' fumble of a double play grounder paved the way for Koufax's 13th defeat against 18 wins this year as Tony Taylor doubled two runs home that was enough for Jim Owens (5-10) and Jack Baldschun.

The Dodgers, however, clinched second place in the National League when Pittsburgh Pirates beat the third-place San Francisco Giants 5-3 on Bill Mazeroski's two - run homer in the ninth inning. Chicago Cubs beat St. Louis Cardinals 5-2 on homers by Danny Murphy, who hit a pair in his first two times at bat, rookie Ken Hubbs and George Altman.

**BREAKS THINGS UP**

School (4-3), a burly right-hander who had experienced little previous success as a starter, held Cleveland Indians hitless for eight innings and then allowed only two hits en route to a 10-4 American League victory in his first complete game for Minnesota Twins. Don Dillard broke things up with a leadoff single in the ninth and the Indians went on to score four runs, three on Tito Francona's triple.

In other American League games, Frank Lary increased his record to 23-9 as Detroit Tigers whipped Kansas City Athletics 10-2 on homers by Rocky Colavito, Norm Cash and Bubba Morton. Jim Paglataron drove double in Boston's 6-4 victory over Chicago White Sox and Los Angeles Angels beat Washington Senators 8-6 with a three-run rally in the eighth inning.

## Three NHL Teams Play Exhibition Games While Others Stick To Plain Training, Henri Richard Is Injured

Three National Hockey League teams added victories to their exhibition record Wednesday night, with Chicago Black Hawks making even their series with Buffalo Bisons at a win and a tie apiece.

The Hawks, last season's Stanley Cup champions, scored a 5-2 win over the American Hockey League Bisons at St. Catharines, Ont.

Montreal Canadiens defeated Spokane Comets of the Western League 4-2 at Victoria and Detroit Red Wings beat the Western League Edmonton Flyers 7-1 at Edmonton.

At Whitby, Ont., Rochester Americans of the AHL downed Kingston Frontenacs of the Eastern Professional League 6-4.

The Hawk win gave them a record of four wins, two defeats and one tie in seven exhibition games. Murray Hall scored a goal and two assists to lead the team's exhibition scoring with eight goals in seven games.

**SCORED TWICE**

Bobby Hull scored twice for the Hawks, Ken Wharram and Pierre Pilote added singles. Buffalo marksmen were Larry Wilson and Ron Ingram.

The Hawks' next exhibition battle is with Boston Bruins in Niagara Falls, Ont., Friday night.

Montreal had a tough time beating Spokane goaltender Eddie Johnston, who last year played with Ottawa - Hull in the EPHL. Johnston stopped 40 shots against 18 by the Habs. Jacques Plante and Cesare Maniago.

The Comets took a 1-0 lead in the first period on Gerry Brisson's goal. Bernie Geoffrion tied things in the second and Billy Dicke sent Canadians in front 2-1 minutes later. Comets pulled even on a goal by Gordie Stratton before the end of the period. Phil Goyette and Jean Beliveau fired goals for Montreal in the third session.

The Habs were without Henri Richard, on the sidelines indefinitely with two pulled groin muscles, and Bobby Rousseau, who sprained an ankle Tuesday. Dickie Moore was still away in Montreal receiving treatment for a sprained ligament.

Four goals in the final period wrapped up the Red Wings' victory over Edmonton after Detroit had held 2-0 and 3-1 period leads. The win maintained the Wings' six - year unbeaten record in exhibition play in Western Canada.

Alex Delvecchio and Al Johnson each scored twice for Detroit, while Vic Stasiuk, Howie Glover and Parker MacDonald got singles. Edmonton's goal was scored by Eddie Joyal late in the third period.

**FIGHT TO TIE**

Rochester and Kingston fought to a 4-4 tie going into the final period. Rochester moved ahead on a tie - breaker by Wally Boyer and an insurance goal by Jim Pappin. Other Rochester goals came from Stan Smirke, Ed Lawson, Bruce Draper and Dick Gamble. Kingston scorers were Randy Miller, Tim Williams, Don Blackburn and Tom McCarthy.

New York Rangers went through two stiff workouts at their training camp in Guelph, Ont., with the squad down to 21 players after cuts.

In Niagara Falls, the Bruins resumed training with 17 players after a three-game exhibition swing through Northern Ontario.

