CJOH President Addresses C of C

Last night about 65 members of Shawville and District Chamber of Commerce and their wives were treated to an inside story of various problems relating to the operation of a television. station.

Guest speaker, Ernest Bushnell, president of CJOH explained how he happened to become involved in television in the first place, after a long and varied career in radio, advertising and other related pursuits. He described some of the dilemnas and surprises of the business and shared with his attentive audience some of the classic remarks which are phoned in to the station during and after programs such as wrestling and shock theatre.

Mr. Bushnell made it clear that in private television everything must paid for as there is no government subsidy. Therefor a number of surveys are constantly in process to determine what people are watching. The number of viewers determines the value of advrtising during any program and without advertising it is impossible to operate as there is no other source of income.

An announcement of great local interest was that CJOH will be carrying the Billy Graham program starting soon from 6:30 to 7:30 p.m. Mr. Bushnell expects strong objections from certain quarters and great appreciation from others but the number of actual viewers in the areas surveyed will determine the show's commercial value.

Introduced by Mrs. David Dickson and thanked by Dr Wallace Hodgins ,Mr. Bushnell's talk proved most informative. With the speaker was Mrs. Bushnell. A tour of the area before the meeting was conducted by C of C president Roly Armitage and Mrs. Dickson. The Bushnell's were shown the Printshop, the cheese factory, Iverson Harris' Jersey barn and milk shed the picnic ground, Memorial Park and some of Shawville harness racing horses, in which they showed a special interest.

The dinner was catered by Pontiac Hotel. Ernie Dean introduced the head table guests and Roly reviewed the Chamber's activities during the past season, calling on the members to do their best for the C of C, and their wives to be understanding.

Shawville Tigers Top League

The Shawville Tigers lead on top of the Upper Ottawa Valley Baseball League, dropped to two points over the weekend as they split a doubleheader with Sheenboro while second place Campbell's Bay swept two games from Fort Coulonge.

Sheenboro won the opener 3-2 with a disputed run in the bottom of the fifth but the Tigers came back to take the second game 8-7 behind the strong pitching of Bill Murray. Eddie Walker was the loser for Sheen in the second game while brother Ken Walker won the opener. Harvey Sweetman pitched for the Tigers and was tagged with his first loss of the year. Jim Micheaud was behind the plate for Sheenboro while the Tigers receiver was Wayne Chamberlain.

Eddie Walker collected the biggest hit of the first game with a solo homer in the first inning. Yemen, Garrison and Bill Murray hit safely for the Tigers who got only three hits of the desirable Ken Walker.

In the second game Richardson, Murray and Yemen each had a pair of hits while Chamberlain, Powell, Garrison and Schock rounded out the Tigers ten hit attack off loser Ed Walker.

Michaud had a pair of hits to lead the Sheenboro club offensively.

The Tigers played the games with only ten players, with the most notable absence being Bryan Murray who missed his first game in over four years for the Tigers. The Tigers are off this this weekend, returning next week against Campbell's Bay in their battle for first place.

SASKATCHEWAN IS SICK

These days, with the Saskatchewan schmozzle on everybody's mind, you hear so many statements which start with "Doctors should" or "Doctors think" that one would wonder whether doctors are individuals or just part of a conglomerate mass. Even the "Academy" in Ottawa which purports to speak for doctors is guilty of publishing a statement including things which "doctors believe".

The truth of the matter is that each doctor believes just what his conscience dictates and their consciences are varied.

Doctors don't agree with eachother just because they are doctors. In fact it has been our experience that they would rather not agree with one another if at all possible. Their disagreements extend all the way from simple diagnoses to who's going to win the Grey Cup and to expect them to stand as one on a political issue is ridiculous.

The very fact that MD's are crossing the Saskatchewan Provincial borders in both directions attests to this, and the sympathies of the public seem to be split two ways. Some have nothing but praise for those outside doctors who are rushing in to alleviate the situation, like medical missioneries to darkest Africa. What they fail to recognize is that Saskatchewan is a progressive Province in one of the most medically advanced countries in the world, more in need of political missioneries than medical ones.

Pessimists are saying that eventually governments will control every business, profession and trade leaving individuals without recourse to any court. The doctors who are standing against this trend in Saskatchewan are expressing their individuality and their faith in other humans as individuals. This is obviously not a strike, and so called strike-breakers, no matter how well meaning, are only prolonging Saskatchewan's agony.

If the government there persists in its interference with the profession, the Province will gradually absorb enough foreign doctors to care for its sick and the rest of Canada will be the richer by several hundred of Saskatchewan's best.

Perhaps one will come to our doctorless county seat and thus something good will have come of it all.

Paul's Party

Paul Martineau, re-elected member of Canada's Parliament for Pontiac - Temiscaming, was host at a social evening and dance on Friday evening, June 6. The guests, numbering an estimated 600, were Paul's and the P. C. party's supporters from many areas of Pontiac County, and Shawville's big Agricultural Hall was crowded to capacity.

The evening was a huge success from beginning to end, with variety of entertainment for old and young. There was dancing to Don Paul's excellent orchestra, the dancing including everything from old time square dancing to the popular "twist". There was Mel Kehoe's polished performance as caller, solo and trio singing by a Miss Alexander of Quyon and the Dubois sisters, step-dancing, plenty of soft drinks for the non dancers who lined the walls and the evening's entertainment was capably handled by Dick Bowie as MC who kept the show moving at a lively pace.

Bountiful refreshments were served to all comers by the hard-working ladies of St. Paul's Anglican church, who catered for the event.

Mr. Ken Kilgour, on behalf of those present, moved a vote of thanks to Mr. Martineau, with Ray Johnston, MPP for Pontiac, extending thanks to the members of the orchestra. The guests were welcomed by Paul, the host, and certainly carried out his bidding to "have a good time".

When it was all over, everyone agreed that it had been a grand time in the good old-fashioned manner, an evening that will be remembered as a memorable one for Pontiac voters.

Grains of Sand

Ebert Richardson has won one hundred pounds in the Irish Hospital Sweepstakes. His horse didn't win, in fact he didn't even have a horse, he says. The money is just a "consolation prize". It amounts to about $320. Quite consoling we would say.

Rev. A. J. Neal Inducted At St. Andrew's

The Service of Induction for the Rev. A. J. Neal was held in St. Andrew's United Church Tuesday at 8 p.m. with representatives present from each of the five churches under his charge.

Rev. L. Bacon, chairman of the Ottawa Presbytery in charge of the Service. Rev. Fred Elson of Quyon read the lesson and gave the address taking as his text verses 11-12 of chapter 2 of Paul's Epistle to Iilus, reminding us that it is our duty to live soberly, righteously and godly even in this present world and that if we endeavour to do so God will inspire us. Mr. Neal was introduced by the Rev. Dr. Norman Coll, Secretary of the Ottawa Presbyterial. Rev. Neal came to Canada 10 years ago from London England, and was employed by the National Research Council. Six years ago he decided to become a minister and has attended Queens University and was ordained June 7, 1962. He and his family, which includes his wife and three daughters, lived at Battersea, Ont., where Mr. Neal was in charge of the church there. His first sermon since his ordination was preached at McKay United Church, Ottawa, the church that recommended him to the Ottawa Presb. as a candidate for the ministry.

Rev. B. Small gave the charge — He spoke of the many pitfalls a minister faces and of the doubts and perplexities of taking over a charge. He also mentioned the different attitudes of some of the congregations and of the dangers therein. The things to remember are to be faithful in the preaching of God's word and to Glorify God. It is a minister's first duty to bring God's word and message to the people and to give Him Glory above all.

Rev. A. J. Neal then closed the Service with Benediction.

A social hour followed in the Hall. Other clergy present were Rev. E. I. Johnston, Shawville, Rev. R. S. Smith, Quyon, Rev. Wm. McDowell, Ottawa.

Cattle oilers are by far the best means of controlling pests that attack the Herd. You can pretty well forget about spraying. "There is no substitute for a good currying Cattle Oiler". If Cattle have ready access to a currying scratcher and oiler; and if the oiler is supplied with chemically treated oil, your fly problem is licked right there. Even the most vicious face flies and barn flies won't bother an animal that is coated with a film of oil and chemical.

Some Rural Aspects of Taxation for Education

On Thursday, June 7th, Ken Musgrove was present as a member of the executive of the Q.A.P.S.B. at that association's presentation of their brief to the Quebec Royal Commission on Education. He had been asked to be prepared to answer any questions that might be concerned with any rural aspect of the brief. Following the presentation of a summary of the brief by the President, Mr. L. Place, a Commissioner asked, "Do you think the limit of taxation has been reached for education purposes?" So far as the rural areas are concerned. Mr. Musgrove's answer in part was as follows:

The population move is from the rural to the urban areas. However, I think it only fair to add that the Protestants are moving at a more accelerated rate. It is not necessary for me to go into the reason for this move. We are convinced, however, that as a result, the limit of taxation in the strictly rural areas has been reached. I am referring specifically to the availability of the tax dollar, because my statement will no doubt lead to the question, "What about adjustments in valuation?" Since school boards are now compelled to submit balanced budgets, ability to pay is the prime factor. To balance a budget in the case of low valuation, a high mill rate is necessary. The efforts made by rural boards as a result of the legislation adopted in 1961 have inflicted many hardships, and one must not forget that while school taxes are on the increase, municipal and other forms of taxes are also increasing due to a concerted effort to improve conditions in the rural areas in an attempt to hold on to the population ,and an endeavour to attract new settlers and possibly industry. To me this is a part of education as well. We know that the cost of education will continue to increase but we are convinced that the rural areas cannot produce the necessary tax dollar to maintain the necessary standards.