## Yanks Favored In Opener And World Series

LAS VEGAS, Nev. (AP) — New York Yankees were 11-to-5 favorites Wednesday to defeat Cincinnati Reds in the world series, but Las Vegas oddsmakers figured it won't be a rout.

They were offering six-to-one against the Yankees taking the series in four straight.

New York was an 8½-to-5 favorite to win the first game.

## Red Storey Says Hockey Is No Parlor Game

MONTREAL (CP) — Red Storey, former National Hockey League referee, says he disagrees with the contention of Senator Hartland Molson, president of Montreal Canadiens, that hockey is too rough.

In an interview, Storey said it is inevitable that players will be injured.

"Hockey is no a parlor game," he said. "A rink affords just so much space for skating and the skaters are certainly going to meet and bump together from time to time."

"An NHL player's salary takes account of the risks he is running and, if a player were to complain that the game is too rough, I would take his statement more seriously than that of somebody sitting on the other side of the boards."

Senator Molson said last week that the current brand of big-time hockey is too rough on the players and the NHL must see to it that the rules are strictly enforced.

Storey said hockey fans would be content with less rough hockey in Montreal, Toronto and Detroit, "where they knew enough about the game to appreciate its fine points."

In Boston, New York and Chicago, he said, fans like only the kind of hockey that "offers some rough stuff."

## Tom Tresh Wins Rookie-Of-Year Award In I.L.

NEW YORK (AP) — Tom Tresh, son of former Chicago White Sox catcher Mike Tresh and now with New York Yankees of the American League is the International League's rookie of the year for 1961, it was announced today.

The Richmond Virginian shortstop was chosen by sports writers and broadcasters in league cities.

Tresh, 23, received the nod of eight of the 22 voters. First baseman Don Clendenon of Columbus Jets and first baseman John Powell of Rochester Red Wings each received five votes and outfielder Ted Savage of Buffalo Bisons got four.

## Opening Game Of World Series Will Be Battle Of Southpaws, Whitey Ford Against Jim O'Toole In Stadium

NEW YORK (AP)—Barring a change in plans by Wednesday, the opening game pitchers for the 1961 world series will be lefthanders Whitey Ford (25-4) for New York Yankees and Jim O'Toole (18-9) for Cincinnati Reds.

Managers Ralph Houk of the Yankees and Fred Hutchinson of the Reds have indicated they will employ no more than three starters in the series, even if it goes the limit of seven games.

Right-hander Ralph Terry (15-3) will pitch the second game for the Yankees. Joey Jay, another right-hander with a 21-9 record, is expected to be Hutchinson's second - game choice. The first two games will be played at Yankee Stadium next Wednesday and Thursday.

Right-handers Bill Stafford (12-9) of New York and Bob Purkey (16-12) of Cincinnati will be the opposing pitchers in the third game at Cincinnati's Crosley Field Saturday, Oct. 7. After that, it will be Ford against O'Toole again.

## YANKES FAVORED

The American League Yankees have been installed 11-to-5 favorites to win the series. They are favored 8½ to 5 to win the opening game against the National League.

"I see no reason why I can't go with three pitchers," Houk said. "With the days off after the second and fifth games, it means three pitchers can go every four days."

"I've been using my pitchers, more or less, every fourth day during the season and I see

## Alex Faulkner Gets Jolt To His Hockey Hopes, Tears Ligaments In Right Knee, Claims Illegal Check

PETERBOROUGH, Ont. (CP) — Alex Faulkner got a jolt to his season's hockey hopes today when he learned an injury may keep him off skates for at least two weeks.

"As far as I'm concerned, it couldn't have happened at a worse time," Faulkner said when told he had torn a ligament in his right knee during Tuesday night's exhibition game between Rochester Americans of the American Hockey League and New York Rangers of the National League.

Even worse, Faulkner believes he got the injury through an illegal check by Junior Langlois, a New York defenceman.

"I think Langlois speared me," the 25 - year - old centre from Bishops Falls, Nfld., said. "I felt a twinge after I got tangled up with Langlois's stick. It didn't bother me then, but it was stiff Wednesday morning when I woke up."

Americans coach Johnny Crawford agreed: "Langlois should have got a penalty on the play. Maybe we should have got a few more too, but there was no doubt about this one."

Faulkner, one of the stars at the training camp being held by the NHL Toronto Maple Leafs

and their Rochester farm club, said he is glad he is being sent down to Rochester for the start of the season.

"I need to learn how to skate and make those quick shifts with the puck. The way I'm doing it now, I have to tell myself, 'go now, Alex,' and with a little time I know I can polish it up."