You have asked a question regarding statutory grants and what method of equality could be established so far as needs are concerned. I would like to suggest that there is now sufficient material contained in the budget forms, and sufficient material from other sources which can determine an areas 'ability to pay'. From the budget the "cost per pupil' can be established, and this is the cost around which the whole financial structure must be built. The pupil is the end product of all our efforts, and therefore the 'cost per pupil' should afford a realistic basis for equality of statutory grants versus the ability to pay.

It is essential, to meet the requirements of today and tomorrow, that all pupils, irrespective of religious beliefs or other reasons, must be given the same opportunity and standards of education whether they are in the large urban centre, or the rural areas of our Province. I must remind you that a vast number of our most profound leaders in all walks of life, both provincial and national are the products of 'the little red school house' and while the little red school houses are now just about extinct physically, they represent a landmark which cannot be erased, and represent the determination of the rural areas to provide the best possible education for their children. Indeed, today it is the only hope for the progress of these areas.

It appears that consolidation not just at the secondary level, as provided for by the formation of regional boards, but for all public and secondary education is a step which will provide for the necessary standards of todays requirements, and the most economical way to provide them. It appears that while finances may be one of the stumbling blocks to consolidation, the loss or local autonomy is an even larger stumbling block. I can fully appreciate this, but with the proper approach, consolidation can be accomplished without too much loss of autonomy. Consolidation does not mean that there would be an automatic shut-down of all the smaller units. True, some would close, but consolidation would be putting the facilities to use in a more economical manner by use of conveyance and reduction in the number of teachers required, etc. Provision of up-to-date centralized facilities, and the ability to be able to offer diversified courses to meet the need of the community, and this will be possible because the size of the classes will warrant it.

In my opening remarks I mentioned valuation. It is with consolidation that a method of equalized evaluation is necessary so all contributors for school purposes are doing so on a equal basis.

Petition To Council

Thirty six responsible citizens of the Village of Shawville last month placed before the members of Council for action the following resolutions.

1. That immediate action be taken by Council to have sand and debris cleaned up at least from the main thoroughfares and that they be maintained in a respectable condition.

2. That action be taken to secure the co-operation of the local police and the Q.P.P. to take drastic action to enforce the existing laws with regard to speeding, excessive squealing of brakes and tires, horn blowing, disturbances to the peace and tranquility of the residents of this village which they have a right to expect.

3. Parking — By reason of the fact that streets in Shawville, by present day standards, are narrow parking should be controlled without prejudice or favour to any individual.

4. Action be taken to provide means whereby buses stopped in the village should not create a traffic hazard and a danger to other vehicles and pedestrians.

5. That action be taken to enforce regulations to control noise and foul language which causes disgust and embarrassment to respectable citizens of the Village.

They felt that if the foregoing suggestions were immediately acted upon and enforced the community would benefit greatly.

The Early History of Pontiac Families

from the files of Rev. Jos. E. Gravelle

The Next Generation

ROBERT RAND and ELIZABETH DORA ANDERSON have one daughter Doris Eleonor.

CLAUDE PERRY and CLARA MATILDA ANDERSON have three children: William, Claude and Robert.

FRANK ABBOTT MUNCEY and MILDRED ANDERSON have two children: Kenneth and Jean.

WILLIAM EMERSON ANDERSON and IRMA PERRY have two sons: Bruce and Wayne.

JOHN PRENDERGAST ANDERSON and HAZEL BREEN have two sons: John and Robert.

GEORGE RUSSELL ANDERSON and RUTH ---- have four children: Judith, Thomas, Russell and Craig.

Since the above list has been compiled, some very important information has been sent to us by Geo. W. Eades of Carleton Place concerning the Prendergast family. First of all, he tells us that in visiting the grave of THOMAS PRENDERGAST the brother of Col. James, he has found that the wife of Thomas whom we have known only as Deborah, was DEBORAH YOUNG. The finding of this name will permit us to connect to the Prendergast family a large number of YOUNG families. Secondly, he gives us the name of the EADES who married MARIA PRENDERGAST. It was WILLIAM EADES, his own grandfather and the father of Thomas who married Margaret Rebecca Hobbs, who are his parents. He moreover sent a copy of an important paper on Lieut. James Prendergast, which Mrs. W. J. Conley of Cobden has in her possession.

Along with the above important information he has sent us a complete list of all the descendants of this Maria Prendergast, consisting of some thirty families, mostly bearing the name EADES, but also joining in such well known families as the Martine, McTiernans, Hobbs, Grants Armstrongs, Richardsons, Steels, Peevers, Youngs, Horners, Pryces, Eitels, Quails, Cummings, Harrisons, Porters, Wilsons, McLeans, Kirkpatricks, Beacocks, Sutherlands, Haines, Silvers, Hortons, McNabbs and several others.

Rather than give them all here, we will list them when we compile the EADES family, as descendants of William Eades and Maria Prendergast. Here is but the first generation:

EADES WILLLIAM, son of John Eades and Ann Gunning, 1837-1825.

MARIAH PRENDERGAST, daughter of Thomas and Deborah Young, 1834-1910.

Their children:

JOHN 1862 died young.

WILLIAM JAMES 1863 married 1. Annie Martin of U.S.A. d. 1944; 2. Emma Sophia McTiernan.

THOMAS 1865, 1. Margaret Rebecca Hobbs d. 1950; 2. Annie Grant (widow of Robt. Wilson).

JOHN 1866, Margaret Armstrong, Campbell's Bay, 1895

EMMA DEBIE 1868, Silas Richardson, Alberta;

MARGARET ANN 1869, Wm Steele, Onslow;

MARIA JANE 1871, James Peever, Cobden;

GEORGE, 1872, died young;

ELLIZAZBETH 1874, 1. Silas Young, Shawville 1954; 2. James J. Richardson, Vancouver.

SOPHIA 1876, Albert John Horner, Vancouver, 1936;

HAMILTON (adopted son), Eva Pryse, Ottawa.

The following we have been unable to connect as yet:

THOMAS PRENDERGAST b. 1826 and married to MARY WILSON (1825-1866);

Their children:

HUGH WILSON, b. 1853 m. to Mary Theresa McDowell 1898 1854 m. to Andrew Cotie in 1877.

ESTHER ANN, 1856

JAMES 1859.

THOMAS PRENDERGAST who married JANE BARRETT on April 21, 1869.

MARGARET PRENDERGAST who married FRED HENRY CHAMBERS.

Any information on the above or any corrections would be gladly received.

NOTE: Through the kindness of Rev. Mr. Johnston of the United Church, Shawville, we have been permitted to draw much valuable information from the old church records preserved under his care. These records cover all Clarendon and the surrounding districts and reach even into Horton, McNab, Westmeath and other Ontario townships. They cover the period from 1851 up to the present time. It will now be much easier to write up the history of all the Pontiac families for our Pontiac Historical Society. Many thanks.

STONES AND BULLETS

Transmission and distribution lines suffer damage needlessly — insulators are broken and wires snapped — by the stones thrown by children, and sometimes by adults, and bullets of hunters.

Such damage means an interruption of electrical service to hospitals, schools, homes, farms and industry.

You will be helping yourself and your neighbors, if you assist in discouraging the practice of using the Company's poles, wires and insulators as targets.

Quyon Defeats Vinton Ladies

On Saturday, July 7 Quyon Flyers with only seven players were Lost to Vinton Ladies. Vinton put up a good fight but were up against sheer determination, team work and strong batting power by the Quyon team. Five home runs were registered during the game, four going to Quyon. On the mound and playing her usual sound game was Shirley Trudeau. O. Hearty also pitched a good game for Vinton. Each team came up with many fine defensive plays.

The game was called in the fifth due to darkness. All in all it was a good game with lots of fun for the spectators of both sides and for the players because of the sportsmanship displayed by both teams. Many thanks to Gus Peppard for a good job at umpiring.

In Memoriam

CAVENDER — In loving memory of my dear mother, Mrs. I. E. Cavender who passed away July 14, 1958.

Four years today, dear mother,
Was called to her eternal rest;
Gone where the angels sing so sweet,
And taken when God knew best
We miss her here so very much,
Her presence oft seems nigh,
But we all hope in heaven to meet,
Where no one says goodbye.
—Lovingly and always remembered by Vivian, Ross & Jeanie. b

DUNLOP — In loving memory of a dear father, Geo. V. Dunlop who died as a result of an accident July 13, 1958.

Please God forgive a silent tear,
A silent wish that Dad was here
There are others, yes I know,
But he was ours, and we loved him so,
Four years ago we had to part,
The one we loved with all our hearts.
The wound is deep, it will not heal,
Only those who have lost know how we feel.
If he could speak to us today,
Laugh with us the same old way,
Hear his voice, and see his smile,
Then life, indeed, would be worthwhile.
—Lovingly remembered,
—The Family b

PALMER — In fond and loving memory of a dear husband and father John E. Palmer who died July 14, 1960 and of a dear son and brother who was killed March 3, 1958.

Time may heal the broken hearted,
Years may make the wounds less sore,
But it cannot fill the longing
For the loved ones gone before.
Who shall say the grief is lessened,
Though the smile may hide the tears,
Memories keep the wound still open,
Despite the passing of the years.
—Wife & family x

SCHWARTZ — In loving memory of a husband and father Clifford Schwartz who passed away July 15, 1958.