Faulkner scored consistently in Toronto intra-squad and exhibition games, and counted again as Rochester lost 5-2 to New York Tuesday night.

The blonde centre has been showered with praise by Leafs and Rochester officials. Manager - coach Punch Imlach of Toronto figures another season or even less with Rochester should make him eligible for the Leafs.

King Clancy, assistant general manager, thinks Faulkner would be a "world beater" if he had received better coaching than he did in Newfoundland.

Faulkner commented on this aspect: "I don't know that it was that poor, but I think we could have had more of it."

But he said he had only concentrated fully on hockey in the last three years. Before that, school or work interfered.

## Buffalo Blanks Louisville To Win LW Series

LOUISVILLE, Ky. (AP)—Off to a flashy start when the junior world series was begun 57 years ago, Buffalo won two straight. It wasn't until this year that the Bisons again had the title in their grasp.

Five times since that 1904 inaugural of the minor league world series Buffalo has been knocked at the door, but this year the Bisons finally made it with a four - game sweep over Louisville.

An added slap by the International League representatives came when Buffalo's rookie right - hander Paul Brown allowed Louisville only one scratchy hit in a 4-0 shutout took the title.

Buffalo's last pennant — and last shot at the junior world series—came in 1957 when Denver of the American Association bounced the Bisons four games to one. Buffalo also appeared, as the loser, in the 1936, 1933 and 1927 playoffs.

The long Louisville hit came when Lee Tate snapped one back to the mound and the ball deflected off Brown's glove.

Buffalo got three of its runs in the third inning when Bob Sadowski singled to right, Tony Curry walked, Felix Torres singled in a run, Don Minecher's hit scored another and a sacrifice fly by Jim Frey added the third. Singles in the ninth by Minecher, Frey and Cal Neeman posted another rally.

Total attendance for the four games, three in Buffalo, was 37,423 with net receipts of \$65,471.92. Buffalo players will split a pot of \$23,857 while Louisville's share is \$15,906.

## Experience Gives Yanks Edge Over Pitching For Reds In World Series

NEW YORK (AP)—Experience gives New York Yankees the edge in pitching over Cincinnati Reds in baseball's 1961 world series.

No one has started more games in series history than Whitey Ford, ace of the American League pennant winners. The brilliant lefthander has started 14, compiled a 7-4 won-lost mark and holds the record for most strikeouts with 63. He also is tied for most victories with Allie Reynolds and Red Ruffing.

Ralph Terry and Bill Stafford, who figure to draw the other starting assignments for New York, worked in last year's best-of-seven series, which the Yankees lost to Pittsburgh Pirates. Their performances were undistinguished. Terry lost two games, yielding the home run to Bill Mazeroski in the seventh game that gave Pittsburgh the title. Stafford pitched six innings with no decisions.

Luis Arroyo, Jim Coates and Bob Turley of the Yankees also have seen series action.

**NO SERIES EXPERIENCE**

None of the 10 Cincinnati pitchers eligible for the championship starting here next Wednesday has any series experience.

The starting pitchers are expected to be Ford (25-4), Terry (15-3) and Stafford (13-9) for earned - run averages. Yankee New York and Joey Jay (21-9), Jim O'Toole (18-9) and Bob Purkey (16-12) for the Reds. Home runs off and a 3.51

together an imposing complete game record this year. Ford has started 38 times and gone the distance on only 11 occasions. Terry has started 26 and worked nine complete games. Stafford started 24 times and went all the way eight times. Jay started 33 with 14 complete games. O'Toole drew 34 starting assignments with 11 complete, while Purkey started 33 and turned in 13 complete games.

All six have impressive won-lost records, a tribute to the teams' excellent relief pitchers—Arroyo (15-5) for the Yankees and Jim Brosnan (10-3) and Bill Henry (2-1) for the Reds. These three will be the late-inning relievers. Coates (11-5) and Bud Daley (12-17) for New York and Ken Johnson (6-2) and Jim Maloney (6-7) of Cincinnati are likely to get the call if the starting pitcher is knocked out between the first and sixth innings.

The other eligibles are Sherman Jones (1-1), Jay Hook (1-3) and Ken Hunt (9-10) for the Reds and Roland Sheldon (10-5), Hal Renif (2-0), Truman Cleophas (3-2) and Al Downing (0-1) for the Yankees.

On a collective basis, the Reds' pitchers have 46 complete games, 12 shutouts, permitted to be Ford (25-4), Terry (15-3) and Stafford (13-9) for earned - run averages. Yankee New York and Joey Jay (21-9), Jim O'Toole (18-9) and Bob Purkey (16-12) for the Reds. Home runs off and a 3.51

None among these six has put E.R.A.

## CHEVY II — A NEW THRIFT CAR

## FROM CHEVROLET!

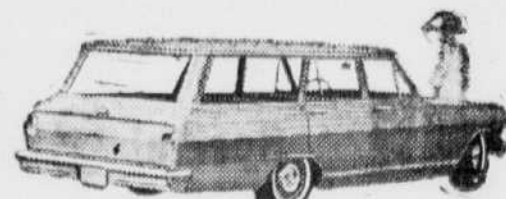

Chevy II Nova 400 Convertible

It's the car just about everybody's been trying to build. But it remained for Chevrolet to come through with it. Here are all the time-tested virtues you expect from Chevrolet plus surprises you've never seen. A full line of saucy new-size models built a new way for easier service and maintenance. Thrifty? Only four cylinders to feed, or six if you like extra scamper. Roomy? Sedans seat six solid citizens. Price? A most pleasant surprise (with the heater-defroster at no extra cost!). Chevy II doesn't stint on anything — except gasoline! Its power plants both have hydraulic valve lifters and an 8.5 to 1 compression ratio. There's Chevrolet's famous Powerglide automatic trans-

mission available. And there's a suspension system that includes Mono-Plate Rear Springs — part of an advanced, road smoothing suspension. But high on Chevy II's list of virtues is the comfort and style that until now has been known only in cars costing much, much more! And it's yours to enjoy in all three series of Chevy II — in all nine models. There's the Chevy II 100 series — beauty built for every budget. The Chevy II 300 — function with a flair in a family car. And the Chevy II Nova 400 series — sensibility at its Sunday-best. Choose one — and you get everything you want in a car — including the dollars-lower price tag!

### R.D.A. Advisory Council opens 1961-62 sessions

WINDSOR — The sixty-first regular meeting of the Professional Advisory Council of the R.D.A. Protestant Schools since its formation in 1947, and the first meeting of the 1961-62 school year was held recently in the Windsor-Brompton Consolidated School.

The following Advisory Council members were present: John Gaw, principal, A.D.S. High School; Alex Lindsay, principal, Drummondville High School; Lloyd Somerville, principal of Richmond (St. Francis) High School; Miss Marion Reed, principal, Windsor-Brompton Consolidated School; Mrs. Cilla Peart, R.N., school nurse; Mrs. Caroline Carson, Mrs. Winona Matthews and Mrs. Hazel Carson, representatives of the elementary teachers of the A.D.S. Drummondville and Richmond schools respectively, K. H. Annett, supervisor of schools, was convener of the meeting.

The policy of the Advisory Council is the study of professional and administrative problems of common concern to the R.D.A. schools. This policy has been implemented in the past by the identification of problems, consideration of varying opinions, and recommendations to the R.D.A. Central Board. Codification of the minutes of the Council for the period 1947-1960 grouped 175 such decisions and recommendations under 36 divisions of general interest.

Committees of teachers assist the Advisory Council in the study of particular problems and specialist teachers report to the Council on the progress of their work in R.D.A. schools.

### Athletic Assoc. at Bury elects slate of officers

BURY — The annual meeting of the Athletic Association was held in the Town Hall. J. P. LaPointe presided in the absence of the president, Douglas Harrison.

The year's events were reviewed and the slate of officers presented as follows: President, Douglas Harrison, re-elected; vice-president, John Paul LaPointe, re-elected; secretary, Miss L. Palmer re-elected; treasurer, Marcel Paquette. Mr. Paquette succeeds Wilfred Coates who resigned after many years of faithful and loyal service. A vote of thanks was tendered and it was unanimously agreed that this be expressed to Mr. Coates in writing, with a token of recognition.

It was also agreed that a letter of appreciation be sent to Douglas Harrison, verbal appreciation was also made to Miss L. Palmer for outstanding work.

Reports of the year's activities showed an appreciable gain in the various departments, with a larger attendance and more interest.

Miss Palmer read an interesting account of the Dominion Day events. Discussion followed about necessary repairs, and a committee was appointed to put everything in order and also to see that the new boards around the skating rink be painted.

The meeting closed in optimistic tone, with high hopes for a still better July 1st, 1962.
